5. To transact any other ordinary business with the permission of the Chair.

By Order of the Board

(JAMIL AHMAD BUTT)
Company Secretary

Karachi: September 28, 2020

Notes:

1. The share transfer books of the Company will remain closed from 21st October, 2020 to 31st October, 2020, (both days inclusive).
2. Members holding shares physically and Holders of Accounts and Sub-accounts for Company's shares in Central Depository Company of Pakistan Limited, who wish to attend this Annual General Meeting may do so by identifying themselves through their original CNIC/Passport and providing a copy thereof.
3. A member entitled to attend and vote at this meeting may appoint another member as his/her proxy to attend and vote. Proxies in order to be effective must be received at the Company's Registered Office not less than 48 hours before the meeting and must be duly stamped, signed and witnessed.
4. In case of corporate entities, the Board of Directors' resolution / power of attorney with specimen signature of the nominee shall be produced (unless it has been provided earlier) at the time of meeting.

5. DEDUCTION OF INCOME TAX

As per the provisions of Section 150 of the Income Tax Ordinance, 2001 ("Ordinance") different rates are prescribed for deduction of withholding tax on the amount of dividend paid by the companies. The Current withholding tax rates are as under:

- | | | |
|-----|--|-----|
| (a) | For the person whose names are appearing on ATL: | 15% |
| (b) | For the person whose names are not appearing on ATL: | 30% |

All the shareholders whose names are not entered into the Active Tax-payers list (ATL) provided on the website of the Federal Board of Revenue (FBR), despite the fact that they are filers, are advised to make sure that their names are entered into ATL before the date of payment of dividend, otherwise tax on their Dividend will be deducted @ 30% instead of @ 15%.

The Corporate Shareholders having CDC account are required to have their National Tax Number (NTN) updated with their respective Participants, whereas corporate physical shareholders should send a copy of their NTN certificates to the Company or Company's Share Registrar and Share Transfer Agent , M/s. JWAFS REGISTRAR SERVICES (PVT) LIMITED.

The shareholders while sending NTN or NTN certificates, as the case may be, must quote Company name and their respective Folio Numbers.

As per FBR's clarification, the valid Exemption Certificate under Section 159 of the Ordinance is mandatory to claim exemption of withholding tax under Clause 47B of Part-IV of Second Schedule to the Ordinance. Those who fall in the category mentioned in above Clause must provide valid Tax Exemption Certificate to our Shares Registrar; otherwise tax will be deducted on dividend amount as per rates prescribed in Section 150 of the Ordinance.

For shareholders holding their shares jointly, as per the clarification issued by the FBR, withholding tax will be determined separately on 'Filer / Non-Filer' status of Principal shareholder as well as Joint-holder(s) based on their shareholding proportions. All shareholders who hold shares jointly are therefore requested to provide shareholding proportions of Principal Shareholder and Joint-holder(s) in respect of shares held by them to the Registrar and Shares Transfer Agent in writing as follows:

Folio / CDC Account No.	Total Shares	Principal Shareholder		Joint Shareholder(s)	
		Name and CNIC No.	Shareholding Proportion (No. of Shares)	Name and CNIC No.	Shareholding Proportion (No. of Shares)

6. ELECTRONIC DIVIDEND MANDATE

Under the provisions of Section 242 of the Companies Act, 2017 it is mandatory for a listed Company to pay cash dividend to its shareholders only through electronic mode directly in to bank account designated by the entitled shareholders.

In order to receive dividends directly into their bank account, shareholders are requested to provide details of the bank mandate specifying:

Title of Account, Account Number, Bank Name, Branch Name and Code, IBAN Number.

In case shares are held in physical form, please send this information duly signed along with a copy of CNIC to the registrar of the Company M/s. JWAFS Registrar Services (PVT) Limited.

In case shares are held in CDC then Electronic Mandate Form must be submitted directly to shareholder's broker participant/CDC account.

In case of non-receipt of the information the company will be constrained to withhold payment of dividend to such shareholders.

7. CONSENT FOR VIDEO CONFERENCE FACILITY

Members can also avail video conference facility, in this regard, please fill the following and submit to registered address of the Company 7 days before holding of the Annual General Meeting. Memo No. ۱

منیر شاہ نواز

چیئر مین

کراچی مورخہ 28 ستمبر، 2020

Directors are pleased to present the 31st Annual Report of the Company for the Financial Year ended June 30, 2020.

Principal Activity

The principal business of the Company is to manufacture and sale of textile goods.

Financial Results and Prospects

By the grace of Allah operating results of the Company have been positive and Company has earned an after tax profit of Rs. 72.57 million with an EPS of Rs 7.51 in comparison to Rs 19.47 reported during last year. The Company achieved sales of Rs. 4.36 billion, which is around 8.8% lower than last year's sales. The lower sales were the result of the lockdown enforced by the government, which resulted in disruptions of operations of the factory and adversely affected profitability of the Company for the later part of the year. However, the gross profit rate during the year increased slightly to 9.65% from 9.37% as compared to last year because of better contribution margin due to increase in unit selling prices.

The distribution expenses for the year is lower than previous year because of decrease in export sales. Inflationary pressure has caused rise in administration expenses as compared to previous year. The significant increase in other operating expenses is due to loss on sale of old gas generators amounting to Rs 44 million which are replaced by new high efficiency generators. Finance cost during the year decreased on account of prudent financial management and reduction in policy rate.

Other income for the year decreased significantly because of lower exchange gain which was very high last year due to rapid currency devaluation.

The two new 2000 KW gas generators and warping machine purchased under the Company's BMR programme have been installed and now running satisfactorily. Further, LC for replacement of air compressors has also been established. These BMR will further improve efficiency of the mill and in turn its financial results.

The financial year 2020 has been a challenging year for Pakistan's economy. The COVID 19 Pandemic has adversely impacted all the economies around the globe, including Pakistan. The most affected sector in Pakistan is textile, which has started facing large-scale cancellation or postponement of export orders as many foreign buyers have closed down their operations in the wake of coronavirus outbreak. To reduce the impact on businesses and economies in general, State Bank of Pakistan (SBP) introduced a host of measures which included reduction in policy rate, deferments of principal amount of loans, refinancing of loans at concessionary rates, salary refinancing, etc. to provide relief to businesses.

While the Covid-19 cases in Pakistan have receded significantly, it is yet to be seen by when it comes fully under control globally. Further, the fear of pandemic's second wave still exists due to which there is significant uncertainty about its long-term economic and other consequences. The company is committed to face these challenges by taking appropriate measures to minimize its potential adverse effects.

Efforts will be continuing as always for more improvement.

Dividend

To share the profits with the shareholder, Directors are pleased to recommend a 40% cash dividend for this year. This payment is 53.2% of after tax profit of the Company for the year 2019-20. A sum of Rs. 25 million is proposed to be transferred to general reserve.

