“RESOLVED THAT the Board of Directors of the Company be and are hereby authorized to approve the transactions to be conducted with related parties on case to case basis for the financial year ending June 30, 2022.

“RESOLVED FURTHER THAT these transaction approved by the board shall be deemed to have been approved by the shareholders and shall be placed before the shareholders in the next annual general meeting for their formal ratification approval where required”.

3. To consider and if deemed fit, to pass the following resolution as special resolutions with or without modification(s) in terms of Section 199 of the Companies Act, 2017 to change the terms and conditions attached to the investment made / to be made by Fazal Cloth Mills Limited in the form of loans in Fatima Transmission Company Ltd, an associated company.

“**RESOLVED THAT** approval of members of Fazal Cloth Mills Limited (the “Company”) be and is hereby accorded in terms of Section 199 of the Companies Act, 2017 to extend the validity of special resolutions dated October 26, 2019 for making investments to be made in the form of loan in Fatima Transmission Company Limited, an associated undertaking till October 15, 2024.

RESOLVED FURTHER THAT approval of members of Fazal Cloth Mills Limited (the “Company”) be and is hereby accorded in terms of Section 199 of the Companies Act, 2017 to revise the repayment schedule for investment in the form of loan made / to be made in Fatima Transmission Company Limited under the authority of special resolution passed by the shareholders on October 26, 2019 so that the loan is repaid in four (4) annual installments on 31st December, 2026, 31st December, 2027, 31st December, 2028 and 31st December, 2029.

RESOLVED FURTHER THAT the markup on loans be paid in four (4) annual installments on 31st December, 2026, 31st December, 2027, 31st December, 2028 and 31st December, 2029 along with principal repayment and the loan shall be secured against personal guarantees of directors of FTCL.

RESOLVED FURTHER THAT there shall be no change in the other terms and conditions of the above investment as approved by the special resolution dated October 26, 2019.

RESOLVED FURTHER that the Chief Executive, Chief Financial Officer and Company Secretary be and are hereby singly empowered and authorized to do all acts, matters, deeds and things, take any or all necessary actions including signing and execution of agreement(s) with the associated company and to complete all legal formalities including filing of documents as may be necessary or incidental or expedient for the purpose of implementing the aforesaid resolutions.

A statement under section 134(3) of the Companies Act, 2017 to the aforesaid Special Businesses to be transacted at the said Annual General Meeting is attached.

BY ORDER OF THE BOARD

MULTAN.

Dated: October 05, 2021

Asad Mustafa
Company Secretary

**NOTES:**

1. The Share Transfer Books of the Company will remain closed from October 21, 2021 to October 27, 2021 (both days inclusive). Physical transfers / CDS Transaction IDs received at the Company's Share Registrar, M/s. Vision Consulting Ltd, 3-C, LDA Flats, Lawrence Road, Lahore, at the close of business on October 20, 2021 will be considered in time for the purpose of above entitlement and to determine voting rights of the shareholders for attending the meeting.
2. A member eligible to attend, speak and vote at this meeting may appoint another member as his/her proxy and CDC shareholders shall attach an attested copy of his/her Computerized National Identity Card (CNIC) / Passport, Account & participant's ID number to prove identity. Proxies, in order to be effective, must reach at the Company's Registered Office not later than 48 hours before the time for holding the meeting and must be duly stamped, signed and witnessed. Representatives of corporate members must bring the BoD resolution and / or power of attorney and specimen signature of nominee.
3. **Dissemination of Annual Audited Accounts and Notice of Annual General Meeting** The Company shall place the financial statements and reports on the Company's website: www.fazalcloth.com at least twenty one (21) days prior to the date of the Annual General Meeting. Further, this is to inform that in accordance with SRO 470(I)/2016 dated 31 May 2016, through which SECP has allowed companies to circulate the annual audited accounts to its members through CD/ DVD/USB instead of transmitting the hard copies at their registered addresses. Accordingly, Annual Report of the Company for the year ended June 30, 2021 is dispatched to the shareholders through CD. However, if a shareholder requests for a hard copy of Annual Accounts, the same shall be provided free of cost within seven days of receipt of such request. Further, in terms of SRO No 787(I)/2014 dated September 8, 2014, shareholders can also opt to obtain annual balance sheet and profit and loss account, auditors' report and directors' report etc. along with the Notice of the Annual General Meeting through email. For this purpose, we hereby give you the opportunity to send us your written request along with your valid email ID to provide you the same at your valid email ID. For convenience of shareholders, a Standard Request Form for provision of Annual Accounts has also been made available on the Company's website www.fazalcloth.com.
4. Shareholders are requested to notify / submit the following information & documents, in case of book entry securities in CDS to their respective CDS participants and in case of physical shares to our Share Registrar, if not earlier provided / notified:-
 - a. Change in their addresses;
 - b. In accordance with the provisions of Section 242 of the Companies Act, 2017 and Companies (Distribution of Dividends) Regulation 2017, it is mandatory for a listed company to pay cash dividend to its shareholders only through electronic mode directly into their bank account designated by the entitled shareholders instead of issuing physical dividend warrants. Therefore, shareholders are requested to provide the particulars relating to name, folio number, bank account number, IBAN Number, title of account and complete mailing address of the bank directly to the Company's Share Registrar in case of physical shareholders and directly to the relevant Participant / CDC Investor Account Service in case of maintaining shareholding under Central Depository System (CDS) for future dividends, if any.
 - c. The corporate shareholders having CDC accounts are required to have their National Tax Numbers (NTNs) updated with their respective participants, whereas corporate physical shareholders should send a copy of their NTN certificate to the Company or its Share Registrar.
 - d. Pursuant to requirement of Section 150 of the Income Tax Ordinance 2001, the 'Filer' & 'Non-Filer' shareholders will pay tax on dividend income @15% and 30% respectively. Therefore, please ensure that their name(s) have been entered into Active Taxpayers List (ATL) provided on website www.fbr.gov.pk of the Federal Board of Revenue (FBR), before the date of book closure i.e. **October 20, 2021**.

- e. In case of joint account, please intimate proportion of shareholding of each account holder along with their individual status on the ATL.
- f. For any query / information, the shareholders may contact with the Company Secretary at the above Head Office and / or our Share Registrar, Vision Consulting Ltd, 3-C, LDA Flats, Lawrence Road, Lahore, Ph. Nos. (042) 36283096-97.
- g. **Consent for Video Conference Facility** Pursuant to the provisions of the Companies Act, 2017, the shareholders residing in a city and holding at least 10% of the total paid up share capital may demand the Company to provide the facility of videolink for participating in the meeting. The demand for video-link facility shall be received by the Share Registrar at the address given hereinabove at least seven (07) days prior to the date of the meeting as per the following format.
I/We, _____ of _____ being a member of Fazal Cloth Mills Limited holder of _____ Ordinary share(s) as per Registered Folio No. _____ hereby opt for video conference facility at _____.
- h. **Zakat Declaration**
The members of the Company are required to submit Declaration for Zakat exemption in terms of Zakat and Usher Ordinance, 1980.
- i. **E-Voting**
Shareholders can exercise their right to demand a poll subject meeting requirements of section 143-145 of the Companies Act, 2017 and applicable clauses of companies (Postal Ballot) Regulations 2018
- j. **Unclaimed Dividend & Bonus Shares**

Shareholders, who by any reasons, could not claim their dividend or bonus shares or did not collect their physical shares, if any, are advised to contact our share registrar M/s. Vision Consulting Ltd, 3-C, LDA Flats, Lawrence Road, Lahore,

- I. Due to current COVID-19 situation, the Securities and Exchange Commission of Pakistan (SECP) in terms of its Circular No.5 of 2020 issued on March 17, 2020 and Pakistan Stock Exchange Limited (PSX) through its notice Ref: PSX/N- 372 dated March 19, 2020 has advised companies to modify their usual planning for general meetings for the safety and well-being of shareholders and the public at large. Considering the SECP's directives, the Company intends to convene this AGM with minimal physical interaction of shareholders while ensuring compliance with the quorum requirements and requests the members to consolidate their attendance and voting at the AGM through proxies. The Company, furthermore, has made arrangements to ensure that all participants, including shareholders, can now participate in the AGM proceedings via video link. For this, members are required to email their Name, Folio Number, Cell Number and Number of shares held in their name with subject "Registration for Fazal Cloth Mills Limited AGM-21" along with valid copy of both sides of Computerized National Identity Card (CNIC) at corporate@fazalcloth.com Video link and login credentials will be shared with only those members whose emails, containing all the required particulars, are received at least 48 hours before the time of AGM. Shareholders can also provide their comments and questions for the agenda items of the AGM at the email address corporate@fazalcloth.com.

**STATEMENT UNDER SECTION 134 (3) OF THE COMPANIES ACT, 2017.**

This statement sets out the material facts pertaining to the special business to be transacted at the Annual General Meeting of the Company to be held on October 27, 2021.

Special Business No.1

The transactions carried out with associated companies/related parties have been approved by the Board as recommended by the Audit Committee on quarterly basis pursuant to provisions of applicable laws. However, the majority of Directors of the Company were related due to their common directorship and holding of shares in the associated companies, the Board has recommended the same for placement before the shareholders of the Company in general meeting for ratification/approval.

All these related party transactions during the mentioned period were executed at Arm's Length Price in a fair and transparent manner and there was no departure from the guidelines mentioned in Code of Corporate Governance for such transactions and Companies Act, 2017. Pursuant to the above, these transactions have to be approved/ratified by the shareholders in the General Meeting. The directors and their relatives have no direct or indirect interest in the aforesaid business except to the extent of their shareholding/common directorship with the related parties.

Special Business No.2

Due to composition of Board of Directors of the Company, many Directors may be deemed to be treated as interested in transactions with related parties due to their common directorships and/or shareholding. Therefore, the shareholders are being approached to grant a broad and prior approval for such transactions to be entered into by the Company, from time to time, at the discretion of the Board and irrespective of its composition and interest of directors due to their common directorship and holding of shares in the associated companies/related parties, triggering approval of shareholders under section 207 and / or 208 of the Companies Act, 2017, for the year ending June 30, 2022, which transactions shall be deemed to be approved by the shareholders. The Company shall ensure that such transactions with related parties, if needed, continue to be carried out in a fair and transparent manner and at Arm's Length Basis. Transactions intended to be carried out by the Company include, but are not limited to, sale and purchase of stores and spares, shared expenses, toll manufacturing, sale and purchase of products/raw material and purchase of packaging material with the related parties. The shareholders would appreciate that it is not possible for the Company or the directors to accurately predict the nature of related party transaction or the specific related party(ies) with which the transaction(s) shall be carried out. In view of the same, the Company seeks the broad/ prior approval of the shareholders that the Board may cause the Company to enter into related party transactions in its discretion and in accordance with policy of the Company. Such transactions shall be presented in the next annual general meeting of shareholders for their formal approval/ratification.

Special Business No.3

Fatima Transmission Company Limited ('FTCL'), an associated company, was incorporated in Pakistan on December 26, 2014 as a public limited company under the repealed Companies Ordinance, 1984 (now Companies Act, 2017). The principal activity of FTCL includes operation and maintenance of transmission lines, electrical transmission facilities, electrical circuits, transformers and sub-stations and the movement & delivery of electric power..

The members of the Company passed a special resolution in the annual general meeting held on October 31, 2015 for investment in the form of loans in FTCL upto Rs 300 million to be repaid within one year of disbursement.

Subsequently, the members of the Company passed another special resolution in the annual general meeting held on October 26, 2019 and extended the tenure from one year to ten years and approved the repayment schedule whereby the repayment was allowed in 20 semiannual installments with first installment due on 30 June or 31 December next falling after Commercial Operation Date. The investment was to be made till October 15, 2021. As of June 30, 2021 an amount of PKR 112,019,033 has been disbursed to associated company and markup of Rs 28,308,810 has been charged thereon.

There has been delay in start of commercial operations of FTCL which are now expected to commence on December 31, 2021. Approval from the members is being sought by passing special resolution for extension in period for making investment till October 15, 2024 and repayment through annual instalments starting from December 31, 2026 ensuring repayment within ten years of disbursement as detailed hereinabove.

The directors of the Company have no shareholding in FTCL except one common director Mr. Rehman Naseem who holds one share. There is no other interest directly or indirectly of the directors in FTCL and the above special resolution.

CHAIRMAN'S REVIEW

I am pleased to present the review on the overall performance of the board and effectiveness of the role played by the board in achieving the company's objectives.

The Company follows the best practices relating to corporate governance and complies with the relevant requirements of Companies Act, 2017 and the Listed Companies (Code of Corporate Governance) Regulations, 2019 with respect to composition, meetings and procedures of the Board of Directors (the "Board") and its Committees. The Board has nine members with diverse background having core competencies, knowledge, skills and experience relevant to the business of the Company.

The Directors of your company are well aware with their responsibilities, under the applicable regulations, for governance of the company in an effective and efficient manner. Evaluation of the board of Directors is aimed to measure the Board overall performance and conduct of the company's affairs in accordance with the best practices of corporate governance. For the year under review, based on the evaluation, the overall performance and effectiveness of the Board has been assessed as satisfactory. During the financial year 2020-21 four Board meetings were convened. The Board has duly formulated a vision and mission statement, is actively involved in formulation of appropriate policies and procedures and ensures due compliance with all the regulatory requirements. It closely monitors the performance of its committees and is committed to uphold and stable operation.

During the year, the board considered and approved, among other things, quarterly and annual financial statements, appointments of external auditors, distribution of dividend and financial matters.

I am thankful to the members of the Board of Directors of the Company, shareholders, bankers, financial institutions, our valued customers and suppliers for their support and assistance. I also thank the executives and other employees of the Company for their dedication and hard work and look forward to getting the same cooperation in future.

Multan

Date: September 30, 2021

(Sh. Naseem Ahmed)
Chairman

چیئر مین کا جائزہ

میں بورڈ کی مجموعی کارکردگی اور کمپنی کے مقاصد کے حصول میں بورڈ کے کردار کی تاثیر پر جائزہ پیش کرنے پر خوشی محسوس کرتا ہوں۔

کمپنی کارپوریٹ گورننس کے بہترین طریقہ کار کی تقلید کرتی ہے۔ کمپنی کمپنیز ایکٹ 2017 اور کوڈ آف کارپوریٹ گورننس کے قوانین 2019 کو بورڈ اور اسکی کمیٹی کے حوالے سے مکمل طور پر لاگو کرتی ہے۔ بورڈ کے نوارا کین ہیں جو متنوع پس منظر کے حامل ہیں جن میں بنیادی قابلیت، علم، مہارت اور تجربہ ہے جو کمپنی کے کاروبار سے متعلق ہے۔

قابل اطلاق قواعد و ضوابط کے تحت، کمپنی کو موثر انداز میں چلانے کے لیے آپ کی کمپنی کے ڈائریکٹر اپنی ذمہ داریوں سے اچھی طرح واقف ہیں، بورڈ آف ڈائریکٹرز کی کارکردگی کے جائزہ کا مقصد بورڈ کی مجموعی کارکردگی اور کارپوریٹ گورننس کے بہترین طریقوں کے مطابق کمپنی کے معاملات کی کارکردگی کو جانچنا ہے۔ زیر جائزہ سال کے لیے، کارکردگی کے جائزہ کی بنیاد پر، بورڈ کی مجموعی کارکردگی اور تاثیر کو تسلی بخش قرار دیا گیا ہے۔ مالی سال 2020-21 کے دوران بورڈ کے چار اجلاس بلائے گئے۔ بورڈ نے مناسب طریقے سے ایک ویژن تیار کیا ہے اور مشن کا بیان۔ بورڈ مناسب پالیسیوں اور طریقہ کار کی تشکیل میں فعال طور پر شامل ہے اور تمام ریگولیٹری ضروریات کی مناسب تعمیل کو یقینی بناتا ہے۔ یہ اپنی کمیٹیوں کی کارکردگی پر کڑی نظر رکھتا ہے اور اسے برقرار رکھنے اور مستحکم آپریشن کے لیے پر عزم ہے۔

سال کے دوران، بورڈ نے دوسری چیزوں کے علاوہ سہ ماہی اور سالانہ مالیاتی بیانات، بیرونی آڈیٹرز کی تقرریوں، منافع کی تقسیم اور مالی معاملات پر غور اور منظوری دی۔

میں کمپنی کے بورڈ آف ڈائریکٹرز، شیئر ہولڈرز، بینکرز، مالیاتی اداروں، ہمارے قابل قدر گاہکوں اور سپلائرز کے تعاون اور مدد کے لیے شکر گزار ہوں۔ میں کمپنی کے ایگزیکٹوز اور دیگر ملازمین کا ان کی لگن اور محنت کے لیے بھی شکریہ ادا کرتا ہوں اور مستقبل میں بھی اسی طرح کے تعاون کے منتظر ہوں۔

Directors' Report To the shareholders

The directors of the Company are pleased to present the Annual Report along with the audited financial statements for the year ended 30th June, 2021

COMPANY'S AFFAIRS

Fazal Cloth Mills Limited (The Company) was incorporated in Pakistan in 1966 as a public limited company under the Companies Act, 1913 (now the Companies Act, 2017). The shares of the company are quoted on Pakistan Stock Exchange. The registered office of the company is situated at 69/7, Abid Majeed Road, Survey No 248/7, Lahore Cantt, Lahore. The Company is principally engaged in manufacture and sale of textile goods.

