OUR VISION

Enabling people to advance with confidence and success.

OUR MISSION

To make our Investor (s) prosper, our staff excel and to create value for our stakeholders.

PROGRESSIVENESS
We believe in the advancement of society through the adoption of enlightened working practice, innovative new products and processes and a spirit of enterprise.
MERITOCRACY
We believe in giving opportunities and advantages to our employees on the basis of their ability. We believe in rewarding achievement and in providing first class career opportunities for all.
EXCELLENCE
The markets in which we operate are becoming increasingly competitive and our investors now have an abundance of choice. Only through being the very best - in terms of the service we offer, our product and premises - can we hope to be successful and grow.
OUR CORPORATE VALUES
Our values are based upon the fundamental principles that define our culture and are brought to life in our attitude and behavior. It is our values that make us unique and stem from five basic principles.
CUSTOMER FOCUS
We need to understand fully the need of our investors and to adopt our product and services to meet these. We must strive always to put the satisfaction of our investor first.
INTEGRITY
We are an Asset Management Company in Pakistan and our success depends upon the performance of the fund(s) which are under management and our investors and society in general expect us to possess and steadfastly adhere to high moral principles and professional standards.

REPORT OF THE DIRECTORS OF THE MANAGEMENT COMPANY

The Board of Directors of HBL Asset Management Limited is pleased to present its report together with Financial Statements of **HBL Income Fund, HBL Government Securities Fund, HBL Money Market Fund, HBL Cash Fund, HBL Stock Fund, HBL Equity Fund, HBL Energy Fund, HBL Multi Asset Fund, HBL Growth Fund, HBL Investment Fund, HBL Financial Sector Income Fund, HBL Mehfooz Munafa Fund, HBL Regular Income Fund and HBL Total Treasury Exchange Traded Fund** (the Funds) for the year ended June 30, 2026.

ECONOMIC REVIEW

During FY2026, Pakistan's macroeconomic stability strengthened despite elevated geopolitical tensions, particularly the conflict in the Middle East and concerns over the Strait of Hormuz. These developments pushed global oil prices higher in the earlier part of the year, raising imported inflation and domestic fuel cost pressures. As the year progressed, geopolitical risks began to ease following the US-Iran ceasefire and ongoing peace efforts. This shift improved global market sentiment, led to a decline in international crude oil prices, and helped moderate cost-push inflationary pressures in Pakistan.

Real GDP growth reached 3.7% the highest in four years expanding the size of the economy to USD 452.1 billion. Growth remained broad-based across agriculture, industry and services, even after early-year flood-related disruptions and the temporary impact of higher global energy prices.

On the external front, the current account recorded a deficit of USD 139 million for the full FY2026, compared with a surplus of USD 1,838 million in FY2025. In June 2026, the current account posted a deficit of USD 649 million. This outcome was driven by an 8.5% rise in full-year imports to USD 76.4 billion, while exports remained nearly flat at USD 40.9 billion. Remittances continued to provide critical support, rising 8.6% to USD 41.6 billion. Foreign exchange reserves and the exchange rate remained broadly stable.

Headline inflation firmed during the year. National CPI rose 11.1% year-on-year in June 2026 (easing from 11.7 percent in May), marking the third consecutive double-digit reading, though it declined on a sequential basis due to lower oil prices. Urban and rural inflation stood at 11.2% and 10.9%, respectively. Price pressures were led by Transport (+25.7%), Housing & Utilities (+15.5 %), and Food & Beverages (+9.4%). Average CPI for FY2026 rose to 7.1%, compared with 4.5% in the previous year. Core inflation (NFNE) remained sticky at 8.7% (urban) and 7.9% (rural). Fuel prices were up 32.1% year-on-year but eased 12.1% month-on-month as global crude softened. Looking ahead, CPI is expected to remain in single digits, supported by relatively stable macroeconomic conditions, although any renewed escalation in geopolitical tensions and international oil prices remains an upside risk to inflation.

Large-Scale Manufacturing grew 5.8% during Jul-May FY2026, reversing the previous year's contraction, with broad-based gains led by automobiles, food, wearing apparel and petroleum products. Fiscal performance also improved, with the deficit narrowing to 1.6% of GDP and a primary surplus of 3.3% of GDP during Jul-May, supported by higher revenues and a sharp reduction in mark-up payments. The Monetary Policy Committee kept the policy rate unchanged at 11.5% in June 2026.

Overall, FY2026 closed with strengthened macroeconomic stability. Despite the earlier geopolitical shock from Middle East tensions, elevated oil prices, a modest full-year current account deficit of USD 139 million, and a rise in average inflation to 7.1%, strong remittances, recovering industrial activity, improved fiscal discipline, and the later easing of global energy prices allowed Pakistan to preserve its stabilization gains and enter FY2027 on a more solid footing.

STOCK MARKET REVIEW

During the period under review, Pakistan's equity market maintained a strong upward trajectory, driven by improved liquidity, significant monetary easing, and a stable external account. The benchmark KSE-100 Index closed at 180,301.70 points, posting a robust gain of 54,674.39 points (43.5%). It is also noteworthy that the KSE-100 delivered strong performance, reflecting improved investor sentiment and reaffirming equities as a preferred investment avenue amid improving macroeconomic conditions.

Positive sentiment and improved investor confidence were reflected in a significant improvement in market turnover, as the average daily trading volume of the KSE All-Share Index rose to 911 million shares during the period under review, representing a 44% increase compared to 633 million shares in the same period last year. Similarly, the average daily traded value surged by 51% to PKR 42.5 billion, up from PKR 28.15 billion in the corresponding period last year. Foreign investors however, remained net sellers, with a net sale of USD 849 million. Domestically, companies were the main buyers in the market with net buying of USD 2,014 million, followed by Individuals and NBFC with a net buying of USD329 million, and USD 4 million respectively. On the other hand, Banks, Mutual funds, and Insurance were major sellers with a combined sale of USD 1,449 million.

Going forward, the equity market is expected to maintain its positive trajectory, supported by a stable external position, continued macroeconomic consolidation, and adequate market liquidity. Market direction will, however, remain sensitive to escalating geopolitical tensions between Iran and the United States, particularly any disruption to the Strait of Hormuz. As a critical chokepoint for global energy supplies, any flare-up in the region could drive up international oil prices, pressuring the import bill, reigniting inflationary pressures, and weighing on the external account and overall market sentiment. Barring a significant escalation, and combined with a sustained recovery in corporate earnings, easing inflation, and the prospect of a stable-to-accommodative monetary stance, these factors are likely to sustain market optimism and support continued valuation stability over the medium term.

MONEY MARKET REVIEW

During the period under review, the State Bank of Pakistan maintained the policy rate at 11.0%. The first change came on 15th December 2025, when the SBP cut the rate by 50 bps to 10.5%, followed by a second change in April 2026, when it raised the rate by 100 bps to 11.5%, which was maintained through the end of the period.

Secondary market yields across most tenors increased, driven by rising global oil prices and heightened geopolitical tensions, which reinforced inflation expectations and tightened market sentiment. As a result, yields on the 3-month, 6 months, and 1 year government securities rose by 35 bps, 59 bps, and 74 bps, respectively, while yields on the 3 year and 5-year securities increased by 54 bps and 40 bps, reaching 11.56%, 11.60%, 11.63%, 11.69%, and 11.80%, respectively. The 10-year tenor, by contrast, eased by 11 bps to settle at 12.19%.

The SBP is expected to maintain a cautious stance going forward. Market yields are likely to remain soft amid improved liquidity and the current policy setting; however, any rise in inflation particularly driven by higher oil prices due to prevailing geopolitical conditions could exert upward pressure on yields.

FUND'S PERFORMANCE AND PAYOUTS

HBL Income Fund

The total income and net income of the Fund was Rs. 629.78 million and Rs. 542.25 million respectively during the year ended June 30, 2026. The Net Asset Value (NAV) per unit of the Fund was Rs. 113.6405 per unit as on June 30, 2026 (after incorporating dividend of Rs. 10.45 per unit) as compared to Rs. 113.2781 per unit as on June 30, 2025 thereby giving an annualized return of 9.57%. During the period the benchmark (75% 6 Month KIBOR and 25% 6 Month Deposit rates) return was 10.61%. The Net Asset Value (NAV) per unit of the Fund was Rs. 100.4944 per unit as on June 30, 2026 (after incorporating dividends of Rs. 10.6788 per unit) thereby giving an annualized return of 11.25%. During the same period, the benchmark return (75% 6 Month KIBOR and 25% 6 Month Deposit rates) was 10.61%. The size of Fund was Rs. 9.98 billion as on June 30, 2026 as compared to 9.17 billion as at start of the year.

VIS Credit Rating Company Limited has reaffirmed the Fund stability rating of AA-(f) to the Fund.

HBL Mehfooz Munafa Fund

The HBL Mehfooz Munafa Fund (the Fund) started launching its different plans from May 18, 2023 for different maturity tenures. As at June 30, 2026, the following plan exists under the Fund.

HBL Mehfooz Munafa Fund Plan-XI

The total income and net income of the plan was Rs. 625.47 million and Rs. 615.71 million respectively for the period ended June 30, 2026. The net assets as at June 30, 2026 was 8.87 billion representing NAV of Rs. 100.2092 (after incorporating dividend of Rs. 7.2335 per unit) thereby giving an annualized return of 10.93% against the benchmark return of 11.15%.

HBL Mehfooz Munafa Fund Plan-XIV

The total income and net income of the plan was Rs. 7.96 million and Rs. 7.81 million respectively for the period ended June 30, 2026. The net assets as at June 30, 2026 was 1.01 billion representing NAV of Rs. 100.0339 (after incorporating dividend of Rs. 0.7429 per unit) thereby giving an annualized return of 12.32% against the benchmark return of 12.63%.

HBL Total Treasury Exchange Traded Fund

The total income and net income of the Fund was Rs. 55.27 million and Rs. 49.84 million respectively during the year ended June 30, 2026. The Net Asset Value (NAV) per unit of the Fund was Rs. 103.4503 per unit as on June 30, 2026 (after incorporating dividend of Rs. 9.75 per unit) thereby giving an annualized return of 9.66%. During the same period, the benchmark return was 9.34%. The size of Fund was Rs. 517 million as on June 30, 2026 as compared to Rs. 516 million as at start of the year.

VIS Credit Rating Company Limited has reaffirmed the Fund stability rating of AA-(f) to the Fund.

HBL Regular Income Fund

The total income and net income of the Fund was Rs. 2.56 million and Rs. 2.06 million respectively during the year ended June 30, 2026. The Net Asset Value (NAV) per unit of the Fund was Rs. 100.0000 per unit as on June 30, 2026 (after incorporating dividend of Rs. 1.3381 per unit) thereby giving an annualized return of 9.10%. During the same period, the benchmark return was 11.37%. The size of Fund was Rs. 42 million as on June 30, 2026.

MANAGEMENT COMPANY RATING

The VIS Credit Rating Company Limited (VIS) has reaffirmed the management quality rating of 'AM-I' (AM-One) to the Management Company and the outlook on the assigned rating has been assessed at 'Stable'.

Type and Category of Fund

Open end Income Fund

Investment Objective and Accomplishment of Objective

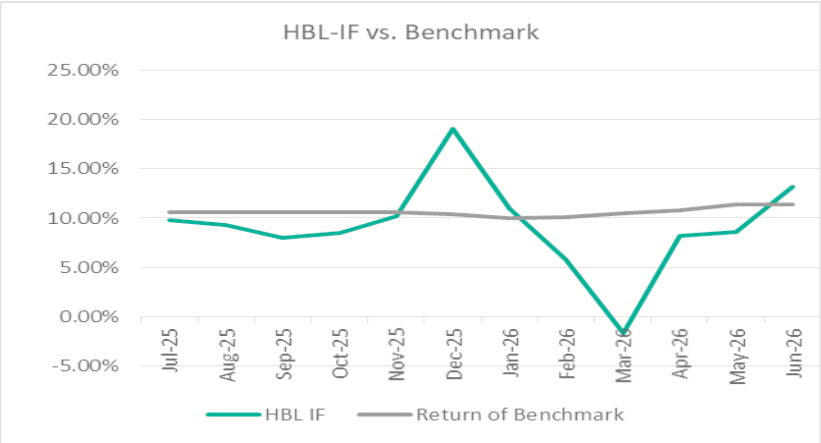

The objective of the Fund is to provide a stable stream of income with moderate level of risk by investing in fixed income securities. The investment objective is achieved.

Benchmark and Performance Comparison with Benchmark

The Fund's benchmark is 75% six (6) months KIBOR rates + 25% six (6) months average of the highest rates on savings account of three (3) AA rated scheduled Banks as selected by MUFAP.

The comparison of the fund return with benchmark is given below:

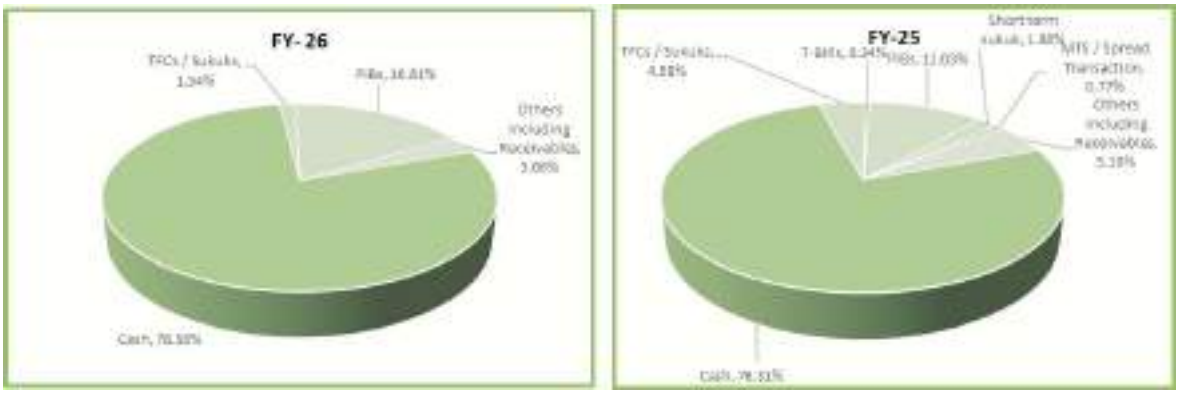

Month	HBL-IF	Benchmark
Jun-26	13.19%	11.39%
May-26	8.62%	11.36%
Apr-26	8.17%	10.80%
Mar-26	-1.69%	10.50%
Feb-26	5.83%	10.05%
Jan-26	10.97%	9.96%
Dec-25	19.08%	10.36%
Nov-25	10.20%	10.58%
Oct-25	8.49%	10.60%
Sept-25	8.05%	10.55%
Aug-25	9.30%	10.58%
Jul-25	9.79%	10.57%

Strategies and Policies employed during the Year

During the year under review, the fund size of HBL Income Fund declined to PKR 8,212 million as compared to PKR 13,162 million in June, 2025. Investments in TFCs/Sukuks and Government Guaranteed Securities were at 1.54% and 16.81% of total assets, respectively, as on June 30, 2026. Cash placements were 78.58% of total assets to take advantage of attractive bank rates.

Asset Allocation

Fund Performance

The total income and net income of the Fund was Rs. 629.78 million and Rs. 542.25 million respectively during the year ended June 30, 2026. The Net Asset Value (NAV) per unit of the Fund was Rs. 113.6405 per unit as on June 30, 2026 (after incorporating dividend of Rs. 10.45 per unit) as compared to Rs. 113.2781 per unit as on June 30, 2025 thereby giving an annualized return of 9.57%. During the period the benchmark (75% 6 Month KIBOR and 25% 6 Month Deposit rates) return was 10.61%. The size of Fund was Rs. 8.21 billion as on June 30, 2026 as compared to Rs. 13.16 billion at the start of the year.

Money Market Review

During the period under review, the State Bank of Pakistan (SBP) adjusted the Policy Rate twice in response to evolving economic conditions and regional developments. The first adjustment took place in December 2025, when the SBP reduced the Policy Rate by 50 basis points (bps) to 10.5%. This was followed by a 100-bps increase in April 2026, bringing the Policy Rate to 11.5% amid heightened regional hostilities. The rate remained unchanged at 11.5% through the end of the period.

Secondary market yields across most tenors increased, driven by rising global oil prices and heightened geopolitical tensions, which reinforced inflation expectations and tightened market sentiment. As a result, yields on the 3-month, 6 months, and 1 year government securities rose by 35 bps, 59 bps, and 74 bps, respectively, while yields on the 3 year and 5-year securities increased by 54 bps and 40 bps, reaching 11.56%, 11.60%, 11.63%, 11.69%, and 11.80%, respectively. The 10-year tenor, by contrast, eased by 11 bps to settle at 12.19%.

The SBP is expected to maintain a cautious stance going forward. Market yields are likely to remain soft amid improved liquidity and the current policy setting; however, any rise in inflation particularly driven by higher oil prices due to prevailing geopolitical conditions could exert upward pressure on yields.

Distribution

The Fund has distributed cash dividend up-to Rs. 10.45 per unit for the year ended June 30, 2026.

Significant Changes in the State of Affairs

There were no significant changes in the state of affairs during the year under review.

Breakdown of Unit Holding by Size

From – To (Number of units)	Number of Unit Holders	Total Number of Units Held
1 - 100	1,863	19,365

TRUSTEE REPORT TO THE UNIT HOLDERS

HBL INCOME FUND

Report of the Trustee pursuant to Regulation 41(h) and Clause 8 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of HBL Income Fund (the Fund) are of the opinion that HBL Asset Management Limited, being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2026 in accordance with the provisions of the following:

(i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;

(ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund;

(iii) The management fee, fee payable to Commission and other expenses paid from the Fund during the period are in accordance with the applicable regulatory framework; and

(iv) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

Badiuddin Akber
Chief Executive Officer
Central Depository Company of Pakistan Limited

Karachi, September 28, 2026

pwc A·F·FERGUSON&Co.

INDEPENDENT AUDITOR'S REPORT

To the Unit holders of HBL Income Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of HBL Income Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2026, and the income statement, the statement of comprehensive income, statement of movements in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2026, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S.No.	Key Audit Matter	How the matter was addressed in our audit
1	**Net Asset Value (NAV)** (Refer notes 4 and 5 to the financial statements)	
	The bank balances and investments constitute the most significant components of the net asset value. The bank balances aggregated to Rs. 6,547.012 million and investments of the Fund amounted to Rs. 1,646.909 million as at June 30, 2026. The existence of bank balances and the existence and proper valuation of investments for the determination of NAV of the Fund as at June 30, 2026 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: • Obtained independent confirmations for verifying the existence of the bank balances and investment portfolio as at June 30, 2026 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed; • Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies; and • Obtained bank reconciliation statements and tested reconciling items on a sample basis.

Information Other than the Financial Statements and Auditor's Report Thereon

The Management Company (HBL Asset Management Limited) is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Management Company and Board of Directors of Management Company for the Financial Statements

The Management Company (HBL Asset Management Limited) is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management Company is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of Directors of the Management Company is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management Company.

Mra

pwc A·F·FERGUSON&CO.

- Conclude on the appropriateness of Management Company's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Board of Directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with Board of Directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

a) the financial statements have been properly prepared in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations 2008;

b) proper books and records have been kept by the Collective Investment Scheme or the financial statements prepared are in agreement with the books and records of Collective Investment Scheme; and

c) we were able to obtain all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of the audit.

The engagement partner on the audit resulting in this independent auditor's report is **Noman Abbas Sheikh.**

1 LEGAL STATUS AND NATURE OF BUSINESS

1.1 HBL Income Fund (the Fund) is an open ended mutual fund constituted under a Trust Deed entered between HBL Asset Management Limited as the Management Company and Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Trust Deed was executed under the Trust Act, 1882 on September 6, 2006 and was approved by the Securities and Exchange Commission of Pakistan (SECP) on July 25, 2006. During the year ended June 30, 2021, the Trust Act, 1882 was repealed due to the promulgation of Provincial Trust Act namely "Sindh Trusts Act, 2020" (the Sindh Trust Act) as empowered under the Eighteenth Amendment to the Constitution of Pakistan. Accordingly, on September 8, 2021, the above-mentioned Trust Deed was registered under the Sindh Trust Act, 2020.

1.2 The Management Company of the Fund has been registered as a Non-Banking Finance Company (NBFC) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 and has obtained the requisite license from the SECP to undertake asset management services. The registered office of the Management Company is situated at 7th Floor, Emerald Tower, G-19, Block 5, Main Clifton Road, Clifton, Karachi. The Management Company is the member of Mutual Funds Association of Pakistan (MUFAP).

1.3 The Fund is an open ended mutual fund categorised as 'Income Scheme' and offers units for public subscription on a continuous basis. The units are transferable and can also be redeemed by surrendering to the Fund. The Fund is listed on the Pakistan Stock Exchange Limited (PSX). The units of the Fund were initially offered for public subscription at par from March 15, 2007 to March 17, 2007.

1.4 The principal objective of the Fund is to provide a stable stream of income with moderate level of risk by investing in fixed income securities.

1.5 VIS Credit Rating Company Limited (VIS) has maintained the Management Quality Rating of 'AM1' dated December 31, 2025 (2025: 'AM1' dated December 31, 2024) and the outlook on the assigned rating remains 'Stable' (2025: 'Stable') and the Fund stability rating of 'A+(f)' dated December 29, 2025 (2025: 'A+(f)' dated March 3, 2025). The rating reflects the Management Company's adequate corporate governance framework with a well structured Board and Committees, an experienced management team, adherence to best governance practices and deriving sustained growth.

1.6 The title to the assets of the Fund is held in the name of CDC as trustee of the Fund.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. Accounting and reporting standards applicable in Pakistan comprise of:

- IFRS Accounting Standards issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of, directives and notifications issued under the Companies Act, 2017 along with Part VIIIA of the repealed Companies Ordinance, 1984; and
- Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations).

Where provisions of, directives and notifications issued under the Companies Act, 2017, Part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed differ from the IFRS Accounting Standards, the provisions of, directives and notifications issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations have been followed.

2.2 Standards, interpretations and amendments to the published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2025. However, these are not considered to be relevant or do not have any material effect on the Fund's financial statements and, therefore, have not been detailed in these financial statements.

2.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective in the current year

There are certain new standards and amendments to the published accounting and reporting standards that will be applicable to the Fund for its annual periods beginning on or after July 1, 2026. However, these are not considered to be relevant or will not have any material effect on the Fund's financial statements except for:

- The new standard - IFRS 18 Presentation and Disclosure in Financial Statements (IFRS 18) (published in April 2024) effective for annual periods beginning on or after January 1, 2027. IFRS 18 when applicable shall impact the presentation of the 'Income Statement' with certain additional disclosures in the financial statements; and

- Amendments to the IFRS 9 'Financial Instruments' which clarify the date of recognition and derecognition of a financial asset or financial liability including settlement of liabilities through banking instruments and channels including electronic transfers effective for annual periods beginning on or after January 1, 2026. The amendment when applied may impact the timing of recognition and derecognition of financial assets and financial liabilities.

The management is in the process of assessing the impacts of the new standards and amendments on the financial statements of the Fund.

2.4 Critical accounting estimates and judgments

The preparation of financial statements in conformity with the accounting and reporting standards requires the management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgments and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgments that have a significant effect on the financial statements of the Fund relate to classification and valuation of financial assets (Notes 3.2 and 5) and provision for federal excise duty (Note 11.1).

2.5 Accounting convention

These financial statements have been prepared under the historical cost convention except for certain investments which have been classified as 'at fair value through profit or loss' and which are measured at fair value. The details in respect of valuation techniques under IFRS 13 'Fair Value Measurement' used for the fair valuation of financial assets have been disclosed in Note 21.

2.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupees, which is the Fund's functional and presentation currency.

3 MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies applied in the preparation of these financial statements are set out below. These have been applied consistently to all the years presented unless otherwise stated.

3.1 Cash and cash equivalents

These comprise balances with banks and other short-term highly liquid investments with original maturities of three months or less.

3.2 Financial assets

3.2.1 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

3.2.2 Classification and subsequent measurement

Debt instruments

IFRS 9 provides criteria for debt securities whereby these debt securities are either classified as:

- amortised cost;
- at fair value through other comprehensive income (FVOCI); and
- at fair value through profit or loss (FVPL).

However, IFRS 9 also provides an option whereby securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis, to be recognised at FVPL. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Therefore, the management considers its investment in debt securities as being managed as a group of assets and hence has classified them as FVPL.

3.2.3 Impairment (other than debt securities)

The Fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The Fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- an unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- the time value of money; and
- reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The Fund considers that a financial asset is in default when the counterparty fails to make contractual payments within 90 days of when they fall due. Further, financial assets are written off by the Fund, in whole or part, when it has exhausted all practical recovery efforts and has concluded that there is no reasonable expectation of recovery.

3.2.4 Impairment loss on debt securities

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on the management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the Income Statement.

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, considering the specific credit and financial condition of the debt security issuer and in accordance with the provisioning policy duly approved by the Board of Directors of the Management Company. The provisioning policy approved by the Board of Directors has also been placed on the Management Company's website as required under the SECP's circular.

3.2.5 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the Pakistan Stock Exchange Regulations.

3.2.6 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred, the Fund has transferred substantially all risks and rewards of ownership or the Fund neither transfers nor retains substantially all the risk and rewards of ownership and the Fund has not retained control. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

3.3 Financial liabilities

3.3.1 Classification and subsequent measurement

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value and subsequently stated at amortised cost.

3.3.2 Derecognition

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

3.4 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

Income and expenses are presented on a net basis only when permitted by the accounting and reporting standards as applicable in Pakistan.

3.5 Provisions

Provisions are recognised when the Fund has a present, legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

3.6 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

3.7 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the Management Company / distributors during business hours on that day. The offer price represents the NAV per unit as of the close of business day, plus the allowable sales load, provision for transaction costs and any provision for duties and charges, if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price applicable to units for which the Management Company / distributors receive redemption applications during business hours of that day. The redemption price is equal to NAV as of the close of the business day, less an amount as the Management Company may consider to be an appropriate provision of duties and charges.

3.8 Distributions to unit holders

Distributions to unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes a portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the period in which such distributions are declared and approved by the Board of Directors of the Management Company.

3.9 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

The element of income represents the difference between the Net Asset Value (NAV) per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period. Further, the element of income / (loss) is a transaction of a capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend NAV of all units outstanding on the accounting date, the net element of income contributed on issue of units lying in the unit holders' Fundis refunded on units in the same proportion as the dividend bears to accounting income available for distribution.

3.10 Revenue recognition

- Gains / (losses) arising on sale of investments are included in the Income Statement and are recognised on the date when the transaction takes place;

- Unrealised gains / (losses) arising on re-measurement of investments classified as financial assets 'at fair value through profit or loss' are included in the Income Statement in the year in which they arise;

- Income on corporate sukuk certificates, term finance certificates, market treasury bills, Pakistan Investment Bonds and letters of placements is recognised on a time proportionate basis using the effective interest rate method; and

- Income on bank balances is recognised on time proportion basis using the effective interest rate method.

3.11 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company, Trustee and fee to the SECP are recognised in the Income Statement on an accrual basis.

3.12 Taxation

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

4	BANK BALANCES	Note	2026	2025

** In case of debt securities against which a provision has been made, these are carried at amortised cost less provision. For non-performing securities market value / valuation by MUFAP is not available.

5.2.1 World call Telecom Limited Term finance certificates were classified by MUFAP as non-performing on November 8, 2012 after default of installment due on October 7, 2012 (earlier default on April 7, 2012) for the second time. A restructuring agreement was signed on December 26, 2012. The restructuring included the extension of repayment period by two years, deferral of principal instalments till October 7, 2014 and payment of regular mark-up during the restructuring period. In accordance with Circular No. 33 of 2012 dated October 24, 2012, a provision of Rs. 47.767 million has been made out of which till June 30, 2024 Rs. 10.440 million has been received leaving an outstanding balance as at June 30, 2025 of Rs. 37.33 million, which is fully provided.

5.2.2 This represents investment in privately placed Term finance certificates of the investee company. This investment has been fully provided.

	Prepaid expenses		382	572
	Other receivable		15,384	357
			79,260	64,410

7.1 As per clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under section 151 and 150. However, withholding tax on profit on bank deposit paid to the Fund was deducted by various withholding agents based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated 12 May 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced before him by the withholdee. The tax withheld on profit on debt and capital gain on sale of investments amounts to Rs. 25.225 million (2025: Rs. 25.212 million).

For this purpose, MUFAP on behalf of various mutual Funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. On January 28, 2016, the Board of Directors of the Management Company passed a resolution by circulation, authorising all CISs to file an appeal in the Honourable Supreme Court through their Trustees, to direct all persons being withholding agents, including share registrars and banks to observe the provisions of clause 47B of Part IV of the Second Schedule to the Income Tax Ordinance, 2001 without imposing any conditions at the time of making any payment to the CISs being managed by the Management Company. Accordingly, a petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgement of the SHC. Pending resolution of the matter, the amount of withholding tax deducted on profit received by the Fund on bank balances and debt securities has been shown as other receivable as at June 30, 2026 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

8	PAYABLE TO HBL ASSET MANAGEMENT LIMITED - MANAGEMENT COMPANY	Note	2026	2025
			--------- Rupees in '000 ---------	
	Remuneration payable to the Management Company	8.1	5,127	8,949
	Sindh sales tax payable on remuneration of the Management Company	8.2	769	1,342
	Sales load payable		-	390
			5,896	10,681

8.1 As per regulation 61 of the NBFC Regulations, 2008, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the offering document and subject to a capping of 1.50% for a collective investment scheme categorised as an 'Income Scheme'. Keeping in view the maximum allowable threshold, the Management Company has charged its remuneration at the rate ranging from 1.00% to 1.25% (2025: 1.00% to 2.5%) per annum of the average daily net assets of the Fund during the year ended June 30, 2026. The remuneration is payable to the Management Company monthly in arrears.

8.2 Sindh sales tax levied through the Sindh Sales Tax on Services, 2011 has been charged at the rate of 15% (2025: 15%) on remuneration of the Management Company and any reimbursable expenditure to the Management Company.

8.3 The SECP, vide S.R.O.600(I)/2025 dated April 10, 2025, issued amendments in respect of expenses chargeable to CISs as prescribed in Schedule XX of the NBFC Regulations, from which the chargeability of expenses related to selling and marketing services, registrar services, accounting, operation and valuation services was excluded.

The Management Company in compliance of the above requirement did not charge the above-mentioned expenses for the year ended June 30, 2026.

During the year ended June 30, 2025, the Management Company charged expenses related to selling and marketing services at the rates ranging from 0.00% to 0.35% of the daily assets of the Fund and in relation to registrar services, accounting, operation and valuation services at the rates ranging from 0.00% to 0.30% of the daily assets of the Fund.

9 PAYABLE TO CENTRAL DEPOSITORY COMPANY OF PAKISTAN LIMITED - TRUSTEE	Note	2026	2025
		--------- Rupees in '000 ---------	
Remuneration payable to the Trustee	9.1	307	415
Sindh sales tax payable on remuneration of the Trustee	9.2	46	62
CDS charges payable		6	1,137
		359	1,614

9.1 The Trustee is entitled to monthly remuneration for services rendered to the Fund under the provisions of the Trust Deed at the rate of 0.075% (2025: 0.075%) per annum of daily net assets of the Fund. The remuneration is paid to the Trustee monthly in arrears.

9.2 Sindh Sales Tax levied through Sindh Sales Tax on Services Act, 2011 on remuneration of the Trustee has been charged at the rate of 15% (2025: 15%).

10 PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN	Note	2026	2025
		--------- Rupees in '000 ---------	
Fee payable	10.1	307	349

10.1 In accordance with the NBFC Regulations, a Collective Investment Scheme (CIS) is required to pay non-refundable fee to the Securities and Exchange Commission of Pakistan (SECP) at the rate of fee to 0.075% per annum of the daily net assets of the Fund, applicable to an 'Income Scheme'. Accordingly, the Fund has charged SECP fee at the rate of 0.075% (2025: 0.075%) per annum of the daily net assets during the year. Further, the Fund is required to pay SECP fee within fifteen days of the close of every calendar month.

11 ACCRUED EXPENSES AND OTHER LIABILITIES	Note	2026	2025
		--------- Rupees in '000 ---------	
Federal excise duty payable on the Management Company's remuneration	11.1	27,578	27,578
Capital gain tax payable		14,360	39,177
Withholding tax payable		27,030	34,051
Auditor's remuneration		766	1,029
Securities transaction cost payable		652	-
Zakat payable		82	652
Other payables		153	3,302
		70,621	105,789

11.1 The Finance Act, 2013 enlarged the scope of Federal excise duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16% on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company and sales load with effect from July 1, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs. 27.578 million (2025: Rs. 27.578 million) is being retained in these financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision not been made, the NAV of the Fund would have been higher by Re. 0.3816 (2025: Re. 0.2373) per unit.

12 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at June 30, 2026 and June 30, 2025.

13 NUMBER OF UNITS IN ISSUE

	2026	2025
	------ Number of units ------	
Units in issue at the beginning of the year	116,196,079	43,883,513

15 AUDITOR'S REMUNERATION

Annual audit fee	426	370
Half yearly review	284	247
Certifications and other services	188	227
Out of pocket expenses and Sindh sales tax	158	178
	1,056	1,022

16 TOTAL EXPENSE RATIO

The SECP, vide S.R.O. 600(I)/2025 dated April 10, 2025, has removed the Total Expense Ratio (TER) limit with effect from July 01, 2025. The TER limit of 2.5% for a collective investment scheme categorised as an "Income Scheme", applicable previously, has been replaced with the management fee cap which has been disclosed in note 8.1 to these financial statements.

17 TAXATION

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the Management Company has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2026 to the unit holders in the manner as explained above, no provision for taxation has been made in these financial statements during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

18 TRANSACTIONS AND BALANCES WITH CONNECTED PERSONS / RELATED PARTIES

Connected persons / related parties include HBL Asset Management Limited being the Management Company, Habib Bank Limited being the Sponsor, Central Depository Company of Pakistan Limited, being the Trustee of the Fund, HBL Microfinance Bank Limited, being an associated undertaking of the Management Company, other collective investment schemes / notified entities managed by the Management Company, any person or trust beneficially owning, directly or indirectly, ten percent or more of the capital of the Management Company or ten percent or more of the net assets of the Fund, any person or trust controlled by the same persons as defined herein, any member of the group of which that person or trust forms part of. Directors or officers of the Management Company or any of their connected persons as specified herein.

Transactions with connected persons essentially comprise issuance and redemption of units, fee on account of managing the affairs of the Fund, sales load, other charges and distribution payments to connected persons. The transactions with connected persons are also in the normal course of business, at contracted rates and at the terms determined in accordance with market rates.

Remuneration to the Management Company of the Fund is determined in accordance with the provisions of the NBFC Regulations, 2008 and the Offering Document, respectively.

Remuneration to the Trustee of the Fund is determined in accordance with the provisions of the Trust Deed.

20 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

20.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee.

Market risk comprises of three types of risks: yield / interest rate risk, currency risk, and price risk.

(i) Yield / Interest rate risk

Yield / interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As of June 30, 2026, the Fund is exposed to such risk on its balances held with banks, investments in Term finance certificates, Corporate sukuk certificates, Market Treasury Bills and Pakistan Investment Bonds. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

a) Sensitivity analysis for variable rate instruments

Presently, the Fund holds KIBOR based term finance certificates, corporate sukuk certificates, Pakistan Investment Bonds and balances with banks which expose the Fund to cash flow interest rate risk. In the case of a 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net income for the year and net assets of the Fund would have been higher / lower by Rs. 74.621 million (2025: Rs. 121.729 million).

The composition of the Fund's investment portfolio and KIBOR rates are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2026 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Yield / interest rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date.

The Fund's interest rate sensitivity related to financial assets and financial liabilities as at June 30, 2026 can be determined as follows:

	2026					
	Effective yield / interest rate	Exposed to yield / interest rate risk			Not exposed to yield / interest rate risk	Total
		Upto three months	More than three months and upto one year	More than one year		
		Rupees in '000

Off-balance sheet financial instruments		-	-	-	-	-
Off-balance sheet gap (b)		-	-	-	-	-
Total interest rate sensitivity gap (a+b)		10,815,762	295,498	2,060,630		
Cumulative interest rate sensitivity gap		10,815,762	11,111,260	13,171,890		

(ii) Currency risk

This is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

(iii) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund is exposed to equity price risk on investments held by the Fund and classified as 'at fair value through profit or loss'. To manage its price risk arising from investments in equity securities, the Fund diversifies its portfolio within the eligible stocks prescribed in the Trust Deed. The NBFC Regulations also limit individual equity securities to no more than 10% of net assets and issued capital of the investee company and sector exposure limit to 35% of the net assets.

In case of 1% increase / (decrease) in the fair value of the Fund's equity securities on June 30, 2026, net assets of the Fund would have increased / (decreased) by Rs. 1.24 million (2025: nil).

The analysis is based on the assumption that the equity index had increased / decreased by 5% with all other variables held constant and all the Fund's equity instruments moved according to the historical correlation with the index. This represents the management company's best estimate of a reasonable possible shift in the KSE 100 Index, having regard to the historical volatility of the index. The composition of the Fund's investment portfolio and the correlation thereof to the KSE 100 index, is expected to change over the time. Accordingly, the sensitivity analysis prepared as of June 30, 2026 is not necessarily indicative of the effect on the Fund's net assets of future movements in the level of KSE 100 Index.

20.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed of and are considered readily realisable.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting year to the contractual maturity dates. However, the liabilities that are payable on demand have been included in the maturity grouping of one month:

	2026						
	Within one month	More than one month and upto three months	More than three months and upto one year	More than one year and upto five years	More than five years	Financial instruments with no fixed maturity	Total
	Rupees in '000						
Financial liabilities							
Payable to HBL Asset Management Limited - Management Company	5,896	-	-	-	-	-	5,896
Payable to Central Depository Company of Pakistan Limited - Trustee	359	-	-	-	-	-	359
Unclaimed dividend	3,802	-	-	-	-	-	3,802
Dividend payable	-	-	-	-	-	-	-
Payable against redemption and conversion of units	31,576	-	-	-	-	-	31,576
Accrued expenses and other liabilities	805	766	-	-	-	-	1,571
	42,437	766	-	-	-	-	43,203
	6,609,812	(766)	-	-	-	-	(43,203)

	2025						
	Within one month	More than one month and upto three months	More than three months and upto one year	More than one year and upto five years	More than five years	Financial instruments with no fixed maturity	Total
	Rupees in '000						
Financial liabilities							
Payable to HBL Asset Management Limited - Management Company	10,681	-	-	-	-	-	10,681
Payable to Central Depository Company of Pakistan Limited - Trustee	1,614	-	-	-	-	-	1,614 -
Unclaimed dividend	3,802	-	-	-	-	-	3,802
Dividend payable	16,697	-	-	-	-	-	16,697
Payable against redemption and conversion of units	-	-	-	-	-	-	-
Accrued expenses and other liabilities	3,302	1,029	-	-	-	-	4,331
	36,096	1,029	-	-	-	-	37,125
	10,883,400	(1,029)	295,498	1,541,722	518,908	-	13,238,499

20.3 Credit risk

20.3.1 Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. Credit risk arising on the debt instruments is mitigated by investing in rated instruments or instruments issued by rated counterparties of credit ratings of at least investment grade by the recognised rating agencies. The Fund receives a monthly rating update, against which investments are reviewed.

The Fund, however, also invests in unrated instruments based on internal ratings assigned by the Fund manager using an approach that is consistent with the approach used by the rating agencies. Credit risk arising on other financial assets is monitored through a regular analysis of financial position of brokers and other parties. In accordance with the risk management policy of the Fund, the investment manager monitors the credit position on a daily basis which is reviewed by the Board of Directors of the Management Company on a quarterly basis.

The table below analyses the Fund's maximum exposure to credit risk:

	---------2026---------		---------2025---------	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
	----------Rupees in '000----------			
Bank balances	6,547,012	6,547,012	10,713,499	10,713,499
Investments	1,646,409	251,636	2,356,128	843,908
Receivable against margin trading system	-	-	102,263	102,263
Interest / profit accrued	51,584	12,706	65,108	39,667
Deposits and other receivable	53,653	53,653	38,626	38,626
	8,298,659	6,865,008	13,275,624	11,737,963

The maximum exposure to credit risk before any credit enhancement as at June 30, 2026 is the carrying amount of the financial assets. Investment in government securities and related profit receivable thereon, however, are not exposed to credit risk and have been excluded from the above analysis as investment in government securities are guaranteed by the Government of Pakistan.

20.3.2 Credit quality of financial assets

The Fund's significant credit risk arises mainly on account of its placements in banks and profit accrued thereon, and against investments. The credit rating profile of balances with banks is as follows.

Rating category	Percentage of financial assets exposed to credit risk	
	2026	2025
Bank balances and profit accrued thereon		
AAA	79.57%	81.04%
AA-	-	0.35%
AA	0.20%	-
	79.77%	81.39%
Investments - Term finance certificates and corporate sukuk certificates		
AAA	-	0.76%
AA+	-	1.92%
AA-	-	0.76%
A+	0.36%	0.06%
A	1.20%	1.02%
A1	-	1.90%
	1.56%	6.41%

20.3.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic and industry factors similarly affect groups of counter parties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. As transactions are entered with credit worthy parties thereby any significant concentration of credit risk is mitigated.

All financial assets of the Fund as at June 30, 2026 are unsecured and are not impaired except for instruments mentioned in Note 5.5.

21 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair value measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2026 and June 30, 2025, the Fund held the following financial instruments measured at fair values:

ASSETS	2026			
	Level 1	Level 2	Level 3	Total
	Rupees in '000			
Financial assets at fair value through profit or loss				
- Corporate sukuk certificates	-	-	-	-
- Term finance certificates	-	128,036	-	128,036
- Pakistan Investment Bonds	-	1,394,773	-	1,394,773
- Market Treasury Bills	-	-	-	-
- Listed equity securities (spread transactions)	123,600	-	-	123,600
	123,600	1,522,809	-	1,646,409

	2025			
	Level 1	Level 2	Level 3	Total
	Rupees in '000			
Financial assets at fair value through profit or loss				
- Corporate sukuk certificates	-	358,055	-	358,055
- Term finance certificates	-	485,853	-	485,853
- Pakistan Investment Bonds	-	1,466,722	-	1,466,722
- Market Treasury Bills	-	45,498	-	45,498
- Listed equity securities (spread transactions)	-	-	-	-
	-	2,356,128	-	2,356,128

Valuation techniques used in determination of fair values are as follows:

Items	Valuation techniques
Term finance certificates	Term finance certificates are valued on the basis of the rates announced by the Mutual Funds Association of Pakistan (MUFAP) in accordance with the methodology prescribed by the Securities and Exchange Commission of Pakistan. In the determination of the rates, MUFAP takes into account the holding pattern of these securities and categorises them as traded, thinly traded and non-traded securities.
Pakistan Investment Bonds - floating rate	The valuation has been derived from PKFRV rates. The PKFRV rates are announced daily by FMA (Financial Market Association) through MUFAP.
Pakistan Investment Bonds - fixed rate and zero coupon bonds	The valuation for Pakistan Investment Bonds - fixed rate and zero coupon bonds has been derived from PKRV rates. The PKRV rates are announced daily by the Financial Market Association through MUFAP.
Market Treasury Bills	
Listed equity securities - classified as spread transactions	The valuation has been determined through closing rates of Pakistan Stock Exchange.

There were no transfers between levels during the year.

22 UNITS HOLDERS' FUND RISK MANAGEMENT

The Unit Holders' Fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown in the 'Statement of Movements in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs. 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in Note 20, the Fund endeavors to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

23 UNIT HOLDING PATTERN OF THE FUND

Open end Sovereign Income Fund

Investment Objective and Accomplishment of Objective

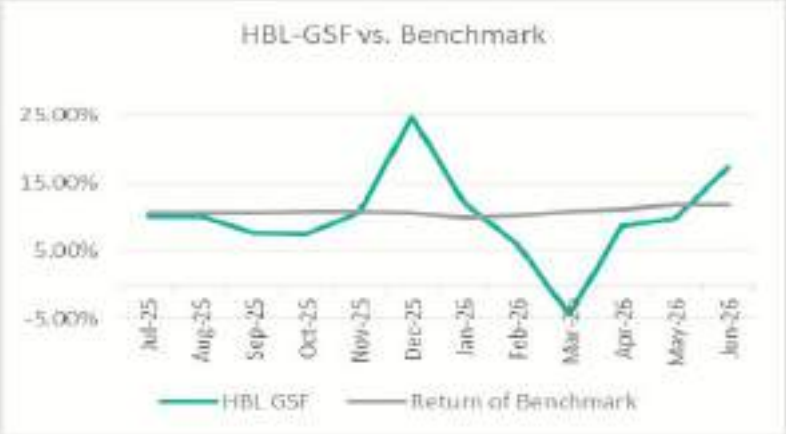

The investment objective of the Fund is to provide consistent returns to its investors through active investments in a blend of short-, medium- and long-term securities issued and / or guaranteed by Government of Pakistan. The Fund will aim to provide superior risk adjusted returns through active duration and liquidity management tools. The investment objective is achieved.

Benchmark and Performance Comparison with Benchmark

The Fund's benchmark is 90% six (6) months KIBOR rates + 10% six (6) months average of the highest rates on savings account of three (3) AA rated scheduled Banks as selected by MUFAP.

The comparison of the fund return with benchmark is given below:

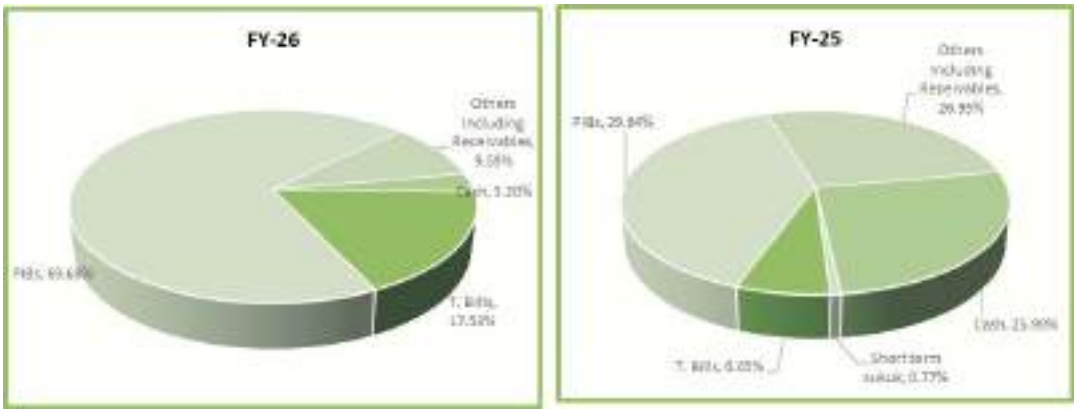

Month	HBL-GSF	Benchmark
Jun-26	17.38%	11.79%
May-26	9.70%	11.80%
Apr-26	8.70%	11.13%

Strategies and Policies employed during the Year

Towards the end of the year, the fund's allocation was increased in PIBs to 69.68% of total assets. Cash balance of 3.20% of total assets was maintained at year end. Additional investments were made in T-bills which made up 17.53% of total assets, respectively. HBL Government Securities Fund posted an annualized return (YTD) of 10.46% against the benchmark return of 10.82% in FY26.

Asset Allocation

Significant Changes in Asset Allocation during the Year

During the year under review, HBL Government Securities Fund maintained minimum exposure of 70% on a monthly basis in T-bills and PIBs as per the regulatory requirement.

Fund Performance

The total income and net income of the Fund was Rs. 587.57 million and Rs. 509.29 million respectively during the year ended June 30, 2026. The Net Asset Value (NAV) per unit of the Fund was Rs. 114.5874 per unit as on June 30, 2026 (after incorporating dividend of Rs. 11.35 per unit) as compared to Rs. 114.0631 per unit as on June 30, 2025, thereby giving an annualized return of 10.46%. During the same period the benchmark (90% 6 Month KIBOR and 10% 6 Month Deposit rates) return was 10.82%. The size of Fund was Rs. 3.74 billion as on June 30, 2026 as compared to Rs. 4.93 billion at the start of the year.

Money Market Review

During the period under review, the State Bank of Pakistan (SBP) adjusted the Policy Rate twice in response to evolving economic conditions and regional developments. The first adjustment took place in December 2025, when the SBP reduced the Policy Rate by 50 basis points (bps) to 10.5%. This was followed by a 100-bps increase in April 2026, bringing the Policy Rate to 11.5% amid heightened regional hostilities. The rate remained unchanged at 11.5% through the end of the period.

Secondary market yields across most tenors increased, driven by rising global oil prices and heightened geopolitical tensions, which reinforced inflation expectations and tightened market sentiment. As a result, yields on the 3-month, 6 months, and 1 year government securities rose by 35 bps, 59 bps, and 74 bps, respectively, while yields on the 3 year and 5-year securities increased by 54 bps and 40 bps, reaching 11.56%, 11.60%, 11.63%, 11.69%, and 11.80%, respectively. The 10-year tenor, by contrast, eased by 11 bps to settle at 12.19%.

The SBP is expected to maintain a cautious stance going forward. Market yields are likely to remain soft amid improved liquidity and the current policy setting; however, any rise in inflation particularly driven by higher oil prices due to prevailing geopolitical conditions could exert upward pressure on yields.

Distribution

The Fund has distributed cash dividend up-to Rs. 11.35 per unit for the year ended June 30, 2026.

Significant Changes in the State of Affairs

There were no significant changes in state of affairs of the Fund.

Breakdown of Unit Holding by Size

TRUSTEE REPORT TO THE UNIT HOLDERS

HBL GOVERNEMENT SECURITIES FUND

Report of the Trustee pursuant to Regulation 41(h) and Clause 8 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of HBL Government Securities Fund (the Fund) are of the opinion that HBL Asset Management Limited, being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2026 in accordance with the provisions of the following:

(i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;

(ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund;

(iii) The management fee, fee payable to Securities & Exchange Commission of Pakistan and other expenses paid from the Fund during the period are in accordance with the applicable regulatory framework; and

(iv) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

INDEPENDENT AUDITOR'S REPORT

To the Unit Holders of HBL Government Securities Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **HBL Government Securities Fund** (the Fund), which comprise the statement of assets and liabilities as at June 30, 2026, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and statement of cash flows for the year then ended and notes to the financial statement comprising material accounting policy information and other explanatory information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2026, and of its financial performance and its cash flows for the year then ended in accordance with accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund and HBL Asset Management Limited (the Management Company) in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

Key audit matter is the matter that, in our professional judgment, was of most significance in our audit of the financial statements of the current year. This matter was addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter.

S. No.	Key audit matter	How the matter was addressed in our audit
1	**Valuation and existence of investments** The investments constitute the most significant component of net asset value (NAV). The investments of the Fund as at June 30, 2026, amounted to Rs. 3,337.641 million. The existence and proper valuation of the investment for the determination of NAV of the fund as at June 30, 2026, was considered a high risk area and therefore we considered this as a key audit matter.	We performed the following procedures during our audit of investments: • obtained the Investors' Portfolio Securities Account Statements for verifying the existence of the government securities portfolio as at June 30, 2026; and • re-performed valuation to assess that investments are carried out as per the valuation methodology specified in the accounting policies.

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of Directors of the Management Company are responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with Board of Directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Board of Directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with Board of Directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Hana Sadiq**.

1. LEGAL STATUS AND NATURE OF BUSINESS

1.1 HBL Government Securities Fund ("the Fund") was established under a Trust Deed executed between HBL Asset Management Limited as the Management Company and Central Depository Company of Pakistan Limited (CDC / Trustee) as the Trustee. The Fund was approved by the Securities and Exchange Commission of Pakistan (SECP) vide its letter No. NBFC-II/DD/PICICIF/199 dated March 10, 2010 and the Trust Deed was executed on March 17, 2010.

1.2 The Trust Act, 1882 has been repealed due to the promulgation of Provincial Trust Act namely "Sindh Trusts Act, 2020" (the Sindh Trusts Act) as empowered under the Eighteenth Amendment to the Constitution of Pakistan. Accordingly, on August 24, 2021, the above-mentioned Trust Deed has been registered under the Sindh Trusts Act.

1.3 Effective from September 01, 2016, HBL Asset Management Limited became Management Company of the Fund which is a wholly owned subsidiary of Habib Bank Limited. The Aga Khan Fund For Economic Development S.A (AKFED), is the parent company of Habib Bank Limited.

1.4 The Management Company of the Fund has been registered as a Non-Banking Finance Company (NBFC) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (NBFC Rules) and has obtained the requisite license from the SECP to undertake Asset Management Services. The registered office of the Management Company is at 7th Floor, Emerald Tower, G-19, Block 5, Main Clifton Road, Clifton, Karachi.

1.5 The Fund has been categorised as a Sovereign Income Scheme as per the criteria laid down by the SECP for categorisation of open-end Collective Investment Schemes (CISs).The Fund is an open-ended sovereign income scheme and is listed on Pakistan Stock Exchange Limited (PSX). The units of the Fund were initially offered for public subscription at par value of Rs. 100 per unit from December 11, 2010 to December 13, 2010. Thereafter, the units are offered to the public for subscription on a continuous basis and are transferable and redeemable by surrendering them to the Fund.

1.6 The investment objective of the Fund is to provide consistent returns to its investors through active investments in a blend of short, medium and long term securities issued and / or guaranteed by Government of Pakistan and other corporate debt instruments. The Fund will aim to provide superior risk adjusted returns through active duration and liquidity management tools.

1.7 VIS Credit Rating company has assigned a management quality rating of AM1 to the HBL Asset Management Company Limited (the management company) at December 31, 2025 and assigned stability rating of AA-(f) to the Fund dated December 29, 2025.

1.8 Title to the assets of the Fund is held in the name of CDC as Trustee of the Fund.

2. BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of :

- IFRS Accounting Standards issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017 (the Act);
- Provisions of, directives and notifications issued under the Act along with part VIIIA of the repealed Companies Ordinance, 1984; and
- NBFC Rules, Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations).

Where provisions of and directives issued under the Act, Part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRS, the provisions of and directives issued under the Act, Part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

2.2 New amendment that is effective for the year ended June 30, 2026

The following amendment is effective for the year ended June 30, 2026. This amendment is not relevant to the Fund's operations.

- Amendments to IAS 21 'The Effects of Changes in Foreign Exchange Rates' - Clarification on how entity accounts when there is long term lack of Exchangeability

2.3 Standards and amendments to IFRS that are not yet effective

The following standards and amendments are effective for accounting periods, beginning on or after the date mentioned against each of them. These standards and amendments are either not relevant to the Fund's operations or are not expected to have significant impact on the Fund's financial statements other than certain additional disclosures except those mentioned in note 2.3.1.

	Effective from accounting period beginning on or after
Amendments IFRS 9 and IFRS 7 regarding the classification and measurement of financial instruments	January 01, 2026
Annual improvements to IFRS Accounting Standards (related to IFRS 1, IFRS 7, IFRS 9, IFRS 10 and IAS 7)	January 01, 2026
Amendments IFRS 9 'Financial Instruments' and IFRS 7 'Financial instruments disclosures' - Contracts Referencing Nature-dependent Electricity	January 01, 2026
IFRS 17 – 'Insurance Contracts' (including the June 2020 and December 2021 Amendments to IFRS 17)	January 01, 2027
IFRS 18 'Presentation and Disclosures in Financial Statements'	January 01, 2027
IFRS 19 'Subsidiaries without Public Accountability: Disclosures'	January 01, 2027

2.3.1 In April 2024, the IASB issued IFRS 18, which replaces IAS 1 Presentation of Financial Statements. IFRS 18 introduces new requirements for presentation within the income statement, including specified totals and subtotals. Furthermore, entities are required to classify all income and expenses within the income statement into one of five categories: operating, investing, financing, income taxes and discontinued operations, whereof the first three are new.

The standard requires disclosure of newly defined management-defined performance measures, subtotals of income and expenses, and it also includes new requirements for aggregation and disaggregation of financial information based on the identified 'roles' of the primary financial statements (PFS) and the notes.

IFRS 18, and the amendments to the other standards, are effective for reporting periods beginning on or after 1 January 2027, but earlier application is permitted and must be disclosed. IFRS 18 will apply retrospectively.

Other than the aforesaid standards and amendments, IASB has also issued the following standards which have not been adopted locally by the Securities and Exchange Commission of Pakistan:

- IFRS 1 – First Time Adoption of International Financial Reporting Standards
- IFRS 20 Regulatory Assets and Regulatory Liabilities

2.4 Use of judgments and estimates

The preparation of these financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make estimates, judgments and assumptions that affect the reported amount of assets, liabilities, income and expenses. It also requires the management to exercise judgment in application of accounting policies. The estimates, judgments and associated assumptions are based on the historical experience and various other factors that are believed to be reasonable under the circumstances. Revisions to accounting estimates are recognised in the year in which the estimates are revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The areas involving a degree of judgment or complexity, or areas where estimates and assumptions are significant to the financial statements are as follows:

- Classification and measurement of financial assets (notes 3.2.1.1 and 5)
- Impairment of financial assets (note 3.1.1.3)
- Provision (note 3.4)
- Taxation (notes 4.4 and 15)
- Classification and measurements of financial liabilities (note 3.1.2.1)
- Contingencies and commitments (note 12)

2.5 Basis of measurement

These financial statements have been prepared under the historical cost convention, except for the investments which are measured at fair value.

2.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistan Rupees which is the Fund's functional and presentation currency.Amounts presented in the financial statements have been rounded off to the nearest thousand rupees, unless otherwise stated.

3. MATERIAL ACCOUNTING POLICY INFORMATION

The principal accounting policies applied in the preparation of these financial statements are set out below. These accounting policies have been consistently applied, unless otherwise stated.

3.1 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised in the Fund's statement of assets and liabilities when the Fund becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at 'fair value through profit or loss' are recognised immediately in the Income statement.

3.1.1 Financial assets

3.1.1.1 Classification and measurement of financial assets

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the entity's business model for managing them.

All recognised financial assets are measured subsequently in their entirety at either amortised cost or fair value, depending on the classification of the financial assets. For purposes of subsequent measurement, financial assets are classified in following categories:

Financial assets at amortised cost (debt instruments)

Financial assets at amortised cost are subsequently measured using the effective interest rate (EIR) method and are subject to impairment. Gains and losses are recognised in the income statement when the asset is derecognised, modified or impaired.

Financial assets at fair value through other comprehensive income (debt instruments)

For debt instruments at fair value through other comprehensive income (FVOCI), interest income and impairment losses or reversals are recognised in the income statement and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in other comprehensive income in statment of comprehensive income. Upon derecognition, the cumulative fair value change recognised in other comprehensive income is reclassified to the Income statement.

Financial assets at fair value through profit or loss (debt instruments)

Debt instruments that do not meet the amortised cost criteria or the FVOCI criteria are classified as at FVTPL. In addition, debt instruments that meet either the amortised cost criteria or the fair value through other comprehensive income criteria may be designated as at fair value through profit or loss upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency (so called 'accounting mismatch') that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. Fund has opted to recognised all its debt instruments at fair value through profit or loss (FVTPL).

