#### 14 CONTINGENCIES AND COMMITMENTS

#### Contingencies

- (i) Legal claim filed against the Company from suppliers were not acknowledged as debts amounting to Rs. 0.418 million (June 30, 2014: Rs. 0.418 million)
- (ii) A dispute is persisting between the company and National Bank of Pakistan regarding the alleged "Buy Back Agreement" and declaration of dividend. Brief facts of the dispute are that underwriting of public floatation of the shares of the company was jointly undertaken by National Bank of Pakistan and Allied Bank of Pakistan. National Bank of Pakistan agreed to underwrite 3,851,200 shares of Rs 10 each at a premium of Rs. 48.50 per share. However the Bank insisted to impose a condition on the sponsors to enter into a "Buy Back Agreement" in respect of the share underwritten by them. Corporate Law Authority (Securities and Exchange Commission of Pakistan) desired with their letter dated September 18, 1995 to furnish an unqualified underwriting commitment without any "Buy Back Agreement" and the NBP vide its letter dated October 27, 1994 confirmed that this condition will be deleted. The Corporate Law Authority through its various letter emphasized for unconditional arrangement.

National Bank of Pakistan vide its letter No. CCD: BE 096/48 dated March 01, 1995 confirmed that they have no objection to the publication of the prospectus of the company in the newspaper also mentioning in the said letter that Bank has not made any buy back agreement with the sponsors or any other person. The prospectus of the Company published in the newspaper also contained this fact that "their underwriter has not entered any buy back/ repurchase agreement with the sponsors or any other person". After public floatation, National Bank of Pakistan imposed the alleged condition of declaration of dividend at the rate of 15 to 16 percent and the undertaking from the sponsors to buy back the shares of the Company after 3 years within a period of one year was also obtained by the bank. The Company declared dividend for 1996,1997 and 1998 at 15 percent, 20 percent and 16 percent respectively. However, due to the following reason Company could not declare dividend for the year 1999.

- (a) The object for public floatation was to raise funds for investment in new plants and machineries to produce high quality value added products for which a new Hot Channel Stretching plant along with other plants and machineries was imported. After completion of process of installation and commissioning, the sum of Rs.454.8 million being the cost of the plant, was capitalized which resulted in the charge of depreciation amounting to Rs.93.170 million which can be attributed as a major reason of loss of Rs.97.60 million sustained during the year 1999.
- (b) Subsequent to filing of the above suit, National Bank of Pakistan also filed a Suit No. B-200 of 2000 dated 21st October, 2000 in the High Court of Sindh against the company and the sponsors seeking enforcement of "Buy Back Agreement" and payment of resultant amount with profit at 18 percent per annum from the date of suit till the payment by the company and a direction that shares of the company be sold in the market and the net sale proceeds be applied towards the adjustment of the decretal amount.

The sponsors are confident that they will succeed in their case in view of their sound legal position.

- (c) Legal claims have been lodged by ex-employees of the company for recovery of their outstanding emoluments on account of their employment with the company
- (iii) Two appeals bearing no. K-137/2008 and K-138/2008 both dated March 18, 2008 passed by the Collector of Sales Tax and Federal Excise (Appeals) Karachi is pending before the Inland Appellate Tribunal, Bench, Karachi. One appeal bearing no. K-190/2010 dated March 24, 2010 filed against the Order-in-appeal no. 3254/2010, dated February 02, 2010 passed by the Collector of Customs (Appeals) Karachi is pending before the Customs Appellate Tribunal, Bench-II, Karachi. The management is of view that the aforesaid cases involve certain law points and there is every likelihood of having a
