#### Directors' Review Report For the nine month period ended March 31, 2020

The Board of Directors of ORIX Leasing Pakistan Limited (OLP / the Company) is pleased to present the unaudited condensed interim financial information for the nine months ended March 31, 2020.

Pakistan is facing tough economic challenges due to the spread of the Coronavirus pandemic. The consequent lockdown is severely affecting all major sectors including exports and small and medium businesses. To ease stressed cash flows and improve liquidity for businesses, The State Bank of Pakistan has reduced the policy rate by 4.25% to 9% and allowed financial institutions to defer repayments from borrowers. The Securities and Exchange Commission of Pakistan has also introduced similar regulations for Non-Bank Finance Companies. A new loan facility of USD 1.4 billion from IMF and deferment of loan repayments by IMF, World Bank and G20 Countries should help the Country to weather the current crisis.

#### Financial Highlights and Business Review

|   | Nine months period ended |               |  |  |
|---|--------------------------|---------------|--|--|
|   | March                    | March         |  |  |
|   | 2020                     | 2019          |  |  |
|   |                          |               |  |  |
|   | Ruj                      | pees          |  |  |
| Profit before taxation                                | 968,086,745              | 1,086,331,678 |  |  |
| Taxation  | 284,720,484              | 321,956,453   |  |  |
| Net profit for the period after taxation              | 683,366,261              | 764,375,225   |  |  |
| Earnings per share – basic and diluted                | 4.09                     | 4.58          |  |  |
| Issued, subscribed and paid-up capital (shares of Rs. | 1,670,549,020            | 1,670,549,020 |  |  |
| 10 each)  |                          |               |  |  |

Profit from operations before provision and taxation was 10% higher at Rs. 1,017 million (March 2019: Rs. 923 million). However, Profit Before Tax of Rs. 968 million was 11% lower than Rs. 1,086 million earned in the corresponding period last year. The reduction was primarily due to a Rs. 163 million reversal in provisioning in the prior period due to adoption of a statistical based provisioning methodology. Another contributing factor was provisioning of Rs. 49 million in the current period due to rising overdue accounts. Profit after tax, at Rs. 683 million (March 2019: Rs. 764 million) was also lower by 11%.

Disbursements were curtailed and amounted to Rs. 8,743 million for the period, 15% lower as compared to Rs. 10,285 million disbursed in the corresponding period of FY2019. Commencement of the lockdown in March 2020 also contributed to lower disbursements.

Total revenue increased by 14% to Rs. 3,479 million (March 2019: Rs. 3,061 million) despite the decrease in lease and loan portfolio from Rs. 22.6 billion in June 2019 to Rs. 20.9 billion as on March 31, 2020. This was mainly the result of a sharp rise in interest rates throughout most of the reporting period.

Higher interest rates in the Country were also reflected in finance cost of Rs. 1,437 million (March 2019: Rs. 1,113 million) being 29% higher than last year.

Administrative and general expenses at Rs. 899 million were controlled and, despite inflationary pressure, were just 1% higher than Rs. 887 million incurred in the corresponding period of FY2019.

Overdue accounts have risen in last few months and the pandemic is likely to impact default rate further. On a conservative basis, provision for bad debts of Rs. 49 million was recorded during the first nine months of FY2020. In the same period last year, a reversal of Rs. 163 million was made due to adoption of a statistical based provisioning methodology.

Conditions remain fluid and while it is still early to predict the eventual economic impact of the pandemic, the Company is conducting an extensive impact / mitigation assessment of its portfolio to determine the possible repercussions on provisioning and future cash flows. The full implications of the lockdown and its impact on the Company's profits for the current financial year would be more visible over the next few months. It remains to be seen whether Government measures would prove sufficient for bringing businesses back on track. OLP is also making full efforts to ensure the health and safety of its employees by adopting prudent measures for keeping the business running.

#### Performance of the Group

In compliance with section 227 of the Companies Act 2017, attached with this report is the consolidated condensed interim financial information of OLP and its subsidiaries (the Group) namely – ORIX Services Pakistan (Private) Limited and ORIX Modaraba – for the nine month period ended March 31, 2020.

#### Financial Highlights of the Group's Performance are as follows:

|   | Nine months period ended |               |  |
|---|--------------------------|---------------|--|
|   | March March              |               |  |

The annexed notes 1 to 27 form an integral part of these unconsolidated condensed interim financial statements.

