- Level 1:

The fair value of financial instruments traded in active markets (such as publicly traded derivatives, and trading and available-for-sale securities) is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the modaraba is the current bid price. These instruments are included in level 1.
- Level 2:

The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.
- Level 3:

If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

Note 40
Segment Information

- 40.1

As per IFRS 8, operating segments are reported in a manner consistent with the internal reporting used by the chief operating decision-maker. The chief executive officer (CEO) of the Modaraba has been identified as the chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments.
- 40.2

The CEO is responsible for the Modaraba's entire product portfolio and he considers the business as a single operating segment. The Modaraba's asset allocation decisions are based on a single integrated investment strategy and the Modaraba's performance is evaluated on an overall basis.
- 40.3

The internal reporting provided to the CEO for the Modaraba's assets, liabilities and performance is prepared on a consistent basis with the measurement and recognition principles of approved accounting and reporting standards as applicable in Pakistan. The Modaraba is domiciled in Pakistan. All of the Modaraba's income is from investment in entities incorporated in Pakistan. The Modaraba also has a diversified certificate holder population. As at June 30, 2018, there was only one (June 30, 2017: one) certificate holder (National bank of Pakistan - the holding company of the Modaraba Management Company) who held more than 10% of the Modaraba's certificate capital. Its holding was 30% (June 30, 2017: 30%).

Annual Shari'ah Advisor's Report

I have conducted the Shari'ah review of First National Bank Modaraba managed by National Bank Modaraba Management Company Limited (NBMCL), a wholly owned subsidiary of National Bank of Pakistan for the financial year ended June 30, 2018 in accordance with the requirements of the Shari'ah Compliance and Shari'ah Audit Mechanism for Modarabas and report that except the observations as reported hereunder, in my opinion:

- i.

The Modaraba has introduced a mechanism for Shari'ah compliance and the systems, procedures and policies adopted by the Modaraba are in line with the Shari'ah principles;
- ii.

No significant developments took place during the year.
- iii.

The financing agreement(s) entered into by the Modaraba are Shari'ah compliant and the financing agreement(s) have been executed on the formats as approved by the Religious Board and all the related conditions have been met;
- iv.

To the best of my information and according to the explanations given to me, the business transactions undertaken by the Modaraba and all other matters incidental thereto are in conformity with the Shari'ah requirements as well as the requirements of the Prospectus, Islamic Financial Accounting Standards as applicable in Pakistan and the Shari'ah Compliance and Shari'ah Audit Regulations for Modarabas
- v.

Profit sharing ratios, profits and charging of losses (if any) relating to any deposit raising product conform to the basis and principles of Shari'ah.
- vi.

The earnings that have been realized from the sources or by means prohibited by Shari'ah have been credited to charity accounts.

Observation(s)

During my review, it has been observed that:

- i.

FNBM is maintaining bank accounts with conventional Bank.
- ii.

Financing from conventional Bank(s) have been secured.
- iii.

No training was conducted for the staff

Recommendation(s)

Following are some recommendation:

- i.

FNBM must maintain account(s) in Islamic Banks/Islamic Windows of Conventional Banks only.
- ii.

Matter arising from previous report that all credit lines with conventional banks were instructed to be replaced with Islamic Banking facilities. It is still outstanding and the management needs to resolve this at the earliest.

Conclusion

Based on the above-mentioned fact, I am of the view that the business operations of First National Bank Modaraba are Shariah compliant up to the best of my knowledge.

Sector Outlook:

The economy during 2017-2018 was marked with decreasing exports and increasing current account deficit that has reached its record low levels. Perhaps it was the consequence of heavy imports of capital goods for large infrastructural projects being undertaken particularly under the CPEC. Moreover the business activity in general did not pick up as it was the election year leading up to the general elections of July 2018. The investors, expecting a change of regime, have preferred to sit on the fence and wait for the stability in Govt.'s economic policies to come about. The stock market accordingly remained range bound. The energy shortages were although reduced considerably, however its cost did not appear to have suited many industrial setups. By the end of the year the rising instability in the foreign exchange rates amid the upcoming installments of Country's foreign debt, further aggravated

Cash flow sensitivity analysis for variable rate instruments

A change of 100 basis points in interest / profit rates at the reporting date would have increased / (decreased) the loss for the year by the amounts shown below. The analysis assumes that all other variables remain constant. The analysis is performed on the same basis for the year 2017. Following will be impact on the profit and loss account and the equity of the Modaraba:

June 30, 2018		June 30, 2017	
100 bps		100 bps	
Increase	Decrease	Increase	Decrease
Rupees	Rupees	Rupees	Rupees
2,258,269	(2,258,269)	2,203,119	(2,203,119)
(2,170,634)	2,170,634	(2,516,349)	2,516,349
87,635	(87,635)	(313,230)	313,230

The sensitivity analysis prepared is not necessarily indicative of the effects on loss for the year and assets / liabilities of the Modaraba. This analysis is prepared assuming that amounts of liabilities and assets outstanding at reporting dates were outstanding for the entire year.

37.3.3 Other price risk

Other price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest / profit rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instrument traded in the market. The Modaraba is not exposed to commodity price risk and equity price risk.

Note 38

Recognized Fair Value Measurements - Financial Instruments

Fair value hierarchy

Certain financial assets and financial liabilities are not measured at fair value if the carrying amounts are a reasonable approximation of fair value. Due to short term nature, carrying amounts of certain financial assets and financial liabilities are considered to be the same as their fair value. For the majority of the non-current receivables, the fair values are also not significantly different from their carrying amounts. Judgements and estimates are made in determining the fair values of the financial instruments that are recognized and measured at fair value in these financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Modaraba classifies its financial instruments into the following three levels. As at the reporting date, the Modaraba has short term investments which are required to be grouped into level 2. These levels are explained as under.

