786 ISLAMIC MONEY MARKET FUND

REPORT OF THE DIRECTORS OF THE MANAGEMENT COMPANY

The Board of Directors of 786 Investments Limited. ("786" or the "Company") the Management Company of **786 Islamic Money Market Fund** is pleased to present the annual report and the audited financial statements of the Company for the year ended June 30, 2026.

Economic Review:

The global economy remained resilient during 2025 despite heightened trade tensions, geopolitical uncertainties, elevated public debt and challenging financial conditions. Global growth is estimated at 2.8% in 2025 and is projected at 2.7% in 2026, with a gradual improvement to 2.9% in 2027, while global inflation is expected to moderate from 3.4% in 2025 to 3.1% in 2026. Although continued disinflation and monetary easing may support economic activity and investment, the outlook remains subject to risks arising from trade policy uncertainty, geopolitical tensions, financial market volatility and limited fiscal space. Global trade growth is also expected to moderate in 2026 following the temporary boost from front-loaded shipments in 2025. Against this backdrop, businesses are expected to remain focused on operational efficiency, prudent financial management, market diversification and effective risk management, while technological developments, particularly in artificial intelligence and digital infrastructure, present opportunities for productivity and long-term growth.

Pakistan's external sector remained broadly stable during FY2025-26, although the current account recorded a modest deficit of USD 139 million, compared with a surplus of USD 1.838 billion in FY2024-25. The deficit represented only 0.03% of GDP, compared with a surplus of 0.45% in the previous year. Towards the close of the fiscal year, the current account recorded a deficit of USD 649 million in June 2026, following a surplus of USD 500 million in May 2026, reflecting some pressure on the external account.

Despite these pressures, Pakistan's external liquidity position strengthened, supported by inflows from multilateral institutions. As of June 24, 2026, SBP-held foreign exchange reserves increased by USD 611 million to USD 16.5 billion, while total liquid foreign exchange reserves reached USD 22.0 billion, including USD 5.5 billion held by commercial banks. The improvement in reserves provided greater resilience to the country's external financing position and supported overall macroeconomic stability.

Money Market Review:

The State Bank of Pakistan maintained the policy rate at 11.50% following its Monetary Policy Committee meeting held on June 15, 2026, amid rising inflationary pressures and a gradual economic recovery. Inflation increased from 7.3% in March to 10.9% in April and 11.7% in May 2026, mainly driven by higher fuel costs, adjustments in the petroleum levy and administered energy prices, along with their pass-through to transportation, food and production costs.

Despite these inflationary pressures, economic activity continued to recover gradually, supported by improving external-sector conditions and overall macroeconomic stabilisation.

Fund Overview

786 Islamic Money Market Fund was launched on October 22, 2024, as a Shariah-compliant open-end money market scheme. The Fund aims to provide competitive returns to investors by investing primarily in low-risk, Shariah-compliant money market instruments.

مینجمنٹ کمپنی کے ڈائریکٹرز کی رپورٹ

786 اسلامک منی مارکیٹ فنڈ کی مینجمنٹ کمپنی 786 انویسٹمنٹ لمیٹڈ (786 یادی کمپنی) کے بورڈ آف ڈائریکٹرز 30 جون 2026 کو ختم ہونے والے سال کی سالانہ رپورٹ اور نظر ثانی شدہ مالیاتی گوشوارے پیش کرتے ہوئے خوشی محسوس کرتے ہیں۔

اقتصادی جائزہ:

عالمی معیشت نے 2025 کے دوران بڑھتی ہوئی تجارتی کشیدگی، جغرافیائی سیاسی غیر یقینی صورتحال، زیادہ سرکاری قرضوں اور مشکل مالیاتی حالات کے باوجود چلک کا مظاہرہ کیا۔ 2025 میں عالمی اقتصادی نمو کا تخمینہ 2.8 فیصد ہے، جبکہ 2026 میں اس کے 2.7 فیصد رہنے اور 2027 میں بتدریج بہتر ہو کر 2.9 فیصد تک پہنچنے کی توقع ہے۔ اسی دوران عالمی افراط زر 2025 میں 3.4 فیصد سے کم ہو کر 2026 میں 3.1 فیصد رہنے کی توقع ہے۔ اگرچہ افراط زر میں مسلسل کمی اور مانیٹری پالیسی میں نرمی سے اقتصادی سرگرمیوں اور سرمایہ کاری کو سہارا مل سکتا ہے، تاہم تجارتی پالیسی سے متعلق غیر یقینی صورتحال، جغرافیائی سیاسی کشیدگی، مالیاتی منڈیوں میں اتار چڑھاؤ اور محدود مالیاتی گنجائش کے باعث معاشی مظہر نامے کو بدستور مختلف خطرات لاحق ہیں۔ 2025 میں پیشگی طور پر بڑی مقدار میں ترسیلات مال کی وجہ سے عالمی تجارت کو ملنے والی عارضی رفتار کے بعد 2026 میں عالمی تجارتی نمو میں بھی کمی آنے کی توقع ہے۔ اس پس منظر میں کاروباری اداروں کی توجہ آپریشنل کارکردگی میں بہتری جتنا مال مالیاتی انتظام، منڈیوں میں تنوع اور مؤثر رسک مینجمنٹ پر مرکوز رہنے کی توقع ہے، جبکہ تکنیکی ترقی، بالخصوص مصنوعی ذہانت اور ڈیجیٹل انفراسٹرکچر کے شعبوں میں پیش رفت، پیداواری صلاحیت میں اضافے اور طویل مدتی اقتصادی نمو کے لیے نئے مواقع فراہم کر رہی ہے۔

پاکستان کا بیرونی شعبہ مالی سال 2025-26 کے دوران مجموعی طور پر مستحکم رہا، تاہم کرنٹ اکاؤنٹ میں 139 ملین امریکی ڈالر کا معمولی خسارہ ریکارڈ کیا گیا، جبکہ مالی سال 2024-25 میں 1.838 بلین امریکی ڈالر کا سرپلس حاصل ہوا تھا۔ یہ خسارہ جی ڈی پی کے صرف 0.03 فیصد کے برابر رہا، جبکہ گزشتہ مالی سال میں جی ڈی پی کے 0.45 فیصد کے مساوی سرپلس ریکارڈ کیا گیا تھا۔ مالی سال کے اختتام کے قریب جون 2026 میں کرنٹ اکاؤنٹ 649 ملین امریکی ڈالر کے خسارے میں رہا، جبکہ مئی 2026 میں 500 ملین امریکی ڈالر کا سرپلس ریکارڈ کیا گیا تھا، جس سے بیرونی کھاتے پر پیدا ہونے والے کچھ باؤ کی عکاسی ہوتی ہے۔

ان دباؤ کے باوجود پاکستان کی بیرونی لیکویڈیٹی کی صورتحال میں بہتری آئی، جسے کثیرالجہتی مالیاتی اداروں سے حاصل ہونے والی رقم نے سہارا دیا۔ 24 جون 2026 تک اسٹیٹ بینک کے پاس موجود زرمبادلہ کے ذخائر میں 611 بلین امریکی ڈالر کا اضافہ ہوا اور یہ 16.5 بلین امریکی ڈالر تک پہنچ گئے، جبکہ مجموعی لیکویڈیٹی زرمبادلہ کے ذخائر 22.0 بلین امریکی ڈالر تک پہنچ گئے، جن میں 5.5 بلین امریکی ڈالر کمرشل بینکوں کے پاس موجود تھے۔ زرمبادلہ کے ذخائر میں اس بہتری سے ملک کی بیرونی مالیاتی ضروریات پوری کرنے کی صلاحیت کو مزید استحکام ملا اور مجموعی معاشی استحکام کو تقویت حاصل ہوئی۔

منی مارکیٹ کا جائزہ:

اسٹیٹ بینک آف پاکستان نے 15 جون 2026 کو منعقد ہونے والے مانیٹری پالیسی کمیٹی کے اجلاس کے بعد پالیسی ریٹ 11.50 فیصد پر برقرار رکھا۔ یہ فیصلہ بڑھتے ہوئے افراط زر کے دباؤ اور معیشت کی بتدریج بحالی کے تناظر میں کیا گیا۔ افراط زر کی شرح مارچ میں 7.3 فیصد سے بڑھ کر اپریل میں 10.9 فیصد اور مئی 2026 میں 11.7 فیصد ہو گئی۔ اس اضافے کی بنیادی وجوہات میں ایندھن کی قیمتوں میں اضافہ، پیٹرولیم لیوی میں ردوبدل اور توانائی کی انتظامی قیمتوں میں اضافہ شامل رہے، جبکہ ان عوامل کے اثرات نقل و حمل، خورداک اور پیداواری لاگت تک بھی منتقل ہوئے۔

