To the members of PICIC INSURANCE LIMITED Report on review of Interim Financial Statements

Introduction

We have reviewed the accompanying condensed interim balance sheet of PICIC Insurance Limited ("the Company") as at June 30, 2020 and the related condensed interim profit and loss account, condensed interim statement of comprehensive income, condensed interim cash flow statement, condensed interim statement of changes in equity and notes to the accounts for the six-months period then ended (here-in-after referred as the 'condensed interim financial information'). Management is responsible for the preparation and presentation of this interim financial information in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a

conclusion on this condensed interim financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be

identified in an audit. Accordingly, we do not express an audit opinion.

Basis of adverse conclusion

The company has discontinued the insurance business and applied for surrendering of insurance license and also has applied for merger petition before the high court which are pending till date. Further its accumulated losses and equity amount to Rs. 366.984 million and adverse balance of Rs. 16.984 million as

at June 30, 2020 respectively.

These circumstances indicate the material uncertainty that may cast significant doubts on the company's ability to continue as a going concern and therefore the company may be unable to realize its assets and discharge its liabilities in the normal course of business. These financial information have been prepared on the going concern basis however, in our opinion, management's use of the going concern assumption in

the financial information is inappropriate.

Adverse Conclusion

Because of the significance of matters discussed in the preceding paragraph, the accompanying condensed interim financial information as at June 30, 2020; is not prepared in all material aspects, in accordance with approved accounting standards as applicable in Pakistan for Interim Financial Reporting.
