REPORT OF THE DIRECTOR OF THE MANAGEMENT COMPANY FOR THE YEAR ENDED JUNE 30, 2022

Dear Investor,

On behalf of the Board of Directors, we are pleased to present **Pakistan Income Enhancement Fund** accounts review for the year ended June 30, 2022.

Economy and Money Market Review

Fiscal year 2022 (FY22) remained a difficult year for Pakistan as the country faced multiple challenges on macroeconomic front along with political uncertainty. While the economy weathered the Covid challenge relatively well, reopening of global economies and supply chain disruptions stimulated a spike in global commodity prices increasing pressure on trade deficit. Russia- Ukraine war pushed the commodity prices even further, exacerbating the already widening trade deficit with highest ever import bill during the year. A spike in energy and food prices coupled with a weak exchange rate led to a sharp pickup in domestic inflation. Commodity price led Inflationary trends were also visible in global economies particularly US and Eurozone and consequent tightening has raised fears of a broader recession.

Pakistan's economy was already coping with macroeconomic challenges and the political upheaval further aggravated the situation. The elevated political noise led to populist measures like fuel and power subsidies undermining the much needed fiscal adjustments. In addition, an unscheduled change of country's leadership and ensuring political uncertainty led to delay in policy actions and adjustments needed for IMF program.

The country posted a current account deficit of USD 15.2bn in 11MFY22 compared to a deficit of USD 1.1bn in the corresponding period last year. This was the largest CAD since FY18, when country witnessed a deficit of USD 15.9bn in first eleven months of the fiscal year. The deterioration came in primarily on the back of higher imports which grew by 36.5% in 11MFY22 compared to export growth of 26.7%. Trade Deficit increased by 45.5% to USD 36.1bn compared to USD 24.8bn in the same period last year. The unprecedented increase in imports mainly came from historic high prices of our commodity basket including crude oil, palm oil, coal coupled with one time vaccines imports.

Foreign exchange reserves of central bank declined by USD 7.4bn in FY22 on account of higher current account deficit and debt repayments. In addition, delay in IMF program led to slowdown in other foreign inflows which dragged the reserves to USD 9.8bn, implying an import cover of 1.7 months. These outflows coupled with widening current account deficit led PKR to weaken by 23.0% against USD since start of the fiscal year.

Inflation remained highly concerning as rising commodities continued to create challenges for policy makers. Headline inflation represented by CPI averaged 12.1% in FY22 compared to 8.9% in FY21. The rise mainly came from higher food prices, elevated energy costs (both electricity and fuel) and second round impact of PKR depreciation, which kept the prices of imported commodities high. Core inflation as measured by Non Food Non Energy also depicted an upwards trend with an increase of 12.3% in June 2022 compared to 6.9% in June 2021. Expectations of above 20% in the next fiscal year along with weak fiscal framework, led SBP to increase policy rate by a cumulative 625bps to 13.75% in the fiscal year to counter inflationary pressures and slowdown the overall aggregate demand. It further increased policy rate by 125 basis points to 15% in July-22.

On the fiscal side, FBR tax collection increased by 29.1% in FY22 to PKR 6,125bn compared to PKR 4,744bn during the same period last year. This exceeded the target by 25bn. The improved tax collection was primarily on the back of higher customs duty and sales tax collected due to higher imports.

Secondary markets yields have increased significantly in FY22 as SBP started the monetary tightening cycle. The depreciation in the rupee along with persistently high energy prices will add pressure to inflation and we expect average inflation numbers to remain elevated in medium term.

REPORT OF THE DIRECTOR OF THE MANAGEMENT COMPANY FOR THE YEAR ENDED JUNE 30, 2022

Bond yields for tenors of 3 years, 5 years and 10 years witnessed a rise of 4.5%, 3.4% and 3.0%, respectively during the period.

FUND PERFORMANCE

During the period under review, the fund generated an annualized return of 10.42% against its benchmark return of 11.88%.

WAM of fund stood at 2.0 years. The fund was mainly invested in Cash & TFCs.

At period-end, the fund was 54.8% invested in Cash, 16.8% in TFCs.

The Net Assets of the fund as at June 30, 2022 stood at Rs. 870 million as compared to Rs. 630 million as at June 30, 2021 registering an increase of 38.1%.

The Net Asset Value (NAV) per unit as at June 30, 2022 was Rs. 54.1576 as compared to opening NAV of Rs. 53.9015 per unit as at June 30, 2021 registering an increase of Rs. 0.2561 per unit.

Economy & Market – Future Outlook

The government has taken several harsh steps including increasing petroleum, electricity and gas prices to meet the IMF prior conditions. It has also increased interest rate to 15% and made changes in the FY23 Budget to targets primary fiscal surplus in FY23. These steps have led to a successful staff level agreement with IMF and should pave the way for the disbursement of USD 1.2bn from the fund under the combined 7th and 8th review of the Extended Fund Facility (EFF). The government was also able to convince IMF to increase funding by USD 1 billion to USD 7 billion and extend the duration till June 2023 compared to September 2022 earlier. IMF program shall provide stability to the external account and provide a window to policy makers requiring continued fiscal discipline and measured trade account policies in the short term while focus on the economic policies that can support sustainable growth in the long term.

