## **CHAIRMAN'S REVIEW**

As the Chairman of the Board of Directors, I am pleased to present the review for the year ended June 30, 2020 highlighting the Company's performance and the role of the Board of Directors in guiding the management to carry out its responsibility for the benefit of all its stakeholders.

### **FINANCIAL OVERVIEW**

The current fiscal year happened to be very difficult for the company as compared to the previous year. The impact of COVID -19 pandemic has significantly impacted the operations and the supply chain of the company. It has also led to reduced demand amidst temporary suspension of the company's operations. On March 23, 2020, the Government of the Khyber Pakhtunkhwa announced a temporary lock down as a measure to reduce the spread of the COVID-19. Complying with the lockdown, the Company temporarily suspended its operations from March 25, 2020. The company intends to resume partial production activity by the end of October, 2020 and has taken all necessary steps to ensure smooth and adequate continuation of its business despite slowed down economic activity.

The company's turnover reduced by 30.17% and its loss before taxation of Rs.381.785 Million, during the current reviewed period, has substantially increased by 300% from a loss of Rs.95.379 Million as compared to the previous period.

Current year's financial results in comparison to previous year are as under:

	<b>Year ended June 30,</b>	
	<b>2020</b>	<b>2019</b>
	<b>(Rupees in thousands)</b>	
<b>Sales</b>	<b>1,548,962</b>	<b>2,218,285</b>
<b>Gross (Loss) / Profit</b>	<b>(118,061)</b>	<b>121,480</b>
<b>Operating (Loss) / Profit</b>	<b>(226,820)</b>	<b>19,901</b>
<b>Finance Cost</b>	<b>(147,730)</b>	<b>(115,890)</b>
<b>Loss before Taxation</b>	<b>(381,785)</b>	<b>(95,379)</b>
<b>Loss after Taxation</b>	<b>(387,598)</b>	<b>(39,018)</b>
	<b>————Rupees————</b>	
<b>Loss per share</b>	<b>(106.13)</b>	<b>(10.68)</b>

The Board of Directors, in the meeting held on August 12, 2020, approved the merger of the Company with its associated company, Janana De Malucho Textile Mills Ltd. (JDM), which will achieve economies of scale.

### **PERFORMANCE EVALUATION AND EFFECTIVENESS OF THE BOARD**

The board has developed a policy to evaluate its own performance, as well as individual performances of every member and board committees.

While developing respective committees, as required under the Listed Companies (Code of Corporate Governance) Regulations, 2019, the Board has established specific roles, guidelines and responsibilities through some terms of references for each committee.

Frequency of the board's meeting during financial year 2019-20 was as follows:

- Board of Directors: **Seven**
- Board Audit Committee: **Four**
- Human resource and Remuneration Committee: **One**

The Company has established an independent Internal Audit department and follows a risk based audit methodology.

### **BUSINESS RISKS, CHALLENGES AND FUTURE PERSPECTIVE**

The global uncertainty caused by the pandemic may continue to pose a risk to the company's business should a second wave of COVID -19 hit the country. In the coming financial year, the textile industry in general may also face the challenge of High-power generation cost (due to increase in gas tariff by SNGPL):

Imposition of Sales Tax

Escalation in labor cost (increase in minimum wage);

Rupee devaluation (thereby increasing in raw material input cost); and

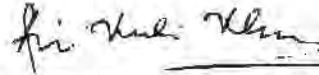

Increase in borrowing cost (through escalation in SBP base rate)

In order to reduce the negative impact of these challenges, the textile companies need to strategize on optimum utilization of their resources to achieve desired results.

### **ACKNOWLEDGEMENT**

On behalf of the Board, I wish to acknowledge and appreciate the extraordinary efforts made by the whole team of professionals, in sailing the company through one of its most critical times of

operational losses and liquidity crunches. I also express gratitude to all stakeholders of the company including our customers, financial institutions and supply-chain vendors for their continued cooperation and support.

**September 24, 2020**

**Lt. Gen (Retd) Ali Kuli Khan Khattak**  
**Chairman**

**DIRECTORS' REPORT TO THE SHAREHOLDERS**

The directors of the Company are pleased to present the 50<sup>th</sup> annual report of your company together with audited financial statements and auditors' report for the year ended June 30, 2020.

**Company's Overview**

The principle activity of your company is to spin yarns of medium to fine counts range, i.e. from 30/1 to 80/1, both carded and combed. Our customer base is mainly shuttle-less and air-jet segments of weaving industry. We also have capacity to produce open end yarn from 8/1 to 12/1 from primary wastes extracted from ring spinning process.

**Financial Results**

Current year's results compared with previous year are given as under:

	<b>Year ended June 30,</b>	
	<b>2020</b>	<b>2019</b>
	<b>(Rupees in thousands)</b>	
<b>Sales</b>	<b>1,548,962</b>	<b>2,218,285</b>
<b>Gross (Loss) / Profit</b>	<b>(118,061)</b>	<b>121,480</b>
<b>Operating (Loss) / Profit</b>	<b>(226,820)</b>	<b>19,901</b>
<b>Finance Cost</b>	<b>(147,730)</b>	<b>(115,890)</b>
<b>Loss before Taxation</b>	<b>(381,785)</b>	<b>(95,379)</b>
<b>Loss after Taxation</b>	<b>(387,598)</b>	<b>(39,018)</b>
	<b>-----Rupees-----</b>	
<b>Loss per share</b>	<b>(106.13)</b>	<b>(10.68)</b>

**Appropriation of Dividend**

Keeping in view the current financial position, the directors have recommending cash dividend of Rs NIL per share i.e Nil % (June 30,2019: Rs Nil% per share).

**Comments on "qualified opinion" in the auditor's report**

1. The Company has not made provisions against the levy of Gas Infrastructure Development Cess (GIDC) on the basis of following arguments:

- The Supreme Court of Pakistan (SCP) in its judgement dated 13-08-2020 states that the cess under GIDC Act, 2015 was levied only on those consumers of natural gas which on account of their industrial or commercial dealings had passed on GIDC burden to their customers / clients.

In the light of the decision of the SC as described above, the Company has filed a review petition before the SCP for waiver of full amount of GIDC. Because the Company, being a spinning unit and producing raw material for weaving sector has not passed on burden of GIDC to its customers and company has never made any provision of GIDC expense in its accounts which is conclusive proof that GIDC effect has not been passed on to the consumer. The yarn market is not a regulated market i.e., textile units are price takers not the price makers, therefore, spinning sector could not add GIDC in their prices and certainly has not collected the same from its customers.

- The Company has also challenged the levy of GIDC in the Peshawar High Court (PHC) also, on the basis of section 8(2) of the GIDC Act, 2015 which inter alia states that:

“ (2) Where any cess referred to in sub-section (1) has not been paid or realized before the coming into force of this Act or if so paid or realized, has been refunded to or adjusted against other fees or taxes or charges payable by the gas consumers or the company, the same shall be recoverable in accordance with the provisions of this Act:

Provided that the said cess shall not be collected from industrial sector excluding Fertilizer Fuel Stock, mentioned at S.No. 3 of the Second Schedule to both the Gas Infrastructure Development Cess Act, 2011 (XXI of 2011) and the Gas Infrastructure Development Cess Ordinance, 2014 (VI of 2014), if it has not been collected by it”

The PHC has granted stay order against recovery of GIDC under Section 8(2) of the GIDC Act, 2015. The PHC in its order dated 16-09-2020, has referred the case to OGRA and has asked them to hear the pleas of Textile sector and give decision on this point of Law.

The lawyers hired by KPTMA have said that our cases are very strong and valid and the PHC would not have granted stay after the decision of SCP if there has been no substance in Section 8(2) of the GIDC Act of 2015, and that that the decision of the Courts & OGRA will hopefully be in the favour of the Company and the spinning industry.

2. The auditors have pointed out that the fresh revaluation of buildings and plant & machinery as at June 30, 2020 has revealed that fair market values of these fixed assets on the aforementioned date were lower by Rs.137.573 million as compared to their carrying values. As the Company is headed towards a merger with its associated company, Janana De Malucho Textile Mills Ltd. (JDM), therefore, for the purpose of calculation of SWAP ratio, a fresh revaluation shall be carried out in order to properly ascertain the realistic values of company's assets.

**Comments on material uncertainty relating to Going Concern as pointed out in the Auditor's Report**

The financial statements have been prepared on a going concern basis as the Company is viewed as continuing business for the foreseeable future and the management neither intends to liquidate the entity nor to cease its operations indefinitely. The mills operations were forced to be closed during March-2020, as per directives of KPK government due to COVID-19. The company's new management is planning to start manufacturing operations, at least by 50% of the installed capacity by end of October, after carrying out necessary repairs and maintenance required by plant and machinery. The company has also made payment of outstanding wages to its labor, in subsequent period. The company has also paid its due mark-up over long term loan to the Bank of Khyber and approval regarding deferment of mark-up over short term finance facilities by Bank of Khyber is also in process. Some partial payments of statutory obligations have also been made like sales tax, income tax, EOBI & ESSI and balance payment will also be made at the earliest. Furthermore, the new management of the company has also made some dispatches of raw materials and finished good inventory against advance receipts. As the company's production activities become fully operational, all remaining liabilities like creditors and other payables will also be reduced.

### **Financial perspective**

During the current fiscal period under review, turnover of the company has reduced by Rs.669.323 Million (30.17%) and the related cost of sales has also decreased by Rs.429.782 Million (20.49%), thereby resulting in gross **LOSS** of Rs.118.061 Million as compared to the gross **PROFIT** of Rs.121.480 Million during corresponding period. The company's loss before taxation of Rs.381.785 Million, during the current reviewed period, has substantially increased by 300% from a loss of Rs.95.379 Million as compared to previous period.

A few of the factors contributing towards Loss of the company are withdrawal of zero-rating regime for five export-oriented sectors including textile industry with effect from 01 July, 2019 and levy of 17% sales tax on sales to registered persons and 3% further tax on sales to unregistered persons, which amounts to 20% sales tax on our yarn sales to non-registered persons in Faisalabad yarn market.

Moreover, during the period under review we have faced under-utilization of our production capacities due to shut down of Faisalabad market and the suspension of Mills operations due to evolving COVID-19 situation in Pakistan, in compliance with the directives of the Provincial Government and Labour Department of KPK regarding the Lockdown as a measure to control the outbreak of COVID-19 pandemic and to ensure safety of our employees and workforce. The company had only been able to operate at 57% capacity utilization during this financial year, and non-absorption of fixed costs due to heavy under-utilization is also a cause of loss.

### **Textile Industry Overview**

Our textile industry is facing significant economic issues & challenges in achieving desired GDP growth and export targets. The corona virus pandemic has hit Pakistan's economy hard like the rest of the world also.

Our spinning segment operating in fine counts range has to rely considerably on imported raw materials, which are subject to additional import/custom duties, thus increasing the input costs.

Due to decline in yarn exports, abundant supply of locally manufactured yarn is available in local market, also augmented by Indian low-cost yarn imports & illegal smuggling through Afghan transit trade route, thus leading to a drastic fall in yarn prices.

Other challenges continue to be faced by this sector are higher power generation and labor costs as compared to neighboring countries as well as huge amounts stuck in sales tax refunds. Imposition of 17% sales tax on this sector by rescinding S.R.O 1125 has further created a dampening impact on the entire value chain.

### **Future Outlook**

The economic future depends on the time it takes to reverse the adverse effects of the pandemic on economic activities. With the extraordinary challenges posed by the crisis on almost all sectors of the national economy, the need to maintain food security and livelihoods has become even more important. Fiscal targets will be challenging to achieve as the Government plans to boost healthcare spending in the absence of adequate tax measures. However, now that the lockdown restrictions have been lifted completely because of decline in new COVID-19 cases, there is hope that the business activities shall be normalizing. If this proceeds smoothly, it is expected that the economy will resume its growth momentum. Let's all pray to Allah Almighty, that we are not hit by another wave of Covid-19 or another pandemic.

### **Event After the Reporting Date**

The Board of Directors, in the meeting held on August 12, 2020, has discussed the matter of merger of Janana De Malucho Textile Mills Ltd. with the Company and approved the merger of both the Companies.

### **Corporate Governance and Financial reporting methodologies**

The Directors confirm compliance with Corporate and Financial Reporting Framework of the Securities and Exchange Commission of Pakistan and Listed Companies (Code of Corporate Governance) Regulations, 2019 (the CCG Regulations) for the following matters:

- a) The financial statements, prepared by the management of the company, presents fairly its state of affairs, the results of its operations, cash flows and changes in equity.
- b) Proper books of accounts have been maintained by the company.
- c) Appropriate accounting policies have been consistently applied in preparation of

these financial statements and accounting estimates are based on reasonable and prudent judgments.

- d) International financial reporting standards, as applied in Pakistan, have been followed in preparation of these financial statements and departures there from have been adequately disclosed therein.
- e) The system of internal controls is sound in design and has been effectively implemented and monitored.
- f) There are no significant doubts upon the company's ability to continue as a going concern.
- g) There has been no material departure from the best practices of the CCG Regulations.
- h) The board has an established Audit Committee and Human Resource and Remuneration Committee, and an independent director has been appointed as a Chairman of these Committees in compliance with the CCG Regulations.
- i) There are no statutory payments on account of taxes, duties levies and charges which are outstanding as at June 30, 2020, except for those disclosed in the financial statements.

However, the Statutory Auditors of the Company have pointed out a non-compliance with the CCG Regulations in their Review Report on the Statement of Compliance. The point placed by the auditor's and managements comments on the point are given below:

SR. #	AUDITOR'S OBSERVATION	MANAGEMENT'S REPLY
1.	The Chief Financial Officer of the Company also holds the office of the Company Secretary.	When the previous CFO resigned from service, the BOD could not find any candidate who was willing to come to Kohat because of its location and security situation in the area. The BOD then decided to appoint the Company Secretary Mr. Naeem Ullah, to the position of Chief Financial Officer also, who was qualified for the position and was willing to take up the additional responsibilities of managing the finance department of the Company.

## ڈائریکٹرز رپورٹ برائے حصص یافتگان

میں بورڈ آف ڈائریکٹرز کی جانب سے، 50 ویں سال 30 جون 2020 کے ختم ہونے پر کمپنی کے آڈیٹر کی جاری کردہ مالیاتی رپورٹ پیش کرنے میں خوشی محسوس کرتا ہوں۔

کمپنی کا جائزہ۔

آپ کی کمپنی کی اصولی سرگرمی درمیانے درجے سے عمدہ میعار کا کارڈ اور کوڈ سوترا بنانا ہے۔ ہمارا گاہک بنیادی طور پر غسل لیس اور ایئر جیٹ کی مشینوں سے کپڑا بنانے والے ہیں۔ ہمارے پاس دھماکہ بنانے والے عمل سے نکالے جانے والے پتھرے سے اوپن اینڈ سے سوترا کر کے کی صلاحیت بھی ہے۔

کارکردگی کا جائزہ۔

کمپنی کی بنیادی سرگرمی سوترا بنانا اور چھپانا ہے۔ پچھلے سال کے مقابلے میں کمپنی کے مالیاتی نتائج کی اہم جھلکیاں مندرجہ ذیل ہیں۔

2019	2020	
		روپے ہزاروں میں
2,218,285	1,548,962	فروخت
121,480	(118,061)	معموری (تقصان) منافع
18,801	(226,820)	آپریشن سے (تقصان) منافع
(115,890)	(147,730)	ٹائیس کی لاگت
(95,379)	(381,785)	ٹائیس سے پہلے نقصان
(39,018)	(387,596)	ٹائیس سے بعد نقصان
		-----
(10.68)	(106.13)	نقصان فی شیئر

ڈیویڈنڈ

کمپنی کے موجودہ مالی سال کے نتائج دیکھتے ہوئے بورڈ نے کیش ڈیویڈنڈ دینے کی سفارش کی ہے۔

آڈیٹر کی رپورٹ میں دیے گئے اعتراض کا جواب:

1۔ کمپنی نے مندرجہ ذیل دلائل کی بنا پر ٹائیس انفراسٹرکچر ڈیولپمنٹ سیس (جی آئی ڈی سی) کے حاکم کرنے کے خلاف کوئی رقم مختص نہیں کی ہے۔

4 سپریم کورٹ آف پاکستان نے 13/08/2020 کے اپنے فیصلے میں کہا ہے کہ جی آئی ڈی سی ایکٹ 2015 کے تحت سیس صرف قدرتی گیس کے ان صارفین پر عائد کیا گیا تھا جنہوں نے اس کا بوجھ اپنے صارفین پر منتقل کیا ہو۔

جیسا کہ اوپر بیان کیا گیا ہے، سپریم کورٹ آف پاکستان کے فیصلے کی روشنی میں، کمپنی نے سپریم کورٹ آف پاکستان کے سامنے جی آئی ڈی سی کی پوری رقم کی چھوٹ کے لئے جائزہ درخواست دائر کی ہے۔ چونکہ کمپنی، ایک دھماکہ بنانے والا پونٹ ہے اور کپڑے کی بنائی کے شعبے کے لئے خام مال کی تیاری میں اپنے صارفین پر جی آئی ڈی سی کا کوئی بوجھ نہیں ڈال رہی ہے اور کمپنی نے کبھی بھی اپنے اکاؤنٹوں میں جی آئی ڈی سی اخراجات کے لئے کوئی رقم مختص نہیں کی ہے جو اس بات کا حتمی ثبوت ہے کہ جی آئی ڈی سی کے اثر کو عمل میں لایا گیا ہے۔ سڑکی مٹی، ایک، ریلوے مارکیٹ میں ہے، یعنی فیکٹری پونٹ قیمت مختصر کرنے کا اختیار نہیں رکھتے۔ لہذا، دھماکہ بنانے والے اپنی قیمتوں میں جی آئی ڈی سی کو شامل نہیں کر سکتا ہے اور یہ کمپنی طور پر اس نے اپنے صارفین سے وصول بھی نہیں کیا ہے۔

4 کمپنی نے جی آئی ڈی سی ایکٹ، 2015 کے سیکشن 8(2) کی بنا پر، پشاور ہائی کورٹ میں بھی جی آئی ڈی سی کے عمل درآمد کو چیلنج کیا ہے جس میں یہ کہا گیا ہے کہ: "(2) جہاں ایکٹ کے تحت سیکشن (1) میں حوالہ دیا گیا ہے اس ایکٹ کے عمل درآمد سے پہلے اگر ٹائیس صارفین نے اس کی ادائیگی نہیں کی یا کہ ہے اور نہ کوئی رقم دہاؤں کر دی گئی ہے یا ٹائیس صارفین سے دوسری فیصلوں یا ٹائیس یا الزامات کے تحت جو رقم وصول کرتی ہے تو اس رقم کو ایڈجسٹ کیا گیا ہے تو وہ اس ایکٹ کے تحت وصول کی جائے گی۔ بشرطیکہ مذکورہ رقم کما دینے والی فیکٹریوں کے علاوہ دوسری صنعتوں نے اپنے گاہکوں سے وصول نہ کی ہو۔"

پشاور ہائی کورٹ نے جی آئی ڈی سی ایکٹ، 2015 کی دفعہ 8(2) کے تحت جی آئی ڈی سی کی باڑیائی کے خلاف حکم امتناعی منظور کر لیا ہے۔ پشاور ہائی کورٹ نے

16/09/2020 کو اپنے حکم میں بکس کو ادراک کے پاس بھیج دیا ہے اور ان سے ٹیکسٹائل ٹیکری درخاستوں پر سماعت کرنے کو کہا ہے اور قانون کے مطابق فیملر کرنے کو کہا گیا ہے۔

