PSX/N-1418 Nov 20, 2026

NOTICE FOR TREC HOLDERS/ BROKERS/ PARTICIPANTS OF PSX
MOCK SESSION FOR ALL SERVICES INCLUDING JTT, KITS, OMS, BATS

As part of its ongoing commitment to improving the availability and reliability of trading services, the Pakistan Stock Exchange (PSX) will upgrade its major trading infrastructure. To support this initiative and assess the readiness of the upgraded environment, PSX will conduct a mock session covering all services, including JTT, OMS, KITS, NTT, PUCF, BATS and RMG. The session is scheduled for **Saturday, 28 November 2026, from 12:00 noon to 3:00 p.m.**, providing participants with an opportunity to test their connectivity /access and the performance of trading and related services.

All TREC holders are required to participate in the mock session to confirm their connectivity and verify that all trading services are functioning properly. The testing scope is comprehensive and covers all services required for trading activities. This includes, but is not limited to, network connectivity, trading application behavior, verification of reports data (logs/Thims), accessibility of RMG servers, the functionality of all relevant services, and market data feed services. **Participation is mandatory for all TREC holders/TO brokers/Direct Trading Participants,** and all are requested to share feedback following the session so that PSX can address any concerns and help ensure the continued provision of seamless trading services.

For IT support, TRE Certificate Holders may contact PSX IT Support Services at itss@psx.com.pk or through the contact numbers provided below.
