DIRECTORS' PROFILES

Zafar Alam Chairman & Independent Director

With decades of experience in financial markets, Zafar Alam brings a unique blend of global leadership, innovative vision and in-depth financial knowledge. As a business leader in investment banking encompassing Origination, Trading, Sales and Asset Management he has lead teams of over 400 people and delivered revenues of over a billion dollars. He has been a key member of the Top Executive Group - TEG at ABN AMRO and RBS Bank.

Holding a master's degree in Nuclear Physics, Zafar joined ABN AMRO as Investment Manager in Dubai. In 1988 he moved to Hong Kong as Head of ABN AMRO Securities & Finance Co., focusing on fixed income trading and sales. In 1990 he started the brokerage and origination business for Asian equities. In 1995, he was asked by the bank's senior leadership to move to Singapore, to lead and build the local markets business, as Head of Local Markets and Credit Trading.

As a passionate innovator, Zafar Alam had the vision to enter into Fixed Income and Derivatives markets. The bank was only active in FX sphere however his input gave the direction to add Fixed Income and Derivatives as the market was set to take off in the aftermath of the Asian crisis. The activities included origination, trading and sales in thirteen Asian countries.

In 2002, he was appointed Managing Director and moved to London as Global Head of Emerging Markets responsible for origination, trading and sales, before taking on his new role in Equities.

As Global Head of Equity Derivatives Sales in the enlarged RBS Global Banking & Markets Group. In this role Zafar was responsible for combining the successful Private Investor Products (PIP) and

Institutional/Corporate business of ABN AMRO and RBS. He was responsible for developing, manufacturing and distributing structured products consisting of multi-assets. In one year, he turned a USD 150 million business into a USD 1 billion business.

In 2010, he become Head of Equities and Structured Retail Sales for Middle East and Africa, based in Dubai focused on building an Equities platform. He also managed the Structured Equities Solution team which provided equity financing with an overlay of derivative solutions.

Zafar Alam has always had a strong belief in technology and been a visionary for a digital future. Zafar Alam is a chairman and founder of ELIGIBLE ai, an award winning Fin-Tech company in the UK loan servicing market. Eligible is a digital servicing solution using behavioral segmentation to personalise every consumer's journey. Allowing financial institutions to instantly educate, empower and retain their customer base. The Fin-Tech services over GBP 15 billion in mortgages making it the 5th largest consumer database in the UK.

With the combination of his extensive experience across sectors and markets, Zafar Alam has also been entrusted as a Partner at Silver Tree HK LTD., an asset management fund based in Hong Kong with over USD 250 million assets under management (AUM).

Passion for

CHAIRMAN'S REVIEW

Review Report by the Chairman on the overall performance of Board and effectiveness of the role played by the Board in achieving the Company's objectives:

The Board of Directors ("the Board") of Arif Habib Limited ("AHL") has performed their duties diligently in upholding the best interest of shareholders' of the Company and has managed the affairs of the Company in an effective and efficient manner. The Board has exercised its powers and has performed its duties as stated in the repealed Companies Act 2017 and the Code of Corporate Governance ("the Code") contained in the Rule Book of the Pakistan Stock Exchange (the Rule Book) where the Company is listed. The Board during the year ended 30 June 2021 played an effective role in managing the affairs of the Company and achieving its objectives in the following manner;

- The Board has ensured that there is adequate representation of non-executive and independent directors on the Board and its committees as required under the Code and that members of the Board and its respective committees has adequate skill experience and knowledge to manage the affairs of the Company;
- The Board has formed an Audit and Human Resource and Remuneration Committee and has approved their respective terms of references and has assigned adequate resources so that the committees perform their responsibilities diligently;
- The Board has developed and put in place the rigorous mechanism for an annual evaluation of its own performance and that of its committees and individual directors. The findings of the annual evaluation are assessed and re-evaluated by the Board periodically;
- The Board has ensured that the directors are provided with orientation courses to enable them to perform their duties in an effective manner and that the five directors on the Board have already taken certification under the Directors Training Program (DTP), one director will complete his DTP program during FY22 and the remaining directors meet the qualification and experience criteria of the Code;
- The Board has ensured that the meetings of the Board and that of its committee were held with the requisite quorum, all the decision making were taken through Board resolution and that the minutes of all the meetings (including committees) are appropriately recorded and maintained;

- The Board has developed a code of conduct setting forth the professional standards and corporate values adhered through the Company and has developed significant policies for smooth functioning;
- The Board has actively participated in strategic planning process enterprise risk management system, policy development, and financial structure, monitoring and approval;
- All the significant issues throughout the year were presented before the Board or its committees to strengthen and formalize the corporate decision making process and particularly all the related party transactions executed by the Company were approved by the Board on the recommendation of the Audit Committee:
- The Board has ensured that the adequate system of internal control is in place and its regular assessment through self-assessment mechanism and /or internal audit activities;
- The Board has prepared and approved the director's report and has ensured that the directors report is published with the quarterly and annual financial statement of the Company and the content of the director's report are in accordance with the requirement of applicable laws and regulation;
- The Board has ensured the hiring, evaluation and compensation of the Chief Executive and other key executives including Chief Financial Officer, Company Secretary, and Head of Internal Audit;
- The Board has ensured that adequate information is shared among its members in a timely manner and the Board members are kept abreast of developments between meetings; and
- The Board has exercised its powers in light of the power assigned to the Board in accordance with the relevant laws and regulation applicable on the Company and the Board has always prioritized the Compliance with all the applicable laws and regulation in terms of their conduct as directors and exercising their powers and decision making.
- The board continues to explore opportunities to deploy innovative technologies into the financial markets.
 Emerging Fintechs will allow us to reduce the cost/income ratios of our products and services particularly in retail markets. Mirroring the innovation seen around the world; Pakistan can provide greater accessibility for retail investors - while the self-serve nature of these journeys provides attractive unit economics for the product and service providers.

Dear All,

Year under review has been an extraordinary year in so many ways. While we are grateful for much in the Financial year 2021, We would like to first acknowledge the pain and tragedy that the Covid pandemic has inflicted on some of our clients, colleagues, and partners. By the grace of Allah, Pakistan has so far been amongst those few countries which have fared better but we must remain cautious of the risks and cognizant of the devastation seen in many countries, caused by the pandemic.

We thank all our clients for entrusting us with the highest ever brokerage revenue, highest ever Investment banking revenue, and highest core profitability. We thank all our colleagues for their hard work and commitment while balancing the health and safety of their families. We thank all our board members for helping and guiding us to make the right decisions for the company. We also thank the Securities and Exchange Commission of Pakistan and Pakistan Stock Exchange for actively working on market reforms and helped improving market volumes and IPO activity. Finally, We congratulate all our shareholders for getting a return of 169% compared to a market return of 38% in FY21 (July 2020 - June 2021).

On the economic side, Pakistan has seen a strong rebound in FY2021. The National Command Operation Centre's (NCOC) efforts in imposing smart lockdowns in major population centers across Pakistan helped stage the recovery as acknowledged by the World Bank. Due to the collective efforts of the government and the State Bank of Pakistan (SBP), the economic recovery has been very robust in FY21 and achieved a GDP growth rate of 3.9%. Factories, especially those related to the textile sector, are running near full capacities and creating employment, businesses are thriving as we adapt to the new normal. A special mention has to go to the ingenuity of the SBP in taking charge of the monetary policy at the right time and restoring confidence among the business community along with the introduction of the Temporary Economic Relief Facility (TERF) which mobilized human and financial capital to push forward expansion plans.

Credit too must go to the government for the several initiatives taken in reviving an ailing economy. Public Sector Development Programme (PSDP) played a pivotal role with a historic 106% utilization level, which is turther aided by the introduction of the Pakistan Housing Scheme which will be a tailwind for GDP growth. The introduction of Roshan Digital Accounts (RDA) enabled the Pakistani diaspora to stay connected with the nation and generate FX support. The SBP is playing a central role here in terms of facilitating both the RDA and Housing Scheme initiatives, where the latter is expected to set the foundations for a housing mortgage market that is currently non-existent in Pakistan (0.5% of GDP as compared to ~4% for South Asia).

Having successfully navigated through a challenging period Pakistan is setting new records in terms of historic high FX reserves (USD 24.4 billion), record remittances (USD 29.4 billion), record exports (USD 25.6 billion), lowest CAD in 10yrs (USD 1.9 billion), record LSMI output growth (+14.6% YoY), record auto loans (PKR 308 billion), record cement sales (57.4 million tons) as well as the highest ever electricity generation (130,223 GWh). This all solidifies a turnaround story of Pakistan and are the underpinnings for the KSE100 to be trading at multi-year highs in terms of performance, average daily traded value, and volumes.

Stock Market Performance: A year of hope and optimism

Unlike the performance witnessed in FY19 and FY20, the outgoing FY21 has been stellar with gains of +38%. The course of recovery was initially set by entering into an IMF program and a conscious decision by the SBP to slash interest rates. Besides monetary policy easing and declining inflation, stable PKR parity vis-à-vis USD played a crucial role in Pakistan's economic recovery and stock market performance.

KSE100 index added a total of 12,952pts during FY21. Due to improving business conditions, investor confidence was restored which resulted in average traded volumes at the bourse more than doubling from 196 min shares in FY20 to 528 min shares in FY21 (2.6x YoY). Similarly, average traded value both in PKR and USD tripled from PKR 10.3 trillion in FY20 to PKR 27.8 trillion in FY21, and USD 65.5 million to USD 173.3 million in FY21.

Post attainment of MSCI Emerging Market status, foreigners have remained net sellers. FY21 was no different, with foreigners net selling USD 387 million worth of equities. The selling was largely observed in E&P (USD 90 million), Banks (USD 114 million), and Other Sectors (USD 135 million). Besides the foreign selling, amongst local investors, Banks, Brokers, and Insurance Companies sold USD 95 million, USD 32 million, and 10 million respectively aggregating a sum of USD 137 million. The selling of USD 524 million was mainly absorbed by Individuals, Corporates, and Other Organizations (particularly government pension funds), who invested USD 332 million, USD 138 million, and USD 45 million respectively, aggregating to USD 515 million. 4QFY21 saw the Insurance Sector as the major seller amongst locals with an outflow of USD 63 million aided by foreigners who net sold USD 93 million worth of stocks. The emergence of individuals as the largest net buyers of Pakistan equities reflects the ample domestic liquidity and confidence in Pakistan's turnaround.

In terms of performance, in line with global markets Tech led with gains of +312%, followed by Refinery +214%, Synthetic +163%, Engineering +109%, and Glass & Ceramics +99%. This was markedly different from the top 5 sectors contributing to Index performance in FY20, which were Leather +110%, Textile +79%, Technology +66%, Pharmaceuticals +57%, and Cernent +45%. Conventional plays such as E&P (+9%) and Banks (+32%) remained muted in FY21. During FY21, the ascent of 12,952pts in the benchmark Index was largely contributed by 5 sectors. These include Technology (+2489pts), Cernent (+2064pts), Banks (+2059pts), Fertilizer (+822pts) and Textile (+745pts). New sectors assuming leadership reflect the broadening and deepening of the PSX board and Pakistani economy keeping us in line with trends seen in the post-pandemic world.

Highest participation in Roshan Digital Account

Roshan Digital Account has proven to be a successful solution for Pakistan's worker remittances. More than just attracting remittances for FX building, this initiative enables Pakistani expatriates to participate in Pakistan's recovery through investments in various asset classes. Previously such funds would not come through formal channels and be mainly invested in real estate, however, the government has now offered new avenues such as Naya Pakistan Certificate and investment in the stock market besides traditional real estate investment vehicles. As this channel matures, the SBP is exerting efforts through commercial banks to offer financial products such as auto purchases through RDA.

AHL is proud to be at the forefront of this initiative by PM Imran Khan, spearheaded by Dr. Reza Baqir of the SBP. So far 182,000 RDAs were set up (till June end) contributed USD 1.6 billion in investment flows to Pakistan. The bulk of RDAs are focused on Naya Pakistan Certificates and 5,249 for equity investments. AHL has set up a dedicated help desk to provide customer support to RDA clients and is increasing its headcount to enhance the RDA clientele. AHL, by the grace of Almighty, has achieved an average market share of around 38% of the Roshan Digital Accounts during the year.

Gender Diversity

Women's inclusion in the workforce is not only important from a social, ethical, and cultural standpoint but maintaining an equal opportunity workspace helps set the strategic direction of the organization as well. AHL has made gender diversity and inclusion of women in the workforce an important tenet of its strategy and is taking important steps in this regard to identify, nurture and develop talent. FY21 has seen AHL take a giant leap with the inclusion of 30 women in the workforce which is 50% of total new hires.

Financial Performance

We are pleased to share with you that the financial performance of AHL for FY21 has been phenomenal across the board. Your company has achieved the highest ever brokerage revenue, highest investment banking revenue, and highest core profitability and net profitability. The combined operating revenue from brokerage and advisory (excluding Dividend Income) has grown by +188% YoY while posting Rs. 898.8 million in FY21 as against Rs. 478.7 million in FY20.

FY21 saw the highest number of capital raising transactions since 2010 and the highest equity raising for 14 years. The total capital raised during FY21 is Rs. 56 billion out of which equity raising is Rs. 20 billion. In addition, 25 listed companies went for right issuance which raised another Rs. 45 billion.

The total revenue (Operating and Non-operating Income) has tripled over the year from Rs. 706.7 million in FY20 to Rs. 3,048 million in FY21. This is mainly due to capital gain on equity securities at FVTPL (Fair Value Through Profit / Loss), which has recorded at Rs. 1,311.4 million against realizing a loss of Rs. 273.3 million in

Eveing this very growth, when the economy was facing the challenge of COVID, AHL used this threat as an opportunity to grow its footprint in the north of the country and invest further in technology and our workforce. This saw an increase in administrative and operating expenses from Rs. 344 million to Rs. 638 million (+85%)

Brokerage Operations

Broking operations have posted a total revenue of Rs. 706 million in FY21, which is +118% when compared with FY20. Healthy growth in our brokerage revenues is not only because of staggering growth in traded volumes but also due to our higher penetration in the growing retail and online market. Though we had to put in place a WFH (Work From Home) policy, we worked harder to realize this historic growth in revenues. We have added more traders in our team to service institutional and HNWI clients resulting in increasing our market

Our institutional business grew by +83% YoY, individuals and online segments posted +200% growth in the outgoing year. Our IT department has played a key role in making a robust and uninterrupted working environment to achieving a mammoth growth in brokerage revenue.

This year we have opened branches in Rawalpindi, Faisalabad and Multan taking the total number of branches to 6. We have recorded outstanding growth in brokerage revenue from Lahore (164%), Islamabad (235%) and Peshawar (161%) branches. We will continue to open more branches in other cities as well to achieve our objective of increasing awareness of Pakistan capital market opportunities amongst the masses. The Retail and Online teams have performed exceptionally well in this drive. We will also give credit to our compliance team who are diligently working on KYC/AML of our increasing number of account openings. We also acknowledge the untiring efforts of our settlement department for swiftly handling the settlements of the highest ever trades in the history of AHL without any delay whatsoever.

Our money market desk also added to the growth in broking revenues by posting Rs. 87 million (+54% YoY) which is also the highest since we started this operation in 2013. We have added more traders in our money market and FX department resulting in substantially increasing our market share.

By the grace of Almighty, AHL won 'Best Broker in Pakistan' in FinanceAsia's Country Awards for 2021.

Growing Footprint - the digital way forward

National Clearing Company Pakistan Limited (NCCPL) declares 256,954 Unique Identification Numbers (UINs) as of June 30, 2021. This number is a drop in the ocean when compared with Pakistan's total population. Al-fL believes the number of UINs can be increased in multiples for which technology will play an important role. AHL is constantly working to expand its outreach to customers in the north and we have set up 3 new branches in FY21, We have opened 3,932 new accounts which are 330% higher than last year with nearly 70% of this being online. In addition, we have developed a new mobile application for clients which is a major upgrade from the previous one and scores high on customer satisfaction, user-friendliness, and access to information.

Investment Banking Operations

Our investment banking operations posted a total revenue of Rs. 672 million, which is +333% against FY20. The investment banking revenues include advisory on record number of equity IPOs, listed and privately placed TFCs and Sukuks, Mergers & Acquisitions, Private Equity Placements, advisory and underwriting of equity raising through Right shares. FY21 saw 8 equity listings on the exchange raising a total of Rs. 20 billion. We are pleased to share with you that your company remained the market leader with enlisting 6 companies and raising a total of Rs. 17 billion (85% market share). AHL also advised the raising/listing of two debt issues to the tune of Rs. 36 billion. While the wave of optimism continues, we foresee scores of new listings at the bourse and are confident that AHL will maintain its market leader position and bring more IPOs to market.

Our consistent performance in the area of investment banking division was recognized by The Asset Triple A Sustainable Capital Markets Country & Regional Awards 2020 and we won awards in 3 categories, namely Best Corporate and Institutional Adviser – Domestic, Best Equity Adviser, and Best Bond Adviser. Your company has created history by winning "Best Corporate Finance House (Equities & Advisory)" for the 7th consecutive year (2014-2020) from CFA Society Pakistan, a feat that no one has achieved yet. Further AHL has also won the Best transaction of the Year award for IPO of Interloop from CFA Society Pakistan.

The Management foresees the increased activity on account of new equity/debt listings and also on the areas of Mergers and Acquisitions and private equity investments. We are confident to achieve the larger share by providing excellent services to our clients.

Awards and Recognition

We immense pride in announcing that the company's performance has been recognized by internationally renowned organizations such as The Asset Triple A as well as from FinanceAsia in FY21. This year AHL won following awards:

- Best Broker in Pakistan FinanceAsia Country Awards 2020
- Best Corporate & Institutional Adviser The Asset Triple A Country & Regional Awards 2020
 Best Equity Adviser The Asset Triple A Country & Regional Awards 2020

 Best Equity Brokerage House of the Year 2019 CFA Society Pakistan Best Corporate Finance House of the Year 2019 - CFA Society Pakistan
- Best Equity Analyst of the Year 2020 CFA Society Pakistan
 Best Transaction of the Year 2019 CFA Society Pakistan

Credit Rating

The Company has been re-assigned entity ratings of 'AA-/A-1' (Double A Minus/A-One) by JCR-VIS Credit Rating Company Ltd. (JCR-VIS). The outlook on the assigned ratings is 'Stable'. This certification has further underscored the management's vision for continuous growth and is expected to provide further confidence to the company's clientele with regards to the credibility and stability of the brand "Arif Habib".

Management Rating

The Company has been assigned a management rating of BMR1 by the Pakistan Credit Rating Agency Limited (PACRA). The outlook on the assigned ratings is 'Stable'. This certification has endorsed the Company's capability in upholding strong control and governance framework, continuing update of client servicing tools, and careful monitoring of risks mainly liquidity and conflict of interest emanating from investment activities.

Risk Management

Pisks are unavoidable in our business and include liquidity, market, credit, operational, legal, regulatory, and reputational risks. AHL's risk management governance starts with our Board, which plays an integral role in reviewing and approving risk management policies and practices.

Our risk management framework and systems are longstanding, standardized, and very robust. We believe that effective risk management is of primary importance to the success of the Company. Accordingly, we have initiated comprehensive risk management processes through which we monitor, evaluate and manage the risks we assume in conducting our activities. A rigorous framework of limits is applied to control risk across multiple transactions, products, businesses, and markets in which we deal. This includes setting credit and market risk limits at a variety of levels and monitoring these limits regularly.

Corporate Social Responsibility

Your Company continued its contribution to society and the business community as a socially responsible organization through numerous philanthropic activities. AHL is committed to the fulfillment of its Corporate Social Responsibility and continues its involvement in projects focusing on healthcare, education, environment, and community welfare. We aim to continue our involvement and contribution to such noble causes in the future as well.

The details of the contribution made by the Company are presented on Page No. 16.

Code of Corporate Governance

The Board and Management of the Company are committed to ensuring that requirements of the Code of Corporate Governance are fully met. The Company has adopted strong Corporate Governance practices with an aim to enhance the accuracy, comprehensiveness and transparency of financial and non-financial information.

The Directors are pleased to report that:

- The financial statements prepared by the management of the Company present fairly its state of affairs, the results of its operations, cash flows and changes in equity;
- b. Proper books of account of the Company have been maintained;
- Appropriate accounting policies have been consistently applied in preparation of financial statements and accounting estimates are based on reasonable and prudent judgment;

Audit Committee

The Audit Committee of the Board continued to perform its duties and responsibilities in an effective manner as per its terms of reference duly approved by the Board. The committee composition has also been attached with this report.

Corporate and Secretarial Compliance

The Company Secretary has furnished a Secretarial Compliance Certificate as part of the annual return filed with the registrar of Companies to certify that the secretarial and corporate requirements of the Companies Act, 2017. Memorandum and Articles of Association of the Company and the listing regulations have been duly complied with.

Ethics and Business Practices

As per the Corporate Governance guidelines, the Company has circulated a "Code of Ethics" for compliance. It has been signed by all directors and employees of the Company acknowledging their understanding and acceptance of the Code.