ان افراط زر کے دباؤ کے باوجود معاشی سرگرمیوں میں بتدریج بحالی کا سلسلہ جاری رہا، جسے بیرونی شعبے کی بہتر ہوتی ہوئی صورتحال اور مجموعی معاشی استحکام کی کوششوں سے تقویت ملی۔

فنڈ کا جائزہ

786 اسلامک منی مارکیٹ فنڈ کا آغاز 22 اکتوبر 2024 کو شریعت کے مطابق اوپن اینڈ منی مارکیٹ اسکیم کے طور پر کیا گیا، جس کا مقصد بنیادی طور پر کم خطرہ والے، شریعت کے مطابق منی مارکیٹ کے آلات میں سرمایہ کاری کر کے سرمایہ کاروں کو مسابقتی منافع فراہم کرنا ہے۔

فنڈ کی کارکردگی

30 جون 2026 تک، فنڈ کے خالص اثاثے 669.80 ملین روپے رہے، جس کی خالص اثاثہ قیمت (NAV) (نی یونٹ) 100.54 روپے تھی۔ سال کے دوران، فنڈ نے بنیادی طور پر سرمایہ کاری اور بینک ٹیلنس سے 43.25 ملین روپے کی کل آمدنی حاصل کی۔ اس مدت کے لیے کل اخراجات 3.43 ملین روپے ہوئے، جس کے نتیجے میں ٹیکس کے بعد خالص آمدنی 39.82 ملین روپے ہوئی۔ اس مدت کے دوران تقسیم کے لیے دستیاب اکاؤنٹ آمدنی 32.40 ملین روپے تھی۔

786 ISLAMIC MONEY MARKET FUND

REPORT OF THE FUND MANAGER FOR THE YEAR ENDED 30 JUNE 2026

Description of Collective Investment Scheme Category and Type

Shariah Compliant Income/Open end

Fund Objective

The objective of the Fund is to ensure maximum preservation of capital while delivering a competitive and reasonable rate of return through strategic investments in highly liquid, Shariah-compliant money market instruments.

Explanation as to whether the Collective Investment Scheme Achieved Its Stated Objective

The Collective Investment Scheme achieved its stated objective.

Fund Performance

As of June 30, 2026, the net assets of the Fund stood at PKR 669.80 million, compared to PKR 437.28 million as of June 30, 2025, reflecting significant growth in the Fund's size during the year. The Net Asset Value (NAV) per unit increased to PKR 100.54 as of June 30, 2026, from PKR 100.40 in the previous year. During the year, the Fund generated total operating income of PKR 43.25 million, compared to PKR 8.63 million in the prior year, primarily from investments and bank balances. The increase in income was supported by the growth in the Fund's asset base and investments. Total expenses amounted to PKR 3.42 million, compared to PKR 1.63 million in the previous year.

The Fund recorded net income after taxation of PKR 39.82 million during FY2026, compared to PKR 6.99 million in FY2025. The accounting income available for distribution during the year amounted to PKR 32.40 million, compared to PKR 1.58 million in the previous year.

The growth in net assets was mainly attributable to strong investor confidence and an increase in units in issue, which increased to 6.66 million in FY2026 from 4.36 million in FY2025. Overall, the Fund continued to achieve its objective of providing competitive returns while maintaining a portfolio focused on low-risk, Shariah-compliant money market instruments.

Economic Review:

The global economy remained resilient during 2025 despite heightened trade tensions, geopolitical uncertainties, elevated public debt and challenging financial conditions. Global growth is estimated at 2.8% in 2025 and is projected at 2.7% in 2026, with a gradual improvement to 2.9% in 2027, while global inflation is expected to moderate from 3.4% in 2025 to 3.1% in 2026. Although continued disinflation and monetary easing may support economic activity and investment, the outlook remains subject to risks arising from trade policy uncertainty, geopolitical tensions, financial-market volatility and limited fiscal space. Global trade growth is also expected to moderate in 2026 following the temporary boost from front-loaded shipments in 2025. Against this backdrop, businesses are expected to remain focused on operational efficiency, prudent financial management, market diversification and effective risk management, while technological developments, particularly in artificial intelligence and digital infrastructure, present opportunities for productivity and long-term growth.