**Chief Executive Officer** 

Director

## ORIX Leasing Pakistan Limited NOTES TO AND FORMING PART OF THE UNCONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED)

For the nine months period ended March 31, 2020

#### 1 LEGAL STATUS AND OPERATIONS

ORIX Leasing Pakistan Limited ("the Company") was incorporated in Pakistan as a private limited company on July 01, 1986 under the repealed Companies Ordinance, 1984 (now Companies Act, 2017) and was converted into a public limited company on December 23, 1987. The Company is listed on the Pakistan Stock Exchange Limited. The registered office of the Company is situated at Islamic Chamber of Commerce Building, Clifton, Karachi. The Company is licensed to carry out Investment Finance Services as a Non-Banking Finance Company (NBFC) under the Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 issued by the Securities and Exchange Commission of Pakistan (SECP).

The Pakistan Credit Rating Agency Limited (PACRA) has assigned a long-term rating of AA+ and a short-term rating of A1+ to the Company on March 04, 2020.

#### 2 BASIS OF PREPARATION

#### 2.1 Statement of compliance

These unconsolidated condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of International Accounting Standard 34 " Interim Financial Reporting" issued by the International Accounting Standards Board and Islamic Financial Accounting Standards (IFASs) issued by the Institute of Chartered Accountants of Pakistan (ICAP) as are notified under the Companies Act, 2017, the requirements of Companies Act, 2017, the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance and Notified Entities Regulations, 2008 (the NBFC Regulations) and the directives issued by the SECP. In case the requirements differ, the provisions of and directives issued under the NBFC Rules, the NBFC Regulations, the Companies Act, 2017 and the directives issued by the SECP prevail.

#### 2.2 Basis of measurement

These unconsolidated condensed interim financial statements have been prepared under the historical cost convention except for the following:

- Leasehold land and office building is stated at revalued amounts;
- Financial instruments are stated at fair value:
- Obligation in respect of staff gratuity is measured at present value of defined benefit obligation;
- Non-current assets classified as held-for-sale are valued at lower of carrying amount and fair value less cost to sell; and
- Investments in associates are valued using equity method.
- 2.3 These unconsolidated condensed interim financial statements do not include all the statements required for a full set of financial statements and should be read in conjunction with the annual published unconsolidated audited financial statements of the Company for the year ended June 30, 2019.
- 2.4 The comparative statement of financial position presented in these unconsolidated condensed interim financial statements has been extracted from the annual published unconsolidated audited financial statements of the Company for the year ended June 30, 2019, whereas the comparative statement of profit or loss, statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flow are stated from the unconsolidated unaudited condensed interim financial statements for the period ended March 31, 2019.
- 2.5 These unconsolidated condensed interim financial statements have been presented in Pakistani Rupees, which is the functional currency of the Company.

#### 3 SIGNIFICANT POLICIES, ESTIMATES, ASSUMPTIONS AND CHANGES THEREIN

3.1 The accounting policies adopted in the preparation of these unconsolidated condensed interim financial statements are the same as those applied in the preparation of the annual published unconsolidated audited financial statements of the Company for the year ended June 30, 2019 except for the following:

#### 3.1.1 Adoption of IFRS 16 - Leases

During the period, IFRS 16 - "Leases" became applicable to the Company. IFRS 16 replaces existing guidance on accounting for leases, including IAS 17 "Leases", IFRIC 4 - "Determining whether an Arrangement contains a Lease", SIC-15 - "Operating Leases - Incentive", and SIC-27 - "Evaluating the Substance of Transactions Involving the Legal Form of a Lease". IFRS 16 introduces an on-balance sheet lease accounting model for leases by the lessee. The lessee recognises a right-of-use asset representing its right of using the underlying asset and a corresponding lease liability representing its obligations to make lease payments. Lessor accounting remains similar to the current standard i.e. lessors continue to classify leases as either finance or operating lease.

The Company has adopted IFRS 16 from July 1, 2019 using the modified retrospective restatement approach and has not restated comparatives for the 2019 reporting period, as permitted under the specific transitional provisions in the standard.

