## DIRECTORS' REPORT

The Board of Directors of NBP Fund Management Limited is pleased to present the reviewed financial statements of **NBP Government Securities Savings Fund** (NGSSF) for the half year ended December 31, 2020.

### **Fund's Performance**

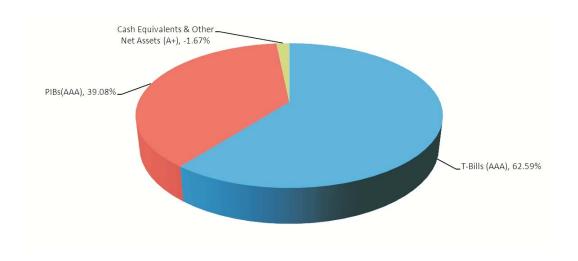

The size of NBP Government Securities Savings Fund has decreased from Rs. 692 million to Rs. 268 million during the period, a drop of 61%. During the period, the unit price of the Fund has increased from Rs. 10.3490 on June 30, 2020 to Rs. 10.5610 on December 31, 2020, thus showing return of 4.1% p.a. as compared to the benchmark return of 7.1% p.a. for the same period. The performance of the Fund is net of management fee and all other expenses. The Fund has been assigned a stability rating of 'AA- (f)' by PACRA.

NBP Government Securities Savings Fund (NGSSF) invests a minimum of 70% in Government Securities. The Fund invests at least 10% of its assets in less than 90 days T-Bills or saving accounts with banks, which enhances liquidity profile of the Fund.

During 1HFY21, the SBP held two Monetary Policy Committee (MPC) meetings wherein it left the Policy Rate unchanged at 7%, citing the prevailing accommodative monetary policy stance appropriate for the nascent economic recovery. Inflation as measured by the CPI clocked-in at 8% for December 2020, owing to supply side issues and rise in prices of perishable food items. During the period under review, T-Bills yields increased by 2 bps, 13 bps and 23 bps for 3-month, 6-month and 12-month tenures, respectively. This uptick in short-term sovereign yields is primarily reflective of demand versus supply side factors.

During the period, the SBP realized Rs. 5.1 trillion in thirteen T-Bills auctions. The market interest tilted towards shorter tenors given the market expectation of the bottoming out of the Policy Rate and the likelihood of reversal of monetary easing cycle in the coming months. In the last auction, cut-off yields on T-Bill for 3-month, 6-month and 12-month tenures were noted at 7.15%, 7.20% and 7.29%, respectively. In the six PIB auctions, the SBP realized an amount of Rs. 292 billion. In the last auction, cut-off yields for 3-year, 15-year and 20-year tenures were noted at 8.24%, 10.00% and 10.58%, respectively.

The Fund has earned a total income of Rs 6.424 million during the period. After deducting total expenses of Rs 2.586 million, the net income is Rs. 3.508 million. The below chart presents the asset allocation and the weighted average credit rating of each of the sub-asset classes of NGSSF: The below chart presents the asset allocation and the weighted average credit rating of each of the sub-asset classes of NGSSF.

## INDEPENDENT AUDITORS' REVIEW REPORT TO THE UNITHOLDERS

## Introduction

We have reviewed the accompanying condensed interim statement of assets and liabilities of **NBP Government Securities Savings Fund** (the Fund) as at December 31, 2020 and the related condensed interim income statement, condensed interim statement of comprehensive income, condensed interim statement of movement in unit holders' fund and condensed interim cash flow statement together with the notes forming part thereof (here-in-after referred to as the 'condensed interim financial statements'), for the half year ended December 31, 2020. The Management Company (NBP Fund Management Limited) is responsible for the preparation and presentation of these condensed interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these condensed interim financial statements based on our review. The figures included in the condensed interim income statement and condensed interim statement of comprehensive income for the quarters ended December 31, 2020 and December 31, 2019 have not been reviewed, as we are required to review only the cumulative figures for the half year ended December 31, 2020.

## Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of condensed interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

## Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial statements are not prepared, in all material respects, in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting.

# NOTES TO AND FORMING PART OF THESE CONDENSED INTERIM FINANCIAL INFORMATION (UN-AUDITED) FOR THE HALF YEAR ENDED DECEMBER 31, 2020

## 1 LEGAL STATUS AND NATURE OF BUSINESS

NBP Government Securities Savings Fund (the Fund) was established under a Trust Deed entered into between NBP Fund Management Limited as the Management Company and Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Trust Deed was executed on June 5, 2014 and was approved by the Securities and Exchange Commission of Pakistan (SECP) on May 30, 2014.

The Management Company of the Fund has been licensed to act as an Asset Management Company under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules) through a certificate of registration issued by the Securities and Exchange Commission of Pakistan (SECP). The registered office of the Management Company is situated at 7th Floor, Clifton Diamond Building, Block 4, Scheme No. 5, Clifton, Karachi. The Management Company is a member of the Mutual Funds Association of Pakistan (MUFAP).

The Fund has been categorised as an open ended 'income scheme' by the Board of Directors of the Management Company pursuant to the provisions contained in Circular 7 of 2009.

The objective of the Fund is to provide unit holders with competitive return from a portfolio of low credit risk securities by investing primarily in government securities.

The Pakistan Credit Rating Agency (PACRA) has determined the asset manager rating of the Management Company of AM1 (2019: AM1 on December 24, 2019) on June 24, 2020. The rating reflects the Management Company's experienced management team, structured investment process and sound quality of systems and processes. Furthermore, the Pakistan Credit Rating Agency Limited (PACRA) has maintained the stability rating of the Fund to "AA-(f)" (2019: "AA-(f)" on April 17, 2020) on October 16, 2020.

The title to the assets of the Fund is held in the name of CDC as the Trustee of the Fund.