Pattern of Shareholding

The detailed pattern of the shareholding and categories of shareholders of the Company as at June 30, 2021, as required under the listing regulations, have been appended to this Annual Report.

Information to Stakeholders

Key operating and financial data of previous years has been summarized and is presented on page No. 187.

Post Balance Sheet Date Event / Dividend

The Board of Directors has proposed a final cash dividend of Rs. 10/- per share amounting to Rs. 594 million and bonus shares in the proportion of 10 shares for every 100 shares held (i.e 10%) at its meeting held on July 30, 2021 for the approval of the members at the annual general meeting to be held on September 25, 2021. These unconsolidated financial statements do not reflect the said appropriation.

Related party transaction

In order to comply with the requirements of listing regulations, the Company has presented all related party transactions before the Audit Committee and Board for their review and approval. These transactions have been approved by the Audit Committee and Board in their respective meetings. The details of all related party transactions have been provided in note 34 & 35 of the annexed audited financial statements.

Auditors

The retiring auditors M/s. Rahman Sarfaraz Rahim Iqbal Rafiq, Chartered Accountants, have offered themselves for reappointment. The Board recommends their reappointment and a resolution proposing the appointment of M/s. Rehman Sarfaraz Rahim Iqbal Rafiq as auditors of the Company for the financial year 2021-22 will be submitted at the forthcoming Annual General Meeting for approval.

Future Prospects

The Future prospects of your Company are promising on account of the Management's efforts towards increasing the Company's market share and through wider participation in all its business segments particularly the online and retail division through digital onboarding. The Company is striving to yield better volumes from its existing clientele as well as prospective domestic and foreign clients, by expanding and growing relationships with them through the Company's premium suite of services. This includes offering novel products and services through augmenting the Company's high-quality Research.

The Management also foresees increased activity on account of new equity and debt listings for which the Investment Banking Division is well equipped.

The Management is confident that the Company's equity and property investment portfolio will likely demonstrate good results, as the economy and the market continue to offer rewarding investment opportunities.

Acknowledgement

We are grateful to the Company's shareholders for their continuing confidence and patronage. We record our sincere appreciation to all Stakeholders, our Parent Company, the State Bank of Pakistan, the Securities & Exchange Commission of Pakistan and the Management of Pakistan Stock Exchange Limited for their unwavering support and guidance.

We acknowledge and appreciate the hard work put in by the employees of the Company during the period. We also acknowledge the valuable contribution and active role of the members of the Board Committees in supporting and guiding the management on matters of great importance.

For and on behalf of the Board of Directors,

Muhammad Shahid All Habib

Chief Executive Officer and Executive Director

Karachi.

 Explanation as required under the regulations is mentioned below;
 - Company, currently has two elected independent directors out of total seven directors on the Board. Both the independent directors have requisite competencies, skills, knowledge and experience to discharge and execute their duties competently as per laws and regulations under which hereby fulfill the necessary requirements; therefore, not warrant the appointment of a third independent director.
- 19. We confirm that all other requirements of the Regulations have been compiled with except for the requirement that the position of Chief Financial Officer and Company Secretary has been held by the same person, as the Listed Companies (Code of Corporate Governance) Regulations, 2019 ('Regulations') allowed the Companies to either comply or explain the reason otherwise. Therefore, the Company has adopted explanation approach as the management is of the view, that the current CFO & Company Secretary is suitably qualified and professionally capable to act and fulfill the duties and responsibilities of both the roles. In addition, it is also a cost effective measure that is in the better interest of the shareholders of the Company, therefore hiring a separate person for both position is not feasible.

On behalf of the Board of Directors

REVIEW REPORT ON THE STATEMENT OF COMPLIANCE CONTAINED IN LISTED COMPANIES (CODE OF CORPORATE **GOVERNANCE) REGULATIONS, 2019**

To the members of M/s. Arlf Habib Limited

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of Arif Habib Limited (the Company) for the year ended June 30, 2021 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended June 30, 2021.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS

REPORT ON THE AUDIT OF THE UNCONSOLIDATED FINANCIAL STATEMENTS

Opinion

We have audited the annexed unconsolidated financial statements of Arif Habib Limited (the Company), which comprise the unconsolidated statement of financial position as at June 30, 2021, the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity, the unconsolidated statement of cash flows for the year then ended, and notes to the unconsolidated financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the unconsolidated statement of financial position, the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2021 and of the profit, total comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Unconsolidated Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter(s)

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the unconsolidated financial statements of the current period. These matters were addressed in the context of our audit of the unconsolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

NO.	Key Audit Matter(s)	How the matter was addressed in our audit
01.	Valuation of unquoted investments in equity securities As stated in note 7.2.2 to the unconsolidated financial statements, the Company revalued its investment in unquoted ordinary shares of M/s. ISE Towers REIT Management Company Limited and M/s. LSE Financial Services Limited based on the valuation carried out independent external valuer engaged by management through the use of Discounted Free Cash Flow to Equity model for business valuation. Since the use of such valuation model requires management to make significant estimates and assumptions, the degree of subjectivity and complexity involved in the valuation increases to a considerable extent. This, in turn, affected our assessment of the risk that the unconsolidated financial statements may be materially misstated due to error and, hence, necessitated us to devote our significant time and resources to address the risk successfully.	Our audit procedures included the following: Obtained an understanding of the valuation exercise carried out by the independent external valuer engaged by management who was responsible for performing the valuation. Made inquiries of such persons in order to assess their competence, capability and objectivity of the external valuer which are recognized as the important factors affecting the reliability of the valuation. Evaluated the appropriateness of the work of the Company's personnel by assessing the reasonableness of significant assumptions used by management in estimating the following factors: Components of cost of equity of investee companies (used as discount rate) such as the risk-free rate of return, equity risk premium and equity beta; Significant amounts of revenues, operating expenses, capital expenditures, tax payments, dividend receipts etc. used in the cash flow projections; and Long term growth rates assumed by management in estimating the terminal value of the investee companies at the end of the 5-year projection period.
02.	Valuation of investment properties As stated in note 8.1 to the unconsolidated financial statements, the Company recorded its investment properties (i.e. residential and commercial plots of land located in the Naya Nazimabad project as well as of offices located in Pakistan Stock Exchange, and LSE Financial Services Limited) at fair value based on the valuation carried out by an Independent external valuer engaged by management. The valuation of such properties was identified as an area subject to significant risk due to involvement of estimates made by the valuer in determining the fair value of investment properties. Due to the significance of the estimate and the involvement of significant management assumptions and judgements, we considered valuation of investment properties as a key audit matter.	To address this significant risk, we, amongst others, carried out the following key audit procedures: • We obtained an understanding of the scope of the valuer's work; • As stated in the valuation report, development work in the area in which the Company holds properties at Naya Nazimabad is ongoing and is rapidly progressing and that the value of the properties was determined on the basis of investigation with other realtors. Accordingly, we reviewed the investments made by the Company in other blocks of the Naya Nazimabad project over the past few years with respect to the cost of acquisition, valuation and disposals. Further, we comborated the values assigned to the properties by the valuer with that realized on the most recent property disposal transactions executed by the Company; and • Performed appropriate background searches to ascertain whether the values assigned to those determined through independent sources.

Information Other than the Unconsolidated Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the unconsolidated and consolidated financial statements and our auditor's reports thereon.

Our opinion on the unconsolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the unconsolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the unconsolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. However, we have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Unconsolidated Financial Statements

Management is responsible for the preparation and fair presentation of the unconsolidated financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of unconsolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the unconsolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Unconsolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the unconsolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these unconsolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the unconsolidated financial statements, whether due to fraud
 or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and
 appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is
 higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the unconsolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the unconsolidated financial statements, including the disclosures, and whether the unconsolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the unconsolidated financial statements of the current period and are, therefore, the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

Based on our audit, we further report that in our opinion:

- proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- the unconsolidated statement of financial position, the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business:
- zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Company and deposited in the Central Zakat Fund established under section 7 of that Ordinance; and
- the Company was in compliance with the requirement of section 78 of the Securities Act 2015, and the relevant requirements of Securities Brokers (Licencing and Operations) Regulations, 2016 as at the date on which the unconsolidated financial statements were prepared.

The engagement partner on the audit resulting in this independent auditor's report is Mr. Muhammad Waseem.

Arif Habib 1857 (Private) Limited	100%

BASIS OF PREPARATION

2.1 Statement of compliance

These unconsolidated financial statements are the separate financial statements of the Company and have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards as applicable in Pakistan comprises of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standard Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of, and directives issued under, the Companies Act, 2017.

Where the provisions of, and directives issued, under the Companies Act, 2017 differ from the IFRS Standards, the former have been followed.

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

2.2 Basis of measurement of items in the unconsolidated financial statements

Items in these unconsolidated financial statements have been measured at their historical cost, except for:

- Lease liability and the related right-of-use asset which are initially measured at the present value of the lease payments that are not paid at the commencement date:
- Investment property which is carried at fair value:
- Long term investments in ISE Tower Reit Management Limited and LSE Financial Services Limited which are carried at fair value; and
- Short term investments in quoted equity securities and corporate debt securities which are carried at fair value.

Functional and presentation currency

Items included in these unconsolidated financial statements are measured using the currency of the primary economic environment in which the Company operates. These unconsolidated financial statements are presented in Pak Rupees which is the Company's functional and presentation currency.

2.4 Use of estimates and judgments

The preparation of unconsolidated financial statements in conformity with accounting and reporting standards requires management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods. Areas where various assumptions and estimates are significant to the Company's financial statements or where judgments were exercised in application of accounting policy are as follows: Adams

		1/4619
-	Useful lives, depreciation methods and residual values of property and equipment;	3.1
8	Useful lives, amortisation methods and residual values of intangible assets;	3.3
30	Valuation of investment property:	3.5
20	Valuation of investment in ordinary shares of ISE Towers Relt Management Limited and LSE Financial Services Limited;	7.2.2
	Right-of-use assets and lease liability, and	3.2, 3.10 & 5
	Provision for taxation.	31

2.5 New accounting pronouncements

2.5.1 Amendments to approved accounting standards and interpretations which became effective during the year ended June 30, 2021.

During the year certain new accounting and reporting standards / amendments / interpretations became effective and applicable to the Company. However, since such updates were not considered to be relevant to these unconsolidated financial statements, the same have not been reported.

2.5.2 New / revised accounting standards, amendments to published accounting standards and interpretations that are not yet effective

The following International Financial Reporting Standards (IFRS Standards) as notified under the Companies Act, 2017 and the amendments and interpretations thereto will be effective for accounting periods beginning on or after the dates specified below:

Interest Rate Benchmark Reform - Phase 2 which amended IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 is applicable for annual financial periods beginning on or after January 01,2021, with earlier application permitted. The amendments introduce a practical expedient to account for modifications of financial assets or financial liabilities if a change results directly from IBOR reform and occurs on an 'economically equivalent' basis. In these cases, changes will be accounted for by updating the effective interest rate. A similar practical expedient will apply under IFRS 16 for lessees when accounting for lease modifications required by IBOR reform. The amendments also allow a series of exemptions from the regular, strict rules around hedge accounting for hedging relationships directly affected by the interest rate benchmark reforms. The amendments apply retrospectively with earlier application permitted. Hedging relationships previously discontinued solely because of changes resulting from the reform will be reinstated if certain conditions are met. The application of the amendment is not likely to have an impact on the Company's financial statements.

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

COVID-19-Related Rent Concessions (Amendment to IFRS 16) - the International Accounting Standards Board (the Board) has issued amendments to IFRS 16 (the amendments) to provide practical relief for lessees in accounting for rent concessions. The amendments are effective for periods beginning on or after June 01, 2020, with earlier application permitted. Under the standard's previous requirements, lessees assess whether rent concessions are lease modifications and, if so, apply the specific guidance on accounting for lease modifications. This generally involves remeasuring the lease liability using the revised lease payments and a revised discount rate. In light of the effects of the COVID-19 pandemic, and the fact that many lessees are applying the standard for the first time in their financial statements, the Board has provided an optional practical expedient for lessees. Under the practical expedient, lessees are not required to assess whether eligible rent concessions are lease modifications, and instead are permitted to account for them as if they were not lease modifications.

The practical expedient introduced in the 2020 amendments only applied to rent concessions for which any reduction in lease payments affected payments originally due on or before June 30, 2021. In light of persistence of economic challenges posed by the COVID-19 pandemic, the Board has extended the practical expedient for COVID-19 related rent concessions by one year i.e. permitting lessees to apply it to rent concessions for which any reduction in lease payments affects only payments originally due on or before June 30, 2022.

Rent concessions are eligible for the practical expedient if they occur as a direct consequence of the COVID-19 pandemic and if all the following criteria are met:

- the change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change:
- any reduction in lease payments affects only payments originally due on or before June 30, 2020; and
- there is no substantive change to the other terms and conditions of the lease.

The above amendments are not likely to affect the financial statements of the Company.

- Onerous contracts Cost of Fulfilling a Contract (Amendments to IAS 37) effective for the annual periods beginning on or after 1 January 2022 amends IAS 1 by mainly adding paragraphs which clarifies what comprises the cost of fulfilling a contract. Cost of fulfilling a contract is relevant when determining whether a contract is onerous. An entity is required to apply the amendments to contracts for which it has not yet fulfilled all its obligations at the beginning of the annual reporting period in which it first applies the amendments (the date of initial application). Restatement of comparative information is not required, instead the amendments require an entity to recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings or other component of equity, as appropriate, at the date of initial application. The amendments are not likely to affect the financial statements of the Company.
- Property, Plant and Equipment Proceeds before Intended Use (Amendments to IAS 16) effective for annual periods beginning on or after January 01, 2022 clarifies that sales proceeds and costs of items produced while bringing an item of property, plant and equipment to the location and condition necessary for it to be capable of operating in the manner intended by management e.g. when testing etc., are recognized in profit or loss in accordance with applicable Standards. The entity measures the cost of those items applying the measurement requirements of IAS 2. The standard also removes the requirement of deducting the net sales proceeds from cost of testing. An entity shall apply those amendments retrospectively, but only to items of property, plant and equipment that are brought to the location and condition necessary for them to be capable of operating in the manner intended by management on or after the beginning of the earliest period presented in the financial statements in which the entity first applies the amendments. The entity shall recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at the beginning of that earliest period presented. The amendments are not likely to affect the financial statements of the Company.
- Amendments to IFRS 3 'Business Combinations' Reference to the Conceptual Framework, issued in May 2020, amended paragraphs 11, 14, 21, 22 and 23 of and added paragraphs 21A, 21B, 21C and 23A to IFRS 3. An entity shall apply those amendments to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after January 01, 2022. Earlier application is permitted if at the same time or earlier an entity also applies all the amendments made by Amendments to References to the Conceptual Framework in IFRS Standards, issued in March 2018. The amendments are not likely to affect the financial statements of the Company.

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

- Amendments to IAS 1 'Presentation of Financial Statements' Classification of liabilities as current or non-current amendments apply retrospectively for the annual periods beginning on or after January 01, 2023. These amendments in the standards have been added to further clarify when a liability is classified as current. The standard also amends the aspect of classification of liability as non-current by requiring the assessment of the entity's right at the end of the reporting period to defer the settlement of liability for at least twelve months after the reporting period. An entity shall apply those amendments retrospectively in accordance with IAS 8. The management of the Company is currently in the process of assessing the impacts of these amendments to these unconsolidated financial statements.
- Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2) the Board has issued amendments on the application of materiality to disclosure of accounting policies and to help companies provide useful accounting policy disclosures. The key amendments to IAS 1 include:
 - requiring companies to disclose their material accounting policies rather than their significant accounting policies; 8.
 - clarifying that accounting policies related to immaterial transactions, other events or conditions are themselves b. immaterial and as such need not to be disclosed; and
 - clarifying that not all accounting policies that relate to material transactions, other events or conditions are themselves material to a company's financial statements.

The management of the Company is currently in the process of assessing the impacts of above amendments to these unconsolidated financial statements.

The Board also amended IFRS Practice Statement 2 to include guidance and two additional examples on the application of materiality to accounting policy disclosures. The amendments are effective for annual reporting periods beginning on or after January 01, 2023 with earlier application permitted.

- Definition of Accounting Estimates (Amendments to (AS 8) The amendments introduce a new definition for accounting estimates clarifying that they are monetary amounts in the financial statements that are subject to measurement uncertainty
 - The amendments also clarify the relationship between accounting policies and accounting estimates by specifying that a company develops an accounting estimate to achieve the objective set out by an accounting policy. The amendments are effective for periods beginning on or after January 01, 2023, and will apply prospectively to changes in accounting estimates and changes in accounting policies occurring on or after the beginning of the first annual reporting period in which the company applies the amendments. The amendments are not likely to affect the financial statements of the Company.
- Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12) The amendments narrow the scope of the initial recognition exemption (IRE) so that it does not apply to transactions that give rise to equal and offsetting temporary differences. As a result, companies will need to recognise a deferred tax asset and a deferred tax liability for temporary differences arising on Initial recognition of a lease and a decommissioning provision. For leases and decommissioning liabilities, the associated deferred tax asset and liabilities will need to be recognised from the beginning of the earliest comparative period presented, with any cumulative effect recognised as an adjustment to retained earnings or other components of equity at that date. The amendments are effective for annual reporting periods beginning on or after January 01, 2023 with earlier application permitted. The amendments are not likely to affect the financial statements of the Company.
- Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (Amendments to IFRS 10 and IAS 28) - The amendment amends accounting treatment on loss of control of business or assets. The amendments also introduce new accounting for less frequent transaction that involves neither cost nor full step-up of certain retained interests in assets that are not businesses. The effective date for these changes has been deferred indefinitely until the completion of a broader review.
- The following annual improvements to IFRS standards 2018-2020 are effective for annual reporting periods beginning on or after January 01, 2022.
 - IFRS 9 The amendment clarifies that an entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf, when it applies the '10 per cent' test in paragraph 83.3.6 of IFRS 9 in assessing whether to derecognize a financial liability.
 - IFRS 15 The amendment partially amends Illustrative Example 13 accompanying IFRS 16 by excluding the illustration of reimbursement of leasehold improvements by the lessor. The objective of the amendment is to resolve any potential confusion that might arise in lease incentives.
 - IAS 41 The amendment removes the requirement in paragraph 22 of IAS 41 for entities to exclude taxation cash flows when measuring the fair value of a biological asset using a present value technique

The above amendments are not likely to affect the financial statements of the Company.

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these unconsolidated financial statements are set out below. These policies have been consistently applied to all the years presented.

3.1 Property and equipment

Owned

These are stated at cost less accumulated depreciation and impairment losses, if any. Cost include expenditures that are directly attributable to the acquisition of the asset.

Subsequent costs are included in the carrying amount as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and its cost can be measured reliably. The carrying amount of the replaced part is derecognized. All other repairs and maintenance are charged to the statement of profit or loss during the year in which they are incurred.

Depreciation is charged to statement of profit or loss applying the reducing balance method at the rates specified in note-4. Depreciation is charged when the asset is available for use till the asset is disposed off. Further, when the written down value of the item of assets falls below Rs.10,000, the same is charged directly to the statement of profit or loss.

An item of property and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit or loss in the year in which the asset is derecognized.

The assets' residual values, depreciation methods and useful lives are reviewed, and adjusted if appropriate, at each financial year end. The Company's estimate of residual value of property and equipment as at June 30, 2021 did not require any adjustment.

3.2 Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

A - Leases other than short-term leases and leases of low-value assets

(a) Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment.

(b) Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate.

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

B - Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option. It also applies the lease of low-value assets recognition exemption to those leases where the nature of the underlying asset is such that, when new, the asset is typically not of low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

3.3 Intangible assets

Computer software

These are stated at cost less accumulated amortization and impairment losses, if any. Amortization is computed using the reducing balance method over assets estimated useful life at the rates stated in note 6.1, after taking into accounts residual value, if any. The residual values, useful life and amortization methods are reviewed and adjusted, if appropriate, at each reporting date.

Amortization is charged from the date the assets are put to use while no amortization is charged after the date when the assets are disposed off.

Gain and losses on disposal of such assets, if any, are included in the statement of profit or loss account.

Membership cards and offices

This is stated at cost less impairment, if any. The carrying amount is reviewed at each reporting date to assess whether it is in excess of its recoverable amount, and where the carrying value exceeds estimated recoverable amount, it is written down to its estimated recoverable amount,

3.4 Investment in subsidiaries

Investments in subsidiary companies are accounted for using the cost method. Under this method the investments are stated at cost less any impairment in the value of individual investments.

3.5 Investment properties

Investment properties are held for capital appreciation and is measured initially at its cost, including transaction costs.

Subsequent to initial recognition, investment properties are measured at fair value at each reporting date. The changes in fair value is recognised in the statement of profit or loss.

3.6 Financial instruments

3.6.1 Initial recognition, classification and measurement

The Company recognizes a financial asset when and only when it becomes a party to the contractual provisions of the instrument evidencing investment.

