DIRECTORS' REPORT

Directors of Nishat Mills Limited ("the Company") are pleased to present the Directors' Report for the half year ended 31 December 2021.

Operating Financial Results

Financial performance of the Company was remarkable during the current half year in comparison to the corresponding half year of 31 December 2020. The primary reason for unprecedented increase in profitability was increase in revenue by 59.62% on account of both favorable rate and volume variances. Despite increase in raw material and energy costs, gross profit to sales percentage increased by 4.41% from 11.39% to 15.80% mainly due to better marketing strategies. Another reason for increase in gross profit was depreciation of Pak Rupee against US Dollar by 13.26% during the half year. Profit after tax of the Company also increased by 216.06% in the current half year as compared to the corresponding half of the last year due to increase in dividend income by Rs. 1,190.971 million from Rs. 767.788 million in the corresponding half year to Rs. 1,958.759 million in the current half year. Following is the summary of key profitability measures:

Financial Highlights	Half Year Ended 31 December		Increase / (decrease) %
	2021	2020	
Revenue (Rs. '000')	52,891,961	33,135,777	59.62
Gross Profit (Rs. '000')	8,355,647	3,775,182	121.33
Profit after tax (Rs. '000')	5,605,367	1,773,515	216.06
Gross Profit (%)	15.80	11.39	
Profit after tax (%)	10.60	5.35	
Earnings per share – (Rs.)	15.94	5.04	

General Market Review and Future Prospects

Pakistan's textile industry performed very well in the first half of the financial year 2021-22 despite increase in cotton and polyester fiber prices, shutdown in gas supply, increase in RLNG rate, disruption in global supply chain and adverse impact of depreciation of Pak Rupee against USD on imported raw materials. Exports significantly increased during the current half year in comparison to export in the corresponding half year.

Covid-19 vaccination process showed positive results and world economy came out of crises as lockdowns across the world ended. Demand of textile products increased substantially from U.S. and European markets during this period due to which most of the textile units were able to utilize their full capacities. Textile exports grew both in volume and value. Depreciation of PKR against USD also contributed towards increase in export sales.

Segment Analysis

Following is the brief overview on segmental performance of the Company.

Spinning

Cotton prices recorded increasing trend throughout the half year due to US-China trade commitments, improvement in COVID-19 situation, forecast of crop shortage in local and international cotton markets. The Company planned to cover annual raw cotton requirements with mix of local and imported cotton by closely

watching market dynamics. Therefore, the Company started buying raw cotton at prevailing prices as soon as it became available in markets.

Yarn	Half Year Ended 31 December		Increase / (Decrease)	
	2021	2020	Value	% age
Sale – (kgs '000')	18,252	9,984	8,268	82.81
Rate / kg	608.78	369.70	239.08	64.67
Sale – (Rs. '000')	11,111,537	3,691,133	7,420,404	201.03

Local yarn prices increased in tandem with raw cotton prices, but export yarn prices remained under pressure and did not move along with cotton prices despite rising demand in foreign markets. Yarn supply at low rates from India, Vietnam, Indonesia made it difficult for us to export at competitive prices. However, local market remained supportive during the half year. Reviewing the yarn market dynamics, the Company sold major portion of its production in local market instead of foreign market. This strategy resulted in good profits for first half of the financial year.

Nishat Mills Limited's new open-end yarn unit comprising of 4,320 rotors has been commissioned in production on November 01, 2021.

Weaving

Unprecedented surge in raw material cost pushed the greige cloth prices upward which was fiercely resisted by our foreign customers. However, fabric demand remained steady in both export and local markets. Workwear / Abrasive / Technical fabric segments performed well in terms of business growth. Home textile segment of grey fabric remained steady. Fashion business also improved somehow because demand revived as both US and European brands tried to fill up their supply chain after improvement in Covid-19 situation.

Grey Cloth	Half Year Ended 31 December		Increase / (Decrease)	
	2021	2020	Value	% age
Sale – (meters '000')	47,863	44,426	3,437	7.74
Rate / meter	253.97	176.98	76.99	43.50
Sale – (Rs. '000')	12,155,658	7,862,492	4,293,166	54.60

In the first week of October 2021, our new project comprising of 130 brand new Tsudakoma NEO 001 wider width looms was commissioned into production which has significantly enhanced our production capacity. The Division is now planning in the next phase to replace some 2005 / 2006 model Tsudakoma looms. We believe that to be cost competitive and more efficient we need to keep on bringing latest technologies that help us cater our customers in accordance with market trends.

Dyeing

Dyeing division performed well due to increase in the demand of fashion apparel during the first half of the

financial year 2021-22. Despite skyrocketing input cost, extremely volatile market situation and disrupted supply chain, the Division registered positive growth. Sales increased by Rs. 4,968.758 million (88.04%) in the current half year as compared to the corresponding half of the last year.

Processed Cloth	Half Year Ended 31 December		Increase / (Decrease)	
	2021	2020	Value	% age
Sale – (meters '000')	23,477	15,748	7,729	49.08
Rate / meter	452.03	358.37	93.66	26.14
Sale – (Rs. '000')	10,612,371	5,643,613	4,968,758	88.04

The Division has entered into the second half of the financial year with more challenges ahead. Raw material prices are likely to remain high in coming months due to high demand and expected shortage of cotton production in the country. Besides, it appears that we will keep facing longer lead times in the procurement of griegie cloth (raw material) in the second half of the year as well. We are taking all possible measures, to mitigate the impact of these challenges. We are hopeful that we will be able to register positive performance in the second half of fiscal year too.

Home Textile

Financial performance of the Division was satisfactory during the half year ended 31 December 2021. Sales of Home Textile products increased by Rs. 199.318 million (2.64%) during the current half year as compared to the corresponding half of the last year.

Processed Cloth and Made-ups	Half Year Ended 31 December		Increase / (Decrease)	
	2021	2020	Value	% age
Sale – (meters '000')	14,907	16,825	(1,918)	(11.40)
Rate / meter	519.22	448.18	71.04	15.85
Sale – (Rs. '000')	7,740,013	7,540,695	199,318	2.64

Hopefully, exports would continue its growth momentum in the coming months as the restrictions are easing worldwide and markets are opening up.

Terry unit was commissioned into production during the last financial year and it is showing promising results. The plan to enhance the production capacity of the unit is underway.

Terry	Half Year Ended 31 December		Increase / (Decrease)	
	2021	2020	Value	% age
Sale – (kgs '000')	1,049	172	877	509.88
Rate / kg	1,179.26	830.64	348.62	41.97
Sale – (Rs. '000')	1,237,046	142,870	1,094,176	765.85

Garments

The Division recorded tremendous financial performance during the first half of the financial year 2021-22. Garments sales of the Division increased remarkably by Rs. 2,552.145 million (73.55%) during the current half year as compared to the corresponding half of the last year.

Garments	Half Year Ended 31 December		Increase / (Decrease)	
	2021	2020	Value	% age
Sale – (garments '000')	4,707	3,743	964	25.75
Rate / garment	1,279.42	927.09	352.33	38.00
Sale – (Rs. '000')	6,022,245	3,470,100	2,552,145	73.55

The Division is in expansion phase and its production capacity will double by the end of the financial year. It will generate a lot of employment opportunities and enhance the profitability of the Company.

Environmental sustainability is key focus area of the management. The Division has adopted innovative methods for optimum utilization of water and energy. Moreover, it has increased its reliance on renewable energy sources.

Power Generation

All fuel costs such as coal and furnace oil significantly increased during the current half year. Similarly, Government of Pakistan has revised subsidized rate of gas for Captive power plants of export-oriented sector from USD 6.5 per mmbtu to USD 9 per mmbtu which will remain effective from 15 November 2021 to 31 March 2022. Furthermore, limited supply of the gas is available for captive power plants. The Company is receiving RLNG approximately half of its gas consumption requirement for its captive power plants.

Environmental sustainability and cheap energy are the top priorities of the Company; therefore, the Division is committed to acquire more solar power plants. Currently, 4.34 MW of electricity is generated from solar power plants and projects of 9.86 MW are under acquisition and installation phase.

