# Directors' Report

In the name of Allah, the Most Beneficent, the Most Gracious, the Most Merciful. On behalf of the Board of Directors of Sitara Chemical Industries Limited, We are pleased to present the un-audited condensed interim financial statements of the Company for the half year ended December 31, 2019.

#### Business Overview:

During the period under review, your company has recorded net sales of Rs. 6,083 million and gross profits of Rs. 1,196 million as compared with net sales of Rs. 6,162 million and gross profits of Rs. 1,380 million in the corresponding period of the last year witnessing a decline of 1.28% in net sales and 13.33% in gross profit. Profit after tax stood at Rs. 244 million as compared with Rs. 543 million during the corresponding period last year translating into earning per share of Rs. 11.37 and Rs. 25.35 respectively.

As reported in our last director's report, cost of sales remained on the higher side due to hike in WAPDA tariff after withdrawal of Industrial Relief Package on off-peak hours' consumption and levy of Quarterly Tariff Adjustment and Distribution Margin Charges by Govt. Though per mmbtu price of RLNG in dollar term remained on the lower side as compared with corresponding period of the last year but the benefit of the reduced tariff could not come to industry due to devaluation of Pak rupees against US\$. However, some relief was recorded due to decrease in coal prices in international market compared with corresponding period of last year, which was partly off-set after Pak rupee devaluation. Continuing in the second quarter of the current financial year, no system gas was provided to industry which was available in the corresponding period of the last year. Though selling prices of caustic and yarn were increased to some extent to compensate against increased cost of production, yet the full cost could not be recovered due to prevalent economic conditions of industry in Pakistan being not conducive enough to warrant such decision. Financial cost of the company remained on the higher side due to prevalent high interest rates during the period under review.

Volumetric sale of caustic and yarn during the period under review remained under stress compared with the volumetric sales of the corresponding period of last year due to overall slow-down in economic environment of the country. In view of these factors, gross margins and earning per share remained low. However, we hope that economic conditions of the country will improve in the remainder part of the current financial year.

#### Future Outlook:

As reported in directors' report on the first quarter results of the on-going financial years that Board of Directors of your company have approved setting up a Soap Noodles Plant of production capacity of 35,000 MT per year as a part of its corporate diversification strategy. We are pleased to inform our valued shareholders that major LCs of the Plant & Machinery have been opened with banks and their delivery is expected before the close of second half of the next financial year, while the plant will come into operation in 3rd quarter of the next financial year (INSHA'ALLAH). Planning for civil work is also in progress. We hope that this project will add to the profitability of the company and increase shareholders' wealth in the years to come. Furthermore, your company is actively evaluating number of options to have alternate, reliable and cheaper source of electricity in the wake of high electricity and RLNG tariffs, to add value to the company.

Any increase in international coal prices, electricity tariff, RLNG prices, further increase in interest rates, and further devaluation of Pak rupee against US dollar etc. are key challenges being faced by the Company.

#### Acknowledgments:

We take this opportunity to thank our valued business partners and stakeholders for their continued support, trust and assistance for the progress and prosperity of the Company. Company also appreciates its staff for their continuous dedication, commitment and support.

Muhammad Adrees Chief Executive Officer February 17, 2020 Faisalabad.

#### INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS ON REVIEW OF CONDENSED INTERIM FINANCIAL STATEMENTS

#### Introduction

We have reviewed the accompanying condensed interim statement of financial position of Sitara Chemical Industries Limited (the Company) as at December 31, 2019, the related condensed interim statement of profit or loss, condensed interim statement of comprehensive income, condensed interim statement of changes in equity, and condensed interim statement of cashflows and notes to the financial statements for the six month period then ended (here-in-after referred to as the "condensed interim financial statements"). Management is responsible for the preparation and presentation of these condensed interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these condensed interim financial statements based on our review. The figures of the condensed interim statement of profit or loss and the condensed interim statement of comprehensive income for the three-month period ended December 31, 2019 and related comparative information have not been reviewed, as we are required to review only the cumulative figures for the six month period ended December 31, 2019.

#### Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410. "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial statements as at December 31, 2019 and for the six month period then ended, is not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

Textile Division Manufacturing of yarn and fabric

1.2 These condensed interim financial statements are presented in Pak Rupee, which is the Company's functional and presentation currency.

#### 2 BASIS OF PREPARATION

- 2.1 These condensed interim financial statements of the Company for the six months period ended December 31, 2019 have been prepared in accordance with the International Accounting Standard - 34 "Interim Financial Reporting" provisions of and directives issued under the Companies Act, 2017. In case where requirements differ, the provisions of or directives issued under the Companies Act, 2017 have been followed.
- 2.2 These condensed interim financial statements should be read in conjunction with annual audited financial statements for the year ended June 30, 2019. Comparative statement of financial position is extracted from annual audited financial statement for the year ended June 30, 2019, whereas comparative statement of profit or loss, comparative statement of comprehensive income, comparative statement of changes in equity and comparative of statement of cash flows are stated from un-audited condensed interim financial statements for the six months period ended December 31, 2018.
- 2.3 These condensed interim financial statements are un-audited. However, a limited scope review has been performed by statutory auditor of the Company in accordance with Section 237 of Companies Act, 2017 and they have issued their review report thereon.
- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, ACCOUNTING ESTIMATES, JUDGMENTS AND RISK MANAGEMENT

The significant accounting policies and methods of computation adopted in preparation of these condensed interim financial statements are the same as those applied in preparation of the annual audited financial statements of the Company for the year ended June 30, 2019 except rate of depreciation of Plant and Machinery which has been reduced from 10% to 7.5% after revaluation and reassessment of asset useful life.

#### 3.1 Changes in accounting standards

The following changes in accounting standards have taken place effective from January 01, 2019:

#### 3 1 1 IFRS 16 - Lease

IFRS 16 - Lease (IFRS 16) replaced various standards and guidance including 'IAS 17 'Lease'. IFRIC 4 'Determine whether an Arrangement contains a Lease', SIC 15 'Operating Lease -Incentives' and SIC 27 'Evaluating the Substance of Transactions in the Legal Form of Lease'.

IFRS 16 was issued in January 2016 and is effective for annual periods commencing on or after 1 January 2019. IFRS 16 stipulates that all leases and the associated contractual rights and obligations should generally be recognized in the condensed interim financial statements, unless the term is 12 months or less or the lease is for a low value asset. Thus, the classification required under IAS 17 'Leases' into operating or finance leases is eliminated for lessees. For each lease, the lessee recognizes a liability for the lease obligations to be incurred in the future. Correspondingly, a right of use leased asset is capitalized at an amount which is generally equivalent to the present value of the future lease payments plus any directly attributable costs. This amount is amortized over the period by the lower of lease term or useful life of the assets unless the lease transfers ownership of the underlying asset to the lessee by the end of lease term or if the cost of right of use asset reflect that the lessee will exercise a purchase option, in which case, the lessee will depreciate the right of use asset from the commencement date to the end of the useful life of underlying assets.

The Company has determined that the adoption of IFRS 16 does not have any impact on the Company's condensed interim financial statements for the period ended December 31. 2019.

#### 7.3 FAIR VALUE OF FINANCIAL INSTRUMENTS

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as Prices) 'or indirectly (that is, derived from prices).

Level 3 - Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs).

The following table presents the fair value hierarchy for financial assets which are carried at fair value:
