Directors' Report

We are pleased to present the reviewed financial statements of JS Bank Limited ("JSBL") for the half year ended June 30, 2020.

Economic Review

During the period under review, COVID-19 continued to impact economies across the world, including Pakistan, resulting in movement lockdowns which were gradually lifted in the latter part of the second quarter.

With the aim to drive economic growth, support businesses and the public at large, the Government of Pakistan and the State Bank of Pakistan (SBP) announced multiple relief measures. These included a cut of 400bps in interest rates during the second quarter (625bps during 1HCY20), taking the policy rate down to 7%. At the same time, the second quarter's average CPI declined to 8.48%. As a result of monetary easing, bond yields of shorter tenor investments declined sharply compared to the yield reduction for long term investments, thereby reducing the inversion within the yield curve.

The Economic Survey FY20 estimated GDP growth at -0.38% YoY primarily due to decline in LSM growth and extended lockdowns. The Government announced that it has met the revised tax collection target for FY20, reporting a 4% YoY growth; while next year's target announced in the Federal Budget FY21 stands at PKR 4.96trn, a YoY growth of 25%.

On the external side, SBP's foreign exchange reserves increased during the second quarter to US\$11bn on account of inflows under loans from World Bank, Asian Development Bank, Asian Infrastructure Investment Bank and China. Moreover, the substantial decline in the current account deficit also greatly supported the foreign exchange reserves position. As a result, despite some volatile movements during the second quarter, the rupee closed almost unchanged as compared to 1QCY20-end.

Banking Sector Review

The State Bank of Pakistan (SBP) continued monetary easing initiated during 1QCY20 by further cutting the Policy Rate by a cumulative 400bps during the second quarter, bringing it down to 7% -- lowest since July 2018. SBP also extended relief packages to industries, consumers, and SMEs during the second quarter with the objective of further reducing the cost of borrowing for business customers, and at the same time increasing the liquidity available to banks to promote lending. The weighted average banking spreads declined by 20bps YoY during 5MCY20.

The banking sector's deposits witnessed a growth of 12% YoY during 2QCY20, reaching PKR 16,229 billion. During the same period, total Advances remained almost flat, recording 1% YoY growth rate, and clocking in at PKR 8,202 billion. The sector's Advances-to-Deposit Ratio (ADR) declined to 51%, as compared to 56% during 2QCY19, even though private sector credit growth witnessed a modest increase of 3% YoY. Non-Performing Loans (NPLs) grew by PKR 45 billion to PKR 806 billion by end 1QCY20, taking the Infection ratio from 9.3% to 9.8%. Investments, however, increased by 40% YoY to PKR 10,681 billion as a result of banks' high liquidity and the consequent investment in long-term and short-term government securities.

Business Overview

The Bank's strategy is based on continuous process of identifying the key challenges that impact our business. These are addressed by fulfilling customer needs through innovative products and services, strong alliances, and automation of service delivery.

The economic incentive provided by the central bank is centered around a drastic reduction of 625bps in the policy rate, putting pressure on the Bank's operating margins. On the lending side, a large number of

initiatives given by the SBP, include rebated refinance funding for salaries of business concerns, hospitals and industrial undertakings, encouragement for principal deferral on consumer and business loans, and relaxation of terms on restructuring requests.

The Bank's deposits have continued to show remarkable growth during first half 2020, while advances have remained stable. The Bank's total deposits have crossed PKR 400 billion mark with current account deposits of over PKR 100 billion during the half year ended June 30, 2020. In terms of net advances, a slight decline of 0.53% was observed during the same period.

Committed to its role of acting as a catalyst of progress within the national financial industry, JS Bank is continuing its journey of greater impact by providing customers with innovative and value-added financial products and services designed to make their lives simple, easy and convenient.

Financial Performance

The Bank earned a profit before tax of PKR 1,472 million (profit after tax of PKR 856 million) for the half year ended June 30, 2020 as compared to a loss before tax of PKR 597 million (loss after tax of PKR 442 million) in the corresponding period last year. The increase in profit is mainly due to a significant increase in the Bank's deposits at a reduced average cost which improved the profitability of the substantial investment in the government securities, thereby increasing the net interest income. This was also supported by an increase in the fee-based income as well as gains on the sale of securities. The break-up value per share of the Bank as of June 30, 2020 is PKR 15.6.

The Bank's deposits have increased from PKR 369,790 million as of December 31, 2019 to PKR 405,832 million as of June 30, 2020, whereas advances remained more or less unchanged at PKR 241,608 million, reflecting a continued focus of the Bank on prudent growth and core business activities. Further, investments increased from PKR 142,568 million to PKR 180,783 million during the same period.

The earnings per share is PKR 0.66 for the half year ended June 30, 2020.

Consolidated Financial Statements

In the consolidated financial statements, the Group earned profit before tax of PKR 1,514 million (profit after tax of 762 million) for the half year ended June 30, 2020 as compared to loss before tax of PKR 648 million (loss after tax of PKR 575 million) in the corresponding period last year.

The earnings per share is PKR 0.60 for the half year ended June 30, 2020.

CSR Initiatives - Covid-19

Responding to the unprecedented challenges faced by the nation by the Corona Virus (COVID-19), JS Bank has established a PKR 110 million fund in association with key partners to help address the impact of the pandemic.

Based on a pledge matching initiative wherein JS Bank equally matched all support pledges made by its partners, this fund is rooted in JS Bank's philanthropic philosophy of collaborative efforts and focus on addressing some of the immediate and long-term issues related to the pandemic.

The three-tiered strategy revolves primarily around providing immediate relief, pandemic control, and future response capacity building. The first phase focus on provision of rations and necessities to food insecure families, while the second phase saw distribution of Personal Protective Equipment (PPE) and donations to medical and other frontline institutions including non-governmental organizations.

Understanding the necessity of a long-term solution, the third phase of the program will focus on mitigating the long-term health impact of the virus through medical and technological Research and Development.

Recognition

JS Bank stands today as one of Pakistan's fastest growing banks. Our products are leaders in the SME, consumer finance, insurance solutions and digital banking space.

In 2020 the Bank has been recognized for its commitment to excellence on a national and international level. The prestigious awards that we received in the year 2020 include:

- Asiamoney Award - Best Bank for SMEs - Pakistan
- Asiamoney Award - Best Bank for CSR - Pakistan

INDEPENDENT AUDITOR'S REVIEW REPORT

TO THE MEMBERS OF JS BANK LIMITED

REPORT ON REVIEW OF INTERIM FINANCIAL STATEMENTS

Introduction

We have reviewed the accompanying unconsolidated condensed interim statement of financial position of JS Bank Limited (the Bank) as at 30 June 2020 and the related condensed interim profit and loss account, condensed interim statement of comprehensive income, condensed interim statement of changes in equity, condensed interim cash flow statement and notes to the accounts for the six-months' period then ended (here-in-after referred to as the "interim financial statements"). Management is responsible for the preparation and presentation of these interim financial statements in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these interim financial statements based on our review. The figures of the condensed interim profit and loss account and condensed interim statement of comprehensive income for the three months ended 30 June 2020 and 30 June 2019 have not been reviewed, as we are required to review only the cumulative figures for the six months period ended 30 June 2020.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements are not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

The engagement partner on the audit resulting in this independent auditor's report is Shaikh Ahmed Salman.

