DIRECTORS REPORT TO THE UNIT HOLDERS

The Board of Directors (BOD) of Pak Oman Asset Management Company Limited is pleased to present the half yearly financial statements of Pak Oman Advantage Islamic Income (POAIIIF) for the period ended December 31, 2020.

Fixed Income Review 1H-FY21

In first half of FY21, secondary market yields across short term papers reversed from their bottom levels. Yields on 3m, 6m and 12m paper increased by 2bp, 13bps and 23bps and stood at 7.11%, 7.18% and 7.28% respectively by end of Dec-20. On the other hand, yield on longer tenor bonds witnessed sharp increase of 74bps, 114bps and 129bps and settled at 8.27%, 9.25% and 9.98% for 3yr, 5yr and 10yr bond respectively. During the quarter, money market remained stagnant and slow activity was witnessed post SBP's decision to maintain policy rate at 7.00%.

In the monetary policies announced during the first half of financial year 2021, SBP decided to maintain benchmark policy rate at 7.00%. The decision was taken in consideration to stable core inflation, which has averaged at 5.52% in 1H-FY21 as compared to 8.06% in comparable period last year. SBP has concluded that lower borrowing cost has made major contribution in wiping out economic burn, after covid-19 outbreak. Further, SBP is of the view that reduction in borrowing cost has resulted in significant liquidity in the market to support local industries. This is evident by encouraging LSM figures and increase in private sector credit offtake.

In the T-Bill auctions held during the period, SBP raised a total of PKR 4,971 billion against the target of PKR 4,375 billion and maturing amount of PKR 5,654 billion. The Last cut-off yields stood 7.1498%, 7.2000% and 7.2900% for 3m, 6m and 12m paper respectively. In the PIB auction for fixed rated bonds, SBP raised PKR 302 while Banks offered PKR 718 billion. Cut-off yields settled at 8.24%, 10.00% and 10.58% for 3yr, 15yr and 20yr bond respectively. For 5yr and 10yr bond, all bid were rejected by SBP during the quarter ending to Dec-20.

Economic Review FY20

In 1H-FY21 CPI averaged at 8.63% as compared to 11.11% in same period last year. In the 1Q-Fy21, headline inflation saw upward trend due to higher food inflation and upward revision in energy prices. However, in the 2QFY21, especially in the month Nov-20 and Dec-20, slower inflationary trend was observed due to stabilization in food prices and curtailment of supply side constraints. During the period under review, SPI and WPI averaged at 11.48% and 4.44% respectively.

On the external front, Current account settled in surplus of \$1,640 million, i-e +1.4% of GDP as compared to deficit of \$1,745 million -1.6% of GDP in comparable period last year. Major contributor for improvement in current account balance was declining services' deficit and healthy growth of approximately 27% in overseas worker's remittances. In 5M-FY21, country's imports declined by -0.99% while exports contracted by -7.15% over same period last year. However, in the month of Oct-20 and Nov-20, country's exports have shown sharp rebound (+13.6% MoM growth in Nov-2020), post resumption of economic activities after covid-19.

In the monetary policies announced during the first half of financial year 2021, SBP decided to maintain benchmark policy rate at 7.00%. The decision was taken in consideration to stable core inflation, which has averaged at 5.52% in 1H-FY21 as compared to 8.06% in comparable period last year. SBP has concluded that lower borrowing cost has made major contribution in wiping out economic burn, after covid-19 outbreak. Further, SBP is of the view that reduction in borrowing cost has resulted in significant liquidity in the market to support local industries. This is evident by encouraging LSM figures and increase in private sector credit offtake.

Going forward, government's major challenge would curtail fiscal imbalances and management of foreign flows. SBP expects inflation to settle in the band of 7%-9% in FY21. However, higher inflationary trend might be observed post expected upward revision in energy prices as per IMF's structural criteria for resumption of EFF program.