## 1.1 Impact of COVID -19

In March 2020, the World Health Organization ("WHO") declared the outbreak of the novel coronavirus (known as COVID-19) as a global pandemic. The rapid spread of the virus has caused governments around the world to implement stringent measures to help control its spread, including, without limitation, quarantines, "stay-athome" or "shelter-in-place" orders, social-distancing mandates, travel restrictions, and closures or reduced operations for businesses, governmental agencies, schools and other institutions. The industry, along with global economic conditions generally, has been significantly disrupted by the pandemic.

The COVID-19 pandemic and associated impacts on economic activity had certain effect on the operational and financial condition of the Fund for the half year ended December 31, 2020 due to increase in overall credit risk pertaining to the corporate debt instruments' portfolios of mutual funds, subdued equity market performance due to overall slowdown in economic activity and continuity of business operations. However, to reduce the impact on the performance of the Fund, regulators / governments across the country have introduced a host of measures on both the fiscal and economic fronts by issuing certain circulars and notifications from time to time.

The management of the Fund is closely monitoring the situation, and in response to the developments, the management has taken action to ensure the safety of its employees and other stakeholders, and initiated a number of initiatives.

6.1 As per regulation 61 of the NBFC Regulations, 2008, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the Offering Document subject to the total expense ratio limit. Keeping in view the maximum allowable threshold, the Management Company has charged remuneration under the following rates:

Rate applicable from July 1, 2020	Rate applicable from July 1, 2019 to	Rate applicable from July 12, 2019

The remuneration is payable to the Management Company in arrears.

- 6.2 During the period, an amount of Rs. 0.050 million (2019: Rs. 0.147) was charged on account of sales tax on management fee levied through Sindh Sales Tax on Services Act, 2011 at the rate of 13%.
- 6.3 The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16 percent on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration and sale load were already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Honourable High Court of Sindh (HCS) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, HCS passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Honourable Supreme Court of Pakistan (HSC) which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company and sales load with effect from July 1, 2016. However, as a matter of abundant caution the provision for FED made for the period till June 30, 2016 amounting to Rs 2.24 million (June 30, 2020: Rs 2.24 million) is being retained in these condensed interim financial statements of the Fund as the matter is pending before the HSC. Had the provision for FED not been made, the net asset value per unit of the Fund as at December 31, 2020 would have been higher by Re 0.0882 (June 30, 2020: Re 0.0334) per unit.

6.4 In accordance with Regulation 60 of the NBFC Regulations, an asset management company is entitled to charge fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS).

Until June 19, 2019 there was a maximum cap of 0.1% per annum of the average annual net assets of the scheme or actual whichever is less, for allocation of such expenses to the Fund. However, the SECP vide its SRO 639 dated June 20, 2019 has removed the maximum cap of 0.1%.

Accordingly, the Management Company based on its discretion has charged accounting and operational charges as per the following rates:

Rate applicable from July 1, 2020 to October 26, 2020	Rate applicable from October 27, 2020 to December 31, 2020	Rate applicable from July 1, 2019 to June 30, 2020
0.1% of average annual net assets	0.125% of average annual net assets	0.1% of average annual net assets

6.5 The SECP has allowed an asset management company to charge selling and marketing expenses to all categories of open-end mutual funds (except fund of funds) initially for a period of three years (i.e. from January 1, 2017 till December 31, 2019). The maximum cap of selling and marketing expense was 0.4% per annum of the average annual net assets of the Fund or actual expenses whichever is lower.

During the year ended June 30, 2020, the SECP through its circular 11 dated July 5, 2019 has revised the conditions for charging of selling and marketing expenses to a Fund. As per the revised guidelines, the maximum cap of 0.4% per annum has been lifted and now the asset management company is required to set a maximum limit for charging of such expense to the Fund and the same should be approved by the Board of Directors of the Management Company as part of annual plan. Furthermore, the time limit of three years has also been removed in the revised conditions.

Accordingly, the Management Company based on its own discretion has determined a capping of 0.7% of the average annual net assets of the Fund for charging of selling and marketing expenses to the Fund which has also been approved by the Board of Directors of the Management Company.

7.1 In accordance with the NBFC Regulations, a Collective Investment Scheme (CIS) is required to pay annual fee to the Securities and Exchange Commission of Pakistan (SECP).

As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs / mutual funds, MUFAP recommended that, as a matter of abundant caution, provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the SWWF Act, 2014.

Had the provision for SWWF not been recorded in these condensed interim financial statements of the Fund for the period ended December 31, 2020, the net asset value per unit of the Fund as at December 31, 2020 would have been higher by Re 0.1784 (June 30, 2020: 0.0664) per unit.

## 9 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments as at December 31, 2020 and June 30, 2020.

## 10 TAXATION

The income of the Fund is exempt from income tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the management intends to distribute the required minimum percentage of income earned by the Fund for the year ending June 30, 2021 to the unit holders in the manner as explained above, therefore, no provision for taxation has been made in these condensed interim financial statements during the period.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

## 11 EARNINGS PER UNIT

The prescribed limit for the ratio is 2.5% (December 31, 2019: 2.5%) (excluding government levies) under the NBFC Regulations for a collective investment scheme categorised as a "Income" scheme.

### 14 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradeable in an open market are revalued at market prices prevailing on the reporting date. The estimated fair value of all other financial assets and financial liabilities is considered not to be significantly different from the respective book values as the items are either short-term in nature or repriced periodically.

## 14.1 Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

<sup>\*\*</sup> Previous period balances with these parties have not been disclosed as they were not connected persons and related parties at June 30, 2020.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly or indirectly; and

Level 3: unobservable inputs for the asset or liability.

As at December 31, 2020 and June 30, 2020, the Fund held the following financial instruments measured at fair value:
