REVIEW REPORT BY THE CHAIRMAN

(On the overall performance of Board u/s 192 of the Companies Act 2017)

Sitara Chemical Industries Limited compiles with all the requirements as set out in the Companies Act, 2017 and the Listed Companies (Code of Corporate Governance) Regulations, 2019 with respect to the composition, procedures and meetings of the Board of Directors and its committees. As required under the Code of Corporate Governance, an annual evaluation of the Board of Directors of (the "Board") of Sitara Chemical Industries Limited (the "Company") is carried out.

For the financial year ended June 30, 2020, Board's overall performance and effectiveness has been assessed as Satisfactory. Improvements are an ongoing process leading to action plans. The overall assessment as satisfactory is based on an evaluation of integral components, which have a direct bearing on the Board's role in achievement of company's objectives, including vision, mission and values; engagement in strategic planning; monitoring the organization's business activities; monitoring financial resource management; effective fiscal oversight; diversity, governance and control environment.

The board ensured that all the legal and regulatory requirements have been complied with by the management of the company.

Abdul Awal

Date: September 22, 2020

DIRECTORS' REPORT

In the name of Allah, the Most Beneficent, the Most Gracious, the Most Merciful. On behalf of the Board of Directors of Sitara Chemical Industries Limited, we are pleased to present the audited financial statements of the Company together with Auditors' Report thereon and report of external Shariah auditors for the year ended June 30, 2020.

BUSINESS OVERVIEW:

Overall economic environment of the country remained significantly depressed during the year majorly due to outbreak of COVID-19 pandemic and consequent lock down of the country during the fourth quarter of the year, resulting into an overall decline of GDP which ended up with negative growth of 0.38% at year end as compared with positive GDP growth of 1.91% last year. Large Scale Manufacturing Industry (LSM) also witnessed significant decline in GDP i.e. 7.78% as compared with decline of 2.56% last year. Similarly, performance of textile sector in the country also remained negative witnessing a decline of 2.57% as compared with decline of 0.17% last year. Overall average bank borrowing rate has remained higher during the year compared with last year's average rate, resulting into higher financial cost during the year.

The above stated economic environment that remained prevalent during the year has impacted the businesses of the country and of your company as well in terms of lesser quantitative sale during the year. During the year under review, net sales of the company has remained at Rs. 11,793 million as compared with Rs. 12,698 million last year depicting a decline of 7.1%. Gross profits remained at Rs. 2,279 million as compared with Rs. 2,760 million last year. Gross profits in percentage terms of net sales during the year remained low due to increase in cost of sales, witnessed after increase of electricity prices, RLNG tariff, coal prices, higher cotton bales prices etc. Another reason of increase in cost of sales during the year is because of the fact that during the first two quarters of last year, industrial gas tariff was available at the combination of natural gas and RLNG tariff; which later on was changed to RLNG tariff only. RLNG tariff is pegged to crude oil prices in US\$ resulting in considerable appreciation to input cost of gas during the year under review. Though selling prices of caustic and yarn were increased during the year to compensate against the incremental cost of production, yet the same could not be fully recovered due to prevalent economic conditions of the industries being not conducive enough to warrant such decision.

Profit after tax and earning per share stood at Rs. 299 million and Rs. 13.94 per share respectively as compared with profit after tax of Rs. 885 million and earning per share of Rs. 41.32 last year.

SIGNIFICANT EVENTS OCCURRED DURING THE YEAR:

During the year the following events occurred, which we would like to bring to the knowledge of our valued shareholders:

- a) On October 16, 2019, company approved setting up of soap noodles plant based on European technology having production capacity of 34,000 M. Ton per annum with an estimated project cost of Rs. 1.75 billion. Work is in progress in this direction and major LCs of plant & machinery have been opened with banks and civil work is also in progress. We are hopeful that project will be completed in its due timelines Insha'Allah.
- b) On June 22, 2020, company approved setting up of Linear Alkyl Benzene Sulphonic Acid (LABSA) plant based on European technology having production capacity of 30,000 M. Ton per annum with an estimated project cost of Rs. 650 million. Commercial negotiations with foreign vendor are underway.

COVID-19 EFFECTS AND MEASURES:

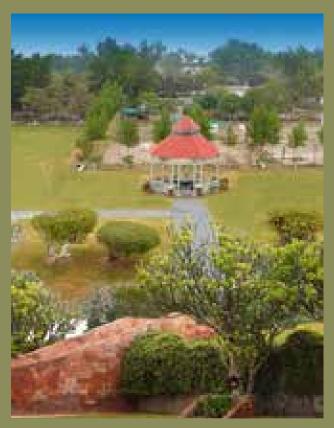

The Government of Pakistan, keeping in view the global pandemic situation, lockeddown entire Pakistan from 24th March 2020 as a safety measure to stop its spread. Accordingly, our factory was also hit by this decision; however, immediately your management got special approvals from the Government to keep its operations continued while taking special measures to comply with all the Government's provided SOP's. Despite the additional costs of these safety measures, your Company continues to keep the health and safety of our employees as its top priority. We will continue to adopt these measures till the Pandemic is fully eradicated.

Briefing of social distance about Covid-19

ENVIRONMENT, HEALTH AND SAFETY:

Alhamdulillah, during the year 2020, your company has achieved another milestone by qualifying URSA (Understanding Responsible Sourcing Audit); it is an audit protocol which enables an independent assessment of a supplier's performance and compliance against all applicable laws and regulations and the additional requirements of Unilever's Responsible Sourcing Policy.

Chemical Spillage Drill

Clean and Green Sitara

HSE - First aid activity

Moreover, with the unanticipated outbreak of COVID-19 your Company has taken timely and proactive HSE measures to combat COVID-19. Specific SOPs related to social distancing, essential hygiene and health checks were developed and implemented. Furthermore, infrared thermometer, sanitizing gates, handwashing basins at the entrance and PPEs have already been installed / procured subsequent to your Company's HSE policies for the safeguard of its employees and associates and enabling it to resume business operation with due preparation. Moreover, awareness campaigns and use of different social media platforms remained operational for disseminating best practices related to COVID-19 to our stakeholders.

Maintaining Social Distance

Checking Temperature at Entrance

Wash Basins Stations

Your company is strongly committed to continual improvement of its Environmental Management System by adaption of appropriate pollution prevention measures and complying with all relevant legislation and International standards like ISO 9001, ISO 14001, ISO 50001, FSSC 22000, PS 3733 i.e. Halal Food Management System and OSHAS 18001. Company is also committed to the slogan of "safety starts from the entrance".

HUMAN RESOURCE DEVELOPMENT:

Human Resource planning and management is one of the most focused point at the highest management level. The company has a Human Resource and Management committee which is involved in selection, evaluation, compensation and succession planning of the key management personnel. It is also involved in recommending improvement in human resource policy and its periodic review. Your company always welcomes the opportunities for staff training, broadening their knowledge, vision and skill and awareness about changing technological and learning developments. For this purpose, multiple inhouse workshops / training sessions were held during the year to train the staff while ensuring social distancing during COVID-19 period. During the year 2019-20, company trained 806 employees as against 1,344 employees last year.

HRD activity through external trainer

INFORMATION TECHNOLOGY:

Information Technology is of a paramount importance for the growth of any industry, now particularly under the current COVID-19 scenario. Likewise your company immensely values its information technology resources, and we continuously endeavor to upgrade our IT infrastructure and resources to meet the growing business needs.

STAFF RETIREMENT BENEFITS:

Company has maintained a recognized provident fund, and based on audited accounts as at June 30, 2020, value of investment thereof was 43,947,862 as against Rs. 43,446,249/- last year. Employees of Textile Division are entitled to gratuity as per law and appropriate provision has been made in accordance with IAS-19 in the accounts.

CONTRIBUTION TO NATIONAL EXCHEQUER:

During the year 2019-20, Company's contribution to the national exchequer amounts to Rs.2,262/million towards payment of income tax and sales tax as against Rs. 2,242/- million last year. This does not include the import duties, withholding tax deducted by the company from employees, suppliers and contractors and deposited into the treasury.

CORPORATE SOCIAL RESPONSIBILITY:

Your Company continues to donate towards charitable hospital, arrangement of free medical camps, and installation/running of clean water treatment plants at the surrounding areas of Faisalabad on regular basis as a part of its CSR activities.

Free Medical Testing Services

Free Medical Camp

Water Treatment Plant

SIGNIFICANT FEATURES OF DIRECTORS' REMUNERATION POLICY:

The Board of Directors has approved a formal policy for remuneration of executive directors depending upon their responsibility in affairs of the Company. The remuneration is commensurate with their level of responsibility and expertise needed to govern the Company successfully and to encourage value addition from them. The Company does not pay any remuneration to non-executive and independent directors except fees for attending the meetings of the Board. Remuneration of executive directors is approved by the Board as recommended by the Human Resource and Remuneration Committee.

