Economic Review 1HFY21

The economy witnessed decent recovery in 1HFY21 due to significant decline in Corona virus cases after peaking in Jun'20. This was demonstrated through healthy numbers such as LSM growth, which increased by 8.2% YoY in the 1HFY21 as compared to a decline of 2.7% in SPLY. The major increase came from Food, Mineral products, Pharmaceutical, Textile, Automobiles, Chemicals, Fertilizers and Paper & Board sectors. We expect strong growth in LSM during 2HFY21 due to low base effect. In the agriculture sector, all major Kharif crops, except for cotton, exceeded their respective production targets. Similarly, preliminary indicators of services sector also showed optimistic numbers during the 1HFY21. Growth in commodity producing sectors along with increase in imports and demand for credit from the services industry underscore recovery in the services sector. Overall, the economy is expected to grow in the range of 3.5-4.5% in FY21, with agriculture and services expected to grow by ~3% each while industry is expected to post a growth of 7.6% primarily driven by LSM.

The average headline inflation during 7MFY21 was 8.2% as compared to 11.6% in SPLY. Inflation has already bottomed out in Jan'21 and will start increasing from here onwards on account of hike in utility tariffs, reversal of base effect and possible rise in oil and commodity prices.

The central bank kept policy rate unchanged at 7.0% during 1HFY21 citing that these levels were appropriate in supporting ongoing economic recovery. In Jan'21 MPC meeting, the central bank for the first time shared forward looking guidance about the interest rates. The MPC does not expect any rate hike in near term and it expects any adjustments in the policy rate to be gradual to achieve mildly positive real interest rates.

On the external front, remarkable improvement was observed on a year over year basis. During 1HFY21, current account recorded a surplus in five of the six months taking the current account number to a cumulative surplus of USD 1.13bn (+0.4% of GDP) compared to a deficit of USD 2.03bn (-0.8% of GDP) in SPLY. During 1HFY21, the first monthly current account deficit was registered in Dec'20 which was primarily attributable to widening trade deficit which increased from USD1.8bn in Nov'20 to USD 2.8bn in Dec'20 (highest trade deficit in 24 months). Overall, improvement in current account during 1HFY21 was driven by increase in remittances (28%) and other current transfers (94%) respectively. The decline in services deficit (42%) also contributed positively in current account surplus during 1HFY21. For the full

fiscal year, we anticipate current account balance to post a deficit of less than 1% of GDP and the overall balance of payments position should be comfortable due to an adequate surplus in the financial account.

On the fiscal front, the fiscal deficit stood at 2.5% of GDP during 1HFY21 as compared to 2.4% of GDP in SPLY. The primary balance remained in surplus of PKR 337bn (0.74% of GDP) during 1HFY21 as compared to surplus of PKR 286bn (0.69% of GDP) in SPLY. FBR collected PKR 2570bn during 7MFY21, slightly above the target of PKR 2550bn. We foresee strong revenue collection during the remaining period of the current fiscal year on account of higher economic activity. FBR collection in the second half has historically been around ~20% more than the first half. We believe FBR will manage to collect PKR 4.7trn during the ongoing fiscal year and overall fiscal deficit is expected to be 7.5%, slightly higher than the target deficit of 7.1% of GDP due to absence of one-offs such as abnormally high profit of SBP, telecom license fee and lower than budgeted provincial surplus etc.

Stock Market Review for 1HFY21

The benchmark KSE-100 index continued with the positive momentum, gaining 25% during the 1HFY21. This notable performance was driven by; major decline in domestic Covid-19 infection rate and increase in recovery rates, improvement in macro-economic indicators (LSM growth, remittances and FX reserves) and significant decline in interest rates (625bps). Moreover, encouraging developments on Covid vaccines also acted as a catalyst for the market.

Local participants led the rally with individuals mopping up shares worth USD 159mn, companies USD 91mn, Insurance USD 83mn and Mutual funds USD 20mn respectively, while foreigners continued to remain net sellers offloading shares worth USD 279mn.

Fixed Income Review 1HFY21

During 1HFY21, market expectation of further rate cut faded away. As the inflation outlook started to change, the short term yields started to rise. Moreover, long term yields had already started to reverse since May'20 MPS. As a result, the market preferred remaining on the shorter end and investing in 3M T-Bills and floater rate PIBs.

During 1HFY21, the market participation was ~PKR 9 tr in treasury bills auctions, major participation was witnessed in 3M tenor which constituted ~70% of the total participation. Government accepted ~PKR 4.6 tr in T-bill auctions.

A strong demand was witnessed in floater rate PIBs (particularly in 3Y), a participation of PKR 2.3 tr took place in the floater rate PIB auctions, out of which the government accepted PKR 1.23 tr. Ministry further introduced quarterly resetting PIBs of 3Y, 5Y and 10Y PIBs along with the fortnightly resetting rate of 2Y PIB in addition to the existing semi-annually resetting floater rate PIBs. In contrast, participation in the fixed rate PIBs remained on the lower side. The market participated ~PKR 650 bn in PIBs, out of which government accepted ~PKR 300 bn.

As observed on conventional side, same trend was witnessed in case of GoP Ijara Sukuk. The market remained inclined towards variable rate Ijara sukuk. Total participation was PKR 515 bn in six variable rate Ijara sukuk auctions and the government accepted PKR 316 bn. In contrast, only PKR 56 bn participation was witnessed in the fixed rate Ijara sukuk out of which, the government accepted PKR 31 bn.

Future outlook

After witnessing negative real GDP growth (-0.4%) in FY20 for the first time since 1952, the country witnessed decent recovery in the current fiscal year. The outlook also remains positive as the policy makers focus seems to have shifted toward the revival of economy and supporting growth and employment. Broad macroeconomic indicators, including an improved current account position, revival in industrial activity and low interest rates continue to remain supportive and we believe economy is expected to recover from here and GDP growth is expected to be in the range of 3.5% to 4.5% in FY21. Moreover, re-entry in IMF program albeit will have its own challenges, they may create a positive impact on overall macro indicators.