کے پی ٹی ایم اے کی خدمات حاصل کرنے والے وکلاء نے کہا ہے کہ ہمارے معاملات بہت مضبوط اور درست ہیں اور پشاور ہائی کورٹ نے اگر سپریم کورٹ آف پاکستان کے فیصلے کے بعد 2015 تک کے جی آئی ڈی سی ایکٹ کی دفعہ (2) میں کوئی نوٹس نہیں لیا ہے۔ امید ہے کہ عدالتوں اور وکلاء کا فیصلہ کچھ اور سوت کی صنعت کے حق میں ہوگا۔

2۔ آڈیٹر نے نشاندہی کی ہے کہ عمارتوں اور پلانٹ اور مشینری کا تازہ معیہ رپورٹ جو کہ 30 جون 2020 پر تھی۔ اس میں انکشاف ہوا ہے کہ مذکورہ تاریخ پر ان طے شدہ اثاثوں کی نقصانہ مارکیٹ قیمت میں ان کے لے جانے کے مقابلہ میں 137.573 ملین روپے کم ہوئی ہے۔ چونکہ کچھ اپنی منسلک کھٹی، چنانہ دی، بالچ ٹیکسٹائل مل لیٹھ (جے ڈی ایم) کے ساتھ ضم ہونے کی طرف جارہی ہے، لہذا SWAP تناسب کا حساب کتاب کرنے کے مقصد سے، موجودہ تاریخ میں ایک نئی شخص کی جانے کی تاکہ صحیح طریقے سے کھٹی کے اثاثوں کی حقیقی قیمت کا پتہ لگ سکے۔

غیر ملکی صورت حال پر آڈیٹر کی رپورٹ میں دیے گئے اعتراض کا جواب:

مالیاتی حسابات ایک کنٹریٹنگ فیکٹری پر تیار کیے گئے ہیں کیونکہ کھٹی کو مستقبل قریب میں ایک مسلسل کاروبار کے طور پر دیکھا جاتا ہے اور انتظامیہ شوق اس ادارے کو ضم کرنے کا ارادہ رکھتی ہے اور نہ ہی اس کی کاروائیاں غیر معینہ مدت تک روکنے کا ارادہ رکھتی ہے۔ کووڈ 19 کی وجہ سے کے پی کے حکومت نے مارچ 2020 میں ملوکوبند کرنے پر مجبور کیا تھا۔ کھٹی کی نئی انتظامیہ نے ضروری دیکھ بھال اور مرمت کے بعد ماہ اکتوبر کے آخر میں 50 فیصد ملوکوبند چلانے کا ارادہ رکھتی ہے۔ کھٹی نے ضرورتوں کی بنیاد پر جس بھی ادراک کی ہیں۔ کھٹی نے بینک آف خیر کو طویل مدتی قرض پر واجب الادا بارک اپ کی ادائیگی بھی کی ہے اور بینک آف خیر کی جانب سے مختصر مدت کے قرض سہولیات پر مارک اپ ملتوی کرنے کے بارے میں منظوری کے لیے درخواست کی ہے۔ قانونی ذمہ داریوں کے تحت کچھ جرئی ادائیگی بھی کی گئی ہے جیسے ٹیکس، اکم ٹیکس، ای او پی آئی اور ایس ایس آئی اور ٹیکس کی ادائیگی بھی جلد از جلد کی جائے گی۔ مزید برآں، کھٹی کی نئی انتظامیہ نے خام مال کی کچھ ترسیلات بھی کس اور ٹیکس وصولیوں کے بعد بھی انویٹری کو ضم کر دی۔ چونکہ کھٹی کی پیداواری سرگرمیاں مکمل طور پر آپریشنل ہو چکی ہیں، تو باقی تمام ذمہ داریوں جیسے قرض کی واپسی اور دیگر ادائیگی بھی ہو جائیں گی۔

مالی نقطہ نظر

ذریعہ موجودہ مالی سال کے دوران، کھٹی کے کاروبار میں 669.323 ملین (30.17 فیصد) کی کمی واقع ہوئی ہے اور فروخت سے متعلقہ لاگت میں بھی 469.782 ملین (20.49 فیصد) کی کمی واقع ہوئی ہے، جس کے نتیجے میں مجموعی نقصان 118.061 ملین روپے رہا ہے۔ پچھلے مالی سال کی اسی مدت کے دوران 121.480 ملین روپے کا مجموعی منافع تھا۔ موجودہ جائزہ مدت کے دوران 381.785 ملین روپے ٹیکس لگانے سے قبل کھٹی کا خسارہ ہے، اس عرصے کے مقابلہ میں گزشتہ سال میں 95.379 ملین روپے کا خسارہ تھا جو کافی حد تک 300 فیصد سے بڑھ گیا ہے۔

کھٹی کو نقصان پہنچانے میں کچھ عوامل میں ٹیکسٹائل انڈسٹری مفر فیصد ٹیکس کا 01 جولائی 2019 سے خاتمہ جس کی وجہ سے رجسٹرڈ افراد کو فروخت پر 17 فیصد ٹیکس لگانا پڑا ہے اور 3 فیصد ملوکوبند ٹیکس غیر رجسٹرڈ افراد کو فروخت پر چارج ہونا ہے جبکہ فیصل آباد سونٹ مارکیٹ میں غیر رجسٹرڈ افراد کی وجہ سے ہارڈ سونٹ کی فروخت پر 20 فیصد ٹیکس لگانا پڑا ہے۔

مزید برآں، اس مالی سال کے دوران کووڈ 19 کی وجہ سے فیصل آباد مارکیٹ کے بند کرنے، صوبائی حکومت اور لیبر کے ٹھکوں کے حکم پر کھٹی کے آپریشن کو معطل کرنے کی وجہ سے اپنی پیداواری صلاحیتوں کے استعمال میں کمی کا سامنا کرنا پڑا ہے، صوبائی حکومت کی ہدایت کے مطابق اور لاگ ڈاکٹن کے بارے میں کے پی کے کا حکم لبر، کووڈ 19 دہائی چارے کے دہام پر پابندی پانے اور ہمارے ملازمین اور افرادی قوت کی حفاظت کو یقینی بنانے کی خاطر کھٹی اس مالی سال کے دوران صرف 57 فیصد صلاحیت کے استعمال پر کام کر سکی تھی، جبکہ اس کے برعکس کھٹی کے مکمل بند ہونے کی صورت میں مقررہ اخراجات کو اٹھانے کی صورت میں یہ نقصان ہوا ہے۔

ٹیکسٹائل کی صنعت کا جائزہ

ہماری ٹیکسٹائل انڈسٹری کو مطلوبہ جی ڈی پی نمو اور برآمد کے اہداف کے حصول میں اہم معاشی مسائل اور چیلنجوں کا سامنا ہے۔ کووڈ 19 کے دہائی امراض نے پوری دنیا کی طرح پاکستان کی معیشت کو بھی سخت متاثر کیا ہے۔ کھٹی کو قانون سوت بنانے کے لیے درآئی خام مال پر کافی انحصار کرنا پڑتا ہے، جو اضافی درآئی ٹیکس دہائی کے تابع ہوتے ہیں، اس طرح خام مال کے اخراجات میں اضافہ ہوتا ہے۔ اس کے علاوہ پڑی ممالک کے مقابلہ میں کھٹی کی پیداوار اور ضروری لاگت کے ساتھ ساتھ ٹیکس کی واپسی میں پچاس سالے والی ہماری رقم کی وجہ سے اس شعبے کو رجسٹرڈ دیگر چیلنج کا سامنا ہے۔ ایس آر اے 1125 کی منظوری کی وجہ سے اس شعبے پر 17 فیصد ٹیکس نافذ ہونے سے پوری ٹیکسٹائل کی صنعت پر مزید براثر پڑا ہے۔

مستقبل کا نقطہ نظر

معاشی مستقبل کا انحصار اس وقت پر ہوتا ہے جو معاشی سرگرمیوں پر دہائی امراض کے حقیقی اثرات کو ختم کرنے میں مدد کرتا ہے۔ قومی معیشت کے تکرر یا تمام شعبوں پر اس بحران کے باعث پیدا ہونے والے غیر معمولی چیلنجوں کے بعد، غذائی تحفظ اور معاش کو برقرار رکھنے کی ضرورت اور جی اہم ہوگئی ہے۔ مالی اہداف حاصل کرنا مشکل ہوگا کیونکہ حکومت ٹیکس کے مناسب اقدامات کی عدم موجودگی میں صحت کی دیکھ بھال کے اخراجات میں اضافے کا ارادہ رکھتی ہے۔ تاہم، اب جبکہ کووڈ 19 کے نئے معاملات میں کمی کی وجہ سے لاگ ڈاکٹن پابندیوں کو مکمل طور پر ختم کر دیا گیا ہے، امید ہے کہ کاروباری سرگرمیاں معمول پر آئیں گی۔ اگر یہ معاملات آسانی سے آگے بڑھتے ہیں تو توقع کی جاتی ہے کہ معیشت اپنی عمومی رفتار دوبارہ شروع کرے گی۔ آئیے ہم سب اللہ رب العزت سے دعا کرتے ہیں کہ ہم کووڈ 19 یا کسی اور دہائی جاری کا فکارت نہ ہوں۔

موجودہ حوالے کے بعد کے معاملات:

بورڈ آف ڈائریکٹرز نے 12 اگست 2020 کو منعقدہ اجلاس میں، چنانہ ڈی، الوچ ٹیکسٹائل ملز لیڈنگ ڈکھنی کے ساتھ ضم کرنے کے معاملے پر تبادلہ خیال کیا ہے اور دونوں کمپنیوں کے انتظام کی منظوری دی ہے۔

