(8) اراکین سے درخواست کی جاتی ہے کہ اپنے رجسٹرڈ پتا میں تبدیلی کی صورت میں فوراً آگاہ کریں۔

FIRST CAPITAL SECURITIES CORPORATION LIMITED

DIRECTORS' REPORT

On behalf of the Board of Directors of First Capital Securities Corporation Limited ("the Company" or "FCSC"), we are pleased to present the annual report of the Company together with the audited annual financial statements for the financial year 2021.

Operational Results

The principal business activities of the Company include equity investments and Money market operations. The Company's financial results for the Financial Year 2021 ("FY21") are summarized as follows:

	30 June 2021	30 June 2020
	Rupees	Rupees
Revenue	364,608,987	(148,516,962)
Operating expenses	9,330,541	48,786,795
Finance and other costs	263,739,756	242,768,587
Profit / (loss) after taxation	207,429,503	(426,521,686)
Earnings/(loss) per share (basic & diluted)	0.66	(1.35)

During the period under review, the Company has reported profit after tax of Rs. 207.429 million (EPS: 0.66) as compared to loss of Rs. 426.521 million (EPS: -1.35) during the same period last year. The Company has generated gross revenue of Rs. 364.609 during the period under review as compared to loss of Rs. 148.517 in the same period last year, mainly on the back of gain of Rs. 362.975 million from change in fair value of investment as compared to loss of Rs. 251.921 million in corresponding period last year. Finance cost increased to Rs. 20.971 million from Rs. 242.768 million.

During the year company reported profit before tax amounting Rs. 207.4 Million, but still the accumulated losses of the company stand at Rs. 1,245.6 Million as at June 30, 2021 (2020: 1,453.27 Million). Moreover current liabilities of the Company exceeds its current assets by Rs. 380.1 Million.

Owing to the factors mentioned above the Company in order to carry on its business and to meet its obligations requires generating sufficient operating profits and cash flows. Accordingly there is a material uncertainty relating to the Company's operations that may cause sufficient doubt regarding discharge of its liability in the normal course of business. Continuation of the Company as going concern is heavily dependent on improved cash flows. During the year management successfully negotiated with Bank for deferment of its principal and rental payable against diminishing musharka agreement. As at year end the management of the Company is trying to sell its investment properties to settle its loan facilities and is confident that this will be done on favorable terms.

Based on above mentioned assumption of the management these financial statements have been prepared on the going concern basis. The financial statements consequently, do not include any adjustment relating to the realization of the assets and liquidation of liabilities that might be necessary should the Company be unable to continue as going concern.

Performance of Key Investments

First Capital Equities Limited ("FCEL")

FCEL reported a profit after taxation from continuing operations of Rs 90.88 million in FY21 as compared to profit of Rs. 75.54 million during the same period last year. During the year discontinuation of operations loss of the Company is recorded at Rs 0.85 million during the

period under review as compared to loss of Rs. 79.03 million in previous year. Further, the Un-realized gain on re-measurement of investment is recorded at Rs. 94.57 million.

During the current year, FCEL earned profit of Rs. 90.1 Million (2020: Loss Rs. 3.48 Million) after recognizing unrealized gain on investments amounting Rs. 94.5 Million (2020: Rs. 8.3 Million), moreover the accumulated losses of the company stand at Rs. 980.91 Million as at June 30, 2021 (2020: 1,071.04 Million) and as at the reporting date current liabilities of the Company exceed its current assets by Rs. 441.17 Million (2020: Rs. 498.77 Million).

Lanka Securities (Private) Limited (“LSL”)

LSL has reported profit after tax of LKR 170.15 million during the period under review as compared to loss of LKR 13.40 million during the same period last year. Earnings per share for the year is recorded at LKR 9.47 as compared to (loss) LKR (0.75) in the preceding year.

First Capital Investments Limited (“FCIL”)

FCIL has posted profit after taxation of Rs. 13.16 million during the Financial Year 2021 (“FY-21”) as compared to loss after taxation of Rs. 3.96 million during the Financial Year 2020 (“FY-20”). Earnings per share during the period under review is recorded at Rs. 0.58 as compared to loss per share of Rs. 0.19 during the same period last year. The recovery in the earnings of the Company is mainly on the back of equity market performance that stated positive return of 37% during the period under review as compared to 1.53% during the FY-20.

World Press (Pvt.) Limited (“WPL”)

Due to continuous losses and lack of commercial activity the Board of Directors of the Company in their meeting held on October 07, 2020, and subsequently the shareholder of the Company in their annual general meeting held on October 28, 2020, authorized Chief Executive of the Company to sell the whole investment in World Press (Private) Limited (subsidiary) to any prospective buyer with the approval of the Board of Directors. Board of Directors in their meeting held on October 28, 2020 approved the sale of 1,949,258 shares of subsidiary to Mr. Anwar Ali another major shareholder of World Press (Private) Limited against the consideration of Rs. 10,000.

Evergreen Water Valley (Pvt.) Limited (“EGWV”)

During the financial year ending 30th June 2021 vs (FY-2020), the sales of the Company substantially increased by 232%. The Company recorded the net sales of Rs. 557,859 million as compared to Rs. 167,740 million during last year, with an increase of Rs.390.119 million. Such an increase in company's revenue.

Corporate Social Responsibility

The Company continued its contribution to the society as a socially responsible organization through discharge its obligations towards the peoples who work for it, peoples around its workplace and the society as whole.

Human Resource Management;

The management of the Company believes strongly in principles, beliefs and philosophy of the company where employees are treated as family members. The Company is

continuously striving to provide corporate and social work environment to its employees as this helps them to work in complete harmony in a healthy and professional way.

Internal controls:

The Directors and management are responsible for the Company's system of internal controls and for reviewing annually its effectiveness in providing shareholders with a return on their investments that is consistent with a responsible assessment and management of risks. This includes reviewing financial, operational and compliance controls and risk management procedures and their effectiveness. The directors have completed their annual review and assessment for year ended 2021.

The Board and audit committee regularly review reports of the internal audit function of the Company related to the Company's control framework in order to satisfy the internal control requirements. The Company's internal Audit function performs reviews of the integrity and effectiveness of control activities and provides regular reports to the Audit Committee and the Board.

Risk management:

The Board recognizes that risk is an integral component of the business, and that it is characterized by both threat and opportunity. The Company fosters a risk aware corporate culture in all decision-making, and is committed to managing all risk in a proactive and effective manner through competent risk management. To support this commitment, risk is analyzed in order to inform the management decisions taken at all levels within the organization. Due to the limitations inherent in any risk management system, the process for identifying, evaluating and managing the material business risks is designed to manage, rather than eliminate, risk and to provide reasonable, but not absolute assurance, against material misstatement or loss. Certain risks, for example natural disasters, cannot be managed to an acceptable degree using internal controls. Such major risks are transferred to third parties in the local insurance markets, to the extent considered appropriate.

Impact of the company's business on the environment

The Company's nature of business is service provider and Investments, hence its activities has very less impact on environment. The Company has a policy to minimize the use of paper by encouraging employees, departments and clients to communicate mostly through emails.

Key Financial Indicators

The key financial indicators of the Company's performance for the last six years are annexed to the report.

Payouts for the Shareholders

Keeping in view the cash flows of the company during the year ended June 30, 2021, board of directors does not recommend any pay out/ dividend for the year.

(Loss)/Earnings per share

Earnings per share (basic and diluted) for the year ended June 30, 2021 Rs. 0.66 as compared to loss per share Rs. (1.34) for the last year.

Delay in Election of Directors

The term of directors was expired on 26th September 2012, the directors have already fixed the number of directors as seven for the next term of three years. However, the board did not decide the date of election of directors due to an impediment in holding the election of Directors, i.e. non completion of succession of shares of late Mr. Salmaan Taseer.

Corporate and Financial Reporting Framework:

- The financial statements together with the notes drawn up by the management present fairly the company's state of affairs, the result of its operations, cash flow and changes in equity.
- Proper books of accounts have been maintained by the company.
- Appropriate accounting policies have been consistently applied in the preparation of the financial statements and accounting estimates are based on reasonable and prudent judgment, except for changes referred in Note – 4 to the financial statements.
- The international accounting standards, as applicable in Pakistan, have been followed in the preparation of financial statements and departure there from (if any) is adequately disclosed.
- Significant deviations from last year in operating results of the Company have been highlighted and reasons thereof explained above.
- There are statutory payments on account of taxes, duties, levies and charges which are outstanding and have been disclosed in Note – 15 to financial statements.
- Information about loans and other debt instruments in which the Company is in default or likely to default are disclosed in Note – 16 to the financial statements.

فرسٹ کیپٹل سکیورٹیز کارپوریشن لمیٹڈ

چیئر مین کی جائزہ رپورٹ

بورڈ کی مجموعی کارکردگی اویکینیز ایکٹ 2017ء کے سیکشن 192 کے تحت کمپنی کے مقاصد کے حصول کے لئے بورڈ کے مؤثر کردار پر چیئر مین کی جائزہ رپورٹ۔

کوڈ آف کارپوریٹ گورننس کے تحت فرسٹ کیپٹل سکیورٹیز کارپوریشن لمیٹڈ (”کمپنی“) کے بورڈ آف ڈائریکٹرز کا سالانہ جائزہ لیا گیا۔ اس جائزہ کا مقصد یہ یقینی بنانا ہے کہ کمپنی کے طے شدہ اہداف کے تناظر میں توقعات کے برعکس بورڈ کی مجموعی کارکردگی اور تاثیر کا تعین کیا جائے۔ ایسے شعبے جن میں بہتری کی ضرورت ہے انہیں مد نظر رکھا گیا ہے اور ایکشن پلان مرتب کیا گیا ہے۔

میں 30 جون 2021ء کو اختتام پذیر سال کے لئے سالانہ رپورٹ پیش کرنے میں فخر محسوس کرتی ہوں۔

- ❖ فرسٹ کیپٹل سکیورٹیز کارپوریشن لمیٹڈ (”FCSC“) کے بورڈ آف ڈائریکٹرز نے کمپنی کے شیئر ہولڈرز کے بہترین مفاد کو ملحوظ خاطر رکھتے ہوئے اپنے فرائض دلجمعی سے سرانجام دیئے ہیں اور کمپنی کے امور کو مؤثر انداز میں منظم کیا ہے۔
- ❖ FCSC کا انتہائی ماہر اور تجربہ کار افراد پر مشتمل ہے۔ وہ کئی اداروں سے وسیع تجربہ کے حامل افراد بشمول آزاد ڈائریکٹرز کو سامنے لائے ہیں۔ بورڈ کے تمام اراکین اپنے فرائض سے بخوبی آگاہ ہیں اور انہیں دلجمعی سے سرانجام دے رہے ہیں۔
- ❖ ضابطہ کے تحت بورڈ اور اس کی کمیٹیوں میں نان ایگزیکٹو اور آزاد ڈائریکٹرز کی مناسب نمائندگی موجود ہے۔ اور یہ کہ بورڈ کے اراکین اور اس کی متعلقہ کمیٹیاں کمپنی کے امور چلانے کے لئے موزوں مہارت، تجربہ اور علم کو بروئے کار لاتے ہیں۔
- ❖ بورڈ نے یقین دلایا ہے کہ مؤثر انداز میں اپنے فرائض سرانجام دینے کے لئے ڈائریکٹرز کو آگاہی کورس فراہم کئے گئے ہیں اور یہ کہ بورڈ کے چار ڈائریکٹرز نے ڈائریکٹرز ٹریننگ پروگرام کے تحت پہلے ہی اسناد حاصل کر لی ہیں اور باقی ڈائریکٹرز ضابطہ کے مطابق قابلیت اور تجربہ کے معیار پر پورا اترتے ہیں۔
- ❖ بورڈ نے آڈٹ اور ہیومن ریسورس اینڈ ریمونریشن کمیٹی تشکیل دی ہے اور ان کے شرائط و ضوابط منظور کئے ہیں۔ اور اپنی فرائض کی انجام دہی کے لئے کمیٹیوں کو مناسب وسائل فراہم کئے ہیں۔
- ❖ بورڈ نے یقین دلایا ہے کہ بورڈ اور کمیٹیوں کے اجلاس مطلوب کورم کے تحت منعقد کئے جاتے ہیں اور فیصلہ سازی کے تمام امور بورڈ کی قرارداد سے ہی طے کئے جاتے ہیں اور تمام اجلاسوں (بشمول کمیٹی کے اجلاس) کی روئیداد کو مناسب انداز میں ریکارڈ کیا جاتا ہے۔

❖ بورڈ منصوبہ بندی کے عمل، رسک مینجمنٹ سسٹم، پالیسی ڈیولپمنٹ اور مالی ڈھانچہ، نگرانی اور منظوری کو احسن انداز میں پائیہ تکمیل تک پہنچاتا ہے۔ سال بھر میں تمام نمایاں معاملات کو بورڈ یا کمیٹیوں کے سامنے پیش کیا جاتا ہے تاکہ کاروباری فیصلہ سازی کے عمل کو مستحکم کیا جاسکے۔

❖ کاروباری فیصلہ سازی کے عمل کو مضبوط کرنے کے لئے سال بھر میں تمام اہم معاملات کو بورڈ یا اس کی کمیٹیوں کے سامنے رکھا جاتا ہے۔ اور خصوصاً، آڈٹ کمیٹی کی سفارشات پر بورڈ نے کمپنی کی جانب سے متعلقہ پارٹیوں سے لین دین کی منظوری دی ہے۔

❖ بورڈ نے یقینی دہانی کرائی ہے کہ انٹرئل کنٹرول کا مناسب نظام عمل میں لایا گیا ہے اور خود کا تعین کے نظام اور/یا انٹرئل آڈٹ سرگرمیوں کے ذریعے اس کی باقاعدہ نگرانی کی جاتی ہے۔

❖ بورڈ نے ڈائریکٹرز کی رپورٹ کو تیار اور منظور کیا ہے اور یہ یقینی دہانی کرائی ہے کہ لاگو قوانین و ضوابط کے عین مطابق ڈائریکٹرز کی رپورٹ کو کمپنی کے سہ ماہی اور سالانہ مالیاتی گوشواروں کے ساتھ شائع کیا جاتا ہے۔

❖ کمپنی پر لاگو متعلقہ قوانین و ضوابط کے تحت بورڈ نے تفویض کردہ اختیارات کی روشنی میں اپنا کردار ادا کیا ہے۔ اور بورڈ نے ہمیشہ ڈائریکٹرز کی حیثیت سے اپنے اختیارات کے استعمال اور فیصلہ سازی میں تمام لاگو قوانین و ضوابط کو ملحوظ خاطر رکھا ہے۔

❖ بورڈ نے چیف ایگزیکٹو اور دیگر کی ایگزیکٹو بشمول CFO، کمپنی سیکریٹری اور انٹرئل آڈٹ کے سربراہ کی تقرری، تعین اور مشاہیرہ کو یقینی بنایا ہے۔

❖ بورڈ نے یقین دہانی کرائی ہے کہ بورڈ اپنے اراکین کو بروقت معلومات فراہم کرتا ہے اور بورڈ کے اراکین کو اجلاس کے دوران پیش رفت سے آگاہ رکھا جاتا ہے۔

میں ان مشکل حالات میں اپنے ساتھی ڈائریکٹرز، شیئر ہولڈرز، انتظامیہ اور عملہ کی مسلسل حمایت کی تہہ دل سے شکر گزار ہوں۔ میں مستقبل میں کمپنی کی ترقی کے لئے پرامید ہوں۔

**INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF FIRST
CAPITAL SECURITIES CORPORATION LIMITED**

**REVIEW REPORT ON STATEMENT OF COMPLIANCE CONTAINED IN LISTED
COMPANIES (CODE OF CORPORATE GOVERNANCE) REGULATIONS, 2019**

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of **"First Capital Securities Corporation Limited"** (the Company) for the year ended **June 30, 2021** in accordance with the requirement of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As part of our audit of financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations requires the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval its related party transactions and also ensure compliance with the requirements of section 208 of the Companies Act, 2017.

We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out any procedures to assess and determine the Company's process for identification of related parties and that whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention, which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with requirements contained in the Regulations as applicable to the Company for the year ended **June 30, 2021**.

Further, we highlight that the Company has not complied with the provision of regulation 19(1) of the Regulations which require at least 75% of the Directors to have Director's training certificates, as disclosed in the note 19 of the Statement of Compliance.