On adoption of IFRS 16, the Company has recognised liabilities in respect of leases which were previously classified as operating leases in respect of rented premises under IAS 17. These liabilities are initially measured as the present value of the remaining lease payments, discounted using the Company's incremental weighted average borrowing rate applicable as of July 1, 2019. The lease liabilities are subsequently measured at amortised cost using the effective interest rate method. Lease liabilities against right-of-use assets as at July 1, 2019 and March 31, 2020 are as follows:

|   | March 31,<br>2020 | July 1,<br>2019 |
|---|-------------------|-----------------|
|   | (Rup              | ees)            |
| Lease liability against right-of-use assets | 127,169,031       | 126,411,006     |

On adoption of IFRS 16, the associated right-of-use assets of rented premises were measured at the amount equal to the lease liability, adjusted by the amount of prepaid lease payments recognised in the unconsolidated condensed interim statement of financial position immediately before the date of initial application.

The right-of-use asset recognised subsequent to the adoption is measured based on the initial amount of the lease liability adjusted for any lease payments made on or before the commencement date, plus any initial direct costs incurred. The right-of-use asset is depreciated on a straight line basis over the lease term and reduced by impairment losses, if any, and adjusted for certain remeasurements of lease liability.

|  | March 31,<br>2020 | July 1,<br>2019               |
|--|-------------------|-------------------------------|
| The recognised right-of-use asset relate to the following type of asset:   | (Rupe             | es)                           |
| Rented premises  | 122,032,142       | 132,115,778                   |
| The effect of this change in accounting policy is as follows:              |                   |                               |
| Impact on Unconsolidated Condensed Interim Statement of Financial Position |                   |                               |
| Increase in fixed assets - right-of-use assets                             | 122,032,142       | 132,115,778                   |
| Decrease in advances and prepayments                                       | (4,245,412)       | (5,704,772)                   |
| Increase in taxation - net   | 2,720,867         | -                             |
|  | 120,507,597       | 126,411,006                   |
| Increase in lease liability against right-of-use asset                     | 127,169,031       | 126,411,006                   |
| Decrease in net assets   | (6,661,433)       | -                             |
| Impact on Unconsolidated Condensed Interim Statement of Profit or Loss     |                   | March 31,<br>2020<br>(Rupees) |
| Increase in mark-up-expense - lease liability against right-of-use asset   |                   | (12,308,315)                  |
| Increase in depreciation on right-of-use asset                             |                   | (17,644,342)                  |
| Decrease in rent expense   |                   | 20,570,357                    |
| Decrease in profit before taxation   |                   | (9,382,300)                   |
| Decrease in taxation - net   |                   | 2,720,867                     |
| Decrease in profit after taxation  |                   | (6,661,433)                   |

Earnings per share for the nine months ended March 31, 2020 decreased by Rs. 0.004 per share as a result of the adoption of IFRS 16

The Company has used a single discount rate methodology for a portfolio of leases with similar characteristics. The Company has opted not to recognise right-of-use asset for low value leases. The payments associated with such leases are recognised as an expense on a straight line basis over the lease term.

- 3.2 The preparation of these unconsolidated condensed interim financial statements in conformity with accounting and reporting standards requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities and income and expenses. Estimates, assumptions and judgments are continually evaluated and are based on historical experience and other factors, including reasonable expectations of future events. Revisions to accounting estimates are recognised prospectively commencing from the period of revision.
- 3.3 The significant judgments, estimates and assumptions made in applying the Company's accounting polices and the factors used in making those estimates and associated assumptions were the same as those that were applied to the audited annual published unconsolidated financial statements for the year ended June 30, 2019.
- 3.4 Certain new amendments to accounting and reporting standards have been published and are mandatory for the Company's accounting period beginning on or after July 1, 2019 but are considered not to be relevant or to have any significant effect on these unconsolidated condensed interim financial statements other than those disclosed in note 3.1.1 above.

#### 3.5 Standards, interpretations and amendments to accounting and reporting standards that are not yet effective

The following revised standards, amendments and interpretations of accounting and reporting standards would be effective from the dates mentioned below against the respective standard or interpretation:

Effective date (annual periods beginning on or after)

#### Standard, Interpretation or Amendment

- IAS 1 "Presentation of Financial Statements" and IAS 8 "Accounting Policies, Changes in Accounting Estimates and Errors"
- IFRS 3 "Business Combinations"

January 1, 2020

January 1, 2020

The Company expects that the adoption of above amendments and interpretations will not affect its financial statements in the period of initial application except certain additional disclosures. The Company is currently in the process of analysing the potential impact of adoption of the above standards.

#### 4 RISK MANAGEMENT POLICIES

The Company's risk management policies are the same as disclosed in the financial statements for the year ended June 30, 2019 except for the following additional considerations due to the COVID-19.