Pakistan's external sector remained broadly stable during FY2025-26, although the current account recorded a modest deficit of USD 139 million, compared with a surplus of USD 1.838 billion in FY2024-25. The deficit represented only 0.03% of GDP, compared with a surplus of 0.45% in the previous year. Towards the close of the fiscal year, the current account recorded a deficit of USD 649 million in June 2026, following a surplus of USD 500 million in May, reflecting some pressure on the external account.

Despite these pressures, Pakistan's external liquidity position strengthened, supported by inflows from multilateral institutions. As on June 24, 2026, SBP-held foreign exchange reserves increased by USD 611 million to USD 16.5 billion, while total liquid foreign exchange reserves reached USD 22.0 billion, including USD 5.5 billion held by commercial banks. The improvement in reserves provided greater resilience to the country's external financing position and supported overall macroeconomic stability.

Money Market Review:

The State Bank of Pakistan maintained the policy rate at 11.50% following its Monetary Policy Committee meeting on 15 June 2026, amid rising inflationary pressures and a gradual economic recovery. Inflation increased from 7.3% in March to 10.9% in April and 11.7% in May 2026, mainly driven by higher fuel costs, petroleum levy adjustments and administered energy prices, along with their pass-through to transportation, food and production costs. Despite the inflationary pressures, economic activity continued to recover gradually, supported by improving external-sector conditions and overall macroeconomic stabilization.

**INDEPENDENT ASSURANCE REPORT
ON COMPLIANCE WITH THE SHARIAH GOVERNANCE REGULATIONS 2023**

**TO THE BOARD OF DIRECTORS OF
786 ISLAMIC MONEY MARKET FUND, SHARIAH COMPLIANT FUND**

INTRODUCTION

We have undertaken a reasonable assurance engagement that the Securities and Exchange Commission of Pakistan (the SECP) has required in terms of its Shariah Governance Regulations, 2023 (the Regulations) – External Shariah Audit of 786 Islamic Money Market Fund (the Fund) for assessing compliance of the fund's financial arrangements, contracts, and transactions having Shariah implications with Shariah principles for the year ended **June 30, 2026**. This engagement was conducted by a multidisciplinary team including assurance practitioners and an independent Shariah scholar.

APPLICABLE CRITERIA

The criteria for the assurance engagement, against which the underlying subject matter (financial arrangements, contracts, and transactions having Shariah implications for the year ended **June 30, 2026**) is assessed, comprise of the Shariah principles and rules, as defined in the Regulations and reproduced as under:

- (a) Legal and regulatory framework administered by the Commission;
- (b) Shariah standards issued by the Accounting and Auditing Organization for Islamic Financial Institutions (AAOIFI), as notified by the Commission;
- (c) Islamic Financial Accounting Standards, developed by the Institute of Chartered Accountants of Pakistan, as notified by the Commission;
- (d) Guidance and recommendations of the Shariah advisory committee, as notified by Commission; and
- (e) Approvals, rulings or pronouncements of the Shariah supervisory board or the Shariah advisor of the Islamic financial institution, in line with (i) to (iv) above.

The above criteria were evaluated for their implications on the financial statements of the fund for the year ended June 30, 2026, which are annexed .

MANAGEMENT'S RESPONSIBILITY FOR THE SHARIAH COMPLIANCE

Management is responsible to ensure that the financial arrangements, contracts and transactions having Shariah implications, entered into, by the Fund with its customers, other financial institutions and stakeholders and related policies and procedures are, in substance and in their legal form, in compliance with the requirements of Shariah Rules and principles. The management is also responsible for design, implementation and maintenance of appropriate internal control procedures with respect to such compliance and maintenance of relevant accounting records.

OUR INDEPENDENCE AND QUALITY CONTROL

We have complied with the independence and other ethical requirements of the Code of Ethics for Chartered Accountants issued by the Institute of Chartered Accountants of Pakistan, which is founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behavior.

The firm applies International Standard on Quality Control "Quality Control Management for the Firms, that Perform Audits and Reviews of Historical Financial Information, And Other Assurance and Related Services Engagements" and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

OUR RESPONSIBILITIES AND SUMMARY OF THE WORK PERFORMED

Our responsibility in connection with this engagement is to express an opinion on compliance of the fund's financial arrangements, contracts, and transactions having Shariah implications with Shariah principles, in all material respects, for the year ended June 30, 2026, based on the evidence we have obtained. We conducted our reasonable assurance engagement in accordance with International Standard on Assurance Engagements (ISAE) 3000 (Revised), 'Assurance Engagements other than audits or reviews of historical financial statements, issued by the International Auditing and Assurance Standards Board. That standard requires that we plan and perform this engagement to obtain reasonable assurance about whether the compliance of the fund's financial arrangements, contracts, and transactions having Shariah implications with Shariah principles is free from material misstatement.

