Chairman's Review Report

On Board's overall performance u/s 192 of the Companies Act-2017

I have to give a review report on the Board of Directors' performance during the financial year ended June 30, 2021. **Fateh Industries Limited** complies with all the requirements, set out in the Companies Act-2017 and the Listed Companies (Code of Corporate Governance Regulations, 2019) with respect to the composition, procedures and meetings of the Board of Directors and its committees. In regard of appointment of Independent Directors, I would like to inform the members of the Company that during the year, the Board of Directors has decided to delist the Company from Pakistan Stock Exchange for which formal application alongwith all supporting documents as well as de-listing fee has also been submitted to the Exchange. The matter is under process and will be finalized soon. As required under the Code of Corporate Governance, an annual evaluation of the Board of Directors of **Fateh Industries Limited** is carried out. The purpose of this evaluation is to ensure that the Board's overall performance and effectiveness is measured and benchmarked against expectations in the context of objectives set for the Company. Areas where improvements are required are duly considered and action plans are framed and implemented.

The Board of Directors of your Company received agendas and supporting written material including follow up materials in sufficient time prior to the board and its committee meetings. The board meets frequently enough to adequately discharge its responsibilities. All the directors (executive/non-executive) are equally involved in important decisions.

The Board shall continue to play a vital role in setting the direction of the Company and promoting its success. I would like to assure our valued shareholders that the Board will make every possible Endeavour to improve the performance of the Company and to achieve greater success while upholding the principles of good corporate governance. I would like to thank the management and the esteemed shareholders for reposing confidence in the Company and its Board of Directors.

AFTAB ALAM

Chairman

Hyderabad: September 23, 2021

Directors' Report to the MembersFor the year ended June 30, 2021

The Board of Directors present their report and financial statements of the Company alongwith Auditors' Report for the year ended June 30, 2021.

During the year no export sales were made due to recession in the International Market. However, Company has achieved local sales of Rs. 13.56 million during the year as compared to Rs.27.40 million in the preceding year. The Gross Profit is realized at Rs.1.38 million whereas after Administration Expenses of Rs.4.66 million, Operating Loss is Rs.3.28 million. Company earned profit of Rs.0.26 million in respect of Exchange gain. After Financial expenses and other charges of Rs.1.96 million, Loss before taxation is Rs.4.02 million whereas Net Loss after Taxation carried forward to balance sheet is Rs. 4.22 million. Company incurred total comprehensive loss of Rs.4.02 million. Loss per share is Rs. 2.11.

During the year, the Board of Directors has decided to delist the Company from Pakistan Stock Exchange for which formal application alongwith all supporting documents as well as de-listing fee has also been submitted to the Exchange. The matter is under process and will be finalized soon.

Compliance with Listed Companies (Code of Corporate Governance) Regulations-2019

The requirements of Listed Companies (Code of Corporate Governance) Regulations-2019, relevant for the year ended **June 30, 2021** have been duly complied with, except for those disclosed in statement of compliance with Listed Companies (CCG) Regulations. The Directors confirm the compliance of Regulations for Corporate Governance, statement to this effect is annexed.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of : FATEH INDUSTRIES LIMITED

Review Report on the Statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of **FATEH INDUSTRIES LIMITED** (the Company) for the year ended June 30, 2021 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Following instance(s) of non-compliance with the requirements of the Regulations was / were observed which is/are not stated in the Statement of Compliance:

Independent Directors – As per Regulation No. 6 of the Regulations, the independent directors should not be less than two or one third of the total number of the board of directors, whichever is higher. The Company has not appointed any independent director.

Based on our review, except for the above instance of non-compliance, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended June 30, 2021.

Clarkson Hyde Saud Ansari

Chartered Accountants Engagement Partner – **Saud Ansari** Karachi

Dated: September 23, 2021

INDEPENDENT AUDITOR'S REPORT

To the members of: FATEH INDUSTRIES LIMITED

Report on the Audit of the Financial Statements

Qualified Opinion

We have audited the annexed financial statements of **FATEH INDUSTRIES LIMITED** (the Company), which comprise the statement of financial position as at June 30, 2021, and the statement of profit or loss, statement of comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of the matter described in the *Basis for Qualified Opinion* section of our report the statement of financial position, and the statement of profit or loss and other comprehensive income, the statement of changes in equity, and the statement of cash flows, together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2021 of the loss and other comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Qualified Opinion

We have been unable to receive confirmations for balances of trade creditors amounting to Rs.10,340,984 under the head trade and other payables Note 13 to the financial statements, hence these balances remained unverified.