Independent Auditor's report to the members of First Capital Securities Corporation Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the annexed financial statements of First Capital Securities Corporation Limited, which comprises the statement of financial position as at June 30, 2021, and the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2021 and of the profit and other comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material Uncertainty relating to Going Concern

We draw attention to Note 2 in the annexed financial statements, which states that although during the year company reported profit after tax amounting Rs. 207.4 Million, but still the accumulated losses of the company stand at Rs. 1,245.6 Million as at June 30, 2021 (2020: 1,453.27 Million). Moreover, current liabilities of the Company exceed its current assets by Rs. 380.1 Million. The Company in order to meet its current obligations required to generate sufficient profits and cash flows. As stated in Note 2, these events or conditions, along with other matters as set forth in Note 2

indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. Our opinion is not qualified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In addition to the matter described in the Material Uncertainty Related to Going Concern section, we have determined the matters described below to be the key audit matters to be communicated in our report.

Following are the Key Audit Matters:

Sr. #	Key Audit Matters	How the matters were addressed in our audit
1.	Valuation of long term investments As stated in the Note 8 of accompanying financial statements, the company has significant investment in various quoted and unquoted entities which are valued at fair value and substantial amount of fair value gain is recognized on those investments during the year. We identified valuation of long term investments as key audit matter because there is a significant risk over the valuations of these investments due to the inherent subjectivity and estimation involved in the valuation of such assets.	We performed following key audit procedures to address the assessed risk: <ul style="list-style-type: none">Assessed competence, capability and objectivity of managements' expert and discussed with management appropriateness of assumptions and methodologies used;We involved our valuation experts to assess the appropriateness of the methodologies and assumptions used in respect of revaluation; andAssessed the appropriateness of the related disclosures in the Company's financial statements.
2.	Litigations There are a number of legal and regulatory matters for which no provision has been established, as disclosed in Note 20 of accompanying financial statements The Company is exposed to different laws,	We performed following key audit procedures to address the assessed risk: <ul style="list-style-type: none">Obtained understanding of the Company's controls over litigations through meetings with the management and review of the minutes of the Board

regulations and interpretations thereof and hence, there is a litigation risk. Also there is an inherent risk that legal exposures are not identified and considered for financial reporting purposes on a timely basis. Importantly, the decision to recognize a provision and the basis of measurement are purely judgmental.

We identified litigations as key audit matter because there is a high level of judgement involve in assessing the likelihood of their outcome which effect the level of provisioning and/or disclosures.

of Directors and Board Audit Committee;

- Discussed open matters and developments with the Company's in-house legal counsel and read correspondence with external legal counsels, where relevant;
- Circularized confirmations to relevant third party legal representatives and follow up discussions, where appropriate, on certain material cases;
- Whilst noting the inherent uncertainties involved with the legal and regulatory matters, assessed the appropriateness of the related disclosures made in the accompanying financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report including, in particular, the Chairman's Review, Director's Report and Financial Highlights, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017(XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) no zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

The engagement partner on the audit resulting in this independent auditor's report is Imran-ul-Haq.

Chief Executive Officer

Chief Financial Officer

Director

FIRST CAPITAL SECURITIES CORPORATION LIMITED
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2021

1 Legal status and nature of business

First Capital Securities Corporation Limited ("the Company") was incorporated in Pakistan on April 11, 1994 as a public limited company under the repealed Companies Ordinance, 1984 (Now Companies Act 2017) and is listed on the Pakistan Stock Exchange. The Company is involved in making long and short term investments, money market operations and financial consultancy services.

Geographical location and location of other offices are as under:

Lahore-Head Office

2nd Floor Pace Shopping Mall, Fortress
 Stadium Lahore Cantt, Lahore

Karachi-Corporate Office

4th Floor, Block B,C,D Lakson Square Building No,01
 Sarwar Shaheed Road Karachi

2 Going concern assumption

Although during the year company reported profit before tax amounting Rs. 207.4 Million, but still the accumulated losses of the company stand at Rs. 1,245.6 Million as at June 30, 2021 (2020: 1,453.27 Million). Moreover current liabilities of the Company exceeds its current assets by Rs. 380.1 Million.

Owing to the factors mentioned above the Company in order to carry on its business and to meet its obligations requires generating sufficient operating profits and cash flows. Accordingly there is a material uncertainty relating to the Company's operations that may cause sufficient doubt regarding discharge of its liability in the normal course of business. Continuation of the Company as going concern is heavily dependent on improved cash flows. During the year management successfully negotiated with Bank for deferment of its principal and rental payable against diminishing musharka agreement. As at year end the management of the Company is trying to sell its investment properties to settle its loan facilities and is confident that this will be done on favorable terms.

Based on above mentioned assumption of the management these financial statements have been prepared on the going concern basis. The financial statements consequently, do not include any adjustment relating to the realization of the assets and liquidation of liabilities that might be necessary should the Company be unable to continue as going concern.

3 Basis of preparation

3.1 Separate financial statements

These financial statements are the separate financial statements of the Company. Consolidated financial statements of the Company are prepared separately.

The Company has following major investments:

Subsidiaries

Company	Country of Incorporation	Nature of business	Effective holding %

- Media Times Limited,	Pakistan	A media company	25.31	25.31
- Pace (Pakistan) Limited	Pakistan	A real estate services company	2.52	2.38

3.2 Statement of compliance

These financial statements have been prepared in accordance with the approved Accounting Standards as applicable in Pakistan and the requirements of the Companies Act, 2017. Approved Accounting Standards comprise of such International financial reporting standards as notified under the provisions of the Companies Act, 2017. Whenever the requirements of the Companies Act, 2017 or directives of the Securities and Exchange Commission of Pakistan (SECP) differ with the requirements of the Standards, the requirements of the Companies Act, 2017 or the requirements of the said directives take precedence.

3.3 Basis of measurement

These financial statements have been prepared under the historical cost convention, except for certain financial assets and investment properties that are stated at fair value and certain employee benefits and deferred accrued rental on diminishing musharka which are presented at present value.

3.4 Critical accounting estimates and judgments

The Company's significant accounting policies are stated in Note 5. The preparation of financial statements in conformity with approved accounting standards requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions and judgments are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimate is revised if the revision affects only that year, or in the year of the revision and future years if the revision affects both current and future years. The areas where various assumptions and estimates are significant to Company's financial statements are as follows:

a)	Useful life and residual values of property and equipment	Note 5.1
b)	Impairment	Note 5.1
c)	Provisions and contingencies	Note 5.14 & Note 20
d)	Valuation of investment properties	Note 5.4
e)	Staff retirement benefits	Note 5.15
f)	Provision for taxation	Note 5.17

4 INITIAL APPLICATION OF NEW STANDARDS, INTERPRETATIONS OR AMENDMENTS TO EXISTING STANDARDS

- 4.1 There are certain new and amended standards, issued by International Accounting Standards Board (IASB), interpretations and amendments that are mandatory for the Company's accounting periods beginning on or after July 01, 2020 but are considered not to be relevant or do not have any significant effect on the Company's operations and therefore not detailed in these financial statements.

Standards or Interpretations:

- IFRS 3 - Definition of a Business (Amendments);
- IFRS 9 / IAS 39 / IFRS 7 - Interest Rate Benchmark Reform (Amendments);
- IFRS 14 - Regulatory Deferral Accounts;
- IFRS 9 - Prepayment Features with Negative Compensation - (Amendments)
- IFRS 15 - Revenue from Contracts with Customers
- IAS 19 - Plan Amendment, Curtailment or Settlement (Amendments)
- IAS 28 - Long-term Interests in Associates and Joint Ventures (Amendments)
- IFRIC 23 - Uncertainty over income tax treatments
- IAS 1 / IAS 8 - De-finition of Material (Amendments);
- IFRS 16 - COVID 19 Related Rent Concessions (Amendments); and
- The Conceptual Framework for Financial Reporting - revised

Improvements to Accounting Standards Issued by the IASB (2018 - 2020 cycle)

- IFRS 3 Business Combinations - Previously held Interests in a joint operation
- IFRS 11 Joint Arrangements - Previously held Interests in a joint operation
- IAS 12 Income Taxes - Income tax consequences of payments on financial instruments classified as equity
- IAS 23 Borrowing Costs - Borrowing costs eligible for capitalization

The adoption of the above standards, amendments and improvements to accounting standards did not have any material effect on the Company's financial statements.

4.2 Standards, amendments and improvements to approved accounting standards that are not yet effective

The following standards, amendments and interpretations with respect to the approved accounting standards as applicable in Pakistan would be effective from the dates mentioned below against the respective standard or interpretation:

Standard or Interpretation	Effective date (annual periods beginning on or after)
Classification of Liabilities as Current or Non-current - Amendments to IAS 1	01-Jan-23
Property, Plant and Equipment: Proceeds before Intended Use - Amendments to IAS 16	01-Jan-22
Onerous Contracts - Costs of Fulfilling a Contract - Amendments to IAS 37	01-Jan-22
Interest Rate Benchmark Reform - Phase 2 - Amendments to IFRS 9, IAS 39	01-Jan-21
Reference to the Conceptual Framework - Amendments to IFRS 3	01-Jan-22
AIP IFRS 9 Financial Instruments - Fees in the '10 per cent' test for Derecognition of financial liabilities	01-Jan-22

4.3 Standards, amendments and improvements to approved accounting standards that are issued by IASB but not yet adopted by SECP

Standard or Interpretation	IASB Effective date (annual periods beginning on or after)
IFRS 1- First-time Adoption of International Financial Reporting Standards	01-Jul-09
IFRS 17 - Insurance Contracts	01-Jan-23

5 SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies are consistently applied in the preparation of these financial statements are the same as those applied in earlier periods presented.

5.1 Property, plant and equipment

These are stated at cost less accumulated depreciation and impairment losses, if any. Depreciation is charged to profit or loss by applying the straight-line method whereby the cost is written-off over its estimated useful life at the rates specified in note 6.1 to the financial statements.

Depreciation on additions is charged on a pro-rata basis from the month in which the asset is put to use, while for disposals depreciation is charged up to the month preceding the disposal of the asset. Where an impairment loss is recognized, the depreciation charge is adjusted in the future periods to allocate the assets revised carrying amount over its estimated useful life.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to profit or loss during the period in which they are incurred.

Maintenance and repairs are charged to profit or loss as and when incurred. Renewals and improvements are capitalized when it is probable that respective future economic benefits will flow to the Company and the cost of the item can be measured reliably, and the assets so replaced, if any, are retired.

The gain or loss on disposal or retirement of an asset represented by the difference between the sale proceeds and the carrying amount of the asset is recognized as an income or expense.

Residual value and the useful life of an asset are reviewed at each financial year end and adjusted if impact on depreciation is significant. The Company's estimates of residual value of property and equipment at June 30 2021 did not require any adjustment. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount (note 5.11).

5.2 Capital work in progress

Capital work in progress is stated at cost less any identified impairment loss. All expenditure connected with specific assets incurred during installation and construction period are carried under capital work in progress. These are transferred to property, plant and equipment as and when these are available for use.

5.3 Leases

Right of use asset

The Company recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability. Right-of-use assets that falls under the category of investment properties are carried at fair value as mentioned in note 5.5.

Where the Company determines that the lease term of identified lease contracts are short term in nature i.e. with a lease term of twelve months or less at the commencement date, right of use assets is not recognized and payments made in respect of these leases are expensed in the statement of profit or loss.

Lease liability

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate. Lease payments in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee; and
- the exercise price under a purchase option that the Company is reasonably certain to exercise, lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Company is reasonably certain not to terminate early.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

5.4 Investment properties

Properties which are held to earn rentals or for capital appreciation or for both are classified as investment properties. Investment properties are initially recognized at cost, being the fair value of the consideration given. Subsequently these are stated at fair value. The fair value is determined annually by an independent professional valuer. The fair values are based on market values, being the estimated amount for which a property could be exchanged on the date of valuation between knowledgeable and willing buyer and seller in an arm's length transaction.

Any gain or loss arising from a change in fair value is charged to the statement of profit or loss. Rental income from investment properties is accounted for as described in Note 7.

When an item of property, plant and equipment is transferred to investment property following a change in its use, any difference arising at the date of transfer between the carrying amount of the item immediately prior to transfer and its fair value is recognized in surplus on revaluation of fixed assets. Upon disposal of the item, the related surplus on revaluation is transferred to retained earnings. Any loss arising in this manner is immediately charged to profit or loss.

If an investment property becomes owner-occupied, it is reclassified as property, plant and equipment and its fair value at the date of reclassification becomes its cost for accounting purposes for subsequent recording.

5.5 Financial Instruments

i- Initial measurement of financial asset

The Company classifies its financial assets in to following three categories:

- fair value through other comprehensive income (FVOCI);
- fair value through profit or loss (FVTPL); and
- measured at amortized cost.

A financial asset is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition.

ii- Subsequent measurement

Debt Investments at FVOCI: These assets are subsequently measured at fair value. Interest / markup income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognized in the statement of profit or loss. Other net gains and losses are recognized in other comprehensive income. On de-recognition, gains and losses accumulated in other comprehensive income are reclassified to the statement of profit or loss.

Equity Investments at FVOCI: These assets are subsequently measured at fair value. Dividends are recognized as income in the statement of profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognized in other comprehensive income and are never reclassified to the statement of profit or loss.

Financial assets at FVTPL: These assets are subsequently measured at fair value. Net gains and losses, including any interest / markup or dividend income, are recognized in profit or loss

Financial assets measured at amortized cost: These assets are subsequently measured at amortized cost using the effective interest rate method. The amortized cost is reduced by impairment losses. Interest / markup income, foreign exchange gains and losses and impairment are recognized in the statement of profit or loss

iii Non-derivative financial assets

All non-derivative financial assets are initially recognized on trade date i.e. date on which the Company becomes party to the respective contractual provisions. Non-derivative financial assets comprise loans and receivables that are financial assets with fixed or determinable payments that are not quoted in active markets and includes trade debts, advances, other receivables and cash and cash equivalent.

The Company derecognizes the financial assets when the contractual rights to the cash flows from the asset expires or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risk and rewards of ownership of the financial assets are transferred or it neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control over the transferred asset.

5.6 Trade debts, advances and other receivables

These are classified at amortized cost and are initially recognized when they are originated and measured at fair value of consideration receivable. These assets are written off when there is no reasonable expectation of recovery. Actual credit loss experience over past years is used to base the calculation of expected credit loss

5.7 Cash and cash equivalents

For the purpose of presentation in statement of cash flows, cash and cash equivalents includes cash in hand, balances with banks that form an integral part of the Company's cash management.

5.8 Financial liabilities

Financial liabilities are initially recognized on trade date i.e. date on which the Company becomes party to the respective contractual provisions. Financial liabilities include mark-up bearing borrowings and trade and other payables. The Company derecognizes the financial liabilities when contractual obligations are discharged or cancelled or expire. Financial liability other than at fair value through profit or loss are initially measured at fair value less any directly attributable transaction cost. Subsequent to initial recognition, these liabilities are measured at amortized cost using effective interest rate method.

5.9 Mark-up bearing borrowings and borrowing cost

Mark-up bearing borrowings are recognized initially at fair value, less attributable transaction costs. Subsequent to initial recognition, mark-up bearing borrowings are stated at amortized cost, while the difference between the cost (reduced for periodic payments) and redemption value is recognized in the statement of profit or loss over the period of the borrowing using the effective interest method. Borrowing cost that is directly attributable to the acquisition, construction or production of a qualifying asset are capitalized as part of the cost of the relevant asset.

5.10 Impairment

Financial Assets

The Company recognizes loss allowances for Expected Credit Losses (ECLs) in respect of financial assets measured at amortized cost.

The Company measures loss allowances at an amount equal to lifetime ECLs, except for the following, which are measured at 12-month ECLs:

- debt securities that are determined to have low credit risk at the reporting date; and
- other debt securities and bank balance for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade receivables are always measured at an amount equal to lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than past due for a reasonable period of time. Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument. 12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months). The maximum period considered when estimating ECLs is the maximum contractual period over which the Company is exposed to credit risk.

Loss allowances for financial assets measured at amortized cost are deducted from the Gross carrying amount of the assets.

The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering of a financial asset in its entirety or a portion thereof. The Company individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Company expect no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

The adoption of the expected loss approach has not resulted in any material change in impairment provision for any financial asset. The Company recognizes in profit or loss, as an impairment gain or loss, the amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date.