JS BANK LIMITED**NOTES TO THE CONDENSED INTERIM UNCONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED JUNE 30, 2020****1. STATUS AND NATURE OF BUSINESS**

- 1.1 JS Bank Limited (the Bank / JSBL) is a banking company incorporated in Pakistan as a public limited company on March 15, 2006. The Bank is a subsidiary company of Jahangir Siddiqui & Co. Ltd. (JSCL) and its shares are listed on Pakistan Stock Exchange Limited (PSX). The Bank commenced its banking operations on December 30, 2006 and its registered office is situated at Shaheen Commercial Complex, Dr. Ziauddin Ahmed Road, Karachi.

The Bank is a scheduled bank, engaged in commercial banking and related services as described in the Banking Companies Ordinance, 1962 and is operating through 359 (December 31, 2019: 359) branches / sub-branches in Pakistan and one wholesale banking branch in Bahrain (December 31, 2019: one). The Pakistan Credit Rating Agency Limited (PACRA) has assigned the long-term entity rating of the Bank to AA- (Double A Minus) whereas short-term rating is maintained at 'A1+' (A One Plus), which is the highest possible short-term rating. The ratings denote a very low expectation of credit risk and indicate very strong capacity for timely payment of financial commitments.

- 1.2 Jahangir Siddiqui Investment Bank Limited, JSIBL, (formerly Citicorp Investment Bank Limited which was acquired by JSCL on February 01, 1999), and its holding company, JSCL, entered into a Framework Agreement with American Express Bank Limited, New York (AMEX) on November 10, 2005 for acquisition of its American Express Bank Limited - Pakistan Branches, (AEBL). Consequently, a new banking company, JSBL was incorporated on March 15, 2006 and a restricted Banking License was issued by the State Bank of Pakistan (SBP) on May 23, 2006.

A Transfer Agreement was executed on June 24, 2006 between JSIBL and JSBL for the transfer of entire business and undertaking of JSIBL to JSBL and a separate Transfer Agreement was also executed on June 24, 2006, between AMEX and JSBL for the transfer of AEBL's commercial banking business in Pakistan with all assets and liabilities (other than certain excluded assets and liabilities) (AEBL business). The shareholders of JSIBL and JSBL in their respective extra ordinary general meetings held on July 31, 2006 approved a Scheme of Amalgamation (the Scheme) under Section 48 of the Banking Companies Ordinance, 1962. The Scheme was initially approved by the Securities and Exchange Commission of Pakistan (SECP) vide its letter No. SC/NBFC(J)-R/JSIBL/2006/517 dated September 28, 2006. Subsequently, the Scheme was sanctioned by the SBP vide its order dated December 02, 2006 and, in accordance therewith, the effective date of amalgamation was fixed at December 30, 2006.

- 1.3 The Bank is the holding company of JS Investments Limited, JS Global Capital Limited and JS ABAMCO Commodities Limited.

2. BASIS OF PRESENTATION

These condensed interim unconsolidated financial statements are separate financial statements of the Bank in which the investments in subsidiaries and associates are stated at cost and are accounted for on the basis of direct equity interest rather than on the basis of reported results. The consolidated condensed interim financial statements of the Bank are being issued separately.

These condensed interim unconsolidated financial statements have been presented in Pakistan Rupees (PKR), which is the currency of the primary economic environment in which the Bank operates and functional currency of the Bank, in that environment as well. The amounts are rounded to nearest thousand except as stated otherwise.

2.1 Statement of compliance

These condensed interim unconsolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. These comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act, 2017;
- Provisions of and directives issued under the Banking Companies Ordinance, 1962;
- Provisions of and directives issued under the Companies Act, 2017; and
- Directives issued by the SBP and the SECP from time to time.

Whenever the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017, or the directives issued by the SBP and the SECP differ with the requirements of IFRS, the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 and the said directives shall prevail.

The disclosures made in these condensed interim unconsolidated financial statements have been limited based on the format prescribed by the SBP vide BPRD circular letter No. 5 dated March 22, 2019 and IAS 34.

These condensed interim unconsolidated financial Statements do not include all the information and disclosures required for annual unconsolidated financial statements and should be read in conjunction with the unconsolidated financial statements for the year ended December 31, 2019.

The SBP has deferred the applicability of International Accounting Standard (IAS) 39, 'Financial Instruments: Recognition and Measurement' and International Accounting Standard (IAS) 40, 'Investment Property' for banking companies vide BSD Circular Letter No. 10 dated August 26, 2002 till further instructions. Further, the SECP has deferred the applicability of International Financial Reporting Standard (IFRS) 7, 'Financial Instruments: Disclosures' on banks vide its notification S.R.O 411(I)/2008 dated April 28, 2008. Accordingly, the requirements of these standards have not been considered in the preparation of these unconsolidated financial statements. However, investments have been classified and valued in accordance with the requirements prescribed by the SBP through various circulars.

IFRS10 "Consolidated Financial Statements" was made applicable from period beginning on or after January 01, 2015 vide S.R.O 633(I)/2014 dated July 10, 2014 by SECP. However, SECP has directed through S.R.O56(I)/2016 dated January 28, 2016, that the requirement of consolidation under section 228 of the Companies Act, 2017 and IFRS-10 "Consolidated Financial Statements" is not applicable in case of investment by companies in mutual funds established under trust structure. Accordingly, the requirements of these standards have not been considered in the preparation of these unconsolidated financial statements.

Through S.R.O. 229 (I)/2019 dated February 14, 2019, the SECP has deferred the applicability of the IFRS 9 'Financial Instruments' for all companies required to prepare their financial statements in accordance with the requirements of IFRS for reporting period/year ending on or after June 30, 2019 (earlier application is permitted). However, SBP has extended the effective date of applicability of IFRS 9 to annual periods beginning on or after January 01, 2021 vide SBP BPRD Circular No.4 dated October 23, 2019. Therefore, the Bank has not considered the impact of IFRS 9 for its Pakistan operations in these unconsolidated financial statements.

Further, the Bank considers that as the Prudential Regulations and other SBP directives currently provide the accounting framework for the measurement and valuation of investments and provision against non performing loans and advances, the implementation of IFRS 9 may require changes in the regulatory regime and for this SBP would issue guidance and instruction on the application of IFRS 9 for the banking sector of Pakistan.