COVID-19, and the measures taken to reduce its spread, has impacted the Pakistan economy significantly. The financial sector is likely to face an increase in overall credit and default risk pertaining to exposures to certain sectors, reduced income due to slowdown in business and economic activity and operational issues such as managing cyber security threat. Regulators and governments across the globe have introduced fiscal and economic stimulus measures to mitigate its impact.

The State Bank of Pakistan (SBP) has responded to the crisis by cutting the policy rate by 425 basis points to 9 percent during the months of March and April 2020 and by introducing regulatory measures to maintain banking system soundness and to sustain economic activity. These include allowing financial institutions to defer clients' payment of principal on loan obligations by one year and relaxing regulatory criteria for restructured/rescheduled loans for borrowers who require relief beyond the extension of principal repayment for one year. Securities and Exchange Commission of Pakistan (SECP) has issued similar measures for the NBFC sector.

The Company is conducting extensive assessments to identify customers operating in sectors which are most likely to get affected and has further strengthened its credit review procedures. Based on the impact assessment on the portfolio as at March 31, 2020, the Company has downgraded customers at heightened risk levels on a subjective basis and is expecting to receive applications for deferral of principal and markup from more customers. The liquidity position, future cash flows and availability of credit lines are being continuously monitored and due precautionary measures are being taken where needed. The Company is closely monitoring the situation and has invoked required actions to ensure safety and security of staff and an uninterrupted service to customers. Business Continuity Plans (BCP) for respective areas are in place and tested. The Company has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for critical staff and related risk and control measures were assessed to make sure they are fully protected using virtual private network ("VPN") connections. Further, Company has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber-attacks.

#### 16 CONTINGENCIES AND COMMITMENTS

- **16.1** There was no change in the status of contingencies as disclosed in the note 32 to the annual published unconsolidated audited financial statements for the year ended June 30, 2019 except for the following:
- 16.1.1 During the period, the Additional Commissioner Inland Revenue (ACIR) passed amended assessment orders on September 23, 2019 under section 122(5A) of the Ordinance for the years 2015 and 2016 and created demands of Rs. 84 million and Rs. 862 million respectively. This was mainly the result of disallowance of tax loss on lease terminations and certain other matters. The Company preferred an appeal against these amended assessment orders before the Commissioner Inland Revenue (Appeals) (CIR-A). On January 8, 2020 CIR-A disposed off the appeal with major relief to the Company. The Company has filed an appeal before the Appellate Tribunal Inland Revenue (ATIR) on the issues decided against the Company by the CIR-A which is pending for adjudication.

Based on the merits of the case and the tax advisor's opinion, management considers that decision will be made in the Company's favour, hence no provision has been recorded in these unconsolidated condensed interim financial statements in this regard.

16.1.2 The ACIR passed amended assessment orders on February 21, 2019 under section 122(5A) of the Ordinance for the tax years 2017 and 2018 and created demands of Rs. 911.5 million and Rs. 1,371.4 million respectively. This was mainly the result of disallowance of tax loss on lease terminations, levy of super tax and certain other matters. On October 3, 2019, the ACIR rectified the amended assessment order (rectification order) under section 221(1) of the Ordinance for the tax year 2017 and created additional demand of Rs. 290 million due to disallowance of brought forward tax losses claimed in the tax year 2017 as a result of amendment made in tax year 2016. The Company preferred separate appeals against the amended assessment orders before the CIR-A. On January 8, 2020 CIR-A disposed of the appeal with major relief to the Company. The Company has filed an appeal before the Appellate Tribunal Inland Revenue (ATIR) on the issues decided against the Company by the CIR-A which is pending for adjudication.

Based on the merits of the case and the tax advisor's opinion, management considers that decision will be made in Company's favour, hence no provision has been recorded in these unconsolidated condensed interim financial statements in this regard.

- 16.1.3 On September 26, 2019, the Federal Board of Revenue (FBR) issued a show cause notice to the Company challenging the estimates of advance tax under section 147 of the Ordinance filed by the Company for the quarter ended September 30, 2019 and additionally demanded Rs. 117.2 million. The Company's legal and tax advisors are of the opinion that the estimate filed by the Company is in accordance with the law and accordingly the Company filed a constitutional petition before the Sindh High Court (SHC) against the recovery of impugned advance tax demand. The SHC has passed a stay order restricting FBR from taking any coercive measures against the Company.
- 16.2 Leases committed but not executed at the reporting date amounted to Rs. 30.35 million (June 30, 2019: Rs. 82.07 million).
- 16.3 Commitments relating to capital expenditure at the reporting date amounted to Rs. 8.69 million (June 30, 2019: Rs. 15.75 million).