Balance confirmations from some banks could not be received. We verified the balances with original bank statements, but could not ensure that there are no undisclosed liabilities or contingent liabilities with these banks.

Our audit opinion on the financial statements for the prior year was qualified due to non-receipt of confirmations for balances of trade creditors as on June 30, 2020 amounting to Rs.12,942,500. Our opinion on the current year's financial statements is also qualified because of the possible effect of this matter on the comparability of the current year's figures and the corresponding figures.

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our ethical responsibilities in accordance with the Code. We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material Uncertainty relating to Going concern

We draw attention to Note 2.4 to the financial statements, which states that these financial statements have been prepared on going concern basis, yet there are factors which effect the Company's ability to continue as a going concern, for instance the operations of the Company have been closed since the year 2000, due to the reasons as stated in Note No.1. There are accumulated losses amounting to Rs.79.26 million and the current liabilities exceeds current assets by Rs.93.07 million. The aforesaid conditions indicate the existence of a material uncertainty which cast significant doubt about the company's ability to continue as a going concern. Management's plans and other mitigating factors to this matter have been discussed in Note 2.4 to the financial statements. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due
 to fraud or error, design and perform audit procedures responsive to those risks, and obtain
 audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of
 not detecting a material misstatement resulting from fraud is higher than for one resulting from
 error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the
 override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusion are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including
 the disclosures, and whether the financial statements represent the underlying transactions and
 events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in the internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows, together with notes thereon have been drawn up in conformity with the Companies Act, 2017(XIX of 2017) and are in agreement with the books of account and returns;
- investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) no Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

The engagement partner on the audit resulting in this independent auditor's report is **SAUD ANSARI**

Notes to the Financial Statement

For the year ended June 30, 2021

1 CORPORATE AND GENERAL INFORMATION

The company was incorporated on May 18, 1986, as a public company limited by shares under the Companies Ordinance, 1984 (now the Companies Act, 2017), and is listed on Pakistan Stock Exchange Limited. The business of company is to manufacture and sale of footwear of all kinds.

During the year Company has applied for delisting from the Pakistan Stock Exchange Limited, for which formal application has been submitted to the Exchange in March, 2021. The application is still under process with the Exchange.

The manufacturing activities had remained suspended since 1999-2000. The company had also started business of wastage wool as alternative business from 2011. The manufacturing activities were partially commenced during the year 2013. The core reason for non-production is blockage of funds with Russia at the time when the Russian Central Bank defaulted on its debts due to disintegration of U.S.S.R., that rendered the Company in to the financial distress. The manufacturing activities could not be profitably carried out with scarce financial resources, hence to mitigate the operational and administrative costs, operations had remained closed in 2011.

The geographical locations and addresses of Company's premises are as under:

- The Registered office is situated at 442, Mirpurkhas Road, Hyderabad.
- Factory is also situated at 442, Mirpurkhas Road, Hyderabad.

2 BASIS OF PRESENTATION

2.1 Statement of Compliance

These financial statements have been prepared in accordance with the accounting and financial reporting standards as applicable in Pakistan. The accounting and financial reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.2 New standards, interpretations and amendments to published approved accounting standards that are effective in

The new standards, amendments to approved accounting standards and interpretations that are mandatory for the financial year beginning on July 1, 2020 are considered not to be relevant or to have any significant effect on the Company's financial reporting and operations, therefore not detailed in these financial statements.

2.3 New standards, interpretations and amendments to published approved accounting standards that are not yet effective in the current year and have not been early adopted by the Company

The following new standards and amendments to approved accounting standards are not effective for the financial year beginning on July 1, 2020 and have not been early adopted by the Company:

IAS 37 Onerous Contracts

Under IAS 37 'Provisions, Contingent Liabilities and Contingent Assets', a contract is 'onerous' when the unavoidable costs of meeting the contractual obligations – i.e. the lower of the costs of fulfilling the contract and the costs of terminating it – outweigh the economic benefits. The amendments clarify that the 'costs of fulfilling a contract' comprise both the incremental costs – e.g. direct labour and materials; and an allocation of other direct costs – e.g. an allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract.

