Directors' Report

The Board of Directors of your Company takes pleasure in presenting the un-audited condensed interim financial statements of the Company for the quarter ended September 30, 2019.

During the period under review the gross sales was Rs. Nil (Sep 2018: Rs. 0.349) million, gross loss is Rs. 37.601 (Sep 2018: Rs. 63.842) million and the after-tax loss is Rs. 47.562 (Sep 2018: Rs. 44.767) million.

The sale of local Car/SUV/LCV sector for the quarter ended September 30, 2019 has shown a decline of 41% as compared to the corresponding period of last year. Depreciation of Pak Rupee against US Dollar, higher interest rates resulting reduction in car financing, increase in Federal Excise Duty, higher input costs and economic slowdown in the country are the main reasons for the decline in growth. The Company is going through tough conditions and making best endeavors to survive. A number of recovery suits have been instituted by Banks/Financial Institutions alleging default of company which are being successfully defended by our counsels. The proposal of re-profiling of the Company's debts is expected to be completed very soon. After the restructuring of debt, the Company's operation will be normalized. In conclusion, we bow, beg and pray to Almighty Allah, Rahman-o-Rahim, in the name of our beloved Prophet, Muhammad (peace be upon him), for the continued showering of his blessings, guidance, strength, health and prosperity to us, our Company, our Country and the Nation, and also pray to Almighty Allah to bestow peace, harmony, brotherhood and unity in true Islamic spirit to the whole Muslim Ummah, Ameen, Summa-Ameen

A YOUSUF DEWAN COMPANY

Notes to the Condensed Interim Financial Statements For the quarter ended September 30, 2019 (Unaudited)

1 THE COMPANY AND ITS OPERATION

Dewan Farooque Motors Limited was incorporated in Pakistan on December 28, 1998 as a public limited company. The shares of the company are quoted on all the Pakistan stock exchanges in Pakistan. The principal activity of the Company is the assembly, progressive manufacturing and sale of vehicles in Pakistan.

The Company commenced commercial production through the interim facility from January 01, 2000. The main facility came into commercial operation from January 01, 2001.

On 01 August 2016, the company entered into an agreement with Daehan-Dewan Motor Company (Pvt.) Limited (a related party) for assembly of vehicles on contract basis. The company started Production on contract assembly basis from March 2018 and subsequently suspended temporarily.

The geographical Location and address of the company's business units, including mill/plant are as under:

The registered office of the Company is situated at Dewan Centre, 3-A, Lalazar Beach Luxury Hotel Road, Karachi while its manufacturing facilities is situated at Jilianabad, Budhu Talpur, District Sajawal, Sindh.

2 GOING CONCERN ASSUMPTION

The company incurred Loss after taxation of Rs.47.562 million during the period ended September 30, 2019. As of that date it has accumulated losses of Rs. 3.788 billion and its current liabilities including bank liabilities exceeded its current assets by Rs. 4.571 billion. However, excluding bank liabilities the current ratio is positive. Furthermore, cumulatively the company has not provided markup on its borrowings from banks and financial institutions amounting to Rs.5.795 billion. The working capital constraints resulted in closure of production activities leading to gross loss situation. Further, the company has been unable to ensure timely repayments of debts owing to financial institutions due to liquidity problems and the short term facilities have not been renewed by banks/financial institutions. Following course the lenders have gone into litigations for repayment of liabilities amounting to Rs. 6.884 billion through attachment and sale of Company's hypothecated /mortgaged properties. The restructuring proposal submitted by the company to lenders is in the process of negotiation and is expected to be approved in near future. These conditions indicates the existence of material uncertainty, which may cast significant doubt about company ability to continue as going concern.

These condensed interim financial statements have been prepared on going concern assumption because the above conditions are temporary and would reverse. The management is confident that the outcome will be positive as the company is negotiating reprofiling of the debt with all the lenders and is expected to be finalized in due course. Accordingly, the company has approached its lenders for the restructuring of its entire debt in the following manner:

- a) All the debt obligations of the company be converted into interest bearing long term loan in proportion to their respective current exposures;
- b) Principle to be repaid in 10 years inclusive of 1 year grace period.
- c) Mark-up payable as on December 31, 2008 to be frozen and paid quarterly over a period of three years commencing after 3 months from the restructuring date.

DEWAN FAROOQUE MOTORS LIMITED

The management believes that the restructuring proposal presented is workable and would enable the company to service its debts. Therefore, the management is confident that the proposal will be accepted by its lenders. Accordingly, these financial statements have been prepared on a going concern basis.

3 BASIS OF PREPARATION

- 3.1 This condensed interim financial information has been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting with the exception of departure of IFRS as mentioned in note 11, for which the management concludes that provisioning of mark up would conflict with the objectives of the financial statements.

- 3.4 The comparative financial position presented in this condensed interim financial information has been extracted from the audited annual separate financial statements of the Company for the year ended 30 June 2019, whereas the comparative condensed interim profit and loss account, condensed interim statement of comprehensive income, condensed interim cash flow statement and condensed interim statement of changes in equity are extracted from the unaudited condensed interim financial information for the period ended September 30, 2018.

4 ACCOUNTING POLICIES

- 4.1 The accounting policies and methods of computation adopted in the preparation of this condensed interim financial information are the same as those applied in the preparation of audited annual separate financial statements of the Company for the year ended 30 June 2019.
- 4.2 Amendments to certain existing standards and interpretations on approved accounting standards effective during the period were not relevant to the Company's operations and did not have any impact on the accounting policies of the Company except where changes affected presentation and disclosures in this condensed interim financial information.

10 CONTINGENCIES AND COMMITMENTS

Contingencies

There is no material change in the contingencies and commitments since the last audited financial statements as at June 30, 2019 as disclosed the banks/Financial institutions have filed suits aggregate amounting to Rs. 6.884 billion .

11 FINANCE COST

During the period ended September 30, 2019 the Company has not provided the markup on Long term and short term borrowing from banks and financial institutions to the extent of Rs. 179.782 million. The management is hopeful that the decision of the court will be in favor of the Company and the restructuring proposal will be accepted by the lenders. However had the Company provided this amount in the financial statements during the year the loss of the Company would have been increased by Rs. 179.782 million and consequently the Share holders equity would have been lower and accrued markup would have been higher by Rs.5.795 billion. The said non provisioning is the contravention with the requirements of IAS 23 "Borrowing Costs".
