# INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF M/S, SANA INDUSTRIES LIMITED

Report on Review of Condensed Interim Unconsolidated Financial Statements

#### Introduction

We have reviewed the accompanying condensed interim unconsolidated statement of financial position of M/s. Sana Industries Limited ("the Company") as at December 31, 2021 and the related condensed interim unconsolidated statement of profit or loss, condensed interim unconsolidated statement of comprehensive income, condensed interim unconsolidated statement of changes in equity, and condensed interim unconsolidated statement of cash flows and notes thereto for the half yearly period then ended (here-in-after referred to as the "unconsolidated interim financial statements"). Management is responsible for the preparation and presentation of these unconsolidated interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these unconsolidated interim financial statements based on our review.

# Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the International Standards on Auditing and consequently, does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

As part of our engagement, we were only required to review the cumulative figures for the six-month period ended December 31, 2021. Accordingly, we have not reviewed the figures in the condensed interim unconsolidated statement of profit or loss and the condensed interim unconsolidated statement of comprehensive income for the quarter period ended December 31, 2021.

# Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying unconsolidated interim financial statements are not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

The engagement partner on the review resulting in this independent auditor's review report is

Mr. Muhammad Waseem.

11.3.1 During the period, the Company obtained a long-term financing facility amounting to Rs. 43.255 million from M/s. Dubai Islamic Bank Pakistan Limited (DIBPL) under the SBP's Islamic Temporary Economic Refinance Facility (ITERF) notified vide IH & SMEFD Circular No. 02 of 2020 dated March 17, 2020.

The principal terms and conditions of the financing arrangement are as follows:

| becury                   | (3) Personal guarantee of Mr. Mohammad Younus Nawab, Mr. Mohammad Irfan Nawab and Mr. Ibrahim Younus along with personal net worth statements.   |  |  |

11.3.2 Since the facility carries the markup rate of 5% which is well below the market interest rate prevailing as on the date of disbursement of funds, therefore, in accordance with technical opinion issued by the Accounting Standards Board of the Institute of Chartered Accountants of Pakistan (ICAP) in November 2020, the financing is considered to contain an element of government grant as per the IAS 20 'Accounting for Government Grants and Disclosure of Government Assistance'. Accordingly, at initial recognition, the Company measured the loan liability at its fair value (determined on a present value basis) and recognized the difference between the disbursement proceeds received from the bank and the said fair value, as deferred government grant in the statement of financial position. This deferred grant is being recognized as income in profit or loss in proportion to the recognition of interest cost on the outstanding loan balance (based on the effective interest rate method).

# 21. FAIR VALUE HIERARCHY

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

- Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Fair value measurements using inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).