Effective date: January 1, 2022

Effective date: January 1, 2022

IAS 16 Proceeds before an asset's intended use

Amendment to IAS 16 'Property, Plant and Equipment' prohibit a company from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, a company will recognize such sales proceeds and related cost in profit or loss. The amendments apply retrospectively, but only to items of PPE made available for use n or after the beginning of the earliest period presented in the financial statements in which the company first applies the amendments.

2.4 Basis of Measurement

These financial statements have been prepared under the historical cost convention, as modified by the remeasurement of investments to their fair value. In these financial statements, except for the amounts reflected in the cash flow statement, all transactions have been accounted for under the accrual basis of accounting.

Going Concern Assumption

These financial statements have been prepared on going concern basis, yet there are factors which effect the Company's ability to continue as a going concern, for instance the operations of the Company have been closed since the year 2000, due to the reasons as stated in Note No.1. There are accumulated losses amounting to Rs.79.26 million and the current liabilities exceeds current assets by Rs.93.07 million.

Mitigating Factors to the Uncertainty relating to the use of Going Concern

Foreign debtors with Russia were blocked due to delinkage of the same with Russian Federation. The management of the Company had filed an appeal before the Honorable Foreign Exchange Regulation Appellate Board, Karachi against the order of Honorable Foreign Exchange Adjudication Court, State Bank of Pakistan, Banking Services Corporation in July 2014. Foreign Exchange Regulation Appellate Board, vide order dated 24.04.2017 has annulled and set aside the said order and directed the adjudication officer to pass a fresh speaking and final order on all legal and factual grounds and further directed not to take any coercive measures against the appellant till further direction of the Appellate Board. Further during the year 2019 the Company had filed a constitutional petition before the Honorable High Court of Sindh.

The Government of Pakistan and the Russian Federation have been discussing the matter for settlement of claims by the Pakistani exporters. The Government of Pakistan has frozen the account of the Russian Federation Government maintained with NBP, till the settlement of the claims of the Pakistani exporters, in accordance, with the order of the Honorable High Court of Sindh. Consequent to the negotiations for recovery of stuck up funds from Russian Federation, an amount of Rs.182,620,000 (USD 1,150,000) including sea freight compensation has been received during the previous year.

Thus the Company has been able to generate net positive cash flows of Rs.115,008,958 from operations and net profit of Rs.175,710,299 during the last year, which reduced accumulated losses and improved current ratio in comparison to the year 2019. The management is considering to restart the operations viably a new. Although the plant is shut down, the Company has managed to produce shoes through hand labor and selling the same. Export of wool is also being carried out as an alternative business activity, the Company has received advance for export amounting to Rs.15 million. The management has no plans to liquidate its assets other than in the normal course of business. Moreover continued financial support is available from the directors and other related parties.

Hence there is a material uncertainty which cast significant doubt about the Company's ability to continue as a going concern, therefore it may be unable to realize its assets and discharge its liabilities in the normal course of business. These financial statements do not include any adjustments relating to the recoverability and classification of recorded assets amounts, and discharge and classification of liabilities, that may be necessary should the company be unable to continue as a going concern.

2.5 Functional and Presentation Currency

These financial statements are presented in Pakistan Rupees, which is the company's functional and presentation currency.

2.6 Use of Estimates and Judgements

The preparation of financial statements in conformity with the approved accounting standards as applicable in Pakistan, requires management to make judgements, estimates and assumptions that affect the application of policies and the reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods. The estimates and judgements that have a significant effect on the financial statements, are as follows:-

Depreciable amount and useful lives of Property, Plant and Equipment

In accordance with the accounting policy, the management carries out an annual assessment of depreciation amount and useful lives of assets. Further, the Company reviews the value of assets for possible impairment on an annual basis. Any change in the estimates in the future might affect the carrying amount of respective item of property, plant and equipment, with a corresponding effect on the depreciation charge and impairment.

Stores, Spares and Loose Tools

The Company reviews the net realisable value and impairment of stores, spares and loose tools to assess any diminution in the respective carrying value and wherever required provision for impairment is made. The calculation of provision involves the use of estimates with regard to future estimated use and past consumption of stores and spares along with holding period.