کارپوریٹ گورننس اور مالی رپورٹنگ فریم ورک

کمپنی کے ڈائریکٹرز یہ بتاتے ہوئے خوش ہیں کہ آپ کی کمپنی سیکورٹیز اینڈ ایکسچینج کمیشن آف پاکستان کے جاری کردہ کوڈ آف کارپوریٹ گورننس ریگولیشنز، 2019 کے بہترین طریق کار کے مطابق ہے۔ بورڈ کا مزید کہنا ہے کہ:

- ۱۔ کمپنی کے حسابات جس میں اکاؤنٹ کی کتابیں، بلع اور نقصان اکاؤنٹ، بیلنس شیٹ اور دیگر حسابات مربوط قوانین کے تحت تیار کیے گئے ہیں۔
  - ۲۔ کمپنی کے حسابات تیار کرنے کے لیے مناسب مالیاتی پالیسیوں کا استعمال کیا ہے۔
  - ۳۔ کمپنی نے حسابات کی کتابیں موثر طریقے سے رکھی ہیں۔
  - ۴۔ بین الاقوامی اکاؤنٹنگ معیار جو کہ پاکستان میں لاگو ہوتے ہیں، ان کو مالیاتی حسابات کی تیاری میں اور اداروں میں اپنایا گیا ہے۔
  - ۵۔ اندرونی کنٹرول کا نظام درست ہے اور اسے موثر طریقے سے لاگو کیا گیا اور نگرانی کی گئی ہے۔ اندرونی کنٹرول کی نگرانی کے عمل کے کنٹرول کو مضبوط بنانے اور نظام میں بہتری لانے کے مقصد کے ساتھ آگے بڑھتے ہوئے عملی طور پر جاری رہے گا۔
  - ۶۔ کمپنی کی تشویش کے بطور جاری رکھنے کی صلاحیت کے بارے میں کوئی اہم شبہات نہیں ہیں۔ جائزہ تشویش سے متعلق مادی غیر جتنی صورت حال پر، آڈیٹر کی رپورٹ میں بتایا گیا ہے۔ اور اس پر کمپنی کی رائے دے دی گئی ہے۔
  - ۷۔ لمیٹڈ کمپنیوں (کارپوریٹ گورننس) کے ضابطوں، 2019 (سی سی بی ریگولیشنز) کے بہترین طریقوں کے مطابق ہیں۔
  - ۸۔ بورڈ کے پاس ایک قائم شدہ آڈٹ کمیشن اور انسانی وسائل و معاشی کی کمپنی ہے، اور کارپوریٹ گورننس کے ضابطوں کے ضابطہ اخلاق کی قیام کے لئے ایک آزاد ڈائریکٹرز کو ان کمپنیوں کا چیئر مین مقرر کیا گیا ہے۔
  - ۹۔ 30/06/2020 پر کمپنی کے ذمہ داری کی کمی کا قانونی ٹیکس، لیویز یا چارجز نہیں ہیں ماسوائے ان ادائیگیوں کے جو ان حسابات میں بتائی گئی ہیں۔
- تاہم، کمپنی کے آڈیٹرز نے اپنی جائزہ رپورٹ میں سی سی بی کی قواعد و ضوابط کی عدم قیام کی نشاندہی کی ہے۔ آڈیٹر کا اعتراض اور اس پر انتظامیہ کا جواب ذیل میں دیا گیا ہے۔

آڈیٹر کا اعتراض	انتظامیہ کا جواب
۱۔ کمپنی کا چیف فنانس آفیسر، کمپنی سکرٹری کا عہدہ بھی رکھتا ہے۔	جب سابقہ چیف فنانس آفیسر نے ملازمت سے استعفیٰ دے دیا تو، بورڈ کو کوئی امیدوار نہیں مل سکا جو ملازمت میں اس کی جگہ اور سیکورٹی کی صورت حال کی وجہ سے کوہاٹ آنے کے لئے راضی ہو۔ بورڈ نے اس کے بعد کمپنی کے سکرٹری جناب نعیم اللہ کو چیف فنانس آفیسر کے عہدے پر تعینات کرنے کا فیصلہ کیا، جو اس منصب کے لئے اہل تھا اور وہ کمپنی کے فنانس کے شعبے کی اضافی انتظامی ذمہ داریاں اٹھانے پر راضی تھا۔

- ۲۔ جناب احمد علی خان خٹک رکن
- ۳۔ جناب سہو حید رکن

ان کمیٹیوں کی کام کرنے کے اصول تیار کئے گئے اور ان پر عمل درآمد بھی ہو رہا ہے۔ بورڈ آڈٹ کمیٹی سال میں چار دفعہ اور انسانی وسائل اور محاسبہ کی کمیٹی سال میں ایک دفعہ منعقد ہوتی ہیں۔

ڈائریکٹر کا معاوضہ:

سال کے دوران کمپنی کے ڈائریکٹر کو معاوضے کی ادائیگی کی تفصیلات مالی حسابات میں فراہم کی جاتی ہیں۔ آزاد اور غیر ایگزیکٹو ڈائریکٹر کو صرف میٹنگ کی فیس ادا کی جاتی ہے۔ ہم سی سی ریگولیشنز اور کمپنیز ایکٹ، 2017 میں فراہم کردہ رجسٹر اوصول کے مطابق بھی اس کے لئے جامع پالیسی تشکیل دے رہے ہیں۔

بورڈ ڈائریکٹر کی کارکردگی کا جائزہ:

بورڈ نے اپنی کارکردگی کا جائزہ لینے کے لئے خود تشخیصی ساختہ معیارات اور عمل تیار کیے ہیں، نیز ہر ممبر اور اس کی کمیٹیوں کی انفرادی کارکردگی کی جانچ پڑتال کرتا ہے۔

صحت، حفاظت اور بحالیات

ہم اپنے ملازمین کی صحت اور حفاظت کے لئے اپنی ذمہ داری محسوس کرتے ہیں۔ کسی بھی حادثہ کی صورت میں ہمارے احاطے میں واقع ڈپنٹری میں فرسٹ ایڈ کی مناسب طبی امداد فراہم کی جاتی ہے۔ ہم کوشش کر رہے ہیں کہ ہم اپنے احاطے اور قریبی علاقوں میں صحت، حفاظت اور معاشی ترقی کے بہترین معیار کو برقرار رکھیں۔

اسٹیک ہولڈرز کے ساتھ تعلق و کنارت

کمپنی کے آپریشن اور مالی نتائج اس کی سرکاری ویب سائٹ [www.bcm.com.pk](http://www.bcm.com.pk) پر درج کئے گئے ہیں۔

کارپوریٹ سماجی ذمہ داری

ہم انسانیت کی خدمت میں اہمیت کو مضبوطی سے محسوس کرتے ہیں اور یہ یقینی بنانے کی کوشش کرتے ہیں کہ بہترین ممکنہ فائدہ مستحق افراد تک پہنچائے جائیں۔ ہم اپنی اسٹرٹیجک ٹیم کے ممبروں کو بھی اس طرح کی سرگرمیوں میں فعال شرکت کے لئے اپنا وقت وقف کرنے کی ترغیب دیتے ہیں۔

**INDEPENDENT AUDITORS' REVIEW REPORT TO THE MEMBERS OF  
BABRI COTTON MILLS LIMITED**

**Review Report on the Statement of Compliance contained in Listed Companies  
( Code of Corporate Governance ) Regulations, 2019**

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of **BABRI COTTON MILLS LIMITED** (the Company) for the year ended June 30, 2020 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended June 30, 2020.

We highlight below an instance of non-compliance with the requirements of the Regulations:

The Chief Financial Officer of the Company also holds the office of the Company Secretary.

**LAHORE; September 24, 2020**

**INDEPENDENT AUDITORS' REPORT  
TO THE MEMBERS OF BABRI COTTON MILLS LIMITED**

**Report on the Audit of the Financial Statements**

**Qualified Opinion**

We have audited the annexed financial statements of **BABRI COTTON MILLS LIMITED** (the Company), which comprise the statement of financial position as at June 30, 2020, and the statement of profit or loss and other comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion, except for the effects of the matters described in the Basis for Qualified Opinion section of our report, and to the best of our information and according to the explanations given to us, the statement of financial position, statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2020 and of the loss and other comprehensive income, the changes in equity and its cash flows for the year then ended.

**Basis for Qualified Opinion**

- Provisions against the levy of Gas Infrastructure Development Cess aggregating Rs.358.256 million have not been made in these financial statements as the management has filed a review petition before the Supreme Court of Pakistan as fully detailed in note 27.1.
- Fresh revaluation of buildings and plant & machinery as at June 30, 2020 has revealed that fair market values of these fixed assets on the aforementioned date were lower by Rs.132.607 million as compared to their carrying values.

