#### DIRECTORS' REPORT

The Board of Directors of NBP Fund Management Limited is pleased to present the unaudited condensed Interim financial statements of **NBP Money Market Fund** (NMMF) for the guarter ended September 30, 2021.

#### **Fund's Performance**

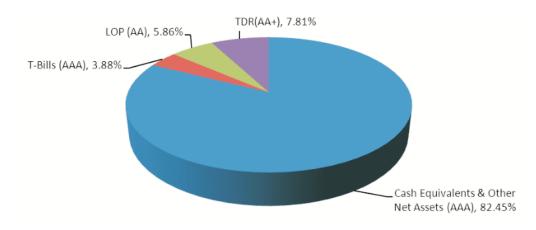

Inflation as measured by the CPI clocked-in at 9.0% on year-on-year basis in September 2021 as compared to an increase of 8.4% in the previous month and 9.0% in September 2020. Amid sharp spike in the prices of food component, month on month increase in CPI stood at 2.1% in September 2021 as compared to 1.5% in September 2020. After maintaining status quo for about fifteen months, in its meeting held on September 20th, the SBP raised the Policy Rate by 25 basis points to 7.25%. While acknowledging the needed appropriate policy mix, the SBP cited that "looking ahead, in the absence of unforeseen circumstances, the MPC expects monetary policy to remain accommodative in the near term, with possible further gradual tapering of stimulus."

During the period under review, sovereign yields responded to the reversal of monetary easing cycle as T-Bills yields increased by 31 bps, 46 bps, and 92 bps for 3-month, 6-month, and 12-month tenures respectively owing to the increase in the Policy Rate. SBP held seven T-Bills auctions during the period, realizing a total of Rs. 4.3 trillion against the maturity of Rs. 4.1 trillion and target of Rs. 4.7 trillion.

NMMF's stability rating awarded by PACRA is 'AA (f)', which denotes a very strong capacity to maintain relative stability in returns and very low exposure to risks. Being a Money Market scheme, the Fund has strict investment guidelines. The authorized investments of the Fund include T-Bills, Bank Deposits and Money Market instruments. Minimum rating requirement is 'AA', while the Fund is not allowed to invest in any security exceeding six months maturity. The weighted average time to maturity of the Fund cannot exceed 90 days.

The size of NBP Money Market Fund has increased from Rs. 21,623 million to Rs. 25,600 million during the period (i.e. a growth of 18%). During the period, the unit price of the Fund has increased from Rs. 9.6576 (Ex-Div) on June 30, 2021 to Rs. 9.9052 on September 30, 2021, thus showing a return of 10.2% p.a. as compared to the benchmark return of 6.8% p.a. for the same period. The performance of the Fund is net of management fee and all other expenses. During August 2021, provisioning against Sindh Workers' Welfare Fund has been reversed. The reversal of provision has contributed towards an unusual increase in NAV of the Fund. This is one-off event and is not likely to be repeated in the future.

The Fund has earned a total income of Rs. 649.66 million during the period. After deducting total expenses of Rs. 26.54 million, the net income is Rs. 623.12 million. The asset allocation of NMMF as on September 30, 2021 is as follows:

#### 6 PROVISION FOR SINDH WORKERS' WELFARE FUND

Subsequent to the year ended June 30, 2021, SRB through its letter dated August 12, 2021 has intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and has also been taken up with the SECP and all the Asset Management Companies, in consultation with SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the Funds, for the period from May 21, 2015 to August 12, 2021, on August 13, 2021.

Provisioning against Sindh Workers' Welfare Fund by NBP Money Market Fund amounting to Rs. 180.33 million has been reversed on the clarification received by Sindh Revenue Board vide letter No. SRB/TP/70/2013/8772 dated August 12, 2021 addressed to Mutual Funds Association of Pakistan. This reversal of provision has contributed towards an unusual increase in NAV of the NBP Money Market Fund by 0.69% on August 13, 2021. This is one-off event and is not likely to be repeated in the future.

#### 7 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at September 30, 2021 and June 30, 2021.

#### 8 SELLING AND MARKETING EXPENSES

The SECP vide circular 11 of 2019 dated July 05, 2019 has allowed the Asset Management Companies to charge selling and marketing expenses to all categories of open-end mutual funds (except fund of funds) and prescribed revised conditions for charging of selling and marketing expenses to CIS. The said circular also supersedes circular No. 40 of 2016, circular No. 05 of 2017 and circular No. 5 of 2018. These expenses shall be counted in the total expense ratio cap of the fund. Accordingly, the Management Company has charged selling and marketing expenses at the rate of 0.03% per anum of the net assets of the Fund.

#### 9 TAXATION

The Fund's income is exempt from income tax as per clause 99 of part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unitholders as cash dividend. Furthermore, as per regulation 63 of the NBFC Regulations, the Fund is required to distribute 90 percent of the net accounting income other than capital gains to the unit holders. #### DIRECTORS' REPORT

The Board of Directors of NBP Fund Management Limited is pleased to present the unaudited condensed interim financial statements of NBP Pakistan Growth Exchange Traded Fund (NBPGETF) for the quarter ended September 30, 2021.