From a fundamental perspective, despite the recent run-up, the equity market still holds a huge potential as corporate earnings are expected to witness a decent growth in CY21 and beyond. Earnings yield differential from 10Y PIB yield is 3.2% (13.2% vs. 10.0%) which is still much higher than the average yield difference of 1.1% over the last 15 years. In the short-term, the market will take direction from evolving domestic political situation, progress on Covid-19, result of impending FATF review and upcoming results season. We continue to hold a sanguine view on equities on the back of improving economic activity and indicators coupled with attractive valuations especially for larger listed sectors. There is ample liquidity available that we think may enter in equity market due to waning investor interest in alternative avenues that should support strong performance for equities.

INDEPENDENT AUDITOR'S REPORT ON REVIEW OF CONDENSED INTERIM FINANCIAL STATEMENTS TO THE UNIT HOLDERS

Introduction

We have reviewed the accompanying condensed interim statement of assets and liabilities of **Al-Ameen Islamic Cash Fund** (the Fund) as at December 31, 2020 and the related condensed interim income statement, condensed interim statement of comprehensive income, condensed interim statement of movement in unit holders' fund and condensed interim cash flow statement together with the notes forming part thereof (here-in-after referred to as the 'condensed interim financial statements'), for the half year ended December 31, 2020. The Management Company (UBL Fund Managers Limited) is responsible for the preparation and presentation of these condensed interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these condensed interim financial statements based on our review. The figures included in the condensed interim income statement and condensed interim statement of comprehensive income for the quarters ended December 31, 2020 and December 31, 2019 have not been reviewed, as we are required to review only the cumulative figures for the half year ended December 31, 2020.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of condensed interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial statements are not prepared, in all material respects, in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting.

6 ADVANCE TAX

As per clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under section 151 and 150. However, withholding tax on profit on bank balances, term deposit receipts, letters of placement and sukuk certificates to the Fund has been deducted by various withholding agents based on the interpretation issued by FBR vide its circular C.No.1 (43) DG (WHT) / 2008 - Vol.II - 66417-R dated May 12, 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced by the withholder. The tax withheld on profit on bank balances, term deposit receipts, letters of placement and sukuk certificates amounts to Rs. 6.709 million (June 30, 2020: Rs. 6.709 million) for AICF and Rs. Nil (June 30, 2020: Nil) for AICP-I.

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by SHC in favour of FBR. A petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgement of SHC. Pending resolution of the matter, the amount of withholding tax deducted on profit on bank balances, term deposit receipts, letters of placement and sukuk certificates has been shown as advance tax under assets as at December 31, 2020 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

- 10.1** The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16 percent on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration and sales load were already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan (SCP) which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 1, 2016. However, as a matter of abundant caution the provision for FED made for the period from January 18, 2016 till June 30, 2016 amounting to Rs. 7.812 million for AICF (June 30, 2020: Rs. 7.812 million) for AICF is being retained in these condensed interim financial statements of the Fund as the matter is pending before the SCP. Had the provision for FED not been made, the Net Asset Value of AICF as at December 31, 2020 would have been higher by Re. 0.0981 per unit (June 30, 2020: Re. 0.0958 per unit) for AICF.

- 10.2** As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs. 0.50 million, is required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP has taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs / mutual funds, MUFAP had recommended that as a matter of abundant caution provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the SWWF Act (i.e. starting from May 21, 2015).

Had the provision for SWWF not been recorded in these condensed interim financial statements of the Fund for the period from May 21, 2015 to December 31, 2020, the net asset value per unit as at December 31, 2020 would have been higher by Re. 0.416 (June 30, 2020: Re. 0.3441) per unit for AICF and by Re. 0.06 (June 30, 2020: Re. 0.084) per unit for AICP-I.

11 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at December 31, 2020 or June 30, 2020.

12 TAXATION

The income of the Fund is exempt from tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90 percent of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the management intends to distribute the required minimum percentage of income earned by the Fund for the year ending June 30, 2021 to the unit holders in the manner as explained above, no provision for taxation has been made in these condensed interim financial statements.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

13 EARNINGS PER UNIT

Earnings per unit (EPU) has not been disclosed in these condensed interim financial statements as, in the opinion of the Management Company, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

14 TOTAL EXPENSE RATIO

The annualised total expense ratio (TER) of the Fund based on the current period results is 0.43% (December 31, 2019: 1.2%) for AICF and 0.40% (December 31, 2019: Nil) for AICP-I which includes 0.17% (December 31, 2019: 0.35%) for AICF and 0.17% (December 31, 2019: Nil) for AICP-I representing government levies on the Fund such as sales taxes, Sindh Workers' Welfare Fund, annual fee payable to the SECP etc. This ratio is within the maximum limit of 2% prescribed under the NBFC Regulations for a collective investment scheme categorised as a money market fund.

18 FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying value and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradeable in an open market are revalued at market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

18.1 Fair value hierarchy

International Financial Reporting Standard (IFRS) 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at December 31, 2020 and June 30, 2020, the Fund held the following financial instruments measured at fair value:

20 COVID – 19

The COVID – 19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To reduce the impact on businesses and economies in general, regulators / governments across the globe have introduced a host of measures on both the fiscal and economic fronts. The Securities and Exchange Commission of Pakistan (SECP) had provided the following relaxation to CISs operating in Pakistan for classification of debt security for a specified period of time commencing from April 9, 2020 and expiring on March 31, 2021.

- The timeline for classification of debt security as non performing has been extended from 15 days to 180 days overdue.

The Management Company is closely monitoring the situation and has invoked required actions to ensure safety and security of the staff and an uninterrupted service to the customers. Business Continuity Plans (BCP) for respective areas are in place and tested. The Management Company has significantly enhanced monitoring for all cyber security risks during these times from its information security protocols. The remote work capabilities were enabled for critical staff and related risk and control measures were assessed to make sure they are fully protected using virtual private network (“VPN”) connections. Further, the Management Company has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber-attacks.

The Management Company has made an assessment of COVID-19 on the credit risk and liquidity risk and believes that there is no significant impact on the Fund.

INDEPENDENT AUDITOR'S REPORT ON REVIEW OF CONDENSED INTERIM FINANCIAL STATEMENTS TO THE UNIT HOLDERS

Introduction

We have reviewed the accompanying condensed interim statement of assets and liabilities of **Al-Ameen Islamic Sovereign Fund** (the Fund) as at December 31, 2020 and the related condensed interim income statement, condensed interim statement of comprehensive income, condensed interim statement of movement in unit holders' fund and condensed interim cash flow statement together with the notes forming part thereof (here-in-after referred to as the 'condensed interim financial statements'), for the half year ended December 31, 2020. The Management Company (UBL Fund Managers Limited) is responsible for the preparation and presentation of these condensed interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these condensed interim financial statements based on our review. The figures included in the condensed interim income statement and condensed interim statement of comprehensive income for the quarters ended December 31, 2020 and December 31, 2019 have not been reviewed, as we are required to review only the cumulative figures for the half year ended December 31, 2020.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of condensed interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial statements are not prepared, in all material respects, in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting.