Non-Financial Assets

The carrying amounts of the Company's non-financial assets, other than deferred tax assets and inventories are reviewed at each reporting date to determine whether there is any indication of impairment. If such indication exists, the asset's recoverable amount, being higher of value in use and fair value less costs to sell, is estimated. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets. An impairment loss is recognized whenever the carrying amount of an asset exceeds its recoverable amount. Impairment losses are recognized in the statement of profit or loss.

5.11 Settlement date accounting

All "regular way" purchases and sales of financial assets are recognized on the settlement date, i.e. the date on which the asset is delivered to or by the Company. Regular way purchases or sales of financial assets are those contracts which requires delivery of assets within the time frame generally established by regulation or convention in the market.

5.12 Trade and other payables

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business, if longer). If not, they are presented as non-current liabilities.

Liabilities for creditors and other costs payable are initially recognized at cost which is the fair value of the consideration to be paid in future for goods and/or services, whether or not billed to the Company and subsequently measured at amortized cost using the effective interest method.

5.13 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the financial statements only when the Company has currently legally enforceable right to set-off the recognized amounts and the Company intends either to settle on a net basis or to realize the assets and to settle the liabilities simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in normal course of business and in the event of default, insolvency or winding up of the Company or the counter parties.

5.14 Provisions

Provisions are recognized in the statement of financial position when the Company has a legal or constructive obligation as a result of past events and it is probable that outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. However, provisions are reviewed at each statement of financial position date and adjusted to reflect current best estimate.

5.15 Staff retirement benefits

Defined benefit plan

The Company maintains an unfunded gratuity scheme for all its eligible employees. The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognized asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. To calculate the present value of economic benefits, consideration is given to any applicable minimum funding requirements.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognized immediately in other comprehensive income. The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognized in profit or loss.

5.16 Revenue recognition

Capital gains or losses on sale of investments are recognized in the year in which they arise. Money market brokerage, consultancy and advisory fees are recognized as and when such services are provided. Underwriting commission is recognized as and when the contract is executed. Take up commission is recognized at the time of actual take-up. Dividend income is recognized when the right to receive the dividend is established i.e. at the time of closure of share transfer book of the Company declaring the dividend. Return on securities other than shares is recognized as and when it is due on time proportion basis. Mark-up/interest income is recognized on accrual basis. Rental income from investment properties is credited to profit or loss on accrual basis.

5.17 Taxation

Income tax expense comprises of current and deferred tax. Income tax is charged or credited to profit or loss except to the extent that it relates to items recognized directly in other comprehensive income or equity, in which case it is recognized in other comprehensive income or equity.

Current

Provision of current tax is based on the taxable income for the year determined in accordance with the prevailing law for taxation of income. The charge for current tax is calculated using prevailing tax rates or tax rates expected to apply to the profit for the year if enacted after taking into account tax credits, rebates and exemptions, if any. The charge for current tax also includes adjustments, where considered necessary, to provision for tax made in previous years arising from assessments framed during the year for such years.

Deferred

Deferred tax is accounted for using the statement of financial position liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit. However, the deferred tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of transaction neither affects accounting nor taxable profit or loss. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets are recognized to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized.

The carrying amount of deferred tax asset is reviewed at each statement of financial position date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on the tax rates and tax laws that have been enacted or substantially enacted by the statement of financial position date. Deferred tax is charged or credited to profit or loss, except in the case of items credited or charged directly to other comprehensive income or equity in which case it is included in other comprehensive income or equity.

5.18 Related Party transactions

All transactions involving related parties arising in the normal course of business are conducted at arm's length at normal commercial rates on the same terms and conditions as third party transactions using valuation modes as admissible, except in extremely rare circumstances where, subject to approval of Board of Directors, it is in the interest of the Company to do so.

5.19 Functional and presentation currency

These financial statements are presented in Pak Rupees which is also the Company's functional currency.

5.20 Foreign currency

All monetary assets and liabilities in foreign currencies are translated into Pak Rupees at exchange rates prevailing at the statement of financial position date. Transactions in foreign currencies are translated into Pak Rupees at exchange rates prevailing at the date of transaction. Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated into rupees at exchange rates prevailing at the date of transaction. Non-monetary assets and liabilities denominated in foreign currency that are stated at fair value are translated into rupees at exchange rates prevailing at the date when fair values are determined. Exchange gains and losses are included in the profit or loss.

5.21 Operating Segments

As per IFRS 8, "Operating Segments", operating segments are reported in a manner consistent with the internal reporting used by the chief operating decision maker. The Chief Executive Officer (CEO) of the Company has been identified as the chief operating decision maker, who is responsible for allocating resources and assessing performance of the operating segments. The CEO is responsible for the Company's entire product portfolio and considers business as a single operating segment. The Company's assets allocation decisions are based on a single integrated investment strategy and the Company's performance is evaluated on an overall basis. The internal reporting provided to the CEO for the Company's assets, liabilities and performance is prepared on a consistent basis with the measurement and recognition principles of approved accounting standards as applicable in Pakistan.

Closing balance	132,425,106	132,425,106

6.2.1 This represents advance against purchase of property in Plot # 27 Block H, Pace Tower Gulberg II, Lahore and 131- A Amjad Chauhdry Road, Guldasht Town, Pace Circle, Lahore amounting to Rs 107,090,858 (2020: Rs 107,090,858) and Rs. 25,334,248 (2020: Rs 25,334,248) respectively. Construction work on these properties is in progress as at 30 June 2021.

This includes Rs. Rs. 25,334,248 (2020: Rs 25,334,248) paid for purchase of leasehold property.

6.2.2 The Company does not hold the title of capital work in progress which includes various shops and apartments situated at Pace Tower, Gulberg and Pace Circle, Lahore. Out of this CWIP amounting Rs. 70.13 million (2020: Rs. 70.13 million) is held in the name of Pace Pakistan Limited, CWIP of Rs. 36.95 Million (2020: Rs. 36.95 million) is held in the name of Mr. Liaquat Ali and CWIP amounting Rs. 25.33 million (2020: Rs. 25.33 million) is held in the name of Pace Barka Properties Limited. The title of these properties will be transferred on completion. The possession of said property will be transferred on completion.

FIRST CAPITAL SECURITIES CORPORATION LIMITED
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2021

7	Investment properties	Note	2021	2020
			Rupees	Rupees
	Opening balance		2,152,618,664	2,052,619,045
	Fair value adjustment		-	99,999,619
	Closing balance	7.1	2,152,618,664	2,152,618,664
Break of investment property is as follows:				
	Owned properties		252,616,000	252,616,000
	Leased properties -- right to use		1,900,002,664	1,900,002,664
		7.3	2,152,618,664	2,152,618,664

- 7.1** Investment property amounting Rs. 1,900 Million (2020: 1,900 Million) is mortgaged with Silk Bank Limited (Eman Islamic Banking) against diminishing musharaka agreement.

The Company does not hold the title of investment property amounting Rs. 2,152.6 Million (2020: Rs. 2,152.6 Million), title of property amounting Rs. 1,940 Million, Rs 7.5 Million and Rs. 205 Million is held in the name of Pace (Pakistan) Limited, First Capital Equities Limited and Capital Heights (Pvt.) Limited respectively. The transfer of this property is in process as at year end. However, the Company has complete control and possession of said property.

- 7.2** Fair value of investment properties is determined by an independent professional valuer. Latest valuation of these properties was carried out on June 30, 2021 by an approved independent valuer present on panel of Pakistan Bankers Association, M/s Negotiators. The table below analyses the non-financial assets carried at fair value, by valuation method. The different levels have been defined as follows:

Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).

Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).

Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

The following table presents the Company's investment properties that are measured at fair value at June 30, 2021:

	Fair value measurements at 30 June 2021 using significant other observable inputs (Level 2)
	Rupees
Recurring fair value measurements	
Investment properties	2,152,618,664

The following table presents the Company's investment properties that are measured at fair value at June 30, 2020:

	Fair value measurements at 30 June 2020 using significant other observable inputs (Level 2)
	Rupees
Recurring fair value measurements	
Investment properties	2,152,618,664

There are no level 1 and level 3 assets or transfers between levels 1, 2 and 3 during 2020 or 2021.

Valuation techniques used to derive level 2 fair values:

Level 2 fair value of investment properties has been derived using the sales comparison approach. Sale prices of comparable land and buildings in close proximity are adjusted for differences in key attributes such as location, size, nature and condition of the property. The most significant input into this valuation approach is price per square foot.

7.3 Particulars of the investment properties and forced sale value (FSV) are as follows:

Particulars	Area	Fair value		Force sale value	
	Sqft	2021	2020	2021	2020
		Rupees			
Shop situated at Pace Shopping Mall, Mouza Dhola Zari G.T. Road, Gujranwala	196	7,590,000	7,590,000	6,831,000	6,831,000
Plot-D situated Near Rangers Headquarters Lahore Cantt	87444	1,900,002,664	1,900,002,664	1,710,002,398	1,710,002,398

	Rupees	Rupees	Rupees	Rupees	Rupees
19.5 Historical information for gratuity plan					
Present value of defined benefit obligation	2,293,421	4,606,376	6,427,923	10,047,853	9,177,400
Gain/(loss) on actuarial experience adjustments on plan liability	(236,728)	(1,618,290)	(558,184)	(650,528)	(7,323)

19.6 Actuarial assumptions sensitivity analysis

If the significant actuarial assumptions used to estimate the defined benefit obligation at the reporting date, had fluctuated by 100 bps with all other variables held constant, the impact on the present value of the defined obligation as at June 30, 2021 would have been as follows:

	Increase	Decrease
Discount rate	4,594,266	4,853,485
Future salary increase	4,593,758	4,379,014

The sensitivity analysis of the defined benefit obligation to the significant actuarial assumptions has been performed using the same calculation techniques as applied for defined benefit obligation reported in the statement of financial position

19.7 Actuarial valuation of this plan was carried out on June 30, 2021 using the Projected Unit Credit Method of which the principle actuarial assumptions used are as follows:

	2021 per annum	2020 per annum
Discount rate used for profit or loss charge	8.50%	14.25%
Discount rate used for year-end obligation	10.00%	8.50%
Expected rate of salary increase in future years		
Salary increase FY 2021	N/A	7.50%
Salary increase FY 2022	9.00%	7.50%
Salary increase FY 2023	9.00%	7.50%
Salary increase FY 2024	9.00%	7.50%
Salary increase FY 2025	9.00%	7.50%
Salary increase FY 2026	9.00%	7.50%
Salary increase FY 2027 and onward	9.00%	7.50%

Mortality rate	SLIC 2001-2005 Setback 1 year	SLIC 2001-2005 Setback 1 year

19.8 Estimated expenses to be charged to profit or loss account for financial year 2021-2022 is Rs 430,202 which includes Rs 302,814 in respect of current service cost and Rs. 127,388 in respect of interest cost in defined benefit obligation.

19.9 Weighted average duration of the defined benefit obligation is 2 years for gratuity.

20 Contingencies and commitments

- 20.1** The senior management of the Company was contacted by 'National Accountability Bureau' (NAB) dated June 22,2002 in respect of certain transactions in FIB carried out by the Company related to Workers Welfare Fund ("WWF") during the year 1999. On review of related records and information and discussions with the senior management, National Accountability Bureau's investigation concluded that two employees of the Company had colluded with WWF officials to defraud WWF.

On this basis, National Accountability Bureau required the Company to pay or guarantee to pay on account of WWF a sum of Rs. 46 Million in view that public funds were involved and it was the Company's vicarious liability. The Company had paid National Accountability Bureau an amount of Rs. 13.8 Million and had provided adequate security against the balance amount recovered from the parties involved.

National Accountability Bureau had recovered Rs 12.127 million from various parties involved and informed that Company's liability stands reduced by the said amount. The Company had also paid an amount of Rs 10 million as full and final settlement during the financial year ended 30 June 2004. Thus a sum of Rs 23.8 million as discussed above has so far been written off in the Company's accounts. However, the Bureau has again raised a demand of Rs. 10 million, which remains un-recovered from various parties involved. The Company has informed National Accountability Bureau that the said amount is not payable. The Company has also lodged a counter claim for sums paid to National Accountability Bureau, which were actually siphoned by the employees of WWF and other parties involved. The instant writ petition was disposed of with direction to the respondents / National Accountability Bureau authorities that they shall hear the petitioner and decide the matter in accordance with law expeditiously. The Company is confident of its favorable outcome, therefore no provision has been made in the financial statements.

- 20.2** During financial year 1998-1999, Securities and Exchange Commission of Pakistan ("SECP") raised a demand of Rs. 0.8 Million in respect of tenderable gain under section 224 of the Companies Ordinance, 1984, in respect of purchase and sale of shares of Shaheen Insurance Company Limited. Appellate Bench of SECP passed an order against the Company. The Company filed an appeal in Lahore High Court against the order of the Appellate Bench of SECP, which has been decided in favor of the Company. SECP had filed an appeal in the Supreme Court of Pakistan against the Judgment of the Honorable Lahore High Court. The Appeal has resulted in remand of the proceedings to the Lahore High Court; by the Honorable Supreme Court vide order dated 29.04.2010. The matter will be re-decided by the Lahore High Court. Honorable Lahore High Court passed an order dated 20-05-2015 to issue notices to the Appellants and consigned the appeal to record. In stated proceedings, Company has engaged a new Counsel who has filed Application for restoration of the stated Appeal and matter is pending before Lahore High Court. Management considers that there are strong grounds to support the Company's stance and is hopeful for a favorable decision. Consequently, no provision has been made in these financial statements for this amount
- 20.3** CTR No. 14/2002 reference has been directed against the judgment of ITAT dated 03.02.2001 whereby the order passed under 66 – A of the Income Tax Ordinance, 1979, for the assessment years 1995-1996, by IAC of the Income tax Range – III, Companies Zone – II, Lahore has been affirmed. The C.T.R is now pending before the Honorable Lahore High Court and is to be heard along with other identical matters. There is likelihood of a favorable decision in favor of Company in as much as said order is in conflict with earlier judgments of the superior courts. The case has to be fixed by office of the Honorable Lahore High Court Lahore.
- 20.4** The Income Tax Appellate Tribunal Lahore vide its Order dated 19th November 2008 for Assessment Year 1996-1997, 1999-2000, 2001-2001,2002-2003, Tax Year 2003 and 2004 held that allocation of expense cannot be made against Capital Gain. During the preceding year Tax References No. PTR 131/09 to 140/09 filed by the Tax Department against order of Income Tax Appellate Tribunal Lahore dated 19th November 2008. The Honorable Lahore High Court vide its order dated 10th March 2015 accepted the references filed by department for the above mentioned years, and cases were remanded back to Income Tax Appellate Tribunal Lahore. The Company has preferred CPLAs before the August Supreme Court against the Orders passed by the Lahore High Court Lahore in all Tax References Nos. PTR 131/09 to 140/09. The Company is confident of a favorable decision in the matter.
- 20.5** During the year 2014-2015, Shaheen Insurance Company Limited has filed a suit against the Company, First Capital Equities Limited, Pace (Pakistan) Limited, World Press (Pvt.) Limited, Trident Construct (Pvt.) Limited and Media Times Limited on April 24, 2015 for the cumulative recovery of Rs. 188.74 Million from the Company or alternatively recovery of Rs. 0.513 Million from the Company against insurance premium. The case is pending before the honorable court of Mr. Imran Khan, Civil Judge Lahore. The legal counsel is confident of success of the case in company's favor.
- 20.6** During the year 2017-2018, Al-Hoqani Securities & Investment Corporation (Pvt.) Ltd has filed suit against the Company, First Capital Equities Limited, Pace Barka Properties Limited, Mr. Azhar Ahmed Batla, Mrs. Amna Taseer and Adamjee Assurance Company Limited on May 14, 2018 for the recovery of Rs. 76,304,380 along with markup of 10% from March 15, 2012 to date. Plaintiff claims that they have an unsettled charge against property located at Clifton Karachi owned by Pace Barka Properties Limited (previously owned by First Capital Equities Limited). As per Pace Barka Properties Limited this claim is unlawful and no such charge exists on this property. The case is pending before the honorable High Court of Sindh. The legal counsel is confident of success of the case in company's favor.

29.2 Loss per share - diluted

There is no dilution effect on the basic EPS as the Company has no such commitments.

30 Number of employees

The average and total number of employees are as follows:

Average number of employees during the year	7	12
Total number of employees as at 30 June	4	8

31 Financial risk management

The Company finances its operations through equity, borrowings and management of working capital with a view to obtain a reasonable mix between various sources of finance to minimize the risk. Taken as a whole, risk arising from the Company's financial instruments is limited as there is no significant exposure to market risk in respect of such instruments.