Pakistan GDP growth clocked at 6.0% in FY22 with Agricultural, Industrial and Services sector grew by 4.4%, 7.2% and 6.2% respectively. However, we expect GDP growth to sharply decline to a range of 2.5-3.0% in FY23. The monetary tightening and rupee devaluation would lead to slowdown in economy and would impact industrial growth. The government is also focusing on controlling imports to curtail current account deficit which would affect services sector growth.

The international commodities have eased from their recent high but energy prices remain stubbornly high. We expect the government to keep a tight leash on imports and discourage unnecessary dollar outflows. The imports are expected to decrease by 14% YoY to USD 63bn as we will witness volumetric compression in several segments of the economy. Thus we expect the current account deficit to ease to USD 7.6bn (2.0% of GDP) in FY23 compared to expected current account deficit of USD 16.5bn (4.2% of GDP) in FY22.

Successful resumption of the IMF program will be a key prerequisite to keep the financial account in positive zone as we await funding commitment from friendly countries. Sustaining remittances along with bilateral and multilateral flows would also be crucial in managing our external position. USD/PKR is trading in a range of 225-230 due to ensuing political uncertainty and delay in IMF tranche. We expect Rupee to recover post disbursement of IMF tranche along with receipts from friendly countries. We expect however USD/PKR to depreciate by the close of fiscal year to 235.

CPI based inflation for June 2022 clocked at 21.3% on the back of increase in petroleum and electricity prices as the relief measures announced by the previous government were reversed. We will witness the second round impact of currency devaluation and petroleum price increase which will keep inflation elevated for the remainder of the year. We expect FY23 average inflation to clock at 21.8%. SBP increased the policy rate to 15% to slowdown aggregate demand and ward off inflationary pressures. Increasing interest rate to unnecessarily higher level impacts

REPORT OF THE DIRECTOR OF THE MANAGEMENT COMPANY FOR THE YEAR ENDED JUNE 30, 2022

fiscal position and does little to tame cost push inflation. We thus SBP to balance monetary tightening and fiscal costs by maintaining negative interest rates

From capital market perspective, particularly equities, the correction in stock prices has further opened up valuation. The market has priced in the interest rate increase and currency depreciation. Market cap to GDP ratio has declined to 10.1%, a discount of 52% from its historical average. Similarly, risk premiums are close to 8.3%, compared to historical average of 2.2% signifying deep discount at which market is trading. We believe a micro view of sectors and stock will remain important and investment selection should focus on companies which trade at a deep discount to their intrinsic value. The market is currently trading at PER of 4.7x, while offering a dividend yield of 9.5%.

For debt holders, we expect Money Market Funds to continue to seamlessly mirror policy rates throughout the year. On the other hand, government bonds yields may continue to remain at elevated levels given inflationary pressure. We remain cautious at the current levels of bond yields and would continue to monitor the data points to capitalize on opportunities.

Mutual Fund Industry Review

The Net Assets of the open end mutual fund industry increased by about 19.2% during FY22 to PKR 1,214bn. Total money market funds grew by about 43.8% since June 2021. Within the money market sphere, the conventional funds dominated with a growth of about 56.4% to PKR 446bn while Islamic funds increased by 24.1% to PKR 225bn. In addition, the total fixed Income funds increased by about 21.9% since June 2021, as the conventional income funds rose by 27.9% to PKR 161bn. Equity and related funds declined by 23.1% as market witnessed a decline in FY22 eroding AUMS as concern over macroeconomic and geopolitical factors kept investors at bay.

In terms of the segment share, Money Market funds were the leader with a share of around 55.3%, followed by Income funds with a share of 24.6% and Equity and Equity related funds having a share of 18.9% as at the end of FY22.

Mutual Fund Industry Outlook

Increase in interest rates would encourage higher flows in the money market funds. Recent changes in Finance Act 2023 also incentivize investors to save and invest through Mutual funds. Prevailing yields of near 15% in fixed income funds are ideal for investors with a short term horizon and low risk profile. However recent correction in stock prices has opened up valuations and long term investors would look to add equity exposure at these highly attractive levels. Our operations remained seamless and given our competitive edge due to aggressive investment in digital access and online customer experience, the environment provides an opportunity with growing number of investors available online.

ڈائریکٹر رپورٹ

پاکستان کی مجموعی ملکی پیداوار (جی ڈی پی) مالی سال 2022ء میں 6.0 فیصد تھی۔ زرعی، صنعتی اور خدمات کے شعبوں نے بالترتیب 4.4 فیصد، 7.2 فیصد اور 6.2 فیصد ترقی کی۔ تاہم ہم سمجھتے ہیں کہ مالی سال 2023ء میں جی ڈی پی کی ترقی میں 2.5 سے 3.0 فیصد تک کی بڑی کمی آئے گی۔ مالیاتی سختی اور روپے کی قدر میں کمی کے نتیجے میں معیشت میں سست رفتاری آئے گی اور اس کا اثر صنعتی ترقی پر پڑے گا۔ مزید برآں حکومت درآمدات میں کمی پر توجہ مرکوز کر رہی ہے تاکہ کرنٹ اکاؤنٹ خسارہ کم کیا جاسکے جس سے خدمات کے شعبے کی ترقی متاثر ہوگی۔

