**NATIONAL BANK OF PAKISTAN  
UNCONSOLIDATED FINANCIAL STATEMENTS  
FOR THE THREE MONTHS PERIOD ENDED MARCH 31, 2022**

# Directors' Report to the Shareholders

## Standalone Financial Statements

**Dear Shareholders,**

On behalf of the Board of Directors "the Board", we have pleasure in presenting to you, the condensed interim standalone quarterly financial statements of the Bank for the three-months period ended March 31, 2022.

### Macroeconomic Environment

Globally, economic activity has been impacted by geo-political tensions. Commodity prices, particularly of oil & gas and food, have recorded a substantial increase. This has had trickled down impact on Pakistan's economy.

Pakistan's economy grew by 5.4% in FY21, maintained its momentum during Jul-Dec 21 as indicators mostly signalled positive trends. However, higher inflation, mounting twin-deficit, increased borrowing costs and political uncertainty had an adverse impact on the rupee which depreciated ~14% against the U.S. dollar since Jul'21. As imports surged by 54.4%, (double the 27.3% growth in exports), the current account deficit in H1 FY22 widened to US\$9.0 Bn, widening further to US\$ 13.2 Bn by Mar'22. Worker's remittances averaged US\$ 2.55 Bn per month during Jul'21-Mar'22, rose to their highest level in history at US\$ 2.8 Bn in Mar'22. Cumulatively, remittances have risen to US\$23 Bn during the first 9 months of FY22, up 7.1% over the same period last year. Despite continued Forex inflows, reserves with the SBP at end-March 2022 stood at US\$ 13.0 Bn; whereas the country's total liquid foreign reserves stood at US\$ 17.5 Bn. Some of this decline in reserves is expected to be reversed as official creditors e.g. IMF, renew their loans.

Driven by surging global commodity and energy prices and a weaker exchange rate, headline inflation remained around 9.8% YoY in H1 FY22 from 8.6% in H1 FY21. Faced with serious choices in balancing the short-term needs of fighting the pandemic and the long-term challenges to maintain sustainable growth, SBP has taken measures to combat inflation and correct the macro imbalances. These measures include a cumulative 525bps increase (from 7% kept since Jun'20) in the policy rate since Sep'21, increase in cash reserve requirements by 100bps, regulatory tightening of consumer finance, and curtailment of non-essential imports.

Pakistan stock market recently witnessed higher volatility on the back of increasing trade deficit, political uncertainty, delay in the IMF program, and MSCI's announcement of Pakistan's reclassification to Frontier Markets. With increasing interest rate environment, the banking industry has reported healthy profits. During the first half of FY22, private sector credit cumulatively grew by 13.4%, largely driven by increased demand for working capital loans especially by rice, textile, petroleum and steel industries.

### Financial Performance – Q1'2022

Despite the continued challenging environment, your Bank has delivered strong financial results for the three months period ended March 31, 2022. This demonstrates the effectiveness of management's strategies, resilience of the Bank's business model and the efforts of our staff during this period.

#### ▪ Profitability (PKR 'Bn)

No.	Key Items	Mar'22	Mar'21	Better / (Worse) Amount	%
1	Net Interest Income	25.8	21.6	4.20	19.4%
2	Non-Fund Income	8.1	8.5	(0.40)	(4.7%)
3	<b>Total Income</b>	<b>33.9</b>	<b>30.1</b>	<b>3.80</b>	<b>12.6%</b>
4	Operating Expenses	16.8	14.3	(2.42)	(16.9%)
5	Pre-Prov. Profit	17.1	15.7	1.38	8.8%
6	Provision Charge	1.1	3.1	2.04	65.7%
7	<b>Pre-tax Profit</b>	<b>16.1</b>	<b>12.6</b>	<b>3.42</b>	<b>27.1%</b>
8	Tax	6.2	4.9	(1.29)	(26.3%)
9	<b>After-tax Profit</b>	<b>9.8</b>	<b>7.7</b>	<b>2.13</b>	<b>27.6%</b>
10	<b>EPS (Rs.)</b>	<b>4.62</b>	<b>3.62</b>	<b>1.00</b>	<b>27.6%</b>

For the three months period under review, your Bank recorded Gross Interest Income 'GII' of PKR 79.2 Bn as against PKR 48.5 Bn for the corresponding three months period of 2021. The PKR 30.7 Bn increase in GII was achieved through volumetric growth in average interests bearing assets coupled with the impact of higher average policy rate during Q1'22 that stood ~9.75% as compared to 7.0% during Q1'21.

The Bank's investments during Q1'22 averaged PKR 1,984.6 Bn (Q1'22:PKR 1,352.9 Bn) and generated mark-up/interest income of PKR 50.4 Bn being PKR 22.5 Bn or 80.8% up against PKR 27.9 Bn for Q1'21. This translates into average yield at 10.3% (Q1'21:8.3%). In the hiking policy rate environment, the maturity profile of the Bank's investment book is skewed towards the shorter duration securities. Similarly, Placements that averaged PKR 110.6 Bn (Q1'21:PKR 50.7 Bn) generated mark-up income of PKR 2.7 Bn (Q1'21: PKR 0.9 Bn) at an improved yield of 9.8% as compared to 7.2% for Q1'21.

The Bank's loan book generated a mark-up income of PKR 26.2 Bn i.e. PKR 6.5 Bn or 32.8% higher than PKR 19.7 Bn of Q1'21. This was through both volumetric growth, as well as the favourable rate variance with particular growth observed in commercial and retail loan portfolios. Pertinent to mention this performance was achieved despite the Bank carries a higher proportion of lower margin and non-performing public-sector lending.

Likewise, on the back of higher average policy rate, the Bank's cost of funds for Q1'22 also increased from PKR 26.9 Bn in Q1'21 to PKR 53.4 Bn for Q1'22. This 100% increase of PKR 26.7 Bn is mainly contributed by an increase in cost of Deposits by PKR 17.1 Bn and the borrowings/repo cost by PKR 9.5 Bn. As compared to Q1'21, average non-remunerative current deposits increased impressively by PKR 48.4 Bn or 10.3% to PKR 520.8 Bn. This effectively translates into interest/mark-up cost saving of ~PKR 0.7 Bn for the quarter.

Consequently, the Net Interest Income 'NII' for the period under review closed at PR 25.8 Bn, depicting a 19.4% increase against PKR 21.6 Bn of Q1'21.

#### ▪ Non-Fund Income

Non-Fund Income 'NFI' for the Q1'22 recorded a slight decrease to close at PKR 8.1 Bn which is lower by PKR 0.4 Bn or 4.7% against PKR 8.5 Bn of Q1'21. While fee & commission income recorded a 24.8% growth YoY to close at PKR 4.7 Bn (Q1'21:PKR 3.7 Bn), capital gains, on the other hand, dropped by PKR 2.5 Bn to close at PKR 100 Mn only (Q1'21:PKR 2.6 Bn). Going forward, the NFI is expected to rebound as the stock market is expected to show stability following the fading away of Covid-19 and some clarity in the political environment.

#### ▪ Operating Expenses

Operating expenses of the Bank for the period under review amounted to PKR 16.7 Bn which is 16.7% up YoY as compared to PKR 14.3 Bn of SPLY. This is excluding the SBP penalties of PKR 21.7 Mn as compared to PKR 3.0 Mn in Q1'21. HR compensation that constitutes around 70% of the total revenue expenses, amounted to PKR 11.6 Bn i.e. 16% up against PKR 10.0 Bn of Q1'21. While Property related expenses amounted to PKR 2.0 Bn (Q1'21:PKR 1.7 Bn), IT related expenses stood at PKR 0.6 Bn (Q1 '21: PKR 0.4 Bn). Other operating expenses amounted to PKR 2.5 Bn depicting a 14% growth YoY responding to the general inflationary hike in costs.

Operating expenses for the period translate into a cost-to-income ratio escalating by 179bps YoY, from 47.65% in Q1'21 to 49.45% in Q1'22. Increase observed in the Revenue expenses incurred during the period are in line with the inflationary pressures and industry norms.

#### ▪ Loan Losses & Provisions

The Bank prudently identifies impairment in its assets portfolio under the expected credit loss model and maintains a robust level of provisions as per the applicable regulatory requirements. The Bank's financial

results, while these show strong increase in capital generation capacity, also demonstrate the Bank's resilience and ability to build necessary cushions against future credit shocks.

During Q1'22, non-performing loans (NPLs) increased by 3.0% to reach PKR 203.9 Bn from PKR 197.9 Bn on Dec 31, 2021. These translate into loan infection ratio at 14.7% showing some improvement against 15.2% at Dec 31, 2021 and 16.2% at March 31, 2021.

Accordingly, for the three months period under review, net provision charge amounted to PKR 1.1 Bn i.e. significantly lower by 65.7% or PKR 2.0 Bn as compared to PKR 3.1 Bn for the corresponding three months period of 2021.

Specific and General provisions held against NPLs stood at PKR 180.1 Bn (Dec'21:PKR 179.3 Bn) and PKR 14.3 Bn (Dec'21:PKR 12.5 Bn), respectively. Thus, provision coverage stood at 88.3% at the end of the three months period under review.

#### ▪ Profit After-tax

Accordingly, profit after-tax for the three months period ended March 31, 2022 amounted to PKR 9.8 Bn i.e. PKR 2.1 Bn or 27.6% higher than PKR 7.7 Bn for Q1'21. This translates into Earnings per Share of PKR 4.62 as compared to Rs. 3.62 for the corresponding Q'1 period of 2021.

#### ▪ Appropriation of Profit

Profit for the three-months ended March 31, 2022 after carry forward of accumulated profit of 2021 is proposed to be appropriated as follows:

	(PKR 'Mn)
Profit before tax for three months period ended March 31, 2022	16,060.8

- Current	6,391.1
- Deferred	(167.7)
	<u>6,223.4</u>
Profit after tax for three months period ended March 31, 2022	9,837.4
Unappropriated profit brought forward	140,073.8
Other comprehensive income - net of tax	(488.0)
Transfer from surplus on revaluation of fixed assets	49.6
Transfer from general loan loss reserve	8,000.0
Profit available for appropriations	<u>157,472.8</u>
Appropriation:	
Transfer to Statutory Reserve	983.7
Unappropriated profit carried forward	<u><u>156,489.1</u></u>

#### ▪ Appropriation for proposed Dividend

As explained in note 48 of annual audited unconsolidated financial statements of the Bank for the year ended December 31, 2021, the recommended cash dividend of Rs. 1.0 per share which amounted to PKR 2.1 Bn, was subject to approvals of the Federal Government under section 17 of the Banks (Nationalization) Act, 1974 and the State Bank of Pakistan.. These unconsolidated condensed interim financial statements do not reflect this appropriation as the Bank has not yet received approval of the SBP.

## Financial Position as at March 31, 2022

At March 31, 2022, total assets of the Bank amounted to PKR 3,740.9 Bn, depicting a 2.7% drop against PKR 3,846.7 Bn levels of December 31, 2021. This decrease is mainly triggered by a drop in seasonal year-end institutional deposits, which is expected to reverse in the following quarters.

### ▪ Loans and Advances

At March 31, 2022, gross loans & advances of the Bank amounted to PKR 1,382.7 Bn depicting a modest increase of 5.9% or PKR 77.5 Bn against PKR 1,305.2 Bn at end of the year 2021. Whereas, performing/ net advances stood at PKR 1,188.2 Bn i.e. 6.7% up from PKR 1,113.4 Bn level at the end of 2021. Growth in advances was achieved in all major products including corporate, commercial, retail and Islamic. Accordingly, Advance-to-Deposit Ratio (gross) has improved to around 53% at end of Q1'22.

### ▪ Investments

Pursuant to an effective risk and liquidity management strategy, the Bank is maintaining a diversified investment portfolio across zero risk weighted instruments, high dividend yielding equities and other interest-bearing financial instruments. As at March 31, 2022, the Bank's investments (at cost) amounted to PKR 1,981.0 Bn (2021:PKR 1,924.2 Bn) with a carrying value of PKR 1,997.3 Bn (2021:PKR 1,938.2 Bn). During the Quarter under review, PKR 56.9 Bn or 3% increase in the investments (at cost) mostly came in the held to maturity securities. Given the limited quality loan growth demand, and a steady growth in customer deposits, excess liquidity with the Bank is mostly placed in shorter term GoP securities to capitalize on price volatility in the currently hiking policy rate environment.

