Sub: **Non-Compliance of PSX Regulations**

Dear Sir,

Reference your letter No. PSX/GEN-505, dated March 18, 2021 on the subject.

We would like to inform your good office that the Company has struggled hard to get out of multiple complicated issues including law and order situation mentioned in previous correspondences. Fortunately many serious issues have been resolved and now company is making positive progress which includes payment of outstanding liabilities and restructuring of business as well.

We are pleased to inform you that the Company has started business activity last year (end of November 2020) and hopefully profitable results will follow soon. Regarding the Auditor's disclaimer, it will change in the upcoming annual report. Only follow up is being made with SECP to set aside the pending winding up order so the company can opt for CDC.

We request you to take a lenient view of our situation as you have cooperated in the past and enabled the company to be where it is today. We are already very thankful and appreciative of the support extended by your good office and look forward to the same.

Thanks and regards

Zaheer A. Malik