Aggregate amount of the remuneration paid to chief executive and executive director has been disclosed in note 40 of the annexed financial statements.

BOARD OF DIRECTORS:

The Board comprises of two executive directors, two independent, two non-executive male directors and one non-executive female director. The independent and non-executive directors are independent to management. The Board has delegated day-to-day operations of the Company to the Chief Executive Officer.

During the year 2019-20, 06 board meetings were held and attendance of Directors is as follows:

Sr.#	Name	Category	No. of Meetings Attended
1	Mr. Abdul Awal	Independent Director	05
2	Mr. Muhammad Adrees	Executive Director	06
3	Mr. Haseeb Ahmed	Executive Director	05
4	Mr. Haroon Ahmad Zuberi	Independent Director	06
5	Mr. Ahmad Nawaz	Non-executive Director	05
6	Mr. Ashraf Shahzad Ahmad	Non-executive Director	06
7	Mrs. Shala Waheed Sher	Non-executive Director	04

Leave of absence was granted to the members of Board, who did not attend the meetings.

AUDIT COMMITTEE MEETINGS:

Audit committee was established to assist board in discharging its responsibilities for corporate governance, financial reporting and corporate controls. Committee consists of three members. During the year 2019-20, 06 meetings were held and attendance of members of audit committee is as follows:

Sr.#	Name	Category	No. of Meetings Attended
1	Mr. Haroon Ahmad Zuberi	Chairman Audit Committee	06
2	Mr. Abdul Awal	Member Audit Committee	06
3	Mr. Ahmad Nawaz	Member Audit Committee	06

HUMAN RESOURCE AND REMUNERATION COMMITTEE:

Human Resource and Remuneration Committee was formed to monitor the procedure of selection, evaluation, compensation and succession planning of the key management personals. The committee comprises of three members. During the year 04 meetings were held and attendance of members is as follows:

Sr.#	Name	Category	No. of Meetings Attended
1	Mr. Abdul Awal	Chairman HR&RC Committee	04
2	Mr. Muhammad Adrees	Member HR&RC Committee	04
3	Mr. Shala Waheed Sher	Member HR&RC Committee	04

CORPORATE GOVERNANCE:

Statement of Compliance of Corporate Governance is separately annexed.

PATTERN OF SHAREHOLDING:

The pattern of shareholding of the Company is annexed along with trading in shares of the Company by its Directors, their spouses and minor children, CEO, CFO, Head of internal audit and Company Secretary.

CORPORATE AND FINANCIAL REPORTING:

Your Company is committed to good corporate governance. The Board acknowledges its responsibility in respect of Corporate and Financial Reporting Framework. These Financial Statements together with the notes thereto have been drawn up, in conformity with the Companies Act, 2017. International Financial Reporting Standards, wherever applicable, have been followed in their preparation. Proper books of accounts have been maintained by the Company and appropriate accounting policies have been consistently applied in the preparation of financial statements and accounting estimates are based on reasonable and prudent judgment.

There are no doubts upon the Company's ability to continue as a going concern. There has been no material departure from the best practices of the Code of Corporate Governance as detailed in the listing regulations of the stock exchange. The system of internal control is sound in design and has been effectively implemented and monitored.

The Board of Directors certifies that the financial statements including cash flow and statement of changes in equity fairly presents the state of affairs of company's business and of its operations.

AUDITORS:

The existing auditors M/s. Deloitte Yousuf Adil, Chartered Accountants, shall retire on the conclusion of 39th Annual General Meeting. Being eligible, they have offered themselves for re-appointment as Auditors of the Company from conclusion of the 39th Annual General Meeting until the conclusion of 40th Annual General Meeting. The Audit Committee has recommended the appointment of aforesaid M/s. Deloitte Yousuf Adil, as external auditors for the year ending June 30, 2021. The external auditors have been given a satisfactory rating under the Quality Control Review Program of the Institute of Chartered Accountants of Pakistan (ICAP) and the firm, and all its partners are in compliance with the International Federation of Accountants' Guidelines on Code of Ethics, as adopted by the ICAP.

APPROPRIATIONS:

The following appropriations of profits for the year ended June 30, 2020 were made:

Description	Rupees
Net profit for the year after tax before WPPF and WWF	325,447,133
Workers Welfare Fund (WWF) and Workers Profit Participation Fund (WPPF)	(26,683,706)
Net Profit for the year	298,763,427
Incremental depreciation (net of deferred tax)	275,929,329
Un-appropriated profit brought forward	8,522,363,987
Final dividend for the year ended June 30, 2019 @ Rs. 10 per share	(214,294,070)
Amount available for appropriation	8,882,762,673
Proposed dividend for the year ended June 30, 2020 @ Rs. 10 per share	(214,294,070)
Earnings per share - basic and diluted	13.94

DIVIDEND:

In view of the financial results of the Company for the year ended June 30, 2020; the Board of Directors of the Company have recommended a cash dividend of 100% i.e. Rs.10 per share.

FUTURE OUTLOOK:

Our R&D department is working with full dedications and exploring all the opportunities to fulfill our agenda of economically efficient operations, diversification and induction of new product lines etc., which will create shareholders' value and enhance shareholders' wealth on sustainable basis. Furthermore, after significant increase in electricity and RLNG tariff by Govt., your company is evaluating number of options to have alternate, reliable and cheaper source of electricity to add value to the company. Any probable increase in Govt. electricity prices, RLNG tariff, devaluation of Pak rupee against US\$, increase in SBP policy rates, and risk of resurgence of COVID-19 till such time that vaccine is developed and is widely available in the country, could happen to be the key challenges for the Company.

It is also pertinent to mention here that Govt. of Pakistan, after the outbreak of COVID-19 pandemic, has taken number of measures including reduction in policy interest rate and provision of term loans to industry at subsidized rates to spur economic growth and promote new projects and industrialization in the country. These initiatives have provided some breathing space to the industries of the country in general and your company as well, particularly in terms of reduction of finance cost. Furthermore soon after lifting of lock down in the country, your company witnessed some recovery in the sales both in chemical division and in textile division, and we expect that these initiatives of the Govt., will bring some positive changes in the next year's financial results of the company. We hope that Pakistan and your company will come out of COVID-19 crisis very soon (INSHALLAH).

ACKNOWLEDGMENTS:

We take this opportunity to thank our valued business partners and stakeholders for their continued support, trust and assistance for the progress and prosperity of the Company. Company also appreciates its staff for their continuous dedication, commitment and support.

Muhammad Adrees Chief Executive Officer September 22, 2020 Faisalabad. Haseeb Ahmad Director

The Board of Directors recommends, based on the recommendation of the Board Audit Committee, the appointment of M/s. Deloitte Yousuf Adil as auditors for the ensuing year.
- v. To transact any other ordinary business with the permission of the Chair.

By Order of the Board

KARACHI September 22, 2020 Mazhar Ali Khan Company Secretary

NOTES:

CORONA VIRUS CONTINGENCY PLANNING FOR ANNUAL GENERAL MEETING OF SHAREHOLDERS

Due to current COVID-19 situation, as per the advice of the Government and directives of the Securities and Exchange Commission of Pakistan ("SECP") in terms of its Circular No.5 of 2020 dated March 17, 2020 and circular No. 25 of 2020 dated August 31, 2020 and Pakistan Stock Exchange Limited ("PSX") through its notice Ref: PSX/N-372 dated March 19, 2020 has advised companies to modify their usual planning for general meetings for the safety and well-being of shareholders and the public at large.

Considering the SECP's directives, the Company intends to convene this AGM with minimal physical interaction of shareholders while ensuring compliance with the quorum requirements and requests the members to consolidate their attendance and voting at the AGM through proxies.

Accordingly, the Company has made arrangements to ensure that all participants, including shareholders, can now participate in the AGM proceedings via video link. Those members who are willing to attend and participate in the AGM are requested to register themselves by sending an email along with following particulars and valid copy of both sides of Computerized National Identity Card (CNIC) at agm2020@sitara.com.pk with subject of 'Registration for AGM' not less than 48 hours before the time of the meeting:

Name of Shareholder	CNIC Number	CDC Account No./Folio No.	Cell Number	Email Address

AGM will be held through Zoom application - a video link facility.

Members who will be registered, after necessary verification as per the above requirement, will be provided a password protected video link by the Company via email. The said link will remain open from 12:30 p.m. on the date of AGM till the end of the meeting. Members may send their comments and suggestions relating to the agenda items of the AGM at least two (2) working days before the AGM at agm2020comments@sitara.com.pk . Shareholders are requested to mention their full name, CNIC No. and folio/CDC account No. for this purpose.

Members are therefore, encouraged to attend the AGM through video link or by consolidating their attendance through proxies.