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are Independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Material Uncertainty relating to Going Concern**

We draw attention to note 1.2 in the financial statements, which indicates that the operations of the Company are closed since March, 2020; accumulated loss aggregated Rs.64.468 million and the Company's current liabilities exceeded its current assets by Rs.670.967 million on the reporting date. These events and conditions indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the key audit matters:

S.No.	Key audit matters	How the matter was addressed in our audit
1.	<p><b>Impact of COVID-19</b></p> <p>As disclosed in note 45 to the financial statements, the COVID-19 pandemic caused significant and unprecedented curtailment in economic and social activities from March, 2020 in line with directives of the Government. This situation posed a range of business and financial challenges to the businesses globally and across various sectors of the economy in Pakistan.</p> <p>In relation to the accounting and reporting obligations, the management has assessed the impact of COVID-19 related events on its financial statements. The management has assessed the accounting implications of these developments on these financial statements, including but not limited to the following areas:</p> <ul style="list-style-type: none"> <li>- the impairment of tangible assets under IAS 36, 'Impairment of non-financial assets';</li> <li>- the net realisable value (NRV) of inventory under IAS 2, 'Inventories';</li> <li>- deferred taxation in accordance with IAS 12, 'Income taxes';</li> <li>- provisions and contingent liabilities under IAS 37 ; and</li> <li>- going concern assumption used for the preparation of these financial statements.</li> </ul> <p>In view of the unique nature of this event and its possible impacts on the business operations and financial reporting, we considered this area as a key audit matter to identify specific risks in relation to the financial statements and devise our audit strategy accordingly.</p>	<p>Our audit procedures, amongst others, included the following:</p> <ul style="list-style-type: none"> <li>- obtained an overall understanding of the impact on the financial reporting process and underlying controls in order to determine the appropriate audit strategy;</li> <li>- assessed the authenticity of the confirmations received;</li> <li>- checked subsequent recoveries, on a sample basis, and assessed the reasonableness of forward-looking factors used by the management in determination of expected credit loss for trade debts;</li> <li>- evaluated whether any impairment indicators exist that could trigger impairment for tangible assets;</li> <li>- evaluated management's assessment as to whether any provisions were required to be recorded as result of COVID-19;</li> <li>- checked the accuracy of deferred tax computation;</li> <li>- checked the reasonableness of the inputs used for calculation of NRV of inventories held to assess the adequacy of relevant provisions;</li> <li>- evaluated management's going concern assessment by reviewing the future projections and assessed whether going concern assumption is appropriate; and</li> <li>- checked the adequacy of the disclosures made by the Company under the applicable financial reporting framework.</li> </ul>

S.N	Key audit matters	How the matter was addressed in our audit
2.	<p><b>Valuation of stock-in-trade</b></p> <p>The value of stock-in-trade at the reporting date aggregated Rs.430.898 million representing 81% of the Company's total current assets. Stock-in-trade at the reporting date mainly included raw materials and finished goods (note 9).</p> <p>The valuation of finished goods at cost has different components, which includes judgment and assumptions in relation to the allocation of labour and other various overheads incurred in bringing the inventories to their present location and conditions. Judgment has also been exercised by the management in determining the net realisable value of finished goods.</p> <p>We identified this as key audit matter in our audit due to the judgment and assumptions applied by the Company in determining the cost and net realisable value of stock-in-trade at the reporting date.</p>	<p>We assessed the appropriateness of management assumptions applied in calculating the value of stock-in-trade and validated the valuation by taking following steps:</p> <ul style="list-style-type: none"> <li>- assessed whether the Company's accounting policy for inventory valuation is in line with the applicable financial reporting standards;</li> <li>- attended inventory count at the year-end and reconciled physical inventory with inventory lists provided to ensure completeness of data;</li> <li>- assessed historical cost recorded in inventory valuation by checking purchase invoices on sample basis;</li> <li>- tested reasonability of assumptions applied by the management in allocation of labour and other various overhead costs to inventories;</li> <li>- assessed the management's determination of net realisable value of inventories by performing tests on sale prices secured by the Company for similar items; and</li> <li>- performed net realisable value test to assess whether cost of inventories exceeded its net realisable value by detailed review of subsequent sale invoices.</li> </ul>
3.	<p><b>Contingencies</b></p> <p>The Company is subject to material litigations involving different Courts pertaining to taxation and other matters, which require management to make assessments and judgments with respect to likelihood and impact of such litigations on the financial statements of the Company.</p> <p>The management has engaged independent legal counsels on these matters.</p> <p>The assessment of provisioning against such litigations is a complex exercise and requires significant judgments to determine the level of certainty on these matters.</p> <p>The details of contingencies along with management's assessments are disclosed in note 27 to the financial statements.</p>	<p>In response to this matter, we performed following audit procedures:</p> <ul style="list-style-type: none"> <li>- discussed legal cases with the internal legal department of the Company to understand the management's view point, obtained and reviewed the litigation documents to assess the facts and circumstances;</li> <li>- obtained opinions from legal counsels dealing with such cases in the form of confirmations;</li> <li>- evaluated the possible outcome of these legal cases in line with the requirements of IAS 37 (Provisions, contingent liabilities and contingent assets); and</li> <li>- disclosures of legal exposures and provisions were assessed for completeness and accuracy.</li> </ul>

**Information Other than the Financial Statements and Auditors' Report Thereon**

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Responsibilities of Management and Board of Directors for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors is responsible for overseeing the Company's financial reporting process.

**Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) no zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

The engagement partner on the audit resulting in this independent auditors' report is Nafees ud din.

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE YEAR ENDED JUNE 30, 2020

#### 1. LEGAL STATUS AND OPERATIONS

**1.1** Babri Cotton Mills Limited (the Company) was incorporated in Pakistan on October 26, 1970 as a Public Company under the Companies Act, 1913 (now the Companies Act, 2017) and its shares are quoted on Pakistan Stock Exchange Ltd. The Company is principally engaged in manufacture and sale of yarn. The Company's registered office and Mills are located at Habibabad, Kohat.

**1.2** These financial statements have been prepared on going concern basis despite the uncertainties detailed below that may cast doubt about the Company's ability to continue as a going concern:

- (a) the Company's production facilities are closed since March, 2020;
- (b) the Company has accumulated losses aggregating Rs.64.468 million and current liabilities exceeded its current assets by Rs.670.967 million; and
- (c) the Company's financial ratios are adverse.

These financial statements have been prepared on going concern basis by the management for the reasons as detailed below:

- (a) the management intends to resume partial production activities by the end of October, 2020;
- (b) the management has contacted different yarn consumers and agents for sale of finished goods inventory of the Company and it is expected that complete finished goods inventory will be sold by December, 2020;
- (c) the management is negotiating with Company's banks to arrange additional finance facilities based on corporate guarantees of the Board members;
- (d) the sponsor Directors are considering to provide sub-ordinated loans to the Company to ease its liquidity problems; and
- (e) the management is negotiating with the Company's trade debtors and they have agreed to settle their balances by the end of October, 2020.

#### 2. BASIS OF PREPARATION

##### 2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017 have been followed.

##### 2.2 Accounting convention

These financial statements have been prepared under the historical cost convention, except where otherwise specifically stated.

##### 2.3 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates. These financial statements are presented in Pak Rupees, which is the Company's functional currency. All financial information has been rounded off to the nearest thousand of Rupees unless otherwise stated.

## 2.4 Critical accounting estimates, assumptions and judgments

In preparing these financial statements, management has made judgments, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an on-going basis. Revisions to estimates are recognised prospectively.

The areas where various assumptions and estimates are significant to the Company's financial statements or where judgment was exercised in application of accounting policies are as follows:

- Useful lives, residual values and depreciation method of property, plant and equipment. - notes 4.1 & 5.1.
- Provision for impairment of inventories - notes 4.3, 4.4, 8 & 9.
- Allowance for expected credit loss - note 4.5.
- Impairment loss of non-financial assets other than inventories - note 4.7.
- Staff retirement benefits (gratuity) - notes 4.9 & 20.
- Estimation of provisions - note 4.11.
- Estimation of contingent liabilities - notes 4.12 & 27
- Current income tax expense, provision for current tax and recognition of deferred tax asset (for carried forward tax losses) - notes 4.13, 22 & 26.

The revisions to accounting estimates, if any, are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

## 3. INITIAL APPLICATION OF STANDARDS, AMENDMENTS OR INTERPRETATIONS TO EXISTING STANDARDS

The following amendments to existing standards have been published that are applicable to the Company's financial statements covering annual periods, beginning on or after the following dates:

### 3.1 Standards, amendments and Interpretations to accounting and reporting standards that became effective during the year

Certain standards, amendments and interpretations to IFRSs are effective for accounting periods beginning on July 01, 2019 but are considered not to be relevant or to have any significant effect on the Company's operations (although they may affect the accounting for future transactions and events) and are, therefore, not detailed in these financial statements, except for the following:

- (a) Amendments to IAS 19, 'Employee benefits' on plan amendment, curtailment or settlement', are effective for periods beginning on or after January 01, 2019. These amendments require an entity to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and recognise in statement of profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling. The amendments do not have any material impact on the Company's financial statements.

- (b) IAS 23, 'Borrowing costs' is effective for accounting periods beginning on or after January 01, 2019. The amendment is part of the annual improvement 2015-2017 cycle. The amendment clarifies that the general borrowings pool used to calculate eligible borrowing costs exclude only borrowings that specifically finance qualifying assets that are still under development or construction. Borrowings that were intended to specifically finance qualifying assets that are now ready for their intended use or sale - or any non-qualifying assets - are included in that general pool. The amendments do not have any material impact on the Company's financial statements.
- (c) Amendments to IAS 28 'Investments in associates and joint ventures' are effective for annual periods beginning on or after January 01, 2019. The amendments clarify that a venture capital organization and other similar entities may elect to measure investments in associates and joint ventures at fair value through profit or loss, for each associate or joint venture separately at the time of initial recognition of investment. Furthermore, similar election is available to non-investment entity that has an interest in an associate or joint venture that is an investment entity, when applying the equity method, to retain the fair value measurement applied by that investment entity associate or joint venture to the investment entity associate's or joint venture's interests in subsidiaries. This election is made separately for each investment entity associate or joint venture. The amendments do not have any significant impact on the Company's financial statements.
- (d) IFRIC 23, 'Uncertainty over income tax treatments' is effective for accounting periods beginning on or after January 01, 2019. This IFRIC clarifies how the recognition and measurement requirements of IAS 12 'Income taxes', are applied where there is uncertainty over income tax treatments. The IFRIC explains how to recognise and measure deferred and current income tax assets and liabilities where there is uncertainty over a tax treatment. An uncertain tax treatment is any tax treatment applied by an entity where there is uncertainty over whether that treatment will be accepted by the tax authority. The IFRIC applies to all aspects of income tax accounting where there is an uncertainty regarding the treatment of an item, including taxable profit or loss, the tax bases of assets and liabilities, tax losses and credits and tax rates. The amendments do not have any material impact on the Company's financial statements.