#### 21 SEGMENT INFORMATION

The Company has three primary reporting segments namely, 'Finance lease', 'Finances and Loans' and 'Operating lease', based on the nature of business and the related risks and returns associated with these segments. The finance lease operations are primarily for long-term leases of movable assets to corporate entities and individuals. Finances and loans are extended to corporate entities and individuals for purchase of saloon vehicles and includes micro finance which represents group / community based lending to the under-privileged community. Under the operating lease segment, the Company provides equipment on short-term rental to corporate entities. Other operations, which do not fall into the above segment categories and are not deemed by the management to be sufficiently significant to disclose as separate items, are reported under 'Investment in subsidiaries, associates and others'.

#### 23 FAIR VALUE OF FINANCIAL INSTRUMENTS

22.2

The fair value of investments classified as "at fair value through profit or loss" and "at fair value through other comprehensive income" are based on active market. The investment in associates is accounted for using the equity method while the subsidiaries have been kept at cost. The value of unquoted equity investments is reduced, if required, on the basis of break-up value of those investments based on the latest available audited financial statements.

Fair value of net investments in finance lease, long term loans and finances, long term deposits and other assets, other liabilities, long term certificates of deposit and other accounts are approximate to their carrying value. The provision for impairment of finance lease and long term loans and finances has been calculated in accordance with the Company's accounting policy and the requirements of the NBFC Regulations.

Fair values of the remaining financial assets and liabilities are not significantly different from their carrying values since these assets and liabilities are short term in nature or are periodically repriced.

The Company has classified assets using a fair value hierarchy that reflects the significance of inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The table below analyses financial instruments measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorised:

The annexed notes 1 to 27 form an integral part of these consolidated condensed interim financial statements.

Chief Executive Officer

Director

#### 1 LEGAL STATUS AND OPERATIONS

The "Group" consists of:

- (i) ORIX Leasing Pakistan Limited the Holding Company
- (ii) ORIX Services Pakistan (Private) Limited Subsidiary company
- (iii) ORIX Modaraba Subsidiary company

#### 1.1 Holding company

ORIX Leasing Pakistan Limited ("the Holding Company / the Company") was incorporated in Pakistan as a private limited company on July 1, 1986 under the repealed Companies Ordinance, 1984 (now Companies Act, 2017) and was converted into a public limited company on December 23, 1987. The Company is listed on the Pakistan Stock Exchange Limited. The registered office of the Company is situated at Islamic Chamber of Commerce Building, Clifton, Karachi. The Holding Company is licensed to carry out Investment Finance Services as a Non-Banking Finance Company (NBFC) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 issued by the Securities and Exchange Commission of Pakistan (SECP).

1.2 The Pakistan Credit Rating Agency Limited (PACRA) has assigned a long-term rating of AA+ and a short-term rating of A1+ to the Holding Company on March 04, 2020.

#### 2 BASIS OF PREPARATION

#### 2.1 Statement of compliance

These consolidated condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of International Accounting Standard 34 " Interim Financial Reporting" issued by the International Accounting Standards Board and Islamic Financial Accounting Standards (IFASs) issued by the Institute of Chartered Accountants of Pakistan (ICAP) as are notified under the Companies Act, 2017, the requirements of Companies Act, 2017, the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance and Notified Entities Regulations, 2008 (the NBFC Regulations) and the directives issued by the SECP. In case the requirements differ, the provisions of and directives issued under the NBFC Rules, the NBFC Regulations, the Companies Act, 2017 and the directives issued by the SECP prevail.