The Company has exposure to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

31.1 Credit risk

Credit risk represents the accounting loss that would be recognized at the reporting date if counter parties failed completely to perform as contracted. The Company's credit risk arises from deposits with banks, trade debts, loans and advances and credit exposure arising as a result of dividends from equity securities and other receivable. The Company has concentration of credit risk in other receivables but this not considered to be significant as this includes a major portion overdue from related parties and remaining exposure is spread over a large number of counter parties in the case of trade debts to manage exposure to credit risk, the Company applies credit limits to its customers.

31.1.1 Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the statement of financial position date was:

	Note	2021 Rupees	2020 Rupees
Long term deposits	9	37,500	37,500
Trade debts	10	503,784	809,746
Other receivables	11	33,544,229	21,713,312
Bank balances	14	70,394	360,596
		34,155,907	22,921,154

All financial assets subject to credit exposure at the statement of financial position' date represent domestic parties.

31.1.2 Credit quality of financial assets

Credit quality of financial assets is assessed by reference to external credit ratings, where available, or to historical information about counterparty default rates. Banking companies and financial institutions have external credit ratings determined by various credit rating agencies. Credit quality of customers, supplier and others is assessed by reference to historical defaults rates and present ages.

31.1.2.1 Counterparties with external credit ratings

These include banking companies and financial institutions, which are counterparties to bank balances. Credit risk is considered minimal as these counterparties have reasonably high credit ratings as determined by various credit rating agencies. Due to long standing business relationships with these counterparties, past experiences and considering their strong financial standing, management does not expect non-performance by these counterparties on their obligations to the Company. Following are the credit ratings of counterparties with external credit ratings:

Bank balances

The credit quality of Company's bank balances can be assessed with reference to external credit rating agencies as follows:

	Rating		Rating	2021	2020
	Short term	Long term	Agency	Rupees	Rupees
Faysal Bank Limited	A-1+	AA	PACRA	6,150	71,546
Allied Bank Limited	A-1+	AAA	PACRA	29,419	218,680
Bank Islami	A-1	A+	PACRA	6,126	6,126
Soneri Bank Limited	A-1+	AA-	PACRA	9,306	9,306
United Bank Limited	A-1+	AAA	VIS	-	44,893
Bank Alfalah Limited	A-1+	AA+	VIS	10,000	10,000
Silk Bank Limited	A-2	A-	VIS	9,393	45
				70,394	360,596

Trade debts

The trade debts as at the statement of financial position date are classified in Pak Rupees. The aging of trade receivables at the reporting date is:

	Note	2021 Rupees	2020 Rupees
Neither past due nor impaired	10	427,181	427,181
Past due		76,603	382,565
		503,784	809,746

The maximum exposure to credit risk for trade debts at the reporting date by type of counter party are as follows:

	2021 Rupees	2020 Rupees
Commercial banks	381,734	687,696
Others	122,050	122,050
	503,784	809,746

Based on past experience the management believes that no impairment allowance is necessary in respect of trade receivables past due and for other receivables there are reasonable grounds to believe that the amounts will be recovered in short course of time.

31.1.2.2 Counterparties without external credit ratings

Management estimates that the below mentioned balances will be recovered within next 12 months and the probability of default is expected to be zero as all the balance is receivable from related parties and employees of the Company. Consequently, no expected credit loss allowance is required.

	Note	2021 Rupees	2020 Rupees
Loan and advances			
Related parties	11	33,009,312	21,609,312
Employees		170,086	104,000
		33,179,398	21,713,312

31.1.3 Concentration of credit risk

Concentration of credit risk exists when the changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Company's total credit exposure. The Company's portfolio of financial instruments is broadly diversified and all other transactions are entered into with credit-worthy counterparties there by mitigating any significant concentrations of credit risk.

31.2 Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach to managing liquidity is to ensure as far as possible to always have sufficient liquidity to meet its liabilities when due. During the year Company came under severe liquidity pressure as mentioned in note 2.

The following are the contractual maturities of financial liabilities as on June 30 2021:

	Carrying Amount	Contracted cash flow	Upto one year or less	One to five years	More than five years
	Rupees				
Financial liabilities					
Loan payable	1,778,060,000	1,778,060,000	100,000,000	1,678,060,000	-
Rental payable	442,806,572	509,078,120	377,047,626	132,030,494	-
Trade and other payables	65,599,872	65,599,872	65,599,872	-	-
	2,286,466,444	2,352,737,992	542,647,498	-	-

The following are the contractual maturities of financial liabilities as on June 30 2020:

	Carrying Amount	Contracted cash flow	Upto one year or less	One to five years	More than five years
	Rupees				
Financial liabilities					
Loan payable	1,600,000,000	1,600,000,000	1,600,000,000	-	-
Rental payable	456,497,944	456,497,944	456,497,944	-	-
Trade and other payables	55,172,655	55,172,655	55,172,655	-	-
	2,111,670,599	2,111,670,599	2,111,670,599	-	-

31.3 Market risk

Market risk is the risk that changes in market price, such as foreign exchange rates, interest rates and equity prices will effect the Company's income or the value of its holdings of financial instruments.

Market risk comprises of three types of risks:

- currency risk
- interest rate risk
- other price risk

31.3.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. It arises mainly where receivables and payables exist due to transactions entered into foreign currency. The Company was not exposed to foreign currency's risk as there was no foreign currency held by the Company at year end.

31.3.2 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flow of a financial instrument will fluctuate due to changes in market interest rates. The Company has adopted appropriate policies to cover interest rate risk.

As the Company has no significant floating interest rate assets, the Company's income is substantially independent of changes in market interest rates.

The Company's interest rate risk arises from bank deposit accounts and long-term borrowing. These borrowings issued at variable rates expose the Company to cash flow interest rate risk.

The Company analyses its interest rate exposure on a dynamic basis. Various scenarios are simulated taking into consideration refinancing, renewal of existing positions and alternative financing. Based on these scenarios, the Company calculates the impact on profit or loss of a defined interest rate shift. The scenarios are run only for liabilities that represent the major interest-bearing positions.

The interest rate profile of the Company's variable interest-bearing financial instruments at the statement of financial position date was as under:

	2021	2020
	Rupees	Rupees
Financial assets	64,268	354,470
Financial liabilities	1,600,000,000	1,600,000,000
	1,600,064,268	1,600,354,470

Cash flow sensitivity analysis for variable rate instruments

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Majority of the interest rate exposure arises on bank deposit accounts and long term loans. The Company does not have any fixed rate financial instrument.

31.3.3 Other price risk

Equity price risk arise from equity securities classified as at fair value through profit or loss. To manage its price risk arising from investments in equity securities, the Company diversifies its portfolio within the eligible stocks in accordance with the risk investment guidelines approved by the investment committee.

Sensitivity analysis

All of the Company's listed equity investments are listed on Pakistan Stock exchange. The table below summarizes the Company's equity price risk as of June 30 2021 and 2020 and shows the effects of a hypothetical 10% increase and a 10% decrease in market prices as at the year end. The selected hypothetical change does not reflect what could be considered to be the best or worst case scenarios. Indeed, results could be worse because of the nature of equity markets and the aforementioned concentrations existing in the Company's equity investment portfolio.

2021					
	Fair value	"Hypothetical price change"	Estimated fair value after hypothetical change in prices"	Hypothetical increase /(decrease) in OCI	"Hypothetical increase/ (decrease) in profit /(loss) before tax"
	Rupees			Rupees	
<u>Investments</u>

		10% decrease	22,055,576	-	(2,450,620)
	<u>273,768,109</u>				

31.3.4 Fair value of financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Underlying the definition of fair value is the presumption that the Company is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms. The carrying values of all financial assets and liabilities reflected in these financial statements approximate their fair values. Fair value is determined on the basis of objective evidence at each reporting date.

The carrying amount less impairment provision of trade debts and payables are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Company for similar financial instruments.

Specific valuation techniques used to value financial instruments include:

Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).

Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).

Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

The table below analyses equity instruments measured at fair value at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorized:

Recurring fair value measurements

	30-Jun-21			
	Level 1	Level 2	Level 3	Total
	Rupees			
<u>Long term investments</u>				
Quoted investments	178,343,194	-	238,169,089	416,512,283
Unquoted investments	-	-	1,405,439,686	1,405,439,686
<u>Investment properties</u>	-	2,152,618,664	-	2,152,618,664
<u>Short term investments</u>	75,227,561	-	-	75,227,561

	30-Jun-20			
	Level 1	Level 2	Level 3	Total
	Rupees			
<u>Long term investments</u>				
Quoted investments	59,749,496	-	189,512,417	249,261,913
Un Quoted investments	-	-	1,260,436,715	1,260,436,715
<u>Investment properties</u>	-	2,152,618,664	-	2,152,618,664
<u>Short term investments</u>	24,506,196	-	-	24,506,196

Valuation techniques used to measure fair values

The fair value of financial instruments traded in active markets is based on quoted market prices at the statement of financial position date except for one quoted investment (FCEL) where level 3 inputs are used to determine fair value as shares of FCEL are not actively traded based on which management ascertained that quoted market value does not reflect actual fair value of investment. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. The quoted market price used for financial assets held by the Company is the current bid price. These instruments are included in Level 1. The fair value of financial instruments that are not traded in an active market is determined by using valuation techniques. These valuation techniques maximize the use of observable market data where it is available and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2. If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

As at June 30, 2021, the Company's long term investments in unquoted securities (see note 8), carried at fair value. The fair value of such investments is determined by using level 3 techniques. The fair value of investment in unquoted securities has been determined based on the net asset value.

There were no transfers between levels 1, 2 and 3 for recurring fair value measurements during the year.

31.4 Capital management

The Company's board policy is to maintain an efficient capital base so as to maintain investor, creditor and market confidence and to sustain the future development of the Company's business. The Board of Directors monitors the Return on Capital Employed, which the Company defines as operating income divided by total capital employed. The Board of Directors also monitors the level of dividends to ordinary shareholders.

The Company's objectives when managing capital are:

- (i) to safeguard the entity's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for
- (ii) to provide an adequate return to shareholders.

The Company manages the capital structure in the context of economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may, for example, adjust the amount of dividends paid to shareholders, issue new shares, or sell assets to reduce debt. The Company finances its operations through equity, borrowing and management of its working capital with a view to maintain an appropriate mix between various sources of finance to minimize risk.

33.2 Executives are employees whose basic salary exceed Rs. 1,200,000 in a financial year.

34 Date of authorization for issue

These financial statements were authorized for issue on _____ 2021 by the Board of Directors.

35 Corresponding figures

Corresponding figures have been reclassified wherever necessary to reflect more appropriate presentation of events and transactions for the purpose of comparison and duly disclosed in respective accounts.

36 Impact of Covid-19

The Company has assessed, and continues to assess, the potential for disruption caused by the COVID-19 pandemic and has put in place plans and measures in order to enable the business to maintain normal operations, to the extent possible, against the backdrop of an evolving situation. The Company has implemented actions to mitigate the impact of COVID-19, including steps to protect the employees in line with guidance from government, and while there remains considerable uncertainty in relation to the COVID-19 pandemic (including its duration, extent and ultimate impact), management believes that the Company's operations will not experience any material impact due to the COVID-19 pandemic. Based on management assessment there is no material financial impact of COVID-19 in these financial statements.

37 General

The figures have been rounded off to the nearest Rupee.

1.8 Lanka Securities (Private) Limited (the Subsidiary Company) was incorporated in Sri Lanka in the year of 1989. The principal activity of the Company is equity debt security brokering and undertaking placement of equity debt securities. The registered office of the Company is situated at No. 228/1, Galle Road, Colombo 04, Sri Lanka. The Holding Company has 51% ownership in Lanka Securities (Private) Limited.

1.9 Ozer Investments Limited (OIL) (the Subsidiary Company) was incorporated in Sri Lanka in the year of 2010. OIL has not yet started its commercial activity however main objective of the Company is to provide financial advisory, portfolio management, margin provision unit trust management and stock brokerage services. The registered office of the Company is situated Colombo, Sri Lanka. Ozer Investments Limited is the wholly owned subsidiary of the Holding Company.

1.10 Disposal of investment in World Press (Private) Limited (Subsidiary Company)

Due to continuous losses and lack of commercial activity the Board of Directors of the Parent Company in their meeting held on October 07, 2020, and subsequently the shareholder of the Company in their annual general meeting held on October 28, 2020, authorized Chief Executive of the Company to sell the whole investment in World Press (Private) Limited (subsidiary) to any prospective buyer with the approval of the Board of Directors. Board of Directors in their meeting held on October 28, 2020 approved the sale of 1,949,258 shares of subsidiary to Mr. Anwar Ali another major shareholder of World Press (Private) Limited against the consideration of Rs. 10,000.

1.11 Detail of Group's equity accounted investee is given in note 9 to these consolidated financial statements.

2 Going concern assumption

2.1 During the year Parent Company reported profit before tax amounting Rs. 207.4 Million, but still the accumulated losses of the company stand at Rs. 1,245.6 Million as at June 30, 2021 (2020: 1,453.27 Million). Moreover current liabilities of the Company exceeds its current assets by Rs. 380.1 Million.

Owing to the factors mentioned above the Company in order to carry on its business and to meet its obligations requires generating sufficient operating profits and cash flows. Accordingly there is a material uncertainty relating to the Company's operations that may cause sufficient doubt regarding discharge of its liability in the normal course of business. Continuation of the Company as going concern is heavily dependent on improved cash flows. During the year management successfully negotiated with Bank for deferment of its principal and rental payable against diminishing musharka agreement. As at year end the management of the Company is trying to sell its investment properties to settle its loan facilities and is confident that this will be done on favorable terms.

Based on above mentioned assumption of the management these financial statements have been prepared on the going concern basis. The financial statements consequently, do not include any adjustment relating to the realization of the assets and liquidation of liabilities that might be necessary should the Company be unable to continue as going concern.

- 2.2 The Board of the Directors of the subsidiary First Capital Equities Limited in their meeting held on June 28, 2019, owing to the continuous loss and adverse market conditions, decided to surrender the trading right entitlement certificate (TREC) of Pakistan Stock Exchange and discontinue its brokerage operation and to change the Principal objective of the Company from stock broker to real estate Company.

During the year company earned profit of Rs. 90.1 Million (2020: Loss Rs. 3.48 Million) after recognizing unrealized gain on investments amounting Rs. 94.5 Million (2020: Rs. 8.3 Million), moreover the accumulated losses of the company stand at Rs. 980.91 Million as at June 30, 2021 (2020: 1,071.04 Million) and as at the reporting date current liabilities of the Company exceed its current assets by Rs. 441.17 Million (2020: Rs. 498.77 Million).

The management of the Company is continuously in process of negotiating its loan facilities and is hopeful that outstanding loan of UBL will be settled against investment property. Owing to the factors mentioned above the Company in order to carry on its business and to meet its obligations requires generating sufficient operating profits and cash flows. Accordingly there is a material uncertainty relating to the Company's operations that may cause significant doubt regarding discharge of its liability in the normal course of business. Continuation of the Company as going concern is heavily dependent on improved cash flows.

The management of the Company is confident that with change in Principal activity and overall expertise of group in real estate sector will have positive impact on the financial performance of the company. Resultantly, these financial statements are prepared on going concern basis. The financial statements consequently, do not include any adjustment relating to the realization of the assets and liquidation of liabilities that might be necessary should the Company be unable to continue as going concern.

- 2.3 The financial statements of the Falcon Commodities (Private) Limited (the subsidiary company) have been prepared on non-going concern basis due to the following reasons:

- The Company has generated no revenue during the year (2020: Rs. Nil) against administrative expenses of Rs. 59,000 (2020: Rs. 58,550). The historical trend of earning versus expenses shows a downward trend.
- The net worth and net capital balances of the Company as at June 30, 2021 is less than the minimum net worth requirement of Rs. 10 million and net capital balance requirement of Rs. 2.5 million.

The above mentioned conditions indicate existence of material uncertainty which cast significant doubt on the Company's ability to continue as going concern and therefore the Company may be unable to realize its assets and discharge its liabilities in the normal course of business. As the management has no realistic alternative basis, therefore these financial statements have been prepared using the non-going concern assumptions of accounting. However, the management of the Company has no intention to liquidate the Company.

3 Basis of preparation

- 3.1 These consolidated financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. The accounting and reporting standards as applicable in Pakistan for these financial reporting comprises of International Financial Reporting (IFRS) issued by the International Accounting Standard Board (IASB) as notified under the Companies Act, 2017 and provisions of and directives issued under the Companies Act, 2017. Where the provisions of and directives issued under the Companies Act, 2017 differ with the requirements of IFRS, the provisions of and directives issued under the Companies Act, 2017 have been followed.