3.1.1.2 Fair value measurement principles

The fair value of financial instruments is determined as follows:

Basis of valuation of government debt securities:

The government securities not listed on a Pakistan Stock Exchange (PSX) and traded in the interbank market are valued at the average rates quoted on a widely used electronic quotation system (PKRV / PKFRV / PKISRV) which are based on the remaining tenor of the securities. Moreover, listed government securities traded on PSX are valued at rates quoted on PSX.

Basis of valuation of debt securities:

The fair value of debt securities (other than government securities) is based on the value determined and announced by Mutual Funds Association of Pakistan (MUFAP) in accordance with the criteria laid down in Circular No. 1 of 2009 and Circular No. 33 of 2012 issued by SECP. In the determination of the rates, MUFAP takes into account the holding pattern of these securities and categorises them as traded, thinly traded and non-traded securities. The aforementioned circular also specifies the valuation process to be followed for each category as well as the criteria for the provisioning of non-performing debt securities.

The Fund applies discretion on the effective yield as per the allowable limits in the above mentioned Circulars after taking into account aspects such as Liquidity Risk, Sector Specific Risk and Issuer Class Risk.

The allowable limits for rated securities for duration upto 2 years is +200/-100 bps and over 2 years is +150/-50 bps. For unrated securities the allowable limit is +50 bps.

3.1.1.3 Impairment of financial assets

The Management Company assesses at each reporting date whether there is objective evidence that the Fund's financial assets or a group of financial assets are impaired. If any such indication exists, the recoverable amount of such assets is estimated. An impairment loss is recognised whenever the carrying value of an asset exceeds its recoverable amount.

SECP through its letter no. SCD/AMCW/RS/MUFAP/2017-148 dated November 21, 2017 has deferred the applicability of the impairment requirements of IFRS 9 for debt securities on mutual funds. Therefore, the Fund will not be subject to the impairment provisions of IFRS 9 until further instruction.

For financial assets other than debt securities measured at amortised cost, IFRS 9 requires recognition of impairment based on expected credit loss (ECL) model. Under IFRS 9, the Fund is required to measure loss allowance equal to an amount equal to lifetime ECL or 12 months ECL based on credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Fund considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Fund's historical experience and informed credit assessment and including forward-looking information.

However, majority of the assets of the Fund exposed to credit risk pertain to counter parties which have high credit rating or where credit risk has not been increased since initial recognition. Therefore, management believes that the impact of ECL would be very minimal and hence, the same has not been accounted for in these financial statements.

3.1.1.4 Regular way contracts

Regular purchases and sales of financial assets are recognised on the trade date - the date on which the Fund commits to purchase or sell the asset.

3.1.1.5 Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Fund's statement of assets and liabilities) when:

- the rights to receive cash flows from the asset have expired; or
- the Fund has transferred its rights to receive cash flows from the asset and substantially all the risks and rewards of the asset.

3.1.2 Financial liabilities

3.1.2.1 Classification and measurement of financial liabilities

All financial liabilities are measured subsequently at amortised cost using the EIR method or at fair value through profit or loss.

Financial liabilities are measured at amortised cost, unless they are required to be measured at FVTPL (such as instruments held for trading) or the Fund has opted to measure them FVTPL.

3.1.2.2 Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Income statement.

3.1.3 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets and liabilities if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

3.2 Cash and cash equivalents

Cash and cash equivalents comprise of bank balances and short term highly liquid investments with original maturity of three months or less, which are readily convertible to known amounts of cash, are subject to an insignificant risk of changes in value.

3.3 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Provisions, if any, are regularly reviewed and adjusted to reflect the current best estimate.

3.4 Taxation

The income of the Fund is exempt from income tax under Clause 99 of Part I of the Second Schedule to the ITO, 2001 subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by accumulated losses and capital gains, whether realised or unrealised, is distributed to the unit holders as cash dividend.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under Clause 11A of Part IV of the Second Schedule to the ITO, 2001.

3.5 Dividend distribution and appropriations

Dividend distributions and appropriations are recorded in the period in which these are approved by the Board of Directors (the Board) of the Management Company. Based on MUFAP's guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Regulation 63 of the NBFC Regulations requires the Fund to distribute 90% of the net accounting income other than capital gains to the unit holders.

Distributions declared subsequent to the year end / reporting date are considered as non-adjusting events and are recognised in the financial statements of the period in which such distributions are declared and approved by the Board of the Management Company.

3.6 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management company for the applications received by the distributors during business hours on that day. The offer price represents the net assets value per unit as of the close of the business day plus the allowable sales load, provision for transaction costs and any provision for duties and charges, if applicable.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors receive redemption applications during business hours of that day. The redemption price represents the net assets value per unit as of the close of the business day less any back-end load (if applicable), any duties, taxes, charges on redemption and any provision for transaction costs, if applicable. Redemption of units is recorded on acceptance of application for redemption.

3.7 Element of income

Element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. Element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

3.8 Net assets value per unit

The net assets value (NAV) per unit as disclosed in the statement of assets and liabilities is calculated by dividing the net assets of the Fund by the number of units in issue at the year end.

3.9 Revenue recognition

- Gain or loss on sale of investment is accounted for in the income statement in the period in which it arises.
- Unrealised gain / loss arising on re-measurement of investments classified as 'at fair value through profit or loss' is included in the income statement in the period in which it arises.

- Income / profit from investments in term finance certificates / sukuks, and government securities is recognised on a time proportionate basis using effective interest rate method.

- Profit on bank balances is recognised on a time proportionate basis using bank's approved rates.

3.10 Expenses

All expenses chargeable to the Fund including remuneration of Management Company, Trustee fee, SECP fee are recognised in the income statement on an accrual basis.

3.11 Earnings per unit

Earnings per unit (EPU) has not been disclosed as in the opinion of the management, determination of weighted average units for calculating EPU is not practicable.

		113,890	158,882

6.1 These includes Rs. 3 million (June 30, 2025: Rs. 3.075 million) receivable from Habib Bank Limited and Rs. 0.46 million (June 30, 2025: Rs. 6.119 million) receivable from HBL Microfinance Bank Limited, both are related parties.

			June 30, 2026	June 30, 2025
7.	**ADVANCES, DEPOSITS AND PREPAYMENTS**	**Note**	**------ (Rupees in '000) ------**	
	Security deposits with:			
	Central Depository Company of Pakistan Limited		**100**	100
	National Clearing Company of Pakistan limited		**1,066**	1,066
	Prepaid expenses	7.1	**331**	323
	Advance tax	7.2	**1,004**	903
			2,501	2,392

7.1 This includes prepaid expenses recognised in respect of rating fee.

7.2 The income of the Fund is exempt from tax under Clause 99 of Part I of the Second Schedule of the ITO, 2001. Further, the Fund is exempt under clause 47(B) of Part IV of Second Schedule of ITO, 2001 from withholding of tax under section 150, 151 and 233 of ITO, 2001.

The Federal Board of Revenue through a circular "C.No.1 (43) DG (WHT)/ 2008-Vol.II- 66417-R" dated May 12, 2015, made it mandatory to obtain exemption certificates under Section 159 (1) of the ITO, 2001 from Commissioner Inland Revenue (CIR). However, various withholding agents have deducted advance tax under section 151 of ITO, 2001. The Management Company is confident that the same will be refunded and return application has been filed till tax year 2021.

			June 30, 2026	June 30, 2025
8.	**PAYABLE TO THE MANAGEMENT COMPANY**	**Note**	**------- (Rupees in '000) -------**	
	Remuneration payable to the Management Company	8.1	**4,976**	9,775
	Sindh sales tax on Management Company's remuneration	8.2	**746**	1,466
	Sales load payable		**470**	817
	Selling and marketing expense payable		**-**	2
			6,192	12,060

8.1 Pursuant to the amendments in the NBFC Regulations by SECP vide Notification S.R.O. 600(I)/2025 dated April 10, 2025, the management fee for a Income Scheme is capped at 1.50% per annum, calculated on the basis of the average daily net assets, effective from July 1, 2025. During the period, the Management Company has charged management fees at a rate of 1% to 1.5% of the Fund's net assets, calculated on a daily basis. The management fee is payable to the Management Company on a monthly basis in arrears.

8.2 The Sindh Government has levied Sindh sales tax at the rate of 15% (June 30, 2025: 15%) on the remuneration of the Management Company through Sindh Sales Tax on Services Act, 2011.

		June 30, 2026	June 30, 2025
9. PAYABLE TO THE TRUSTEE	**Note**	**------- (Rupees in '000) -------**	
Trustee fee payable	9.1	**182**	276
Sindh Sales Tax on remuneration of the Trustee	9.2	**27**	41
		209	317

9.1 Trustee entitled to a remuneration at the rate of 0.055% per annum of the net assets to be paid monthly in arrears.

9.2 The Provincial Government of Sindh has levied Sindh sales tax at the rate of 15% (June 30, 2025: 15%) on the Trustee fee through the Sindh Sales Tax on Services Act, 2011.

		June 30, 2026	June 30, 2025
10. PAYABLE TO SECP	**Note**	**------- (Rupees in '000) -------**	
SECP fee payable	10.1	**244**	507

10.1 The Fund has charged SECP fee at the rate of 0.075% of the average daily net assets of the Fund which is paid on a monthly basis in arrears.

		June 30, 2026	June 30, 2025
11. ACCRUED EXPENSES AND OTHER LIABILITIES	**Note**	**------- (Rupees in '000) -------**	
Withholding tax payable		**23,850**	86,357
Capital gain tax payable		**5,078**	76,021
Provision for Federal Excise Duty (FED)	11.1	**15,531**	15,531
Zakat payable		**29**	495
Brokerage payable		**-**	459
Auditors' remuneration		**1,096**	311
Others		**954**	1,281
		46,538	180,455

11.1 The Finance Act, 2013 enlarged the scope of FED on financial services to include Asset Management Companies (AMCs) with effect from June 13, 2013. As the asset management services rendered by the Management Company of the Fund were already subject to provincial sales tax on services levied by the Sindh Revenue Board, which is being charged to the Fund, the Management Company was of the view that further levy of FED was not justified.

On September 04, 2013, a Constitutional Petition was filed in the Sindh High Court (SHC) jointly by various asset management companies, together with their representative Collective Investment Schemes through their trustees, challenging the levy of FED.

On July 16, 2016, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

With effect from July 01, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

However, since the appeal filed by the tax authorities is pending in the Supreme Court of Pakistan, the Management Company, being prudent, has retained a provision for FED on remuneration of Management Company, aggregating to Rs. 15.531 million (June 30, 2025: Rs. 15.531 million). Had the provision not been made, the net asset value per unit of the Fund as at June 30, 2026 would have been higher by Re. 0.476 per unit (June 30, 2025: Re. 0.359 per unit).

12. CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments as at June 30, 2026 and June 30, 2025.

13. NUMBER OF UNITS IN ISSUE	**June 30, 2026**	June 30, 2025
	------- (Number of units)-------	
Movement during the year		
Total units in issue at the beginning of the year	**43,182,914**	18,158,584
Add: Units issued	**121,829,082**	365,421,180
Less: Units redeemed	**132,372,831**	340,396,850
Total units in issue at the end of the year	**32,639,165**	43,182,914

14. AUDITORS' REMUNERATION	**June 30, 2026**	June 30, 2025
	-------- (Rupees in '000) --------	
Annual audit fee	**534**	438
Half yearly review fee	**229**	188
Other certifications and services	**73**	60
Out of pocket expenses	**102**	83
	938	769
Sindh sales tax	**75**	62
	1,013	831

15. TAXATION

The income of the Fund is exempt from income tax under Clause 99 of Part I of the Second Schedule to the ITO, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by accumulated losses and capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. The Fund is also exempt from the provisions of Section 113 (minimum tax) under Clause 11A of Part IV of the Second Schedule to the ITO, 2001.

Since the management distributed the income available for distribution by the Fund to the unit holders in cash in the manner as explained above accordingly, no provision for taxation has been made in these financial statements.

16. TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund for the year ended June 30, 2026 is 1.38% (2025: 2.12%) which includes 0.23% (2025: 0.34%) representing government levies on the Fund such as sales taxes, annual fee of SECP, etc. However, Pursuant to the amendments in the NBFC Regulations by SECP vide Notification S.R.O. 600(I)/2025 dated April 10, 2025, the maximum TER limits have been lifted by the SECP applicable to Collective \ Investment Schemes, effective from July 01, 2025.

17. TRANSACTIONS AND BALANCES OUTSTANDING WITH CONNECTED PERSONS / RELATED PARTIES

Related parties / connected persons of the Fund include HBL Asset Management Limited (being the Management Company) and its related entities, the Central Depository Company of Pakistan Limited (being the Trustee of the Fund), other CISs and pension schemes managed by the Management Company, any entity in which the Management Company, its CISs or their connected persons have material interest, any person or trust beneficially owning (directly or indirectly) ten percent or more of the capital of the Management Company or the net assets of the Fund and directors and their close family members, key management personnel and officers of the Management Company.

Transactions with connected persons are in the normal course of business, at contracted rates and terms determined in accordance with market rates.

Remuneration of the Management Company and the Trustee is determined in accordance with the provisions of the NBFC Regulations and the Trust Deed respectively.

Transactions and balances with parties who were connected persons due to holding 10% or more units in the comparative year and not in the current year are not disclosed in the comparative year.

The details of transactions carried out by the Fund with connected persons / related parties and balances with them at the year end are as follows:

18. FAIR VALUE OF FINANCIAL INSTRUMENTS

IFRS 13 - 'Fair Value Measurement' establishes a single source of guidance under IFRS for all fair value measurements and disclosures about fair value measurement where such measurements are required as permitted by other IFRSs. It defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price).

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the close of trading i.e. period end date. The estimated fair value of all other financial assets and financial liabilities is considered not significantly different from book value as these are short term in nature.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

The following table shows financial instruments recognised at fair value, based on:

Levels	Description	Valuation approach and input used
Level 1:	Quoted prices in active markets for identical assets or liabilities	Listed government securities traded on PSX are valued at revaluation rates disseminated by PSX. The fair value of debt securities (other than government securities) is based on the value determined and announced by MUFAP.
Level 2:	Those involving inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices)	The government securities not listed on a stock exchange and traded are valued at the average rates quoted on electronic quotation system (PKRV / PKFRV / PKISRV). For Debt securities for which MUFAP valuation is not available are valued at face value of the securities.
Level 3:	Those with inputs for the asset or liability that are not based on observable market data (unobservable inputs).	The Fund applies discretion on the effective yield as per the allowable limits. The allowable limits for rated securities for duration upto 2 years is +200/-100 bps and over 2 years is +150/50 bps. For unrated securities the allowable limits +50 bps.

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy.

Particular	June 30, 2026						
	Carrying amount			Fair value			
	Fair value through profit or loss	At amortised cost	Total	Level 1	Level 2	Level 3	Total

	-	14,191	14,191				

During the year ended June 30, 2025, there were no transfers between levels of fair value measurements, and no transfer into and out of level 3 fair value measurements.

19. FINANCIAL RISK MANAGEMENT

The Fund's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Fund's financial performance.

The Fund's activities expose it to a variety of financial risks: market risk (including currency risk, interest rate and other price risk), credit risk and liquidity risk. Risk of the Fund are being managed by the Management Company in accordance with the approved policies of the investment committee which provide broad guidelines for management of above mentioned risks. The Board of the Management Company has overall responsibility for the establishment and oversight of the Fund's risk management framework.

19.1 Market risk

Market risk is the risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Board of the Management Company and the regulations laid down by the SECP, the NBFC Regulations and the NBFC Rules.

Market risk comprises of three types of risk: currency risk, interest rate risk and other price risk.

19.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Fund, at present is not exposed to currency risk as all transactions are carried out in Pakistan Rupees.

19.1.2 Interest rate risk

Yield / interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As of June 30, 2025, the Fund is exposed to such risk on bank balances, investments in term finance certificates and government securities. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

As of June 30, 2026 details of Fund's interest bearing financial instruments were as follows:

	Note	June 30, 2026	June 30, 2025
		--------(Rupees in 000)--------	
Variable rate instrument (financial asset)			
Bank balances	4	**376,343**	1,308,525
Term finance certificates - unlisted securities	5.1	**-**	60,000
		376,343	1,368,525
Fixed rate instruments (financial assets)			
Market Treasury Bills	5.1	**670,779**	516,016
Pakistan Investment Bonds	5.1	**2,666,862**	3,074,395
		3,337,641	3,590,411

a) Sensitivity analysis for variable rate instruments

The Fund is exposed to cash flow interest rate risk for balances in certain savings accounts, the interest rates on which range between 11% to 13.15% per annum (June 30, 2025: 9% to 11.50% per annum), and investments in term finance certificates, the interest rate on which range between Nil per annum (June 30, 2025: 12.28% to 23.14%).

In case of 100 basis points increase / decrease in interest rates on June 30, 2026, with all other variables held constant, the net income for the year and the net assets would have been higher / lower by Rs. 3.763 million (June 30, 2025: Rs.13.685 million).

b) Sensitivity analysis for fixed rate instruments

The Fund's investment in Market Treasury Bills and Pakistan Investment Bonds exposes it to fair value interest rate risk.

In case of 100 basis points increase / decrease in interest rates on June 30, 2026, with all other variables held constant, the net income for the year and the net assets would have been higher / lower by Rs. 33.376 million (June 30, 2025: 35.904 million).

The composition of the Fund's investment portfolio and rates announced by Financial Market Association of Pakistan is expected to change over time. Therefore, the sensitivity analysis prepared as of June 30, 2026 is not necessarily indicative of the effect on the Fund's net assets of future movements in interest rates.

The Fund's interest rate sensitivity related to financial assets and financial liabilities as at June 30, 2026 can be determined as follows:

Particulars	June 30, 2026					
	Effective yield / interest rate	Exposed to yield / interest rate risk			Not exposed to yield / interest rate risk	Total
		Upto three months	More than three months and upto one year	More than one year

19.1.3 Price risk

Price risk is a risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. Currently, the Fund does not hold any security which exposes the Fund to price risk.

19.2 Credit risk

Credit risk represents the risk of loss if counterparties fail to perform as contracted. The Fund is exposed to counter party credit risks on investments in term finance certificates, bank balances and other financial assets at amortised cost. The credit risk on the Fund is limited because the counterparties are financial institutions with reasonably high credit ratings.

The Fund has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. This information is supplied by independent rating agencies, where available, and if not available, the Fund uses other publicly available financial information. The Fund's exposure and the credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties.

Credit risk from bank balances and investment in term finance certificate (note 5.2) is managed in accordance with the Fund's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are approved by the Board. The limits are set to minimise the concentration of risk and therefore mitigate financial loss through potential counterparty failure.

The Fund's maximum exposure to credit risk is the carrying amounts of following financial assets.

		June 30, 2026		June 30, 2025	
		Balance as per statement of assets and liabilities	**Maximum exposure to credit risk**	Balance as per statement of assets and liabilities	Maximum exposure to credit risk

	100	100

Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is mainly concentrated in Government securities, term finance certifiates and bank balances, while the remaining transactions are entered into with diverse credit-worthy counterparties, thereby mitigating any significant concentration of credit risk to counterparties.

Settlement risk

The Fund's activities may give rise to risk at the time of settlement of transactions. Settlement risk is the risk of loss due to the failure of counter party to honour its obligations to deliver cash, securities or other assets as contractually agreed. Credit risk relating to unsettled transactions in securities is considered to be minimal as the Fund uses brokers with high creditworthiness and the transactions are settled or paid for only upon delivery using the central clearing system.

19.3 Liquidity risk

Liquidity risk is a risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily cash redemptions, if any, at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Fund's reputation. Its policy is therefore to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

In order to manage the Fund's overall liquidity, the Fund also has the ability to withhold daily redemption requests in excess of 10% of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below 10% of the units then in issue. However, no such instances were witnessed by the Fund during the current year (2025: None).

The table below analyses the Fund's financial liabilities into relevant maturity groupings based on the remaining period at the reporting date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

20. UNITS HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by the net assets attributable to unit holders / redeemable units. The amount of net assets attributable to unit holders can change significantly on a daily basis as the Fund is subject to daily issuance and redemptions at the discretion of unit holders. These unit holders of the Fund are entitled to distributions and to payment of a proportionate share based on the Fund's net asset value per unit on the redemption date. The relevant movements are shown on the statement of movement in unit holders' fund. Unit holders fund risk management is carried out by the Management Company through following steps:

- Monitors the level of daily issuance and redemptions relative to the liquid assets and adjusts the amount of distributions the Fund pays to the unit holders;

- Redeems and issues units in accordance with the constitutive documents of the Fund. This includes the Fund's ability to restrict redemptions; and

- The Fund Manager / Investment Committee members and the Chief Executive Officer of the Management Company critically track the movement of 'Assets under Management'. The Board is updated regarding key performance indicators, e.g. yield and movement of NAV and total Fund size at the end of each quarter.

The Fund has maintained and complied with the requirements of minimum fund size of Rs.100 million during the current year.

Type and Category of Fund

Open end Money Market Fund

Investment Objective and Accomplishment of Objective

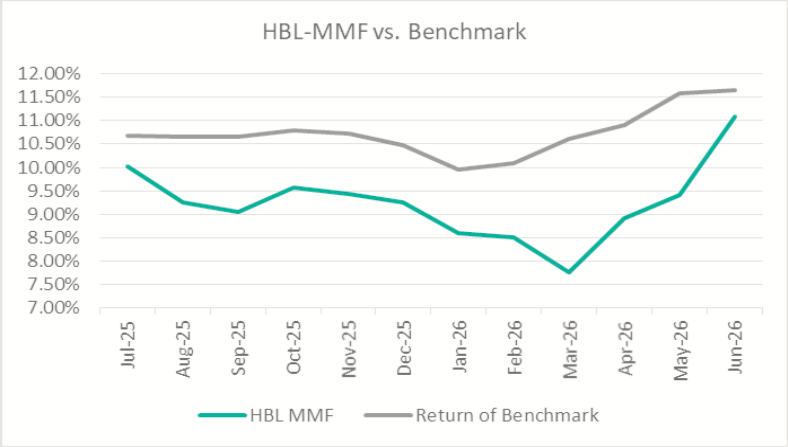

The investment objective of the Fund is to seek high liquidity and competitive return for investors by investing in low-risk securities of shorter duration and maturity. The investment objective is achieved.

Benchmark and Performance Comparison with Benchmark

The Fund's benchmark is 90% three (3) months PKRV rates + 10% three (3) months average of the highest rates on savings account of three (3) AA rated scheduled Banks as selected by MUFAP.

The comparison of the fund return with benchmark is given below:

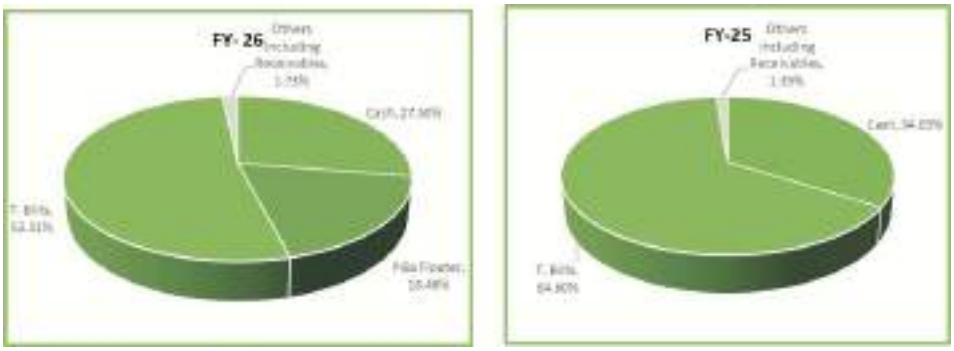

Month	HBL-MMF	Benchmark
Jun-26	11.08%	11.64%
May-26	9.42%	11.59%
Apr-26	8.92%	10.90%
Mar-26	7.77%	10.61%
Feb-26	8.51%	10.09%
Jan-26	8.61%	9.95%
Dec-25	9.25%	10.48%
Nov-25	9.44%	10.73%
Oct-25	9.56%	10.78%
Sept-25	9.05%	10.66%
Aug-25	9.26%	10.65%
Jul-25	10.03%	10.68%

Strategies and Policies employed during the Year

As at June 30, 2026, the fund's major investments were in short term Treasury Bills comprising 52.31% of total assets and as placements in DPAs making up 27.50% of total assets. HBL Money Market Fund posted an annualized return (YTD) of 9.64% against the benchmark return of 10.73% in FY26. In-line with the investment policy of the Fund, major investments were in the form of short maturity T-Bills.

Asset Allocation

Significant Changes in Asset Allocation during the Year

No major changes were made in asset allocation during the year due to nature of the fund. The fund was majorly invested in short term Government Securities and held cash balance in Daily Product Accounts.

Fund Performance

The total income and net income of the Fund was Rs. 3.84 billion and Rs. 3.27 billion respectively during the year ended June 30, 2026. The Net Asset Value (NAV) per unit of the Fund was Rs. 103.9148 per unit as on June 30, 2026 (after incorporating dividend of Rs. 9.65 per unit) as compared to Rs. 103.6024 per unit as on June 30, 2025, thereby giving an annualized return of 9.64%. During the period the benchmark (90% 3M PKRV & 10% 3M deposit rates) return was 10.73%. The size of Fund was Rs. 46.78 billion as on June 30, 2026 as compared to Rs.28.52 billion at the start of the year.

Market Review

During the period under review, the State Bank of Pakistan (SBP) adjusted the Policy Rate twice in response to evolving economic conditions and regional developments. The first adjustment took place in December 2025, when the SBP reduced the Policy Rate by 50 basis points (bps) to 10.5%. This was followed by a 100-bps increase in April 2026, bringing the Policy Rate to 11.5% amid heightened regional hostilities. The rate remained unchanged at 11.5% through the end of the period.

Secondary market yields across most tenors increased, driven by rising global oil prices and heightened geopolitical tensions, which reinforced inflation expectations and tightened market sentiment. As a result, yields on the 3-month, 6 months, and 1 year government securities rose by 35 bps, 59 bps, and 74 bps, respectively, while yields on the 3 year and 5-year securities increased by 54 bps and 40 bps, reaching 11.56%, 11.60%, 11.63%, 11.69%, and 11.80%, respectively. The 10-year tenor, by contrast, eased by 11 bps to settle at 12.19%.

The SBP is expected to maintain a cautious stance going forward. Market yields are likely to remain soft amid improved liquidity and the current policy setting; however, any rise in inflation particularly driven by higher oil prices due to prevailing geopolitical conditions could exert upward pressure on yields.

Distribution

The Fund has distributed cash dividend up-to Rs. 9.65 per unit for the year ended June 30, 2026.

Significant Changes in the State of Affairs

There were no significant changes in the state of affairs during the year under review.

Breakdown of Unit Holding by Size

From – To (Number of units)	Number of Unit Holders	Total Number of Units Held

TRUSTEE REPORT TO THE UNIT HOLDERS

HBL MONEY MARKET FUND

Report of the Trustee pursuant to Regulation 41(h) and Clause 8 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of HBL Money Market Fund (the Fund) are of the opinion that HBL Asset Management Limited, being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2026 in accordance with the provisions of the following:

(i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;

(ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund;

(iii) The management fee, fee payable to Commission and other expenses paid from the Fund during the period are in accordance with the applicable regulatory framework; and

(iv) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

Badiuddin Akber
Chief Executive Officer
Central Depository Company of Pakistan Limited

Karachi, September 28, 2026

pwc A.F.FERGUSON&CO.

INDEPENDENT AUDITOR'S REPORT

To the Unit holders of HBL Money Market Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of HBL Money Market Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2026, and the income statement, the statement of comprehensive income, statement of movements in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2026, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S.No.	Key Audit Matter	How the matter was addressed in our audit
1	**Net Asset Value (NAV)** (Refer notes 4 and 5 to the financial statements)	
	The bank balances and investments constitute the most significant components of the net asset value. The bank balances aggregated to Rs. 12,990.448 million and investments of the Fund amounted to Rs. 34,200.918 million as at June 30, 2026. The existence of bank balances and the existence and proper valuation of investments for the determination of NAV of the Fund as at June 30, 2026 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: • Obtained independent confirmations for verifying the existence of the bank balances and investment portfolio as at June 30, 2026 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed; • Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies; and • Obtained bank reconciliation statements and tested reconciling items on a sample basis.

Information Other than the Financial Statements and Auditor's Report Thereon

The Management Company (HBL Asset Management Limited) is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Management Company and Board of Directors of Management Company for the Financial Statements

The Management Company (HBL Asset Management Limited) is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management Company is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of Directors of the Management Company is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management Company.

pwc A·F·FERGUSON&CO.

- Conclude on the appropriateness of Management Company's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Board of Directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with Board of Directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

a) the financial statements have been properly prepared in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations 2008;

b) proper books and records have been kept by the Collective Investment Scheme or the financial statements prepared are in agreement with the books and records of Collective Investment Scheme; and

c) we were able to obtain all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of the audit.

The engagement partner on the audit resulting in this independent auditor's report is **Noman Abbas Sheikh.**

The annexed notes 1 to 29 form an integral part of these financial statements.

For HBL Asset Management Limited
(Management Company)

Chief Financial Officer	Chief Executive Officer	Director

1. LEGAL STATUS AND NATURE OF BUSINESS

1.1 HBL Money Market Fund (the Fund) is an open-ended mutual fund constituted under a Trust Deed entered between HBL Asset Management Limited as the Management Company and Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Trust Deed was executed under the Trust Act, 1882 on March 18, 2010 and was approved by the Securities and Exchange Commission of Pakistan (SECP) on April 9, 2010. During the year ended June 30, 2021, the Trust Act, 1882 was repealed due to the promulgation of Provincial Trust Act namely "Sindh Trusts Act, 2020" (the Sindh Trust Act) as empowered under the Eighteenth Amendment to the Constitution of Pakistan. Accordingly, on August 24, 2021, the above-mentioned Trust Deed was registered under the Sindh Trust Act.

1.2 The Management Company of the Fund has been registered as Non-Banking Finance Company (NBFC) under the NBFC Rules and has obtained the requisite license from the SECP to undertake Asset Management Services. The registered office of the Management Company is situated at 7th Floor, Emerald Tower, G-19, Block-5, Main Clifton Road, Clifton, Karachi, Pakistan.

1.3 The Fund is an open ended mutual fund categorised as 'Money Market Scheme' and offers units for public subscription on a continuous basis. The units are transferable and can also be redeemed by surrendering to the Fund. The Fund is listed on the Pakistan Stock Exchange. The units of the Fund were initially offered for public subscription at par from July 12, 2010 to July 14, 2010.

1.4 The principal objective of the Fund is to seek high liquidity and competitive return for investors by investing in low risk securities of shorter duration and maturity.

1.5 VIS Credit Rating Company Limited (VIS) has reaffirmed the Management Quality Rating at 'AM1' December 31, 2025 (June 30, 2025: 'AM1' dated December 31, 2024) and the outlook on the assigned rating remains 'Stable' (2025: 'Stable') and the Fund stability rating has been reaffirmed at AA+(f) dated December 29, 2025 (2025 : AA+(f) dated March 3, 2025). The rating reflects the Management Company's adequate corporate governance framework with a well structured Board and Committees, experienced management team and adherence to best governance practices, deriving sustained growth.

1.6 The title to the assets of the Fund is held in the name of CDC as Trustee of the Fund.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. Accounting and reporting standards applicable in Pakistan comprise of:

- IFRS Accounting Standards issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of, directives and notifications issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations).

Where provisions of, directives and notifications issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed differ from the IFRS Accounting Standards, the provisions of, directives and notifications issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations have been followed.

2.2 Standards, interpretations and amendments to the published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2025. However, these are not considered to be relevant or do not have any material effect on the Fund's financial statements and, therefore, have not been detailed in these financial statements.

2.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective in the current year

There are certain new standards and amendments to the published accounting and reporting standards that will be applicable to the Fund for its annual periods beginning on or after July 1, 2026. However, these are not considered to be relevant or do not have any material effect on the Fund's financial statements except for the following:

- The new standard - IFRS 18 Presentation and Disclosure in Financial Statements (IFRS 18) (published in April 2024) effective for annual periods beginning on or after January 1, 2027. IFRS 18 when applicable shall impact the presentation of the 'Income Statement' with certain additional disclosures in the financial statements; and

- Amendments to IFRS 9 'Financial Instruments' which clarify the date of recognition and derecognition of a financial asset or financial liability including settlement of liabilities through banking instruments and channels including electronic transfers effective for annual periods beginning on or after January 1, 2026. The amendment when applied may impact the timing of recognition and derecognition of financial assets and financial liabilities.

The management is in the process of assessing the impacts of the new standards and amendments on the financial statements of the Fund.

2.4 Critical accounting estimates and judgments

The preparation of financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities and income and expenses. The estimates, judgements and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgments that have a significant effect on the financial statements of the Fund relate to classification and valuation of financial assets (Notes 3.3 and 5) and provision for Federal excise duty (Note 11.1).

2.5 Accounting convention

These financial statements have been prepared under the historical cost convention except for certain investments which have been classified as 'at fair value through profit or loss' and which are measured at fair value. The details in respect of valuation techniques under IFRS 13 'Fair Value Measurement' used for the fair valuation of financial assets have been disclosed in Note 22.

2.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupees, which is the Fund's functional and presentation currency.

3 MATERIAL ACCOUNTING POLICY INFORMATION

3.1 The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years presented unless otherwise stated.

3.2 Cash and cash equivalents

These comprise balances with banks in savings and current accounts and other short-term highly liquid investments with original maturities of three months or less.

3.3 Financial assets

3.3.1 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

3.3.2 Classification and subsequent measurement

Debt instrument

IFRS 9 provides criteria for debt securities whereby these debt securities are either classified as:

- at amortised cost;
- at fair value through other comprehensive income (FVOCI); and
- at fair value through profit or loss (FVPL).

based on the business model of the entity.

However, IFRS 9 also provides an option whereby securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis, to be recognised at FVPL. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Therefore the management considers its investment in debt securities as being managed as a group of assets and hence has classified them as FVPL.

3.3.3 Impairment (other than debt securities)

The Fund assesses on a forward looking basis the expected credit loss (ECL) associated with it's financial assets (other than debt instruments) carried at amortised cost and FVOCI. The Fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- an unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- the time value of money; and
- reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The Fund considers that a financial asset is in default when the counterparty fails to make contractual payments within 90 days of when they fall due. Further, financial assets are written off by the Fund, in whole or part, when it has exhausted all practical recovery efforts and has concluded that there is no reasonable expectation of recovery.

3.3.4 Impairment loss on debt securities

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on the management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the Income Statement.

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, considering the specific credit and financial condition of the debt security issuer and in accordance with the provisioning policy duly approved by the Board of Directors of the Management Company. The provisioning policy approved by the Board of Directors has also been placed on the Management Company's website as required under the SECP's circular.

3.3.5 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset.

3.3.6 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred, the Fund has transferred substantially all risks and rewards of ownership or the Fund neither transfers nor retains substantially all the risk and rewards of ownership and the Fund has not retained control. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

3.4 Financial liabilities

3.4.1 Classification and subsequent measurement

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

3.4.2 Derecognition

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

3.5 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

3.6 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

3.7 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

3.8 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the Management company / distributors during business hours of the day when the application is received. The offer price represents the net assets value of the units as of the close of that business day plus the allowable sales load, provision for duties and charges and provision for transaction costs, if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price prevalent on the date on which the Management Company / distributors receive redemption applications during business hours on that date. The redemption price represents the net assets value per unit on the close of the business day less back end load, any duties, taxes, charges on redemption and any provision for transaction costs, if applicable.

3.9 Distribution to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes a portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

3.10 Element of income / (loss) on issuance / (redemption) of units

Element of income represents the difference between NAV per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend NAV of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund will be refunded on units in the same proportion as dividend bears to accounting income available for distribution.

3.11 Revenue recognition

- Gains / (losses) arising on sale of investments are recorded at the date at which the transaction takes place;
- Income from investments in corporate sukuk certificates, government securities and letters of placements is recognised on an accrual basis using effective interest method except for the securities which are classified as non-performing asset under Circular 33 of 2012 issued by SECP for which the profits are recorded on cash basis;
- Unrealised gains / (losses) arising on re-measurement of investments classified as financial assets 'at fair value through profit or loss' are recorded in the year in which they arise; and
- Interest income on bank deposits and term deposit receipts is recognised on time proportion basis using the effective yield method.

3.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

3.13 Taxation

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of the accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

4 BANK BALANCES	Note	2026	2025
		-------- Rupees in '000 --------	
Savings accounts	4.1	12,990,448	10,342,095

4.1 These include a balance of Rs. 4,665.16 million (2025: Rs. 2,204.27 million) with Habib Bank Limited (a related party) and this account carries profit at the rate of 13.15% (2025: 11.50%) per annum. Other savings accounts of the Fund carry profit at the rates ranging from 9.75% to 11.50% (2025: 9.00% to 10.95%) per annum.

5.5 Net unrealised appreciation on re-measurement of investments classified as financial assets 'at fair value through profit or loss'

	Note	2026	2025
		----- Rupees in '000 -----	
Market value of investments	5.1, 5.2 & 5.3	34,200,918	18,903,146
Less: carrying value of investments	5.1, 5.2 & 5.3	(34,189,559)	(18,888,811)
		11,359	14,335

6 PROFIT RECEIVABLE

Profit receivable on:		
savings accounts with banks	34,532	4,635
	34,532	4,635

6.1 These include a profit receivable amounting to Rs. 31.85 million (2025: Rs. 4.54 million) from Habib Bank Limited (a related party).

7 ADVANCE, DEPOSIT AND PREPAYMENTS	Note	2026	2025
		----- Rupees in '000 -----	
Security deposit with:			
- Central Depository Company of Pakistan Limited		100	100
Prepayments of the fund rating and listing fee		143	118
Advance tax	7.1	10,147	10,147
		10,390	10,365

7.1 As per clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under section 151 and 150. However, during the current year and prior years, withholding taxes on profit on debt securities and profit on savings accounts with banks paid to the Fund were deducted by various withholding agents based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated 12 May 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced before him by the withholdee. The tax withheld on profit on debt securities and profit on savings accounts with banks amounts to Rs. 10.15 million (2025: Rs. 10.15 million).

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. A petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgment of the SHC. Pending resolution of the matter, the amount of withholding taxes deducted on profit on debt securities and profit on savings accounts with banks have been shown as advance tax as in the opinion of the Management Company, the amount of tax deducted at source will likely to be refunded.

8 PAYABLE TO HBL ASSET MANAGEMENT LIMITED - MANAGEMENT COMPANY	Note	2026	2025
		------ Rupees in '000 ------	
Remuneration payable	8.1	43,906	60,427
Sindh sales tax payable on remuneration of the Management Company	8.2	6,586	9,064
Sales load payable		3,593	10,942
		54,085	80,433

8.1 As per regulation 61 of the NBFC Regulations 2008, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of the management fee as disclosed in the offering document and subject to a capping of 1.25% for a collective investment scheme categorised as an 'Money Market Scheme'. Keeping in view the maximum allowable threshold, the Management Company has charged its remuneration at the rate of 1.25% (2025: 1.50% to 1.75%) per annum of the average daily net assets of the Fund during the year ended June 30, 2026. The remuneration is payable to the Management Company monthly in arrears.

8.2 Sindh sales tax levied through the Sindh Sales Tax on Services, 2011 has been charged at the rate of 15% (2025: 15%) on Management Company's remuneration and any reimbursable expenditure to the Management Company.

8.3 The SECP, vide S.R.O.600(I)/2025 dated April 10, 2025, issued amendments in respect of expenses chargeable to CISs as prescribed in Schedule XX of the NBFC Regulations, from which the chargeability of expenses related to selling and marketing services was excluded.

The Management Company in compliance of the above requirement did not charge the above-mentioned expenses for the year ended June 30, 2026.

During the year ended June 30, 2025, the Management Company charged expenses related to selling and marketing services at the rates ranging from 0.00% to 0.70% per annum on the daily net assets of the Fund.

9 PAYABLE TO CENTRAL DEPOSITORY COMPANY OF PAKISTAN LIMITED - TRUSTEE	Note	2026	2025
		------ Rupees in '000 ------	
Remuneration payable to the Trustee	9.1	1,932	1,900
Sindh sales tax payable on remuneration of the Trustee	9.2	290	285
		2,221	2,185

9.1 The Trustee is entitled to a monthly remuneration for services rendered to the Fund under the provisions of the Trust Deed as per the tariff specified therein, based on the daily net assets of the Fund. The remuneration is payable to the Trustee monthly in arrears.

The Trustee is entitled to monthly remuneration for services rendered to the Fund under the provisions of the trust deed at the rate of 0.055% (2025: 0.055%) per annum of the average annual net assets of the Fund.

9.2 Sindh sales tax levied through the Sindh Sales Tax on Services, 2011 has been charged at the rate of 15% (2025: 15%) on remuneration of the Trustee.

		Note	2026	2025
10	**PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN**		------ (Rupees in '000) ------	
	Fee payable	10.1	2,634	2,590

10.1 In accordance with the NBFC Regulations, a Collective Investment Scheme (CIS) is required to pay a non-refundable fee to the Securities and Exchange Commission of Pakistan (SECP).

Accordingly, the Fund has charged the SECP fee at the rate of 0.075% (2025: 0.075%) per annum of the daily net assets during the year. Further, the Fund is required to pay SECP fee within fifteen days of the close of every calendar month.

		Note	2026	2025
11	**ACCRUED EXPENSES AND OTHER LIABILITIES**		------ (Rupees in '000) ------	
	Provision for federal excise duty	11.1	41,211	41,211
	Auditor's remuneration payable		635	646
	Withholding tax payable		238,337	310,072
	Capital gain tax payable		104,185	296,127
	Zakat payable		3,271	1,633
	Brokerage payable		484	442
	Settlement and bank charges		381	-
			388,503	650,131

11.1 The Finance Act, 2013 enlarged the scope of federal excise duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16% on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company and sales load with effect from July 1, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs. 41.211 million (2025: 41.211 million) is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision not been made, the NAV per unit of the Fund would have been higher by Re 0.09 (2025: Re. 0.15) per unit.

12 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at June 30, 2026 and June 30, 2025.

13 NUMBER OF UNITS IN ISSUE

	2026	2025
	--------- Number of units ---------	
Units in issue at the beginning of the year	275,313,777	217,334,026
Units issued during the year	1,312,815,938	1,074,244,686
Units redeemed during the year	(1,137,912,613)	(1,016,264,935)
Total units in issue at the end of the year	450,217,102	275,313,777

Half yearly review	322	373
Certification and other services	353	299
Out of pocket expenses and Sindh sales tax	346	260
	1,772	1,492

16 TAXATION

The income of the Fund is exempt from income tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the Management Company has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2026 to the unit holders in the manner as explained above, no provision for taxation has been made in these financial statements during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A(i) of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

17 TOTAL EXPENSE RATIO

The SECP, vide S.R.O. 600(I)/2025 dated April 10, 2025, has removed the Total Expense Ratio (TER) limit with effect from July 01, 2025. The TER limit of 2.00% for a collective investment scheme categorised as an "Money Market Scheme", applicable previously, has been replaced with the management fee cap which has been disclosed in note 8.1 to these financial statements.

21 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

21.1 Market risk

Market risk is the risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee and regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises of three types of risks: yield / interest rate risk, currency risk, and price risk.

(i) Yield / interest rate risk

Yield / interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As of June 30, 2026, the Fund is exposed to such risk on its balances held with banks and investments in Market Treasury Bills. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within thea cceptable limits.

a) Sensitivity analysis for variable rate instruments

Presently, the Fund holds KIBOR based bank balances which expose the Fund to cash flow interest rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net income for the year and net assets of the Fund would have been higher / lower by Rs. 129.90 million (2025: Rs. 103.42 million).

The composition of the Fund's investment portfolio, KIBOR rates and the rates announced by the Financial Markets Association of Pakistan are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2026 is not necessarily indicative of the impact on the Fund's net assets of future movements in interest rates.

Yield / interest rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date.

The Fund's interest rate sensitivity related to financial assets and financial liabilities as at June 30, 2026 can be determined as follows:

	2026					
		Exposed to yield / interest rate risk				
	Effective interest rate / yield	Upto three months	More than three months and upto one year	More than one year	Not exposed to yield / interest rate risk	Total
On-balance sheet financial instruments	**(%)**	**Rupees in '000**

Off-balance sheet gap (b)		-	-	-	-	-
Total interest rate sensitivity gap (a-b)		16,074,174	13,171,067	-		
Cumulative interest rate sensitivity gap		16,074,174	29,245,241	29,245,241		

(ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

(iii) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from yield / interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

Equity price risk is the risk that the fair value of equity instruments decreases as a result of changes in the level of equity indices and the value of individual stocks. The Fund does not have any investment in equity securities as of June 30, 2026.

21.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to redemptions of its redeemable units on a regular basis. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets either in short term instruments or in investments that are traded in an active market and can be readily disposed and are considered readily realisable in order to maintain liquidity.

As per NBFC Regulations, the Fund can borrow in the short-term to ensure settlement. The maximum limit of which is fifteen percent of the net assets up to 90 days and would be secured by the assets of the Fund.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue \until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemption requests during the year ended June 30, 2026.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting year to the contractual maturity dates. However, the liabilities that are payable on demand have been included in the maturity grouping of one month:

	2026						
	Within one month	More than one month and upto three months	More than three months and upto one year	More than one year and upto five years	More than five years	Financial instruments with no fixed maturity	Total
	Rupees in '000						
Financial liabilities							
Payable to HBL Asset Management Limited - Management Company	54,085	-	-	-	-	-	54,085
Payable to the Central Depository Company of Pakistan Limited - Trustee	2,221	-	-	-	-	-	2,221
Dividend payable	2,875	-	-	-	-	-	2,875
Unclaimed dividend	1,731	-	-	-	-	-	1,731
Accrued expenses and other liabilities	865	635	-	-	-	-	1,500
	61,776	635	-	-	-	-	62,411

	2025						
	Within one month	More than one month and upto three months	More than three months and upto one year	More than one year and upto five years	More than five years	Financial instruments with no fixed maturity	Total
	Rupees in '000						
Financial liabilities							
Payable to HBL Asset Management Limited - Management Company	80,433	-	-	-	-	-	80,433
Payable to the Central Depository Company of Pakistan Limited - Trustee	2,185	-	-	-	-	-	2,185
Dividend payable	-	-	-	-	-	-	-
Unclaimed Dividend	1,731	-	-	-	-	-	1,731
Accrued expenses and other liabilities	442	646	-	-	-	-	1,088
	84,791	646	-	-	-	-	85,437

21.3 Credit risk

21.3.1 Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. Credit risk arising on the debt instruments is mitigated by investing in rated instruments or instruments issued by rated counterparties of credit ratings of at least investment grade by the recognised rating agencies. The Fund receives a monthly rating update, against which investments are reviewed.

The Fund, however, also invests in unrated instruments based on internal ratings assigned by the Fund manager using an approach that is consistent with the approach used by the rating agencies. Credit risk arising on other financial assets is monitored through a regular analysis of financial position of brokers and other parties. In accordance with the risk management policy of the Fund, the investment manager monitors the credit position on a daily basis which is reviewed by the Board of Directors of the Management Company on a quarterly basis.

The table below analyses the Fund's maximum exposure to credit risk:

	2026		2025	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
	Rupees in '000			
Bank balances	12,990,448	12,990,448	10,342,095	10,342,095
Investments in government securities	34,200,918	-	18,903,146	-
Profit receivable	34,532	34,532	4,635	4,635
Deposit	100	100	100	100
	47,225,998	13,025,080	29,249,976	10,346,830

The maximum exposure to credit risk before any credit enhancement as at June 30, 2026 is the carrying amount of the financial assets. Investments in government securities and their accrued profit, however, are not exposed to credit risk and have been excluded from the above analysis as these are guaranteed by the Government of Pakistan.

21.3.2 Credit quality of financial assets

The Fund's significant credit risk arises mainly on account of its bank balances and profit on savings accounts with banks thereon. The credit rating profile of bank balances are as follows:

	% of financial assets exposed to credit risk	
Rating category	**2026**	**2025**
AAA	100.00%	21.46%
AA+*	-	78.53%
AA*	-	-
AA-	-	-
	100.00%	100.00%

Ratings of outstanding investments have been disclosed in related notes to the financial statements. Since, the assets of the Fund are held with credit worthy counterparties, therefore any significant credit risk is mitigated.

*Nil due to rounding off

21.3.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic and industry factors similarly affect groups of counter parties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. As transactions are entered with credit worthy parties, any significant concentration of credit risk is mitigated.

The Fund does not have any collateral against any of the aforementioned assets.

All financial assets of the Fund as at June 30, 2026 are unsecured and are not impaired.

22 FAIR VALUE AND CATEGORIES OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the reporting date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2026 and June 30, 2025, the Fund held the following financial instruments measured at fair values:

	2026			Total
	Level 1	Level 2	Level 3	
	---------- (Rupees) ----------			
Financial assets 'at fair value through profit or loss'				
Government securities - Market Treasury Bills	-	25,280,437	-	25,280,437
Government securities - Pakistan Investment Bonds	-	8,920,481	-	8,920,481
	-	34,200,918	-	34,200,918

	2025			Total
	Level 1	Level 2	Level 3	
	---------- (Rupees) ----------			
Financial assets 'at fair value through profit or loss'				
Government securities - Market Treasury Bills	-	18,903,146	-	18,903,146
	-	18,903,146	-	18,903,146

Valuation techniques used in determination of fair values are as follows:

Items	Valuation technique
Pakistan Investment Bonds - zero coupon	The valuation of Pakistan Investment Bonds - zero coupon and Market Treasury Bills has been derived from PKRV rates. The PKRV rates are announced by the Financial Market Association through MUFAP.
Market Treasury Bills	

There were no transfers between levels during the year.

23 UNIT HOLDERS' FUND RISK MANAGEMENT

The Unit Holders' Fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's NAV per unit on the redemption date. The relevant movements are shown on the 'Statement of Movements in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 21, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

FUND MANAGER'S REPORT - HBL CASH FUND

As at June 30, 2026

Type and Category of Fund

Open end Money Market Fund

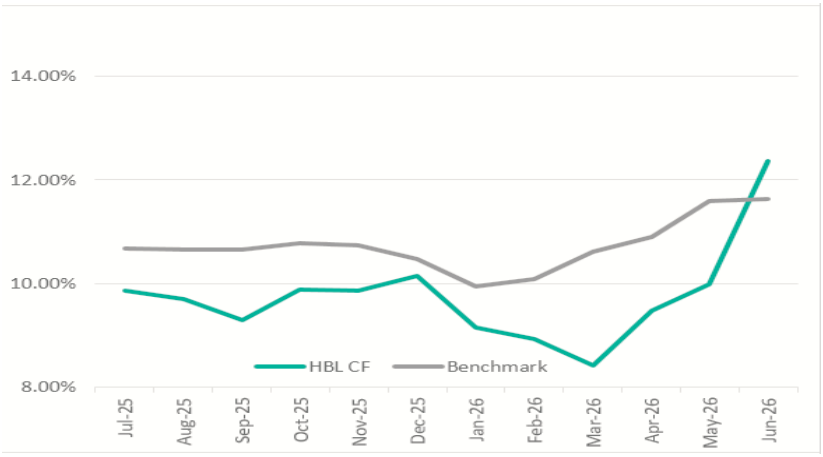

Investment Objective and Accomplishment of Objective

The investment objective of the Fund is to provide competitive returns to its investors through active investments in low-risk portfolio of short duration, while maintaining high liquidity. The Fund will aim to maximize returns through efficient utilization of investment and liquidity management tools. The investment objective is achieved.

Benchmark and Performance Comparison with Benchmark

The Fund's benchmark is 90% three (3) months PKRV rates + 10% three (3) months average of the highest rates on savings account of three (3) AA rated scheduled Banks as selected by MUFAP. The comparison of the fund return with benchmark is given below:

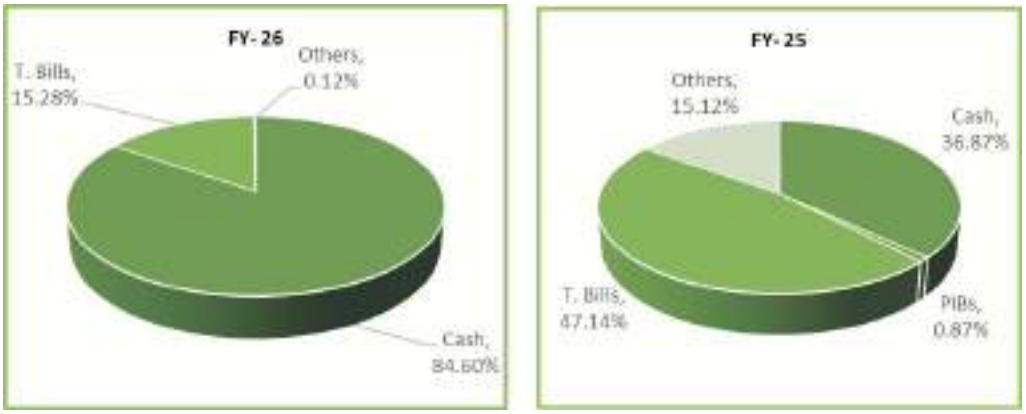

Month	Return of Fund	Benchmark
Jun-26	12.36%	11.64%
May-26	9.98%	11.59%
Apr-26	9.47%	10.90%
Mar-26	8.42%	10.61%
Feb-26	8.92%	10.09%
Jan-26	9.15%	9.95%
Dec-25	10.14%	10.48%
Nov-25	9.86%	10.73%
Oct-25	9.89%	10.78%
Sep-25	9.30%	10.66%
Aug-25	9.71%	10.65%
Jul-25	9.87%	10.68%

Strategies and Policies employed during the Year

Towards the end of the year, the fund was mainly invested in Daily Product Accounts (DPAs) comprising of 84.60% of total assets. Remaining investments were in T-bills at 15.28% of total assets. HBL Cash Fund posted an annualized return (YTD) of 10.20% against the benchmark return of 10.73% in FY26. In-line with its investment policy, the Fund held investments in short maturity T-Bills and placements with Banks in DPAs at attractive rates.

Asset Allocation

Significant Changes in Asset Allocation during the Year

During the year the fund's asset allocation decreased in T-bills and the remaining placed with banks in DPAs at attractive rates in June 2026. At the end of the year, 84.60%, 15.28% and 0.12% of the total assets were deployed in Cash, T-bills and others, respectively.

Fund Performance

The total income and net income of the Fund was Rs. 9.21 billion and Rs. 8.31 billion respectively during the year ended June 30, 2026. The Net Asset Value (NAV) per unit of the Fund was Rs 103.7224 per unit as on June 30, 2026 (after incorporating dividend of Rs. 10.15 per unit) as compared to Rs 103.3525 per unit as on June 30, 2025, thereby giving an annualized return of 10.20%. During the period the benchmark (90% 3M PKRV & 10% 3M deposit rates) return was 10.73%. The size of Fund was Rs 77.19 billion as on June 30, 2026 as compared to Rs. 120.57 billion at the start of the year.

Market Review

During the period under review, the State Bank of Pakistan (SBP) adjusted the Policy Rate twice in response to evolving economic conditions and regional developments. The first adjustment took place in December 2025, when the SBP reduced the Policy Rate by 50 basis points (bps) to 10.5%. This was followed by a 100-bps increase in April 2026, bringing the Policy Rate to 11.5% amid heightened regional hostilities. The rate remained unchanged at 11.5% through the end of the period.

Secondary market yields across most tenors increased, driven by rising global oil prices and heightened geopolitical tensions, which reinforced inflation expectations and tightened market sentiment. As a result, yields on the 3-month, 6 months, and 1 year government securities rose by 35 bps, 59 bps, and 74 bps, respectively, while yields on the 3 year and 5-year securities increased by 54 bps and 40 bps, reaching 11.56%, 11.60%, 11.63%, 11.69%, and 11.80%, respectively. The 10-year tenor, by contrast, eased by 11 bps to settle at 12.19%.

The SBP is expected to maintain a cautious stance going forward. Market yields are likely to remain soft amid improved liquidity and the current policy setting; however, any rise in inflation particularly driven by higher oil prices due to prevailing geopolitical conditions could exert upward pressure on yields.

Distribution

The Fund has distributed cash dividend up-to Rs. 10.15 per unit for the year ended June 30, 2026.

Significant Changes in the State of Affairs

There were no significant changes in state of affairs of the Fund.

Breakdown of Unit Holding by Size

From – To (Number of units)	Number of Unit Holders	Total Number of Units Held

TRUSTEE REPORT TO THE UNIT HOLDERS

HBL CASH FUND

Report of the Trustee pursuant to Regulation 41(h) and Clause 8 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of HBL Cash Fund (the Fund) are of the opinion that HBL Asset Management Limited, being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2026 in accordance with the provisions of the following:

(i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;

(ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund;

(iii) The management fee, fee payable to Securities & Exchange Commission of Pakistan and other expenses paid from the Fund during the period are in accordance with the applicable regulatory framework; and

(iv) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

INDEPENDENT AUDITOR'S REPORT

To the Unit Holders of HBL Cash Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **HBL Cash Fund** (the Fund), which comprise the statement of assets and liabilities as at June 30, 2026, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and statement of cash flows for the year then ended and notes to the financial statement comprising material accounting policy information and other explanatory information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2026, and of its financial performance and its cash flows for the year then ended in accordance with accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund and HBL Asset Management Limited (the Management Company) in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

Key audit matter is the matter that, in our professional judgment, was of most significance in our audit of the financial statements of the current year. This matter was addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter.

S. No.	Key audit matter	How the matter was addressed in our audit
1	**Valuation and existence of investments** The investments constitute the most significant component of net asset value (NAV). The investments of the Fund as at June 30, 2026, amounted to Rs. 11,885.539 million. The existence and proper valuation of the investment for the determination of NAV of the fund as at June 30, 2026, was considered a high risk area and therefore we considered this as a key audit matter.	We performed the following procedures during our audit of investments: • obtained the Investors' Portfolio Securities Account Statements for verifying the existence of the government securities portfolio as at June 30, 2026; and • re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies;

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of Directors of the Management Company are responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with Board of Directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Board of Directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with Board of Directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Hena Sadiq**.

(Management Company)

Chief Financial Officer	Chief Executive Officer	Director

1 LEGAL STATUS AND NATURE OF BUSINESS

1.1 HBL Cash Fund (the Fund) was established under a Trust Deed executed between PICIC Asset Management Company Limited (now, HBL Asset Management Limited) as the Management Company and Central Depository Company of Pakistan Limited (Trustee) as the Trustee. The Fund was approved by the Securities and Exchange Commission of Pakistan (SECP) vide its letter No. SCD/NBFC-II/DD/PCF/844/2010 dated November 11, 2010 and the Trust Deed was executed on October 22, 2010.

1.2 Through an order dated August 31, 2016, the Securities and Exchange Commission of Pakistan (SECP / the Commission) approved the merger of PICIC Asset Management Company Limited with and into HBL Asset Management Limited effective from August 31, 2016 and the trust deed was revised on February 17, 2017. Trust Act, 1882 has been repealed due to the promulgation of Provincial Trust Act namely "Sindh Trusts Act, 2020" (the Sindh Trusts Act) as empowered under the Eighteenth Amendment to the Constitution of Pakistan. Accordingly, on August 24, 2021, the above-mentioned Trust Deed has been registered under the Sindh Trusts Act.