### ▪ Deposits & Funding

At March 31, 2022, total deposits amounted to PKR 2,634.5 Bn which is PKR 384.6 Bn or 12.7% lower than Dec'21 levels of PKR. 3,019.2 Bn. The drop reflects a usual trend observed during 1<sup>st</sup> quarter as certain year-end large FIs deposits fly out. This would usually reverse in the following quarters. Major share of the Bank's funding comes from core customer sticky deposits that contribute PKR 2,347.6 Bn or 89.1% of the Bank's total deposits. Non-remunerative current deposits are significant at 25.1% of the total customer deposits; whereas remunerative but low cost current accounts deposits made 21.0% of total deposits.

With current accounts at PKR 1,341.0 Bn or 51% of the total deposits at March 31, 2022, the Bank maintains a strong liquidity profile. The Bank's CASA ratio stood high at 83%. Liquidity Coverage Ratio and Net Stable Funding Ratio remained over the regulatory requirements as the same stood at 141% (Dec'21:164%) and 246% (Dec'21:278%), respectively vis-à-vis regulatory requirement of 100% for each.

### ▪ Capital Strength and Adequacy

The Bank has been designated as a Domestic Systemically Important Bank "D-SIB" by the SBP. Accordingly, the Bank seeks to maintain strong levels of capitalization to build resilience and maintain adequate buffers over regulatory requirements.

During Q1'22, the Bank's Eligible Tier 1 capital increased by 8.8% from PKR 199.7 Bn at Dec 31, 2021 to PKR 217.3 Bn at end March 31, 2022. Likewise, Eligible Tier 2 capital also increased by PKR 6.9 Bn or 10.7% to reach PKR 71.2 Bn. Tier 2 capital mainly increased corresponding to the increase in Tier-1 capital. Whereas total RWAs increased marginally by PKR 29.3 Bn or 2.3% from PKR 1,295.2 at YE'21 to PKR 1,324.5 Bn at end of March 2022.

Accordingly, Total Capital Adequacy Ratio (CAR) improved to 21.78% with Tier-1 capital adequacy ratio at 16.40% as compared to 20.39% and 15.42%, respectively at YE'21. The Tier 1 leverage ratio of 3.0% was introduced in response to the Basel III accord. At March 31, 2022, the Bank's leverage ratio was satisfactory at 3.88%. All financial soundness ratios are well compliant with applicable regulatory requirements.

Net Assets amount to PKR 298.3 Bn i.e. 4.2% higher than PKR 286.2 Bn at the end of 2021. These translate into a break-up value of PKR 140.2 per share (YE'21: PKR 134.5).

## Compliance & Risk Matters in the New York Branch

The Bank operates a branch in New York, which is licensed by the New York State Department of Financial Services (NYSDFS) and is also subject to supervision by the Federal Reserve Bank of New York (FRBNY) (hereinafter referred to as "US regulators"). As reported previously, the Bank and branch entered into a Written Agreement with its US regulators in 2016, which was superseded by Enforcement Actions issued by US regulators in February 2022. These Actions included payment of fines totaling US \$ 55.4 Mn, equivalent to PKR 9.8 Bn, focused on historical compliance program weaknesses and delays in making compliance related enhancements. These fines were paid shortly following issuance of the Actions.

Under these Actions, the Bank is required to enhance its Anti Money Laundering and, to a lesser extent, its Sanctions Compliance controls and submit status reports at defined frequencies to the US Regulators, which is being done per the remedial plan instituted by the branch and overseen by management at Head Office. The branch has been under new management since May 2020 and has substantially enhanced its compliance program, as recognized by its US regulators. The Bank's management and the Board of Directors continue to provide close oversight of the branch's remedial actions and are committed to ensure compliance with the conditions agreed to in the Actions.

## Contingency Regarding the Pension Case

Status of the case is the same as explained in note 25.3.3.1 to the audited unconsolidated financial statements for the year ended December 31, 2021. The management's estimate of overall increase in pension liability, based on the independent actuarial firm report for the period ended March 31, 2022 amounted to PKR 76.5 Bn, excluding any penal interest / profit payment (if any) due to delayed payment. Further, the pension expense for March 2022 onward will also increase by PKR 6.3 Bn due to this decision. Based on the opinion of legal counsel, no provision for any additional pension liability has been made in these unconsolidated condensed interim financial statements for the above mentioned amount as the Bank is confident about a favourable outcome on the matter.

