میں آپریشنز کےان سخت حالات میں اپنے ساتھی ڈائر کیٹرز ،ثینیر ہولڈرز ، بینجنٹ اورعملہ کی مسلسل حمایت کی شکرگز ارہوں اورانہیں قدر کی نگاہ سے دیکھنا ہوں۔میں مستقبل میں کمپنی کی کامیابی کے لئے پُرامید ہوں۔

لا ہور 107 توبر 2021 ء

#### FIRST CAPITAL EQUITIES LIMITED

#### **DIRECTOR'S REPORT**

The Board of Directors of First Capital Equities Limited ("the Company" or "FCEL") are pleased to present the Annual Report of 2021 along with the audited financial statements of the Company for the year ended June 30, 2021.

During the preceding year, the Board of the Directors decided to surrender the trading right entitlement certificate (TREC) of Pakistan Stock Exchange Limited and to change the Principal line of Business of the Company from stock broker to real estate Company. An application for surrender was submitted to PSX however, the company is in process of completing certain formalities to complete the surrendering process.

#### **COMPANY'S PERFORMANCE**

Financial summary of the Company for the year ended June 30, 2021 is given below.

All Figures are in Million except EPS\*

7 til 1 igares are in million except Er S				
	FY 21	FY 20		
Brokerage income	-	-		
Capital (loss) / gain	-	-		
Gain / (loss) on re-measurement of investments at fair value				
through profit or loss	94.57	8.36		
Other income	0.03	79.24		
Profit /(Loss) after taxation from continuing operations	90.88	75.54		
(Loss) after taxation from discontinued operations	(0.85)	(79.03)		
Earnings / (loss) Per Share (EPS) Rs*				
- continuing operations	0.64	0.53		
- discontinued operations	(0.01)	(0.56)		
	0.63	(0.03)		

Company reported a profit after taxation from continuing operations of Rs 90.88 million in FY21 as compared to profit of Rs. 75.54 million during the same period last year. During the year discontinuation of operations loss of the Company is recorded at Rs 0.85 million during the period under review as compared to loss of Rs. 79.03 million in previous year. Further, the Un-realized gain on re-measurement of investment is recorded at Rs. 94.57 million.

## COMPANY'S ABILITY TO CONTINUE AS A GOINING CONCERN

The Board of the Directors of the Company in their meeting held on June 28, 2019, owing to the continuous loss and adverse market conditions, decided to surrender the trading right entitlement certificate (TREC) of Pakistan Stock Exchange and discontinue its brokerage operation and to change the Principal objective of the Company from stock broker to real estate Company.

During the year company earned profit of Rs. 90.1 Million (2020: Loss Rs. 3.48 Million) after recognizing unrealized gain on investments amounting Rs. 94.5 Million (2020: Rs. 8.3 Million), moreover the accumulated losses of the company stand at Rs. 980.91 Million as at June 30, 2021 (2020: 1,071.04 Million) and as at the reporting date current liabilities of the Company exceed its current assets by Rs. 441.17 Million (2020: Rs. 498.77 Million).

The management of the Company is continuously in process of negotiating its loan facilities and is hopeful that outstanding loan of UBL will be settled against investment property. Owing to the factors mentioned above the Company in order to carry on its business and to meet its obligations requires generating sufficient operating profits and cash flows. Accordingly there is a material uncertainty relating to the Company's operations that may cause significant doubt regarding discharge of its liability in the normal course of business. Continuation of the Company as going concern is heavily dependent on improved cash flows.

The management of the Company is confident that with change in Principal activity and overall expertise of group in real estate sector will have positive impact on the financial performance of the company. Resultantly, these financial statements are prepared on going concern basis. The financial statements consequently, do not include any adjustment relating to the realization of the assets and liquidation of liabilities that might be necessary should the Company be unable to continue as going concern.

#### **FUTURE OUTLOOK**

In order to change the principal line of business of the Company from a Brokerage company to Real Estate Company, necessary changes have been made in the Object clause III of Memorandum of Association of the Company, which are in process of approval from concerned authorities.

Once the surrender process is completed and changes in the Object clause III of Memorandum of Association of the Company are approved the Company will resume its commercial activities as real estate Company.

#### CORPORATE SOCIAL RESPONSIBILITY

The Company continued its contribution to the society as a socially responsible organization through discharge its obligations towards the peoples who work for it, peoples around its workplace and the society as whole.

## **HUMAN RESOURCE MANAGEMENT**

The management of the Company believes strongly in principles, beliefs and philosophy of the company where employees are treated as family members. The Company is continuously striving to provide corporate and social work environment to its employees as this helps them to work in complete harmony in a healthy and professional way.

## **INTERNAL CONTROLS**

The directors and management are responsible for the Company's system of internal controls and for reviewing annually its effectiveness in providing shareholders with a return on their investments that is consistent with a responsible assessment and management of risks. This includes reviewing financial, operational and compliance controls and risk management procedures and their effectiveness. The directors have completed their annual review and assessment for year ended 2020.

The board and audit committee regularly review reports of the internal audit function of the company related to the Company's control framework in order to satisfy the internal control requirements. The company's internal Audit function performs reviews of the integrity and effectiveness of control activities and provides regular reports to the Audit Committee and the Board.

### IMPACT OF THE COMPANY'S BUSINESS ON THE ENVIRONMENT

The Company's nature of business is service provider, hence its activities has very less impact on environment. The Company has a policy to minimize the use of paper by encouraging employees, departments and clients to communicate mostly through emails.

#### **PAYOUT FOR THE SHAREHOLDERS**

Keeping in view the un appropriated losses of the company, the Board of Directors does not recommend any payout this year.

## **RISK MANAGEMENT**

The Company's principal business activities by their nature engender significant market and credit risks. In addition, the Company is also subject to various other risks including operating risk, legal risk and funding risk. Effective identification, assessment and management of these risks are critical to the success and stability of the Company. As a result comprehensive risk management policies and procedures have been established to identify, control and monitor each of these major risks.

## **COMPANY PERFORMANCE IN PAST YEARS**

Past six years Company performance chart is attached.

## **EARNINGS PER SHARE**

# INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF FIRST CAPITAL EQUITIES LIMITED

# REVIEW REPORT ON STATEMENT OF COMPLIANCE CONTAINED IN LISTED COMPANIES (CODE OF CORPORATE GOVERNANCE) REGULATIONS, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of "First Capital Equities Limited" (the Company) for the year ended June 30, 2021 in accordance with the requirement of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As part of our audit of financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations requires the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval its related party transactions and also ensure compliance with the requirements of section 208 of the Companies Act, 2017.

