The General Manager  
Pakistan Stock Exchange  
Stock Exchange Building  
Stock Exchange Road  
Karachi

Dear Sir,

This is to reiterate that as per scheme of arrangement sanctioned by the court on 01 April 2016 for the demerger there have been two GlaxoSmithKline legal entities registered in Pakistan; GlaxoSmithKline Consumer Healthcare and GlaxoSmithKline Pakistan Limited since 2016.

GlaxoSmithKline Consumer Healthcare is the owner of Panadol amongst other products while GlaxoSmithKline Pakistan Limited, is the owner of various pharmaceutical brands including Calpol.

GlaxoSmithKline Pakistan Limited's paracetamol brand, Calpol, is sufficiently available in the market, in both, liquids as well as tablets form for children and adults. For us, delivering to our patients is our utmost priority, and being a patient-focused company, we ensure that there is no shortage of our key brands in the market.

---
