CHAIRMAN'S MESSAGE

During the year under review, It was encouraging to note that Government's stabilization measures resulted in considerable improvement in economic indicators and was leading to gradual recovery of economic growth. However, second half of the year brought a new set of challenges after emergence of COVID-19 disease which spread so quickly around the world that WHO declared it pandemic forcing the countries around the globe to take lockdown measures for containing its spread and save their population from consequence emerging out of it. Pakistan was no exception, Federal and Provincial Governments appropriately introduced lockdown and other safety measures which effectively restricted the spread of COVID-19 and minimized its impact on masses.

Due to lockdown, economic recovery underwent major setback pushing the overall economic growth to negative territory not only for the last quarter but also for the whole year. Nevertheless, Government deserves an applaud for its efforts to dampen the adverse impact of lockdown on masses and businesses by introducing economic stimulus package and host of measures taken by the State Bank of Pakistan ("SBP") including monetary easing and SBP refinance schemes. I believe the worst is over now and if Government sticks to its right policy decision, the path to recovery will be much swifter.

I am thankful to Allah Almighty for granting

courage and strength to management and workforce of your Company to ensure uninterrupted supply of its products to essential segments so that there wouldn't be any shortage of essential goods to the masses during the lockdown period. Moreover, management focused throughout year to achieve optimum levels of plant operations with best mix of energy. With immense satisfaction, I report that, with all these endeavors, your Company's topline (Gross Sales Value) crossed the landmark of Rs. 28 billion and year was closed under review with impressive bottom line.

I am pleased to inform you that this year the Board of Directors proposed 15% cash dividend (Rs. 1.5 per share) and 20% bonus issue (one share for every five shares) making total dividend payout to 34% (LY: 20%) of the profit after tax.

The Company's production facilities are operating at a satisfactory level, but BMR is essential, to not only maintain the level of their performance but also to improve it further. With this objective in mind, certain projects were completed and few other were conceived during the year. I am happy to inform you that now Company production facilities are capable to produce 10-15% more than their name-plate capacity. Keeping our long term plan to reduce the carbon footprint, the Company also added further capacity to Solar Panel power generation which now stands increased to 3.6 MW from

2 MW at the beginning of this year. Our mega expansion project in coated board segment is temporarily shelved because of prevailing economic indicators but I like to assure you that we will reinvigorate it again as soon as sustainable economic recovery is in sight.

It is the matter of great honor for me to disclose that your Company continued to fulfil its Corporate Social Responsibility and followed its convention to remain involved in the various community services. After the outbreak of COVID-19, Company immediately resorted to implementation of SOPs at its Mills and all other offices to ensure safe environment for its workers. All necessary Personnel Protective Equipment were provided to staff and adequate measures were taken to ensure social distancing. Work from home was encouraged and it is continuing to date wherever possible. Moreover, an organized effort was undertaken in the distribution of Food Hampers to underprivileged in surrounding communities and also in the distribution of the Medical Kits to Health Workers. Local administration has also played an outstanding role with us in this noble cause.

In addition to the above, your Company is continuously expanding the scope of its "Smart School" initiative to provide education to the non-school going children in vicinity of Mills with the collaboration of Institute of Rural Management. Employment opportunities to female workers from surrounding areas of the Mills are being provided by inducting them in the waste paper sorting process. Last but not the least, "Water for Nation" drive is successfully yielding water conservation through regular awareness programs for its

employees and surrounding communities.

Nationwide lockdown has already been lifted and the Government is focusing on smart lockdown and implementation of SOPs to contain spread of the disease. On the other hand, SBP measures effectively bailed out many businesses from the negative impact of lockdown. Economic Fundamentals are looking positive post lockdown leading the way for gradual economic recovery. There is a positive sign of uptick in overall demand in the economy for domestic consumption as well as for exports. Lower interest rates and systematic adjustment of currency will give room to businesses for better planning that ultimately will lead to broad based economic recovery. Your Company will be following dynamic strategy and is well poised to play its part in the economic recovery by not only meeting domestic demand but also successfully resumed export in regional markets. Henceforth, I can see bright prospects both for Country and as well as for your Company.

I am also extremely thankful to dedicated employees, valued customers, reliable bankers, esteemed shareholders and local administration for their contribution towards the better fortune of the Company.

DIRECTORS' REPORT

On behalf of the Board of Directors (BOD), I am pleased to present the Annual Report of Century Paper & Board Mills Limited (CPBM) for the year ended June 30th 2020, along with the audited Financial Statements and Auditors' Report thereon.

BUSINESS PERFORMANCE REVIEW

The year under review began under the shadow of policy adjustments and structural reforms to rectify microeconomic imbalances. Owing to Government stabilization measures, trade and current account balances were improved during the course of the year creating prospects for gradual economic recovery. However, outbreak of COVID-19 pandemic in second half of the year and resultant lockdown measures adopted by the Government brought economic activity for most of the sectors to complete halt in last quarter of the year. Impact of lockdown was so profound that it pushed the overall economic growth to negative territory and contraction was witnessed in both industrial and service sectors.

Despite the contraction in industrial sector output, the Paper & paperboard sector managed some recovery in its market size after undergone contraction in previous year. The year was started with challenging environment where broad based curtailment in consumer demand was witnessed. However, after stability of Interest rates and inflation, improvement was witnessed in demand during the course of the year till the outbreak of COVID-19 pandemic in second half of the year, though, lockdown mainly impacted operations during last quarter of the year. Your Company, being in supply chain of essential industries played its part by meeting its delivery commitments for essential industries on priority basis so that their products remain available to masses in lockdown period.

