## **Pakistan Limited**

## **Directors' Report**

The Directors are pleased to present accounts of the Company for the nine months ended March 31, 2020.

#### **Business Review**

During the 3rd quarter ended March 31, 2020, sales have shown a minor growth of 6.3% as compared to the corresponding quarter of 2019. However, the cost of sales has decreased by 7.2% during the quarter ended March 31, 2020. Further with the continuation of the Company policy to channelized sales discount to the end customer at a minimum level as well as strict cost controls, your company has achieved the gross profit margin of 31.5% as compared to 21.5% in the same quarter last year.

Selling and distribution expenses have decreased by 3.1% due to reduction in promotional activities for existing as well as new products. Administrative expenses have increased by 10.8% which are in line with the current inflation in Pakistan. Other income of the company has reduced by 20.5%; however, the recent depreciation of Pak Rupee in the month of March 2020 has increased our other expenses by 8 times from the corresponding quarter due to booking of marked to market exchange losses for Japanese loan.

The Company has closed this quarter on the same earning per share of Rs. 0.09 which was there in the corresponding quarter of 2019. Nevertheless, the earning per share for the nine months ended March 31, 2020 is Rs. 4.09 against the loss per share of Rs. (6.33) during the corresponding period of nine months ended March 31, 2019.

#### **Future Outlook**

With the rise of Pandemic COVID-19 and the spillover effects from the global recession on under developing countries like Pakistan. We foresee a dull economic activity as well as adverse impact on the supply chain during the fourth quarter to be ended June 30, 2020 with some relief measures from the government as well. Despite the unfavorable business and economic condition, the Company and its staff is highly committed to not only fight against COVID-19 but also to achieve the targets for sales and profitability.

Mehtabuddin Feroz Director Hanif Sattar Chief Executive Officer

On behalf of the Board

## NOTES TO AND FORMING PART OF THE CONDENSED INTERIM FINANCIAL INFORMATION (UNAUDITED) FOR THE NINE MONTHS ENDED MARCH 31, 2020

#### 1. THE COMPANY AND ITS OPERATIONS

1.1 Otsuka Pakistan Limited (the Company) was incorporated in Pakistan as a public limited company under the repealed Companies Ordinance, 1984 (now Companies Act, 2017) and is listed on the Pakistan Stock Exchange Limited. The registered office of the Company is situated at 30-B, S.M.C.H. Society, Karachi in the province of Sindh, Pakistan. It is engaged in the manufacturing, marketing and distribution of intravenous infusions and trading in pharmaceutical products, nutritional foods and medical equipment. The Company is an indirect subsidiary of Otsuka Pharmaceutical Company Limited, Japan.

The geographical location and address of the Company's business units, including mill / plants, is as under:

Karachi	Purpose	Hub	Purpose
30-B, S.M.C.H. Society, Karachi	Head office	F/4-9, H.I.T.E., Hub, Balochistan, Hub Industrial And Trading Estate Hub, Las Bela, Balochistan	,

#### 2 BASIS OF PREPARATION

#### 2.1 Statement of compliance

These condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:

- International Accounting Standard 34: "Interim Financial Reporting" (IAS 34), issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where the provisions of and directives issued under the Companies Act, 2017 differ from the requirements of IAS-34, the provisions of and directives issued under the Companies Act, 2017 have been followed.

The disclosures made in these condensed interim financial statements have, however, been limited based on the requirements of IAS-34. These condensed interim financial statements do not include all the information and disclosures which are required in a full set of financial statements and should be read in conjunction with the annual audited financial statements of the Company for the year ended June 30, 2019. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the financial position and performance since the last financial statements of the Company.

These condensed interim financial statements are unaudited.

The comparatives in the condensed interim statement of financial position as at March 31, 2020 have been extracted from the audited financial statements of the Company for the year ended June 30, 2019, whereas, the comparatives in the condensed interim statement of profit or loss, condensed interim statement of comprehensive income, condensed interim statement of changes in equity and condensed interim statement of cash flows have been extracted from the unaudited condensed interim financial statements of the Company for the Nine month ended March 31, 2019.

#### 2.2 Basis of measurement

These condensed interim financial statements have been prepared under the historical cost convention except that obligations in respect of certain staff retirement benefits are carried at present value of defined benefit obligation less fair value of plan assets (for which the last valuation was carried out on June 30, 2019) and stock-in-trade is carried at the lower of cost and net realizable value.