POAIF

In 1HFY21 the unit price of POAIF appreciated by 6.68% against its benchmark of 3.93% with an outperformance of 275bps. The assets under management of fund settled at PKR 1,195 Million by end of Dec-2020 as compared to PKR 1,012 million in the start of Financial Year i-e June-2020. By end of Dec-2020, Exposure against corporate sukuks stood at 25.95% with average exposure of 22.65% in 1HFY21. Exposure in GOP Ijaara Sukuk stood at 39.24% by end of Dec-20 with average exposure of 49.21% in 1HFY21. During the period exposure against Fixed Rated GOP Ijaarah and Corporate Sukuks was enhanced in comparison to previous year, in order to increase fund's recurring income. Remaining funds were invested as cash with A and above rated Islamic banks/Islamic windows of commercial banks. Average cash exposure of the fund during the June-20 to Dec 2020 stood at 38.11% of the fund size.

ACKNOWLEDGEMENTS

We would like to thank our valued investors who have placed their confidence in us. The Board is also thankful to the Securities and Exchange Commission of Pakistan, the State Bank of Pakistan, the Trustees of the Fund and the Pakistan Stock Exchange for their continued cooperation and support. The Board of Directors also appreciates the efforts put in by the management team for their commitment and hard work.

10th February 2021

اقتصادی جائزہ برائے مالیاتی سال 2021ء

1H-FY21 میں CPI اوسطاً گزشتہ سال کی اسی مدت میں %11.11 کے مقابلے میں %8.64 رہی۔ مالی سال 2021 کی پہلی سہ ماہی میں، زیادہ افراط زر کی بڑی وجہ غذا کی زیادہ قیمتوں اور توانائی کی قیمتوں میں اضافہ شامل ہیں۔ تاہم مالی سال 2021 کی دوسری سہ ماہی میں، خاص طور پر نومبر 20 اور دسمبر 20 کے مہینے میں، ایشیائی خوردونوش کی قیمتوں میں استحکام اور سپلائی کی رکاوٹوں میں کمی کی وجہ سے افراط زر کاربحان سست دکھائی دیا۔ زیر جائزہ مدت کے دوران، SPI اور WPI بالترتیب اوسطاً 11.48 فی صد اور 4.44 فی صد رہی۔

بیرونی محاذ پر، کرنٹ اکاؤنٹ گزشتہ سال کی تقابلی مدت میں 1,745 ملین ڈالر خسارہ جی ڈی پی کا منفی %1.6 فیصد کے مقابلے میں مالیاتی سال 2021 کی پہلی ششماہی میں 1,640 ملین ڈالر کے سرپلس یعنی جی ڈی پی کا پلس %1.4 طے کیا گیا۔ کرنٹ اکاؤنٹ بیلنس کی بہتری میں سروسز خسارہ میں کمی اور بیرون ملک مقیم کارکنوں کی ترسیلات زر میں تقریباً 27 فیصد کی صحت مند نمو اہم شراکت دار ہیں۔ مالی سال 2021 کے 5 ماہ میں، ملک کی درآمدات میں %0.99- فیصد کمی واقع ہوئی جبکہ برآمدات میں گزشتہ سال کی اسی مدت کے مقابلے میں %7.15- فیصد کمی ہوئی ہے۔ تاہم، اکتوبر 20 اور نومبر 20 کے مہینے میں، Covid-19 کے بعد معاشی سرگرمیاں دوبارہ شروع ہونے کے بعد، ملک کی برآمدات (نومبر 2020 میں %13.6+ ماہانہ نمو) تیزی سے بحال ہوئیں۔