We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out any procedures to assess and determine the Company's process for identification of related parties and that whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention, which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with requirements contained in the Regulations as applicable to the Company for the year ended **June 30**, **2021**.

Further, we highlight that the Company has not complied with the provision of regulation 19(1) of the Regulations which require at least 75% of the Directors to have Director's training certificates, as disclosed in the note 19 of the Statement of Compliance.

# Independent Auditor's report to the members of First Capital Equities Limited

# Report on the Audit of the Financial Statements

# **Opinion**

We have audited the annexed financial statements of First Capital Equities Limited, which comprises the statement of financial position as at June 30, 2021, and the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, statement of profit or loss, the statement of comprehensive income the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2021 and of the profit and other comprehensive income, the changes in equity and its cash flows for the year then ended.

# **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Material Uncertainty relating to Going Concern

We draw attention to Note 2 in the annexed financial statements, which states that during the year company earned profit of Rs. 90.1 Million (2020: Loss Rs. 3.48 Million) this also includes effect of unrealized gain on investments amounting Rs. 94.5 Million (2020: Rs. 8.3 Million), moreover the accumulated losses of the company stand at Rs. 980.91 Million as at June 30, 2021 (2020: 1,071.04 Million) and as at the reporting date current liabilities of the Company exceed its current assets by Rs. 441.17 Million (2020: Rs. 498.77 Million)

Moreover, the Company in order to meet its current obligations requires to generate sufficient profits and cash flows. As stated in Note 2, these events or conditions, along with other matters as set forth in Note 2 indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. Our opinion is not qualified in respect of this matter.

# **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In addition to the matter described in the Material Uncertainty Related to Going Concern section, we have determined the matters described below to be the key audit matters to be communicated in our report.

Following are the Key Audit Matters:

# Sr. Key Audit Matters

#

# 1. Recoverability of Trade Debts

As at year end, the Company's gross trade debtors were Rs. 447.45 Million against which allowances for doubtful debts amounting to Rs. 271.85 Million were recorded for details refer note 10 of the financial statements.

We identified the recoverability of trade debtors as a key audit matter because it involves significant management judgment in assessing the amount likely to be received and estimates in determining the allowance of expected credit loss.

# How the matters were addressed in our audit

Our audit procedures to assess the valuation of trade debts amongst others included the following:

- Obtaining an understanding of and testing the design and implementation of management's key internal controls relating to credit control, debt collection and making allowances for doubtful debts;
- Agreeing, on a sample basis, the balances used in management's estimate of expected credit loss with the books of account of the Company;
- Testing the assumptions and estimates made by management for the allowances for doubtful debts;
   and
- Evaluating that the allowance for doubtful debt is in accordance with

# 2. Litigations

There are a number of legal and regulatory matters for which no provision has been established, as disclosed in Note 26 of accompanying financial statements.

The Company is exposed to different laws, regulations and interpretations thereof and hence, there is a litigation risk. Also there is an inherent risk that legal exposures are not identified and considered for financial reporting purposes on a timely basis. Importantly, the decision to recognize a provision and the basis of measurement are purely judgmental.

We identified litigations as key audit matter because there is a high level of judgement involve in assessing the likelihood of their outcome which effect the level of provisioning and/or disclosures. the requirements of applicable financial reporting framework.

We performed following key audit procedures to address the assessed risk:

- Obtained understanding of the Company's controls over litigations through meetings with the management and review of the minutes of the Board of Directors and Board Audit Committee;
- Discussed open matters and developments with the Company's in-house legal counsel and read correspondence with external legal counsels, where relevant;
- Circularized confirmations to relevant third party legal representatives and follow up discussions, where appropriate, on certain material cases;
- Whilst noting the inherent uncertainties involved with the legal and regulatory matters, assessed the appropriateness of the related disclosures made in the accompanying financial statements.

# Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report including, in particular, the Chairman's Review, Director's Report and Financial Highlights, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

# Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017(XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

# Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

• Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

# Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);

the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;

- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) no zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

The engagement partner on the audit resulting in this independent auditor's report is Imran-ul-Haq.

#### FIRST CAPITAL EQUITIES LIMITED NOTES TO THE FINACIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

#### 1 Status and nature of business

First Capital Equities Limited (the "Company") was incorporated in Pakistan on January 26, 1995 as a private limited company, under the Companies Ordinance, 1984 (now Companies Act, 2017). The Company was converted into a public limited company on June 18, 1997 and is listed on Pakistan Stock Exchange Limited formerly Lahore Stock Exchange Limited. The Company is a subsidiary of First Capital Securities Corporation Limited, which owns 73.23% (2017: 73.23%) of the share capital of the Company. The principal activity of the Company is to acquire, construct, develop, sell, rent out and manage shops, apartments, villas and commercial buildings.

Geographical locations and addresses of all business units are as under:

**Lahore - Registered Office** 2nd Floor, Pace Shopping Mall, Fortress Stadium, Lahore Cantt,

Lahore.

Karachi - Corporate Office

4th Floor, Block B,C & D Lakson Square Building No. 01, Sarwar Shaheed Road, Karachi.

#### 2 Going concern assumption

The Board of the Directors of the Company in their meeting held on June 28, 2019, owing to the continuous loss and adverse market conditions, decided to surrender the trading right entitlement certificate (TREC) of Pakistan Stock Exchange and discontinue its brokerage operation and to change the Principal objective of the Company from stock broker to real estate Company.

During the year company earned profit of Rs. 90.1 Million (2020: Loss Rs. 3.48 Million) after recognizing unrealized gain on investments amounting Rs. 94.5 Million (2020: Rs. 8.3 Million), moreover the accumulated losses of the company stand at Rs. 980.91 Million as at June 30, 2021 (2020: 1,071.04 Million) and as at the reporting date current liabilities of the Company exceed its current assets by Rs. 441.17 Million (2020: Rs. 498.77 Million).

The management of the Company is continuously in process of negotiating its loan facilities and is hopeful that outstanding loan of UBL will be settled against investment property. Owing to the factors mentioned above the Company in order to carry on its business and to meet its obligations requires generating sufficient operating profits and cash flows. Accordingly there is a material uncertainty relating to the Company's operations that may cause significant doubt regarding discharge of its liability in the normal course of business. Continuation of the Company as going concern is heavily dependent on improved cash flows.

The management of the Company is confident that with change in Principal activity and overall expertise of group in real estate sector will have positive impact on the financial performance of the company. Resultantly, these financial statements are prepared on going concern basis. The financial statements consequently, do not include any adjustment relating to the realization of the assets and liquidation of liabilities that might be necessary should the Company be unable to continue as going concern.

