Mr. Niaz Ahmed Khan
Chairman

## CHAIRMAN'S REVEIW

On behalf of the Board of Directors, I would like present the 31st Audited Financial Statements of Saudi Pak Leasing Company Limited together with Auditor's Report to Members and the Directors' Report for the year ended June 30, 2021.

The International Monetary Fund revised its FY21 growth projection for Pakistan to 3.9%, simultaneously holding that the 'Smart Lockdown' to combat the COVID-19 outbreak will throw the world economy into the worst recession since the Great Depression in 1930s. The Corona virus pandemic came at a time when Pakistan's economy was already slowing, due to persistent financial sector weaknesses and global crisis.

The severe disruption of economic activities caused by COVID-19, both through demand and supply shocks, has overtaken the incipient recovery in the Pakistan economy. Assuming a baseline scenario, in which the pandemic fades since 2020 and containment efforts are gradually unwound, the IMF in its biannual World Economic Outlook projected the global economy to contract sharply by 3.9% in 2021, much worse than during the 2008-09 financial crises.

Due to COVID-19 affects, Company business also suffered heavily; However, Company continued its operations and took necessary steps to ensure smooth continuation of business. The Company is trying its level best to recover as much as possible from the non performing portfolio. Due to lengthy and complex legal process, the pace of recoveries through courts is slow. Settlement negotiations with several defaulters are underway on case to case basis.

Future prospects of the Company heavily rely upon recoveries through court decrees/out of court settlements, besides other measures that have been mentioned in the Rehabilitation Plan duly approved by the Board of Directors. SECP has issued show Cause Notice under Section 282 J (1),(2) & (3) of the Companies Ordinance 1984 and the company has submitted its response to the Notice. The company has also informed about divestment of 35% Ordinary Shares and 63% Preference Shares by major shareholder and the negotiation are at advance stage that may bring fruits in near future.

Despite inflationary trend in the country the administrative and operating expenses reduced to Rs. 37.726 million in 2021 from Rs.39.721 million in 2020 i.e. reduction of Rs. 6.995 million. Owing to focused efforts on recovery and settlements provisions to extent of Rs. 29.276 million were reversed during the year under review.

I am pleased to inform you that the required infrastructure and human resources are in place to support the Company for its revival. The Management is making utmost efforts for capitalization recoveries on one hand and addressing the liability position by evolving settlements through meaningful negotiations with the Company's Creditors.

On behalf of the Board of Directors, I avail this opportunity to acknowledge with thanks the guidance of the Regulatory Authorities particularly the SECP which is genuinely assisting for the revival of the Company besides the support and understanding of COIs/TFC holders and Financial Institutions. I also appreciate the efforts being made by the CEO and his team for revival of the Company.

Niaz Ahmed Khan Chairman

Karachi: September 30, 2021

#### **REVIEW OF OPERATIONS**

#### **IMPACT OF PANDEMIC COVID 19**

Since 2019, the Government of Sindh and the Government of Punjab announced a temporary lock down as a measure to reduce the spread of the COVID-19. After implementing all the necessary Standard Operating Procedures (SOPs) to ensure safety of employees, the Company continued its operations normally and took all necessary steps to ensure smooth and adequate continuation of its business. Due to the general slowdown in business and court's proceeding, the recoveries slowed down and consequently the process of settlements with creditors also slowed down. The settlements gains which were expected before June 30, 2021 were realized in the early next financial year. The company recorded settlement gains of Rs. 36.3 million by settling Liabilities (Principal and Markup) of one of its TFC Holders by payment of Rs. 2 million. Negative Equity during the year reduced from PKR 567 million in 2020 to PKR 546 million in 2021.

### **OTHER FACTORS**

The company has been out of leasing business for over Ten (10) years mainly due to severe liquidity crunch. This has led to a situation where the Company has been managing its affairs out of funds generated through settlements and recovery of stuck up portfolio. The Company is trying its level best to recover as much as possible from the non performing portfolio. Due to lengthy and complex legal process, the pace of recoveries through courts is very slow. Therefore, the main factor for the present position of the Company remains slow pace of court's proceedings resultantly affecting the pace of recoveries. Future prospects of the Company heavily rely upon recoveries through court decrees/out of court settlements, besides other measures that have been mentioned in the Rehabilitation Plan submitted to SECP. Settlement negotiations with several defaulters are underway.

### **FUTURE OUTLOOK**

Future prospects of the Company heavily rely upon recoveries through court decrees/out of court settlements, besides other measures that have been mentioned in the Rehabilitation Plan duly approved by the Board of Directors. SECP has issued show Cause Notice under Section 282 J (1),(2) & (3) of the Companies Ordinance 1984 and the company has submitted its response to the Notice. The company has also informed about divestment of 35% Ordinary Shares and 63% Preference Shares by a major shareholders.

Your company is facing liquidity constraints. Management and BOD are fully cognizant of the prevailing situation. Management is striving hard for settlement with creditors / depositors by capitalizing its drive for recovery of its NPLS. It is a major step towards revival and the management is optimistic about bringing further improvement in the next year's results.

#### **RISK MANAGEMENT**

Risk is inherent in all spheres of company's activities. Overall responsibility for establishing the risk management framework rests with the Board of Directors, which is actively involved in review, approval and monitoring the Company's risk management policies and ensuring that an appropriately sound internal control system is in place to manage those risks. This oversight is implemented through independent internal audit reporting to the Audit Committee.

### DIRECTOR'S REPORT TO THE SHAREHOLDERS

### MANAGEMENTS' COMMENTS ON DISCLAIMER OF OPINION ON (Basis for Disclaimer of Opinion)

The External auditors have expressed their reservation on the apportionment of receivables into markup held in suspense account and principal investment. The Financial Statements clearly show that all principal investment is fully provided except to the extent of FSV benefit taken under law and net residual value which is supported by Security Deposits. Therefore, the net Lease Receivables appearing in the Financial Statements are accurate, valid and complete. The apportionment errors, if any and regardless of any quantum, will not materially impact the decision of user of Financial Statements.

The auditors' reservation regarding difference in the amount of Security Deposits and Residual Values does not cast any impact on the accuracy of the Financial Statements because the residual values in excess of security deposit are fully provided and net residual value is equal to the security deposit.

#### **Dividend**

On account of persistent liquidity crisis together with huge accumulated losses, the Board of Directors of Company did not recommend dividend this year also.

### **Corporate Governance**

To develop highest standards of corporate governance that meet the requirements of the Code of Corporate Governance, the company has established sound and transparent corporate governance system. The Internal Auditor operationally report directly to the Board Audit Committee which in turn is headed by a Non-Executive Independent Director.

#### **Directors' Declaration**

### INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of M/s. Saudi Pak Leasing Company Limited

Review Report on the Statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 ('the Regulations') prepared by the Board of Directors ('the Board') of M/s. Saudi Pak Leasing Company Limited ('the Company') for the year ended June 30, 2021 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for Compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of Company's compliance with the provisions of the Regulations and report if it does not, to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions by the Board of directors upon recommendation of the Audit Committee.

Following instances of non-compliance with the requirements of the Regulations were observed which either are not stated or misstated in the Statement of Compliance:

| S.no | Regulation<br>no: | Type of the requirement                          | Description of non-compliance  |
|------|-------------------|--|--|
| 1.   | 09(2)             | Explanation for non-compliance is required       | As per section 192(2) of the Companies Act, 2017, the Board shall clearly defined the respective roles and responsibilities of the Chairman of the Board and the Chief Executive Officer. However, no such documented roles and responsibilities could be produced before us by management for our review. |
| 2.   | 10(3)(iii)        | Explanation for<br>non-compliance is<br>required | We observed that no systems and controls for identification<br>a. I redressal of grievances arising unethical practices are<br>available within the Company.   |