Energy requirements of Spinning Division, Sahianwala has grown after the commissioning of new open-end yarn unit, therefore, plan for acquisition of 5.8 MW Wartsila dual fuel power engine is under consideration. Likewise, acquisition of two gas engines having total capacity of 4 MW with waste heat recovery boiler and air compressor and a 1 MW Diesel Engine is underway to cater the increased demand of towel manufacturing facility of Home Textile Division after increase in its capacity. Garments Division's expansion is in process; management has planned to acquire a 1 MW Diesel Engine.

Subsidiary Companies and Consolidated Financial Statements

Nishat Power Limited, Nishat Linen (Private) Limited, Nishat Hospitality (Private) Limited, Nishat Commodities (Private) Limited, Lalpir Solar Power (Private) Limited, Nishat USA Inc., Nishat Linen Trading LLC, Nishat International FZE and China Guangzhou Nishat Global Co., Ltd. form portfolio of subsidiary companies of the Company. Therefore, the Company has annexed consolidated condensed interim financial statements in addition to its separate condensed interim financial statements, in accordance with the requirements of International Financial Reporting Standards.

Composition of the Board

The composition of the Board is as follows:

Total number of Directors:

a)	Male	5
b)	Female	2

Composition

i)	Independent Directors	2
ii)	Non-executive Directors	4
iii)	Executive Director	1

Committees of the Board**Audit Committee:****Sr. No. Name of Director**

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Nishat Mills Limited

Report on review of Unconsolidated Condensed Interim Financial Statements

Introduction

We have reviewed the accompanying unconsolidated condensed interim statement of financial position of NISHAT MILLS LIMITED as at 31 December 2021 and the related unconsolidated condensed interim statement of profit or loss, unconsolidated condensed interim statement of comprehensive income, unconsolidated condensed interim statement of changes in equity, and unconsolidated condensed interim statement of cash flows, and notes to the unconsolidated condensed interim financial statements for the half year then ended (here-in-after referred to as the "unconsolidated condensed interim financial statements"). Management is responsible for the preparation and presentation of these unconsolidated condensed interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these unconsolidated condensed interim financial statements based on our review. The figures of the unconsolidated condensed interim statement of profit or loss and unconsolidated condensed interim statement of comprehensive income for the quarters ended 31 December 2021 and 31 December 2020 have not been reviewed and we do not express a conclusion on them as we are required to review only the cumulative figures for the half year ended 31 December 2021.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of unconsolidated condensed interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying unconsolidated condensed interim financial statements are not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

The engagement partner on the review resulting in this independent auditor's review report is Syed Mustafa Ali.

CHIEF EXECUTIVE OFFICER

DIRECTOR

CHIEF FINANCIAL OFFICER

Selected Notes to the Unconsolidated Condensed Interim Financial Statements

For the half year ended 31 December 2021 (Un-audited)

1 THE COMPANY AND ITS OPERATIONS

Nishat Mills Limited (the Company) is a public limited Company incorporated in Pakistan under the Companies Act, 1913 (Now Companies Act, 2017) and listed on Pakistan Stock Exchange Limited. Its registered office is situated at 53-A, Lawrence Road, Lahore. The Company is engaged in the business of textile manufacturing and of spinning, combing, weaving, bleaching, dyeing, printing, stitching, apparel, buying, selling and otherwise dealing in yarn, linen, cloth and other goods and fabrics made from raw cotton, synthetic fibre and cloth, and to generate, accumulate, distribute, supply and sell electricity.

2 BASIS OF PREPARATION

2.1 These unconsolidated condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:

- International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where the provisions of and directives issued under the Companies Act, 2017 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.2 These unconsolidated condensed interim financial statements do not include all the information and disclosures required in annual financial statements and should be read in conjunction with the annual audited financial statements of the Company for the year ended 30 June 2021. These unconsolidated condensed interim financial statements are un-audited, however, have been subjected to limited scope review by the auditors and are being submitted to the shareholders as required by the Listed Companies (Code of Corporate Governance) Regulations, 2019 and Section 237 of the Companies Act, 2017.

3 ACCOUNTING POLICIES

The accounting policies and methods of computations adopted for the preparation of these unconsolidated condensed interim financial statements are the same as applied in the preparation of the preceding audited annual published financial statements of the Company for the year ended 30 June 2021.

4 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of these unconsolidated condensed interim financial statements in conformity with the approved accounting standards requires the use of certain critical accounting estimates. It also requires the management to exercise its judgment in the process of applying the Company's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

During preparation of these unconsolidated condensed interim financial statements, the significant judgments made by the management in applying the Company's accounting policies and the key sources of estimation and uncertainty were the same as those that applied in the preceding audited annual published financial statements of the Company for the year ended 30 June 2021.

	Note	Un-audited 31 December 2021 (Rupees in thousand)	Audited 30 June 2021
5 LONG TERM FINANCING - SECURED			
Opening balance		14,576,825	9,925,813
Add: Obtained during the period / year		3,000,052	6,421,187
Less: Repaid during the period / year		(1,433,685)	(1,610,173)
Less: Deferred income recognised during the period / year		(5,412)	(253,819)
Add: Amortised during the period / year		48,823	93,817
Net impact	5.1	43,411	(160,002)
		16,186,603	14,576,825
Less: Current portion shown under current liabilities		(3,329,755)	(2,998,910)
		12,856,848	11,577,915

5.1 This represents net impact of benefit of loans obtained under the schemes of State Bank of Pakistan at below market rate of interest.

6 CONTINGENCIES AND COMMITMENTS

a) Contingencies

- i) Guarantees of Rupees 3,110.614 million (30 June 2021: Rupees 3,438.360 million) are given by the banks of the Company to Sui Northern Gas Pipelines Limited against gas connections, Shell Pakistan Limited and Pakistan State Oil Limited against purchase of furnace oil, Director Excise and Taxation, Karachi against infrastructure cess, Chairman Punjab Revenue Authority, Lahore against infrastructure cess, Directorate of Cotton Cess Management against cotton cess, Collector of Customs against regulatory duty, State Bank of Pakistan against mark-up subsidy, Inspector General Frontier Corps KP (South) and The President of Islamic Republic of Pakistan through the Controller of Military Accounts (Defence Purchase) against fulfillment of sales orders, High Court of Sindh, Karachi against the matter of importation of LED lights and to the bank of Hyundai Nishat Motor (Private) Limited (associated company) to secure financial assistance to the associated company. Further, the Company has issued cross corporate guarantees of Rupees 1,173.333 million (30 June 2021: Rupees 1,173.333 million), Rupees 41.600 million (30 June 2021: Rupees 41.600 million) and Rupees 1,750 million (30 June 2021: Rupees 1,750 million) on behalf of Nishat Linen (Private) Limited - wholly owned subsidiary company, Nishat Hospitality (Private) Limited - wholly owned subsidiary company and Nishat Sutas Dairy Limited - associated company respectively to secure the obligations of subsidiary companies and associated company towards their lenders.

Selected Notes to the Unconsolidated Condensed Interim Financial Statements

For the half year ended 31 December 2021 (Un-audited)

12 SEGMENT INFORMATION

- 12.1** The Company has following reportable business segments. The following summary describes the operation in each of the Company's reportable segments:

Spinning Faisalabad (I and II) and Feroze Wattwan (I and II):	Producing different qualities of yarn including dyed yarn and sewing thread using natural and artificial fibers.
Weaving (Bhikki and Lahore):	Producing different qualities of greige fabric using yarn.
Dyeing:	Producing dyed fabric using different qualities of greige fabric.
Home Textile and Terry:	Manufacturing of home textile articles using processed fabric produced from greige fabric and manufacturing of terry and bath products.
Garments:	Manufacturing of garments using processed fabric.
Power Generation:	Generation and distribution of power using gas, oil, steam, coal, solar and biomass.

Transactions among the business segments are recorded at cost. Inter segment sales and purchases have been eliminated from the total.