2.2 Standards, interpretations of and amendments to published approved accounting standards that are effective in the current period

There are certain new and amended standards, interpretations and amendments that are mandatory for the Bank's accounting periods beginning on or after January 1, 2020 but are considered not to be relevant or do not have any significant effect on the Bank's operations. Therefore not detailed in these condensed interim unconsolidated financial statements other than IFRS 9 and reason for that is mentioned in note 2.1 as above.

2.3 Standards, interpretations of and amendments to published approved accounting standards that are not yet effective

The following standards, amendments and interpretations of approved accounting standards will be effective for the accounting periods as stated below:

Standard, Interpretation or Amendment	Effective date (annual periods beginning on or after)
- IFRS 9 'Financial Instruments' (refer note 2.1 above)	January 01, 2021
Further, following new standards have been issued by IASB which are yet to be notified by the SECP for the purpose of applicability in Pakistan.	
- IFRS 1 - First time adoption of IFRSs	January 01, 2014
- IFRS 17 - Insurance Contracts	January 01, 2021

3 CRITICAL ACCOUNTING ESTIMATES AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The basis for accounting estimates adopted in the preparation of these condensed interim unconsolidated financial statements are the same as that applied in the preparation of the unconsolidated financial statements for the year ended December 31, 2019.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies and methods of computation adopted in the preparation of these unconsolidated condensed interim financial statements are consistent with those applied in the preparation of the audited annual financial statements of the Bank for the year ended December 31, 2019.

5. FINANCIAL RISK MANAGEMENT

The financial risk management objectives and policies adopted by the Bank are consistent with those disclosed in the unconsolidated financial statements for the year ended December 31, 2019 except for the following additional considerations due to the COVID-19.

5.1 COVID - 19 outbreak and it's impact

The COVID-19 and the measures to reduce its spread has impacted the economy of Pakistan significantly. Regulators and governments across the globe have introduced fiscal and economic stimulus measures to mitigate its impact.

The State Bank of Pakistan (SBP) has responded to the crisis by cutting the policy rate by 625 basis points to 7 percent and by introducing regulatory measures to maintain banking system soundness and to sustain economic activity. These include:

- (i) reducing the capital conservation buffer by 100 basis points to 1.5 percent;
- (ii) increasing the regulatory limit on extension of credit to SMEs by 125 million to Rs 180 million;
- (iii) relaxing the debt burden ratio for consumer loans from 50 percent to 60 percent
- (iv) allowing banks to defer clients' payment of principal and profit on financing obligations by one year; and
- (v) relaxing regulatory criteria for restructured/rescheduled loans for borrowers who require relief beyond the extension of principal repayment for one year.
- (vi) Relaxing credit requirements for exporters and importers; and
- (vii) Refinance schemes to support employment to prevent layoff of workers and health sector to combat COVID-19 Pandemic.

COVID 19 has impacted the banks in Pakistan from various facets which includes increase in overall credit risk pertaining to loans and advances portfolio in certain sectors, reduced fee income due to slowdown in economic activity, operational issues such as operations of Branches, managing cyber security threat and managing investment banking activities including arrangement of syndicate loans, debt and capital advisory services etc. We have discussed below the major aspects of COVID 19 on the Bank's risk management policies.

5.1.1 Assets quality and credit risk

The Risk department of the Bank is regularly conducting assessments to identify borrowers operating in various sectors which are most likely to get affected. The Bank has further strengthened its credit review procedures in the light of COVID-19. The Bank has conducted various stress tests on the Credit portfolio and is confident that the CAR buffer currently maintained is sufficient.

5.1.2 Liquidity management

Bank has received applications for deferral of principal and / or restructuring / rescheduling and is expected to receive further such applications. These applications are being reviewed by the Bank as per its established policies. The Asset and Liability Committee (ALCO) of the Bank is continuously monitoring the liquidity position and is taking due precautionary measures where needed. The Bank has conducted various stress testing on its liquidity ratios and is confident that the liquidity buffer currently maintained by the Bank is sufficient to cater any adverse movement in cash flow maturity profile.

5.1.3 Equity Investments

SBP has given relaxation in recognition of impairment of equity securities in phased manner equally on quarterly basis during calendar year ending on December 31, 2020. The Bank has taken the impact of impairment on the basis of that relaxation in these unconsolidated condensed interim financial statements.

5.1.4 Foreign Exchange Risks

Due to recent economic slowdown, the PKR has devalued against USD significantly from December 31, 2019 and the USD / PKR parity stood at Rs.168.05 as at June 30, 2020. The exchange rate is expected to remain volatile till the uncertainty around COVID-19 resolves. The Bank has reviewed its Net Open Position and has had no significant impact on profitability.

5.1.5 Operations

The Bank is closely monitoring the situation and has invoked required actions to ensure safety and security of Bank staff and an uninterrupted service to our customers. The senior management of the Bank is continuously monitoring the situation and is taking timely decisions to resolve any concerns. Business Continuity Plans (BCP) for respective areas are in place and tested. The Bank has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for staff and related risk and control measures were assessed to make sure they are fully protected using virtual private network ("VPN") connections. Further, the Bank has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber attacks.

The Bank is communicating with its customers on how they can connect with the Bank through its full suite of channels including digital and online channels. The Bank has taken all measures to ensure that service levels are maintained, customer complaints are resolved as per SLAs and the Bank continues to meet the expectations of their clients as they would in a normal scenario.

5.1.6 Capital Adequacy Ratio

Under the current scenario, the Banks are under pressure to extend further credit to its borrowers, while overall deteriorating credit risk and increased NPL may also put additional pressures on the Bank from Capital Adequacy Ratio perspective. The SBP has relaxed the Capital Conversion Buffer (CCB) requirements for the Banks to 1.5%, resulting in an overall CAR requirement of 11.5%. The reduced CCB has also provided an additional limit to the Bank for its tier 2 capital. Further, the regulatory limit for retail loans has also increased by SBP to 180 million, which will now result in reduced Risk Weighted Assets for some of its loans. In addition to the measures by SBP, the Senior management of the Bank is continuously monitoring the impacts of various decisions on its CAR and taking further lending decisions based on the overall impacts on RWA. The Bank also believes that it has sufficient buffer in its CAR requirement to meet any adverse movements in credit, market or operational risks.

9.3.1 SBP vide BPRD Circular Letter No. 13 of 2020 dated March 26, 2020 has provided regulatory relief to banks to recognize impairment losses resulting from the valuation of listed equity securities held as "Available for Sale" (AFS) in a phased manner equally on quarterly basis during calendar year ending on December 31, 2020. Pursuant to the circular, out of total impairment loss of Rs. 62.932 million, a portion of the impairment loss, amounting to Rs.31,466 million has not been recognized in these unconsolidated condensed interim financial statements.

Had there been no relaxation, there would have been increase in provision for diminution in value of investments and surplus on revaluation of available for sale securities - net of tax by Rs. 31,466 and Rs. 20,453 million respectively, and decrease in unappropriated Profit by Rs. 15,354 million and profit after taxation by Rs.19,131 million respectively.

