Directors' Report To The Members

The Directors of Mahmood Textile Mills Limited are pleased to present their report, together with the audited financial statements of the Company, for the year ended June 30, 2020.

BUSINESS PERFORMANCE REVIEW:

The reporting year has witnessed unprecedented challenges which have made critical impact on the performance of the Company. This year can easily be traced in to two periods; Pre-COVID and COVID. Before COVID-19 our company's performance was highly remarkable, reporting net profit of Rs. 116.808 M in the first quarter whereas Rs. 220.558 M was reported in the interim accounts.

At the beginning of the second half when it was the time to reap the fruit of our heavy investment made during previous years in BMR of spinning units and establishment of state of the art new weaving unit, the outreach of COVID-19 de-stabilized everything. World Health Organization declared COVID-19 as a global pandemic and recommended containment and mitigation measures worldwide. This resulted in closure of industries and non-essential services all over the world. This economic crisis attacked various businesses around the world. One of the severely affected industry is Textile Manufacturing that is considered as the second largest employment creating industry after agriculture and accounts for 10% of the total GDP. The impact of coronavirus

was so immense that it pushed the overall economic growth of the country to negative territory.

The Govt. of Pakistan also took different precautionary measures to combat the impact of coronavirus and also imposed lock down on industries. Because of the measures taken by the government to fight the pandemic, we had to close production units and faced heavy production losses. By the grace of Almighty ALLAH we neither laid off any workers nor made reduction in salary of any employee.

The prices of yarn and fabrics dropped significantly due to slowdown in economic activities at local and international level. In this scenario, a few buyers refused to lift their contracted goods and others insisted to revise their previously agreed rate. Debtors' turnover days also increased as our payments were on hold by our customers. In these worrisome period the management devised Post Traumatic Growth (PTG) strategy which led us to make right decisions at the right time; to cut our sales revenue during mid-COVID period and raw material stocks procured before pandemic at prevailing high prices resulted in gross profit loss of approximately 2%. Moreover, we made an assessment to hold our finished stocks during COVID so we could control losses on its low cost sales. Our overall performance in post COVID period of the year was so depressed that even the

aggregate improvements made during the pre COVID period also disappeared. However, the Company still possesses sound financial stability on strong footing and no impairment is found in financial assets and the liabilities of the Company. To save the industry, Govt. of Pakistan came up with sound and far-sighted decisions; SBP took some proactive measure for the revival of the economy and deferred loan payments for one year with reduction in policy rates. The Company has availed these facilities that helped to ease cash flow of the Company and to resume operational activities smoothly.

We are pleased to inform our members that we have placed advanced Business Intelligence System for quicker and accurate reporting, analyzing and planning, its transparency has helped us to make better and efficient decisions and gain competitive advantage.

Due to overall negative effect of COVID on business performance, the profit of associate companies also decreased remarkably in this reporting year.

Summarized financial performance is as follows:

Summary of Operating Results	2020 ----- Rupees "000"-----	2019
Local Sales	2,662,669	3,912,345
Export Sales	21,802,519	20,474,395
Sales - Net	24,465,188	24,386,740
Gross Profit	2,113,533	2,573,886
Profit Before Tax	302,184	1,062,336
Profit After Tax	71,633	750,507
EPS	3.82	40.03

CORPORATE SOCIAL RESPONSIBILITY

Our Company is committed to social and environmental betterment of the society and believes in building strong bonds with all segments of society. To cement these links, welfare activities are carried out to uplift the communities with special emphasis on child education and clean drinking water in the surrounding areas. Detailed information with different areas are covered in the 'Sustainability Report' which is a part of this Annual Report.

As for COVID-19, a comprehensive strategy by adhering to Industrial SOPs is implemented. In this hour of need our commitment of supporting the communities is unwavering. An organized effort was launched in the distribution of food hampers by reaching out to the needy segments and also distribution of the medical kits to Health Workers. Our company is determined to ensure the safety of its employees and to extend its help to surrounding communities during this pandemic and specifically earmarked an amount for COVID-19 related measures.

CORPORATE AND FINANCIAL REPORTING

The Company is committed to good corporate governance; the Board acknowledges its responsibility in respect of Corporate and Financial Reporting Framework. The Directors confirm that:

- The Financial Statements prepared by the management of the Company fairly present its state of affairs, the results of its operations, cash flows and changes in equity;
- Proper books of accounts have been maintained by the Company;
- Appropriate accounting policies have been consistently applied in preparation of the financial statements and accounting estimates are based on reasonable and prudent judgment;
- There are no doubts upon the Company's ability to continue as a going concern;
- There has been no material departure from the best practices of the Code of Corporate Governance, as detailed in the listing regulations of the stock exchange;
- The system of internal control is sound in design and has been effectively implemented and monitored;
- International Financial Reporting Standards, as applicable in Pakistan and the requirements of Companies Act, 2017 have been followed in preparation of the financial statements; and any departure thereof has been adequately disclosed and explained;
- Summary of key operational and financial data for last six years is annexed in the annual report.

- Information about taxes and levies is given in the notes to and forming part of financial statements

STATEMENT OF COMPLIANCE

The Company strictly adheres to the principles of Corporate Governance mandated by the Securities and Exchange Commission of Pakistan (SECP) and has implemented all the prescribed stipulations. The same has been summarized in following statement of compliance with Listed Companies (Code of Corporate Governance) Regulations, 2019 duly reviewed by the auditors.

DIVIDEND PAYOUT

The management is conscious to compensate shareholders against their investment. Therefore, Company has been paying dividends regularly. As we have availed, in the best interest of the Company, deferment of long term facilities as per SBP COVID-19 policy, the dividend can not be paid for the year.

INTERNAL CONTROL AND RISK MANAGEMENT

The Company maintains sound internal control systems to provide reasonable assurance against efficiency and effectiveness of operations, reliability of financial report and compliance with applicable laws and regulations. Such systems are monitored effectively by the management while the Board Audit Committee reviews the internal control systems based on assessment of risks and reports to the Board of Directors.

PATTERN OF SHAREHOLDING

Pattern of Shareholding of the Company as at June 30, 2020, along with the necessary information is annexed to this report.

HUMAN RESOURCE

Our Company undertakes to make the best use of its Human Capital base. Our core value system comprises of Humility & Compassion, Integrity, Change, Innovation, Continuous Improvement Mindset, Team work, Sense of Urgency, and Customer Centric approach. We have a comprehensive and interactive approach towards our employees. This helps in cultivating individual

employees by shaping them in an organized infrastructure, and transforming their creativities into professional excellence.

EMPLOYEE RELATIONS

The management would like to place on record a very positive and cooperative role of employees during the year. The affectionate relationship between the management and its employees, remain as good as they have been for the last many years. The pleasant relationship is also reflected in our employee turnover rate, which is very low, whether compared to our sector or across other sectors.

STATUTORY AUDITORS

Financial Statement of the Company for the year ended 30 June 2020 has been audited by M/s Shinewing Hameed Chaudhri & Co. Chartered Accountants, who have given an unqualified report. Current auditors will retire on the conclusion of Annual General Meeting of the Company. Being eligible, M/s Shinewing Hameed Chaudhri & Co. Chartered Accountants have offered themselves for reappointment for the year ending 30 June 2021.

OUTLOOK FOR THE YEAR 2021

While the Covid-19 cases in Pakistan have receded significantly and gradual lifting of lockdown restriction worldwide and in Pakistan, yet it is to be seen when it comes fully under control globally.

With the current macro-economic situation, we however predicts that after effects of COVID will continue in the first quarter of next financial year but in medium term, the outlook of the industry will start to improve.

Amidst the current scenario the Company is still focused on growth on the same lines. The availability of TERF loan by SBP is a great opportunity. We are pleased to inform you that some TERF loans have been approved and others are in process which will give the company more optimization and efficiency for a sustainable top and bottom line growth.

During the coming year 2020-21 the local cotton shows very bleak picture and might only achieve

production of maximum 8.00 Million bales, which is 60% target of the Government for the year.

Cotton being the back bone of the textile industry. Industry itself is suffering a lot on the one hand and the farmer on the other hand who is now gradually shifting to other crops instead of cotton because of huge losses borne by the later in cultivation of cotton in Pakistan.

It's now the high time for the Government to work on war footing basis and must take the drastic steps to save the textile industry from collapse. Otherwise will have vast negative effects on the whole economy.

ACKNOWLEDGEMENT

We are pleased to place on record the appreciation for all the financial institutions. We also wish to acknowledge the devotion to duty by the employees of all cadres and are appreciative of their support and dedication. We are thankful to all the other stakeholders and fully acknowledge their contribution and commitment.