12.3 Reconciliation of reportable segment assets and liabilities

Total assets for reportable segments	
Unallocated assets:	
Long term investments	
Other receivables	
Cash and bank balances	
Other corporate assets	
Total assets as per unconsolidated condensed interim statement of financial position	
Total liabilities for reportable segments	
Unallocated liabilities:	
Deferred liabilities	
Other corporate liabilities	
Total liabilities as per unconsolidated condensed interim statement of financial position	

Selected Notes to the Unconsolidated Condensed Interim Financial Statements

For the half year ended 31 December 2021 (Un-audited)

13 RECOGNIZED FAIR VALUE MEASUREMENTS - FINANCIAL INSTRUMENTS

i) Fair value hierarchy

Judgements and estimates are made in determining the fair values of the financial instruments that are recognized and measured at fair value in these unconsolidated condensed interim financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the following three levels. An explanation of each level follows underneath the table.

Recurring fair value measurements At 31 December 2021 - Un-audited	Level 1	Level 2	Level 3	Total
(Rupees in thousand)				
Financial assets				
Fair value through other comprehensive income	30,512,253	-	7,669,993	38,182,246
Derivative financial assets	-	34,516	-	34,516
Total financial assets	30,512,253	34,516	7,669,993	38,216,762
Financial liabilities				
Derivative financial liabilities	-	112,077	-	112,077
Total financial liabilities	-	112,077	-	112,077

Recurring fair value measurements At 30 June 2021 - Audited	Level 1	Level 2	Level 3	Total
(Rupees in thousand)				
Financial assets				
Fair value through other comprehensive income	36,485,231	-	7,603,461	44,088,692
Derivative financial assets	-	8,672	-	8,672
Total financial assets	36,485,231	8,672	7,603,461	44,097,364
Financial liabilities				
Derivative financial liabilities	-	57,429	-	57,429
Total financial liabilities	-	57,429	-	57,429

The above table does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amounts are a reasonable approximation of fair value. Due to short term nature, carrying amounts of certain financial assets and financial liabilities are considered to be the same as their fair value. For the majority of the non-current receivables, the fair values are also not significantly different to their carrying amounts.

There were no transfers between levels 1 and 2 for recurring fair value measurements during the half year ended 31 December 2021. Further there was no transfer out of level 3 measurements.

The Company's policy is to recognize transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

Level 1: The fair value of financial instruments traded in active markets (such as publicly traded derivatives and equity securities) is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the Company is the current bid price. These instruments are included in level 1.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

ii) Valuation techniques used to determine fair values

Specific valuation techniques used to value financial instruments include the use of quoted market prices or dealer quotes for similar instruments and the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

iii) Fair value measurements using significant unobservable inputs (level 3)

The following table presents the changes in level 3 items for the year ended 30 June 2021 and for the period ended 31 December 2021:

	Unlisted equity securities (Rupees in thousand)
Balance as on 30 June 2020 - Audited	3,809,318
Add: Investment made during the period	211,328
Add: Surplus recognized in other comprehensive income	102,009
Balance as on 31 December 2020 - Un-audited	4,122,655
Add: Investment made during the period	30,148
Add: Surplus recognized in other comprehensive income	3,450,658
Balance as on 30 June 2021 - Audited	7,603,461
Add: Investment made during the period	776,085
Less: Deficit recognized in other comprehensive income	(709,553)
Balance as on 31 December 2021 - Un-audited	7,669,993

iv) Valuation inputs and relationships to fair value

The following table summarizes the quantitative information about the significant unobservable inputs used in level 3 fair value measurements:

Description	Fair value at		Unobservable inputs	Range of inputs (probability-weighted average)	Relationship of unobservable inputs to fair value
	Un-Audited	Audited			
	31 December 2021	30 June 2021		31 December 2021	
(Rupees in thousand)					

Fair value through other comprehensive income

Nishat Paper Products Company Limited	367,990	491,661	Terminal growth factor	4.00%	Increase / decrease in terminal growth factor by 1% and decrease / increase in discount rate by 1% would increase / decrease fair value by Rupees +99.472 million / - 76.669 million.
			Risk adjusted discount rate	18.82%	
Nishat Dairy (Private) Limited	352,200	437,400	Terminal growth factor	4.00%	Increase / decrease in terminal growth factor by 1% and decrease / increase in discount rate by 1% would increase / decrease fair value by Rupees + 51.000 million / - 38.400 million.
			Risk adjusted discount rate	17.64%	
Security General Insurance Company Limited	574,817	673,603	Terminal growth factor	4.00%	Increase / decrease in terminal growth factor by 1% and decrease / increase in discount rate by 1% would increase / decrease fair value by Rupees +113.102 million / - 80.787 million.
			Risk adjusted discount rate	15.70%	
Nishat Hotels and Properties Limited	1,221,378	1,460,472	Terminal growth factor	4.00%	Increase / decrease in terminal growth factor by 1% and decrease / increase in discount rate by 1% would increase / decrease fair value by Rupees + 571.456 million / - 324.960 million.
			Risk adjusted discount rate	11.06%	
Hyundai Nishat Motor (Private) Limited	4,211,223	4,374,025	Terminal growth factor	4.00%	Increase / decrease in terminal growth factor by 1% and decrease / increase in discount rate by 1% would increase / decrease fair value by Rupees + 570.376 million / - 439.452 million.
			Risk adjusted discount rate	18.52%	

There were no significant inter-relationships between unobservable inputs that materially affect fair values.

Valuation processes

Independent valuer performs the valuations of non-property items required for financial reporting purposes, including level 3 fair values. The independent valuer reports directly to the Chief Financial Officer. Discussions of valuation processes and results are held between the Chief Financial Officer and the valuation team at least once in every six months.

Selected Notes to the Unconsolidated Condensed Interim Financial Statements

For the half year ended 31 December 2021 (Un-audited)

The main level 3 inputs used by the Company are derived and evaluated as follows:

Discount rates for financial instruments are determined using a capital asset pricing model to calculate a rate that reflects current market assessments of the time value of money and the risk specific to the asset.

Earnings growth factor for unlisted equity securities are estimated based on market information for similar types of companies.

Changes in level 2 and 3 fair values are analyzed at the end of half yearly reporting period during the valuation discussion between the Chief Financial Officer and the independent valuer. As part of this discussion the independent valuer presents a report that explains the reason for the fair value movements.

14 TRANSACTIONS WITH RELATED PARTIES

The related parties comprise subsidiary companies, associated undertakings, other related parties, post employment benefit plan and key management personnel. The Company in the normal course of business carries out transactions with various related parties. Detail of transactions with related parties are as follows:

Selected Notes to the Consolidated Condensed Interim Financial Statements

For the half year ended 31 December 2021 (Un-audited)

1 THE GROUP AND ITS OPERATIONS

The Group consists of:

Holding Company

-Nishat Mills Limited

Subsidiary Companies

-Nishat Power Limited
 -Nishat Linen (Private) Limited
 -Nishat Hospitality (Private) Limited
 -Nishat USA, Inc.
 -Nishat Linen Trading LLC
 -Nishat International FZE
 -China Guangzhou Nishat Global Co., Ltd.
 -Nishat Commodities (Private) Limited
 -Lalpir Solar Power (Private) Limited

NISHAT MILLS LIMITED

Nishat Mills Limited is a public limited Company incorporated in Pakistan under the Companies Act, 1913 (Now Companies Act, 2017) and listed on Pakistan Stock Exchange Limited. Its registered office is situated at 53-A, Lawrence Road, Lahore. The Company is engaged in the business of textile manufacturing and of spinning, combing, weaving, bleaching, dyeing, printing, stitching, apparel, buying, selling and otherwise dealing in yarn, linen, cloth and other goods and fabrics made from raw cotton, synthetic fibre and cloth and to generate, accumulate, distribute, supply and sell electricity.