Other Matter

The condensed interim financial statements of the Fund for the half year ended December 31, 2019 were reviewed and the financial statements of the Fund for the year ended June 30, 2020 were audited by another firm of Chartered Accountants who had expressed an unmodified conclusion and opinion thereon vide their reports dated February 27, 2020 and September 29, 2020 respectively.

- 3.2** The preparation of these condensed interim financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires management to make estimates, assumptions and use judgments that affect the application of accounting policies and reported amounts of assets and liabilities, income and expenses. 7 ADVANCE TAX

As per clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under section 151 and 150. However, withholding tax on profit on bank deposit and debt securities paid to the Fund was deducted by various withholding agents based on the interpretation issued by FBR vide its Circular C.No.1 (43) DG (WHT) / 2008 - Vol.II - 66417-R dated May 12, 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced before him by the withholder. The tax withheld on profit on bank balances and debt securities amounting to Rs. 0.535 million (June 30, 2020: Rs. 0.534 million).

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. A petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgment of the SHC. Pending resolution of the matter, the amount of withholding tax deducted on profit on bank balances and debt securities have been shown as advance tax under assets as at December 31, 2020 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

- 11.1 The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16 percent on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration and sales load were already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 1, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 30, 2013 till June 30, 2016 amounting to Rs. 14.993 million (June 30, 2020: Rs. 14.993 million) is being retained in these condensed interim financial statements of the Fund as the matter is pending before the HSC. Had the provision for FED not been made, the Net Asset Value of the Fund as at December 31, 2020 would have been higher by Re. 0.5270 per unit (June 30, 2020: Re. 0.3081 per unit).

- 11.2** As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs. 0.50 million, is required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP has taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs / mutual funds, MUFAP had recommended that as a matter of abundant caution provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the SWWF Act (i.e. starting from May 21, 2015).

Had the provision for SWWF not been recorded in these condensed interim financial statements of the Fund for the period from May 21, 2015 to December 31, 2020, the net asset value of the Fund as at December 31, 2020 would have been higher by Re. 0.9588 per unit (June 30, 2020: Re. 0.5142 per unit).

12 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at December 31, 2020 and June 30, 2020.

13 TOTAL EXPENSE RATIO

The annualised total expense ratio (TER) of the Fund based on the current period results is 1.71% (December 31, 2020: 1.79%) which includes 0.27% (December 31, 2019: 0.38%) representing Government Levy, Sindh Worker's Welfare Fund and the SECP Fee. The prescribed limit for the ratio is 2.5% (December 31, 2019: 2%) (excluding government levies) under the NBFC Regulations for a collective investment scheme categorised as a "income scheme".

14 TAXATION

The income of the Fund is exempt from tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90 percent of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the management intends to distribute the required minimum percentage of income earned by the Fund for the year ending June 30, 2021 to the unit holders in the manner as explained above, no provision for taxation has been made in these condensed interim financial statements.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

15 EARNINGS PER UNIT

Earnings per unit (EPU) has not been disclosed in these condensed interim financial statements as, in the opinion of the Management Company, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

16 TRANSACTIONS AND BALANCES WITH RELATED PARTIES / CONNECTED PERSONS

18 FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradeable in an open market are revalued at market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

18.1 Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at December 31, 2020 and June 30, 2020, the Fund held the following financial instruments measured at fair value:

19 COVID – 19

The COVID-19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To reduce the impact on businesses and economies in general, regulators / governments across the globe have introduced a host of measures on both the fiscal and economic fronts. The Securities and Exchange Commission of Pakistan (SECP) had provided the following relaxation to CISs operating in Pakistan for classification of debt security for a specified period of time commencing from April 9, 2020 and expiring on March 31, 2021.

- The timeline for classification of debt security as non performing has been extended from 15 days to 180 days overdue.

The Management Company is closely monitoring the situation and has invoked required actions to ensure safety and security of the staff and an uninterrupted service to the customers. Business Continuity Plans (BCP) for respective areas are in place and tested. The Management Company has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for critical staff and related risk and control measures were assessed to make sure they are fully protected using virtual private network ("VPN") connections. 1.1 Impact of COVID-19

In March 2020, the World Health Organization ('WHO') declared the outbreak of the novel coronavirus (known as COVID-19) as a global pandemic. The rapid spread of the virus has caused governments around the world to implement stringent measures to help control its spread, including, without limitation, quarantines, stay-at-home or shelter-in-place' orders, social-distancing mandates, travel restrictions, and closures or reduced operations for businesses, governmental agencies, schools and other institutions. The industry, along with global economic conditions generally, has been significantly disrupted by the pandemic.

The COVID-19 pandemic and associated impacts on economic activity had certain effect on the operational and financial condition of the Fund for the period ended 31 December, 2020 due to increase in overall credit risk pertaining to the corporate debt instruments' portfolios of mutual funds, subdued equity market performance due to overall slowdown in economic activity and continuity of business operations. However, to reduce the impact on the economy and business, regulators / government across the country have introduced a host of measures on both the fiscal and economic fronts from time to time.

The management of the Fund is closely monitoring the situation, and in response to the developments, the management has taken action to ensure the safety of its employees and other stakeholders, and initiated a number of initiatives.

The Management Company of the Fund expects that going forward these uncertainties would reduce as the impact of COVID-19 on overall economy subsides and have concluded that there is no impact on current financial statements of the Fund.

20. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The fair value of financial assets and liabilities traded in active markets i.e. listed equity shares are based on the quoted market prices at the close of trading on the period end date. The quoted market prices used for financial assets held by the Fund is current bid price.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

The Fund's accounting policy on fair value measurements of investments is disclosed in note 3.2 to the annual audited financial statements for the year ended 30 June 2020.

The Fund measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted price (unadjusted) in an active market for identical assets or liabilities traded.

Level 2: Fair value measurements using inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices), or indirectly (i.e. derived from prices).