### **3.2 Standards and amendments to approved accounting standards that are not yet effective**

There are certain standards, amendments to the IFRSs and interpretations that are mandatory for Companies having accounting periods beginning on or after July 01, 2020, but are considered not to be relevant or to have any significant effect on the Company's operations and are, therefore, not detailed in these financial statements, except for the following:

- (a) Amendments to IAS 1, 'Presentation of financial statements' and IAS 8, 'Accounting policies, changes in accounting estimates and errors' are effective for annual periods beginning on or after January 01, 2020. The amendments are intended to make the definition of material in IAS 1 easier to understand and are not intended to alter the underlying concept of materiality in IFRSs. In addition, the IASB has also issued guidance on how to make materiality judgments when preparing their general purpose financial statements in accordance with IFRSs.
- (b) The IASB has also issued the revised Conceptual Framework for Financial Reporting (the Conceptual Framework) in March 2018, which is effective for annual periods beginning on or after January 01, 2020 for preparers of financial statements who develop accounting policies based on the Conceptual Framework. The revised Conceptual Framework is not a standard, and none of the concepts override those in any standard or any requirements in a standard. The purpose of the Conceptual Framework is to assist IASB in developing standards, to help preparers develop consistent accounting policies if there is no applicable standard in place and to assist all parties to understand and interpret the standards.

#### 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies adopted in the preparation of these financial statements are the same as those applied in the preparation of the financial statements of the Company for the year ended June 30, 2019.

##### 4.1 Property, plant and equipment and depreciation

###### Measurement

Items of property, plant and equipment other than freehold land, buildings on freehold land, plant & machinery, generators and capital work-in-progress are measured at cost less accumulated depreciation and impairment loss, if any.

Freehold land is stated at revalued amount whereas buildings on freehold land, plant & machinery and generators are stated at revalued amounts less accumulated depreciation and any identified impairment loss. Cost of some items of plant & machinery consists of historical cost and exchange fluctuation effects on foreign currency loans capitalised during prior years. Borrowing costs are also capitalised for the period upto the date of commencement of commercial production of the respective plant & machinery, acquired out of the proceeds of such borrowings.

Capital work-in-progress is stated at cost less impairment loss, if any.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised.

###### Revaluation

Increases in the carrying amounts arising on revaluation of property, plant and equipment are recognised, net of tax, in other comprehensive income and accumulated in reserves in shareholders' equity. To the extent that the increase reverses a decrease previously recognised in statement of profit or loss, the increase is first recognised in profit or loss. Decreases that reverse previous increases of the same asset are first recognised in other comprehensive income to the extent of the remaining surplus attributable to the asset; all other decreases are charged to profit or loss. Each year, the difference between depreciation based on the revalued carrying amount of the asset charged to profit or loss and depreciation based on the asset's original cost, net of tax, is reclassified from the revaluation surplus on property, plant and equipment to retained earnings.

###### Depreciation

Depreciation is charged so as to write-off the cost or revalued amount of assets (other than freehold land and capital work-in-progress) over their remaining useful lives, using the reducing balance method at rates specified in note 5.1 to the financial statements.

Depreciation on additions to property, plant and equipment is charged from the month in which an asset is acquired or capitalised while no depreciation is charged for the month in which the asset is disposed-off.

###### Disposal

Gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in other income in the statement of profit or loss. In case of the sale or retirement of a revalued property, plant and equipment, the attributable revaluation surplus remaining in the revaluation surplus on property, plant and equipment is transferred directly to unappropriated profit.

###### Judgment and estimates

The useful lives, residual values and depreciation method are reviewed on a regular basis. The effect of any change in estimates is accounted for on a prospective basis.

#### 4.2 Investments in Associated Companies

Investments in Associated Companies are accounted for by using equity basis of accounting, under which the investments in Associated Companies are initially recognised at cost and the carrying amounts are increased or decreased to recognise the Company's share of profit or loss of the Associated Companies after the date of acquisition. The Company's share of profit or loss of the Associated Companies is recognised in the Company's profit or loss. Distributions received from Associated Companies reduce the carrying amount of investments. Adjustments to the carrying amounts are also made for changes in the Company's proportionate interest in the Associated Companies arising from changes in the Associated Companies' equity that have not been recognised in the Associated Companies' profit or loss. The Company's share of those changes is recognised directly in equity of the Company.

The carrying amount of investments is tested for impairment, by comparing its recoverable amount (higher of value in use and fair value less cost to sell) with its carrying amount and loss, if any, is recognised in profit or loss.

#### 4.3 Stores, spares and loose tools

Stores, spares and loose tools are stated at the lower of cost and net realisable value. The cost of inventory is based on moving average cost. Items in transit are stated at cost accumulated upto the statement of financial position date. The Company reviews the carrying amount of stores, spares and loose tools on a regular basis and provision is made for identified obsolete and slow moving items.

#### 4.4 Stock-in-trade

Basis of valuation are as follows:

<u>Particulars</u>	<u>Mode of valuation</u>
Raw materials	
- at mills	- At lower of annual average cost and net realisable value.
- in transit	- At cost accumulated to the reporting date.
Work-in-process	- At cost
Finished goods	- At lower of cost and net realisable value.
Waste	- At net realisable value.
- Cost in relation to work-in-process and finished goods consists of prime cost and appropriate production overheads. Prime cost is allocated on the basis of moving average cost.	
- Provision for obsolete and slow moving stock-in-trade is determined based on the management's assessment regarding their future usability.	
- Net realisable value signifies the selling price in the ordinary course of business less cost of completion and cost necessary to be incurred to effect such sale.	

##### **Judgments and estimates**

Inventory write-down is made based on the current market conditions, historical experience and selling goods of similar nature. It could change significantly as a result of changes in market conditions. A review is made periodically on inventories for excess inventories, obsolescence and declines in net realisable value and an allowance is recorded against the inventory balances for any such declines.

**4.5 Trade debts and other receivables**

Trade debts are initially recognised at original invoice amount, which is the fair value of consideration to be received in future and subsequently measured at cost less allowance for Expected Credit Loss (ECL). Carrying amounts of trade debts and other receivables are assessed at each reporting date and allowance is made for doubtful debts and receivables when collection of the amount is no longer probable. Debts and receivables considered irrecoverable are written-off.

**4.6 Cash and cash equivalents**

Cash and cash equivalents are carried in the statement of financial position at cost. For the purpose of statement of cash flows, cash and cash equivalents consist of cash-in-hand and balances with banks.

**4.7 Impairment of non-financial assets other than inventories**

The assets that are subject to depreciation are assessed at each reporting date to determine whether there is any indication that the assets are impaired. If there is an indication of possible impairment, the recoverable amount of the asset is estimated and compared with its carrying amount.

An impairment loss is recognised if the carrying amount of an asset exceeds its estimated recoverable amount. The impairment loss is recognised in the statement of profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

An impairment loss is reversed only to the extent that the asset carrying amount does not exceed the carrying amount that would have been determined, net of depreciation, if no impairment loss had been recognised. The Company recognises the reversal immediately in the statement of profit or loss, unless the asset is carried at a revalued amount in accordance with the revaluation model. Any reversal of an impairment loss of a revalued asset is treated as a revaluation increase.

**4.8 Borrowings and borrowing costs**

Borrowings are recognised initially at fair value, net of transaction costs incurred and are subsequently measured at amortised cost using the effective interest method.

Borrowing costs are recognised as an expense in the period in which these are incurred except to the extent of borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset. Such borrowing costs, if any, are capitalised as part of the cost of that asset.

**4.9 Staff retirement benefits (defined benefit plan)**

The Company operates an un-funded retirement gratuity scheme for its eligible employees. Provision for gratuity is made annually to cover obligation under the scheme in accordance with the actuarial recommendations. Latest actuarial valuation was conducted on June 30, 2020 on the basis of the projected unit credit method by an independent Actuary.

Actuarial gains and losses are recognised in other comprehensive income in the period in which these occur and past-service costs are recognised immediately in the statement of profit or loss.

**4.10 Trade and other payables**

Trade and other payables are initially measured at cost, which is the fair value of the consideration to be paid in future for goods and services, whether or not billed to the Company.

**4.11 Provisions**

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

**4.12 Contingent liabilities**

A contingent liability is disclosed when the Company

- has a possible obligation as a result of past events, whose existence will be confirmed only by the occurrence or non-occurrence, of one or more uncertain future events not wholly within the control of the Company; or
- has a present legal or constructive obligation that arises from past events, but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability.

**4.13 Taxation**

Taxation comprises of current tax and deferred tax.

Income tax expense is recognised in the statement of profit or loss except to the extent that it relates to items recognised in other comprehensive income or directly in equity, if any, in which case the tax amounts are recognised directly in other comprehensive income or equity.

**(a) Current**

Current tax is the expected tax payable on the taxable income / turnover for the year, calculated using rates enacted or substantively enacted by the end of the reporting period. The calculation of current tax takes into account tax credits and tax rebates, if any, and is inclusive of any adjustment to income tax payable or recoverable in respect of previous years.

**(b) Deferred**

The Company accounts for deferred taxation using the liability method on temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the financial statements. Deferred tax liability is recognised for taxable temporary differences and deferred tax asset is recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilised.

Deferred tax is charged or credited to the profit or loss except for deferred tax arising on surplus on revaluation of property, plant and equipment, which is charged to revaluation surplus.

Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to set off current tax assets against current tax liabilities, and they relate to income taxes levied by the same tax authority.

**4.14 Dividend and appropriation to reserves**

Dividend distribution to the Company's shareholders and appropriation to reserves are recognised in the period in which these are approved.

**4.15 Derivative financial instruments**

In relation to fair value hedges, which meet the conditions for special hedge accounting, any gain or loss from remeasuring the hedging instruments at fair value is recognised immediately in the statement of profit or loss. Any gain or loss on the hedged item attributable to the hedged risk is adjusted against the carrying amount of the hedged item and recognised in the statement of profit or loss.