The procedures selected by us for the engagement depended on our judgment, including the assessment of the risks of material non-compliance with the Shariah principles. In making those risk assessments, we considered and tested the internal controls relevant to the Fund's compliance with the Shariah principles in order to design procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. We have designed and performed necessary verification procedures on various financial arrangements, contracts, and transactions having Shariah implications are in compliance and related policies and procedures based on judgmental and systematic samples with regard to the compliance of Shariah principles. (Criteria specified in the paragraph 2 above)

We believe that the evidences we have obtained through performing our procedures were sufficient and appropriate to provide a basis for our opinion.

SMS/CO

CONCLUSION

Based on our reasonable assurance engagement, we report that in our opinion, the Fund's financial arrangements, contracts, and transactions for the year ended June 30, 2026, are in compliance with the Shariah principles (the criteria specified in paragraph 2 above), in all material respects.

The engagement partners on the Shariah audit resulting in this independent reasonable assurance report are Mashkoor Ahmed, FCA.

Yours truly

**INDEPENDENT AUDITOR'S REPORT TO THE
UNIT HOLDERS OF 786 ISLAMIC MONEY MARKET FUND**

Opinion

We have audited the annexed financial statements of **786 Islamic Money Market Fund (the fund)** which comprise the statement of assets and liabilities as at June 30, 2026, and the income statement, the statement of comprehensive income, the statement of movement in unit holder's fund and the statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statement gives a true and fair view of the financial position of the Fund as at June 30, 2026 and of its financial performance and its cash flows for the year then ended in accordance with the approved accounting and reporting standard as applicable in Pakistan

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The Other Information comprises the information included in the Company's Annual Report does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the Other Information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the Other Information and, in doing so, consider whether the Other Information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this Other Information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017(XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Further, we report that the Fund's financial statements have been prepared in accordance with the relevant provision of Non-Bank finance Companies (Establishment and Regulation) Rules, 2003 and Non-Banking Finance Companies and Notified Entities Regulations 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Farhan Ahmed Memon**.

Accordingly, on February 29 2024, the Trust Deed of the fund was registered under the Sindh Trust Act.

1.9 Significant events or transactions

There are no significant events or transactions during the period.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with approved accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprises of:

- International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of the directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- Non Banking Finance Companies (Establishment and Regulation) Rules 2003 (the NBFC Rules), Non Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

2.2 Accounting Estimates and Judgements

The preparation of the financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires the management to make estimates, judgements and assumptions that affect the reported amounts of assets and liabilities, income and expenses. It also requires the management to exercise judgment in the application of its accounting policies. The estimates, judgments and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and underlying assumptions are reviewed on an ongoing basis.

786 ISLAMIC MONEY MARKET FUND

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2026

The areas involving a degree of judgment or complexity, or areas where estimates and assumptions are significant to the financial statements are as follows:

- Classification and measurement of financial assets (notes 3.1 and 5)
- Impairment of financial assets (note 3.1.1.3)
- Taxation (notes 3.4 and 16)
- Classification and measurement of financial liabilities (note 3.1.2.1)
- Contingencies and commitments (note 12)

Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

2.3 Basis of measurement

These financial statements have been prepared under the historical cost convention, except for certain investments which are stated at fair value.

2.4 Functional and presentation currency

These financial statements are presented in Pakistani Rupees which is the Fund's functional and presentation currency.

3 MATERIAL ACCOUNTING POLICY INFORMATION

The accounting policies set out below have been applied consistently to all periods in these financial statements.

3.1 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised in the Fund's statement of assets and liabilities when the Fund becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the income statement.

3.1.1 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

3.1.1.1 Classification and measurement of financial assets

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the entity's business model for managing them.

All recognised financial assets are measured subsequently in their entirety at either amortised cost or fair value, depending on the classification of the financial assets. For purposes of subsequent measurement, financial assets are classified in following categories:

Financial assets at amortised cost (debt instruments)

Financial assets at amortised cost are subsequently measured using the effective interest rate (EIR) method and are subject to impairment. Gains and losses are recognised in the income statement when the asset is derecognised, modified or impaired.