CLOSURE OF SHARE TRANSFER BOOKS

The Share Transfer Books of the Company will remain closed from October 20, 2020 to October 26, 2020 (both days inclusive). Transfers receive in order at the office of Share Registrar M/s. THK Associates (Pvt.) Limited, 1st Floor, 40-C, Block-6, P.E.C.H.S., Karachi before the close of business on October 19, 2020 will be considered in time for entitlement of the dividend.

PARTICIPATION IN THE ANNUAL GENERAL MEETING.

A member entitled to attend and vote at this meeting is entitled to appoint another person as his/her proxy to attend and vote. Proxies in order to be effective must be received at Company's Share Registrar's Office M/s. THK Associates (Pvt) Limited, 1st Floor, 40-C, Block-6, P.E.C.H.S., Karachi duly stamped and signed not less than 48 hours before the time of meeting.

CDC ACCOUNT HOLDERS WILL HAVE TO FOLLOW FURTHER UNDER MENTIONED GUIDELINES AS LAID DOWN BY THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN.

- a) For attending the meeting:
- i) In case of individuals, the account holders or sub-account holders and their registration details are uploaded as per the regulations, shall authenticate their

identity by showing their original Computerized National Identity Card (CNIC), or Original Passport at the time of attending the meeting.

ii) In case of Corporate Entities, the Board of Directors' resolution/power of attorney with specimen signature of the nominees shall be produced (unless it has been provided earlier) at the time of the meeting.

b) For appointing proxies:

- i) In case of individuals, the account holders or sub account holders and their registration details are uploaded as per the regulations, shall submit the proxy form as per the above requirements. The proxy form shall be witnessed by two persons whose names, addresses and CNIC numbers shall be mentioned on the form. Attested copies of CNIC or the passport of the beneficial owners and the proxy shall be furnished with the proxy form. The proxies shall produce their original CNIC or original passport at the time of meeting.
- ii) In case of corporate entities, the Board of Directors' resolution/power of attorney with specimen signature of the person nominated to represent and vote on behalf of the corporate entity, shall be submitted (unless it has been provided earlier) along with proxy form to the company's registrar.
- iii) Form of proxy is attached to the notice of meeting being sent to the members. Proxy Form may also be downloaded from the Company's website i.e. www.sitara. com.pk

WITHHOLDING TAX ON DIVIDEND INCOME

The deduction of Income Tax from dividend payments shall be made on the basis of filers and non-filers as follows:

Filer of Income Tax Returns	15.00%
Non-Filer of Income Tax Returns	30.00%

Income Tax will be deducted on the basis of Active Tax Payers list posted on the Federal Board of Revenue website.

Members seeking exemption from deduction of income tax or are eligible for deduction at a reduced rate, are requested to submit a valid tax exemption certificate or necessary documentary evidence as the case may be. Members desiring non-deduction of zakat are also requested to submit a valid declaration for non-deduction of zakat.

The shareholders who have joint shareholdings held by Filers and Non-Filers shall be dealt with separately and in such particular situation, each account holder is to be treated as either a Filer or a Non-Filer and tax will be deducted according to his shareholding. If the share is not ascertainable then each account holder will be assumed to hold equal

proportion of shares and the deduction will be made accordingly. Therefore, in order to avoid deduction of tax at a higher rate, the joint account holders are requested to provide the below details of their shareholding to the Share Registrar of the Company.

Folio/ CDC A/c No.	Name of Shareholders	No. of Shares or percentage (Proportion)	CNIC No.	(Principal/Joint Shareholders)

PAYMENT OF CASH DIVIDEND THROUGH ELECTRONIC MODE:

The provisions of Section 242 of the Companies Act, 2017 and Regulation 4 of The Companies (Distribution of Dividend) Regulations 2017require the listed companies that any dividend payable in cash shall only be paid through electronic mode directly into the designated bank account by the entitled shareholders. Accordingly, the shareholders holding physical shares are requested to provide the Company's Share Registrar at the address given herein above, electronic dividend mandate on E-Dividend form available on website of the company and also attached with the notice of meeting being sent to the shareholders. In case of shares held in CDC, the same information should be provided to the CDS participants for updating and forwarding to the Company.

SUBMISSION OF COPIES OF CNIC NOT PROVIDED EARLIER

Individual Shareholders are once again reminded to submit a copy of their valid CNIC, if not provided earlier to the Company's Share Registrar, M/s. THK Associates (Private) Limited. In case of non-availability of a valid copy of the shareholders' CNIC in the records of the Company, the company shall withhold the dividend under the provisions of Section 243 of the Companies Act, 2017 and Regulation 6 of The Companies (Distribution of Dividend) Regulations 2017.

ELECTRONIC CIRCULATION OF ANNUAL REPORTS VIA EMAIL OR CD/DVD:

Pursuant to the provision of Companies Act, 2017, annual reports are being sent to the shareholders electronically (Email or CD/DVD).

However, shareholders who wish to receive hardcopy of Financial Statements shall have to fill the attached standard request form (also available on the company's website www.sitara.com.pk) and send at the Company's address.

PLACEMENT OF FINANCIAL STATEMENTS:

The audited financial statements of the Company for the year ended June 30, 2020 have been placed at the Company's website: www.sitara.com.pk.

Members are requested to promptly notify any change in their addresses.

INDEPENDENT AUDITOR'S REPORT

To the Members Report on the Audit of the Financial Statements

Opinion

We have audited the annexed financial statements of Sitara Chemical Industries Limited (the Company) which comprise the statement of financial position as at June 30, 2020, and the statement of profit or loss, statement of comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, statement of profit or loss, statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2020 and of the profit, its comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Kev audit matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

How matter was addressed in our audit report

Following is the Key audit matter:

,	
Revenue Recognition	
The Company's sales comprise of revenue from the sale of chemicals and textile products as disclosed in	Our audit procedures to address the Key Audit Matter included the following:
note 29 to the financial statements. Revenue from sale of goods is recognized at the point in time when control of the goods is transferred to the customer, generally on delivery of the goods and at transaction price net of trade discounts (note 4.19).	 Obtaining an understanding of and assessing the design, implementation and operating effectiveness of controls over recognition of revenue; Assessing the appropriateness of the Company's accounting policies for revenue recognition and
We identified revenue recognition as key audit matter as it is one of the key performance indicator of the Company and because of the potential risk that revenue transactions may not have been recognized based on transfer of control to the customers in line with the accounting policy adopted and may not have been recognized in the appropriate period.	 compliance of those policies with the accounting standards; Checked on sample basis whether the recorded sales transactions are based on transfer of control of goods to the customer, satisfying the performance obligation and were recorded in the appropriate accounting period. Reviewing the adequacy of disclosure as required under applicable financial reporting framework.

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance opinion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information when available, we are required to report that fact.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of a)
- the statement of financial position, the statement of profit or loss, statement of comprehensive income, the b) statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- investments made, expenditure incurred and guarantees extended during the year were for the purpose of c) the Company's business; and
- zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the d) Company and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

INDEPENDENT AUDITOR'S REVIEW REPORT

TO THE MEMBERS

ON THE STATEMENT OF COMPLIANCE CONTAINED IN LISTED COMPANIES (CODE OF CORPORATE GOVERNANCE) REGULATIONS, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of Sitara Chemical Industries Limited for the year ended June 30, 2020 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulation is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended June 30, 2020.

INDEPENDENT ASSURANCE REPORT ON COMPLIANCE WITH THE SHARIAH GOVERNANCE REGULATIONS, 2018

To the Board of Directors

1. Introduction

We have undertaken a reasonable assurance engagement that the Securities and Exchange Commission of Pakistan (the Commission) has required in terms of its Shariah Governance Regulations, 2018 (the Regulations) for assessing compliance of the Sitara Chemical Industries Limited's (the Company's) financial arrangements, contracts and transactions having Shariah implications with the Shariah principles (criteria specified in paragraph 2 below) for the period from July 01, 2019 to June 30, 2020.

2. Applicable Criteria

The criteria for the assurance engagement as per the Regulations, against which the underlying subject matter (financial arrangements, contracts and transactions having Shariah implications for the period from July 01, 2019 to June 30, 2020) is assessed, comprise the following:

- (a) rules, regulations and directives issued by the Commission from time to time;
- (b) pronouncements of Shariah Advisory Board;
- (c) Shariah Standards issued by the Accounting and Auditing Organization for Islamic Financial Institutions, as adopted by the Commission, if any;
- (d) requirements of the applicable Islamic Financial Accounting Standards as notified by the Commission, if any; and
- (e) approvals and rulings given by the Shariah Advisor of the Company in line with the Regulations and in accordance with the rulings of Shariah Advisory Board.

The above criteria were evaluated for the implications on the financial statements of the Company for the year ended June 30, 2020.

