# Directors' Report

The Directors of your company are pleased to present the financial statements for the half year ended 31 December 2019.

Pakistan's economy is showing signs of recovery as the structural reforms agenda of the current Government aimed at addressing the macroeconomic imbalances has started to take effect. Reduction in current account deficit, declining bond yields in anticipation of lower expected inflation, and improvement in foreign exchange reserves are indicative of some improvement in the economic environment.

The bailout package negotiated with the International Monetary Fund has brought in fiscal and monetary discipline, however, at a cost of a slower pace of economic growth. The PKR USD parity, based on market determined exchange rate has shown improvement during the last 3 months and is now at Rs. 155 / USD, an improvement of 5% over June 2019. The State Bank of Pakistan has kept the policy rate stagnant at 13.25% in the last two monetary policies. The high policy rate continues to dampen the demand in the already weak economy and resulting in higher financial charges for the industry. This also increased financial charges for the period to Rs. 1,326 million as compared to Rs. 584 million in the same period last year.

To counter weak demand in the domestic economy, your Company has focused on strengthening existing export markets and developing new ones, which is in line with the strategy to diversify the sales. Resultantly, export sales of the Company rose to Rs. 4.3 billion as compared to Rs. 1.3 billion during the same period last year. The domestic sales decreased by 13%, and stood at Rs. 25.1 billion.

The continuing economic challenges had an impact on the margins and net profitability of the Company for the half year ended 31 December 2019. The net profit after tax and earnings per share stood at Rs. 466 million and Rs. 1.07 per share respectively compared to Rs. 1,748 million and Rs. 4.02 per share for the same period last year.

We extend our gratitude to all our stakeholders for their continued support and thank management and staff for their commitment and hard-work.

We pray to Almighty Allah for the continued success of your Company.

Yousuf Hussain Mirza  
Chief Executive Officer

Towfiq H. Chinoy  
Chairman

Karachi: 27 January 2020

# ڈائریکٹر رپورٹ

آپ کی کمپنی کے ڈائریکٹر کی جانب سے 31 دسمبر 2019 کو ختم ہونے والے سال کیلئے کمپنی کی ششماہی رپورٹ بعد مجموعی مالی حسابات بمسرت پیش کیا جا رہا ہے۔

حکومت کی جانب سے پاکستانی معیشت کے بنیادی ڈھانچے کی اصلاحات کی نتیجے میں اب بحالی کے امکانات نظر آ رہے ہیں اور ملک کے بڑے اقتصادی توازن میں بہتری آئی نظر آ رہی ہے۔ حالیہ کرنٹ اکاؤنٹ خسارے میں کمی، کم متوقع افراط زر کے باعث بانڈ کے محاصل میں کمی، زرمبادلہ کے ذخائر میں بہتری معاشی ماحول میں بہتری کے اشارے ہیں۔

بین الاقوامی مالیاتی فنڈ کے ساتھ بات چیت کے نتیجے میں حاصل ہونے والے نیل آؤٹ پیکیج سے ملک میں مالی اور مالیاتی نظم و ضبط آیا ہے، ہرچند کہ اس دوران معاشی نمو کی رفتار سست رہی۔ مارکیٹ میں طے شدہ زرمبادلہ کی شرح کی بنیاد پر پاکستانی روپے اور امریکی ڈالر میں گزشتہ 3 ماہ کے دوران بہتری دیکھنے میں آئی ہے اور یہ جون 2019 کے مقابلے میں 5 فیصد کی بہتری کے ساتھ 155 روپے فی امریکی ڈالر ہے۔ اسٹیٹ بینک آف پاکستان نے پچھلی دو ماہی پالیسیوں میں شرح سود کو 13.25 فیصد پر مستحکم رکھا ہے۔ زیادہ شرح سود پہلے سے کمزور معیشت میں طلب کو گھٹا رہی ہے اور اس کے نتیجے میں صنعتوں پر زیادہ فنانشل چارجز لاگو ہو رہے ہیں۔ اس سے اس مدت کے دوران فنانشل چارجز بھی بڑھے جو گزشتہ سال اسی عرصے کے 584 ملین روپے کے مقابلے میں 1,326 ملین روپے تھے۔

ملکی معیشت میں کمزور ڈیمانڈ کا مقابلہ کرنے کیلئے آپ کی کمپنی نے موجودہ برآمدی مارکیٹوں کو مستحکم کرنے اور نئی مارکیٹوں کی تلاش پر توجہ دی ہے جو برآمدی فروخت میں بہتری کی حکمت عملی کے عین مطابق ہے۔ نتیجتاً، کمپنی کی برآمدی فروخت بڑھ کر جو گزشتہ سال اسی عرصے کے 1.3 بلین روپے کے مقابلے میں 4.3 ارب روپے رہی۔ ملکی فروخت میں 13 فیصد کی واقع ہوئی، اور یہ 25.1 بلین روپے رہی۔

حالیہ معاشی چیلنجوں کا اثر 31 دسمبر، 2019 کو ختم ہونے والی ششماہی کے لیے کمپنی کی بچت اور خالص منافع پر پڑا۔ کمپنی کا بعد از ٹیکس خالص منافع اور فی شیئر آمدن گزشتہ سال اسی مدت کے 1,748 ملین روپے اور 4.02 روپے فی شیئر کے مقابلے میں 466 ملین روپے اور 1.07 روپے فی شیئر رہی۔

ہم اپنے تمام اسٹیک ہولڈرز کی جانب سے ان کی مسلسل حمایت کے لئے ان کے ممنون ہیں اور کمپنی کی انتظامیہ اور عملے کے ان کے عزم اور محنت کے لئے شکر گزار ہیں۔

ہم اللہ تعالیٰ سے آپ کی کمپنی کی مسلسل کامیابی کے لئے دعا گو ہیں۔

# Independent Auditor's Review Report

## To the members of International Steels Limited Report on review of Condensed Interim Financial Statements

### Introduction

We have reviewed the accompanying condensed statement of financial position of International Steels Limited ("the Company") as at 31 December 2019 and the related condensed statement of profit or loss, condensed statement of comprehensive income, condensed statement of cash flows, and condensed statement of changes in equity, and notes to the condensed interim financial information for the six-months period then ended (here-in-after referred to as the "interim financial statements"). Management is responsible for the preparation and presentation of this interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these interim financial statements based on our review.

### Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements is not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

### Other matter

The figures for the quarter ended 31 December 2019 and 31 December 2018 in the interim financial statements have not been reviewed and we do not express a conclusion on them.

The engagement partner on the engagement resulting in this independent auditors' review report is Muhammad Taufiq.

# Notes to the Condensed Interim Financial Statements (Un-audited)

For the six months ended 31 December 2019

## 1. STATUS AND NATURE OF BUSINESS

International Steels Limited ('the Company') was incorporated on 03 September 2007 as a public unlisted company limited by shares under the repealed Companies Ordinance, 1984 and is domiciled in the province of Sindh. The Company was listed on the Pakistan Stock Exchange Limited on 01 June 2011. The Company is subsidiary of International Industries Limited (Holding Company) which holds 245,055,543 (30 June 2019: 245,055,543 shares) shares of the Company as at 31 December 2019 representing 56.3% (30 June 2019: 56.3%) of the shareholding of the Company.

The net assets of the Steel Project Undertaking of International Industries Limited (the Holding Company), amounting to Rs. 4,177.167 million determined as at 23 August 2010 (day immediately preceding the completion date) in accordance with the Scheme of Arrangement, were transferred to the Company on 24 August 2010. In consideration of transferring to and vesting the Steel Project Undertaking in the Company, 417,716,700 fully paid-up ordinary shares were issued at par value to the Holding Company.

The primary activity of the Company is the business of manufacturing of cold rolled, galvanized and colour coated steel coils and sheets. The Company commenced commercial operations on 01 January 2011. The registered office of the Company is situated at 101, Beaumont Plaza, 10 Beaumont Road, Civil Lines, Karachi - 75530.

The manufacturing facility of the Company is situated at 399-405, Rehri Road, Landhi Industrial Area, Karachi and having sales offices located at Lahore, Islamabad and Multan.