10.3.1 This represents general provision held under IFRS 9 by Balvair branch of the Bank.

10.3.2 The State Bank of Pakistan through various circulars has allowed benefit of the forced sale value (FSV) of Plant and Machinery under charge, pledged stock and mortgaged residential, commercial and industrial properties (land and building only) held as collateral against non-performing loans (NPLs) for a maximum of five years from the date of classification. As at June 30, 2020, the Bank has availed cumulative benefit of FSV of Rs. 4,597.223 million (December 31, 2019: Rs.4,120.009 million) under the directives of the SBP. Had the benefit not been taken the unappropriated profit after tax would have reduced by Rs.3,002.620 million (December 31, 2019: Rs. 2,678.006 million). Further, as required by the SBP directives, this unappropriated profit will not be available for distribution as dividend or other appropriations.

10.3.3 The SBP vide BPRD circular letter number 13 of 2020 dated March 26, 2020, has relaxed certain classification criteria of SBP Prudential Regulation R-8 (Classification and Provisioning of Assets). Accordingly, certain exposures as at June 30, 2020 relating to facilities of customers have not been classified as non-performing on account of such relaxation.

Loss absorbency clause:	
Pre-Specified Trigger ("PST")	Upon the occurrence of a Pre-Specified Trigger as defined under SBP BPRD Circular # 6 of 2013 dated August 15, 2013, which stipulates that if an Issuer's Common Equity Tier 1 ("CET 1") ratio falls to or below 6.625% of Risk Weighted Assets ("RWA"), the Issuer will have full discretion to determine the amount of TFCs to be permanently converted into common shares or written off, subject to SBP regulations / instructions, and the cap specified below. The Bank will be able to exercise this discretion subject to: <ul style="list-style-type: none"> - If and when Bank's CET 1 reaches the loss absorption trigger point, the aggregate amount of Additional Tier-1 capital to be converted must at least be the amount sufficient to immediately return the CET 1 ratio to above 6.625% of total RWA (if possible); - The converted amount should not exceed the amount needed to bring the CET 1 ratio to 8.5% of RWA (i.e. minimum CET 1 of 8.0% plus capital conservation buffer of 2.5%); and - In case, conversion of Additional Tier-1 capital instrument is not possible following the trigger event, the amount of the instrument must be written off in the accounts resulting in increase in CET 1 of the Issuer.

Point of Non-Viability Upon the occurrence of a Point of Non-Viability event as defined under SBP BPRD Circular # 6 of 2013 dated August 15, 2013, which stipulates that SBP may, at its option, fully and permanently convert the TFCs into common shares of the Issuer and / or have them immediately written off (either partially or in full). Number of shares to be issued to TFC holders at the time of conversion will be equal to the 'Outstanding Value of the TFCs' divided by market value per share of the Issuer's common / ordinary share on the date of the PONV trigger event as declared by SBP, subject to the cap specified below:

The PONV trigger event is the earlier of:

- A decision made by SBP that a conversion or temporary / permanent write-off is necessary without which the Issuer would become non-viable;
- The decision to make a public sector injection of capital, or equivalent support, without which the Issuer would have become non-viable, as determined by SBP; and
- The maximum number of shares to be issued to TFC holders at the Pre-Specified Trigger and / or Point of Non Viability (or otherwise as directed by SBP) will be subject to a specified cap of 329,595,476 ordinary shares, or such other number as may be agreed to in consultation with SBP.

22. Derivative Instruments

Derivative instruments, such as Forward Exchange Contracts, Interest Rate Swaps, Interest Rate Swaps and Options, are forward transactions that provide market making opportunities / hedge against the adverse movement of interest and exchange rates. Derivatives business also provides risk solutions for the existing and potential customers of the Bank.

The Bank has entered into a Cross Currency Swap transaction with its customer on back-to-back basis with an Authorized Derivative Dealer (ADD) without carrying any open position in its books. Specific approvals for the transactions have been granted by State Bank of Pakistan. Policies in line with SBP instructions have been formulated and are operative.

The Bank has also entered into Foreign Currency & Commodity Options from its Wholesale Banking Branch Bahrain for market making activities.

These transactions cover the aspects of both market making and hedging. The risk management related to derivative is disclosed in note 45 to the unconsolidated financial statements for the year ended December 31, 2019.

Accounting policies in respect of derivative financial instruments are described in note 4.5.2 of the consolidated annual financial statements for the year ended December 31, 2019.

35. FAIR VALUE OF FINANCIAL INSTRUMENTS

IFRS 13 "Fair Value Measurement" defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value of quoted securities other than those classified as held to maturity, is based on quoted market price. Fair value of fixed term loans, other assets, other liabilities and fixed term deposits cannot be calculated with sufficient reliability due to absence of current and active market for assets and liabilities and reliable data regarding market rates for similar instruments. The provision for impairment of loans and advances has been calculated in accordance with the Bank's accounting policy as stated in note 4.5 to the annual unconsolidated financial statements for the year ended December 31, 2019.

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since assets and liabilities are either short term in nature or in the case of customer loans and deposits are frequently repriced.

Fair value hierarchy

IFRS 13 requires the Bank to classify fair value measurement using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has following levels:

- Level 1:** Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.
- Level 2:** Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3:** Fair value measurements using unobservable inputs for the asset or liability.

35.1 Valuation techniques used in determination of fair values within level:

Item	Valuation approach and input used
Financial Instruments- Level 1	
Shares of listed companies	Fair values of investments in listed equity securities are valued on the basis of closing quoted market prices available at the Pakistan Stock Exchange.
Financial Instruments - Level 2	
Units of mutual funds	Fair values of investments in units of mutual funds are determined based on redemption prices disclosed at the Mutual Funds Association of Pakistan (MUFAP) as at the close of the business days.
Market Treasury Bills (MTB) / Pakistan Investment Bonds (PIB), and GoP Sukuks (GIS)	Fair values of Pakistan Investment Bonds and Market Treasury Bills are derived using PKRV rates (Reuters page).
Debt Securities (TFCs) and Sukuk other than Government	Investments in debt securities (comprising Term Finance Certificates, Bonds and any other security issued by a company or a body corporate for the purpose of raising funds in the form of redeemable capital) are valued on the basis of the rates announced by the Mutual Funds Association of Pakistan (MUFAP) in accordance with the methodology prescribed by the SECP.
Overseas Government Sukuks, Overseas and Euro Bonds	The fair value of Overseas Government Sukuks, and Overseas Bonds are valued on the basis of price available on Bloomberg.
Forward foreign exchange contracts	The valuation has been determined by interpolating the foreign exchange revaluation rates announced by the State Bank of Pakistan.
Derivatives	The fair values of derivatives which are not quoted in active markets are determined by using valuation techniques. The valuation techniques take into account the relevant underlying parameters including foreign currencies involved, interest rates, yield curves, volatilities, contracts duration, etc.