#### 3 Basis of preparation

#### 3.1 Statement of compliance

These financial statements have been prepared in accordance with the approved Accounting Standards as applicable in Pakistan and the requirements of the Companies Act, 2017. Approved Accounting Standards comprise of such International financial reporting standards as notified under the provisions of the Companies Act, 2017. Whenever the requirements of the Companies Act, 2017 or directives of the Securities and Exchange Commission of Pakistan (SECP) differ with the requirements of the Standards, the requirements of the Companies Act, 2017 or the requirements of the said directives take precedence.

#### 3.2 Basis of measurement

These financial statements have been prepared under the historical cost convention, except for investment property and certain financial assets that are stated at fair value.

#### 3.3 Use of estimates and judgments

The preparation of financial statements in conformity with approved accounting standards as applicable in Pakistan, requires management to make judgments, estimates and assumptions, that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, associated assumptions and judgments are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

There was no significant adjustment required for the estimates and judgments as compared to previous year.

The areas where various assumptions and estimates are significant to Company's financial statements or where judgments were exercised in application of accounting policies are;

a)	Useful life and residual values of property, plant and equipment	Note 6.1
b)	Impairment	Note 5.3
c)	Provisions and contingencies	Note 5.7
d)	Staff retirement benefits	Note 5.8
e)	Provision for taxation	Note 5.10

#### 4 Initial application of new standards, interpretations or amendments to existing standards

#### 4.1 Standards, interpretations and amendments to accounting standards that are effective in the current period

The following new standards and interpretations of and amendments to existing accounting standards will be effective from the dates mentioned below against the respective standard, interpretation or amendment:

Standard, Interpretation or Amendment	Effective date (annual periods beginning on or after
IFRS 16 - Leases (Amendments)	January 01, 2021
IAS 1 - Presentation of financial statements (Amendments)	January 01, 2021
IFRS 9 - Financial Instruments: Classification and Measurement	January 01, 2021

In addition, there are certain new and amended standards and interpretations that are mandatory for the Company's accounting periods beginning on or after January 1, 2021 but are considered not to be relevant or do not have any significant effect on the company's operations and are therefore not detailed in these financial statements.

#### 4.2 Standards, amendments to approved accounting standards that are not yet effective

The following new standards and interpretations of and amendments to existing accounting standards will be effective from the dates mentioned below against the respective standard, interpretation or amendment

Standard, Interpretation or Amendment	Effective date (annual periods beginning on or after
IFRS 3 - Business Combinations (Amendments)	January 01, 2022
IAS 16 - Property plant and equipment (Amendments)	January 01, 2022
IAS 37 - Provisions, contingent liabilities and contingent assets(Amendments)	January 01, 2022
IFRS 9 - Financial Instruments: Classification and Measurement (Annual Improvement process)	January 01, 2022

# 4.3 Standards, amendments and improvements to approved accounting standards that are issued by IASB but not yet adopted by SECP

Standard, Interpretation or Amendment	IASB Effective date (annual periods beginning on or after)
IFRS 1- First-time Adoption of International Financial Reporting IFRS 17 - Insurance Contracts	January 01, 2023 January 01, 2022

#### 5 Significant accounting policies

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all periods presented.

#### 5.1 Property plant and equipment

These are stated at cost less accumulated depreciation and impairment losses, if any. Depreciation is charged to profit or loss applying the straight-line method whereby the cost is written-off over its estimated useful life at the rates specified in note 6.1 to the financial statements.

Depreciation on additions is charged on a pro-rata basis from the month in which the asset is put to use, while for disposals depreciation is charged up to the month preceding the disposal of the asset. Where an impairment loss is recognized, the depreciation charge is adjusted in the future periods to allocate the assets revised carrying amount over its estimated useful life.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Maintenance and repairs are charged to income as and when incurred. Renewals and improvements are capitalized when it is probable that respective future economic benefits will flow to the Company and the cost of the item can be measured reliably, and the assets so replaced, if any, are retired.

The gain or loss on disposal or retirement of an asset represented by the difference between the sale proceeds and the carrying amount of the asset is recognized as an income or expense.

Residual value and the useful life of an asset are reviewed at each financial year end and adjusted if impact on depreciation is significant. The Company's estimates of residual value of property and equipment at June 30, 2018 did not require any adjustment.

#### 5.2 Impairment

#### Financial Assets

The Company recognizes loss allowances for Expected Credit Losses (ECLs) in respect of financial assets measured at amortized cost.

The Company measures loss allowances at an amount equal to lifetime ECLs, except for the following, which are measured at 12-month ECLs:

- debt securities that are determined to have low credit risk at the reporting date; and
- other debt securities and bank balance for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

  Loss allowances for trade receivables are always measured at an amount equal to lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information. The Company assumes that the credit risk on a financial asset has increased significantly if it is more than past due for a reasonable period of time. Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument. 12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months). The maximum period considered when estimating ECLs is the maximum contractual period over which the Company is exposed to credit risk.

Loss allowances for financial assets measured at amortized cost are deducted from the Gross carrying amount of the assets. The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering of a financial asset in its entirety or a portion thereof. The Company individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Company expect no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

The adoption of the expected loss approach has not resulted in any material change in impairment provision for any financial

The Company recognizes in profit or loss, as an impairment gain or loss, the amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date.

#### Non-Financial Assets

The carrying amounts of the Company's non-financial assets, other than deferred tax assets and inventories are reviewed at each reporting date to determine whether there is any indication of impairment. If such indication exists, the asset's recoverable amount, being higher of value in use and fair value less costs to sell, is estimated. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets. An impairment loss is recognized whenever the carrying amount of an asset exceeds its recoverable amount. Impairment losses are recognized in the statement of profit or loss.

#### 5.3 Financial instruments

All the financial assets and financial liabilities are recognized at the time when the Company becomes a party to the contractual provisions of the instruments. The Company de-recognizes a financial asset or a portion of financial asset when, and only when, the enterprise loses control of the contractual rights that comprise the financial asset or portion of financial asset. A financial liability or part of financial liability is de-recognized from the statement of financial position, when and only when, it is extinguished i.e. when the obligation specified in the contract is discharged, cancelled or expired. Any gain or loss on the recognition or de-recognition of the financial assets and liabilities is included in the statement of profit or loss currently.

Significant financial assets include long term deposits, short term investments, trade debts, loans and advances, other receivables and cash and bank balances.

Significant financial liabilities are classified according to the substance of the contractual agreements entered into. Significant financial liabilities are liabilities against assets subject to finance lease, mark-up accrued, long term / short term borrowings and trade and other payables.