Review of Financial Performance

Textile industry in Pakistan witnessed stunning growth and high profitability during the financial year 2021. High international demand of textile products post COVID 19 period coupled with hike in international and local prices contributed toward profitability. Further, the provision of energy at regionally competitive tariff by the GoP also played vital role. Although, hike in raw material prices posed business challenges to the Company, however, your directors and executive management effectively managed to purchase the raw material inventory at low prices, which led to success for the Company during the year.

Profit after tax of the Company increased to Rs. 5,431.76 million during the year ended 30th June, 2021 as compared to loss of Rs.569.50 million during the last year.

Following is a summary of the key financial numbers:

Financial Highlights	2021	2020	Increase / (decrease)
	Rupees in ('000')	Rupees in ('000')	% Age
Sales – net	52,132,243	39,713,735	31.27%
Cost of sales	44,127,253	35,152,501	25.53%
Gross profit	8,004,990	4,561,234	75.50%
EBITDA	8,793,472	4,242,002	107.30%
Depreciation	1,436,003	1,239,352	15.87%
Finance cost	1,794,692	2,944,788	-39.06%
Other income	644,455	684,926	-5.91%
Profit before tax	5,562,778	57,862	9513.87%
Profit after tax	5,431,757	(569,496)	1053.95%
Earnings per share – Rupees	181.06	(18.98)	1053.95%

Sales of the Company increased by Rupees 12,418.51 million (31.27% increase) in the current year as compared to the last year. Cost of Sales increased by Rupees 8,974.75 million (25.53% increase) in the current year as compared to the last year; mainly due to increase in raw material prices.

Gross profit ratio of the Company was 15.36% in the current year as compared to 11.49% in the last year. The Company received dividend income of Rs.172.78 million during the year as compared Rs.138.23 million during the last year. This year, EBITDA of Rs.8,793.47 million was generated as compared to Rs.4,242.00 million in last year. EBITDA per share was Rs.293.12 (2020: Rs.141.40).

Finance cost of the Company came down from Rs.2944.79 million to Rs.1794.69 million, recording a decrease of 39.06% in the current year as compared to the last year. The main reasons were decrease in KIBOR rate and in borrowings.

Merger of Subsidiary Company

Fazal Weaving Mills Limited, a wholly owned subsidiary of the Company, has been merged with the Company during the year. Accordingly, consolidated financial statements are no longer required.

Capital Expenditure

The Company incurred Capital Expenditure of Rs.1,121.97 million during the year for modernization and expansion of its plant.

Earnings per Share (EPS)

Earnings per share (EPS) were reported at Rs.181.06 as compared to Rs.(18.98) per share in the previous year.

FUTURE OUTLOOK

Demand for yarn and fabric remains strong and margins are reasonable albeit lower than last year due to absence of inventory gains. Historically high prices of raw materials this year pose increased risk of loss in case of any downward movement in prices. Your management is trying to reduce this risk by carrying less inventory and selling as much yarn/fabric as possible.

GOP continues to provide energy at regionally competitive tariffs to the textile industry. Inshallah, if this sensible policy continues, textile business in Pakistan will continue to thrive and exports will increase. Due to shift of demand from China to other countries, ample opportunity exists for Pakistan to increase its market share.

BMR and expansion of the Company's different units continues to benefit from increased demand. During the current year, your company expects to invest approximately Rs.5 billion for BMR and expansion.

Mr. Fahd Mukhtar	Non – Executive	1

SAFETY, HEALTH & ENVIRONMENT (SHE)

The Company is committed to provide a safe, injury-free workplace where everyone is healthy, energized and protects the society. SHE remains a priority for the Company at all levels and this year we focused on bringing an attitudinal change in the SHE culture by creating awareness and providing strong feedback on safety performance. The Company conducts regular testing of waste water, stack emission and machinery noise. The Company also regularly carries out tree plantation drive at its offices and factories.

RISK MANAGEMENT

The Company is exposed to operational, financial and compliance risk which are mitigated through effective risk management framework, coupled with our internal controls, helps us maintain our focus on managing the potential risks affecting our business. Internal Audit department provides independent report to the board of directors on effectiveness of risk management and control processes.

Operational risk

Operational risk is the risk of direct or indirect loss arising from a wide variety of causes associated with the Company's processes, personnel, technology and infrastructure and from external factors other than credit, market and liquidity risks, such as those arising from legal and regulatory requirements and generally accepted standards of corporate behavior. Operational risks arise from all of the Company's operations. The Company developed standards for the management of operational risk in various areas, such as requirements for the reconciliation and monitoring of transactions, compliance with regulatory and other legal requirements, documentation of controls and procedures etc.

**Credit Risk**

Credit risk represents the accounting loss that would be recognized at the reporting date if counter-parties failed completely to perform as contracted. To reduce exposure to credit risk, the Company has developed a formal approval process whereby credit limits are applied to its customers.

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach to managing liquidity is to ensure as far as possible to always have sufficient liquidity to meet its liabilities when due.

ADEQUACY OF INTERNAL FINANCIAL CONTROLS

The Company has established an effective and efficient system of internal and financial controls to safeguard the assets of the Company, prevent and detect fraud and ensure compliance with all statutory and legal requirements. The internal control structure is regularly reviewed and monitored by the Internal Audit function duly established by the Board. Audit Committee reviews the internal control system on quarterly basis in accordance with the term of its reference.

CORPORATE SOCIAL RESPONSIBILITY (CSR)

The Company considers CSR as a fundamental responsibility and strives to be a good corporate citizen. The Company contributes to society by supporting public health and education facilities.

Further as CSR measures, during the year, the Company emphasized more on Occupational Safety and Health of the workers and staff as the most important thing for the Company. After the outbreak of corona virus pandemic in the third quarter of the year, the Company immediately formulated a crisis management team which implemented the directives issued by Punjab Government regarding preventing the spread of the disease. The team launched a campaign at all locations of the Company and its surrounding for the awareness of appropriate precautions which an individual should take to save himself / herself and colleagues. The Company also regularly organizes medical camps and regular fumigation is carried out at the premises of all manufacturing facilities by using fogging machines to prevent viral diseases.

SUBSEQUENT EVENTS

The Board of Directors in its meeting held on September 30, 2021 approved the acquisition of M/S Imperial Textile Mills Limited by way of purchase of 100% ordinary shares where total purchase value including outstanding liabilities of the company is Rs. 375,000,000.

CORPORATE GOVERNANCE**Best Corporate Practices**

Directors are committed to good corporate governance and comply with the requirements of the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Code) and the Rule Book of Pakistan Stock Exchange. The statement of compliance with the CCG is enclosed.

RELATED PARTY TRANSACTIONS

During the year, all transactions with related parties have been executed at arm's length, and detail of these transactions are disclosed in note 45 to the financial statements of the Company.

MANAGEMENT/LABOUR RELATIONS

The management/labour relations remained warm and cordial throughout the year under review. We place great importance on our employees. We continue to invest in the professional development and improvement of skills of our human resources, since we believe that, by investing in our people, we invest in our future. The Company's human resource policy is based on the underlying values of fairness, merit, equal opportunity and social responsibility. Complying with our human resource policies we do not hire any child labour. The employees and management of the Company continued to make joint efforts to keep up high standards of productivity. Relationship of management and employees continued to remain in total harmony. The board wishes to place on record, its deep appreciation to all of them for their hard work and dedication to achieve these results.

Dated: September 30, 2021

(Rahman Naseem)
Chief Executive Officer

For and on behalf of the Board

(Sheikh Naseem Ahmad)
Chairman

ڈائریکٹرز رپورٹ

ڈائریکٹران فضل کلاتھ ملز لمیٹڈ (کمپنی) بخوشی کمپنی کی سالانہ رپورٹ پیش کرتے ہیں جو کہ برائے سال اختتام پذیر 30 جون 2021 ہے اور اس کے ہمراہ مالیاتی گوشوارہ اور پڑتال کنندگان کی رپورٹ بھی شامل ہے۔

کمپنی کا تعارف

کمپنی سال 1966 میں معرض وجود میں آئی اور پاکستان شاک اسپینج میں لسنڈ ہے۔ کمپنی کا بنیادی کاروبار ٹیکسٹائل مصنوعات کی تیاری اور خرید و فروخت ہے۔

مالیاتی کارکردگی کا جائزہ

پاکستان میں ٹیکسٹائل کی صنعت نے مالی سال 2021 میں زیادہ منافع کمانے کے ساتھ شاندار ترقی کی۔ ٹیکسٹائل مصنوعات کی بین الاقوامی مارکیٹ میں کوئیڈ-19 کے بعد مانگ اضافہ ہوا اور اس ساتھ قیمت بھی بڑھیں جسکی وجہ سے منافع میں اضافہ ممکن ہوا۔ اس کے علاوہ حکومت پاکستان کی طرف سے بجلی کی مناسب نرخوں پر فراہمی نے بھی زیادہ منافع کمانے میں اہم کردار ادا کیا۔ خام مال کی قیمت میں اضافہ نے مشکلات پیدا کی تاہم ڈائریکٹرز اور مینجمنٹ کے خام مال کا مناسب قیمت میں بروقت خریداری کے فیصلے نے کمپنی کی کامیابی میں اہم کردار ادا کیا۔

مالی سال برائے اختتام 30 جون 2021 میں کمپنی نے منافع بعد از ٹیکس 5,431.76 ملین کمایا جو کہ پچھلے سال اختتام برائے 30 جون 2020 میں نقصان 569.5 ملین روپے تھا۔

ذیل میں مالیاتی احوالک سے متعلق اعداد و شمار دکھائے گئے ہیں۔

مالیاتی سرخیاں مشتمل مالیاتی اعداد و شمار	2021 روپیہ بطور (000)	2020 روپیہ بطور (000)	اضافہ/کمی فیصد
فروختگی	52,132,243	39,713,735	31.27%
فروخت پر لاگت	44,127,253	35,152,501	25.53%
گراس منافع	8,004,990	4,561,234	75.50%
منافع قبل از ٹیکس و فرسودگی	8,793,472	4,242,002	107.30%
فرسودگی	1,436,003	1,239,352	15.87%
مالیاتی خرچہ	1,794,692	2,944,788	-39.06%
دیگر آمدن	644,455	684,926	-5.91%
منافع قبل از ٹیکس	5,562,778	57,862	9513.87%
منافع بعد از ٹیکس	5,431,757	(569,496)	1053.95%
آمدن فی حصص	181.50	(18.98)	1053.95%

پچھلے سال کے مقابلے میں رواں سال کمپنی کی فروختگی میں 1,241.86 ملین %31.27 اضافہ دیکھا گیا ہے۔ پچھلے سال کے مقابلے میں رواں سال فروخت پر لاگت 8,974.75 ملین %25.53 اضافہ ہوا جسکی بنیادی وجہ خام مال کی قیمت میں اضافہ تھا۔ کمپنی کا گراس منافع کا تناسب %15.36 رہا جو کہ پچھلے سال %11.49 تھا۔ کمپنی نے مبلغ 172.78 ملین روپے (حصص کے) منافع کی مد میں وصول کیے جو کہ پچھلے سال 138.23 ملین تھے۔ آمدنی قبل از ٹیکس، مارک اپ، شکستگی 8,793.47 ملین وصول ہوئی جو کہ پچھلے سال 4,242.00 ملین تھی۔ آمدنی قبل از ٹیکس، مارک اپ، شکستگی فی حصص مبلغ 293.12 رہی (2020 میں مبلغ Rs.141.40 تھی) کمپنی کی قرضوں پر مالیاتی لاگت 2,944.79 ملین روپے سے کم ہو کر 1,794.69 ملین روپے ہو گئی۔ جسکی وجہ سود کے ریٹ کی کمی ہے۔

ذیلی کمپنی کا انضمام

رواں سال ذیلی کمپنی فضل ویونگ ملز لمیٹڈ کا کمپنی میں انضمام ہو گیا ہے۔ اس لیے اس سال مشترکہ گوشوارے بنانے اور شائع کرنا ضروری نہیں۔

اخراجات بشکل سرمایہ

کمپنی نے سرمایہ کی حیثیت میں مبلغ 1,121.97 ملین خرچ کیے، جو کہ کمپنی کے پلانٹس میں جدت اور بڑھوتری لانے کے لیے تھے۔

آمدنی فی حصص

کمپنی کی آمدنی فی حصص 181.06 روپے رہی۔

مستقبل پر نظر

دھاگہ اور کپڑے کی مانگ مستحکم رہی البتہ پچھلے سال کی نسبت منافع کم رہا۔ خام مال کی قیمت تاریخی طور پر زیادہ ہے اور یہ تیار مال کی قیمتوں میں کمی کے باعث نقصان کا سبب بن سکتی ہے۔ کمپنی اس خطرے کو تیار مال کی زیادہ سے زیادہ فروختگی کر کے کم کرنے کی کوشش کر رہی ہے۔ حکومت پاکستان نے ٹیکسٹائل کی صنعت کو ارزوں پر بجلی کی فراہمی یقینی بنائی ہے۔ جو کہ برآمدات میں اضافہ کا سبب بن رہی ہے چین اور دوسرے ممالک سے طلب میں تبدیلی پاکستان کے لیے مارکیٹ میں حصہ بڑھانے کا موقع پیدا کر رہی ہے۔ تیار مال کی طلب میں اضافہ کمپنی کی پیداواری صلاحیت میں اضافہ کا سبب بن رہا ہے۔ رواں سال کمپنی پیداواری صلاحیت میں اضافہ کے لیے پانچ ارب روپے کی سرمایہ کاری کا پلان کر رہی ہے۔

حفاظت، صحت اور ماحول

کمپنی محفوظ اور چوٹ وغیرہ کے خطرات سے پاک ماحول مہیا کرنے کے لیے پرعزم ہے جہاں ہر ایک صحت مند اور چاک و چوبند ہو اور معاشرے کی حفاظت کرے۔ ہر درجے پر حفاظت، صحت اور ماحول کمپنی کی ترجیحات میں سے ہے اور اس سال ہم نے اس پر خاص توجہ دی تاکہ حفاظت صحت اور ماحول سے متعلق ایک رویہ اپنایا جاسکے اور اس بارے آگہی فراہم کی گئی نیز حفاظت تدابیر سے متعلق آراء لی گئیں۔ کمپنی فضلہ سے پاک پانی کی ٹیسٹنگ کرتی ہے اور شور کی آلودگی سے ماحول کو پاک رکھنے کے لئے کوشاں ہے۔ کمپنی اپنے ہیڈ آفس اور فیکٹری پر شجر کاری کرتی ہے۔

خطرات پر نظر

کمپنی کو چلانے، امور کی تکمیل و مالیات سے متعلق خطرات کا سامنا رہتا ہے ان خطرات کو انتظامات و قواعد و ضوابط طے کر کے اور اندرونی اختیارات کے ذریعے کم کیا جاتا ہے۔ اس طرح ان خطرات سے بند آزاں ہوا جاسکتا ہے جس سے کمپنی کے کاروبار کو متاثر ہونے کا خطرہ لاحق ہو۔ کمپنی کا انٹرئل آڈٹ کا محکمہ ڈائریکٹرز کو خطرات سے نمرد آزاں ہونے کے ضوابط کے موثر ہونے پے اپنی رپورٹ پیش کرتا رہتا ہے۔

آپریشنل خطرات

آپریشنل خطرات کمپنی کے معاملات، سٹاف، ٹیکنالوجی، انفراسٹرکچر، اور قوانین میں تبدیلی سے پیدا ہوتے ہیں۔ کمپنی نے ان خطرات کا سامنا اور ان سے نمٹنے کیلئے مختلف معاملات میں اصول واضح کئے ہوئے ہیں۔