1.3 The Trust Act, 1882 has been repealed due to the promulgation of Provincial Trust Act namely "Sindh Trusts Act, 2020" (the Sindh Trusts Act) as empowered under the Eighteenth Amendment to the Constitution of Pakistan. Accordingly, on August 24, 2021, the above-mentioned Trust Deed had been registered under the Sindh Trust Act.

1.4 Effective from September 01, 2016, HBL Asset Management Limited became Management Company of the Fund, which is a wholly owned subsidiary of Habib Bank Limited. The Aga Khan Fund for Economic Development (AKFED), S.A. is the parent company of Habib Bank Limited.

1.5 The Management Company of the Fund has been registered as a Non-Banking Finance Company (NBFC) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (NBFC Rules) and has obtained the requisite license from the SECP to undertake Asset Management Services. The registered office of the Management Company is located at 7th Floor, Emerald Tower, G-19, Block 5, Main Clifton Road, Clifton, Karachi.

1.6 The Fund has been categorised as a Money Market Scheme as per the criteria laid down by the SECP for categorisation of the Collective Investment Schemes (CISs). The Fund is an open-ended mutual fund and is listed on Pakistan Stock Exchange Limited (PSX). The units of the Fund were initially offered for public subscription at par value of Rs.100 per unit from December 11, 2010 to December 13, 2010. Thereafter, the units are offered to the public for subscription on a continuous basis and are transferable and redeemable by surrendering them to the Fund.

1.7 The investment objective of the Fund is to provide competitive returns to its investors through active investments in low risk portfolio of short duration, while maintaining high liquidity.

1.8 VIS Credit Rating Agency has assigned a management quality rating of 'AM1' (Stable outlook) to the Management Company and a stability rating of AA+(f) to the Fund as dated December 31, 2025 and December 29, 2025, respectively.

1.9 Title to the assets of the Fund is held in the name of Central Depository Company of Pakistan Limited as Trustee of the Fund.

2. BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards as applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017 (the Act);
- Provisions of and directives issued under the Act, 2017, along with Part VIIIA of the repealed Companies Ordinance, 1984; and
- NBFC Rules, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the 'NBFC Regulations') and requirements of the Trust Deed.

Where the provisions of and directives issued under the Act, Part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations, the directives issued by the SECP and requirements of the Trust Deed differ from the IFRS Standards, the provisions of and directives issued under the Act, Part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations, the directions issued by the SECP and requirements of the Trust Deed have been followed.

2.2 Critical accounting estimates and judgments

The preparation of the financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires the management to make estimates, judgments and assumptions that affect the reported amounts of assets and liabilities, income and expenses. It also requires the management to exercise judgment in the application of its accounting policies. The estimates, judgments and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and underlying assumptions are reviewed on an ongoing basis.

The areas involving a degree of judgment or complexity, or areas where estimates and assumptions are significant to the financial statements are as follows:

(a) Classification and measurement of financial assets (notes 4.1.1.1 and 6)

(b) Impairment of financial assets (note 4.1.1.3)

(c) Provisions (note 4.3)

(d) Classification and measurement of financial liabilities (note 4.1.2.1)

(e) Contingencies and commitments (Note 13)

(f) Taxation (notes 4.4 and 16)

The revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

2.3 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistan Rupees which is the Fund's functional and presentation currency. Amounts presented in the financial statements have been rounded off to the nearest thousand rupees, unless otherwise stated.

2.4 Basis of measurement

These financial statements have been prepared under the historical cost convention, except for investments which are measured at fair value.

3. APPLICATION OF NEW STANDARDS AND AMENDMENTS TO PUBLISHED APPROVED ACCOUNTING AND REPORTING STANDARDS

3.1 New amendment that is effective for the year ended June 30, 2026

The following amendment is effective for the year ended June 30, 2026. This amendment is not relevant to the Fund's operations.

- Amendments to IAS 21 'The Effects of Changes in Foreign Exchange Rates' - Clarification on how entity accounts when there is long term lack of Exchangeability

3.2 Standards and amendments to IFRS that are not yet effective

The following standards and amendments are effective for accounting periods, beginning on or after the date mentioned against each of them. These amendments are either not relevant to the Fund's operations or are not expected to have significant impact on the Fund's financial statements other than certain additional disclosures except those mentioned in note 3.3

	Effective from accounting period beginning on or after
- Amendments IFRS 9 'Financial Instruments' and IFRS 7 'Financial Instruments Disclosures' - Classification and measurement of financial instruments	January 01, 2026
- Amendments IFRS 9 'Financial Instruments' and IFRS 7 'Financial Instruments Disclosures' - Contracts Referencing Nature-dependent Electricity	January 01, 2026

	Effective from accounting period beginning on or after
- Annual Improvements to IFRS Accounting Standards (related to IFRS 1, IFRS 7, IFRS 9, IFRS 10 and IAS 7)	January 01, 2026
- IFRS 17 – 'Insurance Contracts' (including the June 2020 and December 2021 Amendments to IFRS 17)	January 01, 2027
- IFRS 18 - Presentation and Disclosures in Financial Statements.	January 01, 2027
- IFRS 19 - Subsidiaries without Public Accountability: Disclosures.	January 01, 2027

3.3 In April 2024, the IASB issued IFRS 18, which replaces IAS 1 Presentation of Financial Statements. IFRS 18 introduces new requirements for presentation within the Income statement, including specified totals and subtotals. Furthermore, entities are required to classify all income and expenses within the statement of profit or loss into one of five categories: operating, investing, financing, income taxes and discontinued operations, whereof the first three are new.

The standard requires disclosure of newly defined management-defined performance measures, subtotals of income and expenses, and it also includes new requirements for aggregation and disaggregation of financial information based on the identified 'roles' of the primary financial statements (PFS) and the notes.

IFRS 18, and the amendments to the other standards, are effective for reporting periods beginning on or after 1 January 2027, but earlier application is permitted and must be disclosed. IFRS 18 will apply retrospectively.

Other than the aforesaid amendments, IASB has also issued the following standards which have not been adopted locally by the SECP:

- IFRS 1 - First Time Adoption of International Financial Reporting Standards

- IFRS 20 - Regulatory Assets and Regulatory Liabilities

4. MATERIAL ACCOUNTING POLICY INFORMATION

The accounting policies set out below have been applied consistently to all periods presented in these financial statements.

4.1 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised in the Fund's statement of assets and liabilities when the Fund becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss (FVTPL)) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Income statement.

4.1.1 Financial assets

4.1.1.1 Classification and measurement of financial assets

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the entity's business model for managing them.

All recognised financial assets are measured subsequently in their entirety at either amortised cost or fair value, depending on the classification of the financial assets. For purposes of subsequent measurement, financial assets are classified in following categories:

Financial assets at amortised cost (debt instruments)

Financial assets at amortised cost are subsequently measured using the effective interest rate (EIR) method and are subject to impairment. Gains and losses are recognised in the Income statement when the asset is derecognised, modified or impaired.

Financial assets at fair value through other comprehensive income (debt instruments)

For debt instruments at fair value through other comprehensive income (FVOCI), interest income, foreign exchange revaluation and impairment losses or reversals are recognised in the income statement and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in other comprehensive income. Upon derecognition, the cumulative fair value change recognised in other comprehensive income is reclassified to the Income statement.

Financial assets at fair value through profit or loss (debt instruments)

Debt instruments that do not meet the amortised cost criteria or the FVOCI criteria are classified as at FVTPL. In addition, debt instruments that meet either the amortised cost criteria or the FVOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency (so called 'accounting mismatch') that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

4.1.1.2 Fair value measurement principles

The fair value of financial instruments is determined as follows:

Basis of valuation of government debt securities:

The Government Securities not listed on a stock exchange and traded in the interbank market are valued at the average rates quoted on a widely used electronic quotation system (PKRV, PKFRV, PKISRV) which are based on the remaining tenure of the securities. Moreover, listed government securities traded on PSX are valued at revaluation rates disseminated by PSX.

Basis of valuation of debt securities:

The fair value of debt securities (other than Government Securities) is based on the value determined and announced by Mutual Funds association of Pakistan (MUFAP) in accordance with the criteria laid down in Circular No. 1 of 2009 and Circular No. 33 of 2012 issued by SECP. In the determination of the rates, MUFAP takes into account the holding pattern of these securities and categorises them as traded, thinly traded and non-traded securities. The aforementioned circular also specifies the valuation process to be followed for each category as well as the criteria for the provisioning of non-performing debt securities.

The Fund applies discretion on the effective yield as per the allowable limits in the above mentioned Circulars after taking into account aspects such as Liquidity Risk, Sector Specific Risk and Issuer Class Risk.

The allowable limits for rated securities for duration upto 2 years is +200/-100 bps and over 2 years is +150/-50 bps. For unrated securities the allowable limit is +50 bps.

4.1.1.3 Impairment of financial assets

Management Company assesses at each reporting date whether there is objective evidence that the Fund's financial assets or a group of financial assets are impaired. If any such indication exists, the recoverable amount of such assets is estimated. An impairment loss is recognised whenever the carrying value of an asset exceeds its recoverable amount.

SECP through its letter no. SCD/AMCW/RS/MUFAP/2017-148 dated November 21, 2017 has deferred the applicability of the impairment requirements of IFRS 9 for debt securities on mutual funds. Therefore, the Fund will not be subject to the impairment provisions of IFRS 9 until further instruction.

For financial assets other than debt securities measured at amortised cost, IFRS 9 requires recognition of impairment based on expected credit loss (ECL) model. Under IFRS 9, the Fund is required to measure loss allowance equal to an amount equal to lifetime ECL or 12 months ECL based on credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Fund considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Fund's historical experience and informed credit assessment and including forward-looking information.

However, majority of the assets of the Fund exposed to credit risk pertain to counter parties which have high credit rating or where credit risk has not been increased since initial recognition. Therefore, management believes that the impact of ECL would be very minimal and hence, the same has not been accounted for in these financial statements.

4.1.1.4 Regular way contracts

Regular purchases and sales of financial assets are recognised on the trade date - the date on which the Fund commits to purchase or sell the asset.

4.1.1.5 Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Fund's statement of assets and liabilities) when:

- the rights to receive cash flows from the asset have expired; or
- the Fund has transferred its rights to receive cash flows from the asset and substantially all the risks and rewards of the asset.

4.1.2 Financial liabilities

4.1.2.1 Classification and measurement of financial liabilities

All financial liabilities are measured subsequently at amortised cost using the EIR method or at fair value through profit or loss.

Financial liabilities are measured at amortised cost, unless they are required to be measured at fair value through profit or loss (such as instruments held for trading) or the Fund has opted to measure them at fair value through profit or loss.

4.1.2.2 Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Income statement.

4.1.3 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets and liabilities if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

4.2 Cash and cash equivalents

Cash and cash equivalents comprise of bank balances and short term highly liquid investments with original maturity of three months or less, which are readily convertible to known amounts of cash, are subject to an insignificant risk of changes in value.

4.3 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Provisions, if any, are regularly reviewed and adjusted to reflect the current best estimate.

4.4 Taxation

The income of the Fund is exempt from income tax under Clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 (ITO, 2001) subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by accumulated losses and capital gains, whether realised or unrealised, is distributed to the unit holders as cash dividend.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under Clause 11A of Part IV of the Second Schedule to the ITO, 2001.

4.5 Dividend distribution and appropriations

Dividend distributions and appropriations are recorded in the period in which these are approved by the Board of Directors (the Board) of the Management Company. Based on MUFAP's guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Regulation 63 of the NBFC Regulations requires the Fund to distribute 90% of the net accounting income other than capital gains to the unit holders.

Distributions declared subsequent to the year end / reporting date are considered as non-adjusting events and are recognised in the financial statements of the period in which such distributions are declared and approved by the Board of the Management Company.

4.6 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the unit holders during business hours on that date. The offer price represents the net asset value per unit as of the close of the business day plus the allowable sales load and any provision for duties and charges, if applicable. The sales load is payable to investment facilitators, distributors and the Management Company.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors receive redemption applications during business hours of that day. The redemption price represents the net asset value per unit as of the close of the business day less any back-end load, any duties, taxes, and charges on redemption, if applicable.

4.7 Element of Income

Element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

4.8 Net asset value per unit

The Net Asset Value (NAV) per unit, as disclosed in the statement of assets and liabilities, is calculated by dividing the net assets of the Fund by the number of units in issue at the year end.

4.9 Revenue recognition

- Gain or loss on sale of investment is accounted for in the income statement in the period in which it arises.
- Unrealised gain / loss arising on re-measurement of investments 'at FVTPL' is included in the income statement in the period in which it arises.
- Income / profit from investments in Government Securities and letter of placements is recognised on a time proportionate basis using EIR method.
- Profit on bank balances is recognised on bank's approved rates.

4.10 Expenses

All expenses chargeable to the Fund including remuneration of Management Company, Trustee fee and The SECP fee are recognised in the income statement on an accrual basis.

4.11 Earnings per unit

Earnings per unit (EPU) has not been disclosed as in the opinion of the management, determination of weighted average units for calculating EPU is not practicable.

	Other receivable		**-**	55
			1,271	1,319

8.1 The income of the Fund is exempt from tax under Clause 99 of Part I of the Second Schedule of the ITO, 2001. Further, the Fund is exempt under Clause 47(B) of Part IV of Second Schedule of ITO, 2001 from withholding of tax under Section 150, 150A, 151 and 233 of ITO, 2001.

The Federal Board of Revenue through a circular "C.No.1 (43) DG (WHT)/ 2008-Vol.II- 66417-R" dated May 12, 2015, made it mandatory to obtain exemption certificates under Section 159 (1) of the ITO, 2001 from Commissioner Inland Revenue (CIR). However, various withholding agents have deducted advance tax under Section 151 of ITO, 2001. The Management Company is confident that the same shall be refunded after filing refund application. Refund has been filed uptill tax year 2021.

		Note	June 30, 2026	June 30, 2025
			----- (Rupees in '000) -----	
9.	**PAYABLE TO THE MANAGEMENT COMPANY**			
	Management remuneration payable	9.1	**43,974**	40,660

	Sales load payable		**3,643**	13,236
			54,213	59,995

9.1 Pursuant to the amendments in the NBFC Regulations by SECP vide Notification S.R.O. 600(I)/2025 dated April 10, 2025, the management fee for a Money Market Scheme is capped at 1.25% per annum, calculated on the basis of the average daily net assets, effective from July 1, 2025. Accordingly, the Management Company has charged management fees at a rate of 0.60% to 0.82% of the Fund's net assets, calculated on a daily basis. The management fee is payable to the Management Company on a monthly basis in arrears.

9.2 The Sindh Provincial Government has levied Sindh sales tax (SST) at the rate of 15% (June 30, 2025: 15%) on the remuneration of Management Company through Sindh sales tax on Services Act, 2011.

		Note	June 30, 2026	June 30, 2025
			----- (Rupees in '000) -----	
10.	**PAYABLE TO THE TRUSTEE**

	Sindh sales tax payable on remuneration of the Trustee	10.2	**442**	559
			3,392	4,287

10.1 The Trustee is entitled to a monthly remuneration for services rendered to the Fund of 0.055% per annum of net assets under the provisions of the Trust Deed and tariff specified therein, based on the average annual net assets of the Fund. The fee is paid to the Trustee on monthly basis in arrears.

10.2 The Sindh Provincial Government has levied SST at the rate of 15% (June 30, 2025: 15%) on the remuneration of the Trustee through Sindh Sales Tax on Services Act, 2011.

		Note	June 30, 2026	June 30, 2025
			----- (Rupees in '000) -----	
11.	**PAYABLE TO SECP**			
	SECP fee payable	11.1	**4,021**	5,082

11.1 The Fund has charged SECP fee at the rate of 0.075% of the average daily net assets of the Fund which is payable on monthly basis in arrears.

		Note	June 30, 2026	June 30, 2025
			---- (Rupees in '000) ----	
12.	**ACCRUED EXPENSES AND OTHER LIABILITIES**			
	Withholding tax payable		**527,700**	1,104,653
	Provision for Federal excise duty (FED)	12.1	**7,528**	7,528
	Brokerage payable		**125**	951
	Zakat payable		**530**	672
	Auditors' remuneration		**1,016**	524
	Legal charges payable		**150**	-
	Other payable		**4**	16
			537,053	1,114,344

12.1 The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) with effect from June 13, 2013. As the asset management services rendered by the Management Company of the Fund were already subject to provincial sales tax on services levied by the Sindh Revenue Board, which is being charged to the Fund, the Management Company was of the view that further levy of FED was not justified.

However, since the appeal filed by the tax authorities is pending in the Supreme Court of Pakistan, the Management Company, being prudent,has retained a provision for FED on remuneration of Management Company, aggregating to Rs. 7.53 million (June 30, 2025: Rs. 7.53 million). Had the provision not been made, the net asset value per unit of the Fund as at June 30, 2026 would have been higher by Re. 0.010 per unit (June 30, 2025: Re. 0.007 per unit).

13. CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments as at June 30, 2026 and June 30, 2025.

		June 30, 2026	June 30, 2025

	---- (Rupees in '000) ----	
Annual audit fee	**679**	382
Fee for half yearly review	**279**	157
Other certifications	**231**	130
Out of pocket expenses	**96**	54
	1,285	723
Sales tax	**103**	58
	1,388	781

16. TAXATION

The income of the Fund is exempt from income tax under Clause 99 of Part I of the Second Schedule to the ITO, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by accumulated losses and capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. The Fund is also exempt from the provisions of Section 113 (minimum tax) under Clause 11A of Part IV of the Second Schedule to the ITO, 2001.

Since the management distributed the income available for distribution by the Fund to the unit holders in cash in the manner as explained above accordingly, no provision for taxation has been made in these financial statements.

17. TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund for the year ended June 30, 2026 is 1.05% (2025: 1.36%), which includes 0.20% (2025: 0.24%) representing government levy, SECP fee, and other related charges. However, Pursuant to the amendments in the NBFC Regulations by SECP vide Notification S.R.O. 600(I)/2025 dated April 10, 2025, the maximum TER limits have been lifted by the SECP applicable to CIS, effective from July 01, 2025.

18. CASH AND CASH EQUIVALENTS	Note	June 30, 2026	June 30, 2025
		----- (Rupees in '000) -----	
Bank balances	5	**65,818,969**	63,200,140
Market Treasury Bills - 1 & 3 months	6.1.1	**3,725,136**	9,362,789
		69,544,105	72,562,929

19. TRANSACTIONS AND BALANCES WITH RELATED PARTIES / CONNECTED PERSONS

Related parties / connected persons include the Management Company, Habib Bank Limited being the Sponsor of the Management Company, the Trustee of the Fund, other collective investment schemes and pension schemes managed by the Management Company, directors and key management persons and officers of the Management Company, directors of connected persons and persons having 10% or more beneficial ownership of the units of the Fund.

Transactions with connected persons are in the normal course of business, at contracted rates and terms determined in accordance with market rates.

Remuneration payable to Management Company and Trustee is determined in accordance with the provisions of the NBFC Regulations and the Trust Deed respectively.

Transactions and balances with parties who were connected persons due to holding 10% or more units in the comparative year and not in the current year are not disclosed in the comparative year.

Details of the transactions with connected persons and balances with them are as follows:

		June 30, 2026	June 30, 2025

This represents amount reimbursed by the Management Company in relation to reversal of excess amount charged against reimbursement of allocated expenses as per the direction of Securities and Exchange Commission of Pakistan.

20. FAIR VALUE OF FINANCIAL INSTRUMENTS

IFRS 13 - 'Fair Value Measurement' establishes a single source of guidance under IFRS for all fair value measurements and disclosures about fair value measurement where such measurements are required as permitted by other IFRSs. It defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price).

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the close of trading i.e. period end date. The estimated fair value of all other financial assets and financial liabilities is considered not significantly different from book value as these are short term in nature.

The following table shows financial instruments recognised at fair value, based on:

Levels	Description	Valuation approach and input used
Level 1:	Quoted prices in active markets for identical assets or liabilities	Listed government securities traded on PSX are valued at revaluation rates disseminated by PSX. The fair value of debt securities (other than government securities) is based on the value determined and announced by MUFAP.
Level 2:	Those involving inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices)	The government securities not listed on a stock exchange and traded are valued at the average rates quoted on electronic quotation system (PKRV / PKFRV / PKISRV). For Debt securities for which MUFAP valuation is not available are valued at face value of the securities.
Level 3:	Those with inputs for the asset or liability that are not based on observable market data (unobservable inputs)	The Fund applies discretion on the effective yield as per the allowable limits. The allowable limits for rated securities for duration upto 2 years is +200/-100 bps and over 2 years is +150/50 bps. For unrated securities the allowable limits +50 bps.

The following table shows the carrying amounts of fair values of financial assets and financial liabilities including the levels in the fair value hierarchy:

Particulars	As at June 30, 2026						
	Carrying amount			Fair value			
	Fair value through profit or loss	Amortised cost	Total	Level 1	Level 2	Level 3	Total
	---------- (Rupees in '000) ----------

	-	58,952	58,952				

During the year ended June 30, 2025, there were no transfers between levels of fair value measurements, and no transfer into and out of level 3 fair value measurements.

21. FINANCIAL RISK MANAGEMENT

The Fund's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Fund's financial performance.

The Fund's activities expose it to a variety of financial risks: market risk (including currency risk, interest rate and other price risk), credit risk and liquidity risk. Risks of the Fund are being managed by the Management Company in accordance with the approved policies of the Investment Committee which provide broad guidelines for management of above mentioned risks. The Board of the Management Company has overall responsibility for the establishment and oversight of the Fund's risk management framework.

21.1 Market risk

Market risk is the risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Board of Directors of the Management Company and the regulations laid down by the SECP, the NBFC Regulations and the NBFC rules.

Market risk comprises of three types of risk: currency risk, yield / interest rate risk and other price risk.

21.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Fund, at present is not exposed to currency risk as all transactions are carried out in Pakistan Rupees.

21.1.2 Yield / interest rate risk

Yield / interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As of June 30, 2026, the Fund is exposed to such risk on bank balances and government securities. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

As of June 30, 2026 details of Fund's interest bearing financial instruments were as follows:

	June 30, 2026	June 30, 2025
Variable rate instrument (financial asset)	**----(Rupees in '000) ----**	
Bank balances	**65,818,964**	63,200,135
Fixed rate instrument (financial asset)		
Government securities	**11,885,539**	58,520,497

a) Sensitivity analysis for variable rate instruments

As at June 30, 2026, the Fund holds KIBOR based bank balances which expose the Fund to cash flow interest rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net assets value of the Fund and the net income for the year would have been higher / lower by Rs. 658.189 million (June 30, 2025: Rs. 632.001 million).

b) Sensitivity analysis for fixed rate instruments

As at June 30, 2026, the Fund holds Government Securities which are fixed rate instruments exposing the Fund to fair value interest rate risk. In case of 100 basis points increase / decrease in rates announced by Financial Markets Association of Pakistan on June 30, 2026, the net income for the year and net assets would be lower / higher by Rs. 118.856 million (June 30, 2025: Rs. 585.205 million).

	June 30, 2026

Accrued expenses and other liabilities		-	-	-	1,328	1,328
		-	-	-	58,952	58,952

21.1.3 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

21.2 Credit risk

Credit risk represents the risk of loss if counterparties fail to perform as contracted. The Fund is exposed to counter party credit risks on bank balances and other financial assets at amortised cost. The credit risk on the fund is limited because the counterparties are financial institutions with reasonably high credit ratings.

The Fund has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. This information is supplied by independent rating agencies, where available, and if not available, the Fund uses other publicly available financial information and its own trading records. The Fund's exposure and the credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties.

Credit risk from bank balances and financial institutions is managed in accordance with the Fund's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are approved by the Board. The limits are set to minimise the concentration of risk and therefore mitigate financial loss through potential counterparty failure.

The Fund's maximum exposure to credit risk is the carrying amounts of following financial assets.

		June 30, 2026		June 30, 2025	
		Balance as per statement of assets and liabilities	**Maximum exposure to credit risk**	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
	Note	---------- **(Rupees in '000')** ----------

	63,200,140		

Investments in Government Securities do not expose the Fund to credit risk as the counter party to the investment is the Government of Pakistan and management does not expect to incur any credit loss on such investment.

Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is mainly concentrated in government securities and bank balances while the remaining transactions are entered into with diverse credit-worthy counterparties thereby mitigating any significant concentration of credit risk to counterparties other than the Government.

Settlement risk

The Fund's activities may give rise to risk at the time of settlement of transactions. Settlement risk is the risk of loss due to the failure of counter party to honour its obligations to deliver cash, securities or other assets as contractually agreed. Credit risk relating to unsettled transactions in securities is considered to be minimal as the Fund uses brokers with high creditworthiness and the transactions are settled or paid for only upon delivery.

21.3 Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in meeting it's obligations arising from it's financial liabilities that are settled by delivering cash or other financial assets or that such obligations will have to be settled in a manner disadvantageous to the Funds. Liquidity risk also arises because of the possibility that the Fund could be required to pay its liabilities earlier than expected. The Fund is exposed to cash redemptions of its units on a regular basis. Units are redeemable at the holder's option based on the Fund's applicable redemption price calculated in accordance with the Fund's constitutive documents and guidelines laid down by the SECP.

Units of the Fund are redeemable on demand at the holder's option, however, the Fund does not anticipate significant redemption of units.

22. UNITS HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by the net assets attributable to unit holders / redeemable units. The Fund is required by the NBFC Regulations, to maintain a minimum fund size of Rs.100 million, to be maintained all the time during the life of the scheme. The amount of net assets attributable to unit holders can change significantly on a daily basis as the Fund is subject to daily issuance and redemptions at the discretion of unit holders. These unit holders of the Fund are entitled to distributions and to payment of a proportionate share based on the Fund's net asset value per unit on the redemption date. The relevant movements are shown on the statement of movement in unit holders' fund. Unit holders fund risk management is carried out by the Management Company through following steps:

- Monitors the level of daily issuance and redemptions relative to the liquid assets and adjusts the amount of distributions the Fund pays to the unit holders;

- Redeems and issues units in accordance with the constitutive documents of the Fund. This includes the Fund's ability to restrict redemptions; and

- The Fund Manager / Investment Committee members and the Chief Executive Officer of the Management Company critically track the movement of 'Assets under Management'. The Board of Directors is updated regarding key performance indicators, e.g. yield and movement of NAV and total Fund size at the end of each quarter.

The Fund has maintained and complied with the requirements of minimum fund size of Rs.100 million during the current year.

Aug-25	8.95%	7.18%
Jul-25	6.53%	11.70%

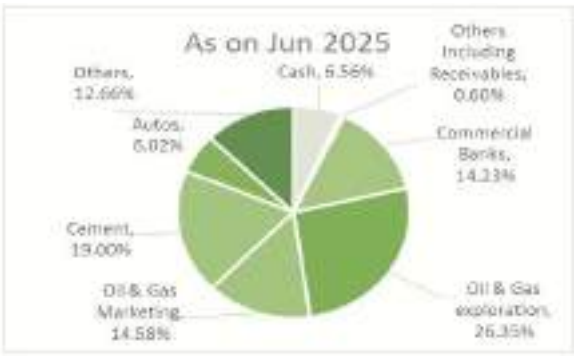

Strategies and Policies employed during the Year

During the year under review, the Fund increased its exposure in equity from 92.84% of total assets as on June 30, 2025 to 94.48% as on June 30, 2026. Furthermore, sector wise allocation was continuously reviewed and revisited throughout the year to ensure optimum return to the investors. Accordingly, sector wise exposure in commercial Banks, technology, others and insurance has increased, while exposure in oil and gas exploration, oil and gas marketing, autos and cement has decreased.

Asset Allocation

Significant Changes in Asset Allocation during the Year

Following table shows comparison of sector wise allocation of equity investments of Fund as on June 30, 2026 and June 30, 2025:

Month	As on Jun 2026	As on Jun 2025
Cash	5.24%	6.56%
Others Including Receivables	0.28%	0.60%
Commercial Banks	24.33%	14.23%
Oil & Gas exploration	13.75%	26.35%
Oil & Gas Marketing	0.00%	14.58%
Cement	11.63%	19.00%
Autos	0.00%	6.02%
Technology	14.05%	0.00%
Insurance	5.35%	0.00%
Others	25.37%	12.66%
Total	**100.00%**	**100.00%**

Fund Performance

The total and net income of the Fund was Rs. 493.48 million and Rs. 366.76 million respectively during the year ended June 30, 2026. The Net Asset Value (NAV) per unit of the Fund was Rs 227.5969 per unit as on June 30, 2026 (after incorporating dividend of Rs. 0.25 per unit) as compared to Rs 170.4469 per unit as on June 30, 2025, thereby giving a return of 33.67%. During the same period the benchmark KSE 30 index yielded a return of 49.38%. The size of Fund was Rs 2.75 billion as on June 30, 2026 as compared to Rs. 0.75 billion at the start of the year.

Market Review

During FY2026, Pakistan's equity market maintained a strong upward trajectory, driven by improved liquidity, significant monetary easing, and a stable external account. The benchmark KSE-100 Index closed at 180,301.70 points, posting a robust gain of 54,674.39 points (43.5%). The strong performance reflected improved investor sentiment and reaffirmed equities as a preferred investment avenue amid improving macroeconomic conditions.

Market activity also improved, with average daily trading volume of the KSE All-Share Index rising to 911 million shares (up 44% from 633 million shares in the same period last year). Average daily traded value surged 51% to PKR 42.5 billion, up from PKR 28.15 billion.

The sectors that majorly contributed to the performance were Commercial Banks, Fertilizer, Oil & Gas Exploration Companies, and Cements. Script-wise, major contribution came from FFC, UBL, HUBC, ENGROH, and MEBL.

Going forward, the equity market is expected to maintain its positive trajectory, supported by a stable external position, continued macroeconomic consolidation, adequate market liquidity, and the prospect of a stable-to-accommodative monetary stance. A sustained recovery in corporate earnings and easing inflation should further support valuation stability over the medium term.

However, risks remain. Market direction will stay sensitive to escalating geopolitical tensions between Iran and the United States, particularly any disruption to the Strait of Hormuz. As a critical chokepoint for global energy supplies, any flare-up could push international oil prices higher, pressure the import bill, reignite inflation, and weigh on the external account and overall market sentiment. Barring a significant escalation, the broader backdrop remains constructive for equities.

Distribution

The Fund has distributed cash dividend up-to Rs. 0.25 per unit for the year ended June 30, 2026.

Significant Changes in the State of Affairs

There were no significant changes in the state of affairs during the year under review.

Breakdown of Unit Holding by Size

TRUSTEE REPORT TO THE UNIT HOLDERS

HBL STOCK FUND

Report of the Trustee pursuant to Regulation 41(h) and Clause 8 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of HBL Stock Fund (the Fund) are of the opinion that HBL Asset Management Limited, being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2026 in accordance with the provisions of the following:

(i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;

(ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund;

(iii) The management fee, fee payable to Commission and other expenses paid from the Fund during the period are in accordance with the applicable regulatory framework; and

(iv) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

Badiuddin Akber
Chief Executive Officer
Central Depository Company of Pakistan Limited

Karachi, September 28, 2026

INDEPENDENT AUDITOR'S REPORT

To the Unit holders of HBL Stock Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of HBL Stock Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2026, and the income statement, the statement of comprehensive income, statement of movements in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2026, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S.No.	Key Audit Matter	How the matter was addressed in our audit
1	**Net Asset Value (NAV)** (Refer notes 4 and 5 to the financial statements)	
	The bank balances and investments constitute the most significant components of the net asset value. The bank balances aggregated to Rs. 145.580 million and investments of the Fund amounted to Rs. 2,751.020 million as at June 30, 2026. The existence of bank balances and the existence and proper valuation of investments for the determination of NAV of the Fund as at June 30, 2026 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: • Obtained independent confirmations for verifying the existence of the bank balances and investment portfolio as at June 30, 2026 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed; • Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies; and • Obtained bank reconciliation statements and tested reconciling items on a sample basis.

Information Other than the Financial Statements and Auditor's Report Thereon

The Management Company (HBL Asset Management Limited) is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Management Company and Board of Directors of Management Company for the Financial Statements

The Management Company (HBL Asset Management Limited) is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management Company is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of Directors of the Management Company is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management Company.

pwc A·F·FERGUSON&Co.

- Conclude on the appropriateness of Management Company's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Board of Directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with Board of Directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

a) the financial statements have been properly prepared in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations 2008;

b) proper books and records have been kept by the Collective Investment Scheme or the financial statements prepared are in agreement with the books and records of Collective Investment Scheme; and

c) we were able to obtain all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of the audit.

The engagement partner on the audit resulting in this independent auditor's report is **Noman Abbas Sheikh.**

1 LEGAL STATUS AND NATURE OF BUSINESS

1.1 HBL Stock Fund (the Fund) is an open ended mutual fund constituted under a Trust Deed entered between HBL Asset Management Limited as the Management Company and Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Trust Deed was executed under the Trust Act, 1882 on August 09, 2007 and was approved by the Securities and Exchange Commission of Pakistan (SECP) on August 21, 2007. During the year ended June 30, 2021, the Trust Act, 1882 was repealed due to the promulgation of Provincial Trust Act namely "Sindh Trust Act, 2020" (the Sindh Trust Act) as empowered under the Eighteenth Amendment to the Constitution of Pakistan. Accordingly, on September 8, 2021, the above-mentioned Trust Deed was registered under the Sindh Trust Act.

1.2 The Management Company of the Fund has been registered as a Non-Banking Finance Company (NBFC) under the Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), and has obtained the requisite license from the Securities and Exchange Commission of Pakistan (SECP) to undertake Asset Management Services. The registered office of the Management Company is located at 7th Floor, Emerald Tower, G-19, Block 5, Main Clifton Road, Clifton, Karachi.

1.3 The Fund has been categorised as an open ended equity scheme by the Board of Directors of the Management Company pursuant to the provisions contained in Circular 7 of 2009 and is listed on the Pakistan Stock Exchange. The units of the Fund were initially offered for public subscription at a par value of Rs. 10 per unit from August 29, 2007 to August 31, 2007.

1.4 The principal objective of the Fund is to focus on undervalued stocks of companies offering prospects for capital growth by investing in equity instruments and Market Treasury Bills of less than 90 days maturity.

1.5 VIS Credit Rating Company Limited (VIS) has reaffirmed the Management Quality Rating at 'AM1' dated December 31, 2025 (2025: 'AM1' dated December 31, 2024) and the outlook on the assigned rating remains 'Stable' (2025: Stable). The rating reflects the Management Company's adequate corporate governance framework with a well structured Board and Committees, experienced management team, and adherence to best governance practices, supporting sustained growth.

1.6 The title to the assets of the Fund is held in the name of Central Depository Company of Pakistan Limited as the Trustee of the Fund.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. Accounting and reporting standards applicable in Pakistan comprise of:

- IFRS Accounting Standards issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of, directives and notifications issued under the Companies Act, 2017 along with Part VIIIA of the repealed Companies Ordinance, 1984; and
- Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations).

Where provisions of, directives and notifications issued under the Companies Act, 2017, Part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed differ from the IFRS Accounting Standards, the provisions of, directives and notifications issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations have been followed.

2.2 Standards, interpretations and amendments to the published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2025. However, these are not considered to be relevant or do not have any material effect on the Fund's financial statements and, therefore, have not been disclosed in these financial statements.

2.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective in the current year

There are certain new standards and amendments to the published accounting and reporting standards that will be applicable to the Fund for its annual periods beginning on or after July 1, 2026. However, these are not considered to be relevant or will not have any material effect on the Fund's financial statements except for the following:

- The new standard - IFRS 18 Presentation and Disclosure in Financial Statements (IFRS 18) (published in April 2024) is effective for annual periods beginning on or after January 1, 2027. IFRS 18 when applicable shall impact the presentation of the 'Income Statement' with certain additional disclosures in the financial statements; and

- Amendments to IFRS 9 'Financial Instruments' which clarify the date of recognition and derecognition of a financial asset or financial liability including settlement of liabilities through banking instruments and channels including electronic transfers effective for annual periods beginning on or after January 1, 2026. The amendment when applied may impact timing of recognition and derecognition of financial assets and financial liabilities.

The management is in the process of assessing the impacts of the new standards and amendments on the financial statements of the Fund.

2.4 Critical accounting estimates and judgments

The preparation of the financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires the management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities and income and expenses. The estimates, judgments and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgments that have a significant effect on the financial statements of the Fund relate to classification and valuation of financial assets (Notes 3.3 and 5) and the provision for federal excise duty (Note 11.1).

2.5 Accounting convention

These financial statements have been prepared under the historical cost convention except for investments classified as 'at fair value through profit or loss', which are measured at their respective fair values. The details in respect of valuation techniques under IFRS 13 'Fair Value Measurement' used for the fair valuation of financial assets have been disclosed in Note 20.

2.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupees, which is the Fund's functional and presentation currency.

3 MATERIAL ACCOUNTING POLICY INFORMATION

3.1 The accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years presented unless otherwise stated.

3.2 Cash and cash equivalents

Cash and cash equivalents are carried in the statement of financial position at amortised cost. These comprise of balances with banks in savings and current accounts.

3.3 Financial assets

3.3.1 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

3.3.2 Classification and subsequent measurement

Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the “Statement of Assets and Liabilities” at fair value, with gains and losses recognised in the “Income Statement”, except where an irrevocable election has been made at the time of initial recognition to measure the investment at Fair Value through Other Comprehensive Income (FVOCI). The management considers its investment in equity securities being managed as a group of assets and hence has classified them as Fair Value through Profit or Loss (FVPL). Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVPL is recognised in the Income Statement.

Since all investments in equity instruments have been designated as FVPL, the subsequent movement in the fair value of equity securities is routed through the Income Statement.

3.3.2.1 Impairment

The Fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets carried at amortised cost and FVOCI. The Fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The Fund considers that a financial asset is in default when the counterparty fails to make contractual payments within 90 days of when they fall due. Further, financial assets are written off by the Fund, in whole or part, when it has exhausted all practical recovery efforts and has concluded that there is no reasonable expectation of recovery.

3.3.2.2 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset.

Up to February 8, 2026, regular way purchases / sales of assets required delivery of securities within two days from the transaction date (T+2) as per the stock exchange regulations. Effective from February 9, 2026, in accordance with the revised regulations of the Pakistan Stock Exchange (PSX) and National Clearing Company of Pakistan Limited (NCCPL), the settlement cycle has transitioned to a Trade plus one day (T+1) basis, requiring delivery of securities within one day from the transaction date.

3.3.2.3 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred, the Fund has transferred substantially all risks and rewards of ownership or the Fund neither transfers nor retains substantially all the risk and rewards of ownership and the Fund has not retained control. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

3.4 Financial liabilities

All financial liabilities are recorded at the time when the Fund becomes a party to the contractual provisions of the instrument. These are initially recognised at fair value and subsequently stated at amortised cost. A financial liability is discharged when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

3.5 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

Income and expenses are presented on a net basis only when permitted by the accounting and reporting standards as applicable in Pakistan.

3.6 Provisions

Provisions are recognised when the Fund has a present, legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

3.7 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

3.8 Issuance and redemption of units

Units issued are recorded at the offer price, determined by the Management Company / distributors during business hours on the day when the application is received. The offer price represents the NAV per unit as of the close of the business day, plus the allowable sales load, provision for transaction costs and any provision for duties and charges, if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price applicable to units for which the Management Company / distributors receive redemption application during business hours of that date. The redemption price is equal to NAV as of the close of the business day, less any duties, taxes, charges on redemption and any provision for transaction cost, if applicable.

3.9 Distributions to unit holders

Distributions to unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

3.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

The element of income represents the difference between the NAV per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of the capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend NAV of all units outstanding on the accounting date, net element of income contributed on issue of units lying in the unit holders' fund will be refunded on units in the same proportion as the dividend bears to accounting income available for distribution.

3.11 Revenue recognition

- Realised gains / (losses) arising on sale of investments are included in the Income Statement and are recognised when the transaction takes place;
- Unrealised appreciation / (diminution) arising on re-measurement of investments classified as financial assets 'at fair value through profit or loss' are included in the Income Statement in the year in which they arise;
- Dividend income is recognised when the Fund's right to receive the same is established, i.e. on the commencement of book closure of the investee company / institution declaring the dividend; and
- Profit on savings accounts with banks is recognised on a time proportion basis using the effective yield method.

3.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company, the Trustee and fee to the SECP are recognised in the Income Statement on an accrual basis.

3.13 Taxation

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

5.1.3 The Finance Act, 2014 introduced amendments to the Income Tax Ordinance 2001 as a result of which companies were liable to withhold five percent of the bonus shares to be issued. The shares so withheld were only to be released if the Fund deposit tax equivalent to five percent of the value of the bonus shares issued to the Fund including bonus shares withheld, determined on the basis of day-end price on the first day of closure of books of the issuing company.

In this regard, a constitutional petition had been filed by Collective Investment Schemes (CISs) through their Trustees in the High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs. The petition was based on the fact that because CISs are exempt from deduction of income tax under Clause 99 Part I to the Second Schedule of the Income Tax Ordinance 2001, the withholding tax provision should also not be applicable on bonus shares received by CISs. A stay order had been granted by the High Court of Sindh (HCS) in favour of CISs.

During the year ended June 30, 2018, the Supreme Court of Pakistan passed a judgment on June 27, 2018 whereby the suits which are already pending or shall be filed in future must only be continued / entertained on the condition that a minimum of 50 percent of the tax calculated by the tax authorities is deposited with the authorities. Accordingly, the CISs were required to pay minimum 50% of the tax calculated by the tax authorities for the case to remain continued. The CISs failed to deposit the minimum 50% of the tax liability and accordingly the stay got vacated automatically during the year ended June 30, 2019. Subsequent to the year ended June 30, 2019, the CISs had filed a fresh constitutional petition via CP 4653 dated July 11, 2019. In this regard, on July 15, 2019, the Honourable High of Sindh had issued notices to the relevant parties and had ordered that no third party interest on bonus shares issued to the Funds in lieu of their investments be created in the meantime. The matter is still pending adjudication and the Funds have included these shares in their portfolio, as the management is confident that the decision of the constitutional petition will be in favour of the CISs.

Further, the Finance Act, 2018 effective from July 1, 2018 has omitted Section 236M of Income Tax Ordinance, 2001 requiring every company quoted on stock exchange issuing bonus shares to the shareholders of the company, to withhold five percent of the bonus shares to be issued. Therefore, bonus shares issued to the Fund since July 1, 2018 were not withheld by the investee companies.

Furthermore, the Finance Act, 2023 has introduced Section 236Z of the Income Tax Ordinance, 2001 (ITO) effective from July 1, 2023, which mandates listed companies to withhold ten percent shares out of bonus shares issued to the Fund. The share so withheld are to be released if the Fund deposits tax equivalent to ten percent of the value of bonus share issues to the Fund. Such tax is to be deposited within fifteen days of the book closure of the respective dividend. In case of failure of the Fund to pay, the issuer company is liable to pay the tax and dispose of the bonus shares to recover the amount paid.

In this regard, a petition was filed by the Collective Investment Schemes (CISs) through their Trustees in the High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CIS. The petition is based on the grounds that since the CISs are exempt from levy of income tax in terms of 99 of Part-I of the Second Schedule to the ITO, no tax is payable by the Fund under Section 236Z of the ITO. During the current year, the Honourable High Court of Sindh has issued notices to the relevant parties and ordered to retain the bonus shares being withheld and no tax shall be paid under section 236Z of the ITO till further orders by the Court. The matter is still pending adjudication and the Fund has included these shares in their portfolio, as the management is confident that the decision of the constitutional petition will be in favour of the CISs.

As at June 30, 2026, the following bonus shares of the Fund have been withheld by certain companies at the time of declaration of bonus shares.

Name of the Company	2026		2025	
	---------- Bonus shares ----------			
	Number of shares withheld	Market value as at June 30, 2026	Number of shares withheld	Market value as at June 30, 2025

	- Central Depository Company of Pakistan Limited		100	100
	Advance tax	7.3	511	511
	Advance against subscription of Term Finance Certificates (TFC)	7.1	25,000	25,000
			28,111	28,111
	Less: provision in respect of advance against subscription of term finance certificates	7.2	(25,000)	(25,000)
			3,111	3,111

7.1 The Fund had subscribed towards the term finance certificates of Dewan Cement Limited as Pre-IPO investor on January 9, 2008. Under the agreement, the issuer was required to complete the public offering by October 9, 2008. However, no public offering has been carried out by the issuer till June 30, 2026. In addition, profit on the advance against subscription, due after six months from the date of subscription, has also not been received by the Fund. As at June 30, 2026, the advance against subscription has been fully provided in accordance with the provisioning policy of the Fund as approved by the Board of Directors of the Management Company.

7.2 Disclosure under circular 16 of 2010 issued by the Securities and Exchange Commission of Pakistan - categorisation of open end scheme

The Securities and Exchange Commission of Pakistan vide circular 7 of 2009 dated March 6, 2009 required all Asset Management Companies to classify funds under their management on the basis of categorisation criteria laid down in the circular. HBL Asset Management Limited (Management Company) classified HBL Stock Fund (the Fund) as 'Equity Scheme' in accordance with the said circular. As at June 30, 2026, the Fund is compliant with all the requirements of the said circular except for clause 9 (v) which requires that the rating of any security in the portfolio shall not be lower than the investment grade.

Name of non-compliant investment	Type of investment	Value of investment before provision	Provision held	Value of investment after provision	% of gross assets
		---------- Rupees in '000 ----------			
Dewan Cement Limited	TFC	25,000	25,000	-	-

7.3 As per clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under section 151 and 150. However, withholding taxes on dividends and profit on savings accounts with banks paid to the Fund were deducted by various withholding agents based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated May 12, 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced by the withholdee. The tax withheld on dividends and profit on savings accounts with banks amounts to Rs. 0.511 million (2025: Rs. 0.511 million).

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. A petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgment of the SHC. Pending resolution of the matter, the amount of withholding taxes deducted on dividends and profit on bank deposits paid to the Fund have been shown as advance tax as at June 30, 2026 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

		Note	2026	2025
8	**PAYABLE TO HBL ASSET MANAGEMENT LIMITED - MANAGEMENT COMPANY**		------ Rupees in '000 ------	
	Remuneration payable	8.1	6,799	1,734
	Sindh sales tax payable on remuneration of the Management Company	8.2	1,020	260
	Sales load payable		746	1,695
			8,565	3,689

8.1 As per regulation 61 of the NBFC Regulations, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the offering document and subject to a capping of 3.00% for a collective investment scheme categorised as an 'Equity Scheme'. Keeping in view the maximum allowable threshold, the Management Company has charged its remuneration at the rate of 3.00% (2025: 2.70%) per annum of the average daily net assets of the Fund during the year ended June 30, 2026. The remuneration is payable to the Management Company monthly in arrears.

8.2 Sindh sales tax levied through Sindh Sales Tax on Services Act, 2011 has been charged at the rate of 15% (2025: 15%) on the Management Company's remuneration.

		Note	2026	2025
9	**PAYABLE TO CENTRAL DEPOSITORY COMPANY OF PAKISTAN LIMITED - TRUSTEE**		------ Rupees in '000 ------	
	Remuneration payable to the Trustee	9.1	309	129
	Sindh sales tax payable on remuneration of the Trustee	9.2	46	19
			355	148

9.1 The Trustee is entitled to a monthly remuneration for services rendered to the Fund under the provisions of the Trust Deed as per the tariff specified therein, based on the daily net assets of the Fund. The remuneration is payable to the Trustee according to the following tariff structure:

Tariff structure	
Net assets (Rs.)	**Fee**
- Up to Rs. 1 billion	Rs. 0.70 million or 0.20% per annum of net assets, whichever is higher.
- Exceeding Rs. 1 billion	Rs. 2.0 million plus 0.10% per annum of net assets, on amount exceeding Rs. 1 billion.

9.2 Sindh sales tax levied through Sindh Sales Tax on Services Act, 2011 has been charged at the rate of 15% (2025: 15%) on remuneration of the Trustee.

		Note	2026	2025
10	**PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN**		------ Rupees in '000 ------	
	Fee payable	10.1	215	60

11 ACCRUED EXPENSES AND OTHER LIABILITIES	Note	2026	2025
		------ Rupees in '000 ------	
Provision for federal excise duty	11.1	37,838	37,838
Withholding tax payable		445	649
Auditor's remuneration payable		942	802
Securities transaction costs payable		3,810	417
Capital gain tax payable		2,206	2,051
Zakat payable		8	29
Other payable		175	177
		45,424	41,963

11.1 The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16 percent on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company and sales load with effect from July 1, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs. 37.838 million (2025: Rs. 37.838 million) is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision not been made, the NAV of the Fund would have been higher by Rs. 3.14 (2025: Rs. 8.56) per unit.

12 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at June 30, 2026 and June 30, 2025.

13 NUMBER OF UNITS IN ISSUE	2026	2025
	------ Number of units ------

Units redeemed during the year	(46,932,143)	(11,790,719)
Total units in issue at the end of the year	12,068,291	4,419,218

14 AUDITOR'S REMUNERATION	2026	2025
	------ Rupees in '000 ------	
Annual audit fee	698	560
Half year review	465	373
Certifications and other services	230	227
Out of pocket expenses	171	254
	1,564	1,414

15 TOTAL EXPENSE RATIO

The SECP, vide S.R.O. 600(I)/2025 dated April 10, 2025, has removed the Total Expense Ratio (TER) limit with effect from July 01, 2025. The TER limit of 4.5% for a collective investment scheme categorised as an "Equity Scheme", applicable previously, has been replaced with the management fee cap which has been disclosed in note 8.1 to these financial statements.

16 TAXATION

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the management has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2026 to the unit holders in the manner as explained above, no provision for taxation has been made in these financial statements during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

17 TRANSACTIONS AND BALANCES WITH CONNECTED PERSONS / RELATED PARTIES

17.1 Connected persons / related parties include HBL Asset Management Limited being the Management Company, Habib Bank Limited being the Sponsor, Central Depository Company of Pakistan Limited, being the Trustee of the Fund, Habib Microfinance Bank Limited, being an associated company, other collective investment schemes / notified entities managed by the Management Company, any person or trust beneficially owning, directly or indirectly, ten percent or more of the capital of the Management Company or ten percent or more of the net assets of the Fund, any person or trust controlled by the same persons as defined herein, any member of the group to which that person or trust forms part of and directors or officers of the Management Company or any of their connected persons as specified herein.

17.2 Remuneration to the Management Company of the Fund is determined in accordance with the provisions of the NBFC Regulations and the Trust Deed.

17.3 Transactions with connected persons essentially comprise sale and redemption of units, fee on account of managing the affairs of the Fund, sales load, other charges and distribution payments to connected persons. The transactions with connected persons are also in the normal course of business, at contracted rates and at the terms determined in accordance with market rates.

17.4 Remuneration to the Trustee of the Fund is determined in accordance with the provisions of the Trust Deed.

17.5 Details of the transactions during the year and balances at year end with connected persons / related parties are as follows:

19 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

19.1 Market risk

Market risk is the risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market prices.

The Management Company manages market risk by monitoring its exposure to marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee and regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises of three types of risks: yield / interest rate risk, currency risk and price risk.

(i) Yield / interest rate risk

Yield / interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As of June 30, 2026, the Fund is exposed to such risk on its balances held with banks. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

a) Sensitivity analysis for variable rate instruments

Presently, the Fund holds bank balances which expose the Fund to cash flow interest rate risk. In the case of a 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net income for the year and net assets of the Fund would have been higher / lower by Rs. 1.456 million (2025: Rs. 1.290 million).

The composition of the Fund's investment portfolio and related profit rates are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2026 is not necessarily indicative of the impact on the Fund's net assets of future movements in interest rates.

Yield / interest rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date.

The Fund's yield / interest rate sensitivity relating to financial assets and financial liabilities as at June 30, 2026 and June, 30 2025 can be determined as follows:

	2026					
		Exposed to yield / interest rate risk			Not exposed to yield / interest rate risk	Total
	Effective yield / interest rate	Upto three months	More than three months and upto one	More than one year		
On-balance sheet financial instruments	(%)	Rupees in '000

Cumulative interest rate sensitivity gap		129,310	129,310	129,310		

(ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

(iii) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund is exposed to equity price risk on investments held by the Fund and classified as 'at fair value through profit or loss'. To manage its price risk arising from investments in equity securities, the Fund diversifies its portfolio within the eligible stocks prescribed in the Trust Deed. The NBFC Regulations also limit individual equity securities to not more than 10% of net assets and issued capital of the investee company and sector exposure limit to 35% of the net assets.

In case of a 1% increase / decrease in the KSE 100 index on June 30, 2026, with all other variables held constant, the total comprehensive profit / (loss) of the Fund for the year would increase / decrease by Rs. 27.510 million (2025: Rs. 7.434 million) and the net assets of the Fund would increase / decrease by the same amount as a result of gains / losses on equity securities classified as financial assets at fair value through profit or loss.

The analysis is based on the assumption that equity index had increased / decreased by 1% with all other variables held constant and all the Fund's equity instruments moved according to the historical correlation with the index. This represents management's best estimate of a reasonable possible shift in the KSE 100 Index, having regard to the historical volatility of the index.

The composition of the Fund's investment portfolio and the correlation thereof to the KSE 100 Index, is expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2026 is not necessarily indicative of the effect on the Fund's net assets of future movements in the level of the KSE 100 index.

19.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily settlement of equity securities and daily cash redemptions, if any, at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Fund's reputation. Its policy is therefore to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, 2008, the Fund can borrow in the short-term to ensure settlement the maximum limit of which is fifteen percent of the net assets up to 90 days and would be secured by the assets of the Fund. However, no borrowing was obtained by the Fund during the current year.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemption requests during the year ended June 30, 2026.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting year to the contractual maturity dates. However, the liabilities that are payable on demand have been included in the maturity grouping of one month

	2026

19.3 Credit risk

19.3.1 Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. The table below analyses the Fund's maximum exposure to credit risk:

	2026		2025	
	Financial assets	Maximum exposure to credit risk	Financial assets	Maximum exposure to credit risk
	---------- Rupees in '000 ----------			
Bank balances	145,580	145,580	129,325	129,325
Investments	2,751,020	-	743,371	-
Dividend and profit receivable	2,162	2,162	1,273	1,273
Receivable against sale of investments	7,950	7,950	-	-
Receivable from HBL Asset Management Limited - Management Company	-	-	1,232	1,232
Deposits	2,600	2,600	2,600	2,600
	2,909,312	158,292	877,801	134,430

The maximum exposure to credit risk before any credit enhancement as at June 30, 2026 is the carrying amount of the financial assets. The difference is because of investment in equity securities which are not exposed to credit risk and have been excluded from the above analysis.

There is a possibility of default by participants or failure of the financial market / stock exchanges, the depositories, the settlements or clearing systems, etc. Settlement risk on equity securities is considered minimal because of inherent controls established in the settlement process. The Fund's policy is to enter into financial contracts in accordance with internal risk management policies and instrument guidelines approved by the Investment Committee.

19.3.2 **Credit quality of financial assets**

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its placements in banks and profit receivable thereon, dividend receivable and receivable against the sale of units. The credit rating profile of balances with banks is as follows:

Rating category	2026	2025
	----------%	----------
AAA	3.51%	0.35%
AA+ *	-	0.00%
AA-	-	16.68%
AA	1.76%	0.04%
A+	0.03%	0.09%
A *	0.00%	0.00%
A- *	0.00%	0.01%
	5.30%	17.17%

* Nil due to rounding off

19.3.3 **Concentration of credit risk**

Concentration of credit risk exists when changes in economic and industry factors similarly affect groups of counter parties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is broadly diversified and transactions are entered into with diverse credit worthy counter parties thereby mitigating any significant concentrations of credit risk.

All financial assets of the Fund as at June 30, 2026 are unsecured and are not impaired except for term finance certificates of Dewan Cement Limited as disclosed in Note 7.2 to these financial statements.

20 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2026 and June 30, 2025, the Fund held the following financial instruments measured at fair values:

	Note	2026			
		Level 1	Level 2	Level 3	Total
Financial assets at 'fair value through profit or loss'		Rupees in '000			
Quoted equity securities	5.1	2,751,020	-	-	2,751,020

		2025			
		Level 1	Level 2	Level 3	Total
Financial assets at 'fair value through profit or loss'		Rupees in '000			
Quoted equity securities	5.1	743,371	-	-	743,371

Valuation technique used in determination of fair values is as follows:

Item	Valuation technique
Quoted equity securities	The fair value of investments in quoted equity securities is valued on the basis of closing quoted market price available at the Pakistan Stock Exchange.

There were no transfers between levels during the year.

21 UNIT HOLDERS' FUND RISK MANAGEMENT

The Unit Holders' Fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movements in Unit Holders' Fund'.

The Fund has no restrictions on the subscription and redemption of units. As required under the NBFC Regulations, 2008 every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs. 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum Fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 19, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

Type and Category of Fund

Open end Equity Fund

Investment Objective and Accomplishment of Objective

The fund objective is to provide its investors maximum risk adjusted returns over longer investment horizon by investing in a diversified equity portfolio that offers both capital gains and dividend income.

Benchmark and Performance Comparison with Benchmark

The Fund's benchmark is KSE 100 Index.

The comparison of the fund return with benchmark is given below:

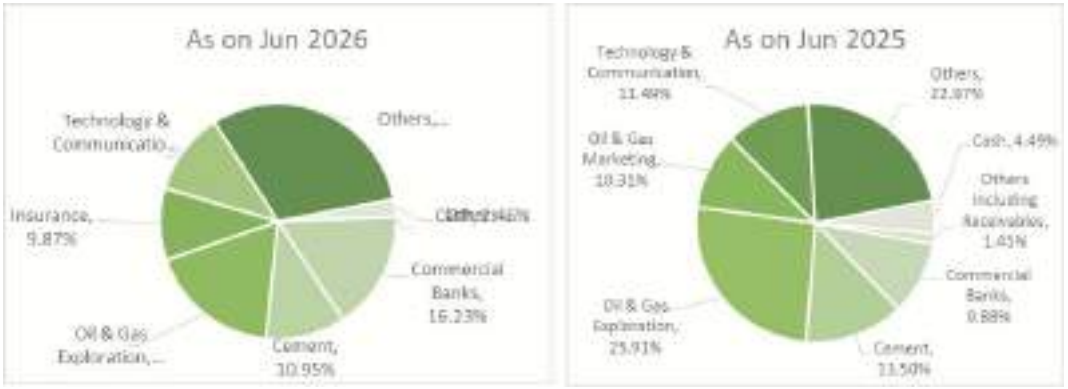

Month	HBL-EQF	Benchmark
Jun-26	5.69%	2.97%
May-26	7.69%	6.73%
Apr-26	12.34%	9.58%
Mar-26	-14.23%	-11.50%
Feb-26	-14.02%	-8.75%
Jan-26	-1.16%	5.81%
Dec-25	5.60%	4.43%
Nov-25	2.22%	3.12%
Oct-25	-4.56%	-2.33%
Sept-25	12.23%	11.36%
Aug-25	10.02%	6.62%
Jul-25	5.59%	10.96%

Strategies and Policies employed during the Year

During the year under review, the Fund increased its exposure in equity from 94.06% of total assets as on June 30, 2025 to 97.48% of total assets as on June 30, 2026. Furthermore, sector-wise allocation was continuously reviewed and revisited throughout the year to ensure optimum return to the investors. Accordingly, exposure in commercial banks, technology, insurance and others has increased, while exposure in cement, oil and gas exploration and oil and gas marketing has decreased.