#### **Fund's Performance**

After delivering a robust 38% return in FY21, the stock market lost positive momentum as the benchmark KSE 100 Index fell by 5.2% during 1QFY22. In the first two months of the outgoing quarter, range bound activity was witnessed at the local bourse amid thin trading volumes and lackluster investors' participation. During the month of September, the market came under severe selling pressure with KSE 100 Index slumping by 5.3%.

Despite record profitability and healthy payouts announced by the listed corporate sector for June period, the lackluster market performance during the quarter can be attributable to the following factors. Investors seemed worried about shifting Pak-US relations amid developments in the neighboring Afghanistan with possible spillover effects on Pakistan. Adding to investors' angst was the widening Current Account Deficit (CAD) that clocked-in at USD 1.5 billion in August 2021 and USD 800 million in the previous month. Furthermore, the steady devaluation of the PKR versus US dollar coupled with rising industrial raw material and energy prices have ignited concerns on the corporate profitability outlook. In a bid to contain the consumption led demand pressure, the SBP's decision to raise the Policy Rate by 0.25% in its MPC meeting held on September 20th, 2021 was also not well received by the market. According to the market talks, leveraged positions of retail investors, who received margin calls after continuous decline in the Index also accelerated the sell-off of equities towards the end of the quarter. On the other hand, the market ignored positive developments on the external account front notably, record inflows in Roshan Digital Account (RDA) amounting to USD 849 million during the quarter, taking the cumulative inflows to USD 2.4 billion and the receipt of USD 2.7 billion from the IMF on account of SDR allocation.

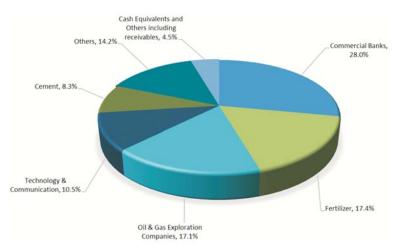

Looking at the sector wise performance of the market, Automobile Assemblers and Accessories, Cements, Engineering, Insurance, Oil & Gas Exploration and Marketing Companies, Paper & Board, Refineries, and Transport sectors underperformed the market, while Chemicals, Commercial Banks, Fertilizers, Food & Personal Care, Glass & Ceramics, Power Generation and Distribution, Technology, and Textile Composite sectors outperformed the market. In terms of participant-wise activity, Individuals, Other Organizations, and Banks /DFIs remained the largest buyers during the quarter with net inflows of USD 33 million, USD 27 million and USD 21 million, respectively. On the other hand, Foreigners were the largest sellers in the market with net outflows amounting to USD 83 million.

The size of NBP Pakistan Growth Exchange Traded Fund has decreased from Rs. 62 million to Rs. 58 million during the period, i.e., a decrease of 5%. During the period, the unit price of NBP Pakistan Growth Exchange Traded Fund (NBPGETF) has decreased from Rs. 10.9271 on June 30, 2021 to Rs. 10.4626 on September 30, 2021, thus showing a decrease of 4.3%. The Benchmark for the same period decreases by 4.2%. Thus, the Fund has underperformed its Benchmark by 0.1% during the period under review Tracking error for the period was 0.1%. Since inception the NAV of the Fund has increased from Rs. 9.3352 (Ex-Div) on October 05, 2020 to Rs 10.4626 on September 30, 2021, thus showing an increase of 12.1%. During the said period, the Benchmark increased by 15.3%, translating into underperformance of 3.2%. This performance is net of management fee and all other expenses. During August 2021, provisioning against Sindh Workers' Welfare Fund has been reversed. The reversal of provision has contributed towards an unusual increase in NAV of the Fund. This is one-off event and shall not be repeated in the future.

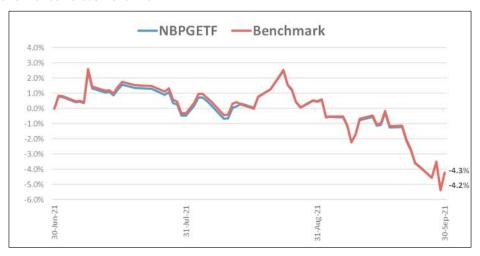

NBP Pakistan Growth Exchange Traded Fund has incurred a loss of Rs. 2.248 million during the period. After deducting total expenses of Rs. 0.344 million, the total loss is Rs. 2.592 million. The asset allocation of the Fund as on September 30, 2021 is as follows:

# DIRECTORS' REPORT

The Board of Directors of NBP Fund Management Limited is pleased to present the unaudited condensed interim financial statements of NBP Islamic Regular Income Fund (NIRIF) for the quarter ended September 30, 2021.

### **Fund's Performance**

After delivering a robust 39% return in FY21, the stock market lost positive momentum as the benchmark KMI 30 Index fell by 5.6% during 1QFY22. In the first two months of the outgoing quarter, range bound activity was witnessed at the local bourse amid thin trading volumes and lackluster investors' participation. During the month of September, the market came under severe selling pressure with KMI 30 Index slumping by 6.9%.