3. Management's Responsibility for Shariah Compliance

The Company's management is responsible to ensure that the financial arrangements, contracts and transactions having Shariah implications, entered into by the Company and related policies and procedures are in compliance with Shariah principles (criteria specified in paragraph 2 above). The management is also responsible for design, implementation and maintenance of appropriate internal control procedures with respect to such compliance and maintenance of relevant accounting records.

4. Our Independence and Quality Control

We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance opinion thereon.

The firm applies International Standard on Quality Control 1 "Quality Control for Firms That Perform Audits and Reviews of Historical Financial Statements, And Other Assurance and Related Services Engagements" and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

5. Our responsibility and summary of the work performed

Our responsibility in connection with this engagement is to express an opinion on compliance of the Company's financial arrangements, contracts and transactions having Shariah implications with Shariah principles, in all material respects, for the period from July 01, 2019 to June 30, 2020 based on the evidence we have obtained. We conducted our reasonable assurance engagement in accordance with International Standard on Assurance Engagements 3000 (Revised), 'Assurance Engagements other than audits or reviews of historical financial information', issued by the International Auditing and Assurance Standards Board. That standard required that we plan and perform this engagement to obtain reasonable assurance about the compliance of the Company's financial arrangements, contracts and transactions having Shariah implications with Shariah principles (criteria specified in paragraph 2 above). In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The procedures selected by us for the engagement depend on our judgement, including the assessment of the risks of material non-compliance with the Shariah principles. In making those risk assessments, we considered and tested the internal control relevant to the Company's compliance with the Shariah principles in order to design procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. We have designed and performed necessary verification procedures on various financial arrangements, contracts and transactions having Shariah implications and related policies and procedures based on judgmental and systematic samples with regard to the compliance with Shariah principles (criteria specified in paragraph 2 above).

We believe that the evidence we have obtained through performing our procedures were sufficient and appropriate to provide a basis for our opinion.

6. Conclusion

Based on our reasonable assurance engagement, we report that in our opinion, the Company's financial arrangements, contracts and transactions having Shariah implications for the period from July 01, 2019 to June 30, 2020 are in compliance with the Shariah principles (criteria specified in paragraph 2 above), in all material respects.

Muhammad Adrees Chief Executive Officer

ANNUAL REPORT 2020

Zakir Hussain Chief Financial Officer

1. GENERAL INFORMATION

Sitara Chemical Industries Limited ("the Company") was incorporated in Pakistan on September 08, 1981 as a public limited Company under Companies Act, 1913 (now Companies Act, 2017). The Company is listed on Pakistan Stock Exchange Limited. The Company is a Shariah Compliant Company certified by Securities & Exchange Commission of Pakistan (SECP) under Shariah Governance Regulation 2018. The principal activities of the Company are operation of Chlor Alkali plant and yarn spinning unit. The registered office of the Company is situated at 601-602, Business Centre, Mumtaz Hasan Road, Karachi, in the province of Sindh and the manufacturing facilities are located at 28/32 K.M., Faisalabad - Sheikhupura Road, Faisalabad, in the province of Punjab.

The Company is currently organized into two operating divisions and these divisions are the basis on which the Company reports its primary segment information.

Principal business activities are as follows:

Chemical Division Manufacturing of caustic soda and allied products

Textile Division Manufacturing of yarn and trading of fabric

1.2 The financial statements are presented in Pak Rupee, which is the Company's functional and presentation currency.

2. BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 (the Act) differ from the IFRS Standards, the provisions of and directives issued under the Act have been followed.

2.2 Accounting convention

These financial statements have been prepared under the "historical cost convention", modified by:

- revaluation of certain property, plant and equipment;
- financial instruments at fair value:
- recognition of certain employee retirement benefits at present value.

2.3 Standards, interpretations and amendments to accounting and reporting standards as applicable in Pakistan which are effective in current period

The following standards, amendments and interpretations are effective for the year ended June 30, 2020. These standards, interpretations and amendments are either not relevant to the Company's operations or are not expected to have significant impact on the Company's financial statements other than certain additional disclosures:

2.3.1 Standards or Interpretations with no significant impact

Effective from annual period beginning on or after:

Amendments to IAS 19 'Employee Benefits' -Amendments regarding plan amendments, curtailments or settlements.

January 01, 2019

Amendments to IAS 28 'Investments in Associates and Joint Ventures' Amendments regarding long-term interests in an associate or joint venture that form part of the net investment in the associate or joint venture but to which the equity method is not applied.

January 01, 2019

IFRIC 23 'Uncertainty over Income Tax Treatments': Clarifies the accounting treatment in relation to determination of taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax January 01, 2019 rates, when there is uncertainty over income tax treatments under IAS 12 'Income Taxes'.

Amendments to IFRS 9 'Financial Instruments' - Amendments regarding prepayment features with negative compensation and modifications of financial liabilities.

January 01, 2019

IFRS 14 'Regulatory deferral accounts.

July 01, 2019

Annual improvements to IFRS standards 2015-2017 cycle amendments to:

IFRS 3 Business Combinations;

IFRS 11 Joint Arrangements; and

January 01, 2019

IAS 12 Income Taxes

IAS 23 Borrowing Costs.

2.3.2 New accounting standards / amendments and IFRS interpretations that are not yet effective

The following new accounting standards, interpretations and amendments to accounting and reporting standards are effective for accounting periods, beginning on or after the date mentioned against each of them. These amendments, interpretations and standards are, either not relevant to the Company's operations, or are not expected to have a significant impact on the Company's financial statements other than certain additional disclosures.

Standards or Interpretations

Effective from annual period beginning on or after:

Amendments to References to the Conceptual Framework in IFRS Standards.	January 01, 2020
Amendments to IFRS 3 'Business Combinations' - Amendments regarding the definition of business.	January 01, 2020
Amendments to IAS 39, IFRS 7 and IFRS 9 – The amendments will affect entities that apply the hedge accounting requirements of IFRS 9 or IAS 39 to hedging relationships directly affected by the interest rate benchmark reform.	January 01, 2020
Amendments to IAS 1 'Presentation of Financial Statements' and IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' - Amendments regarding the definition of material.	January 01, 2020
Amendment to IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' - Amendment regarding Definition of Material.	January 01, 2020
Amendment to IFRS 16 'Leases' - Provide lessees with an exemption from assessing whether a COVID-19-related rent concession is a lease modification.	June 01, 2020
Amendments to IAS 16 'Property, Plant and Equipment', prohibitin a company from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use.	g January 01, 2022
Amendment to IFRS 16 'Leases' - Provide lessees with an exemption from assessing whether a COVID-19-related rent concession is a lease modification.	January 01, 2020
Classification of Liabilities as Current or Non-Current (Amendments to IAS 1).	January 01, 2022
Amendments to IFRS 10 'Consolidated Financial Statements' and IAS 28 'Investments in Associates and Joint Ventures' - Sale or contribution of assets between an investor and its associate or joint venture.	January 01, 2020
Amendments to IAS 37 'Provisions, Contingent Liabilities and Contingent Assets' regarding the costs to include when assessing whether a contract is onerous.	January 01, 2022
Amendments to the Conceptual Framework for Financial	
Reporting, including amendments to references to the	January 01, 2020
Conceptual Framework in IFRS Standards.	

Certain annual improvements have also been made to a number of IFRSs.

Other than the aforesaid standards, interpretations and amendments, the International Accounting Standards Board (IASB) has also issued the following standards which have not been adopted locally by the Securities and Exchange Commission of Pakistan:

- IFRS 1 First Time Adoption of International Financial Reporting Standards
- IFRS 17 Insurance Contracts

3. SIGNIFICANT ESTIMATES AND JUDGEMENTS

The preparation of financial statements in conformity with IFRS's requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, incomes and expenses. The estimates, associate assumptions and judgements are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised.

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Significant areas requiring the use of management estimates in these financial statements relate to the useful life of property, plant and equipment and intangibles, revaluation of land, building and plant and machinery, provision for expected credit losses, provision for taxation, slow moving inventory, measurement of defined benefit obligations and assumptions used in discounted cash flow projections for deferred sale receivable. However, assumptions and judgments made by management in the application of accounting policies that have significant effect on the financial statements are not expected to result in material adjustment to the carrying amounts of assets and liabilities in the next year.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted are set out below:

4.1 Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any, except for free hold land, building on freehold land (factory), plant & machinery and capital work in progress. Building on freehold land (factory) and plant and machinery are stated at revalued amount less accumulated depreciation and accumulated impairment losses, if any. Freehold land is stated at revalued amount. Capital work-in-progress is stated at cost less impairment in value, if any. Cost includes borrowing cost as referred in accounting policy of borrowing cost.

Assets' residual values, if significant and their useful lives are reviewed and adjusted, if appropriate, at each statement of financial position date.