تاہم موجودہ معاشی و اقتصادی صورتحال کے ساتھ کمپنی نے پیش گوئی کی ہے کہ COVID کے اثرات آئندہ مالی سال کی پہلی سہ ماہی میں جاری رہیں گے لیکن درمیانی مدت میں، کمپنی کی کارکردگی بہتر رہے گی۔

موجودہ منظر نامے کے باوجود، کمپنی اب بھی انہی خطوط نمو پر مرکوز ہے۔ SBP کے ذریعہ TERF قرض کی دستیابی ایک بہت بڑا موقع ہے۔ ہم آپ کو یہ بتاتے ہوئے خوش ہیں کہ کچھ TERF قرضوں کی منظوری دے دی گئی ہے اور دوسروں پر عمل درآمد جاری ہے جو کمپنی کی پائیدار اور حتمی ترقی کی صلاحیت کے حصول کے لئے زیادہ سے زیادہ کارگر ثابت ہوگا۔

لیکن دوسری طرف آنے والے سال 2020-21ء کے دوران مقامی روٹی کی حالت بدتر ہے اور صرف 8 ملین گانٹھیں پیدا ہو سکیں گی جو کہ حکومت کے پیش کردہ تخمینہ کا 60 فیصد ہے۔

ایک طرف کپاس جو کہ ٹیکسٹائل انڈسٹری کی ریڑھ کی ہڈی کی حیثیت رکھتی ہے بہت نقصان میں ہے اور دوسری طرف کسان جواب مجبور ہے اور بھاری نقصان کی وجہ سے کپاس سے دوسری فصلوں پر منتقل ہو گیا ہے۔ اس صورت حال سے نمٹنے کیلئے حکومت کو فوری طور پر آگے آنا چاہیے اور مسئلے کو حل کرنا چاہیے، بصورت دیگر اس کا ملکی معیشت پر وسیع منفی اثر پڑے گا۔

اظہار تشکر

ہمیں تمام بینکوں کے رویے کی تعریف کرتے ہوئے خوشی ہو رہی ہے۔ ہم تمام ڈیپارٹمنٹس کے ملازمین کے ڈیوٹی کے ساتھ عقیدت کا اعتراف کرتے ہیں اور ان کی حمایت اور لگن کو سراہتے ہیں۔ ہم دوسرے تمام اسٹیک ہولڈرز کے مشکور ہیں اور ان کی شراکت اور عزم کا پوری طرح اعتراف کرتے ہیں۔

قوانین اور ضوابط کی تعمیل کرنے کے لئے مستحکم اندرونی کنٹرول سسٹم رکھتی ہے اس نظام کی انتظامیہ کے ذریعہ موثر انداز میں نگرانی کی جاتی ہے۔ جبکہ بورڈ آڈٹ کمیٹی اندرونی کنٹرول سسٹم کا جائزہ لیتی ہے۔ جو خطرات کی تشخیص پر مبنی ہے اور بورڈ آف ڈائریکٹرز کو رپورٹ کرتی ہے۔

شیئر ہولڈنگ کا مراسلہ

30 جون 2020ء تک کمپنی کی شیئر ہولڈنگ کا نمونہ اس رپورٹ کے ساتھ مربوط ہے۔

انسانی وسائل

ہماری کمپنی اپنے ہیومن کپیکل کے بہترین استعمال پر یقین رکھتی ہے۔ ہمارا بنیادی اصول عاجزی اور ہمدردی، سالمیت، تبدیلی، انوویشن، مسلسل بہتری کے لئے ذہن سازی، ٹیم ورک، سمنس آف ارجینسی اور کسٹمر سینٹرک نقطہ نظر پر مشتمل ہے۔ ہمارے پاس اپنے ملازمین سے متعلق ایک جامع اور پُرکشش طرز عمل ہے۔ اس سے ملازمین کو منظم کرنے اور ان کی تخلیقات میں پیشہ وارانہ نکھار پیدا کرنے میں مدد ملتی ہے۔

ملازمین سے تعلقات

انتظامیہ سال کے دوران ملازمین کے بہت ہی مثبت اور تعاون پر مبنی کردار کو ریکارڈ پر لانا چاہتی ہے۔ انتظامیہ اور اس کے ملازمین کے مابین پیار کا تعلق اتنا ہی اچھا ہے جتنا وہ پچھلے کئی سالوں سے ہے۔ خوشگوار تعلقات ہمارے کاروبار میں ملازمین کے چھوڑنے کی شرح میں بھی جھلکتے ہیں، جو کہ بہت کم ہے۔ موزانہ خواہ ہمارے شعبے کے ساتھ ہو یا دوسرے شعبوں میں۔

قانونی آڈیٹرز

کمپنی کے 30 جون 2020ء کو ختم ہونے والے مالی سال کی فنانشیل رپورٹس میسرز شائن ونگ حمید چوہدری اینڈ کمپنی چارٹرڈ اکاؤنٹنٹس نے آڈٹ کی ہیں۔ جنھوں نے غیر اعتراض شدہ رپورٹ جاری کی ہے۔ موجودہ آڈیٹر کمپنی کے سالانہ جنرل اجلاس کے اختتام پر ریٹائر ہو جائیں گے۔ اہل ہونے کے ناطے، میسرز شائن ونگ حمید چوہدری اینڈ کمپنی چارٹرڈ اکاؤنٹنٹس نے 30 جون 2021ء کو ختم ہونے والے سال کے لئے خود کو دوبارہ تقرری کیلئے پیش کیا ہے۔

سال 2021ء کے لئے پیش نظر

اگرچہ پاکستان میں کوویڈ 19 کے مریضوں میں نمایاں کمی آئی ہے اور دنیا بھر اور پاکستان میں لاک ڈاؤن کی پابندی کو بتدریج اٹھایا جا رہا ہے۔ پھر بھی عالمی سطح پر جب یہ مکمل طور پر کنٹرول میں آتا ہے تو اسے دیکھنا ہے۔ توقع کی جاتی ہے کہ ٹیکسٹائل کی برآمدات میں بتدریج اضافہ ہوگا۔ لیکن اگلے چند مہینوں میں سالانہ بنیادوں پر کم رہیں گی۔

کارپوریٹ اور مالی رپورٹنگ

کمپنی اچھی کارپوریٹ گورننس کے لئے پرعزم ہے۔ کارپوریٹ اور مالی رپورٹنگ کے فریم ورک کے سلسلے میں بورڈ اپنی ذمہ داری تسلیم کرتا ہے۔ ڈائریکٹرز اس کی تصدیق کرتے ہیں۔

☆ کمپنی کی انتظامیہ کے تیار کردہ مالی بیانات اپنی امور کی صورتحال، اس کے آپریشنز، کیش فلو، اور ایکٹیویٹی میں بدلاؤ کے نتائج کو منصفانہ طور پر پیش کرتے ہیں۔

☆ کمپنی نے اکاؤنٹس کا مناسب ریکارڈ رکھا ہوا ہے۔

☆ مالی بیانات کی تیاری کے لئے مناسب اکاؤنٹنگ پالیسیاں مستقل طور پر لاگو ہوتی ہیں اور مالی اندازے معقول اور محتاط فیصلے پر مبنی ہوتے ہیں۔

☆ کمپنی کے اپنے آپریشنز جاری رکھنے کی صلاحیت پر کوئی شک نہیں۔

☆ کوڈ آف کارپوریٹ گورننس کے بہترین طریقہ کار سے کسی قسم کا انحراف نہیں ہوا ہے، جیسا کہ اسٹاک ایکسچینج کے لسٹنگ ضوابط میں تفصیل سے ہے

☆ اندرونی کنٹرول کی بناوٹ مستحکم ہے اور اس کو موثر انداز میں نافذ اور نگرانی کی گئی ہے۔

☆ بین الاقوامی مالیاتی رپورٹنگ معیارات، جیسا کہ پاکستان میں لاگو ہوتا ہے۔ اور کمپنیز ایکٹ 2017ء کی تعزیرات کو مالی بیانات بناتے ہوئے مد نظر رکھا گیا ہے۔ اور ان سے کسی بھی انحراف کی مناسب طور پر وضاحت کی گئی ہے۔

☆ سالانہ رپورٹ میں پچھلے چھ سالوں کے کلیدی آپریشنل اور مالی اعداد و شمار کا خلاصہ الحاق کیا گیا ہے۔

☆ ٹیکسوں اور محصولات کے بارے میں معلومات نوٹ میں دی گئی ہیں اور مالی بیانات کا حصہ ہیں۔

مطابقت کا بیان

کمپنی سیکورٹیز اینڈ ایکسچینج کمیشن آف پاکستان (ایس ای سی پی) کے ذریعہ کارپوریٹ گورننس کے اصولوں پر سختی سے عمل کرتی ہے اور اس نے تمام مقررہ شرائط پر عمل درآمد کیا اور آڈیٹرز کے ذریعہ جائزہ لیا۔ آڈیٹرز کے نظر ثانی شدہ لسٹڈ کمپنیز کے ضوابط 2019ء اس کے بعد درج ہیں۔