Despite record profitability and healthy payouts announced by the listed corporate sector for June period, the lackluster market performance during the quarter can be attributable to the following factors. Investors seemed worried about shifting Pak-US relations amid developments in the neighboring Afghanistan with possible spillover effects on Pakistan. Adding to investors' angst was the widening Current Account Deficit (CAD) that clocked-in at USD 1.5 billion in August 2021 and USD 800 million in the previous month. Furthermore, the steady devaluation of the PKR versus US dollar coupled with rising industrial raw material and energy prices have ignited concerns on the corporate profitability outlook. In a bid to contain the consumption led demand pressure, the SBP's decision to raise the Policy Rate by 0.25% in its MPC meeting held on September 20th, 2021 was also not well received by the market. According to the market talks, leveraged positions of retail investors, who received margin calls after continuous decline in the Index also accelerated the sell-off of equities towards the end of the quarter. On the other hand, the market ignored positive developments on the external account front notably, record inflows in Roshan Digital Account (RDA) amounting to USD 849 million during the quarter, taking the cumulative inflows to USD 2.4 billion and the receipt of USD 2.7 billion from the IMF on account of SDR allocation

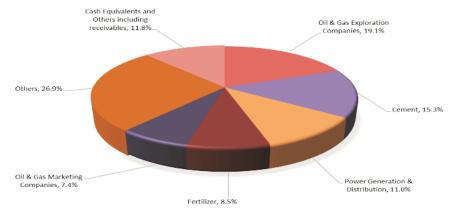

Looking at the sector wise performance of the market, Automobile Assemblers and Accessories, Cements, Engineering, Insurance, Oil & Gas Exploration and Marketing Companies, Paper & Board, Refineries, and Transport sectors underperformed the market, while Chemicals, Commercial Banks, Fertilizers, Food & Personal Care, Glass & Ceramics, Power Generation and Distribution, Technology, and Textile Composite sectors outperformed the market. In terms of participant-wise activity, Individuals, Other Organizations, and Banks /DFIs remained the largest buyers during the quarter with net inflows of USD 33 million, USD 27 million and USD 21 million, respectively. On the other hand, Foreigners were the largest sellers in the market with net outflows amounting to USD 83 million.

The size of NBP Islamic Regular Income Fund has decreased from Rs. 148 million to Rs. 127 million during the period, i.e., a decrease of 14%. During the period, the unit price of NBP Islamic Regular Income Fund has decreased from Rs. 9.7140 on June 30, 2021 to Rs. 9.1401 on September 30, 2021, thus showing a decrease of 5.9%. The Benchmark for the same period was decreased by 4.7%. Thus, the Fund has underperformed its Benchmark by 1.2% during the period under review. Since inception, the unit price of NBP Islamic Regular Income Fund has increased from Rs. 9.0542 (Ex-Div) on October 31, 2018 to Rs 9.1401 on September 30, 2021, thus showing an increase of 0.9%. The Benchmark for the same period was increased by 12.2%. Thus, the Fund has underperformed its Benchmark by 11.3% during the period under review. This performance is net of management fee and all other expenses. During August 2021, provisioning against Sindh Workers' Welfare Fund has been reversed. The reversal of provision has contributed towards an unusual increase in NAV of the Fund. This is one-off event and shall not be repeated in the future.

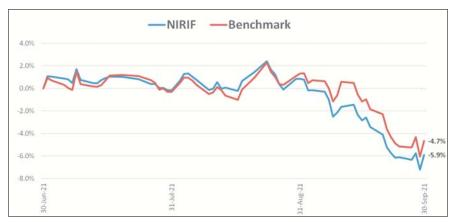

NBP Islamic Regular Income Fund has incurred a loss of Rs. 6.706 million during the period. After incurring total

expenses of Rs. 1.494 million, the total loss is Rs. 8.200 million. The asset allocation of the Fund as on September 30, 2021 is as follows:

### PROVISION FOR SINDH WORKERS' WELFARE FUND 5

Subsequent to the year ended June 30, 2021, SRB through its letter dated August 12, 2021 has intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and has also been taken up with the SECP and all the Asset Management Companies, in consultation with SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the Funds, for the period from May 21, 2015 to August 12, 2021, on August 13, 2021.

Provisioning against Sindh Workers' Welfare Fund by NBP Islamic Regular Income Fund amounting to Rs. 62 million has been reversed on the clarification received by Sindh Revenue Board vide letter No. SRB/TP/70/2013/8772 dated August 12, 2021 addressed to Mutual Funds Association of Pakistan. This reversal of provision has contributed towards an unusual increase in NAV of the NBP Islamic Regular Income Fund by 0.43% on August 13, 2021. This is one-off event and is not likely to be repeated in the future.

### **CONTINGENCIES AND COMMITMENTS** 6

There were no contingencies and commitments outstanding as at September 30, 2021 and June 30, 2021.