Regular way purchase of investments are recognized using settlement date accounting i.e. on the date on which settlement of the purchase transaction takes place. However, the Company follows trade date accounting for its own (the house) investments. Trade date is the date on which the Company commits to purchase or sell its asset.

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

Transactions of purchase under resale (reverse-repo) of marketable securities including the securities purchased under margin trading system are entered into at contracted rates for specified periods of time. Amounts paid under these agreements in respect of reverse repurchase transactions are recognized as a receivable. The difference between purchase and resale price is treated as income from reverse repurchase transactions in marketable transactions / margin trading system and accrued on a time proportion basis over the life of the reverse rapo agreement.

The Company classifies its financial assets into either of following three categories:

- (a) financial assets measured at amortized cost:
- (b) fair value through other comprehensive income (FVOCI); and
- (c) fair value through profit or loss (FVTPL);
- (a) Financial assets measured at amortized cost

A financial asset is measured at amortized cost if it is held within business model whose objective is to hold assets to collect contractual cash flows, and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on principal amount outstanding.

Such financial assets are initially measured at fair value plus transaction costs that are directly attributable to the acquisition or issue thereof.

(b) Financial assets at FVOCI

A financial asset is classified as at fair value through other comprehensive income when it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Such financial assets are initially measured at fair value plus transaction costs that are directly attributable to the acquisition or issue thereof.

(c) Financial assets at FVTPL

A financial asset shall be measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income, as aforesaid. However, for an investment in equity instrument which is not held for trading, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value of the investment.

Such financial assets are initially measured at fair value.

3.6.2 Subsequent measurement

(a) Financial assets measured at amortized cost

These assets are subsequently measured at amortized cost (determined using the effective interest method) less accumulated impairment losses:

Interest / markup income, foreign exchange gains and losses and impairment losses arising from such financial assets are recognized in the statement of profit or loss.

(b) Financial assets at FVOCI

These are subsequently measured at fair value less accumulated impairment losses.

A gain or loss on a financial asset measured at fair value through other comprehensive income in accordance is recognised in other comprehensive income, except for impairment gains or losses and foreign exchange gains and losses, until the financial asset is derecognised or reclassified. When the financial asset is derecognised the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment. Interest is calculated using the effective interest method and is recognised in profit or loss.

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

(c) Financial assets at FVTPL

These assets are subsequently measured at fair value.

Net gains or losses arising from remeasurement of such financial assets as well as any interest income accruing thereon are recognized in the statement of profit or loss. However, for an investment in equity instrument which is not held for trading and for which the Company has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of the investment, such gains or losses are recognized in other comprehensive income. Further, when such investment is disposed off, the cumulative gain or loss previously recognised in other comprehensive income is not reclassified from equity to profit or loss.

3.6.3 Impairment

The Company recognises a loss allowance for expected credit losses in respect of financial assets measured at amortised cost,

For trade debts and receiveables from margin financing, the Company applies the IFRS 9 'Simplified Approach' to measuring expected credit losses which uses a lifetime expected loss allowance.

For other financial assets, the Company applies the IFRS 9 'General Approach' to measuring expected credit losses whereby the Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. However, if, at the reporting date, the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses.

The Company measures expected credit losses on financial assets in a way that reflects an unbiased and probabilityweighted amount, time value of money and reasonable and supportable information at the reporting date about the past events, current conditions and forecast of future economic conditions. The Company recognises in profit or loss, as an impairment loss, the amount of expected gradit losses (or reversal) that is required to adjust the loss allowance at the reporting date.

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

3.6.4 De-recognition

Financial assets are derecognized when the rights to receive cash flows from the financial assets have expired or have been transferred and the Company has transferred substantially all risks and rewards of ownership.

The Company directly reduces the gross carrying amount of a financial asset when the Company has no reasonable expectations of recovering the financial asset in its entirety or a portion thereof. A write-off constitutes a derecognition event.

3.7 Financial liabilities

Financial liabilities are classified as measured at amortized cost or 'at fair value through profit or loss' (FVTPL). A financial liability is classified as at FVTPL if it is classified as held for trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in the statement of profit or loss.

Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in the statement of profit or loss. Any gain or loss on derecognition is also recognized in the statement of profit or loss.

Financial liabilities are derecognized when the contractual obligations are discharged or cancelled or have expired or when the financial liability's cash flows have been substantially modified.

Offsetting of financial assets and financial liabilities 3.8

Financial assets and liabilities are offset when the Company has a legally enforceable right to offset and intends to settle either on a net basis or to realise the asset and settle liability simultaneously.

ARIF HABIB LIMITED NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

3.9 Trade debts and receiveables against margin financing

These are carried at their transaction price less any allowance for lifetime expected credit losses. A receivable is recognized on the settlement date as this is the point in time that the payment of the consideration by the customer becomes due.

3.10 Cash and cash equivalents

Cash and cash equivalent are carried in the statement of financial position at amortized cost. For the purpose of cash flow statement cash and cash equivalents comprise cash and bank balances and short term running finance.

3.11 Staff retirement benefits - Defined contribution plan

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate fund and will have no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits relating to employee service in the current and prior periods. As a consequence, actuarial risk (that benefits will be less than expected) and investment risk (that assets will be insufficient to meet expected benefits) fall, in substance, on the employee.

The Company operates a defined contribution plan i.e. recognized provident fund ("the Fund") for all of its eligible employees in accordance with trust deed and rules made thereunder. Monthly contributions at the rate 12.50% of basic salary are made to the Fund by the Company and the employees.

When an employee has rendered service to the Company during a period, the Company recognises the contribution payable to a defined contribution plan in exchange for that service as an expense in profit or loss and as a liability in the statement of financial position (accrued expense), after deducting any contribution already paid. If the contribution already paid exceeds the contribution due for service before the end of the reporting period, the Company recognises that excess as an asset (prepaid expense) to the extent that the prepayment will lead to, for example, a reduction in future payments or a cash refund.

When contributions to a defined contribution plan are not expected to be settled wholly before twelve months after the end of the annual reporting period in which the employees render the related service, they are discounted using the discount rate determined by reference to market yields at the end of the reporting period on high quality corporate bonds (or when there is no deep market in such bonds, the government bonds) having term consistent with the estimated term of the post-employment benefit obligations.

3.12 Taxation

Income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Current tax

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred tax

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred income taxes are not accounted for if they arise from the initial recognition of an asset or liability in a transaction other than a business combination that, at the time of the transaction, affects neither accounting nor taxable profit or loss. Deferred income tax is measured using tax rates (and laws) that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

A deferred tax asset is recognised only to the extent that the entity has sufficient taxable temporary differences or their is convincing other evidence that the sufficient taxable profit will be available against which the unused tax losses or unused tax credits can be utilized by the entity. Deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that the related tax benefit will be realised.

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

Judgment and estimates

Significant judgment is required in determining the income tax expenses and corresponding provision for tax. The Company recognizes liabilities for anticipated tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the current and deferred tax assets and liabilities in the period in which such determination is made.

Further, the carrying amount of deferred tax assets is reviewed at each reporting date and is adjusted to reflect the current assessment of future taxable profits. If required, carrying amount of deferred tax asset is reduced to the extent that it is no longer probable that sufficient taxable profits to allow the benefit of part or all of that recognised deferred tax asset to be utilised. Any such reduction shall be reversed to the extent that it becomes probable that sufficient taxable profit will be available.

Offsetting

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

3.13 Provisions and contingent liabilities

Provisions

A provision is recognised in the statement of financial position when the Company has a legal or constructive obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

As the actual outflows can differ from estimates made for provisions due to changes in laws, regulations, public expectations, technology, prices and conditions, and can take place many years in the future, the carrying amounts of provisions are reviewed at each reporting date and adjusted to take account of such changes. Any adjustments to the amount of previously recognised provision is recognised in the statement of profit or loss unless the provision was originally recognised as part of cost of an asset.

Contingent liabilities

A contingent liability is disclosed when the Company has a possible obligation as a result of past events, whose existence will be confirmed only by the occurrence or non-occurrence, of one or more uncertain future events not wholly within the control of the Company; or the Company has a present legal or constructive obligation that arises from past. events, but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability.

3.14 Operating revenue

Revenue from trading activities - brokerage commission

Commission revenue arising from sales / purchase of securities on client's behalf is recognized on the date of settlement of transaction by the Company.

ARIF HABIB LIMITED NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

The Company does not expect to have contracts where the period between the services to the customer and payment by the customer exceeds one year. As a consequence, the Company does not adjust any of the transaction prices for the time value of money.

Revenue from advisory and consultancy services

Revenue is recognized when the performance obligation is satisfied i.e. when services are provided.

Dividend income

Dividends received from investments measured at fair value through profit or loss and at fair value through other comprehensive income are recognized in the statement of profit or loss when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company and the amount of the dividend can be measured reliably. This applies even if they are paid out of pre-acquisition profits, unless the dividend clearly represents a recovery of a part of the cost of an investment. In this case, dividend is recognized in other comprehensive income if it relates to an investment measured at fair value through other comprehensive income.

Mark up / Interest income

Mark-up / interest income is recognized on a time proportion basis on the principal amount outstanding and at the rate applicable.

3.15 Borrowing costs

Borrowing costs directly attributable to the acquisition or construction of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

To the extent that the Company borrows funds specifically for the purpose of obtaining a qualifying asset, the Company determines the amount of borrowing costs eligible for capitalisation as the actual borrowing costs incurred on that borrowing during the period less any investment income on the temporary investment of those borrowings.

To the extent that the Company borrows funds generally and uses them for the purpose of obtaining a qualifying asset, the Company determines the amount of borrowing costs eligible for capitalisation by applying a capitalisation rate to the expenditures on that asset. The capitalisation rate is the weighted average of the borrowing costs applicable to all borrowings of the Company that are outstanding during the period. However, the Company excludes from this calculation borrowing costs applicable to borrowings made specifically for the purpose of obtaining a qualifying asset until substantially all the activities necessary to prepare that asset for its intended use or sale are complete. The amount of borrowing costs that the Company capitalises during a period does not exceed the amount of borrowing costs it incurs during that period.

The Company begins capitalising borrowing costs as part of the cost of a qualifying asset on the 'commencement date' which is the date when the Company first meets all of the following conditions: (a) it incurs expenditures for the asset; (b) it incurs borrowing costs; and (c) it undertakes activities that are necessary to prepare the asset for its intended use or sale.

The Company suspends capitalisation of borrowing costs during extended periods in which it suspends active development of a qualifying asset.

The Company ceases capitalising borrowing costs when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are complete.

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

- 11.1 As of June 30, 2021, the Company held 5,699,328 ordinary shares (June 30, 2020; 7,699,328 ordinary shares) of M/s. Safemix Concrete Limited (SCL), an associated company in terms of section 2(4) of the Companies Act, 2017, classified at FVTPL. This gives the Company 22.80% (June 30, 2020; 30,80%) voting power in SCL. However, since Mr. Arif Habib and his sons, Mr. Samad Habib and Mr. Kashif Habib, by virtue of their direct investment as well as their indirect investment held through the Company are in a position to exert control over SCL and because of the fact that the Company has not appointed any person on the Board of Directors of SCL, the management is of the view that the Company is not able to exercise significant influence over SCL. Hence, SCL cannot be regarded as an 'associate' of the Company within the meaning of the term 'associate' defined in the International Accounting Standard (IAS) 28 "Investments in Associates and Joint Ventures."
- 11.2 This represents Term Finance (TFC) & Sukuk Certificates under Market Making agreements. Company has entered into Market Making agreements in accordance with Chapter 12 of PSX Rule Book with various Financial and Corporate Institution. Under market making arrangements, the Company has to maintain minimum inventory of TFC's & Sukuk's to place bid & offer on daily basis. These TFC's & Sukuks carry Coupon rate ranging from 3 month KIBOR + 0.9% to 1.9%, 6 month KIBOR + 0.50% to 2.25% (2020; 3 month KIBOR + 0.9% to 1.9%, 6 month KIBOR + 0.5% to 2.25%) calculated on face value of the respective TFC/Sukuk that is payable quarterly / semi annually.

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

- 18.1 As of June 30, 2021 the Parent Company held 41,245,884 (2020: 41,245,884) ordinary shares of Rs. 10 each.
- 18.2 There is only one class of ordinary shares.
- 18.3 There are no agreements among shareholders in respect of voting rights, board selection, rights of first refusal, and block voting.

19 SURPLUS ON REVALUATION OF PROPERTY

In the year 2015, the Company reclassified leasehold offices to Investment Property. Accordingly surplus on revaluation of properties was recognized in accordance with IAS 40 "Investment Property".

LONG TERM LOAN

- 20.1 On June 30, 2020 the Company had signed a facility letter with Allied Bank limited (ABL) whereby the outstanding running finance facility amounting to Rs. 499.99 million had been converted into a long term loan under markup arrangement at the rate of 3 months KIBOR + 1% to be charged on quarterly basis. The loan was repayable in twelve quarterly installments ending on June 30, 2023. However during the year, the Company settled the term loan in full due to availability of sufficient liquidity.
- 20.2 Fair value of shares pledged with Allied Bank Limited against term loan facility as at June 30, 2021 amounted to Rs. Nil (2020: 918.44 million). The details of which are as under:

	June 30, 2	June 30, 2021), 2020
	Number of securities	Amount (Rupees)	Number of securities	Amount (Rupees)
Client House		8	34,350,000 10,000	918,175,500 267,300
Total			34,360,000	918,442,800

SHORT TERM BORROWINGS - secured

- 21.1 Short term running finance facilities are available from various commercial banks, under mark-up arrangements, amounting to Rs. 5,500 million (2020; Rs. 5,000 million). These facilities have various maturity dates up to September 30, 2024 (2020; May 06, 2021). These arrangements are secured against pledge of marketable securities. These running finance facilities carry mark-up ranging from 1 month KIBOR + 0.5% to 1.0%, 3 month KIBOR + 0.50% to 1.5% (2020: 1 month KIBOR + 0,75% to 1.0%, 3 month KIBOR + 0.55% to 1.50%) calculated on a daily product basis that is payable quarterly.
- 21.2 Fair value of shares pledged with banking companies against various short term running finance facilities and bank guarantees as at June 30, 2021 amounted to Rs. 5.642.98 million (2020; Rs. 4,376.90 million). Total value of pledged securities with financial institutions indicating separately securities belonging to customers is as under:

	June 3	June 30, 2021		0, 2020
	Number of securities	Amount (Rupees)	Number of securities	Amount (Rupees)

24 CONTINGENCIES AND COMMITMENTS

24.1 Contingency

The Company has been contesting a demand of Rs. 45.42 million raised against its non-taxable services vide order issued on September 12, 2014 by the Assistant Commissioner, Sindh Revenue Board. The Company filed an appeal against the impugned order in the appropriate forums and, accordingly, a stay was granted to the Company against the impugned order. During the year 2018, the Appellate Tribunal Sindh Revenue Board remanded the case to the learned Commissioner (Appeals) for decision denovo on merits in terms of note / opinion recorded by the Member Technical. The Company's legal counsel is of the view that the Company has a favorable case based on merit. Accordingly, the Company has not made any provision of the said amount in these unconsolidated financial statements.

- 31.2 Income tax assessments of the Company are deemed to be finalized as per tax returns file up to tax year 2020. Tax returns are subject to further assessment under provisions of the Income Tax Ordinance, 2001 ("the Ordinance") unless selected for an audit by the taxation authorities. The Commissioner of Income Tax may, at any time during a period of Tive years from date of filing of return, select a deemed assessment order for audit.
- 31.3 The Company had been contesting Civil Suit No. 284/2016 against levy of "Super Tax" u/s 48 of the Income Tax Ordinance, 2001 Introduced through Finance Act, 2015 in the High Court of Sindh and had not paid the Super Tax accordingly. During the year, all the petitions pertaining to "Super Tax" u/s 4B which were filed at branch registries were now to be heard by the Honourable Supreme Court Of Pakistan as per it's direction. During the year the Honourable Supreme Court Of Pakistan directed petitioner taxpayers to deposit 50% of their respective impugned outstanding tax amounts pertaining to super tax u/s 4B with the respondent authorities, no operaive action for recovery shall be taken against such tax payers in the meanwhile.

Therefore, as per the directive of Honorable Supreme Court Of Pakistan the Company deposited 50% of their outstanding tax amounts, amounting to Rs. 31,162 million. On a prudent basis, the company continues to recognize a provision for the remaining 50% of the amount of tax in these unconsolidated financial statements.

ARIF HABIB LIMITED NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

FINANCIAL INSTRUMENTS

36.1 Financial risk analysis

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk (interest/markup rate risk and price risk). The Company's overall risk management program focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the financial performance. The Company consistently manages its exposure to financial risk without any material phange from previous periods in the manner described in notes below.

The Board of Directors has overall responsibility for the establishment and oversight of Company's risk management framework. All treasury related transactions are carried out within the parameters of these policies.

36.1.1 Market risk

Market risk means that the future cash flows of a financial instrument will fluctuate because of changes in market prices such as foreign exchange rates, egulty prices and interest rates. The objective is to manage and control market risk exposures within acceptable parameters, while optimizing the return. Market risk comprises of three types of risks: foreign currency risk, price risk and interest rate risk. The market risks associated with the Company's business activities are discussed as under:

Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. As of the reporting date, the Company was not exposed to currency risk since were no foreign currency transactions and balances at the reporting date.

Price risk ii)

Price risk represents the risk that the fair value of a financial instrument will fluctuate because of changes in the market prices (other than those arising from interest/ mark up rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all or similar financial instruments traded in the market. Presently, daily stock market fluctuation is controlled by government authorities with cap and floor of 7.5%. The restriction of floor prices reduces the volatility of prices of equity securities and the chances of market crash at any moment. The Company manages price risk by monitoring the exposure in quoted securities and implementing the strict discipline in internal risk management and investment policies, which includes disposing of its own equity investment and collateral held before it led the Company to incur significant mark-to-market and credit losses. As of the reporting date the Company was exposed to price risk since It had investments in quoted securities amounting to Rs. 2,746 million (2020: 3,724 million) and also because the Company held collaterals in the form of equity securities against their debtor balances.

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

The carrying value of investments subject to price risk is based on quoted market prices as of the reporting date. Market prices are subject to fluctuation and consequently the amount realized in the subsequent sale of an investment may significantly differ from the reported market value. Fluctuation in the market price of a security may result from perceived changes in the underlying economic characteristics of the investee, the relative price of atternative investments and general market conditions, Furthermore, amount realized in the sale of a particular security may be affected by the relative quantity of the security being sold.

The Company's portfolio of short term investments is broadly diversified so as to mitigate the significant risk of decline in prices of securities in particular sectors of the market.

Analysis of short term investment in quoted equity securities by business sector is as follows:

	June 30, 2	June 30, 2020

Sensitivty Analysis:

The table below summarizes Company's equity price risk as of June 30, 2021 and 2020 and shows the effects of a hypothetical 10% increase and a 10% decrease in market prices as at the year end reporting dates. The selected hypothetical change does not reflect what could be considered to be the best or worst case scenarios. Indeed, results could be worse because of the nature of markets and the aforementioned concentrations existing in Company's equity investment portfolio.

		Fair value	Hypothetical price change	Estimated fair value after hypothetical change in prices	Hypothetical increase / (decrease) in shareholders' equity	Hypothetical increase / (decrease) in profit / (loss) after tax	Hypothetical Increase / (decrease) in Other comprehensive income

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

Effect on availt after toy

HI) Interest rate risk

Interest / mark-up rate risk is the risk that value of a financial instrument or future cash flows of a financial instrument will fluctuate due to changes in the market interest / mark-up rates. Sensitivity to interest / mark up rate risk arises from mismatches of financial assets and liabilities that mature or re-price in a given period. The Company manages these mismatches through risk management strategies where significant changes in gap position can be adjusted. The short term borrowing arrangements have variable rate pricing that is dependent on the Karachi Inter Bank Offer Rate (KIBOR) as indicated in note 21 to these unconsolidated financial statements.

Financial assets and liabilities include balances of Rs. 3.176.163 million (2020; Rs. 1.092.177 million) and Rs. 1,363,369 million (2020: Rs. 2,636,062 million) respectively, which are subject to interest / markup rate risk. Applicable interest / mark-up rates for financial assets and liabilities have been indicated in respective notes.

At the reporting date, the interest rate profile of the Company's significant interest bearing financial instruments was as follows:

	Effective int	2020 erest rate (%)	Carrying an	2020 nounts (Rs.)
Financial assets		a access to the manufacture of the control of the c		COTOR CONTRACTOR
Bank deposits - pls account	4% to 6%	6% to 13%	2,516,261,256	758,743,775
Receivable against Reverse Repo transactions	12% to 15%	13% to 18%	268,568,516	52,152,387
Receivable against margin financing	12% to 15%	12% to 18%	245,655,746	37,754,624
Loan to related party	9.31% to 9.44%	10.33% to 15.81%		15,000,000
Corporate debt securities - at FVTPL	7,93% to 9.94%	9.66% to 15.54%	145,677,916	228,526,556
Financial liabilities				
Long-term loan	8.17% to 8.3%	11.49% to 14.35%	14	499,987,261
Short term borrowings- secured	7.82% to 9.09%	7,36% to 15,35%	1,369,369,349	1,836,074,716
Current portion of long-term subordinated loan	14.37%	14.55%		308,000,000

Sensitivity analysis

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rate would not affect the carrying amount of any financial instrument. For cash flow sensitivity analysis of variable rate instruments it is observed that interest / mark-up rate in terms of KIBOR has decreased by 12 bps during the year.