تقسیم ادائیگی

انتظامیہ حصص داروں کو ان کی سرمایہ کاری کے عوض معاوضہ دینے کے لئے پرعزم ہے۔ اس لیے کمپنی باقاعدگی سے منافع ادا کر رہی ہے۔ کیونکہ ہم نے کمپنی کی بہتری کے لیے سیٹ بنک آف پاکستان کی کوڈ پالیسی کے مطابق لمبے عرصے کے قرض کے التوا کی سہولت لی ہے۔ اس سال کے لئے منافع کا اعلان نہیں کیا جاسکتا۔

اندرونی کنٹرول اور رسک مینجمنٹ

کمپنی آپریشنز کی بہتر کارکردگی اور مالی رپورٹ کی درست بناوٹ اور قابل اطلاق

ممبرز کے لیے ڈائریکٹرز کی رپورٹ

محمود ٹیکسٹائل ملز لمیٹڈ کے ڈائریکٹرز کمپنی کی آڈٹ شدہ سالانہ رپورٹ اور مالیاتی گوشوارہ برائے سال 30 جون 2020ء پیش کرتے ہوئے خوشی محسوس کر رہے ہیں۔

کاروباری کارکردگی کا جائزہ:

رپورٹنگ سال میں بے مثال مسائل دیکھنے میں آئے جنہوں نے کمپنی کی کارکردگی پر منفی اثرات مرتب کیے۔ اس سال کو دو ادوار میں تقسیم کیا جاسکتا ہے پری کوویڈ اور کوویڈ-19 سے پہلے ہماری کمپنی کی کارکردگی قابل ذکر تھی جس سے خالص منافع پہلی سہ ماہی میں 808.116 ملین روپے جبکہ ششماہی میں 558.220 ملین روپے رپورٹ کیا گیا تھا۔

دوسرے ششماہی کے آغاز میں جب گذشتہ سال لگائے گئے خوبصورت ویونگ یونٹس اور دوسرے بھاری سرمایہ کاری کا پھل کھانے کا وقت آیا تو کوویڈ-19 نے سب خلاف توقع کر دیا۔ ورلڈ ویلٹھ آرگنائزیشن نے کوویڈ-19 کو عالمی وبائی مرض قرار دیا اور دنیا بھر میں اس پر قابو پانے اور تخفیف کے اقدامات کی سفارش کی جس کے نتیجے میں پوری دنیا میں صنعتیں اور غیر ضروری خدمات بند ہو گئیں۔ اس معاشی بحران نے دنیا بھر کے متعدد کاروبار کو متاثر کیا۔ شدید متاثرہ صنعت میں سے ایک ٹیکسٹائل مینوفیکچرنگ ہے جو راعت کے بعد روزگار پیدا کرنے والی دوسری سب سے بڑی صنعت سمجھی جاتی ہے اور کل جی ڈی پی کا 10 فیصد بنتی ہے۔ کورونا وائرس کا اثر اتنا زیادہ تھا کہ اس نے ملک کی مجموعی معاشی ترقی کو منفی رجحان میں ڈال دیا۔

حکومت پاکستان نے کورونا وائرس کے اثرات سے نمٹنے کے لیے مختلف احتیاطی تدابیر اختیار کیں اور صنعتوں پر لاک ڈاؤن بھی نافذ کیا۔ حکومت کے وبائی مرض سے لڑنے کے لیے اٹھائے جانے والے اقدامات کی وجہ سے ہمیں پیداواری یونٹ بند کرنے پڑے اور پیداوار کے بھاری نقصان کا سامنا کرنا پڑا۔ اللہ تعالیٰ کے فضل و کرم سے ہم نے نہ تو کسی ملازم کو ملازمت سے نکالا اور نہ ہی تنخواہ میں کمی کی۔

مقامی اور بین الاقوامی سطح پر معاشی سرگرمیوں میں سست روی کی وجہ سے یارن اور کپڑوں کی قیمتوں میں نمایاں کمی واقع ہوئی اس وقت چند خریداروں نے اپنا معاہدہ شدہ سامان اٹھانے سے انکار کر دیا اور دوسروں نے اپنے پہلے سے طے شدہ نرخ پر نظر ثانی کرنے پر اصرار کیا۔ خریداروں کے ادھار کے دن مزید بڑھ گئے اور ان کی طرف سے ادائیگی بھی روک دی گئی۔ اس تشویشناک دور میں انتظامیہ نے پوسٹ ٹرو میٹک گروٹھ (پی ٹی جی) کی حکمت عملی وضع کی جس کی وجہ سے ہم صبح وقت پر صحیح فیصلے کرنے میں کامیاب ہو گئے۔ وسط COVID مدت کے دوران ہماری فروخت کم ہونے اور وبائی مرض سے پہلے ہمارے بڑے خام مال کے ذخیرے (جو ہم نے موجودہ زیادہ قیمتوں پر خریدا تھا) کی وجہ سے ہمارے خام منافع میں 2 فیصد کمی واقع ہوئی۔ مزید یہ کہ ہم نے COVID کے دوران اپنا تیار شدہ مال اسٹاک کرنے کا ارادہ کیا تا کہ ہم اس کی کم ریٹ پر فروخت ہونے والے نقصانات پر قابو پاسکیں۔ COVID کے بعد کارکردگی اتنی متاثر ہوئی کہ COVID سے پہلے کی کارکردگی بھی ختم ہو گئی۔ تاہم کمپنی میں اب بھی معاشی استحکام ہے اور کمپنی کے مالی اثاثوں اور ادائیگیوں میں کوئی کمی نہیں پائی گئی۔

صنعت کو بچانے کے لیے حکومت پاکستان نے واضح اور دور رس فیصلے کئے۔ معیشت کی بحالی کے لیے اسٹیٹ بینک نے کچھ عملی اقدام اٹھائے اور پالیسی ریٹ کم کئے اور ایک سال کے لئے قرضوں کی ادائیگی کو مؤخر کیا۔ کمپنی نے ان سہولتوں سے فائدہ اٹھایا جس سے کمپنی کا کیش فلو بہتر ہوا اور آپریشنل سرگرمیاں آسانی سے دوبارہ شروع کرنے میں مدد ملی۔

کاروباری کارکردگی پر COVID کے مجموعی منفی اثر کی وجہ سے اس رپورٹنگ سال میں ایسوسی ایٹ کمپنیوں کے منافع میں بھی نمایاں کمی واقع ہوئی۔

مختصر مالی کارکردگی مندرجہ ذیل ہے۔

آپریٹنگ نتائج کی تفصیل	30 جون 2020	30 جون 2019

Sustainability Report

DIRECTORS MESSAGE:

For the year 2019- 2020 and onwards, we are pleased to present the links between sustainability and long-term value development by combining our annual financial and sustainability reporting in an integrated annual report. Integrated Reporting has been developed and promoted by the International Integrated Reporting Council (IIRC), a global coalition of regulators, investors, companies, standard setters, the accounting profession and non-governmental organizations.

This non-traditional reporting framework is based on the concept that financial capital is not enough to indicate an organizational success, factors such as non-financial capital when combined with the financial capital give a long term and a transparent picture of the success factors and the competitive advantage.

We believe that by following this framework we will be able to create a more precise picture of how the interactions between financial, ecological, social and governance factors impact on long-term corporate success.

SUSTAINABILITY FRAMEWORK

Our Sustainability Framework comprises of our three pillars; People, Planet and Processes strengthened with good corporate governance and responsible business culture based on shared value practices.

Our sustainability vision is embodied in our tagline 'Sustainable Innovation In Every Thread', is all about creating and developing long-term sustainability innovatively in every product, process and operations.

We believe that a company has to be innovative in order to become sustainable and thus innovation is the driving force for our success alongside the sustainable alignment of our businesses. As a high performing company, we have various challenges and we meet them all through sustainable solutions. This is the reality we live in and is also an integral part of our thinking and our actions.

This pandemic has disrupted businesses, live hoods and communities worldwide which gave us the chance to act proactively and address the social and environmental issues at top priority.

TOWARDS 100% RENEWABLE ENERGY

We are a strong advocate when it comes to reducing carbon foot print and using renewable energy. We are continuously working on energy conservation models, improving energy efficiency and installing on-site solar PV.

We believe that renewable solutions are critical for a sustainable future and thus we are now operating at a 3.5 MW solar PV, with reduction in 1200 CO₂ tons carbon footprint, 1840 MWh annual production and reduction in operating costs.

Our solar energy is equipped with latest innovative technology; half-cell PVs, cloud based monitoring systems and updated structures assisting as major contributors in the socioeconomic development.

We plan to add another 3.5 MW before the closing of next financial year.