کریڈٹ خطرات

یہ خطرہ لاحق ہوتا ہے کہ جب کمپنی سے خرید کرنے والی پارٹی نادرہندہ ہو جائے۔ ان خطرات کو کم کرنے کے لئے کمپنی گاہکوں کو قرضہ پر فروخت کا جائزہ لیتی رہتی ہے اور ادھار فروختگی کا جائزہ لیتی رہتی ہے۔

لیکوڈیٹی خطرات

یہ خطرہ پیدا ہوتا ہے جب کمپنی کو کمپنی کی فراہمی کم ہو جائے اور کمپنی اپنے ذمے واجبات ادا نہ کر سکے اس خطرے سے نمٹنے کیلئے کمپنی ہمیشہ وافر کیش کی فراہمی یقینی بناتی ہے۔

مضبوط اندرونی مالیاتی کنٹرولز

کمپنی اپنے اثاثوں کی حفاظت، فراڈ کی بروقت تشخیص اور قوانین کی پاسداری کے لئے مالیاتی اور اندرونی کنٹرولز کا موثر نظام رکھتی ہے۔ یہ نظام کمپنی کا انٹرل آڈٹ ڈیپارٹمنٹ مسلسل چیک کرتا رہتا ہے اور بورڈ کی آڈٹ کمیٹی اپنے اختیارات کے مطابق سہ ماہی بنیادوں پر اندرونی اور مالیاتی کنٹرولز کا جائزہ لیتی رہتی ہے۔

کارپوریٹ سماجی ذمہ داری

کمپنی کارپوریٹ سماجی ذمہ داری کو بنیادی ذمہ داری سمجھتی ہے اور ایک اچھی کارپوریٹ شہریت کی حامل ہونے کی خواہاں ہے۔ کمپنی معاشرے کو بہتر صحت اور تعلیمی سہولیات فراہم کر کے اپنا کردار ادا کر رہی ہے۔ کارپوریٹ سماجی ذمہ دار ہونے کے طور پر کمپنی نے اس سال ورکر کی صحت کو سب سے اہم جانا ہے۔ کرونا کے پیش نظر کمپنی نے ایک جماعت تشکیل دی ہے جس نے حکومت کے احکامات کو لاگو کیا۔ جماعت نے حفاظتی تدابیر سے متعلق آگاہی مہم چلائی۔ کمپنی میڈیکل کیمپس منعقد کرتی ہے اور وائیرل بیماریوں سے بچاؤ کے لیے سپرے کو یقینی بناتی ہے۔

خاطر خواہ تبدیلیاں

بورڈ آف ڈائریکٹرز نے اپنے اجلاس بتاریخ 30 ستمبر 2021 میں میسرز ایمپیریل ٹیکسٹائل ملز لمیٹڈ کے سو فیصد حصص خریدنے کی منظوری دی ہے۔ حصص کی قیمت خرید بشمول کمپنی کے واجبات کی ادائیگی 375 ملین روپے ہے۔

متعلقہ پارٹیز کے ساتھ لین دین

مالی سال برائے اختتام جون 30، 2021 میں متعلقہ پارٹیز کے ساتھ لین دین معمول کے مطابق کاروباری ریٹ پر تھا۔

کارپوریٹ گورننس

**STATEMENT OF COMPLIANCE WITH LISTED COMPANIES
(CODE OF CORPORATE GOVERNANCE) REGULATIONS, 2019**

Name of Company : FAZAL CLOTH MILLS LIMITED

Year Ended : JUNE 30, 2021

The Company has complied with the requirements of the regulations in the following manner:

1. The total number of directors is Nine as per the following:

a. Male: Eight

b. Female: One

2. The composition of board is as follows:

CATEGORY	NAMES
Independent Director	<p>1. Mr. Babar Ali</p> <p>2. Mr. Masood Karim Shaikh</p> <p>3. Ms. Parveen Akhtar Malik</p>
Non-Executive Directors *	<p>4. Mr. Sh. Naseem Ahmad</p> <p>5. Mr. Faisal Ahmed</p> <p>6. Mr. Fahd Mukhtar</p>
Executive Directors	<p>7. Mr. Rehman Naseem</p> <p>8. Mr. Muhammad Mukhtar Sheikh</p> <p>9. Mr. Amir Naseem Sheikh</p>

* Two out of these directors have been paid remuneration as the directors of Fazal Weaving Mills Limited, now merged into the Company

- The directors have confirmed that none of them is serving as a director on more than seven listed companies, including FAZAL CLOTH MILLS LIMITED;
- The Company has prepared a “Code of Conduct” and has ensured that appropriate steps have been taken to disseminate it throughout the Company along with its supporting policies and procedures;
- The Board has developed a vision/mission statement, overall corporate strategy and significant policies of the Company. The Board has ensured that complete record of particulars of the significant policies along with their date of approval or updating is maintained by the Company;
- All the powers of the Board have been duly exercised and decisions on relevant matters have been taken by the board/shareholders as empowered by the relevant provisions of the act and these regulations;
- The meetings of the Board of Directors were presided over by the Chairman and, in his absence, by a director elected by the Board for this purpose. The Board has complied with the requirements of the Act and the Regulations with respect to frequency, recording and circulating minutes of meeting of the board.

8. The Board of Directors has a formal policy and transparent procedures for the remuneration of directors in accordance with the Act and these Regulations.
9. Six directors of the Company have completed formal Directors Training Program (DTP) whereas one director fall under exemption from the mandatory requirement for acquiring DTP certification. For the remaining two directors training has been scheduled and convened in due course of time.
10. The Board has approved appointment of Chief Financial Officer, Company Secretary and Head of Internal Audit including their remuneration and terms and conditions of employment and complied with relevant requirements of the Regulations.
11. Chief Financial Officer and Chief Executive Officer duly endorsed the financial statements before the approval of the board.
12. The Board has formed committees comprising of members given below:

Name of Committee	Name of Members and Chairman
Audit Committee	<ol style="list-style-type: none"> 1. Ms. Parveen Akhter Malik (Independent Director) Chairman 2. Mr. Babar Ali (Independent Director) 3. Mr. Sh Naseem Ahmed – Member 4. Mr. Fahd Mukhtar – Member
Human Resource and Remuneration Committee	<ol style="list-style-type: none"> 1. Mr. Babar Ali (Independent Director) Chairman 2. Mr. Fahd Mukhtar – Member 3. Mr. Faisal Ahmed – Member

The Board has not formed the 'Nomination Committee' and 'Risk Management Committee' as responsibilities of these committees are being taken care of at the Board level as and when required. Therefore, a need for the separate formation of these committees does not exist.

13. The terms of reference of the aforesaid committee have been formed, documented and advised to the committee for compliance.
14. The frequency of meetings (quarterly/half yearly/yearly) of the committees were as per following:

Number of the audit committee meetings held during the year was Four. The detail of audit committee Meetings is as follows:

Name of Committee Member	Designation	Number of meetings held	Meeting Attended
Ms. Parveen Akhter Malik	Independent Director / Chairman Audit Committee	4	2
Mr. Babar Ali	Member	4	4
Mr. Sheikh Naseem Ahmed	Member	4	4
Mr. Fahd Mukhtar	Member	4	4

Number of human resource and remuneration committee meeting held during the year was three. The details of human resource and remuneration committee meeting are as follows:

Name of Committee Member	Designation	Number of meetings held	Meeting Attended
Mr. Babar Ali	Chairman	2	2
Mr. Fahd Mukhtar	Member	2	2
Mr. Faisal Ahmad	Member	2	2

15. The Board has set up an effective internal audit function which is suitably qualified and experienced for the purpose and is conversant with the policies and procedures of the Company.
16. The statutory auditors of the Company have confirmed that they have been given a satisfactory rating under the Quality Control Review program of the Institute of Chartered Accountants of Pakistan and registered with Audit Oversight Board of Pakistan, that they and all their partners are in compliance with International Federation of Accountants (IFAC) guidelines on code of ethics as adopted by the Institute of Chartered Accountants of Pakistan and that they and the partners of the firm involved in the audit are not a close relative (spouse, parent, dependent and non-dependent children) of the Chief Executive Officer, Chief Financial Officer, Head of Internal Audit, Company Secretary or Director of the Company;
17. The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the Act, these Regulations or any other regulatory requirement and the auditors have confirmed that they have observed IFAC guidelines in this regard; and
18. We confirm that all requirements of regulations 3, 6, 7, 8, 27, 32, 33 and 36 of the Regulations have been complied with;

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Fazal Cloth Mills Limited

Review report on the Statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of Fazal Cloth Mills Limited ("the Company") for the year ended 30 June 2021 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As part of our audit of financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, of its related party transactions and also ensure compliance with the requirements of section 208 of the Companies Act, 2017. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended 30 June 2021.

Fazal Cloth Mills Limited

Financial Statements

for the year ended 30 June 2021

KPMG Taseer Hadi & Co.

INDEPENDENT AUDITOR'S REPORT

To the members of Fazal Cloth Mills Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the annexed financial statements of **Fazal Cloth Mills Limited** ("the Company"), which comprise the statement of financial position as at 30 June 2021, and the statement of profit or loss, statement of comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, statement of profit or loss, statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at 30 June 2021 and of the profit and other comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to note 1.2 to the financial statements, which describes that during the year the Lahore High Court has approved the scheme of Amalgamation between the Company & Fazal Weaving Mills Limited, a wholly owned subsidiary, effective from 01 July 2018. Consequently, the comparative financial statements have been restated to incorporate the financial adjustments due to merger. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the key audit matters:

Sr. No.	Key audit matters	How the matter was addressed in our audit
01	<p>Revenue from contracts with customers</p> <p>Refer to notes 4.15 and 29 to the financial statements.</p> <p>The Company recognized revenue of Rs. 52,132.24 million from the sale of goods to domestic as well as export customers during the year ended 30 June 2021.</p> <p>We identified recognition of revenue as a key audit matter because revenue is one of the key performance indicator of the Company and gives rise to a risk that revenue may be recognized without transferring the control.</p>	<p>Our audit procedures to assess recognition of revenue, amongst others, included the following:</p> <ul style="list-style-type: none"> obtaining an understanding of the process relating to recording of revenue and testing the design, implementation and operating effectiveness of key internal controls; assessing the appropriateness of the Company's accounting policies for recording of revenue and compliance of those policies with applicable accounting standards; comparing a sample of revenue transactions recorded during the year with sales orders, sales invoices, delivery challans and other relevant underlying documents; comparing, on a sample basis, specific revenue transactions recorded just before and just after the financial year end date to determine whether the revenue had been recognized in the appropriate financial period; and scanning for any manual journal entries relating to sales raised during the year which were considered to be material or met other specific risk based criteria for inspecting underlying documentation.
02	<p>Revaluation of property, plant and equipment</p> <p>Refer notes 2.4.3, 4.2, 7 and 17 to the financial statements.</p> <p>The Company follows the revaluation model for subsequent measurement of freehold land, buildings on freehold land and plant and machinery.</p> <p>Latest revaluation was carried out on 01 January 2021. The valuation was performed by an external professional valuer engaged by the Company.</p> <p>We identified revaluation of property, plant and equipment as a key audit matter because the valuation involves a significant degree of judgment and estimation.</p>	<p>Our audit procedures to assess the revaluation of property, plant and equipment, amongst others, included the following:</p> <ul style="list-style-type: none"> obtaining and inspecting the valuation reports prepared by the external expert engaged by the Company and on which the management assessment of valuation of property, plant and equipment was based. evaluating the information provided by the Company to the external professional valuer by inspecting the relevant underlying documentation. involving property, plant and equipment valuation expert engaged by us to assist in evaluating the appropriateness of valuation methodology and assessing the reasonableness of key estimates and assumptions adopted in the valuations report by the valuer engaged by the Company; checking that the revaluation surplus has been recorded in the financial statements as per applicable accounting and reporting standards; and assessing the adequacy of the disclosures made in financial statements in accordance with the requirements of the applicable accounting and reporting standards.

Sr. No.	Key audit matters	How the matter was addressed in our audit
03	<p>Valuation of Investment in Fatima Energy Limited</p> <p>Refer note 2.4.9, 4.12 and 18 to the financial statements.</p> <p>The Company holds investments in equity instruments of Fatima Energy Limited (FEL). Due to FEL being non-listed Company, its share do not have a quoted price in an active market. Therefore, fair value of shares have been determined through valuation methodology based on discounted cashflow model. This involves several estimation techniques and management's judgements to obtain reasonable and expected future cashflows of business and related discount rates. Management involved an expert to perform these valuations on its behalf.</p> <p>Due to the significant level of judgement and estimation required to determine the fair values of the investments, we consider it to be a key audit matter.</p>	<p>Our audit procedures, amongst others, included the following:</p> <ul style="list-style-type: none"> • understanding and evaluating the process by which the cashflow forecasts were prepared and approved, including confirming the mathematical accuracy of the underlying calculations; • evaluating the cashflow forecasts by obtaining an understanding of business of FEL; • evaluating the valuer's competence, capability and objectivity and assessing the appropriateness of methodology adopted by the professional valuer engaged by the management; • involving our internal valuation specialist to assist us in assessing the significant assumptions and judgments applied by management in the cash flow forecasts, including discount rate, projected growth rates, future revenue and costs and production volumes, with reference to available market information; • performing independently, a sensitivity analysis in consideration of the potential impact of reasonably possible upside or downside changes in key assumptions; and • assessing the adequacy of the disclosures made by the Company in this area with regard to applicable accounting and reporting standards.

**Information Other than the Financial Statements and Auditor's Report Thereon**

Management is responsible for the other information. Other information comprises the information included in the annual report for the year ended 30 June 2021 but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017(XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Company and deposited in the Central Zakat Fund established under section 7 of that Ordinance, subsequent to the year end.

The engagement partner on the audit resulting in this independent auditor's report is Bilal Ali.

Notes to the Financial Statements

For the year ended 30 June 2021

1 Corporate and general information

1.1 Reporting entity

Fazal Cloth Mills Limited ("the Company") was incorporated in Pakistan in 1966 as a Public Limited Company under the Companies Act, 1913 (now the Companies Act, 2017). The shares of the Company are quoted on Pakistan Stock Exchange ('PSX'). The registered office of the Company is situated at 69/7, Abid Majeed Road, Survey No. 248/7, Lahore Cantt, Lahore. The Company is principally engaged in manufacture and sale of yarn and fabric. The manufacturing facilities and warehouses are located at Fazal Nagar, Jhang Road, Muzaffargarh and Qadirpur Rawan Bypass, Khanewal Road, Multan in the province of Punjab.

Associated companies :

- Fatima Transmission Company Limited ('FTCL')	24.00%	Transmission of energy
- Fatima Electric Company Limited ('FECL')	20.00%	Supply, generation and distribution of energy

- 1.2 The Board of Directors ("the Board") of the Company in their meeting held on 30 October 2018 considered and approved in principle to merge Fazal Weaving Mills Limited (FWML), a wholly owned subsidiary, into the Company in accordance with the scheme of arrangement ("the Scheme") prepared under the provisions of Section 279 to 283 and 285(8) of the Companies Act, 2017. Accordingly, the Company filed a petition before Lahore High Court ("the Court") for sanction of the scheme and the Court vide order dated 30 January 2019 directed both the companies to hold Extraordinary General meetings ("EOGMs") of the shareholders to ascertain the wishes of members with reference to the Scheme. The said EOGMs were held on 09 March 2019 and shareholders of the Companies in principle considered and approved the merger. The Court after considering all the facts and circumstances had reserved judgement on hearing held on 21 October 2020 and the sanction order effective from 01 July 2018 (effective date) was released on 13 February 2021 (completion date). Pursuant to this order, the entire business of FWML including its properties, assets, liabilities and rights and obligations have vested into the Company, with effect from effective date.

The scheme of amalgamation / merger is a business combination of entities or business under common control and thereof scoped out of IFRS 3 'Business Combination'. Accordingly, the assets acquired and liabilities assumed / assets and liabilities vested are recognized under the book value basis (predecessor method) of accounting. As FWML was wholly owned subsidiary of the Company acquired on 29 January 2013, the values incorporated in the standalone financial statements of the FWML are considered for the purpose of applying book value / predecessor method. The paid-up share capital appearing in the books of FWML was set-off against the respective investments appearing in the books of the Company.

Each of the assets and liabilities of FWML as per the accounts as on the effective date, formed the assets and / or liabilities of corresponding nature in the books of the Company. Likewise, the unappropriated profits / losses of FWML as on the effective date shall constitute as reserves of a corresponding nature of the Company. As the shares of FWML will be set off against the investments of the Company, therefore all share certificates of FWML shall stand cancelled. The merger does not involve any cash consideration or equity issuance, resultantly no adjustment has been made to net assets or in statement of changes in equity.