These consolidated financial statements have been prepared from the information available in the separate audited financial statements of the Parent Company for the year ended 30 June 2021 and the audited financial statements of the subsidiary companies for the year ended June 30, 2021 except for Ozer Investments Limited and First Construction Limited the result of whom have been consolidated based on unaudited financial statements. Details regarding the financial information of associates used in the preparation of these consolidated financial statements are given in Note 9 to these consolidated financial statements.

3.2 Initial application of new standards, interpretations or amendments to existing standards

There are certain new and amended standards, issued by International Accounting Standards Board (IASB), interpretations and amendments that are mandatory for the Company's accounting periods beginning on or after July 01, 2020 but are considered not to be relevant or do not have any significant effect on the Company's operations and therefore not detailed in these financial statements.

Standards or Interpretations:

- IFRS 3 - Definition of a Business (Amendments);
- IFRS 9 / IAS 39 / IFRS 7 - Interest Rate Benchmark Reform (Amendments);
- IFRS 14 - Regulatory Deferral Accounts;
- IFRS 9 - Prepayment Features with Negative Compensation - (Amendments)
- IFRS 15 - Revenue from Contracts with Customers
- IAS 19 - Plan Amendment, Curtailment or Settlement (Amendments)
- IAS 28 - Long-term Interests in Associates and Joint Ventures (Amendments)
- IFRIC 23 - Uncertainty over income tax treatments
- IAS 1 / IAS 8 - De-finition of Material (Amendments);
- IFRS 16 - COVID 19 Related Rent Concessions (Amendments); and
- The Conceptual Framework for Financial Reporting - revised

Improvements to Accounting Standards Issued by the IASB (2018 - 2020 cycle)

- IFRS 3 Business Combinations - Previously held Interests in a joint operation
- IFRS 11 Joint Arrangements - Previously held Interests in a joint operation
- IAS 12 Income Taxes - Income tax consequences of payments on - financial instruments classified as equity
- IAS 23 Borrowing Costs - Borrowing costs eligible for capitalization

The adoption of the above standards, amendments and improvements to accounting standards did not have any material effect on the Company's financial statements.

3.3 Standards, amendments and improvements to approved accounting standards that are not yet effective

The adoption of the above standards, amendments and improvements to accounting standards did not have any material effect on the Company's financial statements.

Standard or Interpretation	Effective date (annual periods beginning on or after)
Classification of Liabilities as Current or Non-current - Amendments to IAS 1	01-Jan-23
Property, Plant and Equipment: Proceeds before Intended Use - Amendments to IAS 16	01-Jan-22
Onerous Contracts - Costs of Fulfilling a Contract - Amendments to IAS 37	01-Jan-22
Interest Rate Benchmark Reform - Phase 2 - Amendments to IFRS 9, IAS 39	01-Jan-21
Reference to the Conceptual Framework - Amendments to IFRS 3	01-Jan-22
AIP IFRS 9 Financial Instruments - Fees in the '10 per cent' test for Derecognition of financial liabilities	01-Jan-22

3.4 Standards, amendments and improvements to approved accounting standards that are issued by IASB but not yet adopted by SECP

Standard or Interpretation	IASB Effective date (annual periods beginning on or after)
IFRS 1- First-time Adoption of International Financial Reporting Standards	01-Jul-09
IFRS 17 - Insurance Contracts	01-Jan-23

4 Basis of measurement

The consolidated financial statements have been prepared under the historical cost convention, except for financial statements of one subsidiary (Falcon Commodities (Private) Limited) that are prepared on break up basis, certain financial assets and investment properties that are stated at fair value and staff benefits which are presented at present value.

4.1 Critical accounting estimates and judgments

The Group's significant accounting policies are stated in Note 5. The preparation of financial statements in conformity with approved accounting standards requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions and judgments are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates is recognized in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years. The areas where various assumptions and estimates are significant to the Group's financial statements are as follows:

a)	Useful life and residual values of property and equipment	Note 5.2
b)	Impairment	Note 5.7
c)	Valuation of investment properties	Note 5.10
d)	Provisions	Note 5.19
e)	Staff retirement benefits	Note 5.21
f)	Provision for taxation	Note 5.18

5 Summary of significant accounting policies

5.1 Principles of consolidation and equity accounting

a) Subsidiaries

The consolidated financial statements include the financial statements of the Parent Company and its subsidiary companies. The accounting policies set out below have been applied consistently to all periods presented in these consolidated financial statements, and have been applied consistently by Group entities except otherwise stated.

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. When the Group ceases to have control or significant influence, any retained interest in the entity is remeasured to its fair value, with the change in carrying amount recognized in consolidated statement of profit or loss. The fair value is the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognized in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed off the related assets or liabilities. This may mean that amounts previously recognized in other comprehensive income are reclassified to consolidated profit or loss.

The assets and liabilities of subsidiary companies have been consolidated on a line by line basis and carrying value of investments held by the Parent Company is eliminated against the subsidiaries' shareholders' equity in the consolidated financial statements. Material intra-group balances and transactions have been eliminated. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests are that part of the net reserves of the operation and of net assets of subsidiaries attributable to interests which are not owned by the Group. Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated profit or loss, consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of financial position respectively.

The Group applies the acquisition method to account for business combinations, regardless of whether equity instruments or other assets are acquired. The consideration transferred for the acquisition of a subsidiary is the fair value of the assets transferred, the liabilities incurred to the former owners of the acquire and the equity interests issued by the Group. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement and the fair value of any pre-existing equity interest in the subsidiary. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date. The Group recognizes any non-controlling interests in the acquire on an acquisition-by-acquisition basis, either at fair value or at the non-controlling interest's proportionate share of the recognized amounts of acquiree's identifiable net assets.

Acquisition-related costs are expensed as incurred.

The excess of the consideration transferred, amount of any non-controlling interest in the acquired entity and acquisition date fair value of any previous equity interest in the acquired entity over the fair value of the net identifiable assets acquired is recorded as goodwill. If those amounts are less than the fair value of the net identifiable assets of the subsidiary acquired, the difference is recognized directly in profit or loss as a bargain purchase.

Where settlement of any part of cash consideration is deferred, the amounts payable in the future are discounted to their present value as at the date of exchange. The discount rate used is the entity's incremental borrowing rate, being the rate at which a similar borrowing could be obtained from an independent financier under comparable terms and conditions.

Contingent consideration is classified either as equity or as a financial liability. Amounts classified as a financial liability are subsequently remeasured to fair value with changes in fair value recognized in profit or loss.

If the business combination is achieved in stages, the acquisition date carrying value of the acquirer's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date through profit or loss or through other comprehensive income as appropriate.

b) Associates

Associates are all entities over which the Group has significant influence but not control or joint control. This is generally the case where the Group holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting after initially being recognized at cost.

Under the equity method of accounting, the investments are initially recognized at cost and adjusted thereafter to recognize the Group's share of the post-acquisition profits or losses of the investee in the consolidated profit or loss, and the Group's share of movements in other comprehensive income of the investee in consolidated other comprehensive income. Dividends received or receivable from associates and joint ventures are recognized as a reduction in the carrying amount of the investment. When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long term receivables, the Group does not recognize further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealized gains on transactions between the Group and its associates and joint ventures are eliminated to the extent of the Group's interest in these entities. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group.

c) Foreign currency transactions and translation

Functional and presentation currency

These financial statements are presented in Pak Rupees which is also the Group's functional currency.

Transactions and balances

All monetary assets and liabilities in foreign currencies are translated into Pak Rupees at exchange rates prevailing at the statement of financial position date. Transactions in foreign currencies are translated into Pak Rupees at exchange rates prevailing at the date of transaction. Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated into Pak Rupees at exchange rates prevailing at the date of transaction. Non-monetary assets and liabilities denominated in foreign currency that are stated at fair value are translated into Pak Rupees at exchange rates prevailing at the date when fair values are determined. Exchange gains and losses are included in the profit or loss.

d) Foreign operations

The assets and liabilities of foreign operations, including goodwill and fair value adjustments arising on acquisition, are translated to Rupees at exchange rates taking US Dollar as base rate at the reporting date. The income and expenses of foreign operations, are translated to Rupees at exchange rates at the dates of the transactions.

Foreign currency differences are recognized in other comprehensive income, and presented in the foreign currency translation reserve (translation reserve) in equity. However, if the foreign operation is a non-wholly owned subsidiary, then the relevant proportion of the translation difference is allocated to non-controlling interests. When a foreign operation is disposed of such that control, significant influence or joint control is lost, the cumulative amount in the exchange translation reserve related to that foreign operation is reclassified to profit or loss as part of the gain or loss on disposal. When the Group disposes of only part of its interest in a subsidiary that includes a foreign operation while retaining control, the relevant proportion of the cumulative amount is reattributed to non-controlling interests.

When the settlement of a monetary item receivable from or payable to a foreign operation is neither planned nor likely in the foreseeable future, foreign currency gains and losses arising from such item are considered to form part of a net investment in the foreign operation and are recognized in other comprehensive income, and presented in the exchange reserve in equity.

5.2 Property, plant and equipment

These are stated at cost less accumulated depreciation and impairment losses, if any. Depreciation is charged to income applying the straight-line method whereby the cost is written-off over its estimated useful life at the rates specified in note 6.1 to these consolidated financial statements.

Depreciation on additions is charged on a pro-rata basis from the month in which the asset available for intended use, while for disposals depreciation is charged up to the month preceding the disposal of the asset. Where an impairment loss is recognized, the depreciation charge is adjusted in the future periods to allocate the asset's revised carrying amount over its estimated useful life.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to income during the period in which they are incurred.

Maintenance and repairs are charged to income as and when incurred. Renewals and improvements are capitalized when it is probable that respective future economic benefits will flow to the Group and the cost of the item can be measured reliably, and the assets so replaced, if any, are retired.

The gain or loss on disposal or retirement of an asset represented by the difference between the sale proceeds and the carrying amount of the asset is recognized as an income or expense.

Residual value and the useful life of an asset are reviewed at each financial year end and adjusted if impact on depreciation is significant. The Group's estimates of residual value of property and equipment at 30 June 2021 did not require any adjustment. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

5.3 Capital work-in-progress

Capital work-in-progress is stated at cost less any identified impairment loss. All expenditure connected with specific assets incurred during installation and construction period are carried under capital work-in-progress. These are transferred to property, plant and equipment as and when these are available for intended use.

5.4 Non-current assets classified as held for sale and discontinued operations

A discontinued operation is a component of the Group's business, the operations and cash flows of which can be clearly distinguished from the rest of the Group and which:

- represents a separate major line of business or geographical area of operations;
- is part of a single coordinated plan to dispose of a separate major line of business or geographical area of operations; or
- is a subsidiary acquired exclusively with a view to re-sale.

Classification as a discontinued operation occurs at the earlier of disposal or when the operation meets the criteria to be classified as held-for-sale (IFRS 5). When an operation is classified as a discontinued operation, the comparative statement of profit or loss and statement of other comprehensive income is re-presented as if the operation had been discontinued from the start of the comparative year.

5.5 Leases

Right of use asset

The Group recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability. Right-of-use assets that falls under the category of investment properties are carried at fair value as mentioned in note 5.10.

Where the Group determines that the lease term of identified lease contracts are short term in nature i.e. with a lease term of twelve months or less at the commencement date, right of use assets is not recognized and payments made in respect of these leases are expensed in the statement of profit or loss.

Lease liability

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or if that rate cannot be readily determined, the Group's incremental borrowing rate. Generally, the Group uses its incremental borrowing rate as the discount rate. Lease payments in the measurement of the lease liability comprise the following:

- a. fixed payments, including in-substance fixed payments;
- b. variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- c. amounts expected to be payable under a residual value guarantee; and
- d. the exercise price under a purchase option that the Group is reasonably certain to exercise, lease payments in an optional renewal period if the Group is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Group is reasonably certain not to terminate early.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, or if the Group changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

5.6 Intangible assets

5.7.1 Trading Right Entitlement Certificate (TREC)

These are stated at closest estimate of fair value. Provision is made for decline in value other than temporary, if any.

5.7.2 Others

Intangible assets acquired by the Group are stated at cost less accumulated amortization and impairment losses, if any.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to income during the period in which they are incurred.

Amortization is charged to the profit or loss on a straight line basis over the estimated useful lives of intangible assets unless such lives are indefinite. Amortization on additions to intangible assets is charged from the month in which an item is acquired or capitalized while no amortization is charged for the month in which the item is disposed off.

All intangible assets with an indefinite useful life are systematically tested for impairment at each statement of financial position date. Where the carrying amount of assets exceeds its estimated recoverable amount it is written down immediately to its recoverable amount.

5.7 Impairment

Financial Assets

The Group recognizes loss allowances for Expected Credit Losses (ECLs) in respect of financial assets measured at amortized cost. The Group measures loss allowances at an amount equal to lifetime ECLs, except for the following, which are measured at 12-month ECLs:

- debt securities that are determined to have low credit risk at the reporting date; and
- other debt securities and bank balance for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade receivables are always measured at an amount equal to lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's historical experience and informed credit assessment and including forward-looking information.

The Group assumes that the credit risk on a financial asset has increased significantly if it is more than past due for a reasonable period of time. Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument. 12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months). The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

Loss allowances for financial assets measured at amortized cost are deducted from the Gross carrying amount of the assets. The gross carrying amount of a financial asset is written off when the Group has no reasonable expectations of recovering of a financial asset in its entirety or a portion thereof. The Group individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Group expect no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's procedures for recovery of amounts due.

The Group recognizes in profit or loss, as an impairment gain or loss, the amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date.

Non-Financial Assets

The carrying amounts of the Group's non-financial assets, other than deferred tax assets and inventories are reviewed at each reporting date to determine whether there is any indication of impairment. If such indication exists, the asset's recoverable amount, being higher of value in use and fair value less costs to sell, is estimated. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets. An impairment loss is recognized whenever the carrying amount of an asset exceeds its recoverable amount. Impairment losses are recognized in the statement of profit or loss.

5.8 Long term loans

These include non-derivative financial assets with fixed or determinable payments that are not quoted in an active market.

At initial recognition these financial assets are measured at fair value plus transaction costs that are directly attributable to the acquisition of the financial asset. After initial recognition these are measured at amortized cost using the effective interest rate method less impairment loss, if any. A provision for impairment of long term loan is established when there is objective evidence that the Group will not be able to collect all amounts due according to the original terms of loan.

5.9 Investment properties

Properties which are held to earn rentals or for capital appreciation or for both are classified as investment properties. Investment properties are initially recognized at cost, being the fair value of the consideration given. Subsequently, these are stated at fair value. The fair value is determined annually by an independent professional valuer. The fair values are based on market values, being the estimated amount for which a property could be exchanged on the date of valuation between knowledgeable and willing buyer and seller in an arm's length transaction.

Any gain or loss arising from a change in fair value is charged to profit or loss. Rental income from investment properties is accounted for as described in note 5.23.

When an item of property, plant and equipment is transferred to investment properties following a change in its use, any difference arising at the date of transfer between the carrying amount of the item immediately prior to transfer and its fair value is recognized in surplus on revaluation of fixed assets. Upon disposal of the item, the related surplus on revaluation is transferred to retained earnings. Any loss arising in this manner is immediately charged to profit or loss.

If an investment property becomes owner-occupied, it is reclassified as property, plant and equipment and its fair value at the date of reclassification becomes its cost for accounting purposes for subsequent recording.

5.10 Financial assets

i). Initial measurement of financial asset

The Group classifies its financial assets in to following three categories:

- fair value through other comprehensive income (FVOCI);
- fair value through profit or loss (FVTPL); and
- measured at amortized cost.

A financial asset is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition.

ii). Subsequent measurement

Debt Investments at FVOCI: These assets are subsequently measured at fair value. Interest / markup income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognized in the statement of profit or loss. Other net gains and losses are recognized in other comprehensive income. On de-recognition, gains and losses accumulated in other comprehensive income are reclassified to the statement of profit or loss.

Equity Investments at FVOCI: These assets are subsequently measured at fair value. Dividends are recognized as income in the statement of profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognized in other comprehensive income and are never reclassified to the statement of profit or loss.

Financial assets at FVTPL: These assets are subsequently measured at fair value. Net gains and losses, including any interest / markup or dividend income, are recognized in profit or loss.