When significant parts of an item of property, plant and equipment have different useful lives, they are recognized as separate items of property, plant and equipment. Repair and maintenance costs are charged to income during the year in which they are incurred.

Depreciation is charged to income applying the reducing balance method at the rates specified in Property, plant and equipment note to these financial statements. Depreciation on additions and disposals during the year is charged on the basis of proportionate period of use.

Surplus arising on revaluation of property, plant and equipment is recognized, net of tax, in other comprehensive income and accumulated in reserves in shareholders' equity and is shown in equity. Revaluation is carried out with sufficient regularity to ensure that the carrying amounts of the assets does not differ materially from the fair value. Accumulated depreciation at the date of revaluation is eliminated against the cost of the asset and net amount is restated to the revalued amount of the asset. The surplus on revaluation of property, plant and equipment to the extent of incremental depreciation charged on the related property, plant and equipment during the year is part of statement of changes in equity.

Gains or losses on disposal of assets, if any, are recognized as and when incurred in statement of profit or loss and the related asset is derecognized. Surplus arising on revaluation is credited to surplus on revaluation of property, plant and equipment. The surplus on revaluation of property, plant and equipment to the extent of incremental depreciation charged on the related assets is transferred by the Company to its un-appropriated profit.

Capital work-in-progress

All expenditure connected with specific assets incurred during installation and construction period are carried under capital work-in-progress. These are transferred to specific assets as and when these assets are available for use.

4.2 Change in accounting estimate

The Company has carried out the revaluation of its Land, Building, Plant and machinery as at June 30, 2019. Upon consultation with the revaluer, the management realized that the useful life of plant and machinery have increased. Keeping in consideration the assessed useful life of these assets, the depreciation rates have been revised to 7.5% from 10%. Management believes that the said change in estimate more accurately reflects the pattern of consumption of economic benefits of the respective assets.

The aforesaid mentioned revision has been accounted for as change in accounting estimate in accordance with the requirement of IAS 08 (Accounting Policies, Change in Accounting Estimates and Errors). The effects of this change in accounting estimate has been recognised prospectively in the profit or loss account of the current year. Had there been no revision, profit before taxation for the current year would have been decreased by Rs. 279.27 million whereas the carrying value of operating assets would have been reduced by same amount. Impact of change in accounting estimate on future period has not been disclosed because it can not be estimated reliably.

4.3 Intangible Assets

An intangible asset is an identifiable non-monetary asset without physical substance. Intangible assets are recognized when it is probable that the expected future economic benefits will flow to the entity and the cost of the asset can be measured reliably. Cost of the intangible asset (i.e. Computer software) include purchase cost and directly attributable expenses incidental to bring the asset for its intended use. Cost associated with maintaining computer software are recognized as an expense as and when incurred.

Intangible assets are stated at cost less accumulated amortization and accumulated impairment losses, if any. Amortization is charged over estimated useful life of the asset on a systematic basis applying the reducing balance method. Useful life of intangible operating assets are reviewed, at each reporting date and adjusted if the impact of amortization is significant.

4.4 Investment property

Investment property, which is property held to earn rentals and/ or for capital appreciation, is valued using the cost method i.e. at cost less any accumulated depreciation and any identified impairment loss.

Depreciation on buildings is charged to income on reducing balance method at the rate of 10% per annum. Depreciation on additions to investment property is charged from the month in which a property is acquired or capitalized while no depreciation is charged for the month in which the property is disposed off. Any gain or loss on disposal of investment property, calculated as difference between present value of the proceeds from disposal and the carrying amount is recognized in the profit or loss account.

4.5 Investments

Regular way purchase or sale of investments

All purchases and sales of investments are recognized using trade date accounting. Trade date is the date that the Company commits to purchase or sell the investment.

Investments designated as at fair value through other comprehensive income (FVTOCI)

On initial recognition, the Company may make an irrevocable election (on an instrument-by-instrument basis) to designate investments in equity instruments as at FVTOCI. Designation at FVTOCI is not permitted if the equity investment is held for trading or if it is contingent consideration recognized by an acquirer in a business combination.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has evidence of a recent actual pattern of short-term profit-taking; or

• it is a derivative (except for a derivative that is a financial guarantee contract or a designated and effective hedging instrument).

Investments in equity instruments at FVTOCI are initially measured at fair value plus transaction costs.

Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognized in other comprehensive income and accumulated in the investments revaluation reserve. The cumulative gain or loss is not be reclassified to profit or loss on disposal of the equity investments, instead, it is transferred to retained earnings.

Dividends on these investments in equity instruments are recognized in profit or loss in accordance with IFRS 9, unless the dividends clearly represent a recovery of part of the cost of the investment.

The Company has designated all investments in equity instruments that are not held for trading as at FVTOCI on initial application of IFRS 9.

Investments measured at fair value through profit or loss (FVTPL)

Investments in equity instruments are classified as at FVTPL, unless the Company designates an equity investment that is neither held for trading nor a contingent consideration arising from a business combination as at FVTOCI on initial recognition.

Investments measured at FVTPL are measured at fair value at the end of each reporting period, with any fair value gains or losses recognized in profit or loss.

De-recognition

All investments are derecognized when the rights to receive cash flows from the investments have expired or have been transferred and the Company has transferred substantially all risks and rewards of ownership.

4.6 Stores, spare parts and loose tools

These are valued at lower of cost and net realizable value less allowance for the obsolete and slow moving items. Cost is determined using weighted average method. Items in transit are valued at cost comprising invoice value and other charges incurred thereon, up to reporting date.

Net realizable value represents estimated selling price in the ordinary course of business, less estimated cost of completion and estimated cost necessary to make the sales.

4.7 Stock-in-trade

These are valued at lower of cost and net realizable value. Cost is determined as follows: -

at invoice price plus other charges paid thereon up

to the reporting date.

Work-in-process Average manufacturing cost
Finished goods Average manufacturing cost

Waste Net re alizable value

Net realizable value represents estimated selling price in the ordinary course of business, less estimated cost of completion and estimated cost necessary to make the sale.

4.8 Trade debts and other receivables

Trade debts and other receivables are initially recognized at fair value, which is usually the original invoiced amount and subsequently carried at amortized cost using the effective interest method less allowance for expected credit loss.

4.9 Cash and cash equivalents

Cash and cash equivalents are carried in the statement of financial position at amortized cost. For the purpose of cash flow statement, cash and cash equivalents consist of cash in hand, balances with banks, highly liquid short-term investments that are convertible to known amount of cash and are subject to insignificant risk of change in value, and short-term running finance under mark-up arrangements.

4.10 Impairment

Non Financial Assets

The Company assesses at each statement of financial position date whether there is any indication that assets except deferred tax assets may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount. Where carrying values exceed the respective recoverable amount, assets are written down to their recoverable amounts and the resulting impairment loss is recognized in profit or loss account. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

Where impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised recoverable amount but limited to the extent of the amount that would have been determined (net of depreciation and amortization) had no impairment loss been recognized. Reversal of impairment loss is recognized as income.

Financial Assets

The Company recognizes a loss allowance for expected credit losses on trade and other receivables. The amount of expected credit losses is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument.

The Company always recognizes lifetime ECL for trade receivables and other receivables. The expected credit losses on these financial assets are estimated using a provision matrix based on the Company's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate.

For all other financial instruments, the Company recognizes lifetime ECL when there has been a significant increase in credit risk since initial recognition. However, if the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month ECL.

Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument. In contrast, 12-month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

4.11 Borrowings

Borrowings are recognized initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortized cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognized in the income statement over the period of the borrowings using the effective interest method. Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of liability for at least 12 months after the statement of financial position date.

4.12 Employee retirement benefits

Defined contribution plan - Chemical division

The Company operates an approved funded contributory provident fund scheme for all its employees eligible for benefit. Equal monthly contributions are made by the Company and employees at the rate from 6.5% to 8.33% of basic salary depending upon the length of service of an employee. The Company's contribution to the fund is charged to profit or loss account for the year.

Defined benefit plan - Textile division

The Company operates an unfunded gratuity scheme for all those permanent employees who have completed minimum qualifying period of service as defined under the respective scheme.

Provision is made to cover the obligation under scheme on the basis of actuarial valuation and is charged to statement of profit or loss and other comprehensive income. The most recent Actuarial Valuation was carried out at June 30, 2019 using "Projected Unit Credit Method". The amount recognized in the statement of financial position represents the present value of defined benefit obligation as adjusted for unrecognized actuarial gains and losses.

4.13 Deferred grant

This represents deferred grant on subsidized rate loan obtained under the Refinance Scheme from State Bank of Pakistan. The loan carries markup at a rate of 1%. Loan obtained under the Refinance Scheme is recognized at its fair value which would be the present value of loan proceeds received, discounted using prevailing market rates of interest for a similar instrument. The differential between the loan proceeds and fair value of the loan is recorded as deferred grant. The deferred grant is amortized over the term of the loan.