Principal Risks and Uncertainties

The Company is exposed to the following risks and uncertainties: -

- Increase in prices of raw materials
- Fluctuating demand of local and international market
- Fluctuation in exchange rates
- Energy availability and cost
- Market disruption due to changes in tax laws and regulations to widen the tax net

Company takes these risks as a challenge and seeks to minimize potential adverse effects of these risks on the financial performance.

Internal Financial Controls

A system of sound internal control is established and prevailing in the Company. The system of internal control is designed in a manner to ensure achievement of Company's business objectives and operational efficiency, reliable financial reporting and compliance with various statutory laws.

Material Changes and Commitments

No material changes and commitments affecting the financial position of the Company were observed between the end of the financial year of the Company to which the financial statements relate and the date of the report.

Outstanding Statutory Payments

All outstanding payments are normal and of routine nature.

Code of Corporate Governance

Company is cognizant of all requirements of Code of Corporate Governance and is complying with the same. A Review Report by external auditors on Statement of Compliance is annexed.

Corporate and Financial Reporting Statements

- a. The financial statements, prepared by the management present fairly its state of affairs, the result of its operations, cash flows and changes in equity.
- b. Proper books of accounts have been maintained.
- c. Appropriate accounting policies have been consistently applied in preparation of financial statements and accounting estimates are based on reasonable and prudent judgment.
- d. International Accounting Standards, as applicable in Pakistan, have been followed in preparation of financial statements and any departure there from has been adequately disclosed.
- e. The system of internal control is sound in design and has been effectively implemented and monitored.
- f. There are no significant doubts upon the company's ability to continue as a going concern.
- g. There has been no material departure from the best practices of Corporate Governance, as detailed in the listing regulations.

ڈائریکٹر زر مسروت کے ساتھ جون 2020 کو ختم ہونے والے مالی سال کے لئے کمپنی کی اکتیسویں سالانہ پورٹ پیش کرتے ہیں۔

بنیادی کاروبار:-

کمپنی کا بنیادی کاروبار ٹکسٹائل مصنوعات کی پیداوار اور فروخت ہے۔

مالی حسابات اور امکانات:-

الحمد للہ دوران سال کمپنی کے مالیاتی نتائج ثبت رہے اور بعداز ٹکسٹ میں 72.57 ملین روپے فی حصہ گذشتہ سال کے دوران فی حصہ آمد 19.47 روپے تھی۔ کمپنی نے 4.36 ملین روپے سلیز حاصل کیں، جو گذشتہ سال کے مقابلہ میں تقریباً 8.8 فیصد کم تھی، کم فروخت حکومت کی طرف سے نافذ لاک ڈاؤن کا نتیجہ تھا، جس کے نتیجے میں فیکٹری کے کاموں میں خلل پڑا اور سال کے آخری حصے میں کمپنی کا منافع بری طرح متاثر ہوا۔ تاہم، سال کے دوران مجموعی منافع کی شرح میں تھوڑا سا اضافہ ہوا ہے جو گذشتہ سال کے 9.37 فیصد کے مقابلہ میں 9.65 فیصد رہا جس کی وجہ پر نتیجہ کی قیمت فروخت میں بہتری ہے۔

برآمدات میں کمی کی وجہ سے پچھلے سال کے مقابلے میں تقسیم کے اخراجات کم ہیں۔ مہنگائی کے دباؤ نے پچھلے سال کے مقابلہ میں انتظامی اخراجات میں اضافہ کیا ہے۔ دیگر آپریٹنگ اخراجات میں نمایاں اضافہ پرانے ٹکسٹ میں جزیرہ نما فروخت پر ہونے والے 44 ملین روپے نقصان کی وجہ سے ہوا جو نئے اعلیٰ کارکردگی والے جزیرہ نما تبدیل کرنے کے لئے ہے۔ داشمندانہ مالی انتظام اور پالیسی ریٹ میں کمی کی وجہ سے سال کے دوران مالیاتی اخراجات کی لگات میں کمی واقع ہوئی۔

کم شرح تباہ کی وجہ سے اس سال دیگر آمدی میں نمایاں کمی واقع ہوئی جو کہ گذشتہ سال روپیہ کی قدر میں تیزی سے ہونے والی کمی کے باعث غیر معمولی طور پر زیادہ تھا۔

دو ہزار 2000 کلووات ٹکسٹ میں جزیرہ نما فروخت پر ہونے والے ایم آر پروگرام کے تحت خریدیں گئیں، اب اطمینان بخش طریقے سے چل رہی ہے۔ مزید یہ کامیاب پریزر کی تبدیلی کے لئے ایسی کھوئی گئی ہے۔ اس بی ایم آر سیل کی کارکردگی میں اضافہ ہو گا جس کے نتیجے میں بہتر مالی نتائج برآمد ہوں گے۔

مالی سال 2020 پاکستان کی معيشت کے لئے ایک مشکل سال رہا، کوویڈ 19 کے وباً مرض نے پاکستان سمیت دنیا بھر کی تمام میഷتوں کو بری طرح متاثر کیا ہے۔ پاکستان میں سب سے زیادہ متاثرہ شعبہ ٹکسٹائل ہے، جس نے بڑے پیمانے پر برآمدی آرڈر رکی منوچی یا التوا کا سامنا کیا کیونکہ متعدد غیر ملکی خریداروں نے کورونا ایس چھلنے کے بعد اپنی کاروبار بند کر دیے۔ اس کے نتیجے میں عمومی کاروبار اور معيشت پر پڑنے والے ضائقی اثرات کو کم کرنے کے لئے، اسٹیٹ بینک آف پاکستان (ایس بی پی) نے شرح سود میں کمی، قرضوں کی اصل رقم میں التواء، خصوصی شرح پر قرضوں کے ذریعہ مالی اعانت، تنخوا ہوں کی ادائیگی کے لئے کم شرح سود پر مالی اعانت جیسے اقدامات کئے جس سے کاروباری اداروں کو ریلیف فراہم کیا گیا۔

اگرچہ پاکستان میں کوویڈ 19 کے معاملات میں نمایاں کمی واقع ہوئی ہے، مگر عالمی سطح پر اس وباء پر کمبل قابو پایا جانا باتی ہے۔ مزید یہ کہ وباً مرض کی دوسرا اہر کا خدشہ بھی موجود ہے جس کی وجہ سے اس کے طویل مدّتی معاشی اور دیگر نتائج کے بارے میں نمایاں غیر قیمتی صورتحال موجود ہے۔ کمپنی ان کے مکمل مخفی اثرات کو کم کرنے کے لئے مناسب اقدامات کر کے ان چیزوں کا مقابلہ کرنے کے لئے پر عزم ہے۔