NISHAT POWER LIMITED

Nishat Power Limited is a public limited Company incorporated in Pakistan under the repealed Companies Ordinance, 1984 (Now Companies Act, 2017) and listed on Pakistan Stock Exchange Limited. The Company is a subsidiary of Nishat Mills Limited. The principal activity of the Company is to build, own, operate and maintain a fuel fired power station having gross capacity of 200 MW ISO in Jamber Kalan, Tehsil Pattoki, District Kasur, Punjab, Pakistan. Its registered office is situated at 53-A, Lawrence Road, Lahore. Ownership interest held by non-controlling interests in Nishat Power Limited is 48.99% (30 June 2021: 48.99%).

The Subsidiary Company had a Power Purchase Agreement ('PPA') with its sole customer, National Transmission and Despatch Company Limited ('NTDC') for twenty five years which commenced from June 09, 2010. On February 12, 2021, the Subsidiary Company entered into a Novation Agreement to the PPA with NTDC and Central Power Purchasing Agency (Guarantee) Limited ('CPPA-G' and also referred to as the 'Power Purchaser'), whereby, NTDC irrevocably transferred all of its rights, obligations and liabilities under the PPA to CPPA-G and thereafter, NTDC ceased to be a party to the PPA, and CPPA-G became a party to the PPA in place of NTDC. Further, on the same day, the Subsidiary Company entered into the PPA Amendment Agreement, whereby the Agreement Year that was ending on June 8, 2021 was extended by sixty eight (68) days to August 15, 2021. Therefore, the existing term of the PPA Agreement has been extended by sixty eight days to twenty five years and sixty eight days ending on August 15, 2035.

NISHAT LINEN (PRIVATE) LIMITED

The principal business of the Company is to provide marketing services to Nishat Mills Limited - Holding Company. Nishat Mills Limited acquired 100% shareholding of Nishat USA, Inc. on 01 October 2008.

NISHAT LINEN TRADING LLC

Nishat Linen Trading LLC is a limited liability company formed in pursuance to statutory provisions of the United Arab Emirates (UAE) Federal Law No. (8) of 1984 as amended and registered with the Department of Economic Development, Government of Dubai. Nishat Linen Trading LLC is a subsidiary of Nishat Mills Limited as Nishat Mills Limited, through the powers given to it under Article 11 of the Memorandum of Association, exercise full control on the management of Nishat Linen Trading LLC. Date of incorporation of the Company was 29 December 2010. The registered office of Nishat Linen Trading LLC is situated at P.O. Box 28189 Dubai, UAE. The principal business of Nishat Linen Trading LLC is to operate retail outlets in UAE for sale of textile and related products. The registered address of Nishat Linen Trading LLC in U.A.E. is located at Shop No. SC 128, Dubai Festival City, P.O. Box 28189 Dubai, United Arab Emirates.

NISHAT INTERNATIONAL FZE

Nishat International FZE is incorporated as free zone establishment with limited liability in accordance with the Law No. 9 of 1992 and licensed by the Registrar of Jebel Ali Free Zone Authority. Nishat International FZE is a wholly owned subsidiary of Nishat Mills Limited. Date of incorporation of the Company was 07 February 2013. The registered office of Nishat International FZE is situated at P.O. Box 114622, Jebel Ali Free Zone, Dubai. The principal business of the Company is trading in textile and related products.

Selected Notes to the Consolidated Condensed Interim Financial Statements

For the half year ended 31 December 2021 (Un-audited)

CHINA GUANGZHOU NISHAT GLOBAL CO., LTD.

China Guangzhou Nishat Global Co., Ltd. is a Company incorporated in People's Republic of China on 25 November 2013. It is a wholly owned subsidiary of Nishat International FZE which is a wholly owned subsidiary of Nishat Mills Limited. The primary function of China Guangzhou Nishat Global Co., Ltd. is to competitively source products for the retail outlets operated by Group companies in Pakistan and the UAE. The registered office of China Guangzhou Nishat Global Co., Ltd. is situated at N801, No. 371-375 East Huanshi Road, Yuexiu District, Guangzhou City, China.

NISHAT COMMODITIES (PRIVATE) LIMITED

Nishat Commodities (Private) Limited is a private limited Company incorporated in Pakistan on 16 July 2015 under the repealed Companies Ordinance, 1984 (Now Companies Act, 2017). It is a wholly owned subsidiary of Nishat Mills Limited. Its registered office is situated at 53-A, Lawrence Road, Lahore. The principal object of the Company is to carry on the business of trading of commodities including fuels, coals, building material in any form or shape manufactured, semi-manufactured, raw materials and their import and sale in Pakistan.

LALPIR SOLAR POWER (PRIVATE) LIMITED

Lalpir Solar Power (Private) Limited is a private limited Company incorporated in Pakistan on 19 November 2015 under the repealed Companies Ordinance, 1984 (Now Companies Act, 2017). It is a wholly owned subsidiary of Nishat Power Limited which is a subsidiary of Nishat Mills Limited. Its registered office is situated at 53-A, Lawrence Road, Lahore. The principal activity of the Company is to build, own, operate and maintain or invest in a solar PV power project having gross capacity upto 20 MWp. The Company achieved various milestones like approval of feasibility study, No Objection Certificate (NOC) from Environmental Protection Agency (EPA), approval of Grid Interconnection Study (GIS) from Multan Electric Power Company Limited (MEPCO) and from National Transmission and Despatch Company Limited (NTDCL). Further, consent for purchasing power from the project have also been provided by MEPCO. Generation Licence No. SPGL/26/2018 has been granted by National Electric Power Regulatory Authority (NEPRA) to the Company for its 11.120 MW Solar PV Power Project located at Mauza Verar, Sipra Mehmood Kot, District Muzaffargarh, in the province of Punjab, pursuant to Section 14(B) of the Regulation of Generation, Transmission and Distribution of Electric Power Act, 1997 / Amendment Act, 2018. The upfront solar tariff announced by NEPRA expired on 30 June 2016.

The management of the Company continuously tried its best to get Power Acquisition Request and Consent to Procure Power from Central Power Purchasing Agency (Guarantee) Limited (CPPA-G) so that development of the project can be moved forward. However, CPPA-G informed the Company that Ministry of Energy has conveyed the Cabinet Committee on Energy (CCoE) decision to CPPA-G and further sent a list of 145 projects as approved by the Cabinet for necessary action. The CPPA-G stated that power project of the Company is not included in the list of 145 projects, therefore, CPPA-G is of the view that request of the Company cannot be entertained. Furthermore, during the prior year Alternate Energy Development Board (AEDB) informed that Solar PV Power Project of the Company is placed under category III of the decision of the Cabinet Committee on Energy (CCoE). All category-III projects are allowed by the CCoE to proceed ahead subject to becoming successful in the competitive bidding process to be undertaken by AEDB, based on the quantum ascertained for each technology by Indicative Generation Capacity Expansion Plan (IGCEP) by NTDCL.

The management understand that to-date, no such competitive bidding process has been undertaken

even the IGCEP has not been finalized to-date. The response of CPPA-G and AEDB have made the Solar PV Power Project of the Company more complicated. During the prior year, on request of the Company, the Letter of Intent had been cancelled by AEDB. On request of the Company, NEPRA has cancelled the Generation License of the Company. Hence, voluntary winding up of the Company under the Companies Act, 2017 is being considered.

In view of the aforesaid reasons, the Company is not considered a going concern.

2 BASIS OF PREPARATION

2.1 These consolidated condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:

- International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where the provisions of and directives issued under the Companies Act, 2017 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.2 These consolidated condensed interim financial statements are unaudited and do not include all the information and disclosures required in annual financial statements and should be read in conjunction with the annual audited financial statements of the Group for the year ended 30 June 2021.

3 ACCOUNTING POLICIES

The accounting policies and methods of computations adopted for the preparation of these consolidated condensed interim financial statements are the same as applied in the preparation of the preceding audited annual published financial statements of the Group for the year ended 30 June 2021.

4 CONSOLIDATION

a) Subsidiaries

Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date when control ceases.

The assets and liabilities of Subsidiary Companies have been consolidated on a line by line basis and carrying value of investments held by the Holding Company is eliminated against Holding Company's share in paid up capital of the Subsidiary Companies.

