**Statement Under Section 134(3)
of the Companies Act, 2017**

This statement sets out the material facts pertaining to the special business to be transacted at the Annual General Meeting of JS Bank Limited (the "Bank") to be held on March 29, 2021.

Conversion of Tier -II Term Finance Certificates of PKR 3,000 million (TFC-I) and/or PKR 2,000 million (TFC-II) into common shares.

The Bank on December 14, 2016 and December 29, 2017 issued rated, privately placed, unsecured, subordinated and non-cumulative Term Finance Certificates ("TFCs") of PKR 3,000 million (TFC-I) and PKR 2,000 million (TFC-II) respectively, as Tier-II Capital. The State Bank of Pakistan ("SBP"), through Banking Policy and Regulation Department Circular No. 06 dated August 15, 2013 ("SBP Circular"), prescribes a "loss absorbency" feature for it to be qualified as Tier-II capital instruments, pursuant to which the TFCs will be converted into ordinary shares of the Bank at the Point of Non-Viability ("PONV") trigger event as defined in the Basel III regulations. In accordance with the requirements of the SBP Circular, the Bank has agreed with the SBP for the issuance of common shares against TFC-I and TFC-II in case of the occurrence of a conversion event as per the terms of the TFCs and SBP Circular ("Conversion Events").

The relevant portion of the SBP Circular relating to "loss absorbency" is reproduced below:

"A-5-3 Loss Absorbency of Non-Equity Capital Instruments at the Point of Non-Viability

- i. The terms and conditions of all non-CET1 and Tier 2 instruments issued by banks must have a provision in their contractual terms and conditions that the instruments, at the option of the SBP, will either be fully and permanently converted into common share or immediately written off upon the occurrence of a non-viability trigger event called the Point of Non-Viability (PONV) as described below;
- ii. The PONV trigger event is the earlier of;
 - a. A decision made by SBP that a conversion or temporary/ permanent write-off is necessary without which the bank would become non-viable.
 - b. The decision to make a public sector injection of capital, or equivalent support, without which the bank would have become non-viable, as determined by SBP.
- iii. The issuance of any new shares as a result of the trigger event must occur prior to any public sector injection of capital so that the capital provided by the public sector is not diluted.
- iv. The amount of non-equity capital to be converted/ written-off will be determined by the SBP.
- v. Where an Additional Tier-1 capital instrument or Tier-2 capital instrument provides for conversion into ordinary shares, the terms of the instruments should include provision that upon a trigger event the investors holding 5% or more of paid-up shares (ordinary or preferred) will have to fulfill fit and proper criteria (FPT) of SBP.
- vi. The conversion terms of the instruments must contain pricing formula linked to the market value of common equity on or before the date of trigger event. However, to

quantify the maximum dilution and to ensure that prior shareholder/ regulatory approvals for any future issue of the required number of shares is held, the conversion method must also include a cap on the maximum number of shares to be issued upon a trigger event.

- vii. The conversion method should describe and take into account the order (hierarchy of claims) in which the instruments will absorb losses in liquidation/ gone concern basis. These terms must be clearly stated in the offer documents. However, such hierarchy should not impede the ability of the capital instrument to be immediately converted or to be written off.
- viii. There should be no impediments (legal or other) to the conversion i.e. the bank should have all prior authorizations (sufficient room in authorized capital etc.) including regulatory approvals to issue the common shares upon conversion.
- ix. The contractual terms of all Additional Tier 1 and Tier 2 capital instruments must state that SBP will have full discretion in deciding/ declaring a bank as a non-viable bank. SBP will, however, form its opinion based on financial and other difficulties by which the bank may no longer remain a going concern on its own unless appropriate measures are taken to revive its operations and thus, enable it to continue as a going concern. The difficulties faced by a bank should be such that these are likely to result in financial losses and raising the CET1/ MCR of the bank should be considered as the most appropriate way to prevent the bank from turning non-viable. Such measures will include complete write-off/ conversion of non-equity regulatory capital into common shares in combination with or without other measures as considered appropriate by the SBP."

As per the loss absorbency conditions, upon the occurrence of a "Point of Non-Viability" event ("PONV"), SBP may at its option, fully and permanently convert the TFCs into common shares of the issuer, i.e. the Bank and / or have them immediately written off (either partially or in full).

In light of the above contemplated PONV events, the Bank is required to obtain all approvals for the issuance of such additional shares, which additional shares shall be issued based on the market value of the shares of the Bank, on the date of trigger of PONV as declared by the SBP, and shall be subject to a cap of 467,836,257 for TFC-I and 319,982,544 for TFC-II additional ordinary shares being issued, or such other number as may be agreed to in consultation with the SBP. It may be noted that issuance of such additional shares shall further be subject to approval of the Securities and Exchange Commission of Pakistan ("SECP") in accordance with the proviso under Section 83(1)(b) of the Companies Act, 2017.

At the time of obtaining prior approval from SECP for conversion of TFC-I and TFC-II into ordinary shares of the Bank at the Point of Non-Viability trigger event as defined in the Basel III regulations, the SECP vide its letter dated March 16, 2020 advised the Bank to submit the revised approval from the shareholders in this regard.