# Junaidy Shoaib Asad Chartered Accountants

| 3.  | 10(3)(v)             | Explanation for non-compliance is required       | The Company has not developed a formal and effective mechanism for an annual evaluation of the Board's own performance, members of the Board and of its committees.  |
|-----|----------------------|--|--|
| 4.  | 10(4)                | Explanation for non-compliance is required       | As mentioned in clause 5 of the statement of compliance, we were not provided the significant policies except for the write off policy of the Company for our review.  |
| 5.  | 12(4)                | Explanation for non-compliance is required       | As mentioned in clause 5 of the statement of compliance, only three policies were found in Company's record namely Human Resource, Information Technology and write off. It is observed that these policies were not reviewed and updated since long.  |
| 6.  | 12(1)                | Explanation for non-compliance is required       | As required under section 178(5) of the Companies Act 2017, the Company has not maintained minutes of the meetings of the Board in hard copy form i.e. for the last 10 years and in electronic form permanently.   |
| 7.  | 14(iv)               | Explanation for<br>non-compliance is<br>required | We observed that during the year the Company has not issued<br>any internal audit report and hence not discussed with the<br>board.  |
| 8.  | 20                   | Explanation for non-compliance is required       | We observed that the position of Chief Financial Officer of the Company vacant during the months of November to December 2020. The Company has however, appointed the new Chief Financial Officer in January 2021.   |
| 9.  | 20, 31(1) &<br>31(6) | Explanation for non-compliance is required       | Contrary to what is stated in clause 15 of the Statement of Compliance, during the year 2020-21 the Company has not appointed or designated a full-time employee as the Head of Internal Audit. An internal audit staff was appointed in January 2021, and he was promoted to the position of "Head Of Internal Audit" in August 2021; subsequent to year end. |
|     |                      |  | We further observed that during the initial six months of the financial year i.e. from July to December 2020; the internal audit function was not operative. The Company appointed an Internal Audit Staff in January 2021.  |
| 10. | 27(2)                | Mandatory  | As per the first proviso of the numbered regulation, the Audit Committee shall meet at least once every quarter. We observed that no meeting of audit committee were held during the first quarter of the year ended June 30, 2021.  |
| 11. | 27 (3) &<br>27(4)    | Mandatory  | As contended by management in clause 13 of the Statement of Compliance, the terms of reference (TORs) of the Audit Committee have been formed and documented. However, no such TORs could be produced before us by management for our review.  |

### **Chartered Accountants**

| 12. | 28(5) | Explanation for non-compliance is required | As contended by management in clause 13 of the Statement of Compliance, the terms of reference (TORs) of the Human Resource & Remuneration Committee have been formed and documented. However, no such TORs could be produced |
|-----|-------|--|---|
|     |       |  | before us by management for our review.   |

Based on our review, except for the above instances of non-compliance, nothing has come to our attention which causes us to believe that the statement of compliance does not apparently reflect the Company's Compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended June 30, 2021.

Voundy Chair Alad Karachi. Date: U SEP 2021,

### **Chartered Accountants**

To the members of Saudi Pak Leasing Company Limited

Report on the Audit of the Financial Statements

### Disclaimer of Opinion

We were engaged to audit the annexed financial statements of Saudi Pak Leasing Company Limited ("the Company"), which comprise the statement of financial position as at 30 June 2021 and the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and the notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

We do not express an opinion on the annexed financial statements of the Company. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate evidence whether the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at 30 June 2021 and of the profit, the total comprehensive income, the changes in equity and cash flows for the year then ended.

### Basis for Disclaimer of Opinion

### Short term loan to customers

i. As reported in Note 6 to the financial statements, short term loans to customers amounting Rs. 165.23 million are outstanding as at reporting date. Further, provision against non-performing loans amounting to Rs. 36.95 million (2020: Rs. 38.901 million) has also been recognized. We have not received response to our direct confirmations from customers neither we were able to verify loan balances by performing alternate audit procedures. Further, we have been informed that most of the customer balances are disputed and are under litigation therefore no response to balance confirmation has been received. Therefore, we were unable to determine whether any adjustments might have been necessary in respect of loan balances in the financial statements for the year ended June 30, 2021.

### Investments in finance lease.

ii. The mark-up held in suspense amounted to Rs. 221.269 million (2020: Rs. 224.496 million) as reported in note 11 to the financial statements. We could not obtain any reasonable assurance over the apportionment of the outstanding gross lease rentals into markup held in suspense and the principal investment since there were no sufficient documentary evidences in relation to the revisions that were incorporated in the scheduled lease receivables in prior years (as reflected in the lease amortization schedules maintained by the Company) either due to repricing of floating interest rates or the re-scheduling of overdue lease rentals.

### **Chartered Accountants**

iii. As reported in Note 11 to the financial statements, the Company's gross investment in finance leases as on June 30, 2021 (before considering the effect of provision for non-performing leases) amounted to Rs. 1.543 billion (2020: Rs. 1.583 billion). The provision against the non-performing leases amounted to Rs. 828.175 million (2020: Rs. 855.315 million) and net of provision receivable reported as at 30 June 2021 amounted to Rs. 494.106 million (2020: Rs. 503.357 million). We have not received response to our direct confirmations from customers neither we were able to verify finance lease receivable balances by performing alternate audit procedures.

The residual value of the leased assets amounted to Rs. 305.225 million (2020: Rs. 314.953 million). Further in contrast, security deposit payable against these leases amounted to Rs. 285.792 million (2020: Rs. 295.519 million) as reported in note 18 to these financial statements. As per management, the major discrepancy between residual value and related security deposits is due to the fact that there are many leases where the residual value of the underline assets is unguaranteed and hence, in such cases, no corresponding security deposits had been received from lessees upon commencement of those leases. Therefore, we were unable to determine whether any adjustments might have been necessary in respect of finance lease receivable balances that has been reported in the financial statements.

### Response to legal confirmations

iv. We have not received response to majority of legal confirmations from legal advisors of the Company confirming outstanding contingencies and commitments as at year end. As a result, we were unable to verify the completeness, existence & financial impact of any outstanding litigations and claims.

Investment property (an issue that, in the absence of disclaimer of opinion, would also have required us to express a qualified opinion on the financial statements)

v. As disclosed in the Note 12 to the financial statements, the investment properties include shops in Famous Mall Lahore recorded at cost amounting Rs. 14.422 million and net book value as at reporting date amounted to Rs. 2.54 million. The shops were acquired by the Company in settlement of non-performing loans and lease receivables. The management has received letter of allotment and has not yet leased or transferred the property in the name of the Company. We were therefore, unable to establish ownership of the shops in the name of the Company.

Accrued markup (an issue that, in the absence of disclaimer of opinion, would also have required us to express a qualified opinion on the financial statements)

vi. As disclosed in the note 21.2 to the financial statements, the outstanding long term finance from First Women Bank Limited amounted to Rs. 75.06 million as at reporting date. Until 30 June 2011 the Company had accrued and paid markup amounting Rs. 24.054 million and 26.16 million respectively. Thereafter in 2016, M/s. First Women Bank Limited (FWBL) filed a recovery suit against the Company before the Honorable High Court of Sindh, wherein besides the outstanding principal of Rs. 75.062 million and accrued markup of Rs. 24.054 million (refer note 21.2.2), a demand has been raised on the basis of cost of funds. The matter is pending before the Honourable High Court of Sindh however, no provision for accrued markup on the basis of cost of funds has been made in the financial statements. We were unable to determine whether any amount of provision should have been made in respect of accrued markup in the financial statements for the year ended 30 June, 2021.

### **Chartered Accountants**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan ("the Code") and we have fulfilled our other ethical responsibilities in accordance with the Code. However, because of the significance of the matters discussed in the Basis for Disclaimer of Opinion section of our report we were unable to obtain sufficient appropriate audit evidence to provide a basis for our opinion.

### Material Uncertainty relating to Going Concern

We draw attention to Note 1.2 in the financial statements which states that as of June 30, 2021, the accumulated losses of the Company amounted to Rs. 1.757 billion (2020: Rs. 1.759 billion), its equity was negative by Rs. 546.390 million (2020: Rs. 567.757 million). The management has however, submitted a rehabilitation plan with SECP and the Commission is overseeing its progress as per milestones as disclosed in detail in the aforesaid note. These events or conditions, along with other matters as set forth in Note 1.2 to these financial statements, indicate material uncertainty that may cast significant doubt on the Company's ability to continue as going concern and accordingly, it may not be able to realize its assets and discharge its obligation in the normal course of business. However, this matter has no bearing on our disclaimer of opinion on the financial statements which we have expressed because of the significance of certain other matters as set out in the Basis of Disclaimer of Opinion section of our report.

### Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to doso. When such use is inappropriate, the management should prepare the financial statements on a non-going concern basis and disclose related matters.

Board of directors are responsible for overseeing the Company's financial reporting process.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Company's financial statements in accordance with International Standards on Auditing and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Pakistan, and we have fulfilled our ethical responsibilities in accordance with these requirements.

### **Chartered Accountants**

### Report on Other Legal and Regulatory Requirements

Because of the significance of the matters described in paragraphs (i) to (vi), we have not been able to obtain sufficient and appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion whether:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (X<sub>1</sub>X of 2017);
- b) the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;

Accordingly, we do not express an opinion on the matters identified in (a) and (b) above. However, we would like to state that, in our opinion:

- investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) no zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

### Other matter

The financial statements for the year ended 30 June 2020 were audited by another firm of chartered accountants whose audit report dated 05 November, 2020 have expressed disclaimer of opinion thereon.