کمپنی ہمیشہ کی طرح مزید بہتری کے لئے کوشش رہے گی۔

ڈیوپیڈنڈ:-

منافع میں حصہ داران کو شریک کرنے کی غرض سے، ڈائریکٹر زر پاس سال چالیس فیصد لفڑی ڈیوپیڈنڈ کی سفارش کی ہے۔ یادا یگن سال 2019-2020 کے منافع بعداز ٹکسٹ کا 53.2 فیصد ہے 25 ملین کی رقم جزیل ریزو میں منتقل کرنے کی تجویز ہے۔

بنیادی خطرات اور غیر یقینی صورتحال:-

کمپنی کو درج ذیل خطرات اور غیر یقینی صورتحال کا سامنا ہے۔

- خام مال کی قیتوں میں اضافہ
- مقامی اور بین الاقوامی بازار میں قیتوں میں اتار چڑھاہہ
- شرح بادل میں اتار چڑھاہہ
- تو انائی کی دستیابی اور لگات
- ٹکس قوانین اور ضوابط میں تبدیلی کے باعث بازار کا متاثر ہونا

کمپنی ان خطرات کو ایک چیلنج کے طور پر لیتی ہے اور مالی کارکردگی پر ان خطرات کے مکمل مقنی اثرات کو کم کرنے کی کوشش کرتی ہے۔

آڈٹ کا اندر ونی انتظام:-

کمپنی میں اندر ونی کنٹرول کا ایک مضبوط نظام قائم اور راجح ہے۔ داخلی کنٹرول کا یہ نظام کمپنی کے کاروباری مقاصد اور آپریشن کارکردگی، قابل اعتماد مالی رپورٹنگ اور متعدد لازمی قوانین کی تعلیم کو یقینی بنانے کے لئے تیار کیا گیا ہے۔

مادی تبدیلیاں اور وعدے:-

کمپنی کے ماں سال کے اختتام اور اس رپورٹ کی تاریخ کے دوران کمپنی کی ماں حیثیت کو ممتاز کرنے والی کسی مادی تبدیلیوں اور وعدوں کا مشاہدہ نہیں کیا گیا۔

بقایا قانونی ادائیگی:-

تمام بقا باجات معمول کے مطابق اور عامہ نوعیت کے ہیں۔

کمپنیوں کو چلانے کا طریقہ کار (کوڈ آف کار پوریٹ گورننس):-

کمپنی ان تمام ضروریات سے آگاہ ہے جو کمپنیوں کو چلانے کے طریقہ کار (کوڈ آف کار پوریٹ گورننس) میں مذکور ہیں اور ان کی پابندی کر رہی ہے۔ قیل کے تصدیقی بیان پر مشتمل ہیروں کی آڈیز کی طرف سے جاری کی گئی ایک جائزہ رپورٹ لفڑا ہے۔

کار پوریٹ اور مالیاتی رپورٹ پر مشتمل بیانات:-

- ا۔ انتظامی کی تیار کردہ یہ مالیاتی رپورٹ، آپریشنز کے نتائج، حصولی زر اور استعمال نیزا میکوئی میں ہونے والی تبدیلیوں کی درست عکاسی کرتی ہیں۔
- ب۔ حسابی کتب مناسب طور پر رکھی گئی ہیں۔
- پ۔ مالیاتی گوشواروں کی تیاری میں حب سابق اکاؤنٹس کیدرست اصولوں کو اختیار کیا گیا ہے اور حسابی اندازوں کی بنیاد معموقل اور بخاطہ ہے۔
- ت۔ حسابات کی تیاری میں اُن بین الاقوامی معیاروں کی، جن کا نفاذ پاکستان میں ہو چکا ہے، پیروی کی گئی ہے اور کسی بھی انحراف کو واضح طور پر ظاہر کیا گیا ہے۔
- ٹ۔ اندر ونی کنٹرول کا نظام بجا ٹھاکر ساخت کامل ہے اور اس پر عملدرآمد اور نگرانی موثر ہے۔
- ث۔ کمپنی کے چلتے رہنے کی صلاحیت ہر قسم کے شک و شبہ سے بالا ہے۔
- ج۔ لسٹنگ ریگیلیشنز میں کار پوریٹ کوڈ آف گورننس کے بہترین طریقوں، پر عملدرآمد میں کوئی قابل ذکر انحراف نہیں ہوا ہے۔

ڈاڑھیکٹر زر پورٹ برائے حصہ داران

چھ سالہ جائزہ:-

گزشتہ چھ سال کے کلیدی آپریٹنگ اور مالی اعداد و شمار اور نسبتوں کی تفصیل شملہ ہے۔

In recognition of its social responsibility, Company is regularly contributing reasonably in the interests of its clients, suppliers, employees and environment.

Clients

At STL, we are committed to quality, excellence and customer satisfaction. In order to improve the quality of service, we ensure to meet the expectations of our customers and their complete satisfaction. The STL Quality Management Program includes surveys and audit process conducted regularly both internally and through external companies.

Suppliers

We work and collaborate with leading industry suppliers that meet a code of ethics and respect for the environment. We strive to provide equal opportunities and encourage the purchase of local and national products, always under strict environmental control of raw materials. For each one of them and for the most important products, we ask for the appropriate technical specification.

The products we use are mostly of recognized brands, companies committed to the environment and immersed in Quality Policy and recognized Certifications like ISO, etc.

Environment & Society

At STL, we work to contribute to sustainable development and protect the natural resources of our environment. We promote awareness, training and dissemination of good environmental practices among our customers, suppliers and employees. The goal is to instill a sense of energy and water savings. We have been successful in a way that this activity is also carried into the homes of our employees.

Saving natural resources, water and energy.

- Monitoring of waste control and efficient use of water and energy.
- Turning off lights, fans, closing refrigerators, air conditioners or other electronic equipments when not in use.
- Use of energy saving lamps, lighting using white light energy-saving bulbs and energy-saving LED systems.

Severe energy crisis in our country is not only adversely impacting the national economy but also is a matter of depression for general public as long hours of load shedding of electricity has disturbed peaceful lives of the citizens. STL has shared national burden by investing millions of Rupees in the power generation facilities through gas generators.

At STL, we always ensure to be a responsible corporate citizen and assist government through timely deposit of taxes and other duties in government treasury.

Employees

At STL, we value people. We believe and work for them. We know that the foundation of our company is its human capital. This is why measures are taken to ensure the motivation and involvement of our employees.

Our system of recruitment, hiring, compensation, professional development, participation ensures equal opportunities and non-discrimination. We ensure the basic measures of health, safety and risk prevention, in addition to implementing the measures necessary to ensure good working atmosphere. We provide tools that foster transparent and bidirectional communication. Few of the initiatives that have been undertaken in this regard are as follow:

- To offer market-based remuneration packages and bonuses to employees to motivate and acknowledge their valuable services.
- Provision of family and single accommodation to most of the employees in the colony of the Company.