Financial assets at fair value through other comprehensive income (debt instruments)

For debt instruments at fair value through other comprehensive income (OCI), profit income, foreign exchange revaluation and impairment losses or reversals are recognised in the income statement and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in OCI. Upon derecognition, the cumulative fair value change recognised in OCI is reclassified to the income statement.

Financial assets at fair value through profit or loss (debt instruments)

Debt instruments that do not meet the amortised cost criteria or the fair value through other comprehensive income criteria are classified as at fair value through profit or loss. In addition, debt instruments that meet either the amortised cost criteria or the fair value through other comprehensive income criteria may be designated as at fair value through profit or loss upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency (so called 'accounting mismatch') that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

786 ISLAMIC MONEY MARKET FUND

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2026

3.1.1.2 Fair value measurement principles

The fair value of financial instruments is determined as follows:

Basis of valuation of government debt securities:

The government debt securities not listed on a stock exchange and traded in the interbank market are valued at the average rates quoted on a widely used electronic quotation system (PKRV / PKISRV rates) which are based on the remaining tenor of the securities.

Basis of valuation of debt securities:

The fair value of debt securities (other than government securities) is based on the value determined and announced by Mutual Funds association of Pakistan (MUFAP) in accordance with the criteria laid down in Circular No. 1 of 2009 and Circular No. 33 of 2012 issued by Securities and Exchange Commission of Pakistan (SECP). In the determination of the rates, MUFAP takes into account the holding pattern of these securities and categorises them as traded, thinly traded and non-traded securities. The aforementioned circular also specifies the valuation process to be followed for each category as well as the criteria for the provisioning of non-performing debt securities.

The Fund applies discretion on the effective yield as per the allowable limits in the above mentioned Circulars after the taking into account aspects such as Liquidity Risk, Sector Specific Risk and Issuer Class Risk.

The allowable limits for rated securities for duration upto 2 years is +200/-100 bps and over 2 years is +150/-50 bps. For unrated securities the allowable limits +50 bps.

3.1.1.3 Impairment of financial assets

Management Company assesses at each reporting date whether there is objective evidence that the Fund's financial assets or a group of financial assets are impaired. If any such indication exists, the recoverable amount of such assets is estimated. An impairment loss is recognised whenever the carrying value of an asset exceeds its recoverable amount.

SECP / Commission through its letter no. SCD/AMCW/RS/MUFAP/2017-148 dated November 21, 2017 has deferred the applicability of the impairment requirements of IFRS 9 for debt securities on mutual funds. Therefore, the Fund will not be subject to the impairment provisions of IFRS 9.

For financial assets other than debt securities measured at amortised cost, IFRS 9 requires recognition of impairment based on expected credit loss (ECL) model. Under IFRS 9, the Fund is required to measure loss allowance equal to an amount equal to lifetime ECL or 12 months ECL based on credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Management Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Fund's historical experience and informed credit assessment and including forward-looking information.

However, majority of the assets of the Fund exposed to credit risk pertain to counter parties which have high credit rating or where credit risk has not been increased since initial recognition. Therefore, management believes that the impact of ECL would be very minimal and hence, the same has not been accounted for in these financial statements.

3.1.1.4 "Derecognition"

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Fund's statement of assets and liabilities) when: - the rights to receive cash flows from the asset have expired; or the Fund has transferred its rights to receive cash flows from the asset and substantially all the risks and rewards of the asset;

- the rights to receive cash flows from the asset have expired; or
- the Fund has transferred its rights to receive cash flows from the asset and substantially all the risks and rewards of the asset;

3.1.2 Financial liabilities

3.1.2.1 Classification and measurement of financial liabilities

All financial liabilities are measured subsequently at amortised cost using the effective interest method or at fair value through profit or loss.

Financial liabilities are measured at amortised cost, unless they are required to be measured at fair value through profit or loss (such as instruments held for trading or derivatives) or the Fund has opted to measure them at fair value through profit or loss.

786 ISLAMIC MONEY MARKET FUND

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2024

3.1.2.2 *Derecognition*

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the income statement.

3.1.3 *Offsetting of financial instruments*

Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets and liabilities if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

3.2 *Cash and cash equivalents*

Cash and cash equivalents comprise of bank balances and short term highly liquid investments with original maturity of three months or less which are readily convertible to known amounts of cash, are subject to an insignificant risk of changes in value.

3.3 *Provisions*

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Provisions, if any, are regularly reviewed and adjusted to reflect the current best estimate.