The engagement partner on the audit resulting in this independent auditor's report is Pervez.

### Notes to the Financial Statements

For the year ended June 30, 2021

### 1. LEGAL STATUS AND OPERATIONS

Saudi Pak Leasing Company Limited ('the Company') was incorporated in Pakistan on January 08, 1991 under the repealed Companies Ordinance, 1984 and is listed on Pakistan Stock Exchange Limited. The registered office of the Company is situated at 6th Floor, Lakson Square Building No.1, Sarwar Shaheed Road, Saddar, Karachi. The main business activity of the Company is leasing of assets. The Company's license to carry out the business of leasing had expired on May 18, 2010 and renewal is pending with the Securities and Exchange Commission of Pakistan (SECP).

M/s. Saudi Pak Industrial & Agricultural Investment Company Limited (SAPICO) is the major shareholder which, as of June 30, 2021, held 35.06% (2020: 35.06%) of issued ordinary share capital of the Company and 63% (2020: 63%) of issued preference share capital of the Company.

The Company also operates its offices at 337/338, 4th Floor, JEFF Heights, Main Boulevard, Gulberg-III, Lahore.

- 1.2 As of the reporting date, the Company is exposed to the following material uncertainties which apparently cast significant doubts on the Company's ability to continue as a going concern and, therefore, it may be unable to realize its assets and discharge its obligations in the normal course of business:
  - As at June 30, 2021, the accumulated loss of the company stood at Rs. 1.757 billion (2020: Rs. 1.759 billion), its equity is negative and its current liabilities exceeded current assets by Rs. 546.390 million (2020: Rs. 567.757 million). The loss is mainly attributable to, mark up recognized on liabilities due on balance due to lenders and certificate of investment holders.
  - SECP has issued a review order dated January 29, 2020 in response to the show cause notice issued on May 18, 2020 and a final opportunity is provided to meet the minimum equity requirement (MER) by December 31, 2020. The Company's license to carry out the leasing business expired on May 18, 2010 and the Company has not been able to obtain renewal thereof from the SECP as the legal requirements laid down in this respect could not be met by the Company.
  - The company has submitted a review application on October 27, 2020 to extend the original deadline from December 31, 2020 to June 30, 2021. The Company informed SECP that it is looking for fresh equity injection from potential investors in order to meet MER. Further, its major shareholder SAPICO has already engaged financial adviser for divestment of shares . SECP in response to review application of the company has extended the deadline from December 31, 2020 to June 30, 2021; SECP while granting extension has also advised Supervision department of Specialized Companies Division to monitor the progress by March 31, 2021, subject to following milestones:
  - Actual measures taken with regard to reach for a prospective investor by SAPICO for divestment of its shareholdings and progress made thus far.
  - Alternative plans for meeting the MER, in case SAPICO is unable to materialize the divestment efforts.
  - Payments made to outstanding COI depositors and creditors after generating the expected liquidity from the sale of property, as stated by the Applicant in the hearing on November 11, 2020.

SECP has specifically mentioned in its order that in case SPLC fails to comply with this order, its license to undertake leasing business shall stand cancelled w.e.f June 30, 2021 under section 282(J)(2) of the Companies Ordinance 1984 and the relevant department shall initiate proceedings of its winding up under section 282(J)(3) of the Companies Act 2017.

SPLC has submitted its request to SECP to further extend the deadline from June 30, 2021 to June 30, 2022. In the case of SAPICO's divestment most of due diligence has been completed, sale purchase agreement (SPA), term & condition are in process.

The Company's license to carryout leasing business has already been expired on May 18, 2010 and the Company has not been able to obtain renewal thereof from the SECP as the legal requirements laid down in this respect could not be met by the Company.

For the year ended June 30, 2021

- The credit rating of the Company has not been re-assessed since it was last downgraded as in June 2010 and, since then, the Company is not permitted to issue new certificates of investment.

- Previously, the Company had entered into various agreements with its lenders (including, financial institutions, TFC holders and holders of Certificates of Investment) for restructuring of its borrowing facilities with the objective of matching the expected recoveries from customers with its obligations to pay the lenders. However, the Company has defaulted in meeting its financial obligations. As of June 30, 2021, total outstanding principal and accrued markup on which defaults were made amounted to Rs. 612.845 million (2020: Rs. 634.883 million) and Rs. 471.173 million (2020: Rs. 449.025 million), respectively.
- Since 2010, the Company has not extended any lease facility to its customers owing to expiry of its leasing license. However, it continued its activities with a barely sufficient number of employees required for managing its recoveries from customers and for handing its financial obligations to lenders.

Despite the existence of the foregoing material uncertainties, these financial statements have been prepared using the going concern assumption primarily due to the reason that a number of recovery suits filed by the Company against its customers are expected to be disposed off in due course of time as the management is actively seeking out-of-court settlement of such suits by way of auction of collateralized assets and / or negotiated settlements. A reasonable number of cases have been decreed in the favour of the Company. It is expected to materially improve the recoveries of overdue lease rentals and term loans from customers which, in turn, would enable the Company to settle its long outstanding financial liabilities to lenders in order to make the Company a feasible investment avenue for a resourceful investor.

The Company submitted its rehabilitation plan duly approved by its Board of Directors to the SECP. The plan envisages revival of operation upon renewal of its license by the SECP based on MER of Rs. 50 million upon meeting the condition of final negotiated settlement of certain liabilities out of recoveries expected to be materialized during 2020-2021 besides negotiations underway with investors desirous of revival of the Company subject to approval of the competent authority.

- 1.3 For the reasons mentioned above, the Company has not been able to comply with most of the regulatory requirements of Non-Banking Finance Companies and Notified Entities Regulations, 2008 including the following:
  - Regulation 5(1) aggregate liabilities, excluding contingent laibilities and security deposits, of an NBFC, shall not exceed ten times of equity (in case of operations beyond the first two years).
  - Regulation 5(2) contingent laibilities of an NBFC shall not exceed seven times of it's equity for the first two years of it's operations and ten times of its equity in the subsequent years.
  - Regulation 14(4)(f) the deposits raised by the NBFC, from individual depositors including sole proprietorships shall not exceed three times of the equity of the NBFC.
  - Regulation 17(1) total outstanding exposure (fund and non-fund based) of an NBFC to a person shall not at any time exceed 20% of the equity of the NBFC, provided that the maximum outstanding fund based exposure should not exceed 15% of the NBFC's equity.
  - Regulation 17(2) total outstanding exposure (fund based and non-fund based) of an NBFC to any group shall not exceed 25% of the equity of the NBFC, provided that the maximum outstanding fund based exposure should not exceed 20% of the equity.
  - Regulation 19(g) an NBFC shall not hold shares on aggregate basis, whether as pledge, mortgage or absolute owner, of an amount exceeding 15% of the paid-up share capital of that company or 15% of its own equity.
  - As per NBFC Regulation 28(a), a leasing company undertaking the business of lease only, shall invest at least 70% of its assets in the business of leasing. As at 30 June 2021, the Company's investment in lease assets was 59% (2020: 59%) of the total assets.

### **Annual Report 2021**

Notes to the Financial Statements

For the year ended June 30, 2021

### 2. BASIS OF PREPARATION

### 2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of such International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act, 2017 (the Act), provisions of and directives issued under the Companies Act, 2017, the Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (NBFC Regulations) and the directives issued by the SECP. In case requirements differ, provisions or directives of the Companies Act, 2017, NBFC Rules and NBFC Regulations and directives issued by the SECP shall prevail.

As mentioned in note 1.2 above, although the Company's license to carry out the business of leasing had expired on May 18, 2010, these financial statements have been prepared in accordance with the format generally followed for financial institutions and the provisioning requirements have been determined in accordance with the requirements of NBFC Regulations, 2008.

The requirements of International Financial Reporting Standard (IFRS-9) Financial Instruments relating to the assessment of impairment loss on non-performing assets have not been followed in the preparation of these financial statements based on a clarification received from the SECP specifying that the requirements of IFRS 9 should only be followed by leasing companies so far as it related to investments made by them.

The Company provides for impairment in the carrying value of its net investment in finance leases based on the requirements laid down in the NBFC Regulations, 2008.

#### 2.2 Basis of measurement

These financial statements have been prepared under the historical cost convention except for plant and machinery which are stated at revalued amounts, investments carried at fair value through other comprehensive income and obligations in respect of gratuity which are measured at present value of defined benefit obligations less fair value of plan assets.

### 2.3 Functional and presentation currency

Items included in these financial statements are measured using the currency of the primary economic environment in which the Company operates. These financial statements are presented in Pak Rupees, which is the Company's functional and presentation currency and has been rounded-off to the nearest rupee.