(M. NAEEM)
Chief Executive

(MUNEER NAWAZ)
Chairman

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of Shahtaj Textile Limited (the Company) for the year ended June 30, 2020 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions and also ensure compliance with the requirements of section 208 of the Companies Act, 2017. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out any procedures to assess and determine the Company's process for identification of related parties and that whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended June 30, 2020.

Opinion

We have audited the annexed financial statements of Shahtaj Textile Limited (the Company), which comprise the statement of financial position as at June 30, 2020, and the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2020 and of the profit, comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

Key audit matter	How our audit addressed the key audit matter
1. Valuation of stock in trade	
<p>Opinion</p> <p>Stock-in-trade has been valued following an accounting policy as stated in note 3.3 and the related value of stock-in-trade is disclosed in note 17 to the financial statements. Stock-in-trade forms material part of the Company's assets comprising of 24% of total assets.</p> <p>The valuation of finished goods within stock-in-trade at cost has different components, which includes judgment in relation to the allocation of overheads costs, which are incurred in bringing the finished goods to its present location and condition. Judgments are also involved in determining the net realizable value (estimated selling price in the ordinary course of business less estimated cost of completion and estimated costs necessary to make the sale) of stock-in-trade items in line with accounting policy.</p> <p>Due to the above factors, we have considered the valuation of stock in trade as key audit matter.</p>	<p>Our key audit procedures to address the valuation of stock-in-trade, included the following:</p> <ul style="list-style-type: none"> • We obtained an understanding of mechanism of recording purchases and valuation of stock-in-trade and evaluated their design and implementation; • We tested on a sample basis purchases with underlying supporting documents; • We verified the calculations of the actual labor and overhead costs and checked allocation of labor and overhead costs to the finished goods ; • We obtained an understanding of management's process for determining the net realizable value and checked: <ul style="list-style-type: none"> • future selling prices by performing a review of sales close to and subsequent to the year-end; and • determination of cost necessary to make the sales. • We checked the calculations of net realizable value of itemized list of stock-in-trade, on a sample basis and compared the net realizable value with the cost to ensure that valuation of stock-in-trade is in line with the accounting policy.

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Company and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

The engagement partner on the audit resulting in this independent auditor's report is Nadeem Yousuf Adil.

1. STATUS AND NATURE OF BUSINESS

Shahtaj Textile Limited (the Company) is limited by shares, incorporated in Pakistan on January 24, 1990 under the repealed Companies Ordinance, 1984 (now Companies Act, 2017) as a public limited Company. The shares of the Company are quoted on Pakistan Stock Exchange Limited. The principal business of the Company is manufacture and sale of textile goods.

Following are the geographical locations and addresses of the Company:

Head Office

Shahnawaz Building, 19 - Dockyard Road, West Wharf, Karachi, Sindh, Pakistan.

Manufacturing Facility/Plant

46 KM, Lahore/Multan Road, Chunian Industrial Estate, Bhai Pheru, Distt. Kasur, Punjab, Pakistan.

Registered Office

27-C, Abdalian Cooperative Housing Society Limited, Opposite Expo Center, Lahore, Pakistan.

2. BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of;

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.2 Basis of measurement

These financial statements have been prepared under the historical cost basis modified by:

- revaluation of certain plant and machinery; and
- obligation under defined benefit plan at net present value.

2.3 Presentation and functional currency

These financial statements are presented in Pakistani Rupees which is the Company's functional and presentation currency.

2.4 Accounting estimates and judgements

The preparation of financial statements in conformity with accounting and reporting standards as applicable in Pakistan requires the use of certain critical accounting estimates. It also requires the management to exercise its judgment in the process of applying the Company's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience, including expectations of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the Company's financial statements or where judgment was exercised in application of accounting policies are as follows:

- Provision for gratuity (notes 3.8 and 7.1)
- Provision for taxation and deferred tax (notes 3.5, 7.2 and 30)
- Contingencies and commitments (note 11)
- Useful lives and residual values of property, plant and equipment (notes 3.1 and 12)
- Revaluation of plant and machinery (notes 3.1 and 12)
- Net realizable value of stock in trade (notes 3.3 and 17) and stores, spares and loose tools (notes 3.2 and 16); and

- Impairment of financial asset (note 3.6.4)
- Impairment of non-financial asset (note 3.19)

2.5 Changes in accounting standards and interpretations

2.5.1 New accounting standards / amendments and IFRS interpretations that are effective for the year ended June 30, 2020

The following standards, amendments and interpretations are effective for the year ended June 30, 2020. These standards, amendments and interpretations are either not relevant to the Company's operations or are not expected to have significant impact on the Company's financial statements other than certain additional disclosures.

- IFRS 16 'Leases'
- Amendments to IFRS 9 'Financial Instruments' - amendments regarding prepayment features with negative compensation and modification of financial liabilities
- Amendments to IAS 28 'Investments in Associates and Joint Ventures' - amendments regarding long-term interests in associates and joint ventures
- Amendments to IAS 19 'Employee Benefits' - amendments regarding plan amendment, curtailment or settlement
- IFRIC 23 'Uncertainty over Income Tax Treatments'
- IFRS 14 – Regulatory Deferral Accounts

Certain annual improvements have also been made to a number of IFRS Standards.

2.5.2 New accounting standards / amendments and IFRS interpretations that are not yet effective

The following standards, amendments and interpretations are only effective for accounting periods, beginning on or after the date mentioned against each of them. These standards, interpretations and the amendments are either not relevant to the Company's operations or are not expected to have significant impact on the Company's financial statements other than certain additional disclosures.

Certain annual improvements have also been made to a number of IFRS Standard which are also not expected to have material impact on financial reporting of the Company.

Other than the aforesaid standards, interpretations and amendments, the International Accounting Standards Board (IASB) has also issued the following standards which have not been adopted locally by the SECP:

- IFRS 1 – First Time Adoption of International Financial Reporting Standards
- IFRS 17 – Insurance Contracts

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these financial statement have been consistently applied to all the years presented.

3.1 Property, plant and equipment

Property, plant and equipment, except plant and machinery, are stated at cost less accumulated depreciation and impairment loss, if any.

Plant and machinery is stated at revalued amount, being the fair value at the date of revaluation, less subsequent accumulated depreciation and impairment losses. Revaluations are performed with sufficient regularity so that the fair value and carrying value do not differ materially at the reporting date. Any revaluation increase arising on the revaluation of such assets is recognised, net of tax, in other comprehensive income and presented as a separate component of equity as “Revaluation surplus on plant and machinery” except to the extent that it reverses a revaluation decrease / deficit for the same asset previously recognised in statement of profit or loss account, in which case the increase is first recognised in statement of profit or loss account to the extent of the decrease previously charged. Any decreases that reverse previous increases of the same asset are first recognised in other comprehensive income to the extent of the remaining surplus attributable to the asset, all other decreases are charged to statement of profit or loss account. The revaluation reserve is not available for distribution to the Company’s shareholders. The Company has adopted the following accounting treatment of depreciation on revalued assets.