The following information summarizes the estimated effects of 1% hypothetical increases and decreases in interest rates on cash flows from financial assets and financial liabilities that are subject to interest rate risk. It is assumed that the changes occur immediately and uniformly to each category of instrument containing interest rate risk. The hypothetical changes in market rates do not reflect what could be deemed best or worst case scenarios. Variations in market interest rates could produce significant changes at the time of early repayments. For these reasons, actual results might differ from those reflected in the details specified below. The analysis assumes that all other variables remain constant.

	Effect on profit after tax		
Water and the second second	Increase	decrease	
As at June 30, 2021			
Cash flow sensitivity-Variable rate financial instruments	12,828,238	(12,828,238)	
As at June 30, 2020			
Cash flow sensitivity-Variable rate financial instruments	10,961,581	(10,961,581)	

36.1.2 Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss, without taking into account the fair value of any collateral. Concentration of credit risk arises when a number of counter parties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economics, political or other conditions. Concentrations of credit risk indicate the relative sensitivity of the Company's performance to developments affecting a particular industry.

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

Exposure to credit risk

Credit risk of the Company mainly arises from deposits with banks and financial institutions, trade debts, receivable against margin financing, short term loans, loan to related party, deposits and other receivables. The carrying amount of financial assets represents the maximum credit exposure. To reduce the exposure to credit risk, the Company has developed its own risk management policies and guidelines whereby clients are provided trading limits according to their net worth and proper margins are collected and maintained from the clients. The management continuously monitors the credit exposure towards the clients and makes provision against those balances considered doubtful of recovery.

The Company's management, as part of risk management policies and guidelines, reviews clients' financial position. considers past experience, obtain authorized approvals and arrange for necessary collaterals in the form of equity securities to reduce credit risks and other factors. These collaterals are subject to market risk which ultimately affects the recoverability of debts. Further, credit risk on liquid funds is limited because the counter parties are banks with reasonably high credit ratings.

The Company's policy is to enter into financial contracts in accordance with the internal risk management policies. investment and operational guidelines approved by the Board of Directors.

The carrying amount of financial assets represent the maximum credit exposure at the reporting date, which are detailed as follows: 2021

		No W No. 1	ALCO BLOO
	Note	Ruj	0005
Long-term advances and deposits		4,103,800	3,584,545
Trade debts	(a) & (b)	240,318,884	156,938,894
Receivable against margin financing		245,655,746	37,754,624
Short term deposits		49,110,315	1,142,542
Loan to related party			15,000,000
Other receivables		274,650,955	109,276,320
Bank balances		2,673,447,874	805,909,860
		3,487,287,574	1,129,606,785

- (a) Trade debts were due from local clients.
- The Company held equity securities having fair value of Rs. 59,277 million (2020; Rs 38,874 million) owned by its clients, as collaterals (b) against trade debts - brokerage and operating.

Due to the Company's long standing business relationships with these counter parties and after giving due consideration to their strong financial standing, management does not expect non-performance by these counter parties on their obligations to the Company. Accordingly, the credit risk is minimal.

The Company writes off a defaulted financial asset when there remains no reasonable probability of recovering the carrying amount of the asset through available means.

36.1.3 Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities, the availability of adequate funds through committed credit facilities and the ability to close out market positions due to dynamic nature of the business. The Company finances its operations through equity and borrowings with a view to maintaining an appropriate mix between various sources of finance to minimize risk. The management aims to maintain flexibility in funding by keeping regular committed credit lines.

On the reporting date, the Company had cash and bank balance amounting to Rs. 2,674 099 million (2020: Rs. 806.18 million) unutilized credit lines Rs. 3,664 million (2020: Rs. 3,164 million) and liquid assets in the form of short term securities amounting to Rs. 2,746 million (2020: Rs. 3,724 million).

The following are the contractual maturities of financial liabilities, including estimated interest payments (except short term borrowings, long term loans and sub-ordinated loans):

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

FAIR VALUE OF ASSETS AND LIABILITIES

The Company measures fair value of its assets and liabilities using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

- Level 1: Quoted market price (unadjusted) in an active market.
- Level 2: Valuation techniques based on observable inputs.

Level 3. Valuation techniques using significant unobservable inputs. This category includes all instruments where the valuation technique includes inputs not based on observable data.

Fair values of financial assets that are traded in active markets are based on quoted market prices. For all other financial instruments the Company determines fair values using valuation techniques unless the instruments do not have a market/ quoted price in an active market and whose fair value cannot be reliably measured.

Valuation techniques used by the Company include discounted cash flow model. Assumptions and inputs used in the valuation technique mainly include risk-free rate, equity risk premium, long term growth rate and projected rates of increase in revenues, other income and expenses. The objective of valuation techniques is to arrive at a fair value determination that reflects the price of the financial instrument at the reporting date that would have been determined by market participants acting at arm's length.

Valuation models for valuing securities for which there is no active market requires significant unobservable inputs and a higher degree of judgment and estimation in the determination of fair value. Judgment and estimation are usually required for selection of the appropriate valuation model to be used, determination of expected future cash flows on the financial instrument being valued and selection of appropriate discount rates, etc.

The table below analyses assets measured at fair value at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorized:

Level 1	Level 2	Level 3	Total
	Amount in	Rupees	
2,746,710,495			2,746,710,495
	*	54,754,771	54,754,771
	1,968,800,000	725	1,968,800,000
Level 1	Level 2	Level 3	Total
	Amount in	Rupees	******
3,724,277,297	7 an	¥-1	3,827,444,572
		45,056,656	45,056,656
	1,678,415,232		1,678,415,232
	2,746,710,495	2,746,710,495 - 1,968,800,000 Level 1 Level 2 Amount in 3,724,277,297	2,746,710,495 - 54,754,771 - 1,968,800,000 - Level 1 Level 2 Level 3 - Amount in Rupees 3,724,277,297 - 45,056,656

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

Effect on profit and loss account

The following table shows a reconciliation from the beginning balances to the ending balances for fair value measurements in Level 3 of the fair value hierarchy:

Note	2021	2020
	———Rupe	es ———
	45,056,656	53,022,530
7.2.2.1	9,698,115	(7,965,874)
	54,754,771	45,056,656
		45,056,656 7.2.2.1 9,698,115

Although the Company believes that its estimates of fair value are appropriate, the use of different methodologies or assumptions could lead to different measurements of fair value. A change of 1% in value arrived at reporting date would have the following effect:

	Favourable (Unfavourable	2)
June 30, 2021		_
Unquoted equity securities	547,548 (547,548	3)
June 30, 2020 Unquoted equity securities	450,567 (450,56)	7)

38 CAPITAL MANAGEMENT

38.1 Management of Capital

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure

The Capital Adequacy Level as defined by Central Depository Company (CDC) is calculated 38.2

Note	2021	(Restated) 2020
		005
Total assets 38.2.1	8,471,502,159	6,869,053,991
Less: Total liabilities	(3,476,118,789)	(3,597,720,214)
Less: revaluation reserves (created upon revaluation of fixed assets)	(15,432,500)	(15,432,500)
Capital Adequacy Level	4,979,950,870	3,255,901,277

38.2.1 While determining the value of the total assets of the TREC Holder, notional value of the TRE Certificate as at year end as determined by Pakistan Stock Exchange has been considered.

OPERATING SEGMENT 39

These unconsolidated financial statements have been prepared on the basis of a single reportable segment as the Company's asset allocation decisions are based on a single and integrated business strategy.

All non current assets of the Company as at June 30, 2021 are located in Pakistan.

40 CORRECTION OF A PRIOR PERIOD ERROR

As disclosed in note 3.6.1 to these unconsolidated financial statements, the Company follows trade date accounting in relation to its own proprietary investments. However, the sale of 8,220,500 ordinary shares of Hum Network Limited (being carried at fair value through other comprehensive income) transacted on June 29, 2020 and June 30, 2020 was, inadvertently, not accounted for as a disposal of the investment in the financial statements for the year ended June 30, 2020.

In these unconsolidated financial statements, the above error has been duly rectified retrospectively in accordance with the requirements of the International Accounting Standard (IAS) 8 'Accounting Policies, Changes in Accounting Estimates and Errors' and the corresponding figures impacted by the error have been restated. However, since these restatements had no effect on the statement of financial position as at the beginning of the earliest period presented (i.e. July 01, 2019), the same has not been presented in these unconsolidated financial statements.

The retrospective correction of the error has its effects on the corresponding figures presented in these unconsolidated financial statements as follows:

Effects on statement of financial position	Short term investments	Receiveable / (Payable) against sale / purchase of securities- net	Unappropriate d profits	Surplus on IT- measurement of equity securities at FVOCI
Balance as at July 01, 2020 (as previously reported)	3,827,444,572	(28,513,608)	2,179,296,229	483,759,375
Effect of disposal of shares:	, et	(koln (stom)	AT DOMESTICAL	1000720001
Decrease in short term investments increase in Sacetysable / (poyable) against sales of securities - net	(103.167,275)	108.072,965 108.072.005	**	意

CONSOLIDATED FINANCIAL STATEMENTS

AUDITORS' REPORT TO THE MEMBER

REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Opinion

We have audited the annexed consolidated financial statements of Arlf Habib Limited and its subsidiaries (the Group). which comprise the consolidated statement of financial position as at June 30, 2021, the consolidated statement of profit or loss, the consolidated statement of comprehensive income, the consolidated statement of changes in equity, the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

in our opinion and to the best of our information and according to the explanations given to us, the consolidated statement of financial position, the consolidated statement of profit or loss, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Group's affairs as at June 30, 2021 and of the profit, total comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the consolidated Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter(s)

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

10.	Key Audit Matter(s)	How the matter was addressed in our audit
01.	Valuation of unquoted investments in equity securities As stated in note 7.2 to the consolidated financial statements, the Group revalued its investment in unquoted ordinary shares of M/s. ISE Towers REIT Management Company Limited and M/s. LSE Financial Services Limited based on the valuation carried out independent external valuer engaged by management through the use of Discounted Free Cash Flow to Equity model for business valuation. Since the use of such valuation model requires management to make significant estimates and assumptions, the degree of subjectivity and complexity involved in the valuation increases to a considerable extent. This, in turn, affected our assessment of the risk that the consolidated financial statements may be materially misstated due to error and, hence, necessitated us to devote our significant time and resources to address the risk successfully.	Our audit procedures included the following: Obtained an understanding of the valuation exercise carried out by the independent external valuer engaged by management who was responsible for performing the valuation. Made inquiries of such persons in order to assess their competence, capability and objectivity of the external valuer which are recognized as the important factors affecting the reliability of the valuation. Evaluated the appropriateness of the work of the Holding Company's personnel by assessing the reasonableness of significant assumptions used by management in estimating the following factors: Components of cost of equity of investee companies (used as discount rate) such as the risk-free rate of return, equity risk premium and equity beta; Significant amounts of revenues, operating expenses, capital expenditures, tax payments, dividend receipts etc. used in the cash flow projections; and Long term growth rates assumed by management in estimating the terminal value of the investee companies at the end of the 5-year projection period.
02.	Valuation of investment properties As stated in note 8.1 to the consolidated financial statements, the Group recorded its investment properties (i.e. residential and commercial plots of land located in the Naya Nazimabad project as well as of offices located in Pakistan Stock Exchange and LSE Financial Services Limited) at fair value based on the valuation carried out by an independent external valuer engaged by management. The valuation of such properties was identified as an area subject to significant risk due to involvement of estimates made by the valuer in determining the fair value of investment properties. Due to the significance of the estimate and the involvement of significant management assumptions and judgements, we considered valuation of investment properties as a key audit matter.	To address this significant risk, we, amongst others, carried out the following key audit procedures: We obtained an understanding of the scope of the valuer's work; As stated in the valuation report, development work in the area in which the Group holds properties at Naya Nazimabad is ongoing and is rapidly progressing and that the value of the properties was determined on the basis of investigation with other realtors. Accordingly, we reviewed the investments made by the Group in other blocks of the Naya Nazimabad project over the past few years with respect to the cost of acquisition, valuation and disposals. Further, we corroborated the values assigned to the properties by the valuer with that realized on the most recent property disposal transactions executed by the Group; and Performed appropriate background searches to ascertain whether the values assigned to the properties by the valuer are closely aligned to those determined through independent sources.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated and unconsolidated financial statements and our auditor's reports thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. However, we have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Board of Directors are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are tree from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from traud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern, If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are, therefore, the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Group as required by the Companies Act, 2017 (XIX of 2017);
- b) the consolidated statement of financial position, the consolidated statement of profit or loss, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns:
- investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Group's business;
- zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Group and deposited in the Central Zakat Fund established under section 7 of that Ordinance; and
- the Group was in compliance with the requirement of section 78 of the Securities Act 2015, and the relevant requirements of Securities Brokers (Licencing and Operations) Regulations, 2016 as at the date on which the consolidated financial statements were prepared.

The engagement partner on the audit resulting in this independent auditor's report is Mr. Muhammad Waseem.

Rahman Sarfaraz Rahim Iqbal Rafiq

Chief Executive Officer

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

STATUS AND NATURE OF BUSINESS

1.1 Arif Habib Limited ("the Holding Company") is a public listed company incorporated in Pakistan under the repealed Companies Ordinance, 1984 ('the Ordinance') which has now been replaced with Companies Act, 2017 ('the Act'). The shares of the Holding Company are listed on Pakistan Stock Exchange Limited ("the Exchange"). The Holding Company was initially incorporated as an unquoted public limited company wholly owned by Arif Habib Corporation Limited ("the Parent Company"). Subsequently, the Parent Company offered its 25% share holding in the Company to general public and the Holding Company obtained listing on the Exchange on January 31, 2007. As of the reporting date, the Parent Company held 69.44% shares of the Holding Company.

The Holding Company is a holder of Trading Right Entitlement Certificate (TREC) of Pakistan Stock Exchange Limited. The principal activities of the Company are share brokerage, money market and forex brokerage, advisory, underwriting, consultancy and book running services. Other activities include investment in listed equity & debt securities.

The geographical location of Holding Company's offices are as follows:

	Karachi	Head office (Registered office)	Arif Habib Centre, 23 M.T. Khan Road, Karachi
<u>-</u>	Lahore	Registered office	Office Nos. G-05 & G-06, Ground Floor, LSE Plaza, 19, Khayaban-e-Aiwan-e-Iqbal, Lahore
÷	Islamabad	Registered office	Office No. 506, 5th Floor, ISE Towers, Jinnah Avenue, Islamabad
4	Peshawar	Registered office	Shops No. F13, F14, F15, F16 and F17, 1st Floor, The Mall Tower, Peshawar Centt, Peshawar
+	Multan	Registered office	Shop Number 16, 17 & 18, Upper Floor, Khan Centre, Multan
æ	Faisalabad	Registered office	Office No. 04, 3rd Floor at Legacy Tower, Koh-e-noor city, Falsalabad
1	Rawalpindi	Registered office	Shop No. F-15, 1st floor at Rizwan arcade, Adam Jee road, Saddar.

1.2 These consolidated financial statements of Arif Habib Limited for the year ended June 30, 2021 comprise of the Holding Company and following subsidiary companies (here-in-after referred to as "the Group"):

Name of Subsidiary Companies

Effective holding

Arif Habib Commodities (Private) Limited [wholly owned subsidiary of Arif Habib Limited]

100.00%

Arif Habib 1857 (Private) Limited [wholly owned subsidiary of Arif Habib Limited]

100.00%

- 1.2.1 Arif Habib Commodities (Private) Limited (AHCPL) was incorporated on April 02, 2012 as a private limited company under the repealed Companies Ordinance, 1984 (now Companies Act, 2017). The registered office of AHCPL is located at Arif Habib Centre, 23, M.T. Khan Road, Karachi. AHCPL holds license of Pakistan Mercantile Exchange (PMEX). The principal activity of AHCPL is to effectively manage investment portfolios in commodities.
- Arif Habib 1857 (Private) Limited (AH1857) was incorporated on July 17, 2014 as a private limited company in 1.2.2 Pakistan under the repealed Companies Ordinance, 1984 (now Companies Act, 2017). The registered office of the AH1857 is located at Arif Habib Centre, 23, M.T. Khan Road, Karachi, AH1857 holds Trading Right Entitlement Certificate (TREC). The principal activities of AH1857 are investments and shares brokerage.

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

BASIS OF PREPARATION

2.1 Statement of compliance

These consolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards as applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) Issued by the International Accounting Standard Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act. 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.2 Accounting convention

These consolidated financial statements have been prepared under the historical cost convention, except;

- Lease liability and the related right-of-use asset which are initially measured at the present value of the lease payments that are not paid at the commencement date.
- Investment property which is carried at fair value;
- Long term investments in ISE Tower Reit Management Limited and LSE Financial Services Limited which is carried at fair value; and
- Short term investments in quoted equity securities, term finance certificates carried at fair value.

2.3 Functional and presentation currency

Items included in these consolidated financial statements are measured using the currency of the primary economic environment in which the Group operates. These consolidated financial statements are presented in Pak Rupees which is the Group's functional and presentation currency.

2.4 Use of estimates and judgments

The preparation of consolidated financial statements in conformity with accounting and reporting standards requires management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods. Areas where various assumptions and estimates are significant to the Group's financial statements or where judgments were exercised in application of accounting policy are as follows:

		Note
	Useful lives, depreciation methods and residual values of property and equipment.	3.2
8	Useful lives, amortisation methods and residual values of intangible assets.	3.4 & 6
	Valuation of investment property.	3.5 & 8
	Valuation of investment in ordinary shares of ISE Towers Reit Management Limited and LSE Financial Services Limited.	7.1
	Lease liability and right-of-use assets, and	3.3 & 5
-	Provision for taxation.	31

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

2.5 **New Accounting Pronouncements**

2.5.1 Amendments to approved accounting standards and interpretations which became effective during the year ended June 30, 2021.

During the year certain new accounting and reporting standards / amendments / interpretations became effective and applicable to the Company. However, since such updates were not considered to be relevant to these unconsolidated financial statements, the same have not been reported.

New / revised accounting standards, amendments to published accounting standards and interpretations that are not yet effective

The following International Financial Reporting Standards (IFRS Standards) as notified under the Companies Act, 2017 and the amendments and interpretations thereto will be effective for accounting periods beginning on or after the dates specified below:

- Interest Rate Benchmark Reform Phase 2 which amended IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 is applicable for annual financial periods beginning on or after January 01,2021, with earlier application permitted. The amendments introduce a practical expedient to account for modifications of financial assets or financial liabilities if a change results directly from IBOR reform and occurs on an 'economically equivalent' basis. In these cases, changes will be accounted for by updating the effective interest rate. A similar practical expedient will apply under IFRS 16 for lessees when accounting for lease modifications required by IBOR reform. The amendments also allow a series of exemptions from the regular, strict rules around hedge accounting for hedging relationships directly affected by the interest rate benchmark reforms. The amendments apply retrospectively with earlier application permitted. Hedging relationships previously discontinued solely because of changes resulting from the reform will be reinstated if certain conditions are met. The application of the amendment is not likely to have an impact on the Group's financial statements.
- COVID-19-Related Rent Concessions (Amendment to IFRS 16) the International Accounting Standards Board (the Board) has issued amendments to IFRS 16 (the amendments) to provide practical relief for lessees in accounting for rent concessions. The amendments are effective for periods beginning on or after June 01, 2020, with earlier application permitted. Under the standard's previous requirements, lessees assess whether rent concessions are lease modifications and, if so, apply the specific guidance on accounting for lease modifications. This generally involves remeasuring the lease liability using the revised lease payments and a revised discount rate. In light of the effects of the COVID-19 pandemic, and the fact that many lessees are applying the standard for the first time in their financial statements, the Board has provided an optional practical expedient for lessees. Under the practical expedient, lessees are not required to assess whether eligible rent concessions are lease modifications,

The practical expedient introduced in the 2020 amendments only applied to rent concessions for which any reduction in lease payments affected payments originally due on or before June 30, 2021. In light of persistence of economic challenges posed by the COVID-19 pandemic, the Board has extended the practical expedient for COVID-19 related rent concessions by one year i.e. permitting lessees to apply it to rent concessions for which any reduction in lease payments affects only payments originally due on or before June 30, 2022.

Rent concessions are eligible for the practical expedient if they occur as a direct consequence of the COVID-19 pandemic and if all the following criteria are met:

- the change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change:
- any reduction in lease payments affects only payments originally due on or before June 30, 2020; and
- there is no substantive change to the other terms and conditions of the lease.