#### 5.4 Investment property

Investment properties are properties which are held either to earn rental income or for capital appreciation or for both. Investment properties are initially recognized at cost, being the fair value of the consideration given, subsequent to initial recognition these are stated at fair value. The fair value is determined annually by an independent approved valuer. The fair values are based on market values, being the estimated amount for which a property could be exchanged on the date of valuation between knowledgeable and willing buyer and seller in an arm's length transaction.

Any gain or loss arising from a change in fair value is recognized in the statement of profit or loss. Rental income from investment property is charged to profit and loss on accrual basis.

When an item of property, plant and equipment is transferred to investment property following a change in its use, any differences arising at the date of transfer between the carrying amount of the item immediately prior to transfer and its fair value is recognized in surplus on revaluation of property, plant and equipment, if it is a gain. Upon disposal of the item the related surplus on revaluation of property, plant and equipment is transferred to retained earnings. Any loss arising in this manner is recognized immediately in the statement of profit or loss.

If an investment property becomes owner-occupied, it is reclassified as property, plant and equipment and its fair value at the date of reclassification becomes its cost for accounting purposes for subsequent recording.

#### 5.5 Financial instruments

#### 5.5.1 Initial measurement of financial asset

The Company classifies its financial assets in to following three categories:

- fair value through other comprehensive income (FVOCI);
- fair value through profit or loss (FVTPL); and
- measured at amortized cost

A financial asset is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition.

#### 5.5.2 Subsequent measurement of financial assets

**Debt Investments at FVOCI:** These assets are subsequently measured at fair value. Interest / mark-up income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognized in the statement of profit or loss. Other net gains and losses are recognized in other comprehensive income. On de-recognition, gains and losses accumulated in other comprehensive income are reclassified to the statement of profit or loss.

**Equity Investments at FVOCI**: These assets are subsequently measured at fair value. Dividends are recognized as income in the statement of profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognized in other comprehensive income and are never reclassified to the statement of profit or loss.

**Financial assets at FVTPL:** These assets are subsequently measured at fair value. Net gains and losses, including any interest / mark-up or dividend income, are recognized in profit or loss.

Financial assets measured at amortized cost: These assets are subsequently measured at amortized cost using the effective interest rate method. The amortized cost is reduced by impairment losses. Interest / mark-up income, foreign exchange gains and losses and impairment are recognized in the statement of profit or loss.

#### 5.5.3 Non-derivative financial assets

All non-derivative financial assets are initially recognized on trade date i.e. date on which the Company becomes party to the respective contractual provisions. Non-derivative financial assets comprise loans and receivables that are financial assets with fixed or determinable payments that are not quoted in active markets and includes trade debts, advances, other receivables and cash and cash equivalent.

The Company derecognizes the financial assets when the contractual rights to the cash flows from the asset expires or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risk and rewards of ownership of the financial assets are transferred or it neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control over the transferred asset.

#### 5.5.4 Trade debts, loans, advances and other receivables

These are classified at amortized cost and are initially recognized when they are originated and measured at fair value of consideration receivable. These assets are written off when there is no reasonable expectation of recovery. Actual credit loss experience over past years is used to base the calculation of expected credit loss.

#### 5.5.5 Financial liabilities

Financial liabilities are initially recognized on trade date i.e. date on which the Company becomes party to the respective contractual provisions. Financial liabilities include mark-up bearing borrowings and trade and other payables. The Company derecognizes the financial liabilities when contractual obligations are discharged or cancelled or expire. Financial liability other than at fair value through profit or loss are initially measured at fair value less any directly attributable transaction cost.

Subsequent to initial recognition, these liabilities are measured at amortized cost using effective interest rate method which is the fair value of consideration to be paid to settle the liability.

#### 5.5.6 Mark-up bearing borrowings and borrowing costs

Mark-up bearing borrowings are recognized initially at fair value, less attributable transaction costs.

Subsequent to initial recognition, mark-up bearing borrowings are stated at amortized cost, while the difference between the cost (reduced for periodic payments) and redemption value is recognized in the statement of profit or loss over the period of the borrowing using the effective interest method.

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized as part of the cost of the relevant asset.

#### 5.5.7 Accrued and other liabilities

Accrued and other liabilities are recognized initially at fair value plus directly attributable costs, if any, and subsequently measured at amortized costs, which is the fair value of consideration to be paid to settle the liability.

#### 5.5.8 Settlement date accounting

All "regular way" purchases and sales of financial assets are recognized on the settlement date, i.e. the date on which the asset is delivered to or by the Company. Regular way purchases or sales of financial assets are those contracts which requires delivery of assets within the time frame generally established by regulation or convention in the market.

#### 5.6 Provisions

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. However, provisions are reviewed at each statement of financial position date and adjusted to reflect current best estimate.

#### 5.7 Staff retirement benefits

#### Defined benefit plan

The Company maintains an unfunded gratuity scheme for all its eligible employees. The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognized asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. To calculate the present value of economic benefits, consideration is given to any applicable minimum funding requirements.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognized immediately in other comprehensive income. The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognized in profit or loss.

#### 5.8 Revenue recognition

- \* Capital gains or losses on sale of investments are recognized in the year in which they arise.
- \* Brokerage income, consultancy and money market services are recognized as and when such services are provided.
- \* Dividend income is recognized at the time of book closure of the company declaring the dividend.
- \* Return on securities other than shares is recognized as and when it is due on time proportion basis.
- \* Mark-up/interest income is recognized on accrual basis.
- \* Rental income from investment properties is recognized on accrual basis.

#### 5.9 Taxation

#### **Current**

Provision for current taxation is based on the taxable income for the year determined in accordance with the prevailing laws for taxation of income. The charge for current tax is calculated using prevailing tax rates or tax rates expected to apply to the profit for the year if enacted after taking into account tax credits, rebates and exemptions, if any. The charge for current tax also includes adjustments, where considered necessary, to provision for tax made in previous years arising from assessments framed during the year for such years.

#### **Deferred**

Deferred tax is accounted for using the statement of financial position liability method in respect of temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit.

Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets are recognized to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized.

Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on tax rates that have been enacted or substantively enacted by the statement of financial position date. Deferred tax is charged or credited in the income statement, except in the case of items credited or charged to equity in which case it is included in equity.

#### 5.10 Functional and presentation currency

These financial statements are presented in Pakistan Rupees which is also the Company's functional currency.

#### 5.11 Foreign currency

All monetary assets and liabilities in foreign currencies are translated into rupees at exchange rates prevailing at the statement of financial position date. Transactions in foreign currencies are translated into rupees at exchange rates prevailing at the date of transaction. Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated into rupees at exchange rates prevailing at the date of transaction. Non-monetary assets and liabilities denominated in foreign currency that are stated at fair value are translated into rupees at exchange rates prevailing at the date when fair values are determined. Exchange gains and losses are included in the income currently.