Stock-in-Trade

Net realizable value of stock-in-trade is determined with reference to currently prevailing selling prices less estimated expenditure to make sales.

Provision for Expected Credit Losses

The allowance for expected credit losses assessment, requires a degree of estimation and judgement. It is based on the lifetime expected credit loss, based on days overdue. In particular, judgement by management is required in the estimation of the amount and timing of future cash flows, in determining the level of provision.

Income Taxes

In making the estimates for income tax currently payable by the Company, the management takes into account the current income tax law and the decisions of appellate authorities on certain issues in the past.

3 SIGNIFICANT ACCOUNTING POLICIES

3.1 Property, Plant and Equipment

These are stated at cost less depreciation and impairment loss, if any. Depreciation is charged on pro-rata basis by applying the reducing balance method, whereby the cost of an asset is written off over its useful life, at the rates specified in note. 4 to the financial statements. The residual value, depreciation method and the useful lives of each part of property, plant and equipment that is significant in relation to the total cost of the asset are reviewed, and adjusted if appropriate, at each reporting date.

Maintenance and normal repairs are charged to profit and loss account as and when incurred, whereas major renewals and improvements are capitalized and the assets so replaced, if any, are retired. Gains and losses on disposal of assets, if any, are taken to the profit and loss.

3.2 Stores, Spares and Loose Tools

These are carried at lower of moving average cost or net realisable value, except items in transit which are stated at cost accumulated up to the date of the financial statements.

3.3 Stock-in-Trade

These are carried at lower of cost or net realisable value. Cost is calculated on the following basis:

Raw materials at moving average cost

Goods in Transit at cost accumulated up to the closing

Goods in Process at manufacturing cost

- Finished Goods at average

Net realizable value signifies the estimated selling price in the ordinary course of business less cost of completion and cost necessarily to be incurred in order to make the sales.

3.4 Financial Instruments

The Company follows IFRS 9 "Financial Instruments". The standard prescribes classification and measurement models for financial assets. A financial asset shall be measured at mortised cost if it is held within a business model whose objective is to hold assets in order to collect contractual cash flows which arise on specified dates and that are solely principal and interest. A debt instrument shall be measured at fair value through other comprehensive income if it is held within a business model whose objective is to both hold assets in order to collect contractual cash flows which arise on specified dates that are solely principal and interest as well as selling the asset on the basis of its fair value. All other financial assets are classified and measured at fair value through profit or loss unless the Company makes an irrevocable election on initial recognition to present gains and losses on equity instruments in other comprehensive income. Despite these requirements, a financial asset may be irrevocably designated as measured at fair value through profit or loss to reduce the effect of, or eliminate, an accounting mismatch. For financial liabilities designated at fair value through profit or loss, the standard requires the portion of the change in fair value that relates to the Company's own credit risk to be presented in other comprehensive income (unless it would create an accounting mismatch). Hedge accounting requirements are intended to more closely align the accounting treatment with the risk management activities of the Company. Impairment requirements use an 'expected credit loss' ('ECL') model to recognize an allowance. Impairment is measured using a 12-month ECL method unless the credit risk on a financial instrument has increased significantly since initial recognition in which case the lifetime ECL method is adopted. For receivables, a simplified approach to measuring expected credit losses using a lifetime expected loss allowance is available.

Recognition of Financial Instruments

The Company initially recognizes financial assets on the date when they are originated. Financial liabilities are initially recognized on the trade date when the entity becomes a party to the contractual provisions of the instrument.

Initial Measurement of Financial Instruments

At initial recognition a financial asset or financial liability, except trade receivables, is initially measured at fair value, plus or minus, in the case of financial asset or financial liability not at fair value through profit or loss, transaction costs that are directly attributable to acquisition or issue of financial asset or financial liability.

3.4.1 Equity Investments

The management determines an appropriate classification for investments in accordance with the requirements of the International Financial Reporting Standard -9. The Company subsequently measures all equity investments at fair value. For financial instruments quoted on Stock Exchange, the fair value corresponds to the stock exchange market price (level 1 inputs, unadjusted quoted prices in active markets). The Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, thus there is no subsequent reclassification of fair value gains and losses to profit or loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVTOCI are not reported separately from other changes in fair value.