3.4 *Taxation*

The income of the Fund is exempt from income tax under Clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by accumulated losses and capital gains, whether realised or unrealised, is distributed to the unit holders as cash dividend.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

3.5 *Dividend distribution and appropriations*

Dividend distributions and appropriations are recorded in the period in which these are approved by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Regulation 63 of the NBFC Regulations requires the Fund to distribute 90% of the net accounting income other than capital gains to the unit holders.

Distributions declared subsequent to the year end / reporting date are considered as non-adjusting events and are recognised in the financial statements of the period in which such distributions are declared and approved by the Board of Directors of the Management Company.

3.6 *Issue and redemption of units*

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors during business hours on that date. The offer price represents the net asset value per unit as of the close of the business day plus the allowable sales load and any provision for duties and charges, if applicable. The sales load is payable to investment facilitators, distributors and the Management Company.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors receive redemption applications during business hours of that day. The redemption price represents the net asset value per unit as of the close of the business day less any back-end load, any duties, taxes, and charges on redemption, if applicable.

Element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

3.7 *Net asset value per unit*

The Net Asset Value (NAV) per unit as disclosed in the statement of assets and liabilities is calculated by dividing the net assets of the Fund by the number of units in issue at the year end.

786 ISLAMIC MONEY MARKET FUND

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2026

3.8 Revenue recognition

14 TOTAL EXPENSE RATIO

The total expense ratio (TER) of the Fund for the year ending on June 30, 2026, is 0.79%, which includes 0.14% representing government levies on the Fund, such as federal excise duties and sales taxes, as well as the annual fee payable to the SECP, among other expenses. This ratio is within the maximum limit of 2% (June 2025: 2%) prescribed under the NBFC Regulations for a collective investment scheme categorised as a Shariah Compliant income scheme.

15 TAXATION

The Fund's income is exempt from income tax as per clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income available for distribution for the year as reduced by capital gains whether realised or unrealised is distributed amongst the unit holders by way of cash dividend. Furthermore, as per regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulation, 2008, the Fund is required to distribute 90% of the net accounting income available for distribution other than capital gains to the unit holders in cash. The Fund is also exempt from the provision of Section 113 (minimum tax) under Clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Since the management has distributed the income available for distribution by the Fund to the unit holders in cash in the manner as explained above accordingly, no provision for taxation has been made in these financial statements.

18 RISK MANAGEMENT FRAMEWORK

18.1 Risk management framework

The Fund's activities expose it to a variety of financial risks, market risk, credit risk and liquidity risk.

The Fund's Board of Directors has an overall responsibility for the establishment and oversight of the Fund's risk management framework.

Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the Fund's constitutive documents and the regulations and directives of the SECP. The policies are established to identify and analyse the risks faced by the Fund, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Fund's activities.

The audit committee oversees how management monitors compliance with the Fund's risk management policies and procedures and reviews the adequacy of the risk management framework in relation to the risks faced by the Fund. The audit committee is assisted in its oversight role by the internal audit. The Internal audit undertakes regular reviews of risk management controls and procedures and the results of which are reported to the audit committee.

Asset purchases and sales are determined by the Fund's Investment Manager, who has been authorised to manage the distribution of the assets to achieve the Fund's investment objectives. Compliance with the target asset allocations and the composition of the portfolio is monitored by the Investment Committee. In instances where the portfolio has diverged from target asset allocations, the Fund's Investment Manager is obliged to take actions to rebalance the portfolio in line with the established targets within prescribed time limits.

18.2 Market Risk

Market risk is the risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market prices.

The Management Company manages the market risk by monitoring exposure on marketable securities by following internal risk management policies and investment guidelines approved by the Investment Committee and the regulations laid down by SECP.

18.2.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. At present, the Fund is not exposed to currency risk as all the transactions are carried out in Pakistani Rupees.

786 ISLAMIC MONEY MARKET FUND

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2026**

18.2.2 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates.

As of June 30, 2025, the Fund is exposed to such risk in respect of bank balances and investment in debt securities. The bank balances are subject to interest rates as declared by the respective banks on periodic basis. Debt securities are subject to floating interest rates other than Government securities which are subject to fixed interest rates. The sensitivity of the income or loss for the year is the effect of the assumed changes in interest rates on:

- the net interest income for one year, based on the floating rate financial assets held at the year end; and
- changes in fair value of investments for the year, based on revaluing fixed rate financial assets at the year end.