## 2. BASIS OF PREPARATION

### 2.1 Statement of compliance

**2.1.1** These condensed interim financial statements of the Company have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:

- International Accounting Standard (IAS) 34 'Interim Financial Reporting' issued by the International Accounting Standard Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where the provisions of and directives issued under the Companies Act, 2017 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017 have been followed.

**2.1.2** These condensed financial statements do not include all the information required for full annual financial statements and should be read in conjunction with the audited annual financial statements of the Company as at and for the year ended 30 June 2019.

**2.1.3** The comparative condensed statement of financial position presented in these condensed interim financial statements have been extracted from the audited annual financial statements of the Company for the year ended 30 June 2019, whereas the comparative condensed statement of profit or loss, condensed statement of comprehensive income, condensed statement of cash flows and condensed statement of changes in equity are extracted from the unaudited condensed interim financial statements for the period ended 31 December 2018.

**2.1.4** These condensed interim financial statements are un-audited and are being submitted to the shareholders as required by listing regulations of Pakistan Stock Exchange vide section 237 of the Companies Act, 2017.

### 2.2 Basis of measurement

These condensed interim financial statements have been prepared under the historical cost convention except for the Company's liability defined benefit plan (gratuity) which is determined on the present value of defined benefit obligations less fair value of plan assets determined by an independent actuary, land & buildings at revalued amounts assessed by an independent valuer and derivative financial instruments which are stated at fair value.

### 2.3 Functional and presentation currency

These condensed interim financial statements are presented in Pakistani Rupees which is also the Company's functional currency and all financial information presented has been rounded-off to the nearest thousand Rupee except where stated otherwise.

# Notes to the Condensed Interim Financial Statements (Un-audited)

For the six months ended 31 December 2019

## 3. SIGNIFICANT ACCOUNTING POLICIES

**3.1** The accounting policies and the methods of computation adopted in the preparation of these condensed interim financial statements are the same as those applied in the preparation of the audited financial statements for the year ended 30 June 2019 except for the adoption of new standards effective as of 01 July 2019 as referred to in note 3.4 to these condensed interim financial statements.

## **3.2 New standards, interpretations and amendments adopted by the Company**

The Company has adopted IFRS 16 'Leases' from 01 July 2019. The impact of the adoption of the standard and the new accounting policies are disclosed in note 3.4 below. A number of other new standards are effective from 01 July 2019 but they do not have a material effect on the Company's condensed interim financial statements.

## **3.3 Standards, interpretations and amendments to published approved accounting standards that are not yet effective**

The following International Financial Reporting Standards (IFRS Standards) as notified under the Companies Act, 2017 and the amendments and interpretations thereto will be effective for accounting periods beginning on or after 01 January 2020:

- Amendment to IFRS 3 'Business Combinations' – Definition of a Business (effective for business combinations for which the acquisition date is on or after the beginning of annual period beginning on or after 01 January 2020). The IASB has issued amendments aiming to resolve the difficulties that arise when an entity determines whether it has acquired a business or a group of assets. The amendments clarify that to be considered a business, an acquired set of activities and assets must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create outputs. The amendments include an election to use a concentration test. The standard is effective for transactions in the future and therefore would not have an impact on past financial statements.
- Amendments to IAS 1 'Presentation of Financial Statements' and IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' (effective for annual periods beginning on or after 01 January 2020). The amendments are intended to make the definition of material in IAS 1 easier to understand and are not intended to alter the underlying concept of materiality in IFRS Standards. In addition, the IASB has also issued guidance on how to make materiality judgments when preparing their general purpose financial statements in accordance with IFRS Standards.
- On 29 March 2018, the International Accounting Standards Board (the IASB) has issued a revised Conceptual Framework for Financial Reporting which is applicable immediately contains changes that will set a new direction for IFRS in the future. The Conceptual Framework primarily serves as a tool for the IASB to develop standards and to assist the IFRS Interpretations Committee in interpreting them. It does not override the requirements of individual IFRSs and any inconsistencies with the revised Framework will be subject to the usual due process – this means that the overall impact on standard setting may take some time to crystallise. The companies may use the Framework as a reference for selecting their accounting policies in the absence of specific IFRS requirements. In these cases, companies should review those policies and apply the new guidance retrospectively as of 01 January 2020, unless the new guidance contains specific scope outs.
- Interest Rate Benchmark Reform which amended IFRS 9, IAS 39 and IFRS 7 is applicable for annual financial periods beginning on or after 01 January 2020. The G20 asked the Financial Stability Board (FSB) to undertake a fundamental review of major interest rate benchmarks. Following the review, the FSB published a report setting out its recommended reforms of some major interest rate benchmarks such as IBORs. Public authorities in many jurisdictions have since taken steps to implement those recommendations. This has in turn led to uncertainty about the long-term viability of some interest rate benchmarks. In these amendments, the term 'interest rate benchmark reform' refers to the market-wide reform of an interest rate benchmark including its replacement with an alternative benchmark rate, such as that resulting from the FSB's recommendations set out in its July 2014 report 'Reforming Major Interest Rate Benchmarks' (the reform). The amendments made provide relief from the potential effects of the uncertainty caused by the reform. A company shall apply the exceptions to all hedging relationships directly affected by interest rate benchmark reform. The amendments are not likely to affect the financial statements of the Company.
- IFRS 14 'Regulatory Deferral Accounts' - (effective for annual periods beginning on or after 01 July 2019) provides interim guidance on accounting for regulatory deferral accounts balances while IASB considers more comprehensive guidance on accounting for the effects of rate regulation. In order to apply the interim standard, an entity has to be rate regulated – i.e. the establishment of prices that can be charged to its customers for goods or services is subject to oversight and/or approved by an authorized body. The term 'regulatory deferral account balance' has been chosen as a neutral descriptor for expense (income) or variance account that is included or is

# Notes to the Condensed Interim Financial Statements (Un-audited)

For the six months ended 31 December 2019

expected to be included by the rate regulator in establishing the rate(s) that can be charged to customers and would not otherwise be recognized as an asset or liability under other IFRSs. The standard is not likely to have any effect on Company's financial statements.

## 3.4 Changes in accounting policies

The below explains the impact of the adoption of IFRS 16 'Leases' on the Company's condensed interim financial statements different to those applied in prior periods.

### 3.4.1 IFRS 16 'Leases'

The Company has adopted IFRS 16 'Leases' from 01 July 2019. IFRS 16 has introduced a single, on-balance sheet accounting model for lessees. As a result, the Company, as a lessee, has recognized right-of-use assets representing its rights to use the underlying assets and lease liabilities representing its obligations to make lease payments.

#### A. Definition of a lease

Previously, the Company determined at contract inception whether an arrangement is or contains a lease under IFRIC 4 'Determining whether an Arrangement contains a Lease'. Under IFRS 16, the Company determines whether a contract is or contains a lease based on the definition of a lease.

On transition to IFRS 16, the Company elected to apply the practical expedient to grandfather the assessment of which transactions are leases. It applied IFRS 16 only to contracts that were previously identified as leases. Contracts that were not identified as leases under IAS 17 and IFRIC 4 were not reassessed for whether there is a lease. Therefore, the definition of lease under IFRS 16 was applied only to contracts entered into or changed on or after 01 July 2019.

#### B. As a lessee

As a lessee, the Company previously classified leases as operating leases based on its assessment of whether the lease transferred significantly all of the risks and rewards incidental to ownership of the underlying asset to the Company. Under IFRS 16, the Group recognises right-of-use assets and lease liabilities for most leases, i.e. these leases are on-balance sheet. The Company has elected to apply the IFRS 16 requirements on the rented properties only. Low value assets, if there any, are and shall remain excluded from its application. The Company shall recognize the lease payments associated with any low value assets as an expense on a straight-line basis over the lease term.

##### i. Significant accounting policies

The Company recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, and subsequently at cost less any accumulated depreciation and impairment losses, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease, or the Company's incremental borrowing rate.

