CHAIRMAN'S REVIEW REPORT

While Covid-19 continues to dominate & influence our thinking, planning and actions universally in the government, corporate and socio-economic realm, the advent of several successful vaccines has brought hope and optimism for the future. Hence the universal aggressive vaccine role out and its beneficial impact raises hope for an early revival of economic and social life to prepandemic times. Our country too is steadily on this path as it increasingly becomes the beneficiary of multiple vaccines from several sources.

Irrespective of the fact that the third wave of the pandemic once again disrupted your companies sales at the particular point when our robust summer season recovery takes place, your company's management, with a sharp focus on managing the vicissitudes of a continually changing Supply-Chain & logistics environment, maneuvered adeptly to draw advantage for the company wherever the situation permitted. Thus, despite a challenging year, your company was able to post a profit and come back into positive territory to partially remedy the woes of the prior year.

Meanwhile, I am pleased to note that the company continues to fulfill all it's financial obligations to creditors and progresses to reduce its long term debts with banks. Concrete steps have also been undertaken to reduce the company's liabilities towards employees by adequately safeguarding their interests and meeting various ongoing covenants.

Your company is in full compliance with all the legal and statutory obligations as per the Code of Corporate Governance (CCG) under the watchful eye of the board of directors, which meets regularly to give guidance and set targets, as well as monitors the results thereof. The board's committees also meet regularly with management and update the board with the progress made in respect of their directives and recommendations.

A strong corporate culture of transparency and accountability has effectively taken root in the company's management and systems, which bodes well for it's successful performance in a challenging economic environment.

AMAR ZAFAR KHAN

Chairman of the Board of Directors

چينرمين جانزه رپورث

اگرچہ عالمی سطح پر کووڈ 19 حکومتی، تجارتی اور سماجی و معاشی تناظر میں ہماری سوچ، منصوبہ بندی اور اقدامات پر حاوی اور اثر انداز ہے لیکن متعدد کامیاب ویکسینوں کی آمد نے مستقبل کے لیے بہتری اور امیدکی کرن پیدا کی ہے۔ لہذا عالمی سطح پر تیزی سے ویکسین کی فراہمی اور اس کے فائدہ مند اثر نے معیشت اور سماجی زندگی کی وباء سے پہلے کی حالت میں جلد واپسی کی امید میں اضافہ کیا ہے۔ متعدد ذرانع سے متعدد ویکسینیں ملنے کی وجہ سے ہمارا ملک بھی اس راستےپر مسلسل گامزن ہے۔

اس حقیقت سے قطع نظر کرتے ہوئے کہ وبائی مرض کی تیسری لہر نے ایک بار پھر خاص طور پراسوقت آپ کی کمپنی کی فروخت میں خلل ڈالا جب ہماری موسم گرما کی مضبوط فروخت متوقع ہوتی ہے، آپ کی کمپنی انتظامیہ نے سپلائی چین اور لاجسٹکس کے مسلسل بدلتے حالات سےنمٹنے پر گہری توجہ مرکوز رکھتے ہوئے جب بھی صورتحال نے اجازت دی تو اسوقت کمپنی کے لیے ہوشیاری سے فائدہ حاصل کرنے کی کوشش کی۔ لہذا مشکل سال ہونے کے باوجود، آپ کی کمپنی نفع حاصل کرنے میں کامیاب رہی اور گذشتہ سال ہونے والے نقصانات کے جزوی از الے کے لیے مثبت مقام پر واپس آنے میں کامیاب رہی۔

دریں اثناء مجھے یہ دیکھ کر خوشی ہونی کہ کمپنی قرض دہندگان کے سلسلے میں اپنی تمام تر مالی ذمہ داریوں کو پورا کرتی رہی ہے اور بینکوں کے ساتھ اپنے طویل المدت قرضوں کو کم کرنے کے لیےپیشرفت کرتی رہی ہے۔ ملازمین کے سلسلے میں کمپنی کے واجبات کو کم کرنے کے لیے ٹھوس اقدامات بھی کیے گنے ہیں تاکہ ان کے مفادات کی مناسب حفاظت کی جاسکے اور مختلف جاری معاہدوں کو پورا کیا جاسکے۔

آپ کی کمپنی بورڈ آف ڈائریکٹرز کی زیر نگرانی کارپوریٹ گورننس کے ضابطے (CCG) کے مطابق تمام قانونی اور آئینی ذمہ داریوں کی مکمل تعمیل کرتی رہی ہے ۔ بورڈ رہنمانی دینے اور اہداف مقرر کرنے کے لیے باقاعدگی سے اجلاس کرتا ہے اور اس سلسلے میں نتائج پر نظر رکھتا ہے۔ بورڈ کی کمیٹیاں انتظامیہ کے ساتھ بھی باقاعدگی سے ملتی ہیں اور بورڈ کی ہدایات اور سفارشات کے حوالے سے ہونے والی پیشرفت کے متعلق بورڈ کو آگاہ کرتی ہیں۔

شفافیت اور جوابدہی کےایک مضبوط کارپوریٹ کلچر نے مؤثر طریقے سے کمپنی کے انتظام اور نظام میں جڑ پکڑ لی ہے ، جو کہ ایک مشکل معاشی ماحول میں اسکی کامیاب کارکردگی کے لیے بہتر ہے.

DIRECTORS' REPORT

The Board of directors of EcoPack Limited is pleased to present the Directors' Report and the annual audited financial statements of the company alongwith the Auditor's Report thereon for the year ended 30th June 2021:

OVERVIEW

The first COVID wave of infections rocked the economy of the country in March/April 2020 in the previous financial year, followed by the 2nd infectious wave around September 2020 and the 3rd deadly wave of the highly transmissible Delta variant in Q4 of the outgoing financial year ended 2021.

The ensuing lockdowns and market closures again disrupted and negatively impacted the usual high summer sales and strong volumes expected in the last quarter. Although the vaccine role out had commenced in Pakistan, it was slow and very limited due to lack of vaccine availability. Thus, despite significant reductions in interest rates and lower prices of crude oil, the slowdown in the economy due to intermittent lockdowns, closure of educational institutions, wedding halls and markets, plus temporary bans on inter-city travel, resulted in lower beverage consumption and

consequent sales. Most of the Beverage companies indicated negative to stagnant sales over the corresponding previous year.

Electricity rates increased by 10 – 15 % over last year, as did inland truck freight rates by over 13%. Despite the sharp rise in the prices of your Company's raw and packing materials, your management took timety steps and managed supply-chain arrangements to substantially contain runaway inflation due to the impact of a commodity super-cycle in petrochemicals internationally. This spike was further exacerbated by shipping costs and sea freight shooting up by 2 to 3 times of normal freight due to an acute shortage of cargo containers caused by logistical problems during the ongoing Pandemic worldwide. However, we were able to mitigate some of the negative impact by prompt and effective Supply-Chain arrangements resulting in

considerable savings for your company.

Furthermore, in the face of difficult low growth and slow market conditions, your company pursued a policy of competing aggressively and enhancing Preform sales to offset a small decline in Bottle sales. However, the recently added 'large containers & bottles project' witnessed an increase of nearly 63% compared to the previous year, as new customers were successfully added to the company's order book. This is an exciting new market for your company and we expect exponential growth in this segment because of the distinctly superior manufacturing technology and quality of our products compared to our competition.

DIRECTORS' REPORT

SALES & FINANCIAL HIGHLIGHTS

Topline revenue increased from Rs. 3.05 billion to Rs. 3.10 billion as compared to the previous year i.e., an increase of 2%. This sales growth was achieved by virtue of an increase in Preforms sales by 9% in unit terms, however, quantity of Bottles sales decreased by 5%. Preforms sales volume increased by 6% in value terms while Bottles sales decreased by 5% in value against the prior year. A huge increase in Gross profit has been achieved i.e., from Rs. 148 million to Rs. 302.59 million as compared to the last financial year 2020, i.e., an increase of Rs. 154.63 million reflecting 105% growth. Similarly, Operating profit of Rs. 159.16 million has been earned against a meagre operating profit of Rs. 12.33 million last year. There is a significant turnaround in the Operating profit by Rs. 146.83 million mainly due to the higher volumes of Preforms sale, Large Container sale and other gains from beneficial supply-chain measures.

Financial charges significantly decreased by 41% i.e., from Rs. 157.21 million to Rs. 92.65 millionareduction of Rs. 64.55 million against last year. The main reason of this decrease is the reduction in KIBOR by 41% due to a huge reduction in SBP's policy rate as compared to the previous year. Your management also obtained a decrease in mark-up spread ranging from 25 BPS to 50 BPS from its lending banks, which also contributed to a reduction in overall borrowing costs.

Pre-tax profit is recorded at Rs. 66.50 million against a pre-tax loss of Rs. 144.88 million as compared to last year - an improvement of Rs. 211.38 million. However, Post-tax profit comes to Rs. 46.11 million against a post-tax loss of Rs. 103.7 million last year. Thus, your Company has recorded an improvement in the bottom line by 144% i.e., by Rs. 150.453 million.

Earnings per share (basic and diluted) for the financial year ended June 30, 2021 is Rs. 1.21 per share against loss per share of Rs. 2.72 for the corresponding last year.

FUTURE OUTLOOK

On account of the timely investments in capacity enhancements undertaken by your company in the last 2-3 years, our business is well diversified and balanced to effectively meet the anticipated customer demand for packaging products in three streams: (1) Preforms for customers in the CSD and bottled water market (2) Regular bottles for CSD, Syrups & Squashes, etc. and (3) Large containers for Edible Oil and jumbo Water bottles/containers. As consumer demand grows on the back of a rising young demographic population, your company's investments in capacity and new products/sectors is beginning to pay off, bringing increasing stability to future plans and cashflows.

As the world looks to sources of clean renewable energy to meet its needs, your company too is embarking on a small pilot project in Solar energy to test the waters before scaling up to meet the bulk of its energy requirements. In the face of a rising 'Circular Debt' in the energy sector and volatility due to increasing crude oil and gas prices, your company's management is determined to find cost-effective solutions to drive its future growth plans. Low cost viable technologies & solutions are a priority to enable the company to remain a reliable & competitive vendor to the dynamic Food and Beverage (F&B) industry demanding improved and competitive packaging to enhance its consumer base.

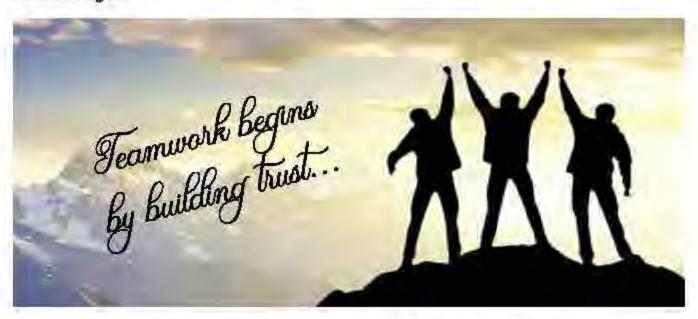

DIRECTORS' REPORT

RISKS

New and unexpected variants of the Covid-19 virus remain a threat to disruptions in the economy as the vaccine role out picks up speed in the country. The business-related Travel and Hospitality industry continues to real from the effects of the Pandemic, however, a silver lining has been witnessed in a surge in local tourism due to restrictions on foreign travel.

The recent depreciation of the PKR versus the USD/hard currencies and the increase in Crude Oil prices pose a substantial inflationary risk to all business & industry as this is a fundamental denominator of costs across the board. The GOP's handling of the ubiquitous energy related 'Circular Debt' remains a key threat to achieving efficiencies in our manufacturing cost base.

The geo-political situation on our western borders is fluid after the USA's recent unceremonious departure from Afghanistan. However, if the situation is controlled and managed sensibly by regional players, it could augur well for the much anticipated "dividends of peace" for the benefit of the entire region.

For & on behalf of the Board of Directors

ASAD ALI SHEIKH DIRECTOR HUSSAIN JAMIL Chief Executive Officer Sectember 25, 2021

دُائر يكس رزر يورك:

ا یکو پیک لمیٹڑ کے بورڈ آف ڈائر بکٹرز کی جانب سے 30 جون 2021 کو ختم ہونے والے سال کے لیے آڈیٹرز کی رپورٹ کے ہمراہ ڈائر بکٹرز کی رپورٹ اور سمپن کے سالانہ آڈٹ شدہ ہالیاتی گوشواروں کو اِنتہائی مسرت سے پیش کیا جارہاہے:

عموى جائزه

پچھلے مالی سال کے مارچ/ اپریل 2020 میں کروناوباء کی پہلی لہرنے مکی معیشت کو ہلا کرر کھ دیا جس کے بعد تقریباً ستمبر 2020 میں دوسری لہر آئی اور 2021 میں ختم ہونے والے مالی سال کی چوتھی سہ ماہی میں شدت سے پھیل سکنے والے وائرس کی ڈیلٹا قشم کی تیسری تباہ کن لہر آئی۔

جاری لاک ڈاون اور مارکیٹوں کی دوبارہ بندش نے موسم گرما میں عام طور پر ہونے والی زیادہ فروخت اور گذشتہ سہ ماہی میں متوقع بڑے جم میں رکاوٹ ڈالتے ہوئے اسے بری طرح متاثر کیا۔ اگر چہ پاکستان میں ویکسین لگناشر وع ہو پھی ہے لیکن ویکسین کی عدم دستیابی کی دجہ سے یہ آہتہ اور محدود عمل تھا، لہذا سود کی شرح اور خام تیل کی قیمتوں میں واضح کی رونماہونے کے باوجود، وقفے وقفے سے لاک ڈاون، تعلیمی اداروں /شادی ہالوں و بازاروں کی بندش و شہر وں کے مابین سفر پر پابند یوں کے نتیج میں مشروبات کی کھیت میں کمی ہوئی اور فروخت متاثر ہوئی۔ زیادہ تر مشروبات ساز کمپنیوں کی گذشتہ سادی سال کی نسبت اس دوران فروخت میں یا تو کی واقع ہوئی یا کوئی اضافہ نہیں ہوا۔

گذشتہ سال بکل کی قیمتیں 10 سے 15 فیصد تک بڑھیں اور اس طرح اندرون ملک ٹرک کے کرایوں میں 13 فیصد تک کا اضافہ ہوا۔ آپی سمبنی کے خام و پیکنگ میٹریل کی قیمتوں میں تیز اضافے کے باوجو و، آپ کی سمبنی نے بین الا قوامی طور پر پیٹر و کیمیکلز کی مارکیٹ میں جنس وار سپر سائنگل سے پڑنے والے فرق کی نتیجے میں بیٹریل کی قیمتوں میں تینیل انگوں اور سمندری کر ایوں میں بیٹریل کی پرواضح قابو پانے کے لیے بروفت اقد امات کے اور سپلائی چین کے سلسلے میں انظامات کیے۔ اس اضافے میں تر سپلی لاگوں اور سمندری کر ایوں میں عام کرائے سے 2 تا 3 گنازیادہ اضافے کے نتیجے میں مزید اضافہ ہوا کیونکہ و نیا بھر میں پھیلی وباء کے دوران نقل و حمل کے مسائل کی وجہ سے کارگو کنٹیز زک وستیابی میں شدید کی رونماہوئی تھی۔ تاہم ، ہم سپلائی چین کے فوری اور موثر اقد امات کی وجہ سے چند منفی اثر ات میں تخفیف کرنے کے قابل رہے جس کے نتیج میں آگی کمپنی کے لیے خاطر خواہ بچتیں ہو میں۔

علاوہ ازیں، مشکل ترین کم نشونما اور ست روی کے شکار مارکیٹ کے حالات کی موجو وگی میں، آپی کمپنی نے بوتلوں کی فروخت میں معمولی کی کو پورا کرنے کے لیے جار حانہ طور پر شامل کر دہ "بڑے ڈبوں اور بوتلوں کے منصوبے " میں گذشتہ سال کی نسبت تقریباً 63 فیصد اضافہ ہوا کیو تکہ آپی کمپنی کی آرڈر بک میں نے صارفین کو کامیابی سے شامل کیا گیا تھا۔ یہ آپ کی کمپنی کے لیے ایک ولچسپ گذشتہ سال کی نسبت تقریباً 63 فیصد اضافہ ہوا کیو تکہ آپی کمپنی کی آرڈر بک میں نے صارفین کو کامیابی سے شامل کیا گیا تھا۔ یہ آپ کی کمپنی کے لیے ایک ولچسپ نئی مارکیٹ ہے اور ہم پیداوار کے لیے واضح طور پر بہتر ٹیکنالوجی اور اپنے مسابقت کاروں کی نسبت ہماری مصنوعات کے معیار کی وجہ اس میدان میں واضح ترقی کی توقع کرتے ہیں۔

فروخت اور مالیات کے اہم نکات

مالیاتی اخراجات واضح طور پر 41 فیصد کم ہوئے بینی 157.21 ملین روپوں سے گھٹ کر 92.65 ملین روپے ہوئے اور اس طرح گذشتہ سال کی نسبت 64.55 ملین روپے کی کمی رو نماہوئی۔ اس کمی کی بنیادی وجہ پچھلے سال کی نسبت اسٹیٹ بینک آف پاکستان کی جانب سے پالیسی ریٹ میں زبر وست کمی کی وجہ سے کا بحر میں 41 روپے کی کمی رو نماہوئی۔ اس کی کی بنیاو میں قرضے ویے والے بینکوں سے 25 بی پی ایس سے 50 بی پی ایس کی حد تک کی لائی اور اس سے بھی مجموعی قرضے کی لاگتوں میں کی ہوئی۔

گذشتہ سال ہونے والے 144.88 ملین روپوں کے قبل از نیکس نقصان کی نسبت اس سال قبل از نیکس نفع 66.50 ملین روپے دیکھنے میں آیا اور اس طرح گذشتہ سال 103.70 ملین روپے کا نقصان تھا۔اس طرح آپ کی سمپنی دوپوں کی بہتری آئی۔لیکن بعد از نیکس نفع 46.11 ملین روپے رہاجو کہ گذشتہ سال 103.70 ملین روپے کا نقصان تھا۔اس طرح آپ کی سمجی نے مجل سطح سے 144 فیصد یعن 150.453 ملین روپوں کی بہتری و تکھی۔

30 جون 2021 کو ختم ہونے والے مالی سال میں فی شیئر (بنیادی و ڈیلوٹیٹر) آمدن 1.21 روپے رہی جبکہ گذشتہ سال اس مدت کے دوران 2.72 روپے فی شیئر نقصان ہوا تھا۔

متنقبل کے امکانات

گذشتہ دو تین سالوں کے دوران آپکی کمپنی کی جائب سے پیداواری صلاحیتوں میں اضافے کے لیے کی جانے والی بروقت سرمایہ کاریوں کے بیتیج میں، ہماراکاروبار
تین طرح کی پکینگ پراڈکٹس کے سلسلے میں صارفین کی متوقع طلب کواچھی طرح پوراکرنے کے لیے کثیر الجبتی اور توازن سے تیار ہے: (1) ہی ایس ڈی اور بو ال
بند پانی کی مارکیٹ میں صارفین کے لیے پریفار مز، (2) ہی ایس ڈی، سیر پس اور مشروبات وغیرہ کے لیے با قاعدہ بو تلیں۔ اور (3) کھانے کے تیل اور پانی کی بڑی
بو تلوں / ڈیوں کے لیے برطتی ہوئی نوجوان آبادی کی وجہ سے صارفین کی طلب میں اضافے کے بعد، پیداواری صلاحیتوں میں اضافے کے سلسلے میں آپکی کمپنی
کی جانب سے کی جانے والی سرمایہ کاری کافائدہ ملنا شروع ہو گیا ہے اور اس سے مستقبل کے منصوبوں اور نفذی کے بہاو میں استحکام بڑھ رہا ہے۔