Selected Notes to the Consolidated Condensed Interim Financial Statements

For the half year ended 31 December 2021 (Un-audited)

Intragroup balances and transactions have been eliminated.

Non-controlling interests are that part of net results of the operations and of net assets of Subsidiary Companies attributable to interest which are not owned by the Holding Company. Non-controlling interests are presented as separate item in the consolidated financial statements.

b) Associates

Associates are all entities over which the Group has significant influence but not control or joint control. Investments in associates are accounted for using the equity method of accounting, after initially being recognised at cost.

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses of the investee in profit or loss, and the Group's share of movements in other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates are recognised as a reduction in the carrying amount of the investment.

When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the Group and its associates are eliminated to the extent of the Group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group.

Investments in equity method accounted for associates are tested for impairment in accordance with the provision of IAS 36 'Impairment of Assets'.

5 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of these consolidated condensed interim financial statements in conformity with the approved accounting standards requires the use of certain critical accounting estimates. It also requires the management to exercise its judgment in the process of applying the Group's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

During preparation of these consolidated condensed interim financial statements, the significant judgments made by the management in applying the Group's accounting policies and the key sources of estimation and uncertainty were the same as those that applied in the preceding audited annual published consolidated financial statements of the Group for the year ended 30 June 2021.

	Note	Un-audited 31 December 2021 (Rupees in thousand)	Audited 30 June 2021

6.1 This represents net impact of benefit of loans obtained under the schemes of State Bank of Pakistan at below market rate of interest.

7 CONTINGENCIES AND COMMITMENTS

a) Contingencies

- i) Guarantees of Rupees 3,110.614 million (30 June 2021: Rupees 3,438.360 million) are given by the banks of Nishat Mills Limited - Holding Company to Sui Northern Gas Pipelines Limited against gas connections, Shell Pakistan Limited and Pakistan State Oil Limited against purchase of furnace oil, Director Excise and Taxation, Karachi against infrastructure cess, Chairman Punjab Revenue Authority, Lahore against infrastructure cess, Directorate of Cotton Cess Management against cotton cess, Collector of Customs against regulatory duty, State Bank of Pakistan against mark-up subsidy, Inspector General Frontier Corps KP (South) and The President of Islamic Republic of Pakistan through the Controller of Military Accounts (Defence Purchase) against fulfillment of sales orders, High Court of Sindh, Karachi against the matter of importation of LED lights and to the bank of Hyundai Nishat Motor (Private) Limited (associated company) to secure financial assistance to the associated company. Further, the Holding Company has issued cross corporate guarantees of Rupees 1,173.333 million (30 June 2021: Rupees 1,173.333 million), Rupees 41.600 million (30 June 2021: Rupees 41.600 million) and Rupees 1,750 million (30 June 2021: Rupees 1,750 million) on behalf of Nishat Linen (Private) Limited - wholly owned subsidiary company, Nishat Hospitality (Private) Limited - wholly owned subsidiary company and Nishat Sutas Dairy Limited - associated company respectively to secure the obligations of subsidiary companies and associated company towards their lenders.
- ii) Post dated cheques of Rupees 12,084.264 million (30 June 2021: Rupees 10,758.912 million) are issued by Nishat Mills Limited - Holding Company to customs authorities in respect of duties on imported items availed on the basis of consumption and export plans. If documents of exports are not provided on due dates, cheques issued as security shall be encashable.
- iii) Nishat Mills Limited - Holding Company's share in contingencies of associates accounted for under equity method is Rupees 7,242 million (30 June 2021: Rupees 4,137 million).

Selected Notes to the Consolidated Condensed Interim Financial Statements

For the half year ended 31 December 2021 (Un-audited)

- iv) A sales tax demand of Rupees 1,218.132 million was raised against Nishat Power Limited - Subsidiary Company through order dated December 11, 2013, passed by the Assistant Commissioner Inland Revenue ('ACIR') disallowing input sales tax for the tax periods of July 2010 through June 2012. The disallowance was primarily made on the grounds that since revenue derived by the Subsidiary Company on account of 'capacity revenue' was not chargeable to sales tax, input sales tax claimed by the Subsidiary Company was required to be apportioned with only the input sales tax attributable to other revenue stream i.e. 'energy revenue' admissible to the Subsidiary Company. Upon appeal before Commissioner Inland Revenue (Appeals) ['CIR(A)'], such issue was decided in Subsidiary Company's favour, however, certain other issues agitated by the Subsidiary Company were not adjudicated. Both the Subsidiary Company and department have filed appeals against the order of CIR(A) before Appellate Tribunal Inland Revenue ('ATIR'), which are pending adjudication.

Subsequently, the above explained issue was taken up by department for tax periods of July 2009 to June 2013 (involving input sales tax of Rupees 1,722.811 million), however, the Subsidiary Company assailed the underlying proceedings before Lahore High Court ('LHC') directly and in this respect, through order dated October 31, 2016, LHC accepted the Subsidiary Company's stance and annulled the proceedings. The department has challenged the decision of LHC before Supreme Court of Pakistan and has also preferred an Intra Court Appeal against such order which are pending adjudication.

Similarly, for financial year 2014, Subsidiary Company's case was selected for 'audit' and such issue again formed the core of audit proceedings (involving input sales tax of Rupees 596.091 million). The Subsidiary Company challenged the jurisdiction in respect of audit proceedings before LHC and while LHC directed the management to join the subject proceedings, department was debarred from passing the adjudication order. During the year 2019, LHC dismissed the petition in favour of the department, by allowing the department to complete the audit proceedings that are pending for completion. On January 26, 2021, the department raised demand against such proceedings, however, Subsidiary Company obtained interim relief from Appellate Tribunal Inland Revenue by applying stay against such demand. The matter is currently pending adjudication.

Similarly, in preceding year in respect of tax periods July 2016 to June 2017, Subsidiary Company's case was selected for 'audit' and such issue again formed the core of audit proceedings (involving input sales tax of Rs. 541.486 million). The proceedings are underway, however, matter is currently pending adjudication before ACIR.

Since the issue has already been decided in Subsidiary Company's favour on merits by LHC and based on advice of the Subsidiary Company's legal counsel, no provision on these accounts have been made in these consolidated condensed interim financial statements.

- v) On April 16, 2019, the Commissioner Inland Revenue through an order raised a demand of Rupees 179.046 million against Nishat Power Limited - Subsidiary Company, mainly on account of input tax claimed on inadmissible expenses in sales tax return for the tax periods of July 2014 to June 2017 and sales tax default on account of suppression of sales related to tax period June 2016. The Subsidiary Company filed application for grant of stay before the ATIR against recovery of the aforesaid demand that was duly granted. Further, the Subsidiary Company has filed appeals before CIR(A) and ATIR against the order which are pending adjudication. Management of Subsidiary Company has strong grounds to believe that the case will be decided in Subsidiary Company's favour. Therefore, no provision has been made on this account in these consolidated condensed interim financial statements.

vii) On February 13, 2019, National Electric Power Regulatory Authority ('NEPRA') issued a show cause to Nishat Power Limited - Subsidiary Company along with other Independent Power Producers to provide rationale of abnormal profits earned since commercial operation date (COD) that eventually led to initiation of proceedings against the Subsidiary Company by NEPRA on March 18, 2019. The Subsidiary Company challenged the authority of NEPRA to take suo moto action before the Islamabad High Court (IHC) wherein, on April 1, 2019, IHC provided interim relief by suspending the suo moto proceedings. The case is currently pending adjudication before IHC. Management of Subsidiary Company is confident that based on the facts and law, there will be no adverse implications for the Subsidiary Company.

viii) On March 16, 2020, Government of Pakistan ('GoP') issued a report through which it was alleged that savings were made by the Independent Power Producers ('IPPs'), including Nishat Power Limited - Subsidiary Company, in the tariff components in violation of applicable GoP Policies, tariff determined by National Electric Power Regulatory Authority ('NEPRA') and the relevant Project Agreements. The Subsidiary Company rejected such claims, and discussions were made with the GoP to resolve the dispute.