### 2.4 Use of estimates and judgments

The preparation of financial statements in conformity with approved accounting standards as applicable in Pakistan, requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which forms the basis of making judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in period of revision and future periods if the revision affects both current and future periods.

Significant accounting estimates and areas where judgements were made by the management in the application of accounting policies are discussed below:

For the year ended June 30, 2021

- Future financial projections and going concern assumptions;
- Classification of investments and impairment thereon;
- Residual values and useful lives of property, plant, equipment and investment properties;
- Revaluation of property, plant and equipment;
- Recognition and measurement of current and deferred taxes;
- Valuation of defined benefit plan assets and liabilities;
- Measurement the present value of defined benefit obligation and the fair value of plan assets;
- Allowance for potential lease, loan losses and other receivables; and
- Classification of investment in leases

#### 3. NEW ACCOUNTING PRONOUNCEMENTS

#### 3.1 Change in accounting standards, interpretations and amendments to published approved accounting standards

#### a) Standards and amendments to approved accounting standards effective in current year

- Amendments to IAS 1 Presentation of Financial Statements and IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors is applicable on accounting periods beginning on or after January 1, 2020. The amendments are intended to make the definition of material in IAS 1 easier to understand and are not intended to alter the underlying concept of materiality in IFRS Standards. In addition, the IASB has also issued guidance on how to make materiality judgements when preparing their general purpose financial statements in accordance with IFRS Standards. Refined definition of materiality Information is material if omitting, misstating or obscuring it could reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements, which provide financial information about a specific reporting entity.
- Amendments to IFRS 16 'Leases' is applicable on accounting periods beginning on or after June 1, 2020. Under IFRS 16, rent concessions often met the definition of a lease modification, unless they were envisaged in the original lease agreement. The amendment exempts lessees from having to consider individual lease contracts to determine whether rent concessions occurring as a direct consequence of the covid-19 pandemic are lease modifications and allows lessees to account for such rent concessions as if they were not lease modifications. It applies to covid-19-related rent concessions that reduce lease payments due on or before June 30, 2021. This optional exemption gives timely relief to lessees and enables them to continue providing information about their leases that is useful to investors. The amendment does not affect lessors.

The other new standards, amendments to published accounting and reporting standards and interpretations that are mandatory in Pakistan for the financial year beginning on July 1, 2020 are considered not to be relevant or to have any significant effect on the Company's financial reporting and operations.

### b) Standards, amendments to approved accounting standards and interpretations that are not yet effective and have not been early adopted by the Company.

The following new standards and amendments to approved accounting standards are not effective for the financial year beginning on July 1, 2020 and have not been early adopted by the Company:

- Amendments to IAS 37 'Provisions, Contingent Liabilities and Contingent Assets' is applicable for accounting periods beginning on or after January 1, 2022. Under IAS 37, a contract is 'onerous' when the unavoidable costs of meeting the contractual obligations i.e. the lower of the costs of fulfilling the contract and the costs of terminating it outweigh the economic benefits. The amendments clarify that the 'costs of fulfilling a contract' comprise both the incremental costs e.g. direct labour and materials; and an allocation of other direct costs e.g. an allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract. The amendment is not expected to have material impact on the Company's financial statements.
- Amendment to IAS 16 'Property, plant and Equipment' is applicable on accounting periods beginning on or after January 1, 2022. The amendments prohibit a company from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, a company will recognise such sales proceeds and related cost in profit or loss. The amendments apply retrospectively, but only to items of PPE made available for use on or after the beginning of the earliest period presented in the financial statements in which the company first applies the amendments. The amendment not expected to have material impact on the Company's financial statements.

### Notes to the Financial Statements

For the year ended June 30, 2021

- Amendments to IAS 1 'Presentation of Financial Statements' is applicable on accounting periods beginning on or after January 1, 2023. Under existing IAS 1 requirements, companies classify a liability as current when they do not have an unconditional right to defer settlement of the liability for at least twelve months after the end of the reporting period. As part of this amendments, the requirement for a right to be unconditional has been removed and instead, the amendments requires that a right to defer settlement must have substance and exist at the end of the reporting period.
- Amendments to IAS 1, 'Presentation of Financial Statements' is applicable on accounting periods beginning on or after January 1, 2023. The amendments includes requiring companies to disclose their material accounting policies rather than their significant accounting policies, clarifying that accounting policies related to immaterial transactions, other events or conditions are themselves immaterial and as such need not be disclosed and also clarifying that not all accounting policies that relate to material transactions, other events or conditions are themselves material to a company's financial statements.
- Amendments to IAS 8, (Accounting Policies) Changes in Accounting Estimates and Error's will be applicable on accounting periods beginning on or after January 1, 2023. The International Accounting Standards Board (the Board) has issued amendments to end diversity in treatment of accounting estimates and clarified how companies should distinguish changes in accounting policies from changes in accounting estimates, with a primary focus on the definition of and clarifications on accounting estimates. Developing an accounting estimate includes both selecting a measurement technique (estimation or valuation technique) e.g. an estimation technique used to measure a loss allowance for expected credit losses when applying IFRS 9 Financial Instruments; and choosing the inputs to be used when applying the chosen measurement technique e.g. the expected cash outflows for determining a provision for warranty obligations when applying IAS 37 Provisions, Contingent Liabilities and Contingent Assets. The effects of changes in such inputs or measurement techniques are changes in accounting estimates.

There are a number of other standards, amendments and interpretations to the published standards that are not yet effective and are also not relevant to the Company and, therefore, have not been presented here.

### 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these financial statements are set out below. These accounting policies have been applied consistently to all years presented.

### 4.1 Cash and cash equivalents

Cash and cash equivalents comprise of cash balances and bank deposits. For the purpose of the statement of cash flows, cash and cash equivalents comprise of cash in hand and balances with banks in current and saving accounts.

### 4.2 Financial assets

### 4.2.1 Initial recognition, classification and measurement

The Company recognizes a financial asset when and only when it becomes a party to the contractual provisions of the instrument evidencing investment. The Company classifies its financial assets into either of following three categories:

- (a) financial assets measured at amortized cost.
- (b) fair value through other comprehensive income (FVOCI);
- (c) fair value through profit or loss (FVTPL); and

### (a) Financial assets measured at amortized cost

A financial asset is measured at amortized cost if it is held within business model whose objective is to hold assets to collect contractual cash flows, and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on principal amount outstanding.

Such financial assets are initially measured at fair value plus transaction costs that are directly attributable to the acquisition or issue thereof.

### **Annual Report 2021**

For the year ended June 30, 2021

### **Notes to the Financial Statements**

### (b) Financial assets at FVOCI

A financial asset is classified as at fair value through other comprehensive income when either:

- (a) it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding; or
- (b) it is an investment in equity instrument which is designated as at fair value through OCI in accordance with the irrevocable election available to the Company at initial recognition.

Such financial assets are initially measured at fair value plus transaction costs that are directly attributable to the acquisition or issue thereof.

### (c) Financial assets at fair value through profit or loss

A debt instrument can be classified as a financial asset at fair value through profit or loss if doing so eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise from measuring assets or liabilities or recognising the gains or losses on them on different basis.

All equity instruments are to be classified as financial assets at fair value through profit or loss, except for those equity instruments for which the Company has elected to present value changes in other comprehensive income.

### 4.2.2 Subsequent measurement

### (a) Financial assets measured at amortized cost

These assets are subsequently measured at amortized cost (determined using the effective interest method) less accumulated impairment losses.

Interest / markup income, foreign exchange gains and losses and impairment losses arising from such financial assets are recognized in profit or loss.

### (b) Financial assets at FVOCI

These are subsequently measured at fair value less accumulated impairment losses.

A gain or loss on a financial asset measured at fair value through other comprehensive income in accordance is recognised in other comprehensive income, except for impairment gains or losses and foreign exchange gains and losses, until the financial asset is derecognised or reclassified. When the financial asset is derecognised the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment (except for investments in equity instruments which are designated as at fair value through other comprehensive income in whose case the cumulative gain or loss previously recognized in other comprehensive income is not so reclassified). Interest is calculated using the effective interest method and is recognised in profit or loss.

### (c) Financial assets at FVTPL

These assets are subsequently measured at fair value.

Net gains or losses arising from remeasurement of such financial assets as well as any interest income accruing thereon are recognized in profit or loss.

#### 4.2.3 De-recognition

Financial assets are derecognized when the rights to receive cash flows from the financial assets have expired or have been transferred and the Company has transferred substantially all risks and rewards of ownership.

### **Notes to the Financial Statements**

For the year ended June 30, 2021

The Company directly reduces the gross carrying amount of a financial asset when the Company has no reasonable expectations of recovering the financial asset in its entirety or a portion thereof. A write-off constitutes a derecognition event.