Financial instruments in level 3

Currently, no financial instruments are classified in level 3.

The fair value of unquoted debt securities, fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

Non- financial assets- Level 3

Fixed assets - Land and building	Fixed assets and Non-banking assets under satisfaction of claims are carried at revalued amounts determined by professional valuers based on their assessment of the market values as disclosed in note 10 and 13 of the annual financial statements December 31, 2019. The valuations are conducted by the valuation experts appointed by the Bank which are also on the panel of State Bank of Pakistan. The valuation experts used a market based approach to arrive at the fair value of the Bank's properties. The market approach used prices and other relevant information generated by market transactions involving identical or comparable or similar properties. These values are adjusted to reflect the current condition of the properties. The effect of changes in the unobservable inputs used in the valuations cannot be determined with certainty, accordingly a qualitative disclosure of sensitivity has not been presented in these financial statements.
Non-banking assets under satisfaction of claims	

35.2 The Bank's policy is to recognise transfers into and out of the different fair value hierarchy levels at the date the event or change in circumstances that caused the transfer occurred. There were no transfers between levels 1 and 2 during the year.

35.3 The following table provides an analysis of financial assets that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of JS Bank Limited

Report on review of Consolidated Condensed Interim Financial Statements

Introduction

We have reviewed the accompanying consolidated condensed interim statement of financial position of JS Bank Limited as at 30 June 2020, the related consolidated condensed interim statement of profit and loss, consolidated condensed interim statement of comprehensive income, consolidated condensed interim statement of changes in equity, and consolidated condensed interim statement of cash flows, and notes to the financial statements for the six-month period then ended (here-in-after referred to as the "consolidated condensed interim financial statements"). Management is responsible for the preparation and presentation of these consolidated condensed interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on the financial statements based on our review. The figures of the consolidated condensed interim profit and loss account and consolidated condensed interim statement of comprehensive income for the three months ended 30 June 2020 and 30 June 2019 have not been reviewed, as we are required to review only the cumulative figures for the six months period ended 30 June 2020.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying consolidated condensed interim financial statements are not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

The engagement partner on the audit resulting in this independent auditor's report is Shaikh Ahmed Salman.

JS BANK LIMITED
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED JUNE 30, 2020

1. STATUS AND NATURE OF BUSINESS

1.1 The "Group" consists of:

1.1.1 Holding Company: JS Bank Limited

JS Bank Limited (the Bank / JSBL) is a banking company incorporated in Pakistan as a public limited company on March 15, 2006. The Bank is a subsidiary company of Jahangir Siddiqui & Co. Ltd. (JSCL) and its shares are listed on Pakistan Stock Exchange Limited (PSX). The Bank commenced its banking operations on December 30, 2006 and its registered office is situated at Shaheen Commercial Complex, Dr. Ziauddin Ahmed Road, Karachi.

The Bank is a scheduled bank, engaged in commercial banking and related services as described in the Banking Companies Ordinance, 1962 and is operating through 359 (December 31, 2019: 359) branches / sub-branches in Pakistan and one wholesale banking branch in Bahrain (December 31, 2019: one). The Pakistan Credit Rating Agency Limited (PACRA) has assigned the long-term entity rating of the Bank to AA- (Double A Minus) whereas short-term rating is maintained at 'A1+' (A One Plus), which is the highest possible short-term rating. The ratings denote a very low expectation of credit risk and indicate very strong capacity for timely payment of financial commitments.

1.1.2 Jahangir Siddiqui Investment Bank Limited, JSIBL, (formerly Citicorp Investment Bank Limited which was acquired by JSCL on February 01, 1999), and its holding company, JSCL, entered into a Framework Agreement with American Express Bank Limited, New York (AMEX) on November 10, 2005 for acquisition of its American Express Bank Limited - Pakistan Branches, (AEBL). Consequently, a new banking company, JSBL was incorporated on March 15, 2006 and a restricted Banking License was issued by the State Bank of Pakistan (SBP) on May 23, 2006.

A Transfer Agreement was executed on June 24, 2006 between JSIBL and JSBL for the transfer of entire business and undertaking of JSIBL to JSBL and a separate Transfer Agreement was also executed on June 24, 2006, between AMEX and JSBL for the transfer of AEBL's commercial banking business in Pakistan with all assets and liabilities (other than certain excluded assets and liabilities) (AEBL business). The shareholders of JSIBL and JSBL in their respective extra ordinary general meetings held on July 31, 2006 approved a Scheme of Amalgamation (the Scheme) under Section 46 of the Banking Companies Ordinance, 1962. The Scheme was initially approved by the Securities and Exchange Commission of Pakistan vide its letter No. SC/NBFC(J)-R/JSIBL/2006/517 dated September 28, 2006. Subsequently, the Scheme was sanctioned by the SBP vide its order dated December 02, 2006 and, in accordance therewith, the effective date of amalgamation was fixed at December 30, 2006.

The ultimate parent of the Group is Jahangir Siddiqui & Co. Ltd. which holds 75.02% shares of the Bank.

2. BASIS OF PRESENTATION

- 2.1 These consolidated financial statements include financial statements of JS Holding Company Limited and its subsidiary companies, (the "Group") and share of the profit or loss / reserves of

These consolidated financial statements have been presented in Pakistan Rupees (PKR), which is the currency of the primary economic environment in which the Holding Company operates and functional currency of the Holding Company, in that environment as well. The amounts are rounded off to the nearest thousand rupees except as stated otherwise.

2.2 Statement of Compliance

These consolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. These comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act, 2017;
- Provisions of and directives issued under the Holding Companying Companies Ordinance,
- Provisions of and directives issued under the Companies Act, 2017; and
- Directives issued by the SBP and the SECP from time to time.

Whenever the requirements of the Holding Companying Companies Ordinance, 1962, the Companies Act, 2017, or the directives issued by the SBP and the SECP differ with the requirements of IFRS, the requirements of the Holding Companying Companies Ordinance, 1962, the Companies Act, 2017 and the said directives shall prevail.

The disclosures made in these condensed interim consolidated financial statements have been limited based on the format prescribed by the SBP vide BPRD circular letter No. 5 dated March 22, 2019 and IAS 34.

These condensed interim consolidated financial Statements do not include all the information and disclosures required for annual unconsolidated financial statements and should be read in conjunction with the unconsolidated financial statements for the year ended December 31, 2019.

The SBP has deferred the applicability of international Accounting Standard (IAS) 39, 'Financial Instruments: Recognition and Measurement' and International Accounting Standard (IAS) 40, 'Investment Property' for Holding Companying companies vide BSD Circular Letter No. 10 dated August 26, 2002 till further instructions. Further, the SECP has deferred the applicability of International Financial Reporting Standard (IFRS) 7, 'Financial Instruments: Disclosures' on Holding Companies vide its notification S.R.O 411(I)/2008 dated April 28, 2008. Accordingly, the requirements of these standards have not been considered in the preparation of these condensed interim consolidated financial Statements. However, investments have been classified and valued in accordance with the requirements prescribed by the SBP through various circulars.