Level 3: Fair value measurement using inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The table below analyses financial instruments measured at fair value at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorised:

20.1 The Fund has not disclosed the fair values for these financial assets and financial liabilities, as these are either short term in nature or repriced periodically. Therefore, their carrying amounts are reasonable approximation of fair value.

20.2 Net assets attributable to unitholders. The Fund routinely redeems and issues the units at the amount equal to the proportionate share of net assets of the Fund at the time of redemption, calculated on a basis consistent with that used in this condensed interim financial information. Accordingly, the carrying amount of net assets attributable to unitholders approximates their fair value. The units are categorized into Level 2 of the fair value hierarchy.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". AI - Ameen Islamic Asset Allocation Fund

Notes to the Condensed Interim Financial Information (Un-Audited)

For the half year ended 31 December 2020

1 LEGAL STATUS AND NATURE OF BUSINESS

AI Ameen Islamic Asset Allocation Fund (the Fund) was established under the Trust Deed executed between UBL Fund Managers Limited (a wholly owned subsidiary company of United Bank Limited), as the Management Company, and the Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Trust Deed was executed on 25 October 2013 and was approved by the Securities and Exchange Commission of Pakistan (SECP) on 11 October 2013 in accordance with the requirements of the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules). The Fund commenced its operations from 10 December 2013.

The Management Company of the Fund is registered with the SECP as a Non-Banking Finance Company under the NBFC Rules. The registered office of the Management Company is situated at 4th Floor, STSM Building, Beaumont Road, Civil Lines, Karachi.

The Fund is an open-ended mutual fund and is listed on the Pakistan Stock Exchange Limited. Units are offered for subscription on a continuous basis. The units are transferable and can be redeemed by surrendering them to the Fund at the option of the unit holders.

The objective of the Fund is to earn competitive riba free return by investing in various Shari'ah compliant asset classes based on the market outlook. Under Circular 7 dated 06 March 2009 issued by the SECP, the Fund has been categorised by the Management Company as an Islamic Asset Allocation Fund.

VIS Credit Rating Company has re-affirmed quality rating of 'AM1' (stable outlook) to the Management Company as on 31 December 2020 while the Fund is currently not rated.

Title to the assets of the Fund are held in the name of the Central Depository Company of Pakistan Limited as the Trustee of the Fund.

1.1 Impact of COVID-19

In March 2020, the World Health Organization ('WHO') declared the outbreak of the novel coronavirus (known as COVID-19) as a global pandemic. The rapid spread of the virus has caused governments around the world to implement stringent measures to help control its spread, including, without limitation, quarantines, stay-at-home or shelter-in-place' orders, social-distancing mandates, travel restrictions, and closures or reduced operations for businesses, governmental agencies, schools and other institutions. The industry, along with global economic conditions generally, has been significantly disrupted by the pandemic.

The COVID-19 pandemic and associated impacts on economic activity had certain effect on the operational and financial condition of the Fund for the period ended 31 December, 2020 due to increase in overall credit risk pertaining to the corporate debt instruments' portfolios of mutual funds, subdued equity market performance due to overall slowdown in economic activity and continuity of business operations. However, to reduce the impact on the economy and business, regulators / government across the country have introduced a host of measures on both the fiscal and economic fronts from time to time.

The management of the Fund is closely monitoring the situation, and in response to the developments, the management has taken action to ensure the safety of its employees and other stakeholders, and initiated a number of initiatives.

The Management Company of the Fund expects that going forward these uncertainties would reduce as the impact of COVID-19 on overall economy subsides and have concluded that there is no impact on current financial statements of the Fund.

20 FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The fair value of financial assets and liabilities traded in active markets i.e. listed equity shares are based on the quoted market prices at the close of trading on the period end date. The quoted market prices used for financial assets held by the Fund is current bid price.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

The Fund's accounting policy on fair value measurements of investments is disclosed in note 3.2 to the annual audited financial statements for the year ended 30 June 2020.

The Fund measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted price (unadjusted) in an active market for identical assets or liabilities traded.

Level 2: Fair value measurements using inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices), or indirectly (i.e. derived from prices).

Level 3: Fair value measurement using inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The table below analyses financial instruments measured at fair value at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorised:

Notes to the Condensed Interim Financial Information (Un-Audited)

For the half year ended 31 December 2020

1. LEGAL STATUS AND NATURE OF BUSINESS

AI Ameen Islamic Energy Fund (the Fund) was established under the Non Banking Finance Companies (Establishment & Regulation) Rules, 2003 (the NBFC Rules) and Non-Banking Finance Companies and Notified Entities Regulations, 2008 (NBFC Regulations) and was approved as an open end mutual fund by the Securities and Exchange Commission of Pakistan (SECP). It was constituted under a Trust Deed, dated 3 January 2018 between UBL Fund Managers Limited (a wholly owned subsidiary company of United Bank Limited) as the Management Company and Central Depository Company of Pakistan Limited (CDC) as the Trustee. The registered office of the Management Company is situated at 4th Floor STSM Building, Beaumont Road, Civil Lines Karachi. The Fund commenced its operations from 13 December 2019.

The Fund is an open end mutual fund and was listed on Pakistan Stock Exchange (PSX) on 7 February 2020. Units of the Fund are offered for public subscription on a continuous basis. The units are transferable and can be redeemed by surrendering them to the Fund at the option of the unit holder.

The objective of the Fund is to provide investors with long term capital growth from an actively managed portfolio of Shariah Compliant listed equities belonging to the Energy Sectors.

VIS Credit Rating Company has re-affirmed quality rating of 'AM1' (stable outlook) to the Management Company as on 31 December 2020 while the fund is currently non-rated.

Title to the assets of the Fund are held in the name of Central Depository Company of Pakistan Limited as the Trustee of the Fund.

1.1 Impact of Covid-19

In March 2020, the World Health Organization ("WHO") declared the outbreak of the novel coronavirus (known as COVID-19) as a global pandemic. The rapid spread of the virus has caused governments around the world to implement stringent measures to help control its spread, including, without limitation, quarantines, stay-at-home or "shelter-in-place" orders, social-distancing mandates, travel restrictions, and closures or reduced operations for businesses, governmental agencies, schools and other institutions. The industry, along with global economic conditions generally, has been significantly disrupted by the pandemic.