GREEN OFFICE

We have set up a practical Environmental Management System (EMS) for our office with collaboration with WWF Pakistan with the aim to make it more environmentally friendly by continuously reducing environmental burden and use of natural resources as well as trying to positively influence the preservation of biodiversity.

Currently we have worked on paper free environment by introducing Human Resource Information Systems which has led to a significant reduction in paper usage. Furthermore, we have recently incorporated archiving in our ERP system. Electricity conservation strategies are followed as a part of our routine. We are in the process to manage waste; paper, plastic and organic separately, its disposable and recycling of non-biodegradable waste. We are also working on Green Purchase Policy for procurement of environmentally friendly products and building relationships with suppliers committed to responsible supply chains. It is also a

part of our culture to celebrate all international days related to environment, food, planet and society.

GREEN BUILDINGS

Infrastructure plays a vital role in the operations of the business and therefore having sustainability at the ground level is what we envision to do. In our new upcoming projects, we plan to build sustainable infrastructure; green buildings with an aim for Gold level certification from LEED (Leadership in Energy and Environmental Design), a leading international certification standard.

SUPPLY CHAIN

To effectively address the wide-ranging challenges of a sustainable supply chain and identify synergies, we continue to conduct pilot audits by qualified external auditors and address all the gaps. Time and motion studies are also conducted to improve efficiency of the process and also the workers.

Sustainability of the supply chain is ensured through various steps such as using energy efficient fans, reducing waste water and using compressed air for effective processing.

NATURAL ENVIRONMENT AND REDUCING WASTE

15 water filtration plants are installed at various sites for the society for clean drinking water catering to 166 thousand people daily, leading to reduction in potential risk of disease occurrence and increasing living standards.

To maintain the natural habitat, approximate 3000 trees are planted at various locations in Multan including parks with a target to plant 10,000 trees in the next financial year. Other than this, we have contributed to the maintenance of many parks, green belts and different localities of Multan also converting a 103 sq. meters' land to a sports complex open to local public with various sports facilities.

Various steps are taken to reduce and reuse waste water and for this reason waste water management is being practiced to launch ETP for further preservation and efficient use of water resources.

We are committed to reduce food wastage through practical steps such as creating awareness, feeding the hunger with surplus food and proactive planning.

HEALTH, SAFETY & ENVIRONMENT

We managed to proactively implement all possible SOPs related to coronavirus as recommended by WHO at workplace even before the pandemic hit Pakistan. The SOPs are strictly followed since then. We have various HSE related certifications such as Inditex, which is a social audit and one of the difficult ones to achieve.

HUMAN CAPITAL

We are committed to invest in human capital and also serve the society alongside. Education is given high importance and in collaboration with Care Foundation, we are running three schools in Kabirwala and one in Muzaffargarh with subsidized model catering to 1000 students along with sponsoring education funds to many deserving students.

In collaboration with Foster Learning Pakistan, we recently organized Literacy Training Program for our 300 low literate skilled workers with a target to reach 2000 by the end of next fiscal year. Women working at the mills are also given special up skilling trainings every week.

Other projects related to women and youth empowerment are in pipeline such as different vocational trainings especially for females residing at the colonies and kitchen gardening.

ACKNOWLEDGEMENT

We would like to sincerely thank all our stakeholders for their value creation especially in this tough time. We further plan to add value as we foresee our company as an equal opportunity employer and thus we give priority female hiring based on merit as we believe that they equally play a part in country's economy and add a significant value. The company is also focusing on creating diversity by giving employment to the marginalized population. We are committed to remain at forefront to attain a positive change for our stakeholders and the society as a whole.

Mahmood Textile Mills Limited
For the year ended 30 June 2020

Independent Auditors' Review Report to the Members of Mahmood Textile Mills Limited Review Report on the Statement of Compliance Contained in Listed Companies (Code of Corporate Governance) Regulations, 2017

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of Mahmood Textile Mills Limited (“the Company”) for the year ended June 30, 2020 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements, we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended June 30, 2020.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, the statement of profit or loss, the statement of other comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2020 and of the profit, other comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the Key Audit Matters:

Sr. No.	Key Audit Matters	How the matter was addressed in our audit
----------------	--------------------------	--

1.	Revenue	Our audit procedures included the following:
-----------	----------------	---

<p>Refer note 25 to the financial statements relating to revenue. The Company is engaged in production and sale of yarn and cloth and has recognized revenue of Rs. 24,465 million for the year ended June 30, 2020.</p>	<p>The Company generates revenue from export and local sale of yarn, fabric and waste. Revenue from sale of goods is recognized when the Company satisfies the performance obligation under the contract by transferring the promised goods to the customers. Revenue recognition criteria have been explained in note 4.21 to the financial statements.</p>	<ul style="list-style-type: none">- We obtained an understanding of design and operating effectiveness of controls designed to ensure that revenue is recognized in the appropriate accounting period and based on stated accounting policy;
--	--	--

<p>We identified revenue recognition as key audit matter as it is one of the key performance indicators of the Company and because of the potential risk that revenue transactions may not have been recognized on the basis of transfer of control of goods to the customer in line with the accounting policy adopted and may not have been recognized in the appropriate period.</p>	<p></p>	<ul style="list-style-type: none">- We assessed the appropriateness of the Company's accounting policies for revenue recognition and compliance of those policies with applicable accounting standards;
---	---------	---

<p></p>	<p></p>	<ul style="list-style-type: none">- We compared on a sample basis, specific revenue transactions recorded before and after the reporting date with underlying documentation to assess whether revenue has been recognized in the appropriate accounting period;- We checked on a sample basis the recorded sales transactions with underlying supporting documents; and- We further assessed the adequacy of related disclosures in the financial statements.
---------	---------	---

Sr. No. Key Audit Matters**2. Covid - 19**

Refer to note 43 to the financial statements relating to impact of Covid – 19. The COVID-19 pandemic caused significant and unprecedented curtailment in economic and social activities particularly during the period from March 2020 to May 2020 in line with the directives of the Government. This situation posed a range of business and financial challenges to the businesses globally and across various sectors of the economy in Pakistan. The Company's operations were disrupted for a short period of time due to the circumstances arising from COVID-19. In view of the unique nature of these events and its possible impacts on the business operations and financial reporting we considered this area as a key audit matter to identify specific risks in relation to the financial statements and devise our audit strategy accordingly.

3. Trade Debts

Refer notes 4.8 and 11 to the financial statements relating to valuation of trade debts. The Company has significant amount of trade debts outstanding as at June 30, 2020, which have increased significantly as compared to last year. The Company has the policy to recognize provision against doubtful trade debts on the basis of loss allowance for Expected Credit Loss (ECL). We identified recoverability of trade debts as a key audit matter as it involves significant management's judgment in determining the recoverable amount.

4. Borrowings

Refer to note 18 and 22 to the financial statements relating to long term financing and short term borrowings. The Company has significant amount of long term

financing and short term borrowings from various commercial Banks amounting to Rs. 5.497 billion and Rs. 8.944 billion (including current portion of long term financing) respectively being 86% of total liabilities, as at the reporting date.

How the matter was addressed in our audit

Our audit procedures included the following:

- We discussed with the senior management about the impacts of COVID-19 on the business operations, financial condition, liquidity and operating performance of the Company;
- We identified key financial statement items which may require additional audit considerations due to the COVID-19. In this regard, we considered the realizable value of inventories and recoverability of trade receivables, which were impacted by the lockdowns imposed by the Government and distressed demand in global economy;
- We checked the sale of the inventories subsequent to the year end to evaluate the realizable-value of inventory held as at 30 June 2020; and
- We assessed the adequacy of allowance for net realizable value made in respect of the inventory held as at 30 June 2020.

Our audit procedures included the following:

- We obtained an understanding of design and implementation of management's key internal controls relating to credit control process;
- We obtained an understanding of the management's process for the debtors collection and determination of the provision for ECL;
- We assessed the method used by the Company for the recognition of provision for doubtful debts as allowable under IFRS 9 and assess the reasonableness of assumptions of ECL;
- We tested the accuracy of the data provided to us by the management and performed test of details and analytical procedures on sample basis; and
- We further assessed the adequacy of related disclosures in the financial statements.

Our audit procedures included the following:

- We reviewed the loan agreements and facility letters to ascertain the terms and

conditions of repayment, rates of markup used and disclosed by management for finance costs and to ensure that the borrowings have been approved at appropriate level;

Sr. No. Key Audit Matters

Given the significant level of borrowings and related finance costs, along with compliance with various loan covenants, this is considered to be a key audit matter.