Financial assets measured at amortized cost: These assets are subsequently measured at amortized cost using the effective interest rate method. The amortized cost is reduced by impairment losses. Interest / markup income, foreign exchange gains and losses and impairment are recognized in the statement of profit or loss.

iii). Non-derivative financial assets

All non-derivative financial assets are initially recognized on trade date i.e. date on which the Group becomes party to the respective contractual provisions. Non-derivative financial assets comprise loans and receivables that are financial assets with fixed or determinable payments that are not quoted in active markets and includes trade debts, advances, other receivables and cash and cash equivalent.

The Group derecognizes the financial assets when the contractual rights to the cash flows from the asset expires or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risk and rewards of ownership of the financial assets are transferred or it neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control over the transferred asset.

5.11 Trade debts

These are classified at amortized cost and are initially recognized when they are originated and measured at fair value of consideration receivable. These assets are written off when there is no reasonable expectation of recovery. Actual credit loss experience over past years is used to base the calculation of expected credit loss

5.12 Settlement date accounting

All "regular way" purchases and sales of financial assets are recognized on the settlement date, i.e. the date on which the asset is delivered to or by the Group. Regular way purchases or sales of financial assets are those contracts which requires delivery of assets within the time frame generally established by regulation or convention in the market.

5.13 Inventories

Inventories except for stock in transit, are stated at lower of cost and net realizable value. Cost is determined as follows:

- Raw materials are valued using weighted average method. Items in transit are valued at cost comprising invoice value and other charges incurred thereon.
- Work in process is valued at the cost of material including appropriate conversion cost.
- Finished goods are valued at cost comprising cost of materials and appropriate conversion cost.

Net realizable value is the estimated selling price in ordinary course of business, less estimated incidental selling cost.

5.14 Stores, spares and loose tools

Usable stores and spares are valued at the lower of weighted average cost and net realizable value, while items considered obsolete are carried at nil value. Items in transit are stated at cost comprising invoice values plus other charges incurred thereon.

Net realizable value is the estimated selling price in ordinary course of business, less estimated incidental selling cost.

5.15 Cash and cash equivalents

Cash and cash equivalents are carried in the statement of financial position at cost. For the purpose of cash flow statement, cash and cash equivalents comprise of cash in hand, cash with banks and other short term highly liquid investments (if any) that are readily convertible to known amounts of cash and which are subject to insignificant risk of change in value.

5.16 Trade and other payables

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business, if longer). If not, they are presented as non-current liabilities.

Liabilities for creditors and other costs payable are initially recognized at cost which is the fair value of the consideration to be paid in future for goods and/or services, whether or not billed to the Group and subsequently measured at amortized cost using the effective interest rate method.

5.17 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position when the Group has a legally enforceable right to set off the recognized amounts and intends to either settle on net basis or realize the asset and settle the liability simultaneously.

5.18 Provisions

Provisions are recognized when the Group has a legal or constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. However, provisions are reviewed at each statement of financial position date and adjusted to reflect current best estimate.

5.19 Securities purchased and sold under resale / repurchase agreements

Repurchase agreements

Investments sold with a simultaneous commitment to repurchase at a specified future date (Repo) continue to be recognized in the statement of financial position and are measured in accordance with the accounting policies for investments. Amounts received under these agreements are recorded as "securities sold under repurchase agreements" in short term borrowings. The difference between sale and repurchase price is treated as mark-up on borrowings and is accrued over the life of the Repo agreement.

Reverse repurchase agreements

Investments purchased with a corresponding commitment to resell at a specified future date (Reverse Repo) are not recognized in the statement of financial position. Amounts paid under these obligations are recorded as fund placements. The difference between purchase and resale price is treated as mark-up / interest income on placements and is accrued over the life of the reverse Repo agreement.

5.20 Mark-up bearing borrowings

Mark-up bearing borrowings are recognized initially at cost being the fair value of consideration received, less attributable transaction cost. Subsequent to the initial recognition, these are stated at amortized cost with any difference between cost and redemption value being recognized in the profit or loss over the period of the borrowings on an effective interest basis.

5.21 Staff retirement benefits

Defined benefit plan

The Group maintains an unfunded gratuity scheme for all its eligible employees. The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method except for some subsidiaries where effect of actuarial assumption is immaterial. When the calculation results in a potential asset for the Group, the recognized asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. To calculate the present value of economic benefits, consideration is given to any applicable minimum funding requirements.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognized immediately in other comprehensive income. The Group determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognized in profit or loss.

Lanka Securities (Private) Limited operates an gratuity plan for those employees who have completed specific period of service and provision is made annually to cover the obligations under the plan. These benefits are calculated with reference to last drawn salary and prescribed qualifying period of services of the employees.

5.22 Revenue recognition

- a) Capital gains or losses on sale of investments are recognized in the year in which they arise.
- b) Brokerage income, consultancy and money market services are recognized on accrual basis and when services are provided.
- c) Income on placements on account of continuous funding system is recognized on accrual basis.
- d) Underwriting commission is recognized as and when the contract is executed. Take up commission is recognized at the time of actual take-up.
- e) Income from bank deposits, loans and advances is recognized on accrual basis.
- f) Dividend income is recognized at the time of book closure of the company declaring the dividend.
- g) Return on securities other than shares is recognized as and when it is due on time proportion basis.
- h) Mark-up/interest income is recognized on accrual basis.
- i) Investment advisory fee is accounted for on accrual basis.
- j) Revenue from sale of goods is recorded when the risks and rewards are transferred i.e. on delivery of goods to customers.
- k) Rental income is recognized on accrual basis.
- l) Revenue from printing services are accounted for at the time of acceptance of goods by the customers.
- m) **Construction contracts**

Revenue is recognized in accordance with the five step model by applying the following:

- Step 1 : Identify the contract with a customer;
- Step 2 : Identify the performance obligations in the contract;
- Step 3 : Determine the transaction price of the contract;
- Step 4 : Allocate the transaction price to each of the separate performance obligations in the contract; and
- Step 5 : Recognize the revenue when (or as) the entity satisfies a performance obligation.

Group transfers control of a good or service over time and, therefore, satisfies a performance obligation and recognizes revenue over time, if one of the following criteria is met:

- (i) the customer simultaneously receives and consumes the benefits provided by the group's performance as the group performs;
- (ii) the group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced;
- (iii) the group's performance does not create an asset with an alternative use to the entity and the entity has an enforceable right to payment for performance completed to date.

For performance obligations where one of the above conditions are not met, revenue is recognized at a point in time. For sale of properties under construction, the Group's performance for contracts creates an asset that the customer controls as the asset is created and its performance does not create an asset with alternative use to the Group and it has concluded that, at all times, it has an enforceable right to payment for performance completed to date. Accordingly, revenue for these contracts is recognized over time. The Group measures its progress towards satisfaction of performance obligation using an input method by reference to the cost incurred relative to the total expected inputs to the completion of the properties. The Group excludes the effect of any costs incurred that do not contribute to the Group's performance in transferring control of goods or services to the customer and adjusts the input method for any costs incurred that are not proportionate to the Group's progress in satisfying the performance obligation. Contract expenses are recognized as incurred unless they create an asset related to future contract activity. An expected loss on a contract is recognized immediately in profit or loss.

5.23 Taxation

Current

Provision for current taxation is based on the taxable income for the year determined in accordance with the prevailing law for taxation of income. The charge for current tax is calculated using prevailing tax rates or tax rates expected to apply to the profit for the year if enacted. The charge for current tax also includes adjustments, where considered necessary, to provision for tax made in previous years arising from assessments framed during the year for such years.

Deferred

Deferred tax is accounted for using the statement of financial position liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit. However, the deferred tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of transaction neither affects accounting nor taxable profit or loss. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets are recognized to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized.

The carrying amount of deferred tax asset is reviewed at each statement of financial position date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on the tax rates and tax laws that have been enacted or substantially enacted by the statement of financial position date. Deferred tax is charged or credited to profit or loss, except in the case of items credited or charged directly to other comprehensive income or equity in which case it is included in other comprehensive income or equity.

5.24 Borrowing costs

Mark-up, interest and other charges on borrowings are capitalized upto the date of commissioning of the related property, plant and equipment acquired out of the proceeds of such borrowings. All other mark-up, interest and other charges are charged to profit in the year/period in which they are incurred.

5.25 Proposed dividend and appropriations to reserves

Dividends declared and appropriations to reserves made subsequent to the statement of financial position date are considered as non-adjusting events and are recognized in the financial statements in the period in which such dividends are declared / appropriations are made.

5.26 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting structure. Management monitors the operating results of its business units separately for the purpose of making decisions regarding resource allocation and performance assessment.

Segment results, assets and liabilities include items directly attributable to segment as well as those that can be allocated on a reasonable basis. Segment assets consist primarily of property, plant and equipment, intangibles, stock in trade and trade and other debts. Segment liabilities comprise of operating liabilities.

Segment capital expenditure is the total cost incurred during the year to acquire property, plant and equipment and intangible assets.

Closing balance	8.1 & 8.2	<u>3,354,181,263</u>	<u>3,267,338,763</u>

8.1 Investment properties comprises of following:

- Property situated at Plot No. 523, Khana Kak, Service Road West near Sohan Interchange, Islamabad Express Way, Rawalpindi measuring 70,667 sqft (2020: 70,667) amounting to Rs. 421.49 Million (June 30 2020: Rs. 421.49 Million), title of this property is in name of Capital Heights (Private) Limited which will be transferred on completion of construction work although group have complete control and possession of property.

- Property comprises various shops / counters in shopping malls situated at Gujranwala and Gujrat. Properties having value of Rs. 832 Million (2020: 832 Million) having area of 28,472 sqft (2020: 28,472sqft).

- Plot-D situated Near Rangers Headquarters Lahore Cantt, having area of 87444 Sqft (2020: 87444 sqft) and market value of Rs. 1,900 Million (2020: Rs. 1,900 Million), title of this property is in name of Pace Pakistan Limited--related party which is mortgaged against the loan facility and title will be transferred after property is released by bank although group have complete control and possession of property.

- Shops situated at 5th Floor Pace Shopping Mall Model Town Link Road Lahore, measuring 15354 sqft (2020: 15354 sqft) having fair value amounting Rs. 113.5 Million (2020: Rs. 113.5 Million), title of this property is in the name of Pace Pakistan Limited. The Group has complete control and possession of the property.

- Property situated at Pace Woodlands Lahore, having area of 2,250 Sqft (2020: Nil) and market value of Rs. 12 Million (2020: Nil), title of this property is in name of Pace Barka Properties Limited--related although group have complete control and possession of property.

- Property situated at 5th Zamzama Street, Phase V-DHA, Karachi having area of 7,920 Sqft (2020: Nil) and market value of Rs. 74.8 Million (2020: Nil).

8.2 These includes properties amounting to Rs. 824.7 Million (2020: Rs. 824.7 Million) that are under mortgage by banks against the borrowings. In addition to above investment property amounting Rs. 1,900 Million (2020: Rs. 1,900) is mortgaged with Silk Bank Limited (Eman Islamic Banking) against diminishing musharaka agreement.

8.3 The direct expense relating to investment properties were Rs. 100,000 (2020: Rs. 100,000)

8.4 The fair value of investment property is based on valuation that was carried out by M/s. Negotiator, independent valuer (approved valuator on the panel of Pakistan Banking Association) as on June 30, 2021.

8.5 The table below analyze the non-financial assets carried at fair value, by valuation method. The different levels of fair value also have been defined below;

Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).

Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).

Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

The following table presents the Group's investment properties that are measured at fair value at 30 June 2021.

	Fair value measurements at 30 June 2021 using significant other observable inputs (Level 2)
Recurring fair value measurements	Rupees
Investment properties	3,354,181,263
	<u>3,354,181,263</u>

The following table presents the Group's investment properties that are measured at fair value at 30 June 2020.

	Fair value measurements at 30 June 2020 using significant other observable inputs (Level 2)
Recurring fair value measurements	Rupees
Investment properties	3,267,338,763
	<u>3,267,338,763</u>

There are no level 1 and level 3 assets or transfers between levels 1, 2 and 3 during 2021 or 2020.

Valuation techniques used to derive level 2 fair values:

Level 2 fair value of investment properties have been derived using the sales comparison approach. Sale prices of comparable land and buildings in close proximity are adjusted for differences in key attributes such as location, size, nature and condition of the property. The most significant input into this valuation approach is price per square foot.

8.6 Forced sale value of the investment properties are as follows:

Particulars	Location	Forced sale value		Forced sale value	
		Area Sq. Ft	June	Area Sq. Ft	June
			2021 Rupees		2020 Rupees

Pace Barka Properties Limited	-	123,926,176
Pace (Pakistan) Limited	-	74,987,591
	-	198,913,767

18.2 This includes payable amounting Rs 1,702,548 (2020: Rs. 949,424) to Media Times Limited, an associated company against printing and advertisement by one of the subsidiary of the company and balance amounting Rs. Nil (2020: Rs 2,556,043) to Chief Executive of one of the subsidiary on account of salary and expenses. This also includes Rs. 196,300 (2020: Rs. 196,300) to Media Times Limited against advertisement expense. This includes payable amounting Rs. Nil (2020: Rs. 132,191) to Pace Pakistan Limited, an associated company against purchase of vehicle by one of the subsidiary of the company.

18.3 This includes Rs. Nil (2020: 85,790) payable to Pace Barka Properties Limited against printing advance.

18.4 This includes Rs. 121.5 Million (2020: Rs. 121.5 Million) payable to Pace Pakistan Limited, an associated company against purchase of properties in Pace Fortress Stadium, and Near Ranger headquarters Lahore and Pace Tower, Gulberg Lahore.

	Note	2021 Rupees	2020 Rupees
18.5 Federal Excise Duty (FED):			
Opening balance			
- Related to asset management	18.5.1	3,713,207	3,713,207
- Other		73,623	73,623
Closing balance		3,786,830	3,786,830

18.5.1 As per requirement of the Finance Act, 2013, the Federal Excise Duty (FED) at the rate of 16% on the remuneration of management company has been applied effectively from 13 June 2013. The subsidiary is of the view that since the remuneration is already subject to the provincial sales tax, further levy of FED may result in double taxation, which does not appear to be the spirit of the law. A stay order against the collection has been granted by the Honorable Sindh High Court on a petition filed by the Mutual Funds Association of Pakistan (MUFAP) as on 04 September 2013.

On 30 June 2016 the Honorable Sindh High Court of Pakistan passed a Judgment that after 18th amendment in Constitution of Pakistan the provinces alone have the legislative power to levy a tax on rendering or providing services therefore chargeability and collection of FED after 1 July 2011 is Ultra Vires to the Constitution of Pakistan. Further, subsequent to the year-end Finance Act 2018 has excluded the asset management companies from levy of FED with effect from 01 July 2016 where provinces have levied their respective provincial sales tax.

In view of uncertainty regarding the applicability of FED on asset management services, the management as a matter of abundant caution, has not reversed the provision of FED and related sales tax impact amounting to Rs 3.713 million (2020: Rs 3.713 million) as the Federal Board of Revenue could file an appeal with Honorable Supreme Court of Pakistan against the Judgment passed by Honorable Sindh High Court of Pakistan.

18.6 This also includes amount Rs. 211,363 (2020: Rs. 211,363) payable to First Capital Mutual Fund a fund managed by FCIL a subsidiary company and Rs. 2,209,710 (2020: Rs. 1,537,950) to Pace Pakistan Limited.