بین الاقوامی اشیاء اپنی حالیہ بلندی سے نیچے آگئی ہیں لیکن توانائی کی قیمتیں بلندی پر ڈٹی ہوئی ہیں۔ ہم امید کرتے ہیں کہ حکومت درآمدات پر مضبوط لگام دے کر رکھے گی اور ڈالر کے غیر ضروری خارجی بہاؤ کی حوصلہ شکنی کرے گی۔ درآمدات متوقع طور پر 14 فیصد YoY کم ہو کر 63 بلین ڈالر ہو جائیں گی کیونکہ ہم دیکھیں گے کہ معیشت کے متعدد شعبوں کے حجم سکڑ جائیں گے۔ چنانچہ ہمیں امید ہے کہ مالی سال 2023ء میں کرنٹ اکاؤنٹ خسارہ 7.6 بلین ڈالر (جی ڈی پی کا 2.0 فیصد) کم ہوگا جبکہ اس کے بالقابل مالی سال 2022ء میں متوقع کرنٹ اکاؤنٹ خسارہ 16.5 بلین ڈالر (جی ڈی پی کا 4.2 فیصد) تھا۔

آئی ایم ایف پروگرام کی کامیابی بحالی مالیاتی اکاؤنٹ کو مثبت حدود میں رکھنے کے لیے کلیدی شرط ہوگی، اور ہم دوست ممالک سے فنڈنگ کے منتظر بھی ہیں۔ باقاعدگی کے ساتھ ہونے والی ترسیلات اور اس کے ساتھ ساتھ دوطرفہ اور کثیرالجنہی بہاؤ بھی ہماری خارجی صورتحال کو سنبھالنے میں اہم کردار ادا کریں گے۔ ڈالر روپے کی تجارت 225-230 کی حدود میں ہو رہی ہے جس کی وجہ متوقع سیاسی غیر یقینی حالات اور آئی ایم ایف کی قسط میں تاخیر ہے۔ ہم سمجھتے ہیں کہ آئی ایم ایف کی قسط کے اجراء اور دوست ممالک سے حصول کے بعد روپیہ کی قدر بحال ہوگی۔ تاہم مالی سال کے اختتام تک روپے کی ڈالر کے مقابلے میں قدر میں متوقع طور پر کمی آئے گی اور یہ 235 تک پہنچ سکتا ہے۔

سی پی آئی پر مبنی مہنگائی جون 2022ء کے لیے 21.3 فیصد کی سطح پر تھی جس کی وجہ پٹرول اور بجلی کی قیمتوں میں اضافہ تھا کیونکہ سابقہ حکومت کے اعلان کردہ امدادی اقدامات روک دیے گئے۔ ہم روپے کی قدر میں کمی کے اثر کا دوسرا دور دیکھیں گے اور پٹرول کی قیمت میں اضافہ بھی ہوگا جس کے باعث سال کے بقیہ حصے میں مہنگائی بلند رہے گی۔ مالی سال 2023ء میں مہنگائی کا اوسط 21.8 فیصد متوقع ہے۔ ایس پی پی نے پالیسی شرح کو بڑھا کر 15 فیصد کر دیا تاکہ مجموعی مانگ کی رفتار اور مہنگائی کے دباؤ میں کمی لائی جاسکے۔ سود کی شرحوں میں غیر ضروری بلند سطح تک اضافے سے مالیاتی صورتحال متاثر ہوتی ہے اور cost-push مہنگائی کو قابو کرنے میں کوئی قابل ذکر مدد نہیں ملتی۔ چنانچہ ہم امید کرتے ہیں کہ ایس پی پی منفی شروع سود برقرار رکھنے کے ذریعے مالیاتی سختی اور لاگتوں کو متوازن کرے گا۔

کمپنیل مارکیٹ، خصوصاً ایکویٹیز، کے نقطہ نظر سے اسٹاک کی قیمتوں میں تصحیح سے تعین قدر مزید کھل گئی ہے۔ مارکیٹ نے شرح سود میں اضافے اور روپے کی قدر میں کمی کو مد نظر رکھا ہے۔ مارکیٹ cap کا جی ڈی پی کے ساتھ تناسب کم ہو کر 10.1 فیصد ہو گیا ہے جو اس کے تاریخی اوسط سے 52 فیصد کی ہے۔ اسی طرح، خطرات کے پرمیئم 8.3 فیصد کے قریب ہیں، اور ان کے قدیم اوسط 2.2 فیصد سے موازنہ کرنے پر اس بھرپور کمی کا پتہ چلتا ہے جس پر مارکیٹ میں تجارت ہو رہی ہے۔ ہم سمجھتے ہیں کہ اسٹاک اور شعبہ جات کا مجموعی تناظر اہم رہے گا اور سرمایہ کاری کے انتخاب کے لیے ان کمپنیز پر توجہ مرکوز کی جانی چاہیے جو اپنی اندرونی قدر میں بھرپور کمی پر تجارت کرتی ہیں۔ موجودہ طور پر مارکیٹ میں 4.7x PER پر تجارت ہو رہی ہے جبکہ ڈیویڈنڈ کی سطح 9.5 فیصد پر ہے۔