How the matter was addressed in our audit

- We verified the disbursements and repayments made by the Company during the year on sample basis to confirm that repayments are being made on time and no default have been made;
- We assessed the procedures designed by management to comply with the debt covenants and performed covenant testing on sample basis;
- We obtained confirmation from Banks of the Company to confirm balances, terms & conditions stated in the facility offer letter and compliance thereof;
- We performed analytical procedures, recalculations and other related procedures for verification of finance costs;
- We ensured that the outstanding liabilities have been properly classified and terms of the financing have been adequately disclosed in the financial statements; and
- We further assessed the adequacy of related disclosures in the financial statements.

Information Other than the Financial Statements and Auditors' Report Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the statement of profit or loss, the statement of other comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) no zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

The engagement partner on the audit resulting in this independent auditors' report is Mr. Talat Javed.

Notes To The Financial Statements

FOR THE YEAR ENDED JUNE 30, 2020

1. **LEGAL STATUS AND OPERATIONS**

Mahmood Textile Mills Limited (the Company) was incorporated in Pakistan on February 25, 1970 as a Public Company under the Companies Act, 1913 (now the Companies Act, 2017) and its shares are quoted on Pakistan Stock Exchange Limited. The Company is principally engaged in manufacture and sale of yarn and grey cloth.

Geographical location and addresses of business unit / mills:

Registered office / Head office

Mehr Manzil, Lohari Gate, Multan

Regional Office

2nd floor, Cotton Exchange Building, I.I. Chundrigarh Road, Karachi

Mills

- Mahmoodabad, Multan Road, Muzaffargarh
- Masoodabad, D.G. Khan Road, Muzaffargarh
- Chowk Sarwar Shaheed, District Muzaffargarh
- Industrial Estate, Multan

2. **BASIS OF PREPARATION**

2.1 Statement of compliance

The financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise:

- International Financial Reporting Standards (IFRS) issued by the International Accounting Standard Board (IASB) as notified under the Companies Act 2017; and
- Provision of and directives issued under the Companies Act, 2017.

Where provision of and directives issued under the Companies Act, 2017 differ from the IFRS, the provision of and directives issued under the Companies Act, 2017 have been followed.

2.2 Basis of measurement

These financial statements have been prepared under the historical cost convention except disclosed otherwise in the accounting policy notes.

2.3 Functional and presentation currency

These financial statements are presented in Pak Rupee, which is the Company's functional and presentation currency. All financial information presented in Pak Rupees has been rounded to the nearest Rupee unless otherwise stated.

2.4 Critical accounting estimates and judgments

The preparation of financial statements in conformity with approved accounting standards requires management to make judgments, estimates and assumptions that affect the application of policies and the reported amount of assets, liabilities, income and expenses. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are detailed below:

Notes To The Financial Statements

FOR THE YEAR ENDED JUNE 30, 2020

(a) Property, plant and equipment

The Company reviews appropriateness of the rates of depreciation, useful lives and residual values for calculation of depreciation on an on-going basis. Further, where applicable, an estimate of recoverable amount of asset is made if indicators of impairment are identified.

(b) Stores & spares and stock-in-trade

The Company estimates the net realizable value of stores & spares and stock-in-trade to assess any diminution in the respective carrying values. Net realizable value is determined with reference to estimated selling price less estimated expenditure to make sale.

(c) Income taxes

In making the estimates for income taxes, the Company takes into account the current income tax law and decisions taken by appellate authorities on certain issues in the past. There may be various matters where the Company's view differs with the view taken by the income tax department at the assessment stage and where the Company considers that its view on items of a material nature is in accordance with the law. The difference between the potential and actual tax charge, if any, is disclosed as a contingent liability.

2.5 No critical judgment has been used in applying the accounting policies.

3. APPLICATION OF NEW AND REVISED INTERNATIONAL FINANCIAL REPORTING STANDARDS

3.1 New accounting standards / amendments to approved accounting standards for current year

New and amended standards mandatory for the first time for the financial year beginning from July 1, 2019:

- (a)** The Company has adopted IFRS 16 'Leases' from July 01, 2019. The standard introduces a single, on-balance sheet accounting model for leases. As a result, the Company as a lessee has recognised right-of-use assets representing its right to use the underlying assets and lease liabilities representing its obligations to make lease payments. The standard removes distinction between operating and finance leases and requires recognition of an asset (the-right-of use the leased item) and a financial liability to pay rentals for virtually all lease contracts. An optional exemption exists for short-term and low-value leases. The accounting by lessors does not significantly changed.
- (b)** Amendments to IAS 19, 'Employee benefits' on plan amendment, curtailment or settlement', are effective for periods beginning on or after January 01, 2019. These amendments require an entity to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and recognise in statement of profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling. The amendments do not have any material impact on the Company's financial statements.
- (c)** Amendment to IAS 23 'Borrowing Costs', as part of the annual improvements 2017 applicable for annual periods beginning on or after January 1, 2019. The amendments clarify that the general borrowings pool used to calculate eligible borrowing costs excludes only borrowings that specifically finance qualifying assets that are still under development or construction. Borrowings that were intended to specifically finance qualifying assets that are now ready for their intended use or sale or any non qualifying assets are included in that general pool. This amendment will be applied prospectively to borrowing costs incurred on or after the date an entity adopts the amendments.

The other new standards, amendments to published accounting and reporting standards and interpretations that are mandatory in Pakistan for the financial year beginning on July 1, 2019 are considered not to be relevant or to have any significant effect on the Company's financial reporting and operations.

Notes To The Financial Statements

FOR THE YEAR ENDED JUNE 30, 2020

3.2 Standards, amendments to approved accounting standards and interpretations that are not yet effective and have not been early adopted by the Company

There are certain standards, amendments to the IFRSs and interpretations that are mandatory for companies having accounting periods beginning on or after July 01, 2020 but are considered not to be relevant or to have any significant effect on the Company's operations and are, therefore, not detailed in these financial statements, except for the following:

- (a) Amendments to IAS 1, 'Presentation of financial statements' and IAS 8, Accounting Policies, Changes in Accounting Estimates and Errors is applicable on accounting periods beginning on or after January 1, 2020. The amendments are intended to make the definition of material in IAS 1 easier to understand and are not intended to alter the underlying concept of materiality in IFRSs. In addition, the IASB has also issued guidance on how to make materiality judgments when preparing their general purpose financial statements in accordance with IFRSs.
- (b) The International Accounting Standards Board (the IASB) has issued a revised Conceptual Framework for Financial Reporting which is applicable immediately contains changes that will set a new direction for IFRS in the future. The Conceptual Framework primarily serves as a tool for the IASB to develop standards and to assist the IFRS Interpretations Committee in interpreting them. It does not override the requirements of individual IFRSs and any inconsistencies with the revised Framework will be subject to the usual due process this means that the overall impact on standard setting may take some time to crystallise. The Companies may use the Framework as a reference for selecting their accounting policies in the absence of specific IFRS requirements. In these cases, Companies should review those policies and apply the new guidance retrospectively as of January 01, 2020, unless the new guidance contains specific scope outs.
- (c) Amendments to IAS 37 'Provisions, Contingent Liabilities and Contingent Assets' is applicable for accounting periods beginning on or after January 1, 2022. Under IAS 37, a contract is 'onerous' when the unavoidable costs of meeting the contractual obligations i.e. the lower of the costs of fulfilling the contract and the costs of terminating it outweigh the economic benefits. The amendments clarify that the 'costs of fulfilling a contract' comprise both the incremental costs e.g. direct labour and materials; and an allocation of other direct costs e.g. an allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract. The amendments are not likely to have any material impact on the Company's financial statements.
- (d) Amendments to IAS 16 'Property, Plant and Equipment' effective for the annual period beginning on or after January 1, 2022. These amendments clarifies that sales proceeds and cost of items produced while bringing an item of property, plant and equipment to the location and condition necessary for it to be capable of operating in the manner intended by management e.g. when testing etc, are recognized in profit or loss in accordance with applicable Standards. The entity measures the cost of those items applying the measurement requirements of IAS 2. The standard also removes the requirement of deducting the net sales proceeds from cost of testing. The amendment is not likely to have any material impact on the Company's financial statements.

There are a number of other standards, amendments and interpretations to the published standards that are not yet effective and are also not relevant to the Company and, therefore, have not been presented here.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies adopted in the preparation of these financial statements are set-out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Notes To The Financial Statements

FOR THE YEAR ENDED JUNE 30, 2020

4.1 Property, plant and equipment

Property, plant and equipment except leasehold land, freehold land, buildings on freehold land, buildings on leasehold land, and capital work in progress are stated at cost less accumulated depreciation and impairment loss, if any.

Leasehold land and freehold land are stated at revalued amount being the fair value at the date of revaluation.