Carrying amount	June 30, 2017				
	Contractual cash flows	6 months or less	6 to 12 months	1 year to 2 years	2 years to 5 years
-----Rupees-----					
Non-derivative financial liabilities					
Accrued profit	2,094,045	2,094,045	2,094,045	-	-
Short term finances	201,634,754	202,794,126	202,794,126	-	-
Creditors, accrued and other liabilities	1,539,512	1,539,512	1,539,512	-	-
Long term finances	50,000,002	59,120,516	19,867,762	19,815,570	19,437,184
Total	255,268,313	265,548,199	226,295,445	19,815,570	19,437,184

37.2.1 The contractual cash flows relating to the above financial liabilities have been determined on the basis of mark-up / profit rates effective as at the reporting date (and includes both principal and profit payable thereon).

37.3 Market risk

Market risk is the risk that changes in market price such as foreign exchange rates, interest / profit rates and equity prices will effect the Modaraba's income or the value of its holdings of financial instruments.

37.3.1 Currency risk

Currency risk is the risk that the fair value or future cash flow of a financial instrument will fluctuate because of changes in foreign exchange rates. Currency risk arises mainly from future commercial transactions or receivables and payables the exist due to transactions in foreign currencies. Currently, the Modaraba does not have any receivables or payables that exist due to transactions in foreign currencies which expose it to currency risk.

37.3.2 Interest / profit rate risk

This represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest / profit rates.

The Modaraba's interest / profit rate risk arises from short term finance, short term finances, bank balances in saving accounts, net investment in ijarah finance, diminishing musharaka, murabaha investments and loans to employees. Short term investments, short term finances, murabaha investments, diminishing musharaka and balances in saving accounts are at variable rates, that expose the Modaraba to cash flow interest / profit rate risks. Long term loans to employees made at fixed rate expose the Modaraba to fair value interest / profit rate risk.

At the reporting date the interest / profit rate profile of the Modaraba's interest bearing financial instruments was:

	2018 Rupees	2017 Rupees
Fixed rate instruments		
Financial assets		
Loans to employees	858,497	1,556,881
Floating rate instruments		
Financial assets		
Murabaha investments	29,393,239	135,628,163
Ijarah rentals receivable	74,259,701	69,947,032
Cash and bank balances	51,653,789	49,707,521
Diminishing musharaka financing	22,394,416	36,596,274
Net investment in ijarah finance	17,230,714	32,922,381
Short term investments	30,895,000	-
Financial liabilities		
Long term finances	-	50,000,002
Short term finances	217,063,388	201,634,754

Fair value sensitivity analysis for fixed rate instruments

The Modaraba does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest / profit rate at the reporting date would not affect profit or loss of the Modaraba.

the uncertainty lurking in the economy. The situation is expected to stabilize once the new Govt. comes up with its definitive economic reform policies.

Financial sector, including the Modaraba sector, remained more or less steady, and under the prevailing economic conditions any notable recoveries form NPLs did not materialize. The sustainable performance of the sector would, however, depend on the growth of overall economy and rehabilitation of those industrial units where most of the sector's investments have been stuck up. Islamic financing is evolving continuously and gaining more and more ground each year. Hence financial Modarabas can also prosper by developing their own niche markets through innovation, technology and product development.

Going Concern Assumption

The Board, as a policy, ensured that the charge of provisioning on non-performing portfolio is in line with existing regulations. The deterioration of the quality of assets, comprising mainly of exposures in the textile sector booked long ago, attracted substantial provisions. In order to keep provisions at the stipulated level the Modaraba has therefore been incurring losses for last six years.

Due to losses, the Board of Directors of the parent bank, National Bank of Pakistan (NBP) on 21 April 2017 authorized the Management Company to explore various appropriate options for the cessation of the operations of the Modaraba and management company. The Board of the company presented an evaluation in this respect and based on which NBP Board in June 22, 2018 revised and reversed its earlier decision, and resolved that FNBM should be recapitalized with Rs.300 million at Rs.10 per certificate to enhance its paid up capital. For this an application is being filed with SECP seeking its approval for issuance of 30 million certificates at par, other than right issue, directly to NBP.

These financial statements have been prepared on going concern basis of accounting. Last year they were prepared on non-going concern basis. This year external auditors have only included an "emphasis of matter paragraph" in their audit report on going concern ability of FNBM on the basis of difference in current assets and liabilities, the mitigating factors are fully explained in note 1.2 to the financial statements.

Review of Operations:

During the period under review, the management remained focused only on recovery from non-performing portfolio. Several recovery suits that were earlier initiated against defaulter parties were decreed in FNBM's favor by the relevant Banking Courts, and their execution proceedings were underway. Some cash settlements with defaulter parties were also made. The regular portfolio performed well and generated income consistently.

The balance sheet size shrunk from Rs.508 million in the corresponding year to Rs.356 million this year. The Income from credit portfolio as well as the finance cost declined proportionately. Despite general inflation the operating expenses were kept under control and remained around Rs.15 Million which is almost same as last year. However the operating profit when coupled with a net charge of further provisioning / impairment amounting on account of reduction in the impact of FSVs of collaterals held against some old classified accounts, resulted in a net loss of Rs.8.1 million The loss per certificate accordingly remained at Rs.0.33 as against Rs.2.85 in the corresponding year.