Despite the turbulent times during the year, your Company has not only managed to sustain its market share in domestic market but also successfully explored avenues for exports in regional markets like Afghanistan and Middle East and resumed export business with moderate volumes. Initial feedback on export is encouraging and Company may expand its exports in due course. Company sold 215,648 metric tons during the year under review as against 216,771 metric tons in last year. Accordingly, production volumes stood at 226,505 metric tons as compared to last year volumes of 227,602 metric tons with resultant capacity utilization of 94% (L.Y. 95%).

In terms of value, the net sales of the Company registered growth of 9.46% which stood at Rs. 24.34 billion as compared to Rs. 22.24 billion of the last year. Included in it was export sales of Rs. 72.90 million.

خواہش کی بہت صحت مندانہ نشاندہی کرتی ہے۔ طلباء کا ہیلتھ چیک اپ بھی کرایا گیا ہے۔

اسی طرح کا ایک اقدام پچھلے سال سائل فاؤنڈیشن کے تعاون سے مل کی حدود میں اٹھایا گیا تھا۔ اس کوشش کے بھی بہترین نتائج برآمد ہو رہے ہیں۔ اسکول نہ جانے والے مزید بچوں کے لئے تعلیم کا بندوبست کیا جا رہا ہے۔

افراد کی قوت

آپ کی کمپنی اپنی افرادی قوت کا بہترین استعمال کرنے کے لیے کوشاں رہتی ہے۔ اس نے اپنے ملازمین کے لیے ان کی ضرورتوں اور رائے کو اہمیت دیتے ہوئے ایک وسیع اور مربوط طریقہ کار اختیار کیا ہوا ہے۔

کمپنی کی بنیادی اقدار انکساری، ہمدردی، دیانت، تبدیلی، جدت، مسلسل بہتری کا رجحان رکھنے والے ذہن، ٹیم ورک، فوری ضرورت کی پہچان اور کسٹمر کو اولین فوقیت دینے پر مبنی ہے۔ انہی اقدار کی بدولت ہر ملازم کو ایک منظم ادارے میں آگے بڑھنے اور اپنی تخلیقی صلاحیتوں کو پیشہ ورانہ مہارتوں میں ڈھالنے کا موقع ملتا ہے۔

ٹیکنیکل اور مینجمنٹ اسٹاف کے لیے کیریئر کے موزوں راستے اور حوصلہ افزائی کے پروگرامز ہیں۔ ان پروگرامز میں ملازمت کے دوران ٹریننگز، سبجیکٹ اسپیشلسٹس کے ذریعے صلاحیتوں کو نکھارنے والے پروگرامز سے لے کر مقامی اور بین الاقوامی سیمینارز اور ٹریننگز شامل ہیں۔

انسانی وسائل کے تمام امور کے لئے نظام موجود ہیں، جن میں بھرتی، ٹیلنٹ مینجمنٹ، پرفارمنس مینجمنٹ، معاوضہ اور فوائد، تربیت اور ترقی، اور ملازمین کی شمولیت شامل ہیں۔ اب ہم ایچ آر کی عالمی معیارات کے مطابق اینڈ ٹو اینڈ ڈیجیٹلائزنگ پر کام کر رہے ہیں۔ مسابقتی معاوضے اور فوائد کے ساتھ منسلک ہموار نظام ہمارے ملازمین کو راغب کرتے ہیں اور ان کو مشغول رکھتے ہیں۔

ملازمین سے تعلقات

ملازمین اور مینجمنٹ کے درمیان برس با برس سے پُر خلوص تعلقات قائم ہیں۔ یہ خوشگوار تعلقات ہمارے ملازمین کی تبدیلی ملازمت کی شرح میں بھی جھلکتے ہیں جو ہمارے شعبے یا کسی بھی دوسرے شعبے کے مقابلے میں بہت کم ہے۔

سال کا 2021 منظر نامہ

ان کٹھن حالات میں کاروباری اداروں کی مدد کے لئے اسٹیٹ بینک پاکستان کے اشتراک سے حکومت کی طرف سے شروع کیے گئے معاشی محرک اقدامات کے ساتھ ساتھ دنیا بھر اور پاکستان میں لاک ڈاؤن کی پابندیاں بتدریج اٹھائے جانے سے، معاشی نمو کی بحالی کے عمل میں بہتری کی توقع کی جاتی ہے جس کے نتیجے میں صنعتی پیداوار کی مانگ میں بہتری واقع ہوگی۔

بچوں کی تعلیم سے متعلق اقدامات

ہم نے انسٹی ٹیوٹ آف رورل مینجمنٹ (IRM) کے ساتھ ایک جوائنٹ وینچر کا آغاز کیا ہے جس کے تحت انتہائی غریب آبادیوں میں ایک کمرے والے کلاس روم کے نظریے پر اسکول قائم کئے جا رہے ہیں۔ اس اقدام کے ذریعے ایسے اسکول نہ جانے والے بچوں کو توجہ کا مرکز بنایا گیا ہے جو چائلڈ لیبر کا نشانہ بنے ہوئے ہیں۔ والدین کو تعلیم کی اہمیت اور ضرورت کے بارے انفرادی مشاورت فراہم کی جا رہی ہے۔ یہ مشاورتی نشستیں تعلیم کی جانب ان کا جھکاؤ بڑھانے میں کارآمد ثابت ہو رہی ہیں۔ اب تک کے نتائج نہایت حوصلہ افزا ہیں ایسے بچوں کی شمولیت اور حاضری ان کی تعلیم حاصل کرنے کی

مستقل نگرانی اور بہترین طریق کار کے ذریعے ہم توانائی اور پانی کے استعمال میں مجموعی طور پر بہتری لانے میں کامیاب رہے ہیں جو پائیداری اور زیادہ صفائی والے پیداواری طریقوں کا باعث بنا ہے۔ کمپنی نے جزوی طور پر تازہ پانی کی جگہ صاف شدہ پانی کا استعمال کرنا شروع کیا ہے اور اس طرح زیر زمین پانی کی بچت کی جارہی ہے۔ کمپنی نے قابل تجدید شمسی توانائی کا استعمال بھی شروع کر دیا ہے۔