جبکہ وہائین خروریات کو پودا کرنے کے لیے صاف قائل تجرید توانائی کے ذرائع طاش کرری ہے، آپ کی کمپنی بھی ضمی توانائی کے ایک چوٹے اڑھائٹی مصوبے پرکام کردی ہے، آپ کی کمپنی بھی ضمی توانائی کے ایک چوٹے اڑھائٹی مصوبے پرکام کردی ہے تاکہ توانائی کی این بڑی خروریات کو پودا کرنے ہے تھی یائی کی گھر آئی ہی ایک قوائد و مشعر اس کا اندازہ لگا جا سکت توانائی کی شیعے بن بڑھتے ہوئے کرد شی قرصے اور خام جن و گھیں کی تیمی میں اضافے کی وجہ ہے ہوئے دالے تھیر کے تناظری ، آپ کی کمانی اپنے مستقبی میں ترقی کے مضوبوں کو چار نے کے موٹر ہو اگرت میں طاق کر ہے ہے ہوئے کہ انہائی تھی گھر کے تناظری ، آپ کی کمانی ایک مستقبی میں اور دائے و مرد دیا ہے کہ موٹر دیا ہے ہوئے کی موٹر دیا ہے۔ کہ موٹر دیا ہے کہ موٹر دیا ہے کہ موٹر دیا ہے کہ موٹر دیا ہے کہ انہائی کہ موٹر دیا ہے کہ موٹر دیا ہے کہ انہائی میں انہائی کے موٹر دیا ہے کہ موٹر دیا ہے کہ انہائی کہ انہائی کہ انہائی کردی ہے ، میں ماکھ کی حال ایک مسابقت کار کمٹنی ہے موٹر کے معدد سے میدان میں جو کہ اپنے سار فین میں اضافے کے لیے گئڑ اور مسابقتی پیٹنگ طلب کردی ہے ، میں ماکھ کی حال ایک مسابقت کار کمٹنی ہے

خطرات

کوریڈ-19 وائرس کی ٹی اور غیر متوقع اقدام معیشت بیل رکاوٹوں کے لئے علوہ ٹی ہو آبائیں کیونکہ ویکینین کا کروار ملک بیل جیزی سے بڑھ رہا ہے۔ کاروباد سے متعلق فراول ایٹڈ پاکیٹلٹی انڈسٹری وہا کے اثرات سے دوباد ہے تاہم خیر کھی سٹر پر پاینٹریوں کی وجہ سے مقامی سیاحت بیل امید ک کرن دیکھنے بیل آئی ہے۔

امریکی ڈالراور مستقام کرنسیوں کے مقابلے بنی پاکستانی روپے گی قدر میں رو تمامونے والی کی اور خام تیل کی قینوں میں اشافے نے تمام کاروباروں اور صنعتوں کے لیے مہتکائی میں خاطر خواہ امندانے کی بھٹی بیجاد روائزی سے متعلقہ کے مہتری کے متعلقہ کروشی قرضے کو سنجالا دیتا تماسے پیدا واری عمل کی بنیادی لاگٹری کے ممل کے لیے ایک اہم محطرہ رہاہے۔

افغانستان سے امریکا کے مالیہ اچانک انتخاء کے بعد ہاری مغربی سرحدول پر جغرافیائی سیای صور تھال خیر بھنی ہے۔ تاہم علاقائی کھلاڑیوں کی جانب سے اس صور تھال کو سمجداری کے ساتھ سنجالنے کی صورت ہیں یہ تمام ترفیط کے فائدے کے احتیائی مطلوب "امن کے قوائد" مامسل کرنے کے لیے بہتر ٹابت ہو سکتے۔۔

AUDITORS:

Auditors M/s KPMG Taseer Hadi & Co., Chartered Accountants were appointed as auditors for the year ended June 30, 2021. The auditors will retire on the conclusion of the upcoming Annual General Meeting of the Company, and being eligible, have offered themselves for reappointment for the year ending June 30, 2021.

The Board has recommended appointment of M/s A.F. Ferguson & Co. Chartered Accountants as external Auditors of the Company for the upcoming financial year to the AGM for approval. The recommendation is made in pursuance of Board's understanding of changing auditors every 3 years.

* As per section 188 of the Companies Act, 2017, The chief executive shall if he is not already a director of the company, be deemed to be its director and be entitled to all the rights and privileges, and subject to all the liabilities, of that office. Mr. Mohammad Raza Chincy was appointed as Chief Executive Officer (CEO) on June 16, 2021, following the resignation of Mr. Hussain Jamil and accordingly deemed as a director. Mr. Hussain Jamil was reappointed as CEO of the Company on July 1, 2021.

ASAD ALI SHEIKH Director

8. بورڈ نے ڈانریکٹرز کی معاوضہ پالیسی کی منظوری دے دی ہے؛ اہم خصوصیات درج ذیل ہیں:

بورڈ آف ڈانریکٹرز وقتاً فوقتاً بورڈ اراکین کے لیے بورڈ میٹٹگز میں شمولیت کے عوض معاوضے کا تعین کرے گا
اور منظوری دے گا۔ اس طرح کا معاوضہ معقول اور ذمہ داری کے مطابق اور بورڈ آف ڈانریکٹرز کے اراکین کی
مہارت کے مطابق ہونا چاہیئے اور اس کا مقصد ایسے اراکین کے لیے کشش پیدا کرنا اور انہیں منسلک رکھنا ہے
جن کی کمپنی کو کامیابی سے چلانے اور قدری اضافے کے لیے ضرورت ہے۔

بورا أف ڈائریکٹرز کا کوئی اکلوتا رکن اپنے معاوضے کا خود تعین نہیں کرے گا۔

بورڈ اور کمیٹی کے اجلاسوں میں شرکت کے لئے ڈائریکٹرز (آزاد اور غیر ایگزیکٹو) کو فیس ادا کی جاتی ہے اور بورڈ نے اس کی منظوری دے دی ہے۔ وہ اس طرح کے اجلاس میں شرکت کے لئے بورٹنگ، قیام اور سفر کی وجہ سے ہوئے والے اخراجات کی ادائیگی حاصل کرنے کے بھی حقدار ہیں۔ سال کے دوران ڈائریکٹرز کو ادا کی جانے والی کل رقم منسلک مالیاتی گوشواروں کے نوٹ 36 میں ظاہر کی گئی ہے۔

9. بورڈ نے ذیل میں دینے گئے اراکین پر مشتمل کمیٹیاں تشکیل دی ہیں:

a) آڈٹ کمیٹی

INDEPENDENT AUDITORS' REVIEW REPORT

TO THE MEMBERS OF ECOPACK LIMITED
REVIEW REPORT ON THE STATEMENT OF COMPLIANCE CONTAINED IN
LISTED COMPANIES (CODE OF CORPORATE GOVERNANCE) REGULATIONS, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of Ecopack Limited for the year ended 30 June 2021 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out procedures to assess and determine the Company's process for identification of related parties and that whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compilance does not appropriately reflect the Company's compilance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended 30 June 2021.

Further, we highlight below instances of non-compliance with the requirement of the Regulations as reflected in the note 7 where it is stated in the Statement of Compliance:

Reference

Description

I. Chapter III Regulation 12

We have noted that the Company has not circulated a copy of the draft minutes of two board meetings to the board members within fourteen days of the date of the meeting as required under section 178(4) of the Companies Act, 2017.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF ECOPACK LIMITED REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the annexed financial statements of Ecopack Limited (the Company), which comprise the statement of financial position as at 30 June 2021, and the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at 30 June 2021 and of the profit and other comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the Key audit matter:

S. No.	Key audit matter	How the matters were addressed in our audit
A.	Recognition of Revenue (Refer to note 4.10 to the financial statements) The Company is engaged in the production and sale of PET Preforms and PET Bottles. The Company recognized gross revenue from the sales of PET preforms of Rs. 2,025,987 thousand and from the sale of	Our audit procedures to assess the recognition of revenue, amongst others included the following: obtaining an understanding of the process relating to recognition of revenue and testing the design, implementation and operating effectiveness of key internal controls over recording of revenue;

PET bottles of Rs. 1,605,610 thousand for the year ended 30 June 2021.

We identified recognition of revenue as a key audit matter because revenue is one of the key performance indicators of the Company and gives rise to an inherent risk that revenue could be subject to misstatement to meet expectations or targets.

- comparing a sample of revenue transactions recorded during the year with sales orders, sales tax invoices, delivery challans / notes and other relevant underlying documents;
- comparing a sample of revenue transactions recorded around the year end with the sales orders, sales tax invoices, delivery challans / notes and other relevant underlying documents to assess if the related revenue was recorded in the appropriate accounting period;
- comparing the details of journal entries posted to revenue accounts during the year, which met certain specific risk-based criteria, with the relevant underlying documentation;
- assessing the appropriateness of the accounting policy for revenue recognition and comparing with the applicable accounting and reporting standards; and
- assessing the adequacy of disclosures related to revenue as required under applicable accounting and reporting standards.

Information Other than the Financial Statements and Auditors' Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report for the year ended 30 June 2021, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017(XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud
 or error, design and perform audit procedures responsive to those risks, and obtain audit evidence
 that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material
 misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve
 collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the
 disclosures, and whether the financial statements represent the underlying transactions and events in
 a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure

about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outwelgh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) no zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

The engagement partner on the audit resulting in this independent auditors' report is Risz Pesnani.

Chief Financial Officer

Chief Executive Officer

Notes to the Financial Statements

For the year ended 30 June 2021

1. STATUS AND NATURE OF BUSINESS

Ecopack Limited (the Company) is a limited liability Company incorporated in Pakistan and is listed on Pakistan Stock Exchange Limited. The registered office and manufacturing facility of the Company is located at Hattar Industrial Estate, Khyber Pakhtunkhwa. The principal business activity of the Company is manufacturing and sale of Polyethylene Terephthalate (PET) bottles and preforms for the market of Beverages and other liquid packaging industry.

Geographical location and address of business unit / plant:

Location	Address	Purpose
Hattar	Plot - 112,113, Phase V, Hattar Industrial Estate, Hattar, KPK	Registered office and factory
Rawalpindi	19, Citi villas Near High Court Road	Head Office
Lahore	5, 1st Floor Al Hafeez View Gulberg III	Sales & Marketing
Karachi	Suite # 306, 3rd Floor, Clifton Diamond, Block - 4, Clifton	Administration Office

2. BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act, 2017 (the Act), and
- provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.2 Basis of measurement

These financial statements have been prepared under the historical cost convention except for following items which are measured on an alternative basis on each reporting date.