In relation to cash flow hedges, if a hedge of a forecast transaction which subsequently results in the recognition of a non-financial asset, the associated gains and losses (that were recognised directly in equity) are taken to statement of profit or loss in the same period during which the asset acquired effects the profit or loss.

#### **4.16 Financial Instruments**

Financial assets and financial liabilities are recognised in the statement of financial position when the Company becomes a party to the contractual provisions of the instrument. All the financial assets are derecognised at the time when the Company loses control of the contractual rights that comprise the financial assets. All financial liabilities are derecognised at the time when they are extinguished that is, when the obligation specified in the contract is discharged, cancelled, or expires. Any gains or losses on de-recognition of the financial assets and financial liabilities are taken to the statement of profit or loss.

##### **a) Financial assets**

###### **Classification**

The Company classifies its financial assets in the following measurement categories:

- i) amortised cost where the effective interest rate method is applied;
- ii) fair value through profit or loss; and
- iii) fair value through other comprehensive income.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses are either recorded in statement of profit or loss or other comprehensive income (OCI).

###### **Recognition and derecognition**

Regular way purchases and sales of financial assets are recognised on trade-date, the date on which the Company commits to purchase or sell the asset. Further, financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Company has transferred substantially all the risks and rewards of ownership.

###### **Measurement**

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss (FVTPL), transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVTPL are expensed in statement of profit or loss.

###### **Definition of default**

The Company considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that receivables that meet either of the following criteria are generally not recoverable.

- when there is a breach of financial covenants by the counterparty; or
- information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Company, in full (without taking into account any collaterals held by the Company).

**Impairment of financial assets**

The Company assesses on a historical as well as forward-looking basis, the expected credit loss (ECL) as associated with its trade debts. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

Following are financial instruments that are subject to the ECL model:

- Trade debts
- Cash and bank balances

**Simplified approach for trade debts**

The Company recognises life time ECL on trade debts, using the simplified approach. The measurement of ECL reflects:

- an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions.

**Recognition of loss allowance**

The Company recognises an impairment gain or loss in the statement of profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account.

**Write-off**

The Company writes off financial assets, in whole or in part, when it has exhausted all practical recovery efforts and has concluded there is no reasonable expectation of recovery. The assessment of no reasonable expectation of recovery is based on unavailability of debtor's sources of income or assets to generate sufficient future cash flows to repay the amount.

The Company may write-off financial assets that are still subject to enforcement activity. Subsequent recoveries of amounts previously written-off will result in impairment gains.

**b) Financial Liabilities****Classification, initial recognition and subsequent measurement**

Financial liabilities are classified in the following categories:

- i) fair value through profit or loss; and
- ii) other financial liabilities.

The Company determines the classification of its financial liabilities at initial recognition. All financial liabilities are recognised initially at fair value and, in case of other financial liabilities also include directly attributable transaction costs. The subsequent measurement of financial liabilities depends on their classification, as follows:

**i) Fair value through profit or loss**

Financial liabilities at fair value through profit or loss include financial liabilities held-for trading and financial liabilities designated upon initial recognition as being at fair value through profit or loss. The Company has not designated any financial liability upon recognition as being at fair value through profit or loss.

**ii) Other financial liabilities**

After initial recognition, other financial liabilities which are interest bearing subsequently measured at amortised cost, using the effective interest rate method. Gains and losses are recognised in profit or loss for the year, when the liabilities are derecognised as well as through effective interest rate amortisation process.

**Derecognition of financial liabilities**

The Company derecognises financial liabilities when and only when the Company's obligations are discharged, cancelled or expired.

**Offsetting of financial assets and financial liabilities**

Financial assets and liabilities are offset and the net amount presented in the statement of financial position when there is a legally enforceable right to offset the recognised amount and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

**4.17 Foreign currency transactions**

Foreign currency transactions are recorded in Pak Rupees using the exchange rates prevailing at the date of transactions. Monetary assets and liabilities in foreign currencies are translated in Pak Rupees at the rates of exchange prevailing at the reporting date. Exchange gains and losses are taken to statement of profit or loss.

**4.18 Revenue recognition**

Revenue from contracts with customers is recognised at the point in time when the performance obligation is satisfied i.e. control of the goods is transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled to in exchange for those goods.

**Contract assets**

Contract assets arise when the Company performs its performance obligations by transferring goods to a customer before the customer pays its consideration or before payment is due.

**Contract liabilities**

Contract liability is the obligation of the Company to transfer goods to a customer for which the Company has received consideration from the customer. If a customer pays consideration before the Company transfers goods, a contract liability is recognised when the payment is made. Contract liabilities are recognised as revenue when the Company performs its performance obligations under the contract.

**Others**

Return on deposits is accounted for on 'accrual basis'.

Dividend income and entitlement of bonus shares are recognised when right to receive such dividend and bonus shares is established.

**4.19 Segment reporting**

Segment information is presented on the same basis as that used for internal reporting purposes by the Chief Operating Decision Maker, who is responsible for allocating resources and assessing performance of the operating segments. On the basis of its internal reporting structure, the Company considers itself to be a single reportable segment; however, certain information about the Company's products, as required by the approved accounting standards, is presented in note 42 to these financial Statements

		12,145	17,445
Less: payments / adjustments made against completed assessments		6,326	17,480
		<b>23,234</b>	<b>17,415</b>

**26.1** Income tax returns of the Company have been filed upto the tax year 2019 i.e. accounting year ended June 30, 2019.

**26.2** No numeric tax rate reconciliation is presented in these financial statements as the Company is liable to pay tax due under section 113 (Minimum tax on the income of certain persons) of the Income Tax Ordinance, 2001 (the Ordinance).

**26.3** The Company has filed a writ petition before the Peshawar High Court (PHC) under article 199 of the constitution of Pakistan praying that amendments introduced in section 65B of the Ordinance, by inserting a proviso through Finance Act, 2019 whereby tax credit of 10% has been reduced to 5% for the tax year 2019, be declared illegal, unlawful and void ab initio; further the said amendments cannot be applied retrospectively. The PHC vide its order dated December 31, 2019 has ordered that the Company be allowed to submit its return manually or by making adjustment in e-portal / computer system as provisional interim arrangement, as per un-amended provisions of section 65B of the Ordinance (prior to amendment through the Finance Act, 2019). This reversal represents short tax credit adjusted against tax provision for the year ended June 30, 2019, which has been incorporated in current year's financial statements.

- 26.4** The Company's writ petition before the Islamabad High Court, Islamabad praying exemption from levy of minimum tax under section 113 of the Ordinance is still pending adjudication. An adverse judgment by the Court will create tax liability under section 113 of the Ordinance aggregating Rs.39.712 million.

The Finance Act, 2015 has omitted clause 126F of the Ordinance and inserted a new sub-clause (xx) of clause (11A) in part IV of the second schedule of the Ordinance wherein exemption from levy of minimum tax under section 113 of the Ordinance has been provided. The amendment would have a retrospective impact being related to tax years 2010, 2011 and 2012.

- 26.5** As per the rectification order dated February 03, 2017, the Income Tax Department has charged tax under sections 161 / 205 of the Ordinance raising tax demands of Rs.4.885 million for the tax year 2015 against which the Company has filed an appeal on February 22, 2017 before the Commissioner Inland Revenue (Appeals), which is pending adjudication.

## **27. CONTINGENCIES AND COMMITMENTS**

- 27.1** The Company had challenged the levy of Gas Infrastructure Development Cess (GIDC) by filing a petition before the Peshawar High Court, Peshawar (PHC). GIDC was levied on supply of natural gas under the GIDC Act, 2011. Constitutionality of the said Act was challenged before the PHC, which had declared the same as constitutional. The order of the PHC was assailed before the Supreme Court of Pakistan (SCP), which met the same fate there vide SCP's judgment dated August 22, 2014. After enactment of the GIDC Act, 2015, it was challenged before the PHC, which dismissed the said petition vide its judgment dated May 31, 2017. The Company, thereafter, has filed a petition before the SCP on July 31, 2017.

The SCP, subsequent to the reporting date vide its judgment dated August 13, 2020, has dismissed the petition in 2-1 ratio. The SCP's judgment states that the cess under GIDC Act, 2015 was levied on those consumers of natural gas which on account of their industrial or commercial dealings had passed on GIDC burden to their customers /clients. The SCP's judgment states that no late payment surcharge shall be collected while the GIDC amount that have become due upto July 31, 2020 will be recovered in 24 In the light of the SCP's judgment described in the preceding paragraph, the Company has filed a review petition before the SCP for waiver of full amount of GIDC on the grounds that the Company, being a spinning unit and producing raw materials for weaving sector, has not passed on GIDC burden to its customers. The yarn market is not a regulated market, i.e., the Company is a price taker not the price maker; therefore, spinning sector cannot add GIDC in the price and certainly has not collected the same from its customers. Sui Northern Gas Pipelines Ltd., along with gas bill for the month of June, 2020, has raised total demands in arrears aggregating Rs.683.566 million out of which the amounts charged on account of GIDC are Rs.358.256 million. However, as the management has filed a review petition against the aforementioned judgment of the SCP and a highly favourable outcome is expected; therefore, balance GIDC provisions have not been recognised in the books of account.

The Company has also challenged the levy of GIDC in the PHC, on the basis of section 8 (2) of the GIDC Act, 2015. The PHC has granted stay order against recovery of GIDC vide its order dated September 16, 2020, and has referred the case to OGRA for hearing the pleas of Textile sector.

- 27.2** Guarantee amounting Rs.75.000 million (2019: Rs.55.200 million) issued by National Bank of Pakistan on behalf of the Company in favour of Sui Northern Gas Pipelines Ltd. was outstanding as at June 30, 2020. The guarantee is secured against the securities as detailed in note 25 and is valid upto December 31, 2020.