	Note	2021 Rupees	2020 Rupees
19 Long term loans			
Payable against diminishing musharka--secured	19.1	1,600,000,000	1,600,000,000
Payable against loan from financial institutions--secured	19.2	1,184,276,086	1,184,276,087

23 Contingencies and commitments			
23.1 Contingencies			
Parent Company			
23.1.1	The senior management of the Company was contacted by 'National Accountability Bureau' (NAB) dated June 22,2002 in respect of certain transactions in FIB carried out by the Company related to Workers Welfare Fund ("WWF") during the year 1999. On review of related records and information and discussions with the senior management, National Accountability Bureau's investigation concluded that two employees of the Company had colluded with WWF officials to defraud WWF. On this basis, National Accountability Bureau required the Company to pay or guarantee to pay on account of WWF a sum of Rs. 46 Million in view that public funds were involved and it was the Company's vicarious liability. The Company had paid National Accountability Bureau an amount of Rs. 13.8 Million and had provided adequate security against the balance amount recovered from the parties involved. National Accountability Bureau had recovered Rs 12.127 million from various parties involved and informed that Company's liability stands reduced by the said amount. The Company had also paid an amount of Rs 10 million as full and final settlement during the financial year ended 30 June 2004. Thus a sum of Rs 23.8 million as discussed above has so far been written off in the Company's accounts. However, the Bureau has again raised a demand of Rs. 10 million, which remains un-recovered from various parties involved. The Company has informed National Accountability Bureau that the said amount is not payable. The Company has also lodged a counter claim for sums paid to National Accountability Bureau, which were actually siphoned by the employees of WWF and other parties involved. The instant writ petition was disposed of with direction to the respondents / National Accountability Bureau authorities that they shall hear the petitioner and decide the matter in accordance with law expeditiously. The Company is confident of its favorable outcome, therefore no provision has been made in the financial statements.		
23.1.2	During financial year 1998-1999, Securities and Exchange Commission of Pakistan ("SECP") raised a demand of Rs. 0.8 Million in respect of tenderable gain under section 224 of the Companies Ordinance, 1984, in respect of purchase and sale of shares of Shaheen Insurance Company Limited. Appellate Bench of SECP passed an order against the Company. The Company filed an appeal in Lahore High Court against the order of the Appellate Bench of SECP, which has been decided in favor of the Company. SECP had filed an appeal in the Supreme Court of Pakistan against the judgment of the Honorable Lahore High Court. The Appeal has resulted in remand of the proceedings to the Lahore High Court; by the Honorable Supreme Court vide order dated 29.04.2010. The matter will be re-decided by the Lahore High Court. Honorable Lahore High Court passed an order dated 20-05-2015 to issue notices to the Appellants and consigned the appeal to record. In stated proceedings, Company has engaged a new Counsel who has filed Application for restoration of the stated Appeal and matter is pending before Lahore High Court. Management considers that there are strong grounds to support the Company's stance and is hopeful for a favorable decision. Consequently, no provision has been made in these financial statements for this amount.		
23.1.3	CTR No. 14/2002 reference has been directed against the judgment of ITAT dated 03.02.2001 whereby the order passed under 66 – A of the Income Tax Ordinance, 1979, for the assessment years 1995-1996, by IAC of the Income tax Range – III, Companies Zone – II, Lahore has been affirmed. The C.T.R is now pending before the Honorable Lahore High Court and is to be heard along with other identical matters. There is likelihood of a favorable decision in favor of Company in as much as said order is in conflict with earlier judgments of the superior courts. The case has to be fixed by office of the Honorable Lahore High Court Lahore.		
23.1.4	The Income Tax Appellate Tribunal Lahore vide its Order dated 19th November 2008 for Assessment Year 1996-1997, 1999-2000, 2001-2001,2002-2003, Tax Year 2003 and 2004 held that allocation of expense cannot be made against Capital Gain. During the preceding year Tax References No. PTR 131/09 to 140/09 filed by the Tax Department against order of Income Tax Appellate Tribunal Lahore dated 19th November 2008. The Honorable Lahore High Court vide its order dated 10th March 2015 accepted the references filed by department for the above mentioned years, and cases were remanded back to Income Tax Appellate Tribunal Lahore. The Company has preferred CPLAs before the August Supreme Court against the Orders passed by the Lahore High Court Lahore in all Tax References Nos. PTR 131/09 to 140/09. The Company is confident of a favorable decision in the matter.		

23.1.5 During the year 2014-2015, Shaheen Insurance Company Limited has filed a suit against the Company, First Capital Equities Limited, Pace (Pakistan) Limited, World Press (Pvt.) Limited, Trident Construct (Pvt.) Limited and Media Times Limited on April 24, 2015 for the cumulative recovery of Rs. 188.74 Million from the Company or alternatively recovery of Rs. 0.513 Million from the Company against insurance premium. The case is pending before the honorable court of Mr. Imran Khan, Civil Judge Lahore. The legal counsel is confident of success of the case in company's favor.

23.1.6 During the year 2017-2018, Al-Hoqani Securities & Investment Corporation (Pvt.) Ltd has filed suit against the Company, First Capital Equities Limited, Pace Barka Properties Limited, Mr. Azhar Ahmed Batla, Mrs. Amna Taseer and Adamjee Assurance Company Limited on May 14, 2018 for the recovery of Rs. 76,304,380 along with markup of 10% from March 15, 2012 to date. Plaintiff claims that they have an unsettled charge against property located at Clifton Karachi owned by Pace Barka Properties Limited (previously owned by First Capital Equities Limited). As per Pace Barka Properties Limited this claim is unlawful and no such charge exists on this property. The case is pending before the honorable High Court of Sindh. The legal counsel is confident of success of the case in company's favor.

First Capital Equities Limited (the subsidiary company)

23.1.7 During the year 2007-08, Securities and Exchange Commission of Pakistan (SECP) served a show cause notice to the Company under Section 4 & 5 of Listed Companies (Substantial Acquisition of Voting shares and Takeovers) Ordinance 2002, alleging that the Company has facilitated certain investors in acquisition of approximately 39% shares of Haseeb Waqas Sugar Mills Limited. The Company has submitted its reply to the show cause notice to the SECP. SECP has decided the case and has imposed a fine of Rs. 500,000/- on the Company on April 17, 2009. The Company has filed an appeal in Appellate Tribunal SECP against the aforesaid order and as a result the order was set aside by Tribunal on December 03, 2015 with an instructions to initiate fresh proceedings as per law.

23.1.8 On September 27, 2018, the Company filed suit for recovery and permanent injunction in the court of senior civil judge Lahore against legal heirs of one of its trade receivable Mr. Sulaiman Ahmed Saeed Al Houqani (Late) for recovery of receivable balance amounting Rs. 167.94 Million. The Company also pleaded to the Court to freeze Pakistani assets of Mr. Sulaiman Houqani i.e. 73.9 Million shares of Pace Barka Properties Limited (related party) having market value at filling of suit amounting Rs. 369.6 Million until recovery of balance. The case is at the stage of preliminary arguments and next hearing date is October 08, 2021. Based on this legal counsellor's opinion management decided not to record any provision against the receivable balance as management is confident of success in Company's favor.

23.1.9 During the year 2008-09, M/s Savari (Pvt.) Limited, Muhammad Rafi Khan, Muhammad Shafi Khan and Aura (Pvt.) Limited, the clients of the Company has defaulted to pay their debts Rs. 239,900,022/-. The Company has filed a suit on February 01, 2009 in Civil Court, Lahore for recovery from these clients. The Management is confident that company would be able to recover the above stated debt.

23.1.10 During the year 2009-10 the Company has lodged a complaint to Securities and Exchange Commission of Pakistan on September 10, 2009 for taking appropriate action against the Universal Equities (Pvt.) Limited for dishonored cheque of Rs. 1,000,000/- tendered as part payment towards its outstanding liability by Universal Equities (Pvt.) Limited by the Company and for recovery of Rs. 25.20 million till February 2010. The Universal Equities (Pvt.) Limited has filed a suit for permanent injunction alleging therein that the Company be directed not to initiate criminal proceedings against the dishonored cheque. The Learned Trial Court has declined to issue injunctive order in this regard against the Company. The Learned Appellate Court has also turned down the request of the Universal Equities ((Pvt.)) Limited to interfere in the order of the Learned Trial Court passed in favor of the Company. Later on the civil suit filed by the Universal Equities (Pvt.) Limited was dismissed by the court. However the company has also filed an application on June 20, 2011 for winding up the Universal Equities (Pvt.) Limited before the honorable Lahore High Court Lahore. Which is pending before the High Court and the company is confident of a favorable decision in the case.

23.1.11 During the year 2010-11, the JS Bank Limited demanded immediate repayment of outstanding liabilities in relation to finance facilities availed by the Company and a Notice u/s 176 of the "Contract Act 1872" was served to the Company by the JS Bank whereby selling of all pledged securities was threatened if the outstanding liability was not discharged. The Company has filed a suit on February 03, 2011 before the Sindh High Court at Karachi under the original banking jurisdiction for recovery of an aggregate amount of Rs. 318,915,192/- on account of actual losses and accrued damages against the JS Bank Limited for charging the exorbitant interest rate and unilaterally changing the margin requirements of the securities pledged with JS Bank Limited and alleged sale of some of pledged securities. The Company has raised strong legal and factual objections in respect to the threatened sale of the pledged securities and has obtained an injunctive order whereby the JS Bank Limited has been restrained from selling the securities pledged by the Company. The mark up portion claimed by the bank is Rs. 82.29 million. The court may also award the cost of fund together with cost of suit, if the case is decided against the company. Last year the Company entered in to a settlement agreement with Bank and settled its loan liability and the legal case is in process of withdrawal.

23.1.12 A case was filed in the Sindh High Court on May 19, 2009 for the Recovery of Rs. 5,161,670 along further mark up of 20 % from the date of suit till realization against loss on trading of shares from Mr. Nazimuddin Siddique who act as agent of the Company under brokerage agency agreement. Legal counsel is confident about the recoverability of balance but adopting conservative approach management decided to provide provision against this balance.

23.1.13 In the year 2014-15, the Company was contesting the case with Askari Bank Limited in the Honorable High Courts of Sindh and Lahore filed on February 04, 2014, in which PLA to defend the cases has been filed by the Company. The Company has also lodged counter claim and claim damages from Askari Bank Limited. During the year Company entered in to a settlement agreement with Askari Bank Limited and Company disposed the counter claim while the Bank agreed to withdraw the original case as per the settlement agreement.

23.1.14 During the year 2014-2015, Shaheen Insurance Company Limited has filed a suit against the Company, First Capital Securities Corporation Limited, Pace (Pakistan) Limited, World Press (Pvt.) Limited, Trident Construct (Pvt.) Limited and Media Times Limited on April 24, 2015 for the cumulative recovery of Rs. 188.74 Million from First Capital Securities Corporation Limited or alternatively recovery of Rs. 105.78 Million from the Company against reverse repo purchase transaction and insurance premium. The case is pending before the honorable court of Mr. Imran Khan, Civil Judge Lahore. The legal counsel is confident of success of the case in company's favor.

23.1.15 During the year 2016-17, Soneri Bank Limited has filed suit against the company on May 27, 2016 for recovery of Rs. 148,342,600/- under section 9 of the Financial Institution (Recovery of Finances) Ordinance 2001. Leave to defend application has been filed and is pending before the honorable High Court of Sindh. The Company entered in debt property swap agreement with Bank, as per settlement agreement negotiated the Bank agrees to withdraw this case on settlement of agreed liability.

23.1.16 During the year 2016-17, JS Bank Limited has filed suit against the company on May 05, 2018 for recovery of Rs. 234,484,862/- under section 9 of the Financial Institution (Recovery of Finances) Ordinance 2001. Leave to defend application has been filed and is pending before the honorable High Court of Sindh. During the year the Company entered in to a settlement agreement with Bank and settled its loan liability and the legal case is in process of withdrawal.

23.1.17 During the year 2017-2018, Al-Hoqani Securities & Investment Corporation (Pvt.) Ltd has filed suit against the Company, First Capital Securities Corporation Limited, Pace Barka Properties Limited, Mr. Azhar Ahmed Batla, Mrs. Amna Taseer and Adamjee Assurance Company Limited on May 14, 2018 for the recovery of Rs. 76,304,380 along with markup of 10% from March 15, 2012 to date. Plaintiff claims that they have an unsettled charge against property located at Clifton Karachi owned by Pace Barka Properties Limited (previously owned by First Capital Equities Limited). As per Pace Barka Properties Limited this claim is unlawful and no such charge exists on this property. The case is pending before the honorable High Court of Sindh. The legal counsel is confident of success of the case in company's favor.

23.1.18 During the year ending June 2018 a complaint was filed by Mr. David Williams Jeans before the Learned Judge, Consumer Court, Lahore on November 11, 2018 against the Company stating therein that an amount of € 12,750/- had been transferred in 2003 to the Company for the purchase of shares of World Call Company. The claimant sought relief of Rs. 2,200,000 and € 12,750/- against the Company. While as per the legal counselor of the Company this will be settled against the transfer of shares and there is no likelihood of any financial loss. Based on this legal counsellor opinion management decided not to record any provision as value of provision is not certain.

23.1.19 The Company has entered into an arrangement with different commercial banks for modification in the terms of their financial liabilities. The bank has frozen/waived off their accrued mark-up and any further mark-up on certain terms and conditions. The main issue in this restructuring is that if the company failed to comply with the terms of agreements, the concession / reliefs shall stand withdrawn. The Company is very much confident that they will adhere to all the terms and conditions.

Lanka Securities (Private) Limited (the subsidiary company)

23.1.20 During the year 2014 via case No. HCC/503/14/MR plaintiff named C.A Chanmukapawan filed a suit against Lanka Securities Private Limited in the Commercial High Court of Colombo for the recovery of amount LKR 3,298,534 (PKR 2,506,422). The case is awaiting further trial

23.1.21 During the year 2016 via case No. HCC/31/16/MR plaintiff named HNB filed a suit against Lanka Securities Private Limited in the Commercial High Court of Colombo for the recovery of amount Rs LKR 11,000,000 (PKR 8,358,453). The case is awaiting further trial in Supreme Court of Sri Lanka.

23.1.22 During the year 2018 via case No. 1/42/2018 plaintiff named Buddhika Suraj Wickramaratne on account of an industrial dispute filed a suit against Lanka Securities Private Limited in LT No 1-Borella. The case is fixed for trial on September 12, 2018 on account of defendants (Lanka Securities Private Limited) witness to be cross examined.

23.1.23 During the year 2018 via case No. 8/180/17 plaintiff named JCR Udayakumara on account of an industrial dispute filed a suit against Lanka Securities Private Limited in LT No 8-Borella. The case is awaiting further trial on October 23, 2018 on account of defendants (Lanka Securities Private Limited) witness to be cross examined.

23.1.24 During the year 2018 via case No. 1/43/2018 plaintiff named KDLK Randeniya on account of an industrial dispute filed a suit against Lanka Securities Private Limited in LT No 1-Borella. The further court dates for the above case are September 12, 2018, October 17, 2018 & November 14, 2018.

23.1.25 During current year via case No. CA/Writ/326/2019 plaintiff Court of Appeals filed a suit against Lanka Securities Private Limited in the local court. The case is awaiting trial.

The lawyers and Directors of the subsidiary company are of the opinion that the outcome of these cases will not result in material liability for the company. Accordingly no provision recognized in the financial statements.

Falcon Commodities (Private) Limited (the subsidiary company)

23.1.26 The Income tax department has passed an order dated 07 May 2014 against the Company for the recovery of tax amounting to Rs. 362,215 for the tax year 2012. The tax authorities have disallowed certain expenses amounting to Rs. 1,355,803. The Commissioner of Inland Revenue (Appeals) has remanded back the case to the tax department. Therefore, in view of the above no provision is recognized in these financial statements.

31.1 There is no relationship between tax expense and accounting profit since the majority of the Group Companies have taxable losses for the year and are subject to minimum and final. Accordingly no numerical reconciliation has been presented.

32 Discontinued operations

Last year the management of one of the subsidiary company (First Capital Equities Limited) decided to surrender its TREC with Pakistan Stock Exchange and to discontinue stock broker operations due to continuous loss and declining market. The broker operation was not previously classified as a discontinued operation. The comparative statement of profit or loss has been restated to show the discontinued operation separately from continuing operations. Results of discontinued operations are as follows:

Net profit/(loss) for the year from continued operations attributable to shareholder of the parent company		<u>170,780,579</u>	<u>(231,670,043)</u>
Net profit/(loss) for the year from discontinued operations attributable to shareholder of the parent company		<u>(547,332)</u>	<u>(57,871,911)</u>
Weighted average number of ordinary shares as at 30 June		<u>316,610,112</u>	<u>316,610,112</u>
Earning/(loss) per share - basic and diluted--continued operations		<u>0.5394</u>	<u>(0.73)</u>
Earning/(loss) per share - basic and diluted -- discontinued operations		<u>(0.0017)</u>	<u>(0.18)</u>

There is no dilution effect on the basic EPS as the Group has no such commitments.

34 Transactions with related parties

Related parties comprise of entities over which the directors are able to exercise significant influence, entities with common directors, major shareholders, associated companies, directors and key management personnel. Details of significant transactions and balances with related parties, other than those which have been specially disclosed elsewhere in these consolidated financial statements are as follows:

Details of transactions with related parties and balances with them at year end are as follows:

Name of Parties	Nature of relationship	Nature and description of related party transaction	2021	2020
			Value of transactions made during the year	Value of transactions made during the year
			-----Rupees-----	
Bank of Ceylon	Associated	Share transaction	1,208,841,728	539,983,869
		Brokerage income	6,950,847	2,436,177

36 Financial instruments

The Group has exposure to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

The Board of Directors has overall responsibility for the establishment and oversight of Group's risk management framework. The Board is also responsible for developing and monitoring the Group's risk management policies.