#### 4.3 Leases

Net investment in finance leases

Leases where the Company transfers substantially all the risks and rewards incidental to ownership of an asset to the lessees are classified as finance leases. A receivable is recognized at an amount equal to the present value of the minimum lease payments, including any residual value, if any.

Operating leases

Leases where the Company does not transfer substantially all the risks and benefits of ownership of the assets are classified as operating lease. Initial direct costs incurred in negotiating operating leases are added to the carrying amount of leased asset and recognized over the lease term on the same basis as rental income.

Leased assets repossessed upon termination of leases

The Company repossesses leased assets in settlement of non-performing lease finance provided to customers. These are stated at lower of the original cost of the related asset, exposure to the Company or net realizable value of the asset repossessed. Gains or losses on repossession of such assets are taken to the statement of profit or loss.

### 4.4 Provision against non-performing exposures

The allowance for potential lease, loan losses and other receivables is maintained at a level which, in the judgment of management, is adequate to provide for potential losses on lease and loan portfolio which can be reasonably anticipated. The adequacy of allowance is evaluated on the basis of Schedule-X and Schedule-XI of Regulation 25 of NBFC Regulations, 2008.

### 4.5 Investment properties

Investment properties are accounted for under cost model and stated at cost less accumulated depreciation and impairment, if any. Depreciation is charged to profit or loss by applying the straight line at the rate varying from 2.22% to 5% per annum after taking into account residual value, if any. Depreciation on additions is charged from the date of addition till the date of disposal. The residual values, useful lives and depreciation methods are reviewed and adjusted, if appropriate, at each reporting date.

Gain or loss on sale of investment properties are charged to profit or loss in the period in which they arise.

### 4.6 Intangible assets

These are stated at cost less accumulated amortization and impairment losses, if any. Amortization is charged to profit or loss using the straight line method in accordance with the rates specified in note 12 to the financial statements. Amortization is charged when an asset is made available for use until the date the asset is disposed off. The residual values, useful life and amortization methods are reviewed at each reporting date and adjusted, if deemed appropriate.

Gain and losses on disposal of such assets, if any, are included in profit or loss.

### 4.7 Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses, if any (except for office premises and operating lease assets which are stated at revalued amount less accumulated depreciation and impairment loss, if any).

Depreciation is charged to profit or loss applying the straight line method in accordance with the rates specified in note 14 to the financial statements whereby the cost / revalued amount of an asset is written-off over its estimated useful life. Depreciation on additions is charged from the date an asset is available for use till the date the asset is disposed off.

### **Notes to the Financial Statements**

For the year ended June 30, 2021

Any revaluation increase arising on the revaluation of property is recognised in other comprehensive income and presented as a separate component of equity except to the extent that it reverses a revaluation decrease for the same asset previously recognised in profit or loss, in which case the increase is credited to profit or loss to the extent of the decrease previously charged. Any decrease in carrying amount arising on the revaluation of property is charged to profit or loss to the extent that it exceeds the balance, if any, held in the surplus on revaluation relating to a previous revaluation of that asset. The surplus on revaluation to the extent of incremental depreciation charged is transferred to unappropriated profits. The surplus realized on disposal of revalued fixed assets is credited directly to unappropriated profits.

Subsequent costs are included in an asset's carrying amount or are recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other expenses are charged to profit or loss during the financial period in which they are incurred.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is recognized in the profit and loss account in the year the asset is derecognized, except that the related surplus on revaluation of fixed assets (net of deferred tax) is transferred directly to unappropriated profits.

Revaluation is carried out with sufficient regularity to ensure that the carrying amount of assets does not differ materially from their fair value.

#### 4.8 Financial liabilities

Financial liabilities are classified as measured at amortized cost or 'at fair value through profit or loss' (FVTPL). A financial liability is classified as at FVTPL if it is classified as held for trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in the profit or loss.

Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in the statement of profit or loss. Any gain or loss on de-recognition is also recognized in the statement of profit or loss.

Financial liabilities are derecognized when the contractual obligations are discharged or cancelled or have expired or when the financial liability's cash flows have been substantially modified.

#### 4.9 Offsetting of financial assets and liabilities

Financial assets and liabilities are offset and the net amount is reported in the statement of financial position only when there is a legally enforceable right to set off the recognised amounts and the Company intends either to settle on a net basis or to realize the assets and settle the liabilities simultaneously.

#### 4.10 Provisions and contingencies

A provision is recognised in the statement of financial position when the Company has a legal or constructive obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations is small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

# Notes to the Financial Statements

For the year ended June 30, 2021

As the actual outflows can differ from estimates made for provisions due to changes in laws, regulations, public expectations, technology, prices and conditions, and can take place many years in the future, the carrying amounts of provisions are reviewed at each reporting date and adjusted to take account of such changes. Any adjustments to the amount of previously recognised provision is recognised in the statement of profit or loss unless the provision was originally recognised as part of cost of an asset.

Contingent liabilities

A contingent liability is disclosed when the Company has a possible obligation as a result of past events, whose existence will be confirmed only by the occurrence or non-occurrence, of one or more uncertain future events not wholly within the control of the Company; or the Company has a present legal or constructive obligation that arises from past events, but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability.

#### 4.11 Revenue recognition

Finance lease income

The Company follows the effective interest method in accounting for the recognition of lease income. Under this method, the unearned lease income i.e. the excess of aggregate lease rentals and the estimated residual value over the cost of the leased assets is deferred and taken to income over the term of the lease, so as to produce a systematic return on the net investment in lease. Unrealised lease income pertaining to non-performing leases is held in suspense account, where necessary, in accordance with the requirements of the NBFC Regulations.

Processing, front-end and commitment fee and commission are recognized as income when such services are provided.

Gain on termination of lease contracts and late payment charges are recognized as income when realised.

Operating lease income

Rental income from assets given under operating leases is recognized on an accrual basis.

#### 4.12 Staff retirement benefits - Defined contribution plan

The Company operates a provident fund scheme. Equal monthly contributions at a rate of 10 percent of basic salary for those contract employee who are eligible in terms of employment conditions approved by the Board.

Defined benefit plan

The Company operates a Defined benefit plan for those contract employees who are eligible in terms of their contract of employment duly approved by the Board. The eligibility is subject to the condition of completion of three consecutive years.

#### 4.13 Other income

Income on term loans

Income on term loans is recognized using effective yield on a time proportionate basis. However, income on non-performing loan receivables is recognized on receipt basis in accordance with the requirements of the NBFC Regulations, 2008.

Mark-up / return on investments

Mark-up income on debt securities is recognised on time proportion basis using the effective yield on instruments.

Dividend income

Dividend income from investments is recognised when the Company's right to receive dividend is established.

Interest income on bank deposits

Interest income on bank deposits is recognised on time proportion basis using the effective interest method.

For the year ended June 30, 2021

### **Notes to the Financial Statements**

#### 4.14 Taxation

Income tax comprises current and deferred tax. Income tax expense is recognised in profit or loss account except to the extent that it relates to items recognised directly in equity or other comprehensive income, in which case, it is recognised in equity or other comprehensive income.

#### Current

Provision for current taxation is based on taxable income at the current rates of taxation after taking into account available tax credits, rebates and tax losses, or minimum tax, whichever is higher. The charge for the current tax is calculated using tax rates enacted or substantively enacted at the reporting date. The charge for current tax also includes adjustments, where considered necessary, relating to prior years.

#### Deferred

Deferred tax is recognised using the balance sheet liability method on all temporary differences between the carrying amount of assets and liabilities used for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is measured at the rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

A deferred tax asset is recognised only to the extent that the entity has sufficient taxable temporary differences or their is convincing other evidence that the sufficient taxable profit will be available against which the unused tax losses or unused tax credits can be utilized by the entity. Deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that the related tax benefit will be realised.

#### 4.15 Dividend distribution

Dividend distribution to the Company's shareholders is recognized as a liability in the financial statements for the period in which the dividend is approved by the Board of Directors.

12.1 The above real estate properties have been acquired by the Company in settlement of non-performing loans and lease receivables (i.e. repossessed properties).