The COVID-19 pandemic and associated impacts on economic activity had certain effect on the operational and financial condition of the Fund for the period ended 31 December, 2020 due to increase in overall credit risk pertaining to the corporate debt instruments' portfolios of mutual funds, subdued equity market performance due to overall slowdown in economic activity and continuity of business operations. However, to reduce the impact on the economy and business, regulators / government across the country have introduced a host of measures on both the fiscal and economic fronts from time to time.

The management of the Fund is closely monitoring the situation, and in response to the developments, the management has taken action to ensure the safety of its employees and other stakeholders, and initiated a number of initiatives.

The Management Company of the Fund expects that going forward these uncertainties would reduce as the impact of COVID-19 on overall economy subsides and have concluded that there is no impact on current financial statements of the Fund.

18. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The fair value of financial assets and liabilities traded in active markets i.e. listed equity shares are based on the quoted market prices at the close of trading on the period end date. The quoted market prices used for financial assets held by the Fund is current bid price.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

The Fund measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted price (unadjusted) in an active market for identical assets or liabilities traded.

Level 2: Fair value measurements using inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurement using inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The table below analyses financial instruments measured at fair value at the end of the year by the level in the fair value hierarchy into which the fair value measurement is categorized:

- 18.1** The Fund has not disclosed the fair values for these financial assets and financial liabilities, as these are either short term in nature or repriced periodically. Therefore, their carrying amounts are a reasonable approximation of fair value.
- 18.2** Net assets attributable to unit holders. The Fund routinely redeems and issues the units at the amount equal to the proportionate share of net assets of the Fund at the time of redemption, calculated on a basis consistent with that used in these financial statements. Accordingly, the carrying amount of net assets attributable to unit holders approximates their fair value. The units are categorized into Level 2 of the fair value hierarchy.

INDEPENDENT AUDITOR'S REPORT ON REVIEW OF CONDENSED INTERIM FINANCIAL STATEMENTS TO THE UNIT HOLDERS

Introduction

We have reviewed the accompanying condensed interim statement of assets and liabilities of **Al-Ameen Shariah Stock Fund** (the Fund) as at December 31, 2020 and the related condensed interim income statement, condensed interim statement of comprehensive income, condensed interim statement of movement in unit holders' fund and condensed interim cash flow statement together with the notes forming part thereof (here-in-after referred to as the 'condensed interim financial statements'), for the half year ended December 31, 2020. The Management Company (UBL Fund Managers Limited) is responsible for the preparation and presentation of these condensed interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these condensed interim financial statements based on our review. The figures included in the condensed interim income statement and condensed interim statement of comprehensive income for the quarters ended December 31, 2020 and December 31, 2019 have not been reviewed, as we are required to review only the cumulative figures for the half year ended December 31, 2020.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of condensed interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial statements are not prepared, in all material respects, in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting.

2 BASIS OF PREPARATION

2.1 Statement of compliance

- 2.1.1 These condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards applicable in Pakistan for interim financial reporting comprise of:

- International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;

- the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIII A of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017, part VIII A of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

- 2.1.2 The disclosures made in these condensed interim financial statements have, however, been limited based on the requirements of the International Accounting Standard 34: 'Interim Financial Reporting'. These condensed interim financial statements do not include all the information and disclosures required in a full set of financial statements and should be read in conjunction with the annual audited financial statements of the Fund for the year ended June 30, 2020.

- 2.1.3** These condensed interim financial statements are unaudited. However, a limited scope review has been performed by the statutory auditors. In compliance with Schedule V of the NBFC Regulations, the directors of the Management Company declare that these condensed interim financial statements give a true and fair view of the state of affairs of the Fund as at December 31, 2020.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, ACCOUNTING ESTIMATES, JUDGMENTS AND RISK MANAGEMENT POLICIES

- 3.1** The accounting policies applied and the methods of computation of balances used in the preparation of these condensed interim financial statements are the same as those applied in the preparation of the annual financial statements of the Fund for the year ended June 30, 2020.

- 3.2** The preparation of these condensed interim financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires management to make estimates, assumptions and use judgments that affect the application of accounting policies and reported amounts of assets and liabilities, income and expenses. Estimates, assumptions and judgments are continually evaluated and are based on historical experience and other factors, including reasonable expectations of future events. Revisions to accounting estimates are recognised prospectively commencing from the period of revision. In preparing these condensed interim financial statements, the significant judgments made by the management in applying the Fund's accounting policies and the key sources of estimation and uncertainty were the same as those applied to the financial statements as at and for the year ended June 30, 2020. The Fund's financial risk management objectives and policies are consistent with those disclosed in the financial statements of the Fund for the year ended June 30, 2020.

5.3 These equity securities include 0.24 million shares (June 30, 2020: 0.24 million shares) pledged with the National Clearing Company of Pakistan Limited (NCCPL) having a market value of Rs. 166.11 million (June 30, 2020: Rs. 110.15 million) for guaranteeing settlement of the Fund's trades in accordance with Circular No. 11 dated October 23, 2007 issued by the SECP.

- 5.4 The Finance Act, 2014 introduced amendments to the Income Tax Ordinance, 2001 as a result of which companies are liable to withhold five percent of the bonus shares to be issued. The shares so withheld shall only be released if the Fund deposits tax equivalent to five percent of the value of the bonus shares issued to the Fund including the bonus shares withheld, determined on the basis of day-end price on the first day of closure of books of the issuing company.

In this regard, a constitutional petition has been filed by Collective Investment Schemes (CISs) through their Trustees in the Honourable High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs. The petition was based on the fact that because CISs are exempt from deduction of income tax under Clause 99 Part I to the Second Schedule to the Income Tax Ordinance, 2001, the withholding tax provision should also not be applicable on bonus shares received by CISs. A stay order had been granted by the Honourable High Court of Sindh in favour of CISs.

During the year ended June 30, 2018, the Honourable Supreme Court of Pakistan (HSC) passed a judgment on June 27, 2018 whereby the suits which are already pending or shall be filed in future must only be continued / entertained on the condition that a minimum of 50 percent of the tax calculated by the tax authorities is deposited with the authorities. Accordingly, CISs were required to pay minimum 50% of the tax calculated by the tax authorities for the case to remain continued. CISs failed to deposit the minimum 50% of the tax liability and accordingly the stay got vacated automatically in 2019. During the year ended June 30, 2020, CISs filed a fresh constitutional petition vide CP 4653 dated July 11, 2019. In this regard, on July 15, 2019, the Honourable High Court of Sindh issued notices to the relevant parties and ordered that no third party interest on bonus shares, issued to the Funds in lieu of their investments, be created in the meantime. The matter is still pending adjudication and the Fund has included these shares in its portfolio, as the management is confident that the decision of the constitutional petition will be in favour of Fund.