Buildings on freehold land and buildings on leasehold lands are stated at revalued amount being the fair value at the date of revaluation, less accumulated depreciation and impairment losses, if any. Revaluations are performed with sufficient regularity so that the fair value and carrying value do not differ materially at the reporting date. Any revaluation increase arising on the revaluation of such asset is recognized in other comprehensive income and accumulated in revaluation surplus in shareholders' equity. Decreases that reverse previous increases of the same asset are first recognized in other comprehensive income to the extent of the remaining surplus attributable to the asset; all other decreases are charged to the statement of profit or loss. To the extent of incremental depreciation charged on revalued assets, the related surplus on revaluation is transferred directly to unappropriated profit.

Depreciation is taken to statement of profit or loss applying reducing balance method so as to write-off the depreciable amount of an asset over its remaining useful life at the rates stated in note 7.1. The assets' residual values and useful lives are reviewed at each financial year-end and adjusted if impact on depreciation is significant.

Depreciation on additions to property, plant and equipment is charged from the month in which an asset is acquired or capitalized while no depreciation is charged for the month in which the asset is disposed-off.

Normal repairs and replacements are taken to statement of profit or loss. Major improvements and modifications are capitalized and assets replaced, if any, other than those kept as stand-by, are retired.

Gain / loss on disposal of property, plant and equipment, if any, is taken to statement of profit or loss.

Capital work in progress is stated at cost less any recognized impairment loss, if any. All expenditure connected with specific assets incurred during installation and construction period are carried under capital work in progress. These are transferred to specific assets as and when these assets are available for use.

4.2 Government grants

The benefit of a government loan at a below-market rate of interest is treated as a government grant. The loan is recognised and measured in accordance with IFRS 9 Financial Instruments. The benefit of the below-market rate of interest is measured as the difference between the initial carrying value of the loan determined in accordance with IFRS 9 and the proceeds received. The benefit is accounted for in accordance with IAS 20 Accounting for Government Grants and Disclosure of Government Assistance. The entity considers the conditions and obligations that have been, or must be, met when identifying the costs for which the benefit of the loan is intended to compensate.

4.3 Right-of-use assets

Right-of-use assets are initially measured based on the initial amount of the lease liabilities adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentive received. The right-of-use assets are depreciated over the lease term on the expected pattern of consumption of future economic benefits. The carrying amount of the right-of-use asset is reduced by impairment losses, if any.

4.4 Leases

Until June 30, 2019, leases were classified as either finance or operating leases. Payments made under operating leases were charged to the statement of profit or loss on a straight-line basis over the period of the lease.

Notes To The Financial Statements

FOR THE YEAR ENDED JUNE 30, 2020

Under IFRS 16, leases are recognised as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Company. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the statement of profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period. The right-of-use asset is depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis.

Payments associated with short-term leases and leases of low-value assets are recognised on a straight-line basis as an expense in the statement of profit or loss. Short-term leases are leases with a lease term of 12 months or less.

4.5 Investments in Associated Companies

Investments in Associated Companies are accounted for by using equity basis of accounting, under which the investments in Associated Companies are initially recognized at cost and the carrying amounts are increased or decreased to recognize the Company's share of profit or loss of the Associated Companies after the date of acquisition. The Company's share of profit or loss and other comprehensive income of the Associated Companies is recognized in the Company's statement of profit or loss and other comprehensive income respectively. Distributions received from Associated Companies reduce the carrying amount of investments.

The carrying amount of investments is tested for impairment by comparing its recoverable amount (higher of value in use and fair value less cost to sell) with its carrying amount and loss, if any, is recognized in statement of profit or loss.

4.6 Stores, spares and loose tools

Stores, spares and loose tools are stated at the lower of cost and net realizable value. The cost of inventory is based on moving average cost. Items in transit are stated at cost accumulated upto the reporting date. The Company reviews the carrying amount of stores, spares and loose tools on a regular basis and provision is made for identified obsolete and slow moving items.

4.7 Stock-in-trade

Basis of valuation are as follows:

<u>Particulars</u>	<u>Mode of valuation</u>
--------------------	--------------------------

Raw materials:

- | | |
|--------------|---|
| - At mills | - At lower of annual average cost of both local and imported stocks and net realizable value. |
| - In transit | - At cost accumulated upto the reporting date. |

Work-in-process - At manufacturing cost.

Finished goods - At lower of cost and net realizable value.

Waste - At net realizable value.

- Cost in relation to work-in-process and finished goods consists of prime cost and appropriate production overheads. Prime cost is allocated on the basis of annual average cost.
- Provision for obsolete and slow moving stock-in-trade is determined based on the management's assessment regarding their future usability.
- Net realizable value signifies the selling price in the ordinary course of business less cost of completion and cost necessary to be incurred to effect such sale.

4.8 Trade debts and other receivables

Trade debts are initially recognized at original invoice amount, which is the fair value of consideration to be received in future and subsequently measured at cost less loss allowance, if any.

Notes To The Financial Statements

FOR THE YEAR ENDED JUNE 30, 2020

The Company always measures the loss allowance for trade debts at an amount equal to lifetime expected credit losses (ECL). The expected credit losses on trade debts are estimated using a provision matrix by reference to past default experience of the debtor and an analysis of the debtor's current financial position, adjusted for factors that are specific to the debtors, general economic conditions of the industry in which the debtors operate and an assessment of both the current as well as the forecast direction of conditions at the reporting date.

There has been no change in the estimation techniques or significant assumptions made during the current reporting period.

Trade debts and other receivables considered irrecoverable are written off.

4.9 Cash and cash equivalents

Cash and cash equivalents are carried in the statement of financial position at cost. For the purpose of statement of cash flows, cash and cash equivalents consist of cash in hand and balances with banks.

4.10 Borrowings and borrowing cost

Borrowings are recognized initially at fair value, net of transaction costs incurred and are subsequently measured at amortized cost using the effective interest method.

Borrowing costs are recognized as an expense in the period in which these are incurred except to the extent of borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset. Such borrowing costs, if any, are capitalized as part of the cost of that asset.

4.11 Staff retirement benefits

The Company operates an un-funded gratuity scheme for all its eligible employees. Provision is made annually to cover obligation under the scheme. The payable balance of gratuity is fully paid to the employees on annual basis.

4.12 Trade and other payables

Trade and other payables are initially measured at cost, which is the fair value of the consideration to be paid in future for goods and services, whether or not billed to the Company.

4.13 Provisions

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

4.14 Taxation

(a) Current

Provision for current year's taxation is determined in accordance with the prevailing law of taxation on income enacted or substantively enacted by the end of the reporting period and is based on current rates of taxation being applied on the taxable income for the year, after taking into account tax credits and rebates available, if any, and taxes paid under the Final Tax Regime. The tax charge also includes adjustments, where necessary, relating to prior years which arise from assessments finalized during the year.

(b) Deferred

The Company accounts for deferred taxation using the liability method on temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the financial statements. Deferred tax liability is recognized for taxable temporary differences and deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized. Deferred tax is charged or credited to the statement of profit or loss.

Notes To The Financial Statements

FOR THE YEAR ENDED JUNE 30, 2020

Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

4.15 Dividend and appropriation to reserves

Dividend distribution to the Company's shareholders and appropriation to reserves are recognized in the period in which these are approved.

4.16 Financial assets

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those to be measured at amortized cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

a) Initial recognition and measurement of financial assets

All financial assets are recognized at the time when the Company becomes a party to the contractual provisions of the instrument. Financial assets are initially recognized at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognized at fair value and transaction costs are expensed in the profit or loss.

i) Equity instruments

The Company subsequently measures all equity investments at fair value for financial instruments quoted in an active market, the fair value corresponds to a market price (level 1).

For financial instruments that are not quoted in an active market, the fair value is determined using valuation techniques including reference to recent arm's length market transactions or transactions involving financial instruments which are substantially the same (level 2), or discounted cash flow analysis including, to the greatest possible extent, assumptions consistent with observable market data (level 3).

- Fair value through other comprehensive income (FVTOCI)

Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVTOCI are not reported separately from other changes in fair value.

- Fair value through profit or loss (FVTPL)

Changes in the fair value of equity investments at fair value through profit or loss are recognized in other income / (other expenses) in the statement of profit or loss as applicable.

Dividends from such investments continue to be recognized in profit or loss as other income when the Company's right to receive payments is established.

ii) Debt instruments

Subsequent measurement of debt instrument depends on the Company's business model for managing the assets and the cash flows characteristics of the assets. Three categories in which the Company classifies its debt instruments are:

- Amortized cost

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. Interest income from these financial assets is included in other income using the effective interest rate method.

Notes To The Financial Statements

FOR THE YEAR ENDED JUNE 30, 2020

- ***Fair value through other comprehensive income (FVTOCI)***

Financial assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVTOCI.

- ***Fair value through profit or loss (FVTPL)***

Financial assets that do not meet the criteria for amortized cost or FVTOCI are measured at FVTPL.