On 12 February 2021, the Subsidiary Company under the Agreements agreed that the abovementioned dispute will be resolved through arbitration under the Arbitration Submission Agreement between the Subsidiary Company and GoP.

Management of the Subsidiary Company believes that there are strong grounds that the matter will ultimately be decided in Subsidiary Company's favor. Furthermore, its financial impact cannot be reasonably estimated at this stage, hence, no provision in this respect has been made in these consolidated condensed interim financial statements.

viii) The banks have issued the following on behalf of Nishat Power Limited - Subsidiary Company:

(a) Letter of guarantee of Rupees 11.50 million (30 June 2021: Rupees 11.50 million) in favour of Director Excise and Taxation, Karachi, under direction of Sindh High Court in respect of suit filed for levy of infrastructure cess.

(b) Letters of guarantee of Rupees 500 million (30 June 2021: Rupees 600 million) in favour of fuel suppliers.

(c) Letter of guarantee of Rupees 1.5 million (30 June 2021: Rupees 1.5 million) in favour of Punjab Revenue Authority, Lahore.

ix) Guarantees of Rupees 137.350 million (30 June 2021: Rupees 107.350 million) are given by Nishat Linen (Private) Limited - Subsidiary Company to Director Excise and Taxation, Karachi against infrastructure cess, Chairman Punjab Revenue Authority, Lahore against infrastructure cess and Collectors of Customs against import consignments.

x) Through notice dated 25 January 2018, issued by the Deputy Commissioner Inland Revenue (DCIR) under sections 161/205 of the Income Tax Ordinance, 2001, Nishat Linen (Private) Limited - Subsidiary Company had been called upon to demonstrate its compliance with various withholding provisions of the Income Tax Ordinance, 2001. The subject proceedings have been finalized through order dated 03 August 2018, whereby, aggregate default amounting to Rupees 2.551 million has been adjudged against the Subsidiary Company. Subsidiary Company's appeal before Commissioner Inland Revenue (Appeals) [CIR(A)] was successful except for the legal issue amounting to

Selected Notes to the Consolidated Condensed Interim Financial Statements

For the half year ended 31 December 2021 (Un-audited)

Rupees 1.419 million. Appeal on this point has been filed before the Appellate Tribunal Inland Revenue which is pending adjudication. Subsidiary Company is confident of favorable outcome of its appeal based on advice of the tax advisor.

- xi) Bank guarantee of Rupees 1.900 million (30 June 2021: Rupees 1.900 million) is given by the bank of Nishat Commodities (Private) Limited - Subsidiary Company in favour of Director, Excise and Taxation, Karachi to cover the disputed amount of Sindh infrastructure cess.

b) Commitments

- i) Contracts for capital expenditure of the Group are approximately of Rupees 2,712.259 million (30 June 2021: Rupees 3,469.028 million).
- ii) Letters of credit other than for capital expenditure of the Group are of Rupees 5,866.061 million (30 June 2021: Rupees 4,451.831 million).
- iii) Outstanding foreign currency forward contracts of the Group are Rupees 7,396.324 million (30 June 2021: Rupees 6,400.041 million).
- iv) The amount of future payments under non-cancellable operating lease and the period in which these payments will become due from Nishat Power Limited - Subsidiary Company is as follows:

14 RECOGNIZED FAIR VALUE MEASUREMENTS - FINANCIAL INSTRUMENTS

i) Fair value hierarchy

Judgments and estimates are made in determining the fair values of the financial instruments that are recognised and measured at fair value in these consolidated condensed interim financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the following three levels. An explanation of each level follows underneath the table.

Recurring fair value measurements At 31 December 2021

Level 1

Level 2

Level 3

Total

(Rupees in thousand)

Financial assets				
Fair value through other comprehensive income	15,097,713	-	-	15,097,713
Derivative financial assets	-	34,516	-	34,516
Total financial assets	15,097,713	34,516	-	15,132,229
Financial liabilities				
Derivative financial liabilities	-	112,077	-	112,077
Total financial liabilities	-	112,077	-	112,077

Recurring fair value measurements At 30 June 2021 - Audited

Level 1

Level 2

Level 3

Total

(Rupees in thousand)

Financial assets				
Fair value through other comprehensive income	15,780,453	-	-	15,780,453
Derivative financial assets	-	8,672	-	8,672
Total financial assets	15,780,453	8,672	-	15,789,125
Financial liabilities				
Derivative financial liabilities	-	57,429	-	57,429
Total financial liabilities	-	57,429	-	57,429

The above table does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amounts are a reasonable approximation of fair value. Due to short term nature, carrying amounts of certain financial assets and financial liabilities are considered to be the same as their fair value. For the majority of the non-current receivables, the fair values are also not significantly different to their carrying amounts.

There were no transfers between levels 1 and 2 for recurring fair value measurements during the half year ended 31 December 2021. Further there was no transfer out of level 3 measurements.

The Group's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

Level 1: The fair value of financial instruments traded in active markets (such as publicly traded derivatives, and equity securities) is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the Group is the current bid price. These instruments are included in level 1.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

ii) Valuation techniques used to determine fair values

Specific valuation techniques used to value financial instruments include the use of quoted market prices or dealer quotes for similar instruments.

Valuation processes

Independent valuer performs the valuations of non-property items required for financial reporting purposes, including level 3 fair values. The independent valuer reports directly to the Chief Financial Officer of the Holding Company. Discussions of valuation processes and results are held between the Chief Financial Officer of the Holding Company and the valuation team at least once in every six months.

The main level 3 inputs used by the Group are derived and evaluated as follows:

Discount rates for financial instruments are determined using a capital asset pricing model to calculate a rate that reflects current market assessments of the time value of money and the risk specific to the asset.

Earnings growth factor for unlisted equity securities are estimated based on market information for similar types of companies.

Changes in level 2 and 3 fair values are analyzed at the end of half yearly reporting period during the valuation discussion between the Chief Financial Officer of the Holding Company and the independent valuer. As part of this discussion the independent valuer presents a report that explains the reason for the fair value movements.

16 FINANCIAL RISK MANAGEMENT

The Group's financial risk management objectives and policies are consistent with those disclosed in the preceding audited annual published consolidated financial statements of the Group for the year ended 30 June 2021.

17 DATE OF AUTHORIZATION FOR ISSUE

These consolidated condensed interim financial statements were approved by the Board of Directors and authorized for issue on 21 February 2022.

18 CORRESPONDING FIGURES

In order to comply with the requirements of International Accounting Standard (IAS) 34 "Interim Financial Reporting", the consolidated condensed interim statement of financial position and consolidated condensed interim statement of changes in equity have been compared with the balances of annual audited consolidated financial statements of preceding financial year, whereas, the consolidated condensed interim statement of profit or loss, consolidated condensed interim statement of comprehensive income and consolidated condensed interim statement of cash flows have been compared with the balances of comparable period of immediately preceding financial year.

Corresponding figures have been re-arranged, wherever necessary, for the purpose of comparison. However, no significant re-arrangement have been made.

19 GENERAL

Figures have been rounded off to the nearest thousand of Rupees unless otherwise stated.