The above amendments are not likely to affect the financial statements of the Group.

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

- Onerous contracts Cost of Fulfilling a Contract (Amendments to IAS 37) effective for the annual periods beginning on or after 1 January 2022 amends IAS 1 by mainly adding paragraphs which clarifies what comprises the cost of fulfilling a contract. Cost of fulfilling a contract is relevant when determining whether a contract is onerous. An entity is required to apply the amendments to contracts for which it has not yet fulfilled all its obligations at the beginning of the annual reporting period in which it first applies the amendments (the date of initial application). Restatement of comparative information is not required, instead the amendments require an entity to recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings or other component of equity, as appropriate, at the date of initial application. The amendments are not likely to affect the financial statements of the Group.
- Property, Plant and Equipment. Proceeds before Intended Use (Amendments to IAS 16) effective for annual periods beginning on or after January 01, 2022 clarifies that sales proceeds and costs of items produced while bringing an item of property, plant and equipment to the location and condition necessary for it to be capable of operating in the manner intended by management e.g. when testing etc., are recognized in profit or loss in accordance with applicable Standards. The entity measures the cost of those items applying the measurement requirements of IAS 2. The standard also removes the requirement of deducting the net sales proceeds from cost of testing. An entity shall apply those amendments retrospectively, but only to items of property, plant and equipment that are brought to the location and condition necessary for them to be capable of operating in the manner intended by management on or after the beginning of the earliest period presented in the financial statements in which the entity first applies the amendments. The entity shall recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at the beginning of that earliest period presented. The amendments are not likely to affect the financial statements of the Group.
- Amendments to IFRS 3 'Business Combinations' Reference to the Conceptual Framework, issued in May 2020, amended paragraphs 11, 14, 21, 22 and 23 of and added paragraphs 21A, 21B, 21C and 23A to IFRS 3. An entity shall apply those amendments to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after January 01, 2022. Earlier application is permitted if at the same time or earlier an entity also applies all the amendments made by Amendments to References to the Conceptual Framework in IFRS Standards, issued in March 2018. The amendments are not likely to affect the financial statements of the Group.
- Amendments to IAS 1 'Presentation of Financial Statements' Classification of liabilities as current or non-current amendments apply retrospectively for the annual periods beginning on or after January 01, 2023. These amendments in the standards have been added to further clarify when a liability is classified as current. The standard also amends the aspect of classification of liability as non-current by requiring the assessment of the entity's right at the end of the reporting period to defer the settlement of liability for at least twelve months after the reporting period. An entity shall apply those amendments retrospectively in accordance with IAS 8. The management is currently in the process of assessing the impacts of these amendments to these consolidated financial statements.
- Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2) the Board has issued amendments on the application of materiality to disclosure of accounting policies and to help companies provide useful accounting policy disclosures. The key amendments to IAS 1 include:
 - requiring companies to disclose their material accounting policies rather than their significant accounting policies;
 - clarifying that accounting policies related to immaterial transactions, other events or conditions are themselves immaterial and as such need not be disclosed: and
 - clarifying that not all accounting policies that relate to material transactions, other events or conditions are themselves material to a company's financial statements.

The management is currently in the process of assessing the impacts of above amendments to these consolidated financial statements.

The Board also amended IFRS Practice Statement 2 to include guidance and two additional examples on the application of materiality to accounting policy disclosures. The amendments are effective for annual reporting periods beginning on or after January 01, 2023 with earlier application permitted.

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

Definition of Accounting Estimates (Amendments to IAS 8) - The amendments introduce a new definition for accounting estimates clarifying that they are monetary amounts in the financial statements that are subject to measurement uncertainty.

The amendments also clarify the relationship between accounting policies and accounting estimates by specifying that a company develops an accounting estimate to achieve the objective set out by an accounting policy. The amendments are effective for periods beginning on or after January 01, 2023, and will apply prospectively to changes in accounting estimates and changes in accounting policies occurring on or after the beginning of the first annual reporting period in which the company applies the amendments. The amendments are not likely to affect the financial statements of the Group.

- Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12) The amendments narrow the scope of the initial recognition exemption (IRE) so that it does not apply to transactions that give rise to equal and offsetting temporary differences. As a result, companies will need to recognise a deferred tax asset and a deferred tax liability for temporary differences arising on initial recognition of a lease and a decommissioning provision. For leases and decommissioning liabilities, the associated deferred tax asset and liabilities will need to be recognised from the beginning of the earliest comparative period presented, with any cumulative effect recognised as an adjustment to retained earnings or other components of equity at that date. The amendments are effective for annual reporting periods beginning on or after January 01, 2023 with earlier application permitted. The amendments are not likely to affect the financial statements of the Group.
- Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (Amendments to IFRS 10 and IAS 28) - The amendment amends accounting treatment on loss of control of business or assets. The amendments also introduce new accounting for less frequent transaction that involves neither cost nor full step-up of certain retained interests in assets that are not businesses. The effective date for these changes has been deferred indefinitely until the completion of a broader review.
- The following annual improvements to IFRS standards 2018-2020 are effective for annual reporting periods beginning on or after January 01, 2022.

IFRS 9 - The amendment clarifies that an entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf, when it applies the '10 per cent' test in paragraph 83.3.6 of IFRS 9 in assessing whether to derecognize a financial liability.

IFRS 16 - The amendment partially amends Illustrative Example 13 accompanying IFRS 16 by excluding the illustration of reimbursement of leasehold improvements by the lessor. The objective of the amendment is to resolve any potential confusion that might arise in lease incentives.

IAS 41 - The amendment removes the requirement in paragraph 22 of IAS 41 for entities to exclude taxation cash flows when measuring the fair value of a biological asset using a present value technique

The above amendments are not likely to affect the financial statements of the Group.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these consolidated financial statements are set out. below. These policies have been consistently applied to all the year presented.

3.1 Basis of consolidation

Subsidiaries

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. The Group ceases consolidation from the date when control is lost.

Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

3.2 Property and equipment

Owned.

These are stated at cost less accumulated depreciation and impairment losses, if any, Cost include expenditures that are directly attributable to the acquisition of the asset.

Subsequent costs are included in the carrying amount as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and its cost can be measured reliably. The carrying amount of the replaced part is derecognized. All other repairs and maintenance are charged to the statement of profit or loss account during the year in which they are incurred.

Depreciation is charged to statement of profit or loss account applying the reducing balance method at the rates specified in note 4. Depreciation is charged when the asset is available for use till the asset is disposed off. Further, when the written down value of the item of assets falls below Rs.10,000 the same is charged directly to the statement of profit or loss.

An item of property and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit or loss in the year in which the asset is derecognized.

The assets' residual values, useful lives and depriciation method are reviewed, and adjusted if appropriate, at each financial year end. The Group's estimate of residual value of property and equipment as at June 30, 2021 did not require any adjustment.

3.3 Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

A - Leases other than short-term leases and leases of low-value assets

(a) Right-of-use assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment,

(b) Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate.

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

B - Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option. It also applies the lease of low-value assets recognition exemption to those leases where the nature of the underlying asset is such that, when new, the asset is typically not of low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

3.4 Intangible assets

Computer software

These are stated at cost less accumulated amortization and Impairment losses, if any. Amortization is computed using the reducing balance method over assets estimated useful life at the rates stated in note 6.1, after taking into accounts residual value, if any. The residual values, useful life and amortization methods are reviewed and adjusted. if appropriate, at each reporting date.

Amortization is charged from the date the assets are put to use while no amortization is charged after the date when the assets are disposed off,

Gain and losses on disposal of such assets, if any, are included in the statement of profit or loss account.

Membership cards and offices

This is stated at cost less impairment, if any. The carrying amount is reviewed at each reporting date to assess whether it is in excess of its recoverable amount, and where the carrying value exceeds estimated recoverable amount, it is written down to its estimated recoverable amount.

3.5 Investment properties

Investment properties are held for capital appreciation and is measured initially at its cost, including transaction

Subsequent to initial recognition, investment properties are measured at fair value at each reporting date. The changes in fair value is recognised in the statement of profit or loss.

3.6 Financial instruments

3.6.1 Initial recognition, classification and measurement

The Group recognizes a financial asset when and only when it becomes a party to the contractual provisions of the instrument evidencing investment,

Regular way purchase of investments are recognized using settlement date accounting i.e. on the date on which settlement of the purchase transaction takes place. However, the Group follows trade date accounting for its own (the house) investments. Trade date is the date on which the Group commits to purchase or sell its asset,

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

Transactions of purchase under resale (reverse-repo) of marketable securities including the securities purchased under margin trading system are entered into at contracted rates for specified periods of time. Amounts paid under these agreements in respect of reverse repurchase transactions are recognized as a receivable. The difference between purchase and resale price is treated as income from reverse repurchase transactions in marketable transactions / margin trading system and accrued on a time proportion basis over the life of the reverse repo agreement.

The Group classifies its financial assets into either of following three categories:

- (a) financial assets measured at amortized cost:
- (b) fair value through other comprehensive income (FVOCI); and
- (c) fair value through profit or loss (FVTPL).
- (a) Financial assets measured at amortized cost

A financial asset is measured at amortized cost if it is held within business model whose objective is to hold assets to collect contractual cash flows, and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on principal amount outstanding.

Such financial assets are initially measured at fair value plus transaction costs that are directly attributable to the acquisition or issue thereof.

(b) Financial assets at FVOCI

A financial asset is classified as at fair value through other comprehensive income when it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Such financial assets are initially measured at fair value plus transaction costs that are directly attributable to the acquisition or issue thereof.

(c) Financial assets at FVTPL

A financial asset shall be measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income, as aforesaid. However, for an investment in equity instrument which is not held for trading, the Group may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value of the investment.

Such financial assets are initially measured at fair value.

3.6.2 Subsequent measurement

(a) Financial assets measured at amortized cost

These assets are subsequently measured at amortized cost (determined using the effective interest method) less accumulated impairment losses.

Interest / markup income, foreign exchange gains and losses and impairment losses arising from such financial assets are recognized in the statement of profit or loss.

(b) Financial assets at FVOCI

These are subsequently measured at fair value less accumulated impairment losses.

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

A gain or loss on a financial asset measured at fair value through other comprehensive income in accordance is recognised in other comprehensive income, except for impairment gains or losses and foreign exchange gains and losses, until the financial asset is derecognised or reclassified. When the financial asset is derecognised the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment. Interest is calculated using the effective interest method and is recognised in profit or loss.

(c) Financial assets at FVTPL

These assets are subsequently measured at fair value.

Net gains or losses arising from remeasurement of such financial assets as well as any interest income accruing thereon are recognized in the statement of profit or loss. However, for an investment in equity instrument which is not held for trading and for which the Group has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of the investment, such gains or losses are recognized in other comprehensive income. Further, when such investment is disposed off, the cumulative gain or loss previously recognised in other comprehensive income is not reclassified from equity to profit or loss.

3.6.3 Impairment

The Group recognises a loss allowance for expected credit losses in respect of financial assets measured at amortised cost.

For trade debts and receiveables from margin financing, the Group applies the IFRS 9 'Simplified Approach' to measuring expected credit losses which uses a lifetime expected loss allowance.

For other financial assets, the Group applies the IFRS 9 'General Approach' to measuring expected credit losses whereby the Group measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. However, if, at the reporting date, the credit risk on a financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses.

The Group measures expected credit losses on financial assets in a way that reflects an unbiased and probability-weighted amount, time value of money and reasonable and supportable information at the reporting date about the past events, current conditions and forecast of future economic conditions. The Company recognises in profit or loss, as an impairment loss, the amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date.

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

3.6.4 De-recognition

Financial assets are derecognized when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership.

The Group directly reduces the gross carrying amount of a financial asset when the Company has no reasonable expectations of recovering the financial asset in its entirety or a portion thereof. A write-off constitutes a derecognition event.

3.7 Financial liabilities

Financial liabilities are classified as measured at amortized cost or 'at fair value through profit or loss' (FVTPL). A financial liability is classified as at FVTPL if it is classified as held for trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in the statement of profit or loss.

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in the statement of profit or loss. Any gain or loss on de-recognition is also recognized in the statement of profit or loss.

Financial liabilities are derecognized when the contractual obligations are discharged or cancelled or have expired or when the financial liability's cash flows have been substantially modified.

Offsetting of financial assets and financial liabilities 3.8

Financial assets and liabilities are offset when the Group has a legally enforceable right to offset and intends to settle either on a net basis or to realise the asset and settle liability simultaneously.

3.9 Trade debts and receiveables against margin financing

These are carried at their transaction price less any allowance for lifetime expected credit losses. A receivable is recognized on the settlement date as this is the point in time that the payment of the consideration by the customer becomes due

3.10 Cash and cash equivalents

Cash and cash equivalent are carried in the statement of financial position at amortized cost. For the purpose of cash flow statement cash and cash equivalents comprise cash and bank balances and short term running finance.

3.11 Staff retirement benefits - Defined contribution plan

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate fund and will have no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits relating to employee service in the current and prior periods. As a consequence, actuarial risk (that benefits will be less than expected) and investment risk (that assets will be insufficient to meet expected benefits) fall, in substance, on the employee.

The Group operates a defined contribution plan i.e. recognized provident fund ("the Fund") for all of its eligible employees in accordance with trust deed and rules made thereunder. Monthly contributions at the rate 12.50% of basic salary are made to the Fund by the Company and the employees.

When an employee has rendered service to the Group during a period, the Group recognises the contribution payable to a defined contribution plan in exchange for that service as an expense in profit or loss and as a liability in the statement of financial position (accrued expense), after deducting any contribution already paid. If the contribution already paid exceeds the contribution due for service before the end of the reporting period, the Group recognises that excess as an asset (prepaid expense) to the extent that the prepayment will lead to, for example, a reduction in future payments or a cash refund.

When contributions to a defined contribution plan are not expected to be settled wholly before twelve months after the end of the annual reporting period in which the employees render the related service, they are discounted using the discount rate determined by reference to market yields at the end of the reporting period on high quality corporate bonds (or when there is no deep market in such bonds, the government bonds) having term consistent with the estimated term of the post-employment benefit obligations.

3.12 Taxation

Income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

ARIF HABIB LIMITED NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

Current tax

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred tax

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred income taxes are not accounted for if they arise from the initial recognition of an asset or liability in a transaction other than a business combination that, at the time of the transaction, affects neither accounting nor taxable profit or loss. Deferred income tax is measured using tax rates (and laws) that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

A deferred tax asset is recognised only to the extent that the entity has sufficient taxable temporary differences or their is convincing other evidence that the sufficient taxable profit will be available against which the unused tax losses or unused tax credits can be utilized by the entity. Deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Judgment and estimates

Significant judgment is required in determining the income tax expenses and corresponding provision for tax. The Group recognizes liabilities for anticipated tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the current and deferred tax assets and liabilities in the period in which such determination is made.

Further, the carrying amount of deferred tax assets is reviewed at each reporting date and is adjusted to reflect the current assessment of future taxable profits. If required, carrying amount of deferred tax asset is reduced to the extent that it is no longer probable that sufficient taxable profits to allow the benefit of part or all of that recognised deferred tax asset to be utilised. Any such reduction shall be reversed to the extent that it becomes probable that sufficient taxable profit will be available.

Offsetting

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

3.13 Provisions and contingent liabilities

Provisions

A provision is recognised in the statement of financial position when the Group has a legal or constructive obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provisions are not recognised for future operating losses.

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

As the actual outflows can differ from estimates made for provisions due to changes in laws, regulations, public expectations, technology, prices and conditions, and can take place many years in the future, the carrying amounts of provisions are reviewed at each reporting date and adjusted to take account of such changes. Any adjustments to the amount of previously recognised provision is recognised in the statement of profit or loss unless the provision was originally recognised as part of cost of an asset.

Contingent liabilities

A contingent liability is disclosed when the Group has a possible obligation as a result of past events, whose existence will be confirmed only by the occurrence or non-occurrence, of one or more uncertain future events not wholly within the control of the Group; or the Group has a present legal or constructive obligation that arises from past events, but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability.

3.14 Operating revenue

Revenue from trading activities - brokerage commission

Commission revenue arising from sales / purchase of securities on client's behalf is recognized on the date of settlement of transaction by the clearing house.

The Group does not expect to have contracts where the period between the services to the customer and payment by the customer exceeds one year. As a consequence, the Group does not adjust any of the transaction prices for the time value of money.

Revenue from advisory and consultancy services

Revenue is recognized when the performance obligation is satisfied i.e. when services are provided.

Dividend income

Dividends received from investments measured at fair value through profit or loss and at fair value through other comprehensive income are recognized in the statement of profit or loss when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably. This applies even if they are paid out of pre-acquisition profits, unless the dividend clearly represents a recovery of a part of the cost of an investment. In this case, dividend is recognized in other comprehensive income if it relates to an investment measured at fair value through other comprehensive income.

Mark up / interest income

Mark-up / interest income is recognized on a time proportion basis on the principal amount outstanding and at the rate applicable.

3.15 Borrowing costs

Borrowing costs directly attributable to the acquisition or construction of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

To the extent that the Group borrows funds specifically for the purpose of obtaining a qualifying asset, the Group determines the amount of borrowing costs eligible for capitalisation as the actual borrowing costs incurred on that borrowing during the period less any investment income on the temporary investment of those borrowings.

To the extent that the Group borrows funds generally and uses them for the purpose of obtaining a qualifying asset. the Group determines the amount of borrowing costs eligible for capitalisation by applying a capitalisation rate to the expenditures on that asset. The capitalisation rate is the weighted average of the borrowing costs applicable to all borrowings of the Group that are outstanding during the period. However, the Group excludes from this calculation borrowing costs applicable to borrowings made specifically for the purpose of obtaining a qualifying asset until substantially all the activities necessary to prepare that asset for its intended use or sale are complete. The amount of borrowing costs that the Group capitalises during a period does not exceed the amount of borrowing costs it. incurs during that period.

The Group begins capitalising borrowing costs as part of the cost of a qualifying asset on the 'commencement date' which is the date when the Group first meets all of the following conditions: (a) it incurs expenditures for the asset; (b) it incurs borrowing costs; and (c) it undertakes activities that are necessary to prepare the asset for its intended use or sale.

The Group suspends capitalisation of borrowing costs during extended periods in which it suspends active development of a qualifying asset.

The Group ceases capitalising borrowing costs when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are complete.

- As of June 30, 2021, the Group held 5,699,328 ordinary shares (June 30, 2020: 7,699,328 ordinary shares) of M/s. Safemix Concrete Limited (SCL), its associated company in terms of section 2(4) of the Companies Act, 2017, classified at FVTPL. This gives the Group 22.80% (June 30, 2020; 30.80%) voting power in SCL. However, since Mr. Arif Habib and his sons, Mr. Samad Habib and Mr. Kashif Habib, by virtue of their direct investment as well as the indirect investment held through the Group are in a position to exert control over SCL and because of the fact that the Group has not appointed any person on the Board of Directors of SCL, the management is of the view that the Group is not able to exercise significant influence over SCL. Hence, SCL cannot be regarded as an 'associate' of the Group within the meaning of the term 'associate' defined in the International Accounting Standard (IAS) 28 'Investments in Associates and Joint Ventures'
- 11.2 This represents Term Finance (TFC) & Sukuk Certificates under Market Making agreements. The Group has entered into Market Making agreements in accordance with Chapter 12 of PSX Rule Book with various Financial and Corporate Institution. Under market making arrangements, the Group has to maintain minimum inventory of TFC's & Sukuk's to place bid & offer on daily basis. These TFC's & Sukuks carry Coupon rate ranging from 3 month KIBOR + 0.9% to 1.9%, 5 month KIBOR + 0.50% to 2.25% (2020: 3 month KIBOR + 0.9% to 1.9%, 6 month KIBOR + 0.5% to 2.25%) calculated on face value of the respective TFC/Sukuk that is payable quarterly / semi annually.

18 SURPLUS ON REVALUATION OF PROPERTY

In the year 2015, the Group reclassified Leasehold Offices to Investment Property. Accordingly, surplus on revaluation of properties was recognised in accordance with IAS-40 "Investment Property".

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

LONG TERM LOAN

On June 30, 2020 the Group had signed a facility letter with Allied Bank limited (ABL) whereby the outstanding running finance facility amounting to Rs. 499.99 million had been converted into a long term loan under markup arrangement at the rate of 3 months KIBOR + 1% to be charged on quarterly basis. The loan is repayable in twelve quarterly installments ending on June 30, 2023. The loan is secured against pledge of shares as per ABL's ALCO approved shares list with respective margins. During the year , the Group settled the term loan due to availability of sufficient liquidity.