Gains and losses arising on debt instrument measured at amortized cost and as FVTPL are recognized in profit or loss. Interest calculated under effective interest method, dividend, impairment and foreign exchange gains and losses on these debt instrument are also recognized in profit or loss. Gains and losses from changes in fair value of debt instruments measured as FVTOCI are recognized in other comprehensive income and are reclassified to profit or loss on derecognition or reclassification.

b) Derecognition of financial assets

Financial assets are derecognized when the rights to receive cash flows from the assets have expired or have been transferred and the Company has transferred substantially all risks and rewards of ownership.

4.17 Financial liabilities

Financial liabilities are recognized at the time when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities at amortized costs are initially measured at fair value minus transaction costs. Financial liabilities at fair value through profit or loss are initially recognized at fair value and transaction costs are expensed in the profit or loss.

4.18 Impairment of financial assets

The Company recognizes a loss allowance for ECL on trade debts. The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial assets.

The Company always recognizes lifetime ECL for trade debts. The ECL on these financial assets are estimated using a provision matrix based on the Company's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate.

For all other financial assets, the Company recognizes lifetime ECL when there has been a significant increase in credit risk since initial recognition. However, if the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month ECL. The assessment of whether lifetime ECL should be recognized is based on significant increases in the likelihood or risk of a default occurring since initial recognition instead of on evidence of a financial asset being credit-impaired at the reporting date.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of a financial instrument. In contrast, 12-month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

i) Significant increase in credit risk

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Company considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

Notes To The Financial Statements

FOR THE YEAR ENDED JUNE 30, 2020

For financial guarantee contracts, the date that the Company becomes a party to the irrevocable commitment is considered to be the date of initial recognition for the purposes of assessing the financial instrument for impairment. In assessing whether there has been a significant increase in the credit risk since initial recognition of a financial guarantee contracts, the Company considers the changes in the risk that the specified debtor will default on the contract.

The Company regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

The Company assumes that the credit risk on a financial instrument has not increased significantly since initial recognition if the financial instrument is determined to have low credit risk at the reporting date. A financial instrument is determined to have low credit risk if:

- a) The financial instrument has a low risk of default,
- b) The borrower has a strong capacity to meet its contractual cash flow obligations in the near term, and
- c) Adverse changes in economic and business conditions in the longer term may, but will not necessarily; reduce the ability of the borrower to fulfil its contractual cash flow obligations.

ii) Definition of default

The Company employs statistical models to analyze the data collected and generate estimates of probability of default ("PD") of exposures with the passage of time. This analysis includes the identification for any changes in default rates and changes in key macro-economic factors across various geographies of the Company.

iii) Credit-impaired financial assets

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- a) significant financial difficulty of the issuer or the borrower;
- b) a breach of contract, such as a default or past due event (see (ii) above);
- c) the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider;
- d) it is becoming probable that the borrower will enter bankruptcy or other financial re-organization; or
- e) the disappearance of an active market for that financial asset because of financial difficulties.

iv) Write-off policy

The Company writes off a financial asset when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery.

v) Measurement and recognition of ECL

The measurement of ECL is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information as described above. As for the exposure at default, for financial assets, this is represented by the assets' gross carrying amount at the reporting date; for financial guarantee contracts, the exposure includes the amount drawn down as at the reporting date, together with any additional amounts expected to be drawn down in the future by default date determined based on historical trend, the Company's understanding of the specific future financing needs of the debtors, and other relevant forward-looking information.

For financial assets, the expected credit loss is estimated as the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original effective interest rate.

Notes To The Financial Statements

FOR THE YEAR ENDED JUNE 30, 2020

4.19 Off-setting

Financial assets and liabilities are off-set and the net amount is reported in the financial statements only when there is a legally enforceable right to set-off the recognized amounts and the Company intends either to settle on a net basis or to realize the assets and to settle the liabilities simultaneously.

4.20 Foreign currency translations

Foreign currency transactions are recorded in Pak Rupees using the exchange rates prevailing at the dates of transactions. Monetary assets and liabilities in foreign currencies are translated in Pak Rupees at the rates of exchange prevailing at the reporting date. Exchange gains and losses are taken to statement of profit or loss.

4.21 Revenue recognition

The Company policy for revenue recognition under different contracts with customers stands amended as follows:

Sale of Goods

The Company sold its products in separately identifiable contracts. The contracts entered into with the customers generally includes one performance obligation i.e. the provision of goods to the customer.

Revenue from local sale of goods is recognized when the Company satisfies a performance obligation under a contract by transferring promised goods to the customer. Goods are considered to be transferred at the point in time when the customer obtains control over the goods (i.e. on dispatch of goods from the mills to the customer). Revenue from the export sale of goods is recognized at the point in time when the customer obtains control over the goods dependent on the relevant incoterms of shipment. Generally it is on the date of bill of lading or at the time of delivery of goods to the destination port.

Rendering of Services

Revenue from contracts for provision of the services is recognized at the point in time when the processed goods are dispatched from the mills to the customer.

Export rebate

Export rebate income is recognized on accrual basis as and when the right to receive the income establishes.

Return on Bank deposits

Return on bank deposits / interest income is recognized using applicable effective interest rate method. Income is accrued as and when the right to receive the income is established.

4.22 Impairment of non-financial assets

Non-financial assets are reviewed at each reporting date to identify circumstances indicating occurrence of impairment loss or reversal of previous impairment losses, if any. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less cost to sell and value in use. Reversal of impairment loss is restricted to the original cost of the asset.

4.23 Segment reporting

A business segment is a group of assets and operations engaged in providing products that are subject to risk and returns that are different from those of other business segments. Management has determined the operating segments based on the information that is presented to the Chief Operating Decision Maker of the Company for allocation of resources and assessment of performance. Based on internal management reporting structure and products being produced and sold, the Company has been organized into two operating segments i.e. spinning and weaving.

Notes To The Financial Statements

FOR THE YEAR ENDED JUNE 30, 2020

Management monitors the operating results of above mentioned segments separately for the purpose of making decisions about resources to be allocated and for assessing performance. Segment results and assets include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Finance cost, other income and expenses and taxation are managed at the Company level. Unallocated assets mainly include long term investments, long term deposits, tax refunds due from the Government and cash & bank balances.

5. CHANGES IN ACCOUNTING POLICIES

IFRS 16 'Leases'

The Company previously classified leases as operating or finance leases based on its assessment of whether the lease transferred substantially all of the risks and rewards of ownership. Upon adoption of IFRS 16 the Company recognizes right-of-use assets and lease liabilities for leases on the statement of financial position. On initial application, the Company has also elected to use the recognition exemptions for lease contracts that, at the commencement date, have a lease term of 12 months or less and do not contain a purchase option ('short-term leases'), and lease contracts for which the underlying asset is of low value ('low-value assets'). Some of the lease contracts of the Company are extendable through mutual agreement between the Company and the lessor or cancellable by both parties immediately or on short notice. In assessing the lease term, the Company concluded that such contracts are of short-term in nature.

5.1 Effect of change in accounting policy

The Company did not have any property leases arrangement therefore adoption of IFRS 16 at July 01, 2019 did not have an effect on the financial statements of the Company

6. RESTATEMENT OF PRIOR YEAR FINANCIAL STATEMENTS

During the year the Company has corrected a prior period error and accounted for deferred taxation on investment in associate (Orient Power Company (Private) Limited) in accordance with the requirement of IAS-12 Income taxes. The adjustment has been made retrospectively and comparative figures have been restated in accordance with IAS-8 Accounting policies Changes in Accounting Estimates and Errors.

Similarly the impact of bonus shares issue have also been applied retrospectively.

The impact of re-statements on prior year figures are as follows:

	<i>Balance as reported earlier</i>	<i>Effect of restatement</i>		<i>Restated Balance</i>

24. CONTINGENCIES AND COMMITMENTS

24.1 Guarantees given by various commercial banks, in respect of financial and operational obligations of the Company, to various institutions and corporate bodies aggregated Rs. 783.858 million as at June 30, 2020 (2019: Rs. 673.592 million).

24.2 Sui Northern Gas Pipelines Limited (SNGPL) had raised arrears demand aggregating Rs.75.221 million from the Company against the charge that sui gas meter of the Company was not working properly. The Company challenged the said demand by filing a petition before the General Manager SNGPL, Lahore (the GM). Now the case has been referred to Gas Utility Court ("the Court") as per the requirement of Gas (Theft control and Recovery) Act, 2016 and as per direction of the Court, the Company has deposited Rs. 75.221 million under protest and grouped it under loans and advances (note 12). If the case is decided in the Company's favour, the Company will receive back the demand paid under protest.

24.3 The Company has filed a petition before the Civil Court, Multan against SNGPL, which has alleged that the Company's gas meter was not functioning properly during the period from May, 2012 to September, 2013. SNGPL has raised demand amounting Rs.1.101 million. The Company's petition is pending adjudication.