#### 12.2 Bungalow at DHA Phase VI

- **12.2.1** The bungalow was last revalued by M/s. Fairwater Properties Valuers & Surveyors (Private) Limited in December 2019. According to such valuation, the fair value and forced sale value of the bungalow, as on December 16, 2019, were assessed to be Rs. 160 million, and Rs. 128.055 million, respectively.
- 12.2.2 The bungalow is in occupancy of a tenant who defaulted in payment after having paid three monthly rentals in the year 2009. The Company filed a recovery suit before the Additional Rent Controller in jurisdiction of Clifton Cantonment Board who passed ejectment order in 2012 against successive default in rent payments. The Additional Controller Rent then, on the Company's application passed an execution order in July 2013 to vacate the premises. The Judgment Debtor objected to execution and was granted injunction against the Decree Holder by the High Court on March 28, 2013 that was vacated by the High Court on January 12, 2017. The Additional Rent Controller then allowed the Execution Application and passed order dated Feb 2017 for ejectment. The JD has neither handed over possession nor made payment of any rent since the last ten years.

# rt 2021 --

**Notes to the Financial Statements** 

For the year ended June 30, 2021

The tenant subsequently filed a suit in the High Court for declaration on specific performance, permanent injunction and damage on 12 October, 2020. The rent income due till June 30, 2021 amounting to Rs. 20.900 million (2020: Rs. 17.842 million), has not been recognised awaiting the outcome of the suit filed by the judgment debtor in the High Court.

#### 12.3 Shops in Famous Mall - Lahore

The shops were last revalued by M/s. Hamid Mukhtar & Co. (Private) Limited in June 2019. According to such valuation, the fair value and forced sales value of the shops, as on June 21, 2019, were assessed to be Rs. 4.163 million and Rs. 3.330 million, respectively.

For the year ended June 30, 2021

#### 14.1 Particulars of the immovable property

Following are the details of the immovable property (i.e. office premises):

| Address of the property   | Use of the property | Total area (in square feet) | Covered area<br>(in square<br>feet) |
|---|---------------------|-----------------------------|-------------------------------------|
| 6th Floor, Lakson Square Building No.1, Sarwar<br>Shaheed Road, Saddar, Karachi | As Head Office      | 9,604                       | 9,604                               |

#### 14.2 Valuation of the assets

**14.2.1** The latest valuation of the office premises has been carried out by M/s. Fairwater Property Valuer and Surveyor (Private) Limited in December 2019.

The effect of the fresh revaluation carried out during the year (and that carried out in the previous year), on the gross carrying amount of the office premises, is as follows:

|  | 2021 |          | 2020        |
|--|------|----------|-------------|
|  |      | (Rupees) |             |
| Reversal of the gross carrying amount to the extent of         |      |          |             |
| accumulated depreciation charged up to the date of revaluation |      | -        | (1,200,099) |
| Revaluation surplus recognized as on the date of revaluation   |      | -        | 3,120,899   |
|  |      | _        | 1,920,800   |

**14.2.2** Had there been no revaluation, the carrying amounts of the revalued assets would have been as follows:

|                     | 2021       |              |             |            | 2020       |              |             |            |
|---------------------|------------|--------------|-------------|------------|------------|--------------|-------------|------------|
|                     | Cost       | Accumulated  | Accumulated | Written    | Cost       | Accumulated  | Accumulated | Written    |
|                     |            | depreciation | impairment  | down value |            | depreciation | impairment  | down value |
|                     |            |              |             | (Rupees) - |            |              |             |            |

#### 15. BORROWINGS FROM FINANCIAL INSTITUTIONS

#### Letter of placements - unsecured

| National Bank of Pakistan          | 15.1 | 77,500,000  | 77,500,000  |
|------------------------------------|------|-------------|-------------|
| Innovative Investment Bank Limited | 15.2 | 60,000,000  | 60,000,000  |
| Meezan Bank Limited                | 15.3 | 25,301,588  | 25,301,588  |
|                                    |      | 162,801,588 | 162,801,588 |

15.1 This represents finance of Rs. 77.50 million obtained from National Bank of Pakistan on April 01, 2010 through a letter of placement carrying mark-up at a rate of 11.20% per annum for a period of 14 days. Subsequently, the facility was rolled several times up to the total period of 140 days which expired on August 19, 2010. Till to-date, no repayments have been made by the Company in respect of this finance. As of June 30, 2021, the Company has accrued a mark-up in this finance amounting to Rs. 95.715 million (2020: Rs. 88.896 million).

For the year ended June 30, 2021

# Notes to the Financial Statements

- This represents finance of Rs. 63 million obtained from Innovative Investment Bank Limited on December 03, 2010 through a letter of placement carrying mark-up at a rate of 8% per annum for a period of 90 days. Due to financial difficulties faced by the Company, this facility was rolled over for a further period of 184 days on March 14, 2011. Since the disbursement of the facility, the Company made an aggregate principal repayment of Rs. 3 million. As of 30 June 2021, the Company has accrued a mark-up on this finance amounting to Rs. 54.448 million (2020: Rs. 49.578 million).
- 15.3 This represents finance of Rs. 150 million obtained from Meezan Bank Limited (MEBL) on September 20, 2008, under Murabaha arrangement at a rate of 12% per annum. On various dates between September 2008 and June 2011, the Company made principal repayments amounting, in aggregate, to Rs. 81 million.

The remaining principal obligation of Rs. 69 million was restructured by way of a settlement agreement entered on April 22, 2011 whereby the Company transferred, to the lender, a lease portfolio of Rs. 32 million. On September 03, 2012, a revised settlement agreement was signed according to which the loan was to be settled by way of transferring 27 membership cards of ACACIA Golf Club ('the Club') (then beneficially held by the Company in its own name) to MEBL valuing, in aggregate, Rs. 27 million as well as making a cash payment of Rs. 9.870 million. The said cash payment was made by the Company on September 06, 2012. Meezan Bank was offered membership cards of M/s ACACIA Golf Club but they didn't accept these membership cards against settlement due to non-functional status of the club. As per the revised restructuring terms, the finance carries no mark-up.

- 21.2.1 This represents a finance of Rs. 100 million obtained from M/s. National Bank of Pakistan on March 17, 2005 (mainly for lease financing activities). As per the agreement, loan was payable in semi-annual instalments of Rs. 12.5 million each from September 17, 2005 to March 17, 2009. However, subsequently, the loan was restructured whereby the maturity date of the loan was extended to March 2010. Up to June 30, 2017, all instalments were paid except for the last instalment due on March 17, 2009 which is yet outstanding. As per the revised agreement, the finance carries mark-up at the rate of 6-month KIBOR + 1.5% payable semi-annually. As of June 30, 2021, the Company had accrued mark amounting to Rs. 16.463 million (2020: Rs. 15.237 million).
- 21.2.2 This represents a finance of Rs. 150 million obtained from M/s. First Women Bank Limited (FWBL) through a Letter of Placement dated October 06, 2008 having a tenor of 1 day. Subsequently, the finance was rolled over several times during the period from October 07, 2008 to December 18, 2008. During this period, the Company managed to partially repay the principal and markup amount. Afterwards, the finance was restructured by way of a settlement agreement dated December 31, 2008 whereby the entire principal was converted into 12-month Money Market Finance facility on markup basis. Since the Company failed to make repayment as per agreed terms, the finance was, once again, restructured by way of a settlement agreement dated March 01, 2010. As per the revised rescheduled terms, the entire principal was payable in unequal monthly instalments up to December 31, 2012. The Company paid the instalments up to December 31, 2010 since when no further repayments have been made. Further, as per the revised agreement, the finance carries mark-up at 12% per annum payable monthly. As of June 30, 2021, the Company had accrued mark-up amounting to Rs. 24.054 million (2020: Rs. 24.054 million).

### **Notes to the Financial Statements**

For the year ended June 30, 2021

- 21.2.3 As on March 29, 2010, the Company had a financial obligation in respect of Term Finance I, Term Finance II and Running Finance facilities obtained from M/s. Soneri Bank Limited (SBL) amounting to Rs. 66.666million, Rs. 35million and Rs. 49.971million, respectively (in aggregate, Rs. 151.637 million). The said obligation was restructured whereby SBL created a fresh facility of Rs. 115 million as TF-I, Rs. 35 million as TF-II and Rs. 1.5 million as RF. Subsequently, the Company managed to pay its entire liability under TF-II and RF. As regards restructured TF-I, the Company made a principal repayment of Rs. 5 million up to May 07, 2013, on which date, a revised settlement agreement was entered into with SBL to restructure the outstanding obligation of Rs. 110 million which was agreed to be settled as follows:
  - Rs. 43 million by way of transfer of property (held as collateral of Rs 43 million against the borrower) or a cash payment of Rs. 25 million as full and final settlement of Rs. 43 million.
  - Rs 34.5 million by way of transfer of a property (held as collateral of Rs. 34.5 million against the borrower) situated at Thokar Niaz Baig, Lahore.
  - Cash payment of Rs. 5 million in the twelve equal monthly payment of PKR 0.416 million each commencing from the date execution of settlement agreement.
  - Remaining principal obligation amounting to Rs. 27.5 million to be waived upon successful transfer of properties / cash payment as referred to above.