As stated above, after the merger the consolidated financial statements are no longer required and status of these financial statements has changed from separate to individual financial statements of the Company. The comparative figures in these financial statements have been restated to reflect adjustments due to merger with effect from 01 July 2018.

Comparative statement of financial position numbers represent the assets and liabilities of FWML merged into the Company as at 30 June 2020, whereas comparative statement of profit or loss, statement of comprehensive income, statement of cash flows and statement of changes in equity represents the results of FWML merged with the Company's results for the year ended 30 June 2020. Further, adjustment have been made to eliminate intra-group assets, liabilities, equity, income, expenses, cashflows and unrealized gain or losses resulting from intra-group transactions where applicable.

Furthermore, investment in associates which were previously carried at cost in separate financial statements have now been recognized using equity method of accounting. This change in method of recognition of investment, due to change in status of these financial statements, has resulted in decrease in the balance of investments as at 30 June 2020 by Rs.1,104 million (2019: Rs. 427 million) and accumulated losses as at 30 June 2020 by Rs. 1,104 million (2019: Rs. 427 million). Further due to this change, profit after tax for the year ended 30 June 2020 has decreased by Rs. 675 million.

Details of the impact on assets and liabilities, profit or loss and other comprehensive income due to merger are presented below:

1.3 Impact of COVID-19 on the financial statements

On 11 March 2020, COVID-19 was declared a pandemic by the World Health Organization, impacting countries globally. Measures taken to contain the spread of the virus, including travel bans, quarantines, social distancing, and closures of non-essential services and factories have triggered significant disruptions to businesses worldwide, resulting in an economic slowdown. The potential impacts from COVID-19 remain uncertain, including, among other things, on economic conditions, businesses and consumers. However, the impact varies from industry to industry in different jurisdictions. As per relaxation given by the authorities to export oriented entities, the Company continued its operations uninterrupted during the year with all precautionary measures to prevent the pandemic spread. There is no material financial impact of COVID-19 on the carrying amounts of assets and liabilities or items of income and expenses.

However, pursuant to relaxation announced by the State Bank of Pakistan in view of this pandemic, the Company had availed deferments of principal repayments of certain long term loans and availed financing facility for payment of salaries and loans as explained in note 8.3 and 8.4 to these financial statements.

Based on management's assessment, considering demand from its customers, availability of raw material and measures taken by Government to support the industry, COVID-19 does not have a significant impact on the Company.

2 Basis of preparation

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan.

The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards ('IFRS') issued by the International Accounting Standards Board ('IASB') as notified under the Companies Act 2017;
- Islamic Financial Accounting Standards ('IFAS') issued by the Institute of Chartered Accountants of Pakistan as notified under the Companies Act, 2017; and
- Provision of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.2 Basis of measurement

These financial statements have been prepared on the historical cost convention except for certain items of property, plant and equipment that are stated at revalued amounts, recognition of staff retirement benefits at present value and revaluation of certain financial instruments at fair values. The methods used to measure fair values are discussed further in their respective policy notes.

2.3 Functional and presentation currency

These financial statements have been prepared in Pak Rupees ('Rs.') which is the Company's functional currency. All financial information has been rounded to the nearest rupee, except when otherwise indicated.

2.4 Use of estimates and judgments

The preparation of financial statements in conformity with approved accounting standards, as applicable in Pakistan, requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which from the basis of making the judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on a continuous basis. Revisions to accounting estimates are recognized in the period in which estimates are revised if the revision affects only that period, or in the period of the revision and future periods affected.

The areas where assumptions and estimates are significant to the Company's financial statements or where judgement was exercised in application of accounting policies are as follows:

2.4.1 Property, plant and equipment

The Company reviews the useful lives, residual values, depreciation method and rates for each item of property, plant and equipment on regular basis by considering expected pattern of economic benefits that the Company expects to derive from that item and the maximum period upto which the such benefits are expected to be available.

Any change in the estimates in future years might affect the carrying amounts of the respective items of property, plant and equipment with a corresponding effect on the depreciation charge and impairment.

2.4.2 Recoverable amount of assets/ cash generating units and impairment

The management of the Company reviews carrying amounts of its assets and cash generating units for possible impairment and makes formal estimates of recoverable amount if there is any such indication.

2.4.3 Revaluation of property, plant and equipment

Revaluation of property, plant and equipment is carried out by independent professional valuers. Revalued amounts of non-depreciable items are determined by reference to local market values and that of depreciable items are determined by reference to present depreciated replacement values.

The frequency of revaluations depends upon the changes in fair values of the items of property, plant and equipment being revalued. When the fair value of a revalued asset differs materially from its carrying amount, a further revaluation is required. Such frequent revaluations are unnecessary for items of property, plant and equipment with only insignificant changes in fair value. Instead, it may be necessary to revalue the item only every three to five years.

2.4.4 Stores, spares, loose tools and stock-in-trade

The Company reviews the stores, spares, loose tools and stock-in-trade for possible impairment on an annual basis. Any change in the estimates in future years might affect the carrying amounts of the respective items of stores, spares and loose tools and stock-in-trade with a corresponding effect on the provision.

2.4.5 Expected credit loss (ECL)/ Loss allowance against trade debts, other receivables, loan, advances and deposits, mark up accrued and bank balances

ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive. The shortfall is then discounted at an approximation to the assets' original effective interest rate.

The Company has elected to measure loss allowances for trade debts using IFRS 9 simplified approach and has calculated ECLs based on lifetime ECLs. The Company has established a provision matrix that is based on the Company's historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment. When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment including forward-looking information.

The maximum period considered when estimating ECLs is the maximum contractual period over which the Company is exposed to credit risk. Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets.

The Company reviews the recoverability of its trade debts, other receivables, loans advances and deposits, mark up accrued and bank balances to assess amount of loss allowance required on an annual basis.

2.4.6 Provisions and Contingencies

The Company reviews the status of all pending litigations and claims against the Company. Based on the judgment and the advice of the legal advisors for the estimated financial outcome, appropriate disclosure or provision is made. The actual outcome of these litigations and claims can have an effect on the carrying amounts of the liabilities recognized at the statement of financial position date. However, based on the best judgment of the Company and its legal advisors, the likely outcome of these litigations and claims is remote and there is no need to recognize any liability at the reporting date.

2.4.7 Employee benefits

The Company operates an un-funded gratuity scheme covering all eligible employees completing the minimum qualifying period of service as specified by the scheme. Annual provision is made on the basis of actuarial valuation to cover obligations under the scheme for all employees eligible to gratuity benefits respective of the qualifying period. The Projected Unit Credit method used for the valuation of the scheme is based on assumptions stated in note 11.1.

2.4.8 Taxation

The Company takes into account the current income tax law and decisions taken by the taxation authorities. Instances where the Company's views differ from the views taken by the income tax department at the assessment stage and where the Company considers that its view on items of material nature is in accordance with law, the amounts are shown as contingent liabilities.

The Company also regularly reviews the trend of proportion of incomes between 'Final Tax Regime' income and 'Normal Tax Regime' income and the change in proportions, if significant, is accounted for in the year of change.

2.4.9 Fair Value of investments

The Company regularly reviews the fair value of investments, the estimate of fair values are directly linked to market value. Any change in estimate will effect the carrying value of investments with the corresponding impact on statement of profit of loss except for equity investments at fair value through OCI which are directly charged to statement of comprehensive income.

3 Standards, amendments or interpretations to published approved accounting standards, that are not yet effective

3.1 Standards, amendments or interpretations to published approved accounting standards, that are not yet effective

The following International Financial Reporting Standards (IFRS Standards) as notified under the Companies Act, 2017 and the amendments and interpretations thereto will be effective for accounting periods beginning on or after 01 July 2021:

- Interest Rate Benchmark Reform – Phase 2 which amended IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 is applicable for annual financial periods beginning on or after 01 January 2021, with earlier application permitted.

The amendments introduce a practical expedient to account for modifications of financial assets or financial liabilities if a change results directly from IBOR reform and occurs on an 'economically equivalent' basis. In these cases, changes will be accounted for by updating the effective interest rate. A similar practical expedient will apply under IFRS 16 for lessees when accounting for lease modifications required by IBOR reform.

The amendments also allow a series of exemptions from the regular, strict rules around hedge accounting for hedging relationships directly affected by the interest rate benchmark reforms. The amendments apply retrospectively with earlier application permitted. Hedging relationships previously discontinued solely because of changes resulting from the reform will be reinstated if certain conditions are met.

- COVID-19-Related Rent Concessions (Amendment to IFRS 16) – the International Accounting Standards Board (the Board) has issued amendments to IFRS 16 (the amendments) to provide practical relief for lessees in accounting for rent concessions. The amendments are effective for periods beginning on or after 01 June 2020, with earlier application permitted. Under the standard’s previous requirements, lessees assess whether rent concessions are lease modifications and, if so, apply the specific guidance on accounting for lease modifications. This generally involves remeasuring the lease liability using the revised lease payments and a revised discount rate. In light of the effects of the COVID-19 pandemic, and the fact that many lessees are applying the standard for the first time in their financial statements, the Board has provided an optional practical expedient for lessees.

Under the practical expedient, lessees are not required to assess whether eligible rent concessions are lease modifications, and instead are permitted to account for them as if they were not lease modifications.

The practical expedient introduced in the 2020 amendments only applied to rent concessions for which any reduction in lease payments affected payments originally due on or before 30 June 2021. In light of persistence of economic challenges posed by the COVID-19 pandemic, the Board has extended the practical expedient for COVID-19 related rent concessions by one year i.e. permitting lessees to apply it to rent concessions for which any reduction in lease payments affects only payments originally due on or before 30 June 2022.

Rent concessions are eligible for the practical expedient if they occur as a direct consequence of the COVID-19 pandemic and if all the following criteria are met:

- the change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change;
 - any reduction in lease payments affects only payments originally due on or before 30 June 2022; and
 - there is no substantive change to the other terms and conditions of the lease.
- Onerous Contracts – Cost of Fulfilling a Contract (Amendments to IAS 37) effective for the annual periods beginning on or after 01 January 2022 amends IAS 1 by mainly adding paragraphs which clarifies what comprises the cost of fulfilling a contract, Cost of fulfilling a contract is relevant when determining whether a contract is onerous. An entity is required to apply the amendments to contracts for which it has not yet fulfilled all its obligations at the beginning of the annual reporting period in which it first applies the amendments (the date of initial application).

Restatement of comparative information is not required, instead the amendments require an entity to recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings or other component of equity, as appropriate, at the date of initial application.

- The following annual improvements to IFRS Standards 2018-2020 are effective for annual reporting periods beginning on or after 01 January 2022.
 - IFRS 9 – The amendment clarifies that an entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf, when it applies the '10 per cent' test in paragraph B3.3.6 of IFRS 9 in assessing whether to derecognize a financial liability.
 - IFRS 16 – The amendment partially amends Illustrative Example 13 accompanying IFRS 16 by excluding the illustration of reimbursement of leasehold improvements by the lessor. The objective of the amendment is to resolve any potential confusion that might arise in lease incentives.
 - IAS 41 – The amendment removes the requirement in paragraph 22 of IAS 41 for entities to exclude taxation cash flows when measuring the fair value of a biological asset using a present value technique.
- Property, Plant and Equipment: Proceeds before Intended Use (Amendments to IAS 16) effective for annual periods beginning on or after 01 January 2022 clarifies that sales proceeds and costs of items produced while bringing an item of property, plant and equipment to the location and condition necessary for it to be capable of operating in the manner intended by management e.g. when testing etc., are recognized in profit or loss in accordance with applicable Standards. The entity measures the cost of those items applying the measurement requirements of IAS 2. The standard also removes the requirement of deducting the net sales proceeds from cost of testing. An entity shall apply those amendments retrospectively, but only to items of property, plant and equipment that are brought to the location and condition necessary for them to be capable of operating in the manner intended by management on or after the beginning of the earliest period presented in the financial statements in which the entity first applies the amendments.

The entity shall recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at the beginning of that earliest period presented.

- Reference to the Conceptual Framework (Amendments to IFRS 3) - Reference to the Conceptual Framework, issued in May 2020, amended paragraphs 11, 14, 21, 22 and 23 of and added paragraphs 21A, 21B, 21C and 23A to IFRS 3. An entity shall apply those amendments to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after 01 January 2022.

Earlier application is permitted if at the same time or earlier an entity also applies all the amendments made by Amendments to References to the Conceptual Framework in IFRS Standards, issued in March 2018.

- Classification of liabilities as current or non-current (Amendments to IAS 1) amendments apply retrospectively for the annual periods beginning on or after 01 January 2023. These amendments in the standards have been added to further clarify when a liability is classified as current. The standard also amends the aspect of classification of liability as non-current by requiring the assessment of the entity's right at the end of the reporting period to defer the settlement of liability for at least twelve months after the reporting period. An entity shall apply those amendments retrospectively in accordance with IAS 8.
- Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2) – the Board has issued amendments on the application of materiality to disclosure of accounting policies and to help companies provide useful accounting policy disclosures. The key amendments to IAS 1 include:
 - requiring companies to disclose their material accounting policies rather than their significant accounting policies;
 - clarifying that accounting policies related to immaterial transactions, other events or conditions are themselves immaterial and as such need not be disclosed; and
 - clarifying that not all accounting policies that relate to material transactions, other events or conditions are themselves material to a company's financial statements.

The Board also amended IFRS Practice Statement 2 to include guidance and two additional examples on the application of materiality to accounting policy disclosures. The amendments are effective for annual reporting periods beginning on or after 01 January 2023 with earlier application permitted.

- Definition of Accounting Estimates (Amendments to IAS 8) – The amendments introduce a new definition for accounting estimates clarifying that they are monetary amounts in the financial statements that are subject to measurement uncertainty. The amendments also clarify the relationship between accounting policies and accounting estimates by specifying that a company develops an accounting estimate to achieve the objective set out by an accounting policy. The amendments are effective for periods beginning on or after 01 January 2023, and will apply prospectively to changes in accounting estimates and changes in accounting policies occurring on or after the beginning of the first annual reporting period in which the company applies the amendments.
- Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12) – The amendments narrow the scope of the initial recognition exemption (IRE) so that it does not apply to transactions that give rise to equal and

offsetting temporary differences. As a result, companies will need to recognise a deferred tax asset and a deferred tax liability for temporary differences arising on initial recognition of a lease and a decommissioning provision. For leases and decommissioning liabilities, the associated deferred tax asset and liabilities will need to be recognised from the beginning of the earliest comparative period presented, with any cumulative effect recognised as an adjustment to retained earnings or other components of equity at that date. The amendments are effective for annual reporting periods beginning on or after 01 January 2023 with earlier application permitted.

- Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (Amendments to IFRS 10 and IAS 28) – The amendment amends accounting treatment on loss of control of business or assets. The amendments also introduce new accounting for less frequent transaction that involves neither cost nor full step-up of certain retained interests in assets that are not businesses. The effective date for these changes has been deferred indefinitely until the completion of a broader review.

4 Significant accounting policies

The significant accounting policies set out below have been consistently applied to all periods presented in these financial statements.

4.1 Property, plant and equipment

Owned

Freehold land is measured at revalued amount less impairment if any.

Factory building', 'non-factory building', 'plant and machinery', 'electric fitting and installations', 'tools', 'laboratory equipment and arms' and 'fire extinguishing equipment and scales' are measured at revalued amount less accumulated depreciation and impairment if any.

Office equipment, furniture fixture and vehicles are measured at cost less accumulated depreciation and impairment if any.

Capitalization threshold for 'buliding', 'office equipment', electric appliances and furniture and fixture is Rs. 200,000, Rs. 10,000, Rs. 5,000 and Rs. 5,000 respectively, items below this are directly reconginsed as current expneses in the year of purchase.

Cost comprises purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates and other costs directly attributable to the acquisition or construction including expenditures on material, labor and overheads directly relating to construction, erection and installation of operating fixed assets.

Depreciation is charged on a systematic basis over the useful life of the assets, on reducing balance method, which reflects the patterns in which the economic benefits are consumed by the Company, at the rates specified in note 17.1. Depreciation on additions is charged full in the month of the asset is available for use and nil in the month the asset is disposed off.

An item of property, plant and equipment is de-recognized when permanently retired from use. The gain or loss on disposal or retirement of an asset represented by the difference between the sale proceeds and the carrying amount of the asset is recognized as an income or expense.