24.4 The Company had challenged the imposition of infrastructure cess by the Directorate of Excise & Taxation, Karachi (the Directorate) at the rate of 0.85% of the value of imported goods by filing a suit before the High Court of Sindh at Karachi (the Court). The Court had directed the Company to furnish a bank guarantee covering the disputed amount of cess. The Company, during the period from December 28, 2006 to May 30, 2011, had utilized bank guarantees to the tune of Rs.32.489 million. The Directorate, vide its letter dated July 13, 2011, had requested the Company to furnish a bank guarantee of 50% of the aforementioned amount along with a demand draft for the balance 50% of the aforementioned amount in order to return of the previous bank guarantees.

The Company had submitted a bank draft amounting Rs.16.245 million to the Directorate during September, 2011, which was grouped under loans and advances. Habib Bank Limited, on behalf of the Company in consideration of allowing the release of consignments imported from time to time for the purpose of carriage of goods by road within the province of Sindh, has undertaken and guaranteed to pay an amount of Rs.16.245 million to the Directorate in case if the Court decides that the cess imposed under the Sindh Finance Act, 1994 is lawful and validly imposed. The bank guarantee is valid upto August 15, 2019. The management, during year ended June 30, 2013, had expensed the advance of Rs.16.245 million.

CNY to Rupee	22.53	19.96	23.71	23.76

Sensitivity analysis

At June 30, 2020, if Rupee had strengthened by 10% against U.S.\$, Euro, JPY, CHF and CNY with all other variables held constant, profit before taxation for the year would have been lower by the amount shown below mainly as a result of foreign exchange losses on translation of foreign currency financial assets, whereas profit before taxation for the year would have been higher by the amount shown below mainly as a result of foreign exchange gain on translation of foreign currency financial liabilities.

Effect on profit for the year:

	2020 <i>Rupees</i>	2019 <i>Rupees</i>
U.S.\$ to Rupee	(89,589,035)	(26,109,758)
Euro to Rupee	(1,074,984)	-
JPY to Rupee	-	-
CHF to Rupee	-	-
CNY to Rupee	(5,910,642)	-

Notes To The Financial Statements

FOR THE YEAR ENDED JUNE 30, 2020

The weakening of Rupee against U.S. \$, Euro, JPY, CHF and CNY would have had an equal but opposite impact on profit before taxation.

The sensitivity analysis prepared is not necessarily indicative of the effects on before tax profit for the year and assets / liabilities of the Company.

(b) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of change in market interest rates. At the reporting date, the interest rate profile of the Company's interest bearing financial instruments is as follows:

	2020	2019	2020	2019
	Effective mark-up rate		Carrying amount	
	%		----- (Rupees) -----	
Fixed rate instruments				
Financial assets				
Bank balances at saving accounts	4% to 6%	3% to 7%	128,307	119,223
	2020	2019	2020	2019
	Effective mark-up rate		Carrying amount	
	%		----- (Rupees) -----	
Variable rate instruments				
Financial liabilities				
Long term financing	1% to 15.08%	2.45% to 14.11%	5,662,777,932	3,783,816,358
Short term borrowings	9.08% to 15.56%	7.01% to 13.80%	7,557,816,577	10,848,692,943

Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rate at the reporting date would not affect profit or loss of the Company.

Cash flow sensitivity analysis for variable rate instruments

At June 30, 2020, if interest rate on variable rate financial liabilities had been 1% higher / lower with all other variables held constant, profit before taxation for the year would have been Rs.131.230 million (2019: Rs. 146.325 million) lower / higher, mainly as a result of higher / lower interest expense on variable rate financial liabilities.

(c) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instruments or its issuer or factors affecting all similar financial instruments traded in the market. Company's short term investments may be subject to price risk.

36.3 Credit risk exposure and concentration of credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss, without taking into account the fair value of any collateral. Concentration of credit risk arises when a number of counter parties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations of credit

Notes To The Financial Statements

FOR THE YEAR ENDED JUNE 30, 2020

risk indicate the relative sensitivity of the Company's performance to developments affecting a particular industry. The Company does not have any significant exposure to customers from any single country or single customer.

The trade debts are due from foreign and local customers for export and local sales respectively. Trade debts from foreign customers are secured against letters of credit. Management assesses the credit quality of local and foreign customers, taking into account their financial position, past experience and other factors. For bank balances, financial institutions with strong credit ratings are accepted. Credit risk on bank balances is limited as these are placed with banks having good credit ratings.

36.3.1 Exposure to credit risk

The maximum exposure to credit risk as at June 30, 2020 along with comparative is tabulated below:

	2020 Rupees	2019 Rupees
Long term investments	-	100,000,000
Long term deposits	9,980,881	9,980,881
Trade debts	3,102,628,027	1,685,878,358
Loans and advances	6,690,073	16,690,443
Other receivables	715,604,921	360,358,776
Short term investments	725,341,435	1,370,406,290
Bank balances	39,209,268	18,951,720
	4,599,454,605	3,562,266,468

36.3.2 Trade debts exposure by geographic region

Domestic	1,537,224,636	1,233,564,287
Export	1,565,403,391	452,314,071
	3,102,628,027	1,685,878,358

The majority of export debts of the Company are situated in Asia and Europe.

	2020 Rupees	2019 Rupees
The ageing of trade debts at the year-end was as follows:		
Not past due	2,754,011,718	1,424,168,537
Past due less than 3 months	330,545,320	249,542,287
Past due less than 6 months	10,268,479	8,073,631
Past due more than 6 months	7,802,510	4,093,903
	3,102,628,027	1,685,878,358

The Company always measures the loss allowance for trade debts at an amount equal to lifetime ECL using the simplified approach. The expected credit losses on local trade debts are estimated using a provision matrix by reference to past default experience of the debtor and an analysis of the debtor's current financial position, adjusted for factors that are specific to the debtors, general economic conditions of the industry in which the debtors operate and an assessment of both the current as well as the forecast direction of conditions at the reporting date.

36.4 Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach is to ensure, as far as possible, to always have sufficient liquidity to meet its liabilities when due. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and ensuring the availability of adequate credit facilities. The Company's treasury department aims at maintaining flexibility in funding by keeping committed credit lines available.

Financial liabilities in accordance with their contractual maturities are presented below:

	Carrying amount	Contractual cash flows	Less than 1 year	Between 1 to 5 years	5 years and above

The contractual cash flows relating to the above financial liabilities have been determined on the basis of interest / mark-up rates effective at the respective year-ends. The rates of interest / mark-up have been disclosed in the respective notes to these financial statements.

Notes To The Financial Statements

FOR THE YEAR ENDED JUNE 30, 2020

36.5 Fair value of financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

At June 30, 2020, the carrying values of all financial assets and liabilities reflected in the financial statements approximate to their fair values.

37. FAIR VALUE MEASUREMENTS

The Company measures fair value using valuation techniques that are appropriate in the circumstances and uses observable market data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

	June 30, 2020			June 30, 2019		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3
	----- Rupees -----

Short term investments	725,341,435	-	-	1,370,406,290	-	-

38. CAPITAL RISK MANAGEMENT

The Company's prime objective when managing capital is to safeguard its ability to continue as a going concern so that it can continue to provide returns for shareholders, benefits for other stakeholders and to maintain a strong capital base to support the sustained development of its business.

The Company manages its capital structure by monitoring return on net assets and makes adjustments to it in the light of changes in economic conditions. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend paid to shareholders and / or issue new shares.

The debt-to-equity ratios as at June 30, were as follows:

	2020 Rupees	2019 Rupees
Total debt	14,441,491,732	14,646,902,517
Total equity	8,582,479,217	8,483,898,103
Debt-to-equity ratio	1.68	1.73

There was no change in Company's approach to capital management during the year and the Company is not subject to externally imposed capital requirements except for the maintenance of debt to equity and current ratios under the financing agreements.

43. IMPACT OF COVID-19

World Health Organization declared COVID-19 as a global pandemic and recommended containment and mitigation measures worldwide. This resulted in closure of industries and non-essential services all over the world. This economic crisis attacked various businesses around the world. One of the severely affected industry in Pakistan is Textile Manufacturing that is considered as the second largest employment creating industry after agriculture and accounts for 10% of the total GDP. The Govt. of Pakistan took various precautionary measure to combat the impact of Covid - 19 and also imposed lock down on industries. To protect the industry, SBP also took some proactive measure for the revival of the economy and deferred loan payments for one year with reduction in policy rates. The Company has availed these facilities which helped to ease cash flows of the Company and to resume operational activities smoothly. In this worrisome period the management has devised a Post Traumatic Growth (PTG) strategy to make right decisions at right time. The Company still possess sound financial stability on strong footing and no impairment is found in financial assets and the liabilities of the Company.