- a) depreciation on assets which are revalued is determined with reference to the value assigned to such assets on revaluation and depreciation charge for the year is taken to the statement of profit or loss; and
- b) an amount equal to incremental depreciation for the year net of deferred tax is transferred from “Surplus on revaluation of plant and machinery” to unappropriated profits through Statement of Changes in Equity to record realization of surplus to the extent of the incremental depreciation charge for the year. Upon disposal, any revaluation surplus relating to the particular asset being sold is transferred to unappropriated profit.

Depreciation is charged to statement of profit or loss applying the reducing balance method at the rate specified in note 12.1, whereby the cost of the asset is written over its useful life. Depreciation on all additions in property, plant and equipment is charged from the month in which the asset is available for use and on disposals up to the month preceding the month of disposal.

Assets' residual values, if significant, and their useful lives are reviewed and adjusted, if appropriate, at each reporting date.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to statement of profit or loss during the financial year in which they are incurred.

An item of operating fixed assets is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gains or losses arising on derecognition of the assets (calculated as difference between the net disposal proceeds and the carrying amount of the assets) is included in the statement of profit or loss.

Capital work-in-progress

Capital work-in-progress is stated at cost less impairment loss, if any and consists of expenditure incurred (including any borrowing cost, if applicable) and advances made in the course of their construction and installation. Transfers are made to relevant asset category as and when assets are available for intended use.

3.2 Stores, spares and loose tools

These are valued at lower of cost and net realizable value, determined on moving average basis. The carrying value is adjusted for allowance for obsolete and slow moving items. Items in transit are valued at invoice values plus other charges incurred thereon upto reporting date.

Net realizable value signifies the estimated selling price in the ordinary course of business less cost to be incurred for its sale.

The Company writes off stores and spares which at the end of the financial year have remained in stocks from the date of purchase for a period as prescribed under:

Stores general	held over 5 years
Spares	held over 10 years

The above write off is charged to statement of profit or loss in the period such items are written off.

3.3 Stock-in-trade

These are valued at lower of cost and net realizable value. Methods used for determining costs are as follows:

Raw and packing materials	Moving average cost
Work-in-process	Average manufacturing cost
Finished goods	Average manufacturing cost

Raw material-in-transit and finished goods-in-transit are valued at cost comprising of cost and freight value plus other charges incurred thereon up to the reporting date.

Average cost in relation to work-in-process and finished goods signifies average manufacturing cost including a portion of related direct overheads.

Net realizable value (NRV) signifies the estimated selling price in the ordinary course of business less estimated costs of completion and cost necessary to make the sale.

The Company writes off raw material which at close of the financial year have remained in stocks for more than 3 years from the date of purchase. The write off is charged to statement of profit or loss in the period such stocks are held for more than 3 years.

3.4 Trade debts, loans, deposits and other receivables

These are classified at amortized cost and are initially recognised when they are originated and measured at fair value of consideration receivable. These assets are written off when there is no reasonable expectation of recovery. Actual credit loss experience over past years is used to base the calculation of expected credit loss. (refer note 3.6.4)

3.5 Taxation

Current

Provision for current taxation is based on taxable income at the current rates of taxation, after taking into account tax rebates and tax credits available, if any, or turnover at the specified rate or Alternate Corporate Tax as defined in section 113C of the Income Tax Ordinance, 2001, whichever is higher. Charge for current tax also includes adjustments, where necessary, relating to prior years which arise from assessment framed / finalized during the year. However, for income covered under final tax regime, taxation is based on applicable tax rates under such regime.

Deferred

Deferred tax is provided using the balance sheet liability method for temporary differences at the reporting date between tax bases of assets and liabilities and their carrying amounts for financial reporting purposes. In this regard, the effects on deferred taxation of the portion of income subject to final tax regime is also considered in accordance with the requirement of Technical Release – 27 (Income taxes) issued by the Institute of Chartered Accountants of Pakistan.

Deferred tax asset is recognized for all deductible temporary differences and carry forward of unused tax losses, if any, to the extent that it is probable that taxable profit will be available against which such temporary differences and tax losses can be utilized.

3.6 Financial instruments

3.6.1 Classification of financial assets

The Company classifies its financial assets into following three categories:

- Measured at amortized cost (“AC”),
- Fair value through other comprehensive income (“FVOCI”) and
- Fair value through profit or loss (“FVTPL”).

Financial assets at amortised cost

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as FVTPL:

- 1) the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- 2) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The amortised cost of a financial asset is the amount at which the financial asset is measured at initial recognition minus the principal repayments, plus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, adjusted for any loss allowance. The gross carrying amount of a financial asset is the amortised cost of a financial asset before adjusting for any loss allowance.

Financial assets at FVOCI

A financial asset is measured at FVOCI only if it meets both of the following conditions and is not designated as FVTPL:

- 1) the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- 2) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition, for an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in fair value in OCI, only dividend income is recognised in income statement. This election is made on an investment-by-investment basis.

FVOCI financial assets are subsequently measured at fair value with gains and losses arising due to changes in fair value recognised in OCI.

Financial assets at FVTPL

All other financial assets are classified at FVTPL (for example: equity held for trading and debt securities not classified either as AC or FVOCI).

In addition, on initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortized cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets are not reclassified subsequent to their initial recognition, except in the period after the Company changes its business model for managing financial assets.

3.6.2 Recognition and initial measurement of financial instruments

Financial assets and financial liabilities are recognised in the Company's statement of assets and liabilities when the Company becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

3.6.3 Subsequent measurement of financial assets

Financial assets at amortised cost

Financial assets at amortised cost are subsequently measured at amortised cost. Amortised cost is calculated using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument to the net carrying amount of the financial asset.

Financial assets at FVOCI

All financial assets at FVOCI are subsequently measured at fair value with gains and losses arising due to changes in fair value recognised in other comprehensive income.

For debt instruments classified as financial assets at FVOCI, the amounts in other comprehensive income are reclassified to income statement on derecognition of financial assets. This treatment is in contrast to equity instruments classified as financial assets at FVOCI, where there is no reclassification on derecognition.

Financial assets at FVTPL

All financial assets designated at fair value through profit or loss are subsequently carried at fair value, with gains and losses arising from changes in fair value recorded in the income statement.