Major renewals and improvements to an item of property, plant and equipment are recognized in the carrying amount of the item if it is probable that the embodied future economic benefits will flow to the Company and the cost of renewal or improvement can be measured reliably. The cost of the day-to-day servicing of property, plant and equipment are recognized in statement of profit or loss as incurred.

The assets' residual values and useful lives are continually reviewed by the Company and adjusted if impact on depreciation is significant. The Company's estimate of residual values of property, plant and equipment as at 30 June 2021 has not required any adjustment as its impact is considered insignificant.

Capital work-in-progress

Capital work in progress is stated at cost less identified impairment loss, if any. Cost includes expenditures on material, labour, appropriate directly attributable overheads and includes borrowing cost in respect of qualifying assets if any, as stated in note 4.5. These costs are transferred to operating fixed assets as and when assets are available for their intended use.

4.2 Revaluation surplus on property, plant and equipment

Revaluation of items of property, plant and equipment measured at revalued amount is carried out with sufficient regularity to ensure that the carrying amount of assets does not differ materially from the fair value. Any revaluation increase arising on the revaluation is recognized, by restating gross carrying amounts and accumulated depreciation of respective assets being revalued in proportion to the change in their carrying amounts due to revaluation, in other comprehensive income and presented as a separate component of equity as 'Revaluation surplus on property, plant and equipment', except to the extent that it reverses a revaluation decrease for the same asset previously recognized in profit or loss, in which case the increase is credited to statement of profit or loss to the extent of the decrease previously charged. Any decrease in carrying amount arising on the revaluation is charged to statement of profit or loss to the extent that it exceeds the balance, if any, held in the revaluation surplus on property, plant and equipment relating to a previous revaluation of that asset.

The revaluation reserve is not available for distribution to the Company's shareholders. The revaluation surplus on item of property, plant and equipment measured at revalued amount, except land, is transferred to unappropriated profit to the extent of incremental depreciation charged (net of deferred tax). Upon disposal, any revaluation surplus is transferred to unappropriated profit (net of deferred tax).

4.3 Lease

At the inception of a contract, the Company assesses whether a contract is or contains lease. A contract is, or contains, a lease if the contract conveys a right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company uses the definition of a lease in IFRS 16.

The Company recognizes a right of use asset and a lease liability at the lease commencement date. The right of use asset is initially measured at cost which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct cost incurred less any lease incentive received. The right of use asset is subsequently measured at cost less accumulated depreciation and impairment losses, and adjusted for certain re-measurements of the lease liability, if any. The right of use assets is depreciated using the straight line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Company by the end of the lease term or cost of the right of use asset reflects that the Company will exercise a purchase option.

In that case the right of use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property, plant and equipment. Right of use asset is disclosed in the property, plant and equipment as referred to in 17.1 of the financial statements.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or if that rate cannot be readily determined, the Company's incremental borrowing rate. The Company has used its incremental borrowing rate as the discount rate for leases where rate is not readily available. The lease liability is subsequently increased by the interest cost on the lease liability and decreased by lease payment made.

The lease liability is measured at amortized cost using the effective interest method. It is re-measured when there is a change in future lease payments arising from a change in rate or a change in the terms of the lease arrangement, if there is change in the Company's estimate of the amount expected to be payable under a residual value guarantee, if the Company changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revised in-substance fixed lease payment. When the lease liability is re-measured in this way, a corresponding adjustment is made to the carrying amount of the right of use asset, or is recorded in statement of profit or loss if the carrying amount of the right of use asset has been reduced to zero. Refer note 10 to these financial statements for disclosure of lease liability.

**Short term leases and leases of low value assets**

The Company has elected not to recognize right of use assets and liabilities for some leases of low value assets. The Company recognizes the lease payments associated with these leases as an expense on a straight line basis over the lease term.

Sale and lease back

Where the sale and lease back transactions result in a lease liability, any excess of sale proceeds over the carrying amount is deferred and amortized over the lease term. However, sale proceeds less than the carrying value is immediately recognized in the statement of profit or loss.

4.4 Intangible assets

Expenditure incurred on intangible asset is capitalized and stated at cost less accumulated amortization and any accumulated impairment losses. Intangible assets are amortized using the straight-line method over the estimated useful life of three years. Amortization of intangible assets is commenced from the date an asset is capitalized.

4.5 Borrowings cost

Borrowings are recognized initially at fair value, net of transaction costs incurred. Borrowing costs are recognized as an expense in the period in which these are incurred except to the extent of borrowing cost that are directly attributable to the acquisition, construction or production of a qualifying asset. Such borrowing costs, if any, are capitalized as part of the cost of that asset.

4.6 Taxation

Income tax expense comprises current tax and deferred tax. It is recognized in statement of profit or loss except to the extent that it relates to items recognized directly in other comprehensive income, in which case it is recognized in equity.

Current

Current tax is the amount of tax payable on taxable income for the year, using tax rates enacted or substantively enacted by the reporting date, and any adjustment to the tax payable in respect of previous years. Provision for current tax is based on current rates of taxation in Pakistan after taking into account tax credits, rebates and exemptions available, if any. The amount of unpaid income tax in respect of the current or prior periods is recognized as a liability. Any excess paid over what is due in respect of the current or prior periods is recognized as an asset.

**Deferred**

Deferred tax is recognized using balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The amount of deferred tax provided is based on the expected manner of realization or settlement of the carrying amount of assets and liabilities, using the enacted or substantively enacted rates of taxation. A deferred tax liability is recognized for all taxable temporary differences. A deferred tax asset is recognized for deductible temporary differences to the extent that future taxable profits will be available against which temporary differences can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized. Further, the Company recognizes deferred tax asset/ liability on deficit/ surplus on revaluation of property, plant and equipment which is adjusted against the related deficit/ surplus.

The Company accounts for the tax consequences of transactions and other events in the same way that it accounts for the transactions and other events themselves. Thus, for transactions and other events recognized in statement of profit or loss, any related tax effects are also recognized in statement of profit or loss. For transactions and other events recognized outside statement of profit or loss (either in other comprehensive income or directly in equity), any related tax effects are also recognized outside profit and loss (either in other comprehensive income or directly in equity, respectively).

4.7 Foreign currency

Transactions in foreign currencies are translated to the respective functional currencies of the Company at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are retranslated to the functional currency at the exchange rate at that date. The foreign currency gain or loss on monetary items is the difference between amortized cost in the functional currency at the beginning of the year, adjusted for effective interest and payments during the year, and the amortized cost in foreign currency translated at the exchange rate at the end of the year.

Non-monetary assets and liabilities that are measured at fair value in a foreign currency are retranslated to the functional currency at the exchange rate at the date that the fair value was determined. Non-monetary items that are measured based on historical cost in a foreign currency are translated using the exchange rate at the date of the transaction.

Foreign currency differences arising on retranslation are generally recognized in statement of profit or loss.

4.8 Employee retirement benefits

The Company's net obligation in respect of defined benefit plan is calculated by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount. Calculation of defined benefit obligation is performed annually by a qualified actuary using the 'Projected Unit Credit Method'.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, are recognized immediately in other comprehensive income. The Company determines the net interest expense on the net defined benefit liability for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then net defined benefit liability, taking into account any changes in the net defined benefit liability during the period as a result of contributions and benefit payments.

Net interest expense and other expenses related to defined benefit plan are recognized in the statement of profit or loss. Past service costs are immediately recognized in statement of profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognized immediately in statement of profit or loss. The Company recognizes gain and losses on the settlement of a defined benefit plan when the settlement occurs.

4.9 Provisions

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. However, provisions are reviewed at each reporting date and adjusted to reflect current best estimate.

4.10 Contingent liabilities

A contingent liability is disclosed when:

- there is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company; or

- there is present obligation that arises from past events but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

4.11 Financial instruments

4.11.1 Recognition and initial measurement

All financial assets or financial liabilities are initially recognized when the Company becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition or issue. A receivable without a significant financing component is initially measured at the transaction price.

4.11.2 Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at amortized cost, fair value through other comprehensive income (FVOCI) and fair value through profit or loss (FVTPL).

Financial assets are not reclassified subsequent to their initial recognition unless the Company changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

Amortized cost

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

These assets are subsequently measured at amortized cost using the effective interest method. The amortized cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognized in profit or loss. Any gain or loss on derecognition is recognized in statement of profit or loss.

Financial assets measured at amortized cost comprise of cash and bank balances, long term deposits, loan and advances, mark up accrued, trade debts and other receivables.

**Debt Instrument - FVOCI**

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

These assets are subsequently measured at fair value. Interest income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognized in statement of profit or loss. Other net gains and losses are recognized in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to statement of profit or loss. However, the Company has no such instrument at the reporting date.

Equity Instrument - FVOCI

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI. This election is made on an investment-by-investment basis.

These assets are subsequently measured at fair value. Dividends are recognized as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognized in OCI and are never reclassified to statement of profit or loss.

Financial assets measured at FVOCI comprise of long term investments in equity instruments as detailed in note 18 of these financial statements.

Fair value through profit or loss (FVTPL)

All financial assets not classified as measured at amortized cost or FVOCI as described above are measured at FVTPL.

On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortized cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in statement of profit or loss.

Financial asset measured at FVTPL comprise of short term investments in equity instruments as detailed in note 26 of these financial statements.

**Financial assets – Business model assessment:**

For the purposes of the assessment, ‘principal’ is defined as the fair value of the financial asset on initial recognition. ‘Interest’ is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable-rate features;
- prepayment and extension features; and
- terms that limit the Company’s claim to cash flows from specified assets (e.g. non-recourse features).

Financial liabilities

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in statement of profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in statement of profit or loss. Any gain or loss on derecognition is also recognized in statement of profit or loss.

Financial liabilities comprises of trade and other payables, long term and short term financing, dividend payable, accrued markup and lease liability.

4.11.3 Derecognition**Financial assets**

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

The Company might enter into transactions whereby it transfers assets recognized in its statement of financial position, but retains either all or substantially all of the risks and rewards of the transferred assets. In these cases, the transferred assets are not derecognized.

Financial liabilities

The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled, or expire. The Company also derecognizes a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognized at fair value. On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognized in statement of profit or loss.

4.11.4 Impairment

Financial assets

The Company recognizes loss allowances for ECLs on:

- financial assets measured at amortized cost;
- debt investments measured at FVOCI; and
- contract assets.

The Company measures loss allowances at an amount equal to lifetime ECLs, except for the following, which are measured at 12-month ECLs:

- debt securities that are determined to have low credit risk at the reporting date; and
- other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months). The Company measured its long term advances and related markup to associated companies under the general approach.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than past due for a reasonable period of time. Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument. 12-month

ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months). The maximum period considered when estimating ECLs is the maximum contractual period over which the Company is exposed to credit risk.

Loss allowances for financial assets measured at amortized cost are deducted from the Gross carrying amount of the assets.

The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering of a financial asset in its entirety or a portion thereof. The Company individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Company expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

Non-financial assets

The carrying amount of the Company's non-financial assets, other than inventories and deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. The recoverable amount of an asset or cash generating unit is the greater of its value in use and its fair value less cost to sell. In assessing value in use, the estimated future cash flows are discounted to their present values using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or cash generating unit.

An impairment loss is recognized if the carrying amount of the assets or its cash generating unit exceeds its estimated recoverable amount. Impairment losses are recognized in statement of profit or loss. Impairment losses recognized in respect of cash generating units are allocated to reduce the carrying amounts of the assets in a unit on a pro rata basis. Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to that extent that the asset's carrying amount after the reversal does not exceed the carrying amount that would have been determined, net of depreciation and amortization, if no impairment loss had been recognized.

4.11.5 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is presented in the statement of financial position when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

4.12 Investments in associates

Associates are the entities over which the Company has significant influence but not control. Significant influence is generally considered where shareholding percentage is between 20% to 50% of the voting shares. However, such significant influence can also arise where shareholding is lesser than 20% but due to other quantitative factors e.g. Company's representation on the Board of Directors of investee Company, the Company can exercise significant influence. Investments in associates are accounted for using the equity method of accounting and are initially recognized at cost. If the ownership interest is reduced but significant influence is retained, gain / loss on the partial disposal of ownership interest is recognized in the statement of profit or loss as the difference between the proceeds from the sale and the cost of investment sold. The cost of investment is disposed off on weighted average basis.

The Company's share of its associate's post-acquisition profits or losses, movement in other comprehensive income, and its share of post-acquisition movements in reserves is recognized in the statement of profit or loss, statement of comprehensive income and reserves respectively. When the Company's share of losses in associates / joint ventures equals or exceeds its interest in the associate including any other unsecured receivables, the Company does not recognize further losses, unless it has incurred legal or constructive obligations or made payments on behalf of the associates. The cumulative post-acquisition movements are adjusted against the carrying amount of the investment. Distributions received from an associate reduce the carrying amount of the investment.

The carrying amount of equity accounting investments is tested for impairment in accordance with policy described in note 4.11.4.

4.13 Stores, spares and loose tools

These are stated at lower of cost and net realizable value. Cost is determined using the weighted average method. Items in transit are valued at cost comprising invoice value plus other charges paid thereon.

4.14 Stock-in-trade

These are stated at the lower of cost and net realizable value except for waste stock which is valued at net realizable value.

Cost has been determined as follows:

- | | |
|--------------------------------------|---|
| - Raw materials | Weighted average cost |
| - Work-in-process and finished goods | Cost of direct materials, labour and appropriate manufacturing overheads. |

Materials in transit comprises of invoice value plus other charges paid thereon.

Net realizable value signifies the estimated selling price in the ordinary course of business less estimated costs of completion and estimated costs necessary to make the sale necessarily to be incurred in order to make a sale.

4.15 Revenue recognition

Revenue represents the fair value of the consideration received or receivable for sale of goods, net of returns, allowances, trade discounts, rebates and sales tax. Revenue is recognized when or as performance obligations are satisfied by transferring control of a promised goods or services to a customer, and control either transfers over time or point in time.

4.16 Other Income

Other income comprises dividend income, exchange gain, markup accrued and changes in the fair value of financial asset at fair value through profit or loss. Income on bank deposits is accrued on a time proportion basis by reference to the principal outstanding and the applicable rate of return. Foreign currency gains and losses are reported on a net basis.

Dividend income and entitlement of bonus shares are recognized when the right to receive is established.

Gains and losses on sale of investments are accounted for on disposal of investments.

4.17 Government grants

The Company recognizes government grants when there is reasonable assurance that grants will be received and the Company will be able to comply with conditions associated with grants.

Government grants are recognized at fair value, as deferred income, when there is reasonable assurance that the grants will be received and the Company will be able to comply with the conditions associated with the grants.

Grants that compensate the Company for expenses incurred, are recognized on a systematic basis in the income for the year in which the related expenses are recognized. Grants that compensate for the cost of an asset are recognized in income on a systematic basis over the expected useful life of the related asset.

A loan is initially recognized and subsequently measured in accordance with IFRS 9. IFRS 9 requires loans at below-market rates to be initially measured at their fair value - e.g. the present value of the expected future cash flows discounted at a market-related interest rate. The benefit that the government grant is measured as the difference between the fair value of the loan on initial recognition and the amount received, which is accounted for according to the nature of the grant. The amount of grant shall be recognized and presented in the statement of financial position as 'deferred grant'. In subsequent periods, the loan amount is accreted using the effective interest method.

The accreditation increases the carrying value of the loan with a corresponding effect on the interest expense for the year in the statement of profit or loss. The grant is recognized in statement of profit or loss, in line with the recognition of interest expenses the grant is compensating.

**4.18 Cash and cash equivalents**

Cash and cash equivalents for the purpose of statement of cash flows comprise cash in hand and cash at banks.

4.19 Contract liabilities

A contract liability is the obligation of the Company to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognized when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognized as revenue when the Company performs under the contract. It also includes refund liabilities arising out of customers' right to claim amounts from the Company on account of contractual delays in delivery of performance obligations and incentive on target achievements.

4.20 Operating segment

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses. All operating segments' operating results are regularly reviewed by the Company's Chief Executive Officer to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

4.21 Earnings per share ('EPS')

Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year.

Diluted EPS is calculated by adjusting basic EPS by the weighted average number of ordinary shares that would be issued on conversion of all dilutive potential ordinary shares into ordinary shares and post-tax effect of changes in profit and loss attributable to ordinary shareholders of the Company that would result from conversion of all dilutive potential ordinary shares into ordinary shares.

4.22 Dividend distribution

Dividend is recognized as a liability in the period in which it is declared and approved. Appropriations of profit are reflected in the statement of changes in equity in the period in which such appropriations are approved.