36.1 Credit risk

Credit risk represents the accounting loss that would be recognized at the reporting date if counter parties failed completely to perform as contracted. The Group's credit risk arises from deposits with banks, trade debts, loans and advances and credit exposure arising as a result of dividends from equity securities and other receivables. The Group has no significant concentration of credit risk as exposure is spread over a large number of counter parties in the case of trade debts.

To manage exposure to credit risk in respect of loans and advances, management performs credit reviews taking into account the borrower's financial position, past experience and other factors. Loans terms and conditions are approved by the competent authority.

36.1.1 Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the year end:

	Note	2021 Rupees	2020 Rupees
Long term deposits and advances		36,579,471	13,166,098
Trade debts - net	36.1.2	608,139,942	562,330,611
Loans and advances		366,683,418	731,574,307
Bank balances	36.1.2	49,652,761	47,820,540
		<u>1,061,055,592</u>	<u>1,354,891,556</u>

36.1.2 Credit quality of financial assets

The credit quality of financial assets that are neither past due nor impaired can be assessed by reference to external credit ratings or to historical information about counterparty default rates.

Trade debts	2021 Rupees	2020 Rupees
Trade debts as at balance sheet date are classified as follows:		
Foreign	410,819,879	368,960,532
Domestic	197,320,063	193,370,079
	<u>608,139,942</u>	<u>562,330,611</u>

The trade debts as at the balance sheet date are classified in Pak Rupees. The aging of trade receivables at the reporting date is:

	2021	2020
	-----Rs.-----	
Neither past due not impaired	411,447,260	369,587,913
Past due 1 - 60 days	468,369	3,387,121
Past due 61 - 120 days	-	1,210,410
Above 120 days	196,224,313	188,145,167
	<u>608,139,942</u>	<u>562,330,611</u>

Bank balances

Bank balances as at balance sheet date are classified as follows:

	Note	2021 Rupees	2020 Rupees
Foreign		8,790,164	6,797,047
Domestic		40,862,597	41,023,493
	17	<u>49,652,761</u>	<u>47,820,540</u>

The credit quality of Group's bank balances can be assessed with reference to external credit rating agencies as follows:

	Rating		Rating agency
	Short term	Long term	
Faysal Bank Limited	A-1 +	AA	PACRA
Bank Al Falah Limited	A-1 +	AA+	PACRA
Allied Bank Limited	A-1 +	AAA	PACRA
Bank Islami Limited	A-1	A+	PACRA
Soneri Bank Limited	A-1 +	AA-	PACRA
Habib Metropolitan Bank Limited	A-1 +	AA+	PACRA
Bank Al Habib Limited	A-1 +	AAA	PACRA

Bank of Ceylon	NA	AA -(lka)	Fitch Ratings
MBSL Bank	NA	[SL]BBB+	ICRA (Lanka)

36.1.3 Counterparties without external credit ratings

Management estimates that the below mentioned balances will be recovered within next 12 months and the probability of default is expected to be zero. Consequently, no expected credit loss allowance is required.

	Note	2021 Rupees	2020 Rupees
Long term deposits and advances		36,579,471	13,166,098
Trade debts - net		608,139,942	562,330,611
Loans and advances		366,683,418	731,574,307
		<u>1,011,402,831</u>	<u>1,307,071,016</u>

36.1.4 Concentration of credit risk

Concentration of credit risk exists when the changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Group's total credit exposure. The Group's portfolio of financial instruments is broadly diversified and all other transactions are entered into with credit-worthy counterparties there-by mitigating any significant concentrations of credit risk.

36.2 Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. The Group's approach to managing liquidity is to ensure as far as possible to always have sufficient liquidity to meet its liabilities when due. The Group is not materially exposed to liquidity risk as substantially all obligations / commitments of the Group are short term in nature and are restricted to the extent of available liquidity. In addition, the Group has obtained running finance facilities from various banks to meet any deficit, if required to meet the short term liquidity commitments.

The following are the contractual maturities of financial liabilities:

	2021				
	Carrying Amount	Contracted cash flow	Upto one year or less	One to two years	More than two years
	R u p e e s				
Financial liabilities					
Long term loan	2,962,336,086	2,962,336,086	267,590,909	2,694,745,177	-
Short term borrowings	14,833,987	14,833,987	14,833,987	-	-
Trade and other payables	666,392,155	666,392,155	666,392,155	-	-
Accrued markup	540,129,529	606,401,077	377,047,626	229,353,451	-
	4,183,691,757	4,249,963,305	1,325,864,677	2,924,098,628	-
	2020				
	Carrying Amount	Contracted cash flow	Upto one year or less	One to two years	More than two years
	R u p e e s				
Financial liabilities					
Long term loan	2,784,276,087	3,156,149,684	2,690,131,432	466,018,252	-
Trade and other payables	840,349,739	506,495,836	506,495,836	-	-
Accrued markup	538,214,737	538,214,737	538,214,737	-	-
	4,162,840,563	4,200,860,257	3,734,842,005	466,018,252	-

36.3 Market risk

Market risk is the risk that changes in market price, such as foreign exchange rates, interest rates and equity prices will effect the Group's income or the value of its holdings of financial instruments.

Market risk comprises of three types of risks:

- currency risk
- interest rate risk
- other price risk

36.3.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. It arises mainly where receivables and payables exist due to transactions entered into foreign currency. The Group was exposed to foreign currency's risk on conversion of balance in foreign currency account maintained in Lankan Rupees (LKR). The Group's exposure to foreign currency risk for LKR and US dollar is as follows:

	2021 Rupees	2020 Rupees
Foreign debtors	410,819,879	368,960,532
Foreign currency bank accounts	8,790,164	6,797,047
Foreign creditor and other payables	368,226,699	328,413,383
Net exposure	<u>51,383,344</u>	<u>47,344,196</u>

The following significant exchange rates have been applied:

	Average rate		Reporting date rate	
	2021	2020	2021	2020
LKR to PKR	0.835	0.883	0.777	0.893

Sensitivity analysis

At reporting date, if the PKR had strengthened by 10% against the foreign currencies with all other variables held constant, post-tax profit for the year would have been higher by the amount shown below, mainly as a result of net foreign exchange gain on translation of foreign currency account balance.

	2021 Rupees	2020 Rupees
Net effect on profit or loss	5,138,334	4,734,420
	<u>5,138,334</u>	<u>4,734,420</u>

The weakening of the PKR against foreign currencies would have had an equal but opposite impact on the post tax profit.

The sensitivity analysis prepared is not necessarily indicative of the effects on profit / (loss) for the year and assets / (liabilities) of the Group.

36.3.2 Interest rate risk

Interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in market interest rates. At the reporting date the interest rate profile of the Group's significant interest bearing financial instruments was as follows:

	2021	2020	2021	2020
	Effective rate (in Percentage)		Carrying amount (Rupees)	
Financial liabilities				
Long term loans	up to 24	up to 15	2,962,336,086	2,784,276,087
			<u>2,962,336,086</u>	<u>2,784,276,087</u>

Fair value sensitivity analysis for fixed rate instruments

The Group does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore a change in interest rates at the reporting date would not affect profit or loss account.

Cash flow sensitivity analysis for variable rate instruments

A change of 100 basis points in interest rates at the reporting date would have increased / decreased for the year by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency rates, remain constant. The analysis is performed on the same basis for 2020.

	Profit or loss	
	100 bps Increase	100 bps Decrease
As at 30 June 2021	Rupees	
Cash flow sensitivity - Variable rate financial liabilities	29,623,361	(29,623,361)
As at 30 June 2020		
Cash flow sensitivity - Variable rate financial liabilities	27,842,761	(27,842,761)

The sensitivity analysis prepared is not necessarily indicative of the effects on profit/(loss) for the year and assets / liabilities of the Group.

36.3.3 Other price risk

Other price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk). The Group is exposed to equity price risk because of investments held by the Group and classified on the balance sheet at fair value through profit or loss and available for sale investments. To manage its price risk arising from investments in equity securities, the Group diversifies its portfolio within the eligible stocks in accordance with the risk investment guidelines approved by the investment committee.

Sensitivity analysis

The table below summarizes the Group's equity price risk as of 30 June 2021 and 2020 and shows the effects of a hypothetical 10% increase and a 10% decrease in market prices as at the year end. The selected hypothetical change does not reflect what could be considered to be the best or worst case scenarios. Indeed, results could be worse because of the nature of equity markets and the aforementioned concentrations existing in the Group's equity investment portfolio.

	Fair value	Hypothetical price change	Estimated fair value after hypothetical change in prices	Hypothetical increase / (decrease) in shareholders' equity	Hypothetical increase (decrease) in profit / (loss) before tax
	-----Rupees-----				
2021					
Investments					
Investments at fair value through profit or loss	249,033,547	10% increase	273,936,902	-	24,903,355
		10% decrease	224,130,192	-	(24,903,355)
	<u>249,033,547</u>				
2020					
Investments					
Investments at fair value through profit or loss	98,104,259	10% increase	107,914,685	-	9,810,426
		10% decrease	88,293,833	-	(9,810,426)
	<u>98,104,259</u>				

36.3.4 Fair value of financial instruments

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction. The carrying value of all financial assets and liabilities on the balance sheet approximate to their fair value.

a) Fair values versus carrying amounts

The fair values of financial assets and liabilities, together with the carrying amounts shown in the statement of financial position are as follows:

	2021		2020	
	Carrying amount	Fair value	Carrying amount	Fair value
	Rupees			
Financial assets				
Long term investments	24,127,216	24,127,216	10,706,385	10,706,385
Long term deposits and advances - considered good	36,579,471	36,579,471	13,166,098	13,166,098
Trade debts	608,139,942	608,139,942	562,330,611	562,330,611
Loans, advances and other receivables	366,683,418	366,683,418	731,574,307	731,574,307
Short term investments	533,452,966	533,452,966	254,949,888	254,949,888
Cash and bank balances	50,837,074	50,837,074	47,971,595	47,971,595
	1,619,820,087	1,619,820,087	1,620,698,884	1,620,698,884

	2021		2020	
	Carrying amount	Fair value	Carrying amount	Fair value
Financial liabilities	-----Rupees-----			
Long term loan	2,962,336,086	2,962,336,086	2,784,276,087	2,784,276,087
Accrued markup	540,129,529	540,129,529	538,214,737	538,214,737
Trade and other payables	666,392,155	666,392,155	506,495,836	506,495,836
	4,168,857,770	4,168,857,770	3,828,986,660	3,828,986,660

b) Valuation of financial instruments

In case of equity instruments, the Group measures fair value using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Quoted market price (unadjusted) in an active market.

Level 2: Valuation techniques based on observable inputs.

Level 3: Valuation techniques using significant unobservable inputs. This category includes all instruments where the valuation technique includes inputs not based on observable data

Fair values of financial assets that are traded in active markets are based on quoted market prices. For all other financial instruments the Group determines fair values using valuation techniques.

Valuation techniques used by the Group include discounted cash flow model. Assumptions and inputs used in valuation techniques include risk-free rates, bond and equity prices, foreign currency exchange rates, equity and equity index prices. The objective of valuation techniques is to arrive at a fair value determination that reflects the price of the financial instrument at the balance sheet date that would have been determined by market participants acting at arm's length.

Valuation models for valuing securities for which there is no active market requires significant unobservable inputs and a higher degree of management judgment and estimation in the determination of fair value. Management judgment and estimation are usually required for selection of the appropriate valuation model to be used, determination of expected future cash flows on the financial instrument being valued and selection of appropriate discount rates, etc.

The table below analyses equity instruments measured at fair value at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorized:

30 June 2021	Level 1	Level 2	Level 3	Total
Equity securities	Rupees			
Long term investments	14,058,889			14,058,889
Short term investments	70,268,884	-	-	70,268,884
	84,327,773	-	-	84,327,773
30 June 2020				
Equity securities				
Long term investments	14,058,889	-	-	14,058,889
Short term investments	70,268,884	-	-	70,268,884
	84,327,773	-	-	84,327,773

36.3.5 Operational risk

Operational risk is the risk of direct or indirect loss arising from a wide variety of causes associated with the Group's processes, personnel, technology and infrastructure, and from external factors other than credit, market and liquidity risks such as those arising from legal and regulatory requirements and generally accepted standards of corporate behavior. Operational risks arise from all of the Group's operations.

The Group's objective is to manage operational risk so as to balance the avoidance of financial losses and damage to the Group's reputation with overall cost effectiveness and to avoid control procedures that restrict initiative and creativity.

The primary responsibility for the development and implementation of controls to address operational risk is assigned to senior management within the Group. This responsibility is supported by the development of overall Group standards for the management of operational risk in the following areas:

- requirements for appropriate segregation of duties, including the independent authorization of transactions
- requirements for the reconciliation and monitoring of transactions
- compliance with regulatory and other legal requirements
- documentation of controls and procedures
- requirements for the periodic assessment of operational risks faced, and the adequacy of controls and procedures to address the risks identified
- development of contingency plans
- training and professional development
- ethical and business standards
- risk mitigation, including insurance where this is effective

36.4 Capital management

The Board's policy is to maintain an efficient capital base so as to maintain investor, creditor and market confidence and to sustain the future development of its business. The Board monitors the return on capital employed, which the Group defines as operating income divided by total capital employed. The Board also monitors the level of dividends to ordinary shareholders.

The Group's objectives when managing capital are:

- (i) to safeguard the entity's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders, and
- (ii) to provide an adequate return to shareholders.

The Group manages the capital structure in the context of economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, issue new shares, or sell assets to reduce debt.

The Group monitors capital on the basis of the debt-to-equity ratio - calculated as a ratio of total debt to equity.

The debt-to-equity ratios at 30 June 2021 and at 30 June 2020 were as follows:

	2021	2020
	Rupees	Rupees
Total debt	2,962,336,086	2,784,276,087
Total equity and debt	4,601,760,925	4,198,382,929
Debt-to-equity ratio	64.37%	66.32%

The increase in the debt-to-equity ratio in 2021 resulted primarily due to material finance facility obtained by Group during the year.

Neither there were any changes in the Group's approach to capital management during the year nor the Group is subject to externally imposed capital requirements.

37 Remuneration of Chief Executive, Directors and Executives

The aggregate amount charged in the consolidated financial statements for the year for remuneration, including certain benefits, to the chief executive, directors and executives of the Group is as follows:

	Chief executive		Directors		Executives	
	2021	2020	2021	2020	2021	2020
	-----Rupees-----					
Short Term Employee Benefits						
Managerial remuneration	2,400,000	2,400,000	-	-	9,381,708	24,215,266
Re-imburseable expenses	-	-	-	-	136,880	283,479
Utilities	-	-	-	-	-	140,000
House rent	-	-	-	-	-	560,000
Post Employment Benefits

Subsidiary Companies		
Average number of employees during the year	<u>76</u>	<u>93</u>
Total number of employees as at 30 June	<u>86</u>	<u>93</u>

39 Operating segments

Segment information is presented in respect of the Group's business. The primary format, business segment, is based on the Group's management reporting structure.

Segment results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

Segment capital expenditure is the total cost incurred during the period to acquire segment assets that are expected to be used for more than one year.

The Group's operations comprise of the following main business segment types:

Type of segments and nature of business

1 Financial services

Business of long and short term investments, sale/purchase of shares, money market operations and financial consultancy services.

2 Investment advisory services

Investment advisory services to open end mutual funds.

3 Real estate

Business of construction, development and other related activities of real estate properties. Installation and manufacturing of water purification plants, reverse osmosis systems and water softness system.

The identification of operating segments was based on the internal organizational and reporting structure, built on the different products and services within the Group. Allocation of the individual organizational entities to the operating segments was exclusively based on economic criteria, irrespective of the participation structure under Companies Act, 2017. For the presentation of reportable segments in accordance with IFRS 8, both operating segments with comparable economic features and operating segments not meeting the quantitative thresholds were aggregated with other operating segments.

40 Segment analysis and reconciliation

Information regarding the results of each reportable segments is included below. Performance is measured on the base of profit after tax as included in internal management reporting that are reviewed by the Group Executive Committee. Segment profit is used to measure performance and making strategic decisions as such information is the most relevant in evaluating the results of certain segments relative to other companies that operate within these industries.