FNBM ensures conformity with the Shariah compliance and Shariah audit mechanism for Modarabas. In this respect Sharia'h Advisor's report is attached. The amounts advised by the Sharia'h advisor to be paid as charity, has been credited to the charity account. During the year, an amount of Rs.0.4 Million was paid as charity to approved charitable institutions as per policy approved by the boardof directors.

Profit Distribution

Board in its meeting held on October, 02 2018 did not declare any dividends due to the aforementioned reasons.

Future Outlook:

Following the injection of fresh equity and improving on the past experience, the new business activity is planned to be focused mainly on small ticket financing of consumer/ commercial vehicles and standalone machinery/equipment to small and medium size enterprises.

The returns on new financing, coupled with recoveries from existing non-performing classified portfolio, are expected to enable FNBM to start paying dividends regularly in few years.

Corporate and Financial Reporting Framework:

- The financial statements, prepared by the management of the Modaraba, present fairly its state of affairs, the result of its operations, cash flows and changes in equity.
- Proper books of accounts of the Modaraba have been maintained.
- Accounting policies have been applied consistently, unless otherwise stated in financial statements, in preparation of financial statements and accounting estimates are based on reasonable and prudent judgment.
- International Financial Reporting Standards, International accounting standards, and Islamic Financial Accounting Standards as applicable to Modarabas in Pakistan, have been followed in preparation of financial statements.
- The system of internal control, which is sound in design is in place and is being continuously reviewed by internal audit. The process of review will continue and any weakness in controls will be removed.
- Board is of the view that Modaraba will be able to continue as going concern.
- There has been no material departure from the best practices of corporate governance as detailed in the listing regulations except for those specifically mentioned in the statement of compliance with the CCG.
- There are no statutory payments on account of taxes, duties, levies and charges, which are outstanding as on June 30, 2018 except those disclosed in the financial statements.
- During the year ended June 30, 2018 six (06), meetings of the Board of Directors were held. Besides (04) four Audit committee and One (01) HR Committee meetings were also held. Attendance by each directors is as follows:

37.1.8 The Modaraba manages credit risk and its concentration through diversification of activities to avoid undue concentration of risks with individuals, groups or specific industry segments. For this purpose, the Modaraba has established exposure limits for individuals and industrial sectors. Break-up of credit risk exposure by class of business is as follows:

37.2 Liquidity risk

Liquidity risk is the risk that the Modaraba will encounter difficulty in meeting its financial obligations as they fall due. Liquidity risk arises because of the possibility that the Modaraba could be required to pay its liabilities earlier than expected or difficulty in raising funds to meet commitments associated with financial liabilities as they fall due. The Modaraba's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or damage to the Modaraba's reputation. The following are the contractual maturities of financial liabilities, including interest / profit payments:

پر **NBP** کے بورڈ نے جون **2018** کو اپنے پہلے فیصلے پر نظر ثانی کرتے ہوئے تبدیل کر دیا اور **FNBم** کو **3** کروڑ سے ری کپیٹا لائیز کرنے کا فیصلہ کیا۔ اس کے لیے **SECP** کو **3** کروڑ روپے کے سرٹیفکیٹ جاری کرنے کی منظوری دینے کی درخواست ڈائریکٹری **NBP** کو دی جا رہی ہے۔ یہ مالی تفصیلات گونگ کنسرن کی بنیاد پر بنائی گئی ہیں۔ پچھلے سال یہ نان گونگ کنسرن کی بنیاد پر بنائی گئی تھی۔ اس سال آڈیٹر نے اپنی آڈٹ رپورٹ میں **FNBم** کے موجودہ اثاثہ جات اور قرضوں کے فرق کی بنیاد پر صرف "ایمفسٹر آف میٹر پیرا گراف" ڈالا ہے۔

آپریشنز کا جائزہ:

زیر جائزہ مدت کے دوران انتظامیہ کی توجہ غیر فعال پورٹ فولیو پر رہی۔ منع ریکوری مقدمے جو پہلے کئے گئے تھے پر **FNBم** کے حق میں فیصلہ آیا جن پر عملدرآمد جاری ہے۔ کچھ نقد وصولیاں بھی کی گئی۔ ریگولر پورٹ فولیو نے اچھی انکم سنسٹریٹ کی۔ بنیٹس شیٹ پچھلے سال کے **508** ملین روپے کے مقابلے میں **350** ملین روپے رہا۔ انکم اور فائنانس خرچہ بھی اسی تناسب سے نیچے آیا عمومی افراط زر کے باوجود آپریٹنگ اخراجات کو قابو میں رکھا گیا کچھ پرانے اکاؤنٹس کی **FSV** کم ہونے کی وجہ سے پرویزن اور ایمپائر منٹ ڈالنے پر آخر میں **8.1** ملین کا نقصان ہوا۔ نقصان فی سرٹیفکیٹ پچھلے سال کے **2.85** روپے کے مقابلے میں **0.033** روپے رہا۔

FNBم شریعہ کمپلائنس اور مضاربہ کے لیے شریعہ آڈٹ میکانزم کی تعمیل کو یقینی بناتا ہے۔ اس تناظر میں شریعہ ایڈوائزر کی رپورٹ کے ساتھ منسلک ہے۔ صدقہ کے طور پر **0.4** ملین روپے منظور شدہ خیراتی اداروں کو دیے گئے۔

بیرونی آڈیٹرز نے اپنی رپورٹ میں ایمفیسمز آف میٹر کا ایک پیرا گراف شامل کیا ہے جو **FNBم** کی جاری کاروباری قابلیت سے متعلق ہے۔ اس حوالے سے، بورڈ کا موقف وہی ہے جو مالی اسٹیٹمنٹس کے نوٹ 1.1 میں دیا گیا ہے۔