#### 2.2 Basis of measurement

These consolidated condensed interim financial statements have been prepared under the historical cost convention except for the following:

- Leasehold land and office building are stated at revalued amounts;
- Financial instruments are stated at fair value;
- Obligation in respect of staff gratuity is measured at present value of defined benefit obligation;
- Non-current assets classified as held-for-sale are valued at lower of carrying amount and fair value less cost to sell; and
- Investments in associated undertakings are valued under equity accounting method.
- 2.3 These consolidated condensed interim financial statements do not include all the information required for a full set of financial statements and should be read in conjunction with the annual published consolidated audited financial statements of the Company for the year ended June 30, 2019.
- 2.4 The comparative statement of financial position presented in these consolidated condensed interim financial statements has been extracted from the annual published consolidated audited financial statements of the Holding Company for the year ended June 30, 2019, whereas the comparative profit or loss, statement of comprehensive income, statement of changes in equity and cash flows statement are stated from the consolidated unaudited condensed interim financial statements for the period ended March 31, 2019.
- 2.5 These consolidated condensed interim financial statements have been presented in Pakistani Rupees, which is the functional currency of the Holding Company.

#### 3 SIGNIFICANT POLICIES, ESTIMATES, ASSUMPTIONS AND CHANGES THEREIN

3.1 The accounting policies adopted in the preparation of these consolidated condensed interim financial statements are the same as those applied in the preparation of the annual published consolidated audited financial statements of the Holding Company for the year ended June 30, 2019 except for the following:

#### 3.1.1 Adoption of IFRS 16 - Leases

During the period, IFRS 16 - Leases became applicable to the Group. IFRS 16 replace, existing guidance on accounting for leases, including IAS 17 "Leases", IFRIC 4 - "Determining whether an Arrangement contains a Lease, SIC-15 - "Operating Leases - Incentive", and SIC-27 - "Evaluating the Substance of Transactions Involving the Legal Form of a Lease". IFRS 16 introduces an on-balance sheet lease accounting model for leases by the lessee. The lessee recognises a right-of-use asset representing its right of using the underlying asset and a corresponding lease liability representing its obligations to make lease payments. Lessor accounting remains similar to the current standard i.e. lessors continue to classify leases as either finance or operating leases.

The Group has adopted IFRS 16 from July 1, 2019 using the modified retrospective restatement approach and has not restated comparatives for the 2019 reporting period, as permitted under the specific transitional provisions in the standard.

On adoption of IFRS 16, the Group has recognised liabilities in respect of leases which were previously classified as operating leases under IAS 17. These liabilities are initially measured as the present value of the remaining lease payments, discounted using the Group's incremental weighted average borrowing rate applicable as of July 1, 2019. The lease liabilities are subsequently measured at amortised cost using the effective interest rate method. Lease liabilities against right-of-use assets as at July 1, 2019 and March 31, 2020 are as follows:

|  | March 31,<br>2020 | July 1,<br>2019 |
|--|-------------------|-----------------|
| Lease liability against right-of-use asset | 127,169,031       | 126,411,006     |

On adoption of IFRS 16, the associated right-of-use assets were measured at the amount equal to the lease liability, adjusted by the amount of prepaid lease payments recognised in the consolidated condensed interim statement of financial position immediately before the date of initial application.

The right-of-use asset recognised subsequent to the adoption is measured based on the initial amount of the lease liability adjusted for any lease payments made on or before the commencement date, plus any initial direct costs incurred. The right-of-use asset is depreciated on a straight line basis over the lease term and reduced by impairment losses, if any, and adjusted for certain remeasurements of lease liability.

| The recognised right-of-use assets relate to the following type of asset:  | March 31,<br>2020                         | July 1,<br>2019                            |
|--|---|--|
| Rented premises  | 122,032,142                               | 132,115,778                                |
| The effect of this change in accounting policy is as follows:  |   |  |
| Impact on Consolidated Condensed Interim Statement of Financial Position   |   |  |
| Increase in fixed assets - right-of-use assets Decrease in advances and prepayments Increase in taxation-net   | 122,032,142<br>(4,245,412)<br>2,720,867   | 132,115,778<br>(5,704,772)                 |
| Increase in lease liability against right-of-use assets Decrease in net assets   | 120,507,597<br>127,169,031<br>(6,661,433) | 126,411,006<br>126,411,006<br>-            |
|  |   | March 31,<br>2020                          |
| Impact on Consolidated Condensed Interim Profit or Loss account  |   |  |
| Increase in mark-up expense - Lease liability against right-of-use assets<br>Increase in depreciation on right-of-use assets<br>Decrease in rent expense | _   | (12,308,315)<br>(17,644,342)<br>20,570,357 |
| Decrease in profit before taxation Decrease in taxation-net Decrease in profit after taxation  | _<br>_                                    | (9,382,300)<br>2,720,867<br>(6,661,433)    |

Earnings per share for the nine months ended March 31, 2020 decreased by Rs. 0.004 per share as a result of the adoption of IFRS 16.