- 7.1 Property, plant and equipment of the Company except office equipment, furniture and fittings and vehicles have been revalued on 01 January 2021 by Joseph Lobo (Private) Limited, an independent valuer not connected with the Company and approved by Pakistan Banks' Association 'any amount' category, resulting in recognition of additional surplus of Rs. 10,558 million. Previously, the revaluation of the Company was carried out on 30 June 2007, 31 March 2012, 31 March 2015, and 28 February 2018 by independent valuers resulting in additional surplus of Rs. 2,915 million, Rs. 2,028 million, Rs. 4,398 million and Rs. 4,589 million, respectively.

Freehold land

Fair market value of freehold land is assessed through examining plot profile and purchase terms, independent inquiries from local active realtors, current and past occupants of land, neighboring areas, current asking prices for industrial used land in the vicinity, access roads and independent inquiries from other real estate sources to ascertain the selling prices for the properties of the same nature.

Factory and non-factory building

Construction specifications were noted for each building and structure and new construction rates are applied according to construction specifications for current replacement values. After determining current replacement values, residual factors are applied based on estimate of balance useful life to determine the current assessed market value.

Plant and machinery and others fixed assets

Plant and machinery and other fixed assets have been evaluated/ assessed by inspecting items of plant and machinery and fixed assets. The valuer also consulted industry related dealers, indentors and/ or manufactures in order to ascertain the current replacement values of imported and locally fabricated items. The value assigned reflects the present condition of items while considering age, condition and/ or obsolescence of the items.

8.3 State Bank of Pakistan introduced 'Regulation R-8, Rescheduling / Restructuring of Financing Facilities' to relieve the stress on the corporate / commercial sector arises due to COVID-19 pandemic situation. Under this scheme, the financial institutions had deferred repayment of principal loans by one year, provided that the Company continues to service the mark-up amount as per agreed terms and conditions including dividend block, restriction on long term investment and lending to Group companies and change in directorship / shareholding during deferment period. The deferment period ended in March 2021.

8.4 State Bank of Pakistan introduced 'Refinance Scheme for payment of wages and salaries (RFWS Scheme)' to support the companies in payment of salaries during COVID-19 pandemic. Under this scheme, the Company has availed financing of Rs. 923.75 million, from a commercial bank at a subsidized rate of 1.5% per annum. This facility has been recognized at fair value under IFRS-9 using an effective rate of interest of 8.35% per annum, difference being recorded as deferred grant in accordance with IAS 20. In accordance with the terms of the grant, the Company is prohibited to lay-off the employees at least for six months from the period of the grant. Government grant amounting to Rs. 38.76 million has been recorded in the financial statements.

8.5 As per the financing document, the Company is required to comply with certain financial covenants which mainly include current ratio, minimum debt service coverage ratio, minimum interest coverage ratio, gearing ratio and maximum leverage ratio.

	4,645,492,786	3,417,531,998

11.1 Employee retirement benefits - Gratuity

The latest actuarial valuation of the Company's defined benefit plan, was conducted at 30 June 2021 using 'Projected Unit Credit' method. Detail of obligation for defined benefit plan is as follows:

	Note	2021 Rupees	2020 Rupees Restated
11.1.1 The amounts recognized in the 'Statement of financial position' is as follows:			
Present value of defined benefit obligation liability at 30 June	11.1.2	288,700,623	291,766,604
11.1.2 Movement in the liability for defined benefit obligation recognized in the Statement of financial position' is as follows:			
Liability for defined benefit obligation at 01 July		291,766,604	273,812,115
Current service cost	11.1.3	104,245,486	112,320,570
Interest cost on defined benefit obligation	11.1.3	19,617,289	31,833,032
Actuarial gain charged to 'Other Comprehensive Income'	11.1.5	(4,978,807)	(25,354,285)
Benefits paid during the year		(121,949,949)	(100,844,828)
Liability for defined benefit obligation at 30 June		288,700,623	291,766,604
11.1.3 The amounts recognized in the 'Statement of profit or loss' against defined benefit plan are as follows:			
Current service cost		104,245,486	112,320,570
Interest cost		19,617,289	31,833,032
		123,862,775	144,153,602
11.1.4 Charge to 'Statement of profit or loss' against defined benefit plan has been allocated as under			
Cost of sales		116,762,176	134,091,171
Selling and distribution expense		1,781,856	1,841,964
Administrative expense		5,318,743	8,220,467
		123,862,775	144,153,602
11.1.5 Remeasurement gain recognized in the 'Other comprehensive income' against defined benefit plan are as follows:			
<i>Remeasurement gain on defined benefit obligation due to:</i>			
- changes in financial assumptions		-	(759,511)
- change in experience adjustment		(4,978,807)	(24,594,774)
		(4,978,807)	(25,354,285)

11.1.6 Actuarial assumptions used for valuation of liability at 30 June against defined benefit obligation are as under :

The following are the principal actuarial assumptions at statement of financial position date:

	2021	2020
Discount rate used for interest cost	8.50% per annum	14.25% per annum
Discount rate used for year end obligation	10.00% per annum	8.50% per annum
Expected rate of growth per annum in future salaries	9.00% per annum	7.50% per annum
Mortality rates	SLIC (2001 - 05)	SLIC (2001 - 05)
Retirement assumption	Setback 1 Year	Setback 1 Year
	Age 60	Age 60

11.1.7 Sensitivity analysis of defined benefit obligation to changes in the actuarial assumptions

Reasonably possible changes at the statement of financial position date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below:

	2021			2020		
	Impact on defined benefit obligation			Impact on defined benefit obligation		
	Change in assumption	Increase in assumption	Decrease in assumption	Change in assumption	Increase in assumption	Decrease in assumption
Percentage----- Rupees -----	Percentage	Rupees -----		Percentage	Rupees -----	
						<i>Restated</i>
Discount rate	1.00%	269,279,591	309,529,186	1.00%	277,815,475	307,744,155
Salary growth rate	1.00%	309,522,342	269,276,283	1.00%	307,744,155	277,570,779

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions, the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied when calculating the defined benefit obligation recognized in the statement of financial position.

The Company expects to charge Rs. 124.42 million against current service cost and Rs. 28.87 million against net interest cost, aggregating to Rs. 153.29 million, to 'Statement of profit or loss' in respect of defined benefit plan in year 2022.

11.1.8

11.1.9 The Company exposure to the actuarial risks are as follows:

a) **Salary risks**

The risk that the final salary at the time of cessation of service is greater than the assumed. Since the benefit is calculated on the final salary (which will closely reflect inflation and other macroeconomic factors), the benefit amount increases as salary increases.

b) **Demographic risks**

Mortality Risk

The risk that the actual mortality experience is different than the assumed mortality. This effect is more pronounced in schemes where the age and service distribution is on the higher side.

Withdrawal Risk

The risk of actual withdrawals experience is different from assumed withdrawal probability. The significance of the withdrawal risk varies with the age, service and the entitled benefits of the beneficiary.

11.1.10 Gratuity scheme entitles members of staff retirement benefit plan on resignation, termination, retirement, early retirement, retrenchment, death and dismissal based, on the Company's service rules, for staff gratuity. Gratuity is based on the last month basic salary for each year of service.

11.2 **Deferred taxation**

2021					
Balance at 01 July	Effect of change in proration rate		(Reversal from)/ charge to		Balance at 30 June

- 12.2.1** These are unsecured and in the normal course of business for goods and services.

- 12.3** This represent provision against 'Sindh Infrastructure Cess', levied under Section 9 of 'Sindh Finance Act, 1994' and its subsequent versions including the final version i.e. Sindh Development and Maintenance of Infrastructure Cess Act, 2017 at the rate specified of total value of goods as assessed by the 'Custom Authorities' while considering net weight and distance for carriage of goods through the province of 'Sindh'. The Company filed an appeal before the 'Honorable Sindh High Court' against levy which passed order dated 04 June 2021 against the Company and directed that bank guarantees should be encashed. Being aggrieved by the order, the Company along with others has filed petitions for leave to appeal before Honorable Supreme Court of Pakistan against the Sindh High Court's judgment in relation to Sindh infrastructure development cess. Honorable Supreme Court of Pakistan has granted interim relief against the judgement of Sindh High Court. However the probable amount has been fully recognised in the financial statements.

16 Contingencies and commitments

16.1 Contingencies

Income Tax

- 16.1.1** The officials of Large Taxpayers Unit, Lahore ('LTU - Lahore') raised income tax demands of Rs. 8.8 million, Rs. 49.78 million, Rs. 55.78 million and Rs. 93.49 million against the Company through separate orders, dated 28 June 2019, 29 June 2018, 17 November 2020 and 29 December 2020 respectively, under Section 161/205 of the Income Tax Ordinance, 2001 ('Ordinance') on grounds that income tax has not been deducted against certain payments during tax years 2013, 2016, 2018 and 2019 respectively. The Company has agitated the orders in appeal before Commissioner Inland Revenue Appeals ('CIR-A') which are pending adjudication for 2018 and 2019. For tax year 2016, CIR-A has vacated the departmental action to the extent of Rs. 39.12 million and for remaining amount of Rs. 10.78 million the Company has filed an appeal before the Appellate Tribunal Inland Revenue ('ATIR') which is pending adjudication. For tax year 2013, the Company's appeal against order was disposed of by CIR-A for which the Company has filed appeal before ATIR which is pending adjudication.
- 16.1.2** The officials of LTU - Lahore raised income tax demands of Rs 32.03 million against the Company through amendment order, dated 28 June 2019 under section 122(5A) of the Ordinance for tax year 2013. The Company has preferred appeal against the orders before CIR-A which is pending adjudication.
- 16.1.3** The officials of LTU - Lahore after concluding income tax audit under Section 177 of the Ordinance, raised income tax demand of Rs. 7.98 million against the Company through amended order, dated 26 April 2018, under Section 122(5) of the Ordinance for tax year 2014. The Company has agitated the order in appeal before CIR-A, which is pending adjudication.
- 16.1.4** Consequent to amendment of deemed income tax assessment of tax years 2006 to 2012 vide separate orders, dated 30 April 2010, 30 September 2010, 14 May 2012, 23 October 2012, 30 March 2015, 23 June 2014 and 29 January 2016 respectively, involving income tax of Rs. 324.80 million, the Company has been extended significant relief by the CIR-A. The issues in respect of which CIR-A did not allow relief have been taken up in appeals before the ATIR and such appeals is pending adjudication.
- 16.1.5** The officials of LTU - Lahore, while giving effect to CIR-A's appellate orders under Section 124/129 of the Ordinance in the context of amendments made under Section 122(5A) of the Ordinance, have arbitrarily made disallowances/ increase in income (i.e. exchange loss, notional profit of associates etc.) for tax years 2010 and 2012 vide separate orders, dated 30 June 2018, involving sum of Rs. 657 million. The issue was taken up in appeals before CIR-A. CIR-A has deleted the departmental action on all issues except for disallowance for exchange loss amounting to Rs. 122.97 million which was remanded back and for which the Company has preferred appeal before ATIR which is pending adjudication.

- 16.1.6** Admissibility of 'payment to preference share-holders' has been disputed in income tax amendment orders, dated 30 September 2010, 14 May 2012, 23 October 2012, 30 March 2015, 23 June 2014 and 29 January 2016 respectively, for tax years 2007 to 2013 involving a sum of Rs. 234 million. The first appellate authority has maintained departmental stance, the Company's appeals are lying with ATIR except for tax year 2013 which is pending with CIR-A.
- 16.1.7** Proceedings were initiated by officials of LTU - Lahore through orders dated 29 December 2018 under Section 122(5A) of the Ordinance regarding apportionment of deduction claimed on account of WPPF to export income amounting to Rs. 16.12 million, Rs. 10.71 million and Rs. 12.50 million for tax year 2015, 2016 and 2017 respectively. The Company filed an appeal before CIR-A which was decided against the company by CIR-A through appellate order dated 24 August 2020. The Company has assailed the said appellate order in appeal before ATIR which is pending for adjudication.
- 16.1.8** Through order dated 28 June 2019 under Section 132/162/205 of the Ordinance, the LTU - Lahore officials raised income tax demand of Rs. 10.11 million for tax year 2009 on the grounds that tax under Section 148 of the Ordinance at import stage was short paid. The Company filed an appeal before CIR-A, through appellate order 23 October 2019 the tax demand was vacated by CIR-A. The department has assailed the appellate order of CIR-A in appeal before ATIR which has not yet been fixed for hearing.

Sales Tax

- 16.1.9** The Assistant Commissioner Inland Revenue ('ACIR') as a result of sales tax audit for tax year July 2013 to June 2014 raised a sales tax demand of Rs. 71.60 million through order dated 31 July 2017. The Company filed an appeal before CIR-A which was disposed off through appellate order dated 06 March 2019 passed under Section 45B of the Sales Tax Act ('Act') whereby such order was annulled, and the matter was remanded back to department for denovo consideration which is pending adjudication. However, the Company preferred an appeal in ATIR and the matter is pending adjudication.
- 16.1.10** The Deputy Commissioner Inland Revenue ('DCIR') issued Order-In-Original No.14/2019-20 dated April 15, 2020 ('ONO') under Section 11 of the Sales Tax Act 1990, disallowing the input tax of Rs 143.628 million claimed under various heads from tax periods July 2013 to August 2018. The Company filed an appeal before CIR - A which was disposed off through appellate order dated 29 June 2020 passed under Section 45B of the Act whereby ONO was annulled, and the matter was remanded back to department for denovo consideration. However, the Company preferred an appeal in ATIR and the matter is pending adjudication.
- 16.1.11** The Commissioner Inland Revenue ('CIR') through order, dated 28 December 2017, rejected admissibility of input tax aggregating to Rs 7.27 million, primarily on account of mismatch of buyer/ seller declarations and building materials, subsequent to audit of tax period July - 2013 to June - 2014. The Company agitated such order in appeal before the CIR-A. The Company's appeal against the subject ONO which was disposed of by CIR-A, through appellate order

dated 29 October 2020 annulling/deleting the departmental action on majority of the issues taken up in appeal, while certain other matters were upheld by CIR-A. The Company has agitated such order in appeal before ATIR which is pending adjudication.

16.1.12 The CIR-A through its order dated 14 April 2016 has maintained departmental rejection of input tax of Rs 18.10 million (primarily comprising out of building materials) in terms of provisions contained in SRO 450(I)/2013 for the tax period March 2014, June 2014, October 2014 through February 2015. The Company has agitated such order in appeal before ATIR which is pending adjudication.

16.1.13 The DCIR issued Order-In-Original No. 23/2019-20 dated 11 June 2021 under Section 11 of the Act, disallowing the input tax on construction/ building materials of Rs. 8.07 million for the tax periods July 2019 to June 2020. The Company has agitated the order in appeal before CIR-A, which is pending adjudication.

Based on the opinion of the Company's legal counsel the management is confident of favorable outcome in all aforesaid matters, hence no provision is being recognized in respect of these in the financial statements.