Asset Allocation

Significant Changes in Asset Allocation during the Year

Following table shows comparison of sector wise allocation of equity investments of Fund as on June 30, 2026 and June 30, 2025:

Month	As on Jun 2026	As on Jun 2025
Cash	2.46%	4.48%
Others Including Receivables	0.05%	1.44%
Commercial Banks	16.23%	9.87%
Cement	10.95%	13.50%
Oil & Gas Exploration	18.06%	25.91%
Oil & Gas Marketing	0.00%	10.31%
Insurance	9.86%	0.00%
Technology & Communication	11.39%	11.49%
Others	31.00%	23.00%
Total	**100.00%**	**100.00%**

Fund Performance

The total and net income of the Fund was Rs. 371.04 million and Rs. 290.51 million respectively during the year ended June 30, 2026. The Net Asset Value (NAV) per unit of the Fund was Rs. 233.4307 per unit as on June 30, 2026 as compared to Rs. 186.4654 per unit as on June 30, 2025, thereby giving a return of 25.19%. During the period the benchmark KSE 100 index yielded a return of 49.38%. The size of Fund was Rs. 1.36 billion as on June 30, 2026 as compared to Rs. 0.87 billion at the start of the year.

Review of Market invested in

During FY2026, Pakistan's equity market maintained a strong upward trajectory, driven by improved liquidity, significant monetary easing, and a stable external account. The benchmark KSE-100 Index closed at 180,301.70 points, posting a robust gain of 54,674.39 points (43.5%). The strong performance reflected improved investor sentiment and reaffirmed equities as a preferred investment avenue amid improving macroeconomic conditions.

Market activity also improved, with average daily trading volume of the KSE All-Share Index rising to 911 million shares (up 44% from 633 million shares in the same period last year). Average daily traded value surged 51% to PKR 42.5 billion, up from PKR 28.15 billion.

The sectors that majorly contributed to the performance were Commercial Banks, Fertilizer, Oil & Gas Exploration Companies, and Cements. Script-wise, major contribution came from FFC, UBL, HUBC, ENGROH, and MEBL.

Going forward, the equity market is expected to maintain its positive trajectory, supported by a stable external position, continued macroeconomic consolidation, adequate market liquidity, and the prospect of a stable-to-accommodative monetary stance. A sustained recovery in corporate earnings and easing inflation should further support valuation stability over the medium term.

However, risks remain. Market direction will stay sensitive to escalating geopolitical tensions between Iran and the United States, particularly any disruption to the Strait of Hormuz. As a critical chokepoint for global energy supplies, any flare-up could push international oil prices higher, pressure the import bill, reignite inflation, and weigh on the external account and overall market sentiment. Barring a significant escalation, the broader backdrop remains constructive for equities.

Distribution

The fund has distributed NIL dividend for the year ended June 30 2026.

Significant Changes in the State of Affairs

There were no significant changes in the state of affairs during the year under review.

Breakdown of Unit Holding by Size

From – To (Number of units)	Number of Unit Holders	Total Number of Units Held

TRUSTEE REPORT TO THE UNIT HOLDERS

HBL EQUITY FUND

Report of the Trustee pursuant to Regulation 41(h) and Clause 8 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of HBL Equity Fund (the Fund) are of the opinion that HBL Asset Management Limited, being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2026 in accordance with the provisions of the following:

(i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;

(ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund;

(iii) The management fee, fee payable to Securities & Exchange Commission of Pakistan and other expenses paid from the Fund during the period are in accordance with the applicable regulatory framework; and

(iv) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

INDEPENDENT AUDITOR'S REPORT

To the Unit Holders of HBL Equity Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **HBL Equity Fund** (the Fund), which comprise the statement of assets and liabilities as at June 30, 2026, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and statement of cash flows for the year then ended and notes to the financial statement comprising material accounting policy information and other explanatory information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2026, and of its financial performance and its cash flows for the year then ended in accordance with accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund and HBL Asset Management Limited (the Management Company) in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

Key audit matter is the matter that, in our professional judgment, was of most significance in our audit of the financial statements of the current year. This matter was addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter.

S. No.	Key audit matter	How the matter was addressed in our audit
1	**Valuation and existence of investments** The investments constitute the most significant component of net asset value (NAV). The investments of the Fund as at June 30, 2026, amounted to Rs. 1,368.801 million. The existence and proper valuation of the investment for the determination of NAV of the fund as at June 30, 2026, was considered a high risk area and therefore we considered this as a key audit matter.	We performed the following procedures during our audit of investments: • obtained independent confirmations from the Central Depository Company of Pakistan Limited for verifying the existence of the listed equity investments portfolio as at June 30, 2026; and • re-performed valuation to assess that investments are carried out as per the valuation methodology specified in the accounting policies.

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of Directors of the Management Company are responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with Board of Directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Board of Directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with Board of Directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Hena Sadiq**.

1. LEGAL STATUS AND NATURE OF BUSINESS

1.1 HBL Equity Fund ("the Fund") was established under a Trust Deed executed between PICIC Asset Management Limited (now, HBL Asset Management Limited) as the Management Company and the Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Fund was approved by the Securities and Exchange Commission of Pakistan (SECP) vide its letter no. SCD/NBFC-II/PSF/249/2011 dated June 01, 2011 and the trust deed was executed on June 14, 2011.

1.2 Through an order dated August 31, 2016, the Securities and Exchange Commission of Pakistan (SECP / the Commission) approved the merger of PICIC Asset Management Company Limited with and into HBL Asset Management Limited effective from August 31, 2016 and the trust deed was revised on February 17, 2017. Trust Act, 1882 has been repealed due to the promulgation of Provincial Trust Act namely "Sindh Trusts Act, 2020" (the Sindh Trusts Act) as empowered under the Eighteenth Amendment to the Constitution of Pakistan. Accordingly, on August 24, 2021, the above-mentioned Trust Deed has been registered under the Sindh Trusts Act.

1.3 The Trust Act, 1882 has been repealed due to the promulgation of Provincial Trust Act namely "Sindh Trusts Act, 2020" (the Sindh Trusts Act) as empowered under the Eighteenth Amendment to the Constitution of Pakistan. Accordingly, on August 24, 2021, the above-mentioned Trust Deed has been registered under the Sindh Trusts Act.

1.4 Effective from September 01, 2016, HBL Asset Management Limited became Management Company of the Fund which is a wholly owned subsidiary of Habib Bank Limited. The Aga Khan Fund For Economic Development S.A (AKFED), is the parent company of Habib Bank Limited.

1.5 The Management Company of the Fund has been registered as a Non-Banking Finance Company (NBFC) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (NBFC Rules) and has obtained the requisite license from the SECP to undertake Asset Management Services. The registered office of the Management Company is at 7th Floor, Emerald Tower, G-19, Block 5, Main Clifton Road, Clifton, Karachi.

1.6 The Fund has been categorised as an Equity Scheme as per the criteria laid down by the SECP for categorisation of the Collective Investment Schemes (CISs). The Fund is an open-ended mutual fund and is listed on Pakistan Stock Exchange Limited (PSX). The units of the Fund were initially offered for public subscription at par value of Rs.100 per unit from September 24, 2011 to September 26, 2011. Thereafter, the units are offered to the public for subscription on a continuous basis and are transferable and redeemable by surrendering them to the Fund.

1.7 The investment objective of the Fund is to provide investors a diversified equity portfolio with a primary objective of maximising risk-adjusted returns over longer investment horizon through a combination of capital gains and dividend income.

1.8 VIS Credit Rating Company has assigned a management quality rating of 'AM1' (Stable Outlook) to the Management Company as at December 31, 2025.

1.9 Title to the assets of the Fund is held in the name of CDC as the Trustee of the Fund.

2. BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- IFRS Accounting Standards issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017 (the Act);
- Provisions of, directives and notifications issued under the Act along with part VIIIA of the repealed Companies Ordinance, 1984; and
- NBFC Rules, Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations).

Where provisions of and directives issued under the Act, Part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRS, the provisions of and directives issued under the Act, Part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

2.2 Basis of measurement

These financial statements have been prepared under the historical cost convention, except for investments which are measured at fair value.

2.3 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistan Rupees which is the Fund's functional and presentation currency. Amounts presented in the financial statements have been rounded off to the nearest thousand rupees, unless otherwise stated.

2.4 Critical accounting estimates and judgments

The preparation of these financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make estimates, judgments and assumptions that affect the reported amount of assets, liabilities, income and expenses. It also requires the management to exercise judgment in application of accounting policies. The estimates, judgments and associated assumptions are based on the historical experience and various other factors that are believed to be reasonable under the circumstances. Revisions to accounting estimates are recognised in the year in which the estimates are revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods. The areas where various assumptions and estimates are significant to the Fund's financial statements or where judgment was exercised in the application of accounting policies are given below:

(a) Classification and measurement of financial assets (Note 4.2.1.1 and 6)
(b) Impairment of financial assets (Note 4.2.1.3)
(c) Provisions (Note 4.3)
(d) Taxation (Note 4.4 and 17)
(d) Classification and measurement of financial liabilities (Note 4.2.2)
(e) Contingencies and commitments (Note 14)

3. APPLICATION OF NEW STANDARDS AND AMENDMENTS TO PUBLISHED APPROVED ACCOUNTING AND REPORTING STANDARDS

3.1 New amendment that is effective for the year ended June 30, 2026

The following amendment is effective for the year ended June 30, 2026. This amendment is not relevant to the Fund's operations.

- Amendments to IAS 21 'The Effects of Changes in Foreign Exchange Rates' - Clarification on how entity accounts when there is long term lack of Exchangeability

3.2 New accounting standards and amendments and interpretations that are not yet effective

The following standards and amendments are effective for accounting periods, beginning on or after the date mentioned against each of them. These standards and amendments are either not relevant to the Fund's operations or are not expected to have significant impact on the Fund's financial statements other than certain additional disclosures except those mentioned in note 3.3

	Effective from accounting period beginning on or after
- Amendments IFRS 9 'Financial Instruments' and IFRS 7 'Financial Instruments Disclosures' - Classification And Measurement of Financial Instruments	January 01, 2026
- Amendments IFRS 9 'Financial Instruments' and IFRS 7 'Financial Instruments Disclosures' - Contracts Referencing Nature-dependent Electricity	January 01, 2026
- Annual improvements to IFRS Accounting Standards (related to IFRS 1, IFRS 7, IFRS 9, IFRS 10 and IAS 7)	January 01, 2026
- IFRS 17 – 'Insurance Contracts' (including the June 2020 and December 2021 Amendments to IFRS 17)	January 01, 2027
- IFRS 18 - 'Presentation and Disclosures in Financial Statements'.	January 01, 2027
- IFRS 19 - 'Subsidiaries without Public Accountability: Disclosures'.	January 01, 2027

3.3 In April 2024, the IASB issued IFRS 18, which replaces IAS 1 Presentation of Financial Statements. IFRS 18 introduces new requirements for presentation within the income statement, including specified totals and subtotals. Furthermore, entities are required to classify all income and expenses within the income statement into one of five categories: operating, investing, financing, income taxes and discontinued operations, whereof the first three are new.

The standard requires disclosure of newly defined management-defined performance measures, subtotals of income and expenses, and it also includes new requirements for aggregation and disaggregation of financial information based on the identified ‘roles’ of the primary financial statements (PFS) and the notes.

IFRS 18, and the amendments to the other standards, are effective for reporting periods beginning on or after 1 January 2027, but earlier application is permitted and must be disclosed. IFRS 18 will apply retrospectively.

Other than the aforesaid amendments, IASB has also issued the following standards which have not been adopted locally by the SECP:

- IFRS 1 - First Time Adoption of International Financial Reporting Standards
- IFRS 20 - Regulatory Assets and Regulatory Liabilities

4. MATERIAL ACCOUNTING POLICY INFORMATION

The principal accounting policies applied in the preparation of these financial statements are set out below. These accounting policies have been consistently applied, unless otherwise stated.

4.1 Cash and cash equivalents

Cash and cash equivalents comprise of banks balances and short-term highly liquid investments with original maturities of three months or less.

4.2 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised in the Fund's statement of assets and liabilities when the Fund becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Income statement.

4.2.1 Financial assets

4.2.1.1 Classification and measurement of financial assets

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the entity's business model for managing them.

All recognised financial assets are measured subsequently in their entirety at either amortised cost or fair value, depending on the classification of the financial assets. For purposes of subsequent measurement, financial assets are classified in following categories:

Financial assets at fair value through other comprehensive income (equity instruments)

Upon initial recognition, the Fund can elect to classify irrevocably its equity investments as equity instruments designated at fair value through other comprehensive income (FVOCI) when they meet the definition of equity under IAS 32 Financial Instruments: Presentation and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses from changes in fair value are recognised in OCI and are accumulated in the investments revaluation reserve. The cumulative gain or loss is not reclassified to profit or loss on disposal of the equity investments, instead, it is transferred to undistributed income. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

Dividends are recognised as income in the Income statement when the right of payment has been established, except when the Fund benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI.

The Fund elected not to classify irrevocably any of the equity investments under this category on initial recognition.

Financial assets at fair value through profit or loss (equity instruments)

Equity investments which the Fund had not irrevocably elected to classify at FVOCI are classified as at fair value through profit or loss (FVTPL). Financial assets at FVTPL are carried in the statement of assets and liabilities at fair value with net changes in fair value recognised in the the Income statement.

Dividends on equity investments are recognised as income in the Income statement when the right of payment has been established.

The Fund elected to classify all of the equity investments at fair value through profit or loss on initial recognition.

Financial assets at amortised cost (debt instruments)

Financial assets at amortised cost are subsequently measured using the effective interest rate (EIR) method and are subject to impairment. Gains and losses are recognised in the income statement when the asset is derecognised, modified or impaired.

Financial assets at fair value through other comprehensive income (debt instruments)

For debt instruments at fair value through other comprehensive income (FVOCI), interest income and impairment losses or reversals are recognised in the Income statement and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in OCI in statement of comprehensive income. Upon derecognition, the cumulative fair value change recognised in OCI is reclassified to the Income statement.

Financial assets at fair value through profit or loss (debt instruments)

Debt instruments that do not meet the amortised cost criteria or the FVOCI criteria are classified as at fair value through profit or loss (FVTPL). In addition, debt instruments that meet either the amortised cost criteria or the FVOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency (so called 'accounting mismatch') that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

4.2.1.2 Fair value measurement principles

The fair value of financial instruments is determined as follows:

Basis of valuation of equity securities:

The fair value of equity instruments is determined by using closing rate of securities at day end available on the PSX's website.

Basis of valuation of government debt securities:

The government securities not listed on a PSX and traded in the interbank market are valued at the average rates quoted on a widely used electronic quotation system (PKRV) which are based on the remaining tenure of the securities. Moreover, listed Government Securities traded on PSX are valued at rates quoted on PSX.

Basis of valuation of debt securities:

The fair value of debt securities (other than Government Securities) is based on the value determined and announced by Mutual Funds Association of Pakistan (MUFAP) in accordance with the criteria laid down in Circular No. 1 of 2009 and Circular No. 33 of 2012 issued by SECP. In the determination of the rates, MUFAP takes into account the holding pattern of these securities and categorises them as traded, thinly traded and non-traded securities. The aforementioned circular also specifies the valuation process to be followed for each category as well as the criteria for the provisioning of non-performing debt securities.

The Fund applies discretion on the effective yield as per the allowable limits in the above mentioned Circulars after taking into account aspects such as Liquidity Risk, Sector Specific Risk and Issuer Class Risk.

The allowable limits for rated securities for duration upto 2 years is +200/-100 bps and over 2 years is +150/-50 bps. For unrated securities the allowable limit is +50 bps.

4.2.1.3 Impairment of financial assets

The Management Company assesses at each reporting date whether there is objective evidence that the Fund's financial assets or a group of financial assets are impaired. If any such indication exists, the recoverable amount of such assets is estimated. An impairment loss is recognised whenever the carrying value of an asset exceeds its recoverable amount.

SECP through its letter no. SCD/AMCW/RS/MUFAP/2017-148 dated November 21, 2017 has deferred the applicability of the impairment requirements of IFRS 9 for debt securities on mutual funds. Therefore, the Fund will not be subject to the impairment provisions of IFRS 9 until further instruction.

For financial assets other than debt securities measured at amortised cost, IFRS 9 requires recognition of impairment based on expected credit loss (ECL) model. Under IFRS 9, the Fund is required to measure loss allowance equal to an amount equal to lifetime ECL or 12 months ECL based on credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Fund considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Fund's historical experience and informed credit assessment and including forward-looking information.

However, majority of the assets of the Fund exposed to credit risk pertain to counter parties which have high credit rating or where credit risk has not been increased since initial recognition. Therefore, management believes that the impact of ECL would be very minimal and hence, the same has not been accounted for in these financial statements.

4.2.1.4 Regular way contracts

Regular purchases and sales of financial assets are recognised on the trade date - the date on which the Fund commits to purchase or sell the asset.

4.2.1.5 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership.

4.2.2 Financial liabilities

All financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instrument. These are initially recognised at fair value and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired.

4.2.3 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets and liabilities when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

4.3 Provisions

Provisions are recognised when the Fund has a present, legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

4.4 Taxation

The income of the Fund is exempt from income tax under Clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 (ITO, 2001) subject to the condition that not less than 90% of its accounting income for the year, as reduced by accumulated losses and capital gains, whether realised or unrealised, is distributed in cash to the unit holders.

The Fund is also exempt from the provisions of Section 113 (minimum tax) and Section 113C (Alternative Corporate Tax) under Clause 11A of Part IV of the Second Schedule to the ITO, 2001.

4.5 Dividend distribution and appropriations

Dividend distributions and appropriations are recorded in the period in which these are approved by the Board of Directors (the Board) of the Management Company. Based on MUFAP's guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Regulation 63 of the NBFC Regulations requires the Fund to distribute 90% of the net accounting income other than capital gains to the unit holders.

Distributions declared subsequent to the year end / reporting date are considered as non-adjusting events and are recognised in the financial statements of the period in which such distributions are declared and approved by the Board of Directors (the Board) of the Management Company.

4.6 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors during business hours on that day. The offer price represents the net assets value per unit as of the close of the business day plus the allowable sales load, provision for transaction costs and any provision for duties and charges, if applicable.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors receive redemption applications during business hours of that day. The redemption price represents the net assets value per unit as of the close of the business day less any back-end load (if applicable), any duties, taxes, charges on redemption and any provision for transaction costs, if applicable. Redemption of units is recorded on acceptance of application for redemption.

4.7 Element of income

Element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. Element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

4.8 Net assets value per unit

The net assets value (NAV) per unit as disclosed in the statement of assets and liabilities is calculated by dividing the net assets of the Fund by the number of units in issue at the year end.

4.9 Revenue recognition

- Realised capital gain / (loss) arising on sale of investments are included in the income statement on the date at which the transaction takes place.
- Dividend income from equity securities is recognised when the right to receive the dividend is established.
- Mark-up on bank deposits is recognised on a time apportionment basis using bank's approved rates.
- Income / profit from investments in Government Securities is recognised on a time proportionate basis using effective interest rate method.
- Unrealised gain / (loss) arising on re-measurement of investments at fair value through profit or loss' are included in the income statement in the year in which they arise.

4.10 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company, Trustee fee and fee of SECP are recognised in the income statement on an accrual basis.

4.11 Earnings per unit

Earnings per unit (EPU) has not been disclosed as in the opinion of the management, determination of weighted average units for calculating EPU is not practicable.

	757,000	1,036,500	**223,674**	182,580

6.1.2 These investments include gross bonus shares as per Fund's entitlement declared by the investee companies.The Finance Act, 2014 brought amendments in the ITO, 2001 whereby the bonus shares received by the shareholder are to be treated as income and a tax at the rate of 5% is to be applied on value of bonus shares determined on the basis of day end price on the first day of closure of books. The tax is to be collected at source by the investee company which shall be considered as final discharge of tax liability on such income. However, the Management Company of the Fund jointly with other asset management companies and Mutual Fund Association of Pakistan (MUFAP), has filed a petition in Sindh High Court to declare the amendments brought in ITO, 2001 with reference to tax on bonus shares for CISs as null and void and not applicable on the funds based on the premise of exemption given to mutual funds under clause 99 of Part I of the Second Schedule to the ITO, 2001. The Sindh High Court has granted stay order till the final outcome of the case. However, the investee company(s) has withheld the share equivalent to 5% of bonus announcement of the Fund having aggregate fair market value of Rs. 4.043 million at June 30, 2026 (June 30, 2025: Rs. 2.978 million) and not yet deposited on CDC account of department of Income tax. The final outcome of the case is pending however, Management Company is of the view that the decision will be in the favor and accordingly has recorded the bonus shares on gross basis at fair value in its investments at year end.

These bonus shares include the following shares:

	As at June 30, 2026		As at June 30, 2025	
	Number of shares	**Market value**	Number of shares	Market value
		(Rupees in '000)		(Rupeess in '000)
Faysal Bank Limited	**1,440**	**143**	1,440	100
Pakistan State Oil Company Limited	**222**	**76**	222	84
The Searle Company Limited	**445**	**42**	445	39
Systems Limited	**25,710**	**3,782**	25,710	2,755
	27,817	**4,043**	27,817	2,978

The Supreme Court of Pakistan passed a judgment on June 27, 2018 whereby the suits which are already pending or filed in future must only be continued / entertained on the condition that a minimum of 50% of the tax calculated by the tax authorities is deposited with the authorities. The CISs failed to deposit the minimum 50% of the tax liability and accordingly the stay got vacated automatically.

Subsequent to 2019, the CISs have filed a fresh constitutional petition via CP4653 dated July 11, 2019. In this regard, on July 15, 2019, the High Court of Sindh has issued notices to the relevant parties and has ordered that no third party interest on bonus shares issued to the Funds in lieu of their investments be created in mean time. The matter is still pending adjudication and the Funds have included these shares in their portfolio, as the management is confident that the decision of the constitution petition will be in favor of the CISs.

			2,600	2,600
	Advance tax	8.1	**315**	313
			2,915	**2,913**

8.1 The income of the Fund is exempt from income tax under Clause 99 of Part I of the Second Schedule of the ITO, 2001. Further, the Fund is exempt under Clause 47(B) of Part IV of Second Schedule of ITO, 2001 from withholding of tax under Section 150, 150A, 151 and 233 of ITO, 2001.

The Federal Board of Revenue through a circular "C.No.1 (43) DG (WHT)/ 2008-Vol.II- 66417-R" dated May 12, 2015, made it mandatory to obtain exemption certificates under Section 159 (1) of the ITO, 2001 from Commissioner Inland Revenue (CIR). However, various withholding agents have deducted advance tax under section 150 and 151 of ITO, 2001. The management is confident that the same will be refunded and retrun application has been filed till tax year 2021.

			June 30, 2026	June 30, 2025
9.	**RECEIVABLE FROM THE MANAGEMENT COMPANY**	**Note**	**------- (Rupees in '000) -------**	
	Receivable against expense reimbursement	9.1	**-**	4,192

9.1 As per SECP Direction No. SCD/PRDD/Direction/18/2016, Asset Management Companies (AMCs) were required to calculate the Total Expense Ratio (TER) for each CIS to ensure that the TER did not exceed the maximum limit prescribed under Regulation 60(5) of the NBFC Regulations. Where the TER exceeded the prescribed limit, the AMCs were required to adjust the Net Asset Value (NAV) of the respective CIS at the end of each quarter during the financial year by reversing the amount of expenses incurred in excess of the applicable limit. However, pursuant to the amendments made to the NBFC Regulations by the Securities and Exchange Commission of Pakistan (SECP) through Notification S.R.O. 600(I)/2025 dated April 10, 2025, the maximum TER limits applicable to Collective Investment Schemes have been withdrawn with effect from July 01, 2025. Consequently, the requirement to cap the TER and make quarterly NAV adjustments for expenses exceeding the prescribed TER limit is no longer applicable from the effective date of the amendment.

During the year ended June 30, 2025, the Fund was in breach of the TER of maximum 4.5% as prescribed under NBFC Regulations for a CIS categoriesd as equity scheme. As a result the Fund has recorded receivable from Management Company to comply with the total expense ratio.

			June 30, 2026	June 30, 2025
10.	**PAYABLE TO THE MANAGEMENT COMPANY**	**Note**	**------- (Rupees in '000) -------**	
	Management remuneration payable	10.1	**3,166**	2,652
	Sindh sales tax payable on Management remuneration	10.2	**475**	398
	Selling and marketing expenses payable	10.3	**-**	225
	Sales load payable		**225**	51
			3,866	3,326

10.1 Pursuant to the amendments in the NBFC Regulations by SECP vide Notification S.R.O. 600(I)/2025 dated April 10, 2025, the management fee for a Equity Scheme is capped at 3% per annum, calculated on the basis of the average daily net assets, effective from July 1, 2025. During the period the Management Company has charged management fees at a rate 3% of the Fund's net assets, calculated on a daily basis. The management fee is payable to the Management Company on a monthly basis in arrears.

10.2 The Sindh Provincial Government has levied Sindh Sales Tax at the rate of 15% (June 30, 2025: 15%) on the remuneration of Management Company through Sindh Sales Tax on Services Act, 2011.

10.3 Effective from April 10, 2025, the SECP, through SRO 600(I)/2025 dated April 10, 2025, amended the NBFC Regulations to disallow the Asset Management Companies to charge selling and marketing expenses to the Fund.

			June 30, 2026	June 30, 2025
11.	**PAYABLE TO THE TRUSTEE**	**Note**	**---------- (Rupees in '000) ----------**	
	Trustee fee payable	11.1	**189**	169
	Sindh sales tax payable on remuneration of the Trustee	11.2	**28**	25
			217	194

11.1 The Trustee is entitled to a monthly remuneration for services rendered to the Fund under the provision of the Trust Deed as per the tariff specified therein, based on the average net assets of the Fund. The fee is paid to the Trustee on monthly basis in arrears.

Based on the Trust deed, Trustee fee has been charged based on the following tariff structure applicable to the Fund:

Average Net asset Value

- Upto Rs. 1 billion	Rs. 0.7 million or 0.20% per annum of net assets, whichever is higher
- Over Rs. 1 billion	Rs. 2.0 million plus 0.10% per annum of net assets on amount exceeding Rs. 1 billion

11.2 The Sindh Provincial Government has levied Sindh sales tax at the rate of 15% (June 30, 2025: 15%) on the remuneration of Trustee through Sindh Sales Tax on Services Act, 2011.

			June 30, 2026	June 30, 2025
12.	**PAYABLE TO SECP**	**Note**	**---------- (Rupees in '000) ----------**	
	SECP fee payable	12.1	**100**	270

12.1 The Fund has charged SECP fee at the rate of 0.095% of the average daily net assets of the Fund which is payable on monthly basis in arrears.

			June 30, 2026	June 30, 2025
13.	**ACCRUED EXPENSES AND OTHER LIABILITIES**	**Note**	**---------- (Rupees in '000) ----------**	
	Provision for Federal excise duty (FED)	13.1	**5,685**	5,685
	Capital gain tax payable		**13,605**	3,064
	Withholding tax payable		**-**	1,910
	Brokerage payable		**3,029**	1,055
	Auditors' remuneration		**1,140**	529
	Other payables		**551**	487
	Zakat payable		**34**	27
			24,044	12,757

13.1 The Finance Act, 2013 enlarged the scope of FED on financial services to include AMCs with effect from June 13, 2013. As the asset management services rendered by the Management Company of the Fund were already subject to provincial sales tax on services levied by the Sindh Revenue Board, which is being charged to the Fund, the Management Company was of the view that further levy of FED was not justified.

On September 04, 2013, a Constitutional Petition was filed in the Sindh High Court (SHC) jointly by various asset management companies, together with their representative CISs through their trustees, challenging the levy of FED.

On July 16, 2016, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

With effect from July 01, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

However, since the appeal filed by the tax authorities is pending in the Supreme Court of Pakistan, the Management Company, being prudent has retained a provision for FED on remuneration of Management Company, aggregating to Rs. 5.685 million (June 30, 2025: Rs. 5.685 million). Had the provision not been made, the net asset value per unit of the Fund as at 2026 would have been higher by Re. 0.973 per unit (June 30, 2025: Rs. 1.217 per unit).

14. CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments as at June 30, 2026 and June 30, 2025.

15. NUMBER OF UNITS IN ISSUE

	June 30, 2026	June 30, 2025
	------ (Number of units) -----	
Movement during the year		
Total units in issue at the beginning	**4,672,344**	1,582,206
Add: Units issued	**16,905,998**	20,905,892
Less: Units redeemed	**15,738,207**	17,815,754
Total units in issue at the end	**5,840,135**	4,672,344

16. AUDITORS' REMUNERATION

	June 30, 2026	June 30, 2025
	------ (Number of units) -----	
Annual audit fee	**513**	465
Fee for half yearly review	**222**	202
Other certifications	**155**	145
Out of pocket	**77**	67
	967	879
Sindh sales tax	**77**	70
	1,044	949

17. TAXATION

The income of the Fund is exempt from income tax under Clause 99 of Part I of the Second Schedule to the ITO, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by accumulated losses and capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. The Fund is also exempt from the provisions of Section 113 (minimum tax) under Clause 11A of Part IV of the Second Schedule to the ITO, 2001.

Since the management distributed the income available for distribution by the Fund to the unit holders in cash in the manner as explained above accordingly, no provision for taxation has been made in these financial statements.

18. TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund for the period from July 1, 2025 to June 30, 2026 is 5.93% (2025: 5.15%), which includes 0.83% (2025: 0.80%) representing government levy, SECP fee, and other related charges. However, pursuant to the amendments in the NBFC Regulations, by SECP vide Notification S.R.O. 600(I)/2025 dated April 10, 2025, the maximum TER limits have been lifted by the SECP applicable to CISs, effective from July 01, 2025.

19. TRANSACTIONS AND BALANCES OUTSTANDING WITH CONNECTED PERSONS / RELATED PARTIES

Related parties / connected persons of the Fund include HBL Asset Management Limited (being the Management Company) and its related entities, the Central Depository Company of Pakistan Limited (being the Trustee of the Fund), other collective investment schemes and pension schemes managed by the Management Company, any entity in which the Management Company, its CISs or their connected persons have material interest, any person or trust beneficially owning (directly or indirectly) ten percent or more of the capital of the Management Company or the net assets of the Fund and directors and their close family members, key management personnel and officers of the Management Company.

The transactions with connected persons are in the normal course of business, at contracted rates and terms determined in accordance with the market rates.

Remuneration payable to Management Company and Trustee is determined in accordance with the provisions of the NBFC Regulations and the Trust Deed, respectively.

Transactions and balances with parties who were connected persons due to holding 10% or more units in the comparative year and not in the current year are not disclosed in the comparative year.

Details of the transactions with connected persons / related parties and balances with them are as follows:

* This represents amount reimbursed by the Management Company in relation to reversal of excess amount charged against reimbursement of selling and marketing expenses and allocated expenses as per the direction of SECP.

20. FAIR VALUE OF FINANCIAL INSTRUMENTS

IFRS 13 - 'Fair Value Measurement' establishes a single source of guidance under IFRS for all fair value measurements and disclosures about fair value measurement where such measurements are required as permitted by other IFRSs. It defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price).

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the close of trading i.e. period end date. The estimated fair value of all other financial assets and financial liabilities is considered not significantly different from book value as these are short term in nature.

The following table shows financial instruments recognised at fair value, based on:

Levels	Description	Valuation approach and input used
Level 1:	Quoted prices in active markets for identical assets or liabilities	Listed equity securities are valued at the rates quoted on PSX.
Level 2:	Those involving inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices)	The government securities not listed on a stock exchange and traded are valued at the average rates quoted on electronic quotation system (PKRV).
Level 3:	Those with inputs for the asset or liability that are not based on observable market data (unobservable inputs)	The Fund applies discretion on the effective yield as per the allowable limits. The allowable limits for rated securities for duration upto 2 years is +200/-100 bps and over 2 years is +150/50 bps. For unrated securities the allowable limits +50 bps.

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy.

Particular	June 30, 2026						
	Carrying amount			Fair Value			
	Fair value through profit or loss	At amortised cost	Total	Level 1	Level 2	Level 3	Total

During the year ended June 30, 2025, there were no transfers between levels of fair value measurements, and no transfer into and out of level 3 fair value measurements.

21. UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by the net assets attributable to unit holders / redeemable units. The amount of net assets attributable to unit holders can change significantly on a daily basis as the Fund is subject to daily issuance and redemptions at the discretion of unit holders. These unit holders of the Fund are entitled to distributions and to payment of a proportionate share based on the Fund's net asset value per unit on the redemption date. The relevant movements are shown on the statement of movement in the unit holders' fund. Unit holders fund risk management is carried out by the Management Company through following steps:

- Monitors the level of daily issuance and redemptions relative to the liquid assets and adjusts the amount of distributions the Fund pays to the unit holders;

- Redeems and issues units in accordance with the constitutive documents of the Fund. This includes the Fund's ability to restrict redemptions; and

- The Fund Manager / Investment Committee members and the Chief Executive Officer of the Management Company critically track the movement of 'Assets under Management'. The Board of Directors is updated regarding key performance indicators, e.g. yield and movement of NAV and total Fund size at the end of each quarter.

The Fund has maintained and complied with the requirements of minimum fund size of Rs. 100 million during the current year.

22. FINANCIAL RISK MANAGEMENT

The Board of the Management Company has overall responsibility for the establishment and oversight of the Fund's risk management framework. The Board is also responsible for developing and monitoring the Fund's risk management policies.

The Fund's risk management policies are established to identify and analyse the risks faced by the Fund, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Fund's activities.

The fund preliminarily invest in a portfolio of equity securities. These Fund's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk.

22.1 Market risk

Market risk is the risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market prices.

The Management Company manages market risk by monitoring exposure in marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee of the Fund and the regulations laid down by the SECP.

Market risk comprises of three types of risks; currency risk, interest rate risk and other price risk.

22.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Fund, at present is not exposed to currency risk as all transactions are carried out in Pakistan Rupees.

22.1.2 Profit rate risk

Yield / profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As of June 30, 2026, the Fund is exposed to such risk on bank balances.

As of June 30, 2026 details of Fund's interest bearing financial instruments were as follows:

	June 30, 2026	June 30, 2025
	---------- (Rupees in '000) ----------	
Variable rate instrument (financial asset)		
Bank balances	**91,630**	43,062

a) Cash flow interest rate risk

The Fund is exposed to cash flow interest rate risk for balances in savings accounts, the interest rates on which ranging between 11.00% to 13.15% (June 30, 2025: 9.00% to 12.00%) per annum.

The Fund's interest rate risk arises from the balances in savings accounts. In case of 100 basis points increase / decrease in interest rates on June 30, 2026 with all other variables held constant, the net income for the year and the net assets would have been higher / lower by Rs. 0.9163 million (June 30, 2025: Rs. 0.4306 million).

b) Fair value interest rate risk

The Fund currently does not have any fixed rate instruments and therefore, it is not exposed to fair value interest rate risk.

The fund interest rate sensitivity related to financial assets and liablities as at June 30, 2026 as follows:

	June 30, 2026				
		Exposed to yield / interest rate risk			
	Effective yield interest rate	**Upto three months**	**More than three months and upto one year**	**More than one year**	**Not exposed to yield/ interest rate risk**	**Total**

Accrued expenses and other ????		-	-	-	1,894	1,894
		-	-	-	47,213	47,213

22.1.3 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund is exposed to equity price risk because of investments held by the Fund in listed equity securities classified as Financial Asset at 'fair value through profit or loss'. To manage it's price risk arising from investments in equity securities, the Fund diversifies it's portfolio within eligible stocks. The Fund's constitutive document and NBFC Regulations also limit investment in individual equity securities of not more than 10% of net assets of the Fund or issued capital of the investee company.

In case of 5% increase / (decrease) in price of all shares held by Fund at the year end, net loss for the year would decrease / increase by Rs. 68.4 million (June 30, 2025: Rs. 42.3 million) and net assets of the Fund would increase / decrease by the same amount as a result of gains / losses on equity securities at fair value through profit or loss.

22.2 Credit risk

Credit risk represents the risk of a loss if the counter parties fail to perform as contracted. The Fund's credit risk preliminary attributable to bank balances and credit exposure arising as a result of dividend receivable on equity securities.

22.2.1 Management of credit risk

For banks the Fund keeps deposits with reputed institutions. Credit risk on account of dividend receivable is minimal due to the statutory protections. All transactions in listed securities are settled / paid for delivery using the system of NCCPL. The risk of default in these transactions is considered minimal due to inherent systematic measures taken therein. The Fund's policy is to enter into financial contracts in accordance with the investment guidelines approved by the Investment Committee, its Trust Deed, the requirements of the NBFC Rules and the Regulations and the guidelines given by the SECP from time to time.

The Fund's maximum exposure to credit risk is the carrying amounts of following financial assets.

	Note	June 30, 2026		June 30, 2025	
		Balance as per statement of assets and liabilities	**Maximum exposure to credit risk**	Balance as per statement of assets and liabilities	Maximum exposure to credit risk

	100	100

Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect group of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is mainly concentrated in listed equity securities and bank balances, while the remaining transactions are entered into with diverse credit-worthy counterparties thereby mitigating any significant concentration of credit risk.

Settlement risk

The Fund's activities may give rise to risk at the time of settlement of transactions. Settlement risk is the risk of loss due to the failure of counter party to honour its obligations to deliver cash, securities or other assets as contractually agreed. Credit risk relating to unsettled transactions in securities is considered to be minimal as the Fund uses brokers with high creditworthiness and the transactions are settled or paid for only upon delivery.

22.3 Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in meeting it's obligations arising from it's financial liabilities that are settled by delivering cash or other financial assets or that such obligations will have to be settled in a manner disadvantageous to the Funds.

The Fund is exposed to daily cash redemptions, if any, at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Fund's reputation. Its policy is therefore to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

In order to manage the Fund's overall liquidity, the Fund also has the ability to withhold daily redemption requests in excess of 10% of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. However, no such instances were witnessed by the Fund during the current year .

The table below analyses the Fund's financial assets and financial liabilities into relevant maturity groupings based on the remaining period at the statement of assets and liabilities date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows:

Jul-25	0.84%	5.02%

Strategies and Policies employed during the Year

During the year under review, the Fund increased its exposure in equities from 84.75% on June 30, 2025 to 97.87% as on June 30, 2026. Further, sector-wise allocation was continuously reviewed and revisited throughout the year to ensure optimum return to the investors. Accordingly, exposure in oil and gas exploration, refinery and power generation and distribution were increased, while exposure in oil and gas marketing was decreased.

Asset Allocation

Significant Changes in Asset Allocation during the Year

The following table shows a comparison of top sector wise allocation of equity investments in the Fund as on June 30, 2026 and June 30, 2025:

Sector	As on Jun 2026	As on Jun 2025
Cash	1.31%	5.97%
Others Including Receivables	0.83%	9.28%
Oil & Gas Exploration	52.33%	42.82%
Oil & Gas Marketing	11.88%	26.73%
Power generation & Distribution	17.64%	5.51%
Refinery	16.01%	9.69%
Total	**100.00%**	**100.00%**

Fund Performance

The total and net income of the Fund was Rs. 635.62 million and Rs. 525.49 million respectively during the year ended June 30, 2026. The Net Asset Value (NAV) per unit of the Fund was Rs. 34.7606 per unit as on June 30, 2026 (after incorporating dividend of Rs. 0.50 per unit) as compared to Rs. 26.7616 per unit as on June 30, 2025, thereby giving a return of 31.73%. During the same period the benchmark KSE 30 index yielded a return of 49.38%. The size of Fund was Rs. 2.22 billion as on June 30, 2026 as compared to Rs. 1.83 billion at the start of the year.

Market Review

During FY2026, Pakistan's equity market maintained a strong upward trajectory, driven by improved liquidity, significant monetary easing, and a stable external account. The benchmark KSE-100 Index closed at 180,301.70 points, posting a robust gain of 54,674.39 points (43.5%). The strong performance reflected improved investor sentiment and reaffirmed equities as a preferred investment avenue amid improving macroeconomic conditions.

Market activity also improved, with average daily trading volume of the KSE All-Share Index rising to 911 million shares (up 44% from 633 million shares in the same period last year). Average daily traded value surged 51% to PKR 42.5 billion, up from PKR 28.15 billion.

The sectors that majorly contributed to the performance were Commercial Banks, Fertilizer, Oil & Gas Exploration Companies, and Cements. Script-wise, major contribution came from FFC, UBL, HUBC, ENGROH, and MEBL.

Going forward, the equity market is expected to maintain its positive trajectory, supported by a stable external position, continued macroeconomic consolidation, adequate market liquidity, and the prospect of a stable-to-accommodative monetary stance. A sustained recovery in corporate earnings and easing inflation should further support valuation stability over the medium term.

However, risks remain. Market direction will stay sensitive to escalating geopolitical tensions between Iran and the United States, particularly any disruption to the Strait of Hormuz. As a critical chokepoint for global energy supplies, any flare-up could push international oil prices higher, pressure the import bill, reignite inflation, and weigh on the external account and overall market sentiment. Barring a significant escalation, the broader backdrop remains constructive for equities.

Distribution

The Board of Directors approved distribution of up-to Rs. 0.50 per unit to the unit holders for the year ended June 30, 2026.

Significant Changes in the State of Affairs

There were no significant changes in the state of affairs of the Fund.

Breakdown of Unit Holding by Size

From – To (Number of units)	Number of Unit Holders	Total Number of Units Held
1 - 100	566	10,168
101 - 500	226	56,386

TRUSTEE REPORT TO THE UNIT HOLDERS

HBL ENERGY FUND

Report of the Trustee pursuant to Regulation 41(h) and Clause 8 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of HBL Energy Fund (the Fund) are of the opinion that HBL Asset Management Limited, being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2026 in accordance with the provisions of the following:

(i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;

(ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund;

(iii) The management fee, fee payable to Securities & Exchange Commission of Pakistan and other expenses paid from the Fund during the period are in accordance with the applicable regulatory framework; and

(iv) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

Badiuddin Akber

INDEPENDENT AUDITOR'S REPORT

To the Unit Holders of HBL Energy Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **HBL Energy Fund** (the Fund), which comprise the statement of assets and liabilities as at June 30, 2026, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and statement of cash flows for the year then ended and notes to the financial statement comprising material accounting policy information and other explanatory information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2026, and of its financial performance and its cash flows for the year then ended in accordance with accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund and HBL Asset Management Limited (the Management Company) in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

Key audit matter is the matter that, in our professional judgment, was of most significance in our audit of the financial statements of the current year. This matter was addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter.

S. No.	Key audit matter	How the matter was addressed in our audit
1	**Valuation and existence of investments** The investments constitute the most significant component of net asset value (NAV). The investments of the Fund as at June 30, 2026, amounted to Rs. 2,223.490 million. The existence and proper valuation of the investment for the determination of NAV of the fund as at June 30, 2026 was considered a high risk area and therefore we considered this as a key audit matter.	We performed the following procedures during our audit of investments: • obtained independent confirmations from the Central Depository Company of Pakistan Limited for verifying the existence of the listed equity investments portfolio as at June 30, 2026; and • re-performed valuation to assess that investments are carried out as per the valuation methodology specified in the accounting policies.

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of Directors of the Management Company are responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with Board of Directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Board of Directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with Board of Directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Hena Sadiq.**

1. LEGAL STATUS AND NATURE OF BUSINESS

1.1 HBL Energy Fund ("the Fund") was established under a Trust Deed executed between PICIC Asset Management Limited (now, HBL Asset Management Limited) as the Management Company and the Central Depository Company of Pakistan Limited (CDC / Trustee) as the Trustee. The Fund was approved by the Securities and Exchange Commission of Pakistan (SECP) vide its letter no. SC/NBFC-II/AD/PICICAMC/157/2005 dated February 25, 2005 and the trust deed was executed on March 16, 2006.

1.2 Through an order dated August 31, 2016, the Securities and Exchange Commission of Pakistan (SECP / the Commission) approved the merger of PICIC Asset Management Company Limited with and into HBL Asset Management Limited effective from August 31, 2016 and the trust deed was revised on February 17, 2017. Trust Act, 1882 has been repealed due to the promulgation of Provincial Trust Act namely "Sindh Trusts Act, 2020" (the Sindh Trusts Act) as empowered under the Eighteenth Amendment to the Constitution of Pakistan. Accordingly, on August 24, 2021, the above-mentioned Trust Deed has been registered under the Sindh Trusts Act.

1.3 The Trust Act, 1882 has been repealed due to the promulgation of Provincial Trust Act namely "Sindh Trusts Act, 2020" (the Sindh Trusts Act) as empowered under the Eighteenth Amendment to the Constitution of Pakistan. Accordingly, on August 24, 2021, the above-mentioned Trust Deed has been registered under the Sindh Trusts Act.

1.4 Effective from September 01, 2016, HBL Asset Management Limited became Management Company of the Fund which is a wholly owned subsidiary of Habib Bank Limited. The Aga Khan Fund For Economic Development (AKFED), S.A. is the parent company of Habib Bank Limited.

1.5 Since the effective date of conversion, the certificates of the closed-end scheme were de-listed from Pakistan Stock Exchange (PSX). Units of the open-end scheme are listed on the PSX. The units are offered to the public for subscription on a continuous basis and are transferable and redeemable by surrendering them to the Fund.

1.6 The Management Company of the Fund has been registered as a Non-Banking Finance Company (NBFC) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (NBFC Rules) and has obtained the requisite license from the SECP to undertake Asset Management Services. The registered office of the Management Company is located at 7th Floor, Emerald Tower, G-19, Block 5, Main Clifton Road, Clifton, Karachi.

1.7 The Fund has been categorised as an Equity Scheme as per the criteria laid down by the SECP for categorisation of open-end Collective Investment Schemes (CISs).

1.8 The investment objective of the Fund is to invest in securities of the energy sector in Pakistan so as to provide investors an access to high quality blue chip stocks in the energy sector. The eligible stocks comprise of investment in shares of companies engaged in the following activities:

- Oil and Gas Exploration;
- Oil and Gas Marketing;
- Oil Refining; and
- Power Generation and Distribution.

1.9 VIS Credit Rating Company has assigned a management quality rating of 'AM1' (Stable Outlook) to the Management Company as at December 31, 2025.

1.10 Title to the assets of the Fund is held in the name of CDC as Trustee of the Fund.

2. BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of :

- IFRS Accounting Standards issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017 (the Act);

- Provisions of, directives and notifications issued under the Act along with part VIIIA of the repealed Companies Ordinance, 1984; and

- NBFC Rules, Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations).

Where provisions of and directives issued under the Act, Part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRS, the provisions of and directives issued under the Act, Part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

2.2 Basis of measurement

These financial statements have been prepared under the historical cost convention, except for the investments which are measured at fair value.

2.3 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic enviroment in which the Fund operates. These financial statements are presented in Pakistan Rupees which is the Fund's functional and presentation currency. Amounts presented in the financial statements have been rounded off to the nearest thousand rupees, unless otherwise stated.

2.4 Critical accounting estimates and judgments

The preparation of the financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires the management to make estimates, judgments and assumptions that affect the reported amounts of assets and liabilities, income and expenses. It also requires the management to exercise judgment in the application of its accounting policies. The estimates, judgments and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and underlying assumptions are reviewed on an ongoing basis.

The areas involving a degree of judgment or complexity, or areas where estimates and assumptions are significant to the financial statements are as follows:

- Classification and measurement of financial assets (notes 4.2.1.1 and 6);
- Impairment of financial assets (note 4.2.1.3);
- Provision (note 4.3);
- Taxation (notes 4.4 and 17);
- Classification and measurements of financial liabilities (note 4.2.2.1);
- Contingencies and commitments (note 14).

The revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

3. APPLICATION OF NEW STANDARDS AND AMENDMENTS TO PUBLISHED APPROVED ACCOUNTING AND REPORTING STANDARDS

3.1 New amendment that is effective for the year ended June 30, 2026

The following amendment is effective for the year ended June 30, 2026. This amendment is not relevant to the Fund's operations.

- Amendments to IAS 21 'The Effects of Changes in Foreign Exchange Rates' - Clarification on how entity accounts when there is long term lack of Exchangeability.

3.2 New accounting standards and amendments and interpretations that are not yet effective

The following standards and amendments are effective for accounting periods, beginning on or after the date mentioned against each of them. These standards and amendments are either not relevant to the Fund's operations or are not expected to have significant impact on the Fund's financial statements other than certain additional disclosures except those mentioned in note 3.3.

	Effective from accounting period beginning on or after
Amendments IFRS 9 'Financial Instruments' and IFRS 7 'Financial Instruments Disclosures' - Classification And Measurement of Financial Instruments	January 01, 2026
Amendments IFRS 9 'Financial Instruments' and IFRS 7 'Financial Instruments Disclosures' - Contracts Referencing Nature-dependent Electricity	January 01, 2026
Annual improvements to IFRS Accounting Standards (related to IFRS 1, IFRS 7, IFRS 9, IFRS 10 and IAS 7)	January 01, 2026
IFRS 17 – 'Insurance Contracts' (including the June 2020 and December 2021 Amendments to IFRS 17)	January 01, 2027
IFRS 18 - 'Presentation and Disclosures in Financial Statements'.	January 01, 2027
IFRS 19 - 'Subsidiaries without Public Accountability: Disclosures'.	January 01, 2027

3.3 In April 2024, the IASB issued IFRS 18, which replaces IAS 1 Presentation of Financial Statements. IFRS 18 introduces new requirements for presentation within the income statement, including specified totals and subtotals. Furthermore, entities are required to classify all income and expenses within the income statement into one of five categories: operating, investing, financing, income taxes and discontinued operations, whereof the first three are new.

The standard requires disclosure of newly defined management-defined performance measures, subtotals of income and expenses, and it also includes new requirements for aggregation and disaggregation of financial information based on the identified 'roles' of the primary financial statements (PFS) and the notes.

IFRS 18, and the amendments to the other standards, are effective for reporting periods beginning on or after 1 January 2027, but earlier application is permitted and must be disclosed. IFRS 18 will apply retrospectively.

Other than the aforesaid amendments, IASB has also issued the following standards which have not been adopted locally by the SECP:

- IFRS 1 – First Time Adoption of International Financial Reporting Standards
- IFRS 20 - Regulatory Assets and Regulatory Liabilities

4. MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies applied in the preparation of these financial statements are set out below. These accounting policies have been consistently applied, unless otherwise stated.

4.1 Cash and cash equivalents

Cash and cash equivalents comprise of bank balances and short-term highly liquid investments with original maturities of three months or less.

4.2 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised in the Fund's statement of assets and liabilities when the Fund becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the income statement.

4.2.1 Financial assets

4.2.1.1 Classification and measurement of financial assets

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the entity's business model for managing them.

All recognised financial assets are measured subsequently in their entirety at either amortised cost or fair value, depending on the classification of the financial assets. For purposes of subsequent measurement, financial assets are classified in following categories:

Financial assets at amortised cost (debt instruments)

Financial assets at amortised cost are subsequently measured using the effective interest rate (EIR) method and are subject to impairment. Gains and losses are recognised in the income statement when the asset is derecognised, modified or impaired.

Financial assets at fair value through other comprehensive income (debt instruments)

For debt instruments at fair value through other comprehensive income (FVOCI), interest income and impairment losses or reversals are recognised in the Income statement and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in other comprehensive income (OCI) in statement of comprehensive income. Upon derecognition, the cumulative fair value change recognised in OCI is reclassified to the Income statement.

Financial assets at fair value through profit or loss (debt instruments)

Debt instruments that do not meet the amortised cost criteria or the FVOCI criteria are classified as at fair value through profit or loss (FVTPL). In addition, debt instruments that meet either the amortised cost criteria or the FVOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency (so called 'accounting mismatch') that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

Financial assets at fair value through other comprehensive income (equity instruments)

Upon initial recognition, the Fund can elect to classify irrevocably its equity investments as equity instruments designated at FVOCI when they meet the definition of equity under IAS 32 Financial Instruments: Presentation and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses from changes in fair value are recognised in OCI and are accumulated in the investments revaluation reserve. The cumulative gain or loss is not reclassified to profit or loss on disposal of the equity investments, instead, it is transferred to undistributed income. Equity instruments designated at FVOCI are not subject to impairment assessment.

Dividends are recognised as income in the Income statement when the right of payment has been established, except when the Fund benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI.

The Fund elected not to classify irrevocably any of the equity investments under this category on initial recognition.

Financial assets at fair value through profit or loss (equity instruments)

Equity investments which the Fund had not irrevocably elected to classify at FVOCI are classified as at FVTPL. Financial assets at FVTPL are carried in the statement of assets and liabilities at fair value with net changes in fair value recognised in the the Income statement.

Dividends on equity investments are recognised as income in the Income statement when the right of payment has been established.

The Fund elected to classify all of the equity investments at FVTPL on initial recognition.

4.2.1.2 Fair value measurement principles

The fair value of financial instruments is determined as follows:

Basis of valuation of government debt securities:

The government securities not listed on PSX and traded in the interbank market are valued at the average rates quoted on a widely used electronic quotation system (PKRV) which are based on the remaining tenure of the securities. Moreover, listed Government Securities traded on PSX are valued at revaluation rates disseminated by PSX.

Basis of valuation of equity securities:

The fair value of equity instruments is determined by using closing rate of securities at day end available on the PSX's website.

The Fund applies discretion on the effective yield as per the allowable limits in the above mentioned Circulars after taking into account aspects such as Liquidity Risk, Sector Specific Risk and Issuer Class Risk.

4.2.1.3 Impairment of financial assets

The Management Company assesses at each reporting date whether there is objective evidence that the Fund's financial assets or a group of financial assets are impaired. If any such indication exists, the recoverable amount of such assets is estimated. An impairment loss is recognised whenever the carrying value of an asset exceeds its recoverable amount.

SECP / Commission through its letter no. SCD/AMCW/RS/MUFAP/2017-148 dated November 21, 2017 has deferred the applicability of the impairment requirements of IFRS 9 for debt securities on mutual funds. Therefore, the Fund will not be subject to the impairment provisions of IFRS 9 until further instruction.

For financial assets other than debt securities measured at amortised cost, IFRS 9 requires recognition of impairment based on expected credit loss (ECL) model. Under IFRS 9, the Fund is required to measure loss allowance equal to an amount equal to lifetime ECL or 12 months ECL based on credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Fund considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Fund's historical experience and informed credit assessment and including forward-looking information.

However, majority of the assets of the Fund exposed to credit risk pertain to counter parties which have high credit rating or where credit risk has not been increased since initial recognition. Therefore, management believes that the impact of ECL would be very minimal and hence, the same has not been accounted for in these financial statements.

4.2.1.4 Regular way contracts

Regular purchases and sales of financial assets are recognised on the trade date - the date on which the Fund commits to purchase or sell the asset.

4.2.1.5 Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Fund's statement of assets and liabilities) when:

- the rights to receive cash flows from the asset have expired; or

- the Fund has transferred its rights to receive cash flows from the asset and substantially all the risks and rewards of the asset.

4.2.2 Financial liabilities

4.2.2.1 Classification and measurement of financial liabilities

All financial liabilities are measured subsequently at amortised cost using the EIR method or at FVTPL.

Financial liabilities are measured at amortised cost, unless they are required to be measured at FVTPL (such as instruments held for trading) or the Fund has opted to measure them at FVTPL.

4.2.2.2 Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Income statement.

4.2.3 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets and liabilities when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

4.3 Provisions

Provisions are recognised when the Fund has a present, legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

4.4 Taxation

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 (ITO, 2001) subject to the condition that not less than 90% of its accounting income for the year, as reduced by capital gains and accumualted loss, whether realised or unrealised, is distributed in cash to the unit holders.

The Fund is also exempt from the provisions of Section 113 (minimum tax) and section 113C (Alternative Corporate Tax) under clause 11A of Part IV of the Second Schedule to the ITO, 2001.

4.5 Dividend distribution and appropriations

Dividend distributions and appropriations are recorded in the period in which these are approved by the Board of Directors (the Board) of the Management Company. Based on MUFAP's guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Regulation 63 of the NBFC Regulations requires the Fund to distribute 90% of the net accounting income other than capital gains to the unit holders.

Distributions declared subsequent to the year end / reporting date are considered as non-adjusting events and are recognised in the financial statements of the period in which such distributions are declared and approved by the Board of the Management Company.

4.6 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors during business hours on that day. The offer price represents the net assets value per unit as of the close of the business day plus the allowable sales load, provision for transaction costs and any provision for duties and charges, if applicable.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors receive redemption applications during business hours of that day. The redemption price represents the net assets value per unit as of the close of the business day less any back-end load (if applicable), any duties, taxes, charges on redemption and any provision for transaction costs, if applicable. Redemption of units is recorded on acceptance of application for redemption.

4.7 Element of Income

Element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. Element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

4.8 Net assets value per unit

The net assets value (NAV) per unit as disclosed in the statement of assets and liabilities is calculated by dividing the net assets of the Fund by the number of units in issue at the year end.

4.9 Revenue recognition

- Realised capital gain / (loss) arising on sale of investments are included in the income statement on the date at which the transaction takes place.
- Dividend income from equity securities is recognised when the right to receive the dividend is established.
- Mark up on bank deposits is recognised on a time apportionment basis using bank's approved rates.
- Income / profit from investments in Government Securities is recognised on a time proportionate basis using EIR method.
- Unrealised gain / (loss) arising on re-measurement of investments at fair value through profit or loss' are included in the income statement in the year in which they arise.

4.10 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company, Trustee fee and the SECP fee are recognised in the income statement on an accrual basis.

4.11 Earnings per unit

Earnings per unit (EPU) has not been disclosed as in the opinion of the management, determination of weighted average units for calculating EPU is not practicable.

			June 30, 2026	June 30, 2025
5.	**BANK BALANCES**	**Note**	**----- (Rupees in '000) -----**

The Hub Power Company Limited	**251,500**	-	**58,713**	-
	3,739,980	2,996,480	**924,170**	683,209

6.1.2 These investments include gross bonus shares as per Fund's entitlement declared by the investee companies. Finance Act, 2014 brought amendments in the ITO, 2001 whereby the bonus shares received by the shareholder are to be treated as income and a tax at the rate of 5% is to be applied on value of bonus shares determined on the basis of day end price on the first day of closure of books. The tax was to be collected at source by the investee company which shall be considered as final discharge of tax liability on such income. However, the Management Company of the Fund jointly with other asset management companies and Mutual Fund Association of Pakistan (MUFAP), filed a petition in Sindh High Court to declare the amendments brought in ITO, 2001 with reference to tax on bonus shares for CISs as null and void and not applicable on the funds based on the premise of exemption given to mutual funds under clause 99 of Part I of the Second Schedule to the ITO, 2001. The Sindh High Court granted stay order till the final outcome of the case. However, the investee companies have withheld the share equivalent to 5% of bonus announcement of the Fund. Management is of the view that the decision will be favourable and accordingly, has recorded such bonus shares on gross basis at fair value in its investments at year end.