حاصلین قرض کے لیے ہم توقع کرتے ہیں کہ بازار زر کے فنڈ سال بھر بازار کا وٹ پالیسی شرحوں کی عکاسی جاری رکھیں گے۔ دوسری جانب حکومتی بانڈز متوقع پیداواری شم میں شامل ہو چکے ہیں۔ ہم بانڈز کے منافع جات کی موجودہ سطحوں پر محتاط ہیں اور ڈیٹا پوائنٹس کی نگرانی جاری رکھیں گے تاکہ مواقع سے فائدہ اٹھایا جاسکے۔

ڈائریکٹر رپورٹ

نظر آیا اور جون 2022ء میں 12.3 فیصد اضافہ ہوا جبکہ جون 2021ء میں 6.9 فیصد تھا۔ اگلے مالی سال میں 20 فیصد سے زائد کی توقعات کے ساتھ ساتھ کمزور مالیاتی ڈھانچے کے نتیجے میں SBP نے پالیسی شرح میں زیر جائزہ مالی سال میں مجموعی طور پر 625 بیسیس پوائنٹس (bps) کا اضافہ کر کے اسے 13.75 فیصد کر دیا تاکہ مہنگائی کے دباؤ کا مقابلہ کیا جاسکے اور مجموعی طور پر شکل مانگ کی رفتار میں کمی لائی جاسکے۔ جولائی 2022ء میں SBP نے پالیسی شرح میں مزید 125 bps کا اضافہ کر کے اسے 15 فیصد کر دیا۔

مالیاتی جہت میں ایف بی آر کی ٹیکس وصولی مالی سال 2022ء میں 29.1 فیصد بڑھ کر 6,125 بلین روپے ہو گئی جبکہ گزشتہ سال مماثل مدت کے دوران 4,744 بلین روپے تھی۔ یہ ہدف سے 25 بلین زائد تھا۔ ٹیکس وصولی میں بہتری کی بنیادی وجہ درآمدات میں اضافے کی بدولت کسٹمز ڈیوٹی میں اضافہ اور زیادہ سبز ٹیکس کی وصولی ہے۔

دوسری بات یہ کہ بازاروں کے منافع میں مالی سال 2022ء میں قابل ذکر اضافہ ہوا ہے کیونکہ SBP نے مالیاتی سختی کا پتھر شروع کر دیا تھا۔ روپے کی قدر میں کمی کے ساتھ ساتھ توانائی کی مسلسل بلند قیمتوں سے مہنگائی پر دباؤ میں اضافہ ہوگا، اور ہماری توقع کے مطابق مہنگائی کا اوسط درمیانی مدت میں بلند رہے گا۔ تین سالہ، پانچ سالہ اور دس سالہ بانڈز کے منافعوں میں دوران مدت بالترتیب 4.5 فیصد، 3.4 فیصد اور 3.0 فیصد اضافہ ہوا۔

فنڈ کی کارکردگی

زیر جائزہ مدت کے دوران فنڈ کا ایک سال پر محیط منافع 10.42 فیصد تھا، جبکہ مقررہ معیار کا منافع 11.88 فیصد تھا۔ فنڈ کی پالوزن اوسط منہجور فی 2 سال کی سطح پر تھی۔ فنڈ کی زیادہ تر سرمایہ کاری نقد اور ٹرم فنانس سرٹیفکیٹس (ٹی ایف سی) میں تھی جو اختتام مدت پر بالترتیب 54.8 فیصد اور 16.8 فیصد تھی۔

30 جون 2022ء کو فنڈ کے net اثاثہ جات 870 ملین روپے تھے جو 30 جون 2021ء کی سطح 630 ملین روپے کے مقابلے میں 38.1 فیصد اضافہ ہے۔

30 جون 2022ء کو net اثاثہ جاتی قدر (این اے وی) فی یونٹ 54.1576 روپے تھی جو 30 جون 2021ء کو ابتدائی این اے وی 53.9015 روپے فی یونٹ کے مقابلے میں 0.2561 روپے فی یونٹ اضافہ ہے۔