The Group has used a single discount rate methodology for a portfolio of leases with similar characteristics. The Group has opted not to recognise right-of-use assets for leases of low value. The payments associated with such leases are recognised as an expense on a straight line basis over the lease term.

- 3.2 The preparation of these consolidated condensed interim financial statements in conformity with accounting and reporting standards requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities and income and expenses. Estimates, assumptions and judgments are continually evaluated and are based on historical experience and other factors, including reasonable expectations of future events. Revisions to accounting estimates are recognised prospectively commencing from the period of revision.
- 3.3 The significant judgments, estimates and assumptions made by Management in applying the Holding Company's accounting polices and the factors used in making those estimates and associated assumptions were the same as those that were applied to the audited annual published consolidated financial statements for the year ended June 30, 2019.

#### 3.4 Standards, interpretations and amendments to published approved accounting standards that are effective in the current period

**3.4.1** Certain new amendments to approved accounting standards have been published and are mandatory for the Holding Company's accounting period beginning on or after July 1, 2019 but are considered not to be relevant or to have any significant effect on these consolidated condensed interim financial statements other than those disclosed in note 3.1.1 above.

#### 3.5 Standards, interpretations and amendments to approved accounting standards that are not yet effective

The following revised standards, amendments and interpretations of approved accounting standards would be effective from the dates mentioned below against the respective standard or interpretation:

#### Standard, Interpretation or Amendment

Effective date (annual periods beginning on or after)

 IAS 1 - "Presentation of Financial Statements" and IAS 8 - "Accounting Policies, Changes in Accounting Estimates and Errors"

- IFRS 3 - "Business Combinations"

January 1, 2020 January 1, 2020

The Group expects that the adoption of above amendments and interpretations will not affect its financial statements in the period of initial application except certain additional disclosures. The Group is currently in the process of analysing the potential impacts of adoption of the above standards.

#### 4 RISK MANAGEMENT POLICIES

The financial risk management objectives and policies are consistent with those disclosed in the annual audited published consolidated financial statements of the Company for the year ended June 30, 2019 except for the following additional considerations due to the COVID-10

4.1 COVID-19, and the measures taken to reduce its spread, has impacted the Pakistan economy significantly. The financial sector is likely to face an increase in overall credit and default risk pertaining to exposures to certain sectors, reduced income due to slowdown in business and economic activity and operational issues such as managing cyber security threat. Regulators and governments across the globe have introduced fiscal and economic stimulus measures to mitigate its impact.

The State Bank of Pakistan (SBP) has responded to the crisis by cutting the policy rate by 425 basis points to 9 percent during the months of March and April 2020 and by introducing regulatory measures to maintain banking system soundness and to sustain economic activity. These include allowing financial institutions to defer clients' payment of principal on loan obligations by one year and relaxing regulatory criteria for restructured/rescheduled loans for borrowers who require relief beyond the extension of principal repayment for one year. Securities and Exchange Commission of Pakistan (SECP) has issued similar measures for the NBFC sector.

The Group is conducting extensive assessments to identify customers operating in sectors which are most likely to get affected and has further strengthened its credit review procedures. Based on the impact assessment on the portfolio as at March 31, 2020, the Group has downgraded customers at heightened risk levels on a subjective basis and is expecting to receive applications for deferral of principal and markup from more customers. The liquidity position, future cash flows and availability of credit lines are being continuously monitored and due precautionary measures are being taken where needed. The Company is closely monitoring the situation and has invoked required actions to ensure safety and security of staff and an uninterrupted service to customers. Business Continuity Plans for respective areas are in place and tested. The Group has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for critical staff and related risk and control measures were assessed to make sure they are fully protected using virtual private network connections. Further, Group has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber attacks.

#### 16 CONTINGENCIES AND COMMITMENTS

Provision for services sales tax on Management Company's remuneration

(Reversal of impairment) / impairment of assets classified as 'held for sale'

- 16.1 There was no change in the status of contingencies as disclosed in the note 33 to the annual published consolidated audited financial statements for the year ended June 30, 2019 except the following:
- 16.1.1 During the period, the Additional Commissioner Inland Revenue (ACIR) passed amended assessment orders on September 23, 2019 under section 122(5A) of the Ordinance for the years 2015 and 2016 and created demand of Rs. 84 million and Rs. 862 million respectively against the Holding Company. This was mainly the result of disallowance of tax loss on lease terminations and certain other matters. The Holding Company preferred an appeal against these amended assessment orders before the Commissioner Inland Revenue (Appeals) (CIR-A). On January 1, 2020 CIR-A disposed of the appeal with major relief to the Holding Company. The Holding Company has filed an appeal before the Appellate Tribunal Inland Revenue (ATIR) on the issues decided against the Holding Company by the CIR-A which is pending for adjudication.