Further, the Finance Act, 2018 effective from July 1, 2018 has omitted Section 236M of Income Tax Ordinance, 2001 requiring every company quoted on stock exchange issuing bonus shares to the shareholders of the company, to withhold five percent of the bonus shares to be issued. Therefore, bonus shares issued to the Fund during the period were not withheld by the investee companies.

Below are the details of such shares as at December 31, 2020:

6 ADVANCE TAX

As per clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under section 151 and 150. However, withholding tax on dividend and profit on bank deposits paid to the Fund was deducted by various withholding agents based on the interpretation issued by FBR vide its Circular C.No.1 (43) DG (WHT) / 2008 - Vol.II - 66417-R dated May 12, 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced before him by the withholders. The tax withheld on dividends and profit on bank deposits amounts to Rs. 3.064 million and Rs. 0.189 million (June 30, 2020: Rs 3.064 million and Rs. 0.169 million) respectively.

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. A petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgment of the SHC. Pending resolution of the matter, the amount of withholding tax deducted on dividends and profit on bank deposits has been shown as advance tax under assets as at December 31, 2020 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

- 10.1** The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16 percent on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration and sales load were already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan (SCP) which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 1, 2016. However, as a matter of abundant caution the provision for FED made for the period from January 13, 2013 till June 30, 2016 amounting to Rs 54.504 million (June 30, 2020: Rs. 54.504 million) is being retained in these condensed interim financial statements of the Fund as the matter is pending before SCP. Had the provision for FED not been made, the Net Asset Value of the Fund as at December 31, 2020 would have been higher by Re. 0.90 per unit (June 30, 2020: Rs. 1.09 per unit).

- 10.2** As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs. 0.50 million, is required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP has taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs / mutual funds, MUFAP had recommended that as a matter of abundant caution provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the SWWF Act (i.e. starting from May 21, 2015).

Had the provision for SWWF not been recorded in these condensed interim financial statements of the Fund for the period from May 21, 2015 to December 31, 2020, the net asset value per unit of the Fund as at December 31, 2020 would have been higher by Rs. 1.75 per unit (June 30, 2020: Rs. 1.42 per unit).

11 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments as at December 31, 2020 or June 30, 2020.

12 TAXATION

The income of the Fund is exempt from tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90 percent of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the management intends to distribute the required minimum percentage of income earned by the Fund for the year ending June 30, 2021 to the unit holders in the manner as explained above, no provision for taxation has been made in these condensed interim financial statements.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

13 EARNINGS PER UNIT

Earnings per unit (EPU) has not been disclosed in these condensed interim financial statements as, in the opinion of the Management Company, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

14 TOTAL EXPENSE RATIO

The total expense ratio (TER) of the Fund based on the current period results is 2.93% (December 31, 2019: 2.1%) which includes 0.59% (December 31, 2019: 0.59%) representing Government Levy, Sindh Workers' Welfare Fund and the SECP Fee. The prescribed limit for the ratio is 4.5% (December 31, 2019: 4.5%) (excluding government levies) under the NBFC Regulations for a collective investment scheme categorised as a equity scheme.

16 FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradeable in an open market are revalued at market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

16.1 Fair value hierarchy

International Financial Reporting Standard (IFRS) 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at December 31, 2020, the Fund held the following financial instruments measured at fair values:

18 COVID-19

The COVID-19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To reduce the impact on businesses and economies in general, regulators / governments across the globe have introduced a host of measures on both the fiscal and economic fronts.

The Management Company is closely monitoring the situation and has invoked required actions to ensure safety and security of the staff and an uninterrupted service to the customers. Business Continuity Plans (BCP) for respective areas are in place and tested. The Management Company has significantly enhanced monitoring for all cyber security risks during these times from its information security protocols. The remote work capabilities were enabled for critical staff and related risk and control measures were assessed to make sure they are fully protected using virtual private network ("VPN") connections. Further, the Management Company has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber-attacks.

The Management Company has made an assessment of Covid-19 on the credit risk and liquidity risk and believes that there is no significant impact on the Fund.

Introduction

We have reviewed the accompanying condensed interim statement of asset and liabilities of **AI-Ameen Islamic Dedicated Equity Fund** (the Fund) as at **December 31, 2020** and the related condensed interim income statement, condensed interim statement of comprehensive income, condensed interim statement of cash flow and condensed interim statement of unit holders' fund, and notes to the condensed financial statements for the six months period then ended (herein after referred to as the "interim financial statements"). Management is responsible for the preparation and presentation of this interim financial statement in accordance with approved accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these interim financial statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements is not prepared, in all material respects, in accordance with approved accounting and reporting standards as applicable in Pakistan for interim financial reporting.

Other Matter

The financial statements of the fund for the half year ended December 31, 2019 and for the year ended June 30, 2020 were reviewed and audited by another auditor who expressed an un-modified conclusion/opinion on those financial statements dated February 26, 2020 and September 24, 2020 respectively.

The engagement partner on the audit resulting in this independent auditor's report is Khurram Jameel.

5.1.1 The above equity securities include 0.003 million (June 2020: 0.38 million) shares pledged with National Clearing Company of Pakistan Limited having a market value (in aggregate) amounting to Rs. 1.186 million (June 2020: Rs. 49.592 million) for guaranteeing settlement of the Fund's trades in accordance with circular No. 11 dated October 23, 2007 issued by the SECP.