مالی سال 2021 کی پہلی ششماہی کے دوران اعلان کردہ مالیاتی پالیسی میں، اسٹیٹ بینک نے بیچ مارک پالیسی شرح کو 7.00 فیصد برقرار رکھنے کا فیصلہ کیا۔ بنیادی افراط زر کو مستحکم رکھنے کے لئے یہ فیصلہ کیا گیا، جو گزشتہ سال کی اسی مدت میں %8.06 فیصد کے مقابلے میں مالی سال 2021 میں اوسطاً %5.52 فیصد رہا ہے۔ SBP نے نتیجہ اخذ کیا ہے کہ Covid-19 پھیلنے کے بعد، قرضہ کی کم لاگت نے اقتصادی بحالی میں اہم حصہ شامل کیا ہے۔ اسٹیٹ بینک پاکستان کا مؤقف ہے کہ قرض کی لاگت میں کمی کے بعد، مقامی صنعتوں کی مدد کے لئے مارکیٹ میں نمایاں لیکویڈٹی موجود ہے۔

اس مدت کے دوران منعقدہ ٹی بلز کی بنیادی میں، SBP نے 4,375 بلین روپے ہدف اور وصول شدہ 5,654 بلین روپے کے مقابلے میں مجموعی 4,971 بلین روپے اکٹھے کئے۔ 3-6 اور 12 ماہ کے پیپرز پر کٹ آف منافع بالترتیب 7.1498 فی صد، 7.2000 فی صد اور 7.2900 فی صد رہا۔ مستقل شرح کے بانڈز پر PIB بنیادی میں SBP نے 302 بلین روپے اکٹھے کئے جبکہ بینکوں نے 718 بلین روپے کی پیشکش کی۔ 3-15 اور 20 سالہ بانڈز پر نظر ثانی شدہ منافع بالترتیب 8.24 فی صد، 10.00 فی صد اور 10.58 فی صد طے کیا گیا۔ دسمبر 20 کو ختم ہونے والی سہ ماہی کے دوران 10 اور 10 سالہ بانڈز کے لئے، تمام پیشکشیں SBP نے مسترد کر دیں۔

POAIIF

1HFY21 میں، POAIIF کے یونٹ کی قیمت 3.93 فی صد بیچ مارک کے مقابلے میں 6.68 فی صد تک زیادہ، یعنی 275bps کی بہتر کارکردگی دکھائی۔ مالیاتی سال کے آغاز یعنی جون 2020 میں 1,012 بلین روپے کے مقابلے میں دسمبر 2020 کے اختتام پر فنڈ کے زیر انتظام اثاثہ جات کی قدر 1,195 روپے ہے۔ مالیاتی سال 2021 کی پہلی ششماہی میں کارپوریٹ سکوک کی مدد میں ایکسپوزر اوسطاً 22.65 فیصد کے ساتھ 25.95 فی صد رہا۔ حکومت پاکستان کے اجارہ سکوک میں اوسط سرمایہ کاری 1HFY21 میں %49.21 کی اوسط ایکسپوزر کے ساتھ دسمبر 20 کے اختتام تک 39.24 فیصد رہی۔ مدت کے دوران مقررہ شرح GOP اجارہ اور کارپوریٹ سکوک کی مدد میں ایکسپوزر فنڈز کی وصول ہونے والی آمدنی میں اضافہ کے لئے گزشتہ

یونٹ ہولڈرز کو ڈائریکٹران کی رپورٹ

پاک اومان ایجنٹس کمپنی لمیٹڈ ("منظم کمپنی" یا "POAMCL" یا "سکینی") کے بورڈ آف ڈائریکٹرز پاک اومان ایڈوائسنگ اسٹاک انکم (POAIIF) کی 30 دسمبر 2020 کو ختم ہونے والی سہ ماہی کے لئے پیش کرتے ہوئے اظہارِ مسرت کرتے ہیں۔