درواں ششماہی کے دوران ڈویژن نے گارمنٹس کی فروخت میں 2,552.145 ملین روپے (73.55%) کا نمایاں اضافہ حاصل کیا۔

گارمنٹس	31 دسمبر کو اختتام شدہ ششماہی		اضافہ (کی)	
	2020	2021	قدر	فیصد
فروخت - (گارمنٹس '000)	3,743	4,707	964	25.75
قیمت فی گارمنٹ	927.09	1,279.42	352.33	38.00
فروخت - ('000 روپے)	3,470,100	6,022,245	2,552,145	73.55

ڈویژن توسیعی مرحلے میں ہے اور اس کی پیداواری صلاحیت اس مالی سال کے آخر تک دوگنی ہو جائے گی۔ اس سے روزگار کے بہت سے مواقع پیدا ہوں گے اور کمپنی کا منافع مزید بڑھ سکے گا۔

منجیٹ کی توجہ ماحول کو بہتر بنانے پر مرکوز ہے۔ ڈویژن نے پانی اور توانائی جیسے وسائل کو بہتر طریقے سے استعمال کرنے کے لیے جدید طریقے اپنائے ہیں۔ مزید یہ کہ کمپنی نے قابل تجدید توانائی کے ذرائع پر اپنا انحصار بڑھا دیا ہے۔

پاور جزیشن

اس نصف سال کے دوران کونکہ اور فرنس آئل جیسے تمام ایندھن کی قیمتوں میں نمایاں اضافہ ہوا۔ اسی طرح حکومت پاکستان نے Export Oriented سیکٹر کے کمپنیوں کو پاور پلانٹس کے لیے گیس کی رعایتی شرح کو 6.5 امریکی ڈالر فی ایم ایم بی ٹی یو سے بڑھا کر 9 امریکی ڈالر فی ایم ایم بی ٹی یو کیا جو کہ 15 نومبر 2021 سے 31 مارچ 2022 تک موثر رہے گی۔ مزید برآں، کمپنی پاور پلانٹس کے لیے گیس کی فراہمی محدود کر دی گئی۔ کمپنی کو کمپنی پاور پلانٹس کے لیے جتنی RLNG درکار ہے اس کی ضرورت کا تقریباً نصف میسر ہے۔

ماحولیاتی پائیداری اور سستی توانائی کمپنی کی اولین ترجیحات ہیں۔ لہذا، ڈویژن مزید سولر پاور پلانٹس حاصل کرنے کے لیے پرعزم ہے۔ اس وقت سولر پاور پلانٹس سے 4.34 میگا واٹ بجلی پیدا کی جا رہی ہے اور 9.86 میگا واٹ کے مزید منصوبے حصول اور تنصیب کے مراحل میں ہیں۔

تیا اوپن اینڈ یارن یونٹ شروع ہونے کے بعد سپننگ ڈویژن، ساہیوالہ کی توانائی کی ضروریات بڑھ گئیں ہیں جس وجہ سے 5.8 میگا واٹ وارٹسلا ڈوئل فیول پاور انجن کے حصول کا منصوبہ زیر غور ہے۔ اسی طرح 4 میگا واٹ کے دو گیس انجنوں کے ساتھ ویسٹ ہیٹ ریکوری بوائلر، ایگزیکٹو اور ایک میگا واٹ ڈیزل انجن کا حصول بھی جاری ہے تاکہ ہوم ٹیکسٹائل ڈویژن کی تولیہ تیار کرنے کی پیداواری صلاحیت میں اضافے کے بعد بڑھتی ہوئی طلب کو پورا کیا جاسکے۔ گارمنٹس ڈویژن کی توسیع کا عمل جاری ہے اور انتظامیہ نے ایک میگا واٹ ڈیزل انجن حاصل کرنے کا بھی منصوبہ بنایا ہے۔

ڈویژن مالی سال کی دوسری ششماہی میں داخل ہو چکی ہے جس میں مزید چیلنجز کا سامنا ہوگا۔ ملک میں زیادہ مانگ اور کپاس کی پیداوار میں متوقع کمی کی وجہ سے آنے والے مہینوں میں خام مال کی قیمتیں بلند رہنے کا امکان ہے۔ اس کے علاوہ، ایسا لگتا ہے کہ ہمیں سال کے دوسرے نصف حصے میں بھی گرتج کپڑے کی خریداری میں طویل لیڈ ٹائم کے مسئلے کا سامنا کرنا پڑے گا۔ ان چیلنجز کے اثرات کو کم کرنے کے لیے، ہم تمام ممکنہ اقدامات کر رہے ہیں۔ امید ہے کہ ہم، اس مالی سال کی دوسری ششماہی میں بھی مثبت کارکردگی کا مظاہرہ کرنے میں کامیاب رہیں گے۔

گھریلو ٹیکسٹائل (Home Textile)

ڈویژن نے 31 دسمبر 2021 کو ختم ہونے والے ششماہی کے دوران تسلی بخش کارکردگی کا مظاہرہ کیا۔ گزشتہ سال کی اسی ششماہی کے مقابلے میں دواں ششماہی کے دوران، ہوم ٹیکسٹائل مصنوعات کی فروخت میں 199.318 ملین روپے (2.64%) کا اضافہ ہوا۔

میسسڈ کلا تھ اینڈ میڈ ایپس	31 دسمبر کو اختتام شدہ ششماہی		اضافہ/(کمی)	
	2020	2021	قدر	فیصد
فروخت - (میٹرز '000)	16,825	14,907	(1,918)	(11.40)
قیمت فی میٹر	448.18	519.22	71.04	15.85
فروخت - ('000 روپے)	7,540,695	7,740,013	199,318	2.64

توقع ہے کہ آنے والے مہینوں میں برآمدات اپنی ترقی کی رفتار برقرار رکھیں گی کیونکہ دنیا بھر میں پابندیاں کم ہو رہی ہیں اور بازار کھل رہے ہیں۔

گزشتہ سال ٹیری یونٹ نے اپنی پروڈکشن شروع کی تھی اور اس کے نتائج حوصلہ افزا رہے۔ یونٹ کی پیداواری صلاحیت کو بڑھانے کا منصوبہ بھی جاری ہے۔

ٹیری	31 دسمبر کو اختتام شدہ ششماہی		اضافہ/(کمی)	
	2020	2021	قدر	فیصد
فروخت - (کلوگرام '000)	172	1,049	877	509.88
قیمت فی کلوگرام	830.64	1,179.26	348.62	41.97
فروخت - ('000 روپے)	142,870	1,237,046	1,094,176	765.85

کارمنش

ڈویژن نے مالی سال 2021-22 کی پہلی ششماہی کے دوران زبردست مالی کارکردگی کا مظاہرہ کیا۔ گزشتہ سال کی اسی ششماہی کے مقابلے میں

بائی (Weaving)

خام مال کی قیمت میں غیر معمولی اضافے کے باعث گریج کپڑے کی قیمتوں میں مزید اضافہ ہوا جس کی ہمارے غیر ملکی صارفین نے سخت مزاحمت کی۔ تاہم، برآمدی اور مقامی منڈیوں میں کپڑے کی مانگ مستحکم رہی۔ کاروباری نمو کے لحاظ سے ورک ویئر/گھریلو/تکنیکی کپڑے کے سیگمنٹ نے اچھی کارکردگی کا مظاہرہ کیا۔ ہوم ٹیکسٹائل مارکیٹ کے لیے گریج فیکر کی مانگ بھی مستحکم رہی۔ Covid-19 کی صورتحال میں بہتری کے بعد امریکہ اور یورپین برانڈز نے طلب کو بڑھانے کی کوشش کی جس وجہ سے فیشن کا کاروبار بھی کسی حد تک بحال ہوا۔

گرمے کا تھ	31 دسمبر کو اختتام شدہ ششماہی		اضافہ/(کی)	
	2020	2021	قدر	فیصد
فروخت - (میٹر 1000)	44,426	47,863	3,437	7.74
قیمت فی میٹر	176.98	253.97	76.99	43.50
فروخت - (1000 روپے)	7,862,492	12,155,658	4,293,166	54.60

اکتوبر 2021 کے پہلے ہفتے میں ہمارا نیا پروجیکٹ جو 130 نئی سوڈا کو مائن ای او 001 وسیع چوڑائی والی لومز پر مشتمل ہے، پروڈکشن میں شامل کیا گیا جس سے ہماری پیداواری صلاحیت میں نمایاں اضافہ ہوا۔ ڈویژن اب اگلے مرحلے میں 2005/2006 کے ماڈل والی سوڈا کو مالم کوڈ بنانے کا منصوبہ بنا رہی ہے۔ ہمیں یقین ہے کہ مسابقتی لاگت اور بہتر کارکردگی کے لیے ہمیں جدید ترین ٹیکنالوجیز لانے کی ضرورت ہے جو ہمیں مارکیٹ کے رجحانات کے مطابق اپنے صارفین کی ضرورت کو پورا کرنے میں مدد دیں گی۔