3.6.4 Impairment

Impairment of financial assets

Under expected credit loss (ECL) model of IFRS 9, the Company recognises loss allowances for ECLs on financial assets other than debt securities. The Company measures loss allowances at an amount equal to lifetime ECLs, except for the following, which are measured at 12-month ECLs:

- Financial assets that are determined to have low credit risk at the reporting date; and
- Other financial assets for which credit risk (i.e. the risk of default occurring over the expected life of the asset) has not increased significantly since initial recognition

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

3.6.5 Classification and measurement of financial liabilities

All financial liabilities are measured subsequently at amortised cost using the effective interest method or at FVTPL. The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortised cost of a financial liability.

3.6.6 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or where the entity has transferred substantially all risks and rewards of ownership.

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expired.

3.6.7 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets and liabilities when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or realise the assets and settle the liabilities simultaneously.

3.7 Cash and cash equivalents

For the purpose of statement of cash flows, cash and cash equivalents consist of cash in hand, balances with banks, highly liquid short-term investments, short-term running finance under mark-up arrangements, FE-25 loan and musharaka finance.

3.8 Defined benefit plan - staff gratuity

The Company operates an unfunded gratuity scheme for all its employees who have completed the minimum qualifying period of service as defined under the scheme. Provisions are made to cover the obligations under the scheme on the basis of actuarial valuation. The valuation is carried out using the "Project Unit Credit Method" at each reporting period. All actuarial gains and losses are recognized in 'other comprehensive income'. Current service costs and any past service costs together with net interest cost are charged to statement of profit or loss.

3.9 Compensated absences

The Company provides for compensated absences of its employees on unavailed balance of leave in the period in which the leave is earned.

3.10 Trade and other payables

Trade and other payables are recognised initially at fair value plus directly attributable costs, if any, and subsequently measured at amortised cost.

3.11 Provisions

Provisions are recognized when the Company has a present, legal or constructive obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. However, provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

3.12 Revenue recognition

The Company manufactures and contracts with customers for the sale of greige fabric which generally include single performance obligation. Management has concluded that revenue from sale of goods be recognised at the point in time when control of the asset is transferred to the customer, which is when the goods are dispatched to the customer.

Interest income is accrued on a time proportionate basis, by reference to the principal outstanding and at the applicable effective interest rate.

Export rebate is recognized on accrual basis at the time of recognizing export sale.

3.13 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalized as part of the cost of the respective assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognized in statement of profit or loss in the period in which they are incurred.

3.14 Borrowings

Borrowings are recognised initially at fair value, net of transaction costs incurred and are subsequently stated at amortized cost. Borrowings are classified as current liabilities unless the Company has an unconditional right to defer the settlement of the liability for at least twelve months after the reporting date. Exchange gains and losses arising in respect of borrowings in foreign currency are added in the carrying amount of the borrowing.

3.15 Dividend distribution

Dividend distribution to the Company's shareholders is recognized as a liability in the financial statements in the period in which the dividends are approved by the appropriate authority.

3.16 Foreign currency transactions and translation

Transactions in foreign currencies are translated into reporting currency at the rates of exchange prevailing on the date of transactions. Monetary assets and liabilities denominated in foreign currencies are re-translated into reporting currency equivalents using foreign currency rates ruling on the reporting date. Exchange differences on foreign currency transactions and translation are included in the income currently.

3.17 Operating segments

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM). The Company considers the Board of Directors as the CODM, who is responsible for allocating resources and assessing performance of the operating segments. Management has determined that the Company has a single reportable segment, as the Board of Directors views the Company's operations as one reportable segment because of the similarity in nature of the products, nature of the production processes, type or class of customers for the products and the methods used to distribute the products.

3.18 Earnings per share

The Company presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares.

3.19 Impairment of non-financial assets

The carrying amounts of the Company's non-financial assets, other than deferred tax assets and inventories are reviewed at each balance sheet date to determine whether there is any indication of impairment. If such indication exists, the asset's recoverable amount, being higher of value in use and fair value less costs to sell, is estimated. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. Impairment losses are recognised in the statement of profit or loss.

7.1.6 Sensitivity analysis for actuarial assumptions

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

	Change in assumption	2020	
		Increase / (decrease) in defined benefit obligation	
		Increase in assumption	Decrease in assumption
		Rupees	Rupees
Discount rate	1%	(5,103,287)	5,766,579
Salary increase rate	1%	5,948,849	(5,361,922)

	Change in assumption	2019	
		Increase / (decrease) in defined benefit obligation	
		Increase in assumption	Decrease in assumption
		Rupees	Rupees
Discount rate	1%	(4,507,928)	5,074,891
Salary increase rate	1%	5,244,617	(4,741,127)

The sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the liability for gratuity recognized within the statement of financial position.

7.1.7 The Scheme exposes the Company to the actuarial risks such as:

Salary risk

The risk that the final salary at the time of cessation of service is higher than what was assumed. Since the benefit is calculated on the final salary, the benefit amount increases similarly.

Mortality / withdrawal risk

The risk that the actual mortality / withdrawal experience is different. The effect depends upon the beneficiaries' service / age distribution and the benefit.

Longevity risk

The risk arises when the actual lifetime of retirees is longer than expectation. This risk is measured at the plan level over the entire retiree population.

7.1.8 Expected gratuity expense for the year ending June 30, 2021 is Rs. 19,459,233.

7.1.9 The weighted average duration of the defined benefit obligation for the year ended June 30, 2020 is 7 years (2019: 7 years).

7.2.1 The deferred tax asset recognised in the financial statements represents the management's best estimate of the potential benefit which is expected to be realized in future years in the form of reduced tax liability as the Company would be able to set off the tax liability in those years against minimum tax against the taxable profits of future years.

11. CONTINGENCIES AND COMMITMENTS			
Contingencies			
Guarantees issued by banks on behalf of the Company in favor of Sui Northern Gas Pipelines Limited (SNGPL)		36,843,000	36,843,000

Tax contingencies has been disclosed in note 30 to the financial statements.

- 11.1** The Federal Government issued Gas Infrastructure Development Cess (GIDC) Acts in the years 2011, 2014 and 2015. All GIDC Acts have been subject of thorough debate and consideration at honorable High Courts of the Country as well as the Supreme Court of Pakistan (SCP).
- On August 12, 2020, the SCP issued its verdict and held that “the levy imposed under GAS Infrastructure Development Cess Act, 2015 (the Act) is in accordance with the Provisions of the Constitution”. The Supreme Court has also held that “the Provisions of section 8 of the Act, which give retrospective effect to the charge and recovery of GIDC levied from the year 2011 are also declared to be valid being within the legislative competence of the Parliament.” However, since the Company is an industrial concern and it did not pass on the burden of the GIDC to its consumers prior to the GIDC Act, 2015 (or even thereafter), management believes that the Company is entitled to the exemption under the first proviso to Section 8(2) of the GIDC Act, 2015 from payment of the GIDC levied under the GIDC Act, 2011 and GIDC Ordinance, 2014. As such, arrears due from the Company may only include amounts levied under the GIDC Act, 2015 from the date of its commencement, i.e., May 22, 2015.