IFRS10 "Consolidated Financial Statements" was made applicable from period beginning on or after January 01, 2015 vide S.R.O 633(I)/2014 dated July 10, 2014 by SECP. However, SECP has directed through S.R.O56(I)/2016 dated January28, 2016, that the requirement of consolidation under section 228 of the Companies Act, 2017 and IFRS-10 "Consolidated Financial Statements" is not applicable in case of investment by companies in mutual funds established under trust structure. Accordingly, the requirements of these standards have not been considered in the preparation of these condensed interim consolidated financial Statements.

Through S.R.O. 229 (I)/2019 dated February 14, 2019, the SECP has extended the applicability of the IFRS 9 'Financial Instruments' for all companies required to prepare their financial statements in accordance with the requirements of IFRS for reporting period/year ending on or after June 30, 2019 (earlier application is permitted). However, SBP has further extended the effective date of applicability of IFRS 9 from annual period beginning on or after January 01, 2021 vide SBP BPRD Circular No. 4 dated October 23, 2019. Therefore, the Group has not considered the impact of IFRS 9 for its Pakistan operations in these condensed interim consolidated financial Statements.

Further, the Holding Company considers that as the Prudential Regulations and other SBP directives currently provide the accounting framework for the measurement and valuation of investments and provision against non performing loans and advances, the implementation of IFRS 9 may require changes in the regulatory regime and for this SBP would issue guidance and instruction on the application of IFRS 9 for the Holding Company sector of Pakistan.

2.3 BASIS OF CONSOLIDATION

2.3.1 The Group

- The condensed interim consolidated financial Statements include the financial statements of the Holding Company (The Holding Company) and its subsidiary companies together - "the Group".
- Subsidiaries are entities controlled by the Group. Control exists when the Group is exposed, or has rights, to variable returns from its investment with investee and has the ability to effect those return through its power over the investee except investment in mutual funds established under trust structure where IFRS 10 'Consolidated Financial Statements' is not applicable in case of investment by companies in mutual funds established under Trust structure.
- These condensed interim consolidated financial Statements incorporate the financial statements of subsidiaries from the date that control commences until the date that control
- The assets, liabilities, income and expenses of subsidiary companies have been consolidated on a line by line basis.
- Non-controlling interests are that part of the net results of operations and of net assets of subsidiaries attributable to interest which are not owned by the holding company.
- Material intra-group balances and transactions are eliminated.

2.3.2 Associates

Associates are those entities in which the Group has significant influence, but not control, over the financial and operating policies. Associates are accounted for using the equity method.

2.4 Standards, interpretations of and amendments to published approved accounting standards that are effective in the current year

There are certain new and amended standards, interpretations and amendments that are mandatory for the Holding Company's accounting periods beginning on or after January 1, 2020 but are considered not to be relevant or do not have any significant effect on the Holding Company's operations. Therefore not detailed in these condensed interim unconsolidated financial statements other than IFRS 9 and reason for that is mentioned in note 2.1 as above.

Standards, interpretations of and amendments to published approved accounting standards that are not yet effective

The following standards, amendments and interpretations of approved accounting standards will be effective for the accounting periods as stated below:

Standard, Interpretation or Amendment	Effective date (annual periods beginning on or after)
IFRS 9 'Financial Instruments (refer note 2.1 above)	January 01, 2021
Further, following new standards have been issued by IASB which are yet to be notified by the SECP for the purpose of applicability in Pakistan.	
IFRS 1 - First time adoption of IFRSs	January 01, 2014
IFRS 17 - Insurance Contracts	January 01, 2021

3. CRITICAL ACCOUNTING ESTIMATES AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The basis for accounting estimates adopted in the preparation of these condensed interim unconsolidated financial statements are the same as that applied in the preparation of the audited annual consolidated financial statements for the year ended December 31, 2019.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies and methods of computation adopted in the preparation of these condensed interim consolidated financial statements are consistent with those applied in the preparation of the audited annual consolidated financial statements of the Holding Company for the year ended December 31, 2019.

5. FINANCIAL RISK MANAGEMENT

The financial risk management objectives and policies adopted by the Holding Company are consistent with those disclosed in the audited annual consolidated financial statements for the year ended December 31, 2019 except following additional considerations due to the COVID-19.

5.1 COVID - 19 outbreak and it's impact

The COVID-19 and the measures to reduce its spread has impacted the economy of Pakistan significantly. Regulators and governments across the globe have introduced fiscal and economic stimulus measures to mitigate its impact.

The State Bank of Pakistan (SBP) has responded to the crisis by cutting the policy rate by 625 basis points to 7 percent and by introducing regulatory measures to maintain banking system soundness and to sustain economic activity. These include

- (i) reducing the capital conservation buffer by 100 basis points to 1.5 percent;
- (ii) increasing the regulatory limit on extension of credit to SMEs by 125 million to Rs 180 million;
- (iii) relaxing the debt burden ratio for consumer loans from 50 percent to 60 percent
- (iv) allowing banks to defer clients' payment of principal and profit on financing obligations by one year; and
- (v) relaxing regulatory criteria for restructured/rescheduled loans for borrowers who require relief beyond the extension of principal repayment for one year.
- (vi) Relaxing credit requirements for exporters and importers; and
- (vii) Refinance schemes to support employment to prevent layoff of workers and health sector to combat COVID-19 Pandemic.

COVID 19 has impacted the Holding Company in Pakistan from various facets which includes increase in overall credit risk pertaining to loans and advances portfolio in certain sectors, reduced fee income due to slowdown in economic activity, operational issues such as operations of Branches and managing cyber security threats. We have discussed below the major aspects of COVID 19 on the Holding Company's risk management policies.

5.1.1 Assets quality and credit risk

The Risk department of the Holding Company is regularly conducting assessments to identify borrowers operating in various sectors which are most likely to get affected. the Holding Company has further strengthened its credit review procedures in the light of COVID-19. the Holding Company has conducted various stress tests on the Credit portfolio and is confident that the CAR buffer currently maintained is sufficient.

5.1.2 Liquidity management

The Holding Company has received applications for deferral of principal and / or restructuring / rescheduling and is expected to receive further such applications. These applications are being reviewed by the Holding Company as per its established policies. The Asset and Liability Committee (ALCO) of the Holding Company is continuously monitoring the liquidity position and is taking due precautionary measures where needed. The Holding Company has conducted various stress testing on its liquidity ratios and is confident that the liquidity buffer currently maintained by the Holding Company is sufficient to cater any adverse movement in cash flow maturity profile.

5.1.3 Equity Investments

SBP has given relaxation in recognition of impairment of equity securities in phased manner equally on quarterly basis during calendar year ending on December 31, 2020. The Holding Company has taken the impact of impairment on the basis of that relaxation in these unconsolidated condensed interim financial statements.

