DIRECTORS' REPORT

The Directors are pleased to present the un-audited financial information for the nine months period ended March 31, 2024.

BUSINESS AND PERFORMANCE REVIEW

The Company yet again delivered outstanding performance in the current period compared to same period last year owing to a number of significant initiatives taken by the Company in both commercial and operational areas that have positively impacted the business operations and profitability.

Net Sales at Rs 5,297 million were 46% higher compared to Rs 3,616 million same period last year as the Company improved pricing both at the key customer as well as other customers post successful pricing negotiations. The sale volumes were at 3070 tons as against 3038 same period last year whereas production was 3157 tons vs 3177 tons same period last year.

The Company reported gross profit of Rs 1,483 million as against Rs 628 million in the corresponding period of preceding year showing an increase of 136% (Rs 855 million) which was achieved owing to commercial reasons detailed above along with improvement in operational efficiencies and strong focus on input costs. Other income reported at Rs 768 million as compared to 477 million same period last year has seen significant improvement as the Company continues to reap benefits of timely and successful investments portfolio revamp.

The profit before taxation during the period under review stood at Rs 1,756 million against Rs 662 million last year which is 165% higher emanating from all efforts and initiatives detailed above. Profit after taxation stood at Rs 1,083 million was 151% higher than Rs 431 million in the same period last year more than doubling the earnings per share which is Rs 18.28 compared to Rs 7.27 same period last year. This growth is reflective of quarterly price adjustments to the tune of Rs 530 million with key customer due to streamlining of the arrangement of price adjustment from yearly basis to quarterly basis, which became effective in the current year.

The Securities and Exchange Commission of Pakistan (SECP) vide its order dated January 26, 2024 has determined the Company as Public Sector Company (PSC). The Company contests the adjudication and has already challenged the determination in an appeal before the appellate bench, SECP. The Company is of the view that it does not fall in the category of the Public Sector Company, as it is structured as a Public Listed Company created in pursuance of a tripartite agreement between Pakistan, Iran and Turkey. Also, a Constitutional Petition No. D-953 of 2024 has been filed by the Company before the Honorable High Court of Sindh ("SHC") and the SHC vide its Order dated February 23, 2024, has restrained Respondent No. 3 (i.e. SECP) from taking any coercive action against the Company pursuant to the Order dated January 26 2024, until such time that the said appeal or the interim application therein is adjudicated upon.

DIRECTORS' REPORT

FUTURE PROSPECTS

Inspite of the challenging economic conditions, the Company is confident that with the right strategy and timely actions the operational and financial performance will remain robust. Subsequent to the technical consultancy agreement with a leading European Security Paper Company, the company is in the process of benchmarking its operations with leading European plants to come up with a manufacturing excellence program which results in efficiency and cost improvements.

With recent announcement of the State Bank of Pakistan that a new bank notes series will be launched in near future, the company is working in close coordination with the key stakeholders to effectively and positively contribute to this initiative which may also require certain modifications at the plant. Also, the consultant is preparing a scope for balancing and modernization of the plant subsequent to which an expansion decision will be taken keeping in view critical factors like end product demand projections.

The directors of your Company take this opportunity to express their gratitude to all the stakeholders for their encouragement and support.

13 FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Company is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

13.1 Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Company to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Unobservable inputs for the asset or liability.

The following table shows the carrying amount and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy:

14 GENERAL

- **14.1** The Board of directors in its meeting held on September 13, 2023 approved the transfer of Rs. 295.144 million from unappropriated profits to general reserves (September 29, 2022: Rs. 356.43 million).
- 14.2 The Board of Directors in its meeting held on February 21, 2024 has approved an interim cash dividend of Rs 2.50 per share for the year ending June 30, 2024, amounting to Rs 148.15 million. These condensed interim financial statements include the effect of the said interim dividend.
- 14.3 The Securities and Exchange Commission of Pakistan (SECP) vide its order dated January 26, 2024 has determined the Company as Public Sector Company (PSC). Subsequently, an e-mail was received from the SECP dated February 12, 2024 containing directions to bring the Company in conformity with the provisions of the SOE Act, 2023. The said order of the SECP, read with the aforesaid directions, has created uncertainty as to the applicable provisions of law to be followed for the purposes, inter alia, of election of directors and composition of the board. The Company contests the adjudication and has already challenged the determination in an appeal before the Appellate Bench, SECP. The Company maintains that the decision cannot be sustained in light of clear disregard of the merits as to, inter alia, structure of the Company as a Public Listed Company created in pursuance of a tripartite agreement between Pakistan, Iran, and Turkey, as well as a departure from settled principles of procedural law and of jurisdiction. Also, a Constitutional Petition No. D-953 of 2024 has been filed by the Company before the Honourable High Court of Sindh ("SHC") and the SHC vide its Order dated February 23, 2024, has restrained Respondent No. 3 (i.e. SECP) from taking any coercive action against the Company pursuant to the Order dated January 26, 2024, until such time that the said appeal or the interim application therein is adjudicated upon.

15 DATE OF AUTHORISATION