**27.3** No commitments were outstanding as at June 30, 2020; (commitments against irrevocable letters of credit for spare parts outstanding as at June 30, 2019 were for Rs. 37.90 millions.

### 37.2 Financial Risk Factors

The Company's activities expose it to a variety of financial risks: market risk (including interest rate risk, price risk and currency risk), credit risk and liquidity risk. The Company's overall risk management focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Company's financial performance.

Risk management is carried-out by the Company's finance department under policies approved by the board of directors. The Company's finance department evaluates financial risks based on principles for overall risk management as well as policies covering specific areas, such as foreign exchange risk, interest rate risk, credit risk and investment of excess liquidity, provided by the board of directors.

### 37.3 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of three types of risks: currency risk, interest rate risk and price risk.

#### (a) Currency risk

Foreign currency risk arises mainly where receivables and payables exist due to transactions entered into in foreign currencies. The Company is exposed to currency risk on import of raw materials, stores & spares and plant & machinery denominated in U.S. \$ and Euro. The Company was not exposed to foreign currency risk as at June 30, 2020 as no foreign currency liability was outstanding on the aforementioned date. The Company's exposure to foreign currency risk for U.S. \$ and Euro as at June 30, 2019 was as follows:

	<b>Rupees</b>	<b>U.S.\$</b>	<b>Euro</b>
	----- in thousand -----		
Funded:			
Bills payable - total exposure	71,232	351	72

The following exchange rates were applied during the preceding financial year ended June 30, 2019:

	<b>Average rate</b>	<b>Reporting date rate</b>
U.S. \$ to Rupee	132.10	164.50
Euro to Rupee	186.99	187.00

#### Sensitivity analysis

Not applicable as at June 30, 2020 as no funded foreign currency liability was outstanding on the aforementioned date; (as at June 30, 2019, if Rupee had strengthened by 10% against U.S.\$ and EURO with all other variables held constant, loss before taxation for the preceding year would have been lower by the amount shown below mainly as a result of foreign exchange gains on translation of foreign currency financial liabilities).

	2019 Rupees in thousand
<b>Effect on loss for the preceding year:</b>	
U.S. \$ to Rupee	5,774
Euro to Rupee	1,347
The weakening of Rupee against U.S. \$ and Euro would have had an equal but opposite impact on loss before taxation for the preceding year.	
The sensitivity analysis prepared was not necessarily indicative of the effect on loss for the preceding year and liabilities of the Company.	

**(b) Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of change in market interest rates. At the reporting date, the interest rate profile of the Company's interest bearing financial instruments is as follows:

	2020 Effective rate %	2019 %	2020 Carrying amount (Rupees in thousand)	2019 Carrying amount (Rupees in thousand)
<b>Fixed rate instruments</b>				
<b>Financial assets</b>				
Bank balances	3.25 to 10.25	4.50 to 10.25	<u>165</u>	<u>2,701</u>
<b>Variable rate instruments</b>				
<b>Financial liabilities</b>				
Long term finances	11.44 to 16.76	8.04 to 14.01	<u>201,187</u>	<u>238,521</u>
Short term finances	12.49 to 15.35	8.23 to 12.49	<u>669,673</u>	<u>929,483</u>

**Fair value sensitivity analysis for fixed rate instruments**

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not affect statement of profit or loss.

**Cash flow sensitivity analysis for variable rate instruments**

At June 30, 2020, if interest rate on variable rate financial liabilities had been 1% higher / lower with all other variables held constant, loss before taxation for the year would have been higher / lower by Rs.8.709 million (2019: Rs.11.680 million) mainly as a result of higher / lower interest expense on variable rate financial liabilities.

**(c) Price risk**

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instruments or its issuer or factors affecting all similar financial instruments traded in the market. The Company is not exposed to any significant price risk.

**37.4 Credit risk exposure and concentration of credit risk**

Credit risk represents the risk of a loss if the counter party fails to discharge its obligation and cause the other party to incur a financial loss. The Company attempts to control credit risk by monitoring credit exposures, limiting transactions with specific counterparties and continually assessing the credit worthiness of counterparties.

Concentrations of credit risk arise when a number of counterparties are engaged in similar business activities or have similar economic features that would cause their abilities to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations of credit risk indicate the relative sensitivity of the Company's performance to developments affecting a particular industry.

Credit risk primarily arises from trade debts and balances with banks. To manage exposure to credit risk in respect of trade debts, management performs credit reviews taking into account the customer's financial position, past experience and other relevant factors. Where considered necessary, advance payments are obtained from certain parties. Credit risk on bank balances is limited as the counter parties are banks with reasonably high credit ratings.

#### **Exposure to credit risk**

The maximum exposure to credit risk as at June 30, 2020 along with comparative is tabulated below:

	2020 (Rupees in thousand)	2019
Security deposits	1,033	1,033
Trade debts	6,406	308
Other receivables	5,887	2,895
Bank balances	4,389	2,952
	<b>17,715</b>	<b>7,188</b>

All the trade debts at the reporting date represent domestic parties.

The ageing of trade debts at June 30, 2020 was as

Not past due	0
Past due 1 - 30 days	12
Past due 30 - 180 days	4,927
Past due above 180 days	1,467
	<b>6,406</b>

Trade debts are due from local customers for local sales. All the trade debts are unsecured and considered good. Management assesses the credit quality of local customers taking into account their financial position, past experience and other factors. For bank balances, financial institutions with strong credit ratings are accepted. Credit risk on bank balances is limited as these are placed with banks having good credit ratings.

The Company measures the loss allowance for trade debts at an amount equal to lifetime ECL using the simplified approach. The expected credit losses on local trade debts are estimated using a provision matrix by reference to past default experience of the debtor and an analysis of the debtor's current financial position, adjusted for factors that are specific to the debtors, general economic conditions of the industry in which the debtors operate and an assessment of both the current as well as the forecast direction of conditions at the reporting date. The Company has recognised a loss allowance of Rs.0.419 million (2019: Rs.2.290 million) against all local trade debts.

#### **37.5 Liquidity risk**

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach is to ensure, as far as possible, to always have sufficient liquidity to meet its liabilities when due. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and ensuring the availability of adequate credit facilities. The Company's treasury department aims at maintaining flexibility in funding by keeping committed credit lines available.

Financial liabilities in accordance with their contractual maturities are presented below:

	<b>1,549,516</b>	<b>1,693,061</b>	<b>1,467,049</b>	<b>226,012</b>

The contractual cash flows relating to the above financial liabilities have been determined on the basis of interest / mark-up rates effective at the respective year-ends. The rates of interest / mark-up have been disclosed in the respective notes to these financial statements.

### 38. MEASUREMENT OF FAIR VALUES

The management, during the current financial year, has engaged an independent external Valuer to carry out valuation of its freehold land, buildings on freehold land, plant & machinery and generators. Selection criteria included market knowledge, reputation, independence and whether professional standards were maintained. When measuring the fair value of an asset, the Company uses valuation techniques that are appropriate in the circumstances and uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

**Level 1:** Quoted prices (unadjusted) in active markets for identical assets or liabilities.

**Level 2:** Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

**Level 3:** Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

For assets and liabilities that are recognised in the financial statements at fair value on a recurring basis, the management recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred. There were no transfers between different levels of fair values mentioned above.

### 39. CAPITAL RISK MANAGEMENT

The Company's prime objective when managing capital is to safeguard its ability to continue as a going concern so that it can continue to provide returns for shareholders, benefits for other stakeholders and to maintain a strong capital base to support the sustained development of its business.

The Company manages its capital structure by monitoring return on net assets and makes adjustments to it in the light of changes in economic conditions. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders or issue new shares. The Company also monitors capital using a gearing ratio, which is net debt, mark-up bearing long and short term finances less bank balances. Capital signifies equity as shown in the statement of financial position plus net debt. The gearing ratio as at June 30, 2020 and June 30, 2019 is as follows;

	2020	2019
	Rupees in thousand

Actual production on spindles	4,691,491	3,788,413

**44.1** It is difficult to describe precisely the production capacity in textile industry since it fluctuates widely depending on various factors such as count of yarn spun, spindles' speed, twist per inch and raw materials used, etc. It also varies according to the pattern of production adopted in a particular year.

**44.2** Under-utilization of capacity was due to effects of COVID - 19 due to closure of Mills since March, 2020 and severe working capital shortage.

**45. IMPACT OF COVID-19 (CORONA VIRUS)**

During March, 2020, Pakistan has enacted protection measures against COVID - 19 with a significant impact on daily life and supply chain. The evolution of COVID - 19 as well as its impact on Pakistan economy is very severe. The management has monitored the situation to ensure safety of its workers by introducing fool proof anti COVID - 19 measures and smooth operation of its business.

On March 23, 2020, the Government of the Khyber Pakhtunkhwa announced a temporary lock down as a measure to reduce the spread of the COVID-19. Complying with the lockdown, the Company temporarily suspended its operations from March 25, 2020. After implementing all the necessary Standard Operating Procedures (SOPs) to ensure safety of employees, the Company intends to resume partial production activity by the end of October, 2020 and has taken all necessary steps to ensure smooth and adequate continuation of its business in order to maintain business performance despite slowed down economic activity. It is also expected that the outbreak may result in lower demand for the Company's products in the foreseeable future. Due to this, management has assessed the accounting implications of these developments on these financial statements, including but not limited to the following areas:

- the Impairment of assets under IAS 36, 'Impairment of non-financial assets';
- the net realisable value of inventory under IAS 2, 'Inventories';
- deferred taxation in accordance with IAS 12, 'Income taxes'
- provisions and contingent liabilities under IAS 37 ; and
- going concern assumption used for the preparation of these financial statements.

According to management's assessment, there are significant accounting impacts of the effects of COVID-19 on these financial statements.