وسائل کے تحفظ میں مزید پیشرفت کے لئے آپ کی کمپنی نے ورلڈ بینک گروپ کی ایک معاون تنظیم، انٹرنیشنل فنانس کارپوریشن (IFC) کی مشاورتی خدمات کا استعمال شروع کر دیا ہے۔

انڈسٹری لیڈر ہونے کے ناطے، آپ کی کمپنی صارفین پر توجہ مرکوز رکھنے والے ادارے کی حیثیت سے بدستور بہترین کارکردگی کا مظاہرہ کر رہی ہے اور محفوظ اور ماحول دوست کاروباری سرگرمیوں، مصنوعات اور خدمات کو یقینی بناتی ہے۔ اس کے 4 ستونوں والے SEMETA معیار کے مقابل SEDEX آڈٹ میں کو ایلفائی کرنا اس بات کا ثبوت ہے کہ آپ کی کمپنی ہر ایک کے لئے قابل قبول بزنس پارٹنر ہے۔

زیر و ایکسیڈنٹ کے حصول اور کاروباری سرگرمیوں کے ماحولیاتی اثرات کو کم کرنے کے لئے رسک کے جامع جائزہ اور متعلقہ حفاظتی تدابیر کی سرگرمی سے پیروی کی جارہی ہے۔ ناگہانی حادثات کی اصل وجوہات کو ختم کرنے اور ان کے دوبارہ رونما ہونے سے بچنے کے مقصد کے ساتھ ان کی پوری طرح سے تفتیش کی جاتی ہے۔ سلامتی اور ماحولیاتی آگاہی کو بڑھانے کے لئے ملازمین اور ٹھیکیداروں، دونوں کے لئے باقاعدگی سے ٹریننگ سیشن منعقد کئے جاتے ہیں۔

کمپنی SHEQ فریم ورک کا بھی وقفہ وقفہ سے متواتر جائزہ لیتی رہتی ہے۔ جس میں پروڈکٹ کوالٹی، توانائی کے استعمال، بوائکر سے گیسوں کا اخراج، پاور پلانٹ اور استعمال شدہ پانی کے اخراج کی مزید بہتری کے لئے ٹھوس اقدامات شامل ہیں۔

کووڈ-۱۹ کے بعد اسٹیٹ بینک آف پاکستان نے کاروباری اداروں کی مدد کے لئے تیزی سے مختلف اقدامات اٹھائے تاکہ ان کی لیکویڈیٹی کو یقینی بنایا جاسکے۔ ان اقدامات میں اجرتوں اور تنخواہوں کے لئے اسٹیٹ بینک ری فائننس اسکیم، بی ایم آر کے لئے عارضی اکنامک ری فائننس فیسیلیٹی اور پالیسی ریٹ میں کووڈ-۱۹ سے پہلے کی 13.25 فیصد کی سطح سے سال کے اختتام تک 7 فیصد تک کمی شامل ہے۔ یہ سارے اقدامات کاروبار کے ساتھ ساتھ کمپنی کے لئے بھی بہتر ہیں اور اس کی موثر مالیاتی لاگت میں سال کی آخری سہ ماہی سے کم آنا شروع ہوئی ہے۔

بورڈ آف ڈائریکٹرز (BOD) کی طرف سے 30 جون 2020ء کو ختم ہونے والے سال کے لیے سیکریٹری پیپرا اینڈ بورڈ ملز لمیٹڈ (CPBM) کی سالانہ رپورٹ مع آڈٹ شدہ مالیاتی گوشوارے اور آڈیٹرز رپورٹ پیش کرنا میرے لیے باعث مسرت ہے۔

کاروباری کارکردگی کا جائزہ

زیر جائزہ سال اقتصادی عدم توازن کی اصلاح کے لئے پالیسی میں ایڈجسٹمنٹس اور ساختی اصلاحات کے سائے میں شروع ہوا۔ حکومت کے استحکامی اقدامات کی وجہ سے سال کے دوران تجارت اور کرنٹ اکاؤنٹ بیلنس میں بہتری لائی گئی جس سے آہستہ آہستہ معاشی بحالی کے امکانات پیدا ہوئے۔ تاہم سال کے دوسرے نصف حصے میں کووڈ-۱۹ عالمی وبا کا پھیلنا اور اس کے نتیجے میں حکومت کی طرف سے اختیار کئے گئے لاک ڈاؤن کے اقدامات کے نتیجے میں سال کی آخری سہ ماہی میں بیشتر شعبوں میں معاشی سرگرمی مکمل طور پر رک گئی۔ لاک ڈاؤن کے اثرات اس قدر گہرے تھے کہ انہوں نے مجموعی معاشی نمو کو منفی حد کی طرف دھکیل دیا اور صنعت اور خدمات دونوں شعبوں میں تخفیف دیکھی گئی۔

صنعتی شعبے کی پیداوار میں تخفیف کے باوجود پیپرا اور پیپر بورڈ کے شعبے میں پچھلے سال میں تخفیف کے بعد ارمسال مارکیٹ کے حجم میں کچھ بہتری ہوئی۔ اس سال کے شروع میں صارفین کی مانگ میں وسیع بنیادوں پر کمی دیکھی گئی تھی۔ تاہم شرح سود اور افراط زر کے استحکام کے بعد سال کے دوسرے نصف حصے میں کووڈ-۱۹ کے پھیلنے تک طلب میں بہتری دیکھنے میں آئی تاہم لاک ڈاؤن نے بنیادی طور پر سال کی آخری سہ ماہی کے دوران میں کاروباری سرگرمیوں کو متاثر کیا۔ آپ کی کمپنی نے ضروری صنعتوں کی سپلائی چین کا حصہ ہونے کی حیثیت سے ضروری صنعتوں کے لئے اپنی ایشیاء کی مسلسل فراہمی کے ذریعے کر کے اپنا کردار ادا کیا تا کہ لاک ڈاؤن کے دوران میں ان کی مصنوعات عوام کو دستیاب رہیں۔