3.4.2 Trade Receivables

Trade debts are carried at original invoice amount less an estimated amount for expected credit loss, if any. Balances considered bad and irrecoverable are written off when identified. A contract asset or trade receivable is impaired if the credit risk on that financial asset has increased significantly since the initial recognition. For trade receivables, a simplified approach under IFRS 9 to measure expected credit losses using a lifetime expected credit losses amount is used.

3.4.3 Trade and Other Payables

Liabilities for trade and other amounts payable are initially recognized at fair value, which is normally the transaction cost. Subsequently they are measured at mortised cost.

3.4.4 Borrowings

Financing and borrowings are initially recognized at fair value of the consideration received, net of transaction costs. They are subsequently measured at amortized cost using the effective interest method.

3.4.5 Offsetting of Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the nancial statements only when the Company has a legally enforceable right to offset the recognised amounts and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously

3.5 Foreign Currencies Translation

These financial statements are presented in Pak Rupees, which is the Company's functional currency. All monetary assets and liabilities denominated in foreign currencies are translated into Pak Rupees at the rates of exchange prevailing at the balance sheet date, while the transactions in foreign currency during the year are initially recorded in functional currency at the rates of exchange prevailing at the transaction date. All non monetary items are translated into Pak Rupee at exchange rates prevailing at the date of transaction or the date when fair values are determined. The Company charges all exchange differences to profit and loss account.

3.6 Taxation

The tax expense for the year comprises current and deferred tax, if any. Tax is recognised in the profit and loss account, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case the tax is also recognised in other comprehensive income or directly in equity, respectively.

Current

Current taxation is based on the taxable income for the year determined in accordance with the prevailing income tax law. The charge for current taxation is calculated using the tax rates or tax rates expected to apply to the profit for the year if enacted. The charge for current taxation also includes adjustments where considered necessary, to provision for taxation made in previous years arising from assessments framed during the year for such years.

Deferred

Deferred tax is recognised using balance sheet liability method, providing for all temporary differences between carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which temporary differences can be utilised. Deferred tax assets are reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that the related tax benefit will be realized.

3.7 Revenue from contracts with customers

The Company follows IFRS 15 for recognition of revenue from contracts with customers. The Standard provides a single five-step model for revenue recognition and establishes a comprehensive framework for recognition of revenue from contracts with customers based on a core principle that an entity should recognize revenue representing the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The standard provides a contract-based revenue recognition model with a measurement approach that is based on an allocation of the transaction price. If the consideration promised in a contract includes a variable amount such as discounts, rebates and refunds, any potential bonuses receivable from the customer and any other contingent events, such estimates are determined using either the 'expected value' or 'most likely amount' method. The measurement of variable consideration is subject to a constraining principle whereby revenue will only be recognized to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur. The measurement constraint continues until the uncertainty associated with the variable consideration is subsequently resolved. Amounts received that are subject to the constraining principle are initially recognized as deferred revenue in the form of a separate refund liability. Credit risk is presented separately as an expense rather than adjusted against revenue. Customer acquisition costs and costs to fulfill a contract can, subject to certain criteria, be capitalized as an asset and amortized over the contract period.

3.7.1 Sale of Goods

Revenue from the sale of goods is recognised at the point in time when the customer obtains control of the goods, which is generally at the time of delivery to the customer in the case of domestic sales and shipment of goods in the case of exports.

	118,234,650	120,575,859

- 13.1 This represents Company's obligation to transfer goods under contract with customers, for which the Company has received consideration.
- 13.2 Consequent to the settlement agreement with petitioners who had filed petition for liquidation of the company under Section 305 of the Companies Ordinance,, 1984 in the Honorable High Court of Sindh which stands dismissed as withdrawn, the Company agreed to transfer two houses measuring 600 square yards each and agriculture land measuring 5 acres against their borrowings to the Company amounting to Rs.82.69 million.

Since the Petitioners have fraudulently and illegally without prior approval and knowledge of the Company, have got the said properties transferred in their names, which is the violation of the above said agreement. The management has therefore taken immediate action and transferred back the properties in the Company's name. In view of the said violation by the petitioners, the management is of the opinion that this agreement is no more valid and has been revoked.