4.14 Trade and other payables

Liabilities for trade and other amounts payable are measured at cost which is the fair value of the consideration to be paid in future for goods and services received whether billed to the Company or not.

4.15 Provisions

Provisions are recognized when the Company has a present, legal or constructive obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. However, provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

4.16 Taxation

Current

The charge for current taxation is based on taxable income at the current rate of taxation after taking into account applicable tax credits, rebates and exemptions available, if any. The charge for tax also includes adjustments, where considered necessary, to provision for tax made in previous years arising from assessment made during the year. However, for income covered under final tax regime, taxation is based on applicable tax rates under such regime.

Deferred

Deferred income tax is provided using the liability method for all temporary differences at the reporting date between tax bases of assets and liabilities and their carrying amounts for financial reporting purposes. In this regard, the effects on deferred taxation of the portion of income subject to final tax regime is considered in accordance with the requirement of Technical Release – 27 of Institute of Chartered Accountants of Pakistan.

Deferred tax liabilities are generally recognized for taxable temporary differences. Deferred tax asset is recognized for all deductible temporary differences, unused tax credits and carry forward of unused tax losses, if any, to the extent that it is probable that taxable profit will be available against which such temporary differences and tax losses can be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rates that have been enacted or substantively enacted at the reporting date.

4.17 Dividend and other appropriations

Dividend is recognized as a liability in the year in which it is approved. Appropriations of profits are reflected in the statement of changes in equity in the year in which such appropriations are made.

4.18 Financial instruments

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument and derecognized when the Company loses control of the contractual rights that comprise the financial asset and in case of financial liability when the obligation specified in the contract is discharged, cancelled or expired.

Other particular recognition methods adopted by the Company are disclosed in the individual policy statements associated with each item of financial instruments.

4.19 Revenue recognition

Revenue is measured based on consideration to which company expects to be entitled in a contract with customer and excludes amounts collected on behalf of third parties.

- Sales of goods are recognized when control of goods has been transferred to customers and performance obligation is satisfied.
- Export rebate is recognized on accrual basis at the time of making the export sale.
- Interest income is accrued on a time proportionate basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount.
- Dividend income from investments is recognized when the company's rights to receive payment have been established.

4.20 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are

substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization. All other borrowing costs are recognized in profit or loss in the period in which they are incurred.

4.21 Foreign currencies

Transactions in currencies other than Pakistani Rupee are recorded at the rates of exchange prevailing on the dates of the transactions. At each reporting date, monetary assets and liabilities that are denominated in foreign currencies are retranslated at the rates prevailing on the reporting date except where forward exchange contracts have been entered into for repayment of liabilities, in that case, the rates contracted for are used. Gains and losses arising on retranslation and settlement are included in net profit or loss for the period.

4.22 Segment Reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the company's other components. All operating segments' operating results are reviewed regularly by the company's CEO to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the CEO include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly administrative and other operating expenses, and income tax assets and liabilities. Segment capital expenditure is the total cost incurred during the period to acquire property, plant and equipment, and intangible assets other than goodwill.

4.23 Off setting of financial assets and financial liabilities

A financial asset and financial liability is offset and the net amount is reported in the statement of financial position if the Company has a legal enforceable right to set off the transaction and also intends to settle on a net basis or to realize the asset and settle the liability simultaneously.

4.24 Earnings per share

The Company presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit after tax attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit after tax attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, adjusted for the effects of all dilutive potential ordinary shares.

^{*} The covered area includes double storey building.

The Company had revalued its freehold land, building and plant & machinery at June 30, 2019. The revaluation has been carried out by Hamid Mukhatar & Company (Private) Limited, an independent valuer not connected to the Company and is on the panel of Pakistan Banks Association as 'Any Amount' asset valuer. It is also on the panel of State Bank of Pakistan and possesses appropriate qualification and recent experience in the fair value measurements in the relevant locations. The basis used for the revaluation of freehold land, buildings and machinery were as follows:

Land

Fair market rate of the land was assessed through inquiries in the vicinity of land and information obtained through property dealers of the area.

Buildings

New construction value (new replacement value of each item of the buildings) was arrived at by looking at the condition of the buildings. Valuer applied 3% per annum depreciation on "Written Down Value" basis to arrive at fair depreciated market value on "Going Concern" basis.

Machinery (Textile)

Inquiries were made from market to obtain prevalent fair market values of similar local and imported machinery items.

Machinery (Chemical)

For the purpose of valuation the valuer has taken the capitalized cost of the plant and machinery only (not any electric equipment, grid stations) from the year 1986 till 2013 was capitalized and addition / deletion form the year 2014 to 2019 of the each year is taken since its commissioning from the audited accounts of the Company. The original cost is divided into two parts i.e. 70% of the value is basic foreign amount of the plant & machinery and 30 % is local component of plant and machinery.

Foreign Values:

The 70% of original capitalized cost in Pak Rupee is converted to USD prices by diving the USD rate of the year of procurement. This USD price of each equipment is then converted into current Rupees price by multiplying the original USD price by current USD rate (30-06-2019). These are the basis used by the valuer for valuation of the New Replacement value of plant & machinery in Pak Rupee.

Local components:

The remaining 30% of original capitalized cost of local purchased machinery equipment have been fairly escalated by using compounded inflation factor calculated on compounding basis since the year 1990. The actual inflation in Pakistan (CPI) since 1986 to date has been fluctuating between 4 to 12 % per year (except 20% in the year 2009) as per economic survey of Pakistan. The compounded factor (CIF) is the adjusted for inflation. The re-instatement factor is obtained by discounting the above CIF by 35 % as per Economic Survey of Pakistan.

Thus after summing the foreign and local amounts the valuer has arrived to New Replacement Value of Plant & machinery.

Depreciation due to usage has been applied on all assets of machinery at 5% to 7.5% per annum on written down value basis to arrive at a fair present / depreciated market value of the assets.

- 5.7 Forced Sales Value (FSV) of land, buildings and machinery was Rs. 1,016.89 million, Rs. 1,415.25 million and Rs. 8,276.55 million respectively as at June 30, 2019.
- 5.8 Details of the Company's revalued assets and information about fair value hierarchy, as at June 30, 2019 were as follows.

	Level 1	Level 2	Level	3	Total
			Rupees —

24.2.1	The Company will not lay off their date of first disbursement except in		-	action.	
24.3	Staff retirement benefits - gratuity			2020 Rupees	2019 Rupees
	Movement in liability At beginning of the year Charge for the year Remeasurement (income) / loss rece	ngnized		30,715,115 13,324,946	32,487,894 11,071,307
	in other comprehensive income	0,11204		228,650	(3,790,916)

24.3.1 Movement in the present value of defined benefit obligation is as follows:

Present value of defined benefit obligation as at June 30

Benefits paid during the year

At the end of the year

Present value of defined benefit obligation as at July 01 30,715,115 32,487,894 Current service cost 9,453,415 8,618,213 Interest cost 3,871,531 2,453,094 Benefits paid (5,515,698)(9,053,170)Remeasurements: Actuarial losses / (gain) from changes in financial assumptions 228,650 (3,790,916)

(5,515,698)

38,753,013

38,753,013

(9,053,170)

30,715,115

30,715,115

24.3.2 Expense recognized in profit and loss account is as follow	2020 vs Rupees	2019 Rupees
Current service cost Interest cost	9,453,415 3,871,531 13,324,946	8,618,213 2,453,094 11,071,307
24.3.3 Charge for the year has been allocated as follows:		
Cost of sales Administrative expenses	9,327,462 3,997,484 13,324,946	7,749,915 3,321,392 11,071,307
24.3.4 Total remeasurement chargeable to other comprehensive income: Remeasurement of defined benefit obligation: Actuarial (gain) / losses from changes in	15,62 1,7 16	11,071,007
financial assumptions	228,650 228,650	(3,790,916)

24.3.5 Projected unit credit method, based on the following significant assumptions, is used for valuation of gratuity:

	2020	2019
Discount rate	8.25%	14.25%
Expected rate of salary increase	12.51%	12.25%
Average retirement age of employee	60 years	60 years

24.3.6 The sensitivity of defined benefit obligation to changes in weighted principal assumptions is:

	Impact on defined benefit obligation		
	Change in Increase in Decrease in		
	assumption	assumption	assumption
Discount rate	1%	35,616,871	42,436,324
Salary growth	1%	42,665,005	35,374,916

The aforementioned sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the gratuity liability recognized within the balance sheet.