سال کے دوران ناہموار حالات کے باوجود آپ کی کمپنی نہ صرف ملکی مارکیٹ میں اپنا مارکیٹ شیئر برقرار رکھنے میں کامیاب رہی بلکہ افغانستان اور مشرق وسطیٰ جیسی علاقائی منڈیوں میں بھی برآمدات کے لیے کامیابی سے راستے تلاش کئے اور معتدل حجم کے ساتھ برآمدی کاروبار دوبارہ شروع کیا۔ برآمدات سے متعلق ابتدائی ردعمل حوصلہ افزا ہے اور کمپنی آنے والے وقت میں اپنی برآمدات بڑھا سکتی ہے۔ کمپنی نے گزشتہ سال 216,771 میٹرک ٹن کے مقابلے میں زیر جائزہ سال کے دوران 215,648 میٹرک ٹن فروخت کی۔ اسی طرح پچھلے سال کے حجم 227,602 میٹرک ٹن کے مقابلے میں ارمسال پیداوار کا حجم 226,505 میٹرک ٹن رہا، جبکہ پیداواری شرح 94 فیصد رہی (گزشتہ سال 95 فیصد)۔

مالیت کے اعتبار سے کمپنی نے خالص فروخت میں 9.46 فیصد کی نمود درج کرائی جو گزشتہ سال میں 22.24 ارب روپے کے مقابلے میں 24.34 ارب روپے رہی۔ اس میں 72.90 ملین روپے کی برآمداتی فروخت شامل ہے۔

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the Key audit matters:

S. No	Key audit matters	How the matter was addressed in our audit
1.	Capital expenditures The Company continued to invest in capital projects with significant capital expenditure incurred during the year ended June 30, 2020. The significant level of capital expenditure requires consideration of the nature of the costs incurred to ensure that their capitalization in property, plant and equipment meets the specific recognition criteria in the Company's accounting policy, in particular for assets constructed by the Company, and the useful economic lives assigned by management are appropriate. For these reasons we considered it to be a key audit matter.	Our audit work included assessing and testing the design and operation of its key controls over capital expenditure and testing the amounts capitalized to supporting evidence and evaluating whether assets capitalized including borrowing cost satisfied the required recognition criteria. We also assessed the useful economic lives assigned with reference to the Company's historical experience, including assessing the level of fully depreciated assets held by the Company.

Independent Auditor's Report to the Members

S. No	Key audit matters	How the matter was addressed in our audit
	Refer to notes 6 and 7 to the financial statements.	<p>We reviewed the minutes of the Company's Board of Directors and Audit Committee to evaluate the completeness of management's consideration of any events that warranted changes to the useful economic lives.</p> <p>We visited the sites where significant capital projects are ongoing to understand the nature of the projects.</p> <p>The adequacy of the disclosures presented in the financial statements regarding property, plant and equipment was also assessed, based on the applicable accounting standards and requirements of Companies Act, 2017.</p>
2.	<p>Contingencies</p> <p>As disclosed in note 16.1, 16.2 and 29.1 to the annexed financial statements. The Company has contingent liabilities and tax litigations in respect of income and sales tax matters, which are pending adjudication at different levels with the taxation authorities and other legal forums.</p> <p>Contingencies require management to make judgments and estimates in relation to the interpretation of laws, statutory rules, regulations and the probability of outcome and financial impact, if any, on the Company for disclosure and recognition and measurement of any provision that may be required against such contingencies.</p> <p>Due to significance of amounts involved, inherent uncertainties with respect to the outcome of matters and use of significant management judgments and estimates to assess the same including related financial impacts, we considered contingent liabilities and tax related litigations, a key audit matter.</p>	<p>We undertook number of procedures to verify the appropriateness of contingencies in the financial statements. This included, among others:</p> <ul style="list-style-type: none"> • We followed the progress of each case and the Company's estimate of the cost to be incurred; • We reviewed the key elements of the methodology employed by management in challenging reasonableness of the cost estimates; • We considered the impact on future case costs from changes arising in the regulatory environment; • We obtained confirmations from legal advisors for current status on pending previous cases and any new case filed during the year; • Checked orders by relevant authority on previous lawsuits / cases appearing in the financial statements; and • Obtained legal advice on the above cases with the legal advisors to ensure that the outflow is possible and not probable.

Independent Auditor's Report to the Members

3.	<p>Control environment relating to the financial reporting process and related IT systems</p> <p>The IT control environment relating to the financial reporting process and the application controls of individual IT systems have an impact on the selected audit approach.</p> <p>As the financial statements are based on extensive number of data flows from multiple IT systems, consequently the financial reporting control environment is determined as a key audit matter.</p>	<p>Our audit procedures included evaluation of the financial reporting process and related control environment, as well as testing of the effectiveness of controls including general IT controls. Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017(XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

Independent Auditor's Report to the Members

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Independent Auditor's Report to the Members

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, statement of profit or loss, statement of comprehensive income, the statement of cash flows and the statement of changes in equity together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;

4 NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS TO PUBLISHED APPROVED ACCOUNTING STANDARDS

The Company has adopted all the new standards and amendments to the following approved accounting standards as applicable in Pakistan which became effective during the year:

4.1 Change in accounting policy

The Company has adopt IFRS 16 "Leases" from July 01, 2019 which is effective from the annual period beginning on or after January 01, 2019. The detail of new accounting policy adopted and the nature and effect of the changes from the previous accounting policy are set out below:

4.1.1 Effective in current year and are relevant to the Company.

IFRS 16 - Leases

IFRS 16 'Leases' was issued on January 01, 2016. This standard is adopted locally by the Securities and Exchange Commission of Pakistan. IFRS 16 replaced IAS 17 'Leases', IFRIC 4 'Determining whether an Arrangement contains a Lease'. The Company applied IFRS 16 with a date of initial application of July 01, 2019.