Items	Measurement basis
Liabilities for cash-settled share-based	
payment arrangements	Fair Value
Net defined benefit liability	Present value of the defined benefit obligation
Property, plant and equipment	Revalued amount (land, building and owned
	machinery)

2.3 Functional and presentation currency

These financial statements are presented in Pakistan Rupees, which is the Company's functional currency. All amounts have been rounded to the nearest thousand, unless otherwise stated.

Notes to the Financial Statements

For the year ended 30 June 2021

2.4 Use of estimates and judgments

In preparing these financial statements, management has made judgements and estimates that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognized prospectively.

In particular, information about significant areas of estimation uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements is included in the following notes:

	Note
Useful life and residual values of property, plant and equipment	4.1
Provision for slow moving and obsolete stores, spares and loose tools	4.3.1 & 4.3.2
Provision for staff retirement benefits - key actuarial assumptions	4.7
Provision for taxation and recognition of deferred tax assets	4.8
Measurement of ECL allowance for trade receivables	4.5
Provisions and contingencies	4.13
,	Provision for slow moving and obsolete stores, spares and loose tools Provision for staff retirement benefits - key actuarial assumptions Provision for taxation and recognition of deferred tax assets Measurement of ECL allowance for trade receivables

2.5 Measurement of fair values

The Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has an established controlled framework with respect to the measurement of fair values. The management has overall responsibility for overseeing all significant fair value measurements including Level 3 values.

The management regularly reviews significant unobservable inputs, if relevant, and valuation adjustments. If third party information, such as broker codes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that their valuations meet the requirements of approved accounting standards as applicable in Pakistan, including the level in the fair value hierarchy in which the valuations should be classified. Significant valuation issues are reported to the Company's Audit Committee.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 above that are observable market data for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Notes to the Financial Statements

For the year ended 30 June 2021

3. STANDARDS ISSUED BUT NOT YET EFFECTIVE

The following International Financial Reporting Standards (IFRS Standards) as notified under the Companies Act, 2017 and the amendments and interpretations thereto will be effective for accounting periods beginning on or after 01 July 2021:

- Interest Rate Benchmark Reform Phase 2 which amended IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 is applicable for annual financial periods beginning on or after 1 January 2021, with earlier application permitted. The amendments introduce a practical expedient to account for modifications of financial assets or financial liabilities if a change results directly from IBOR reform and occurs on an 'economically equivalent' basis. In these cases, changes will be accounted for by updating the effective interest rate. A similar practical expedient will apply under IFRS 16 for lessees when accounting for lease modifications required by IBOR reform. The amendments also allow a series of exemptions from the regular, strict rules around hedge accounting for hedging relationships directly affected by the interest rate benchmark reforms. The amendments apply retrospectively with earlier application permitted. Hedging relationships previously discontinued solely because of changes resulting from the reform will be reinstated if certain conditions are met. The amendment is not likely to have an impact on the Company's financial statements.
- COVID-19-Related Rent Concessions (Amendment to IFRS 16) the International Accounting Standards Board (the Board) has issued amendments to IFRS 16 (the amendments) to provide practical relief for lessees in accounting for rent concessions. The amendments are effective for periods beginning on or after 1 June 2020, with earlier application permitted. Under the standard's previous requirements, lessees assess whether rent concessions are lease modifications and, if so, apply the specific guidance on accounting for lease modifications. This generally involves remeasuring the lease liability using the revised lease payments and a revised discount rate. In light of the effects of the COVID-19 pandemic, and the fact that many lessees are applying the standard for the first time in their financial statements, the Board has provided an optional practical expedient for lessees. Under the practical expedient, lessees are not required to assess whether eligible rent concessions are lease modifications, and instead are permitted to account for them as if they were

The practical expedient introduced in the 2020 amendments only applied to rent concessions for which any reduction in lease payments affected payments originally due on or before 30 June 2021. In light of persistence of economic challenges posed by the COVID-19 pandemic, the Board has extended the practical expedient for COVID-19 related rent concessions by one year i.e. permitting lessees to apply it to rent concessions for which any reduction in lease payments affects only payments originally due on or before 30 June 2022.

Rent concessions are eligible for the practical expedient if they occur as a direct consequence of the COVID-19 pandemic and if all the following criteria are met:

- the change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change;
- any reduction in lease payments affects only payments originally due on or before 30 June 2022; and
- there is no substantive change to the other terms and conditions of the lease.

The above amendment is not likely to have an impact on the Company's financial statements.

Notes to the Financial Statements

For the year ended 30 June 2021

• Onerous Contracts – Cost of Fulfilling a Contract (Amendments to IAS 37) effective for the annual periods beginning on or after 1 January 2022 amends IAS 1 by mainly adding paragraphs which clarifies what comprises the cost of fulfilling a contract, Cost of fulfilling a contract is relevant when determining whether a contract is onerous. An entity is required to apply the amendments to contracts for which it has not yet fulfilled all its obligations at the beginning of the annual reporting period in which it first applies the amendments (the date of initial application). Restatement of comparative information is not required, instead the amendments require an entity to recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings or other component of equity, as appropriate, at the date of initial application. The amendment is not likely to have an impact on the Company's financial statement.

Annual improvements to IFRS standards 2018-2020

- The following annual improvements to IFRS Standards 2018-2020 are effective for annual reporting periods beginning on or after 1 January 2022.
 - IFRS 9 The amendment clarifies that an entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf, when it applies the '10 per cent' test in paragraph B3.3.6 of IFRS 9 in assessing whether to derecognize a financial liability.
 - IFRS 16 The amendment partially amends Illustrative Example 13 accompanying IFRS 16 by excluding the illustration of reimbursement of leasehold improvements by the lessor. The objective of the amendment is to resolve any potential confusion that might arise in lease incentives.
 - IAS 41 The amendment removes the requirement in paragraph 22 of IAS 41 for entities to exclude taxation cash flows when measuring the fair value of a biological asset using a present value technique.
- Property, Plant and Equipment: Proceeds before Intended Use (Amendments to IAS 16) effective for annual periods beginning on or after 1 January 2022 clarifies that sales proceeds and costs of items produced while bringing an item of property, plant and equipment to the location and condition necessary for it to be capable of operating in the manner intended by management e.g. when testing etc., are recognized in profit or loss in accordance with applicable Standards. The entity measures the cost of those items applying the measurement requirements of IAS 2. The standard also removes the requirement of deducting the net sales proceeds from cost of testing. An entity shall apply those amendments retrospectively, but only to items of property, plant and equipment that are brought to the location and condition necessary for them to be capable of operating in the manner intended by management on or after the beginning of the earliest period presented in the financial statements in which the entity first applies the amendments. The entity shall recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at the beginning of that earliest
- Reference to the Conceptual Framework (Amendments to IFRS 3) Reference to the Conceptual Framework, issued in May 2020, amended paragraphs 11, 14, 21, 22 and 23 of and added paragraphs 21A, 21B, 21C and 23A to IFRS 3. An entity shall apply those amendments to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after 1 January 2022. Earlier application is permitted if at the same time or earlier an entity also applies all the amendments made by Amendments to References to the Conceptual Framework in IFRS Standards issued in March 2018

Notes to the Financial Statements

For the year ended 30 June 2021

- Classification of liabilities as current or non-current (Amendments to IAS 1) amendments apply retrospectively for the annual periods beginning on or after 1 January 2023. These amendments in the standards have been added to further clarify when a liability is classified as current. The standard also amends the aspect of classification of liability as non-current by requiring the assessment of the entity's right at the end of the reporting period to defer the settlement of liability for at least twelve months after the reporting period. An entity shall apply those amendments retrospectively in accordance with IAS 8
- Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2) the Board has issued amendments on the application of materiality to disclosure of accounting policies and to help companies provide useful accounting policy disclosures. The key amendments to IAS 1 include:
 - requiring companies to disclose their material accounting policies rather than their significant accounting policies;
 - clarifying that accounting policies related to immaterial transactions, other events or conditions are themselves immaterial and as such need not be disclosed; and
 - clarifying that not all accounting policies that relate to material transactions, other events or conditions are themselves material to a company's financial statements

The Board also amended IFRS Practice Statement 2 to include guidance and two additional examples on the application of materiality to accounting policy disclosures. The amendments are effective for annual reporting periods beginning on or after 1 January 2023 with earlier application permitted.

- Definition of Accounting Estimates (Amendments to IAS 8) The amendments introduce a new definition for accounting estimates clarifying that they are monetary amounts in the financial statements that are subject to measurement uncertainty. The amendments also clarify the relationship between accounting policies and accounting estimates by specifying that a company develops an accounting estimate to achieve the objective set out by an accounting policy. The amendments are effective for periods beginning on or after 1 January 2023, and will apply prospectively to changes in accounting estimates and changes in accounting policies occurring on or after the beginning of the first annual reporting period in which the company applies the amendments
- Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12) The amendments narrow the scope of the initial recognition exemption (IRE) so that it does not apply to transactions that give rise to equal and offsetting temporary differences. As a result, companies will need to recognise a deferred tax asset and a deferred tax liability for temporary differences arising on initial recognition of a lease and a decommissioning provision. For leases and decommissioning liabilities, the associated deferred tax asset and liabilities will need to be recognised from the beginning of the earliest comparative period presented, with any cumulative effect recognised as an adjustment to retained earnings or other components of equity at that date. The amendments are effective for annual reporting periods beginning on or after 1 January 2023 with earlier application permitted.
- Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (Amendments
 to IFRS 10 and IAS 28) The amendment amends accounting treatment on loss of control of
 business or assets. The amendments also introduce new accounting for less frequent transaction
 that involves neither cost nor full step-up of certain retained interests in assets that are not
 businesses. The effective date for these changes has been deferred indefinitely until the completion
 of a broader review.

The above amendments are not likely to have an impact on the Company's financial statements.

Notes to the Financial Statements

For the year ended 30 June 2021

4. SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies adopted in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented.

