Directors' Review

On behalf of the Board of Directors, we have pleasure in presenting review of performance together with the unaudited accounts of the company for the first quarter ended September 30, 2020

The turnover during the quarter ended was Rs 323.012 million against Rs. 234.52 Million in the same period last year which is an increase of 37.73%. It is very pleasing to note that this is the highest turnover for the company ever in Q1, beating last year's quarter also which was also a record quarter in terms of sales. All segments of the company performed very well with Exercise Books leading the way with a massive 93.78% increase in sales and Pro Labels also did very well with an increase of 21.59% along with Sensitized paper which also saw a rise of 24.29% in sales. The main reason for this massive rise in Exercise Books sales was that schools opened finally in September after a 6 months closure creating very heavy and unprecedented demand for Ex Books and fortunately, we were one of the main suppliers who had the raw material and finished goods to cater to this heavy demand. While we were very pleased with this massive increase in sales which was due to this huge pent up demand but going forward, we are very unsure of how Ex Books sales will progress this year due to continuing Covid 19 uncertainty with many predicting schools' closure again. Pro Labels continues to see impressive growth and the expansion done in May 2020 is also fully booked now and we are again producing well above our installed capacity. It is extremely heartening to see the rebound in the economy from the Covid 19 shock and we hope to see this continued growth in the coming guarters.

The increase in the top line translated all the way down with Gross profit increasing by 150.35%, Net Profit before tax went up to Rs 22.7 million from Rs 0.758 million and NP after Tax went up to Rs 18.33 million from a loss of Rs 1.55 million in the comparable period last year. This massive increase in profits was recorded due to the rise in sales and better margins comparable to last year. Financial charges also decreased by 30.79% to Rs 2.12 million due to lowering interest rates and appreciation in the value of PKR against the USD which led to exchange gain. Overall, the company has performed exceedingly well in this Quarter but due to Covid uncertainty we are not sure how the performance will be in the upcoming Quarters, particularly in respect to Ex Books sales. We do not see very high sales of Ex Books in the next 2 Quarters. The management is striving its best to deal with the situation as it arises and Inshallah if there are no further external shocks then the company will continue with the good performance.

The Board would like to thank all our staff, stakeholders including the financial institutions for their continued support. In addition, the Directors also record their sincere appreciation for the cooperation received from the Regulators i.e. Securities & Exchange Commission of Pakistan (SECP) and Pakistan Stock Exchange Limited.