Management has decided to file a review petition against the decision of SCP in respect of applicability of GIDC on the Company, as the Company has not passed through the cost of GIDC to its customers. Management is confident, based on the discussion with the legal counsel that the decision of the case will be in the favour of Company. However, management on prudent basis has recognized provision of Rs. 22.915 million (2019: Rs. 22.915 million) in respect of GIDC up to October 2018, as Sui Northern Gas Pipelines Limited (SNGPL) has stopped charging GIDC due to consumption of Re-gasified Liquid Natural Gas (RLNG).

- 11.2** In June 2017, Oil and Gas Regulatory Authority (OGRA) revised the RLNG tariff retrospectively. Based on retrospective tariff determination, the Company received demand in respect of RLNG tariff arrears. In view of this development, the Company filed a law suit in Lahore High Court against charge of RLNG tariff arrears. However, the management on prudent basis has recognized provision of Rs. 27.026 million (2019: Rs. 27.026 million) in this respect.

36.2 Financial risk factors

Introduction and overview

The Company has exposure to the following risks from financial instruments:

- market risk
- credit risk
- liquidity risk

The Company's overall risk management programme focuses on having cost effective funding as well as to manage financial risk to minimize earnings volatility and provide maximum return to shareholders.

The Company's objective in managing risk is the creation and protection of shareholders' value. Risk is inherent in Company's activities but it is managed through monitoring and controlling activities which are based on internal controls set on different activities of the Company by the Board of Directors. These controls reflect the business strategy and market environment of the Company as well as the level of the risk that the Company is willing to accept.

The Board along with the Company's finance department oversees the management of the financial risks reflecting changes in the market conditions and also the Company's risk taking activities providing assurance that these activities are governed by appropriate procedures and that the financial risks are identified, measured and managed in accordance with the Company risk appetite.

The Company's principal financial liabilities comprise long-term finances, short-term borrowings, accrued markup/interest and trade and other payables. The main purpose of these financial liabilities is to raise finance for the Company's operations. The Company's financial assets comprise of trade debts, loans and advances, trade deposits, other receivables, other financial assets and cash and bank balances that arise directly from its operations.

36.3 Market risk

Market risk is the risk that the value of cash flows of the financial instrument may fluctuate as a result of changes in market interest rates, foreign exchange rates or the equity prices due to a change in credit rating of the issuer or the instrument, change in market sentiments, speculative activities, supply and demand of securities and liquidity in the market.

Under market risk the Company is exposed to currency risk, interest rate risk and other price risk (equity price risk).

(a) Currency risk

Foreign currency risk arises mainly where receivables and payables exist due to transactions with foreign undertakings and bank balances in foreign currency. The Company's exposure to foreign currency risk is as follows:

	June 30, 2020		
	USD	EURO	Total
	Rupees-----		
Trade debts and other receivables	-	80,276,433	80,276,433
Trade and other payables	(24,336,290)	(530,558)	(24,866,848)
Advance from customers - contract liabilities	-	(1,564,847)	(1,564,847)
Net exposure	(24,336,290)	78,181,028	53,844,738
	June 30, 2019		
Trade debts and other receivables	228,439,252	315,392,522	543,831,774
Trade and other payables	(8,781,592)	(11,023,349)	(19,804,941)
Net exposure	219,657,660	304,369,173	524,026,833
	Average rate		Reporting date rate
	2020	2019	2020
	Rupees-----		
USD	167.85	137.82	167.60 / 168.10
Euro	188.46	155.95	188.19 / 188.72

At June 30, 2020, if the Pakistani Rupee had weakened / strengthened by 10% against the US Dollar and Euro with all other variables held constant, profit before tax for the year would have been lower / higher by Rs. 5.4 million (2019: Rs. 52.4 million), mainly as a result of foreign exchange losses / gains on translation of US Dollar and Euro - denominated trade debts and trade payables.

(b) Interest rate risk management

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company's interest rate risk arises from long term finance and short term borrowings. These are benchmarked to variable rates which exposes the Company to cash flow interest rate risk only.

Variable rate instruments	Carrying amount	
	2020	2019
Financial liabilities		
- Short term borrowings	390,460,673	791,167,872
- Long term finance	188,537,010	-
Net financial liabilities at variable interest rates	578,997,683	791,167,872

Cash flow sensitivity analysis for variable rate instrument

A change of 100 basis points in interest rates at the year end would have increased or decreased the profit before tax for the year by Rs. 5.799 million (2019: Rs. 7.912 million). This analysis assumes that all other variables remain constant. The analysis is performed on the same basis as for 2019.

Fixed rate instruments	Interest rate		Carrying amount	
	2020	2019	2020	2019
	-----%	Rupees		
Financial liabilities - long term finances				
-	7.70%	-	14,789,000	
2.75%	2.75%	220,811,247	239,254,561	
2.50%	2.50%	131,372,576	132,356,760	
Net financial liabilities at fixed interest rates		352,183,823	386,400,321	

Cash flow sensitivity analysis for fixed rate instrument

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rate at the reporting date would not affect statement of profit or loss.

(c) Equity price risk

Equity price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from currency risk or interest rate risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. As at year end, there are no financial instruments of the Company which are subject to equity price risk.

36.4 Credit risk and concentration of credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss, without taking into account the fair value of any collateral. Out of the total financial assets of Rs. 674.880 million (2019: Rs. 1,033.09 million), the financial assets which are subject to credit risk amounted to Rs. 674.585 million (2019: Rs. 1,032.66 million).

The Company is exposed to credit risk from its operating activities (primarily for trade debts and loans and advances) and from its investing activities, including deposits with banks and financial institutions and other financial instruments. The credit risk on liquid funds (cash and bank balances) is limited because the counter parties are banks with a reasonably high credit rating.

The analysis below summarises the credit quality of the Company's bank balances as at June 30, 2020:

Name	Balances held as at June 30, 2020	Latest available published rating as at June 30, 2020	Rating Agency

Credit risk related to trade debts

The Company's main credit exposure is with trade debts. The Company has adopted a policy of only dealing with creditworthy counterparties and majority of the transactions are made through post dated cheques. Further, the Company's credit exposure is continuously monitored and the aggregate value of transactions are spread amongst approved counterparties, and overdue counterparties are pursued efficiently by the management for recovery. 12% (2019: 53%) of the credit exposure of the Company at year end is secured against letters of credit or other form of security.