مستقل آمدنی تجزیہ پہلی ششماہی مالیاتی سال 2021ء

مالیاتی سال 2021 کی پہلی ششماہی میں ثانوی مارکیٹ افادہ شارٹ ٹرم پیپرز کی مدد میں اپنی زیریں سطحوں سے واپس مڑ گیا۔ شارٹ ٹرم پیپرز پر آمدنی 3، 6 اور 12 ماہ پیپرز پر 2bps، 13bps اور 23bps تک بڑھ گئی اور یہ دسمبر 20 کے اختتام تک بالترتیب 7.11 فی صد، 7.18 فی صد اور 7.28 فی صد پر بند ہوئی۔ دوسری جانب، طویل مدتی بانڈز پر آمدنی 74bps، 114bps اور 129bps بڑھ گئی اور تین، پانچ اور دس سالہ بانڈز پر آمدنی بالترتیب 8.27 فیصد، 9.25 فی صد اور 9.98 فی صد رہی۔ رواں سہ ماہی کے دوران، مٹی مارکیٹ جمود کا شکار رہی اور اسٹیٹ بینک پاکستان کے پالیسی شرح کو %7.00 پر برقرار رکھنے کے فیصلہ کے بعد کم از کم سرگرمی دیکھی گئی۔

مالی سال 2021 کی پہلی ششماہی کے دوران اعلان کردہ مالیاتی پالیسی میں، اسٹیٹ بینک نے بیچ مارک پالیسی شرح کو 7.00 فیصد برقرار رکھنے کا فیصلہ کیا۔ بنیادی افراط زر کو مستحکم رکھنے کے لئے یہ فیصلہ کیا گیا، جو گزشتہ سال کی اسی مدت میں %8.06 فیصد کے مقابلے میں مالی سال 2021 میں اوسطاً %5.52 فیصد رہا ہے۔ SBP نے نتیجہ اخذ کیا ہے کہ Covid-19 پھیلنے کے بعد، قرضہ کی کم لاگت نے اقتصادی بحالی میں اہم حصہ شامل کیا ہے۔ اسٹیٹ بینک پاکستان کا مؤقف ہے کہ قرض کی لاگت میں کمی کے بعد، مقامی صنعتوں کی مدد کے لئے مارکیٹ میں نمایاں لیکویڈٹی موجود ہے۔

اس مدت کے دوران منعقدہ ٹی بلز کی بنیادی میں، SBP نے 4,375 بلین روپے ہدف اور وصول شدہ 5,654 بلین روپے کے مقابلے میں مجموعی 4,971 بلین روپے اکٹھے کئے۔ 3-6 اور 12 ماہ کے پیپرز پر کٹ آف منافع بالترتیب 7.1498 فی صد، 7.2000 فی صد اور 7.2900 فی صد رہا۔ مستقل شرح کے بانڈز پر PIB بنیادی میں SBP نے 302 بلین روپے اکٹھے کئے جبکہ بینکوں نے 718 بلین روپے کی پیشکش کی۔ 3-15 اور 20 سالہ بانڈز پر نظر ثانی شدہ منافع بالترتیب 8.24 فی صد، 10.00 فی صد اور 10.58 فی صد طے کیا گیا۔ دسمبر 20 کو ختم ہونے والی سہ ماہی کے دوران 10 اور 10 سالہ بانڈز کے لئے، تمام پیشکشیں SBP نے مسترد کر دیں۔

REPORT OF THE TRUSTEE TO THE UNIT HOLDERS
PAK OMAN ADVANTAGE ISLAMIC INCOME FUND

Report of the Trustee Pursuant to Regulation 41(h) of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

Pak Oman Advantage Islamic Income Fund, an open end scheme established under a Trust Deed dated May 27, 2008 executed between Pak Oman Asset Management Company Limited, as the Management Company and Central Depository Company of Pakistan Limited, as the Trustee.

Digital Custodian Company Limited formerly MCB financial Services Limited was appointed as a new trustee in place of CDC under third supplemental Trust Deed dated 15 May 2012. Accordingly the Trust Deed was approved by SECP on 17 January 2012 under the Rules. However, the assets of the Fund were transferred on June 13, 2012.

1. Pak Oman Asset Management Company Limited, the Management Company of Pak Oman Advantage Islamic Income Fund has, in all material respects, managed Pak Oman Advantage Islamic Income Fund during the period ended 31st December 2020 in accordance with the provisions of the following:
 - (i) Investment limitations imposed on the Asset Management Company and the Trustee under the trust deed and other applicable laws;
 - (ii) the valuation or pricing is carried out in accordance with the deed and any regulatory requirement;
 - (iii) the creation and cancellation of units are carried out in accordance with the deed;
 - (iv) and any regulatory requirement.