#### 5.12 Cash and cash equivalents

Cash and cash equivalents are carried in the statement of financial position at cost. For the purpose of cash flows statement, cash and cash equivalents comprise of cash in hand, cash with banks and other short term highly liquid investments (if any) that are readily convertible to known amounts of cash and which are subject to insignificant risk of change in value.

#### 5.13 Related party transactions

All transactions involving related parties arising in the normal course of business are conducted at arm's length at normal commercial rates on the same terms and conditions as third party transactions using valuation modes as admissible, except in extremely rare circumstances where, subject to approval of Board of Directors, it is in the interest of the Company to do so.

#### 5.14 Fair value

Fair value is the amount for which an asset could be exchanged, or liability settled, between knowledgeable willing parties in an arm's length transaction. Underlying the definition of fair value is the presumption that the Company is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms. The carrying values of all financial assets and liabilities reflected in these financial statements approximate their fair values. Fair value is determined on the basis of objective evidence at each reporting date.

Specific valuation techniques used to value financial instruments include:

Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).

Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).

Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

#### 5.15 Discontinued operations

A discontinued operation is a component of an entity that either has been disposed off or is classified as held for sale, and

- (a) represents a separate major line of business or geographical area of operations;
- (b) is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations; or
- (c) is a subsidiary acquired exclusively with a view to resale.

#### 5.16 Stock in trade

Shops, apartments and commercial buildings acquired, constructed or in the process of construction for sale are classified as stock-in-trade. Unsold properties are carried at lower of cost and net realizable value. The cost of stock-in-trade includes the cost of freehold land, leasehold land and other related expenditure. Net realizable value represents the estimated selling price of a property in the ordinary course of business less estimated cost of completion and cost necessary to make the sale. If expected net realizable value is lower than the carrying amount, a write down s recognized for the amount by which the carrying amount exceeds its net realizable value.

#### 5.17 Operating Segments

As per IFRS 8, "Operating Segments", operating segments are reported in a manner consistent with the internal reporting used by the chief operating decision maker. The Chief Executive Officer (CEO) of the Company has been identified as the chief operating decision maker, who is responsible for allocating resources and assessing performance of the operating segments. The CEO is responsible for the Company's entire product portfolio and considers business as a single operating segment. The Company's assets allocation decisions are based on a single integrated investment strategy and the Company's performance is evaluated on an overall basis. The internal reporting provided to the CEO for the Company's assets, liabilities and performance is prepared on a consistent basis with the measurement and recognition principles of approved accounting standards as applicable in Pakistan.

Disposal during the year		-	(291,822,340)
		824,712,000	824,712,000
Change in fair value		-	
Closing balance	8.3	824,712,000	824,712,000

- 8.1 Investment Property comprises various shops / counters in shopping malls situated at Gujranwala and Gujrat. Properties having value of Rs. 824.7 Million (2020: 824.7 Million) are under mortgage by banks against borrowings.
- 8.2 The direct operating expenses related to the investment property were Rs. 35,000/- (2020: Rs. 35,000/-).
- 8.3 The fair value of subject investment property is based on valuation that was carried out by M/s. Negotiator, independent valuer (approved valuator on the panel of Pakistan Banking Association) as on June 30, 2021. The valuer determined the fair value of Rs. 824,712,000/- (2020: Rs. 824,712,000/-). The table below analyze the non-financial assets carried at fair value, by valuation method. The different levels have been defined in Note 5.15 & Note 8.4.

#### 8.4 Recurring fair value measurements

Fair value measurements at 30 June 2021 using significant other observable inputs (Level 2) Rupees

Investment properties 824,712,000

Fair value measurements at 30 June 2020 using significant other observable inputs (Level 2)

Investment properties 824,712,000

There are no level 1 and level 3 assets or transfers between levels 1, 2 and 3 during 2021 or 2020.

#### 

Level 2 fair value of investment properties has been derived using the sales comparison approach. Sale prices of comparable land and buildings in close proximity are adjusted for differences in key attributes such as location, size, nature and condition of the property. The most significant input into this valuation approach is price per square foot.

#### 8.5 Particulars of the investment properties are as follows:

Particulars	Location
Various shops, super market and counters	Grand Trunk Road, Pace Gujrat, Gujrat
Various shops	Muza dhola zari, G.T Road, Pace Shopping Mall, Gujranwala

17.1 This represents loan payable to United Bank Limited (UBL) with an original mark up rate of 8% (2020: 8%) per annum. But owing to the negotiations with the bank the markup on this loan was frezed and waived off. The interest waived off on this loan amounts to Rs. 354 Million till October 01, 2010. The management of the Company is in negotiation with UBL and are confident that this loan will be settled against Debt to Property swap as previously done on favorable terms. Based on ongoing negotiations Bank agreed to grant extension to the Company for repayment of loan till December 31, 2021.

#### 24 TAXATION

- 24.1 During the year due to unavailability of taxable income no tax provision is recognized and last year the Company's revenue was subject to minimum tax under section 113 of the Income Tax Ordinance, 2001. Therefore, no numerical tax reconciliation is produced.
- 24.2 The Company have a deferred tax asset on unused tax losses and deductible temporary differences. Tax losses will be carried forward for six years only, in accordance with the Income Tax Ordinance, 2001. However as sufficient taxable profits may not be available in foreseeable future, the Company has not recognized deferred tax asset in these financial statements. The details are as follows:

	Note	June	June
		2021	2020
		Rupees	Rupees
Deductible temporary differences		272,725,806	276,858,980
Tax losses		1,180,065,492	1,315,852,928
Unrecognized deferred tax asset		421,309,476	461,886,453
25 EARNING / (LOSS) PER SHARE - BASIC AND DILUTED

Earning /(loss) per share - Basic and Diluted - Rupees per share		0.63	(0.03)

25.1 No figure for diluted earning / (loss) per share has been disclosed as the Company has not issued any instrument which would have an impact on earnings per share, when exercised.