Fair value of shares pledged with Allied Bank Limited against term loan facility as at June 30, 2021 amounted to Rs. Nil (2020: 918.44 million). The details of which are as under:

	June 30, 2	June 30, 2021		June 30, 2020		
	Number of securities	Amount (Rupees)	Number of securities	Amount (Rupees)		
Client	1=1	2	34,350,000	918,175,500		
House		€	10,000	267,300		
Total			34,360,000	918,442,800		

20 SHORT TERM BORROWINGS - secured

- Short term running finance facilities are available to Group from various commercial banks, under mark-up arrangements, amounting to Rs. 5;500 million (2020: Rs. 5,000 million). These facilities have various maturity dates up to September 30, 2024 (2020; May 06, 2021). These arrangements are secured against pledge of marketable securities. These running finance facilities carry mark-up ranging from 1 month KIBOR + 0.5% to 1.0%, 3 month KIBOR + 0.50% to 1.5% (2020: 1 month KIBOR + 0.75% to 1.0%, 3 month KIBOR + 0.55% to 1.50%) calculated on a daily product basis that is payable quarterly.
- Fair value of shares pledged with banking companies against various short term running finance facilities and bankguarantees as at June 30, 2021 amounted to Rs. 5,642.98 million (2020: Rs. 4,376.90 million). Total value of pledged securities with financial institutions indicating separately securities belonging to customers is as under-

LOAN FROM RELATED PARTY 21

During the year ended June 30, 2020, the Group had obtained a long term, unsecured loan, from Mr. Arif Habib, the controlling shareholder of the Parent Company. The loan was repayable on demand after 13 months of disbursement of loan and carried interest at the rate of 6 month KIBOR + 2% (payable semi-annually). During the year in August 2020, the Group repaid the loan as substantial cash flows were available.

24 CONTINGENCIES AND COMMITMENTS

24.1 Contingency

The Holding Company has been contesting a demand of Rs. 45.42 million raised against its non-taxable services vide order issued on September 12, 2014 by the Assistant Commissioner, Sindh Revenue Board. The Holding Company filed an appeal against the impugned order in the appropriate forums and, accordingly, a stay was granted to the Holding Company against the impugned order. During the year 2018, the Appellate Tribunal Sindh Revenue Board remanded the case to the learned Commissioner (Appeals) for decision denovo on merits in terms of note / opinion recorded by the Member Technical. The Holding Company's legal counsel is of the view that the Holding Company has a favorable case based on merit. Accordingly, the Group has not made any provision of the said amount in these concellented linearial statements

31.2 Income tax assessments of the Holding Company as well as the subsidiaries are deemed to be finalized as per tax returns filed up to tax year 2020. Tax returns are subject to further assessment under provisions of the Income Tax Ordinance, 2001 ("the Ordinance") unless selected for an audit by the taxation authorities. The Commissioner of Income Tax may, at any time during a period of five years from date of filling of return, select a deemed assessment order for audit.

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

2021

2021

The Holding Company had been contesting Civil Suit No. 284/2016 against levy of "Super Tax" u/s 4B of the Income Tax Ordinance, 2001 introduced through Finance Act, 2015 in the High Court of Sindh and had not paid the Super Tax accordingly. During the year, all the petitions pertaining to "Super Tax" u/s 4B which were filed at branch registries were now to be heard by the Honourable Supreme Court Of Pakistan as per it's direction. During the year the Honourable Supreme Court Of Pakistan directed petitioner taxpayers to deposit 50% of their respective impugned outstanding tax amounts pertaining to super tax u/s 4B with the respondent authorities, no coercive action for recovery shall be taken against such tax payers in the meanwhile.

Therefore, as per the directive of Honorable Supreme Court Of Pakistan the Holding Company deposited 50% of their outstanding tax amounts, amounting to Rs. 31.162 million. On a prudent basis, the Group continues to recognize a provision for the remaining 50% of the amount of tax in these consolidated financial statements.

36 **FINANCIAL INSTRUMENTS**

36.1 Financial risk analysis

The Group's activities expose it to a variety of financial risks; credit risk, liquidity risk and market risk. (interest/mark-up rate risk and price risk). The Group's overall risk management program focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the financial performance. The Group consistently manages its exposure to financial risk without any material change from previous periods in the manner described in notes below.

The Board of Directors has overall responsibility for the establishment and oversight of Group's risk management framework. All treasury related transactions are carried out within the parameters of these policies.

36.1.1 Market risk

Market risk means that the future cash flows of a financial instrument will fluctuate because of changes in market prices such as foreign exchange rates, equity prices and interest rates. The objective is to manage and control market risk exposures within acceptable parameters, while optimizing the return. The Group's market risk comprises of three types of risks: foreign currency risk, price risk and interest rate risk. The market risks associated with the Group's business activities are discussed as under:

Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. As of the reporting date, the Group was not exposed to currency risk since there were no foreign currency transactions and balances at the reporting date.

ii) Price risk

Price risk represents the risk that the fair value of a financial instrument will fluctuate because of changes in the market prices (other than those arising from interest/ mark up rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all or similar financial instruments traded in the market. Presently, daily stock market fluctuation is controlled by government authorities with cap and floor of 7,5%. The restriction of floor prices reduces the volatility of prices of equity securities and the chances of market crash at any moment. The Group manages price risk by monitoring the exposure in quoted equity securities and implementing the strict discipline in internal risk management and investment policies, which includes disposing of its own equity investment and collateral held before it led the Group to incur significant mark to market and credit losses. As of the reporting date Group was exposed to price risk since it had investments in quoted securities amounting to Rs. 2,799 million (2020: Rs. 3,747 million) and also because it holds collaterals in the form of securities against their debtor balances at the reporting date.

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

(Paetatori)

The carrying value of investments subject to price risk is based on quoted market prices as of the reporting date. Market prices are subject to fluctuation and consequently the amount realized in the subsequent sale of an investment may significantly differ from the reported market value. Fluctuation in the market price of a security may result from perceived changes in the underlying economic characteristics of the investee, the relative price of alternative investments and general market conditions. Furthermore, amount realized in the sale of a particular security may be affected by the relative quantity of the security being sold.

The Group's portfolio of short term investments is broadly diversified so as to mitigate the significant risk of decline in prices of securities in particular sector of the market.

Analysis of short term investment in quoted equity securities by business sector is as follows:

			(nesiate	(u)
	June 30,	2021	June 30, 2	2020

Sensitivity Analysis:

The table below summarizes Group's price risk as of June 30, 2021 and 2020 and shows the effects of a hypothetical 10% increase and a 10% decrease in market prices as at the year end reporting dates. The selected hypothetical change does not reflect what could be considered to be the best or worst case scenarios. Indeed, results could be worse because of the nature of equity markets and the aforementioned concentrations existing in Group's equity investment portfolio.

		Fair value	Hypothetical price change	Estimated fair value after hypothetical change in prices	Hypothetical increase / (decrease) in shareholders' equity	Hypothetical increase / (decrease) in profit / (loss) after tax	Hypothetical increase / (decreas in other comprehen 9) income / (loss) afte sive r tax

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

iii) Interest rate risk

Interest / mark-up rate risk is the risk that value of a financial instrument or future cash flows of a financial instrument will fluctuate due to changes in the market interest / mark-up rates. Sensitivity to interest / mark-up rate risk arises from mismatches of financial assets and liabilities that that mature re-price in a given period. The Group manages these mismatches through risk management strategies where significant changes in gap position can be adjusted. The short term borrowing arrangements have variable rate pricing that is dependent on the Karachi Inter Bank Offer Rate (KIBOR) as indicated in note 20 to these consolidated financial statements.

Financial assets and liabilities include balances of Rs. 3,200.737 million (2020: Rs. 1,108.70 million) and Rs. 1,369.369 million (2020: Rs. 2,636.06 million) respectively, which are subject to interest / markup rate risk. Applicable interest / mark-up rates for financial assets and liabilities have been indicated in respective notes.

At the reporting date, the interest rate profile of the Group's significant interest bearing financial instruments was as follows:

	2021	2020	2021	2020
	Effective into	erest rate (%)	Carrying ar	nounts (Rs.)
Financial assets				
Bank depositspls account	4% to 6%	6% to 13%	2,521,167,976	766,596,128
Receivable against Reverse Repo transactions	12% to 15%	13% to 18%	268,568,516	52,152,387
Receivable against margin financing	12% to 15%	12% to 18%	245,655,746	37,754,624
Quoted debt securities	7.93% to 9.94%	9.66% to 15.54%	169,265,468	252,166,556
Financial liabilities				
Long term loan	8.17% to 8.3%	11.49% to 14.35%		499,987,261
Short term borrowings	7.82% to 9.09%	7.36% to 15.35%	1,369,369,349	1,836,074,716
Current portion of long term subordinated loan	14.37%	14.55%	72	300,000,000

Sensitivity analysis

The Group does not account for any fixed rate financial asset and liabilities at fair value through profit or loss. Therefore, a change in interest rate would not affect the carrying amount of financial instrument. For cash flow sensitivity analysis of variable rate instruments it is observed that interest / mark-up rate in terms of KIBOR has decreased by 12 bps during the year.

The following information summarizes the estimated effects of 1% hypothetical increases and decreases in interest rates on cash flows from financial assets and financial liabilities that are subject to interest rate risk. It is assumed that the changes occur immediately and uniformly to each category of instrument containing interest rate risk. The hypothetical changes in market rates do not reflect what could be deemed best or worst case scenarios. Variations in market interest rates could produce significant changes at the time of early repayments. For these reasons, actual results might differ from those reflected in the details specified below. The analysis assumes that all other variables remain constant.

	Effect on profit after to		
As at June 30, 2021	increase	decrease	
Cash flow sensitivity-Variable rate financial instruments	13,030,547	(13,030,547)	
As at June 30, 2020 Cash flow sensitivity-Variable rate financial instruments	10,844,485	(10,844,485)	

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

36.1.2 Credit risk

Credit risk is the risk that one party to a financial instrument will fall to discharge an obligation and cause the other party to incur a financial loss, without taking into account the fair value of any collateral. Concentration of credit risk arises when a number of counter parties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by the changes in economics, political or other conditions. Concentrations of credit risk indicate the relative sensitivity of the Group's performance to developments affecting a particular industry.

Exposure to credit risk

Credit risk of the Group mainly arises from deposits with banks and financial institutions, trade debts, receivable against margin financing, short term loans, deposits and other receivables. The carrying amount of financial assets represents the maximum credit exposure. To reduce the exposure to credit risk, the Group has developed its own risk management policies and guidelines whereby clients are provided trading limits according to their net worth and proper margins are collected and maintained from the clients. The management continuously monitors the credit exposure towards the clients and makes provision against those balances considered doubtful of recovery.

The Group's management, as part of risk management policies and guidelines, reviews clients' financial position, considers past experience, obtain authorized approvals and arrange for necessary collaterals in the form of equity securities to reduce credit risks and other factors. These collaterals are subject to market risk which ultimately affects the recoverability of debts. Further, credit risk on liquid funds is limited because the counter parties are banks with reasonably high credit ratings.

The Group's policy is to enter into financial contracts in accordance with the internal risk management policies, investment and operational guidelines approved by the Board of Directors.

The carrying amount of financial assets represent the maximum credit exposure at the reporting date, which are detailed as follows:

		2021	2020
	Note	Rupe	ees
Long-term advances and deposits Trade debts Receivable against margin financing. Exposure deposits with NCCPL Exposure deposits with NECL Other receivables Bank balances	(a) & (b)	30,994,190 240,318,884 245,655,746 50,231,785 54,040,508 278,650,955 2,678,412,077	30,888,304 156,938,894 37,754,624 2,264,012 68,393,709 109,276,320 813,825,646
		3,578,304,145	1,219,341,509

- Trade debts were due from local clients. (a)
- The Group held equity securities having fair value of Rs. 59,277 million (2020: Rs. 38,874 million) owned by its (b) clients, as collaterals against trade debts - brokerage and operating.

No impairment has been recognized except as disclosed in respect of these debts as the security against the same is adequate or counter parties have sound financial standing.

The credit quality of Group's liquid funds can be assessed with reference to external credit ratings as follows:

	Short term		2021	2020

Due to the Group's long standing business relationships with these counter parties and after giving due consideration to their strong financial standing, management does not expect non-performance by these counter parties on their obligations to the Group. Accordingly, the credit risk is minimal.

The Group writes off a defaulted financial asset when there remains no reasonable probability of recovering the carrying amount of the asset through available means.

36.1.3 Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities, the availability of adequate funds through committed credit facilities and the ability to close out market positions due to dynamic nature of the business. The Group finances its operations through equity, borrowings and working capital with a view to maintaining an appropriate mix between various sources of finance to minimize risk. The management aims to maintain flexibility in funding by keeping regular committed credit lines.

On the reporting date, the Group had cash and bank balance Rs. 2.679.062 million (2020; Rs. 814.10 million) unutilized credit lines Rs. 3,664 million (2020: Rs. 3,164 million) and liquid assets in the form of short term securities amounting to Rs. 2,799.662 million (2020: Rs. 3,747.917 million).

The following are the contractual maturities of financial liabilities, including estimated interest payments (except interest payments on short term borrowings, long term loans and sub-ordinated loans):

FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

FAIR VALUE OF ASSETS AND LIABILITIES

The Group measures fair value using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

- Level 1: Quoted market price (unadjusted) in an active market.
- Level 2: Valuation techniques based on observable inputs.

Level 3: Valuation techniques using significant unobservable inputs. This category includes all instruments where the valuation technique includes inputs not based on observable data.

Fair values of financial assets that are traded in active markets are based on quoted market prices. For all other financial instruments the Group determines fair values using valuation techniques unless the instruments do not have a market / guoted price in an active market and whose fair value cannot be reliably measured.

Valuation techniques used by the Group include discounted cash flow model. Assumptions and inputs used in the valuation technique mainly include risk-free rate, equity risk premium, long term growth rate and projected rates of increase in revenues, other income and expenses. The objective of valuation techniques is to arrive at a fair value determination that reflects the price of the financial instrument at the reporting date that would have been determined by market participants acting at arm's length.

Valuation models for valuing securities for which there is no active market requires significant unobservable inputs and a higher degree of judgment and estimation in the determination of fair value. Judgment and estimation are usually required for selection of the appropriate valuation model to be used, determination of expected future cash flows on the financial instrument being valued and selection of appropriate discount rates, etc.

The table below analyses equity instruments measured at fair value at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorized:

CAPITAL MANAGEMENT

38.1 Management of Capital

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure.

39 CORRECTION OF A PRIOR PERIOD ERROR

As disclosed in note 3.6.1 to these consolidated financial statements, the Group follows trade date accounting in relation to its own proprietary investments. However, the sale of 8,220,500 ordinary shares of Hum Network Limited (being carried at fair value through other comprehensive income) transacted on June 29, 2020 and June 30, 2020 was, inadvertently, not accounted for as a disposal of the investment in the consolidated financial statements for the year ended June 30, 2020.

In these consolidated financial statements, the above error has been duly rectified retrospectively in accordance with the requirements of the International Accounting Standard (IAS) 8 'Accounting Policies, Changes in Accounting Estimates and Errors' and the corresponding figures impacted by the error have been restated. However, since these restatements had no effect on the consolidated statement of financial position as at the beginning of the earliest period presented (i.e. July 2019), the same has not been presented in these consolidated financial statements.

The retrospective correction of errors has its effects on the corresponding figures presented in these consolidated financial statements as follows:

NOTES

A. Participation of shareholders through online facility

In pursuance of SECP's Circular No. 4 dated February 15, 2021, pertaining to Regulatory Relief to dilute impact of Corona Virus (COVID 19) for Corporate Sector, the shareholders shall be entitled to attend the proceedings of the AGM through online means using a video link facility. Zoom application or other electronic means for the safety and well-being of the valued shareholders and the general public.

The shareholders will be able to login and participate in the AGM proceedings through their smartphones or computer devices from their homes or any convenient location after completing all the formalities required for the verification and identification of the shareholders.

The login facility will be opened at 09:30 a.m. on September 25, 2021 enabling the participants to join the proceedings which will start at 10:00 a.m. sharp.

Shareholders interested in attending the AGM through electronic means, are requested to register themselves by submitting their following particulars at the Company's designated email address agm2021@arifhabibltd.com before the close of business hours on September 17, 2021. The link to the zoom application will be sent to the shareholders on the email address provided in the below table:

Shareholder's Name	CNIC No.	Folio / CDC Account No.	Cell No.	No. of shares held	Email address

Login facility will be shared with the shareholders whose emails addresses are provided on above table, shareholders can also provide their comments / suggestions on agm2021@arifhabibltd.com or Whatsapp or SMS on 0321-8210507 for the agenda items proposed to be conducted at the AGM in the same manner as it is being discussed in the AGM, and later shall be made part of the minutes of the meeting.

The purpose of the aforementioned arrangements is to ensure maximum participation of the shareholders in the AGM through an online facility. Shareholders are also requested to consolidate their attendance through proxies, so that the quorum requirement may also be fulfilled.

B. Book closure:

- The share transfer books will remain closed from September 18, 2021 to September 25, 2021 (both days inclusive). Transfers in good order, received at the office of Company's Share Registrar, CDC Share Registrar Services Limited, CDC House, 99 - B, Block 'B', S.M.C.H.S., Main Shahra-e-Faisal, Karachi-74400 by close of the business on September 17, 2021 will be treated in time for the purpose of attending the annual general meeting and for determination of entitlement of shareholders to cash dividend and bonus shares.
- All members/shareholders are entitled to attend, speak and vote at the annual general meeting. A member/shareholder may appoint a proxy to attend, speak and vote on his/her behalf. The proxy need not be a member of the Company. Proxies in order to be effective must be received at the Registered Office of the Company; Arif Habib Centre, 23-M.T. Khan Road, Karachi not less than 48 hours before the meeting.
- In pursuance of Circular No. 1, of 2000 of SECP dated January 26, 2000 the beneficial owners of the shares registered in the name of Central Depository Company (CDC) and/or their proxies are required to produce their Computerized National Identity Card (CNIC) or passport for identification purpose at the time of attending the meeting. The form of proxy must be submitted with the Company within the stipulated time, duly witnessed by two persons whose names, addresses and CNIC numbers must be mentioned on the form, along with attested copies of the CNIC or the passport of the beneficial owner and the proxy.

In case of corporate entity, the Board of Directors' resolution/power of attorney with specimen signature of the nominee shall be produced at the time of the meeting.

 iv) Members are requested to intimate any changes in address immediately to Company's Share Registrar, CDC Share Registrar Services Limited, CDC House, 99 – B, Block 'B', S.M.C.H.S., Main Shahra-e-Faisal, Karachi-74400.

CNIC / NTN Number on Dividend Warrant (Mandatory)

As already been notified from time to time, SECP has directed vide its Notification S.R.O. 831(1)/2012 dated July 5, 2012, that the electronic Dividend should also bear the Computerized National Identity Card (CNIC) Number of the registered shareholder or the authorized person, except in case of minor(s) and corporate shareholder(s).

In order to comply with the SECP's directives and in terms of Section 243(2)(a) of the Companies Act, 2017, the Company shall be constrained to withhold the Dividend Warrant(s), in case of non-availability copy of valid CNIC (for individuals) and National Tax Number (for a corporate entity).

Accordingly, shareholders who have not yet submitted a copy of their valid CNIC or NTN are once again requested to immediately submit the same to the Company or Share Registrar, M/s. CDC Share Registrar Services Limited.

C. Payment of Cash Dividend through electronic mode:

In accordance with the provisions of Section 242 of the Companies Act, 2017, it is mandatory for a listed company to pay cash dividend to its shareholder only through electronic mode directly into the bank account designated by the entitled shareholder. Please note that giving bank mandate for dividend payments is mandatory and in order to comply with this regulatory requirement, you are requested to please provide the following information to your respective CDC Participant / CDC Investor Account Services (in case your shareholding is in Book Entry Form) or to our Share Registrar M/s. CDC Share Registrar Services Limited, Share Registrar Department, CDC House, 99-B, Block B, S.M.C.H.S., Main Shahra-e-Faisal, Karachi – 74400 (in case your shareholding is in Physical Form):

D. Deduction of Income Tax from Dividend under section 150 of the Income Tax Ordinance, 2001:

- a) Pursuant to the provisions of the Finance Act 2021 effective July 1, 2021, the rate of deduction of income tax from dividend payments has been revised as follows:
- Rate of tax deduction for filers of income tax return 15%
- Rate of tax deduction for non-filers of income tax return 30%

Shareholders whose names are not entered into the Active Tax-payers List (ATL) available on the website of FBR, despite the fact that they are filers, are advised to immediately make sure that their names are entered in ATL, otherwise tax on their cash dividend will be deducted @ 30% instead of 15%.

- b) Withholding Tax exemption from the dividend income, shall only be allowed if copy of valid tax exemption certificate is made available to Company's Share Registrar by the first day of book closure.
- Further, according to clarification received from FBR, withholding tax will be determined separately on "Filer/Non-filer" status of principal shareholder as well as joint-holder(s) based on their shareholding proportions.