	822,404	2,538,894
Less: Advance Income Tax adjusted during the year	(203,873)	(1,920,363)
	618,531	618,531

16. CONTINGENCIES AND COMMITMENTS.

Family members of former directors of the Company, namely Ms. Farheen Alamgir and Ms. Sanober Arif have filed suits against the Company on December 30, 2019 and May 11, 2020 respectively, in the High Court of Sindh, Karachi, seeking set-aside of the Compromise Order dated 04.10.2019, whereby the Company has managed to receive stuck up trade receivables as mentioned in Note No.1 along with sea freight compensation, amounting to USD 1,150,000 (Rs.182,620,000) and claiming 33% share in the said amount. The management of Company is vigorously pursuing the case and confident that the outcome of the case will be in favour of the Company. Therefore no liability has been provided against this claim.

Pakistan Stock Exchange Limited has issued invoice dated April 13, 2021 of Rs. 1,458,432/- including Annual Listing Fee of Rs. 1,347,577/- and SECP Supervisory Fee of Rs. 110,855/- for the years from 2014-15 to 2020-21. Company have made provision of Rs. 375,000/- against the said invoice including Rs. 50,000/- per annum for seven years and Rs. 5,000/- per annum for five years towards Annual Listing Fee and SECP Supervisory Fee respectively. The management is of the opinion that the fee charged by the PSX is not payable hence no provision of Rs. 1,083,432/- is made.

27. FAIR VALUE OF FINANCIAL ASSETS AND LIABILITIES

Fair value is an amount for which an asset could be exchanged, or a liability settled, between knowledgeable and willing parties in an arm's length transaction. Consequently, differences may arise between the carrying values and the fair value estimates. Underlying the definition of fair value is the presumption that the company is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

27.1 Fair Value Hierarchy

Judgments and estimates are made in determining the fair values of the financial instruments that are recognized and measured at fair value in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the financial instruments are classified into the following three levels:

Level-1 fair value measurements are those inputs derived from unadjusted quoted prices in active markets for

identical assets and liabilities.

Level-2 fair value measurements are those inputs determined using valuation techniques which maximize the use

observable market data and rely as little as possible on on entity-specific estimates. If all significant inputs required to determine fair value of an instrument are observable, the instrument is included in Level 2.

Fvamnlec are:

* Adjusted quoted active market prices

* Quoted price for a similar asset in an active market

* There are no significant unobservable inputs

Level-3 fair value measurements are those inputs derived from valuation techniques that include inputs which are

not based on observable market data. Examples are:

Discounted cash flows

k Depreciated replacement cost

Financial assets and liabilities are not measured at fair value because the carrying value of all financial assets and liabilities approximate their fair value, except term investments which have been measured at fair value.

Valuation Approach used to determine Fair Value - Short Term In vestments

In case of investment in shares unadjusted quoted stock exchange prices as at the closing date have been used (Level 1 inputs).

28. FINANCIAL RISK EXPOSURE AND RISK MANAGEMENT

28.1 Credit Risk

Credit risk represents the accounting loss that would be recognized if counter parties fail completely to perform as contracted.

Exposure to Credit Risk

The company is exposed to credit risk on the following financial assets. The carrying amount of these financial assets represents the maximum credit exposure at the reporting date, which is detailed as follows:

Trade Receivables	18,418,751	13,931,400
Advances	372,196	282,334
Cash at Bank	403,908	6,291,644
	19,194,855	20,505,378

Concentration of Credit Risk

Concentration of credit risk arises from exposure to a single debtor, or when a number of counter parties are engaged in similar business activities or have similar economic features that would cause the ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. The company is exposed to a concentration of credit risk on its trade receivables amounting to Rs. 14,358,167 (2020: Rs.32,559,496). The Company does not have any limits on its customers.

Quality of Financial Assets

Trade credit has been given to credit worthy customers and vendors. Cash at bank is with banks of repute enjoying good credit rating.

Credit Risk Management

The company attempts to control credit risk by monitoring credit exposures and continually assessing the credit worthiness of counter parties, reviewing clients' financial position, considering past experience and other factors.

28.2 Market Risk

Market risk means that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risks: price risk, interest rate risk and foreign currency risk.