INDEPENDENT AUDITOR'S REVIEW REPORT

AUDITORS' REPORT TO THE MEMBERS ON REVIEW
OF CONDENSED INTERIM FINANCIAL INFORMATION

Introduction

We have reviewed the accompanying condensed interim statement of asset and liabilities of Pak Oman Advantage Islamic Income Fund (the Fund) as at December 31, 2020 and the related condensed interim income statement and the condensed interim statement of comprehensive income, condensed interim statement of movement in unit holders' fund and condensed interim statement of cash flows together with the notes forming part thereof (here-in-after referred to as the "condensed interim financial information"), for the six month period ended December 31, 2020. Pak Oman Asset Management Company Limited (the Management Company) is responsible for the preparation and presentation of this condensed interim financial information in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on this condensed interim financial information based on our review. The figures of the condensed interim statement of profit or loss and condensed interim statement of comprehensive income for the three months period ended December 31, 2020 and December 31, 2019 have not been reviewed, as we are required to review only the cumulative figures for the half year ended December 31, 2020.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of Condensed interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial information is not prepared, in all material respects, in accordance with approved accounting and reporting standards as applicable in Pakistan for interim financial reporting.

The engagement partner on the review resulting in this independent auditor's report is Adnan Zaman.

NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED)
FOR THE HALF YEAR ENDED 31 DECEMBER 2020

1 LEGAL STATUS AND NATURE OF BUSINESS

Pak Oman Advantage Islamic Income Fund (the Fund) was established under a Trust deed executed between Pak Oman Asset Management Limited as the Management Company and MCB Financial Services Limited (MCBFSL). The trust deed was approved on 15 May 2012 by the Securities and Exchange Commission of Pakistan (SECP) in accordance with the Non-Banking Finance Companies (Establishment & Regulation) Rules, 2003 (The NBFC Rules).

The Management Company is registered with the SECP as a Non-Banking Finance Company under the NBFC Rules. The registered office of the Management Company is situated at Icon House, 83-C, 12th Commercial Street, Phase-II Extension, DHA, Karachi.

The Fund is an Shariah compliant open-ended mutual fund by the Management Company and is listed on the Pakistan Stock Exchange Limited. Units are offered for public subscription on a continuous basis. The units are transferable and can be redeemed by surrendering them to the Fund at the option of the unit holders.

The Pakistan Credit Rating Agency (PACRA) has assigned management quality rating of "AM3+" (Positive) to the Management Company as at 15 February, 2021 and a rating of "A+(f)" to the Fund on February 17, 2021.

Title to the assets of the Fund are held in the name of MCB Financial Services Limited as a trustee of the Fund.

2 STATEMENT OF COMPLIANCE

These condensed interim financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting. Approved accounting standards comprise of such International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Ordinance, 1984, the requirements of the Trust Deed, the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the directives issued by the SECP. Wherever the requirements of the Trust Deed, the NBFC Rules, the NBFC Regulations or directives issued by the SECP differ with the requirements of IFRSs, the requirements of the Trust Deed, the NBFC Rules, the NBFC Regulations or the requirements of the said directives prevail.

This condensed interim financial statements does not include all the information and disclosures required in the annual financial statements and should be read in conjunction with the annual published financial statements of the Fund for the year ended 30 June 2020.

In compliance with Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the directors of the Management Company hereby declare that these condensed interim financial statements give a true and fair view of the state of the Fund's affairs as at 31 December 2020.

2.1 These financial statements have been prepared in accordance with the approved accounting standards as applicable in Pakistan. Such Standards comprises of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017 (the Act);
- Provisions of and directives issued under the Companies Act, 2017 along with part VIII A of the repealed Companies Ordinance, 1984;
- the NBFC rules, the Non-Banking Finance Companies, Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of Trust Deed.