معیشت اور مارکیٹ - مستقبل کا منظر نامہ

حکومت نے متعدد سخت فیصلے کیے ہیں بشمول پٹرول، بجلی اور گیس کی قیمتوں میں اضافہ، تاکہ آئی ایم ایف کی شرائط پوری کی جاسکیں۔ علاوہ ازیں، سود کی شرح کو بڑھا کر 15 فیصد کیا ہے اور مالی سال 2023ء کے بجٹ میں تبدیلیاں کی ہیں تاکہ مالی سال 2023ء میں بنیادی مالیاتی surplus کو ہدف بنایا جاسکے۔ ان اقدامات کے نتیجے میں آئی ایم ایف کے ساتھ اسٹاف سطح کا ایک کامیاب معاہدہ ہو گیا ہے جس کے بعد ایکسٹینڈڈ فنڈ فیسلٹی (ایم ایف ایف) کے مشن کے ساتویں اور آٹھویں جائزے کے تحت فنڈ سے 1.2 بلین ڈالر کے اجراء کی راہیں ہموار ہوں گی۔ مزید برآں، حکومت آئی ایم ایف کو اس بات کے لیے قائل کرنے میں کامیاب ہوئی ہے کہ فنڈنگ کو 1 بلین ڈالر سے 7 بلین ڈالر کیا جائے اور ستمبر 2022ء کی بجائے جون 2023ء تک مدت کی توسیع کی جائے۔ آئی ایم ایف پروگرام سے خارجی اکاؤنٹ مستحکم ہوگا اور پالیسی سازوں کو دور کار مختصر مدت میں پلا رکاوٹ مالیاتی نظم و ضبط اور پینائٹس شدہ تجارتی اکاؤنٹ پالیسیوں اور طویل مدت میں قابل بقاء ترقی کے لیے معاشی پالیسیوں پر ارتکاز توجہ کے لیے راہ فراہم ہوگی۔

بورڈ آف ڈائریکٹرز کی طرف سے پاکستان انکم انہنسٹ فنڈ کے گوشواروں کا جائزہ برائے سال مختتمہ 30 جون 2022ء پیش خدمت ہے۔

معیشت اور بازار زر کا جائزہ

مالی سال 2022ء پاکستان کے لیے مشکل سال رہا کیونکہ ملک کو مجموعی معاشیاتی جہت میں متعدد چیلنج درپیش رہے اور ساتھ ساتھ سیاسی صورتحال بھی غیر یقینی رہی۔ اگرچہ معیشت نے کووڈ چیلنج کا بہتر انداز میں مقابلہ کیا لیکن عالمی معیشتوں کی بحالی اور زنجیر رسد میں رکاوٹوں کے باعث عالمی سطح پر اشیاء کی قیمتوں میں اضافہ ہوا جس سے تجارتی خسارے پر دباؤ میں بھی اضافہ ہوا۔ روس یوکرین جنگ کے نتیجے میں اشیاء کی قیمتیں مزید بڑھ گئیں جس کے باعث دوران سال آپٹیک کے سب سے بڑے درآمداتی بل نے پہلے سے پھیلتے ہوئے تجارتی خسارے کو مزید متاثر کیا۔ توانائی اور اشیائے خورد و نوش کی قیمتوں میں اضافے کے ساتھ ساتھ زرمبادلہ کی کمزور شرح کے نتیجے میں مقامی سطح پر مہنگائی میں تیزی سے اضافہ ہوا۔ اشیاء کی قیمتوں سے ہونے والی مہنگائی کے رجحانات بھی عالمی معیشتوں میں واضح نظر آئے، خصوصاً امریکا اور یورپی نکلے میں، اور اس کے نتیجے میں ہونے والی مالیاتی سختی کے باعث وسیع تر کساد بازاری کا خوف پیدا ہو گیا ہے۔

پاکستان کی معیشت پہلے ہی مجموعی معاشیاتی چیلنجوں سے نہر آ زما ہو رہی تھی اور سیاسی افراتفری نے حالات میں مزید بگاڑ پیدا کر دیا۔ بڑھتی ہوئی سیاسی پاپٹل کے نتیجے میں عوامی سطح کے اقدامات کیے گئے، مثلاً ایندھن اور بجلی کی سبسڈیز، جس سے مطلوبہ مالیاتی ترامیم کرنا مشکل ہو گیا۔ علاوہ ازیں، منگلی قیادت میں غیر متوقع تبدیلی اور اس سے پیدا ہونے والی سیاسی غیر یقینی صورتحال کے نتیجے میں آئی ایم ایف پروگرام کے لیے درکار پالیسی اقدامات اور ترامیم میں تاخیر ہوئی۔

مالی سال 2022ء کے ابتدائی گیارہ ماہ میں ملک کا CAD یعنی کرنٹ اکاؤنٹ خسارہ 15.2 بلین ڈالر تھا جبکہ گزشتہ سال مماثل مدت میں 1.1 بلین ڈالر تھا۔ یہ مالی سال 2018ء کے ابتدائی گیارہ ماہ میں ہونے والے 15.9 CAD بلین ڈالر کے بعد اب تک کا سب سے بڑا خسارہ تھا۔ اس تنزل کی بنیادی وجہ مالی سال 2022ء کے ابتدائی گیارہ ماہ میں درآمدات میں 36.5 فیصد اضافہ تھا جبکہ اس کے بالمقابل برآمدات میں اضافہ 26.7 فیصد تھا۔ تجارتی خسارہ 45.5 فیصد بڑھ کر 36.1 بلین ڈالر ہو گیا جبکہ گزشتہ سال مماثل مدت میں 24.8 بلین ڈالر تھا۔ درآمدات میں اس بے قابو اضافے کی بنیادی وجہ ہماری اشیاء کے دائرہ کار بشمول خام تیل، پام تیل اور کونکے کی تاریخی بلند قیمتیں اور اس کے ساتھ ساتھ یکبارہ یکسین درآمدات تھی۔