24.3.7 Maturity profile of the defined benefit obligation	2020	2019
24.3.7.1 Weighted average duration of the benefit (Years)	9.18	8.78
24.3.7.2 Distribution of timing of benefit payments (time in years)	2020 Rupees	2019 Rupees
1 2 3 4 5 6 to 10 11 and above	2,281,276 3,088,663 5,434,892 1,818,855 4,142,728 15,722,900 75,846,489	2,413,216 1,939,451 2,541,623 6,031,488 1,603,739 19,790,649 203,524,583

24.3.8 Risk associated with defined benefit plans

Investment risks

This risk arises when the actual performance of the investment is lower than expectation and thus creating a shortfall in the funding objectives.

Longevity risks

This risk arises when the actual lifetime of retirees is longer than expectation. This risk is measured at the plan level over the entire retiree population.

25. TRADE AND OTHER PAYABLES	Note	2020 Rupees	2019 Rupees
Creditors		552,780,394	855,669,839

Others		126,639	140,841
		1,991,302,301	2,416,097,017

This includes an amount of Rs. 873.44 million (2019: Rs. 945.84 million) in respect of Gas Infrastructure Development Cess (GIDC). GIDC was imposed by the government in December 2011, to raise funds for development of gas infrastructure in the country. GIDC Act provides legal framework which allows government to levy and collect the cess from gas consumers other than the domestic sector consumers.

The Supreme Court (SC) announced its decision pertaining to Gas Infrastructure Development Cess (GIDC), directing recovery of Rs 417 billion GIDC payables from the industries. According to the court decision, the amount is receivable in twenty-four equal monthly installments starting from August 01, 2020 without the component of late payment surcharge. The late payment surcharge shall only become payable for the delays that may occur in the payment of any of the twenty-four installments.

The GIDC expense is charged to profit and loss in prior years. The company has reversed the late payment surcharge amounting to Rs. 72.40 million after the decision and meanwhile the company is considering to file the review petition in the Supreme Court of Pakistan against the above said decision.

25.2	Movement in workers' profit participation fund Note	2020 Rupees	2019 Rupees

39. FINANCIAL RISK MANAGEMENT

The Company has exposure to the following risks from its use of financial instruments:

Credit risk Liquidity risk Market risk

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk, and the Company's management of capital. Further quantitative disclosures are included throughout these financial statements.

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board is responsible for developing and monitoring the Company's risk management policies.

The Company's risk management policies are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations. All derivative activities for risk management purposes are carried out by specialist teams that have the appropriate skills, experience and supervision. It is the Company's policy that no trading in

derivatives for speculative purposes shall be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks.

The Company's Audit Committee oversees how management monitors compliance with the Company's risk management policies and procedures and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The Audit Committee is assisted in its oversight role by Internal Audit. Internal Audit undertakes both regular and adhoc reviews of risk management controls and procedures, the results of which are reported to the Audit Committee.

39.1 Credit risk and concentration of credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. To manage credit risk the Company maintains procedures covering the application for credit approvals, granting and renewal of counterparty limits and monitoring of exposures against these limits. As part of these processes the financial viability of all counterparties is regularly monitored and assessed.

The Company is exposed to credit risk from its operating activities primarily for local trade debts, sundry receivables and other financial assets.

The Company's credit risk exposures are categorized under the following headings:

39.1.1 Counterparties

The Company conducts transactions with the following major types of counterparties for its financial assets at amortized cost:

Trade debts

Trade debts are essentially due from local customers against sale of yarn, fabric caustic soda, hydrochloric acid and other allied products and from foreign customers against supply of caustic soda (liquid and flakes) and calcium chloride. The Company does not expect these counterparties to fail to meet their obligations. The majority of sales to the Company's customers are made on specific terms. Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and controls relating to customer credit risk management. Credit limits are established for all customers based on internal rating criteria. Credit quality of the customer is assessed based on an extensive credit rating. Outstanding customer receivables are regularly monitored and any shipments to foreign customers are generally covered by letters of credit or other form of credit insurance.

Bank and investments

The Company limits its exposure to credit risk by only investing in highly liquid securities and only with counterparties that have a credit rating of at least A1 and A. Given these high credit ratings, management does not expect any counterparty to fail to meet its obligations.

39.1.2 Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

Financial assets at amortized cost:	2020 Rupees	2019 Rupees
Trade debts Loans and advances Other receivables Bank balances	1,201,405,892 1,277,030,559 15,874,764 66,598,887 2,560,910,102	1,176,875,910 1,414,509,787 14,576,026 86,305,221 2,692,266,944

The maximum exposure to credit risk for trade receivables at the reporting date by type of customer is as follows:

	2020 Rupees	2019 Rupees
Chemical Textile	702,220,320 499,185,572 1,201,405,892	737,566,473 439,309,437 1,176,875,910

There is no single significant customer in the trade debts of the Company.

The maximum exposure to credit risk for trade debts at the reporting date by type of product is:

	2020 Rupees	2019 Rupees
Chemicals Textile	702,220,320 499,185,572 1,201,405,892	737,566,473 439,309,437 1,176,875,910

39.1.3 Impairment losses

The aging of trade receivables at the reporting date is:

	Gross 2020	Impairment 2020	Gross 2019	Impairment 2019
		Rupe		2017
		тарос		
Not past due	459,401,901	-	467,349,966	-
Past due 0-180 days	771,743,262	53,892,954	611,406,228	1,477,783
Past due 181-360 days	6,334,339	5,852,016	40,462,740	7,633,390
Over 360 days	151,489,996	127,818,636	232,584,626	166,194,883
	1,388,969,498	187,563,606	1,351,803,560	175,306,056

The movement in the allowance for impairment in respect of trade receivables during the year is as follows:

	2020 Rupees	2019 Rupees
Balance at July 01, 2019 Effect of implementation of IFRS 9 Charge for the period Bad debts written off	175,306,056 - 27,652,065 (15,394,515)	93,345,213 56,181,174 25,779,669
Balance at June 30, 2020	187,563,606	175,306,056

The movement in the allowance for impairment in respect of loans and advances during the year is as follows:

	Note	2020 Rupees	2019 Rupees
At beginning of the year Reversed during the year		642,544	642,544 -
At end of the year	14.2	642,544	642,544

The allowance in respect of trade receivables and loans and advances are used to record impairment losses unless the Company is satisfied that no recovery of the amount owing is possible; at that point the amount considered irrecoverable is written off against the financial asset directly.

39.2 Liquidity risk management

Liquidity risk reflects the Company's inability in raising funds to meet commitments. Management closely monitors the Company's liquidity and cash flow position. This includes maintenance of statement of financial position liquidity ratios, debtors and creditors concentration both in terms of the overall funding mix and avoidance of undue reliance on large individual customer.

Ultimate responsibility for liquidity risk management rests with the Board of Directors, which has built an appropriate liquidity risk management framework for the management of the Company's short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities. Included in note 27.2 to these financial statements is the amount of additional undrawn facilities that the Company has at its disposal to further reduce liquidity risk.

39.2.1 Liquidity and interest risk table

The following table details the Company's remaining contractual maturity for its financial liabilities at amortized cost. The table has been drawn up based on the undiscounted cash flows of financial liabilities under long term financing agreements based on the earliest date on which the Company can be required to pay. For effective markup rate please see relevant notes to these financial statements.

	Carrying amount	
	2020 Rupees	2019 Rupees
Trade and other payables Maturity up to one year	1,796,748,905	2,303,320,393
Short term borrowings Maturity up to one year	4,983,544,432	4,333,342,248
Unclaimed dividend Maturity up to one year Maturity after one year and up to five years Maturity after five year	4,595,953 3,670,637 13,342,361	2,810,933 2,704,127 14,308,871
Profit / financial charges payable Maturity up to one year	171,286,214	171,286,214
Long term financing Maturity up to one year Maturity after one year and up to five years	724,037,124 1,375,943,084 9,073,168,710	722,016,370 2,054,446,636 9,604,235,792

39.3 Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return on risk.

39.3.1 Foreign currency risk management

Pak Rupee (PKR) is the functional currency of the Company and as a result currency exposure arises from transactions and balances in currencies other than PKR. The Company's potential currency exposure comprise;

- Transactional exposure in respect of non functional currency monetary items.
- Transactional exposure in respect of non functional currency expenditure and revenues.

The potential currency exposures are discussed below;

Transactional exposure in respect of non functional currency monetary items

Monetary items, including financial assets and liabilities, denominated in currencies other than the functional currency of the Company are periodically restated to PKR equivalent, and the associated gain or loss is taken to the profit and loss account. The foreign currency risk related to monetary items is managed as part of the risk management strategy.

Transactional exposure in respect of non functional currency expenditure and revenues

Certain operating and capital expenditure is incurred by the Company in currencies other than the functional currency. Certain sales revenue is earned in currencies other than the functional currency of the Company. These currency risks are managed as a part of overall risk management strategy.

Exposure to foreign currency risk

The Company's exposure to foreign currency risk was as follows based on notional amounts:

	2020 USD	2019 USD
Trade debts	303,390	257,544

Commitments outstanding at year end amounted to Rs. 1,125.85 million (2019: Rs. 268.87 million) relating to letter of credits for import of plant and machinery, stores spare parts and raw material.