The lease liability is subsequently increased by the interest cost on the lease liability and decreased by lease payment made. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, a change in the estimate of the amount expected to be payable under a residual value guarantee, or as appropriate, changes in the assessment of whether a purchase or extension option is reasonably certain to be exercised or a termination option is reasonably certain to be exercised.

The Company has applied judgement to determine the lease term for some lease contracts in which it is a lessee that includes renewal options. The assessment of whether the Company is reasonably certain to exercise such options impacts the lease term, which significantly affects the amount of lease liabilities and right-of-use assets recognized.

##### ii. Transition

Previously, the Company classified property leases as operating leases under IAS 17. The lease typically runs for a period of 3 to 10 years. Some leases include an option to renew the lease for an additional five years after the end of the non-cancellable period. Some leases provide for additional rent payments that are based on changes in local price indices.

At transition, lease liabilities were measured at the present value of the remaining lease payments discounted at the Company's incremental borrowing rate as at 01 July 2019. The right-of-use assets were measured at the amount of

# Notes to the Condensed Interim Financial Statements (Un-audited)

For the six months ended 31 December 2019

lease liability, adjusted by the amount of prepaid lease payments recognised in the statement of the financial position immediately before the date of initial application.

The impact of adoption of IFRS 16 on the condensed statement of financial position as at 31 December 2019 is as follows:

	31 December 2019	01 July 2019
	(Rupees in '000)	
Right of use assets	130,655	152,996
Lease liabilities	137,786	152,996

## 4. ACCOUNTING ESTIMATES, JUDGEMENTS AND FINANCIAL RISK MANAGEMENT

- 4.1** The preparation of condensed interim financial statements in conformity with accounting and reporting standards, as applicable in Pakistan, requires management to make judgments, estimates and assumptions that affect the application of the accounting policies and the reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.
- 4.2** The significant judgements made by management in applying the Company's accounting policies and the key sources of estimating the uncertainty were the same as those that applied to the audited annual financial statements as at and for the year ended 30 June 2019, except for those related to IFRS 16 as explained in note 3.4.1.
- 4.3** The financial risk management objectives and policies adopted by the Company are consistent with those disclosed in the audited annual financial statements as at and for the year ended 30 June 2019.

## 5. PROPERTY, PLANT AND EQUIPMENT

	Operating assets	Capital work in progress	Right-of-use assets	Total

		<b>13,112,275</b>	<b>10,191,219</b>

**13.1** The facilities for short term finance available from various commercial banks are for the purpose of meeting working capital requirements. The rate of mark-up on these finances ranges from 13.44% to 14.85% (30 June 2019: 7.12% to 13.90%) per annum.

**13.2** The Company has obtained short term finance facility under Export Refinance Scheme of the State Bank of Pakistan from a commercial bank. The rate of mark-up on this facility ranges from 2.75% to 3% (30 June 2019: 2.5% to 3%) per annum.

**13.3** The Company has obtained facility for short term finance under FE25 loan scheme. The rate of mark-up is 3% per annum.

**13.4** The Company has obtained facilities for short term finance under Running Musharakah. The rate of mark-up ranges from 13.74% to 14.61% (30 June 2019: 7.12% to 13.10%) per annum. This facility matures within twelve months and is renewable.

**13.5** The Company has obtained facilities for short term finance under Term Murabaha. The rate of mark-up is 13.25% (30 June 2019: 13.25%) per annum. This facility matures within twelve months and is renewable.

**13.6** The Company has obtained short term finance facility under Islamic Export Refinance Scheme of the State Bank of Pakistan from a commercial bank. The rate of mark-up on this facility is 3% per annum.

**13.7** As at 31 December 2019, the unavailed facilities from the above borrowings amounted to Rs. 6,540 million (30 June 2019: Rs. 11,459 million).

**13.8** The above facilities are secured by way of joint pari passu charge over current and future moveable assets of the Company.