Operating fixed assets

	Cost/ revalued amount				Rate %	Accumulated depreciation		Net book value	
	Balance as at 01 July 2019	Additions	Disposals	Balance as at 30 June 2020		For the year	Disposals	Balance as at 30 June 2020	Balance as at 30 June 2020

**17.1.1 Depreciation for the year has been allocated as under:**

	<i>Note</i>	2021 Rupees	2020 Rupees <i>Restated</i>
Cost of sales	30	1,386,278,225	1,200,507,840
Administrative expense	32	49,724,307	38,844,228
		<u>1,436,002,532</u>	<u>1,239,352,068</u>

17.1.2 Additions in operating fixed assets represents transfer from capital work-in-progress.

17.1.3 All assets of the Company as at 30 June 2021 are located in Pakistan.

17.1.4 The latest valuation of of Company's assets was carried out on 01 January 2021. The Category wise gross revalued amounts along with forced sale values, as at the that date, are given below:

	Gross revalued amount	Forced sales value
	----- Rupees -----	
Freehold land	7,057,000,000	5,649,000,000
Factory building on free hold land	5,611,103,245	4,491,000,000
Non-factory building on free hold land	3,512,696,755	2,812,000,000
Plant and machinery	19,976,978,000	15,989,000,000
Electric fittings and installations	1,884,745,000	1,509,000,000
Sui gas installations	25,000,000	20,000,000
Tools, laboratory equipment and arms	231,645,000	185,000,000
Fire fighting and weighing scales	41,300,000	33,000,000
	<u>38,340,468,000</u>	<u>30,688,000,000</u>

17.1.5 Had there been no revaluation of the freehold land, factory building on freehold land, non-factory building on free hold land, thereon and plant and machinery, electric fittings and installations, sui gas installations, tools laboratory equipment and arms, fire fighting and weighing scales therein, the net book value as of 30 June 2021 would have been as follows:

	2021 Rupees	2020 Rupees <i>Restated</i>
Freehold land	476,175,357	471,448,957
Factory building on free hold land	1,963,902,377	1,864,127,155
Non-factory building on free hold land	759,465,589	737,314,739
Plant and machinery	13,317,983,661	13,283,012,237
Electric fittings and installations	646,516,020	662,387,113
Sui gas installations	11,246,887	6,331,624
Tools, laboratory equipment and arms	103,770,503	79,763,152
Fire fighting and weighing scales	14,670,376	13,486,637
	<u>17,293,730,770</u>	<u>17,117,871,614</u>

**17.1.6** Particulars of immovable fixed assets (i.e. land and building) in the name of the Company are as follows:

Particulars	Location	Total Area
Free hold land (Manufacturing Unit)	Jhang Road, Muzaffargarh	589 kanal and 11.5 marlas
Free hold land (Residential Colony)	Jhang Road, Muzaffargarh	107 kanal and 15 marlas
Free hold land (Manufacturing Unit)	Qadirpur Rawan bypass Khanewal Road, Multan	592 kanal and 9.6 marlas
Free hold land (Residential Colony)	Qadirpur Rawan bypass Khanewal Road, Multan	92 kanal and 8 marlas
Free hold land (Manufacturing Unit)	Qadirpur Rawan bypass Khanewal Road, Multan	167 kanal and 4 marlas
Free hold land (Administrative Storage Unit)	Sarwar Road, Multan	15 marlas
Free hold land	Bahawalpur Road, Multan	7 kanal and 9 marlas

Factory buildings, non-factory building, plant and machinery, electric fitting and installation and sui gas installation are located on above mentioned free hold land, whereas, building on leasehold land (Head office building) is constructed on land held under right of use asset, measuring 7 kanal, 13 marla and 153 square feet, located at 59/3, Abdali Road, Multan.

---------------------------	--------	---------------	---------------

19.1.1 Pursuant to restructuring of FEL's borrowings with financial institutions along with related subordination of borrowings from sponsors, the Company had entered into a restructuring agreement with FEL for rescheduling the repayment of principal and related markup as approved by the Board of Directors of both the companies. As per the revised agreement, principal and markup accrued are subordinated and are now repayable from financial year 2027. Accordingly, markup accrued from FEL has been classified as non-current. The loan and related markup (interest free) have been measured at fair value by discounting the cash flows at the rate of average borrowing cost of the Company 8.94% and the resulting adjustment was included in the cost of investment.

19.1.2 This includes impact of change in timing of estimated cash flows on aforesaid loan receivable from FEL. The revised gross carrying amount of the financial asset is recalculated by discounting the revised estimated future cash flows at the instruments original effective rate. The corresponding expense is recognized in statement of profit or loss.

37 Taxation

Current tax
- *for the year*

241,643,314 547,303,207

Deferred tax
- *for the year*

(110,622,436) 80,054,852

131,020,878 627,358,059

37.1 The current tax provision represents tax under 'Normal Tax Regime (NTR)' and tax under 'Final Tax Regime (FTR)' (2020: Minimum tax on turnover and FTR) of the Income Tax Ordinance, 2001. The provision for taxation under NTR is restricted to zero after the adjustment of minimum tax on turnover paid and available for carry forward amounting to Rs. 318.73 million (2020: Rs. 1,334.09) million under section 113 of the Ordinance. Minimum tax is available for set off for five years against normal tax liabilities arising in future years.

Tax under FTR represents tax on exports and dividend which is treated as a full and final discharge of Company's tax liability in respect of income arising from such sources.

37.2 Numerical reconciliation between tax expense and accounting profit:

	2021 Rupees	2020 Rupees <i>Restated</i>
Profit before tax	5,562,777,587	57,862,005

- Difference between normal tax and minimum tax / final tax regime	(396,598,047)	598,530,537
- Tax credit for minimum tax previously not recognized	(993,697,399)	-
- Deferred tax asset not recognized - net	(49,276,787)	
- Permanent differences	(17,022,327)	5,235,561
- Others	(673,117)	(836,577)
Tax charged to statement of profit or loss	131,020,878	627,358,059

38 Earnings per share - *basic and diluted*

38.1 Basic earnings per share

Profit / (loss) after taxation	Rupees	5,431,756,709	(569,496,054)
Weighted average number of ordinary shares	No. of shares	30,000,000	30,000,000
Earnings / (loss) per share	Rupees	181.06	(18.98)

38.2 Diluted earnings per share

There is no dilution effect on the basic earnings per share of the current year as the Company has no such commitments.

39 Fair value measurement of financial instruments
A. Accounting classifications and fair values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is the presumption that the Company is a going concern and there is no intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

A financial instrument is regarded as quoted in an active market if quoted price is readily and regularly available from an exchange dealer, broker, industry group, pricing service, or regulatory agency, and that price represents actual and regularly occurring market transactions on an arm's length basis.

IFRS 13 'Fair Value Measurement' requires the Company to classify fair value measurements and fair value hierarchy that reflects the significance of the inputs used in making the measurements of fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1)
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (level 2)
- Inputs for the asset or liability that are not based on observable market data (i.e. unobservable) inputs (Level 3)

Transfer between levels of the fair value hierarchy are recognized at the end of the reporting period during which the changes have occurred.

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy. It does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value.

	Carrying amount		Fair value

Fair value measurement of financial instruments

B. Measurement of fair values

1. Valuation techniques and significant unobservable inputs

The following table shows valuation techniques used in measuring Level 3 fair values for financial instruments of financial position, as well as the significant unobservable inputs used. Related valuation process are described in note 2.4. Financial instruments measured at fair value

Type	Valuation technique	Significant unobservable inputs	Inter-relationship between significant unobservable inputs and fair value measurement
Long term investments - Fatima Energy Limited	Income approach: The valuation model considers the present value of the expected future payments, discounted using risk-adjusted discount rate.	- Expected cash flows (Rs. nil to Rs. 5,288 million) - Risk-adjusted discount rate (24.42%) - Specific risk premium (2.00%)	The estimated fair value would increase (decrease) if: - the expected cash flows were higher (lower), or - the risk-adjusted discount rate were lower (higher).
Long term investments - Multan Real Estate (Private) Limited	Market comparison technique: The valuation is based on market multiples derived from comparable investments/properties, adjusted for the effect of non-marketability of the equity securities.	- Adjusted market multiple based on investments of similar nature, location and condition.	The estimated fair value would increase (decrease) if the adjusted market multiple were higher (lower).

11. Level 3 recurring fair values

Reconciliation of Level 3 fair values

The following table shows a reconciliation from opening balances to the closing balances for Level 3 fair values.

Balance at 01 July	
Additions / Transfers	
Fair value adjustment on transition from equity accounting to FVOCI recognized in profit or loss	
Fair value loss recognized in Statement of Comprehensive Income

Long term investments - Multan Real Estate (Private) Limited

Balance at 01 July	33,358,054
Fair value gain	3,335,806
Balance as at 30 June	36,693,860

	30,381,647
	2,976,407
	33,358,054

Sensitivity analysis

The effect of changes in the unobservable inputs used in the fair value of long term investment in Multan Real Estate (Private) Limited cannot be determined with certainty, accordingly a qualitative disclosure of sensitivity has not been presented. For the fair value of long term investment in Fatima Energy Limited, reasonably possible changes at the reporting date to one of the significant unobservable inputs, holding other inputs constant, would have the following effects.

	2021	2020
	Long term investments	Long term investments
Change in assumption	Increase in assumption	Change in assumption
Percentage	Percentage	Percentage
10.00%	311,842,517	1.00%
1.00%	(85,620,273)	1.00%
	92,430,785	

As at 30 June 2021

Expected cash flows	-
Risk adjusted discount rate	-

39.2 Fair value measurement of property, plant and equipment

Freehold land, buildings on freehold land and plant and machinery have been carried at revalued amounts determined by professional valuers (Level 3) based on their assessment of market value as disclosed in note 7. The valuations are conducted by the valuation experts appointed by the Company. The valuation experts used a market based approach to arrive at the fair value of the Company's properties. This revaluation was carried out by Joseph Lobo (Private) Limited (Independent valuers). The most significant input into this valuation approach is price per acre for land, price per square foot for buildings and present operational condition and age of plant and machinery and other assets. The effect of changes in the unobservable inputs used in the valuations cannot be determined with certainty, accordingly a qualitative disclosure of sensitivity has not been presented in these financial statements.

**40 Financial risk management**

The Company has exposure to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

The Company's overall risk management policy focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Company's financial performance.

40.1 Risk management framework

The Board of Directors has overall responsibility for establishment and over-sight of the Company's risk management framework. The executive management team is responsible for developing and monitoring the Company's risk management policies. The team regularly meets and any changes and compliance issues are reported to the Board of Directors through the audit committee.

The Company's risk management policies are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Company's audit committee oversees how management monitors compliance with the Company's risk management policies and procedures and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. Audit committee is assisted in its oversight role by internal audit department. Internal audit department undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

The Company's exposure to financial risk, the way these risks affect the financial position and performance and the manner in which such risks are managed is as follows:

40.2 Credit risk

Credit risk represents the accounting loss that would be recognized at the reporting date if counter-parties failed completely to perform as contracted. The Company does not have significant exposure to any individual counterparty. To reduce exposure to credit risk the Company has developed a formal approval process whereby credit limits are applied to its customers. The management also continuously monitors the credit exposure towards the customers and makes provision against those balances considered doubtful of recovery. To mitigate the risk, the Company has a system of assigning credit limits to its customers based on an extensive evaluation based on customer profile and payment history. Outstanding customer receivables are regularly monitored. Most of the customers are also secured, where possible, by way of letters of credit.

Total financial assets of Rs. 11,130 million (2020: Rs. 10,560 million) are subject to credit risk.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at reporting date is:

	2021 Rupees	2020 Rupees <i>Restated</i>
<u>Financial assets at FVOCI</u>		
Long term investments	2,567,967,251	1,717,188,503
<u>Financial assets at FVTPL</u>		
Short term investment	175,950,000	163,587,600
<u>Financial assets at amortized cost</u>		
Trade debts	4,737,549,612	5,145,580,847
Long term loan and advances	3,361,379,821	2,733,701,707
Bank balances	143,327,698	280,858,902
Other receivable	120,424,898	465,434,760
Mark-up accrued	-	29,338,656
Long term deposits	24,128,493	24,128,493
	8,386,810,522	8,679,043,365
	11,130,727,773	10,559,819,468

**40.2 (a) Other financial assets**

The credit quality of Company's investments can be assessed with reference to external credit rating agencies as follows:

<u>Financial assets at FVOCI</u>	<u>Rating</u>	2021 Rupees	2020 Rupees <i>Restated</i>
Fatima Fertilizers Company Limited	AA-	1,811,078,391	1,683,830,449
Multan Real Estate (Private) Limited	N/A	36,693,860	33,358,054
Fatima Energy Limited	N/A	720,195,000	-
		2,567,967,251	1,717,188,503
<u>Financial assets at FVTPL</u>			
Fatima Fertilizers Company Limited	AA-	175,950,000	163,587,600
		5,311,884,502	3,597,964,606

40.2 (b) Counterparties with external credit rating

Credit risk is considered minimal since the counterparties have reasonably high credit ratings as determined by various credit rating agencies. Due to long standing business relationships with these counterparties and considering their strong financial standing, management does not expect non-performance by these counterparties on their obligations to the Company. Following are the credit ratings of counterparties with external credit ratings:

Bank	<u>Rating</u>		<u>Rating agency</u>	2021	2020
	<u>Short term</u>	<u>Long term</u>		<u>Rupees</u>	<u>Rupees <i>Restated</i></u>
Allied Bank Limited	A-1+	AAA	PACRA	4,700,947	3,442,383

				143,327,698	280,858,902

40.2 (c) Counterparties without external credit rating

These mainly include customers which are counter parties to local and foreign trade debts against sale of yarn and fabric. The Company applies the IFRS 9 simplified approach to measure expected credit losses which uses a lifetime expected loss allowance for all trade receivables. Trade receivables are written off when there is no reasonable expectation of recovery. The management uses an allowance matrix to base the calculation of ECL of trade receivables from individual customers, which comprise a very large number of small balances. Loss rates are calculated using a 'role rate' method based on the probability of receivable progressing through successive stages of delinquency to write-off. The Company has used two years quarterly data in the calculation of historical loss rates along with the matching quarterly ageing brackets for the computation of roll rates. These rates are multiplied by scalar factors to reflect the effect of forward looking macro economic factors. Out of total trade debts of Rs. 4,762.11 million (2020: Rs. 5,185.92 million), Rs. 1033.60 million (2020: Rs. 1,820.51 million) are secured against letter of credits. The analysis of ages of trade debts and loss allowance using the aforementioned approach as at 30 June 2021 was determined as follows:

The aging of trade debts at the reporting date is:

Export debtors - secured

	2021		2020	
	Gross carrying amount	Loss Allowance	Gross carrying amount	Loss Allowance
	----- Rupees -----		----- Rupees -----	
			----- Restated -----	
Not past due	1,033,603,141	-	1,820,507,561	-

Local debtors

Not past due	2,860,540,132	1,527,509	2,391,918,363	919,023
--------------	---------------	-----------	---------------	---------

Past due

1- 90 days	791,692,998	1,287,170	744,401,802	632,122
91 - 180 days	39,718,436	467,080	161,764,982	2,748,643
181 - 270 days	10,721,274	3,147,427	20,519,026	6,968,697
271 - 365 days	11,316,900	5,009,896	20,519,026	8,992,032
366 - above days	14,516,080	13,120,267	26,287,925	20,077,321
	4,762,108,961	24,559,349	5,185,918,685	40,337,838

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and controls relating to customer credit risk management. Credit limits are established for all customers based on internal rating criteria. Credit quality of the customer is assessed based on an extensive credit rating. Outstanding customer receivables are regularly monitored and shipments to the export customers are generally covered by letters of credit or other form of credit insurance.

Credit risk on loans and advances and related markup accrued from related parties are measured under General Approach based on assessment of factors related to increase in significant risk and impairment and reporting date. These loans have given to related parties to meet their operational and financial needs after approval of shareholders and the board of directors after converting the business case, financial vulnerability and credit worthiness. The management assessment includes review of financial statements, external rating, industry information, availability of capital from external lender, sponsor support etc. The management believes that these related party advances have low credit risk based on sponsor support and external credit rating of counterparties' parents.

Other receivables and deposit are mostly from utility companies and insurance. Impairment on the assets has been measured on a 12 months expected loss basis and reflect the shortest maturities. Based on past experience the management believes that no impairment allowance is necessary in respect of these financial assets.

40.2 (d) Concentration of credit risk

Concentration of credit risk exists when the changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Company's total credit exposure. The Company's portfolio of financial instruments is broadly diversified and all other transactions are entered into with credit-worthy counterparties there-by mitigating any significant concentrations of credit risk.

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach to managing liquidity is to ensure as far as possible to always have sufficient liquidity to meet its liabilities when due. The Company is not materially exposed to liquidity risk as substantially all obligations/ commitments of the Company are restricted to the extent of available liquidity. In addition, the Company has obtained various short term facilities from various commercial banks to meet any deficit, if required to meet the short term liquidity commitments.

Exposure to liquidity risk

The following are the contractual maturities of the financial liabilities, including estimated interest payments:

	Weighted average effective rate of interest	2021				
		Carrying value	Contractual cash flows	Less than one year	One to five years	Above five years
		----- Rupees -----				
<i>Financial liabilities</i>						
Long term financing	1.50% to 14.49%	16,358,068,778	19,045,635,793	4,513,514,705	11,365,521,899	3,166,599,189

		26,580,731,008	29,408,168,738	14,427,208,043	11,719,351,163	3,261,609,532
						29,408,168,738

	Weighted average effective rate of interest	2020					
		Carrying value	Contractual cash flows	Less than one year	One to five years	Above five years	Total
----- Rupees -----							
----- Restated -----							
<u>Financial liabilities</u>							
Long term financing	1.50% to 16.22%	15,290,670,022	18,234,762,082	1,880,368,443	12,239,727,624	4,114,666,015	18,234,762,082
Short term borrowings	1.88% to 15.21%	11,537,224,217	11,724,663,618	11,724,663,618	-	-	11,724,663,618
Lease liability		71,173,118	162,788,885	8,784,600	58,993,945	95,010,340	162,788,885
Trade and other payables		2,718,107,798	2,718,107,798	2,718,107,798	-	-	2,718,107,798
Unclaimed dividend		13,748,423	13,748,423	13,748,423	-	-	13,748,423
Accrued markup		517,191,250	517,191,250	517,191,250	-	-	517,191,250
		30,148,114,828	33,371,262,056	16,862,864,132	12,298,721,569	4,209,676,355	33,371,262,056

It is not expected that the cash flows on the maturity analysis could occur significantly earlier, or at significant different amount.