The following significant exchange rates applied during the year:

Rupees per USD	2020	2019
Average rate	164.05	140.78
Reporting date rate	168.05	160.05

Sensitivity analysis

A 10 percent weakening of the Pak Rupee against the USD at June 30, 2020 would have decreased profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant. The analysis is performed on the same basis for June 30, 2019.

	2020	2019
	Rupees	Rupees
Decrease in profit and loss account	5,098,469	4,121,992

A 10 percent strengthening of the Pak Rupee against the USD at June 30, 2020 would have had the equal but opposite effect on USD to the amounts shown above, on the basis that all other variables remain constant.

39.3.2 Other price risk

Other price risk is the risk that the fair value or future cash flows from a financial instrument will fluctuate due to changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer or factors affecting all similar financial instruments traded in the market. The effects of changes in fair value of such investments made by Company, on the future profits are not considered to be material in the overall context of these financial statements.

39.3.3 Interest rate risk

The interest rate risk is the risk that the value of the financial instrument will fluctuate due to changes in the market interest rates. Sensitivity to interest rate risk arises from mismatches of financial assets and liabilities that mature in a given period.

Profile of financial instruments at amortized cost

At the reporting date, the Company does not have any fixed rate interest bearing financial instruments.

Floating rate instruments	2020 %	2019 %	2020 Rupees	2019 Rupees
Financial liabilities				
Short term borrowings	7.92% to 14.78%	6.90% to 13.82%	(4,983,544,432)	(4,333,342,248)
Long term financing	8.25% to 15.00%	7.41% to 13.97%	(2,099,980,208)	(2,776,463,006)
			(7,083,524,640)	(7,109,805,254)

Fair value sensitivity analysis for floating rate instruments

The following table demonstrates the sensitivity to a reasonably possible change in floating interest rates, with all other variables held constant, of the Company's profit before tax.

Lec- -+ ---

	(decrease) in basis points	profit before tax
2020	%	Rupees
Short term borrowings Long term financing 2019	1.00%	(49,835,444) (20,999,802) (70,835,246)
Short term borrowings Long term financing	1.00%	(43,333,422) (27,764,630) (71,098,052)

39.4 Equity Price Risk Management

The Company's listed and unlisted equity securities are susceptible to market price risk arising from uncertainties about future values of the investment securities. The Company manages the equity price risk through diversification and placing limits on individual and total equity instruments. Reports on the equity portfolio are submitted to the Company's senior management on a regular basis. The Company's Board of Directors reviews and approves all equity investment decisions.

At the reporting date, the exposure to unlisted equity securities at fair value was Rs. 25.04 million (2019: Rs. 19.64 million).

At the reporting date, the exposure to listed equity securities at fair value was Rs. 196.57 million (2019: Rs. 336.18 million). An increase of 25% on the KSE market index would have an impact of approximately Rs. 49.14 million on the income or equity attributable to the Company, depending on whether or not the increase is significant and prolonged. A decrease of 25% in the value of the listed securities would impact equity in a similar amount but will not have an effect on income unless there is an impairment charge associated with it.

39.4.1 Fair value hierarchy

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Level 1 Quoted prices (unadjusted) in active markets for individual assets or liabilities.
- Level 2 Inputs, other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- Level 3 Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs)

	Level 1	Level 2	Level 3	Total
		Rupe	es ———	
Equity instruments at FVTOCI as				
at June 30, 2020				
Quoted equity securities	196,568,603	-	-	196,568,603
Un-quoted equity securities	-	25,038,687	-	25,038,687
Total	196,568,603	25,038,687	-	221,607,290
Equity instruments at FVTOCI				
as at June 30, 2019				
Quoted equity securities	336,175,104	-	-	336,175,104
Un-quoted equity securities		19,640,181	-	19,640,181
Total	336,175,104	19,640,181	-	355,815,285

There were no transfers between the levels during the year.

The levels and hierarchy of fixed assets at fair values are disclosed in note 5.6 to the financial statements.

39.5 Determination of fair values

Fair value of financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Equity instruments at FVTOCI as disclosed in other financial assets in listed entities, are presented at fair value by using quoted prices at Pakistan Stock Exchange as at June 30, 2020 and investment in other than listed entities are presented at fair value in reference to breakup value of shares. The carrying values of all other financial assets and liabilities reflected in the financial statements approximate their fair values.

39.6 Capital risk management

The Company's objective when managing capital is to safeguard the Company's ability to continue as a going concern so that it can continue to provide returns for shareholders and benefits for other stakeholders and to maintain a strong capital base to support the sustained development of its businesses. The Company manages its capital structure which comprises capital and reserves by monitoring return on net assets and makes adjustments to it in the light of changes in economic conditions. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend paid to shareholders, appropriation of amounts to capital reserves or/and issue new shares.

2020

2010

	Rupees	Rupees
Total borrowings	7,083,524,640	7,109,805,254
Less: Cash and bank balances	81,643,197	102,509,993

Medical allowance	-	-	5,966,624	-	-	5,511,040
Special allowance	-	-	287,005	-	-	279,116
Income tax	5,989,928	1,664,167	-	1,321,736	577,941	-
	32,989,928	9,164,167	88,841,197	22,921,736	6,577,941	83,047,701
Ni walan af manana		1	20		1	21
Number of persons	1	1	30	1	1	31

- The Chief Executive, certain Directors and Executives are provided with free use of Company maintained cars and telephone etc. having value amounting to Rs. 5.88 million (2019: Rs 5.45 million).
- 40.2 Directors have waived their meeting fees.

41. TRANSACTIONS WITH RELATED PARTIES

The related parties comprise holding company, subsidiary and associated undertakings, other related group companies, directors of the company, key management personnel and post employment benefit plans. The Company in the normal course of business carries out transactions with its related parties. Amounts due from related parties are shown under receivables. Details of transactions with related parties for the year are as follows:

41.1	Transactions with related parties		2020 Rupees	2019 Rupees	
	Relationship with the Company	Nature of transactions			
	Associated undertakings	Sale of goods Donation Sale of Investment Property	2,381,970 21,755,092	527,968 21,239,161 -	
	Key management personnel	Remuneration to Executives	130,995,292	112,402,895	

41.1.1 The maximum amount of sale to related party during the year was Rs. 0.74 million (2019: 0.29 million).

41.2 Following are the related parties with whom the Company had entered into transactions or have arrangement / agreement in place:

Company name Basis of association

Sitara Developers (Private) Limited Common directorship
Aziz Fatima Trust Hospital Common directorship

41.2.1 The Company does not hold any shares in the above mentioned companies.

46.1 Inter-segment pricing / sales

There is no purchase and sale between the segments.

46.2 Products and services from which reportable segments derive their revenues

For management purposes, the Company is organized into business units based on their products and services and has the following two reportable operating segments. The strategic business units offer different products and services, and are managed separately because they require different technology and marketing strategies. For each of the strategic business units, the Company's CEO reviews internal management reports on at least a quarterly basis:

The Chemicals segment produces and supplies various chemicals used in textile and fertilizer industry.

The textile segment is a spinning unit which produces yarn and also trading of fabric.

The Company does not have any geographical segment.

46.3 For the purposes of monitoring segment performance and allocating resources between segments, all assets are allocated to reportable segments other than investments in associates, and tax assets. Assets used jointly by reportable segments are allocated on the basis of the revenues earned by individual reportable segments and all liabilities are allocated to reportable segments other than current and deferred tax liabilities. Liabilities for which reportable segments are jointly liable are allocated in proportion to segment assets.

47. IMPACT OF COVID-19

The spread of Covid-19 as a pandemic and consequently imposition of lock down by Federal and Provincial Governments of Pakistan has affected the production and sale volumes of the Company due to partly closure of plant during the lock down period.

Due to this, the Company has assessed the accounting implications of these developments on these financial statements, that is the Company's sales has been reduced by approximately Rs. 935.93 million with a loss in contribution of Rs. 350.54 million. However, subsequently sales have been increased as compared to prior period.

48. EVENTS AFTER THE STATEMENT OF FINANCIAL DATE

In respect of current year, the directors have proposed to pay final cash dividend of Rs. 214.29 million (2019: Rs. 214.29 million) at Rs. 10 (2019: Rs. 10.00) per ordinary share of Rs. 10 each for approval of the shareholders at the forthcoming Annual General Meeting. Financial effect of the proposed dividend has not been taken in these financial statements and will be accounted for subsequently in the year when such dividend is approved.

49. DATE OF AUTHORIZATION FOR ISSUE

These financial statements were authorized for issue on September 22, 2020 by the Board of Directors of the Company.

50. GENERAL

Figures have been rounded off to the nearest Rupee.