### 7 SELLING AND MARKETING EXPENSE

The SECP vide circular 11 of 2019 dated July 05, 2019 has allowed the Asset Management Companies to charge selling and marketing expenses to all categories of open-end mutual funds (except fund of funds) and prescribed revised conditions for charging of selling and marketing expenses to CIS. The said circular also supersedes circular No. 40 of 2016, circular No. 05 of 2017 and circular No. 5 of 2018. These expenses shall be counted in the total expense ratio cap of the fund. Accordingly, the Management Company has charged selling and marketing expenses at the rate of 1.80% per anum of the net assets of the Fund.

### **TAXATION** 8

The Fund's income is exempt from income tax as per clause 99 of part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unitholders as cash dividend. Furthermore, as per regulation 63 of the NBFC Regulations, the Fund is required to distribute 90 percent of the net accounting income other than capital gains to the unit holders. Since the management intends to distribute the required minimum percentage of income earned by the Fund for the year ending June 30, 2022 to the unit holders in the manner as explained above, no provision for taxation has been made in these consdensed interim financial statements.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

### **TOTAL EXPENSE RATIO** 9

# **DIRECTORS' REPORT**

The Board of Directors of NBP Fund Management Limited is pleased to present the unaudited condensed Interim financial statements of **NBP Islamic Sarmaya Izafa Fund (NISIF)** for the quarter ended September 30, 2021.

### **Fund's Performance**

After delivering a robust 39% return in FY21, the stock market lost positive momentum as the benchmark KMI 30 Index fell by 5.6% during 1QFY22. In the first two months of the outgoing quarter, range bound activity was witnessed at the local bourse amid thin trading volumes and lackluster investors' participation. During the month of September, the market came under severe selling pressure with KMI 30 Index slumping by 6.9%.

Despite record profitability and healthy payouts announced by the listed corporate sector for June period, the lackluster market performance during the quarter can be attributable to the following factors. Investors seemed worried about shifting Pak-US relations amid developments in the neighboring Afghanistan with possible spillover effects on Pakistan. Adding to investors' angst was the widening Current Account Deficit (CAD) that clocked-in at USD 1.5 billion in August 2021 and USD 800 million in the previous month. Furthermore, the steady devaluation of the PKR versus US dollar coupled with rising industrial raw material and energy prices have ignited concerns on the corporate profitability outlook. In a bid to contain the consumption led demand pressure, the SBP's decision to raise the Policy Rate by 0.25% in its MPC meeting held on September 20th, 2021 was also not well received by the market. According to the market talks, leveraged positions of retail investors, who received margin calls after continuous decline in the Index also accelerated the sell-off of equities towards the end of the quarter. On the other hand, the market ignored positive developments on the external account front notably, record inflows in Roshan Digital Account (RDA) amounting to USD 849 million during the quarter, taking the cumulative inflows to USD 2.4 billion and the receipt of USD 2.7 billion from the IMF on account of SDR allocation.

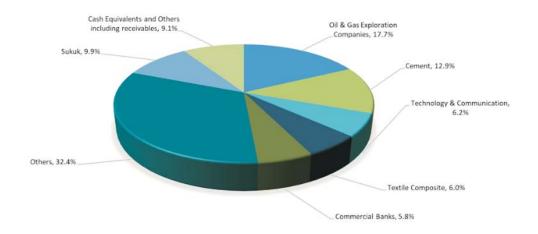

Looking at the sector wise performance of the market, Automobile Assemblers and Accessories, Cements, Engineering, Insurance, Oil & Gas Exploration and Marketing Companies, Paper & Board, Refineries, and Transport sectors underperformed the market, while Chemicals, Commercial Banks, Fertilizers, Food & Personal Care, Glass & Ceramics, Power Generation and Distribution, Technology, and Textile Composite sectors outperformed the market. In terms of participant-wise activity, Individuals, Other Organizations, and Banks /DFIs remained the largest buyers during the quarter with net inflows of USD 33 million, USD 27 million and USD 21 million, respectively. On the other hand, Foreigners were the largest sellers in the market with net outflows amounting to USD 83 million.

The primary market for Corporate Sukuks remained under-supplied against the growing demand. In the secondary market, the trading activity in Corporate Sukuks was abysmally low with cumulative traded value of around Rs. 0.8 billion in 1QFY22 compared to Rs. 5.6 billion during same period last year. Inflation as measured by the CPI clockedin at 9.0% on year-on-year basis in September 2021 as compared to 8.4% in the previous month and 9.0% in September 2020. Amid sharp spike in prices of food component, CPI increased by 2.1% on a month-on-month basis in September 2021 as compared to an increase of 1.5% in September 2020. After maintaining status quo for about fifteen months, in its meeting held on September 20th, the SBP raised the Policy Rate by 25 basis points to 7.25%. While acknowledging the needed appropriate policy mix, the SBP cited that "looking ahead, in the absence of unforeseen circumstances, the MPC expects monetary policy to remain accommodative in the near term, with possible further gradual tapering of stimulus."

