REVIEW REPORT ON REVIEW OF INTERIM FINANCIAL STATEMENTS
INDEPENDENT AUDITORS' REVIEW REPORT
TO THE MEMBERS OF DEWAN FAROOQUE MOTORS LIMITED

Introduction

We have reviewed the accompanying Condensed interim Statement of financial Position of Dewan Farooque Motors Limited ("the company") as at December 31, 2020 and the related Condensed interim statement of profit or loss and other comprehensive income, Condensed interim Statement of cash flow, Condensed interim statement of changes in equity and notes to the Condensed interim financial statement for the six months period then ended (hereinafter referred to as the "interim financial statements"). Management is responsible for the preparation and Presentation of these Condensed interim financial statements in accordance with approved accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these interim financial statements based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on review engagements 2410, "Review of interim financial Information performed by the independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis of adverse opinion

- a) The condensed interim financial statements of the company for the period ended December 31, 2020 as disclosed in note 2 to the condensed interim financial Statements reflect loss after taxation of Rs. 98.663 (December 31, 2019: Rs. 97.621) million and as of that date it has accumulated losses of Rs. 4.131 (June 30, 2020: Rs.4.033) billion which resulted in net capital deficiency of Rs. 2.744 (June 30, 2020: Rs. 2.645) billion and its current liabilities exceeded its current assets by Rs. 4.617 (June 30, 2020: Rs. 4.600) billion and total assets by Rs. 2.727 (June 30, 2020: Rs. 2.628) Billion without providing the mark up as refer in below para (b). The operations of the company were closed in intervals between the periods from November 2010 to November 2013 and reclose since February 2014 due to working capital constraints. Furthermore, the company has been unable to ensure timely repayments of debts owing to financial institutions due to liquidity problems and short-term finance facilities have expired and not been renewed by banks. Following course, certain lenders have gone into litigation amounting to Rs. 6.884 billion for repayment of liabilities through attachment and sale of company's hypothecated / mortgaged properties. These conditions lead us to believe that the going concern assumption used in preparation of these financial Statements is inappropriate; consequently, the assets and liabilities should have been stated at their realizable and settlement amounts respectively.
- b) The company has not made provision of mark-up for the year amounting to Rs. 188.738 million (refer note 11) on account of restructuring proposal offered to the lenders as described in note 2 to the financial statements. Non-provisioning of mark-up is based on management's hope that the restructuring proposal will be accepted by lenders in the proposed manner. In our opinion, since the proposal has not been accepted by the lenders so far and the lenders, instead of accepting the restructuring proposal, have preferred filing suits against the company, therefore the provision of mark-up should be made in these financial statements. Had the provision of mark-up been made in the financial statements, the loss after taxation for the year would have been higher by Rs.6.400

billion and mark-up payable would have been higher and shareholders' equity would have been lower by Rs. 6.400 billion.

Adverse Conclusion

Our review indicates that, because of the significance of the matter discussed in paragraph (a) coupled with financial impact of matter discussed in paragraph (b) above, these accompanying interim financial Statements as of and for the six months period ended December 31, 2020 is not prepared, in all material respects, in accordance with approved accounting and reporting standards as applicable in Pakistan for interim financial Reporting.

Other matter

The figures of the condensed interim statement of profit or loss and condensed interim statement of other comprehensive income for the quarters ended December 31, 2020 and December 31, 2019 have not been reviewed and we do not express a conclusion on them, we are required to review only the cumulative figures for the Six month ended December 31, 2020.

The engagement partner on the review **resulting in this independent auditor's** review report is Mohammad Tariq.

NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS

For the half year ended December 31, 2020

1 THE COMPANY AND ITS OPERATION

Dewan Farooque Motors Limited was incorporated in Pakistan on December 28, 1998 as a public limited company. The shares of the company are quoted on all the Pakistan stock exchanges in Pakistan. The principal activity of the Company is the assembly, progressive manufacturing and sale of vehicles in Pakistan.

The Company commenced commercial production through the interim facility from January 01, 2000. The main facility came into commercial operation from January 01, 2001.