Trade debts consist of a large number of customers, spread across geographical areas. Ongoing credit evaluation is performed on the financial condition of accounts receivable and, where appropriate. The major credit exposure of the Company from its top 10 customers is 98% (2019: 91%) of the total trade receivables as at year end.

The Company has the policy to grant credit of 7 days to 120 days to its customers. The exposure of the Company in trade receivables, which are neither overdue nor impaired, is Rs. 388.914 million (2019: Rs. 832.602 million)

Trade debtors, which have crossed their credit days limits, amounting to Rs. 287.292 million (2019: Rs. 201.931 million) for which the company has provided Rs. 85.627 million (2019: 85.627 million) and the remaining amounts are still considered recoverable.

The aging of such overdue but not impaired trade receivables is as follows:

	2020 Rupees	2019 Rupees
Less than 1 month	185,327,664	116,173,667

Over 3 Years	85,626,631	85,626,631
	85,626,631	85,626,631

36.5 Liquidity risk reflects the Company's inability in raising funds to meet commitments. Management closely monitors the Company's liquidity and cash flow position. This includes maintenance of balance sheet liquidity ratios, debtors and creditors concentration both in terms of the overall funding mix and avoidance of undue reliance on large customers by securing them against letters of credit.

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts and long-term loans. 44% of the Company's long-term and short-term debt will mature in less than one year at June 30, 2020 (2019: 72%) based on the carrying value of borrowings as given below. However, the Company has an un-availed aggregated short-term borrowings facilities of Rs. 878 million (2019: Rs. 459 million), which can be utilized to encounter unseen liquidity problems.

36.5.1 Liquidity risk table

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The table includes both interest and principal cash flows.

37. Fair values of financial and non-financial assets and liabilities

- (a) Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable willing parties in an arms length transaction.

The carrying values of all financial assets and liabilities reflected in the financial statements approximate their fair values.

- (b) Fair Value Estimation

The Company discloses the financial instruments measured in the balance sheet at fair value in accordance with the following fair value hierarchy:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

There are no transfers between the levels during the year.

- 37.1** There are no assets or liabilities to classify under above levels except the Company's plant and machinery are stated at revalued amounts, being the fair value at the date of revaluation, less any subsequent depreciation and subsequent accumulated impairment losses, if any. The fair value measurements of the Company's plant and machinery carried out as at March 2018, were performed by M/s Asif Associates (Private) Limited (valuer), an independent valuer not related to the Company, using depreciated replacement cost method. The valuer is listed on panel of Pakistan Banks Association and they have appropriate qualification and experience in the fair value measurement of properties, plant and machinery. Value determined by independent valuer is classified as Level 2 in the fair value hierarchy.

38. CAPITAL RISK MANAGEMENT

The objectives of the Company when managing capital are to safeguard its ability to continue as a going concern so that it can continue to provide returns for shareholders and benefits for stakeholders, and to maintain a strong capital base to support the sustained development of its business.

The capital structure of the Company consists of share capital and reserves as well as debts of the Company. Share capital and reserves consist of share capital, reserves and unappropriated profit and debts consist of short-term borrowings and long-term financing. The Company manages its capital structure by monitoring return on total capital employed and makes adjustments to it in the light of changes in economic conditions and monitoring its gearing ratio. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend paid to the shareholders, issue new shares or adjust its debts. The Company's overall strategy is to reduce the gearing ratio gradually. The gearing ratio analysis is as follows:

	2020 Rupees	2019 Rupees
Total borrowings	931,181,506	1,177,568,193
Less: Cash and bank balances	(49,247,190)	(32,169,330)
Net debt	881,934,316	1,145,398,863
Total equity	1,197,016,189	1,217,734,478
Total capital employed	2,078,950,505	2,363,133,341
Gearing ratio	42%	48%

The Company is not subject to any externally imposed capital requirement.

39. OPERATING SEGMENT

- 39.1** These financial statements have been prepared on the basis of single reportable segment.
- 39.2** Revenue from sale of fabric represents 99.89 % (2019: 99.82%) of total revenue whereas, remaining represents revenue from trading.
- 39.3** All non current assets of the Company as at June 30, 2020 are located in Pakistan.
- 39.4** 73% (2019: 63%) of sales of fabric are local and indirect export whereas 27% (2019: 37%) of sales are export / foreign sales. All sales were made to external customers except one related party to which 0.4% (2019: 0.3%) of sales were made.

39.5 Revenue from three major customers of the Company represents 53% (2019: 57%) of total revenue of the Company.

40. PLANT CAPACITY AND ACTUAL PRODUCTION

	Note	2020	2019
Number of looms installed		178	178
Number of looms worked		178	178
100% Plant capacity at 60 picks (Sq. Meters)		64,626,537	64,626,537
Actual production converted to 60 picks (Sq. Meters)	40.1	54,798,188	58,623,664
Shifts per day (12 hours shift)		2	2
Number of days worked during the year		346	365

40.1 Calculation of rated capacity is based on a fixed fabric width and looms speed. In actual these factors vary with the ever changing qualities under production. Further, 100% efficiency level is notional and in practice elusive, hence, actual production figure is less than the rated capacity.

	2020	2019
41. NUMBER OF PERSONS EMPLOYED		
Number of employees at June 30	544	555
Average number of employees during the year	552	561

42. NON ADJUSTING EVENT AFTER THE BALANCE SHEET DATE

Subsequent to year end, the directors proposed to pay cash dividend of Rs. 4.00 (2019: Rs. 10) per ordinary share of Rs. 10 each. This dividend is subject to approval by the shareholders at the forthcoming Annual General Meeting and has not been reflected as a liability in these financial statements, which will be accounted for subsequently after the approval of shareholders.

43. CORRESPONDING FIGURES

Corresponding figures have been reclassified / rearranged, wherever necessary.

44. DATE OF AUTHORIZATION FOR ISSUE

These financial statements have been approved by the Board of Directors of the Company and authorized for issue on September 28, 2020.

45. GENERAL

45.1 "As in the rest of the world, COVID-19 adversely affected lifestyles and business operations in Pakistan. The Company complied with the SOPs prescribed by Federal and Provincial Governments. Sales and production activities were affected during lockdowns, however, the factory reopened after necessary permissions to produce orders for exports and essential services."

To alleviate the negative impact of the COVID-19 pandemic, the Governments and the State Bank of Pakistan have taken measures and issued directives to support businesses, including extensions of deadlines, facilitating continued business through social-distancing and easing pressure on credit and liquidity in the market. The Company has availed the benefit of deferment of loan as disclosed in note 6.3.1.

The Company has made an assessment in order to evaluate the impact of COVID-19 pandemic over its financial performance and going concern and management believes that the going concern assumption of the Company remains valid.

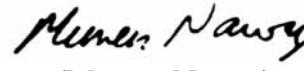

45.2 Figures have been rounded off to the nearest Rupee.