The size of NBP Islamic Sarmaya Izafa Fund has decreased from Rs. 5,611 million to Rs. 5,051 million during the period, i.e., a decrease of 10%. During the period, the unit price of NBP Islamic Sarmaya Izafa Fund has decreased from Rs. 16.7187 on June 30, 2021 to Rs. 16.4731 on September 30, 2021, thus showing a decrease of 1.5%. The Benchmark decrease during the same period was 4.4%. Thus, the Fund has outperformed its Benchmark by 2.9% during the period under review. Since inception the NAV of the Fund has increased from Rs.3.5318 (Ex-Div) on October 26, 2007 to Rs. 16.4731 on September 30, 2021, thus showing an increase of 366.4%. During the said period, the Benchmark increased by 211.6%, translating into outperformance of 154.8%. This performance is net of management fee and all other expenses. During August 2021, provisioning against Sindh Workers' Welfare Fund has been reversed. The reversal of provision has contributed towards an unusual increase in NAV of the Fund. This is one-off event and shall not be repeated in the future.

The Fund has incurred a loss of Rs. 11.05 million during the period. After deducting total expenses of Rs. 53.63 million, the total loss is Rs. 64.68 million. The asset allocation of the Fund as on September 30, 2021 is as follows:

- 4.1.1 Investments include shares with market value of Rs. 103.268 million (June 30, 2021: Rs. 111.967 million) which have been pledged with National Clearing Company of Pakistan Limited for guaranteeing settlement of the Fund's trades in accordance with Circular number 11 dated October 23, 2007 issued by the Securities and Exchange Commission of Pakistan.
- **4.1.2** The Finance Act, 2014 introduced amendments to the Income Tax Ordinance 2001 as a result of which companies were liable to withhold five percent of the bonus shares to be issued. The shares so withheld were only to be released if the Fund deposits tax equivalent to five percent of the value of the bonus shares issued to the Fund including bonus shares withheld, determined on the basis of day-end price on the first day of closure of books of the issuing company.

In this regard, a constitutional petition had been filed by Collective Investment Schemes (CISs) through their Trustees in the High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs. The petition was based on the fact that because CISs are exempt from deduction of income tax under Clause 99 Part I to the Second Schedule of the Income Tax Ordinance 2001, the withholding tax provision should also not be applicable on bonus shares received by CISs. A stay order had been granted by the High Court of Sindh (HCS) in favour of CISs.

During the year ended June 30, 2018, the Supreme Court of Pakistan passed a judgement on June 27, 2018 whereby the suits which are already pending or shall be filed in future must only be continued / entertained on the condition that a minimum of 50 percent of the tax calculated by the tax authorities is deposited with the authorities. Accordingly, the CISs were required to pay minimum 50% of the tax calculated by the tax authorities for the case to remain continued. The CISs failed to deposit the minimum 50% of the tax liability and accordingly the stay got vacated automatically during the current year. Subsequent to the year ended June 30, 2019, the CISs have filed a fresh constitutional petition via CP 4653 dated July 11, 2019 as a result of which the HCS issued an order dated July 15, 2019 whereby the previous stay has been restored. The matter is still pending adjudication and no provision has been recorded or contingent liability has been disclosed in the financial statements as the management is confident that the case will be decided in favor of the CISs.

Further, Finance Act, 2018 effective from July 1, 2018 has omitted Section 236M of Income Tax Ordinance, 2001 therefore, bonus shares, subsequent to this amendment, issued to the Fund were not withheld by the investee companies.

#### 5 PROVISION FOR SINDH WORKERS' WELFARE FUND (SWWF)

Subsequent to the year ended June 30, 2021, SRB through its letter dated August 12, 2021 has intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and has also been taken up with the SECP and all the Asset Management Companies, in consultation with SECP, have reversed the cumulative provision for SWWF on August 13, 2021, recognised in the financial statements of the Funds, for the period from May 21, 2015 to August 12, 2021.

During the month of August 2021, provisioning against Sindh Workers' Welfare Fund by NBP ISLAMIC SARMAYA IZAFA FUND amounting to Rs. 91.54 million has been reversed on the clarification received by Sindh Revenue Board vide letter No. SRB/TP/70/2013/8772 dated August 12, 2021 addressed to Mutual Funds Association of Pakistan. This reversal of provision has contributed towards an unusual increase in NAV of the NBP ISLAMIC SARMAYA IZAFA FUND by 1.69% on August 13, 2021. This is one-off event and is not likely to be repeated in the future.

#### DIRECTORS' REPORT

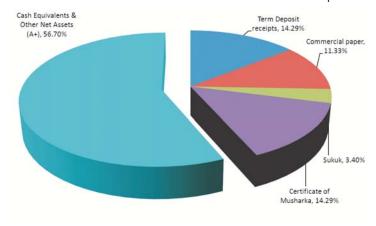

The Board of Directors of NBP Fund Management Limited is pleased to present the unaudited condensed Interim financial statements of **NBP Islamic Savings Fund** (NBP-ISF) for the quarter ended September 30, 2021.