FNBم شریعہ کی تعمیل اور مضاربہ کے لیے شریعہ کے آڈٹ کے طریقہ کار کی یقین دہانی کرتا ہے۔ اس حوالے سے شریعہ مشیر کی رپورٹ لف ہے۔ دوران سال، مبلغ **0.400/-** ملین روپے کی رقم صدقہ خیراتی اداروں کو بمطابق پالیسی منظور کردہ بورڈ آف ڈائریکٹرز، بطور خیرات ادا کی گئی۔

منافع کی تقسیم:

بورڈ نے 30 ستمبر 2018 کو ہونے والی میٹنگ میں ڈیویڈنڈ کا اعلان نہیں کیا۔

مستقبل کا جائزہ

ایکویٹی کے آنے اور ماضی کے تجربات سے سیکھ کر نئی کاروباری سرگرمی کے مطابق بنیادی توجہ گڑبوں کے چھوٹے قرضوں پر مرکوز رکھی جائے گی۔ نئے قرضوں پر ریٹرن اور پرانے غیر معیاری قرضوں کے **FNBم** چند سالوں میں ڈیویڈنڈ دینا شروع کر دے گا۔

تجارتی اور مالی رپورٹنگ کا ڈھانچہ عمل

مضاربہ کی انتظامیہ کی جانب سے تیار کردہ مالی اسٹیٹمنٹس اس کے معاملات کو، عوامل کے نتائج کو، کیش فلو اور ایکویٹی میں تبدیلیوں کو جائز طور پر پیش کرتے ہیں۔ مضاربہ کے باقاعدہ کھاتے برقرار رکھے گئے ہیں۔

مالی اسٹیٹمنٹس کی تیاری میں اکاؤنٹنگ کی مناسب پالیسیاں مسلسل لاگو کی گئی ہیں اور اکاؤنٹنگ کے تخمینہ جات معقول اور محتاط فیصلوں پر مبنی ہیں۔

مالی اسٹیٹمنٹس کی تیاری میں پاکستان میں مضاربہ پر لاگو بین الاقوامی مالی رپورٹنگ اور اسلامی اکاؤنٹنگ کے معیار کی پیروی کی گئی ہے۔

اندرونی کنٹرول کا نظام اپنے ڈھانچے میں درست اور اس کا اطلاق اور نگرانی موثر طریقے سے کی گئی ہے۔

مضاربہ کے بطور مسلسل کاروبار جاری رہنے کی قابلیت میں کوئی خاطر خواہ شبہ نہ ہے۔

لسٹنگ کے قوانین میں تفصیلاً بیان کردہ کاروباری گورننس کے بہترین عمل میں کوئی قابل ذکر تبدیلی نہ ہوئی ہے۔

ٹیکسز، ڈیویڈنڈ، لیویز اور چارج کی مد میں 30 جون 2018 تک کی آئینی ادائیگیوں میں کوئی واجب الادا مطالبات نہ ہیں ماسوائے ان کے جو مالی اسٹیٹمنٹ میں بیان کیے گئے ہیں۔

30 جون 2018 کو اختتام پذیر ہونے والے سال میں بورڈ آف ڈائریکٹرز کی 6 میٹنگز منعقد ہوئیں۔ اس کے علاوہ آڈٹ کمیٹی کی 4 میٹنگز اور ایچ آر

کمیٹی کی ایک میٹنگ منعقد ہوئی۔ ہر ڈائریکٹر کی حاضری درج ذیل ہے:

نام	بورڈ	آڈٹ کمیٹی	ایچ آر کمیٹی
رحمت علی حسنی	5	N/A	N/A
سید جمال باقر	1	N/A	N/A
ارتضیٰ کاظمی	1	N/A	N/A
جناب خواجہ وحید رضا	6	N/A	1
جناب جمال نسیم	6	4	N/A
جناب محمد اقبال حسین	6	N/A	1
عامر امین	6	4	1
عباس اعظم	6	N/A	N/A

مسٹر عامر امین نے سال کے اختتام سے تھوڑا پہلے استعفیٰ دے دیا تھا۔ مسٹر محمد عمران ملک NBP کی طرف سے نامزد کیے گئے۔ انکی نامزدگی رجسٹرار کی منظوری سے مشروط تھی۔ رجسٹرار کی منظوری جون کے بعد وصول ہو گئی تھی۔

وہ ڈائریکٹرز جو کچھ بورڈ میٹنگز میں شرکت نہیں کر سکے انھیں غیر حاضری کی چھٹی دی گئی۔ CEO کا معاوضہ اور بورڈ آف ڈائریکٹرز کے Non-Executive ارکان کی میٹنگ فیس انتظامی کمیٹی NBMMCL کی جانب سے ادا کی گئی۔

سرٹیفکیٹ ہولڈرز کی ترتیب لاف ہذا ہے۔

آڈیٹرز

آڈٹ کمیٹی کی سفارش پر، بورڈ نے آپ کے موجودہ آڈیٹر ہارورٹھ حسین چودھری چارٹرڈ اکاؤنٹنٹس، جن کو ریاض احمد اینڈ کمپنی چارٹرڈ اکاؤنٹنٹس کی جگہ مقرر کیا گیا تھا، کی تقرری بطور آڈیٹرز برائے سال 30 جون 2019 منظور کی ہے، جو رجسٹر ارمضار کمپنیز و مضاربہ جات کی منظوری سے مشروط ہے۔