#### 2.3 Functional and presentation currency

These condensed interim financial statements have been presented in Pak Rupees which is the functional and presentation currency of the Company.

#### 3. SIGNIFICANT ACCOUNTING AND RISK MANAGEMENT POLICIES, ESTIMATES AND JUDGMENTS

#### 3.1 Significant accounting policies

3.1.1 The significant accounting policies and the methods of computation adopted in the preparation of these condensed interim financial statements are the same as those applied in the preparation of the annual audited financial statements for the year ended June 30, 2019 except for certain changes in accounting policies as stated in note 3.1.2 below.

#### 3.1.2 Changes in accounting policies due to adoption of certain standards

The following change in accounting policy has taken place effective from July 01, 2019 due to adoption of IFRS 16 'Leases', which became effective for the Company from July 01, 2019.

In January 2016, the IASR published the new standard for lease accounting, IERS 16 'I eases', which replaces the existing rules contained in IAS 17 'Leases', IFRIC 4 'Determining Whether an Arrangement Contains a Lease', SIC-15 'Operating Leases – Incentives' and SIC-27 'Evaluating the Substance of Transactions Involving the Legal Form of a Lease'. The new standard is to be applied for annual periods beginning on or after January 1, 2019. The standard introduces a single lease accounting model, by removing the distinction between operating and finance lease and requiring the recognition of a right-of-use asset (for granted rights of use of the underlying asset) and a lease liability representing its obligation to make lease payments at commencement for all leases, except for short-term leases and leases of low value assets. It eliminated the requirement if IAS 17 for lessee to classify lease contracts as either operating leases — without recognizing the respective assets or liabilities — or as finance leases. However, IFRS 16 contains optional recognition exemptions. As in the previous standard, IAS 17, lessors still have to differentiate between finance and operating leases.

In addition, leasing expenses are no longer presented as operating cash outflows in the statement of cash flows, but instead are included as part of the financing cash outflow. Interest expense from the newly recognized lease liability are presented in cash flow from operating activities. The Company applied IFRS 16 for the first time as of July 01, 2019, retrospectively and without restating the prior-year figures, accounting for the aggregate amount of any transition effects by way of an adjustment to equity and presenting the comparative period in line with previous rules. In this connection, various practical expedients can be applied as of the transition date for lease agreements in which Company is the lessee. The Company used the exemption available under IFRS 16 for the rental agreements which are due to be expired within 12 months from the initial application (i.e. July 01, 2019) and the Company has exercised the option of exempting intangible assets from the scope of application of IFRS 16, accordingly, the adoption of IFRS 16 does not have any significant impact on these condensed interim financial statements

However, in the annual financial statements, the Company will apply IFRS 16 to the rental agreements to be entered during the remaining part of the year, on which following effects are anticipated: instead of the minimum lease payments arising from operating leases being presented under other financial commitments, application of IFRS 16 will increase noncurrent assets by requiring the recognition of rights of use assets. Similarly, financial liabilities will be increased by recognition of the corresponding lease liabilities. In the statement of profit or loss, the amortization of rights of use of assets and the interest expense for the liabilities will be recognized in place of the expenses for operating leases. In the statement of cash flows, IFRS 16 will probably lead to an improvement in the operating cash flows by reducing cash outflows for operating activities, while the repayment component of

The changes laid down by above standard do not have any significant impact on these unconsolidated condensed interim financial statements of the Company.

#### 3.2 Financial risk management

The Company's financial risk management objective and policies are consistent with those disclosed in the annual audited financial statements of the Company for the year ended June 30, 2019.

#### 3.3 Fair value of financial asset and liabilities

The carrying value of financial assets and financial liabilities reported in these condensed interim financial statements approximates their fair values.

#### 3.4 Estimates and Judgements

Estimates and judgments made by management in the preparation of these condensed interim financial statements are same as those applied in the preparation of the annual audited financial statements of the Company for the year ended June 30, 2019.

The Company enters into transactions with related parties for the sale of its products, purchase of raw materials, finished goods and spare parts for rendering of certain services. In addition, the Company has also entered into financing arrangement with the group company. Sales to related parties represent sales made to Hospital Supply Corporation which is the sole distributor of the Company's products in the southern region. The Company allows discount to the distributor on trade price based on the agreed terms. Purchases from related parties primarily represent purchase of raw materials and finished goods from Otsuka group companies.

Key management personnel are those persons having authority and responsibility for planning, directing and controlling the activities of the Company. The Company considers all members of their management team, including the Chief Executive Officer and working directors to be its key management personnel.