Transition method and practical expedients utilized

The Company applied IFRS 16 using the modified retrospective approach, with recognition of transitional adjustments on the date of initial application (July 01, 2019), without restatement of comparative figures.

The Company used the following practical expedients when applying IFRS 16 to leases previously classified as operating leases under IAS 17.

- applied a single discount rate to a portfolio of leases with similar characteristics.
- applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term.
- used hindsight when determining the lease term if the contract contains options to extend or terminate the lease.

At inception of a contract, the Company assesses whether a contract is, or contains, a lease based on whether the contract conveys the right to control the use of an identified asset for a period of time in exchange for a consideration.

On adoption of IFRS 16, the Company recognised a right-of-use asset and lease liability at the commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of lease liability adjusted for any lease payments made at or before the commencement

NOTES TO THE FINANCIAL STATEMENTS

For the year ended June 30, 2020

date, plus any initial direct cost incurred and an estimate of cost to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

Lease liabilities were measured at the present value of the remaining lease payments, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. The Company used its incremental borrowing rate as the discount rate as at July 01, 2019.

The right-of-use asset is subsequently depreciated using straight line method from the date of recognition to the earlier of the end of useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of the right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by the impairment losses, if any, and adjusted for certain remeasurement of the lease liability.

Subsequently, the lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in the rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in statement of profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

IFRS 16 requires the Company to assess the lease term as the non-cancelable lease term in line with the lease contract together with the period for which the Company has extension options which the Company is reasonably certain to exercise and the periods for which the Company has termination options for which the Company is reasonably certain not to exercise those termination options.

A portion of the lease contracts included within Company's lease portfolio includes lease contracts which are extendable through mutual agreement between the Company and the lessor or cancelable by both parties immediately or on short notice. In assessing the lease term for the adoption of IFRS 16, the Company concluded that such contracts are short-term in nature and payments made in respect of these leases are accordingly expensed in the statement of profit or loss.

On transition to IFRS 16, the Company recognised right-to-use assets and lease liabilities on the date of initial application as follows;

	July 01, 2019 (Rupees in thousands)
Property, plant and equipment	
Right-of-use assets	<u>25,407</u>
Lease liabilities	
Non-current	23,344
Current	<u>2,063</u>
	<u>25,407</u>

4.4 Conceptual Framework for Financial Reporting by IASB

On March 29, 2018, the International Accounting Standards Board (the IASB) has issued a revised Conceptual Framework for Financial Reporting which is applicable immediately and contains changes that will set a new direction for IFRS in the future. The Conceptual Framework primarily serves as a tool for the IASB to develop standards and to assist the IFRS Interpretations Committee in interpreting them. It does not override the requirements of individual IFRSs and any inconsistencies with the revised Framework will be subject to the usual due process – this means that the overall impact on standard setting may take some time to crystallize. The companies may use the Framework as a reference for selecting their accounting policies in the absence of specific IFRS requirements. In these cases, companies should review those policies and apply the new guidance retrospectively as of January 01, 2020, unless the new guidance contains specific scope outs.

The IASB issued 'Interest Rate Benchmark Reform' which amended followings IFRS:

IFRS 7	Financial Instruments "disclosures"	January 01, 2020
IFRS 9	Financial Instruments	January 01, 2020
IAS 39	Financial Instruments: Recognition and Measurement	January 01, 2020

Interest Rate Benchmark Reform amended IFRS 7 and IFRS 9 and IAS 39 as a first reaction to the potential effects the IBOR reform could have on financial reporting, this amendment requiring additional disclosures around uncertainty arising from the interest rate benchmark reform.

5 SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the presentation of these financial statements are set out below. These policies have been consistently applied to all the years presented except for change in accounting policy as disclosed in note 4.1 to these financial statements.

5.1 Property, plant and equipment

a) Operating fixed assets

These are stated at historical cost less accumulated depreciation and impairment losses, if any, except for freehold land which is stated at cost. Historical cost includes expenditure that is directly attributable to the acquisition of the item including borrowing costs (refer note 5.11) and exchange differences recognized, for the acquisition of property, plant and equipment up to the commencement of commercial production. The cost of self constructed assets includes the cost of materials, direct labor and any other costs directly attributable to bringing the asset to a working condition for its intended use. Purchased software that is integral to the functionality of the related equipment is capitalized as part of that equipment.

Subsequent costs are included in an asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The cost of the day to day servicing of property, plant and equipment are recognized in statement of profit or loss during the financial year in which they are incurred.

Where parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

The spare parts, stand-by equipments and servicing equipments are capitalized as an asset when they meet the definition of property, plant and equipment.

Depreciation on operating fixed assets other than land is provided on a straight line basis. Full month's depreciation is charged on addition, while no depreciation is charged in the month of disposal or deletion of assets. Rates of depreciation, which are disclosed in note 6, are determined to allocate the cost of an asset less estimated residual value, if not insignificant, over its useful life.

The assets' residual values, depreciation method and useful lives of each part of property, plant and equipment are reviewed at each financial year end, and adjusted if impact on depreciation is significant.

Disposal of assets is recognized when significant risks and rewards incidental to the ownership have been transferred to buyers. Gains and losses on disposal are determined by comparing the proceeds with the carrying amount and are recognized in the statement of profit or loss.

b) Capital work-in-progress

Capital work-in-progress and stores held for capital expenditures are stated at cost and consists of expenditure incurred, advances made and other costs directly attributable to operating fixed assets in the course of their construction and installation. Cost also includes applicable borrowing costs. Transfers are made to relevant operating fixed assets category as and when assets are available for use intended by the management.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended June 30, 2020

5.2 Intangible assets

Intangible assets are recognized when it is probable that the expected future economic benefits will flow to the Company. Intangible assets are measured at cost less accumulated amortization and accumulated impairment losses, if any. Cost of the intangible asset (i.e. computer software) includes purchase cost and directly attributable expenses incidental to bring the asset for its intended use.

Expenditure which enhances the performance of computer software beyond its original specification and useful life is recognized as a capital improvement and added to the original cost of the software.

Amortization is provided on a straight line basis at the rates disclosed in note 8 to the financial statements. Amortization on addition to intangible assets is charged from the month of addition while no amortization is charged for the month of disposal or deletion of assets. Costs associated with maintaining computer softwares are recognized as an expense as and when incurred.

5.3 Impairment of non-financial assets

The carrying amount of the Company's non-financial assets are reviewed at each statement of financial position date to determine whether there is any indication of impairment. If such indications exist, the assets' recoverable amounts are estimated in order to determine the extent of impairment loss, if any.

An impairment loss is recognized if the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. A cash-generating unit is the smallest identifiable asset group that generates cash flows that is largely independent from other assets and group. Impairment losses are recognized as expense in statement of profit or loss. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. Where an impairment loss is recognized, the depreciation charge is adjusted in the future periods to allocate the asset's revised carrying amount over its estimated useful life.

Impaired assets are reviewed for possible reversal of the impairment at each statement of financial position date. Reversal of the impairment losses are restricted to the extent that asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation, if no impairment losses had been recognized. A reversal of impairment loss is recognized in the statement of profit or loss.

5.4 Leases

a) Right-of-use assets

The right-of-use asset is measured at cost, as the amount equal to initially measured lease liability adjusted for lease prepayments made at or before the commencement date, initial direct cost incurred less any lease incentives received.

The right-of-use asset is subsequently depreciated using straight line method from the date of recognition to the earlier of the end of useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of the right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by the impairment losses, if any, and adjusted for certain remeasurement of the lease liability.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended June 30, 2020

b) Lease liability

The lease liability was measured upon initial recognition at the present value of the future lease payments over the lease term, discounted with the specific incremental borrowing rate.

Subsequently lease liabilities are measured at amortized cost using the effective interest rate method. It is remeasured when there is a change in future lease payments arising from a change in the rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in statement of profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

5.5 Stores and spares

Stores and spares are stated at cost less provision for slow moving and obsolete items. Cost is determined by using the moving average method. Items in transit are valued at cost comprising invoice value plus other charges incurred thereon.

The Company reviews the carrying amount of stores and spares on a periodic basis and provision is made for slow moving and obsolescence on periodic basis.

5.6 Stock-in-trade

Stock-in-trade are valued at the lower of cost and net realizable value. Cost of raw material is determined by using the monthly weighted average method.

Cost comprises all costs of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition.

Stock-in-transit is valued at cost comprising invoice value plus other charges incurred thereon.

Work-in-process and finished goods consist of the direct materials costs, fuel and power cost and an appropriate proportion of manufacturing overheads including labour cost, depreciation and maintenance etc.

Net realizable value signifies the estimated selling price in the ordinary course of business less the estimated cost of completion and costs necessary to be incurred in order to make the sale.

5.7 Trade debts and other receivables

Trade debts and other receivables are recognized and carried at original invoiced amount which is the fair value of the consideration to be received in future for goods sold. The Company is required to recognize allowance for doubtful debts on all financial assets carried at amortized cost in accordance with Expected Credit Loss (ECL) requiring to recognize the loss irrespective whether the loss event has occurred.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended June 30, 2020

5.8 Taxation

Income tax expense comprises current and deferred tax. Income tax expense is recognized in statement of profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity, in which case it is also recognized in other comprehensive income or directly in equity respectively.

a) Current

Current tax is the expected tax payable on the taxable income for the year determined in accordance with the prevailing law for taxation of income. The charge for current tax is calculated using tax rates enacted or substantively enacted at the reporting date after taking into account tax credits and tax rebates. The charge for current tax also includes adjustments, where considered necessary, to provision for tax made in previous years arising from assessments framed during the year for such years.

b) Deferred

Deferred tax is accounted for using the Balance Sheet liability method on all temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets are recognized to the extent that it is probable that taxable profit will be available in future years to utilize deductible temporary differences, unused tax losses and tax credits.

The carrying amount of deferred tax asset is reviewed at each statement of financial position date and reduced to the extent that is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

Deferred tax is calculated based on tax rates that have been enacted or substantively enacted up to the statement of financial position date and are expected to apply to the periods when the differences reverse.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different taxable entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

- c) The Company takes into account decisions taken by the taxation authorities. For instance where the Company's view differs from the income tax department at the assessment stage, the disputed amounts are shown as contingent liabilities.

5.9 Deferred Capital Grant

The Deferred Capital Grant is measured upon initial recognition as the difference between fair value of the loan and loan proceeds. The fair value of the loan is the present value of the loan proceed received, discounted using the prevailing market rates of interest for a similar instrument. Subsequently, the grant is recognized in statement of profit or loss, in line with the recognition of interest expenses the grant is compensating.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended June 30, 2020

5.10 Cash and bank balances

Cash in hand and at banks are carried at nominal amount.

5.11 Borrowings

Borrowings are recognised initially at fair value net of transaction cost incurred. Borrowing cost are subsequently carried at amortised cost. Any difference between the proceeds received (net of transaction cost) and the redemption value is recognised in the statement of profit or loss over the period of the borrowings using the effective interest method.

Finance cost are accounted for on accrual basis and are shown as interest and markup is accrued to the extent of the amount remaining unpaid.

Short term borrowings are classified as current liabilities unless the Company has unconditional right to defer settlement of the liability for at least twelve months after the statement of financial position date.

Borrowing cost on long term finances and short term borrowings which are obtained for the acquisition of qualifying assets are capitalized as part of cost of that asset. All other borrowing costs are charged to statement of profit or loss in the period in which these are incurred. Borrowing cost also includes exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest cost as allowed under IAS 23 "Borrowing cost".

5.12 Trade and other payables

Trade and other payables are obligations to pay for goods and services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year. If not, they are presented as non-current liabilities.

Liabilities for trade and other amounts payable are carried at cost which is the fair value of the consideration to be paid in the future for goods and services received, whether or not billed to the Company and subsequently measured at amortised cost. Exchange gains and losses arising on transaction in respect of liabilities in foreign currency are added to the carrying amount of the respective liabilities.

5.13 Provisions

A provision is recognized in the statement of financial position when the Company has a present legal or constructive obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and amount of that obligation can be measured reliably. Provisions are not recognised for future operating losses. Provisions are reviewed at each statement of financial position date and adjusted to reflect current best estimates.

5.14 Contingencies

A contingent liability is disclosed when the Company has a possible obligation as a result of past events, existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company; or the Company has a present legal or constructive obligation that arises from past events, but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended June 30, 2020

5.15 Financial instruments

5.15.1 Financial assets

The Company classifies its financial assets in the following categories: at fair value through statement of profit or loss, fair value through other comprehensive income and amortized cost. The classification depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition. All the financial assets of the Company as at statement of financial position date are carried at amortized cost.

Amortized cost

A financial asset is measured at amortized cost if it meets both the following conditions and is not designated as at fair value through statement of profit or loss:

- (i) it is held with in a business model whose objective is to hold assets to collect contractual cash flows; and
- (ii) its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Impairment

The Company recognizes loss allowance for Expected Credit Losses (ECLs) on financial assets measured at amortized cost and contract assets. The Company measures loss allowance at an amount equal to lifetime ECLs.

Lifetime ECLs are those that result from all possible default events over the expected life of a financial instrument. The maximum period considered when estimating ECLs is the maximum contractual period over which the Company is exposed to credit risk.

At each reporting date, the Company assesses whether the financial assets carried at amortized cost are credit-impaired. A financial asset is credit-impaired when one or more events that have detrimental impact on the estimated future cash flows of the financial assets have occurred.

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets. The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof.

5.15.2 Financial liabilities

All financial liabilities are recognized at the time when the Company becomes a party to the contractual provisions of the instrument.

5.15.3 Recognition and measurement

All financial assets and liabilities are initially measured at cost, which is the fair value of the consideration given and received respectively. These financial assets and liabilities are subsequently measured at fair value, amortized cost or cost, as the case may be. The particular measurement methods adopted are disclosed in the individual policy statements associated with each item.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended June 30, 2020

5.15.4 Derecognition

The financial assets are de-recognized when the Company loses control of the contractual rights that comprise the financial assets. The financial liabilities are de-recognized when they are extinguished i.e. when the obligation specified in the contract is discharged, cancelled or expired.

5.16 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the financial statements only when the Company has a legally enforceable right to set-off the recognized amounts and the Company intends to settle either on a net basis or realize the asset and settle the liability simultaneously.

5.17 Derivative financial instruments

These are initially recorded at fair value on the date a derivative contract is entered into and are re-measured to fair value at reporting dates. The method of recognizing the resulting gain or loss depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged. The Company does not apply hedge accounting for any derivatives.

Any gain or loss from change in fair value of derivatives that do not qualify for hedge accounting are taken directly to statement of profit or loss.

5.18 Foreign currency translation

Transactions in foreign currencies are converted into functional currency (PKR) at the rates of exchange prevailing on the dates of transactions. Monetary assets and liabilities in foreign currencies are translated into functional currency at the rates of exchange prevailing at the statement of financial position date. 5.19 Employees benefits

The Company's employees benefits comprise of provident fund, gratuity scheme, compensated absences and medical benefits for eligible employees.

The Gratuity Fund is maintained by a trust created and duly approved. Contributions to the fund are made based on actuarial recommendations. The remeasurement gains/losses as per actuarial valuation done at financial year end are recognized immediately in other comprehensive income and all other expenses are recognized in accordance with IAS 19 "Employee Benefits" in the statement of profit or loss. Calculation of gratuity requires assumptions to be made of future outcomes which mainly include increase in remuneration, expected long-term return on plan assets and the discount rate used to convert future cash flows to current values. Calculations are sensitive to changes in the underlying assumptions.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended June 30, 2020

39 DEFINED BENEFIT PLAN

39.1 General description

The scheme provides for terminal benefits for all its permanent employees who attain the minimum qualifying period at varying percentages of last drawn basic salary. The percentage depends on the number of service years with the Company. Annual charge is based on actuarial valuation carried out as at June 30, 2020 using the Projected Unit Credit Method.

The Company faces the following risks on account of gratuity:

Final salary risk - The risk that the final salary at the time of cessation of service is greater than what the Company has assumed. Since the benefit is calculated on the final salary, the benefit amount would also increase proportionately.

Mortality risk - The risk that the actual mortality experience is different than the assumed mortality. This effect is more pronounced in schemes where the age and service distribution is on the higher side.