In this regard all shareholders who hold company's shares jointly are requested to provide shareholding proportions or principal shareholder and joint-holder(s) in respect of shares held by them (if not already provided) to Company's Share Registrar, in writing as follows:

		Principa	il Shareholder	Joint S	hareholder
Folio/CDS Account #	Total Shares	Name and CNIC #	Shareholding Proportion (No. of Shares)	Name and CNIC #	Shareholding Proportion (No. of Shares
	The state of the s	\$5,000 (C)	Folio/CDS Total Name and	Account # Shares CNIC # Proportion (No.	Folio/CDS Total Name and Shareholding Name and CNIC # Proportion (No.

The required information must reach Company's Share Registrar within 10 days of this notice; otherwise it will be assumed that the shares are equally held by the principal shareholder and joint-holder(s).

d) The corporate shareholders having CDC accounts are required to have their NTN updated with their respective participants, whereas corporate physical shareholders are requested to send a copy of their NTN certificate to the Company's Share Registrar. The shareholders while sending NTN or NTN certificates, as the case may be, must quote the company name and their respective folio numbers.

E. Availability of annual audited financial statements

The audited financial statements of the Company for the year ended June 30, 2021 have been made available on the Company's website (http://www.arifhabibltd.com) in addition to annual and quarterly financial statements for the prior years.

Further, this is to inform that in accordance with SRO 470(I)/2016 dated May 31, 2016, through which SECP has allowed companies to circulate the annual audited accounts to its members through CD/DVD/USB instead of transmitting the hard copies at their registered addresses, subject to consent of shareholders and compliance with certain other conditions, the Company has obtained shareholders' approval in its Annual General Meeting held on September 24, 2016. Accordingly Annual Report of the Company for the year ended June 30, 2021 is dispatched to the shareholders through CD. However, if a shareholder, in addition, request for hard copy of Annual Audited Financial Statements, the same shall be provided free of cost within seven working days of receipt of such request. For convenience of shareholders, a "Standard Request Form for provision of Annual Audited Financial Accounts" have also been made available on the Company's website.

F. Unpaid Dividend Account

In accordance with the provisions of Section 244 of the Companies Act, 2017.

(i) Where a dividend has been declared by a company but has not been paid or claimed, within a time period specified under Section 242, to any shareholder entitled to the payment of the dividend, the company shall, within fifteen days from the date of expiry of the said period, transfer the total amount of dividend which remains unpaid or unclaimed to a separate profit bearing account to be called the unpaid dividend account opened by the company for this purpose in any scheduled bank. The deposits in the unpaid dividend account shall only be used for payment to a claimant as given in sub-section 4.

Explanation - Dividend for the purpose of this section means the dividend payable in cash.

- (ii) The company shall, within a period of ninety days of making any deposit of the amount under sub-section (1) to the unpaid dividend account, prepare a statement containing the names, the last known addresses, number of shares held, the amount of unpaid dividend to be paid to each shareholder and such other particulars as may be specified and place it on the website of the company required under any law, rules, regulations or directions to maintain a website and also on any other website as may be specified.
- (iii) Any change in the information to be maintained on the website under sub-section (2) shall be effected by the company in such manner and within such time as may be specified.
- (iv) Any person claiming to be entitled to any money transferred under sub-section (1) to the unpaid dividend account of the company may apply to the company for payment of the money claimed.
- (v) The company shall make payment to the bonafide claimant within a period of thirty days from the date of submission of a claim with the company. No claimant shall be entitled to any amount except his unclaimed dividend amount.
- (vi) The amount of profit generated from the account maintained by the company under this section shall be used by the company for its corporate social responsibility initiatives and specified purposes.

STATEMENT UNDER SECTION 134(3) OF THE COMPANIES **ACT, 2017**

This statement sets out the material facts concerning the Special Business given in Agenda item No. 4 and Agenda item No. 5 of the Notice to be transacted at the Annual General Meeting of the Company, Directors of the Company have no interest in the special business except in their capacity as director / shareholder

ANNEXURE A

AUTHORIZATION FOR THE BOARD OF DIRECTORS TO APPROVE THOSE TRANSACTIONS WITH RELATED PARTIES (IF EXECUTED) DURING THE FINANCIAL YEAR ENDING JUNE 30TH, 2021 WHICH REQUIRE APPROVAL OF SHAREHOLDERS U/S 207 AND / OR 208 OF THE COMPANIES ACT, 2017

The Company shall be conducting transactions with its related parties during the year ending 30th June 2022. on an arm's length basis as per the approved policy with respect to 'transactions with related parties' in the normal course of business. Being the directors of a brokerage house, many Directors may be deemed to be treated as interested in transactions with related parties due to their shareholding in such companies. In order to promote good corporate governance and transparent business practices, the shareholders desire to authorize the Board of Directors to approve transactions with the related parties from time-to-time on case to case basis, including transactions (if executed) triggering approval of shareholders u/s 207 and / or 208 of the Companies Act, 2017, for the year ending June 30th, 2022, which transactions shall be deemed to be approved by the Shareholders. The nature and scope of such related party transactions is explained above. These transactions shall be placed before the shareholders in the next AGM for their formal approval/ratification.

The Directors are interested in the resolution only to the extent of their shareholding and / or directorships in such companies.

STATEMENT UNDER SECTION 134(3) OF THE COMPANIES ACT, 2017

INVESTMENTS IN ASSOCIATED COMPANIES & ASSOCIATED UNDERTAKINGS

The Board of Directors of the Company has approved the specific limits for loans/advances along with other particulars for investments in the following associated companies and associated undertakings subject to the consent of members under Section 199 of the Companies Act, 2017 / Companies (Investment in Associated Companies or Associated Undertakings) Regulations, 2017. The Board of Directors do hereby undertake / certify that necessary due diligence for the following proposed investments have been carried out. The principle purpose of this special resolution is to make the Company in a ready position to capitalize on the investment opportunities as and when they arrive. It is prudent that the Company should be able to make the investment at the right time when the opportunity is available.

S.No	Description	Information
1	INVESTMENT IN SECURITIES	
1	Name of the associated company or associated undertakingalong with criteria based on which the associated relationship is established	SAFEMIX CONCRETE PRODUCTS LIMITED An associated undertaking due to investments by the holding Company
2	Purpose, benefits and period of investment	For the benefit of the Company and to earn better returns in the long run on strategic investment by capturing the opportunities on the right time
3	Maximum amount of investment	Unutilized limit of PKR 155.69 million is requested for approval. This is in addition to Investment at cost of PKR 94.31 million already made upto 30 June, 2021.
4	Maximum price at which securities will be acquired	At par/premium/market/offered/negotiated price prevailing on the date of transaction/investment
5.	Maximum number of securities to be acquired	No of securities purchasable under approved limit in accordance with / based on Sr. Nos. 3 & 4 above
6	In case the purchase price is higher than market value in case of listed securities and fair value in case of unlisted securities, justification thereof	Not Applicable
7.	Number of securities and percentage thereof held before and after the proposed investment	Before: 5.69 million shares held in the Company as on 30 June, 2021 being 22.80% holding. After: Increase in securities / percentage in accordance with / based on Sr. No. 3, 4 & 5 above
8	In case of investment in listed securities, average of the preceding twelve weekly average price of the security intended to be acquired	PKR 7.89
9	In case of investment in unlisted securities, fair market value of such securities determined in terms of regulation 6 (1)	Not Applicable

S.No	Description	Information
10	Financial position, including main items of balance sheet and profit and loss account of the associated company or associated undertaking on the basis of its latest financial statements	Total Equity, Total assets and total liability amounting to PKR 177 million, PKR 490 million and PKR 313 million respectively. Gross loss, Loss before tax and Loss after tax amounting to PKR 12.99 million, PKR 110 million and PKR 98.77 million respectively*
11	Break-up value of securities intended to be acquired on the basis of the latest audited financial statements	PKR 7.09
12	Earning per share of the associated company or associated undertaking for the last three years	2020: PKR (3.95) 2019: PKR (1.19) 2018: PKR 0.10
13	Sources of fund from which securities will be acquired	From company's own available liquidity and credit lines
14	Where the securities are intended to be acquired using borrowed funds	
(i)	Justification for investment through borrowings	The Company foresee the return on this strategic investment higher than the borrowing cost
(ii)	Detail of guarantees and assets pledged for obtaining such funds	Pledge of listed securities and / or charge over assets of the Company, if and where needed.
15	Salient features of the agreement(s), if any, entered into with its associated company or associated undertaking with regards to the proposed investment	There is no agreement as this is a Strategic Invest- ment
16	Direct or indirect interest of directors, sponsors, majority shareholders and their relatives, if any, in the associated company or associated undertaking or the transaction under consideration	Directors of the Company have no interest in the investee Company except in their capacity as Sponsor / Director / Share holder of Investee Company.

(ii) (iii)	Starting and expected dated of completion of work Time by which such project shall become	Not Applicable Not Applicable
(iv)	commercially operational Expected time by which the project shall start paying return on investment	Not Applicable
19	In case an investment in associated company has already been made, the performance review of such investment including complete information / justifiction for any impairments / write-offs	The sale over the year ended June 30, 2020 decreased significantly due to multiple reasons. Firstly, during the year an exclusive private sector development project was successfully completed, however the major revenue from it was earned during the previous year, secondly, the current financial year started under a stabilization programme, resulting in high interest rates and an attempt to document the economy, which resulted in an overall slowdown in real estate sector. Furthermore, in the last quarter the operations and sales were severely affected due to the outbreak of COVID-19 and imposition of lock-downs. However, the construction package announced by the Federal Government will provide some stimulus for the real sector which will have a trickledown effect on our industry/company, therefore, it is expected that the profit of the Company will increase. Consequently the investment is expected to add value to AHL shareholders. Performance of SMCPL can be referred in Point 10 to 12 above.

19	In case an investment in associated company has already been made, the performance review of such investment including complete information / justification for any impairments / write-offs	During the financial year 2019-20, the Company gross sales touched Rs. 8,193 million. Sales of Rs. 1,565 million, being part of the trial production, have been classified in Capital Work in Progress. Overall gross sales revenue of your Company increased by 16 % as compared to last year whereas net sales revenue increased by 7 % in line with the improved sales volume during the period primarily due to surge in exports on the back of superior quality production of the Company. The Earnings per Share dropped during the year (loss of Rs. 3,40) as compared to earnings of Rs. 0,55 per share in the comparative year) The Company's declining profitability was mainly attributable to higher debt burden on account of mark-up expenses accrued on Line III debts. The Government has incentivized the construction sector by legislating a package announced by the Prime Minister to increase the cement consumption in the country in the wake of the coronavirus pandemic. The government has approved an industry status for the construction sector after announcing establishment of a Construction Industry Development Board. If effectively implemented, this construction policy would play a significant role in paving the way for the government's promise of providing 10 million employment opportunities and 5 million houses to the nation. Governments initiative will have a positive impact of profitability of the Company. Consequently the investment is expected to add value to AHL shareholders. Performance of PCL can be referred in Point 10 to 12 above.

commercially operational Expected time by which the project shall start paying return on investment	Not Applicable
In case an investment in associated company has already been made, the performance review of such investment including complete information / justification for any impairments / write-offs	FY20 saw some extra ordinary developments that not only affected the current global business, but also will leave its mark for foreseeable future. It comprised of crises and challenges both at international and local front. Locally ASL witnessed application of tight monetary and fiscal policies to counter the rising inflation, sharp devaluation, and depleting current account balance, with re-entry into the IMF program I leading to major macroeconomic adjustments. Interest rates during the period July 2019 to February 2020 were as high as 13.25%. The PKR exchange rate vis-à-vis the USD depreciated substantially and the growth stalled. Although some signs of economic recovery emerged towards the end of the calendar year, but they were cut short by the emergence of COVID-19 pandemic. Moving forward the outlook of the business of the Company looks healthy, and will further strengthen with continuity of business-friendly policies of the government. Consequently the investment is expected to add value to AHL shareholders. Performance of ASL can be referred in Point 10 to 12 above.

19	In case an investment in associated company has already been made, the performance review of such investment including complete information / justification for any impairments / write-offs	During the financial year 2020, JCL recorded sale of PKR 1,643 million as compared to PKR 1,899 million in the corresponding period last year. The Cost of sales for the period was recorded at PKR 708 million as compared to PKR 772 million in the corresponding period. The gross profit for the year declined by 17% amounting to PKR 191 million. The profitability over the period has declined mainly on account of deficit of PKR 238 million recognised on development cost incurred and development cost recovered from allottees of Phase 1 and increase in finance cost. For Real Estate Sector the announced construction package by the Federal Government should provide some stimulus to the sector to restore normalcy earlier than, otherwise, expected. It is important to note that the construction package by the Federal Government has been backed up by necessary changes required at Provincial level in terms of provincial level taxes and duties Consequently the investment is expected to add value to AHL shareholders. Performance of JCL can be referred in Point 10 to 12 above.

کمپنی کو JCR-VIS کریڈٹ ریٹنگ کمپنی لمیٹڈ (JCR-VIS) کی جانب سے 'AA-/A-1' (ڈیل A مائنس/A-0ne) کا ادارہ کی درجہ بندی دوبارہ تفویض کی گئی ہے۔ تفویض کردہ درجہ بندی کا آؤٹ لک 'مستحکم' ہے۔ اس سرٹیفیکیشن نے مسلسل ترقی کے لیے مینجمنٹ کے وژن کو مزید واضح کیا ہے اور توقع کی جاتی ہے کہ کمپنی کے کلائنٹس کو برانڈ "عارف حبیب" کی ساکھ اور استحکام کے حوالے سے مزید اعتماد حاصل ہو سکے گا۔

مینجمنٹ کی درجہ بندی

کمپنی کو پاکستان کریڈٹ ریٹنگ ایجنسی لیٹڈ (PACRA) کی طرف سے BMR1 کی مینجمنٹ ریٹنگ تفویض کی گئی ہیے۔ تفویض کردہ درجہ بندی کاآؤٹ ٹک 'مستحکم' ہے۔ اس سرٹیفیکیشن نے مضبوط کنٹرول اور گورننس فریم ورک کو برقرار رکمتے

، کلائنٹ سروسنگ ٹولز کی مسلسل آپ ڈیٹ ، اور سرمایہ کاری ، بنیادی طور پر لیکویڈیٹی اور مفادات کے تصادم کی سرگرمیوں سے پیدا ہونے والے خطرات کی محتاط نگرانی کے لئے کمپنی کی صلاحیت کی توثیق کی ہے۔

رسک مینجمنث

سمارے کاروبار میں خطرات ناگزیر ہیں اور ان میں لیکویڈیٹی ، مارکیٹ ، کریڈٹ ، آپریشنل ، لیگل ، ریگولیٹری اور ساکھ کے خطرات شامل ہیں۔ اے ایچ ایل کی رسک مینجمنٹ گورننس کا آغاز ہمارے بورڈ سے ہوتا ہے ، جو رسک مینجمنٹ ہالیسیوں اور طریقوں کا جائزہ لینے اور ان کی منظوری میں ایک اہم کردار ادا کرتا ہے۔

پیمارا رسک مینجمنٹ فریم ورک اور سستم دیرینہ ، معیاری اور بہت مضبوط ہے۔ ہیمیں یقین ہے کہ مؤثر رسک مینجمنٹ کمپنی کی کامیابی کے لیے بنیادی اہیمیت کا حامل ہے۔ اس کے مطابق ، ہیم نے جامع رسک مینجمنٹ کے عمل کا آغاز کیا ہے جس کے ذریعے ہم اپنی سرگرمیوں کے انعقاد میں ان خطرات کی نگرانی ، تشخیص اور ان کا انتظام کرتے ہیں۔ ایک سے زیادہ لین دین ، مصنوعات ، کاروباری اداروں اور مارکیٹوں میں خطرے کو کنٹرول کرنے کے لیے حدود کا سخت فریم ورک لاگو کیا جاتا ہے جس کے تحت ہم معاملات کرتے ہیں۔ اس میں مختلف سطحوں ہر کریڈٹ اور مارکیٹ کے خطرے کی حد مقرر کرنا اور ان حدود کی باقاعدگی سے نگرانی شامل ہے۔

انویستمنث بینکنگ آیریشنز

ہمارے انویسٹمنٹ بینکنگ آپریشنز میں کل 672 ملین روپے کی آمدتی ہوئی۔ ، جو مالی سال 20 کے مقابلے میں +333 فیصد ہے۔ انویسٹمنٹ بینکنگ ریونیو میں ایکویٹی آئی ہی اوز کی ریکارڈ تعداد ، فہرست اور نجی طور پر رکھے گئے تی ایف سی اور سکوک ، انضمام اور حصول ، نجی ایکویٹی پلیسمنٹ ، ایڈوائزری اور رائٹ شیئرز کے ذریعے ایکوئٹی ریزنگ کی انڈر رائٹنگ شامل ہیں۔ مالی سال 21 نے ایکسچینج میں 8 ایکویٹی لسٹنگ دیکھی جس سے مجموعی طور پر 20.1 ارب روپے کا اضافہ ہوا۔ ہمیں آپ کے کو یہ بتاتے ہوئے خوشی ہو رہی ہے کہ آپ کی کمپئی 6 کمپئیوں کی شمولیت ہوئے اور مجموعی طور پر 17 ارب (85 فیصد مارکیٹ شیئر) روپیہ اکٹھا کرتے کے ساتھ مارکیٹ لیڈر رہی ۔ اے ایج ایل نے 36 ارب کے دو قرضوں کے مسائل کو اتھائے /لسٹ کرنے کا مشورہ بھی دیا۔ ۔ اگرچہ امید کی ٹہر جاری ہے ، ہم بازار میں کئی نئی فہرسٹوں کی پیش گوٹی کرتے ہیں اور ہمیں یقین ہیے کہ اے ایج ایل اپنی مارکیٹ ٹیڈر پوزیشن کو برقرار رکھے گا اور مارکیٹ میں مزید آئی ہی او متعارف کرائے گا۔

انوسمنٹ بینکینگ کے شعبے میں ہماری متواتر کارکردگی کا اعتراف ایسیٹس ٹربل اے سسٹین ایبل مارکیٹ کنٹری & ریجنل ایوارڈ 2020 کی جانب سے کیا گیا اور ہم نے تین کیٹیگری، بیسٹ کارپوریٹ اینڈ انسٹیٹیوشنل ایڈوانزر۔ ڈومیسٹک، بیسٹ ایکویٹی اڈوانزر، اور بیسٹ بونڈ اڈوانزر۔ ایکی کمپنی نے مسلسل ساتویں سال (2020-2014) CFA Society Pakistan کا ایکویٹی اڈوانزر، اور بیسٹ بونڈ اڈوانزر۔ ایکی کمپنی نے مسلسل ساتویں سال (2020-2014) Best Corporate Finance House (Equities & Advisory ایوارڈ جیٹ کر تاریخ رقم کی ہیے ، کارنامہ جو اب تک کوئی اورنہیں کر پایا ہے۔ اس کے علاوہ اے ایچ ایل نے

. Best transaction of the Year award for IPO of Interloop from CFASociety Pakistan.

