OBJECTIVES

This Scheme of Arrangement has been formulated pursuant to the provisions of Section 279 to 283 and Section 285 of the Act for merger of AKDSL and BIPLS, as per the terms of this Scheme of Arrangement, together with all its properties, liabilities and obligations of every description.

By way of background, AKDSL has already acquired 77.12% shareholding alongwith its management control in BIPLS on 28 June 2021. However, it is worth highlighting that under the applicable regulatory framework applicable on Securities Brokers and Future Brokers, an entity or sponsor cannot hold two TRE Certificates and licenses of the Securities & Future Brokerage House. Therefore, before completion of takeover under the "Securities Act, 2015" and "Listed Companies (Substantial Acquisition of Voting Shares and. Takeovers) Regulations, 2017", the management of AKDSL approached the SECP to seek relaxation for a limited time in respect of the aforesaid regulatory restriction with a submission that after the acquisition of BIPLS, both the companies will be merged to comply with applicable regulatory framework. Accordingly, the SECP has granted the requisite relaxation till the merger of both AKDSL and BIPLS.

In view of above, it is important to highlight that this Scheme has been triggered to comply with regulatory requirements contained in "Securities Brokers (Licensing and Operations) Regulations, 2016", "Futures Brokers (Licensing and Operations) Regulations, 2018", "PSX Rule Book" and "PMEX Rule Book".

In addition to the above, the benefits of the Scheme of Arrangement shall include but are not limited to the following:

1. PRINCIPAL OBJECT

By way of this intended merger, AKDSL intends to become the largest full suite brokerage house for its clients in line with its peer group offering full suite brokerage services including fixed income desk i.e. Money Market & FX. AKDSL also intends to expand geographically adding several nationwide locations where AKDSL is not currently present such as Peshawar, Sialkot, Gujranwala, Rahim Yar Khan & Multan. Simultaneously, AKDSL will also be increasing its footprint in major cities including Karachi, Lahore, Islamabad & Faisalabad. This will enable AKDSL to offer comprehensive delivery & distribution channel to all its clients to supplement preexisting top of the line services offered by it. By way of this merger, AKDSL will also be able to fast track its branch expansion strategy.

Both AKDSL and BIPLS have considered various options, ways and means available to operate their business in compliance with the relevant laws, rules and regulations and in a manner which ultimately maximizes the shareholders return and improves the services being offered to the end consumers.

E BPI

AKDSL and BIPLS have concluded that the AKDSL along with all their respective assets and liabilities, be amalgamated/merged with and into BIPLS in exchange for issuance of ordinary shares of BIPLS to the shareholders of the AKDSL respectively, in accordance with Article 5 of the Scheme.

This will result in the dissolution, without winding up of AKDSL, the surrender by either entity of its TRE Certificates of PSX and PMEX and subsequently thereby resulting in the cancellation of AKDSL's Securities and Future Broker Licenses and the surviving entity i.e. BIPLS shall continue as a listed entity on the PSX having adopted the name of AKDSL i.e. "AKD Securities Ltd"

Therefore, the principal object of the merger is to combine the assets and liabilities of the two companies and their members into one company, to bring significant value addition for shareholders of both companies and in a nub, the above proposed merger if sanctioned will contribute substantially to the efficiency of the provision of services offered by the AKDSL and will increase competition in the market by adding another full suite brokerage house.

2. STRATEGIC RATIONALE

By way of this merger, AKDSL will also be able to offer a large chunk of BIPLS's customer base which prefers trading online, its state of the art online trading platform. AKDSL to its credit has one of the best online trading platforms and the preexisting customer base of BIPLS will be able to enjoy a safer, more effective trading experience from the comforts of their homes. AKDSL as a result of the above believes that it can add more value to the customers' experience while maintaining lower impact cost through wider brokerage operations across various asset classes.

3. SINGLE CORPORATION AND TAX REPORTING

The merger will make single corporate and tax reporting possible. It will entail elimination of maintenance of separate records for business operation, selling, purchasing, marketing, legal, administrative and secretarial and other records under the various laws resulting in duplication of work and higher costs.

4. ECONOMIC BENEFIT

The proposed merger will open the doors for the cross selling between the different areas of activities currently undertaken by AKDSL & BIPLS thus creating synergies and improving cost efficiency. As stated above, AKDSL will be able to offer a wide range of services to all its clients after the proposed merger including but not limited to creating opportunities in multiple folds to cross sell different products to the other segments of clients i.e. from equity investor to fixed income investor and vice versa.

AKDSL is a very active player in the brokerage and advisory sections of the industry and this proposed merger will enable it to penetrate the untapped population all across Pakistan by offering assets class investments opportunities. The strong network acquired as a result of the proposed merger will enable AKDSL to access a wider geographical reach which will ultimately bring more depth & volume in the Capital Markets for the betterment of the economy in general and generate more employment resultantly.

5. LARGER EQUITY AND ASSET BASE TO RESULT IN HIGHER PROFITABILITY

The merged Company would have a larger asset and product base enabling it to achieve higher growth which is expected to result in enhanced profitability and the larger size of merged entity would provide greater opportunities in the market.

6. OVERALL BENEFITS

The merger will be to the advantage of shareholders and employees of both the companies. Since the reduced overhead costs is likely to result in enhanced revenues, the prospects of higher profitability with its attendant consequences of better dividends to shareholders may be expected. Moreover, by merging AKDSL into BIPLS, the larger base of assets of merged companies will bring financial stability to, and resulting in business growth.

Mr. Naveed Anjum
Executive Vice President
AKD Securities Limited
602, Continental Trade Center,

Karachi

Dear Sir,

Subject: Swap Computation Letter

Yousuf Adil, Chartered Accountants (hereinafter referred to as "we" or "our" or "us" or "YA") has provided the services as agreed vide our engagement letter ref. no. - b) BIPL Securities Limited hereinafter referred to as BIPL (surviving entity)

Our understanding of the transaction

We also understand that the Scheme, which has been shared with us, proposed to be entered into between AKDS and BIPL (hereinafter collectively referred to as the "Companies") principally envisages the merger, by way of amalgamation, of AKDS with and into BIPL by transferring to, merging with, and vesting into BIPL, the rights, assets, liabilities and obligations of AKDS, against the issuance of shares of BIPL to the shareholders of AKDS, as a consequence of which AKDS shall be dissolved without winding up (the "Amalgamation"). However as per the management of AKDS, the name of surviving company will be changed to "AKD Securities Limited"

The determination of the fair values of AKDS and BIPL for calculation of swap ratio shall consider market approach for valuation.