Withdrawal risk - The risk of actual withdrawals experience is different from assumed withdrawal probability. The significance of the withdrawal risk varies with the age, service and the entitled benefits of the beneficiary.

Asset volatility - Most assets are invested in risk free investments i.e. Government Bonds / Treasury Bills. However, investments in equity instruments is subject to adverse fluctuations as a result of change in the market price.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended June 30, 2020

Discount rate fluctuation - The plan liabilities are calculated using a discount rate set with reference to corporate bond yields. A decrease in corporate bond yields will increase plan liabilities, although this will be partially offset by an increase in the value of the current plans' bond holdings.

Investment risks - The risk of the investment underperforming and not being sufficient to meet the liabilities.

Risk of insufficiency of assets - This is managed by making regular contribution to the Fund as advised by the Actuary.

46 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

46.1 Risk management policies

The Company's objective in managing risks is the creation and protection of shareholders' value. Risk is inherent in the Company's activities, but it is managed through a process of ongoing identification, measurement and monitoring, subject to risk limits and other controls. The process of risk management is critical to the Company's continuing profitability. The Company is exposed to credit risk, liquidity risk and market risk (which includes interest rate risk and price risk) arising from the financial instruments it holds.

The Audit Committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The Audit Committee is assisted in its oversight role by Internal Audit. Internal Audit undertakes both regular and adhoc reviews of risk management controls and procedures, the results of which are reported to the Audit Committee.

The Company finances its operations through equity, borrowings and management of working capital with a view to maintaining an appropriate mix between various sources of finance to minimize risk.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended June 30, 2020

46.4 Market risk

Market risk is the risk that changes in market price, such as foreign exchange rates, interest rates and equity prices will effect the Company's income or the value of its holdings of financial instruments. The Company is not exposed to price risk.

a) Currency risk

Foreign currency risk is the risk that the future cash flow of financial asset or a liability will fluctuate due to a change in foreign exchange rates. It arises mainly where receivables and payables exist due to transactions entered into in foreign currencies. The Company's exposure to foreign currency risk is as follows:

	2020 (Rupees in thousands)	2019
Foreign bills payable	552,067	686,757
Outstanding letter of credits	1,661,350	1,613,078
Net exposure	<u>2,213,417</u>	<u>2,299,835</u>

The following significant exchange rates have been applied.

	Average rate 2020	2019	Reporting date rate 2020	2019
				Rupees
USD to PKR	158.56	135.91	168.20	160.00

At reporting date, if the PKR had strengthened by 10% against the US Dollar with all other variables held constant, post-tax profit for the year would have been higher by the amount shown below, mainly as a result of net foreign exchange gain on net foreign currency exposure at reporting date.

	(Rupees in thousands)			
Effect on profit	148,648	138,703	157,685	163,288

The weakening of the PKR against US Dollar would have had an equal but opposite impact on the post-tax profit.

The sensitivity analysis prepared is not necessarily indicative of the effects on profit for the year and assets / liabilities of the Company.

b) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Majority of the interest rate exposure arises from long term loans and short term borrowings. At the Statement of Financial Position date the interest rate profile of the Company's interest - bearing financial instruments is as follows:

47 FAIR VALUE MEASUREMENT OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended June 30, 2020

Underlying the definition of fair value is the presumption that the Company is a going concern and there is no intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange dealer, broker, industry group, pricing service or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

IFRS 13 'Fair Value Measurement' requires the Company to classify fair value measurements and fair value hierarchy that reflects the significance of the inputs used in making the measurements of fair value hierarchy has the following levels:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset either directly that is, derived from prices.
- Level 3: Inputs for the asset or liability that are not based on observable market data (that is, unadjusted) inputs.

Transfer between levels of the fair value hierarchy are recognised at the end of the reporting period during which the changes have occurred.

As of the reporting date, none of the financial instruments of the Company are carried at fair value.

The carrying values of all other financial assets and liabilities reflected in the financial statements approximate their fair values.

48 CAPITAL MANAGEMENT

The Board's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Board of Directors monitor the return on capital, which the Company defines as net profit after taxation divided by total shareholders' equity. The Board of Directors also monitor the level of dividend to ordinary shareholders. There were no changes to the Company's approach to capital management during the year and the Company is not subject to externally imposed capital requirements.

The Company's objectives when managing capital are:

- (i) to safeguard the entity's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders, and
- (ii) to provide an adequate return to shareholders.

The Company manages the capital structure in the context of economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, issue new shares, or sell assets to reduce debt.

The management at all times seeks to earn returns higher than its weighted average cost of capital, by increasing efficiencies in operations, so as to increase profitability.

49 OTHER NON FINANCIAL INFORMATION

In March 2020, the World Health Organization ("WHO") declared the outbreak of the novel coronavirus (known as COVID-19) as a global pandemic. The rapid spread of the virus has caused governments around the world to implement stringent measures to help control its spread, including, without limitation, quarantines, "stay-at-home" or "shelter-in-place" orders, social distancing mandates, travel restrictions, and closures or reduced operations for businesses, governmental agencies, schools and other institutions. The industry, along with global economic conditions generally, has been significantly disrupted by the pandemic.

The COVID-19 pandemic and associated impacts on economic activity had certain effect on the operational and financial condition of the Company for the year ended June 30, 2020 due to overall slowdown in economic activity and continuity of business operations. However, to reduce the impact on the performance of the Company, government have introduced a host of measures on both the fiscal and economic fronts by issuing certain circulars and notifications from time to time.

The management of the Company is closely monitoring the situation, and in response to the developments, taking all possible precaution and measures to safeguard health and safety of employees and other stakeholders, and also implemented a number of measures to minimize the impact to the extent possible.