The Supreme Court of Pakistan passed a judgment on June 27, 2018 whereby the suits which are already pending or shall be filed in future must only be continued / entertained on the condition that a minimum of 50% of the tax calculated by the tax authorities is deposited with the authorities. The CISs failed to deposit the minimum 50% of the tax liability and accordingly, the aforementioned stay got vacated automatically.

Finance Act, 2018 effective from July 01, 2018 has omitted Section 236M of the ITO, 2001 (the Ordinance) requiring every company quoted on stock exchange issuing bonus shares to the shareholders of the company, to withhold 5% of the bonus shares to be issued.

The CISs have filed a fresh constitutional petition via CP4653 dated July 11, 2019. In this regard, on July 15, 2019, the High Court of Sindh has issued notices to the relevant parties and has ordered that no third party interest on bonus shares issued to the Funds in lieu of their investments be created in mean time. The matter is still pending at adjudication and the Funds have included these shares in their portfolio, as the management is confident that the decision of the constitution petition will be in favour of the CISs.These shares so witheld represent 2,389 shares of PSO having aggregate fair value of Rs. 0.818 million (June 30, 2025: Rs. 0.902 million).

Further, through the Finance Act, 2023, section 236Z was introduced into the ITO, 2001. Under this section, every company issuing bonus shares is required to withhold 10% of the bonus shares to be issued. During the year ended June 30, 2024, Mari Energies Limited ("Mari") withheld 19,760 shares, representing 10% of the bonus shares issued by Mari, in compliance with section 236Z of ITO, 2001. On September 30, 2024, the Management Company, together with other asset management companies, filed Constitutional Petition No. 4747 of 2024 before the Sindh High Court ("SHC"), challenging the applicability of the withholding tax provisions to bonus shares received by collective investment schemes ("CISs"). On the same date, the SHC granted a stay order directing Mari to retain the 10% bonus shares attributable to the Fund and not to liquidate or sell those shares for payment of tax to the income tax authorities until final determination of the matter. The petition remains pending adjudication before the SHC. Management expects a favourable outcome and, accordingly, has recognised the bonus shares on a gross basis at fair value within investments as at the reporting date.

	Prepaid expenses		**4**	4
			3,078	3,078

8.1 The income of the Fund is exempt from tax under clause 99 of Part I of the Second Schedule of the ITO, 2001. Further, the Fund is exempt under clause 47(B) of Part IV of Second Schedule of ITO, 2001 from withholding of tax under section 150, 150A, 151 and 233 of ITO, 2001.

The Federal Board of Revenue through a circular "C.No.1 (43) DG (WHT)/ 2008-Vol.II- 66417-R" dated May 12, 2015, made it mandatory to obtain exemption certificates under section 159 (1) of the ITO, 2001 from Commissioner Inland Revenue (CIR). However, various withholding agents have deducted advance tax under section 150 and 151 of ITO, 2001. Management is confident that the same shall be refunded after filing refund application. Refund has been filed uptil tax year 2021.

			June 30, 2026	June 30, 2025
9.	**RECEIVABLE FROM MANAGEMENT COMPANY**	**Note**	**----- (Rupees in '000) -----**	
	Receivable against expense reimbursement	9.1	**-**	1,330

9.1 As per SECP Direction No. SCD/PRDD/Direction/18/2016, Asset Management Companies (AMCs) were required to calculate the Total Expense Ratio (TER) for each CIS to ensure that the TER did not exceed the maximum limit prescribed under Regulation 60(5) of the NBFC Regulations. Where the TER exceeded the prescribed limit, the AMCs were required to adjust the Net Asset Value (NAV) of the respective CIS at the end of each quarter during the financial year by reversing the amount of expenses incurred in excess of the applicable limit. However, pursuant to the amendments made to the NBFC Regulations by the Securities and Exchange Commission of Pakistan (SECP) through Notification S.R.O. 600(I)/2025 dated April 10, 2025, the maximum TER limits applicable to Collective Investment Schemes have been withdrawn with effect from July 01, 2025. Consequently, the requirement to cap the TER and make quarterly NAV adjustments for expenses exceeding the prescribed TER limit is no longer applicable from the effective date of the amendment.

During the year ended June 30, 2025, the Fund was in breach of the total expense ratio ratio of maximum 4.5% as prescribed under NBFC Regulations for a CIS categorised as equity scheme. As a result the Fund has recorded receivable from Management Company to comply with the total expense ratio.

			June 30, 2026	June 30, 2025
10.	**PAYABLE TO THE MANAGEMENT COMPANY**	**Note**	**---- (Rupees in '000) ----**	
	Management remuneration payable	10.1	**5,595**	5,851
	Sindh sales tax payable on Management remuneration	10.2	**839**	878
	Sales load payable		**71**	2,036
			6,505	8,765

10.1 Pursuant to the amendments in the NBFC Regulations by SECP vide Notification S.R.O. 600(I)/2025 dated April 10, 2025, the management fee for a Equity Scheme is capped at 3% per annum, calculated on the basis of the average daily net assets, effective from July 1, 2025. During the year the Management Company has charged management fees at a rate 3% of the Fund's net assets, calculated on a daily basis. The management fee is payable to the Management Company on a monthly basis in arrears.

10.2 The Sindh Provincial Government has levied Sindh Sales Tax at the rate of 15% (June 30, 2025: 15%) on the remuneration of Management Company through Sindh Sales Tax on Services Act, 2011.

			June 30, 2026	June 30, 2025
11.	**PAYABLE TO THE TRUSTEE**	**Note**	**---- (Rupees in '000) ----**	
	Trustee fee payable	11.1	**426**	404
	Sindh sales tax payable on remuneration of Trustee	11.2	**64**	61
			490	465

11.1 The Trustee is entitled to a monthly remuneration for services rendered to the Fund under the provisions of the Trust Deed as per the tariff specified therein, based on the average annual net assets of the Fund. The fee is paid to the Trustee on monthly in arrears.

-	Up to Rs. 1 billion	Rs. 0.7 million or 0.20% per annum of net assets, whichever is higher
-	Over Rs. 1 billion	Rs. 2.0 million plus 0.10% per annum of net assets on amount exceeding Rs. 1 billion

			June 30, 2026	June 30, 2025
12.	**PAYABLE TO SECP**	**Note**	**---- (Rupees in '000) ----**	
	SECP fee payable	12.1	**182**	163

12.1 The Fund has charged SECP fee at the rate of 0.095% of the average daily net assets of the Fund which is payable on monthly basis in arrears.

			June 30, 2026	June 30, 2025
13.	**ACCRUED EXPENSES AND OTHER LIABILITIES**	**Note**	**---- (Rupees in '000) ----**	
	Provision for Federal excise duty (FED)	13.1	**13,920**	13,920
	Withholding tax payable		**5,816**	4,745
	Brokerage payable		**1,868**	1,171
	Auditors' remuneration		**861**	527
	Zakat payable		**36**	281
	Printing and stationery		**125**	125
	Settlement charges payable		**59**	73
	Legal and professional charges		**200**	62
	Listing fee payable		**62**	-
	Others payable		**-**	31
			22,947	20,935

13.1 The Finance Act, 2013 enlarged the scope of FED on financial services to include AMCs with effect from June 13, 2013. As the asset management services rendered by the Management Company of the Fund were already subject to provincial sales tax on services levied by the Sindh Revenue Board, which is being charged to the Fund, the Management Company was of the view that further levy of FED was not justified.

On September 04, 2013, a Constitutional Petition was filed in the Sindh High Court (SHC) jointly by various asset management companies, together with their representative CISs through their trustees, challenging the levy of FED.

On July 16, 2016, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

However, since the appeal filed by the tax authorities is pending in the Supreme Court of Pakistan, the Management Company, being prudent, has retained a provision for FED on remuneration of Management Company, aggregating to Rs. 13.92 million (June 30, 2025: Rs.13.92 million). Had the provision not been made, the net asset value per unit of the Fund as at June 30, 2026 would have been higher by Re. 0.218 per unit (June 30, 2025: Re. 0.204 per unit).

14. CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments as at June 30, 2026 and June 30, 2025.

		June 30, 2026	June 30, 2025
15.	**NUMBER OF UNITS IN ISSUE**	**---- (Number of units) ----**	
	Movement during the year		
	Total units in issue at the beginning	**68,259,847**	33,372,321
	Add: Units issued	**214,227,692**	190,124,221
	Less: Units redeemed	**218,687,337**	155,236,695
	Total units in issue at the end	**63,800,202**	68,259,847

		June 30, 2026	June 30, 2025
16.	**AUDITORS' REMUNERATION**	**---- (Number of units) ----**	
	Annual audit fee	**737**	523
	Fee for half yearly review	**251**	178
	Other certifications and out of pocket expenses	**105**	75
		1,093	776
	Sindh sales tax	**87**	62
		1,180	838

17. TAXATION

The income of the Fund is exempt from income tax under Clause 99 of Part I of the Second Schedule to the ITO, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by accumulated losses and capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. The Fund is also exempt from the provisions of Section 113 (minimum tax) under Clause 11A of Part IV of the Second Schedule to the ITO, 2001.

Since the management distributed the income available for distribution by the Fund to the unit holders in cash in the manner as explained above accordingly, no provision for taxation has been made in these financial statements.

18. TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund for the period from July 1, 2025 to June 30, 2026 is 4.53% (2025: 5.04%), which includes 0.57% (2025: 0.73%) representing government levy, SECP fee, and other related charges. However, pursuant to the amendments in the NBFC Regulations, by SECP vide Notification S.R.O. 600(I)/2025 dated April 10, 2025, the maximum TER limits have been lifted by the SECP applicable to CISs, effective from July 01, 2025.

19. TRANSACTIONS AND BALANCES WITH CONNECTED PERSONS / RELATED PARTIES

Related parties / connected persons of the Fund include HBL Asset Management Limited (being the Management Company) and its related entities, the Central Depository Company of Pakistan Limited (being the Trustee of the Fund), other collective investment schemes and pension schemes managed by the Management Company, any entity in which the Management Company, its CISs or their connected persons have material interest, any person or trust beneficially owning (directly or indirectly) 10% or more of the capital of the Management Company or the net assets of the Fund and directors and their close family members, key management personnel and officers of the Management Company.

The transactions with connected persons are in the normal course of business, at contracted rates and at terms determined in accordance with market rates.

Remuneration of the Management Company and the Trustee is determined in accordance with the provisions of the Non Banking Finance Companies and Notified Entities Regulations, 2008 and the Trust Deed respectively.

Transactions and balances with parties who were connected persons due to holding 10% or more units in the comparative year and not in the current year are not disclosed in the comparative year.

The details of transactions carried out by the Fund with connected persons / related parties and balances with them at the year end are as follows:

		June 30, 2026	June 30, 2025
19.1	**Details of transactions with related parties / connected persons during the year:**	**---- (Rupees in '000) ----**

Units held: 2,471,163 units (June 30, 2025: 2,225,187 units)	**85,899**	59,550

This represents amount reimbursed by the Management Company in relation to reversal of excess amount charged against reimbursement of selling and marketing expenses and allocated expenses as per the direction of SECP.

20. FAIR VALUE OF FINANCIAL INSTRUMENTS

IFRS 13 - 'Fair Value Measurement' establishes a single source of guidance under IFRS for all fair value measurements and disclosures about fair value measurement where such measurements are required as permitted by other IFRSs. It defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price).

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the close of trading i.e. period end date. The estimated fair value of all other financial assets and financial liabilities is considered not significantly different from book value as these are short term in nature.

The following table shows financial instruments recognised at fair value, based on:

Levels	Description	Valuation approach and input used
Level 1:	Quoted prices in active markets for identical assets or liabilities	Listed equity securities are valued at the rates quoted on PSX.
Level 2:	Those involving inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices)	The government securities not listed on a stock exchange and traded are valued at the average rates quoted on electronic quotation system (PKRV).
Level 3:	Those with inputs for the asset or liability that are not based on observable market data (unobservable inputs)	The Fund applies discretion on the effective yield as per the allowable limits. The allowable limits for rated securities for duration upto 2 years is +200/-100 bps and over 2 years is +150/50 bps. For unrated securities the allowable limits +50 bps.

The following table shows the carrying amounts of fair values of financial assets and financial liabilities including the levels in the fair value hierarchy:

Particulars	June 30, 2026						
	Carrying amount			Fair Value			
	At fair value through profit or loss	At amortised cost	Total	Level 1	Level 2	Level 3	Total

	-	178,538	178,538				

During the year ended June 30, 2025, there were no transfers between levels of fair value measurements, and no transfer into and out of level 3 fair value measurements.

21. FINANCIAL RISK MANAGEMENT

The Board of the Management Company has overall responsibility for the establishment and oversight of the Fund's risk management framework. The Board is also responsible for developing and monitoring the Fund's risk management policies.

The Fund's risk management policies are established to identify and analyse the risks faced by the Fund, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Fund's activities.

The fund primarily invests in a portfolio of equity securities. These Fund's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk.

21.1 Market risk

Market risk is a risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee and regulations laid down by the SECP.

Market risk comprises of three types of risk; currency risk, interest rate risk and price risk.

21.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund, at present, is not exposed to currency risk as all transactions are carried out in Pakistan rupees.

21.1.2 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As of June 30, 2026, the Fund is exposed to such risk on bank balances. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

As of June 30, 2026 details of Fund's interest bearing financial instruments were as follows:

		June 30, 2026	June 30, 2025
Variable rate instrument (financial asset)	**Note**	**---- (Rupees in 000) ----**	
Bank balances	**5**	**63,881**	114,996

a) Sensitivity analysis for variable rate instruments

The Fund is exposed to cash flow interest rate risk for bank balances, the interest rates on which range between 9.5% to 12.1% (June 30, 2025: 8% to 12%) per annum.

The Fund's interest rate risk arises from the bank balances. In case of 100 basis points (decrease) / increase in interest rates on June 30, 2026 with all other variables held constant, the net assets for the year would have been higher / lower by Rs. 0.64 million (June 30, 2025: Rs. 1.14 million).

b) Sensitivity analysis for fixed rate instruments

Since the Fund currently does not have any fixed rate instruments that are impacted by market interest rates, therefore, it is not exposed to fair value interest rate risk.

The Fund's interest rate sensitivity related to financial assets and financial liabilities as at June 30, 2026 can be determined as follows:

Particulars	June 30, 2026					
	Effective yield interest rate	Exposed to yield / interest rate risk			Not exposed to yield / interest rate risk	Total
		Upto three months	More than three months and upto one year	More than one year		
	----(%)----	---------- (Rupees in '000) ----------				
On-balance sheet financial instruments

Advances, deposits and prepayments		-	-	-	2,800	2,800
		114,985	-	-	1,908,929	2,023,914

Particulars	June 30, 2025					
	Effective yield interest rate	Exposed to yield / interest rate risk			Not exposed to yield / interest rate risk	Total
		Upto three months	More than three months and upto one year	More than one year		
	----(%)----	---------- (Rupees in '000) ----------				
Financial liabilities						
Payable to the Management Company		-	-	-	7,887	7,887
Payable to the Trustee		-	-	-	404	404
Unclaimed dividend		-	-	-	5,382	5,382
Dividend payable		-	-	-	5,203	5,203
Payable against redemption of units		-	-	-	157,865	157,865
Accrued expenses and other liabilities		-	-	-	1,797	1,797
		-	-	-	178,538	178,538

21.1.3 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer or factors affecting all similar financial instruments traded in the market.

The Fund is exposed to equity price risk because of investments held by the Fund in listed equity securities classified on the Statement of Financial Position at fair value through profit or loss. To manage its price risk arising from investments in equity securities, the Fund diversifies its portfolio within eligible stocks. The Fund's constitutive document / NBFC Regulations, also limit the individual investment in equity securities upto 20% of net assets of the Fund, or issued capital of the investee company.

In case of 5% increase / decrease in price of all shares held by Fund at the year end, net profit for the year would decrease / increase by Rs. 111.17 million (June 30, 2025: Rs. 95.27 million) and net assets of the Fund would increase / decrease by the same amount as a result of gains / losses on equity securities at fair value through profit or loss.

21.2 Credit risk

Credit risk represents the risk of loss if counterparties fail to perform as contracted. The Fund is exposed to counter party credit risks on bank balances. The credit risk on the fund is limited because the counterparties are banks with reasonably high credit ratings.

The Fund has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. This information is supplied by independent rating agencies, where available, and if not available, the Fund uses other publicly available financial information and its own trading records to rate its major counter parties. The Fund's exposure and the credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties.

The Fund's maximum exposure to credit risk is the carrying amounts of following financial assets.

		June 30, 2026		June 30, 2025	
		Balance as per statement of assets and liabilities	**Maximum exposure to credit risk**	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
	Note	---------- **(Rupees in '000)** ----------			
Bank Balances	5	**63,870**	**63,870**	114,985	114,985
Investments in Listed securities	6	**2,223,490**	**-**	1,905,490	-
Dividend and mark-up receivable	7	**1,097**	**1,097**	628	628
Advances, deposits and prepayments	8	**2,800**	**2,800**	2,800	2,800
		2,291,257	**67,767**	2,023,903	118,413

21.2.1 Management of credit risk

For banks and financial institutions, the Fund keeps deposits with reputed institutions. Credit risk on account of dividend receivable is minimal due to the statutory protections. All transactions in listed securities are settled / paid for upon delivery using the system of NCCPL. The risk of default in these transactions is considered minimal due to inherent systematic measures taken therein. The Fund's policy is to enter into financial contracts in accordance with the investment guidelines approved by the Investment Committee, its Trust Deed and the requirements of the NBFC Rules and the regulations and the guidelines given by the SECP from time to time.

The analysis below summarises the credit quality of the funds' bank balances as at June 30, 2026 and June 30, 2025.

The maximum exposure to credit risk before considering any collateral as at June 30, 2026 and June 30, 2025 is the carrying amount of the financial assets other than investments in equity securities.

21.2.2 The analysis below summarizes the credit quality of the Fund's credit exposure:

	June 30, 2026	June 30, 2025
Rating by rating category	--------- (%) ---------	
AAA	**43.84**	8.76
AA+	**-**	0.01
AA	**55.99**	0.51
AA-	**-**	90.64
A+	**0.09**	0.04
A	**0.02**	0.01
A-	**0.06**	0.03

Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect group of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is mainly concentrated in bank balances while the remaining transactions are entered into with diverse credit-worthy counterparties thereby mitigating any significant concentration of credit risk to counterparties other than the Government.

Settlement risk

The Fund's activities may give rise to risk at the time of settlement of transactions. Settlement risk is the risk of loss due to the failure of counter party to honour its obligations to deliver cash, securities or other assets as contractually agreed. Credit risk relating to unsettled transactions in securities is considered to be minimal as the Fund uses brokers with high creditworthiness and the transactions are settled or paid for only upon delivery using the central clearing system.

21.3 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily cash redemptions, if any, at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Fund's reputation. Its policy is therefore to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

In order to manage the Fund's overall liquidity, the Fund also has the ability to withhold daily redemption requests in excess of 10% of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. However, no such instances were witnessed by the Fund during the current year.

The table below analyses the Fund's financial liabilities into relevant maturity groupings based on the remaining period at the balance sheet date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows:

22. UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by the net assets attributable to unit holders / redeemable units. The amount of net assets attributable to unit holders can change significantly on a daily basis as the Fund is subject to daily issuance and redemptions at the discretion of unit holders. These unit holders of the Fund are entitled to distributions and to payment of a proportionate share based on the Fund's net asset value per unit on the redemption date. The relevant movements are shown on the statement of movement in the unit holders' fund. Unit holders fund risk management is carried out by the Management Company through following steps:

- Monitors the level of daily issuance and redemptions relative to the liquid assets and adjusts the amount of distributions the Fund pays to the unit holders;

- Redeems and issues units in accordance with the constitutive documents of the Fund. This includes the Fund's ability to restrict redemptions; and

- The Fund Manager / Investment Committee members and the Chief Executive Officer of the Management Company critically track the movement of 'Assets under Management'. The Board of Directors is updated regarding key performance indicators, e.g. yield and movement of NAV and total Fund size at the end of each quarter.

The Fund has maintained and complied with the requirements of minimum fund size during the current year.

23. LIST OF TOP TEN BROKERS / DEALERS BY PERCENTAGE OF COMMISSION PAID / PAYABLE

FUND MANAGER'S REPORT - HBL MULTI ASSET FUND

As at June 30, 2026

Type and Category of Fund

Open end Balanced Fund

Investment Objective and Accomplishment of Objective

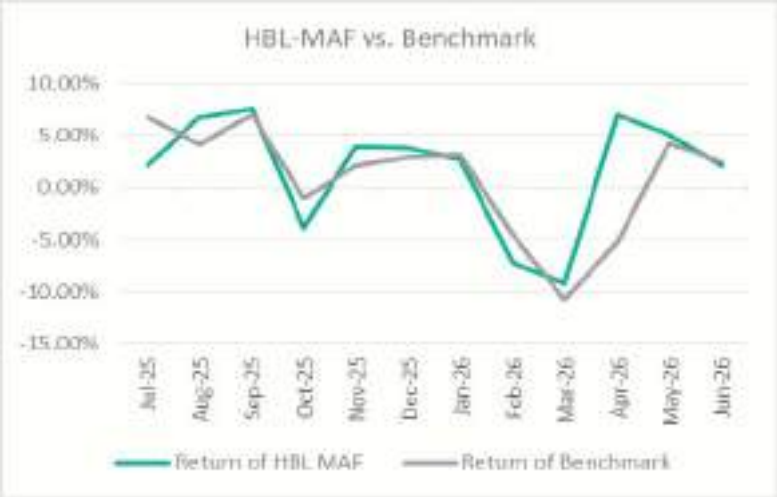

The objective of the Fund is to provide long-term capital growth and income by investing in multiple asset classes such as equity, equity-related instruments, fixed-income securities, continuous funding system, derivatives, money market instruments, etc.

Benchmark and Performance Comparison with Benchmark

The Fund's benchmark is 60% of benchmark for Equity CIS + 40% of benchmark for income CIS.

The comparison of the fund return with benchmark is given below:

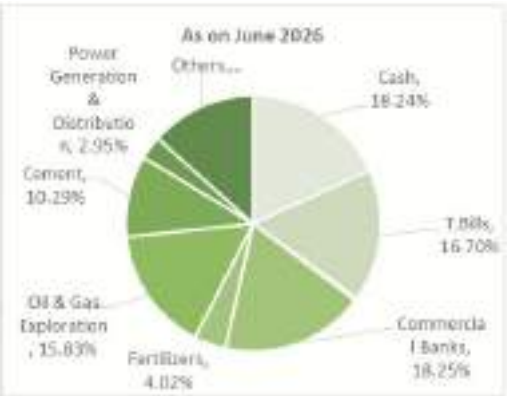

Month	Return of Fund	Benchmark
Jun-26	2.18%	2.47%
May-26	5.13%	4.27%
Apr-26	6.99%	-5.26%
Mar-26	-9.20%	-10.73%
Feb-26	-7.27%	-4.50%
Jan-26	2.73%	3.10%
Dec-25	3.84%	2.91%
Nov-25	3.99%	2.14%
Oct-25	-3.87%	-1.07%
Sept-25	7.57%	6.96%
Aug-25	6.77%	4.19%
Jul-25	2.19%	6.74%

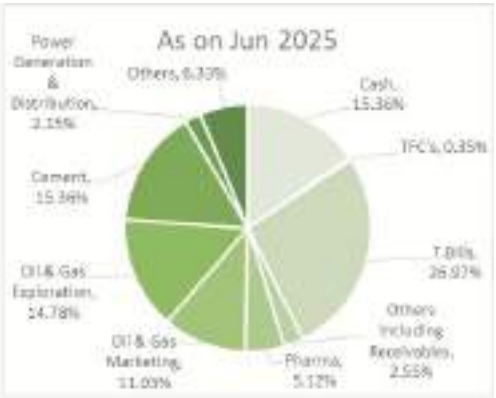

Strategies and Policies employed during the Year

During the year under review, the Fund has increased its exposure in equity securities from 54.77% in June 30, 2025 to 64.76% in June 30, 2026. Furthermore, sector wise allocation was continuously reviewed and revisited throughout the year to ensure optimum return to the investors. Accordingly, exposure in Commercial Banks and Fertilizers was increased, while exposure in Cements, Oil and Gas Marketing and Pharma was decreased. The Fund decreased its exposure in T-Bills during the year.

Asset Allocation

Significant Changes in Asset Allocation during the Year

Following table shows comparison of sector wise allocation of equity investments of Fund as on June 30, 2026 and June 30, 2025.

Sector Name	As on Jun 2026	As on Jun 2025
Cash	18.24%	15.36%
TFC's	0.00%	0.35%
T.Bills	16.70%	26.97%
Others Including Receivables	0.30%	2.55%
Pharma	0.00%	5.12%
Commercial Banks	18.25%	0.00%
Fertilizers	4.02%	0.00%
Oil & Gas Marketing	0.00%	11.03%
Oil & Gas Exploration	15.83%	14.78%
Cement	10.29%	15.36%
Power Generation & Distribution	2.95%	2.15%
Others	13.42%	6.33%
Total	**100.00%**	**100.00%**

Fund Performance

The total and net income of the Fund was Rs. 36.82 million and Rs. 29.87 million respectively during the year ended June 30, 2026. The Net Asset Value (NAV) per unit of the Fund was Rs 217.6533 per unit as on June 30, 2026 (after incorporating dividend of Rs. 7.25 per unit) as compared to Rs 185.6750 per unit as on June 30, 2025, thereby giving a return of 21.11%. During the same period the benchmark index (60% of benchmark for Equity CIS and 40% of benchmark for income CIS) yielded a return of 29.11%. The size of Fund was Rs 0.17 billion as on June 30, 2026 as compared to Rs. 0.15 billion at the start of the year.

Review of Market invested in

Money Market Review
During the period under review, the State Bank of Pakistan maintained the policy rate at 11.0%. The first change came on 15th December 2025, when the SBP cut the rate by 50 bps to 10.5%, followed by a second change in April 2026, when it raised the rate by 100 bps to 11.5%, which was maintained through the end of the period.

Secondary market yields across most tenors increased, driven by rising global oil prices and heightened geopolitical tensions, which reinforced inflation expectations and tightened market sentiment. As a result, yields on the 3-month, 6 months, and 1 year government securities rose by 35 bps, 59 bps, and 74 bps, respectively, while yields on the 3 year and 5-year securities increased by 54 bps and 40 bps, reaching 11.56%, 11.60%, 11.63%, 11.69%, and 11.80%, respectively. The 10-year tenor, by contrast, eased by 11 bps to settle at 12.19%.

In the last auction of Ijarah Sukuk held on June 17th 2026, the rental rate for the 5-year fixed instrument settled at 12.09%.

The SBP is expected to maintain a cautious stance going forward. Market yields are likely to remain soft amid improved liquidity and the current policy setting; however, any rise in inflation particularly driven by higher oil prices due to prevailing geopolitical conditions could exert upward pressure on yields.

Stock Market Review

During FY2026, Pakistan's equity market maintained a strong upward trajectory, driven by improved liquidity, significant monetary easing, and a stable external account. The benchmark KSE-100 Index closed at 180,301.70 points, posting a robust gain of 54,674.39 points (43.5%). The strong performance reflected improved investor sentiment and reaffirmed equities as a preferred investment avenue amid improving macroeconomic conditions.

Market activity also improved, with average daily trading volume of the KSE All-Share Index rising to 911 million shares (up 44% from 633 million shares in the same period last year). Average daily traded value surged 51% to PKR 42.5 billion, up from PKR 28.15 billion.

The sectors that majorly contributed to the performance were Commercial Banks, Fertilizer, Oil & Gas Exploration Companies, and Cements. Script-wise, major contribution came from FFC, UBL, HUBC, ENGROH, and MEBL.

Going forward, the equity market is expected to maintain its positive trajectory, supported by a stable external position, continued macroeconomic consolidation, adequate market liquidity, and the prospect of a stable-to-accommodative monetary stance. A sustained recovery in corporate earnings and easing inflation should further support valuation stability over the medium term.

However, risks remain. Market direction will stay sensitive to escalating geopolitical tensions between Iran and the United States, particularly any disruption to the Strait of Hormuz. As a critical chokepoint for global energy supplies, any flare-up could push international oil prices higher, pressure the import bill, reignite inflation, and weigh on the external account and overall market sentiment. Barring a significant escalation, the broader backdrop remains constructive for equities.

Distribution

The Board of Directors approved dividend up to Rs. 7.25 per unit for the year ended June 30, 2026.

Significant Changes in the State of Affairs
There were no significant changes in the state of affairs during the year under review.

Breakdown of Unit Holding by Size

From – To (Number of units)	Number of Unit Holders	Total Number of Units Held
1 - 100	247	4,059

TRUSTEE REPORT TO THE UNIT HOLDERS

HBL MULTI ASSET FUND

Report of the Trustee pursuant to Regulation 41(h) and Clause 8 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of HBL Multi Asset Fund (the Fund) are of the opinion that HBL Asset Management Limited, being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2026 in accordance with the provisions of the following:

(i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;

(ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund;

(iii) The management fee, fee payable to Securities & Exchange Commission of Pakistan and other expenses paid from the Fund during the period are in accordance with the applicable regulatory framework; and

(iv) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

INDEPENDENT AUDITOR'S REPORT

To the Unit Holders of HBL Multi Asset Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **HBL Multi Asset Fund** (the Fund), which comprise the statement of assets and liabilities as at June 30, 2026, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and statement of cash flows for the year then ended and notes to the financial statement comprising material accounting policy information and other explanatory information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2026, and of its financial performance and its cash flows for the year then ended in accordance with accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund and HBL Asset Management Limited (the Management Company) in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

Key audit matter is the matter that, in our professional judgment, was of most significance in our audit of the financial statements of the current year. This matter was addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter.

S. No.	Key audit matter	How the matter was addressed in our audit
1	**Valuation and existence of investments** The investments constitute the most significant component of net asset value (NAV). The investments of the Fund as at June 30, 2026, amounted to Rs. 144.726 million. The existence and proper valuation of the investment for the determination of NAV of the fund as at June 30, 2026, was considered a high risk area and therefore we considered this as a key audit matter.	We performed the following procedures during our audit of investments: • obtained independent confirmations from the Central Depository Company of Pakistan Limited for verifying the existence of the listed equity investments portfolio as at June 30, 2026; • obtained the Investors' Portfolio Securities Account Statements for verifying the existence of the government securities as at June 30, 2026; and • re-performed valuation to assess that investments are carried out as per the valuation methodology specified in the accounting policies.

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of Directors of the Management Company are responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with Board of Directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of Directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with Board of Directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Hena Sadiq**.

1. LEGAL STATUS AND NATURE OF BUSINESS

1.1 HBL Multi Asset Fund (the Fund) was established under a Trust Deed, dated October 08, 2007, executed between HBL Asset Management Limited as the Management Company and Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Fund was authorised by the Securities and Exchange Commission of Pakistan (SECP) as a unit trust scheme on September 28, 2007.

1.2 The Trust Act, 1882 has been repealed due to the promulgation of Provincial Trust Act namely "Sindh Trusts Act, 2020" (the Sindh Trusts Act) as empowered under the Eighteenth Amendment to the Constitution of Pakistan. Accordingly, on August 24, 2021, the above-mentioned Trust Deed had been registered under the Sindh Trust Act.

1.3 HBL Asset Management Limited is Management Company of the Fund, which is a wholly owned subsidiary of Habib Bank Limited. The Aga Khan Fund for Economic Development (AKFED), S.A. is the parent company of Habib Bank Limited.

1.4 The Management Company of the Fund has been registered as a Non-Banking Finance Company (NBFC) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (NBFC Rules) and has obtained the requisite license from the SECP to undertake Asset Management Services. The registered office of the Management Company is located at 7th Floor, Emerald Tower, G-19, Block 5, Main Clifton Road, Clifton, Karachi.

1.5 The Fund has been categorised as a balanced fund as per the criteria laid down by SECP for categorisation of open-end Collective Investment Scheme (CISs). The Management Company has also planned to change its category from 'balanced fund' to 'asset allocation fund' for which the Management Company intends to seek SECP approval. Once executed, the Management Company would launch different plans in the Fund to ensure continuous compliance of fund size requirements.

1.6 The investment objective of the Fund is to provide competitive returns to its investors through active investments in low risk portfolio of short duration, while maintaining high liquidity.

1.7 VIS Credit Rating Company has reaffirmed a management quality rating to 'AM1' (Stable outlook) of the Management Company on December 31, 2025.

1.8 Title to the assets of the Fund are held in the name of CDC as Trustee of the Fund.

2. BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- IFRS Accounting Standards issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017 (the Act);
- Provisions of, directives and notifications issued under the Act, along with Part VIIIA of the repealed Companies Ordinance, 1984; and
- NBFC Rules, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations).

Where provisions of and directives issued under the Act, Part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules and the NBFC Regulations and requirements of the Trust Deed differ from the IFRS Standards, the provisions of and directives issued under the Act, Part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules and the NBFC Regulations and requirements of the Trust Deed have been followed.

2.2 Critical accounting estimates and judgments

The preparation of the financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires the management to make estimates, judgments and assumptions that affect the reported amounts of assets and liabilities, income and expenses. It also requires the management to exercise judgment in the application of its accounting policies. The estimates, judgments and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and underlying assumptions are reviewed on an ongoing basis.

The areas involving a degree of judgment or complexity, or areas where estimates and assumptions are significant to the financial statements are as follows:

- Classification and measurement of financial assets (notes 4.1.1.1 and 6)
- Impairment of financial assets (note 4.1.1.3)
- Provision (note 4.3)
- Taxation (notes 4.4 and 16)
- Classification and measurements of financial liabilities (note 4.1.2.1)
- Contingencies and commitments (note 13)

The revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

2.3 Basis of measurement

These financial statements have been prepared under the historical cost convention, except for investments which are measured at fair value.

2.4 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistan Rupees which is the Fund's functional and presentation currency. Amounts presented in the financial statements have been rounded off to the nearest thousand rupees, unless otherwise stated.

3. APPLICATION OF NEW STANDARDS AND AMENDMENTS TO PUBLISHED APPROVED ACCOUNTING AND REPORTING STANDARDS

3.1 New amendment that is effective for the year ended June 30, 2026

The following amendment is effective for the year ended June 30, 2026. This amendment is not relevant to the Fund's operations.

- Amendments to IAS 21 'The Effects of Changes in Foreign Exchange Rates' - Clarification on how entity accounts when there is long term lack of Exchangeability.

3.2 Standards and amendments to IFRS that are not yet effective

The following standards and amendments are effective for accounting periods, beginning on or after the date mentioned against each of them. These standards and amendments are either not relevant to the Fund's operations or are not expected to have significant impact on the Fund's financial statements other than certain additional disclosures except those mentioned in note 3.3.

	Effective from accounting period beginning on or after
- Amendments IFRS 9 and IFRS 7 regarding the classification and measurement of financial instruments.	January 01, 2026
- Amendments IFRS 9 'Financial Instruments' and IFRS 7 'Financial Instruments Disclosures' - Contracts Referencing Nature-dependent Electricity	January 01, 2026
- Annual improvements to IFRS Accounting Standards (related to IFRS 1, IFRS 7, IFRS 9, IFRS 10 and IAS 7)	January 01, 2026
- IFRS 17 – 'Insurance Contracts' (including the June 2020 and December 2021 Amendments to IFRS 17)	January 01, 2027
- IFRS 18 'Presentation and Disclosures in Financial Statements'	January 01, 2027
- IFRS 19 'Subsidiaries without Public Accountability: Disclosures'	January 01, 2027

3.3 In April 2024, the IASB issued IFRS 18, which replaces IAS 1 Presentation of Financial Statements. IFRS 18 introduces new requirements for presentation within the income statement, including specified totals and subtotals. Furthermore, entities are required to classify all income and expenses within the income statement into one of five categories: operating, investing, financing, income taxes and discontinued operations, whereof the first three are new.

The standard requires disclosure of newly defined management-defined performance measures, subtotals of income and expenses, and it also includes new requirements for aggregation and disaggregation of financial information based on the identified 'roles' of the primary financial statements (PFS) and the notes.

IFRS 18, and the amendments to the other standards, are effective for reporting periods beginning on or after 1 January 2027, but earlier application is permitted and must be disclosed. IFRS 18 will apply retrospectively.

Other than the aforesaid amendments, IASB has also issued the following standards which have not been adopted locally by the SECP:

- IFRS 1 – First Time Adoption of International Financial Reporting Standards
- IFRS 20 Regulatory Assets and Regulatory Liabilities

4. MATERIAL ACCOUNTING POLICY INFORMATION

The accounting policies set out below have been applied consistently to all periods presented in these financial statements.

4.1 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised in the Fund's statement of assets and liabilities when the Fund becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Income statement.

4.1.1 Financial assets

4.1.1.1 Classification and measurement of financial assets

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the entity's business model for managing them.

All recognised financial assets are measured subsequently in their entirety at either amortised cost or fair value, depending on the classification of the financial assets. For purposes of subsequent measurement, financial assets are classified in following categories:

Financial assets at fair value through other comprehensive income (equity instruments)

Upon initial recognition, the Fund can elect to classify irrevocably its equity investments as equity instruments designated at fair value through other comprehensive income (FVOCI) when they meet the definition of equity under IAS 32 Financial Instruments: Presentation and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses from changes in fair value are recognised in other comprehensive income and are accumulated in the investments revaluation reserve. The cumulative gain or loss is not reclassified to profit or loss on disposal of the equity investments, instead, it is transferred to undistributed income. Equity instruments designated at FVOCI are not subject to impairment assessment.

Dividends are recognised as income in the Income statement when the right of payment has been established, except when the Fund benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in other comprehensive income.

The Fund elected not to classify irrevocably any of the equity investments under this category on initial recognition.

Financial assets at fair value through profit or loss (equity instruments)

Equity investments which the Fund had not irrevocably elected to classify at FVOCI are classified as at fair value through profit or loss (FVTPL). Financial assets at FVTPL are carried in the statement of assets and liabilities at fair value with net changes in fair value recognised in the the Income statement.

Dividends on equity investments are recognised as income in the Income statement when the right of payment has been established.

The Fund elected to classify all of the equity investments at fair value through profit or loss on initial recognition.

Financial assets at amortised cost (debt instruments)

Financial assets at amortised cost are subsequently measured using the effective interest rate (EIR) method and are subject to impairment. Gains and losses are recognised in the income statement when the asset is derecognised, modified or impaired.

Financial assets at fair value through other comprehensive income (debt instruments)

For debt instruments at FVOCI, interest income and impairment losses or reversals are recognised in the Income statement and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in statement of comprehensive income. Upon derecognition, the cumulative fair value change recognised in OCI is reclassified to the income statement.

Financial assets at fair value through profit or loss (debt instruments)

Debt instruments that do not meet the amortised cost criteria or the FVOCI criteria are classified as at FVTPL. In addition, debt instruments that meet either the amortised cost criteria or FVOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency (so called 'accounting mismatch') that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

4.1.1.2 Fair value measurement principles

The fair value of financial instruments is determined as follows:

Basis of valuation of equity securities:

The fair value of equity instruments is determined by using closing rate of securities at day end available on the Pakistan Stock Exchange's (PSX's) website.

Basis of valuation of government debt securities:

The government securities not listed on PSX and traded in the interbank market are valued at the average rates quoted on a widely used electronic quotation system (PKRV / PKFRV / PKISRV) which are based on the remaining tenure of the securities. Moreover, listed government securities traded on PSX are valued at revaluation rates disseminated by PSX.

Basis of valuation of debt securities:

The fair value of debt securities (other than government securities) is based on the value determined and announced by Mutual Funds association of Pakistan (MUFAP) in accordance with the criteria laid down in Circular No. 1 of 2009 and Circular No. 33 of 2012 issued by SECP. In the determination of the rates, MUFAP takes into account the holding pattern of these securities and categorises them as traded, thinly traded and non-traded securities. The aforementioned circular also specifies the valuation process to be followed for each category as well as the criteria for the provisioning of non-performing debt securities.

The Fund applies discretion on the effective yield as per the allowable limits in the above mentioned Circulars after taking into account aspects such as Liquidity Risk, Sector Specific Risk and Issuer Class Risk.

The allowable limits for rated securities for duration upto 2 years is +200/-100 bps and over 2 years is +150/-50 bps. For unrated securities the allowable limit is +50 bps.

4.1.1.3 Impairment of financial assets

Management Company assesses at each reporting date whether there is objective evidence that the Fund's financial assets or a group of financial assets are impaired. If any such indication exists, the recoverable amount of such assets is estimated. An impairment loss is recognised whenever the carrying value of an asset exceeds its recoverable amount.

SECP through its letter no. SCD/AMCW/RS/MUFAP/2017-148 dated November 21, 2017 has deferred the applicability of the impairment requirements of IFRS 9 for debt securities on mutual funds. Therefore, the Fund will not be subject to the impairment provisions of IFRS 9 until further instruction.

For financial assets other than debt securities measured at amortised cost, IFRS 9 requires recognition of impairment based on expected credit loss (ECL) model. Under IFRS 9, the Fund is required to measure loss allowance equal to an amount equal to lifetime ECL or 12 months ECL based on credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Fund considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Fund's historical experience and informed credit assessment and including forward-looking information.

However, majority of the assets of the Fund exposed to credit risk pertain to counter parties which have high credit rating or where credit risk has not been increased since initial recognition. Therefore, management believes that the impact of ECL would be very minimal and hence, the same has not been accounted for in these financial statements.

4.1.1.4 Regular way contracts

Regular purchases and sales of financial assets are recognised on the trade date - the date on which the Fund commits to purchase or sell the asset.

4.1.1.5 Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Fund's statement of assets and liabilities) when:

- the rights to receive cash flows from the asset have expired; or
- the Fund has transferred its rights to receive cash flows from the asset and substantially all the risks and rewards of the asset.

4.1.2 Financial liabilities

4.1.2.1 Classification and measurement of financial liabilities

All financial liabilities are measured subsequently at amortised cost using the effective interest rate method or at FVTPL.

Financial liabilities are measured at amortised cost, unless they are required to be measured at FVTPL (such as instruments held for trading) or the Fund has opted to measure them at FVTPL.

4.1.2.2 Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the income statement.

4.1.3 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets and liabilities if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

4.2 Cash and cash equivalents

Cash and cash equivalents comprise of bank balances and short term highly liquid investments with original maturity of three months or less, which are readily convertible to known amounts of cash, are subject to an insignificant risk of changes in value.

4.3 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Provisions, if any, are regularly reviewed and adjusted to reflect the current best estimate.

4.4 Taxation

The income of the Fund is exempt from income tax under Clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 (ITO, 2001) subject to the condition that not less than 90% of its accounting income for the year, as reduced by accumulated losses and capital gains, whether realised or unrealised, is distributed in cash to the unit holders.

The Fund is also exempt from the provisions of Section 113 (minimum tax) and Section 113C (Alternative Corporate Tax) under Clause 11A of Part IV of the Second Schedule to the ITO, 2001.

4.5 Dividend distribution and appropriations

Dividend distributions and appropriations are recorded in the period in which these are approved by the Board of Directors (the Board) of the Management Company. Based on MUFAP's guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Regulation 63 of the NBFC Regulations requires the Fund to distribute 90% of the net accounting income other than capital gains to the unit holders.

4.6 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the unit holders during business hours on that date. The offer price represents the net asset value per unit as of the close of the business day plus the allowable sales load and any provision for duties and charges, if applicable. The sales load is payable to investment facilitators, distributors and the Management Company.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors receive redemption applications during business hours of that day. The redemption price represents the net asset value (NAV) per unit as of the close of the business day less any back-end load, any duties, taxes, and charges on redemption, if applicable.

4.7 Element of Income

Element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holder's fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

4.8 Net asset value per unit

The Net Asset Value (NAV) per unit, as disclosed in the statement of assets and liabilities, is calculated by dividing the net assets of the Fund by the number of units in issue at the year end.

4.9 Revenue recognition

- Gain or loss on sale of investment is accounted for in the income statement in the period in which it arises.
- Unrealised gain / loss arising on re-measurement of investments 'at fair value through profit or loss' is included in the Income statement in the period in which it arises.
- Income / profit from investments in term finance certificates / sukuks, and government securities is recognised on a time proportionate basis using EIR method.
- Profit on bank balances is recognised on a time proportionate basis using bank's approved rates.

4.10 Expenses

All expenses chargeable to the Fund including remuneration of Management Company, Trustee fee and the SECP fee are recognised in the Income statement on an accrual basis.

4.11 Earnings per unit

Earnings per unit (EPU) has not been disclosed as in the opinion of the management, determination of weighted average units for calculating EPU is not practicable.

Pakistan State Oil Company Limited	**4,900**	17,280	**1,678**	6,524
Attock Cement Pakistan Limited	**-**	5,250	**-**	1,536
Maple Leaf Cement Factory Limited	**-**	56,000	**-**	4,720
	83,900	192,730	**23,481**	34,230

6.1.2 These investments include gross bonus shares as per Fund's entitlement declared by the investee companies. Finance Act, 2014 has brought amendments in the ITO, 2001 whereby the bonus shares received by the shareholder are to be treated as income and a tax at the rate of 5% is to be applied on value of bonus shares determined on the basis of day end price on the first day of closure of books. The tax is to be collected at source by the investee company which shall be considered as final discharge of tax liability on such income. However, the Management Company of the Fund jointly with other asset management companies and MUFAP, has filed a petition in Sindh High Court (SHC) to declare the amendments brought in ITO, 2001 with reference to tax on bonus shares for CISs as null and void and not applicable on the funds based on the premise of exemption given to mutual funds under Clause 99 of Part I of the Second Schedule to the ITO, 2001. The SHC has granted stay order till the final outcome of the case. However, the investee company(s) has withheld the share equivalent to 5% of bonus announcement of the Fund having aggregate fair market value of Rs. 594.31 million at June 30, 2026 (June 30, 2025: Rs. 534.271 million) and not yet deposited on CDC account of department of Income tax. The final outcome of the case is pending however, Management Company is of the view that the decision will be in the favor and accordingly has recorded the bonus shares on gross basis at fair value in its investments at year end.

During 2018, the Supreme Court of Pakistan passed a judgment on June 27, 2018 whereby the suits which are already pending or shall be filed in future must only be continued / entertained on the condition that a minimum of 50% of the tax calculated by the tax authorities is deposited with the authorities. The CISs failed to deposit the minimum 50% of the tax liability and accordingly the stay got vacated automatically during the previous year.

Finance Act, 2018 effective from July 01, 2018 has omitted Section 236M of the ITO, 2001 requiring every company quoted on stock exchange issuing bonus shares to the shareholders of the company, to withhold 5% of the bonus shares to be issued. Accordingly, post July 01, 2018 shares are not being withheld at the time of bonus issue.

In 2019, the CISs had have filed a fresh constitutional petition via CP4653 dated July 11, 2019. In this regard, on July 15, 2019, the SHC has issued notices to the relevant parties and has ordered that no third party interest on bonus shares issued to the Funds in lieu of their investments be created in mean time. The matter is still pending and the Funds have included these shares in their portfolio, as the management is confident that the decision of the constitution petition will be in favour of the CISs.

These bonus shares include the following shares:

	June 30, 2026	June 30, 2025	**June 30, 2026**	June 30, 2025
	---------- (Number of Shares) ----------		---------- (Rupees in '000) ----------	
The Searle Company Limited	**1,400**	1,400	**132,356**	122,780
Mughal Iron and Steel Industries Limited	**2,782**	2,782	**243,731**	200,638
Pakistan State Oil Company Limited	**420**	420	**143,787**	158,563
Faysal Bank Limited	**750**	750	**74,430**	52,290
	5,352	5,352	**594,304**	534,271

Further, the Finance Act 2023 again introduced a 10% tax on value of bonus shares. However, no tax has been withheld on the bonus shares received by the Fund during this year.

6.2 Term finance certificates

6.5.1 The Fund had subscribed towards the term finance certificates of an issuer as Pre-IPO investor on January 09, 2008. Under the agreement, the issuer was required to complete the public offering by October 09, 2008. However, no public offering has been carried out by the issuer as at June 30, 2026. In addition, profit on the advance against subscription, due after six months from the date of subscription, was also not received by the Fund. During 2026, the advance against subscription was fully provided in accordance with the provisioning policy of the Fund as approved by the Board of the Management Company.

		June 30, 2026	June 30, 2025
6.6 Unrealised gain on remeasurement of investments at fair value through profit or loss - net	**Note**	**------ (Rupees in '000) ------**

Mark-up accrued on bank deposits		**330**	2
		330	157

8. ADVANCES, DEPOSITS AND OTHER RECEIVABLES			
Security deposits with:			
National Clearing Company of Pakistan Limited (NCCPL)		**2,500**	2,500
Central Depository Company of Pakistan Limited - the Trustee		**100**	100
		2,600	2,600
Advance tax	8.1	**375**	375
Other receivable		**-**	700
		2,975	3,675

8.1 The income of the Fund is exempt from tax under Clause 99 of Part I of the Second Schedule of the ITO, 2001. Further, the Fund is exempt under clause 47(B) of Part IV of Second Schedule of ITO, 2001 from withholding of tax under section 150, 150A, 151 and 233 of ITO, 2001.

The Federal Board of Revenue through a circular "C.No.1 (43) DG (WHT)/ 2008-Vol.II- 66417-R" dated May 12, 2015, made it mandatory to obtain exemption certificates under section 159 (1) of the ITO, 2001 from Commissioner Inland Revenue (CIR). However, various withholding agents have deducted advance tax under section 151 of ITO, 2001. The Management Company is confident that the same shall be refunded after filing refund application. Refund has been filed uptil tax year 2021.

9. PAYABLE TO THE MANAGEMENT COMPANY	Note	June 30, 2026	June 30, 2025
		------ (Rupees in '000) ------	
Management remuneration payable	9.1	**228**	378
Sindh sales tax payable on Management Company's remuneration	9.2	**34**	57
Sales load payable		**51**	10
		313	445

9.1 Pursuant to the amendments in the NBFC Regulations by SECP vide Notification S.R.O. 600(I)/2025 dated April 10, 2025, the management fee for hybrid schemes is subject to a weighted average cap determined based on the respective allocation of net assets to each asset class, effective from July 1, 2025. Accordingly, based on the Fund's asset allocation between equity and other debt instruments, the applicable management fee cap has been computed at 2.6% per annum. The Management Company has charged management fees at a rate of 2.25% of the Fund's net assets calculated on a daily basis. The management fee is payable to the Management Company on a monthly basis in arrears.

9.2 The Sindh Provincial Government has levied Sindh sales tax at the rate of 15% (June 30, 2025: 15%) on the remuneration of Management Company through Sindh sales tax on Services Act, 2011.

10. PAYABLE TO THE TRUSTEE	Note	June 30, 2026	June 30, 2025
		------ (Rupees in '000) ------	
Trustee fee payable	10.1	**26**	30
Sindh sales tax payable on remuneration of the Trustee	10.2	**4**	5
		30	35

10.1 The Trustee is entitled to a monthly remuneration for services rendered to the Fund under the provision of the Trust Deed as per the tariff specified therein, based on the average net assets of the Fund. The fee is paid to the Trustee on monthly basis in arrears.

Based on the Trust Deed, Trustee fee has been charged based on the following tariff structure applicable to the Fund:

Average Net asset Value	Tariff per annum
Upto Rs. 1 billion	Rs. 0.7 million or 0.20% per annum of net assets, whichever is higher
Over Rs. 1 billion	Rs. 2.0 million plus 0.10% per annum of net assets value exceeding Rs. 1,000 million

10.2 The Sindh Provincial Government has levied Sindh Sales Tax (SST) at the rate of 15% (June 30, 2025: 15%) on the remuneration of Management Company through Sindh Sales Tax on Services Act, 2011.

		Note	June 30, 2026	June 30, 2025
11.	**PAYABLE TO SECP**		------ (Rupees in '000) ------	
	SECP fee payable	11.1	**11**	13

11.1 The Fund has charged SECP Fee at the rate of 0.085% of the average daily net assets of the Fund which is payable on monthly basis in arrears.

		Note	June 30, 2026	June 30, 2025
12.	**ACCRUED EXPENSES AND OTHER LIABILITIES**		------ (Rupees in '000) ------	
	Federal excise duty (FED)	12.1	**6,610**	6,610
	Withholding tax payable		**547**	1,343
	Auditors' remuneration		**1,175**	484
	Tax professional fee payable		**-**	150
	Brokerage payable		**151**	76
	Other payables		**95**	90
			8,578	8,753

12.1 The Finance Act, 2013 enlarged the scope of FED on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16% on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the SHC by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016. During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 1, 2016.

However, as a matter of prudence the provision for FED made for the period from January 13, 2013 to June 30, 2019 amounting to Rs. 6.610 million is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision not been made, the net asset value of the Fund would have been higher by Rs. 8.659 (June 30, 2025: Rs.7.966).

13. CONTINGENCIES AND COMMITMENTS

Other than already disclosed in these financial statements, there are no contingencies and commitments outstanding as at June 30, 2026 and June 30, 2025.

		June 30, 2026	June 30, 2025

		862	728
	Sindh sales tax	**69**	58
		931	786

16. TAXATION

The income of the Fund is exempt from income tax under Clause 99 of Part I of the Second Schedule to the ITO, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by accumulated losses and capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. The Fund is also exempt from the provisions of Section 113 (minimum tax) under Clause 11A of Part IV of the Second Schedule to the ITO, 2001.

Since the management distributed the income available for distribution by the Fund to the unit holders in cash in the manner as explained above accordingly, no provision for taxation has been made in these financial statements.

17. TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund for the period from July 1, 2025 to June 30, 2026 is 4.31% (2025: 4.71%), which includes 0.52% (2025: 0.55%) representing government levy, SECP fee, and other related charges. However, Pursuant to the amendments in the NBFC Regulations, 2008 by SECP vide Notification S.R.O. 600(I)/2025 dated April 10, 2025, the maximum TER limits have been lifted by the SECP applicable to CISs, effective from July 01, 2025.

20. FAIR VALUE OF FINANCIAL INSTRUMENTS

IFRS 13 - 'Fair Value Measurement' establishes a single source of guidance under IFRS for all fair value measurements and disclosures about fair value measurement where such measurements are required as permitted by other IFRSs. It defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price).

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the close of trading i.e. period end date. The estimated fair value of all other financial assets and financial liabilities is considered not significantly different from book value as these are short term in nature.

The following table shows financial instruments recognised at fair value, based on:

Levels	Description	Valuation approach and input used
Level 1:	Quoted prices in active markets for identical assets or liabilities	Listed government securities traded on PSX are valued at revaluation rates disseminated by PSX and listed equity securities are valued at qouted rates. The fair value of debt securities (other than government securities) is based on the value determined and announced by MUFAP.
Level 2:	Those involving inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices)	The government securities not listed on a stock exchange and traded are valued at the average rates quoted on electronic quotation system (PKRV / PKFRV / PKISRV). For Debt securities for which MUFAP valuation is not available are valued at face value of the securities.
Level 3:	Those with inputs for the asset or liability that are not based on observable market data (unobservable inputs)	The Fund applies discretion on the effective yield as per the allowable limits. The allowable limits for rated securities for duration upto 2 years is +200/-100 bps and over 2 years is +150/50 bps. For unrated securities the allowable limits +50 bps.

The following table shows the carrying amounts of fair values of financial assets and financial liabilities including the levels in the fair value hierarchy:

Particulars	June 30, 2026						
	Carrying amount			Fair value			
	At Fair value through profit or loss	At amortised cost	Total	Level 1	Level 2	Level 3	Total

	-	32,494	32,494				

During the year ended June 30, 2025, there were no transfers between levels of fair value measurements, and no transfer into and out of level 3 fair value measurements.

21. UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by the net assets attributable to unit holders / redeemable units. The amount of net assets attributable to unit holders can change significantly on a daily basis as the Fund is subject to daily issuance and redemptions at the discretion of unit holders. These unit holders of the Fund are entitled to distributions and to payment of a proportionate share based on the Fund's net asset value per unit on the redemption date. The relevant movements are shown on the statement of movement in the unit holders' fund. Unit holders fund risk management is carried out by the Management Company through following steps:

- Monitors the level of daily issuance and redemptions relative to the liquid assets and adjusts the amount of distributions the Fund pays to the unit holders;

- Redeems and issues units in accordance with the constitutive documents of the Fund. This includes the Fund's ability to restrict redemptions; and

- The Fund Manager / Investment Committee members and the Chief Executive Officer of the Management Company critically track the movement of 'Assets under Management'. The Board of Directors is updated regarding key performance indicators, e.g. yield and movement of NAV and total Fund size at the end of each quarter.

22. FINANCIAL RISK MANAGEMENT

The Board of the Management Company has overall responsibility for the establishment and oversight of the Fund's risk management framework. The Board is also responsible for developing and monitoring the Fund's risk management policies.

The Fund's risk management policies are established to identify and analyse the risks faced by the Fund, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Fund's activities.

The fund preliminarily invest in a portfolio of equity securities. These Fund's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk.

22.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Board of the Management Company and the regulations laid down by the SECP, the NBFC Regulations and the NBFC Rules.

Market risk comprises of three types of risk: currency risk, interest rate risk and other price risk.

22.2 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Fund, at present, is not exposed to currency risk as all its transactions are carried out in Pakistan Rupees.

22.3 Yield / interest rate risk

Yield / interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As of June 30, 2026, the Fund is exposed to such risk on bank balances and government securities. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

As of June 30, 2026 details of Fund's interest bearing financial instruments were as follows:

	Note	**June 30, 2026**	June 30, 2025
Variable rate instrument (financial asset)		**--- (Rupees in '000) ---**	
Bank balances	5	**56,326**	22,595
Term finance certificates	6.2	**-**	672
		56,326	23,267
Fixed rate instruments (financial assets)			
Market Treasury Bills	6.3	**29,662**	52,464
		85,988	75,731

a) Sensitivity analysis for variable rate instruments

Presently, the Fund holds KIBOR based bank balances which expose the Fund to cash flow interest rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net income / loss for the year and net assets of the Fund would have been higher / lower by Rs. 0.55 million (June 30, 2025: Rs. 0.23 million).

b) Sensitivity analysis for fixed rate instruments

As at June 30, 2026, the Fund holds government securities which are fixed rate instruments exposing the Fund to fair value interest rate risk. In case of 100 basis points increase / decrease in rates announced by the Financial Market Association of Pakistan (FMAP) on June 30, 2026, the net income for the year and net assets would be lower / higher by Rs. 0.30 million (June 30, 2025: Rs. 0.53 million).

Yield / interest rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date. The composition of the Fund investment may change over time. Accordingly, the sensitivity analysis prepared as at June 30, 2026 is not necessarily indicative of the impact on the Fund's net assets of future movements in interest rates.