Based on the merits of the case and the tax advisor's opinion, management considers that decision will be made in Group's favour, hence no provision has been recorded in these consolidated condensed interim financial statements in this regard.

16.1.2 The ACIR passed amended assessment orders on February 21, 2019 under section 122(5A) of the Ordinance for the tax years 2017 and 2018 and created demands of Rs. 911.5 million and Rs. 1,371.4 million respectively against the Holding Company. This was mainly the result of disallowance of tax loss on lease terminations, levy of super tax and certain other matters. On October 3, 2019, the ACIR rectified the amended assessment order (rectification order) under section 221(1) of the Ordinance for the tax year 2017 and created additional demand of Rs. 290 million due to disallowance of brought forward tax losses claimed in the tax year 2017 as a result of amendment made in tax year 2016. The Holding Company preferred separate appeals against the amended assessment orders before the CIR-A. On January 8, 2020 CIR-A disposed of the appeal with major relief to the Holding Company. The Holding Company has filed an appeal before the Appellate Tribunal Inland Revenue (ATIR) on the issues decided against the Holding Company by the CIR-A which is pending for adjudication.

Based on the merits of the case and the tax advisor's opinion, management considers that decision will be made in Group's favour, hence no provision has been recorded in these consolidated condensed interim financial statements in this regard.

- 16.1.3 On September 26, 2019, the Federal Board of Revenue (FBR) issued a show cause notice to the Holding Company challenging the estimates of advance tax under section 147 of the Ordinance filed by the Holding Company for the quarter ended September 30, 2019 and additionally demanded Rs. 117.2 million. The Holding Company's legal and tax advisors are of the opinion that the estimate filed by the Company is in accordance with the law and accordingly the Company filed a constitutional petition before the Sindh High Court (SHC) against the recovery of impugned advance tax demand. The SHC has passed a stay order restricting FBR from taking any coercive measures against the Holding Company.
- 16.2 Leases committed but not executed at the reporting date amounted to Rs. 30.35 million (June 2019: Rs. 82.07 million).
- 16.3 Commitments relating to capital expenditure at the reporting date amounted to Rs. 8.69 million (June 2019: Rs. 15.75 million).
- 16.4 The Modaraba has issued letters of comfort to various commercial banks amounting to Rs. Nil (June 2019: Rs. 119.28 million) on behalf of its customers.

#### 21 SEGMENT INFORMATION

The Group has three primary reporting segments namely, 'Finance lease', 'Finances and Loans' and 'Operating lease', based on the nature of business and the related risks and returns associated with these segments. The finance lease operations are primarily for long-term leases of movable assets to corporate entitites and individuals. Finances and loans are extended to corporate entitites and individuals for purchase of saloon vehicles and also includes micro finance which represents group / community based lending to the under-privileged community. Under the operating lease segment, the Group provides equipment on short-term rental to corporate entities. Other operations, which do not fall into the above segment categories and are not deemed by the management to be sufficiently significant to disclose as separate items, are reported under 'Investment in subsidiaries, associates and others'.

#### 23 FAIR VALUE OF FINANCIAL INSTRUMENTS

The fair value of investments classified as "at fair value through profit or loss" and "at fair value through other comprehensive income" are based on active market. The investment in associates is accounted for using the equity method while the subsidiaries have been kept at cost. The value of unquoted equity investments is reduced, if required, on the basis of break-up value of those investments based on the latest available audited financial statements.

Fair value of net investments in finance lease, long term loans and finances, long term deposits and other assets, other liabilities, long term certificates of deposit and other accounts are approximate to their carrying value. The provision for impairment of finance lease and long term loans and finances has been calculated in accordance with the Group's accounting policy and the requirements of the NBFC Regulations.

In the opinion of Management, fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since these assets and liabilities are short term in nature or are periodically repriced.

The Group has classified assets using a fair value hierarchy that reflects the significance of inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The table below analyses financial instruments measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorised:

|   |           | M                | 00 (11          |             |