Subsequently, the Company settled the loan amounting to Rs. 43 million by way of cash payment of Rs. 25 million on August 28, 2013 (and recognised a waiver of Rs. 18 million against the said payment). Further, the Company paid the 12 equal monthly instalments, as referred to above, on agreed due dates. However, the transfer of aforesaid property (whereupon the outstanding liability would be extinguished in full) is yet to be executed. As per the revised restructuring terms, the finance carries no mark-up.

The bank filed a petition for recovery suit in Banking Court on 8, march 2019 claiming Rs.79.999 million against default by the company in the implementation of settlement agreement dated May 2013 with the bank. The Company was required to make payment of Rs.39.5 million and waiver of Rs.27 million was to be availed upon full repayment. The company however on payment of agreed instalment up to Rs. 5 million till 2015 subsequently defaulted in repayment of balance amount of Rs 34.5 million. The suit filed is proceeding in the court. The company intends to settle this liability as per the agreement.

- 21.2.4 This represents a finance of Rs. 15.7 million obtained from M/s. Silk Bank Limited (SBL) on April 27, 2009 against issuance of irrevocable letter of comfort for opening a letter of credit in favour of Uni-Link International. Up to March 31, 2011, the Company could repay Rs. 4 million and defaulted thereafter. Hence, on September 12, 2012, a settlement agreement was entered into with SBL whereby the finance was restructured and the outstanding loan was agreed to be settled as follows:
  - Down payment of Rs. 0.707 million; and
  - 54 monthly instalments of Rs. 0.204 million each.

Up to November 2014, the Company repaid 26 monthly installments of Rs. 0.204 million each and defaulted thereafter. As of June 30, 2021, the Company had accrued markup amounting to Rs. 7.681 million (2020: Rs. 7.089 million).

#### 21.3 Term finance certificates - secured

21.3.1 This represents the third issue of registered and listed term finance certificates (TFCs) issued by the Company to banking companies and financial institutions, trusts and general public. These were secured by way of a first exclusive charge on specific leases including lease rentals with 25% margin available at all times to the TFCs holders on total outstanding amount of the issue. The total issue comprises of 150,000 certificates of Rs. 5,000 each.

### Notes to the Financial Statements

For the year ended June 30, 2021

The issue was first restructured by way of "Supplemental Declaration of Trust" dated October 05, 2010 and was further restructured by way of "Second Supplemental Declaration of Trust" effective dated April 30, 2012. To make the second proposed restructuring terms of Supplemental Declaration of Trust effective, an extra ordinary resolution was passed by at least by 75% of the aggregate amount outstanding to TFC holders. The trustee obtained necessary approval of TFC holders. The revised terms and conditions of the issue after rescheduling are as follows:

#### Principal redemption

The principal redemption of TFCs is structured to be in 63 un-equal monthly instalments starting from January 01, 2012 as follows:

- Rs. 3 million per month starting from January 2012 to December 2012;
- Rs. 4 million per month starting from January 2013 to December 2013;
- Rs. 6 million per month starting from January 2014 to December 2014;
- Rs. 13 million per month starting from January 2015 to February 2017; and
- Rs. 21.3 million in March 2017

#### Mark-up on payment

- The issue carries markup at 6% per annum for the first 36 months (i.e from January 01, 2012 to December 13, 2014) and one-month KIBOR for the remaining 27 months (i.e. from January 01, 2015 to March 01, 2017);
- Mark-up accrued on TFCs up to December 2011, amounting to Rs. 25.368 million, to be repaid in 3 equal instalments falling due in December 2014, December 2015 and December 2016; and
- Mark-up payments on TFCs for first 24 months (i.e from January 01, 2012 to December 13, 2014) to be deferred till December 31, 2013 and to be repaid thereafter on a monthly basis (starting from the 25th month till the maturity of the TFCs).

However, in 2014, due to liquidity issues faced by it, the Company defaulted in making payments to the TFC holders.

21.3.2 During the period on September 29, 2020, the Company entered into an arrangement with M/s. HBL Asset Management Company Limited, being the management company of HBL Income Fund and HBL Multi Asset Fund, with a view to full and final settlement of the Company's outstanding financial liability in respect of Term Finance Certificates (TFCs) previously issued to them in March 2008.

Presented below is the quantitative analysis of the gain realized by the Company upon settlement of its aforementioned obligation.

|     |   | HBL Income<br>Fund | HBL Multi Asset<br>Fund<br>Rupees | Total         |
|-----|---|--------------------|-----------------------------------|---------------|
|     | Total outstanding principal prior to settlement                               | 5,509,500          | 16,528,500                        | 22,038,000    |
|     | Total outstanding markup prior to settlement                                  | 4,016,612          | 12,049,837                        | 16,066,449    |
|     |   | 9,526,112          | 28,578,337                        | 38,104,449    |

- 23.1 As of June 30, 2021, M/s. Saudi Pak Industrial & Agricultural Investment Company Limited (SAPICO) held 35.06% (2020: 35.06%) of the issued, subscribed and paid-up ordinary share capital of the Company and 63% (2020: 63%) of the issued preference share capital of the Company.
- 23.2 The shareholders of the Company, through a special resolution passed in Extra Ordinary General Meeting, held on July 11, 2012, approved the decision of the Board of Directors to convert the sub-ordinated debt from SAPICO and loan from M/s. Bank of Khyber into non-voting, non-cumulative, convertible unlisted preference shares at Rs. 10 each. The Securities and Exchange Commission of Pakistan (SECP) vide its letter number SC/NBFC/23/SPLCL/2013/58 dated February 13, 2013, also approved the conversion.

In June, 2013, the Company issued non-redeemable / convertible preference shares of Rs. 10 each aggregating to Rs. 528.209 million against the conversion of debt. These are non-cumulative, non-redeemable convertible preference shares carrying dividend at 2.5% per annum annually at the end of each completed year on the face value of Rs.10 per preference share. The preference shareholders are only entitled to receive preferential dividend and are not entitled to right shares and bonus shares to which the holders of ordinary shares may be entitled. These shares are convertible into ordinary shares at the option of preference shareholders at any time from the date of issue of preference shares. The dividend is payable annually at the end of each completed year subject to availability of profit for the year.

23.3 There are no agreements among shareholders with respect to voting rights, board selection, rights of first refusal and block voting.

#### 23.4 Capital management policies and procedures

Capital requirements applicable to the Company are set out and regulated by the Securities and Exchange Commission of Pakistan (SECP). These requirements are put in place to ensure sufficient solvency margins. SECP extended the minimum equity requirement (MCR) as per NBFC Regulations, 2008 vide SRO 764(I) / 2009 dated September 02, 2009 wherein the Company is required to meet the minimum equity requirements of Rs. 350 million, Rs. 500 million and Rs. 700 million by June 30, 2011, June 30, 2012 and June 30, 2014, respectively. Further amendment to Schedule I to Regulation 4 made vide SRO 1160 (1) / 2015 dated November 25, 2015 maintained MCR for existing NBFCs at Rs. 750 million and relaxation of MCR for non-deposit taking NBFCs for leasing etc. at Rs. 50 million. The Company intends to exercise the low MCR requirement option once it has settled liability owed to its depositors. Hence, at the year end, the company is non compliant with the MCR requirement laid down by the SECP (also see note 1.2).

#### 25. CONTINGENCIES AND COMMITMENTS

#### 25.1 Contingencies

- 25.1.1 The Company is defending various counter suits filed against it by defaulting customers against whom recovery suits were filed by it between the year 2009 to 2018. The counter suits are mainly for rendition of accounts and damages and or injunction against the company. These suits are proceeding in the High Court or Banking Court and, in the opinion of the legal counsel, the Company is not likely to suffer any loss or liability on account of these counter suits. The amount claimed in these counter suits as of 30th June 2021 amounted to Rs.178.904 million (2020: 178.904 million).
- 25.1.2 The Company has been issued with a notice under section 14 of the Federal Excise Act, 2005. In the notice, it has been alleged that the Company has not paid Federal Excise Duty (FED) in terms of section 3 (read with Entry 8 of Table-II of the First Schedule) to the Federal Excise Act, 2005 for the financial years 2007-08, 2008-09 and 2009-10 on services provided including both funded and non-funded services. Accordingly, Rs. 126.205 million has been alleged to be recoverable. The above amount of FED has been imposed on all the incomes of the Company for the said three years including mark-up income earned on finance lease contracts.

According to the Company's tax advisor, FED is applicable in respect of document fee, front end fee and syndicate lease income. These represent services rendered by leasing companies in respect of finance lease which are funded services. However, these services for the periods 2007-08 and 2008-09 are not chargeable to FED because of the reason that, for those years, FED was chargeable on services which were non-funded. However, for the period 2009-10, due to amendment in Entry 8, the said services are chargeable to FED as provisions of the Federal Excise Act, 2005.