اعتراف

بورڈ اس موقع پر اپنے معزز سرٹیفکیٹ ہولڈرز، سکیورٹیز اینڈ ایکسچینج کمیشن آف پاکستان کا، پاکستان اسٹاک ایکسچینج لمیٹیڈ کا اور مضاربہ ایسوسی ایشن آف پاکستان کا ان کی مسلسل حمایت، رہنمائی اور سرپرستی کے لیے شکریہ ادا کرنا چاہتا ہے۔

Review Report on the Statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2017

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2017 (the Regulations) prepared by the Board of Directors of National Bank Modaraba Management Company Limited (the Management Company) for and on behalf of First National Bank Modaraba (the Modaraba) for the year ended June 30, 2018 in accordance with the requirements of regulation 40 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements, we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions and also ensure compliance with the requirements of section 208 of the Companies Act, 2017. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out procedures to assess and determine the Company's process for identification of related parties and that whether the related party transactions were undertaken at arm's length price or not.

Based on our review nothing has come to our attention, which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the Regulations as applicable to the Company for the year ended June 30, 2018.

Further, we highlight below instances of non-compliance with the requirements of the Regulations as reflected in the paragraph reference where these are stated in the Statement of Compliance:

Serial No.	Note Reference	Description
1	18	The CFO of the Modaraba does not hold the minimum qualification criteria as required by the Code of Corporate Governance.
2	19	The Chief Financial Officer and Company Secretary of the Modaraba is the same the person.

AUDITORS' REPORT TO THE CERTIFICATE HOLDERS

We have audited the annexed balance sheet of First National Bank Modaraba ("the Modaraba") as at June 30, 2018 and the related profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof (hereinafter referred to as the financial statements), for the year then ended and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

These financial statements are the Modaraba Company's (National Bank Modaraba Management Company Limited) responsibility who is also responsible to establish and maintain a system of internal control, and prepare and present the above said statements in conformity with the approved accounting standards as applicable in Pakistan and the requirements of the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980 (XXXI of 1980) and the Modaraba Companies and Modaraba Rules, 1981. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of any material misstatement. An audit includes examining on a test basis; evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting policies and significant estimates made by the Modaraba Company, as well as, evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion and, after due verification, we report that:

- a) in our opinion, proper books of accounts have been kept by the Modaraba Company in respect of the Modaraba as required by the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980 (XXXI of 1980) and the Modaraba Companies and Modaraba Rules, 1981;
- b) in our opinion;
 - (i) the balance sheet and profit and loss account together with the notes thereon have been drawn up in conformity with the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980 (XXXI of 1980) and the Modaraba Companies and Modaraba Rules, 1981, and are in agreement with the books of accounts and are further in accordance with the accounting policies consistently applied;
 - (ii) the expenditure incurred during the year was for the purpose of the Modaraba's business; and
 - (iii) the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects, terms and conditions of the Modaraba;
- c) in our opinion and to the best of our information and according to the explanations given to us, the balance sheet, profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof conform with approved accounting standards as applicable in Pakistan, and, give the information required by the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980 (XXXI of 1980) and the Modaraba Companies and Modaraba Rules, 1981, in the manner so required and respectively give a true and fair view of the state of the Modaraba's affairs as at June 30, 2018 and of the loss, comprehensive loss, its cash flows and changes in equity for the year then ended; and
- d) In our opinion, Zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Modaraba and deposited in the Central Zakat Fund established under Section 7 of that Ordinance.

We draw attention to Note 1.2 in the financial statements, which indicates that the Modaraba incurred a net loss of Rs 8.189 million during the year ended June 30, 2018, and as of that date the Modaraba's current liabilities exceeded its current assets by Rs. 122.871 million. As stated in Note 1.2, a material uncertainty exists that may cast significant doubt on the Modaraba's ability to continue as a going concern. Our opinion is not qualified in respect of this matter.

- 14.1 This represents diminishing musharaka financing arrangement entered for a term of three to four years. The Modaraba has provided financing to the extent of 23.69% to 90% of the value of musharaka assets. This financing is secured by first charge on all present and future fixed assets of the client, personal guarantee of directors, registered and equitable mortgage on properties, post dated cheques and joint ownership of musharaka assets. These carry profit at rates ranging between 9.35% to 14.02% (2017: 9.35% to 14.02%) per annum and are repayable on monthly basis.
- 14.2 The provision against doubtful diminishing musharaka financing has not been incorporated as the forced sale value of collaterally held assets is greater than the amount receivable from the respective parties.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2018

LEGAL STATUS AND NATURE OF BUSINESS

- 1.1 First National Bank Modaraba ("the Modaraba") is a multi-purpose, perpetual and multi-dimensional Modaraba formed under the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980 and Rules framed thereunder. The Modaraba is managed by National Bank Modaraba Management Company Limited (a wholly owned subsidiary of the National Bank of Pakistan (NBP)), incorporated in Pakistan under the repealed Companies Ordinance, 1984 (now the Companies Act, 2017) and registered with the Registrar of Modaraba Companies. The registered office of the Modaraba is situated at Ground Floor, National Bank of Pakistan, Regional Headquarters Building, 26-Mc Lagon Road, Lahore.

The Modaraba is listed on Pakistan Stock Exchange Limited (PSX). It commenced its operations on December 4, 2003 and is currently engaged in various Islamic modes of financing and operations including ijarah, musharaka and murabaha arrangements.