## 14. CONTINGENCIES AND COMMITMENTS

### 14.1 Contingencies

Description of the factual basis of the proceedings and relief sought	Name of the court	Principal parties	Date instituted
<b>14.1.1</b> The Sindh Finance Act, 1994 prescribed an infrastructure fee at the rate of 1% of the C&F value of all goods entering or leaving the province of Sindh via sea or air. The Sindh High Court on petition filed by the petitioner, passed an interim order directing that every company subsequent to 27 December 2006 is required to clear the goods on paying 50% of the fee amount involved and furnishing a guarantee / security for the balance amount. Bank guarantees issued as per the above mentioned interim order amount to Rs.1,211.5 million (30 June 2019: Rs. 1,111.5 million), have been provided to the Department. However, a provision to the extent of amount utilized from the limit of guarantee has also been provided for by the Company on prudent basis (Note 10.2). Subsequently through Sindh Finance Act 2015 and 2016, the legislation has doubled the rate of Sindh infrastructure cess. The Company has obtained stay against these and the ultimate dispute has been linked with the previous infrastructure cess case.	Sindh High Court	I.S.L. v/s Secretary Excise and Taxation / Federation of Pakistan	15-May-12

# Notes to the Condensed Interim Financial Statements (Un-audited)

For the six months ended 31 December 2019

Description of the factual basis of the proceedings and relief sought	Name of the court	Principal parties	Date instituted
<p><b>1412</b> In 2011, the Gas Infrastructure Development Cess was levied via GIDC Act 2011 and further the rate of cess was amended via Finance Bill 2012 - 2013 which was challenged in the Supreme Court of Pakistan. The Supreme Court of Pakistan declared GIDC Act 2011 to be unconstitutional and ultra vires on the grounds that GIDC is a 'Fee' and not a 'Tax' and in the alternative it is not covered by any entry relating to imposition or levy of tax under Part-I of the Federal Legislative list and on either counts the 'cess' could not have been introduced through a money bill under the Constitution.</p> <p>During 2015, the Government passed a new law 'Gas Infrastructure Development Cess Act 2015' ('the Act'), by virtue of which all prior enactments have been declared infructuous. The said Act levies GIDC at Rs. 100 per MMBTU on industrial consumption and Rs. 200 per MMBTU on captive power consumption, effective 01 July 2011. The Company has obtained a stay order on the retrospective application of the Act from the Sindh High Court. The Company is confident of favorable outcome and therefore has not recorded, to the extent of self consumption, a provision of Rs. 380.8 million (from 01 July 2011 till 22 May 2015) in these financial statements. However, the Company made a provision of GIDC to the extent of its self consumption from May 2015 onwards. On 26 October 2016, the Sindh High Court held that enactment of GIDC Act 2015 is ultra-vires to the Constitution of Pakistan. Sui Southern Gas Company Limited has filed an intra-court appeal before the Divisional Bench of Sindh High Court. This appeal filed before the Divisional Bench of Sindh High Court was dismissed on the ground that Learned Single Judge while passing the impugned judgement has considered all the material facts and also the relevant provisions of Oil and Gas Regulatory Authority (OGRA) and has correctly applied the factual position. On 31 May 2017, separate petition filed by another company in the Peshawar High Court challenging the vires of the GIDC Act 2015 was dismissed for the reason that the Act has been passed by the Parliament strictly in accordance with the legislative procedures contained in the Constitution of Pakistan and therefore no procedural defect in the Act which could be made as a ground for its annulment. Such decision has been challenged on appeal before Supreme Court of Pakistan, where in the Company is not the party and decision is pending. In light of aforementioned developments, the Company on prudent basis, continue to recognise provision after the passage of the Act.</p> <p>Further the Company has not recognized GIDC amounting to Rs. 986 million (2019: Rs. 935 million) pertaining to period from 01 July 2011 to 31 December 2019 with respect to its captive power plant from which power generation is supplied to K-Electric Limited. Management considers that, in the event such levy is imposed, it shall recover GIDC from K-Electric Limited through fuel adjustments after getting requisite approval from National Electric Power Regulatory Authority (NEPRA).</p>	Sindh High Court	I.S.L v/s OGRA / SSGC / Federation of Pakistan	8-Jan-12
<p><b>1413</b> Oil and Gas Regulatory Authority (OGRA) revised the gas tariff to Rs. 600 Per MMBTU vide its notification dated 30 December 2016, increasing the rate by Rs. 112 per MMBTU disregarding the protocol laid down in OGRA Ordinance, 2002. The Company filed a suit before the Sindh High Court (the Court) challenging the increase in gas tariff. The Court granted a stay, subject to submission of security for the differential amount with the Nazir of the court. The Company has issued cheques amounting to Rs. 424.8 million (30 June 2019: Rs. 424.8 million) in favour of the Nazir of the Court upto September 2018. The Company, on prudent basis, has also accrued this amount in these financial statements. OGRA has further revised the gas tariff to Rs. 780 per MMBTU vide its notification dated 04 October 2018, further increasing the rate by Rs. 180 per MMBTU. The Company has filed a petition before the court challenging such further revision and the matter is partially heard. Pending the decision on the matter, the Company is settling the bills at the revised rate.</p>	Sindh High Court	I.S.L v/s OGRA / SSGC / Federation of Pakistan	19-Jan-17