4.1 Property, plant and equipment

Owned

(i) Recognition and measurement

These are stated at cost less accumulated depreciation and accumulated impairment loss, if any, except for free hold land, factory building and owned plant and machinery which are stated at revalued amount less accumulated depreciation and accumulated impairment loss, if any. Cost of an asset comprises acquisition and other costs which are directly attributable to the asset.

Capital work-in-progress is stated at cost less accumulated impairment losses, if any. All expenditures connected to the specific assets incurred during installation and construction period are carried under capital work-in-progress. These are transferred to specified assets as and when assets are available for use.

Any surplus arising on revaluation of plant and machinery is credited to the surplus on revaluation account. Revaluation is carried out with sufficient regularity to ensure that the carrying amount of assets does not differ materially from the fair value. To the extent of the incremental depreciation charged on the revalued assets, the related surplus on revaluation of plant and machinery (net of deferred taxation) is transferred directly to retained earnings / unappropriated profit.

(ii) Subsequent costs

Subsequent costs are included in the asset's carrying amounts or recognized as separate assets, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

(iii) Derecognition

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit or loss in the year in which the asset is derecognized. The related balance of surplus on revaluation of such item, if any, is transferred directly to unappropriated profits.

Notes to the Financial Statements

For the year ended 30 June 2021

(iv) Depreciation

Depreciation is charged to statement of profit or loss applying either straight line method or written down value method whereby the cost or revalued amount of an asset less its estimated residual value, if any, is written off over its useful life at the rates specified in note 5.1 to the financial statements. Depreciation on additions is charged for the full month in which asset is available for use and no depreciation is charged for the month in which asset is disposed off.

The assets' residual values, depreciation methods and useful lives are reviewed, and adjusted if appropriate, at each financial year end. The Company's estimate of residual value of property and equipment as at 30 June 2021 did not require any adjustment as its impact is considered insignificant.

Right-of-use assets

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises of the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using either the straight-line method or reducing balance method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

4.2 Intangible assets

(i) Recognition and measurement

Intangible assets are stated at cost less accumulated amortization and impairment losses, if any. An intangible asset is recognized if it is probable that the future economic benefits that are attributable to the asset will flow to the Company and that the cost of such asset can also be measured reliably. Intangible assets having finite useful lives are stated at cost less accumulated amortization and accumulated impairment losses, if any. Cost represents price equivalent to the consideration given, i.e., cash and cash equivalent paid.

(ii) Subsequent expenditure

Subsequent expenditure on capitalized intangible assets is capitalized only when it increases the future economic benefits embodied in the specific assets to which it relates. All other expenditure is expensed as incurred.

(iii) Amortization

Intangible assets are amortized using the straight line method over their estimated useful lives. The estimated useful life and amortization method are reviewed at the end of each annual reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Notes to the Financial Statements

For the year ended 30 June 2021

4.3 Inventories

Inventories comprise of stores, spares, loose tools and stock-in-trade:

4.3.1 Stores, spares and loose tools

Stores, spares and loose tools excluding items in transit are valued at lower of weighted average cost and net realizable value. Provision is made for slow moving and obsolete items. Items in transit are valued at cost comprising invoice values plus other charges incurred thereon accumulated to the date of statement of financial position.

Net realizable value signifies the estimated selling price in the ordinary course of business, less the estimated costs necessary to make the sale.

Provisions are made in the financial statements for obsolete and slow moving inventory based on management's best estimate regarding their future usability.

4.3.2 Stock-in-trade

Raw materials and packing materials are valued at weighted average cost and finished goods are valued at lower of weighted average cost and net realizable value. Raw material and packing material in transit are valued at invoice value plus other charges paid thereon.

Work-in-process is valued at weighted average cost of raw materials including a proportionate of manufacturing overheads. Cost of finished goods includes an appropriate share of production overheads based on normal operating capacity.

Net realizable value signifies the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to be incurred to make the sale.

Provisions are made in the financial statements for obsolete and slow moving inventory based on management's best estimate regarding there future usability.

4.4 Financial Instruments

(i) Recognition and initial measurement

Trade receivables are initially recognized when they are originated. All other financial assets and financial liabilities are initially recognized when the Company becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

(ii) Classification and subsequent measurement

Financial assets:

On initial recognition, a financial asset is classified as measured at: amortized cost; FVOCI – debt investment; FVOCI – equity investment; or FVTPL.

Financial assets are not reclassified subsequent to their initial recognition unless the Company changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

Notes to the Financial Statements

For the year ended 30 June 2021

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cashflows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All financial assets not classified as measured at amortized cost or FVOCI as described above are measured at FVTPL.

On initial recognition, the company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortized cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets - Business model assessment :

The Company makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management.

Financial assets – Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g., liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition.

Financial assets - Subsequent measurement and gains and losses

Financial assets at FVTPL These assets are subsequently measured at fair value.

Net gains and losses, including any interest or dividend

income, are recognised in profit or loss.

Financial assets at amortized cost These assets are subsequently measured at amortized cost using the effective interest method. The amortized

cost using the effective interest method. The amortized cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on

derecognised in profit or loss. Any gain of derecognition is recognised in profit or loss.

Financial liabilities - Classification, subsequent measurement and gains and losses:

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in profit or loss. Any gain or loss on derecognition is also recognized in profit or loss.

Notes to the Financial Statements

For the year ended 30 June 2021

(iii) Derecognition

Financial assets:

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

The company enters into transactions whereby it transfers assets recognised in its statement of financial position, but retains either all or substantially all of the risks and rewards of the transferred assets. In these cases, the transferred assets are not derecognized.

Financial liabilities

The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled, or expire. The Company also derecognizes a financial liability when its terms are modified and the cash flows of modified liability are substantially different, in which case a new financial liability is recognized at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid is recognized in profit or loss.

(iv) Offsetting

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position, if the Company has a legally enforceable right to offset the recognized amounts and intends either to settle on a net basis or to realize the assets and settle the liabilities simultaneously.

4.5 Impairment

(i) Non-derivative financial assets

The Company recognizes loss allowances for Expected Credit Losses (ECLs) on financial assets measured at amortized cost. The maximum period considered when estimating ECLs is the maximum contractual period over which the Company is exposed to credit risk.

The Company measures loss allowances at an amount equal to lifetime ECLs. For trade receivables, the Company applies a simplified approach in calculating ECLs. Therefore, the Company does not track changes in credit risk, instead recognizes a loss allowance based on lifetime ECLs at each reporting date.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment including forward-looking information.

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than 30 days past due.

The Company considers a financial asset to be in default when:

- the counter party is unlikely to pay its credit obligations to the Company in full, without recourse by the Company to actions such as realizing security (if any is held); or
- the financial asset is more than 90 days past due.

Notes to the Financial Statements

For the year ended 30 June 2021

Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial asset.

12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

Measurement of ECLs:

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Company expects to receive). ECLs are discounted at the effective interest rate of the financial asset.

Credit-impaired financial assets:

At each reporting date, the Company assesses whether financial assets carried at amortized cost are credit impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the counterparty;
- a breach of contract such as a default or being more than 90 days past due;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise:
- it is probable that the counterparty will enter bankruptcy or other financial reorganization; or
- the disappearance of an active market for a security because of financial difficulties.

Presentation of allowance for ECL in the statement of financial position:

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets and charged to profit or loss.

Write-off

The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. The Company individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Company expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due

(ii) Non-Financial Assets

At each reporting date, the company reviews the carrying amounts of its non-financial assets (other than biological assets, investment property, inventories, contract assets and deferred tax assets) to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGUs.

Notes to the Financial Statements

For the year ended 30 June 2021

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its recoverable amount.

Impairment losses are recognised in profit or loss. They are allocated to reduce the carrying amounts of assets in the CGU on a pro rata basis.

An impairment loss in respect of goodwill is not reversed. For other assets, an impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognised.

4.6 Leases liability

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or if that rate can not be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate. Lease payments in the measurement of the lease liability comprise the following:

- a. fixed payments, including in-substance fixed payments;
- b. variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- c. amounts expected to be payable under a residual value guarantee; and
- d. the exercise price under a purchase option that the Company is reasonably certain to exercise, lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Company is reasonably certain not to terminate early.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Sale and lease back arrangements

In the case of a sale and lease back transaction, the Company determines whether or not control of the asset has been transferred. If control of the asset has been transferred, the Company measures the right-of-use asset arising from the leaseback at the proportion of the previous carrying amount of the asset that relates to the right of use retained by the Company. If Control has not been transferred, then the Company continue to recognise the transferred asset and recognise a financial liability equal to the transfer proceeds.

Notes to the Financial Statements

For the year ended 30 June 2021

4.7 Staff Benefits

(i) Short-term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

(ii) Share-based payment arrangements

An entity recognizes a cost over the vesting period and a corresponding liability. Measurement is based on the fair value of the liability at each reporting date, and it is remeasured until settlement date. The share-based payment is classified and accounted for as either equity-settled or cash-settled, depending on whether the entity has a present obligation to settle in cash.

(iii) Defined contribution plans

A defined contribution plan is a post employment benefit plan under which the Company pays fixed contribution into a separate entity and will have no legal and constructive obligation to pay further amounts. Obligation for contributions to defined contribution plans are recognized as an employee benefit expense in statement of profit or loss when they are due. The Company also operates an approved funded contributory provident fund for its permanent employees. Equal monthly contributions are made both by the Company and the employees at the rate of 12.92% per annum of the basic salary. Company's contributions are charged to statement of profit or loss.

(iv) Defined benefit plans

A defined benefit plan is post employment benefit plan other than a defined contribution plan. The Company's net obligation in respect of defined benefit plan is calculated by estimating the amount of future benefit that employees have earned in return for their service in current and prior periods, that benefit is discounted to determine its present value. The calculation is performed annually by a qualified actuary using the projected unit credit method. The Company is operating approved gratuity fund and covers those permanent employees excluding management staff of the Company who have completed prescribed qualifying period of service. Provision is made annually to cover obligations under the scheme on the basis of actuarial valuation.