The Company filed an appeal before the Commissioner Inland Revenue (Appeals) CIR (A) against the said order. The CIR(A) vide through Appellate Order no 97 of 2012 dated April 30, 2012 constituted that the duty so charged is legally and constitutionally valid under the Federal Excise Act, 2005. However, it also mentioned that the notice issued is barred by time for the period from July 2007 to September 2008 and, accordingly, deleted the levy of FED for the said tax period. Accordingly, the Company filed an appeal before the Appellate Tribunal Inland Revenue (ATIR) against the above CIR(A) order which decided the case in favour of the Company.

### **Notes to the Financial Statements**

For the year ended June 30, 2021

In 2014, a reference application was filed by CIR Zone-I against the Company in High Court which is pending for adjudication. In the opinion of legal counsel of the Company, there is no likelihood of any outcome adverse to the Company's interest. The Company, hence, has not recognized any provision against the above notice.

25.1.3 In the year 2016, M/s. First Women Bank Limited (FWBL) filed, before the Honourable High Court of Sindh, a recovery suit against the Company wherein besides the outstanding principal of Rs. 75.062 million and accrued markup of Rs. 24.054 million (refer note 21.2.2), a demand has been raised in respect of **cost of funds**. However, since the case is yet pending for adjudication before the Honourable High Court of Sindh and because no reasonable estimation can be made of the cost of funds so claimed by FWBL, no provision thereof has been recognized in these financial statements.

#### 25.2 Commitments

As of the reporting date, no financial commitments were known to exist (2020: None).

- **36.1** The Chief Executive is provided with free use of a Company maintained car.
- Remuneration to directors represents fee pertaining to 10 meetings board of directors and committees (2020: 15 meetings) in connection with the financial statements and other matters.

#### 37. SEGMENT INFORMATION

The business of the Company is divided into four reporting segments namely:

- 1. Finance lease operations,
- 2. Operating lease operations,
- 3. Term loans and
- 4. Investments

Finance and operating lease operations include leasing of moveable assets. Term loans include secured loans for tenure ranging from 3 months to 5 years whereas investments include equity and debt securities.

Management monitors the operating segments of its business units separately for the purpose of making decisions about resource allocation and performance assessment.

Other operations, which are not monitored by the management separately, are reported as 'Others'.

Segment assets and liabilities include all assets and liabilities related to the segment and segment revenues and expenses include all revenues and expenses related to the segment.

#### 38. FINANCIAL RISK MANAGEMENT

The Company has exposure to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

The Board of Directors have the overall responsibility for establishment and oversight of Company's risk management framework. The Board is also responsible for developing and monitoring the Company's risk management policies.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed from time to time to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

### **Notes to the Financial Statements**

For the year ended June 30, 2021

#### 38.1 Credit risk

Credit risk is the risk that a counterparty to a financial instrument will cause a financial loss for the Company by failing to discharge an obligation or commitment that it has entered into with the Company, resulting in a financial loss to the Company and arises principally from the Company's lease and loan portfolio and receivables and deposits with banks.

#### 38.1.1 Management of credit risk

The Company manages its credit risk by improving and enhancing its credit risk policies and procedures to have a better control and monitoring on its credit exposures. Therefore, the management on the basis of past events, is continuously working to formulate and strengthen its policies to effectively control and monitor its credit risk. The management is also in the process of negotiation and settlement of its non-performing exposures.

#### 38.1.2 Exposure to credit risk

The Company's maximum credit risk exposure at the reporting date is represented by the respective carrying amounts of the financial assets in the statement of financial position. The Company's exposure to credit risk is inherent in lease and loan receivables and deposits with banks.

The maximum exposure to credit risk at the reporting date is

|  | 2021        | 2020        |  |
|--|-------------|-------------|--|
|  | Rupees      |             |  |

#### 38.1.5 Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Company's total credit exposure. The Company manages credit risk and its concentration exposure through diversification of activities to avoid undue concentration of risks.

#### 38.2 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting its financial obligations as they fall due. Liquidity risk arises because of the possibility that the Company will be required to pay its liabilities earlier than expected or will face difficulty in raising funds to meet commitments associated with financial liabilities as they fall due. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The table below summarises the Company's financial liabilities into relevant maturity groupings based on the remaining period at the reporting date to contractual maturity date.

|                            | June 30, 2021   |                        |                             |                 |                      |                |                   |
|----------------------------|-----------------|------------------------|-----------------------------|-----------------|----------------------|----------------|-------------------|

#### 38.2.1 Breach of loan agreements

Due to liquidity crunch, as of June 30, 2021, the Company had been in default in making repayments in respect of certain short term and long term financing arrangements. As of the reporting date, the total outstanding principal and accrued markup in default amounted to Rs. 612.845 million (2020: Rs. 634.883 million) and Rs. 471.125 million (2020: Rs. 449.025 million), respectively.

For the year ended June 30, 2021

#### 38.3 Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprise three types of risk: interest rate risk, currency risk and other price risk, such as equity risk.

#### Interest rate risk

Interest rate risk arises from the effects of fluctuations in the prevailing levels of markets interest rates on the fair value of financial assets and liabilities and future cash flows. The Company's exposure to fair value interest rate risk is limited as it does not hold significant fixed interest based financial instruments.

At the reporting date, the interest rate profile of Company's interest-bearing financial instruments is as follows:

|                           | Carrying amount |               |  |
|---------------------------|-----------------|---------------|--|
|                           | 2021            | 2020          |  |
|                           | (Rupe           | es)           |  |
| Fixed rate instruments    |                 |               |  |
| Financial assets          | 13,943,841      | 14,491,626    |  |
| Financial liabilities     | (306,110,505)   | (306,110,505) |  |
|                           | (292,166,664)   | (291,618,879) |  |
| Variable rate instruments |                 |               |  |
| Financial assets          | 1,303,342,884   | 1,333,435,979 |  |
| Financial liabilities     | (213,729,246)   | (235,767,246) |  |
|                           | 1,089,613,638   | 1,097,668,733 |  |

Fair value sensitivity for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit and loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

Cash flow sensitivity analysis for variable rate instruments

The Company holds profit earning savings accounts with various banks exposing the Company to cash flow interest rate risk (as detailed in note 5).

A hypothetical change of 100 basis points in interest rates during the year would have increased / decreased loss before tax for the year by the amounts shown below. It is assumed that the changes occur immediately and uniformly to each category of instrument containing interest rate risk. Actual results might differ from those reflected in the details specified below. The analysis assumes that all other variables remain constant.

|   | June 30,<br>2021 | June 30,<br>2020 |
|---|------------------|------------------|
| As at June 30, 2021                               | (Rupe            | es)              |
| Cash flow sensitivity - Variable rate instruments | 10,896,136       | (10,896,136)     |
| As at June 30, 2020                               |                  |                  |
| Cash flow sensitivity - Variable rate instruments | 10,976,687       | (10,976,687)     |

#### Foreign exchange risk

Foreign exchange risk is the risk that the value of financial instruments will fluctuate due to changes in foreign exchange rates. As of the reporting date, the Company was not exposed to any foreign exchange risk.

#### Other price risk

Other price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instrument traded in the market. As of the reporting date, the Company was not exposed to any material other price risk.

**Notes to the Financial Statements** 

For the year ended June 30, 2021

#### **38.4** Fair value of financial instruments

Fair value is the price that would be received to sell an asset are paid to transfer a liability in any orderly transaction between market participants at the measurement date. The management is of the view that the fair values of the financial assets and liabilities are not significantly different from their carrying values in the financial statements.

The Company measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

Following is the fair value hierarchy of assets and liabilities carried at fair value;

|                                |         | 2021       |            |
|--------------------------------|---------|------------|------------|
|                                | Level 1 | Level 2    | Level 3    |
|                                |         | (Rupees)   |            |
| Office premises and generators | -       | 61,596,311 | -          |
| Investment in ordinary shares  | 85,935  | _          | 40,242,909 |
|                                | 85,935  | 61,596,311 | 40,242,909 |
|                                |         | 2020       |            |
|                                | Level 1 | Level 2    | Level 3    |
|                                |         | (Rupees)   |            |
| Office premises and generators | -       | 64,069,714 | -          |
| Investment in ordinary shares  | 74,514  | <u> </u>   | 14,664,938 |
|                                | 74,514  | 64,069,714 | 14,664,938 |
|                                |         |            |            |

The carrying amounts of all other financial assets and liabilities reflected in the financial statements approximate their fair values.