#### 26 DISCONTINUED OPERATIONS

During 2019, the Board of Directors of the Company decided to surrender its TREC with Pakistan Stock Exchange and to discontinue stock broker operations due to continuous loss and declining market. Based on which brokerage operations are classified as a discontinued operation. Results of discontinued operations are as follows:

		June 2021 Rupees	June 2020 Rupees
Operat	ing expenses	(747,415)	(79,027,599)
Taxatio	on	-	-
Profit/(	Loss) after taxation from discontinued operations	(747,415)	(79,027,599)
26.1	Cash flows from/(used in) discontinued operations		
	Net cash used in operating activities	-	(2,167,504)
	Net cash flow for the year		(2,167,504)

#### 27 CONTINGENCIES AND COMMITMENTS

#### 27.1 Contingencies

- 27.1.1 During the year 2007-08, Securities and Exchange Commission of Pakistan (SECP) served a show cause notice to the Company under Section 4 & 5 of Listed Companies (Substantial Acquisition of Voting shares and Takeovers) Ordinance 2002, alleging that the Company has facilitated certain investors in acquisition of approximately 39% shares of Haseeb Waqas Sugar Mills Limited. The Company has submitted its reply to the show cause notice to the SECP. SECP has decided the case and has imposed a fine of Rs. 500,000/- on the Company on April 17, 2009. The Company has filed an appeal in Appellate Tribunal SECP against the aforesaid order and as a result the order was set aside by Tribunal on December 03, 2015 with an instructions to initiate fresh proceedings as per law.
- 27.1.2 During the year 2008-09, M/s Savari (Pvt.) Limited, Muhammad Rafi Khan, Muhammad Shafi Khan and Aura (Pvt.) Limited, the clients of the Company has defaulted to pay their debts Rs. 239,900,022/-. The Company has filed a suit on February 01, 2009 in Civil Court, Lahore for recovery from these clients. Legal counsel is confident about the recoverability of balance but adopting conservative approach management has decided to provide provision against this balance.

- 27.1.3 During the year 2009-10 the Company has lodged a complaint to Securities and Exchange Commission of Pakistan on September 10, 2009 for taking appropriate action against the Universal Equities (Pvt.) Limited for dishonored cheque of Rs. 1,000,000/- tendered as part payment towards its outstanding liability by Universal Equities (Pvt.) Limited by the Company and for recovery of Rs. 25.20 million till February 2010. The Universal Equities (Pvt.) Limited has filed a suit for permanent injunction alleging therein that the Company be directed not to initiate criminal proceedings against the dishonored cheque. The Learned Trail Court has declined to issue injunctive order in this regard against the Company. The Learned Appellate Court has also turned down the request of the Universal Equities (Pvt.) Limited to interfere in the order of the Learned Trail Court passed in favor of the Company. Later on the civil suit filed by the Universal Equities (Pvt.) Limited was dismissed by the court. However the company has also filed an application on June 20, 2011 for winding up the Universal Equities (Pvt.) Limited before the honorable Lahore High Court Lahore. Which is pending before the High Court and the legal counsel is confident about the recoverability of balance but adopting conservative approach management has decided to provide provision against this balance.
- 27.1.4 During the year 2010-11, the JS Bank Limited demanded immediate repayment of outstanding liabilities in relation to finance facilities availed by the Company and a Notice U/s 176 of the "Contract Act 1872" was served to the Company by the JS Bank whereby selling of all pledged securities was threatened if the outstanding liability was not discharged. The Company has filed a suit on February 03, 2011 before the Sindh High Court at Karachi under the original banking jurisdiction for recovery of an aggregate amount of Rs. 318,915,192/- on account of actual losses and accrued damages against the JS Bank Limited for charging the exorbitant interest rate and unilaterally changing the margin requirements of the securities pledged with JS Bank Limited and alleged sale of some of pledged securities. The Company has raised strong legal and factual objections in respect to the threatened sale of the pledged securities and has obtained an injunctive order whereby the JS Bank Limited has been restrained from selling the securities pledged by the Company. The mark up portion claimed by the bank is Rs. 82.29 million. The court may also award the cost of fund together with cost of suit, if the case is decided against the company. Last year the Company entered in to a settlement agreement with Bank and settled its loan liability and the legal case is in process of withdrawal.
- 27.1.5 A case was filed in the Sindh High Court on May 19, 2009 for the Recovery of Rs. 5,161,670 along further mark up of 20 % from the date of suit till realization against loss on trading of shares from Mr. Nazimuddin Siddique who act as agent of the Company under brokerage agency agreement. Legal counsel is confident about the recoverability of balance but adopting conservative approach management decided to provide provision against this balance.
- 27.1.6 In the year 2014-15, the Company was contesting the case with Askari Bank Limited in the Honorable High Courts of Sindh and Lahore filed on February 04, 2014, in which PLA to defend the cases has been filed by the Company. The Company has also lodged counter claim and claim damages from Askari Bank Limited. In the year 2018-2019 the Company entered in to a settlement agreement with Bank and settled its loan liability and the legal case is in process of withdrawal.
- 27.1.7 During the year 2014-2015, Shaheen Insurance Company Limited has filed a suit against the Company, First Capital Securities Corporation Limited, Pace (Pakistan) Limited, World Press (Pvt.) Limited, Trident Construct (Pvt.) Limited and Media Times Limited on April 24, 2015 for the recovery of Rs. 105.78 from the Company against reverse repo purchase transaction and insurance premium or cumulative recovery of Rs. 188.74 Million from First Capital Securities Corporation Limited. The case is pending before the honorable court of Mr. Imran Khan, Civil Judge Lahore. The legal counsel is confident of success of the case in company's favor.
- 27.1.8 During the year 2016-17, Soneri Bank Limited has filed suit against the company on May 27, 2016 for recovery of Rs. 148,342,600/- under section 9 of the Financial Institution (Recovery of Finances) Ordinance 2001. Leave to defend application has been filed and is pending before the honorable High Court of Sindh. In the year 2018-2019, the Company entered in to a settlement agreement with Bank and settled its loan liability and the legal case is in process of withdrawal.
- 27.1.9 During the year 2016-17, JS Bank Limited has filed suit against the company on May 05, 2017 for recovery of Rs. 234,484,862/-under section 9 of the Financial Institution (Recovery of Finances) Ordinance 2001. Leave to defend application has been filed and is pending before the honorable High Court of Sindh. During the year the Company entered in to a settlement agreement with Bank and settled its loan liability and the legal case is in process of withdrawal.
- 27.1.10 During the 2018-2019, Al-Hoqani Securities has filed suit against the Company, First Capital Securities Corporation Limited, Pace Barka Properties Limited, Mr. Azhar Ahmed Batla, Mrs. Annan Taseer and Adamjee Assurance Company Limited on May 14, 2018 for the recovery of Rs. 76,304,380 along with markup of 10% from March 15, 2012 to date. Plaintiff claims that they have an unsettled charge against property located at Clifton Karachi owned by Pace Barka Properties Limited (previously owned by First Capital Equities Limited). As per Pace Barka Properties Limited this claim is unlawful and no such charge exists on this property. The case is pending before the honorable High Court of Sindh. The legal counsel is confident of success of the case in company's favor.
- 27.1.11 During the year ending June 2018 a complaint was filed by Mr. David Williams Jeans before the Learned Judge, Consumer Court, Lahore on November 11, 2017 against the Company stating therein that an amount of € 12,750/- had been transferred in 2003 to the Company for the purchase of shares of World Call Company. The claimant sought relief of Rs. 2,200,000 and € 12,750/- against the Company. While as per the legal counsellor of the Company this will be settled against the transfer of shares and there is no likelihood of any financial loss. Based on the legal counsellor's opinion management decided not to record any provision as value of provision is not certain.
- 27.1.12 On September 27, 2018, the Company filed suit for recovery and permanent injunction in the court of senior civil judge Lahore against legal heirs of one of its trade receivable Mr. Sulaiman Ahmed Saeed Al Houqani (Late) for recovery of receivable balance amounting Rs. 167.94 Million. The Company also pleaded to the Court to freeze Pakistani assets of Mr. Sulaiman Houqani Le. 73.9 Million shares of Pace Barka Properties Limited (related party) having market value at filling of suit amounting Rs. 369.6 Million until recovery of balance. The case is at the stage of preliminary arguments and next hearing date is October 08, 2021. Based on this legal counsellor's opinion management decided not to record any provision against the receivable balance as management is confident of success in Company's favor.
- 27.1.13 The Company has entered into an arrangement with different commercial banks for modification in the terms of their financial liabilities. The bank has frozen/waived off their accrued markup and any further markup on certain terms and conditions. The main issue in this restructuring is that if the company failed to comply with the terms of agreements, the concession / reliefs shall stand withdrawn. The Company is very much confident that they will adhere to all the terms and conditions.
- 27.2 There are no outstanding commitments at year end.