28.2.1 Price Risk

Price risk represents changes in the fair value of a financial instrument due to fluctuation in the market prices (other than those from interest rate risk or currency risk), whether those fluctuations caused by factors specific to the individual financial instrument or its issuer, or factors affecting all or similar financial instruments traded in the market. The company is exposed to equity price risk since it has investments in listed equity securities held for trading amounting to Rs.605,727 (2020: Rs.399,253) at the reporting date.

The carrying value of investments is subject to equity price risk based on listed market prices as of the reporting date. Market prices are subject to fluctuation and consequently amount realized in the subsequent sale of an investment may significantly differ from the reported market value. Fluctuation in the market price of a security may result from perceived changes in the underlying economic characteristics of the investee, the relative price of alternative investments and general market conditions.

Sensitivity Analysis

The following information summarizes the estimated effect of a hypothetical 5% increase and a 5% (2020: 5%) decrease in PSX Index. The selected hypothetical change does not reflect, what could be considered to be best or worst case scenarios. The analysis assumes that all other variables remain constant.

Amount

	A1110	Julic
	5% Increase	5% Decrease
	Rupees	Rupees
As at June 30, 2021		
Changes in Fair Value of Investment	30,286	30,286
As at June 30, 2020		
Changes in Fair Value of Investment	19,963	19,963

28.2.2 Foreign Currency Risk

Foreign currency risk is the risk that the value of a financial asset or a liability will fluctuate due to a change in foreign exchange rate. It arises mainly where receivables and payables exist due to transactions entered into foreign currencies. The company's revenue streams include amounts in foreign currencies, hence it can experience adverse or beneficial effects arising from foreign exchange rate movements.

The following shows sensitivity of financial liabilities and expenses to a reasonable possible change in the foreign exchange rate:

	Profit an	Profit and (Loss)		
	1% Increase	1% Decrease		
	Rupees	Rupees		
As at June 30, 2021	150,064	150,064		
Cash Flow Sensitivity - Foreign Debtors				
As at June 30, 2020	146,540	146,540		
Cash Flow Sensitivity - Foreign Debtors				

28.3 Liquidity Risk

Liquidity risk is the risk that an enterprise will encounter difficulty in raising funds to meet commitments associated with financial instruments. The company believes that it is not exposed to any significant level of liquidity risk, as support is available from the directors and associated undertakings.

- The proxy shall produce his/her original CNIC or original passport at the time of the meeting.
- In case of corporate entity, the Board of Directors' resolution / power of attorney with specimen signature shall be submitted alongwith proxy form to the company.

Replacement of physical shares with book-entry form

Respected Shareholder,

We would like to inform you that as per the requirement of Section 72 of the Companies Act, 2017 ("**the Act**"), companies are required to convert shares issued in physical form with the shares in book-entry form (electronic form or CDC), within a period not exceeding four years from the date of the promulgation of the Act. The four-year period ended on 31st May 2021. The Securities & Exchange Commission of Pakistan ("**SECP**") vide its letter dated 26th March 2021, has advised all listed companies, having physical shares to pursue with their such shareholders who still hold shares in physical form, requiring conversion of their shares in the book-entry form.

It may be noted that maintaining shares in book-entry form has many advantages, including safe custody of shares with the CDC, unlike physical share certificates there is no risk of loss, instant credit of bonus/right shares. Whereas, the physical share certificates are not saleable through stock exchange and cannot be pledged, if required.

Accordingly, all shareholders who held their shares in physical form are hereby requested to proceed with the conversion of their physical share certificates into scrip less book-entry form at their earliest.

The scrip less book-entry shares are kept in electronic accounts maintained by the Central Depository Company Limited ("CDC"). The CDS Account can be opened and maintained by any CDC Participant (i.e. Stock Brokers) or by CDC Investor Account Services ("CDC-IAS"). You may contact any Stock Broker or CDC-IAS (Toll Free Tel. 0800-23275, email: info@cdcpak.com)in this regard. If you have any query or require any guidance, you may also contact the Company's Share Registrar M/s. F.D. Registrar Services (Pvt.) Ltd. (Room No. 1705, 17th Floor, Saima Trade Tower "A", I.I. Chundrigar Road, Karachi-74000 Phone: (92-21) 32271905-6, email: fdregistrar@yahoo.com.

Regards,

Company Secretary