5.1.2 This includes gross bonus shares as per Fund's entitlement declared by the investee company. The Finance Act, 2014 had brought amendments in the Income Tax Ordinance, 2001 whereby the bonus shares received by the shareholder were to be treated as income and a tax at the rate of 5 percent was to be applied on value of bonus shares determined on the basis of day end price on the first day of closure of books. The tax was to be collected at source by the investee company which was to be considered as final discharge of tax liability on such income. However, the Management Company of the Fund jointly with other asset management companies and Mutual Funds Association of Pakistan, filed a petition in Honorable Sindh High Court to declare the amendments brought in Income Tax Ordinance, 2001 with reference to tax on bonus shares for collective investment schemes as null and void and not applicable on the funds based on the premise of exemption given to mutual funds under clause 47 B and 99 of Second schedule of the Income Tax Ordinance, 2001. Consequently, the Honorable Sindh High Court granted stay order till the final outcome of the case. As of half year ended, 13,558 shares (June 30, 2020: 13,558) of PSO having a fair market value of Rs. 2.92 million (June 30, 2020: Rs. 2.14 million) and 15,045 shares (June 30, 2020: 15,045 shares) of Searle having a fair market value of Rs. 3.75 million (June 30, 2020: 3 million) are disputed. Such shares have not been deposited by the investee company in CDC account of the department of Income Tax. The Management Company is of the view that the decision will be in its favour and accordingly has recorded the bonus shares on gross basis. Through Finance Act, 2018, the tax on bonus shares was withdrawn.

6 ADVANCE TAX

The income of the Fund is exempt from tax under clause 99 of Part I of the Second Schedule of the Income Tax Ordinance, 2001 (ITO 2001). Further, the Fund is exempt under clause 47(B) of Part IV of Second Schedule of ITO 2001 from withholding of tax under section 150, 150A, 151 and 233 of ITO 2001. The Federal Board of Revenue (FBR), through a circular "C.No.1 (43) DG (WHT) / 2008-Vol.II- 66417-R" dated May 12, 2015, made it mandatory to obtain exemption certificates under section 159 (1) of the ITO 2001 from Commissioner Inland Revenue (CIR). Prior to receiving tax exemption certificate(s) from CIR various withholding agents had deducted advance tax under section 150 and 151 of ITO 2001. The Management Company has filed refund application and is confident that the same shall be refunded.

The Management Company, based on its own discretion while keeping in view the overall return and the total expense ratio limit of the Fund as defined under the NBFC Regulations, fixed a capping of 0.1% per annum of average annual net assets.

7.2 Selling and marketing expenses

SECP vide circular no.04 SCD/Circular/04/2019 dated July 05, 2019, removed the limit on selling and marketing expenses and allowed the AMCs to charge selling and marketing expenses to all categories of open end mutual funds except for fund of fund subject to verification of Trustee and approval of Board of Directors (BOD). During the period, the management company has charged selling and marketing expense at the rate 0.4% on the average annual net assets of the Fund calculated on daily basis.

9.1 Provision for indirect duties and taxes

This represents provision for federal excise duty (FED) as at December 31, 2020 amounting to Rs. 10.650 million (June 30, 2020: Rs. 10.650 million). There is no change in the status of the legal proceeding on this matter, which has been fully disclosed in note 14.2 to the annual audited financial statements for the year ended June 30, 2020. As a matter of abundant caution, the Management Company has maintained full provision up to June 30, 2016 for FED aggregating to Rs. 10.650 million until the matter is resolved. Had the provision not been made, the net assets value per unit would have been higher by Rs. 36.97 (June 30, 2020: Rs. 2.67) per unit.

9.2 Sindh Workers' Welfare Fund (SWWF) and Workers' Welfare Fund (WWF)

This represents provision for Sindh Workers' Welfare Fund (SWWF) as at December 31, 2020. The Management Company, based on an opinion obtained by MUFAP, believes that Mutual Funds are not liable to pay SWWF under the said law, for the reason that the Mutual Funds are not financial institutions and rather an investment vehicle. However, the Sindh Revenue Board (SRB) has not accepted the said position of MUFAP and as a result, MUFAP has taken up this matter with the Sindh Finance Ministry for resolution. Despite this, MUFAP recommended its members to make provision for SWWF on prudence basis. Had the SWWF not been provided for, the net assets value per unit would have been higher by Rs. 222.64 (June 30, 2020: Rs. 16.09). The details regarding this provision are disclosed in note 14.3 to the annual audited financial statements for the year ended June 30, 2020.

Further, as disclosed in note 14.3 to the annual financial statements for the year ended June 30, 2020, the provision for Workers' Welfare Fund (WWF) held in the books of accounts till June 30, 2015 was reversed on January 12, 2017. There is no change in the status of the legal proceeding on this matter, which has been fully disclosed in note 14.3 to the annual audited financial statements for the year ended June 30, 2020.

10 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at December 31, 2020 and June 30, 2020.

11 TAXATION

The Fund's income is exempt from Income Tax as per clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed to the unit holders in the form of cash. Furthermore, as per regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90 percent of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable there on to the unitholders. The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. As the Management Company intends to distribute by way of cash dividend at least 90% of the Fund's accounting income as reduced by capital gains (whether realised or unrealised) by the year-end to the unit holders, accordingly, no provision for current and deferred taxation has been recognised in this condensed interim financial information.

12 EARNINGS PER UNIT

Earnings per unit (EPU) has not been disclosed in this condensed interim financial information as in the opinion of the Management Company, the determination of the cumulative weighted average number of outstanding units for calculating EPU is not practicable.

13 TOTAL EXPENSE RATIO

The total expense ratio (TER) of the Fund based on the current period results is 3.04% (December 31, 2019: 1.89%) which includes 0.85% (December 31, 2019: 0.34%) representing Government Levy, Sindh Workers' Welfare Fund and the SECP Fee. The prescribed limit for the ratio is 4.5% (December 31, 2019: 4.5%) (excluding government levies) under the NBFC Regulations for a collective investment scheme categorized as an equity scheme.

14 FAIR VALUES OF ASSETS AND LIABILITIES

17.2 interim income statement and condensed interim statement of comprehensive income for the quarter ended December 31, 2020 have not been reviewed.

18 IMPACT OF COVID-19

The COVID-19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To reduce the impact on businesses and economies in general, regulators / governments across the globe have introduced a host of measures on both the fiscal and economic fronts. The SECP had provided the following relaxation to CISs operating in Pakistan for classification of debt security for a specified period of time commencing from April 9, 2020 and expiring on March 31, 2021:

"The timeline for classification of debt security as non performing has been extended from 15 days to 180 days overdue."

The Management Company is closely monitoring the situation and has invoked required actions to ensure safety and security of the staff and an uninterrupted service to the customers. Business Continuity Plans (BCP) for respective areas are in place and tested. The Management Company has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for critical staff and related risk and control measures were assessed to make sure they are fully protected using virtual private network ("VPN") connections. Further, the Management Company has ensured that its remote access systems are sufficiently resilient to any unwanted cyber-attacks.