مالی سال 2022ء میں مرکزی بینک کے زرمبادلہ کے ذخائر میں 7.4 بلین ڈالر کمی ہوئی جس کی وجہ کرنٹ اکاؤنٹ خسارہ اور قرضوں کی ادائیگیوں میں اضافہ ہے۔ علاوہ ازیں، آئی ایم ایف پروگرام میں تاخیر کے نتیجے میں دیگر غیر منگلی آمدات سے رفتاری کا شکار ہو گئیں اور اس کے باعث زرمبادلہ کے ذخائر کم ہو کر 9.8 بلین ڈالر ہو گئے جس کا مطلب 1.7 ماہ کا درآمداتی cover بنتا ہے۔ اس اخراجی بہاؤ اور اس کے ساتھ ساتھ پھیلتے ہوئے کرنٹ اکاؤنٹ خسارے کے نتیجے میں مالی سال کے آغاز سے لے کر اب تک روپیہ ڈالر کے مقابلے میں 23.0 فیصد کمزور ہو گیا۔

مہنگائی بے حد تشویشناک رہی کیونکہ اشیاء کی بڑھتی ہوئی قیمتوں نے پالیسی سازوں کے لیے متعدد چیلنج پیدا کرنے کا سلسلہ جاری رکھا۔ ہیڈ لائن مہنگائی، جس کی ترجمانی CPI سے ہوتی ہے، کا اوسط مالی سال 2022ء میں 12.1 فیصد تھا جبکہ مالی سال 2021ء میں 8.9 فیصد تھا۔ اس اضافے کی بنیادی وجہ اشیائے خورد و نوش کی قیمتوں میں اضافہ، توانائی (بجلی اور ایندھن، دونوں) کی لاگتوں میں اضافہ، اور روپے کی قدر میں کمی کا دوسرا دور تھیں، جس کے باعث درآمد شدہ اشیاء کی قیمتیں بلند رہیں۔ بنیادی مہنگائی، جس کی پیمائش اشیائے خورد و نوش اور توانائی کے علاوہ سے ہوتی ہے، میں بھی اضافے کا رجحان

INDEPENDENT AUDITOR'S REPORT

To the Unit holders of Pakistan Income Enhancement Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Pakistan Income Enhancement Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2022, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2022, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S.No.	Key Audit Matter	How the matter was addressed in our audit
1	Net Asset Value (NAV) (Refer notes 4 and 5 to the annexed financial statements) Balances with banks and Investments constitute the most significant components of the NAV. Balances with banks of the Fund as at June 30, 2022 aggregated to Rs 676.103 million and Investments amounted to Rs 536.402 million. The existence of balances with banks and the existence and proper valuation of Investments for the determination of NAV of the Fund as at June 30, 2022 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: <ul style="list-style-type: none">Obtained independent confirmations for verifying the existence of the investment portfolio and balances with banks as at June 30, 2022 and traced them to the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed;Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies; andObtained bank reconciliation statements and tested reconciling items on a sample basis.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the management company is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the management company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the management company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the management company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

- International Financial Reporting Standards (IFRS's) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;

Where provisions of and directives issued under the Companies Act, 2017 , part VIIIA of the repealed Companies Ordinance, 1984, the NBFC rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRS's, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

2.2 Accounting convention

These financial statements have been prepared under the historical cost convention except for certain investments which have been marked to market and carried at fair value.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2022

2.3 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year:

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's accounting period beginning on July 1, 2021. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

2.4 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

There are certain other standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2022 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are, therefore, not disclosed in these financial statements.

2.5 Critical accounting estimates and judgments

The preparation of the financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires the use of certain critical accounting estimates. It also requires the management to exercise its judgement in the process of applying the Fund's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience, including expectations of future events that are believed to be reasonable under the circumstances. Revisions to accounting estimates are recognised in the year in which the estimates are revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The area where various assumptions and estimates are significant to the Fund's financial statements or where judgement was exercised in application of accounting policies primarily related to classification, valuation and impairment of financial assets (notes 3.2 and 5), provision for Federal Excise Duty (note 12.2) and provision for taxation (notes 3.11 and 15).

2.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupees which is the Fund's functional and presentation currency.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented.

3.1 Cash and cash equivalents

These comprise balances with banks in savings and current accounts and other short-term highly liquid investments with original maturities of three months or less.

3.2 Financial assets

3.2.1 Classification and subsequent measurement

Debt instruments

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- amortised cost
- at fair value through other comprehensive income "(FVOCI)"
- at fair value through profit or loss (FVTPL) based on the business model of the entity

However, IFRS 9 also provides an option whereby securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis, to be recognised at FVTPL. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Therefore the management considers its investment in debt securities as being managed as a group of assets and hence has classified them as FVTPL.

Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2022

All equity investments are required to be measured in the "Statement of Assets and Liabilities" at fair value, with gains and losses recognised in the "Income Statement", except where an irrevocable election has been made at the time of initial recognition to measure the investment at FVOCI. The management considers its investment in equity securities being managed as a group of assets and hence has classified them as FVTPL. Accordingly, the irrevocable option has not been considered.

The dividend income on equity securities classified under FVTPL is recognised in the Income Statement.

The Fund can also invest in equity securities for the purpose of spread transactions.