2.2 Where provisions of and directives issued under the Companies Act, 2017, part VIII A of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017, part VIII A of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed have been followed.

2.3 In compliance with Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the directors of the Management Company hereby declare that this financial information gives a true and fair view of the state of the Fund's affairs as at 30 June 2020.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies and methods of computation adopted in the preparation of this condensed interim financial statements and the significant judgements made by the management in applying the accounting policies and key sources of estimation uncertainty are the same as those applied in the preparation of the financial statements as at and for the year ended 30 June 2020.

		31 December 2020 Un-audited	30 June 2020 Audited
	Note	-----	-----
		(Rupees in '000)	(Rupees in '000)
6	PAYABLE TO THE MANAGEMENT COMPANY		
	Remuneration of the Management Company	6.1	349
	Sindh Sales Tax on remuneration of the Management Company	6.2	127
	Federal Excise Duty on remuneration of the Management Company	6.3	661
	Reimbursement of operational expenses to the Management Company	6.4	-
	Shariah advisory fee payable		13
	Sales Load Payable		17
		1,167	1,224

- 6.1 The Management Company has charged its remuneration at the rate of 0.35% (30 June 2020: 0.35%) per annum of the average annual net assets of the Fund. The remuneration is paid to the Management Company on a monthly basis in arrears.

- 6.2 The Sindh Provincial Government has levied Sindh Sales Tax at the rate of 13% (June 30, 2020: 13%) on Management Company's remuneration through Sindh Sales Tax on Services Act, 2011 effective from 01 July 2011.

- 6.3 The Finance Act, 2013 has enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) with effect from 13 June 2013. As the asset management services rendered by the Management Company of the Fund are already subject to provincial sales tax on services levied by the Sindh Revenue Board, which is being charged to the Fund as explained in note 6.2 above, the Management Company is of the view that further levy of FED was not justified.

On 4 September 2013, a Constitutional Petition was filed in the Honourable Sindh High Court (SHC) jointly by various asset management companies, together with their representative Collective Investment Schemes through their trustees, challenging the levy of FED.

During the year ended 30 June 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

With effect from 01 July 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from 01 July 2016. However, as a matter of abundant caution the provision for FED made till 30 June 2016 amounting to Rs. 0.0661 million (30 June 2019: 0.0661 million) is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the said provision for FED

PAK OMAN ADVANTAGE ISLAMIC INCOME FUND

not been maintained, the net asset value of the Fund as at 31 December 2020 would have been higher by Rs. 0.0301 (30 June 2020: Rs. 0.0343) per unit.

	Note	31 December	30 June

7.1 There is no change in the status of the SWWF as reported in note 11.1 to the annual financial statements of the Fund for the year ended 30 June 2020.

8 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at 31 December 2020 and 30 June 2020.

9 EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at 31 December 2020 is 0.62% which includes 0.10% representing government levies on the Fund such as provision for Sindh Workers' Welfare Fund, sales taxes, annual fee to the SECP, etc. This ratio is within the maximum limit of 2.50% prescribed under the NBFC Regulations for a collective investment scheme categorised as a money market scheme.

10 TAXATION

The income of the fund is exempt from Income Tax as per Clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains whether realised or unrealised is distributed to the unit holders. The management intends to distribute at least 90% of the Fund's net accounting income earned by the year end, as cash dividend, to the unit holders. Accordingly, no provision in respect of taxation has been made in these financial statements.

12. FINANCIAL RISK MANAGEMENT

The Fund's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk.

12.1 Market risk

Market risk is the risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market prices.

Market risk comprises of three types of risks: currency risk, interest rate risk and other price risk.

12.2 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund, at present is not exposed to currency risk as its operations are geographically restricted to Pakistan and all transactions are carried out in Pakistani Rupees.