The Management Company has made an assessment of COVID-19 on the credit risk and liquidity risk and believes that there is no significant impact on the Fund.

1.3 Impact of COVID-19

In March 2020, the World Health Organization ('WHO') declared the outbreak of the novel coronavirus (known as COVID-19) as a global pandemic. The rapid spread of the virus has caused governments around the world to implement stringent measures to help control its spread, including, without limitation, quarantines, stay-at-home or shelter-in-place orders, social-distancing mandates, travel restrictions, and closures or reduced operations for businesses, governmental agencies, schools and other institutions. The industry, along with global economic conditions generally, has been significantly disrupted by the pandemic.

The COVID-19 pandemic and associated impacts on economic activity had certain effect on the operational and financial condition of the Fund for the period ended 31 December, 2020 due to increase in overall credit risk pertaining to the corporate debt instruments' portfolios of mutual funds, subdued equity market performance due to overall slowdown in economic activity and continuity of business operations. However, to reduce the impact on the economy and business, regulators / government across the country have introduced a host of measures on both the fiscal and economic fronts from time to time.

The management of the Fund is closely monitoring the situation, and in response to the developments, the management has taken action to ensure the safety of its employees and other stakeholders, and initiated a number of initiatives.

The Management Company of the Fund expects that going forward these uncertainties would reduce as the impact of COVID-19 on overall economy subsides and have concluded that there is no impact on current condensed financial information of the Fund.

18 FAIR VALUES OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The fair value of financial assets and liabilities traded in active markets (i.e. listed equity shares) are based on the quoted market prices at the close of trading on the reporting date. The quoted market price used for financial assets held by the Fund is current bid.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

The Fund's accounting policy on fair value measurement of investment is disclosed in note 3.2 to the annual audited financial statement for the year ended 30 June 2020.

The Fund measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted price (unadjusted) in an active market for identical assets or liabilities traded.

Level 2: Fair value measurements using inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurement using inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The table below analyses financial instruments measured at fair value at the end of the period by the level in the fair value hierarchy into which the fair value measurement is categorised.

The Management Company (**UBL Fund Managers Limited**) is responsible for the preparation and presentation of this condensed interim financial information in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on this condensed interim financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of condensed interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial information as at and for the half year ended December 31, 2020 is not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

Other Matters

The figures of the condensed interim income statement, condensed interim statement of comprehensive income and related notes for the quarter ended December 31, 2020 have not been reviewed, as we are only required to review the cumulative figures for the half year ended December 31, 2020.

- 10.1** As a consequence of the 18th amendment to the Constitution, levy for the WWF was also introduced by the Government of Sindh through the Sindh Workers Welfare Fund (SWWF) Act 2014. SWWF Act 2014, enacted on May 21, 2015, requires every Industrial Establishment located in the province of Sindh and having total income of Rs. 500,000 or more in any year of account commencing on or after the date of closing of account on or after December 31, 2013, to pay two percent of so much of its total income declared to SWWF. The said Act includes any concern engaged in the Banking or Financial Institution in the definition of "Industrial Undertaking" but does not define Financial Institution. The Management Company, based on an opinion obtained by the Mutual Funds Association of Pakistan (MUFAP), believes that Mutual Funds are not liable to pay Sindh WWF under the said law, for the reason that the Mutual Funds are not financial institutions and rather an investment vehicle. However, the Sindh Revenue Board has not accepted the said position of MUFAP and as a result, MUFAP has taken up this matter with the Sindh Finance Ministry for resolution.

In view of the above, the MUFAP obtained a legal opinion on these matters during financial year ended June 30, 2017. Based on such legal advice (which also stated that even if a review petition is filed by any party, such petition can only be based on very limited grounds and the chances of any major change in the Supreme Court of Pakistan (SCP) judgement are very limited), Despite this MUFAP had recommended to all its members to start recording WWF on prudence basis. The Fund has recorded provision of Rs. 0.109 million for the current period in respect of SWWF. Had the provision not been made, it would have resulted in an increase in the net assets value per unit by Rs. 0.05 per unit.

11. CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at December 31, 2020 and June 30, 2020.

13. TAXATION

The Fund's income is exempt from Income Tax as per clause (99) of part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains whether realised or unrealised is distributed to the unit holders in cash. The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. The Management Company intends to distribute by way of cash dividend at least 90% of the Fund's accounting income as reduced by capital gains (whether realised or unrealised) for the year ending June 30, 2021 to its unit holders. Accordingly, no provision for current and deferred taxation has been recognised in this condensed interim financial information.

14. EARNINGS PER UNIT

Earnings per unit has not been disclosed as in the opinion of the Management Company, the determination of the cumulative weighted average number of outstanding units is not practicable.

15. TOTAL EXPENSE RATIO

On June 20, 2019, SECP wide SRO 639(I)/2019 has made certain amendments in NBFC Regulations. As per said amendments capping of expense ratio of the Fund is 2.5%.

As per Directive 23 of 2016 dated July 20, 2016 issued by SECP, the Total Expense Ratio of the Fund is 2.14% as on December 31, 2020 (June 30, 2020: 1.06%) and this includes 0.23% (June 30, 2020: 0.04%) representing government levy, Sindh Worker's Welfare Fund and SECP fee.

16. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between the market participants at the measurement date. Consequently, differences can arise between carrying value and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Fair value of investments classified as at fair value through profit or loss, which are tradable in an open market is based on the market prices prevailing on the reporting date. The estimated fair value of all other financial assets and liabilities is considered not significantly different from the carrying value as the items are short-term in nature.

The Fund classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- Fair value measurements using inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (level 2); and
- Fair value measurements using inputs for assets or liability that are not based on observable market data (i.e. unobservable inputs) (level 3).

The table below provides information on financial assets carried at fair values, by valuation methods as at December 31, 2020:

As at December 31, 2020 (Un-audited)				
Fair value				
Level 1	Level 2	Level 3	Total	
----- Rupees in '000-----				
Investment in securities - financial assets at fair value through other comprehensive income				
-				
Government securities	74,685	-		74,685
	74,685	-		74,685

The Fund did not hold any financial assets or liabilities carried at fair value as at June 30, 2020. There were no transfers between various levels of fair value hierarchy during the period.