The Fund's interest rate sensitivity related to financial assets and financial liabilities as at June 30, 2026 can be determined as follows:

Particulars	Note	June 30, 2026				
		Yield / effective interest rate	Exposed to Yield / Interest rate risk			Not exposed to yield / interest risk	Total
			Up to three months	More than three months and up to one year	More than one year		
		------ (%) ------	---------- (Rupees in '000) ----------

Accrued expenses and other liabilities		-	-	-	754	754
		-	-	-	32,494	32,494

22.4 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund is exposed to equity price risk because of investments held by the Fund in listed equity securities classified as Financial Asset at 'fair value through profit or loss'. To manage it's price risk arising from investments in equity securities, the Fund diversifies it's portfolio within eligible stocks. The Fund's constitutive document and NBFC Regulations also limit investment in individual equity securities of not more than 10% of net assets of the Fund or issued capital of the investee company.

In case of 5% increase / (decrease) in price of all shares held by Fund at the year end, net loss for the year would decrease / increase by Rs. 5.75 million (June 30, 2025: Rs. 5.33 million) and net assets of the Fund would increase / decrease by the same amount as a result of gains / losses on equity securities at fair value through profit or loss.

22.5 Credit risk

Credit risk represents the risk of loss if counterparties fail to perform as contracted. The Fund is exposed to counter party credit risks on investments in term finance certificates, bank balances and other financial assets at amortised cost. The credit risk on the fund is limited because the counterparties are financial institutions with reasonably high credit ratings.

The Fund has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. This information is supplied by independent rating agencies, where available, and if not available, the Fund uses other publicly available financial information and its own trading records to rate its major counterparties. The Fund's exposure and the credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties.

Credit risk from bank balances is managed in accordance with the Fund's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparties credit limits are approved by the Board. The limits are set to minimise the concentration of risk and therefore mitigate financial loss through potential counterparty failure.

The Fund's maximum exposure to credit risk is the carrying amounts of following financial assets.

	Note	June 30, 2026		June 30, 2025	
		Balance as per statement of assets and liabilities	**Maximum exposure to credit risk**	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
		---------- (Rupees in '000) ----------			
Bank balances	5	**56,326**	**56,326**	22,595	22,595
Investments in equity securities	6.1	**115,064**	**-**	106,535	-
Investments in market treasury bills	6.3	**29,662**	**-**	52,464	-
Investment in term finance certificates	6.2	**-**	**-**	672	672

	22,595		

Deposits are placed with NCCPL and the trustee for the purpose of effecting transaction and settlement of listed securities. It is expected that all deposits with NCCPL and CDC will be clearly identified as being assets of the Fund, hence management believes that the Fund does not expect to incur credit losses with respect to these deposits.

Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is broadly diversified and transactions are entered into with diverse credit-worthy counterparties thereby mitigating any significant concentration of credit risk.

Settlement risk

The Fund's activities may give rise to risk at the time of settlement of transactions. Settlement risk is the risk of loss due to the failure of counter party to honour its obligations to deliver cash, securities or other assets as contractually agreed. Credit risk relating to unsettled transactions in securities is considered to be minimal as the Fund uses brokers with high creditworthiness and the transactions are settled or paid for only upon delivery using the central clearing system.

22.6 Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in meeting it's obligations arising from it's financial liabilities that are settled by delivering cash or other financial assets or that such obligations will have to be settled in a manner disadvantageous to the Fund. Liquidity risk also arises because of the possibility that the Fund could be required to pay its liabilities earlier than expected. The Fund is exposed to cash redemptions of its units on a regular basis. Units are redeemable at the holder's option based on the Fund's applicable redemption price calculated in accordance with the Fund's constitutive documents and guidelines laid down by the SECP.

Units of the Fund are redeemable on demand at the unit holder's option, however, the Fund does not anticipate significant redemption of units.

The table below analyses the Fund's financial assets and financial liabilities into relevant maturity groupings based on the remaining period at the statement of assets and liabilities date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

Strategies and Policies employed during the Year

During the year under review, the Fund increased its exposure in equities for Growth Fund B and Growth Fund A from 86.93% and 93.19% on June 30, 2025 to 86.94% and 93.38% as on June 30, 2026 respectively. Furthermore, for Growth Fund B, sector-wise allocation was continuously reviewed and revisited throughout the year to ensure optimum return to the investors. Accordingly, exposure in commercial banks, technology and others was increased, while exposure in oil and gas exploration, oil and gas marketing, cement and autos was decreased.

Others Including Receivables	0.64%	0.26%
Oil & Gas Marketing	93.38%	93.19%
Total	**100.00%**	**100.00%**

Fund Performance

HBL Growth Fund

The Fund as a whole earned a total and net income of Rs. 1.36 billion and Rs. 1.06 billion respectively during the year under review. The fund size of the fund stood at Rs. 13.61 billion as on June 30, 2026.

Performance review of each class is presented below:

HBL Growth Fund - Class 'A'

HBL Growth Fund - Class 'A' earned a total income and net income of Rs. 373.24 million and Rs. 190.39 million respectively during the year ended June 30, 2026. The Net Asset Value (NAV) per unit of the Class 'A' was Rs. 39.0503 per unit as on June 30, 2026 (after incorporating dividend of Rs. 0.66 per unit) as compared to Rs. 42.2869 as at June 30, 2025, thereby giving a negative return of 6.11%. During the year the benchmark KSE 100 index yielded a return of 49.38%. The size of Class 'A' was Rs. 11.07 billion as on June 30, 2026 as compared to Rs. 11.99 billion at the start of the year.

HBL Growth Fund - Class 'B'

HBL Growth Fund - Class 'B' earned a total and net income of Rs. 982.08 million and Rs. 874.38 million respectively during the year ended June 30, 2026. The Net Asset Value (NAV) per unit of the Class 'B' was Rs. 44.3589 per unit as on June 30, 2026 (after incorporating dividend of Rs. 0.50 per unit) as compared to Rs. 31.5798 as at June 30, 2025, thereby giving a return of 42.01%. During the year the benchmark KSE 100 index yielded a return of 49.38%. The size of Class 'B' was Rs. 2.54 billion as on June 30, 2026 as compared to Rs. 2.38 billion at the start of the year.

Market Review

During FY2026, Pakistan's equity market maintained a strong upward trajectory, driven by improved liquidity, significant monetary easing, and a stable external account. The benchmark KSE-100 Index closed at 180,301.70 points, posting a robust gain of 54,674.39 points (43.5%). The strong performance reflected improved investor sentiment and reaffirmed equities as a preferred investment avenue amid improving macroeconomic conditions.

Market activity also improved, with average daily trading volume of the KSE All-Share Index rising to 911 million shares (up 44% from 633 million shares in the same period last year). Average daily traded value surged 51% to PKR 42.5 billion, up from PKR 28.15 billion.

The sectors that majorly contributed to the performance were Commercial Banks, Fertilizer, Oil & Gas Exploration Companies, and Cements. Script-wise, major contribution came from FFC, UBL, HUBC, ENGROH, and MEBL.

Going forward, the equity market is expected to maintain its positive trajectory, supported by a stable external position, continued macroeconomic consolidation, adequate market liquidity, and the prospect of a stable-to-accommodative monetary stance. A sustained recovery in corporate earnings and easing inflation should further support valuation stability over the medium term.

However, risks remain. Market direction will stay sensitive to escalating geopolitical tensions between Iran and the United States, particularly any disruption to the Strait of Hormuz. As a critical chokepoint for global energy supplies, any flare-up could push international oil prices higher, pressure the import bill, reignite inflation, and weigh on the external account and overall market sentiment. Barring a significant escalation, the broader backdrop remains constructive for equities.

Distribution

The Board of Directors approved Rs.0.66 dividend per unit to the unit holders for the year ended June 30, 2026 from HBL Growth Fund Class 'A'.

The Board of Directors approved dividend of up-to Rs. 0.50 per unit for the year ended June 30, 2026 from HBL Growth Fund Class 'B'.

Significant Changes in the State of Affairs

There were no significant changes in the state of affairs during the year under review.

TRUSTEE REPORT TO THE UNIT HOLDERS

HBL GROWTH FUND

Report of the Trustee pursuant to Regulation 41(h) and Clause 8 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of HBL Growth Fund (the Fund) are of the opinion that HBL Asset Management Limited, being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2026 in accordance with the provisions of the following:

(i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;

(ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund;

(iii) The management fee, fee payable to Commission and other expenses paid from the Fund during the period are in accordance with the applicable regulatory framework; and

(iv) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

Badiuddin Akber
Chief Executive Officer
Central Depository Company of Pakistan Limited

Karachi, September 28, 2026

pwc A.F.FERGUSON&Co.

INDEPENDENT AUDITOR'S REPORT

To the Unit holders of HBL Growth Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of HBL Growth Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2026, and the income statement, the statement of comprehensive income, statement of movements in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2026, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S.No.	Key Audit Matter	How the matter was addressed in our audit
1	**Net Asset Value (NAV)** (Refer notes 4 and 5 to the financial statements)	
	The bank balances and investments constitute the most significant components of the net asset value. The bank balances aggregated to Rs. 992.128 million and investments of the Fund amounted to Rs. 13,031.694 million as at June 30, 2026. The existence of bank balances and the existence and proper valuation of investments for the determination of NAV of the Fund as at June 30, 2026 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: • Obtained independent confirmations for verifying the existence of the bank balances and investment portfolio as at June 30, 2026 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed; • Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies; and • Obtained bank reconciliation statements and tested reconciling items on a sample basis.

Information Other than the Financial Statements and Auditor's Report Thereon

The Management Company (HBL Asset Management Limited) is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Management Company and Board of Directors of Management Company for the Financial Statements

The Management Company (HBL Asset Management Limited) is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management Company is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of Directors of the Management Company is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management Company.

pwc A·F·FERGUSON&CO.

- Conclude on the appropriateness of Management Company's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Board of Directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with Board of Directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

a) the financial statements have been properly prepared in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations 2008;

b) proper books and records have been kept by the Collective Investment Scheme or the financial statements prepared are in agreement with the books and records of Collective Investment Scheme; and

c) we were able to obtain all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of the audit.

The engagement partner on the audit resulting in this independent auditor's report is **Noman Abbas Sheikh.**

1 LEGAL STATUS AND NATURE OF BUSINESS

1.1 HBL Growth Fund (The Fund), an Open End Scheme that was initially constituted as a Closed End Fund under the name of PICIC Investment Fund vide a registered Trust Deed 'Initial Trust Deed' dated April 02, 2004 , as amended vide First Supplemental Trust Deed dated June 28, 2004. The Fund has been converted into an Open End Scheme through a registered Restated Trust Deed (the Deed) dated April 24, 2018 under the Trusts Act, 1882 entered into and between HBL Asset Management Limited (the Management Company) and Central Depository Company of Pakistan Limited (CDC) as the Trustee. During the year ended June 30, 2021, the Trust Act, 1882 was repealed due to the promulgation of Provincial Trust Act namely “Sindh Trusts Act, 2020” (the Sindh Trust Act) as empowered under the Eighteenth Amendment to the Constitution of Pakistan. Accordingly, on August 24, 2021, the above-mentioned Trust Deed has been registered under the "Sindh Trust Act, 2020".

1.2 The Management Company of the Fund has been registered as a Non-Banking Finance Company (NBFC) under the NBFC Rules, 2003 and has obtained the requisite license from the Securities and Exchange Commission of Pakistan (SECP) to undertake Asset Management Services. The registered office of the Management Company is located at 7th Floor, Emerald Tower, G-19, Block 5, Main Clifton Road, Clifton, Karachi.

1.3 The objective of the Fund is to maximise the wealth of the unit holders by investing primarily in listed equities in the best available opportunities, while considering acceptable risk parameters and applicable rules and regulations.

1.4 As per Regulation 65 of the NBFC Regulations, all closed end funds were required to be converted into open end schemes upon expiry of five years from November 21, 2007 i.e. by November 21, 2012. However, closed end funds whose portfolios were frozen as a result of Consent Agreements with Government of Pakistan were allowed to be converted into open end schemes within three months from the date of the removal of the freezing of the portfolios. Since the Fund has frozen portfolio comprising shares of Pakistan State Oil Company Limited and Sui Northern Gas Pipelines Limited, its conversion into an open end scheme was deferred.

1.5 The Board of the Management Company of the Fund in its meeting held on November 23, 2017 approved the conversion plan of the Fund for the conversion of the Fund into an Open End Scheme, with the approval of the certificate holders of the Fund to fulfill the requirements of the merger order dated August 31, 2016. For this purpose, the plan was presented to and approved by the certificate holders of the Fund in its general meeting dated January 10, 2018. The plan was also approved by the SECP on February 16, 2018.

1.6 The replacement trust deed and replacement offering document were approved by the SECP vide its letter no. SCD/AMCW/HIF/339/2018 dated April 18, 2018 and letter no. SCD/AMCW/HIF/398/2018 dated June 7, 2018 respectively. As per the approved Plan, the conversion took place on July 2, 2018 and every certificate holder of the closed end fund was entitled to following for each certificate held:

- One Class-A unit of the Fund was issued to every certificate holder of the Fund for each certificate held representing frozen portfolio and related assets and liabilities.

- One Class-B unit of the Fund was issued to the every certificate holder of the Fund for each certificate held representing unfrozen portfolio and related assets and liabilities.

1.7 The plan also envisages that Class-A units would not be redeemable and would be traded on the Pakistan Stock Exchange. Whereas Class-B units can be redeemed at the redemption price.

1.8 VIS Credit Rating Company Limited (VIS) has maintained the Management Quality Rating to 'AM-I' dated December 31, 2025 (2025: 'AM-I' dated December 31, 2024) and the outlook on the rating has been assigned as 'Stable' (2025: 'Stable'). Further, the Fund is not rated by any credit rating agency as of June 30, 2026.

1.9 The title to the assets of the Fund is held in the name of CDC as Trustee of the Fund.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. Accounting and reporting standards applicable in Pakistan comprise of:

- IFRS Accounting Standards issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;

- Provisions of, directives and notifications issued under the Companies Act, 2017 along with Part VIIIA of the repealed Companies Ordinance, 1984; and

- Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations).

Where provisions of, directives and notifications issued under the Companies Act, 2017, Part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed differ from the IFRS Accounting Standards, the provisions of, directives and notifications issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations have been followed.

2.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2025. However, these are not considered to be relevant or do not have any material effect on the Fund's financial statements and, therefore, have not been detailed in these financial statements.

2.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective in the current year

There are certain new standards and amendments to the published accounting and reporting standards that will be applicable to the Fund for its annual periods beginning on or after July 1, 2026. However, these are not considered to be relevant or do not have any material effect on the Fund's financial statements except for the following:

- The new standard - IFRS 18 Presentation and Disclosure in Financial Statements (IFRS 18) (published in April 2024) is effective for annual periods beginning on or after January 1, 2027. IFRS 18 when applicable shall impact the presentation of the 'Income Statement' with certain additional disclosures in the financial statements; and

- Amendments to IFRS 9 'Financial Instruments' which clarify the date of recognition and derecognition of a financial asset or financial liability including settlement of liabilities through banking instruments and channels including electronic transfers effective for annual periods beginning on or after January 1, 2026. The amendment when applied may impact the timing of recognition and derecognition of financial assets and financial liabilities.

The management is in the process of assessing the impacts of the new standards and amendments on the financial statements of the Fund.

2.4 Critical accounting estimates and judgments

The preparation of the financial statements in conformity with the accounting and reporting standards requires the management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgments and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgments that have a significant effect on the financial statements of the Fund relate to classification and valuation of financial assets (Notes 3.2 and 5) and provision for federal excise duty (Note 11.1).

2.5 Accounting convention

These financial statements have been prepared under the historical cost convention except for investments classified as 'at fair value through profit or loss' which are measured at their respective fair values. The details in respect of valuation techniques under IFRS 13 'Fair Value Measurement' used for the fair valuation of financial assets have been disclosed in Note 20.

2.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupees, which is the Fund's functional and presentation currency.

3 MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies applied in the preparation of these financial statements are set out below. These have been applied consistently to all the years presented, unless otherwise stated.

3.1 Cash and cash equivalents

Cash and cash equivalents are carried in the satement of financial position at amortised cost. These comprise of balances with banks in savings account.

3.2 Financial assets

3.2.1 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

3.2.2 Classification and subsequent measurement

3.2.2.1 Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the “Statement of Assets and Liabilities” at fair value, with gains and losses recognised in the Income Statement, except where an irrevocable election has been made at the time of initial recognition to measure the investment at FVOCI. The management considers its investment in equity securities being managed as a group of assets and hence has classified them as FVTPL. Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVTPL is recognised in the Income Statement.

Since all investments in equity instruments have been designated as FVTPL, the subsequent movement in the fair value of equity securities is routed through the Income Statement.

3.2.2.2 Impairment

The Fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets carried at amortised cost and FVOCI. The Fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The Fund considers that a financial asset is in default when the counterparty fails to make contractual payments within 90 days of when they fall due. Further, financial assets are written off by the Fund, in whole or part, when it has exhausted all practical recovery efforts and has concluded that there is no reasonable expectation of recovery.

3.2.2.3 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset.

Up to February 8, 2026, regular way purchases / sales of assets required delivery of securities within two days from the transaction date (T+2) as per the stock exchange regulations. Effective from February 9, 2026, in accordance with the revised regulations of the Pakistan Stock Exchange (PSX) and National Clearing Company of Pakistan Limited (NCCPL), the settlement cycle has transitioned to a Trade plus one day (T+1) basis, requiring delivery of securities within one day from the transaction date.

3.2.2.4 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred, the Fund has transferred substantially all the risks and rewards of ownership or the Fund neither transfers nor retains substantially all the risks and rewards of ownership and the Fund has not retained control. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

3.3 Financial liabilities

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss arising on derecognition of financial liabilities is taken to the Income Statement.

3.4 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the Statement of Assets and Liabilities when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

Income and expenses are presented on a net basis only when permitted by the accounting and reporting standards as applicable in Pakistan.

3.5 Provisions

Provisions are recognised when the Fund has a present, legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

3.6 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

3.7 Issuance and redemption of units

Units issued are recorded at the offer price, determined by the Management Company / distributors during business hours on the day when the application is received. The offer price represents the NAV per unit as of the close of the business day, plus the allowable sales load, provision for transaction costs and any provision for duties and charges, if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price applicable to units for which the Management Company / distributors receive a redemption application during business hours of that date. The redemption price is equal to NAV as of the close of the business day, less any duties, taxes, charges on redemption and any provision for transaction cost, if applicable.

3.8 Distributions to unit holders

Distributions to unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

3.9 Element of income / (loss) on issuance / (redemption) of units

The element of income represents the difference between the NAV per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of the capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend NAV of all units outstanding on the accounting date, net element of income contributed on issue of units lying in the unit holders fund will be refunded on units in the same proportion as the dividend bears to accounting income available for distribution.

3.10 Revenue recognition

- Realised gains / (losses) arising on sale of investments are included in the Income Statement and are recognised when the transaction takes place;
- Unrealised appreciation / (diminution) arising on re-measurement of investments classified as financial assets 'at fair value through profit or loss' are included in the Income Statement in the year in which they arise;
- Unrealised appreciation / (diminution) arising on re-measurement of investments classified as financial assets 'at fair value through other comprehensive income' are included in the statement of comprehensive income in the year in which they arise;
- Dividend income is recognised when the Fund's right to receive the same is established i.e. on the commencement of book closure of the investee company / institution declaring the dividend; and
- Profit on saving accounts with banks is recognised on a time proportion basis using the effective yield method.

3.11 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company, Trustee and fee to the SECP are recognised in the Income Statement on an accrual basis.

3.12 Taxation

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders in cash. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account."

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

	2,641,500	506,894	3,900,500	517,582

5.1.4 The Finance Act, 2014 introduced amendments to the Income Tax Ordinance 2001 as a result of which companies were liable to withhold five percent of the bonus shares to be issued. The shares so withheld were only be released if the Fund deposit tax equivalent to five percent of the value of the bonus shares issued to the Fund including bonus shares withheld, determined on the basis of day-end price on the first day of closure of books of the issuing company.

In this regard, a constitutional petition had been filed by Collective Investment Schemes (CISs) through their Trustees in the High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs. The petition was based on the fact that because CISs are exempt from deduction of income tax under Clause 99 Part I to the Second Schedule of the Income Tax Ordinance 2001, the withholding tax provision should also not be applicable on bonus shares received by CISs. A stay order had been granted by the High Court of Sindh (HCS) in favour of CISs.

During the year ended June 30, 2018, the Supreme Court of Pakistan passed a judgement on June 27, 2018 whereby the suits which are already pending or shall be filed in future must only be continued / entertained on the condition that a minimum of 50 percent of the tax calculated by the tax authorities is deposited with the authorities. Accordingly, the CISs were required to pay minimum 50% of the tax calculated by the tax authorities for the case to remain continued. The CISs failed to deposit the minimum 50% of the tax liability and accordingly the stay got vacated automatically during the year ended June 30, 2019. Subsequent to the year ended June 30, 2019, CISs have filed a fresh constitutional petition via CP 4653 dated July 11, 2019. In this regard, on July 15, 2019, the Honourable High Court of Sindh has issued notices to the relevant parties and has ordered that no third party interest on bonus shares issued to the Funds in lieu of their investments be created in the meantime. The matter is still pending adjudication and the Funds have included these shares in their portfolio, as the management is confident that the decision of the constitutional petition will be in favour of CISs.

Further, the Finance Act, 2018 effective from July 1, 2018 has omitted Section 236M of Income Tax Ordinance, 2001 requiring every company quoted on the stock exchange issuing bonus shares to the shareholders of the company, to withhold five percent of the bonus shares to be issued. Therefore, bonus shares issued to the Fund since July 1, 2018 were not withheld by the investee companies.

Name of the company	2026		2025

	Other receivables		-	370	370	-	-	-
			1,213	5,200	6,413	1,213	4,831	6,044

7.1 As per clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under section 151 and 150. However, withholding taxes on dividends and profit on savings accounts with banks paid to the Fund were deducted by various withholding agents based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated 12 May 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced by the withholdee. The tax withheld on dividends and profit on savings accounts with banks amounts to Rs. 3.02 million (2025: Rs. 3.02 million).

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. A petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgment of the SHC. Pending resolution of the matter, the amount of withholding tax deducted on dividends and profit on savings accounts with banks has been shown as an 'Advance tax' as at June 30, 2026 as, in the opinion of the management, the amount of tax deducted at source will likely to be refunded.

			10,779	7,062	17,841	11,408	8,224	19,632

8.1 As per regulation 61 of the NBFC Regulations, 2008, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the offering document and subject to a capping of 3.00% for a collective investment scheme categorised as an 'Equity Scheme'. Keeping in view the maximum allowable threshold, the Management Company has charged its remuneration at the rate of 1.00% and 3.00% (2025: 1.00% to 1.75% and 3.00 to 3.75%) per anum of the average daily net assets of the Fund for Class A and Class B respectively during the year ended June 30, 2026. The remuneration is payable to the Management Company monthly in arrears.

8.2 Sindh sales tax levied through the Sindh Sales Tax on Services, 2011 has been charged at the rate of 15% (2025: 15%) on remuneration of the Management Company and any reimbursable expenditure to the Management Company.

8.3 The SECP, vide S.R.O.600(I)2025 dated April 10, 2025, issued amendments in respect of expenses chargeable to CISs as prescribed in Schedule XX of the NBFC Regulations, from which the chargeability of expenses related to registrar services, accounting, operation and valuation services was excluded.

The Management Company in compliance of the above requirement did not charge the above-mentioned expense for the year ended June 30, 2026.

During the year ended June 30, 2025, the Management Company charged expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS) at the rate of 0.55% and 0.70% per annum of the daily net assets of Fund for Class A and Class B respectively.

			7,248	136,653	143,901	4,532	130,978	135,510

11.1 The Finance Act, 2013 enlarged the scope of federal excise duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16% on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company and sales load with effect from July 1, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs. 125.30 million (2025: Rs. 125.30 million) is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision not been made, the net asset value per unit of the Fund for Class B would have been higher by Rs. 2.19 (2025: Rs. 1.66).

12 CONTINGENCIES AND COMMITMENTS

There were no contingencies or commitments outstanding as at June 30, 2026 and June 30, 2025.

14 TAXATION

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90 percent of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the Management Company has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2026 to the unit holder in the manner as explained above, no provision for taxation has been made in these financial statements during the year.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A (i) of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

15 TOTAL EXPENSE RATIO

The SECP, vide S.R.O. 600(I)/2025 dated April 10, 2025, has removed the Total Expense Ratio (TER) limit with effect from July 01, 2025. The TER limit of 4.5% for a collective investment scheme categorised as an "Equity Scheme", applicable previously, has been replaced with the management fee cap which has been disclosed in Note 8.1 to these financial statements.

16 NUMBER OF UNITS IN ISSUE

	2026			2025		
	Class A	Class B	Total	Class A	Class B	Total
Units in issue at the beginning of the year	283,500,000	75,415,306	358,915,306	283,500,000	69,414,008	352,914,008

19 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

19.1 Market risk

Market risk is the risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee and regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises of three types of risk; yield / interest rate risk, currency risk and price risk.

(i) Yield / interest rate risk

Yield / interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As of June 30, 2026, the Fund is exposed to such risk on its balances held with banks. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

a) Sensitivity analysis for variable rate instruments

Presently, the Fund holds balances with banks which expose the Fund to cash flow interest rate risk. In the case of a 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net profit and net assets of the Class A for the year ended would have been higher / lower by Rs. 7.34 million (2025: Rs. 8.07 million) and the net profit and net assets of the Class B for the year ended would have been higher / lower by Rs. 2.58 million (2025: Rs. 2.71 million).

The composition of the Fund's investment portfolio and profit rates are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2026 is not necessarily indicative of the impact on the Fund's net assets of future movements in interest rates.

Yield / interest rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date.

The Fund's yield / interest rate sensitivity related to financial assets and financial liabilities as at June 30, 2026 and June 30, 2025 can be determined as follows:

	As at June 30, 2026				
		Exposed to yield / interest rate risk			
	Effective yield / interest rate	Upto three months	More than three months and upto one year	More than one year	Not exposed to yield / interest rate risk	Total

(ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

(iii) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

In the case of a 1% increase / decrease in the fair value of the Fund's Class A equity securities on June 30, 2026, net assets of the Fund would have increased / decreased by Rs. 105.67 million (2025: Rs. 114.88 million) as a result of gains / losses on equity securities in 'at fair value through other comprehensive income' category, with corresponding effect on other comprehensive income reported in the 'Statement of comprehensive income'.

In the case of a 1% increase / (decrease) in the fair value of the Fund's Class B equity securities on June 30, 2026, net assets of the Fund would have increased / (decreased) by Rs. 24.65 million (2025: Rs. 23.63 million).

The analysis is based on the assumption that the equity index had increased / decreased by 1% with all other variables held constant and all the Fund's equity instruments moved according to the historical correlation with the index. This represents the management company's best estimate of a reasonable possible shift in the KSE 100 Index, having regard to the historical volatility of the index. The composition of the Fund's investment portfolio and the correlation thereof to the KSE 100 index, is expected to change over the time. Accordingly, the sensitivity analysis prepared as of June 30, 2026 is not necessarily indicative of the effect on the Fund's net assets of future movements in the level of KSE 100 Index.

19.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on the terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily settlement of equity securities and daily cash redemptions, if any, at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Fund's reputation. Its policy is therefore to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC regulations, the fund can borrow in the short term to ensure settlement subject to the minimum limit which is fifteen percent of the net assets up to 90 days and would be secured by the assets of the fund. However no borrowing was required to be obtained by the fund during the year ended June 30, 2026.

The Fund has a policy to invest the majority of its assets in investments that are traded in an active market and can be readily disposed off. The Fund's listed securities are considered readily realisable, as these are listed on the Pakistan Stock Exchange Limited.

The Fund is not materially exposed to liquidity risk as all obligations / commitments of the Fund are short-term in nature and are restricted to the extent of available liquidity and significant assets of the Fund are readily disposable in the market.

The table below summaries the maturity profile of the Fund's financial liabilities. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, the liabilities that are payable on demand including balances with banks have been included in the maturity grouping of one month:

	Class A						
	2026						
	Within one month	More than one month and upto three months	More than three months and upto one year	More than one year and upto five years	More than five years	Financial instruments with no fixed maturity	Total

	145,859	306	-	-	-	-	146,165

19.3 Credit risk

19.3.1 Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. Credit risk arises from bank balances, profit receivable on savings accounts with banks, receivable against sale of investments and dividend receivable.

Credit risk arising on financial assets s monitored through a regular analysis of financial position of brokers and other parties. In accordance with the risk management policy of the Fund, the investment manager monitors the credit position on a daily basis which is reviewed by the Board of Directors of the Management Company on a quaterly basis.

The table below analyses the Fund's maximum exposure to credit risk:

	2026		2025	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
CLASS A	Rupees in '000			
Bank balances	733,776	733,776	807,048	807,048
Investments	10,566,942	-	11,487,814	-
Dividend and profit receivable	22,092	22,092	32,841	32,841
Deposit	100	100	100	100
	11,322,910	755,968	12,327,803	839,989

	2026		2025	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
CLASS B	Rupees in '000			
Bank balances	258,352	258,352	270,529	270,529
Investments	2,464,752	-	2,363,202	-
Dividend and profit receivable	8,892	8,892	9,042	9,042
Deposits and other receivables	3,293	3,293	2,924	2,924
Receivable against sale of investments	83,324	83,324	-	-
Receivable from HBL Asset Management Limited - Management Company	-	-	9,199	9,199
	2,818,614	353,862	2,654,896	291,694

The maximum exposure to credit risk before any credit enhancement as at June 30, 2026 is the carrying amount of the financial assets. Investment in equity securites, however, are not exposed to credit risk and have been excluded from the above analysis.

There is a possibility of default by participants or failure of the financial market / stock exchanges, the depositories, the settlements or clearing systems, etc. Settlement risk on equity securities is considered minimal because of inherent controls established in the settlement process. The Fund's policy is to enter into financial contracts in accordance with internal risk management policies and instruments guidelines approved by the Investment Committee.

19.3.2 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its bank balances and profit receivable on savings accounts with banks thereon. The credit rating profile of bank balances is as follows:

	Class A		Class B	
	2026	2025	2026	2025
	--------- % ---------		--------- % ---------	
AAA	99.89%	0.96%	94.52%	68.43%
AA+*	-	0.00%	-	-
AA	0.09%	0.02%	5.45%	0.02%
AA-	-	2.12%	-	12.16%
A+	-	96.88%	0.01%	19.37%
A*	-	-	-	-
A-	0.02%	-	0.02%	-
B	-	0.01%	-	0.02%
	100.00%	100.00%	100.00%	100.00%

*Nil due to rounding off

19.3.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic and industry factors similarly affect groups of counter parties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is broadly diversified and transactions are entered into with diverse credit worthy counter parties thereby mitigating any significant concentrations of credit risk.

The Fund does not have any collateral against any of the aforementioned assets.

20 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair value measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2026 and June 30, 2025, the Fund held the following financial instruments measured at fair values:

	Note	2026			
		Level 1	Level 2	Level 3	Total
Class A		(Rupees in '000)			
At fair value through other comprehensive income					
Quoted equity securities	5.1.1	10,566,942	-	-	10,566,942
Class B					
At fair value through profit or loss					
Quoted equity securities	5.1.2	2,464,752	-	-	2,464,752

	Note	2025			
		Level 1	Level 2	Level 3	Total
		(Rupees in '000)			
Class A					
At fair value through other comprehensive income					
Quoted equity securities	5.1.1	11,487,814	-	-	11,487,814
Class B					
At fair value through profit or loss					
Quoted equity securities	5.1.2	2,363,202	-	-	2,363,202

Valuation technique used in determination of fair values is as follows:

Item	Valuation technique
Quoted equity securites	The fair value of investments in quoted equity securites is valued on the basis of closing quoted market price available at the Pakistan Stock Exchange.

There were no transfers between levels during the year.

21 UNIT HOLDERS' FUND RISK MANAGEMENT

The Unit Holders' Fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movements in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, 2008 every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs. 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 19, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

Strategies and Policies employed during the Year

During the year under review, the Fund increased its exposure in equities for investment fund B and A from 80.93% and 92.25% as on June 30, 2025 to 88.59% and 93.78% as on June 30, 2026 respectively. Furthermore, for Investment fund B, sector-wise allocation was continuously reviewed and revisited throughout the year to ensure optimum return to the investors. Accordingly, exposure in commercial banks, technology, fertilizer and others has increased, while exposure in oil and gas exploration, oil and gas marketing, autos and cement has decreased.

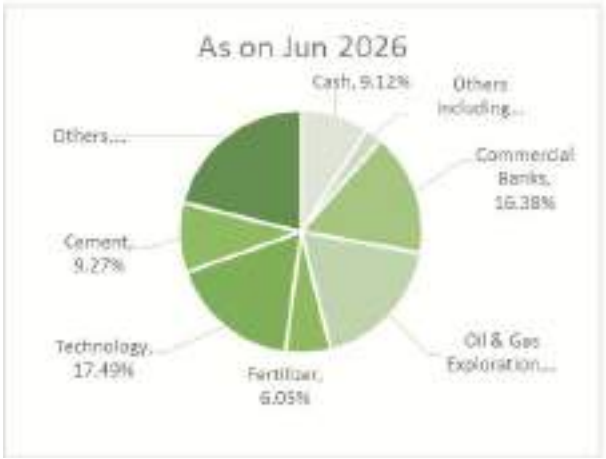

Asset Allocation

Fund Performance

HBL Investment Fund

The Fund as a whole earned a total and net income of Rs. 576.04 million and Rs. 456.11 million respectively during the year under review. The fund size of the fund stood at Rs. 5.25 billion as on June 30, 2026.

Performance review of each class is presented below:

HBL Investment Fund - Class 'A'

HBL Investment Fund - Class 'A' earned a total income and net income of Rs. 131.60 million and Rs. 61.88 million respectively during the year ended June 30, 2026. The Net Asset Value (NAV) per unit of the Class 'A' was Rs. 13.9907 per unit as on June 30, 2026 (after incorporating dividend of Rs. 0.21 per unit) as compared to Rs. 15.2131 as at June 30, 2025, thereby giving a negative return of 6.67%. During the year the benchmark KSE 100 index yielded a return of 49.38%. The size of Class 'A' was Rs. 3.98 billion as on June 30, 2026 as compared to Rs. 4.32 billion at the start of the year.

HBL Investment Fund - Class 'B'

HBL Investment Fund - Class 'B' earned a total and net income of Rs. 444.45 million and Rs. 394.23 million respectively during the year ended June 30, 2026. The Net Asset Value (NAV) per unit of the Class 'B' was Rs. 20.7215 per unit as on June 30, 2026 (after incorporating dividend of Rs. 0.18 per unit) as compared to Rs. 14.7076 as at June 30, 2025, thereby giving a return of 42.08%. During the year the benchmark KSE 100 index yielded a return of 49.38%. The size of Class 'B' was Rs. 1.28 billion as on June 30, 2026 as compared to Rs. 0.93 billion at the start of the year.

Review of Market invested in

During FY2026, Pakistan's equity market maintained a strong upward trajectory, driven by improved liquidity, significant monetary easing, and a stable external account. The benchmark KSE-100 Index closed at 180,301.70 points, posting a robust gain of 54,674.39 points (43.5%). The strong performance reflected improved investor sentiment and reaffirmed equities as a preferred investment avenue amid improving macroeconomic conditions.

Market activity also improved, with average daily trading volume of the KSE All-Share Index rising to 911 million shares (up 44% from 633 million shares in the same period last year). Average daily traded value surged 51% to PKR 42.5 billion, up from PKR 28.15 billion.

The sectors that majorly contributed to the performance were Commercial Banks, Fertilizer, Oil & Gas Exploration Companies, and Cements. Script-wise, major contribution came from FFC, UBL, HUBC, ENGROH, and MEBL.

Going forward, the equity market is expected to maintain its positive trajectory, supported by a stable external position, continued macroeconomic consolidation, adequate market liquidity, and the prospect of a stable-to-accommodative monetary stance. A sustained recovery in corporate earnings and easing inflation should further support valuation stability over the medium term.

However, risks remain. Market direction will stay sensitive to escalating geopolitical tensions between Iran and the United States, particularly any disruption to the Strait of Hormuz. As a critical chokepoint for global energy supplies, any flare-up could push international oil prices higher, pressure the import bill, reignite inflation, and weigh on the external account and overall market sentiment. Barring a significant escalation, the broader backdrop remains constructive for equities.

Distribution

The Board of Directors approved Rs. 0.21 dividend per unit to the unit holders for the year ended June 30, 2026 from HBL Investment Fund Class 'A'.

The Board of Directors approved distribution of up-to Rs. 0.18 per unit for the year ended June 30, 2026 from HBL Investment Fund Class 'B'.

Significant Changes in the State of Affairs

There were no significant changes in the state of affairs during the year under review

TRUSTEE REPORT TO THE UNIT HOLDERS

HBL INVESTMENT FUND

Report of the Trustee pursuant to Regulation 41(h) and Clause 8 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of HBL Investment Fund (the Fund) are of the opinion that HBL Asset Management Limited, being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2026 in accordance with the provisions of the following:

(i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;

(ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund;

(iii) The management fee, fee payable to Commission and other expenses paid from the Fund during the period are in accordance with the applicable regulatory framework; and

(iv) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

Badiuddin Akber
Chief Executive Officer
Central Depository Company of Pakistan Limited

Karachi, September 28, 2026

pwc A·F·FERGUSON&CO.

INDEPENDENT AUDITOR'S REPORT

To the Unit holders of HBL Investment Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of HBL Investment Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2026, and the income statement, the statement of comprehensive income, statement of movements in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2026, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S.No.	Key Audit Matter	How the matter was addressed in our audit
1	**Net Asset Value (NAV)** (Refer notes 4 and 5 to the financial statements)	
	The bank balances and investments constitute the most significant components of the net asset value. The bank balances aggregated to Rs. 376.338 million and investments of the Fund amounted to Rs. 5,077.822 million as at June 30, 2026. The existence of bank balances and the existence and proper valuation of investments for the determination of NAV of the Fund as at June 30, 2026 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: • Obtained independent confirmations for verifying the existence of the bank balances and investment portfolio as at June 30, 2026 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed; • Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies; and • Obtained bank reconciliation statements and tested reconciling items on a sample basis.

Information Other than the Financial Statements and Auditor's Report Thereon

The Management Company (HBL Asset Management Limited) is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Management Company and Board of Directors of Management Company for the Financial Statements

The Management Company (HBL Asset Management Limited) is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management Company is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of Directors of the Management Company is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management Company.

pwc A·F·FERGUSON&CO.

- Conclude on the appropriateness of Management Company's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Board of Directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with Board of Directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

a) the financial statements have been properly prepared in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations 2008;

b) proper books and records have been kept by the Collective Investment Scheme or the financial statements prepared are in agreement with the books and records of Collective Investment Scheme; and

c) we were able to obtain all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of the audit.

The engagement partner on the audit resulting in this independent auditor's report is **Noman Abbas Sheikh.**

Chief Financial Officer	Chief Executive Officer	Director

1 LEGAL STATUS AND NATURE OF BUSINESS

1.1 HBL Investment Fund (the Fund), an Open End Scheme that was initially constituted as a Closed End Fund under the name of PICIC Investment Fund vide a registered Trust Deed 'Initial Trust Deed' dated April 2, 2004 , as amended vide First Supplemental Trust Deed dated June 28, 2004. The Fund has been converted into an Open End Scheme through a registered Restated Trust Deed (the Deed) dated April 24, 2018 under the Trusts Act, 1882 entered into and between HBL Asset Management Limited (the Management Company) and the Central Depository Company of Pakistan Limited (CDC) as the Trustee. During the year ended June 30, 2021, the Trust Act, 1882 was repealed due to the promulgation of Provincial Trust Act namely "Sindh Trusts Act, 2020" (the Sindh Trust Act) as empowered under the Eighteenth Amendment to the Constitution of Pakistan. Accordingly, on 17 August 2021, the above-mentioned Trust Deed has been registered under the Sindh Trust Act.

1.2 The Management Company of the Fund has been registered as a Non-Banking Finance Company (NBFC) under the Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 and has obtained the requisite license from the Securities and Exchange Commission of Pakistan (SECP) to undertake Asset Management Services. The registered office of the Management Company is located at 7th Floor, Emerald Tower, G-19, Block 5, Main Clifton Road, Clifton, Karachi.

1.3 The objective of the Fund is to maximise the wealth of the unit holders by investing primarily in listed equities in the best available opportunities, while considering acceptable risk parameters and applicable rules and regulations.

1.4 As per Regulation 65 of the NBFC Regulations, all closed end funds were required to convert into open end schemes upon expiry of five years from November 21, 2007 i.e. by November 21, 2012. However closed end funds whose portfolios were frozen as a result of Consent Agreements with Government of Pakistan were allowed to be converted into open end schemes within three months from the date of the removal of the freezing of the portfolios. Since the Fund has frozen portfolio comprising shares of Pakistan State Oil Company Limited and Sui Northern Gas Pipelines Limited, its conversion into an open end scheme was deferred.

1.5 The Board of the Management Company of the Fund in its meeting held on November 23, 2017 approved the conversion plan of the Fund for the conversion of the Fund into an open end scheme, with the approval of the certificate holders of the Fund to fulfill the requirements of the merger order dated August 31, 2016. For this purpose, the plan was presented to and approved by the certificate holders of the Fund in its general meeting dated January 10, 2018. The Plan was also approved by SECP on February 16, 2018.

1.6 The replacement trust deed and replacement offering document were approved by SECP vide its letter no. SCD/AMCW/HIF/339/2018 dated April 18, 2018 and letter no. SCD/AMCW/HIF/398/2018 dated June 7, 2018 respectively. As per the approved plan, the conversion took place on July 2, 2018 and every certificate holder of the closed end fund was entitled to following for each certificate held:

- One Class-A unit of the Fund was issued to every certificate holders of Fund for each certificate held representing frozen portfolio and related assets and liabilities.

- One Class-B unit of the Fund was issued to the every certificate holder of Fund for each certificate held representing unfrozen portfolio and related assets and liabilities.

1.7 The plan also envisages that Class-A units would not be redeemable and would be traded on the Pakistan Stock Exchange Limited. Whereas Class-B units can be redeemed at the redemption price.

1.8 VIS Credit Rating Company Limited (VIS) has maintained the Management Quality Rating to 'AM1' dated December 31, 2025 (2025: 'AM1' dated December 31, 2024) and the outlook on the rating has been assigned as 'Stable' (2025: 'Stable'). The fund is not rated by any credit rating agency as of June 30, 2026.

1.9 The title to the assets of the Fund is held in the name of CDC as Trustee of the Fund.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. Accounting and reporting standards applicable in Pakistan comprise of:

- IFRS Accounting Standards issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;

- Provisions of, directives and notifications issued under the Companies Act, 2017 along with Part VIIIA of the repealed Companies Ordinance, 1984; and

- Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations).

Where provisions of, directives and notifications issued under the Companies Act, 2017, Part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed differ from the IFRS Accounting Standards, the provisions of, directives and notifications issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations have been followed.

2.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2025. However, these are not considered to be relevant or do not have any material effect on the Fund's financial statements and, therefore, have not been detailed in these financial statements.

2.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective in the current year

There are certain new standards and amendments to the published accounting and reporting standards that will be applicable to the Fund for its annual periods beginning on or after July 1, 2026. However, these are not considered to be relevant or do not have any material effect on the Fund's financial statements except for the following:

- The new standard - IFRS 18 Presentation and Disclosure in Financial Statements (IFRS 18) (published in April 2024) is effective for annual periods beginning on or after January 1, 2027. IFRS 18 when applicable shall impact the presentation of the 'Income Statement' with certain additional disclosures in the financial statements; and

- Amendments to IFRS 9 'Financial Instruments' which clarify the date of recognition and derecognition of a financial asset or financial liability including settlement of liabilities through banking instruments and channels including electronic transfers effective for annual periods beginning on or after January 1, 2026. The amendment when applied may impact the timing of recognition and derecognition of financial assets and financial liabilities.

The management is in the process of assessing the impacts of the new standards and amendments on the financial statements of the Fund.

2.4 Critical accounting estimates and judgments

The preparation of the financial statements in conformity with the accounting and reporting standards requires the management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgments and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgments that have a significant effect on the financial statements of the Fund relate to classification and valuation of financial assets (Notes 3.2 and 5) and provision for Federal excise duty (Note 11.1).

2.5 Accounting convention

These financial statements have been prepared under the historical cost convention except for investments classified as 'at fair value through profit or loss' which are measured at their respective fair values. The details in respect of valuation techniques under IFRS 13 'Fair Value Measurement' used for the fair valuation of financial assets have been disclosed in Note 20.

2.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupees, which is the Fund's functional and presentation currency.

3 MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years presented, unless otherwise stated.

3.1 Cash and cash equivalents

Cash and cash equivalents are carried in the statement of financial position at amortised cost. These comprise of bank balances in savings accounts.

3.2 Financial assets

3.2.1 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

3.2.2 Classification and subsequent measurement

3.2.2.1 Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the “Statement of Assets and Liabilities” at fair value, with gains and losses recognised in the Income Statement, except where an irrevocable election has been made at the time of initial recognition to measure the investment at FVOCI. The management considers its investment in equity securities being managed as a group of assets and hence has classified them as FVTPL. Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVTPL is recognised in the Income Statement.

Since all investments in equity instruments have been designated as FVTPL, the subsequent movement in the fair value of equity securities is routed through the Income Statement.

3.2.2.2 Impairment

The Fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets carried at amortised cost and FVOCI. The Fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The Fund considers that a financial asset is in default when the counterparty fails to make contractual payments within 90 days of when they fall due. Further, financial assets are written off by the Fund, in whole or part, when it has exhausted all practical recovery efforts and has concluded that there is no reasonable expectation of recovery.

3.2.2.3 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset.

Up to February 8, 2026, regular way purchases / sales of assets required delivery of securities within two days from the transaction date (T+2) as per the stock exchange regulations. Effective from February 9, 2026, in accordance with the revised regulations of the Pakistan Stock Exchange (PSX) and National Clearing Company of Pakistan Limited (NCCPL), the settlement cycle has transitioned to a Trade plus one day (T+1) basis, requiring delivery of securities within one day from the transaction date.

3.2.2.4 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred, the Fund has transferred substantially all the risks and rewards of ownership or the Fund neither transfers nor retains substantially all the risks and rewards of ownership and the Fund has not retained control. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

3.3 Financial liabilities

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

3.4 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the Statement of Assets and Liabilities when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

Income and expenses are presented on a net basis only when permitted by the accounting and reporting standards as applicable in Pakistan.

3.5 Provisions

Provisions are recognised when the Fund has a present, legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

3.6 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

3.7 Issuance and redemption of units

Units issued are recorded at the offer price, determined by the Management Company / distributors during business hours on the day when the application is received. The offer price represents the NAV per unit as of the close of the business day, plus the allowable sales load, provision for transaction costs and any provision for duties and charges, if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price applicable to units for which the Management Company / distributors receive a redemption application during business hours of that date. The redemption price is equal to NAV as of the close of the business day, less any duties, taxes, charges on redemption and any provision for transaction cost, if applicable.

3.8 Distributions to unit holders

Distributions to unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

3.9 Element of income / (loss) on issuance / (redemption) of units

The element of income represents the difference between the NAV per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of the capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend NAV of all units outstanding on the accounting date, net element of income contributed on issue of units lying in the unit holders' fund will be refunded on units in the same proportion as the dividend bears to accounting income available for distribution.

3.10 Revenue recognition

- Realised gains / (losses) arising on sale of investments are included in the Income Statement and are recognised when the transaction takes place;

- Unrealised appreciation / (diminution) arising on re-measurement of investments classified as 'financial assets at fair value through profit or loss' are included in the Income Statement in the year in which they arise;

- Unrealised appreciation / (diminution) arising on re-measurement of investments classified as 'financial assets at fair value through other comprehensive income' are included in the statement of comprehensive income in the year in which they arise;

- Dividend income is recognised when the Fund's right to receive the same is established i.e. on the commencement of book closure of the investee company / institution declaring the dividend; and

- Profit on savings accounts with banks is recognised on a time proportion basis using the effective yield method.

3.11 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company, the Trustee and fee to the SECP are recognised in the Income Statement on an accrual basis.

3.12 Taxation

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

5.1.4 The Finance Act, 2014 introduced amendments to the Income Tax Ordinance 2001 as a result of which companies are liable to withhold five percent of the bonus shares to be issued. The shares so withheld shall only be released if the Fund deposits tax equivalent to five percent of the value of the bonus shares issued to the Fund including bonus shares withheld, determined on the basis of day-end price on the first day of closure of books of the issuing company.

In this regard, a constitutional petition had been filed by Collective Investment Schemes (CISs) through their Trustees in the High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs. The petition was based on the fact that because CISs are exempt from deduction of income tax under Clause 99 Part I to the Second Schedule of the Income Tax Ordinance 2001, the withholding tax provision should also not be applicable on bonus shares received by CISs. A stay order had been granted by the High Court of Sindh (HCS) in favour of CISs.

During the year ended June 30, 2018, the Supreme Court of Pakistan passed a judgement on June 27, 2018 whereby the suits which are already pending or would be filed in future would only be continued / entertained on the condition that a minimum of 50 percent of the tax calculated by the tax authorities was deposited with the authorities. Accordingly, CISs were required to pay minimum 50% of the tax calculated by the tax authorities for the case to remain continued. The CISs failed to deposit the minimum 50% of the tax liability and accordingly the stay got vacated automatically during the year ended June 30, 2019. Subsequent to the year ended June 30, 2019, CISs have filed a fresh constitutional petition via CP 4653 dated July 11, 2019. In this regard, on July 15, 2019, the Honorable High Court of Sindh has issued notices to the relevant parties and has ordered that no third party interest on bonus shares issued to the Funds in lieu of their investments be created in the meantime. The matter is still pending adjudication and the Funds have included these shares in their portfolio, as the management is confident that the decision of the constitutional petition will be in favour of CISs.

Further, the Finance Act, 2018 effective from July 1, 2018 omitted Section 236M of Income Tax Ordinance, 2001 requiring every company quoted on the stock exchange issuing bonus shares to the shareholders of the company, to withhold five percent of the bonus shares to be issued. Therefore, bonus shares issued to the Fund during the year were not withheld by the investee companies, if any.

The Finance Act, 2023 introduced Section 236Z of the Income Tax Ordinance, 2001 (ITO) effective from July 1, 2023 which mandates listed companies to withhold ten percent shares out of bonus shares issued to the Fund. The shares so withheld are to be released if the Fund deposits tax equivalent to ten percent of the value of bonus share issues to the Fund. Such tax is to be deposited within fifteen days of the book closure of the respective dividend. In case of failure of the Fund to pay, the issuer company is liable to pay the tax and dispose of the bonus shares to recover the amount paid.

In this regard, a petition was filed by the Collective Investment Schemes (CISs) through their Trustees in the High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CIS. The petition is based on the grounds that since the CISs are exempt from the levy of income tax in terms of 99 of Part-I of the Second Schedule to the ITO, no tax is payable by the Fund under Section 236Z of the ITO. During the current year, the Honourable High Court of Sindh has issued notices to the relevant parties and ordered to retain the withheld bonus shares and that no tax shall be paid under section 236Z of the ITO till further orders by the Court. The matter is still pending adjudication and the Fund has included these shares in their portfolio, as the management is confident that the decision of the constitutional petition will be in favour of the CISs.

As at June 30, 2026, the following bonus shares of Class A and Class B have been withheld by certain companies at the time of declaration of bonus shares respectively.

Name of the company	2026		2025	
	---------- Bonus shares ----------			
	Number of shares withheld	Market value as at June 30, 2026	Number of shares withheld	Market value as at June 30, 2025
		Rupees in '000		Rupees in '000

Security deposits with:							
- National Clearing Company of Pakistan Limited		-	2,500	2,500	-	2,500	2,500
- Central Depository Company of Pakistan Limited		100	200	300	100	200	300
Prepaid Listing fee		-	-	-	114	-	114
Other receivables		-	404	404	-	-	-
Advance tax	7.1	11	1,195	1,206	11	1,195	1,206
		111	4,299	4,410	225	3,895	4,120

7.1 As per clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under section 151 and 150. However, withholding tax on dividend and profit on savings accounts with banks paid to the Fund was deducted by various withholding agents based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated 12 May 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced by the withholdee. The tax withheld on dividend and profit on savings accounts with banks amounts to Rs. 1.21 million (2025: Rs. 1.21 million).

For this purpose, the MUFAP on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honorable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. A petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgment of the SHC. Pending resolution of the matter, the amount of withholding tax deducted on profit received by the Fund on dividend and profit on savings accounts with banks has been shown as an 'Advance tax' as at June 30, 2026 as, in the opinion of the management, the amount of tax deducted at source will likely to be refunded.

			2026			2025	
		Class A	Class B	Total	Class A	Class B	Total
8 PAYABLE TO HBL ASSET MANAGEMENT LIMITED - MANAGEMENT COMPANY	**Note**	---------- Rupees in '000 ----------					
Remuneration payable	8.1	3,376	3,078	6,454	3,565	2,802	6,367
Sindh sales tax on remuneration of the Management Company	8.2	506	462	968	535	420	955
		3,882	3,540	7,422	4,100	3,222	7,322

8.1 As per regulation 61 of the NBFC Regulations, 2008, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the offering document and subject to a capping of 3.00% for a collective investment scheme categorised as an 'Equity Scheme'. Keeping in view the maximum allowable threshold, the Management Company has charged its remuneration at the rate of 1.00% and 3.00% (2025: 1.00% to 1.75% and 3.00% to 3.75%) per annum of the average daily net assets of the Fund for Class A and Class B respectively during the year ended June 30, 2026. The remuneration is payable to the Management Company monthly in arrears.

8.2 Sindh sales tax levied through the Sindh Sales Tax on Services, 2011 has been charged at the rate of 15% (2025: 15%) on remuneration of the Management Company and any reimbursable expenditure to the Management Company.

8.3 The SECP, vide S.R.O.600(I)2025 dated April 10, 2025, issued amendments in respect of expenses chargeable to CISs as prescribed in Schedule XX of the NBFC Regulations, from which the chargeability of expenses related to registrar services, accounting, operation and valuation services was excluded.

The Management Company in compliance of the above requirement did not charge the above-mentioned expense during the year ended June 30, 2026.

During the year ended June 30, 2025, the Management Company charged expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS) at the rate of 0.55% and 0.70% of the daily net assets of Fund for Class A and Class B respectively

9.1 The Trustee is entitled to a monthly remuneration for services rendered to the Fund under the provisions of the Trust Deed as per the tariff specified therein, based on the daily net assets of the Fund. The remuneration is payable to the Trustee according to the following tariff structure:

Tariff structure	
Net assets	**Fee**
- Up to Rs. 1 billion	0.02% per annum of the net assets.
- Over Rs. 1 billion	Rs. 2 million plus 0.10% per annum of net assets, on amount exceeding Rs.1 billion.

9.2 Sindh sales tax levied through the Sindh Sales Tax on Services, 2011 has been charged at the rate of 15% (2025: 15%) on remuneration of the Trustee.

10.1 In accordance with the NBFC Regulations, a Collective Investment Scheme (CIS) is required to pay a non-refundable fee to the Securities and Exchange Commission of Pakistan (SECP). Accordingly, the Fund has charged a SECP fee at the rate of 0.095% (2025: 0.095%) per annum of the daily net assets of the Fund during the year. The Fund is required to pay SECP fee within fifteen days of the close of every calendar month.

Other payables		60	1,122	1,182	199	1,359	1,558
		5,621	61,712	67,333	2,740	60,311	63,051

11.1 The Finance Act, 2013 enlarged the scope of Federal excise duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16 percent on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Honorable Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund discontinued making further provision in respect of FED on remuneration of the Management Company and sales load with effect from July 1, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs. 55.961 million (2025: Rs. 55.961 million) is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision not been made, the Net Asset Value of the Fund for Class B would have been higher by Re. 0.91 (2025: Re. 0.89) per unit.

12 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at June 30, 2026 and June 30, 2025.

	1,325	426	1,751	1,219	405	1,624

14 TAXATION

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90 percent of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the Management Company has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2026 to the unit holder in the manner as explained above, no provision for taxation in has been made in these financial statements during the year.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A (i) of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

15 TOTAL EXPENSE RATIO

The SECP, vide S.R.O. 600(I)/2025 dated April 10, 2025, has removed the Total Expense Ratio (TER) limit with effect from July 01, 2025. The TER limit of 4.5% for a collective investment scheme categorised as an "Equity Scheme", applicable previously, has been replaced with the management fee cap which has been disclosed in note 8.1 to these financial statements.

19 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

19.1 Market risk

Market risk is the risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee and regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises of three types of risk; yield / interest rate risk, currency risk and price risk.

(i) Yield / interest rate risk

Yield / interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As of June 30, 2026, the Fund is exposed to such risk on its balances held with banks. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

a) Sensitivity analysis for variable rate instruments

Presently, the Fund holds bank balances which expose the Fund to cash flow interest rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net income and net assets of the Class A would have been higher / lower by Rs. 2.35 million (2025: Rs. 2.57 million) and the net income for the year and net assets of the Class B would have been higher / lower by Rs. 1.41 million (2025: Rs. 1.34 million).

The composition of the Fund's investment portfolio and profit rates are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2026 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Yield / interest rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date.

The Fund's yield / interest rate sensitivity related to financial assets and financial liabilities as at June 30, 2026 and June 30, 2025 can be determined as follows:

CLASS - A

	As at June 30, 2026

(ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

(iii) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund is exposed to equity price risk on investments held by the Fund and classified as 'at fair value through profit or loss'. To manage its price risk arising from investments in equity securities, the Fund diversifies its portfolio within the eligible stocks prescribed in the Trust Deed. The NBFC Regulations also limit individual equity securities to no more than 10% of net assets and issued capital of the investee company and sector exposure limit to 35% of the net assets.

In the case of a 1% increase / decrease in the fair value of the Fund's Class A equity securities on June 30, 2026, net assets of the Fund would have increased / decreased by Rs. 38.04 million (2025: Rs. 41.54 million) as a result of losses / gains on equity securities in 'at fair value through other comprehensive income' category, with corresponding effect on other comprehensive income reported in 'Statement of Comprehensive Income'.

In the case of a 1% increase / decrease in the fair value of the Fund's Class B equity securities on June 30, 2026, net assets of the Fund would have increased / decreased by Rs. 12.73 million (2025: Rs. 9.34 million) as a result of gains / losses on equity securities in 'fair value through profit and loss' category, with corresponding effect on operating income reported in 'Income Statement'.

The analysis is based on the assumption that equity index had increased / decreased by 1% with all other variables held constant and all the Fund's equity instruments moved according to the historical correlation with the index. This represents management's best estimate of a reasonable possible shift in the KSE 100 Index, having regard to the historical volatility of the index. The composition of the Fund's investment portfolio and the correlation thereof to the KSE 100 Index, is expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2026 is not necessarily indicative of the effect on the Fund's net assets of future movements in the level of the KSE 100 Index.