**40.4 Market risk**

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing return. Market risk comprises of currency risk, interest rate risk and other price risk.

40.4.1 Currency risk

Pakistani Rupee is the functional currency of the Company and exposure arises from transactions and balances in currencies other than Pakistani Rupee as foreign exchange rate fluctuations may create unwanted and unpredictable earnings and cash flow volatility. The Company's potential currency exposure comprises of:

- Transactional exposure in respect of non functional currency monetary items.
- Transactional exposure in respect of non functional currency expenditure and revenues.

The potential currency exposures are discussed below:

Transactional exposure in respect of non functional currency monetary items

Monetary items, including financial assets and liabilities, denominated in currencies other than the functional currency of the Company are periodically restated to rupee equivalent, and the associated gain or loss is taken to the statement of profit or loss. The foreign currency risk related to monetary items is managed as part of the risk management strategy.

Transactional exposure in respect of non functional currency expenditure and revenues

Monetary items, including financial assets and liabilities, denominated in currencies other than the functional currency of the Company are periodically restated to rupee equivalent, and the associated gain or loss is taken to the statement of profit or loss. The foreign currency risk related to monetary items is managed as part of the risk management strategy.

Exposure to currency risk

The Company's exposure to foreign currency risk at the reporting date is as follows:

	2021	2020
	Rupees	Rupees
		<i>Restated</i>
<u>Statement of financial position items</u>		
Finance against imported merchandise	89,379,886	-
Foreign currency export finance	-	3,779,169,695
Foreign debtors	(1,033,603,141)	(1,820,507,561)
Gross exposure	(944,223,255)	1,958,662,134
<u>Off statement of financial position items</u>		
Outstanding letters of credit	7,766,596,573	1,869,056,683
Commitments in respect of foreign exchange forward contracts	1,178,466,000	1,096,875,000
Net exposure	8,000,839,318	4,924,593,817

The following significant exchange rate has been applied:

Average and spot rate

	Average rate		Spot rate	
	2021	2020	2021	2020
	----- Rupees -----		----- Rupees -----	
USD to Rupee	156.37	158.21	157.54	168.05

Sensitivity analysis:

At reporting date, if the PKR had strengthened by 10% against the foreign currencies with all other variables held constant, profit for the year would have been higher by the amount shown below, mainly as a result of net foreign exchange gain on translation of export finances and foreign debtors.

	2021 Rupees	2020 Rupees <i>Restated</i>
USD to Rupee	800,083,932	492,459,382

The weakening of the PKR against foreign currencies would have had an equal but opposite impact on the profits.

The sensitivity analysis prepared is not necessarily indicative of the effects on profit for the year and assets/liabilities of the Company.

Currency risk management

Since the maximum amount exposed to currency risk is only 11.92% (2020: 8.92%) of the Company's total assets, any adverse/ favorable movement in functional currency with respect to US dollar will not have any material impact on the operational results.

40.4.2 Interest rate risk

Interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in market interest rates. At the reporting date the interest rate profile of the Company's significant interest bearing financial instruments is as follows:

	2021	2020	2021	2020
	Effective rate (in Percentage)		Carrying amount (Rupees)	
40.4.2 (a) Financial Instruments				
<u>Financial liabilities</u>				
<i>Fixed rate instruments:</i>				
Long term loan	1.50 - 3.75	1.50 - 3.25	7,014,895,751	6,055,951,935
<i>Variable rate instruments:</i>				
Long term loan	7.24 - 14.49	7.89 - 16.22	9,343,173,027	9,234,718,087
Short term borrowings	1.00 - 13.75	1.88 - 15.21	6,007,110,905	11,537,224,217
<u>Financial assets</u>				
<i>Variable rate instruments:</i>				
Advance to associated company	8.82 - 9.03	9.86 - 15.31	3,361,379,821	2,733,701,707
Saving accounts	0.15 - 5.50	10.00 - 11.65	50,636	50,133

**40.4.2 (b) Fair value sensitivity analysis for fixed rate instruments**

The Company does not account for any fixed rate financial assets and liabilities at fair value through statement of profit or loss. Therefore a change in interest rates at the reporting date would not affect statement of profit or loss.

40.4.2 (c) Cash flow sensitivity analysis for variable rate instruments

A change of 100 basis points in interest rates at the reporting date would have increased/ (decreased) profit or (loss) for the year by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency rates, remain constant.

	Profit or loss	
	100 bps Increase	100 bps Decrease
	----- Rupees -----	
As at 30 June 2021	153,502,333	(153,502,333)
As at 30 June 2020	212,344,921	(212,344,921)

The sensitivity analysis prepared is not necessarily indicative of the effects on profit for the year and assets/liabilities of the Company.

40.4.2 (d) Interest rate risk management

The Company manages these mismatches through risk management strategies where significant changes in gap position can be adjusted. The Company's significant borrowings are based on variable rate pricing that is mostly dependent on Karachi Inter Bank Offer Rate ("KIBOR") as indicated in respective notes.

40.5 Other price risk

Other price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk). The Company is exposed to equity price risk because of investments held by the Company and classified on the statement of financial position at fair value through profit or loss and fair value through OCI. To manage its price risk arising from investments in equity securities, the Company diversifies its portfolio within the eligible stocks in accordance with the risk investment guidelines approved by the investment committee.

Sensitivity analysis

The table below summarizes the Company's equity price risk as of 30 June 2021 and 2020 and shows the effects of a hypothetical 10% increase and a 10% decrease in market prices as at the year end. The selected hypothetical change does not reflect what could be considered to be the best or worst case scenarios. Indeed, results could be worse because of the nature of equity markets and the aforementioned concentrations existing in the Company's equity investment portfolio.

2021				
	Fair value	Price change	Estimated fair value after change in prices	Increase (decrease) in profit or (loss)/ equity
-----Rupees-----				
Financial assets at fair value through profit or loss	175,950,000	10% increase	193,545,000	17,595,000
		10% decrease	158,355,000	(17,595,000)
Financial assets at fair value through OCI	2,567,967,251	10% increase	2,824,763,976	256,796,725
		10% decrease	2,311,170,526	(256,796,725)
	<u>2,743,917,251</u>			
2020				
	Fair value	Price change	Estimated fair value after change in prices	Increase (decrease) in profit or (loss)/ equity
-----Rupees-----				
Financial assets at fair value through profit or loss	163,587,600	10% increase	179,946,360	16,358,760
		10% decrease	147,228,840	(16,358,760)
Financial assets at fair value through OCI	1,717,188,503	10% increase	1,888,907,353	171,718,850
		10% decrease	1,545,469,653	(171,718,850)
	<u>1,880,776,103</u>			

40.6 Operational risk

Operational risk is the risk of direct or indirect loss arising from a wide variety of causes associated with the Company's processes, personnel, technology and infrastructure, and from external factors other than credit, market and liquidity risks such as those arising from legal and regulatory requirements and generally accepted standards of corporate behavior. Operational risks arise from all of the Company's operations.

The Company's objective is to manage operational risk so as to balance the avoidance of financial losses and damage to the Company's reputation with overall cost effectiveness and to avoid control procedures that restrict initiative and creativity.

The primary responsibility for the development and implementation of controls to address operational risk is assigned to senior management within the Company. This responsibility is supported by the development of overall Company standards for the management of operational risk in the following areas:

- requirements for appropriate segregation of duties, including the independent authorization of transactions
- requirements for the reconciliation and monitoring of transactions
- compliance with regulatory and other legal requirements
- documentation of controls and procedures
- requirements for the periodic assessment of operational risks faced, and the adequacy of controls and procedures to address the risks identified
- development of contingency plans
- training and professional development
- ethical and business standards
- risk mitigation, including insurance where this is effective

41 Capital management

The Board of Directors' policy is to maintain an efficient capital base so as to maintain investor, creditor and market confidence and to sustain the future development of its business. The Board of Directors monitors the return on capital employed, which the Company defines as operating income divided by total capital employed. The Board of Directors also monitors the level of dividends to ordinary shareholders.

The Company's objectives when managing capital are:

- i) to safeguard the entity's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders; and
- ii) to provide an adequate return to shareholders.

The Company manages the capital structure in the context of economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, issue new shares, or sell assets to reduce debt.

The Company monitors capital on the basis of the gearing ratio - calculated as a ratio of total debt to capital employed.

41.1 Gearing ratio as at 30 June 2021 and as at 30 June 2020 are as follows:

	2021	2020
	Rupees	Rupees
		<i>Restated</i>
Total debt	22,737,198,969	27,416,258,607
Total equity including revaluation surplus	34,697,283,259	20,679,706,523
Total capital employed	<u>57,434,482,228</u>	<u>48,095,965,130</u>
Gearing ratio	40%	57%

Total debt comprises of long term financing from conventional banks, long term musharika including current portion of long term borrowings, short term borrowings, accrued mark up and lease liability.

There were no changes in the Company's approach to capital management during the year. The Company is not subject to externally imposed capital requirements, commonly imposed by the providers of debt finance.

42 Reconciliation of movement of liabilities to cash flows arising from financing activities

	2021					
	Long term financing	Long term musharika	Short term borrowing	Lease liability	Unclaimed dividend	Accrued markup
	----- Rupees -----

46 Segment reporting

46.1 Reportable segments

The management has determined the operating segments of the Company on the basis of products produced.

The Company's reportable segments are as follows:

- Spinning segment - production of different qualities of yarn using natural and artificial fibers
- Weaving segment - production of different qualities of fabric using yarn

Information regarding the Company's reportable segments is presented below. Performance is measured based on segment profit before tax, as management believes that such information is the most relevant in evaluating the results of certain segments relative to other companies that operate within these industries.

46.2 Information about reportable segments

	Spinning		Weaving		Total	
	2021	2020	2021	2020	2021	2020
	----- Rupees -----					
External revenues	44,062,172,290	32,812,134,622	8,070,070,360	6,901,600,314	52,132,242,650	39,713,734,936

Cost of sales	(41,236,901,104)	(32,833,170,773)	(2,890,351,821)	(2,319,330,566)	(44,127,252,925)	(35,152,501,339)
Intersegment cost of sales	(12,693,783)	(9,970,700)	(4,536,325,061)	(4,086,456,573)	(4,549,018,844)	(4,096,427,273)
Selling and distribution expense	(291,405,823)	(314,035,329)	(80,288,059)	(68,306,673)	(371,693,882)	(382,342,002)
Administrative expenses	(356,733,249)	(305,380,348)	(47,460,956)	(40,623,333)	(404,194,205)	(346,003,681)
Other expense	(684,989,788)	(625,679,074)	(1,017,081)	(5,093,757)	(686,006,869)	(630,772,831)
Other income	861,251,656	681,333,821	-	3,592,098	861,251,656	684,925,919
Finance cost	(1,610,627,727)	(2,638,558,721)	(184,063,941)	(306,229,073)	(1,794,691,668)	(2,944,787,794)
Profit before taxation	5,266,397,533	853,130,071	343,257,224	89,123,137	5,609,654,757	942,253,208

46.2.1 The accounting policies for disclosure of the reportable segments are the same as the Company's accounting policies described in note 4.22 to the financial statements. Expenditures are allocated on the basis of actual amounts incurred for the segments. This is the measure reported to management for the purposes of resource allocation and assessment of segment performance.

**46.2.2 Reconciliation of reportable segment revenues and profits**

	2021 Rupees	2020 Rupees <i>Restated</i>
Total revenue from reportable segments	56,681,261,494	43,810,162,209
Elimination of inter segment revenue	(4,549,018,844)	(4,096,427,273)
	<u>52,132,242,650</u>	<u>39,713,734,936</u>
Statement of profit or loss		
Total profit of reportable segments	5,609,654,757	942,253,208
Share of loss from associates	(46,877,170)	(884,391,203)
Taxation for the year	(131,020,878)	(627,358,059)
	<u>5,431,756,709</u>	<u>(569,496,054)</u>

46.3 Segment assets and liabilities

46.3.1 Reportable segments' assets and liabilities are reconciled to total assets and liabilities as follows:

	Spinning	Weaving	Total
	----- Rupees -----		
For the year ended 30 June 2021			
Segment assets for reportable segment	49,452,467,472	4,434,143,165	53,886,610,637
Unallocated corporate assets			13,237,494,978
Total assets as per statement of financial position			<u>67,124,105,615</u>
Segment liabilities for reportable segment	-	-	-
Unallocated corporate liabilities	-	-	32,426,822,356
Total liabilities as per statement of financial position			<u>32,426,822,356</u>
For the year ended 30 June 2020			
Segment assets for reportable segment	38,735,658,236	3,964,887,260	42,700,545,496
Unallocated corporate assets	-	-	12,495,220,960
Total assets as per statement of financial position			<u>55,195,766,456</u>
Segment liabilities for reportable segment	-	-	-
Unallocated corporate liabilities	-	-	34,516,059,933
Total liabilities as per statement of financial position			<u>34,516,059,933</u>

For the purposes of monitoring segment performance and allocating resources between segments

- all assets are held under unallocated corporate assets except property, plant and equipment, stores spares and loose tools, and stock in trade which are allocated to reportable segments; and
- all liabilities are held under unallocated corporate liabilities.

Bangladesh		88,453,919	36,664,916
Belgium		78,485,602	80,082,041
Poland		101,904,716	34,564,262
Colombia		249,368,868	183,437,658
Malaysia		106,666,443	66,134,136
Others		733,195,727	219,707,725
Indirect exports	29.1	8,703,504,336	2,528,874,298
		21,572,555,247	14,430,502,525

47.1.1 All export sales during the year other than indirect are secured against letter of credit.

**48 Capacity and production****2021****2020****Spinning:**

Number of spindles installed		252,564	252,564
Number of rotors and MVS spindles installed		4,548	4,548
<i>Number of shifts worked</i>		1,094	1,067
Number of spindles - <i>shifts worked</i>		276,305,016	269,485,788
Capacity at 20's count	<i>Kgs.</i>	111,996,087	112,302,925
Actual production of all counts	<i>Kgs.</i>	102,200,664	96,314,856
Actual production converted into 20's count	<i>Kgs.</i>	117,013,976	109,191,935

It is difficult to describe precisely the production capacity in spinning mills since it fluctuates widely depending on various factors such as count of yarn spun, spindles speed, twist and raw materials used etc. It also varies according to the pattern of production adopted in a particular year.

2021**2020****Weaving:**

Number of looms installed		224	224
Number of looms worked		224	224
Number of shifts worked		1,094	1,067
Standard cloth production	<i>Mtr.</i>	49,253,543	46,985,843
Actual cloth production	<i>Mtr.</i>	45,638,333	43,537,082

It is difficult to describe precisely the production capacity in weaving mills since it fluctuates widely depending on various factors such as count of yarn weaved, loom speed, reed change and raw materials used etc. It also varies according to the pattern of production adopted in a particular year.

**49 Non adjusting event after statement of financial position date****a) Cash dividend**

The Board of Directors of the Company in their meeting held on 30 September 2021 have proposed a final cash dividend of Rs. 10 per share (2020: Rs. nil per share), in addition to Rs. 20 per share interim dividend already paid, for the year ended 30 June 2021 held for approval of the members in the Annual General Meeting to be held on 27 October 2021.

b) Others

The Board of Directors of the Company in their meeting held on 30 September 2021 have approved the acquisition of M/s Imperial Textile Mills Limited ('the acquiree') by way of purchase of its 100% ordinary shares for a total consideration amounting to Rs. 375 million, including payment of outstanding liabilities of the acquiree. At the time of authorization of these financial statements, no payment has been made and the management is in the process of finalization of the transaction to obtain control of the business.

50 Date of authorization for issue

These financial statements were authorized for issue on 30 September 2021 by the Board of Directors of the Company.

51 General

51.1 Figures have been rounded off to the nearest Rupee, except stated otherwise.

51.2 Corresponding figures have been rearranged and reclassified, where necessary, for the purpose of comparison and better presentation as per reporting framework.
