INDEPENDENT AUDITORS' REPORT TO THE MEMBERS ON REVIEW OF CONDENSED INTERIM FINANCIAL INFORMATION

Introduction

We have reviewed the accompanying condensed interim balance sheet of Dewan Automotive Engineering Limited ('the Company') as at 31 December 2016, and the related condensed interim profit and loss account, condensed interim statement of comprehensive income, condensed interim statement of cash flows and condensed interim statement of changes in equity together with the notes forming part thereof for the half year then ended (here-in-after referred to as the "condensed interim financial information"). Management is responsible for the preparation and presentation of this condensed interim financial information in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on this condensed interim financial information based on our review. The figures for the quarters ended 31 December 2016 and 31 December 2015 included in the condensed interim profit and loss account and condensed interim statement of comprehensive income have not been reviewed and we do not express a conclusion thereon.

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for adverse conclusion

- a) The condensed interim financial information for the period ended 31 December 2016 has been prepared on going concern assumption despite of the fact that the Company incurred loss after taxation of Rs.19.764 million as of that date it has accumulated losses of Rs.1,559.083 million which have resulted in net capital deficiency of Rs.1,166.899 million and its current liabilities exceeded its current assets by Rs.1,267.564 million and total assets by Rs.957.047 million and operations of the Company are closed. The Company is placed on defaulters' counter of Pakistan Stock Exchange Limited and trading of its shares was suspended. Furthermore, the Company has been unable to ensure timely repayments of its debts as well as creditors due to liquidity problems. These conditions lead us to believe that the going concern assumption used in preparation of these financial statements is inappropriate; consequently, the assets and liabilities should have been stated at their realizable and settlement amounts respectively.
- The Company has not made provision of markup for the period amounting to Rs.2.575 million (Up to 30 June 2016: Rs.57.816 million) (refer note 11) on account of restructuring proposal offered to the lenders as described in note 3 to the condensed interim financial information. Non-provisioning of markup is based on management's hope that the restructuring proposal will be accepted by lenders in the proposed manner. In our opinion, since the proposal has not been accepted by the lenders so far and the lenders, instead of accepting the restructuring proposal, have preferred filing suit against the Company, therefore the provision of markup should be made in these condensed interim financial information. Had the provision of markup been made in the condensed interim financial information, the loss after taxation

Page 1 of 2

would have been higher by Rs.2.575 million and markup payable would have been higher and shareholders' equity would have been lower by Rs.60.390 million.

- c) The liability for staff retirement benefits reflected in these condensed interim financial information amounting to Rs.16.445 million is not based on actuarial valuation as required by the International Accounting Standard - 19 'Employee Benefits' as actuarial valuation of the same has not been carried out during the period. In the absence of actuarial valuation, we are unable to quantify the financial effect that may have on this condensed interim financial information.
- d) The stock in trade amounting to Rs. 164.392 million is stagnant against which provision of slow moving and obsolescence to the extent of Rs. 125.295 million has been made in these financial statements. Since the operations of the Company are closed, therefore further provision for slow moving and obsolescence should be made in these condensed interim financial information. In the absence of exercise by the management to assess the usability and condition of the stocks the financial impact cannot be quantified.

Adverse conclusion

Our review indicates that, because of the significance of the matters discussed in paragraph (a) to (d) above, this condensed interim financial information is not prepared, in all material respects, in accordance with approved accounting standards as applicable in Pakistan.

Notes To The Condensed Interim Financial Information - (Un-audited) For The Half Year Ended 31 December 2016

THE COMPANY AND ITS OPERATIONS

Dewan Automotive Engineering Limited is a public Limited Company quoted on Pakistan Stock Exchange Limited (trading in defaulter counter). The Company's business is the assembly-cum progressive manufacture and sale of tractors, light commercial vehicles and motorcycles and trading / manufacturing of parts and implements related thereto. The Company was incorporated on May 6, 1982 and commenced commercial operations in August, 1983. The Company was taken over by Dewan Mushtaq Group in April 2004. The Company's registered office is located at 7th Floor, Block-A, Finance & Trade Centre, Shahrah-e-Faisal, Karachi.

BASIS OF PREPARATION

The interim condensed financial information is un-audited but subject to limited scope review by the auditors and is required to be presented to the share holders under section 245 of the ordinance and has been prepared in a condensed form in accordance with the requirements of the international accounting standard (IAS-34)"interim financial reporting" as applicable in Pakistan. The figures of the interim condensed profit and loss account for the quarters ended 31, December 2016 and 2015 have not been reviewed by the auditors of the company as they have reviewed the cumulative figures for the half year ended 31, December 2016 and 2015. The interim condensed financial information does not include all the information and disclosure required in the annual financial statements, and should be read in conjunction with the company's annual financial statements for the year ended June 30, 2016.

GOING CONCERN ASSUMPTION

The condensed interim financial information for the half year ended 31 December 2016 reflect that the Company has sustained a net loss after taxation of Rs.19.764 million (June 2016: Rs.64.807 million) and, as of that date it has accumulated losses of Rs.1,559.083 million (June 2016: Rs.1,542.161 million) which have resulted in net capital deficiency of Rs.1,166.899 million (June 2016: Rs.1,149.977 million) and its current liabilities exceeded its current assets by Rs.1,267.564 million (June 2016: Rs.1,261.998 million) and total assets by Rs.957.047 million (June 2016: Rs.939.110 million). The Company has been unable to ensure scheduled repayments of borrowings and to the creditors due to the liquidity problems. Following course, certain lenders has gone into litigation for repayment of liabilities through attachment and sale of the Company's hypothecated / mortgaged properties. These conditions indicate the existence of material uncertainty which may cast significant doubt about the Company's ability to continue as a going concern. therefore the Company may not be able to realize its assets and discharge its liabilities in normal course of business.

The Company has restructured its entire debts except one and also been paid as per term of restructuring agreements. The management is also confident that the outcome of the pending litigation will be positive as the Company is negotiating re-profiling of the debt with the lender. Therefore, the management is confident that the proposal will be accepted by the lender and pending litigations will be withdrawn. Accordingly, these condensed interim financial information have been prepared on a going concern basis.
