Subject: **Strategic Regulatory Clarification Regarding UK Telecommunications and Global eSIM Operations**

Dear Sir,

Zuma Resources Limited (the "Company") is pleased to inform its shareholders that its wholly owned UK subsidiary, Zuma Global Limited, has received regulatory clarification from the United Kingdom's telecommunications regulator, Ofcom, regarding its proposed telecommunications and international eSIM operations under the UK's General Authorisation framework.

Zuma Global Limited is now positioned to proceed with the commercial launch of its UK-based telecommunications and international eSIM brands, subject to compliance with applicable regulatory, consumer protection, metering, billing and other relevant requirements.

This development supports the Company's international expansion strategy and may provide opportunities to broaden its market reach and foreign-currency revenue base. The timing and commercial outcomes will depend on operational readiness, market conditions, partner arrangements and continuing compliance with applicable requirements.

The Company remains committed to developing its technology and digital telecommunications operations, with a focus on innovation, scalable business operations and long-term shareholder value creation.

Yours faithfully,

For and on behalf of
ZUMA RESOURCES LIMITED

Muhammad Saeed
(Company Secretary)