#### **Fund's Performance**

NBP-ISF is categorized as a Shariah Compliant Income Fund and has been awarded stability rating of 'AA- (f)' by PACRA. Inflation as measured by the CPI clocked-in at 9.0% on year-on-year basis in September 2021 as compared to 8.4% in the previous month and 9.0% in September 2020. Amid sharp spike in prices of food component, CPI increased by 2.1% on a month-on-month basis in September 2021 as compared to an increase of 1.5% in September 2020. After maintaining status quo for about fifteen months, in its meeting held on September 20th, the SBP raised the Policy Rate by 25 basis points to 7.25%. While acknowledging the needed appropriate policy mix, the SBP cited that "looking ahead, in the absence of unforeseen circumstances, the MPC expects monetary policy to remain accommodative in the near term, with possible further gradual tapering of stimulus."

The size of NBP Islamic Savings Fund has increased from Rs. 2,155 million to Rs. 2,205 million during the period (i.e., a growth of 2%). During the period, the unit price of the Fund has increased from Rs. 9.5401 on June 30, 2021 to Rs. 9.7783 on September 30, 2021, thus showing return of 9.9% p.a. as compared to its benchmark return of 3.1% p.a. for the same period. The performance of the Fund is net of management fee and other expenses. During August 2021, provisioning against Sindh Workers' Welfare Fund has been reversed. The reversal of provision has contributed towards an unusual increase in NAV of the Fund. This is one-off event and is not likely to be repeated in the future.

The Fund has earned a total income of Rs. 61.83 million during the period. After deducting total expenses of Rs. 8.80 million, the net income is Rs. 53.03 million. The asset allocation of NBP-ISF as on September 30, 2021 is as follows:

The Trust Deed was executed on August 20, 2007 and was approved by the Securities and Exchange Commission of Pakistan (SECP) on August 17, 2007 in accordance with the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules). The Trust Deed was amended through first supplemental trust deed executed for the change of name and categorisation of the Fund as shariah-compliant income scheme as per the criteria for categorization of open end collective investment scheme as specified by SECP and other allied matters. CDC retired as the Trustee of the Fund and MCB Financial Services Limited (MCBFSL) was appointed as the new Trustee with effect from November 22, 2011. Various new requirements including registration under the Sindh Trusts Act, 2020 have been introduced. #### 6 PROVISION FOR SINDH WORKERS' WELFARE FUND

Subsequent to the year ended June 30, 2021, SRB through its letter dated August 12, 2021 has intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and has also been taken up with the SECP and all the Asset Management Companies, in consultation with SECP, have reversed the cumulative provision for SWWF on August 13, 2021, recognised in the financial statements of the Funds, for the period from May 21, 2015 to August 12, 2021.

provisioning against Sindh Workers' Welfare Fund by NBP ISLAMIC SAVINGS FUND amounting to Rs. 22.29 million has been reversed on the clarification received by Sindh Revenue Board vide letter No. SRB/TP/70/2013/8772 dated August 12, 2021 addressed to Mutual Funds Association of Pakistan. This reversal of provision has contributed towards an unusual increase in NAV of the NBP ISLAMIC SAVINGSFUND by 1.04% on August 13, 2021. This is one-off event and is not likely to be repeated in the future.

#### 7 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at September 30, 2021 and June 30, 2021.

#### 8 SELLING AND MARKETING EXPENSES

The SECP vide circular 11 of 2019 dated July 05, 2019 has allowed the Asset Management Companies to charge selling and marketing expenses to all categories of open-end mutual funds (except fund of funds) and prescribed revised conditions for charging of selling and marketing expenses to CIS. The said circular also supersedes circular No. 40 of 2016, circular No. 05 of 2017 and circular No. 5 of 2018. These expenses shall be counted in the total expense ratio cap of the fund. Accordingly, the Management Company has charged selling and marketing expenses at the rate of 0.7% per anum of the net assets of the Fund.

#### 9 TAXATION

The Fund's income is exempt from income tax as per clause 99 of part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unitholders as cash dividend. Furthermore, as per regulation 63 of the NBFC Regulations, the Fund is required to distribute 90 percent of the net accounting income other than capital gains to the unit holders. Since the management intends to distribute the required minimum percentage of income earned by the Fund for the year ending June 30, 2022 to the unit holders in the manner as explained above, no provision for taxation has been made in these considers distributed interim financial statements.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

In assessment for Tax Year 2018 in respect of NBP Islamic Saving Fund, the said exemption has been denied by The Additional Commissioner – Audit (AC), on the ground that the amount paid as income on units redeemed by investors during the tax year cannot be treated as distribution of income as per criteria envisaged under Clause 99 of Part 1 of the Second Schedule of the Ordinance and AC due to commented that the distribution by the Fund fell short of 90% distribution threshold.

In response to the order, the Fund has filed appeal with commissioner. Which is pending before commissioner appeal inland revenue.