- 1.2 Going concern assumption

During the year, the Modaraba made loss before 'Modaraba Company's Management Fee' of Rs. 8.179 million (2017: Rs. 71.360). As at the reporting date, its current liabilities exceed its current assets by Rs. 122.862 million (2017: Rs. 183.394 million) and accumulated losses amount to Rs. 285.801 million (2017: Rs. 277.622 million). In purview of consistent losses the Registrar Modaraba has issued a show cause notice to the Modaraba as to why should the proceedings to wind up the Modaraba not be initiated in terms of Section 23(1)(ii)(b) of the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980. These factors indicate the existence of material uncertainties that cast significant doubts about the Modaraba's ability to continue as a going concern, and therefore, it may be unable to realize its assets and discharge its liabilities in the normal course of business.

The Modaraba's management has carried out an assessment of the going concern status of the Modaraba and believes that the preparation of these financial statements on going concern assumption is appropriate based on the following factors:

- National Bank of Pakistan has resolved in its meeting of Board of Directors dated June 22, 2018 to review and reverse its earlier decision of the cessation of the business of the Modaraba and recapitalize the Modaraba by injecting Rs. 300 million against the issuance of 30 million certificates of Rs. 10 each to be issued by the Modaraba as other than 'Right Issue' subject to the approval of concerned regulators (the SECP and PSX). This resolution was made public through corporate announcement on PSX dated July 13, 2018.
- Current liabilities of the Modaraba requiring cash outflow primarily relate to its creditors and other accrued liabilities. As the security deposits obtained against ijarah arrangements are likely to be adjusted against the residual values of the ijarah assets and NBP is likely to extend its continued support in terms of renewing the short term borrowing facilities, the Modaraba is not foreseeing any liquidity pressure. It is pertinent to mention that the Modaraba does not have to pay any other banking company / financial institution except for the NBP.
- The management of the Modaraba is in correspondence with the SECP regarding the issuance of 30 million certificates to NBP against Rs. 300 million as other than right issue and the Board of Directors of the Modaraba Management Company in their meeting held dated October 2, 2017 have resolved to proceed in the same manner and deposit relevant fees with the SECP for enhancing the paid up Certificate Capital.
- The management has sufficiently provided against the doubtful portfolios of ijarah, murabaha and musharakah clients of the Modaraba and the remaining portfolio is adequately covered against collaterals held by the management; the management does not foresee any further heavy provision to be incorporated in the financial statements. Moreover, the management has filed suits and is in process of obtaining decretal orders from courts to dispose off the assets helds by the Modaraba as collateral against its lendings.
- The management has prepared its business plan that would cater for modernizing the policies and procedures, revisiting the ijarah business for auto sector, introducing new islamic financial products, financing SMEs and raising finance from different sources.

Basis of Preparation

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards ("IFRSs") and the Islamic Financial Accounting Standards (IFASs) as are notified under the provisions of the Companies Act, 2017 and made applicable to Modarabas under the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980; and
- The requirements of the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980, the Modaraba Companies and Modaraba Rules, 1981; prudential regulations and directives issued by the Securities and Exchange Commission of Pakistan (the Modaraba Regulations).

Wherever, the requirements of the Modaraba Regulations differ from the requirements of these standards, the requirements of the Modaraba Regulations take precedence.

2.2 Accounting convention

These financial statements have been prepared under the historical cost convention except for the measurement of certain financial instruments at fair value in accordance with the requirements of IAS-39 (Financial Instruments: Recognition and Measurement) and at the overall contract price in accordance with IFAS-1 (Murabaha).

2.3 Functional and presentation currency

These financial statements are presented in Pak Rupees which is Modaraba's functional and presentation currency. All financial information presented in Pak Rupees has been rounded off to the nearest rupee unless otherwise stated.

Note 3
Use of Estimates and Judgments

The preparation of financial statements in conformity with approved accounting standards requires management to make judgments, estimates and assumptions that affect application of policies and reported amounts of assets, liabilities, income and expenses. These estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under circumstances, results of which form the basis of making judgment about carrying amounts of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

These estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which estimates are revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods.

Judgments made by the management that have significant effect on the financial statements and estimates with a significant risk of material adjustment in the next year are as under:

Ijarah assets and fixed assets in own use

The Modaraba reviews the useful lives of fixed assets, both under own use and ijarah arrangements, on regular basis. Any change in the estimate in future years might affect the carrying amounts of the respective items of fixed assets with a corresponding effect on the depreciation charge and impairment, if any.

Note 3, Use of Estimates and Judgments - Continued...

Ijarah rentals, musharaka and murabaha investments

Ijarah rentals, diminishing musharaka financing and murabaha investments are stated net of provision against doubtful receivables. Provision is recognized for ijarah rentals receivable, diminishing musharaka financing and murabaha investments in accordance with the Prudential Regulations for the Modarabas issued by the SECP and on subjective evaluation by the management. Bad debts are written off when identified.

Note 4

Changes in Accounting Standards, Interpretations and Pronouncements

4.1 Standards, interpretations and amendments to approved accounting standards which became effective during the year

IAS 7, "Statement of Cash Flows" has introduced an additional disclosure that will enable users of financial statements to evaluate changes in liabilities arising from financing activities.

4.2 Standards, interpretation and amendments to approved accounting standards that are not yet effective

The following standards, amendments and interpretations with respect to the approved accounting standards as applicable in Pakistan and relevant to the Modaraba, would be effective from the dates mentioned below against the respective standard or interpretation:

Standard or Interpretation		Effective Date (Period beginning on or after)
IFRIC 22	Foreign Currency Transactions and Advance Consideration	January 1, 2018
IFRS 9	Financial Instruments: Classification and Measurement	July 1, 2018
IFRS 15	Revenue from Contracts with Customers	July 1, 2018
IFRS 16	Leases	January 1, 2019
IAS 23	Borrowing costs	January 1, 2019

The Modaraba expects that such improvements to the standards will not have any material impact on the Modaraba's financial statements in the period of initial application; except for IFRS 9.