3.2.2 Impairment

The Fund assesses on a forward-looking basis the expected credit losses (ECL) associated with its financial assets (other than debt instruments as per Circular 33 of 2012) carried at amortised cost and FVOCI. The Fund recognises a loss allowance for such losses at each reporting date. The measurement of ECL reflects:

- an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- the time value of money; and
- reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecast of future economic conditions.

The 12 months ECL is recorded for all financial assets in which there is no significant increase in the credit risk from the date of initial recognition, whereas a lifetime ECL is recorded for all remaining financial assets.

3.2.3 Impairment loss on debt securities

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on the management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the Income Statement.

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP in accordance with the provisioning policy duly approved by the Board of Directors.

3.2.4 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset.

3.2.5 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

3.2.6 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

3.2.7 Derivatives

Derivative instruments are initially recognised at fair value and subsequent to initial measurement each derivative instrument is remeasured at fair value and the resultant gain or loss is recognised in the Income Statement.

3.3 Financial liabilities

All financial liabilities are recognized at the time when the Fund becomes a party to the contractual provisions of the instrument. These are initially recognised at fair value and subsequently stated at amortized cost using effective interest method. A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement. Financial liabilities include payable to the Management Company and other liabilities.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2022

3.4 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

3.5 Provisions

Provisions are recognised when the Fund has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

3.6 Net asset value per unit

The net asset value (NAV) per unit, as disclosed on the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

3.7 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the Management Company / distributors during business hours on that day. The offer price represents the Net Asset Value (NAV) per unit as of the close of the business day, plus the allowable sales load and provision of any duties, charges and transaction costs, if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price applicable to units for which the Management Company / distributors receive redemption application during business hours of that day. The redemption price is equal to NAV as of the close of the business day, less an amount as the Management Company may consider to be an appropriate for provision of duties, charges and transactions costs, if applicable.

3.8 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between net asset value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

3.9 Revenue recognition

- Interest income on government securities is recognised on an accrual basis using effective interest method.
- Income on debt securities (including term finance certificates and sukuks) is recognised on an accrual basis using effective interest method.
- Profit on bank deposits is recognised on an accrual basis using effective interest method.
- Gains / (losses) arising on sale of investments are recorded at the date at which the transaction takes place.
- Unrealised appreciation / (diminution) arising on remeasurement of investments classified as 'at fair value through profit or loss' and derivatives are included in the Income Statement in the period in which they arise.
- Dividend income is recognised when the Fund's right to receive the same is established.

3.10 Expenses

All expenses including Management fee, Trustee fee, the Securities and Exchange Commission of Pakistan fee and allocated expenses are recognised in the Income Statement on an accrual basis.

3.11 Taxation

Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2022

Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax base used in the computation of the taxable profit.

The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on enacted tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders in cash. Provided that, for the purpose of determining distribution of at least 90% of the accounting income, the income distributed through bonus units shall not be taken into account.

3.12 Earnings per unit

Earnings per unit is calculated by dividing the net income of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings per unit (EPU) has not been disclosed as in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

3.13 Distribution to units holders fund

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

3.14 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of transactions. Foreign exchange gains and losses resulting from the settlement and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2022

For this purpose, Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. On January 28, 2016, the Board of Directors of the Management Company passed a resolution by circulation, authorising all CISs to file an appeal in the Honourable Supreme Court through their Trustees, to direct all persons being withholding agents, including share registrars and banks to observe the provisions of clause 47B of Part IV of the Second Schedule to the Income Tax Ordinance, 2001 without imposing any conditions at the time of making any payment to the CISs being managed by the Management Company. Accordingly, a petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgement of the SHC. 12.1 Provision for Sindh Workers' Welfare Fund

As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, is required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the Mutual Funds Association of Pakistan (MUFAP) with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of SWWF Act as these were not industrial establishments but were pass-through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs / mutual funds, MUFAP had recommended that as a matter of abundant caution provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the Sindh WWF Act, 2014 (i.e. starting from May 21, 2015). The Funds had accordingly made provision in respect of SWWF as recommended by MUFAP.

During the current year, SRB through its letter dated August 12, 2021 intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and was also taken up with the SECP and all the Asset Management Companies, in consultation with the SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the Funds, for the period from May 21, 2015 to August 12, 2021, on August 13, 2021. The SECP also gave its concurrence for prospective reversal of provision for SWWF. Going forward, no provision for SWWF has been recognised in these financial statements of the Fund.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2022

12.2 Federal Excise Duty payable

The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16 percent on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 1, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs 21.336 million is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision for FED not been recorded in the financial statements of the Fund, the net assets value of the Fund as at June 30, 2022 would have been higher by Rs 1.33 (2021: Rs 1.42) per unit.

15 TAXATION

The income of the Fund is exempt from income tax under clause (99) of part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the management has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2022 to the unit holders in the manner as explained above, no provision for taxation has been made in these financial statements during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

20 FINANCIAL RISK MANAGEMENT

The Fund's objective in managing risk is the protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

20.1 Market risk

Market risk is the risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee.

Market risk comprises of three types of risk: currency risk, interest rate risk and other price risk.

20.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Fund does not have any financial instrument in foreign currencies and hence is not exposed to such risk.