Meanwhile, these Funds filed petition for stay in High Court of Sindh (SHC), and stay order has been granted by SHC. In its judgment, SHC held that since the subject matter is pending before commissioner appeal inland revenue, therefore, the recovery of impugned demand will not be enforced till the final decision of appeal.

Further, the issue of distribution of income is also being contested by MUFAP on behalf of the mutual funds industry at various regulatory and Government levels and are very hopeful that the matter will be resolved soon as the matter has merely arisen due to incorrect interpretation by the relevant commissioners. SECP also agrees with MUFAPs interpretation and is also actively following up with FBR to resolve the matter at the earliest.

#### 10 TOTAL EXPENSE RATIO

The annualised total expense ratio (TER) of the Fund based on the current period is 1.62% (September 30, 2020: 1.64%) which includes 0.09% (September 30, 2020: 0.21%) representing Government Levy, and the SECP Fee. The prescribed limit for the ratio is 2.5% (excluding government levies) under the NBFC Regulations for a collective investment scheme categorised as an "Shariah Compliant Income" scheme.

#### 11 DETAILS OF NON-COMPLIANT INVESTMENTS

The Securities and Exchange Commission of Pakistan vide Circular no. 7 of 2009 dated March 6, 2009, required all Asset Management Companies to categorize funds under their management on the basis of criteria laid down in the Circular. #### **DIRECTORS' REPORT**

The Board of Directors of NBP Fund Management Limited is pleased to present the unaudited condensed interim financial statements of **NBP Islamic Stock Fund** (NISF) for the guarter ended September 30, 2021.

#### **Fund's Performance**

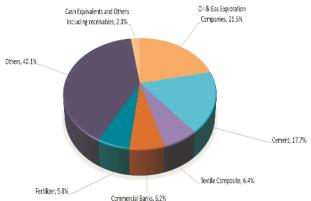

After delivering a robust 39% return in FY21, the stock market lost positive momentum as the benchmark KMI 30 Index fell by 5.6% during 1QFY22. In the first two months of the outgoing quarter, range bound activity was witnessed at the local bourse amid thin trading volumes and lackluster investors' participation. During the month of September, the market came under severe selling pressure with KMI 30 Index slumping by 6.9%.

Despite record profitability and healthy payouts announced by the listed corporate sector for June period, the lackluster market performance during the quarter can be attributable to the following factors. Investors seemed worried about shifting Pak-US relations amid developments in the neighboring Afghanistan with possible spillover effects on Pakistan. Adding to investors' angst was the widening Current Account Deficit (CAD) that clocked-in at USD 1.5 billion in August 2021 and USD 800 million in the previous month. Furthermore, the steady devaluation of the PKR versus US dollar coupled with rising industrial raw material and energy prices have ignited concerns on the corporate profitability outlook. In a bid to contain the consumption led demand pressure, the SBP's decision to raise the Policy Rate by 0.25% in its MPC meeting held on September 20th, 2021 was also not well received by the market. According to the market talks, leveraged positions of retail investors, who received margin calls after continuous decline in the Index also accelerated the sell-off of equities towards the end of the quarter. On the other hand, the market ignored positive developments on the external account front notably, record inflows in Roshan Digital Account (RDA) amounting to USD 849 million during the quarter, taking the cumulative inflows to USD 2.4 billion and the receipt of USD 2.7 billion from the IMF on account of SDR allocation.

Looking at the sector wise performance of the market, Automobile Assemblers and Accessories, Cements, Engineering, Insurance, Oil & Gas Exploration and Marketing Companies, Paper & Board, Refineries, and Transport sectors underperformed the market, while Chemicals, Commercial Banks, Fertilizers, Food & Personal Care, Glass & Ceramics, Power Generation and Distribution, Technology, and Textile Composite sectors outperformed the market. Investments include shares with market value of Rs 443.85 million (2021: 503.20 million) which have been pledged with National Clearing Company of Pakistan Limited for guaranteeing settlement of the Fund's trades in accordance with Circular number 11 dated October 23, 2007 issued by the SECP.

#### 5 PROVISION FOR SINDH WORKERS' WELFARE FUND

Subsequent to the year ended June 30, 2021, SRB through its letter dated August 12, 2021 has intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and has also been taken up with the SECP and all the Asset Management Companies, in consultation with SECP, have reversed the cumulative provision for SWWF on August 13, 2021 recognised in the financial statements of the Funds, for the period from May 21, 2015 to August 12, 2021.

Provisioning against Sindh Workers' Welfare Fund by NBP Islamic Stock Fund amounting to Rs. 83.10 million has been reversed on the clarification received by Sindh Revenue Board vide letter No. SRB/TP/70/2013/8772 dated August 12, 2021 addressed to Mutual Funds Association of Pakistan. This reversal of provision has contributed towards an unusual increase in NAV of the NBP Islamic Stock Fund by 1.06% on August 13, 2021. This is one-off event and is not likely to be repeated in the future.