On 01 August 2016, the company entered into an agreement with Daenan-Dewan Motor Company (Pvt.) Limited (a related party) for assembly of vehicles on contract basis.

The geographical Location and address of the company's business units, including mill/plant are as under:

The registered office of the Company is situated at Dewan Centre,3-A, Lalazar,Beach Luxury Hotel Road, Karachi while its manufacturing facilities is situated at Jilianabad, Budhu Talpur, District Sajawal, Sindh.

2 GOING CONCERN ASSUMPTION

The company has incurred a loss after taxation of Rs. 98.663 million during the period ended December 31, 2020. As of that date it has accumulated losses of Rs.4.131 billion and its current liabilities exceeded its current asset by Rs. 4.618 billion. Furthermore, cumulatively the company has not provided markup on its borrowings from banks and financial institutions amounting to Rs.6.400 billion. The working capital constraints resulted in closure of production activities leading to gross loss situation. The Company has suspended its production from November 2010 till August 2013 and again closed the production since March 2014. Further, the company has been unable to ensure timely repayments of debts owing to financial institutions due to liquidity problems and the short term facilities have not been renewed by banks/financial institutions. Following course most of the lenders have gone into litigation for repayment of liabilities through attachment and sale of Company's hypothecated / mortgaged properties and certain lenders have also filed winding up petitions. These conditions indicate the existence of material uncertainty, which may cast significant doubt about Company's ability to continue as going concern.

These financial statements have been prepared on going concern assumption because the above conditions are temporary and would reverse. The management is confident that the outcome will be positive as the company is negotiating reprofiling of the debt with all the lenders and is expected to be finalized in due course.

3 BASIS OF PREPARATION

3.1 This condensed interim financial information has been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting with the exception of departure of IFRS as mentioned in note 11, for which the management concludes that provisioning of mark up would conflict with the objectives of the financial statements.

These condensed interim financial statements of the Company for the Six month ended December 31, 2020 have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards applicable in Pakistan for interim financial reporting comprise of International Accounting Standard (IAS) 34, "Interim Financial Reporting", issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017 and provisions of and directives issued under the Companies Act, 2017. Where provisions of and directives issued under the Companies Act, 2017 differ from the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017 have been followed.

3.2 This condensed interim financial information of the Company does not include all of the information required for full annual financial statements and should be read in conjunction with the audited annual separate financial statements of the Company as at and for the year ended 30 June 2020.

3.3 This condensed interim financial information is presented in Pakistan Rupees which is also the Company's functional currency and all financial information presented has been rounded off to the nearest thousand.

3.4 The comparative financial position presented in this condensed interim financial information has been extracted from the audited annual separate financial statements of the Company for the year ended 30 June 2020, whereas the comparative condensed interim profit and loss account, condensed interim statement of comprehensive income, condensed interim cash flow statement and condensed interim statement of changes in equity are extracted from the unaudited condensed interim financial information for the period ended December 31, 2020.

4 ACCOUNTING POLICIES

4.1 The accounting policies and methods of computation adopted in the preparation of these unconsolidated condensed interim financial statements are consistent with those followed in the preparation of the Company's annual unconsolidated financial statements for the year ended June 30, 2020.

4.2 Amendments to certain existing standards and interpretations on approved accounting standards effective during the period were not relevant to the Company's operations and did not have any impact on the accounting policies of the Company except where changes affected presentation and disclosures in this condensed interim financial information.

5 ESTIMATES AND JUDGEMENTS

5.1 The preparation of condensed interim financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reporting amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

11	FINANCE COST		
	During the period ended December 31, 2020 the Company has not provided the markup on Long term and short term borrowing from banks and financial institutions to the extent of Rs. 188.738 million. The management is hopeful that the decision of the court will be in favor of the Company and the restructuring proposal will be accepted by the lenders. However had the Company provided this amount in the financial statements during the year the loss of the Company would have been increased by Rs. 6.400 billion and consequently the Share holders equity would have been lower and accrued markup would have been higher by Rs.6.400 billion. The said non provisioning is the contravention with the requirements of IAS 23 "Borrowing Costs".