20.1.2 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As of June 30, 2022, the Fund is exposed to such risk on its balances held with banks, investments in term finance certificates, investment in sukuk certificates and investment in government securities. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

a) Sensitivity analysis for variable rate instruments

As at June 30, 2022, the Fund holds KIBOR based interest bearing Pakistan Investment Bond, Term Finance, and Sukuk certificates exposing the Fund to cash flow profit rate risk. In case of 100 basis points increase / decrease in KIBOR on the last repricing date with all other variables held constant, the net assets value of the Fund and the net income for the year would have been higher / lower by Rs 4.555 million (2021: Rs 1.562 million).

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2022

The Fund holds Pakistan Investment Bond, Term Finance, and Sukuks Certificates classified as 'fair value through profit or loss' exposing the Fund to interest rate fair value risk. In case of a 5% increase / decrease in rates determined by MUFAP as on June 30, 2022, the net assets value of the Fund and the net income for the year would increase / decrease by Rs. 22.776 million (2021: Rs. 7.8116 million), as a result of reduction / increase in unrealised gains / (losses) respectively.

The Fund is also exposed to mark-up rate risk on bank deposits. In case of 100 basis points increase / decrease in KIBOR at year end, the net assets value of the Fund and the net income for the year would have been higher / lower by Rs 6.706 million (2021: Rs 1.493 million).

b) Sensitivity analysis for fixed rate instruments

As at June 30, 2022, the Fund holds government securities which are classified as at fair value through profit or loss exposing the Fund to fair value interest rate risk. In case of 100 basis points increase / decrease in rates announced by Financial Market Association of Pakistan (FMAP) on June 30, 2022, with all other variables held constant, the net assets value of the Fund and the net income for the year would have been higher / lower by Rs 0.809 million (2021: higher / lower by Rs 0.748 million).

The composition of the Fund's investment portfolio, KIBOR rates and rates announced by FMAP is expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2022 is not necessarily indicative of the impact on the Fund's net assets of future movements in interest rates.

Yield / interest rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

The Fund's interest rate sensitivity related to financial assets and financial liabilities as at June 30, 2022 can be determined as follows:

20.1.3 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund has exposure to equity price risk arising from its investments in equity securities. The Fund manages its price risk arising from investment in the equity securities by diversifying its portfolio within the eligible limits prescribed in the Fund's constitutive documents, the NBFC Regulations and circulars issued by SECP from time to time. The Fund's equity investments and their fair values exposed to price risk as at the year end are concentrated in the sectors given in note 5.4.

The following table illustrates the sensitivity of the profit for the year and the unit holders' fund to an increase or decrease of 5% in the fair values of the Fund's equity securities. This level of change is considered to be reasonably possible based on observation of current market conditions. The sensitivity analysis is based on the Fund's equity securities at each statement of assets and liabilities date, with all other variables held constant.

20.2 Credit risk

Credit risk represents the accounting loss that would be recognised at the reporting date if counter parties fail completely to perform as contracted.

The Fund is exposed to counter party credit risks on investment in term finance certificates, sukuks, balances with bank and other receivable balances. The credit risk on the Fund is limited because the counterparties are financial institutions with reasonably high credit ratings. Investments in Treasury bills are government backed and hence considered as secured.

The Fund has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate as a means of mitigating the risk of financial loss from defaults. This information is supplied by the independent rating agencies, where available, and if not available, the Fund uses other publicly available financial information and its own trading records to rate its major customers. The Fund's exposure and the credit ratings of its counterparties are continuously monitored and spread amongst approved counterparties.

Credit risk from balances with banks and financial institutions is managed in accordance with the Fund's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. The limits are set to minimise the concentration of risk and therefore mitigate financial loss through potential counterparty failure.

The table below analyses the Fund's maximum exposure to credit risk:

	2022		2021	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk

Difference in the balance as per statement of asset and liabilities and maximum exposure is due to the fact that investments in government securities of Rs. 329.152 million (2021: Rs. 74.795 million), investment in listed equity securities of Rs. Nil (2021: 236.537 million), investment in future stock contracts of Rs. Nil (2021: 7.652 million) and profit receivable from these securities of Rs. 5.204 million (2021: Rs. Nil) are not exposed to credit risk.

Investment in fixed income securities

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is broadly diversified and transactions are entered into with diverse credit-worthy counterparties thereby mitigating any significant concentration of credit risk.

Settlement risk

The Fund's activities may give rise to risk at the time of settlement of transactions. Settlement risk is the risk of loss due to the failure of counter party to honour its obligations to deliver cash, securities or other assets as contractually agreed. Credit risk relating to unsettled transactions in securities is considered to be minimal as the Fund uses brokers with high creditworthiness and the transactions are settled or paid for only upon delivery using the central clearing system.

20.3 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed of and are considered readily realisable.

As per the NBFC Regulations, the Fund can borrow in the short-term to ensure settlement the maximum limit of which is fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below analyses the Fund's financial liabilities into relevant maturity groupings based on the remaining period at the balance sheet date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

21 FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair Value Hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2022, the Fund held the following financial instruments measured at fair values:

22 UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of their proportionate share of the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unitholders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 20, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.