In addition to the above standards and amendments, improvements to various accounting standards have also been issued by the IASB. Such improvements are generally effective for accounting periods beginning on or after January 1, 2019.

Further, following new standards have been issued by IASB which are yet to be notified by the SECP for the purpose of applicability in Pakistan.

		Effective Date (Period beginning on or after)
-IFRS 14 'Regulatory Deferral Accounts'		January 1, 2016
-IFRS 17 'Insurance Contracts '		January 1, 2021

The Modaraba expects that such improvements to the standards will not have any material impact on the Modaraba's financial statements.

Note 5, 'Summary of Significant Accounting Policies - Continued...

5.19 Contingent liabilities

Contingent liability is disclosed when there is a possible obligation that arises from past events and whose existence is confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Modaraba.

A contingent liability is also disclosed when there is a present obligation that arises from past events but it is not probable that an outflow of resources embodying economic benefits would be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

5.20 Related party transactions

Transactions in relation to business activities with related parties are made at arm's length prices determined in accordance with the Modaraba's policy.

5.14 Revenue recognition

For lease (ijarah) agreements executed on or before June 30, 2008, the unearned finance income is deferred and amortized to income over the term of ijarah, applying the annuity method to produce a constant rate of return on net investment in ijarah. Unrealized ijarah income on potential lease losses is excluded from the income from ijarah operations in accordance with the requirements of the Prudential Regulations for Modaraba issued by the SECP.

For lease (ijarah) agreements executed on or after July 1, 2008 lease rentals are recognized as income on accrual basis, as and when the rental becomes due over the ijarah period.

The deferred murabaha income i.e. the excess of aggregate murabaha instalments over the cost of the asset under murabaha investment is deferred and then amortized over the term of the murabaha, so as to produce a constant rate of return on murabaha investment. Documentation charges, front-end fee and other murabaha income are recognized as income on receipt basis.

Return on deposits with banks is recognized on time proportionate basis.

Profit on diminishing musharaka financing is recognized under the effective mark up rate method based on the amount outstanding.

Income from fee and commission is recognized as and when it becomes due.

5.15 Taxation

5.15.1 Current

Provision for current taxation is based on taxable income at the current rates of taxation after taking into account tax credits available, rebates and exemptions, if any. Under clause 100 of Part – I of Second Schedule to the Income Tax Ordinance 2001, the income of non-trading modarabas is exempt from tax provided that not less than 90% of their profits are distributed to the certificate holders.

5.15.1 Deferred

Deferred tax is provided, using the balance sheet method, on all temporary differences at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts. Deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences to the extent that it is probable that the temporary differences will reverse in the future and taxable income will be available against which the temporary differences can be utilized.

5.16 Profit distribution

Profit distribution to certificate holders is recognized as a liability in the period in which such distribution is announced.

5.17 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (the Chief Executive Officer of the Modaraba). Segment results, assets and liabilities include items directly attributable to a segment. Segment capital expenditure is the total cost incurred during the year to acquire fixed assets and intangible assets.

5.18 Dividend

Dividends are recognized as a liability in the period in which these are declared.

Summary of Significant Accounting Policies

The significant accounting policies adopted in the preparation of these financial statements are set out below. These policies have been consistently applied to all periods presented, unless stated otherwise.

5.1 Cash and cash equivalents

Cash and cash equivalents are carried in the balance sheet at cost. For the purpose of cash flow statement, cash and cash equivalents consist of cash in hand and balances with banks.

5.2 Receivables

Receivables are due on normal trade terms. These are carried at original invoice amount less provision for doubtful debts, if any. Balances considered bad and irrecoverable are written off when identified.

5.3 Murabaha investment

Murabaha investments are stated net of provision. Provision is recognized for Murabaha investments in accordance with the time based criteria of the Prudential Regulations for Modarabas issued by the SECP and subjective evaluation of management. Outstanding balances are written off when there is no realistic prospect of recovery.

Murabaha receivable are recorded by the Modaraba at the invoiced amount and disclosed as such in the balance sheet. Purchases and sales under murabaha and the resultant profit are accounted for on the culmination of murabaha transaction.

The profit on that portion of sales revenue not due for payment are deferred by accounting for a debit to "unearned murabaha income" account with the corresponding credit to "deferred murabaha income" account and shown in the balance sheet as a liability.

5.4 Financial assets

Financial assets are classified into financial assets at fair value through profit or loss; loans and receivable; held-to-maturity investments and available-for-sale financial assets. When financial assets are recognized initially, they are measured at fair value plus, in the case of investments not at fair value through profit or loss, directly attributable transaction cost. The Modaraba determines the classification of its financial assets after initial recognition and, where allowed and appropriate, re-evaluates this designation at each financial year-end.

Financial assets are de-recognized when the Modaraba loses control of the contractual rights that comprise the financial asset. The Modaraba loses such control if it realizes the rights to benefits specified in contract, the rights expire or the Modaraba surrenders those rights.

5.4.1 Financial assets at fair value through profit or loss

Financial assets classified as held for trading are included in the category 'Financial assets at fair value through profit or loss'. Financial assets are classified as held for trading if they are acquired for the purpose of selling in the near term. Gain or losse on investments held for trading are recognised in the profit and loss account.