12.3 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates.

a) Sensitivity analysis for variable rate instruments

As at Dec 31, 2020, the Fund holds KIBOR based interest bearing sukuks and term finance certificates and balance in savings accounts exposing the Fund to interest rate risk. In case of 100 basis points increase / decrease in KIBOR and bank profit rates with all other variables held constant, the net assets of the Fund would have been higher / lower by approximately Rs. 4.8580 million.

b) Sensitivity analysis for fixed rate instruments

Since the Fund currently does not have any fixed rate instruments that are impacted by market interest rates, therefore, it is not exposed to fair value interest rate risk.

12.4 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer or factors affecting all similar financial instruments traded in the market.

The Fund's equity securities are primarily exposed to equity price risk because of investments held and classified by the Fund on the statement of assets and liabilities as 'financial assets at fair value through profit or loss'. To manage its price risk arising from investments in equity securities, the Fund diversifies its portfolio within the eligible stocks prescribed in the Fund's constitutive documents. The Fund's constitutive documents / NBFC Regulations also limit investment in individual equity securities to not more than 15% of its net assets, or 15% of the issued capital of the investee company and the sector exposure limit to 35% of net assets.

In case of 5% increase / decrease in the fair value of the Fund's equity securities at fair value through profit or loss on December 31, 2020, net income for the year would increase / decrease by Rs. 0.5884 million (2019: Rs. 1.37 million) and net assets of the Fund would increase / decrease by the same amount.

The analysis is based on the assumption that the equity index had increased / decreased by 5% with all other variables held constant and all the Fund's equity instruments moved according to the historical correlation with the index. This represents management's best estimate of a reasonable possible shift in the PSX 100 Index, having regard to the historical volatility of the index. The composition of the Fund's investment portfolio and the correlation thereof to the KMI index, is expected to change over the time. Accordingly, the sensitivity analysis prepared as of December 31, 2020 is not necessarily indicative of the effect on the Fund's net assets of future movements in the level of PSX 100 Index.

12.5 Credit risk

Credit risk represents the risk of a loss if the counterparties fail to perform as contracted. The Fund's credit risk mainly arises from deposits with banks and financial institutions and credit exposure arising as a result of dividend receivable (if any) on equity securities.

12.6 Management of credit risk

For banks and financial institutions, the Fund keeps deposits with reputed financial institutions with reasonably high credit ratings. Credit risk on account of dividend receivable is minimal due to the statutory protection. All transactions in listed securities are settled / paid for upon delivery using the system of National Clearing Company of Pakistan Limited. The risk of default in these transactions is considered minimal due to inherent systematic measures taken therein. The Fund's policy is to enter into financial contracts in accordance with the investment guidelines approved by the Investment Committee, its Trust Deed and the requirements of the NBFC rules and the regulations and the guidelines given by the SECP from time to time.

12.7 Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in meeting obligations arising from its financial liabilities that are settled by delivering cash or another financial asset or such obligations will have to be settled in a manner disadvantageous to the Fund.

The Fund is exposed to the daily settlement of equity securities and to daily cash redemption requests on a regular basis. Units are redeemable at the holders' option based on the Fund's net asset value per unit, at the time of redemption, calculated in accordance with the Fund's constitutive document and guidelines laid down by the SECP.

12.8 Management of liquidity risk

The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions without incurring unacceptable losses or risking damage to the Fund's reputation. The Fund's policy is therefore to invest the majority of its assets in investments that are traded in an active market and can be readily realised.

In order to manage the Fund's overall liquidity, the Fund also has the option to withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. Further, the Fund also has the ability to suspend redemptions of units with the approval of the Board of Directors of the Management Company in extraordinary circumstances. The Fund can also borrow, with prior approval of the Trustee, for meeting redemption requests. The maximum amount available to the Fund from borrowings is limited to the extent of 15% of total net assets at the time of borrowing with repayment within 90 days of such borrowings. No such borrowings were made during the year.

14. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Fair value of investments is determined as per the policy disclosed in note 3.2.8 to these financial statements.

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1: Quoted price (unadjusted) in an active market for identical assets or liabilities that the entity can access at the measurement date;
- Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: Inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

PAK OMAN ADVANTAGE ISLAMIC INCOME FUND