Pursuant to the decision of Board of Directors, gratuity scheme for the management grade staff has been discontinued effective from 31 December 2020 and thereby contributions to the provident fund has been increased to 12.92% per annum of the basic salary, and all the related benefits were paid off by the fund.

Past service cost is recognized immediately to the extent that the benefits are already vested. For non-vested benefits past service cost is amortized on the straight line basis over the average period until the amended benefits become vested.

All actuarial gains and losses arising on valuation are charged to other comprehensive income.

4.8 Taxation

(i) Income tax

Income tax expense comprises current and deferred tax. Income tax is recognized in statement of profit or loss except to the extent that it relates to items recognized directly in statement of comprehensive income or equity.

Notes to the Financial Statements

For the year ended 30 June 2021

(ii) Current tax

Provision for current tax is based on taxable income for the year at the applicable tax rates after taking into account tax credit and tax rebates, if any and any adjustment to tax payable in respect of previous year.

(iii) Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for:

- temporary differences on initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss;
- taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised for unused tax losses, unused tax credits, minimum tax paid and deductible temporary differences to the extent it is probable that future taxable profits will be available against which they can be used. Future taxable profits are determined based on business plans for the Company and the reversal of temporary differences. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized; such reductions are reversed when the probability of future taxable profits improves. Unrecognized deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantially enacted at the reporting date. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. For this purpose, the carrying amount of investment property measured at fair value is presumed to be recovered through sale, and the Company has not rebutted this assumption. Deferred tax assets and liabilities are offset if certain criteria are met.

4.9 Borrowing costs

Borrowing costs are recognized as an expense in the period in which they are incurred except, to the extent of borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset. Such borrowing costs, if any, are capitalized as part of the cost of that asset.

4.10 Revenue from contracts with customers

Customers obtain control of PET bottles and PET preforms when these are delivered to and have been accepted at their premises. Invoices are generated at that point in time. Invoices are usually payable within 30-90 days. No material discounts are provided against sale of these good. Some contracts permit the customer to return an item. Returned goods are exchanged only for new goods – i.e. no cash refunds are offered.

Notes to the Financial Statements

For the year ended 30 June 2021

Revenue is recognized when the goods are delivered and have been accepted by customers at their premises. For contracts that permit the customer to return an item, revenue is recognized to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur. Therefore, the amount of revenue recognized is adjusted for expected returns, which are estimated based on the historical data for specific type of product and size etc. In these circumstances, a refund liability and a right to recover returned goods asset are recognized. The 'right to recover returned goods' asset is measured at the former carrying amount of the inventory less any expected costs to recover goods. Based on historical data, no refund liability and the right to recover returned goods is recognized. The Company reviews its estimate of expected returns at each reporting date and updates the amounts of the asset and liability accordingly.

4.11 Foreign currency transactions and translation

Transactions in foreign currencies are translated into the functional currency of the Company at the exchange rates at the dates of the transactions.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Foreign currency differences are generally recognized in profit or loss and presented within finance costs.

4.12 Dividend

Dividend distribution to the Company's shareholders and appropriation to reserves are recognized as a liability in the financial statements in the period in which these are approved. Transfer between reserves made subsequent to the date of statement of financial position is considered as a non-adjusting event and is recognized in the financial statements in the period in which such transfers are made.

4.13 Provisions

A provision is recognized in the statement of financial position when the Company has a legal or constructive obligation as a result of a past event, and it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provisions are measured at the present value of expected expenditure, discounted at a pre-tax rate that reflects current market assessment of the time value of the money and the risk specific to the obligation. Provisions are reviewed at each statement of financial position date and adjusted to reflect current best estimate

4.14 Related party transactions

All transactions involving related parties arising in the normal course of business are conducted at normal commercial rates except in extremely rare circumstances where, subject to the approval of the Board of Directors, it is in the interest of the Company to do so.

Notes to the Financial Statements

For the year ended 30 June 2021

4.15 Government Grant

Recognition and measurement:

The loan obtained under the refinance scheme from State Bank of Pakistan is received at below market interest rate. The benefit of below market interest is accounted for as government grant under IAS-20. The benefit is measured as the difference between the initial carrying value of the loan (i.e. fair value of the loan) and the proceeds received. The amount of grant is recognised and presented in the statement of financial position as 'deferred grant'.

Subsequent measurement

In subsequent years, the grant is recognised in the statement of profit or loss, in line with the recognition of interest expenses as the grant is compensating. The amount is presented as reduction of related interest expense.

4.16 Finance Costs

The Company's Finance Cost represents interest expense on short and long term borrowings and lease liabilities. Interest expense is recognised using the effective interest method whereby the effective interest rate is applied to the amortized cost of the liability.

5.2	Depreciation charge has been allocated as follows:	Note	Rupees in	'000'
	Cost of sales	25	119,448	124,683
	Administrative expenses	28	9,231	9,863
			128,679	134,546

5.3 Latest revaluation of the Company's assets was carried out on 31 May 2020 by M/s Iqbal A.Nanjee & Co (Private) Limited, independent valuers, taking market value / depreciated replacement cost, as applicable, as a basis of valuation. The revaluation resulted in a net surplus of Rs. 21.7 million. The fair value when determined falls under level 3 hierarchy. Sensitivity analysis has not been presented since data about observable input is not available. The incremental values resulting from revaluation are being depreciated over the remaining useful lives of the respective assets.

The forced sale value of the revalued plant and machinery, factory building and roads, and leasehold land at the date of revaluation was Rs. 640.885 million, Rs. 70.597 million and Rs. 19.760 million respectively.

5.4 Had there been no revaluation, the net carrying value of specific classes of operating fixed assets would have been as follows:

Rupees in '000'	
Leasehold land 2,995 2,9	995
Factory building and roads on leasehold land 52,446 55,2	282
Plant and machinery- owned 629,586 644,7	⁷ 98
685,027 703,0)75

All the disposals were made in accordance with the Company's policy. Particulars of operating fixed assets disposed off during the year that had an aggregate net book value greater than Rs. 5 million are as follows:

(i) Husky injection machine with accessories

Cost	Book value	Sale value	(Loss) on disposal	Purchaser	Mode of disposal

Notes to the Financial Statements

For the year ended 30 June 2021

- 15.1 This represents subsidized rate Term Finance obtained under State Bank of Pakistan's (SBP) Refinance Scheme for Payment of Wages and Salaries to combat effect of COVID 19. Tenor of the loan is 2 years and 6 months (inclusive of 6 month grace period started from July 2020). The loan is repayable in 8 equal quarterly installments starting from January 2021. It carries mark-up at SBP Rate plus 2% p.a. payable quarterly. The loan is secured by Joint Pari Passu on all present and future fixed assets (plant & machinery) of the Company with 25% margin.
- This represents term loan obtained in year 2019 to release import documents under letter of credit arrangements for the capital expenditure. Tenor of the loan is five years, including six months grace period. This is repayable in 20 equal quarterly installments started from 24 May 2019. It carries mark-up at 3 months KIBOR plus 1.5% p.a. payable on quarterly basis. This loan is secured by specific (first exclusive) charge of Rs. 171 million over imported / purchased machinery. Principal repayments of the loan were deferred for a period of one year in pursuance of BPRD Circular No. 6 dated 10 April 2020.
- 15.3 This represents subsidized rate term loan obtained during the year 2020 under Temporary Economic Refinance Facility (TERF) of State Bank of Pakistan (SBP) to release import documents under letter of credit arrangements for the capital expenditure. Tenor of the loan is six years, including one year grace period. This is repayable in 20 equal quarterly installments starting from 01 March 2022. It carries mark-up at 5% p.a. payable on quarterly basis. This loan is secured by specific (first exclusive) charge of Rs. 171 million over imported / purchased machinery.
- 15.4 This represents finance obtained from PAIR Investment Company Limited under sale and lease back arrangement. As per terms of agreement, the Company has an option to repurchase the assets back upon expiry of lease term, accordingly proceeds through this arrangement are classified as a financial liability in accordance with IFRS 9. Tenor of the arrangement is 5 years and with 60 equal monthly installments. It carries mark-up at 3 months KIBOR plus 1.5% p.a. The loan is secured by charge over plant and machinery of the Company amounting to Rs. 54.708 million.
- This represents subsidized rate Term Finance obtained under State Bank of Pakistan's (SBP) Refinance Scheme for Payment of Wages and Salaries to combat effect of COVID 19. Tenor of the loan is 2 years and 9 months (inclusive of 6 month grace period started from July 2020). The loan is repayable in 8 equal quarterly installments starting from January 2021. It carries mark-up at SBP Rate plus 3% p.a. payable quarterly. The loan is secured by pari passu charge over land, building, plant and machinery of the Company amounting Rs. 84.2 million.
- 15.6 Loan proceeds of subsidized loans have been recognized at present value of future cashflows discounted at market interest rate. The difference between loan proceeds and the present value of future cashflows has been recognized as deferred grant. Refer to note 16 for deferred grant.

Notes to the Financial Statements

Notes to the Financial Statements

For the year ended 30 June 2021

17.2 Leases

Company's leased assets comprise of plant and machinery and vehicles. Leases of plant and machinery were obtained in last quarter of year 2018 from Habib Bank Limited and Bank of Khyber. Leased vehicles have been obtained during different time periods from year 2016 to year 2021. Plant and machinery and vehicles both have lease term of five years. Under the terms of lease arrangement, the Company has an option to acquire leased assets at the end of respective lease term and intends to exercise the option. There are no restrictions imposed on the Company under the terms of leases. Taxes, repair, replacements and insurance costs are borne by the Company. Interest rate used as discounting factor ranges from 8.34% to 10.06% (2020: 9.67% to 15.66%) per annum.

17.2.1 Short term leases

In addition to above Company's leased assets comprise of rented warehouses and office premises, lease term of which is 12 months or less than 12 months (short term leases). The Company has elected not to recognize right of use assets and related liability for these short term leases.

