Despite of the global economic slackness and cutthroat competition loss after tax of the Company in quarter ended September 30, 2020 is Rs. 42.43 million as (corresponding period: Rs.86.147 million). The main reasons for this reduction in loss are cost controls and focus on efficient operations.

The Company took strict measures to comply with all the Government provided SOP's before starting the factory. Despite the additional costs of these safety measures, the Company continues to keep the health and safety of our employees as its top priority. We will continue to adopt these measures till the Pandemic is fully eradicated.

#### Acknowledgement

We are grateful to the management and employees of the Company for their hard-work and dedication. We also express our gratitude to our shareholders, bankers, suppliers and valued customers who cooperated with us throughout the period.