5.4.2 Held-to-maturity

Financial assets with fixed or determinable payments and fixed maturity, where the management has the intention and ability to hold till maturity, are classified as held to maturity and are stated at amortized cost.

5.4.3 Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. These are included in current assets, except for maturities greater than twelve months after the reporting date, which are classified as non-current assets. Loans and receivables comprise loans, deposits and other receivables in the balance sheet.

Note 5, 'Summary of Significant Accounting Policies - Continued...

5.4.4 Available-for-sale financial assets

Available-for-sale financial assets are non-derivatives that are either designated in this category or not classified in any of the other categories. These are included in non-current assets unless the management intends to dispose off these assets within twelve months from the reporting date.

5.5 Financial liabilities

Financial liabilities are classified according to the substance of the contractual arrangements entered into. Significant financial liabilities are secured deposits against ijarah (lease) assets, musharaka payable and other liabilities.

5.6 Recognition and derecognition of financial instruments

All financial assets and liabilities are recognized at the time when the Modaraba becomes a party to the contractual provisions of the instrument and are derecognized: in the case of asset, when the contractual rights under the instrument are derecognized, expired or surrendered: and in case of liability, when the obligation is discharged, cancelled or expired.

Any gain / (loss) on the recognition and derecognition of financial assets and liabilities is included in the profit / (loss) for the period in which it arises.

Assets and liabilities that are not of contractual nature and that are created as a result of statutory requirements are not financial instruments of the Modaraba.

5.7 Offsetting of financial assets and financial liabilities

A financial asset and a financial liability is offset and the net amount is reported in the balance sheet if the Modaraba has legally enforceable right to set off the recognized amount and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

5.8 Creditors, accrued and other liabilities

Creditors, accrued and other liabilities are measured at cost which is the fair value of the consideration to be paid in future for goods and services received whether billed to the Modaraba or not.

5.9 Diminishing musharaka financing

Diminishing musharaka financing is stated net of provision. Provision is recognized in accordance with Prudential Regulations for Modarabas issued by the SECP or on the estimate of management, whichever is higher. Bad debts are written off when identified.

5.10 Lease (ijarah) accounting

The Modaraba provides assets to its clients under ijarah agreements as approved by the Religious Board. Ijarah arrangements up to June 30, 2008 have been recorded in the books of accounts as finance lease in line with IAS-17 (Leases) and arrangements beginning on or after July 1, 2008 have been recorded in the books of accounts under IFAS-2 (Ijarah).

Under the ijarah arrangements up to June 30, 2008, amount due from lessees under finance leases are recorded as receivables at the amount of the net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the leases.

As per the requirements of IFAS-2, the Modaraba has presented assets subject to ijarah in its balance sheet according to the nature of the asset, distinguished from the assets in own use. Income from ijarah is recognized on accrual basis, unless another systematic basis is more representative of the time pattern in which benefit of use derived from the leased asset is diminished. Costs, including depreciation, incurred in earning the ijarah income are recognized as an expense.

Note 5, 'Summary of Significant Accounting Policies - Continued...

Net investment in ijarah is stated at present value of minimum ijarah payments. Impairment losses on non-performing ijarah are recognized at higher of provision required in accordance with the Prudential Regulations for Modarabas or at a level which in the judgment of the management is adequate to provide for potential ijarah losses. These losses can be reasonably anticipated as the difference between the carrying amount of receivables and present value of expected cash flows discounted at the rates implicit in the ijarah agreement.

5.11 Fixed assets

5.11.1 Fixed assets under ijarah arrangements

Assets given to customers under ijarah arrangements on or after 01 July 2008 are accounted for as operating lease and are stated at cost less accumulated depreciation and impairment loss, if any. Assets under ijarah arrangements are depreciated using the straight line basis over the shorter of ijarah term or asset's useful life. In respect of additions and transfer during the year, depreciation is charged proportionately to the period of ijarah.

5.11.2 Assets in own use - Tangible

Tangible fixed assets are stated at cost less accumulated depreciation and impairment loss, if any. Cost in relation to the assets comprises acquisition and other directly attributable costs. Subsequent costs are included in assets' carrying amounts when it is probable that future economic benefits associated with the item will flow to the Modaraba and the cost of the item can be measured reliably. Carrying amount of parts so replaced, if any, is derecognized. All other repairs and maintenance are charged to profit and loss as and when incurred. Gain / loss on disposals are carried to the profit and loss account in the year of disposal.

Depreciation is charged to profit and loss using the straight line method at the rates as specified in note 15 to these financial statements so as to write off the cost of assets over their estimated useful lives without taking into account any residual value. Depreciation on additions to the tangible fixed assets is charged from the month in which an asset is available for use while no depreciation is charged for the month in which the asset is disposed off.

Carrying amounts of the Modaraba's assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. If such an indication exists, the recoverable amount of such asset is estimated and impairment loss is recognized in the profit and loss account. Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised recoverable amount but limited to the extent of the initial cost of the asset. A reversal of the impairment loss is recognized as income in the profit and loss account.

5.11.3 Assets in own use - Intangible

Expenditure incurred on intangible asset is capitalized and stated at cost less accumulated amortization and any identified impairment loss. Intangible asset is amortized on straight line basis over a period of three years.

5.12 Provisions

Provisions are recognized when the Modaraba has a present, legal or constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits would be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the balance sheet date, taking into account the risks and uncertainties surrounding the obligation. Future operating losses are not provided for.

5.13 Borrowing costs

Borrowing costs on long term finances are capitalized up to the date of commissioning of respective qualifying assets acquired out of the proceeds of such long term finances. All other borrowing costs are recognized in profit and loss account.