18.9 Comparison of present value of defined benefit obligation for the current year and previous four years is as follows:

	Present value of defined benefit obligation	Experience adjustments on obligations
June 2021	35,116	(986)
June 2020	133,820	(17,256)
June 2019	125,695	429
June 2018	106,325	192
June 2017	92,319	(5,143)

2020

18.10 Year End Sensitivity Analysis (± 100 bps) on Defined Benefit Obligation

	2021	2020
	Rupees in	'000
Discount Rate + 100 bps	32,359	126,721
Discount Rate - 100 bps	38,328	141,964
Salary Increase + 100 bps	38,389	142,152
Salary Increase - 100 bps	32,251	126,420

The average duration of the defined benefit obligation is 8.5 years.

Notes to the Financial Statements

For the year ended 30 June 2021

18.11 Following significant assumptions were used by the actuary in valuation of the scheme:

	2021	2020
Discount rate per annum (%)	10.00%	8.50%
Expected rate of increase in salary level per annum (%)	10.00%	8.50%
Average expected remaining working life time of employees	8.5 years	6 years

The above figures are based on current year's actuarial valuation carried out by Nauman Associates.

			2021	2020
19.	DEFERRED TAX LIABILITIES - NET	Note	Rupees ir	'000 ר
				Restated
	Deferred taxation			
	Taxable temporary differences:			
	Accelerated depreciation and amortization		122,039	125,859
	Revaluation surplus on operating fixed assets		39,429	46,515
	Right of use assets		42,654	39,446
			204,122	211,820
	Deductible temporary differences:			
	Staff retirement benefit - gratuity		(9,854)	(30,074)
	Unused tax losses	19.2	(36,499)	(47,034)
	Tax credits	19.2	(127,848)	(80,567)
	Provisions		(7,776)	(4,834)
			(181,977)	(162,509)
			22,145	49,311
19.1	Movement of deferred tax liability is as follows:			
				Restated
	Balance at 01 July		49,311	129,234
	Reversal recognized in statement of profit or loss		(26,891)	(86,989)
	(Reversal) / Charge recognized in other comprehensiv	e income	(275)	7,066
	Balance at 30 June		22,145	49,311

19.2 This represents deferred tax asset amounting to Rs. 164.3 million relating to unused tax losses and tax credits. Based on five-years projections and taking into account the reversal of existing taxable temporary differences, management considers it probable that future taxable profits would be available against which these unused tax losses and tax credits can be utilized, therefore, related deferred tax asset has been recognised.

23. CONTINGENCIES AND COMMITMENTS

- 23.1 On 20 May 2020, 'Deputy Commissioner Inland Revenue, Audit-I, Zone-I, Haripur' ("CIR") passed an order against the Company regarding inadmissibility of sales tax input amounting to Rs. 35.9 million relating to tax year 2017. On 14 December 2020 Commissioner Appeals upheld the order of CIR. The Company has filed an appeal against the decision of CIRA before Appellate Tribunal and has not recognized any provision in this respect in these financial statements as in view of its Legal Advisor, the said case is likely to be decided in the Company's favour becasue of previous prosecution in Company's favour.
- On 17 June 2020, 'Additional Collector (Withholding) Khyber-Pakhtunkhwa Regulatory Authority (KPRA)' passed an order against the Company regarding alleged non withholding of sales tax amounting to Rs. 18.9 million. Against Company's appeals, Collector (Appeals), KPRA' and 'Appellate Tribunal for Sales Tax on Services, KPK' upheld the order of Additional Collector. The Company has filed a reference before Peshawar High Court against the Order of 'Appellate Tribunal'. The Company has not recognized provision in this respect to the extent of Rs. 9.6 million in these financial statements as in view of its Legal Advisor there are reasonable chnaces of favourable outcome.
- **23.3** Bank guarantees issued by two financial institutions of the Company amounting Rs. 63.23 million (2020: 9.15 million) in favor of the Company's fuel and electricity suppliers.

Notes to the Financial Statements

For the year ended 30 June 2021

31.1 Relationship between tax (credit) / charge and accounting profit:	2021 Rupees i	2020 in '000
Profit / (loss) before taxation	66,503	(144,881)
Applicable tax rate	29%	29%
Tax charge / (credit) at the applicable tax rate Other permanent differences	19,286 1,103 20,389	(42,016) 835 (41,181)

The income tax assessments of the Company have been finalised up to and including the tax year 2020. Tax returns are deemed to be assessed under provisions of the Income Tax Ordinance, 2001 ("the Ordinance") unless selected for an audit by the taxation authorities. The Commissioner of Income Tax may, at any time during a period of five years from date of filing of return, select the deemed assessment order for audit.

32. EARNINGS PER SHARE - BASIC AND DILUTED

2021 2020

32.1 Basic

Profit / (loss) after taxation (Rupees in '000')	46,114	(103,700)
Weighted average number of ordinary shares	38,148,947	38,148,947
Earnings / (loss) per share - basic (Rupees)	1.21	(2.72)

32.2 Diluted

There is no dilution effect on the basic earnings per share of the Company as the Company has no convertible potential dilutive instruments outstanding as on 30 June 2021, which would have effect on the basic EPS, if the option to convert would have been exercised.

^{*}During the year Mr. Shahan Jamil (related party) has resigned from the directorship of the Company and was appointed as Chief Information Officer. His remuneration is included in remuneration to key management personnel as disclosed in note 36.

Notes to the Financial Statements

For the year ended 30 June 2021

37. SEGMENT REPORTING

37.1 Description of operating segments

Business segments are determined based on the Company's management and internal reporting structure. The Company has two operating segments which are also the reporting segments i.e., injection and blowing.

Reportable segments	Operations
Injection	Engaged in buying PET Resin and other raw materials for the purpose of production of PET preforms (finished product of this segment) which is used as a raw material in Blowing segment for manufacturing of PET bottles.
Blowing	Engaged in using PET preforms produced by the Injection segment, purchasing PET preforms and other raw materials from external suppliers for the purpose of production of PET bottles (finished product of this segment).

The Company's Chief Executive officer reviews the internal management reports of each segment at least quarterly.

37.2 Information about reportable segments

Information related to each reportable segment is set out below. Segment profit / (loss) before tax is used to measure performance because management believes that this information is the most relevant in evaluating the results of the respective segments relative to other entities that operate in the same industries.

	Injection		Blow	/ing	Total		
	2021	2020	2021	2020	2021	2020	
			Rupees	in '000			
Total Sales Less: Intersegment sales	2,647,097	2,512,298	1,370,160	1,423,944	4,017,257	3,936,242

	52,285	46,732	9,747	42,861	88,145	113,277	

Notes to the Financial Statements

For the year ended 30 June 2021

37.3 Reconciliations of information on reportable segments to the amounts reported in the statement of Profit or loss:

	2021	2020
	Rupees i	n '000
Operating profit of the reportable segments	176,645	26,279
Add: other income	13,636	16,469
Less: other expenses	(31,119)	(30,416)
Finance costs	(92,659)	(157,213)
Profit / (loss) before taxation as per statement of profit or loss	66,503	(144,881)

- **37.4** Administrative expenses, selling expenses and impairment loss on trade debs have been allocated on the basis of the net sales value of each segment.
- **37.5** Revenue from six customers of the Company amounted to Rs. 2,315 million (2020: Rs. 2,173 million). The segments from which these revenues were generated are listed below:
 - Blowing Segment: three customers having revenues amounting to Rs. 1,170 million (2020: Rs. 1,226 million).
 - Injection Segment: three customers having revenues amounting to Rs. 1,145 million (2020: Rs. Rs. 666 million).
 - Injection and Blowing: one customer having revenues amounting to Rs. 632 million (2020: Rs.281 million).
- 37.6 Loss on disposal amounting to Rs. 16.2 million (2020: Impairment loss amounting to Rs. 13.1 million) and Rs. nil (2020: Impairment loss amounting to Rs. 8.1 million) (net of related tax) has been recognized in statement of profit and loss and statement of comprehensive income respectively, on a machine relating to injection segment.
- **37.7** Both the segments are operating in same geographical locations and does not have geographically dispersed customers.

Notes to the Financial Statements

For the year ended 30 June 2021

38. FINANCIAL INSTRUMENTS – FAIR VALUES AND RISK MANAGEMENT

38.1 Classification and fair values

Fair value is the amount that would be received on sale of an asset or paid on transfer of a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and fair value estimates. Underlying definition of fair value is the presumption that the Company is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

IFRS 13 'Fair Value Measurements' requires the Company to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that 'is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

The following table shows the carrying amounts and fair values of financial assets and liabilities. The fair value of financial assets measured at fair value is shown below. It does not include fair value information for financial assets and financial liabilities not measured at fair value as the carrying amount is a reasonable approximation of fair value as the current financial assets and liabilities are short term and some financial assets are also interest bearing.

Notes to the Financial Statements

For the year ended 30 June 2021

38.2 Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- credit risk
- liquidity risk
- market risk

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company's risk management policies are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Company audit committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The Company's audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

38.2.1 Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and bank balances.

The carrying amounts of financial assets represent the maximum credit exposure. 'Impairment reversal on financial assets' recognized in statement of profit or loss amounts to Rs. 0.64 million (2020: Rs. 1.97 million) and relates only to trade debts.

i) Trade receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base. Geographically there is no concentration of credit risk.

The Company has established a credit policy under which each new customer is analyzed individually for creditworthiness before the Company's payment and delivery terms and conditions are offered. The Company's reviews includes external ratings, if they are available, financial statements, credit agency information, industry information and in some cases bank references. The Company limits its exposure to credit risk from trade receivables by establishing a maximum payment period of one to three months for customers.

In monitoring customer credit risk, customers are grouped according to their credit characteristics, including whether they are an individual or a legal entity, their geographic location, industry, trading history with the company and existence of previous financial difficulties.

The Company does not require collateral in respect of trade receivables. The Company does not have trade debts for which no loss allowance is recognized because of collateral. At 30 June 2021, the carrying amount of the Company's most significant customer was Rs. 75.8 million (2020: Rs. 49.7 million)

Notes to the Financial Statements

For the year ended 30 June 2021

Expected credit loss (ECL) assessment for customers

The Company uses an allowance matrix to measure the ECLs of trade receivables. Loss rates are calculated using a 'roll rate' method based on the probability of a receivable progressing through successive stages of delinquency to write-off. Roll rates are calculated based on the following credit risk characteristics – geographic region, age of customer relationship and average of year-wise probability of default

The following table provides information about the exposure to credit risk and ECLs for trade receivables as at 30 June 2021.