19.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on the terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily settlement of equity securities and daily cash redemptions, if any, at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Fund's reputation. Its policy is therefore to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC regulations, the fund can borrow in the short term to ensure settlement subject to the minimum limit which is fifteen percent of the net assets up to 90 days and would be secured by the assets of the Fund. However, no borrowing was required to be obtained by the Fund during the year ended June 30, 2026.

The Fund has a policy to invest the majority of its assets in investments that are traded in an active market and can be readily disposed off. The Fund's listed securities are considered readily realisable, as these are listed on the Pakistan Stock Exchange Limited.

The Fund is not materially exposed to liquidity risk as all obligations / commitments of the Fund are short-term in nature and are restricted to the extent of available liquidity and significant assets of the Fund are readily disposable in the market.

The table below summaries the maturity profile of the Fund's financial liabilities. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, the liabilities that are payable on demand including balances with banks have been included in the maturity grouping of one month:

	Class A

19.3 Credit risk

19.3.1 Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. Credit risk arises from bank balances, profit receivable on savings accounts with banks, receivable against sale of investments and dividend receivable.

Credit risk arising on financial assets s monitored through a regular analysis of financial position of brokers and other parties. In accordance with the risk management policy of the Fund, the investment manager monitors the credit position on a daily basis which is reviewed by the Board of Directors of the Management Company on a quaterly basis.

The table below analyses the Fund's maximum exposure to credit risk:

	2026		2025	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
CLASS A	Rupees in '000			
Bank balances	235,660	235,660	257,415	257,415
Investments	3,804,306	-	4,153,819	-
Dividend and profit receivable	8,137	8,137	15,260	15,260
Deposit	100	100	100	100
	4,048,203	243,897	4,426,594	272,775

	2026		2025	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
CLASS B	Rupees in '000			
Bank balances	140,678	140,678	134,084	134,084
Investments	1,273,516	-	933,902	-
Dividend and profit receivable	4,987	4,987	4,417	4,417
Receivable against sale of investments	5,268	5,268	-	-
Deposits and other receivables	3,104	3,104	2,700	2,700
Receivable from HBL Asset Management Limited - Management Company	-	-	4,404	4,404
	1,427,553	154,037	1,079,507	145,605

The maximum exposure to credit risk before any credit enhancement as at June 30, 2026 is the carrying amount of the financial assets. Investment in equity securites, however, are not exposed to credit risk and have been excluded from the above analysis.

There is a possibility of default by participants or failure of the financial market / stock exchanges, the depositories, the settlements or clearing systems, etc. Settlement risk on equity securities is considered minimal because of inherent controls established in the settlement process. The Fund's policy is to enter into financial contracts in accordance with internal risk management policies and instruments guidelines approved by the Investment Committee.

19.3.2 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its bank balances and profit receivable on savings accounts with banks thereon. The credit rating profile of bank balances is as follows:

	Class A		Class B	
Rating category	**2026**	**2025**	**2026**	**2025**
AAA	93.84%	6.53%	98.08%	86.78%
AA	6.11%	0.11%	1.88%	0.04%
AA+	-	-	-	0.01%
AA-	-	3.85%	-	12.31%
A+	0.01%	89.48%	0.01%	0.83%
A-	0.04%	-	0.02%	-
A	-	-	-	0.01%
B	-	0.04%	-	0.02%
	100.00%	100.00%	100.00%	100.00%

19.3.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic and industry factors similarly affect groups of counter parties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. As transactions are entered with credit worthy parties and are within the regulatory limits, therefore any significant concentration of credit risk is mitigated.

All finnacial assets of the Fund as at June 30, 2026 and June 30, 2025 are unsecured and are not impaired.

20 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2026 and June 30, 2025, the Fund held the following financial instruments measured at fair values:

	Class 'A'			
	2026			
	Level 1	Level 2	Level 3	Total
	(Rupees in '000)			
Financial assets 'at fair value through other comprehensive income'				
Quoted equity securities	3,804,306	-	-	3,804,306

	Class 'B'			
	2026			
	Level 1	Level 2	Level 3	Total
	(Rupees in '000)			
Financial assets 'at fair value through profit or loss'				
Quoted equity securities	1,273,516	-	-	1,273,516

	Class 'A'			
	2025			
	Level 1	Level 2	Level 3	Total
	(Rupees in '000)			
Financial assets 'at fair value through other comprehensive income'				
Quoted equity securities	4,153,819	-	-	4,153,819

	Class 'B'			
	2025			
	Level 1	Level 2	Level 3	Total
	(Rupees in '000)			
Financial assets 'at fair value through profit or loss'				
Quoted equity securities	933,902	-	-	933,902

Valuation technique used in determination of fair values is as follows:

Item	Valuation technique
Quoted equity securites	The fair value of investments in quoted equity securites is determined on the basis of closing quoted market price available at the Pakistan Stock Exchange.

There were no transfers between levels during the year.

21 UNIT HOLDERS' FUND RISK MANAGEMENT

The Unit Holders' Fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movements in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, 2008 every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs. 100 million at all times during the life of the scheme. The Fund has is in compliance with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in Note 19, the Fund endeavors to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

Strategies and Policies employed during the Year

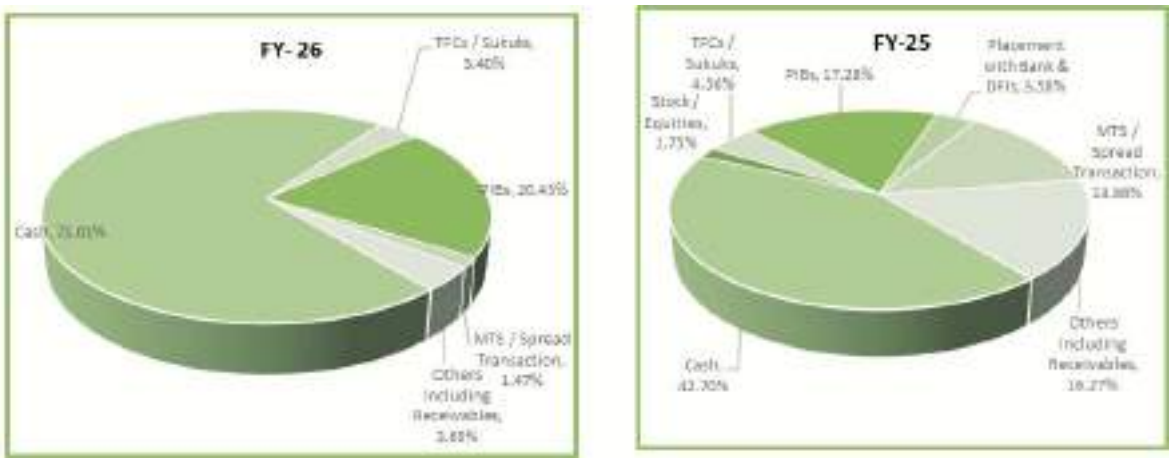

Plan-I

As at June end, cumulative exposure in Financial Sector instruments along with bank deposits accounted for 73.93% of total assets. Government securities accounted for 20.43%, MTS/ Spread transactions for 1.47% and TFCs/Sukuks accounted for 3.40% of total assets. Due to high rate of returns in fixed income, the fund maintained a sizable cash balance with Commercial Banks and Micro Finance Banks.

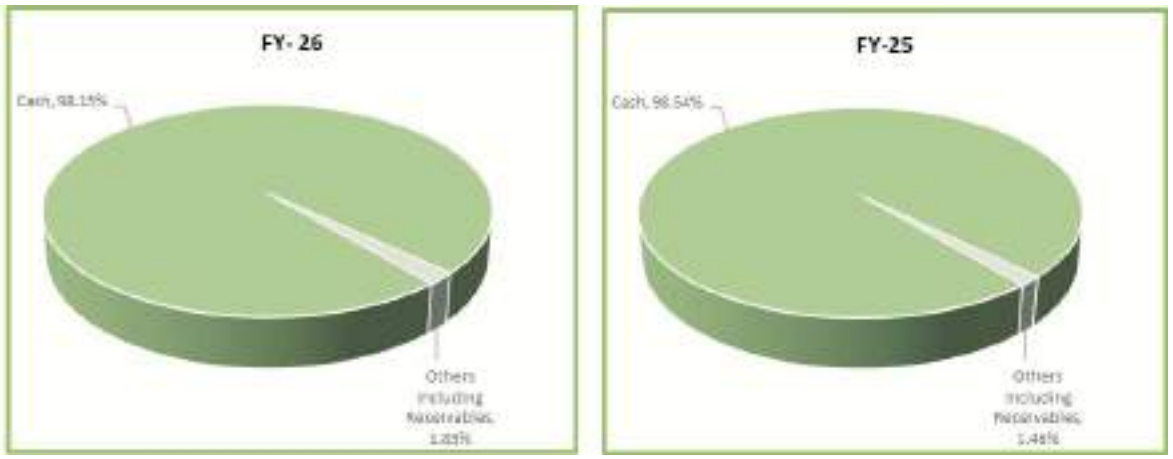

Plan-II

As at June end, the overall exposure in Financial Sector Placements was as bank deposits which accounted for 98.15% of total assets. The Fund invested majority of the amount in DPAs with Commercial Banks at attractive rate of returns.

Asset Allocation - Plan-I

Asset Allocation - Plan-II

Fund Performance

The Fund as a whole earned a total and net income of Rs. 5.14 billion and Rs. 4.50 billion respectively. The collective size of the Fund as at June 30, 2026 was 19.58 billion.

Performance of each plan is presented below.

HBL Financial Sector Income Fund - Plan-I

The total income and net income of the Fund was Rs. 3.92 billion and Rs. 3.32 billion respectively during the year ended June 30, 2026. The Net Asset Value (NAV) per unit of the Fund was Rs. 102.6420 per unit as on June 30, 2026 (after incorporating dividend of Rs. 9.75 per unit) as compared to Rs. 102.4369 per unit as on June 30, 2025, thereby giving an annualized return of 9.73%. During the same period, the benchmark (75% 6 Month KIBOR and 25% 6 Month Deposit rates) return was 10.61%. The size of Fund was Rs. 9.61 billion as on June 30, 2026 as compared to Rs. 11.26 billion as at start of the year

HBL Financial Sector Income Fund - Plan-II

The Financial Sector Income Fund Plan-II commenced its operations on February 20, 2024.
The total income and net income of the Fund was Rs. 1.22 billion and Rs. 1.18 billion respectively during the year ended June 30, 2026. The Net Asset Value (NAV) per unit of the Fund was Rs. 100.4944 per unit as on June 30, 2026 (after incorporating dividends of Rs. 10.6788 per unit) thereby giving an annualized return of 11.25%. During the same period, the benchmark return (75% 6 Month KIBOR and 25% 6 Month Deposit rates) was 10.61%. The size of Fund was Rs. 9.98 billion as on June 30, 2026 as compared to 9.17 billion as at start of the year.

Money Market Review

During the period under review, the State Bank of Pakistan (SBP) adjusted the Policy Rate twice in response to evolving economic conditions and regional developments. The first adjustment took place in December 2025, when the SBP reduced the Policy Rate by 50 basis points (bps) to 10.5%. This was followed by a 100-bps increase in April 2026, bringing the Policy Rate to 11.5% amid heightened regional hostilities. The rate remained unchanged at 11.5% through the end of the period.

Secondary market yields across most tenors increased, driven by rising global oil prices and heightened geopolitical tensions, which reinforced inflation expectations and tightened market sentiment. As a result, yields on the 3-month, 6 months, and 1 year government securities rose by 35 bps, 59 bps, and 74 bps, respectively, while yields on the 3 year and 5-year securities increased by 54 bps and 40 bps, reaching 11.56%, 11.60%, 11.63%, 11.69%, and 11.80%, respectively. The 10-year tenor, by contrast, eased by 11 bps to settle at 12.19%.

The SBP is expected to maintain a cautious stance going forward. Market yields are likely to remain soft amid improved liquidity and the current policy setting; however, any rise in inflation particularly driven by higher oil prices due to prevailing geopolitical conditions could exert upward pressure on yields.

Distribution

The Fund has distributed cash dividend up-to Rs. 9.75 per unit for the year ended June 30, 2026 from HBL Financial Sector Income Fund Plan-I and Rs. 10.6788 per unit from HBL Financial Sector Income Fund Plan-II for the year ended June 30, 2026.

Significant Changes in the State of Affairs

There were no significant changes in the state of affairs during the year under review.

TRUSTEE REPORT TO THE UNIT HOLDERS

HBL FINANCIAL SECTOR INCOME FUND

Report of the Trustee pursuant to Regulation 41(h) and Clause 8 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of HBL Financial Sector Income Fund (the Fund) are of the opinion that HBL Asset Management Limited, being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2026 in accordance with the provisions of the following:

(i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;

(ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund.

(iii) The management fee, fee payable to Securities & Exchange Commission of Pakistan and other expenses paid from the Fund during the period are in accordance with the applicable regulatory framework; and

(iv) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

INDEPENDENT AUDITOR'S REPORT TO THE UNITHOLDERS OF HBL FINANCIAL SECTOR INCOME FUND

Report on the audit of the financial statements

Opinion

We have audited the financial statements of HBL Financial Sector Income Fund ("the Fund"), which comprise the statement of assets and liabilities as at June 30, 2026, and the income statement, the statement of comprehensive income, the statement of movement in unit holders' fund and the statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Fund as at June 30, 2026, and its financial performance and its cash flows for the year then ended in accordance with accounting and reporting standards as applicable in Pakistan.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the Key audit matter:

S.NO	Key audit matter(s)	How the matter was addressed in our audit
1.	Existence and valuation of balances with banks and investments As disclosed in note 5 & 6 to the accompanying financial statements of the Fund for the year ended June 30, 2026, the balances with banks and investments amounting to Rs. 21,241.90 million and Rs. 7,865.27 million which represent 93.89% of the total assets. The existence of bank balances and existence and valuation of investments are significant components of statement of asset and liabilities for the determination of net asset value of the Fund as at June 30, 2026.	Our audit procedures amongst others included the following: • Obtained independent confirmations for verifying the existence of the investment portfolio and bank balances as at June 30, 2026 and traced it with the books and records of the Fund. Where such confirmations were not available alternate audit procedures were performed; • Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies; and

S.NO	Key audit matter(s)	How the matter was addressed in our audit
	We considered existence of bank balance and existence and valuation of investment as Key audit matter due to significance of these in relation to total assets.	• Obtained bank reconciliation statements and tested reconciling items on a sample basis. • Assessed the Funds' compliance with the requirements of the Non-Banking Finance Companies and Notified Entities Regulations, 2008 in relation to the concentration of investments and exposure limits prescribed in such Regulations and the applicability of disclosures in this regard. • Evaluated the adequacy of the disclosures in the financial statements in respect of the investment portfolio in accordance with the requirements of accounting and reporting standards as applicable in Pakistan.

Information other than the Financial Statements and Auditor's Report thereon

The Management Company ("HBL Asset Management Limited") is responsible for the other information. The other information comprises the information included in the annual report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Management Company and Board of Directors of the Management Company for the Financial Statements

The Management Company of the Fund is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan, and for such internal control as the Management Company determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management Company is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management Company either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

BDO

The Board of Directors of the Management company is responsible for overseeing the Fund's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Management Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management Company.

- Conclude on the appropriateness of the Management Company's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

BDO

From the matters communicated with the Board of Directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion the financial statements have been prepared in accordance with the relevant provisions of the Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 and the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is Tariq Feroz Khan.

For HBL Asset Management Limited
(Management Company)

Chief Financial Officer	Chief Executive Officer	Director

1 LEGAL STATUS AND NATURE OF BUSINESS

1.1 HBL Financial Sector Income Fund ("the Fund") was established under a Trust Deed, dated December 06, 2021, executed between HBL Asset Management Limited as the Management Company and Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Fund was approved by the Securities and Exchange Commission of Pakistan (SECP) vide its letter No. SCD/AMCW/HBLFSIF/135/2021 dated November 10, 2021. The plan I commenced operations from January 18, 2022 and plan II commenced operation during the period from February 19, 2024.

1.2 The Trust Act, 1882 has been repealed due to the promulgation of Provincial Trust Act namely “Sindh Trusts Act, 2020” (the Sindh Trust Act) as empowered under the Eighteenth Amendment to the Constitution of Pakistan. The Fund is required to be registered under the Sindh Trust Act. The above-mentioned Trust Deed had been registered under the Sindh Trust Act.

1.3 Effective from September 1, 2016, HBL Asset Management Limited became Management Company of the Fund, which is a wholly owned subsidiary of Habib Bank Limited. The Aga Khan Fund for Economic Development (AKFED), S.A. is the parent company of Habib Bank Limited.

1.4 The Management Company of the Fund has been registered as a Non-Banking Finance Company (NBFC) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (NBFC Rules) and has obtained the requisite license from the SECP to undertake Asset Management Services. The registered office of the Management Company is located at 7th Floor, Emerald Tower, G-19, Block 5, Main Clifton Road, Clifton, Karachi.

1.5 The Fund is an open-ended mutual fund. The units are transferable and can also be redeemed by surrendering to the Fund.

1.6 The Fund has been categorised as a Compliant Income Scheme as per the criteria laid down by the SECP for categorisation of open-end Collective Investment Schemes (CIS) and is listed on the Pakistan Stock Exchange Limited(PSX).The units are offered for public subscription on a continuous basis. The units are transferable and can be redeemed by surrendering them to the Fund.

1.7 The objective of the Fund is to provide income enhancement and preservation of capital by investing in prime quality Financial Sector TFCs / Sukuks, bank deposits and short-term money market instruments.

1.8 Title to the assets of the Fund is held in the name of Central Depository Company of Pakistan Limited as trustee of the Fund.

1.9 VIS Credit Rating agency has assigned a management quality rating of 'AM1' (Stable Outlook) to the Management Company as at December 31, 2025 and the HBL Financial Setor Income Fund Fund stability rating of 'A+(f)' dated December 29, 2025 and HBL Financial Setor Income Fund P-II fund has stability rating of "AA-(f)".

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards as applicable in Pakistan comprise of:

- IFRS Accounting Standards issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of, directives and notifications issued under the Companies Act, 2017, along with the part VIIIA of the repealed companies ordinance, 1984; and
- Non Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC rules), Non-Banking Finance Companies, Notified Entities Regulations, 2008 (the NBFC Regulations).

Where provisions of, directives and notifications issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed differ from the IFRS Accounting Standards, the provisions of, directives and notifications issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations have been followed.

2.2 Basis of measurement

These financial statements have been prepared under the historical cost basis, unless otherwise stated.

2.3 Functional and presentation currency

These financial statements are presented in Pakistani Rupees ('Rupees' or 'Rs'), which is the Fund's functional currency. In assessing whether the contractual cash flows are SPPI, the Fund considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making the assessment, the Fund considers

- contingent events that would change the amount and timing of cash flows;
- leverage features;
- prepayment and extension terms;
- terms that limit the Fund's claim to cash flows from specified assets (e.g. non-recourse loans); and
- features that modify consideration of the time value of money (e.g. periodical reset of interest rates).

Reclassifications

Financial assets are not reclassified subsequent to their initial recognition unless the Fund were to change its business model for managing financial assets, in which case all affected financial assets would be reclassified on the first day of the first reporting period following the change in the business model.

4.2.3 Financial liabilities

The Fund on initial recognition classifies its financial liabilities at amortised cost (AC) using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in income statement. Any gain or loss on derecognition is also recognised in income statement.

4.2.4 Impairment of financial assets

The Fund at each reporting date assess whether there is objective evidence that a financial asset or a group of financial assets is impaired. If such an indication exists, the recoverable amount of such asset is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds the recoverable amount.

The SECP through its letter SCD /AMCW / RS / MUFAP / 2017-148 dated November 21, 2017 has deferred the applicability of impairment requirements of IFRS 9 in relation to debt securities for mutual funds and has instructed to continue to follow the requirements of Circular No. 33 of 2012 dated October 24, 2012.

4.2.5 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. On derecognition of a financial asset, the difference between the carrying amount of the asset and the consideration received is recognised in income statement.

The Fund derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid is recognised in income statement.

The Fund derecognises a derivative only when it meets the derecognition criteria for both financial assets and financial liabilities. Where the payment or receipt of variation margin represents settlement of a derivative, the derivative, or the settled portion, is derecognised.

Provisions are recognised when the Fund has a present, legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

Provisions are recognised when the Fund has a present, legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

4.2.6 Fair value measurement principles and provision

The fair value of financial instruments is determined as follows:

Basis of valuation of debt securities

The fair value of debt securities (other than government securities) is based on the value determined and announced by Mutual Funds association of Pakistan (MUFAP) in accordance with the criteria laid down in Circular No. 1 of 2009 and Circular No. 33 of 2012 issued by Securities and Exchange Commission of Pakistan (SECP). In the determination of the rates, MUFAP takes into account the holding pattern of these securities and categorises them as traded, thinly traded and non-traded securities. The aforementioned circular also specifies the valuation process to be followed for each category as well as the criteria for the provisioning of non-performing debt securities.

Basis of valuation of government securities

The government securities not listed on a stock exchange and traded in the interbank market are valued at the average rates quoted on a widely used electronic quotation system (PKRV / PKFRV / PKISRV) which are based on the remaining tenor of the securities. Moreover, listed government securities traded on Pakistan Stock Exchange (PSX) are valued at rates quoted on PSX.

Basis of valuation of spread transactions

Spread transactions are valued at their fair value determined using quoted market prices and rates prevailing at the reporting date. The valuation reflects the difference between the contracted purchase and sale prices of the underlying securities, adjusted for accrued income/expenses where applicable.

4.2.7 Regular way contracts

All purchases and sales of securities that require delivery within the timeframe established by regulation or market convention are recognised at the trade date. Trade date is the date on which the Fund commits to purchase or sell assets.

4.2.8 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the Statement of Assets and Liabilities when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

4.3 Earnings / (loss) per unit

Earnings / (loss) per unit (EPU) is calculated by dividing the net income / (loss) for the year of the Fund by the weighted average number of units outstanding during the year. Earnings / (loss) per unit has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

4.4 Provisions

Provisions are recognised when the Fund has a present, legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

4.5 Taxation

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed in cash to the unit holders. 'The Fund is also exempt from the provisions of section 113 (minimum tax) and section 113C (Alternative Corporate Tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

4.6 Proposed distributions

Distribution to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

The rate of distribution is adjusted with effect of refund of capital, if any, based on the period of investment made during the year. Resultantly, the rate of distribution per unit may vary depending on the period of investment.

4.7 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors / Management Compnay during business hours on that day. The offer price represents the net assets value per unit as of the close of the business day plus the allowable sales load, provision for transaction costs and any provision for duties and charges, if applicable. The sales load, if applicable is paybale to the distributers / Management Company.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors / Management Company receive redemption applications during business hours of that day. The redemption price represents the net assets value per unit as of the close of the business day less any back-end load (if applicable), any duties, taxes, charges on redemption and any provision for transaction costs, if applicable.

4.8 Element of income and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between Net Assets Value (NAV) per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period.

Element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund; however, to maintain same ex-dividend net asset value of all units outstanding on accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units (refund of capital) in the same proportion as dividend bears to accounting income available for distribution. As per guideline provided by MUFAP (MUFAP Guidelines consented upon by SECP) the refund of capital is made in the form of additional units at zero price.

MUFAP, in consultation with the SECP, has specified methodology for determination of income paid on units redeemed (income already paid) during the period under which such income is paid on gross element received and is calculated from the latest date at which the Fund achieved net profitability during the period. The income already paid (Element of Income) on redemption of units during the period are taken separately in statement of movement in unit holders' fund.

4.9 Net assets value per unit

The net assets value (NAV) per unit as disclosed in the statement of assets and liabilities is calculated by dividing the net assets of the Fund by the number of units in issue in circulation as at the year end.

4.10 Unit holders' fund

Unit holders' fund representing the units issued by the Fund, is carried at the net asset value representing the investors' right to a residual interest in the Fund assets.

4.11 Revenue recognition

- Realised gains / (losses) arising on sale of investments are included in the Income Statement on the date at which the transaction takes place.
- Income from Government securities, and investment in debt securities are recognized using the effective interest rate method.
- Unrealised gains / (losses) arising on re-measurement of investments classified as 'financial assets at fair value through profit or loss' are recognized in the Income Statement in the period in which they arise.
- Profit on balances with banks is recognized on time proportion basis.

4.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company, trustee fee and annual fee of the SECP are recognised in the Income Statement when incurred.

4.13 Transactions with related parties / connected persons

Transactions with connected persons are carried in the normal course of business, at contracted rates and terms determined in accordance with market rates.

Remuneration to the Management Company and the Trustee is determined in accordance with the provisions of NBFC Regulations and the Trust Deed respectively.

8.1 The income of the Fund is exempt from tax under clause 99 of Part I of the Second Schedule of the Income Tax Ordinance, 2001 (ITO 2001). Further, the Fund is exempt under clause 47(B) of Part IV of Second Schedule of ITO 2001 from withholding of tax under section 150, 150A, 151 and 233 of ITO 2001.

The Federal Board of Revenue through a circular "C.No.1 (43) DG (WHT)/ 2008-Vol.II- 66417-R" dated May 12, 2015, made it mandatory to obtain exemption certificates under section 159 (1) of the ITO 2001 from Commissioner Inland Revenue (CIR). However, various withholding agents have deducted advance tax under section 151 of ITO 2001. The Management Company is confident that the same shall be refunded after filing refund application.

16 TAXATION

The Fund's income is exempt from Income Tax as per clause (99) of part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains whether realised or unrealised is distributed amongst the unit holders. Provided that for the purpose of determining distribution of at least 90% of accounting income, the income distributed through bonus shares, units or certificates as the as the case may be, shall not be taken into account. Furthermore, as per regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute 90% of the net accounting income other than capital gains / loss to the unit holders. Accordingly, the Fund has not recorded any tax liability in respect of income relating to the current year as the Fund has distributed required minimum percentage of income earned by the Fund for the year ending 30 June 2026 as reduced by capital gains (whether realised or unrealised) to its unit holders.

20 FINANCIAL RISK MANAGEMENT

The Board of Directors of the Management Company has overall responsibility for the establishment and oversight of the Fund's risk management framework. The Board is also responsible for developing and monitoring the Fund's risk management policies.

The Fund's risk management policies are established to identify and analyse the risks faced by the Fund, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Fund's activities.

The Fund primarily invests in prime quality Financial Sector Sukuks, Bank depsoits, Listed equity securities, Market Treasury Bills, Letter of Placements and in other money market instruments. These activities are exposed to a variety of financial risks; namely, market risks, credit risks and liquidity risks.

20.1 Market risk

Market risk is the risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market prices.

The Management Company manages market risk by monitoring exposure in marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee of the Fund and the regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises of three types of risk; currency risk, interest rate risk and other price risk.

20.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund, at present, is not exposed to currency risk as its full transactions are carried out in Pakistani Rupees.

20.1.2 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

a) Cash flow interest rate risks

The Fund is exposed to cash flow interest rate risk for balances in certain savings accounts, the interest rates on which range between 9.00% to 13.50% per annum.

In case of 100 basis points increase / decrease in interest rates on June 30, 2026, with all other variables held constant, the net income for the year and the net assets would have been higher / lower by Rs. 291.071 million (2025: Rs. 159.758 million) for Plan I and 101.298 million (2025 : 91.685) for Plan II.

b) Fair value interest rate risks

The Fund's investment in Pakistan Investment Bond, Market Treasury Bills and Corporate Sukuk, and Listed Equity Securities exposes it to fair value interest rate risk.

In case of 100 basis points increase/decrease in rates announced by the Financial Market Association of Pakistan on June 30, 2026, with all other variables held constant, the net income for the year and the net assets would be lower/higher by Rs. 78.652 million (2025: 65.848 million) for Plan I.

The composition of the Fund's investment portfolio and rates announced by Financial Market Association of Pakistan is expected to change over time. Therefore, the sensitivity analysis prepared as of June 30, 2026 is not necessarily indicative of the effect on the Fund's net assets of future movements in interest rates.

Yield / interest rate sensitivity position for on-statement of financial position financial instruments is based on the earlier of contractual repricing or maturity date and for off-statement of financial position instruments is based on the settlement date.

Yield / interest rate sensitivity position for on-statement of financial position financial instruments is based on the earlier of contractual repricing or maturity date and for off-statement of financial position instruments is based on the settlement date.

20.1.3 Price risk

Price risk is a risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.The Fund's overall exposure to price risk is limited to investment in listed equities.

The net assets of the Fund will increase / decrease by approximately Rs 4.557 million (2025: Rs. 4.877 million) for Plan I if the prices of equity vary due to increase / decrease in the PSX 100 index. This is based on the assumption that the fair value of the Fund's portfolio moves according to their historical correlation with the PSX 100 index and that the PSX 100 index increases / decreases by 1% on PSX 100 index with all other factors held constant.

20.2.1 The analysis below summarises the credit quality of the Fund's bank balances and Investments as at June 30, 2026 and June 30, 2025:

20.2.2 The analysis below summarizes the credit quality of the Fund's credit exposure:

Rating by rating category	2026	2025
	------ (Percentage) ------	
A-1+	87.72%	55%
A-1	12.28%	0.00%
A+	0.00%	45%
	100%	100%

Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is mainly concentrated in bank balances while the remaining transactions are entered into with diverse credit-worthy counterparties thereby mitigating any significant concentration of credit risk to counterparties other than the Government. There is no concentration of credit risk at reporting date.

20.3 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily cash redemptions, if any, at the option of unitholders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Fund's reputation. Its policy is therefore to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

The Fund has the ability to borrow in the short term to ensure settlement. The maximum amount available to the Fund from the borrowing would be limited to 15% of the total net asset value of the Fund at the time of borrowing and shall be repayable within 90 days. The facility would bear interest at commercial rates and would be secured against the assets of the Fund. However, during the current year, no borrowing was made by the Fund.

In order to manage the Fund's overall liquidity, the Fund also has the ability to withhold daily redemption requests in excess of 10% of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below 10% of the units then in issue. However, no such instances were witnessed by the Fund during the current year (2025: None).

The table below analyses the Fund's financial liabilities into relevant maturity groupings based on the remaining period at the reporting date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

21 UNITS HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by the net assets attributable to unit holders / redeemable units. The amount of net assets attributable to unit holders can change significantly on a daily basis as the Fund is subject to daily issuance and redemptions at the discretion of unit holders. These unit holders of the Fund are entitled to distributions and to payment of a proportionate share based on the Fund's net asset value per unit on the redemption date. The relevant movements are shown on the statement of movement in unit holders' fund. Unit holders fund risk management is carried out by the Management Company through following steps:

- Monitors the level of daily issuance and redemptions relative to the liquid assets and adjusts the amount of distributions the Fund pays to the unit holders;

- Redeems and issues units in accordance with the constitutive documents of the Fund. This includes the Fund's ability to restrict redemptions; and

- The Fund Manager / Investment Committee members and the Chief Executive Officer of the Management Company critically track the movement of 'Assets under Management'. The Board of Directors is updated regarding key performance indicators, e.g. yield and movement of NAV and total Fund size at the end of each quarter.

The Fund has maintained and complied with the requirements of minimum fund size during the current year.

22 FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants and measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The fair value of financial assets and liabilities traded in active markets are based on the quoted market prices at the close of trading on the reporting date. The quoted market price used for financial assets held by the Fund is current bid price.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

As per the requirements of IFRS 7 (Financial Instruments: Disclosures) and IFRS 13 (Fair Value Measurement), the Fund classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- Fair value measurements using inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (level 2); and
- Fair value measurements using inputs for assets or liability that are not based on observable market data (i.e. unobservable inputs) (level 3).

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy

Sept-25	9.70%	10.70%
Aug-25	9.95%	10.86%
Jul-25	10.21%	11.19%

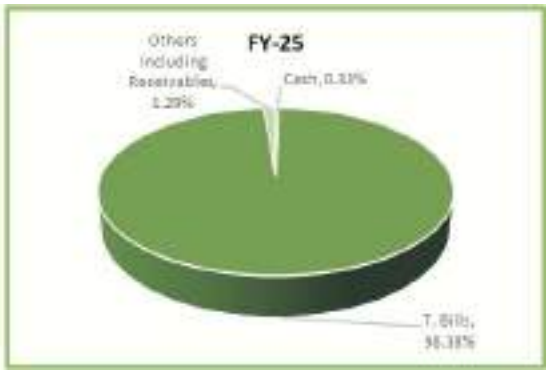

Strategies and Policies employed during the Year

As at June end, the fund tracked the index and 98.86% of the net assets were deployed in T-bills while cash exposure was recorded at 0.68%. The Fund's exposures move in tandem with the index.

Asset Allocation

Fund Performance

The total income and net income of the Fund was Rs. 55.27 million and Rs. 49.84 million respectively during the year ended June 30, 2026. The Net Asset Value (NAV) per unit of the Fund was Rs. 103.4503 per unit as on June 30, 2026 (after incorporating dividend of Rs. 9.75 per unit) thereby giving an annualized return of 9.66%. During the same period, the benchmark return was 9.34%. The size of Fund was Rs. 517 million as on June 30, 2026 as compared to Rs. 516 million as at start of the year.

Money Market Review

During the period under review, the State Bank of Pakistan (SBP) adjusted the Policy Rate twice in response to evolving economic conditions and regional developments. The first adjustment took place in December 2025, when the SBP reduced the Policy Rate by 50 basis points (bps) to 10.5%. This was followed by a 100-bps increase in April 2026, bringing the Policy Rate to 11.5% amid heightened regional hostilities. The rate remained unchanged at 11.5% through the end of the period.

Secondary market yields across most tenors increased, driven by rising global oil prices and heightened geopolitical tensions, which reinforced inflation expectations and tightened market sentiment. As a result, yields on the 3-month, 6 months, and 1 year government securities rose by 35 bps, 59 bps, and 74 bps, respectively, while yields on the 3 year and 5-year securities increased by 54 bps and 40 bps, reaching 11.56%, 11.60%, 11.63%, 11.69%, and 11.80%, respectively. The 10-year tenor, by contrast, eased by 11 bps to settle at 12.19%.

The SBP is expected to maintain a cautious stance going forward. Market yields are likely to remain soft amid improved liquidity and the current policy setting; however, any rise in inflation particularly driven by higher oil prices due to prevailing geopolitical conditions could exert upward pressure on yields.

Distribution

The Fund has distributed cash dividend of Rs. 9.75 per unit for the year ended June 30, 2026.

Significant Changes in the State of Affairs

There were no significant changes in the state of affairs during the year under review.

Breakdown of Unit Holding by Size

From – To (Number of units)	Number of Unit Holders	Total Number of Units Held
1 - 100	101	7,993

TRUSTEE REPORT TO THE UNIT HOLDERS

HBL TOTAL TREASURY EXCHANGE TRADED FUND

Report of the Trustee pursuant to Regulation 41(h) and Clause 8 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of HBL Total Treasury Exchange Traded Fund (the Fund) are of the opinion that HBL Asset Management Limited, being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2026 in accordance with the provisions of the following:

(i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;

(ii) The issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund;

(iii) The management fee, fee payable to Securities & Exchange Commission of Pakistan and other expenses paid from the Fund during the period are in accordance with the applicable regulatory framework; and

(iv) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

INDEPENDENT AUDITOR'S REPORT

To the Unit Holders of HBL Total Treasury Exchange Traded Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **HBL Total Treasury Exchange Traded Fund** (the Fund), which comprise the statement of assets and liabilities as at June 30, 2026, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and statement of cash flows for the year then ended and notes to the financial statement comprising material accounting policy information and other explanatory information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2026, and of its financial performance and its cash flows for the year then ended in accordance with accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund and HBL Asset Management Limited (the Management Company) in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

Key audit matter is the matter that, in our professional judgment, was of most significance in our audit of the financial statements of the current year. This matter was addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter.

S. No.	Key audit matter	How the matter was addressed in our audit
1	**Valuation and existence of investments** The investments constitute the most significant component of net asset value (NAV). The investments of the fund as at June 30, 2026, amounted to Rs. 563.555 million. The existence and proper valuation of the investment for the determination of NAV of the fund as at June 30, 2026, was considered a high risk area and therefore we considered this as a key audit matter.	We performed the following procedures during our audit of investments: • obtained the investors' Portfolio Securities Account Statements for verifying the existence of the government securities portfolio as at June 30, 2026; and • re-performed valuation to assess that investments are carried out as per the valuation methodology specified in the accounting policies.

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of Directors of the Management Company are responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with Board of Directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Board of Directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with Board of Directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Hena Sadiq**.

1. LEGAL STATUS AND NATURE OF BUSINESS

1.1 HBL Total Treasury Exchange Traded Fund (the Fund) was established under a Trust Deed, dated August 16, 2021 under the Sindh Trusts Act, 2020 (the Sindh Trusts Act) executed between HBL Asset Management Limited as the Management Company and Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Fund was approved by the Securities and Exchange Commission of Pakistan (SECP) as a unit trust scheme on November 30, 2021. The Fund is registered on December 06, 2021.

1.2 The Trust Act, 1882 has been repealed due to the promulgation of Provincial Trust Act namely "Sindh Trusts Act, 2020" (the Sindh Trusts Act) as empowered under the Eighteenth Amendment to the Constitution of Pakistan. Accordingly, on August 24, 2021, the above-mentioned Trust Deed has been registered under the Sindh Trusts Act.

1.3 HBL Asset Management Limited is the Management Company of the Fund which is a wholly owned subsidiary of Habib Bank Limited. The Aga Khan Fund For Economic Development S.A (AKFED), is the parent company of Habib Bank Limited.

1.4 The Management Company of the Fund has been registered as a Non-Banking Finance Company under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (NBFC Rules) and has obtained the requisite license from the SECP to undertake asset management services. The registered office of the Management Company is situated at 7th Floor, Emerald Tower, G-19, Block 5, Main Clifton Road, Clifton, Karachi.

1.5 The Fund has been categorised as Exchange Traded Fund as per the criteria laid down by the SECP for categorisation of open-end Collective Investment Schemes (CIS). The Fund is an open-ended mutual fund and is listed on the PSX. The units are transferable and can also be redeemed by surrendering to the Fund. The Fund is a hybrid fund having features of both open and closed end fund. A concept of Authorised Participants (APs) has been introduced who will act as market makers. The Management Company will only have contract with the APs for issuance and redemption of units. The units of the Fund are tradeable in the Pakistan Stock Exchange Limited (PSX). The APs to whom the units are issued may either hold units or trade them in the PSX. Consequently, upon trading, the holder of the units keeps on changing. Moreover, on issuance and redemption of units, the basket of units will be exchanged between AP and Management Company and cash will be paid / received if there is a difference in the applicable net asset value of a creation unit and the market value of the portfolio deposit.

1.6 The investment objective of the Fund is to invest in a particular basket of government securities to track the performance of component securities of the benchmark index which is constituted and managed by the Management Company.

1.7 VIS Credit Rating Company Limited has assigned management quality rating of AM1 dated December 31, 2025 to the Management Company and "AA-(f)'' as stability rating dated December 29, 2025 to the Fund.

1.8 Title to the assets of the Fund is held in the name of CDC as Trustee of the Fund.

2. BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of :

- IFRS Accounting Standards issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017 (the Act);
- Provisions of, directives and notifications issued under the Act along with part VIIIA of the repealed Companies Ordinance, 1984; and
- NBFC Rules, Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations).

Where provisions of and directives issued under the Act, Part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRS, the provisions of and directives issued under the Act, Part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

2.2 Critical accounting estimates and judgments

The preparation of the financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires the management to make estimates, judgments and assumptions that affect the reported amounts of assets and liabilities, income and expenses. It also requires the management to exercise judgment in the application of its accounting policies. The estimates, judgments and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and underlying assumptions are reviewed on an ongoing basis.

The areas involving a degree of judgment or complexity, or areas where estimates and assumptions are significant to the financial statements are as follows:

(a) Classification and measurement of financial assets (notes 4.1.1.1 and 6)
(b) Impairment of financial assets (note 4.1.1.3)
(c) Provisions (note 4.3)
(d) Classification and measurement of financial liabilities (note 4.1.2.1)
(e) Contingencies and Commitments (note 14)
(f) Taxation (notes 4.4 and 17)

The revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

2.3 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistan Rupees which is the Fund's functional and presentation currency. Amounts presented in the financial statements have been rounded off to the nearest thousand rupees, unless otherwise stated.

2.4 Basis of measurement

These financial statements have been prepared under the historical cost convention, except for investments which are measured at fair value.

3. APPLICATION OF NEW STANDARDS AND AMENDMENTS TO PUBLISHED APPROVED ACCOUNTING AND REPORTING STANDARDS

3.1 New amendment that is effective for the year ended June 30, 2026

The following amendment is effective for the year ended June 30, 2026. This amendment is not relevant to the Fund's operations.

- Amendments to IAS 21 'The Effects of Changes in Foreign Exchange Rates' - Clarification on how entity accounts when there is long term lack of Exchangeability.

3.2 Standards and amendments to IFRS that are not yet effective

The following standards and amendments are effective for accounting periods, beginning on or after the date mentioned against each of them. These standards and amendments are either not relevant to the Fund's operations or are not expected to have significant impact on the Fund's financial statements other than certain additional disclosures except those mentioned in note 3.3.

	Effective from accounting period beginning on or after
- Amendments IFRS 9 'Financial Instruments' and IFRS 7 'Financial Instruments Disclosures' - Classification And Measurement of Financial Instruments	January 01, 2026
- Annual improvements to IFRS Accounting Standards (related to IFRS 1, IFRS 7, IFRS 9, IFRS 10 and IAS 7)	January 01, 2026
- Amendments IFRS 9 'Financial Instruments' and IFRS 7 'Financial Instruments Disclosures' - Contracts Referencing Nature-dependent Electricity	January 01, 2026
- IFRS 17 – 'Insurance Contracts' (including the June 2020 and December 2021 Amendments to IFRS 17)	January 01, 2027
- IFRS 18 'Presentation and Disclosures in Financial Statements'	January 01, 2027
- IFRS 19 'Subsidiaries without Public Accountability: Disclosures'	January 01, 2027

3.3 In April 2024, the IASB issued IFRS 18, which replaces IAS 1 Presentation of Financial Statements. IFRS 18 introduces new requirements for presentation within the Income statement, including specified totals and subtotals. Furthermore, entities are required to classify all income and expenses within the statement of profit or loss into one of five categories: operating, investing, financing, income taxes and discontinued operations, whereof the first three are new.

The standard requires disclosure of newly defined management-defined performance measures, subtotals of income and expenses, and it also includes new requirements for aggregation and disaggregation of financial information based on the identified 'roles' of the primary financial statements (PFS) and the notes.

IFRS 18, and the amendments to the other standards, are effective for reporting periods beginning on or after 1 January 2027, but earlier application is permitted and must be disclosed. IFRS 18 will apply retrospectively

Other than the aforesaid standards and amendments, IASB has also issued the following standards which have not been adopted locally by the SECP:

- IFRS 1 - First Time Adoption of International Financial Reporting Standards
- IFRS 20 - Regulatory Assets and Regulatory Liabilities

4. MATERIAL ACCOUNTING POLICY INFORMATION

The accounting policies set out below have been applied consistently to all periods presented in these financial statements.

4.1 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised in the Fund's statement of assets and liabilities when the Fund becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the income statement.

4.1.1 Financial assets

4.1.1.1 Classification and measurement of financial assets

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the entity's business model for managing them.

All recognised financial assets are measured subsequently in their entirety at either amortised cost or fair value, depending on the classification of the financial assets. For purposes of subsequent measurement, financial assets are classified in following categories:

Financial assets at amortised cost (debt instruments)

Financial assets at amortised cost are subsequently measured using the effective interest rate (EIR) method and are subject to impairment. Gains and losses are recognised in the income statement when the asset is derecognised, modified or impaired.

Financial assets at fair value through other comprehensive income (debt instruments)

For debt instruments at fair value through other comprehensive income (FVOCI), interest income, and impairment losses or reversals are recognised in the income statement and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in other comprehensive income in statement of comprehensive of income. Upon derecognition, the cumulative fair value change recognised in other comprehensive income is reclassified to the Income statement.

Financial assets at fair value through profit or loss (debt instruments)

Debt instruments that do not meet the amortised cost criteria or the (FVOCI) criteria are classified as at fair value through profit or loss (FVTPL). In addition, debt instruments that meet either the amortised cost criteria or the (FVOCI) criteria may be designated as (FVTPL) upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency (so called 'accounting mismatch') that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

4.1.1.2 Fair value measurement principles

The fair value of financial instruments is determined as follows:

Basis of valuation of government debt securities:

The government securities not listed on a PSX and traded in the interbank market are valued at the average rates quoted on a widely used electronic quotation system (PKRV / PKFRV / PKISRV) which are based on the remaining tenure of the securities. Moreover, listed government securities traded on Pakistan Stock Exchange are valued at revaluation rates disseminated by PSX.

4.1.1.3 Impairment of financial assets

The Management Company assesses at each reporting date whether there is objective evidence that the Fund's financial assets or a group of financial assets are impaired. If any such indication exists, the recoverable amount of such assets is estimated. An impairment loss is recognised whenever the carrying value of an asset exceeds its recoverable amount.

SECP through its letter no. SCD/AMCW/RS/MUFAP/2017-148 dated November 21, 2017 has deferred the applicability of the impairment requirements of IFRS 9 for debt securities on mutual funds. Therefore, the Fund will not be subject to the impairment provisions of IFRS 9 until further instruction.

For financial assets other than debt securities measured at amortised cost, IFRS 9 requires recognition of impairment based on expected credit loss (ECL) model. Under IFRS 9, the Fund is required to measure loss allowance equal to an amount equal to lifetime ECL or 12 months ECL based on credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Fund considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Fund's historical experience and informed credit assessment and including forward-looking information.

However, majority of the assets of the Fund exposed to credit risk pertain to counter parties which have high credit rating or where credit risk has not been increased since initial recognition. Therefore, management believes that the impact of ECL would be very minimal and hence, the same has not been accounted for in these financial statements.

4.1.1.4 Regular way contracts

Regular purchases and sales of financial assets are recognised on the trade date - the date on which the Fund commits to purchase or sell the asset.

4.1.1.5 Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Fund's statement of assets and liabilities) when:

- the rights to receive cash flows from the asset have expired; or
- the Fund has transferred its rights to receive cash flows from the asset and substantially all the risks and rewards of the asset.

4.1.2 Financial liabilities

4.1.2.1 Classification and measurement of financial liabilities

All financial liabilities are measured subsequently at amortised cost using the effective interest rate method or at fair value through profit or loss (FVTPL).

Financial liabilities are measured at amortised cost, unless they are required to be measured at (FVTPL) (such as instruments held for trading) or the Fund has opted to measure them at FVTPL.

4.1.2.2 Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the income statement.

4.1.3 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets and liabilities if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

4.2 Cash and cash equivalents

Cash and cash equivalents comprise of bank balances and short term highly liquid investments with original maturity of three months or less, which are readily convertible to known amounts of cash, are subject to an insignificant risk of changes in value.

4.3 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Provisions, if any, are regularly reviewed and adjusted to reflect the current best estimate.

4.4 Taxation

The income of the Fund is exempt from income tax under Clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 (ITO, 2001) subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by accumulated losses and capital gains, whether realised or unrealised, is distributed to the unit holders as cash dividend.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under Clause 11A of Part IV of the Second Schedule to the ITO, 2001.

4.5 Dividend distribution and appropriations

Dividend distributions and appropriations are recorded in the period in which these are approved by the Board of Directors (the Board) of the Management Company. Based on Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Regulation 63 of the NBFC Regulations requires the Fund to distribute 90% of the net accounting income other than capital gains to the unit holders.

Distributions declared subsequent to the year end / reporting date are considered as non-adjusting events and are recognised in the financial statements of the period in which such distributions are declared and approved by the Board of the Management Company.

4.6 Issue and redemption of units

Authorised Participants (APs) can purchase the units at the offer price and redeem at the redemption price at any of the authorised distribution offices during business hours.

The offer price shall be equal to the sum of:

- The Net Asset Value (NAV) as of the close of the previous business day (historical pricing); and
- Such amount as the Management Company may consider an appropriate provision for duties and charges.
- Such sum shall be adjusted upward to the nearest paisa.

Units of the Fund may be acquired or redeemed directly from the Fund only in creation units lot size or multiples thereof as mentioned in the Offering Document. Investors can sell the units at market prices on PSX which may be above or below actual NAV of the Fund."

4.7 Net asset value per unit

The Net Asset Value (NAV) per unit, as disclosed in the statement of assets and liabilities, is calculated by dividing the net assets of the Fund by the number of units in issue at the year end.

4.8 Revenue recognition

- Capital gain / (loss) arising on sale of investments are included in the income statement on the date at which the transaction takes place.

- Profit / return on Government securities and investment in debt securities are recognised at a time apportionment basis using the EIR method.

- Unrealised gain / (loss) arising on re-measurement of investments at 'financial assets at fair value through profit or loss' are included in the income statement in the year in which they arise.

- Profit on bank balances is recognised on a time proportionate basis using bank's approved rates.

4.9 Expenses

All expenses chargeable to the Fund including remuneration of Management Company, Trustee fee and SECP fee are recognised in the income statement on an accrual basis.

Amortisation during the period		**(89)**	(86)
		111	200

8.1 This represents all expenses incurred in connection with the incorporation, registration, establishment and authorisation of the fund which is being amortised by the Fund over the period of five years commencing from September 12, 2022 in accordance with the Trust Deed and Regulation 60 of the NBFC Regulations.

9. ADVANCE AND DEPOSIT	Note	June 30, 2026	June 30, 2025
		-------- (Rupees in '000) --------	
Security deposits with the Trustee		**100**	100
Advance tax	9.1	**2,056**	2,056
		2,156	2,156

9.1 The income of the Fund is exempt from tax under Clause 99 of Part I of the Second Schedule of the Income Tax Ordinance, 2001 (ITO 2001). Further, the Fund is exempt under Clause 47(B) of Part IV of Second Schedule of ITO 2001 from withholding of tax under section 150, 150A, 151 and 233 of ITO 2001.

The Federal Board of Revenue through a circular "C.No.1 (43) DG (WHT)/ 2008-Vol.II- 66417-R" dated May 12, 2015, made it mandatory to obtain exemption certificates under section 159 (1) of the ITO 2001 from Commissioner Inland Revenue (CIR). However, various withholding agents have deducted advance tax under section 151 of ITO 2001. The Management Company is confident that the same shall be refunded after filing refund application. Refund has been filed uptil tax year 2021.

10. PAYABLE TO THE MANAGEMENT COMPANY	Note	June 30, 2026	June 30, 2025
		-------- (Rupees in '000) --------	
Management remuneration payable	10.1	**184**	188
Sindh sales tax payable on the Management Company's remuneration	10.2	**28**	28
Formation cost payable		**-**	555
		212	771

10.1 Pursuant to the amendments in the NBFC Regulations, 2008 by SECP vide Notification S.R.O. 600(I)/2025 dated April 10, 2025, the management fee for a Exchange Traded Fund is capped at 0.75% per annum, calculated on the basis of the average daily net assets, effective from July 01, 2025. Accordingly, the Management Company has charged management fees at a rate of 0.4% of the Fund's net assets, calculated on a daily basis. The management fee is payable to the Management Company on a monthly basis in arrears.

10.2 The Sindh Provincial Government has levied Sindh Sales Tax at the rate of 15% (June 30, 2025: 15%) on the remuneration of Management Company through Sindh Sales Tax on Services Act, 2011.

11. PAYABLE TO THE TRUSTEE	Note	June 30, 2026	June 30, 2025
		-------- (Rupees in '000) --------	
Trustee fee payable	11.1	**46**	47
Sindh Sales Tax payable on remuneration of the Trustee	11.2	**7**	7
		53	54

11.1 The Trustee is entitled to a monthly remuneration for services rendered to the Fund at the rate of 0.1% per annum of Net assets under the provisions of the Trust Deed as per the tariff specified therein, based on the average annual net assets of the Fund. The fee is paid to the Trustee on monthly in arrears.

11.2 The Sindh Provincial Government has levied Sindh Sales Tax at the rate of 15% (June, 30 2025: 15%) on the remuneration of the Trustee through Sindh Sales Tax on Services Act, 2011.

		Note	June 30, 2026	June 30, 2025
12.	**PAYABLE TO SECP**		-------- (Rupees in '000) --------	
	SECP fee payable	12.1	**44**	44

12.1 The Fund has charged SECP fee at the rate of 0.095% of the average daily net assets of the Fund which is paid on a monthly basis in arrears.

		June 30, 2026	June 30, 2025
13.	**ACCRUED EXPENSES AND OTHER LIABILITIES**	-------- (Rupees in '000) --------	
	Withholding tax payable	**23**	4,357
	Auditors' remuneration payable	**1,082**	454
	Legal and professional charges payable	**169**	263
	Zakat payable	**-**	162

	Bank charges payable	**26**	19
	Brokerage payable	**1**	1
	Rating fee payable	**176**	-
	Other payable	**201**	-
		1,811	5,297

14. CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments as at June 30, 2026 and June 30, 2025.

		June 30, 2026	June 30, 2025
15.	**AUDITORS' REMUNERATION**	-------- (Rupees in '000) --------	
	Annual audit fee	**496**	372
	Half yearly review fee	**218**	163
	Out of pocket and other certification expenses	**72**	54
		787	589
	Sindh sales tax	**63**	47
		850	636

16. TAXATION

The income of the Fund is exempt from income tax under Clause 99 of Part I of the Second Schedule to the ITO, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by accumulated losses and capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the NBFC Regulations, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. The Fund is also exempt from the provisions of Section 113 (minimum tax) under Clause 11A of Part IV of the Second Schedule to the ITO, 2001.

Since the management distributed the income available for distribution by the Fund to the unit holders in cash in the manner as explained above accordingly, no provision for taxation has been made in these financial statements.

17. TOTAL EXPENSE RATIO

'The Total Expense Ratio (TER) of the Fund for the year ended June 30, 2026 is 1% (June 30, 2025: 0.97%) which includes 0.16% (June 30, 2025: 0.17%) representing government levies on the Fund such as Sales Taxes, SECP fees, etc. However, Pursuant to the amendments in the NBFC Regulations, 2008 by SECP vide Notification S.R.O. 600(I)/2025 dated April 10, 2025, the maximum TER limits have been lifted by the SECP applicable to CIS, effective from July 01, 2025

18. TRANSACTIONS AND BALANCES WITH RELATED PARTIES

Related parties / connected persons include the Management Company, Habib Bank Limited, being the Sponsor of the Management Company, CDC, being the Trustee of the Fund, other CIS managed by the Management Company, directors and officers of the Management Company and directors of connected persons and persons having 10% or more beneficial ownership of the units of the Fund.

Transactions with connected persons are in the normal course of business, at contracted rates and terms determined in accordance with market rates.

Remuneration payable to Management Company and Trustee is determined in accordance with the provisions of the NBFC Regulations and the Trust Deed, respectively.

Transactions and balances with parties who were connected persons due to holding 10% or more units in the comparative year and not in the current year are not disclosed in the comparative year.

Details of the transactions with related parties / connected persons and balances with them are as follows:

	June 30, 2026	June 30, 2025
18.1 Details of transactions with related parties / connected persons during the year:	**----- (Rupees in '000) -----**

CDC Trustee HBL Financial Sector Income Fund Plan I - Associate *		
Investment held in the Fund: 4,040,850 units (June 30, 2025: 3,857,750 units)	**455,727**	398,242

* The movement of units not shown in related party transactions as the trade of the units carried in secondary market, i.e: PSX. Therefore, transactions during the period is not connected with the Fund.

19. FAIR VALUE OF FINANCIAL INSTRUMENTS

IFRS 13 - 'Fair Value Measurement' establishes a single source of guidance under IFRS for all fair value measurements and disclosures about fair value measurement where such measurements are required as permitted by other IFRSs. It defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price).

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the close of trading i.e. period end date. The estimated fair value of all other financial assets and financial liabilities is considered not significantly different from book value as these are short term in nature.

The following table shows financial instruments recognised at fair value, based on:

Levels	Description	Valuation approach and input used
Level 1:	Quoted prices in active markets for identical assets or liabilities	Listed government securities traded on PSX are valued at revaluation rates disseminated by PSX. The fair value of debt securities (other than government securities) is based on the value determined and announced by MUFAP.
Level 2:	Those involving inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices)	The government securities not listed on a stock exchange and traded are valued at the average rates quoted on electronic quotation system (PKRV / PKFRV). For Debt securities for which MUFAP valuation is not available are valued at face value of the securities.
Level 3:	Those with inputs for the asset or liability that are not based on observable market data (unobservable inputs)	The Fund applies discretion on the effective yield as per the allowable limits. The allowable limits for rated securities for duration upto 2 years is +200/-100 bps and over 2 years is +150/50 bps. For unrated securities the allowable limits +50 bps.

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy.

Accrued expenses and other liabilities	-	744	744				
	-	3,737	3,737				

During the year ended June 30, 2025, there were no transfers between levels of fair value measurements, and no transfer into and out of level 3 fair value measurements.

20. FINANCIAL RISK MANAGEMENT

The Fund's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Fund's financial performance.

The Fund's activities expose it to a variety of financial risks: market risk (including currency risk, interest rate and other price risk), credit risk and liquidity risk. Risks of the Fund are being managed by the Management Company in accordance with the approved policies of the Investment Committee which provide broad guidelines for management of above mentioned risks. The Board of the Management Company has overall responsibility for the establishment and oversight of the Fund's risk management framework.

20.1 Market risk

Market risk is the risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Board of Management Company and the regulations laid down by the SECP, the NBFC Regulations and the NBFC Rules.

Market risk comprises of three types of risk: currency risk, yield / interest rate risk and other price risk.

20.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Fund, at present is not exposed to currency risk as all transactions are carried out in Pakistan Rupees.

20.1.2 Yield / interest rate risk

Yield / interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As of June 30, 2026, the Fund is exposed to such risk on bank balances and government securities. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

As of June 30, 2026 details of Fund's interest bearing financial instruments were as follows:

	Note	**June 30, 2026**	June 30, 2025

Market Treasury Bills	6.1	**563,555**	514,966

a) Sensitivity analysis for variable rate instruments

As at June 30, 2026, the Fund holds KIBOR based bank balances which expose the Fund to cash flow interest rate risk. In case of 100 basis pointsincrease / decrease in applicable rates on the last repricing date with all other variables held constant, the net assets value of the Fund and the net income for the year would have been higher / lower by Rs. 0.034 million (June 30, 2025: Rs. 0.07 million).

b) Sensitivity analysis for fixed rate instruments

As at June 30, 2026, the Fund holds Government Securities which are fixed rate instruments exposing the Fund to fair value interest rate risk. In case of 100 basis points increase / decrease in rates announced by FMAP on June 30, 2026, the net income for the year and net assets would be lower / higher by Rs. 5.64 million (June 30, 2025: Rs. 5.15 million).

Yield / interest rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date. The composition of the Fund investment may change over time. Accordingly, the sensitivity analysis prepared as at June 30, 2026 is not necessarily indicative of the impact on the Fund's net assets of future movements in interest rates.