رنگائی (Dyeing)

مالی سال 2021-22 کی پہلی ششماہی کے دوران فیشن ملبوسات کی مانگ میں اضافے کی وجہ سے ڈائنگ ڈویژن نے اچھی کارکردگی کا مظاہرہ کیا۔ خام مال کی آسمان کو چھوٹی ہوئی قیمتیں، مارکیٹ کی انتہائی غیر مستحکم صورتحال اور سپلائی چین میں خلل کے باوجود، ڈویژن نے مثبت کارکردگی دکھائی۔ گزشتہ سال کی اسی ششماہی کے مقابلے میں رواں ششماہی کی فروخت میں 4,968,758 ملین روپے (88.04%) کا اضافہ ہوا۔

پروسیسڈ کلا تھ	31 دسمبر کو اختتام شدہ ششماہی		اضافہ/(کی)	
	2020	2021	قدر	فیصد
فروخت - (میٹر 1000)	15,748	23,477	7,729	49.08
قیمت فی میٹر	358.37	452.03	93.66	26.14
فروخت - (1000 روپے)	5,643,613	10,612,371	4,968,758	88.04

vaccination Covid-19 عمل کے مثبت نتائج نکلے اور دنیا بھر میں لاک ڈاؤن ختم ہونے کے بعد عالمی معیشت بحرانوں سے نکلی۔ اس عرصے کے دوران امریکی اور یورپین مارکیٹ سے ٹیکسٹائل مصنوعات کی مانگ میں خاطر خواہ اضافہ ہوا جس کی وجہ سے زیادہ تر ٹیکسٹائل یونٹس اپنی پوری صلاحیت کو بروئے کار لانے میں کامیاب رہے۔ ٹیکسٹائل برآمدات حجم اور قدر دونوں میں بڑھیں۔ امریکی ڈالر کے مقابلے پاک روپیہ کی قدر میں کمی نے بھی برآمدی فروخت کے اضافے میں اہم کردار ادا کیا۔

سپننگ تجربہ

کمپنی کی طبقاتی کارکردگی کا مختصر جائزہ درج ذیل ہے:

کٹائی (Spinning)

امریکہ اور چین کے تجارتی وعدوں، Covid-19 کی صورتحال میں بہتری، مقامی اور بین الاقوامی کپاس کی منڈیوں میں فصل کی کمی کی پیش گوئی کی وجہ سے کپاس کی قیمتوں میں پورے نصف سال کے دوران اضافے کا رجحان ریکارڈ کیا گیا۔ کمپنی نے مارکیٹ کی صورتحال کا جائزہ لیتے ہوئے سالانہ خام کپاس کی ضرورت کو پورا کرنے کے لیے مقامی اور بین الاقوامی منڈیوں سے کپاس کی خریداری کرنے کا منصوبہ بنایا۔ اس لیے، کمپنی نے مارکیٹ میں دستیاب ہوتے ہی خام کپاس کو مرہجہ قیمتوں پر خریدنا شروع کر دیا۔

یارن	31 دسمبر کو اختتام شدہ ششماہی		اضافہ / (کمی)	
	2020	2021	قدر	فیصد
فروخت - (کلوگرام 1000)	9,984	18,252	8,268	82.81
قیمت فی کلوگرام	369.70	608.78	239.08	64.67
فروخت - (1000 روپے)	3,691,133	11,111,537	7,420,404	201.03

مقامی دھاگے کی قیمتیں خام کپاس کی قیمتوں کے ساتھ ساتھ بڑھیں، لیکن برآمدی دھاگے کی قیمتیں دباؤ میں رہیں اور بین الاقوامی مارکیٹ میں بڑھتی ہوئی مانگ کے باوجود کپاس کی قیمتوں کے ساتھ نہیں بڑھیں۔ بھارت، ویتنام اور انڈونیشیا سے کم قیمتوں پر دھاگے کی فراہمی نے ہمارے لیے مسابقتی قیمتوں پر ایکسپورٹ مارکیٹ میں فروخت کرنا مشکل بنایا۔ تاہم، نصف سال کے دوران مقامی مارکیٹ معاون رہی۔ یارن مارکیٹ کی صورتحال کا جائزہ لیتے ہوئے، کمپنی نے ایکسپورٹ مارکیٹ کے مقابلے میں اپنی پیداوار کا بڑا حصہ مقامی مارکیٹ میں فروخت کیا۔ اس حکمت عملی کے نتیجے میں مالی سال کی پہلی ششماہی میں اچھا منافع ہوا۔

تشاطط لمیٹڈ کا نیا اوپن اینڈ یارن یونٹ، جو 4,320 روٹرز پر مشتمل ہے، نے 01 نومبر 2021 کو پروڈکشن شروع کی۔

ڈائریکٹرز کی رپورٹ

نشاط ملز لمیٹڈ ("کمپنی") کے ڈائریکٹرز 31 دسمبر 2021 کو اختتام شدہ ششماہی کے لیے ڈائریکٹرز رپورٹ پیش کرتے ہوئے خوشی محسوس کرتے ہیں۔

آپریٹنگ مالی نتائج

31 دسمبر 2020 کی اسی ششماہی کے مقابلے میں موجودہ ششماہی کے دوران کمپنی کی مالی کارکردگی نمایاں رہی۔ منافع میں غیر معمولی اضافے کی بنیادی وجہ آمدنی میں %59.62 کا اضافہ تھا جو شرح اور حجم کے تغیرات کے باعث ہوا۔ خام مال اور توانائی کی لاگت میں اضافے کے باوجود مجموعی منافع %4.4 سے بڑھا جو %11.39 سے بڑھ کر %15.80 تک جا پہنچا اور اس اضافے کی بنیادی وجہ مارکیٹنگ کی بہتر حکمت عملی تھی۔ مجموعی منافع میں اضافے کی ایک اور وجہ امریکی ڈالر کے مقابلے میں پاک روپیہ کی قدر میں ششماہی کے دوران %13.26 کمی کے باعث تھا۔ ڈیویڈنڈ آمدنی میں 1,190.971 ملین روپے کا اضافہ ہوا جس وجہ سے کمپنی کے بعد از ٹیکس منافع میں بھی گزشتہ سال کی اسی ششماہی کے مقابلے میں رواں ششماہی میں %216.06 کا اضافہ ہوا اور ڈیویڈنڈ آمدنی 767.788 ملین روپے سے بڑھ کر موجودہ ششماہی میں 1,958.759 ملین روپے تک جا پہنچا۔ چند اہم منافع بخش اقدامات کا خلاصہ مندرجہ ذیل ہے:

مالی جھلکیاں	31 دسمبر کو اختتام شدہ ششماہی		اضافہ / (کمی) فیصد
	2020	2021	
آمدنی (روپے '000)	33,135,777	52,891,961	59.62
مجموعی منافع (روپے '000)	3,775,182	8,355,647	121.33
بعد از ٹیکس منافع (روپے '000)	1,773,515	5,605,367	216.06
مجموعی منافع (فیصد)	11.39	15.80	
بعد از ٹیکس منافع (فیصد)	5.35	10.60	
منافع فی حصص - (روپے)	5.04	15.94	

مارکیٹ کا عمومی جائزہ اور مستقبل کے امکانات

سپاس اور پالیسٹرفا بھر کی قیمتوں میں اضافے، گیس سپلائی میں بندش، آرائل این جی کی شرح میں اضافہ، عالمی سپلائی چین میں خلل اور درآمدی خام مال پر امریکی ڈالر کے مقابلے میں پاک روپیہ کی قدر میں کمی کے منفی اثرات کے باوجود، پاکستان ٹیکسٹائل انڈسٹری نے مالی سال 2021-22 کی پہلی ششماہی میں بہت اچھی کارکردگی کا مظاہرہ کیا۔ گزشتہ ششماہی کے مقابلے میں رواں ششماہی کے دوران برآمدات میں نمایاں اضافہ ہوا۔