#### 28 TRANSACTIONS WITH RELATED PARTIES

Transactions with related parties and associated undertakings other than remuneration and benefits to key management personnel under the terms of their employment disclosed in note 30 are as follows:

	Basis of relationship	Nature of transaction	2021	2020
			Rupees	Rupees
Pace Pakistan Limited	Associated undertaking (2.73% shareholding)	Purchase of Investment Property Paid against purchase of investment property	-	139,822,340 25,000,000
Media Times Limited	Associated undertaking (3.39% shareholding)	Advertisement expense	753,124	753,124
First Capital Mutual Fund	Associated undertaking (0.010% shareholding)	Brokerage Income	-	-

28.1 The amounts due to / due from related parties are disclosed in respective notes to the financial statements. All the transactions with related parties are carried out at arm's length.

#### 29 FINANCIAL INSTRUMENTS

The Company finances its operations through equity, borrowings and management of working capital with a view to obtain a reasonable mix between the various source of finance to minimize the risk.

The Company has exposure to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk Market risk

The Board of Directors has overall responsibility for the establishment and oversight of Company's risk management framework. The Board is also responsible for developing and monitoring the Company's risk management policies.

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. Concentrations of credit risk arise when a number of counterparties are engaged in similar business activities, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations of credit risk indicate the relative sensitivity of a company's performance to developments affecting a particular industry. The Company manages its credit risk by the following methods:

- Monitoring of debts on continuous basis and charging an allowance for impairment that represents its estimate of incurred losses in respect of trade and
- Obtaining adequate securities for all receivables / fund placements. The Risk Management Committee has established a credit policy under which each new customer is analyzed individually for creditworthiness.

#### 29.1.1 Exposure to credit risk

The carrying values of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

	2021	2020
	Rupees	Rupees
Trade debts	175,602,157	175,619,165
Advances, deposits and other receivables	4,571,849	295,631,747
Bank balance	302,160	330,221
	180,476,166	471,581,133

The credit quality of financial assets with Banking Companies can be assessed by reference to external credit rating as follows and so no impairment is charged against same

	Rat	Rating		2021	2020
	Short Term	Long Term	Agency	Rupees	Rupees
Askari Bank Limited	A-1+	AA+	PACRA	315	315
Bank Alfalah Limited	A-1+	AA+	PACRA	66,187	66,187
Bank Al Habib Limited	A-1+	AA+	PACRA	6,570	6,610
Faysal Bank Limited	A-1+	AA	PACRA	28,580	3,806
Habib Metropolitan Bank Limited	A-1+	AA+	PACRA	113	113
MCB Bank Limited	A-1+	AAA	PACRA	138,620	191,415
Dubai Islamic Bank	A-1+	AA	VIS	347	347
MCB Islamic Bank Limited	A-1	A	PACRA	18,283	18,283
IS Bank Limited	A-1+	AA-	PACRA	42,178	42,178
Silk Bank Limited	A -2	BBB+	VIS	967	967
				302 160	330 221

#### 29.1.2 The age of trade debts at the reporting date was:

	Rupees	Rupees
Neither past due nor impaired 1 - 30 days	-	-
Past due 30 - 90 days	-	-
Past due 90 - 180 days		-
Past due 180 - 365 days	-	410,390
More than 1 year	175,602,157	175,208,775
	175,602,157	175,619,165

### Concentration of credit risk

Concentration of credit risk exists when the changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Company's total credit exposure. The Company's portfolio of financial instruments is mainly concentrated in trade debts and receivable against sale of investment property. Receivable from sale of investment property is secured against property sold and trade debts against which sufficient collateral is not available are written off.

#### 29.2 Liquidity risk

Liquidity risk is the risk that an enterprise will encounter difficulties in raising funds to meet commitments associated with financial instruments. During the year Company came under severe liquidity pressure as mentioned in note 2

The following are the contractual maturities of financial liabilities as on June 30, 2021.

Carrying	One month to	Three months	One year to five	More than five
Amount	three months	to one year	year	years
		Rupees		
825,776,086	825,776,086	-	-	-
188,843,250	188,843,250	-	-	-
1,014,619,336	1,014,619,336			

Long term financing Trade & other payables - Unsecured

The following are the contractual maturities of financial liabilities as on June 30, 2020.

Carrying	One month to	Three months	One year to five	More than five
Amount	three months	to one year	year	years
		Rupees		
825,776,086	825,776,086	-	-	-
182,238,834	182,238,834	-	-	-
1,008,014,920	1,008,014,920		-	-

#### 29.3 Market risk

Market risk is the risk that changes in market price, such as foreign exchange rates, interest rates and equity prices, will effect the Company's income or the value of its holdings of financial instruments.

Foreign currency risk arises mainly where payable/receivable exist due to transactions with foreign clients. There were no dealings with foreign clients during the year, except as disclosed in Note 27.1.11. Since the company's legal counsel is confident that no cash outflow will occur, as a result it is assumed that there is no exposure to foreign currency risk.