The Fund's interest rate sensitivity related to financial assets and financial liabilities as at June 30, 2026 can be determined as follows:

	June 30, 2026					
	Yield / effective interest rate	Exposed to yield / interest risk			Not exposed to yield / interest risk	Total
		Up to three months	More than three months and up to one year	More than one year

20.1.3 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

20.2 Credit risk

Credit risk represents the risk of a loss if the counter parties fail to perform as contracted. The Fund's credit risk is primarily attributable to bank balances and profit receivable thereon.There is no risk attributable on investments, as all investments are made in Government Securities as per offering document, while the bank balances are maintained with bank with a reasonably high credit rating.

Credit risk from bank balances and financial institutions is managed in accordance with the Fund's policy. Investments of funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are approved by the Board of the Management Company. The limits are set to minimise the concentration of risk and therefore mitigate financial loss through potential counterparty failure.

The maximum exposure to credit risk before considering any related collateral as at June 30, 2026 is the carrying amount of financial assets. None of these financial assets are 'impaired' nor 'past due but not impaired'. Investment in Government Securities (if any) are not exposed to credit risk as they are guaranted by the Government of Pakistan.

The Fund's maximum exposure to credit risk is the carrying amounts of following financial assets.

		June 30, 2026		June 30, 2025	
		Balance as per statement of assets and liabilities	**Maximum exposure to credit risk**	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
		---------- (Rupees in '000) ----------			
	Note				
Bank balances	5	**3,426**	**3,426**	7,188	7,188
Investments	6	**563,555**	**-**	514,966	-
Profit / markup receivable	7	**14**	**14**	18	18
Deposit	9	**100**	**100**	100	100
		567,095	**3,540**	522,272	7,306

The analysis below summaries the credit rating quality of the Fund's financial assets with banks as at June 30, 2026 and June 30, 2025:

Bank balances by rating category	**June 30, 2026**		June 30, 2025	
	(Rupees in '000)	**------ (%) ------**	(Rupees in '000)	------ (%) ------
AA	**3,426**	**100.00**	7,188	100.00

Above ratings are on the basis of available ratings assigned by Pakistan Credit Rating Agency (PACRA) as of June 30, 2026.

Investments in Market Treasury Bills do not expose the Fund to credit risk as the counter party to the investment is the Government of Pakistan and Management does not expect to incur any credit loss on such investment.

Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is concentrated in bank balances and the Government Securities.

Settlement risk

The Fund's activities may give rise to risk at the time of settlement of transactions. Settlement risk is the risk of loss due to the failure of counter party to honour its obligations to deliver cash, securities or other assets as contractually agreed. Credit risk relating to unsettled transactions in securities is considered to be minimal as the Fund uses brokers with high creditworthiness and the transactions are settled or paid for only upon delivery using the central clearing system.

20.3 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Fund's reputation. Its policy is therefore to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

The table below analysis the Fund's financial liabilities into relevant maturity groupings based on the remaining period at the reporting date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

FUND MANAGER'S REPORT - HBL MEHFOOZ MUNAFA FUND 11

As at June 30, 2026

Type and Category of Fund

Open end Fixed Rate Fund

Investment Objective and Accomplishment of Objective

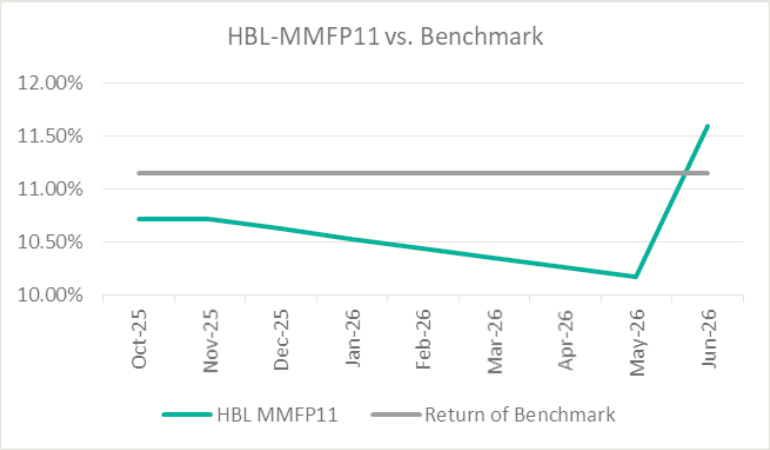

The investment objective of the Fund is to provide competitive returns to its investors through active investment in low-risk portfolio of short duration, while maintaining high liquidity. The Fund will aim to maximize returns through efficient utilization of investment and liquidity management tools.

Benchmark and Performance Comparison with Benchmark

The Fund's benchmark is PKRV/PIB rates on the last date of IOP of the CIS with maturity period corresponding to the maturity of CIS.

The comparison of the fund return with benchmark is given below:

Month	HBL-MEMF	Benchmark
Jun-26	11.59%	11.15%
May-26	10.17%	11.15%
Apr-26	10.26%	11.15%
Mar-26	10.35%	11.15%
Feb-26	10.44%	11.15%
Jan-26	10.53%	11.15%
Dec-25	10.63%	11.15%
Nov-25	10.72%	11.15%
Oct-25	10.72%	11.15%

Strategies and Policies employed during the Year

HBL Mehfooz Munafa Fund was launched with the basic objective of providing a fixed rate return to its investors for a limited timeframe. The fund invested majority of the amount in shorter duration government securities to provide market competitive returns to its investors. The Tenor of the investment is generally in tandem with the tenor of the fund to avoid any mismatch.

Asset Allocation

Fund Performance

The total income and net income of the plan was Rs. 625.47 million and Rs. 615.71 million respectively for the period ended June 30, 2026. The net assets as at June 30, 2026 was 8.87 billion representing NAV of Rs. 100.2092 (after incorporating dividend of Rs. 7.2335 per unit) thereby giving an annualized return of 10.93% against the benchmark return of 11.15%.

Money Market Review

During the period under review, the State Bank of Pakistan (SBP) adjusted the Policy Rate twice in response to evolving economic conditions and regional developments. The first adjustment took place in December 2025, when the SBP reduced the Policy Rate by 50 basis points (bps) to 10.5%. This was followed by a 100-bps increase in April 2026, bringing the Policy Rate to 11.5% amid heightened regional hostilities. The rate remained unchanged at 11.5% through the end of the period.

Secondary market yields across most tenors increased, driven by rising global oil prices and heightened geopolitical tensions, which reinforced inflation expectations and tightened market sentiment. As a result, yields on the 3-month, 6 months, and 1 year government securities rose by 35 bps, 59 bps, and 74 bps, respectively, while yields on the 3 year and 5-year securities increased by 54 bps and 40 bps, reaching 11.56%, 11.60%, 11.63%, 11.69%, and 11.80%, respectively. The 10-year tenor, by contrast, eased by 11 bps to settle at 12.19%.

The SBP is expected to maintain a cautious stance going forward. Market yields are likely to remain soft amid improved liquidity and the current policy setting; however, any rise in inflation particularly driven by higher oil prices due to prevailing geopolitical conditions could exert upward pressure on yields.

Distribution

The Plan has distributed cash dividend up-to Rs. 7.2335 per unit for the year ended June 30, 2026.

Significant Changes in the State of Affairs
There were no significant changes in the state of affairs during the year under review.

INDEPENDENT AUDITOR'S REPORT TO THE UNITHOLDERS OF HBL MEHFOOZ MUNAFA FUND

Report on the audit of the financial statements

Opinion

We have audited the financial statements of HBL Mehfooz Munafa Fund ("the Fund"), which comprise the statement of assets and liabilities as at June 30, 2026, and the income statement, the statement of comprehensive income, statement of movement in unit holders' fund and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Fund as at June 30, 2026, and its financial performance and its cash flows for the period then ended in accordance with accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information other than the Financial Statements and Auditor's Report Thereon

The Management Company ("HBL Asset Management Limited") is responsible for the other information. The other information comprises the information included in the annual report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Management Company and Board of Directors of the Management Company for the Financial Statements

The Management Company of the Fund is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan, and for such internal control as the Management Company determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

BDO Ebrahim & Co. Chartered Accountants
BDO Ebrahim & Co., a Pakistan registered partnership firm, is a member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO

In preparing the financial statements, the Management Company is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management Company either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

The Board of Directors of the Management company is responsible for overseeing the Fund's financial reporting process.

Auditor's responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Management Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management Company.

- Conclude on the appropriateness of the Management Company's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

BDO Ebrahim & Co. Chartered Accountants

We also provide the Board of Directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion the financial statements have been prepared in accordance with the relevant provisions of the Non - Banking Finance Companies (Establishment and Regulations) Rules, 2003 and the Non - Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is Tariq Feroz Khan.

The annexed notes from 1to 27 form an integral part of these financial statements.

For HBL Asset Management Limited
(Management Company)

Chief Financial Officer	Chief Executive Officer	Director

1 LEGAL STATUS AND NATURE OF BUSINESS

1.1 HBL Mehfooz Munafa Fund (the Fund) was established under a Trust Deed executed between HBL Asset Management Limited as the Management Company, and Central Depository Company of Pakistan Limited (CDC), as the Trustee. The Fund was approved by the Securities and Exchange Commission of Pakistan (SECP) vide its letter No. SCD/AMCW/HBL-MEMF/298/2022 dated April 05, 2022 and the Trust Deed was executed on May 24, 2022.

1.2 The Management Company of the Fund has been registered as a Non-Banking Finance Company (NBFC) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (NBFC Rules) and has obtained the requisite license from the SECP to undertake Asset Management Services. The registered office of the Management Company is located at 7th Floor, Emerald Tower, G-19, Block 5, Main Clifton Road, Clifton, Karachi.

1.3 The Fund is an Open-End Fixed Rate/Return Scheme. The Management Company has the intention of launching 13 fixed return plans having maturities of up to thirty-six months from the date of closure of the Initial Public Offering (IPO). The Allocation Plans are closed for new subscriptions after the close of their respective subscription periods.

During the year, HBL Mehfooz Munafa Fund Plan-III matured on July 10, 2025, Plan-IV on March 09, 2026, Plan-IX on October 07, 2025, Plan-X on June 06, 2026, Plan-XII on January 12, 2026, Plan-XIII on February 09, 2026, Plan-XV on May 07, 2026, Plan-XVI on May 07, 2026, Plan-XVII on June 12, 2026, Plan-XIX on June 19, 2026 and Plan-XX on June 30, 2026.

As at June 30, 2026, HBL Mehfooz Munafa Fund Plan-XI and Plan-XIV were active. The units of HBL Mehfooz Munafa Fund Plan-XI were initially offered for public subscription at a par value of Rs. 100 per unit on October 25, 2025, while the units of HBL Mehfooz Munafa Fund Plan-XIV were initially offered for public subscription at a par value of Rs. 100 per unit on June 08, 2026.

1.4 The Fund has been categorised as a Fixed Rate/Return scheme as per the criteria laid down by the SECP for categorisation of open-end Collective Investment Schemes (CISs).

1.5 The Core objective of the Fund is to provide competitive returns to its investors through active investments in low risk portfolio of short duration, while maintaining high liquidity.

1.6 VIS Credit rating Company has assigned a management quality rating of AM1 (stable outlook) to the Management Company on December 31, 2025 while the fund is currently not rated.

1.7 Title to the assets of the Fund is held in the name of Central Depository Company of Pakistan Limited as trustee of the Fund.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards as applicable in Pakistan comprise of:

- IFRS Accounting Standards issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of, directives and notifications issued under the Companies Act, 2017, along with the part VIIIA of the repealed companies ordinance, 1984; and
- Non Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC rules), Non-Banking Finance Companies, Notified Entities Regulations, 2008 (the NBFC Regulations).

Where provisions of, directives and notifications issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed differ from the IFRS Accounting Standards, the provisions of, directives and notifications issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations have been followed

2.2 Basis of measurement

These financial statements have been prepared under the historical cost basis, unless otherwise stated.

2.3 Functional and presentation currency

These financial statements are presented in Pakistani Rupees ('Rupees' or 'Rs'), which is the Fund's functional currency.

2.4 Use of judgments and estimates

The preparation of financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years. The estimates, judgements and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities.

The areas involving a higher degree of judgement or complexity, or areas where estimates and assumptions are significant to the financial statements as a whole are as follows:

	Note
a) Classification and valuation of investment	4.2
c) Impairment of investment	4.2.4

3 APPLICATION OF NEW STANDARDS, AMENDMENTS AND INTERPRETATIONS TO PUBLISHED APPROVED ACCOUNTING AND REPORTING STANDARDS

3.1 New accounting standards, amendments and IFRS interpretations that are effective for the year ended June 30, 2026

The following stantdards, amendments and interpretations are effective for the year ended June 30, 2026. These standards, amendments and interpretations are either not relevant to the Fund's operations or did not have significant impact on the financial statements other than certain additional disclosures.

	Effective date (annual periods beginning on or after)
\	
Amendmends to IAS 21 'The Effects of Changes in Foreign Exchange Rates' - Lack of Exchangeability	January 01, 2025

3.2 New accounting standards, amendments and interpretations that are not yet effective

The following standards, amendments and interpretations are only effective for accounting periods, beginning on or after the date mentioned against each of them. These standards, amendments and interpretations are either not relevant to the Fund's operations or are not expected to have significant impact on the Fund's financial statements other than certain additional disclosures.

	Effective date (annual periods beginning on or after)
Amendments to IFRS 7 'Financial Instruments: Disclosures' - Amendments regarding the classification and measurement of financial instruments	January 01, 2026
Amendments to IFRS 9 'Financial Instruments' - Amendments regarding the classification and measurement of financial instruments	January 01, 2026
Amendments to IFRS 7 'Financial Instruments: Disclosures' - Amendments regarding nature-dependent electricity contracts that are often structured as power purchase agreements (PPAs)	January 01, 2026
Amendments to IFRS 9 'Financial Instruments' - Amendments regarding nature-dependent electricity contracts that are often structured as power purchase agreements (PPAs)	January 01, 2026
Amendmends to IAS 21 'The Effects of Changes in Foreign Exchange Rates' - Amendments regarding translations to a hyperinflationary presentation currency	January 01, 2027
Amendments to IAS 28 'Investments in Associates' - Amendments to the Fair Value Option for Investments in Associates and Joint Ventures	January 01, 2027
IFRS 17 Insurance Contracts	January 01, 2027

	Effective date (annual periods beginning on or after
IFRS 18 Presentation and Disclosures in Financial Statements	January 01, 2027
IFRS 19 Subsidiaries without Public Accountability: Disclosures	January 01, 2027

Certain annual improvements have also been made to a number of IFRSs and IASs.

IFRS 1 'First-time Adoption of International Financial Reporting Standards' has been issued by IASB effective from July 01, 2009. However, it has not been adopted yet locally by Securities and Exchange Commission of Pakistan (SECP)

IFRS 17 - 'Insurance contracts' has been notified by the IASB to be effective for annual periods beginning on or after January 1, 2023. However SECP has notified the timeframe for the adoption of IFRS - 17 which will be adopted by January 01, 2027.

IFRS 20 'Regulatory Assets and Regulatory Liabilities' has been issued by IASB effective from January 01, 2029. However, it has not been adopted yet locally by Securities and Exchange Commission of Pakistan (SECP)

IFRS 18 Presentation and Disclosure in Financial Statements, which was issued by the IASB in April 2024 supersedes IAS 1 and will result in major consequential amendments to IFRS Accounting Standards including IAS 8 Basis of Preparation of Financial Statements (renamed from Accounting Policies, Changes in Accounting Estimates and Errors). Even though IFRS 18 will not have any effect on the recognition and measurement of items in the financial statements, it is expected to have a significant effect on the presentation and disclosure of certain items. These changes include categorisation and sub-totals in the statement of profit or loss, aggregation/disaggregation and labelling of information, and disclosure of management-defined performance measures.

4 MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies applied in the preparation of these financial statements are set out below. These accounting policies have been consistently applied, unless otherwise stated.

4.1 Cash and cash equivalents

Cash and cash equivalents comprise of balances maintained with banks. Cash equivalents include short term highly liquid investments that are readily convertible to known amounts of cash, are subject to an insignificant risk of changes in value, and are held for the purpose of meeting short term cash commitments rather than for investments and other purposes.

4.2 Financial instruments

4.2.1 Initial recognition and measurement

The Fund recognises financial assets and financial liabilities on the date it becomes a party to the contractual provisions of the instrument.

All financial assets and liabilities are initially measured at cost which is the fair value of the consideration given or received. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets or financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of financial assets or liabilities, as appropriate, on initial recognition. Transaction costs pertaining to financial assets or financial liabilities at fair value through profit or loss are recognised in the income statement.

Classification and subsequent measurement

4.2.2 Financial assets

There are three principal classification categories for financial assets:

- At amortised cost (AC);
- At fair value through other comprehensive income (FVOCI); and
- At fair value through profit or loss (FVPL).

Financial assets at amortized cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVPL;

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial asset classified at amortised cost is subsequently carried at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Profit / markup income, foreign exchange gains and losses, gain / loss on derecognition and modification and impairment charge and reversals are recognised in income statement.

Financial assets at FVOCI

A financial asset is classified at FVOCI only if it meets both of the following conditions and is not designated as FVPL;

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at FVOCI are subsequently measured at fair value with gains and losses arising due to changes in fair value recognised in OCI, except for the recognition of impairment losses. In case of debt instrument, when the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from OCI to income statement.

Financial assets at FVPL

All other financial assets are classified as FVPL.

In addition, on initial recognition, the Fund may irrevocably designate a financial asset, that otherwise meets the requirements to be measured at amortised cost or at FVOCI, as at FVPL, if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets designated at fair value through profit or loss are subsequently carried at fair value. Net gains and losses, including any profit / markup or dividend income, are recognised in income statement.

Business model assessment

The Fund makes an assessment of the objective of a business model in which an asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management.

The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. In particular, whether management's strategy focuses on earning contractual interest revenue, maintaining a particular interest rate profile or realising cash flows through the sale of the assets;

- how the performance of the portfolio is evaluated and reported to the Fund's management;

- the risks that affect the performance of the business model (and the financial assets held within that business model) and its strategy for how those risks are managed;

- how managers of the business are compensated (e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected); and

- the frequency, volume and timing of sales in prior periods, the reasons for such sales and its expectations about future sales activity. However, information about sales activity is not considered in isolation, but as part of an overall assessment of how the Fund's stated objective for managing the financial assets is achieved and how cash flows are realised.

Financial assets that are held for trading or managed and whose performance is evaluated on a fair value basis are measured at FVPL because they are neither held to collect contractual cash flows nor held both to collect contractual cash flows and to sell financial assets.

The Fund has determined that it has three business models:

- Held-to-collect business model: This includes cash and cash equivalents and receivables, if any. These financial assets are held to collect contractual cash flow.

- Held-to-collect and sell business model: This includes Government Securities and Sukuks, if any. These financial assets are held to collect contractual cash flow and sell the financial assets.

- Other business model: This includes Government Securities and Sukuks. These financial assets are held for trading and managed and their performance is evaluated, on a fair value basis, with frequent sales taking place.

Assessment of whether contractual cash flows are solely payments of principal and interest (SPPI)

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g., liquidity risk and administrative costs), as well as profit margin.

In assessing whether the contractual cash flows are SPPI, the Fund considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making the assessment, the Fund considers:

- prepayment and extension terms;
- terms that limit the Fund's claim to cash flows from specified assets (e.g. non-recourse loans); and
- features that modify consideration of the time value of money (e.g. periodical reset of interest rates).

Reclassifications

Financial assets are not reclassified subsequent to their initial recognition unless the Fund were to change its business model for managing financial assets, in which case all affected financial assets would be reclassified on the first day of the first reporting period following the change in the business model.

4.2.3 Financial liabilities

The Fund on initial recognition classifies its financial liabilities at amortised cost (AC) and measure subsequently using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in income statement. Any gain or loss on derecognition is also recognised in income statement.

4.2.4 Impairment of financial assets

The Fund at each reporting date assess whether there is objective evidence that a financial asset or a group of financial assets is impaired. If such an indication exists, the recoverable amount of such asset is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds the recoverable amount.

The SECP through its letter SCD /AMCW / RS / MUFAP / 2017-148 dated November 21, 2017 has deferred the applicability of impairment requirements of IFRS 9 in relation to debt securities for mutual funds and has instructed to continue to follow the requirements of Circular No. 33 of 2012 dated October 24, 2012.

4.2.5 Derecognition

The Fund derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid is recognised in income statement.

The Fund derecognises a derivative only when it meets the derecognition criteria for both financial assets and financial liabilities. Where the payment or receipt of variation margin represents settlement of a derivative, the derivative, or the settled portion, is derecognised.

Provisions are recognised when the Fund has a present, legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

4.2.6 Fair value measurement principles and provision

The fair value of financial instruments is determined as follows:

Basis of valuation of debt securities

The fair value of debt securities (other than government securities) is based on the value determined and announced by Mutual Funds association of Pakistan (MUFAP) in accordance with the criteria laid down in Circular No. 1 of 2009 and Circular No. 33 of 2012 issued by Securities and Exchange Commission of Pakistan (SECP). In the determination of the rates, MUFAP takes into account the holding pattern of these securities and categorises them as traded, thinly traded and non-traded securities. The aforementioned circular also specifies the valuation process to be followed for each category as well as the criteria for the provisioning of non-performing debt securities.

Basis of valuation of government securities

The government securities not listed on a stock exchange and traded in the interbank market are valued at the average rates quoted on a widely used electronic quotation system (PKRV / PKFRV / PKISRV) which are based on the remaining tenor of the securities. Moreover, listed government securities traded on Pakistan Stock Exchange (PSX) are valued at rates quoted on PSX.

Basis of valuation of spread transactions

Spread transactions are valued at their fair value determined using quoted market prices and rates prevailing at the reporting date. The valuation reflects the difference between the contracted purchase and sale prices of the underlying securities, adjusted for accrued income/expenses where applicable.

4.2.7 Regular way contracts

All purchases and sales of securities that require delivery within the timeframe established by regulation or market convention are recognised at the trade date. Trade date is the date on which the Fund commits to purchase or sell assets.

4.2.8 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the Statement of Assets and Liabilities when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

4.3 Earnings / (loss) per unit

Earnings / (loss) per unit (EPU) is calculated by dividing the net income / (loss) for the year of the Fund by the weighted average number of units outstanding during the year. Earnings / (loss) per unit has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

4.4 Provisions

Provisions are recognised when the Fund has a present, legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

4.5 Taxation

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed in cash to the unit holders.

The Fund is also exempt from the provisions of section 113 (minimum tax) and section 113C (Alternative Corporate Tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

4.6 Proposed distributions

The rate of distribution is adjusted with effect of refund of capital, if any, based on the period of investment made during the year. Resultantly, the rate of distribution per unit may vary depending on the period of investment.

4.7 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors / Management Compnay during business hours on that day. The offer price represents the net assets value per unit as of the close of the business day plus the allowable sales load, provision for transaction costs and any provision for duties and charges, if applicable. The sales load, if applicable is paybale to the distributers / Management Company.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors / Management Company receive redemption applications during business hours of that day. The redemption price represents the net assets value per unit as of the close of the business day less any back-end load (if applicable), any duties, taxes, charges on redemption and any provision for transaction costs, if applicable.

4.8 Element of income and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between Net Assets Value (NAV) per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period.

Element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund; however, to maintain same ex-dividend net asset value of all units outstanding on accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units (refund of capital) in the same proportion as dividend bears to accounting income available for distribution. As per guideline provided by MUFAP (MUFAP Guidelines consented upon by SECP) the refund of capital is made in the form of additional units at zero price.

MUFAP, in consultation with the SECP, has specified methodology for determination of income paid on units redeemed (income already paid) during the period under which such income is paid on gross element received and is calculated from the latest date at which the Fund achieved net profitability during the period. The income already paid (Element of Income) on redemption of units during the period are taken separately in statement of movement in unit holders' fund.

4.9 Net assets value per unit

The net assets value (NAV) per unit as disclosed in the statement of assets and liabilities is calculated by dividing the net assets of the Fund by the number of units in issue in circulation as at the year end.

4.10 Unit holders' fund

Unit holders' fund representing the units issued by the Fund, is carried at the net asset value representing the investors' right to a residual interest in the Fund assets.

4.11 Revenue recognition

- Realised gains / (losses) arising on sale of investments are included in the Income Statement on the date at which the transaction takes place.
- Income from Government securities, and investment in debt securities are recognized using the effective interest rate method.
- Unrealised gains / (losses) arising on re-measurement of investments classified as 'financial assets at fair value through profit or loss' are recognized in the Income Statement in the period in which they arise.
- Profit on balances with banks is recognized on time proportion basis.

4.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company, trustee fee and annual fee of the SECP are recognised in the Income Statement when incurred.

4.13 Transactions with related parties / connected persons

Transactions with connected persons are carried in the normal course of business, at contracted rates and terms determined in accordance with market rates.

Remuneration to the Management Company and the Trustee is determined in accordance with the provisions of NBFC Regulations and the Trust Deed respectively.

15 TAXATION

The Fund's income is exempt from Income Tax as per clause (99) of part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains whether realised or unrealised is distributed amongst the unit holders. Provided that for the purpose of determining distribution of at least 90% of accounting income, the income distributed through bonus shares, units or certificates as the as the case may be, shall not be taken into account. Furthermore, as per regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute 90% of the net accounting income other than capital gains / loss to the unit holders. Accordingly, the Fund has not recorded any tax liability in respect of income relating to the current year as the Fund has distributed required minimum percentage of income earned by the Fund for the year ending 30 June 2026 as reduced by capital gains (whether realised or unrealised) to its unit holders.

18 FINANCIAL RISK MANAGEMENT

The Board of Directors of the Management Company has overall responsibility for the establishment and oversight of the Fund's risk management framework. The Board is also responsible for developing and monitoring the Fund's risk management policies.

The Fund's risk management policies are established to identify and analyse the risks faced by the Fund, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Fund's activities.

The Fund primarily invests in Government securities. These activities expose the Fund to a variety of financial risks, such as market risk, credit risk and liquidity risk.

18.1 Market risk

Market risk is a risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee and regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises of three types of risk; currency risk, interest rate risk and other price risk.

18.1.1 Currency risk

Currency risk is a risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund, at present, is not exposed to currency risk as all transactions are carried out in Pakistani Rupees.

18.1.2 Interest rate risk

Interest rate risk is a risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates.

a) Cash flow interest rate risk

The Fund is exposed to cash flow interest rate risk for balances in certain savings accounts, the interest rates on which range between 11.00% to 13.50% per annum,

In case of 100 basis points increase / decrease in interest rates on June 30, 2026, with all other variables held constant, the net income for the year and the net assets would have been higher / lower by Rs. 0.0071 million, Rs. 0.0552 million, Rs. 0.0035 million, Rs. 0.0345 million, Rs. 88.6926 million, Rs. 0.0053 million, Rs. 0.0271 million, Rs. 10.1295 million, Rs. 0.0031 million, Rs. 0.0079 million, Rs. 0.1889 million, Rs. 0.1729 million and Rs. 0.1714 million (2025: 0.004811) for plan 3 to 20 respectively.

b) Fair value interest rate risk

The Fund's investment portfolio currently includes Treasury bills (T bills), which have fixed interest rates. This characteristic of T bills ensures that the Fund's holdings are not influenced by changes in market interest rates. As a result, the Fund is not subject to fair value interest rate risk at this time.

Yield / interest rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date.

	As at June 30, 2026

18.1.3 Other price risk

Price risk is a risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. Currently, the Fund does not hold any security which exposes the Fund to price risk.

18.2 Credit risk

Credit risk represents the risk of a loss if the counter parties fail to perform as contracted. The Fund's credit risk is primarily attributable to investment in bank balances. Bank balances are maintained with balance with a reasonably high credit rating.

18.2.1 The analysis below summarises the credit rating quality of the Fund's financial assets as at June 30, 2026.

The Fund is exposed to cash redemptions subject to contingent load due to early redemptions, if any, at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Fund's reputation. Its policy is therefore to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

The Fund has the ability to borrow. The borrowing, however, shall not be resorted to, except for meeting redemption requests. The maximum amount available to the Fund from the borrowing would be limited to fifteen percent of the total net asset value of the Fund at the time of borrowing and shall be repayable within 90 days. The facility would bear interest at commercial rates and would be secured against the assets of the Fund. However, during the current year, no borrowings were made by the Fund.

In order to manage the Fund's overall liquidity, the Fund also has the ability to withhold daily redemption requests in excess of 10% of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below 10% of the units then in issue. However, no such instances were witnessed by the Fund during the current year.

The table below analyses the Fund's financial liabilities into relevant maturity groupings based on the remaining period at the reporting date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

19 UNITS HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by the net assets attributable to unit holders / redeemable units. The amount of net assets attributable to unit holders can change significantly on a daily basis as the Fund is subject to daily issuance and redemptions at the discretion of unit holders. These unit holders of the Fund are entitled to distributions and to payment of a proportionate share based on the Fund's net asset value per unit on the redemption date. The relevant movements are shown on the statement of movement in unit holders' fund. Unit holders fund risk management is carried out by the Management Company through following steps:

- Monitors the level of daily issuance and redemptions relative to the liquid assets and adjusts the amount of distributions the Fund pays to the unit holders;
- Redeems and issues units in accordance with the constitutive documents of the Fund. This includes the Fund's ability to restrict redemptions; and

- The Fund Manager / Investment Committee members and the Chief Executive Officer of the Management Company critically track the movement of 'Assets under Management'. The Board of Directors is updated regarding key performance indicators, e.g. yield and movement of NAV and total Fund size at the end of each quarter.

The Fund has maintained and complied with the requirements of minimum fund size during the current year.

20 LIST OF TOP TEN BROKERS / DEALERS BY PERCENTAGE OF COMMISSION PAID / PAYABLE

There were no brokers during the year ended June 30, 2026.

Regular Income Fund

FUND INFORMATION

NAME OF FUND	HBL Regular Income Fund
NAME OF AUDITOR	BDO Ebrahim & Co. Chartered Accountants
NAME OF TRUSTEE	Central Depository Company of Pakistan Limited.
BANKERS	Habib Bank Limited

Type and Category of Fund

Open end Income Fund

Investment Objective and Accomplishment of Objective

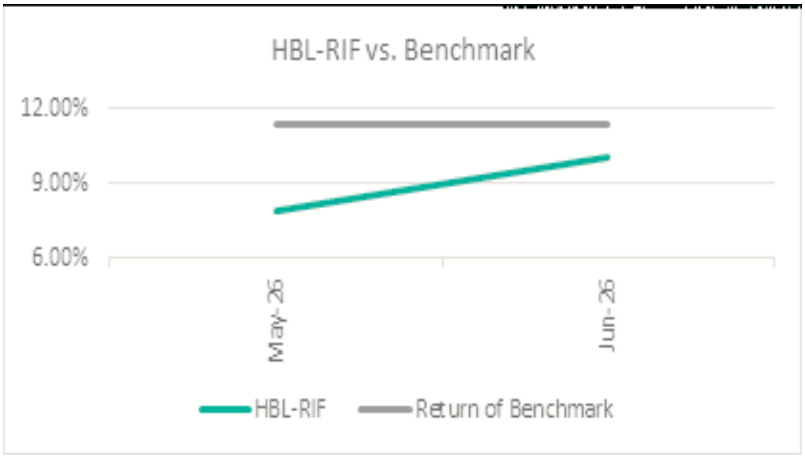

The objective of the Fund is to provide a stable stream of income with moderate level of risk by investing in fixed income securities. The investment objective is achieved.

Benchmark and Performance Comparison with Benchmark

The Fund's benchmark is 75% six (6) months KIBOR rates + 25% six (6) months average of the highest rates on savings account of three (3) AA rated scheduled Banks as selected by MUFAP.

The comparison of the fund return with benchmark is given below:

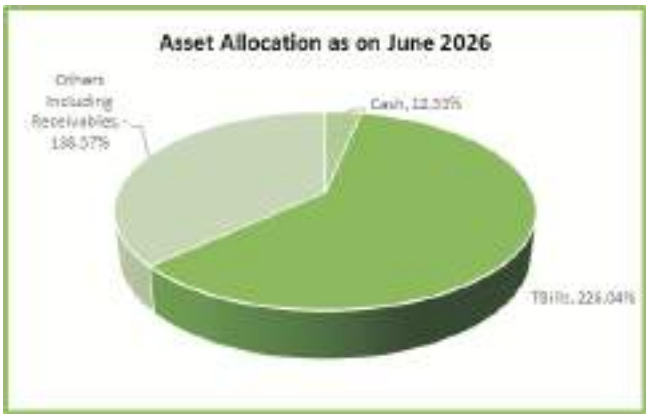

Month	Return of Fund	Benchmark
Jun-26	10.01%	11.39%
May-26	7.91%	11.36%

Strategies and Policies employed during the Year
As on June 30, 2026 investments were primarily geared towards T-bills followed by placement in Daily Product Accounts.

The fund yield a since inception return of 9.10% against a benchmark of 11.37%

Asset Allocation

Fund Performance

The total income and net income of the Fund was Rs. 2.56 million and Rs. 2.06 million respectively during the year ended June 30, 2026. The Net Asset Value (NAV) per unit of the Fund was Rs. 100.0000 per unit as on June 30, 2026 (after incorporating dividend of Rs. 1.3381 per unit) thereby giving an annualized return of 9.10%. During the same period, the benchmark return was 11.37%. The size of Fund was Rs. 42 million as on June 30, 2026.

Money Market Review

During the period under review, the State Bank of Pakistan (SBP) adjusted the Policy Rate twice in response to evolving economic conditions and regional developments. The first adjustment took place in December 2025, when the SBP reduced the Policy Rate by 50 basis points (bps) to 10.5%. This was followed by a 100-bps increase in April 2026, bringing the Policy Rate to 11.5% amid heightened regional hostilities. The rate remained unchanged at 11.5% through the end of the period.

Secondary market yields across most tenors increased, driven by rising global oil prices and heightened geopolitical tensions, which reinforced inflation expectations and tightened market sentiment. As a result, yields on the 3-month, 6 months, and 1 year government securities rose by 35 bps, 59 bps, and 74 bps, respectively, while yields on the 3 year and 5-year securities increased by 54 bps and 40 bps, reaching 11.56%, 11.60%, 11.63%, 11.69%, and 11.80%, respectively. The 10-year tenor, by contrast, eased by 11 bps to settle at 12.19%.

The SBP is expected to maintain a cautious stance going forward. Market yields are likely to remain soft amid improved liquidity and the current policy setting; however, any rise in inflation particularly driven by higher oil prices due to prevailing geopolitical conditions could exert upward pressure on yields.

Distribution

The Fund has distributed cash dividend up-to Rs. 1.3381 per unit for the year ended June 30, 2026.

Significant Changes in the State of Affairs

There were no significant changes in the state of affairs during the year under review.

Breakdown of Unit Holding by Size

From – To (Number of units)	Number of Unit Holders	Total Number of Units Held
1 - 100	3	55
101 - 500	1	202
501 - 1,000	-	-

TRUSTEE REPORT TO THE UNIT HOLDERS

HBL REGULAR INCOME FUND

Report of the Trustee pursuant to Regulation 41(h) of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of HBL Regular Income Fund (the Fund) are of the opinion that HBL Asset Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the period from April 30, 2026 to June 30, 2026 in accordance with the provisions of the following:

(i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;

(ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund;

(iii) The management fee, fee payable to Securities & Exchange Commission of Pakistan and other expenses paid from the Fund during the period are in accordance with the applicable regulatory framework; and

(iv) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

INDEPENDENT AUDITOR'S REPORT TO THE UNITHOLDERS OF HBL REGULAR INCOME FUND

Report on the audit of the financial statements

Opinion

We have audited the financial statements of HBL Regular Income Fund ("the Fund"), which comprise the statement of assets and liabilities as at June 30, 2026, and the income statement, the statement of comprehensive income, statement of movement in unit holders' fund and statement of cash flows for the period from April 30, 2026 to June 30, 2026 and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Fund as at June 30, 2026, and its financial performance and its cash flows for the period from April 30, 2026 to June 30, 2026 in accordance with accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information other than the Financial Statements and Auditor's Report Thereon

The Management Company ("HBL Asset Management Limited") is responsible for the other information. The other information comprises the information included in the annual report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Management Company and Board of Directors of the Management Company for the Financial Statements

The Management Company of the Fund is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan, and for such internal control as the Management Company determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

BDO Ebrahim & Co. Chartered Accountants
BDO Ebrahim & Co., a Pakistan registered partnership firm, is a member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO

In preparing the financial statements, the Management Company is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management Company either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

The Board of Directors of the Management company is responsible for overseeing the Fund's financial reporting process.

Auditor's responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Management Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management Company.

- Conclude on the appropriateness of the Management Company's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion the financial statements have been prepared in accordance with the relevant provisions of the Non - Banking Finance Companies (Establishment and Regulations) Rules, 2003 and the Non - Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is Tariq Feroz Khan.

1 LEGAL STATUS AND NATURE OF BUSINESS

1.1 HBL Regular Income Fund Fund (the Fund) was established under a Trust Deed executed between HBL Asset Management Limited as the Management Company, and Central Depository Company of Pakistan Limited (CDC), as the Trustee. The Trust Deed was executed on December 18, 2025 and registered under the Sindh Trust Act, 2020, as amended vide Sindh Trusts (Amendment) Act, 2021. The Fund was approved by the Securities and Exchange Commission of Pakistan (SECP) vide its letter No. SCD/AMCW/HBLRIF/2025-108 dated October 29, 2025.

1.2 HBL Asset Management Limited is the Management Company of the Fund, which is a wholly owned subsidiary of Habib Bank Limited. The Aga Khan Fund for Economic Development (AKFED), S.A. is the parent company of Habib Bank Limited.

1.3 The Management Company of the Fund has been registered as a Non-Banking Finance Company (NBFC) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (NBFC Rules) and has obtained the requisite license from the SECP to undertake Asset Management Services. The registered office of the Management Company is located at 7th Floor, Emerald Tower, G-19, Block 5, Main Clifton Road, Clifton, Karachi.

1.4 The Fund has been categorised as an Open Ended Income scheme as per the criteria laid down by the SECP for categorisation of open-end Collective Investment Schemes (CISs).

1.5 The Core objective of the Fund is to provide competitive returns to its investors through active investments in low risk portfolio of short duration, while maintaining high liquidity.

1.6 VIS Credit Rating Agency has assigned a management quality rating of 'AM1' (Stable outlook) to the Management Company as at December 31, 2025 while the fund is currently not rated.

1.7 Title to the assets of the Fund is held in the name of CDC as Trustee of the Fund.

1.8 The Securities and Exchange Commission of Pakistan vide Circular 7 of 2009 dated March 6, 2009 required all Asset Management Companies to classify funds under their management on the basis of categorisation criteria laid down in the said circular. The Management Company classified the Fund as 'Compliant Income Scheme' in 'accordance with the said circular. As at June 30, 2026, the Fund is compliant with all the requirements of the said circular except for following.

Non-compliant investment disclosure		
Non-compliance reference	**Regulatory limit**	**%Net asset**
Government securities	75%	227.71%
Percentage of total investment	100%	227.71%
Minimum fund size limit	100 million	41.59 million

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards as applicable in Pakistan comprise of:

- IFRS Accounting Standards issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of, directives and notifications issued under the Companies Act, 2017, along with the part VIIIA of the repealed companies ordinance, 1984; and
- Non Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC rules), Non-Banking Finance Companies, Notified Entities Regulations, 2008 (the NBFC Regulations).

Where provisions of, directives and notifications issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed differ from the IFRS Accounting Standards, the provisions of, directives and notifications issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations have been followed

2.2 Basis of measurement

These financial statements have been prepared under the historical cost basis, unless otherwise stated.

2.3 Functional and presentation currency

These financial statements are presented in Pakistani Rupees ('Rupees' or 'Rs'), which is the Fund's functional currency.

2.4 Use of judgments and estimates

The preparation of financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods. The estimates, judgements and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities.

	Note
a) Classification and valuation of investment	4.2
c) Impairment of investment	4.2.4

The areas involving a higher degree of judgement or complexity, or areas where estimates and assumptions are significant to the financial statements as a whole are as follows:

3 APPLICATION OF NEW STANDARDS, AMENDMENTS AND INTERPRETATIONS TO PUBLISHED APPROVED ACCOUNTING AND REPORTING STANDARDS

3.1 New accounting standards, amendments and IFRS interpretations that are effective for the year ended June 30, 2026

The following stantdards, amendments and interpretations are effective for the year ended June 30, 2026. These standards, amendments and interpretations are either not relevant to the Fund's operations or did not have significant impact on the financial statements other than certain additional disclosures.

	Effective date (annual years beginning on or after)
Amendments to IAS 21 'The Effects of Changes in Foreign Exchange Rates' - Lack of Exchangeability	January 01, 2025

3.2 New accounting standards, amendments and interpretations that are not yet effective

The following standards, amendments and interpretations are only effective for accounting years, beginning on or after the date mentioned against each of them. These standards, amendments and interpretations are either not relevant to the Fund's operations or are not expected to have significant impact on the Fund's financial statements other than certain additional disclosures.

	Effective date (annual years beginning on or after)
Amendments to IFRS 7 'Financial Instruments: Disclosures' - Amendments regarding the classification and measurement of financial instruments	January 01, 2026
Amendments to IFRS 9 'Financial Instruments' - Amendments regarding the classification and measurement of financial instruments	January 01, 2026
Amendments to IFRS 7 'Financial Instruments: Disclosures' - Amendments regarding nature-dependent electricity contracts that are often structured as power purchase agreements (PPAs)	January 01, 2026
Amendments to IFRS 9 'Financial Instruments' - Amendments regarding nature-dependent electricity contracts that are often structured as power purchase agreements (PPAs)	January 01, 2026

	Effective date (annual years beginning on or after)
Amendmends to IAS 21 'The Effects of Changes in Foreign Exchange Rates' - Amendments regarding translations to a hyperinflationary presentation currency	January 01, 2027
Amendments to IAS 28 'Investments in Associates' - Amendments to the Fair Value Option for Investments in Associates and Joint Ventures	January 01, 2027
IFRS 17 Insurance Contracts	January 01, 2027
IFRS 18 Presentation and Disclosures in Financial Statements	January 01, 2027
IFRS 19 Subsidiaries without Public Accountability: Disclosures	January 01, 2027

Certain annual improvements have also been made to a number of IFRSs and IASs.

IFRS 1 'First-time Adoption of International Financial Reporting Standards' has been issued by IASB effective from July 01, 2009. However, it has not been adopted yet locally by Securities and Exchange Commission of Pakistan (SECP)

IFRS 17 - 'Insurance contracts' has been notified by the IASB to be effective for annual years beginning on or after January 1, 2023. However SECP has notified the timeframe for the adoption of IFRS - 17 which will be adopted by January 01, 2027.

IFRS 20 'Regulatory Assets and Regulatory Liabilities' has been issued by IASB effective from January 01, 2029. However, it has not been adopted yet locally by Securities and Exchange Commission of Pakistan (SECP)

IFRS 18 Presentation and Disclosure in Financial Statements, which was issued by the IASB in April 2024 supersedes IAS 1 and will result in major consequential amendments to IFRS Accounting Standards including IAS 8 Basis of Preparation of Financial Statements (renamed from Accounting Policies, Changes in Accounting Estimates and Errors). Even though IFRS 18 will not have any effect on the recognition and measurement of items in the financial statements, it is expected to have a significant effect on the presentation and disclosure of certain items. These changes include categorisation and sub-totals in the statement of profit or loss, aggregation/disaggregation and labelling of information, and disclosure of management-defined performance measures.

4 MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies applied in the preparation of these financial statements are set out below. These accounting policies have been consistently applied, unless otherwise stated.

4.1 Cash and cash equivalents

Cash and cash equivalents comprise of balances maintained with banks. Cash equivalents include short term highly liquid investments that are readily convertible to known amounts of cash, are subject to an insignificant risk of changes in value, and are held for the purpose of meeting short term cash commitments rather than for investments and other purposes.

4.2 Financial instruments

4.2.1 Initial recognition and measurement

The Fund recognises financial assets and financial liabilities on the date it becomes a party to the contractual provisions of the instrument.

All financial assets and liabilities are initially measured at cost which is the fair value of the consideration given or received. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets or financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of financial assets or liabilities, as appropriate, on initial recognition. Transaction costs pertaining to financial assets or financial liabilities at fair value through profit or loss are recognised in the income statement.

Classification and subsequent measurement

4.2.2 Financial assets

There are three principal classification categories for financial assets:

- At amortised cost (AC);
- At fair value through other comprehensive income (FVOCI); and
- At fair value through profit or loss (FVPL).

Financial assets at amortized cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVPL;

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and

- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial asset classified at amortised cost is subsequently carried at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Profit / markup income, foreign exchange gains and losses, gain / loss on derecognition and modification and impairment charge and reversals are recognised in income statement.

Financial assets at FVOCI

A financial asset is classified at FVOCI only if it meets both of the following conditions and is not designated as FVPL;

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and

- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at FVOCI are subsequently measured at fair value with gains and losses arising due to changes in fair value recognised in OCI, except for the recognition of impairment losses. In case of debt instrument, when the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from OCI to income statement.

Financial assets at FVPL

All other financial assets are classified as FVPL.

In addition, on initial recognition, the Fund may irrevocably designate a financial asset, that otherwise meets the requirements to be measured at amortised cost or at FVOCI, as at FVPL, if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise. Financial assets designated at fair value through profit or loss are subsequently carried at fair value. Net gains and losses, including any profit / markup or dividend income, are recognised in income statement.

Business model assessment

The Fund makes an assessment of the objective of a business model in which an asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management.

The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. In particular, whether management's strategy focuses on earning contractual interest revenue, maintaining a particular interest rate profile or realising cash flows through the sale of the assets;

- how the performance of the portfolio is evaluated and reported to the Fund's management;

- the risks that affect the performance of the business model (and the financial assets held within that business model) and its strategy for how those risks are managed;

- how managers of the business are compensated (e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected); and

- the frequency, volume and timing of sales in prior years, the reasons for such sales and its expectations about future sales activity. However, information about sales activity is not considered in isolation, but as part of an overall assessment of how the Fund's stated objective for managing the financial assets is achieved and how cash flows are realised.

Financial assets that are held for trading or managed and whose performance is evaluated on a fair value basis are measured at FVPL because they are neither held to collect contractual cash flows nor held both to collect contractual cash flows and to sell financial assets.

The Fund has determined that it has three business models:

- Held-to-collect business model: This includes cash and cash equivalents and receivables, if any. These financial assets are held to collect contractual cash flow.

- Held-to-collect and sell business model: This includes Government Securities and Sukuks, if any. These financial assets are held to collect contractual cash flow and sell the financial assets.

- Other business model: This includes Government Securities and Sukuks. These financial assets are held for trading and managed and their performance is evaluated, on a fair value basis, with frequent sales taking place.

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular year of time and for other basic lending risks and costs (e.g., liquidity risk and administrative costs), as well as profit margin.

In assessing whether the contractual cash flows are SPPI, the Fund considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making the assessment, the Fund considers:

- contingent events that would change the amount and timing of cash flows;
- leverage features;
- prepayment and extension terms;
- terms that limit the Fund's claim to cash flows from specified assets (e.g. non-recourse loans); and
- features that modify consideration of the time value of money (e.g. periodical reset of interest rates).

Reclassifications

Financial assets are not reclassified subsequent to their initial recognition unless the Fund were to change its business model for managing financial assets, in which case all affected financial assets would be reclassified on the first day of the first reporting year following the change in the business model.

4.2.3 Financial liabilities

The Fund on initial recognition classifies its financial liabilities at amortised cost (AC) and measure subsequently using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in income statement. Any gain or loss on derecognition is also recognised in income statement.

4.2.4 Impairment of financial assets

The Fund at each reporting date assess whether there is objective evidence that a financial asset or a group of financial assets is impaired. If such an indication exists, the recoverable amount of such asset is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds the recoverable amount.

The SECP through its letter SCD /AMCW / RS / MUFAP / 2017-148 dated November 21, 2017 has deferred the applicability of impairment requirements of IFRS 9 in relation to debt securities for mutual funds and has instructed to continue to follow the requirements of Circular No. 33 of 2012 dated October 24, 2012.

4.2.5 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. On derecognition of a financial asset, the difference between the carrying amount of the asset and the consideration received is recognised in income statement.

The Fund derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid is recognised in income statement.

The Fund derecognises a derivative only when it meets the derecognition criteria for both financial assets and financial liabilities. Where the payment or receipt of variation margin represents settlement of a derivative, the derivative, or the settled portion, is derecognised.

Provisions are recognised when the Fund has a present, legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

4.2.6 Fair value measurement principles and provision

The fair value of financial instruments is determined as follows:

Basis of valuation of debt securities

The fair value of debt securities (other than government securities) is based on the value determined and announced by Mutual Funds association of Pakistan (MUFAP) in accordance with the criteria laid down in Circular No. 1 of 2009 and Circular No. 33 of 2012 issued by Securities and Exchange Commission of Pakistan (SECP). In the determination of the rates, MUFAP takes into account the holding pattern of these securities and categorises them as traded, thinly traded and non-traded securities. The aforementioned circular also specifies the valuation process to be followed for each category as well as the criteria for the provisioning of non-performing debt securities.

Basis of valuation of government securities

The government securities not listed on a stock exchange and traded in the interbank market are valued at the average rates quoted on a widely used electronic quotation system (PKRV / PKFRV / PKISRV) which are based on the remaining tenor of the securities. Moreover, listed government securities traded on Pakistan Stock Exchange (PSX) are valued at rates quoted on PSX.

Basis of valuation of spread transactions

Spread transactions are valued at their fair value determined using quoted market prices and rates prevailing at the reporting date. The valuation reflects the difference between the contracted purchase and sale prices of the underlying securities, adjusted for accrued income/expenses where applicable.

4.2.7 Regular way contracts

All purchases and sales of securities that require delivery within the timeframe established by regulation or market convention are recognised at the trade date. Trade date is the date on which the Fund commits to purchase or sell assets.

4.2.8 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the Statement of Assets and Liabilities when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

4.3 Earnings / (loss) per unit

Earnings / (loss) per unit (EPU) is calculated by dividing the net income / (loss) for the period of the Fund by the weighted average number of units outstanding during the period. Earnings / (loss) per unit has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

4.4 Provisions

Provisions are recognised when the Fund has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

4.5 Taxation

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of its accounting income for the period, as reduced by capital gains, whether realised or unrealised, is distributed in cash to the unit holders.

The Fund is also exempt from the provisions of section 113 (minimum tax) and section 113C (Alternative Corporate Tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

4.6 Proposed distributions

Distribution to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the period also includes portion of income already paid on units redeemed during the period.

Distributions declared subsequent to reporting date are considered as non-adjusting events and are recognised in the financial statements of the period in which such distributions are declared and approved by the Board of Directors of the Management Company.

The rate of distribution is adjusted with effect of refund of capital, if any, based on the period of investment made during the period. Resultantly, the rate of distribution per unit may vary depending on the period of investment.

4.7 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors / Management Compnay during business hours on that day. The offer price represents the net assets value per unit as of the close of the business day plus the allowable sales load, provision for transaction costs and any provision for duties and charges, if applicable. The sales load, if applicable is paybale to the distributers / Management Company.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors / Management Company receive redemption applications during business hours of that day. The redemption price represents the net assets value per unit as of the close of the business day less any back-end load (if applicable), any duties, taxes, charges on redemption and any provision for transaction costs, if applicable.

4.8 Element of income and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between Net Assets Value (NAV) per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period.

Element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund; however, to maintain same ex-dividend net asset value of all units outstanding on accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units (refund of capital) in the same proportion as dividend bears to accounting income available for distribution. As per guideline provided by MUFAP (MUFAP Guidelines consented upon by SECP) the refund of capital is made in the form of additional units at zero price.

MUFAP, in consultation with the SECP, has specified methodology for determination of income paid on units redeemed (income already paid) during the period under which such income is paid on gross element received and is calculated from the latest date at which the Fund achieved net profitability during the period. The income already paid (Element of Income) on redemption of units during the period are taken separately in statement of movement in unit holders' fund.

4.9 Net assets value per unit

The net assets value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in issue in circulation as at the period end.

4.10 Unit holders' fund

Unit holders' fund representing the units issued by the Fund, is carried at the net asset value representing the investors' right to a residual interest in the Fund assets.

4.11 Revenue recognition

- Realised gains / (losses) arising on sale of investments are included in the income statement on the date at which the transaction takes place.
- Income from Government securities, and investment in debt securities are recognized using the effective interest rate method.
- Unrealised gains / (losses) arising on re-measurement of investments classified as 'financial assets at fair value through profit or loss' are recognized in the income statement in the period in which they arise.
- Profit on balances with banks is recognized on time proportion basis.

4.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company, trustee fee and annual fee of the SECP are recognised in the Income Statement when incurred.

4.13 Transactions with related parties / connected persons

Transactions with related parties / connected persons are carried in the normal course of business, at contracted rates and terms determined in accordance with market rates.

Remuneration to the Management Company and the Trustee is determined in accordance with the provisions of NBFC Regulations and the Trust Deed respectively.

15 TAXATION

The Fund's income is exempt from Income Tax as per clause (99) of part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the period as reduced by capital gains whether realised or unrealised is distributed amongst the unit holders. Provided that for the purpose of determining distribution of at least 90% of accounting income, the income distributed through bonus shares, units or certificates as the as the case may be, shall not be taken into account. Furthermore, as per regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute 90% of the net accounting income other than capital gains / loss to the unit holders. Accordingly, the Fund has not recorded any tax liability in respect of income relating to the current period as the Fund has distributed required minimum percentage of income earned by the Fund for the period ending June 30, 2026 as reduced by capital gains (whether realised or unrealised) to its unit holders.

16 EARNINGS PER UNIT

Earnings per unit (EPU) has not been disclosed in these financial statements as in the opinion of the Management Company the determination of the cumulative weighted average number of outstanding units is not practicable.

19 FINANCIAL RISK MANAGEMENT

The Board of Directors of the Management Company has overall responsibility for the establishment and oversight of the Fund's risk management framework. The Board is also responsible for developing and monitoring the Fund's risk management policies.

The Fund's risk management policies are established to identify and analyze the risks faced by the Fund, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Fund's activities.

The Fund primarily invests in Government securities. These activities expose the Fund to a variety of financial risks, such as market risk, credit risk and liquidity risk.

19.1 Market risk

Market risk is a risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee and regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises of three types of risk; currency risk, interest rate risk and other price risk.

19.1.1 Currency risk

Currency risk is a risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund, at present, is not exposed to currency risk.

19.1.2 Interest rate risk

Interest rate risk is a risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates.

a) Cash flow interest rate risk

The Fund is exposed to cash flow interest rate risk for balances in certain savings accounts, the interest rates on which 10.00% per annum.

In case of 100 basis points increase / decrease in interest rates on June 30, 2026, with all other variables held constant, the net income for the period and the net assets would have been higher / lower by Rs. 0.0557 million.

b) Fair value interest rate risk

The Fund's investment portfolio currently includes Treasury bills (T bills), which have fixed interest rates. This characteristic of T bills ensures that the Fund's holdings are not influenced by changes in market interest rates. As a result, the Fund is not subject to fair value interest rate risk at this time.

Yield / interest rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date.

	As at June 30, 2026				
		Exposed to yield / interest rate risk			
	Effective yield / interest rate	Upto three months	More than three months and upto one period	More than one period	Not exposed to yield / interest rate risk	Total

Total interest rate sensitivity gap (a) + (b)		5,710	-	-	35,913	41,623
Cumulative interest rate sensitivity gap		5,710	-	-		

19.1.3 Other price risk

Price risk is a risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. Currently, the Fund does not hold any security which exposes the Fund to price risk.

19.2 Credit risk

Credit risk represents the risk of a loss if the counter parties fail to perform as contracted. The Fund's credit risk is primarily attributable to investment in bank balances. Bank balances are maintained with balance with a reasonably high credit rating.

19.2.1 The analysis below summarises the credit rating quality of the Fund's financial assets as at June 30, 2026.

Name of Banks	Balances held as at June 30, 2026	Latest available published rating as at June 30, 2026	Rating agency
	Rupees in '000		
Habib Bank Limited	5,710	A-1+	VIS

19.2.2 The analysis below summarizes the credit quality of the Fund's credit exposure:

Rating by rating category	2026 -- (%) --
A-1+	100

Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect counterparties or groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is mainly concentrated in Government securities and bank balances. There is no concentration of credit risk as at reporting date.

19.3 Liquidity risk

Liquidity risk is a risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to cash redemptions subject to contingent load due to early redemptions, if any, at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Fund's reputation. Its policy is therefore to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

The Fund has the ability to borrow. The borrowing, however, shall not be resorted to, except for meeting redemption requests. The maximum amount available to the Fund from the borrowing would be limited to fifteen percent of the total net asset value of the Fund at the time of borrowing and shall be repayable within 90 days. The facility would bear interest at commercial rates and would be secured against the assets of the Fund. However, during the current period, no borrowings were made by the Fund.

In order to manage the Fund's overall liquidity, the Fund also has the ability to withhold daily redemption requests in excess of 10% of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below 10% of the units then in issue. However, no such instances were witnessed by the Fund during the current period.

The table below analyses the Fund's financial liabilities into relevant maturity groupings based on the remaining period at the reporting date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

Particulars	--------- As at June 30, 2026 ---------			
	Upto three months	More than three months and upto one period	More than one period	Total

	58,858	-	-	58,858

20 UNITS HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by the net assets attributable to unit holders / redeemable units. The amount of net assets attributable to unit holders can change significantly as the Fund is subject to early redemptions at the discretion of unit holders. These unit holders of the Fund are entitled to distributions and to payment of a proportionate share based on the Fund's net asset value per unit on the redemption date. The relevant movements are shown on the statement of movement in unit holders' fund. Unit holders fund risk management is carried out by the Management Company through following steps:

- Monitors the level of daily issuance and redemptions relative to the liquid assets and adjusts the amount of distributions the Fund pays to the unit holders;

- Redeems and issues units in accordance with the constitutive documents (Offering Document) of the Fund. This includes the Fund's ability to restrict redemptions; and

- The Fund Manager / Investment Committee members and the Chief Executive Officer of the Management Company critically track the movement of 'Assets under Management'. The Board of Directors is updated regarding key performance indicators, e.g. yield and movement of NAV and total Fund size at the end of each quarter.

The Fund has maintained and complied with the requirements of minimum fund size during the current period.

21 FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying amount and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The fair value of financial assets and liabilities traded in active markets are based on the quoted market prices at the close of trading on the reporting date. The quoted market price used for financial assets held by the Fund is current bid price.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

As per the requirements of IFRS 7 (Financial Instruments: Disclosures) and IFRS 13 (Fair Value Measurement), the Fund classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);

- Fair value measurements using inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (level 2); and

- Fair value measurements using inputs for assets or liability that are not based on observable market data (i.e. unobservable inputs) (level3).

As at June 30, 2026, the Fund held the following financial instruments measured at fair values:

	June 30, 2026						
	Carrying amount			Fair value			
	Fair value through profit or loss	Amortised cost	Total	Level 1	Level 2	Level 3	Total
Financial Assets:							
Balances with bank	-	5,710	5,710	-	-	-	-