اس ترقی کو مدنظر رکھتے ہوئے جب کہ معیشت کوویڈ کے چیلنج کا سامنا کر رہی تھی ،اے ایج ایل نے اس خطرے کو ملک کے شمال میں اپنے قدم بڑھانے اور ٹیکنالوجی اور ہماری افرادی قوت میں مزید سرمایہ کاری کے موقع کے طور پر استعمال کیا۔ اس سے انتظامی اور آبریٹنگ اخراجات میں 344 ملین روییہ سے 638 ملین (+85٪YOY)روییہ کا اضافہ ہوا۔

بروكريج آپريشنز

ہروکنگ آپریشنز نے مالی سال 21 میں مجموعی آمدن کے طور پر روپے 706 ملین روپیہ ادا کیا چو کہ مالی سال 20 کے مقابلے میں
+118 فیصد ہے۔ ہماری بروکریج ریونیو میں صحت مند نمو صرف تجارتی حجم میں حیران کن نمو کی وجہ سے نہیں ہے بلکہ وسیع
ہوتی ہوتی ہوتی ریٹیل اور آن لائن مارکیٹ میں ہماری زیادہ شراکٹ بھی اس کی وجہ ہے۔ گو کہ ہمیں ڈبلیو ایف ایج (گھر سے کام)
کی پائیسی اپنائی پڑی تھی لیکن ہم نے آمدئی میں اس تاریخی نمو کے حصول کے لیے کڑی محنث کی۔ ادارہ جاتی اور ایج اپن
ڈبلیوآئی کلائنٹس کی خدمات کے لئے اپنی افرادی قوت میں اضافہ کیا جس کے نتیجے میں مارکیٹ شیئر کا اضافی حصول ممکن
ہوا۔

ہروکریج آمدنی میں تاریخی اضافہ کے حصول لئے، ہلاتعظل اور صحت مندانہ کام کا ماحول بنانے میں ہمارے آئی ٹی ڈیپارٹمنٹ کا اسم کردار رہا ہیے۔

اس سال ہم نے اپنی شاخیں راولینڈی، فیصل آباد، اور ملتان میں قائم کی بیں شاخوں کی کل،تعداد 6 ہوگئی ۔ ہم نے بروکریج آمدنی کی غیر معمولی نمو لاہور ، (164)، اسلام آباد (235%) اور پشاور (161%) شاخوں سے حاصل کی۔ ہم عوام الناس میں پاکستان کیپیٹل مارکیٹ میں مواقع کی آگہی میں اضافہ کے حصول کے اپنے مقصد کے لئے دیگر شہروں میں بھی اپنی شاخیں قائم کرنا جاری رکھیں گے۔ ریٹیل اور آن لائن ٹیموں نے اس مہم میں غیر معمولی کارکردگی کا مظاہرہ کیا ہے۔ ہم اپنی کمپلائنس ٹیم کی تعریف بھی کرنا چاہوں گا جو ہمارے کھلنے والے اکاتونٹس کی بڑھتی ہوئے تعداد کے KYC/AML کے لئے مستعدی سے کام کر رہے ہیں۔ ہم سیٹلمنٹ ڈپارٹمنٹ کی انتھک محنث کا اعتراف بھی کرنا چاہوں گا جو وہ اے ایج ایل کی اب تک کی تاریخ کے سب سے بڑے سودوں کو تیزوفتاری سے سنبھالنے کے لئے کر رہے ہیں ۔

پہماری منی مارکیٹ ڈیسک نے 86.9 ملین (+ ۲۵۲۶۹۷) روپیے کی ادائیگی کرکے پروکنگ ریونیو میں اضافہ کیا۔ جو کہ 2013 میں پہمارے آپریشن شروع کرنے کے وقت سے بھی زیادہ بھے۔ بہم نے اپنی منی مارکیٹ اور ایف ایک ڈیپارٹمنٹ میں مزید تاجروں کو شامل کیا بہے جس کے نتیجے میں بہمارے مارکیٹ شیئر میں نمایاں اضافہ بنوا ۔

اللہ کے فضل سے ، اے ایج ایل نے 2021 کے لیے فنانس ایشیا کے کنتری ایوارڈز میں 'پاکستان میں بہترین بروکر' حاصل کیا سے ۔ بڑھتے ببوئے نشانات - ڈیجیٹل طریقوں سے نمو پذیری۔

نیشنل کلیٹرنگ کمپنی پاکستان ٹینڈ (NCCPL) نے 30 چون2021 کو 256،954 منفرد شناختی نمبر (UINs) کا اعلان کیا ہے۔
یہ تعداد پاکستان کی کل آبادی کے مقابلے میں سمندر میں ایک قطرہ کے مترادف ہیے۔ اے ایچ ایل کا خیال ہے کہ یو آئی این کی
تعداد کو کئی گتا بڑھایا جا سکتا ہے جس کے لیے ٹیکٹالوجی اہم کردار ادا کرے گی۔ اے ایچ ایل مسلسل شمال میں صارفین
تک اپنی رسائی کو بڑھانے کے لیے کام کر رہی ہے اور ہم نے مالی سال 21 میں 3 نئی برانچیں قائم کی ہیں۔ ہم نے 3.932 نئے
اکاؤنٹس کمولے ہیں جو کہ پچملے سال کے مقابلے میں 330 فیصد زیادہ ہیں جن میں سے تقریبا 70 فیصد آن لائن ہیں۔ اس
کے علاوہ ، ہم نے کلائنٹس کے لیے ایک نئی موبائل ایپلی کیشن تیار کی ہے جو کہ گذشتہ کی یہ نسبت ایک بڑا آپ گریڈ ہے
اور صارفین کے اطمینان ، صارف دوست اور معلومات تک رسائی کے لیے بہت بہتر ہے۔

اے ایچ ایل کو وزیراعظم عمران خان کے اس اقدام میں جس کی سربراہی اسٹیٹ بینک کے ڈاکٹررضا باقر نے کی ، پیش بیش رہنے پر قخر ہے۔ اب تک RDAs 182.000 قائم کیے گئے تھے (جون کے اختتام تک) پاکستان میں سرمایہ کاری کے بہاؤ میں 1.6 بلین امریکی ڈائر کا تعاون کیا۔ آر ڈی اے کا بڑا حصہ نیا پاکستان سرٹیفکیٹ اور ایکویٹی سرمایہ کاری کے لیے 5249 پر مرکوز ہے۔ اے ایچ ایل نے آر ڈی اے کلائنٹس کو کسٹمر سپورٹ فراہم کرنے کے لیے ایک سرشار ہیلپ ڈیسک قائم کیا ہے اور آر ڈی اے کلائنٹ کو بڑھانے کے لیے اپنے کارکنان میں اضافہ کر رہا ہے۔ ، اللہ تعالیٰ کے فضل سے اے ایچ ایل سال کے دوران روشن ڈیجیٹل اکاؤنٹس کا تقریبا 38 فیصد مارکیٹ حصص حاصل کر جکا ہے۔

صنفى تنوع

افرادی قوت میں خواتین کی شمولیت نہ صرف سماجی ، اخلاقی اور ثقافتی نقطہ نظر سے اہم ہے بلکہ مساوی مواقع کے کام کی جے گھ کو برقرار رکھنا تنظیم کی اسٹریٹجک سمت کو بھی متعین کرنے میں مدد کرتا ہے۔ اے ایچ اپل نے صنفی تنوع اور افرادی قوت میں خواتین کی شمولیت کو اپنی حکمت عملی کا ایک اہم اصول بنایا ہے اور اس سلسلے میں اہم اقدامات اثما رہا ہے تاکہ جوہر کو شناخت ، اس کی پرورش اور ترقی کی جاسکے ۔ مالی سال 21 نے ایچ ایل کو 30 خواتین کی افرادی قوت میں شمولیت کے ساتھ ایک بڑا قدم بڑھاتے ہوئے دیکھا ہے جو کہ کل نئی ملازمتوں کا 50 فیصد ہے ۔

مالیاتی کارکردگی

ہمیں آپ سب کو یہ بتاتے بیوئے مسرت ہو رہی ہے کہ مالی سال 21 کے لیے اے ایج ایل کی مالی کارکردگی تمام شعبہ جات میں غیرمعمولی رہی ہے۔ آپ کی کمپنی نے اب تک کی سب سے زیادہ بروگریج ریونیو ، سب سے زیادہ انویسٹمنٹ بینکنگ ریونیو ، اور سب سے زیادہ بنیادی منافع اور خالص منافع حاصل کیا ہے۔ بروگریج اور ایڈوائزری سے مشترکہ آپریٹنگ ریونیو (ڈیویڈنڈ آمدنی کے بغیر) +188 فی صد ۲۵۷ بڑھا ہے جبکہ مالی سال 20 کے 478.7 ملین روپیہ کے مقابلے میں مالی سال 21میں ۔ 898.8 ملین روپیہ کے مقابلے میں مالی سال 21میں ۔

مالی سال 21 میں 2010 کے بعد سب سے زیادہ سرمایہ بڑھائے اور 14 سالوں میں سب سے زیادہ ایکویٹی ٹمو دیکھنے میں آئی۔ مالی سال 21 کے دوران جمع کیا گیا کل سرمایہ 56 ارب روپیہ (ایکویٹی سرمایہ 20 ارب روپے) ہے ۔اس کے علاوہ ، 25 لسٹڈ کمپنیز نے راثت ایشو کے ذریعے مزید 45 ارب روپے جمع کیے۔

مائی سال 2020 میں 706.7 ملین روپے کے مقابلے میں مائی سال 21 میں سال کے دوران کل آمدتی 3،048 ملین (آپریٹنگ اور نان آپریٹنگ انکم) تین گنا ہو گئی ہے۔ یہ بنیادی طور پر ایف وی ٹی پی ایل (مناسب قدر بذریعہ منافع / نقصان) میں ایکویٹی سیکیورٹیز پر کیبیٹل گین کی وجہ سے بیوا ہے ، جس کی بنا پر مائی سال 20 میں 273.3 ملین روپیہ کے نقصان کو برداشت کرتے بیوئے 1.311.4 ملین روپے سالانہ تک بہتج گیا ہے۔ سرمایہ کاروں ، بینکوں ، بروکرز اور انشورنس کمپنیوں کے درمیان بالترتیب 95 ملین امریکی ڈالر ، 32 ملین ڈالر اور 10 ملین ڈالر کی فروخت نظر آئی جس کا مجموعہ 137 ملین ڈالر ہیے۔ 524 ملین امریکی ڈالر کی فروخت بنیادی طور پر افراد ، کارپوریٹس اور دیگر تنظیموں (خاص طور پر سرکاری پنشن فنڈڑ) کی طرف سے جذب کی گئی ، جنہوں نے بالترتیب 332 ملین ڈالر ، 138 ملین ڈالر اور 45 ملین ڈالر کی سرمایہ کاری کی ، مجموعی طور پر 515 ملین امریکی ڈالر ۔ FY21 چوتھی سہ ماہی میں انشورنس سیکٹر کو مقامی لوگوں میں ایک اہم فروخت کنندہ کے طور پر دیکھا گیا جس میں غیر ملکیوں کی مدد سے 63 ملین امریکی ڈالر کا نگاس ہوا جنہوں نے 93 ملین ڈالر مالیت کے خالص اسٹاک فروخت کیے ۔ پاکستان ایکوئٹی کے سب سے بڑے خالص خریدار کے طور پر افراد کا ایمرنا پاکستان کی تبدیلی کے لیے کافی مقامی لیکویڈیٹی اور اعتماد کی عکاسی کرتا ہے ۔

کارکردگی کے پیمانے پر ، عالمی منڈیوں کے مطابق ، ٹیک //312 کے حصول کے ساتھ آگے رہا جس کے بعد ، ریفائٹری + //124 ، سنتھیتک +/163 ، انجینئرنگ +/109 ، اور گلاس اور سیرامکس + 99 / حاصل کیے ۔ یہ مالی سال 20 میں انڈیکس کی کارکردگی میں اہم 5 شعبوں سے نمایاں طور پر مختلف تھا ، جو کہ چرم +/110 ، ٹیکسٹائل +/79 ، ٹیکنالوجی +/66 ، دواسازی +/75 ، اور سیمنٹ +/45 تھے ۔ روایتی کردارجیسے P&E (+/9) اور بینک (+/32) مالی سال 21 میں غیر فعال رہے ۔ مالی سال 21 میں غیر فعال رہے ۔ مالی سال 21 میں غیر فعال رہے ۔ مالی سال 21 کے دوران ، بینج مارک انڈیکس میں 2952 ہوائٹٹس کے اضافے میں بڑے پیمانے پر 5 شعبوں نے حصد لیا۔ ان میں ٹیکنالوجی (+2489) ، سیمنٹ (+2064) ، بینک (+2059) ، کماد (+2489) اور ٹیکسٹائل (+2787) شامل ہیں۔ قیادت سنبھائنے والے نئے شعبے PSX بورڈ اور پاکستانی معبشت کی وسعت اور گہرائی کی عکاسی کرتے ہیں جو ہمیں وبائی مرض کے بعد کی دنیا میں نظر آنے والے رجحانات کے مطابق رکھتے ہیں۔

روشن ڈیجیٹل اکاؤنٹ میں سب سے زیادہ شراکت۔

روشن ڈیجیٹل اکاؤنٹ پاکستانی کارکنان کی ترسیلات زر کے لیے ایک کامیاب حل ثابت ہوا ہیے۔ زرمبادلہ کے ذخائر بڑھانے کے لیے ترسیلات زر کو راغب کرنے سے زیادہ یہ اقدام سمندر پار پاکستانیوں کو اثاثہ جات کے مختلف زمروں میں سرمایہ کاری کے ذریعے پاکستان کی بحائی میں حصہ لینے کے قابل بناتا ہے۔ قبل ازیں اس طرح کے فنڈز رسمی ذرائع سے نہیں آتے تھے اور بنیادی طور پر رئیل اسٹیٹ میں لگائے جاتے تھے ، تاہم ، حکومت نے نئے راستے جیسے نیا پاکستان سرٹیفکیٹ اور اسٹاک مارکیٹ میں سرمایہ کاری کی پیشکش کی ہے۔ جیسا کہ یہ چینل بختہ ہو رہا ہے ، اسٹیٹ بینک کمرشل بینکوں کی وساطٹ سے آر ڈی اے کے ذریعے آتو خریداری جیسی مالیاتی مصنوعات بیش کرنے کی کوششیں کرریا ہیے۔

بیمار معیشت کی بحالی کے ٹیے کیے گئے کئی اقدامات کے لیے حکومت کو بھی کریڈٹ دیا جانا چاہیے ۔ پبلک سیکارڈویلپمنٹ پروگرام (پی ایس ڈی پی) نے 106 فیصد استعمال کی تاریخی سطح کے ساتھ ایک اسم کردار ادا کیا ، جس کی مزید مدد پاکستان پاؤسنگ اسکیم کے متعارف کرانے سے بدوئی بہے جو کہ جی ڈی پی نمو کے لیے موافق فضا کا کام کرے گی ۔ روشن ڈیجیٹل اکاؤنٹس (اُرڈی اے) کے تعارف نے پاکستانی شہریوں کو قوم کے ساتھ جڑے رہنے اور ایف ایکس سپورٹ پیدا کرنے کے قابل بنایا۔ اسٹیٹ بینک یہاں اُرڈی اے اور ہاؤسنگ اسکیم دونوں اقدامات کو سہولٹ فراہم کرنے کے حوالے سے مرکزی کردار ادا کر رہا ہیے ، جہاں مؤخرالا کر سے توقع ہے کہ ہاؤسنگ مارگیج مارکیٹ کی بنیاد رکھی جانے گی جو کہ فی الوقت پاکستان میں موجود نہیں ہے (جی ڈی پی کا 5.5 فی الوقت پاکستان میں موجود نہیں

ایک مشکل دور سے کامیابی سے گزرنے کے بعد پاکستان، تاریخی طور پر گئیر ذخائر ژرمبادلہ (24.4 بلین ڈالر) ، ریکارڈ ترسیلات زر (29.4 بلین ڈالر) ، ریکارڈ برآمدات (25.6 بلین ڈالر) ، 10 سالوں میں سب سے کم CAD (1.9 بلین ڈالر) کے لحاظ سے نئے ریکارڈ قائم کر رہا ہیے۔ ریکارڈ السینٹ کی فروخت ریکارڈ آٹو قرضے (9KR 308 ارب) ، سیمنٹ کی فروخت (25.4 بلین ٹن) کے ساتھ ساتھ اب تک کی سب سے زیادہ مجلی کی پیداوار (330 130 130)۔ یہ سب پاکستان کی تبدیلی کی کہانی کو مستحکم کرتا ہے اور کے ایس ای 100 کی کارکردگی ، اوسط یومیہ ٹریڈ ویلیو اور حجم کے لحاظ سے کئی سال کی بلندیوں پر تجارت کرنے کی بنیاد ہیے۔

سٹاک مارکیٹ کی کارکردگی: امید اور خوش امیدی کا سال۔

مائی سال 19 اور مائی سال 20 کی کارکردگی کے برعکس ، گزرنے والا مائی سال 21، 38 فیصد حصول کے ساتھ شاندار رہا ہے۔ بھے۔ بحالی کا طریقہ کار ابتدائی طور پر آئی ایم ایف پروگرام کے حصول اور اسٹیٹ بینک کی جانب سے شرح سود میں کمی کا شعوری فیصلہ کرکے طے کیا گیا تھا۔ مائیاتی ہائیسی میں سہولت اور افراط زر میں کمی کے علاوہ ، امریکی ڈالر کے مقابلے میں پاکستائی روییہ کے استحکام نے پاکستان کی معاشی بحالی اور اسٹاک مارکیٹ کی کارکردگی میں اسم کردار ادا کیا۔

KSE100 انڈیکس میں مالی سال 21 کے دوران مجموعی طور پر 12،952 پوائنٹس کا اضافہ بنوا۔ کاروباری حالات میں بہتری کی وجہ سے ، سرمایہ گاروں کا اعتماد بحال بنوا جس کے نتیجے میں بورس میں اوسط تجارت کا حجم مالی سال 20 میں 196 ملین حصص سے دوگنا بنوکر مالی سال 21 میں 528 ملین حصص تک پہنج گا (XYOY2.6) اسی طرح ، PKR اور USD دونوں میں اوسط تریڈ ویلیو مالی سال 20 میں 865.5 ملین PKR ٹریلین سے 473.2 ٹریلین PKR ، اور FY21 میں 65.5 ملین USD سے 173.3 ملین گار تک تین گنا بنوگئی۔

ایم ایس سی آئی ایمرجنگ مارکیٹ کی حیثیت حاصل کرنے کے بعد ، مطلق فروخت کنندگان غیر ملکی رہے ہیں۔ مالی سال 21 مختلف نہیں تھا ، غیر ملکیوں کی ایکویٹی فروخت کی مالیت 387 ملین ڈالر رہی۔ فروخت زیادہ تر ای اینڈ پی (90 ملین امریکی ڈالر) ، بینکوں (114 ملین امریکی ڈوخٹ کے علاوہ ، مقامی

عزيزانگرامي!

گزشتہ سال بہت سے اطوار سے غیر معمولی تھا۔ اگرچہ پیم مالی سال 2021 میں بہت زیادہ شکر گزار بہیں لیکن، بہم سب سے پہلے اس درد اور صدمات کو تسلیم کرنا چاہتے ہیں جو ویائی مرض کووڈ نے پیمارے کچھ گاہکوں ، ساتھیوں اور شراکت داروں کو پہنچایا ہے۔ اللہ کے فضل سے ، پاکستان آب تک ان معدودے چند ممالک میں شامل رہا ہے جنہوں نے بہتر کارکردگی کا مظاہرہ گیا ہے لیکن بیمیں بہت سے ممالک میں ویا کی وجہ سے بیونے والی تباہی کے بارے میں آگاہ رہتے ہوئے خطرات سے محتاط رہنا جاہیے۔

ہم اپنے تمام کلائنٹس کا شکریہ ادا کرتے ہیں کہ انہوں نے اب تک کی سب سے زیادہ بروکریج ریونیو ، سب سے زیادہ انویسٹمنٹ بینکنگ ریونیو ، اور سب سے زیادہ بنیادی منافع کے حوالے سے متعلق ہم پر اعتماد قائم رکھا۔ ہم اپنے ساتھیوں کا شکریہ ادا کرتے ہیں جنہوں نے اپنے خاندانوں کی صحت اور تحفظ کا توازن برقرار رکھنے ہوئے عزم اور حوصلے سے کڑی محنت کی۔

ہم اپنے تمام بورڈ اراکین کا شکریہ ادا کرتا ہیں کہ انہوں نے کمپنی کے ٹیے صحیح فیصلے کرنے میں ہماری مدد اور رہنمائی کی۔
ہم سیکورٹیز اینڈ ایکسچینج کمیشن آف پاکستان اور پاکستان اسٹاک ایکسچینج کا بھی شکریہ ادا کرتے ہیں کہ انہوں نے
مارکیٹ اصلاحات کے لئے فعال طور پر کام کیا اور مارکیٹ کے حجم اور آئی ہی او کی سرگرمی کو بہتر بنانے میں مدد کی۔ آخر میں
، ہم اپنے تمام حصص یافتگان کو مالی سال 21 (جولائی 2020 - جون 2021) میں 38 فیصد کی مارکیٹ ریٹرن کے مقابلے میں
169 فیصد کے ریٹرن کے ٹیے مبارکباد دیتے ہیں۔

معاشی لحاظ سے ، پاکستان نے مالی سال 2021 میں مضبوط واپسی دیکھی ہے۔ نیشنل کمانڈ آپریشن سینٹر (این سی اوسی)

کی پاکستان بھر میں آبادی کے اہم مراکز میں سمارٹ لاک ڈاؤن لگانے کی کوششوں نے بحالی کے مرحلے میں مدد کی جسے
ورلڈ بینک نے تسلیم کیا ہے۔ حکومت اور اسٹیٹ بینک آف پاکستان (ایس پی) کی اجتماعی کوششوں کی وجہ سے ، مالی سال
12 میں معاشی بحالی بہت مستحکم رہی ہے اور جی ڈی پی کی شرح نمو 3.9 فیصد کا حصول ممکن بنوا ہیے۔ کارخانے خصوصا
جو ٹیکسٹائل سیکٹر سے وابستہ ہیں ، پوری گنجائش کے مطابق چل رہی ہیں اور روزگار پیدا کر رہے ہیں ، نئے معمولات میں
دُملتے بنوئے کاروبار ٹرقی کر رہے ہیں۔ مالیاتی پالیسی کا صحیح وقت پر چارج لینے اور کاروباری برادری کے درمیان اعتماد بحال
کرنے کے ساتھ ساتھ عارضی اقتصادی ریلیف سہولت (ٹی ای آر ایف) متعارف کرانے میں ایک خاص تذکرہ اسٹیٹ بینک کی
دانشمندی کا ضروری ہے جس نے توسیعی منصوبوں کو آگے بڑھائے کے لئے انسانی اور مالی سرمائے کو متحرک کیا۔