The following table demonstrates the sensitivity of Fund's income/(loss) for the year to a reasonably possible change in interest rates, with all other variables held constant. In practice, the actual results may differ from the sensitivity analysis.

	<i>Effect on Income</i>	
	<i>2026</i>	<i>2025</i>

+ 100	66,412,075	43,592,073
- 100	(66,412,075)	(43,592,073)

18.2.3 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. At present, the Fund is not exposed to price risk.

18.3 Credit Risk

Credit risk represent the risk of a loss if the counter parties fail to perform as contracted. The Fund's credit risk is primarily attributable to its investments and balances with banks. The Fund does not foresee any credit risk with respect to GOP Ijarah Sukuks since these are securities issued by State Bank of Pakistan on behalf of the Government of Pakistan. The credit risk on other financial assets is limited because the counter parties are mainly companies/ financial institution with reasonably high credit ratings. In addition, the internal risk management policies and investment guidelines (approved by investment committee) require the Fund to invest in debt securities that have been rate as investment grade by a well known rating agency.

18.3.1 The analysis below summarises the credit rating quality of the Fund's financial assets as at June 30, 2026.

786 ISLAMIC MONEY MARKET FUND

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2026**

Concentration of credit risk

Concentration of risk exists arise when a number of financial instruments or contracts are entered into with the same counterparty, or where a number of counterparties are engaged in similar business activities, or activities in the same geographic region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly effect by changes in economic, political or other conditions. The Fund's portfolio of the financial instruments is mainly held with various banks, securities issued by State Bank of Pakistan on behalf of the Government of Pakistan and certain privately placed sukuks.

18.3.2 Liquidity Risk

Liquidity risk is defined as the risk that the Fund will encounter difficulty in meeting obligations associated with financial liabilities. Liquidity risk arises because of the possibility that the Fund could be required to pay its liabilities earlier than expected. The Fund is exposed to cash redemptions of its redeemable units on a regular basis. Units are redeemable at the unit holder's option based on the Fund's net asset value per unit at the time of redemption calculated in accordance with the Fund's constitutive documents.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity date. However, for equity securities at fair value through income statement, the period in which those assets are assumed to mature is taken as the expected date on which these assets will be realized.

786 ISLAMIC MONEY MARKET FUND

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2026

19 UNIT HOLDERS' FUND RISK MANAGEMENT

The Unit Holders' Fund is represented by redeemable units. The unit holders of the Fund are entitled to distributions and to payment of a proportionate share based on the Fund's net asset value per unit as of the close of the business day less any back end load, provision for transaction cost and any provision for duty and charge, if applicable. The relevant movements are shown on the 'Statement of Movement in Unit holder's Fund.

The Fund has no restrictions or specific capital requirements on the subscription and redemption of units.

The Fund's objective when managing unit holders' fund is to safeguard the Fund's ability to continue as a going concern in order to seek maximum preservation of unit holders' fund and an optimum rate of return by investing in avenues having good credit rating and liquidity and to maintain a strong capital base to support the development of the investment activities of the Fund.

In accordance with the risk management policies, the Fund endeavours to invest the subscriptions received in appropriate investments while maintaining sufficient liquidity to meet redemption requests, such liquidity being augmented by short-term borrowings or disposal of investments where necessary.

The Fund meets the requirements of sub-regulation 54(3a) which requires that the minimum size of an Open End Scheme shall be one hundred million rupees at all times during the life of the scheme.

20 FAIR VALUE OF FINANCIAL INSTRUMENTS

"Fair Value Measurement" defines fair value as the price that would be received to sale an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The fair value of financial assets and liabilities traded in active market are based on the quoted market price at the close of trading on the period end date. The estimated fair value of all other financial assets and liabilities is considered not significantly different from the carrying values as the items are either short-term in nature or periodically repriced.

Debt Securities

These are valued at the rates notified by the Mutual Funds Association of Pakistan (MUFAP) in accordance with the SECP's Circular 1 of 2009. The said circular prescribes a valuation methodology which in case of currently traded securities, is based on weighted average prices during the 15 days preceding the valuation date and in case of thinly or non-traded securities, on the basis of discount coupon method which takes into consideration credit risk and maturities of the instruments.

Government Securities

These are valued by reference to the quotations obtained from the PKRV rate sheet on the Reuters page.

The fair value of other assets and liabilities of the Fund approximate their carrying amount largely due to short term maturities of these instruments.

20.1 Fair Value Hierarchy

The Fund uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy.