#### 6 CONTINGENCIES AND COMMITMENTS

The said circular also supersedes circular No. 40 of 2016, circular No. 05 of 2017 and circular No. 5 of 2018. These expenses shall be counted in the total expense ratio cap of the fund. Accordingly, the Management Company has charged selling and marketing expenses at the rate of 2.05% per anum of the net assets of the Fund.

Furthermore, as per regulation 63 of the NBFC Regulations, the Fund is required to distribute 90 percent of the net accounting income other than capital gains to the unit holders. Since the management intends to distribute the required minimum percentage of income earned by the Fund for the year ending June 30, 2022 to the unit holders in the manner as explained above, no provision for taxation has been made in these considers distributed interim financial statements.

#### **Fund's Performance**

Inflation as measured by the CPI clocked-in at 9.0% on year-on-year basis in September 2021 as compared to 8.4% in the previous month and 9.0% in September 2020. Amid sharp spike in prices of food component, CPI increased by 2.1% on a month-on-month basis in September 2021 as compared to an increase of 1.5% in September 2020. After maintaining status quo for about fifteen months, in its meeting held on September 20th, the SBP raised the Policy Rate by 25 basis points to 7.25%. While acknowledging the needed appropriate policy mix, the SBP cited that "looking ahead, in the absence of unforeseen circumstances, the MPC expects monetary policy to remain accommodative in the near term, with possible further gradual tapering of stimulus."

The size of NBP Riba Free Savings Fund has decreased from Rs. 4,327 million to Rs. 4,041 million during the period (i.e., a fall of 7%). During the period, the unit price of the Fund has increased from Rs. 10.2426 on June 30, 2021 to Rs. 10.4880 on September 30, 2021, thus showing a return of 9.5% p.a. as compared to the benchmark return of 3.1% p.a. for the same period. The performance of the Fund is net of management fee and all other expenses. During August 2021, provisioning against Sindh Workers' Welfare Fund has been reversed. The reversal of provision has contributed towards an unusual increase in NAV of the Fund. This is one-off event and is not likely to be repeated in the future.

NRFSF is an Islamic Income Scheme. The stability rating of the Fund by PACRA is 'A+(f)', which denotes a strong capacity to maintain relative stability in returns and very low exposure to risks. The Fund aims to consistently provide better returns than profit rates offered by Islamic Banks/Islamic windows of commercial banks, while also providing easy liquidity along with a good quality credit profile.

The Fund has earned a total income of Rs. 110.92 million during the period. After deducting total expenses of Rs. 16.61 million, the net income is Rs. 94.31 million. The below chart presents the asset allocation and the weighted average credit rating of each of the sub-asset classes of NRFSF.

#### 6 PROVISION FOR SINDH WORKERS' WELFARE FUND

Subsequent to the year ended June 30, 2021, SRB through its letter dated August 12, 2021 has intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and has also been taken up with the SECP and all the Asset Management Companies, in consultation with SECP, have reversed the cumulative provision for SWWF on August 13, 2021, recognised in the financial statements of the Funds, for the period from May 21, 2015 to August 12, 2021.

Provisioning against Sindh Workers' Welfare Fund by NBP RIBA FREE SAVINGS FUND amounting to Rs. 34.71 million has been reversed on the clarification received by Sindh Revenue Board vide letter No. SRB/TP/70/2013/8772 dated August 12, 2021 addressed to Mutual Funds Association of Pakistan. This reversal of provision has contributed towards an unusual increase in NAV of the NBP RIBA FREE SAVINGS FUND by 0.88% on August 13, 2021. This is one-off event and is not likely to be repeated in the future.

#### 7 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at September 30, 2021 and June 30, 2021.

#### 8 SELLING AND MARKETING EXPENSES

The SECP vide circular 11 of 2019 dated July 05, 2019 has allowed the Asset Management Companies to charge selling and marketing expenses to all categories of open-end mutual funds (except fund of funds) and prescribed revised conditions for charging of selling and marketing expenses to CIS. The said circular also supersedes circular No. 40 of 2016, circular No. 05 of 2017 and circular No. 5 of 2018. These expenses shall be counted in the total expense ratio cap of the fund. Accordingly, the Management Company has charged

selling and marketing expenses at the rate of 0.8% per anum of the net assets of the Fund.

#### 9 TAXATION

The Fund's income is exempt from income tax as per clause 99 of part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unitholders as cash dividend. Furthermore, as per regulation 63 of the NBFC Regulations, the Fund is required to distribute 90 percent of the net accounting income other than capital gains to the unit holders. Since the management intends to distribute the required minimum percentage of income earned by the Fund for the year ending June 30, 2022 to the unit holders in the manner as explained above, no provision for taxation has been made in these condensed interim financial statements.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

#### 10 TOTAL EXPENSE RATIO

The annualised total expense ratio (TER) of the Fund based on the current period is 1.65% (September 30, 2020: 1.74%) which includes 0.10% (September 30, 2020: 0.25%) representing Government Levy, SECP Fee. The prescribed limit for the ratio is 2.5% (excluding government levies) under the NBFC Regulations for a collective investment scheme categorised as an "Shariah Compliant Income" scheme.