#### Sensitivity analysis

Long term financing Trade & other payables - Unsecured

A 5 % strengthening of Pak Rupees against the above currency would have decreased equity and decrease in Profit & Loss Account by NIL (2020: NIL). This analysis assumes that all other variables were held constant

A 5 % weakening of Rupee would have an equal but opposite effect.

The sensitivity analysis prepared is not necessarily indicative of the effect on loss for the year and assets / liabilities of the Company.

#### 29.3.2 Interest rate risk

Interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in market interest rates. The Company's exposure to interest rate risk and the effective interest rates of its financial assets and financial liabilities are summarized as follows

20	21	20	20
Effective	Carrying value	Effective	Carrying value
interest rate		interest rate	
	Rupees		Rupees
	79,167	up to 7%	59,292
	Effective	interest rate Rupees	Effective Carrying value interest rate Rupees

#### 29.3.3 Price risk

Price risk represents the risk that the fair value of a financial instrument will fluctuate because of changes in the market prices (other than those arising from interest/mark up rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all or similar financial instruments traded in the market. Company is exposed to equity price risk since it has investments in quoted equity securities amounting to Rs. 144.66 Million (2020: Rs. 5.0.09 Million) at the year end.

The Company's strategy is to hold its strategic equity investments for long period of time that are classified as long term investment. Thus, Company's management is not concerned with short term price fluctuations with respect to its strategic investments provided that the underlying business, economic and management characteristics of the investee remain favorable. Company strives to maintain above average levels of shareholders' capital to provide a margin of safety against short term equity price volatility. Company manages price risk by monitoring exposure in quoted equity securities and implementing the strict discipline in internal risk management and investment policies.

The carrying value of investments subject to equity price risk are, in almost all instances, based on quoted market prices as at year end. Market prices are subject to fluctuation and consequently the amount realized in the subsequent sale of an investment may significantly differ from the reported market value. Fluctuation in the market price of a security may result from perceived changes in the underlying economic characteristics of the investee, the relative price of alternative investments and general market conditions. Furthermore, amount realized in the sale of a particular security may be affected by the relative quantity of the security being sold.

#### Sensitivity analysis

The selected hypothetical change does not reflect what could be considered to be the best or worst case scenarios. Indeed, results could be worse because of the nature of equity markets and the aforementioned concentrations existing in the Company's equity investment portfolio.

	2021				
	Fair value	"Hypothetical price change"	Estimated fair value after hypothetical change in prices"	Hypothetical increase /(decrease) in shareholders' equity"	"Hypothetical increase/(decre ase) in profit /(loss) before tax"
Investments					
Long term investments	48,032,622	+10% -10%	52,835,884 43,229,360	4,803,262 (4,803,262)	4,803,262 (4,803,262)
Short term investments	96,628,964	+10% -10%	106,291,860 86,966,068	9,662,896 (9,662,896)	9,662,896 (9,662,896)

			2020		
	Fair value	"Hypothetical price change"	Estimated fair value after hypothetical change in prices"		"Hypothetical increase/(decre ase) in profit /(loss) before tax"
Investments	Rupees	Rupees	Rupees	Rupees	Rupees
Long term investments	18,715,303	+10%	20,586,833	1,871,530	1,871,530
Short term investments	31,377,184	-10% +10% -10%	16,843,773 34,514,902 28,239,466	(1,871,530) 3,137,718 (3,137,718)	(1,871,530) 3,137,718 (3,137,718)

#### 29.3.4 Fair value of financial instruments

The carrying values of the financial assets and financial liabilities approximate their fair values. Fair value is measured in accordance with Note 5.14.

The table below analyses equity instruments measured at fair value at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorized:

#### Recurring fair value measurements

		20		
	Level 1	Level 2	Level 3	Total
		Rup	ees	
Long term investments classified as "Fair Value through Profit and Loss"	48,032,622	-	-	48,032,622
Short term investments classified as "Fair Value through Profit and Loss"	96,628,964	-	-	96,628,964

		20	20	
	Level 1	Level 2	Level 3	Total
		Rup	ees	
Long term investments classified as "Fair Value through Profit and Loss"	18,715,303	-	-	18,715,303
Short term investments classified as "Fair Value through Profit and Loss"	31,377,184	-	-	31,377,184

#### Valuation techniques used to measure fair values

The fair value of financial instruments traded in active markets is based on quoted market prices at the balance sheet date. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. The quoted market price used for financial assets held by the Company is the current bid price. These instruments are included in Level 1. The fair value of financial instruments that are not traded in an active market is determined by using valuation techniques. These valuation techniques maximize the use of observable market data where it is available and rely as little as possible on entity specific estimates. If all significant inputs required to fair value instrument are observable, the instrument is included in Level 2. If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

There were no transfers between levels 1 and 2 for recurring fair value measurements during the year.

#### 29.4 Capital risk management

The primary objective of the Company's capital management is to maintain healthy capital ratios, strong credit rating and optimal capital structure in order to ensure ample availability of finance for its existing operations, for maximizing shareholder's value, for tapping potential investment opportunities and to reduce cost of capital

The Company manages its capital structure and makes adjustment to it, in light of changes in economic conditions. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders or issue new shares.

The Company finances its operations through equity, borrowing and management of its working capital with a view to maintain an appropriate mix between various

There were no changes in the Company's approach to capital management during the year and the company is subject to externally imposed minimum equity requirement of the Securities Brokers (Licensing and Operations) Regulations, 2016 and is required to maintain Rs. 35 million net equity. The Company's equity is above the minimum required threshold limit. Capital comprises of share capital net of accumulated losses.

#### 32 Impact of Covid-19

In March 2020, The World Health Organization (WHO) declared the outbreak of the Novel Coronavirus (known as COVID-19) as a global pandemic. The rapid spread of the In March 2020, The World Health Organization (WHO) declared the outbreak of the Novel Coronavirus (known as COVID-19) as a global pandemic. The rapid spread of the virus has caused governments around the world to implement stringent measures to help control its pread. Including without limitation, Quarantines' Stay home' or 'shelter-in-place' orders, social-distancing mandates, travel restrictions, and closures or reduced operations for businesses, governmental agencies, schools and other institutions. The industries, along with global economic conditions generally has been significantly disrupted by the pandemic.

However, the Company already discontinued its brokerage operations last year therefore Covid-19 did not have any major effect on Company.

Management has assessed the accounting implications of these developments on these financial statements and the management of the Company concluded that there is no significant impact of Covid-19 on current financial statements of the Company.