5.1.4 Foreign Exchange Risk

Due to recent economic slowdown, the PKR has devalued against USD significantly from December 31, 2019 and the USD / PKR parity stood at Rs 168.05 as at June 30, 2020. The exchange rate is expected to remain volatile till the uncertainty around COVID 19 resolves. The Holding Company has reviewed its Net Open Position and has had no significant impact on profitability.

5.1.5 Operations

The Holding Company is closely monitoring the situation and has invoked required actions to ensure safety and security of Bank staff and an uninterrupted service to our customers. The senior management of the Holding Company is continuously monitoring the situation and is taking timely decisions to resolve any concerns. Business Continuity Plans (BCP) for respective areas are in place and tested. The Holding Company has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for staff and related risk and control measures were assessed to make sure they are fully protected using virtual private network ("VPN") connections. Further, the Holding Company has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber attacks.

The Holding Company is communicating with its customers on how they can connect with the Holding Company through its full suite of channels including digital and online channels. The Holding Company has taken all measures to ensure that service levels are maintained, customer complaints are resolved as per SLAs and the Holding Company continues to meet the expectations of their clients as they would in a normal scenario.

5.1.6 Capital Adequacy Ratio

Under the current scenario, the Holding Companies are under pressure to extend further credit to its borrowers, while overall deteriorating credit risk and increased NPL may also put additional pressures on the Holding Company from Capital Adequacy Ratio perspective. The SBP has relaxed the Capital Conversion Buffer (CCB) requirements for the Holding Companies to 1.5%, resulting in an overall CAR requirement of 11.5%. The reduced CCB has also provided an additional limit to the Holding Company for its tier 2 capital. Further the regulatory limit for retail loans has also increased by SBP to 180 million, which will now result in reduced Risk Weighted Assets, RWA, for some of its loans. In addition to the measures by SBP, the Senior management of the Holding Company is continuously monitoring the impacts of various decisions on its CAR and taking further lending decisions based on the overall impacts on RWA. The Holding Company also believes that it has sufficient buffer in its CAR requirement to meet any adverse movements in credit, market or operational risks.

10.3.2 The State Bank of Pakistan through various circulars has allowed benefit of the forced sale value (FSV) of Plant and Machinery under charge, pledged stock and mortgaged residential, commercial and industrial properties (land and building only) held as collateral against non-performing loans (NPLs) for a maximum of five years from the date of classification. As at June 30, 2020, the Bank has availed cumulative benefit of FSV of Rs. 4,597,223 million (December 31, 2019: Rs. 4,120,009 million) under the directives of the SBP. Had the benefit not been taken the unappropriated profit after tax would have reduced by Rs. 3,002,620 million (December 31, 2019: Rs. 2,678,006 million). Further, as required by the SBP directives, this unappropriated profit will not be available for distribution as dividend or other appropriations.

10.3.3 Advances - Deferred & Restructured / Rescheduled

The SBP vide BPRD circular letter number 13 of 2020 dated March 26, 2020, has relaxed certain classification criteria of SBP Prudential Regulation R-8 (Classification and Provisioning of Assets). Accordingly, certain exposures of the Holding Company as at June 30, 2020 relating to facilities of customers have not been classified as non-performing on account of such

11.1.1 During the period, the Company entered into an 'agreement to sale' with JS Lands (Private) Limited (a related party), after obtaining shareholders' approval in Annual general meeting held on April 22, 2020, whereby, the Company agrees to acquire certain properties at an estimated cost of Rs.748.5 million (out of which Rs. 374.423 million has been paid during the period), subject to completion of certain work as explained in the exhibit of 'agreement to sale'. Up till the previous reporting period, such properties were accounted for under IFRS 16 'Leases', as the same were on rental basis. However, pursuant to the aforementioned agreement, the Company has now reassessed the situation and modified the lease term in view of expected date of transfer of ownership which is estimated to be materialized by end of August 2020. Accordingly, the right of use asset, earlier recorded has been reduced by Rs.206.165 million, with corresponding liability reduced by Rs.225.932 million. Consequently, the Company has recognised Rs.19.766 million as gain on lease modification during the period (which is included in other operating income).

17.1 In 2016, the Holding company has issued Rs.3 billion of rated, privately placed, unsecured and subordinated term finance certificates ("TFCs" or "the issue") as an instrument of redeemable capital under Section 120 of the Companies Ordinance, 1984 and as outlined by State Bank of Pakistan, SBP, under the BPRD circular No. 06 dated August 15, 2013 and Basel III guidelines. Summary of terms and conditions of the issue are:

Purpose:	To contribute toward the Bank's Tier II Capital for complying with the Capital Adequacy Ratio requirement and to utilize the funds in the Bank's business operations as permitted by its Memorandum & Articles of Association.
Issue date	December 14, 2016
Tenure:	Up to Seven years from the Issue date.
Maturity Date:	December 14, 2023
Rating	A + (Single A Plus)

Profit Rate:	Floating rate of return at Base rate + 1.4 percent per annum; Base rate is defined as the average six months KIBOR prevailing on the Base Rate setting date. The Base Rate will be set for the first time on the last working day prior to the Issue Date and subsequently on the immediately preceding business day before the start of each six monthly period
Profit payment:	Semi-annual
Redemption:	The instrument is structured to redeem 0.24% of the Issue amount during the first six years after the Issue date and the remaining Issue amount of 99.76% in two equal semi-annual instalments of 49.88% each in the last year.
Security:	The Issue is unsecured and subordinated as to payment of Principal and profit to all other indebtedness of the Bank.
Call Option:	Exercisable in part or in full on or after the 10th redemption, subject to SBP's approval.
Lock-in-clause:	Principal and profit will be payable subject to compliance with MCR or CAR set
Loss absorbency clause:	Upon the occurrence of a Point of Non-Viability event as defined by SBP's Basel III Capital Rule vide BPRD Circular # 6 of 2013 dated August 15, 2013, SBP may at its option, fully and permanently convert the TFCs into common shares of the Bank and/or have them immediately written off (either partially or in full). Number of shares to be issued to TFC holders at the time of conversion will be equal to the 'Outstanding Face Value of the TFCs' divided by market value per share of the Bank's common share on the date of trigger as declared by SBP of the non-viability event as declared by SBP, subject to a cap of 467,836,257 shares.

- 17.2 In 2017, the Holding company has issued Rs.2 billion of rated, over the counter listed, unsecured and subordinated term finance certificates ("TFCs" or "the Issue") as an instrument of redeemable capital under Section 66 of the Companies Act, 2017 and as outlined by State Bank of Pakistan, SBP, under the BPRD circular No. 06 dated August 15, 2013 and Basel III guidelines. Call Option:	Exercisable in part or in full at a par value on or after five years from the issue date, with prior approval of SBP. The Bank shall not exercise the call option unless the called instrument is replaced with capital of same or better quality.
Lock-in-clause:	Payment of profit will not be made from current year's earnings and subject to compliance with MCR or CAR set by SBP.