30 June 2021		Weighted average loss rate	Gross carrying amount	Loss allowance	Credit impaired
	Note	Percentage	Rupee	s in '000	
Current (not past due)		0.38%	177,431	(680)	No
1–30 days past due		0.87%	40,319	(350)	No
31–60 days past due		11.55%	10,309	(1,190)	No
61–90 days past due		34.13%	49	(17)	No
More than 90 days past		48.76%	4,508	(2,198)	No
	8		232,616	(4,435)	

30 June 2020		Weighted average loss rate	Gross carrying amount	Loss allowance	Credit impaired
	Note	Percentage	Rupe	es in '000	
Current (not past due)		0.57%	115,635	(665)	No
1–30 days past due		1.16%	98,010	(1,137)	No
31–60 days past due		12.95%	108	(14)	No
61–90 days past due		39.34%	-	-	No
More than 90 days past		54.21%	6,022	(3,265)	No
	8		219,775	(5,081)	

Loss rates are based on actual credit loss experience over the past five years. These rates are multiplied by scalar factors to reflect differences between economic conditions during the period over which the historical data has been collected, current conditions and the Company's view of economic conditions over the expected lives of the receivables.

Scalar factors are based on actual and forecast, gross domestic product rates and consumer price index rates.

The decrease in loss allowance is mainly attributable to recoveries and changes in macroeconomic factors. The methodology for the calculation of ECL is the same as described in the last annual financial statements.

Movements in the allowance for impairment in respect of trade debts has been disclosed in note 8.1, Trade receivables written off are still subject to enforcement activity.

Notes to the Financial Statements

For the year ended 30 June 2021

ii) Bank balances

The Company has bank balances of Rs. 28.597 million at 30 June 2021 (2020: Rs. 20.178 million). The bank balances are held with banks which are rated A1 to AA-, based on PACRA and VIS ratings. Although bank balances are also subject to the requirements of IFRS 9, the identified impairment loss was immaterial as the counter parties have reasonably high credit ratings.

38.2.2 Market risk

Market risk is the risk that the value of the financial instrument may fluctuate as a result of changes in market interest rates or the market price due to a change in credit rating of the issuer or the instrument, change in market sentiments, speculative activities, supply and demand of securities and liquidity in the market. The Company is exposed to currency risk and interest rate risk.

a) Foreign exchange risk management

PKR is the functional currency of the Company and exposure arises from transactions and balances in currencies other than PKR as foreign exchange rate fluctuations may create unwanted and unpredictable earnings and cash flow volatility. The Company's potential currency exposure comprise:

- Transactional exposure in respect of non functional currency monetary items
- Transactional exposure in respect of non functional currency expenditure and revenues
- The potential currency exposures are discussed below

Transactional exposure in respect of non functional currency monetary items

Monetary items, including financial assets and liabilities, denominated in currencies other than the functional currency of the Company are periodically restated to PKR equivalent, and the associated gain or loss is taken to the statement of profit or loss. The foreign currency risk related to monetary items is managed as part of the risk management strategy.

Transactional exposure in respect of non functional currency expenditure and revenues

Certain operating and capital expenditures are incurred by the Company in currencies other than the functional currency.

Exposure to foreign currency risk

The Company is not significantly exposed to foreign currency risk as at date of statement of financial position.

b) Interest / mark up rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is exposed to cash flow interest rate risk on its running finance arrangements which is repriced at a maximum period of 120 days.

Notes to the Financial Statements

For the year ended 30 June 2021

Exposure to interest rate risk

The interest rate profile of the Company's interest-bearing financial instruments is as follows:

	Note	2021 Rupees in	2020 '000
Fixed-rate instruments - <i>Financial assets</i> Bank balance in interest-bearing account	12	2,760	360
Fixed-rate instruments - <i>Financial liabilities</i> Long-term loans (including current portion)		83,299	32,795
Variable-rate instruments - Financial liabilities Short-term borrowings	21	595,040	525,209
Long-term loans (including current portion) Lease liabilities	15 17	134,775 197,417 927,231	72,000 235,880 833,089

Fair value sensitivity analysis for fixed-rate instruments

The Company does not account for any fixed-rate financial assets or financial liabilities at FVTPL. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

Cash flow sensitivity analysis for variable-rate instruments

During the year, if average KIBOR interest rate on borrowings had been 100 basis points higher / lower with all other variables held constant, profit after taxation for the year would have been lower / higher by Rs. 9.71 million (2020: higher / lower by Rs. 8.66 million) respectively, mainly as a result of higher / lower interest exposure on variable rate borrowing.

Notes to the Financial Statements

For the year ended 30 June 2021

38.2.3 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. Beyond effective working capital and cash management, the Company mitigates liquidity risk by arranging short-term financing from highly rated financial institutions.

The Company aims to maintain the level of its cash and cash equivalents at an amount in excess of expected cash outflows on financial liabilities. The maturity profile of the Company's financial liabilities based on the contractual amounts are as follows:

		_		20	021		
		Carrying amount	Contractual cash flows	Up to one year	One to two years	Two to five years	Five years onwards
	Note			Rupe	es '000		
Short term borrowings Long term loans - secured	21	595,040	595,040	595,040	-	-	-
(including current portion) Lease liabilities	15	218,074	254,412	91,314	71,097	87,834	4,167
(including current portion)	17	197,417	216,860	102,788	95,594	18,478	-
Trade and other payables	20	188,677	188,677	188,677	-	-	-
		1,199,208	1,254,989	977,819	166,691	106,312	4,167
				20	020		
		Carrying	Contractual	Up to one	One to two	Two to five	Five years
		amount	cash flows	year	years	years	onward
				Rupe	es '000		
Short term borrowings Long term loans - secured	21	525,209	525,209	525,209	-	-	-
(including current portion) Lease liabilities	15	104,795	130,302	21,342	40,290	64,611	4,059
(including current portion)	17	235,880	275,050	60,135	102,300	112,615	_
Trade and other payables	20	187,575	187,575	187,575	-	-	-
		1,053,459	1,118,136	794,261	142,590	177,226	4,059

It is not expected that the cash flows included in the maturity analysis could occur significantly earlier or at significantly different amounts.

The contractual cash flows relating to long term borrowings have been determined on the basis of expected mark-up rates. The mark-up rates have been disclosed in note 15 & 17.2 to these financial statements.

38.3 Capital risk management

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return on capital to shareholders or issue new shares or sell assets to reduce debt.

Consistent with others in the industry, the Company manages its capital risk by monitoring its debt levels and liquid assets and keeping in view future investment requirements and expectation of the shareholders. Debt is calculated as total borrowings ('long term financing' and 'short term borrowings' as shown in the balance sheet). Total capital comprises shareholders' equity and surplus on revaluation of fixed assets as shown on the face of the statement of financial position.

There were no changes to the Company's approach to capital management during the year and the Company is not subject to externally imposed capital requirements.

Notes to the Financial Statements

Notes to the Financial Statements

For the year ended 30 June 2021

			2021	2020
40.	PLANT CAPACITY AND ACTUAL PRODUCTION	Note		
	Blowing Capacity - no. of bottles (in '000) Production - no. of bottles (in '000) Utilization	40.1	327,144 130,195 40%	327,144 134,505 41%
	Injection Capacity - no. of preforms (in '000) Production - no. of preforms (in '000) Utilization		728,864 420,473 58%	728,864 376,837 52%

40.1 The reason of shortfall is due to the demand and supply situation of the market.

41. COMPARATIVE FIGURES - Restatements

41.1 Provision for Minimum Tax

Previously, no provision for Minimum Tax was recognized in the Company's financial statements on the grounds that minimum tax is adjustable against the future years' tax liability. Recently, the Accounting Standard Board (the Board) of the Institute of Chartered Accountants of Pakistan (ICAP) issued an Opinion whereby the Board concluded that; the minimum tax levied under section 113 of the Income Tax Ordinance, 2001 should be recognized as current tax expense; and a deferred tax asset should be recognised for the amount of minimum tax paid for a period in excess of tax based on taxable income subject to the probability of availability of future taxable profits against which the unused tax losses and unused tax credits can be utilized.

In line with the Board's opinion, the Company has recognized provision for minimum tax and related deferred tax asset in the financial statements. In accordance with the requirements of IAS 8 "Accounting Policies, Changes in Accounting Estimates and Errors", this change has been applied retrospectively, and the related financial statement impacts are as follows:

	As previously reported	Effect of restatement	Balance after restatement
	Rupees in '000'		
30 June 2020			
Statement of Profit or Loss			
Income tax charge for the period - current Deferred tax income Loss after taxation	(41,181) (103,700)	45,809 (45,809) -	45,809 (86,990) 103,700
Statement of Financial Position			
Advance tax - net Deferred tax liabilities - net	158,000 129,878	(80,567) (80,567)	77,433 49,311
01 July 2019			
Statement of Financial Position			
Advance tax - net Deferred tax liabilities - net	138,581 163,992	(34,758) (34,758)	103,823 129,234

The above restatement does not have any impact on the comparative statement of changes in equity and statement of cash flows. In comparative statement of profit or loss net impact on loss before taxation is nil.

Notes to the Financial Statements

For the year ended 30 June 2021

2021 2020 ------ Rupees in '000 ------

42. PROVIDENT FUND

The investments in collective investment scheme out of provident fund have been made in accordance with the provision of Section 218 of the Companies Act, 2017 and the regulations formulated for this purpose.

43. NON-ADJUSTING EVENT AFTER THE DATE OF STATEMENT OF FINANCIAL POSITION.

The Board of Directors in its meeting held on 25 September 2021 has proposed a common stock dividend at the rate of 10% (2020: Nil) for the year ended 30 June 2021. These appropriations will be placed before shareholders for approval in the forthcoming Annual General Meeting and the effect thereof will be accounted for in the financial statements for the year ending 30 June 2022.

44. DATE OF AUTHORIZATION FOR ISSUE

These financial statements were authorized for issue by the Board of Directors of the Company in their meeting held on 25 September 2021.

Chief financial