## 25. OPERATING SEGMENTS

- 25.1** These condensed interim financial statements have been prepared on the basis of a single reportable segment.
- 25.2** Revenue from sales of steel products represents 99% (30 June 2019: 99%) of total revenue whereas remaining represents revenue from sale of surplus electricity to K-Electric Limited (KE). The Company does not consider sale of electricity to KE as separate reportable segment as the power plant of the Company is installed primarily to supply power to its Cold Rolling, Galvanizing and Colour Coating Plants and currently any excess electricity is sold to KE.
- 25.3** 85% (30 June 2019: 93.88%) of sales of steel sheets are domestic sales whereas 15% (30 June 2019: 6.12%) of sales are export / foreign sales.

## 26. MEASUREMENT OF FAIR VALUES

Management engages an independent external expert / valuer to carry out valuation of its non-financial assets (i.e. Land and Building) and obtains rate from financial institution to value derivative financial instruments. Involvement of external valuers is decided by management. Selection criteria includes market knowledge, reputation, independence and whether professional standards are maintained.

When measuring the fair value of an asset or a liability, the Company uses valuation techniques that are appropriate in the circumstances and uses observable market data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

For assets and liabilities that are recognised in the financial statements at fair value on a recurring basis, the management recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred. There were no transfers between different levels of fair values mentioned above.

The fair value of land and building on freehold land are determined by an independent valuer based on price per square meter and current replacement cost method adjusted for depreciation factor for existing assets in use. The resulting fair value is a level 3 fair value measurement.

The following table provides the fair value measurement hierarchy of the Company's assets and liabilities measured at fair value:

Assets measured at fair value	Date of valuation	Valuation approach and inputs used	Inter-relationship between significant unobservable inputs and fair value measurement
Revalued property, plant and equipment - Land and Building	30 June 2019	The valuation model is based on price per square meter and current replacement cost method adjusted for depreciation factor for the existing assets in use. In determining the valuations for land and buildings, the valuer refers to current market conditions, structure, current replacement cost, sale prices of comparable land in similar location adjusted for differences in key attributes such as land size and inquires with numerous independent local estate agents / realtors in the vicinity to establish the present market value. The fair valuation of land and building are considered to represent a level 3 valuation based on significant non-observable inputs being the location and condition of the assets.	The fair value are subject to change owing to changes in input. However, management does not expect material sensitivity to the fair values arising from the non-observable inputs.

# Notes to the Condensed Interim Financial Statements (Un-audited)

For the six months ended 31 December 2019

Management assessed that the fair values of cash & cash equivalent and short-term deposits, other receivable, trade receivables, trade payables, short term borrowing and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments. For long term deposit assets and long term liabilities management considers that their carrying values approximates fair value.

## 27. GENERAL

### 27.1 Corresponding figures

Corresponding figures have been rearranged and reclassified, wherever necessary, for the purposes of comparison and better presentation. There have been no rearrangements and reclassifications in these condensed interim financial statements except for the reclassification of recovery from sale of scrap from cost of sales to sales.

### 27.2 Date of authorization for issue

These condensed interim financial statements were authorised for issue by the Board of Directors on 27 January 2020.

Dr. Amjad Waheed