Loss absorbency clause:

Pre-Specified Trigger ("PST") Upon the occurrence of a Pre-Specified Trigger as defined under SBP BPRD Circular # 6 of 2013 dated August 15, 2013, which stipulates that if an Issuer's Common Equity Tier 1 ("CET 1") ratio falls to or below 6.625% of Risk Weighted Assets ("RWA"), the Issuer will have full discretion to determine the amount of TFCs to be permanently converted into common shares or written off, subject to SBP regulations / instructions, and the cap specified below. The Bank will be able to exercise this discretion subject to:

- If and when Bank's CET 1 reaches the loss absorption trigger point, the aggregate amount of Additional Tier-1 capital to be converted must at least be the amount sufficient to immediately return the CET 1 ratio to above 6.625% of total RWA (if possible);
- The converted amount should not exceed the amount needed to bring the CET 1 ratio to 8.5% of RWA (i.e. minimum CET 1 of 6.0% plus capital conservation buffer of 2.5%);
- In case, conversion of Additional Tier-1 capital instrument is not possible following the trigger event, the amount of the instrument must be written off in the accounts resulting in increase in CET 1 of the Issuer;

Point of Non-Viability Upon the occurrence of a Point of Non-Viability event as defined under SBP BPRD Circular # 6 of 2013 dated August 15, 2013, which stipulates that SBP may, at its option, fully and permanently convert the TFCs into common shares of the Issuer and / or have them immediately written off (either partially or in full). Number of shares to be issued to TFC holders at the time of conversion will be equal to the 'Outstanding Value of the TFCs' divided by market value per share of the Issuer's common / ordinary share on the date of the PONV trigger event as declared by SBP, subject to the cap specified below;

The PONV trigger event is the earlier of:

- A decision made by SBP that a conversion or temporary / permanent write-off is necessary without which the Issuer would become non-viable;
- The decision to make a public sector injection of capital, or equivalent support, without which the Issuer would have become non-viable, as determined by SBP;
- The maximum number of shares to be issued to TFC holders at the Pre-Specified Trigger and / or Point of Non-Viability (or otherwise as directed by SBP) will be subject to a specified cap of 329,595,476 ordinary shares, or such other number as may be agreed to in consultation with SBP.

22. DERIVATIVE INSTRUMENTS

Derivative instruments, such as Forward Exchange Contracts, Interest Rate Swaps, Interest Rate Swaps and Options, are forward transactions that provide market making opportunities / hedge against the adverse movement of interest and exchange rates. Derivatives business also provides risk solutions for the existing and potential customers of the Group.

The Group has entered into a Cross Currency Swap transaction with its customer on back-to-back basis with an Authorized Derivative Dealer (ADD) without carrying any open position in its books. Specific approvals for the transactions have been granted by State Bank of Pakistan. Policies in line with SBP instructions have been formulated and are operative.

The Holding company has also entered into Foreign Currency & Commodity Options from its Wholesale Banking Branch Bahrain for market making activities.

These transactions cover the aspects of both market making and hedging. The risk management related to derivative is disclosed in note 45 to the financial statements.

Accounting policies in respect of derivative financial instruments are described in note 4.5.2 of the consolidated annual financial statements for the year ended December 31, 2019.

1. FAIR VALUE OF FINANCIAL INSTRUMENTS

IFRS 13 "Fair Value Measurement" defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value of quoted securities other than those classified as held to maturity, is based on quoted market price. Fair value of fixed term loans, other assets, other liabilities and fixed term deposits cannot be calculated with sufficient reliability due to absence of current and active market for assets and liabilities and reliable data regarding market rates for similar instruments. The provision for impairment of loans and advances has been calculated in accordance with the Bank's accounting policy as stated in note 4.5 to the annual consolidated financial statements for the year ended December 31, 2019.

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since assets and liabilities are either short term in nature or in the case of customer loans and deposits are frequently repriced.

Fair value hierarchy

IFRS 13 requires the Bank to classify fair value measurement using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has following levels:

- Level 1:** Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.
- Level 2:** Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3:** Fair value measurements using unobservable inputs for the asset or liability.

35.1 Valuation techniques used in determination of fair values within level

Item	Valuation approach and input used
Financial Instruments- Level 1	
Shares of listed companies	Fair values of investments in listed equity securities are valued on the basis of closing quoted market prices available at the Pakistan Stock Exchange.
Financial Instruments - Level 2	
Units of mutual funds	Fair values of investments in units of mutual funds are determined based on redemption prices disclosed at the Mutual Funds Association of Pakistan (MUFAP) as at the close of the business days.
Market Treasury Bills (MTB) / Pakistan Investment	Fair values of Pakistan Investment Bonds and Market Treasury Bills are derived using PKRV rates (Reuters page).
Debt Securities (TFCs) and Sukuk other than Government	Investments in debt securities (comprising Term Finance Certificates, Bonds and any other security issued by a company or a body corporate for the purpose of raising funds in the form of redeemable capital) are valued on the basis of the rates announced by the Mutual Funds Association of Pakistan (MUFAP) in accordance with the methodology prescribed by the SECP.
Overseas Government Sukuks, Overseas and Euro	The fair value of Overseas Government Sukuks, and Overseas Bonds are valued on the basis of price available on Bloomberg.
Forward foreign exchange co	The valuation has been determined by interpolating the foreign exchange revaluation rates announced by the State Bank of Pakistan.
Derivatives	The fair values of derivatives which are not quoted in active markets are determined by using valuation techniques. The valuation techniques take into account the relevant underlying parameters including foreign currencies involved, interest rates, yield curves, volatilities, contracts duration, etc.
Non- financial assets- Level 3	
Fixed assets - Land and building	Fixed assets and Non-banking assets under satisfaction of claims are carried at revalued amounts determined by professional valuers based on their assessment of the market values as disclosed in note 10 and 13 of the annual financial statements December 31, 2019. The valuations are conducted by the valuation experts appointed by the Bank which are also on the panel of State Bank of Pakistan. The valuation experts used a market based approach to arrive at the fair value of the Bank's properties. The market approach used prices and other relevant information generated by market transactions involving identical or comparable or similar properties. These values are adjusted to reflect the current condition of the properties. The effect of changes in the unobservable inputs used in the valuations cannot be determined with certainty, accordingly a qualitative disclosure of sensitivity has not been presented in these financial statements.
Non-banking assets under satisfaction of claims	
Financial Instruments in level 3	
Currently, no financial instruments are classified in level 3.	
The fair value of unquoted debt securities, fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.	

35.2 The Bank's policy is to recognise transfers into and out of the different fair value hierarchy levels at the date the event or change in circumstances that caused the transfer occurred. There were no transfers between levels 1 and 2 during the year.

35.3 The following table provides an analysis of financial assets that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable.