## Changes in the Board of Directors

The following Directors have retired from the Board of NBP after completing their tenure on April 16, 2022:

1. Mr. Zubyr Soomro, Chairman
2. Mr. Tawfiq A. Hussain, Director
3. Mr. Imam Bakhsh Baloch, Director
4. Ms. Sadaffe Abid, Director

## Credit Ratings

NBP is rated as 'AAA' by both the recognised credit rating agencies in Pakistan. In June 2021, M/s VIS Credit Rating Company re-affirmed the Bank's standalone credit rating as "AAA", the highest credit rating awarded by the company for a bank in Pakistan. Similarly, M/s PACRA Credit Rating Company also assigned the Bank long-term entity rating as 'AAA' (Triple AAA) and short-term credit rating as 'A1+' (A-one Plus).

## Future Outlook

On the back of recent monetary tightening, mounting inflation, real GDP growth is expected to moderate to 4.3% in FY22 and then further to 4.0% in FY23 as the Government undertakes fiscal tightening measures to manage growing demand pressures and contain external and fiscal imbalances. With the fading away of the

COVID-19, structural reforms and continuity of social protection programs are all key to ensuring inclusive & sustainable growth towards achieving the forecast GDP growth. Fiscal incentives and policies to boost export competitiveness, bolster the performance of the manufacturing sector and augment private investment are to play an instrumental role in strengthening the country's economic outlook. However, mid-term volatility may be expected amidst the recent political changes in the country and the region. Corrective policy responses are expected from the government and the central bank to dampen the blow dealt to businesses by the pandemic outbreak and macro imbalances in the economy.

Despite the challenging environment, your Bank will continue to play its National role towards supporting a robust economic momentum in the country, while also maintaining a strong & resilient balance sheet to create long term value for its shareholders and other stakeholders. In the foreseeable future, the Bank's business strategy will remain focused on financing and supporting underserved sectors including SME, Microfinance, Agriculture Finance and the PM's Low-Cost Housing initiative as well as Islamic financing on a priority basis.

### Acknowledgement & Appreciation

We appreciate the continued efforts & dedication of our employees towards provision of uninterrupted service to the Nation amidst the pandemic. We would also like to acknowledge the support of the Government of Pakistan, the State Bank of Pakistan, the SECP and other regulatory bodies for their enabling the Bank to achieve its potential and contribute towards the socio-economic development of Pakistan.

We also take the opportunity to express our gratitude to Mr. Zubyr Soomro for his services to the Bank during his three years as Chairman. We also recognise and are grateful to Mr. Tawqif Asghar Hussain, Mr. Imam Bakhsh Baluch and Ms. Sadaf Abid for their contributions as Director.

**2. BASIS OF PRESENTATION**

**2.1 STATEMENT OF COMPLIANCE**

**2.1.1** These unconsolidated condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:

- International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan as are notified under the Companies Act, 2017;
- Provisions of and directives issued under the Banking Companies Ordinance, 1962 and the Companies Act, 2017; and
- Directives issued by the State Bank of Pakistan (SBP) and the Securities and Exchange Commission of Pakistan (SECP).

Wherever the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017, or the directives issued by the SBP and the SECP differ with the requirements of IAS 34 or IFAS, the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 and the said directives shall prevail.

**2.1.2** The SBP vide BSD Circular letter No.10, dated August 26, 2002 has deferred the applicability of International Accounting Standard 39, Financial Instruments (IAS 39): Recognition and Measurement and International Accounting Standard 40, Investment Property for banking companies till further instructions. Moreover, SBP vide BPRD circular No.4, dated February 25, 2015 has deferred the applicability of Islamic Financial Accounting Standards IFAS 3, Profit and Loss Sharing on Deposits. Further, according to the notification of the SECP issued vide SRO 411(I) /2008 dated April 28, 2008, International Financial Reporting Standard IFRS 7, Financial Instruments: Disclosures has not been made applicable for banks. Accordingly, the requirements of these standards have not been considered in the preparation of these unconsolidated condensed interim financial statements. However, investments have been classified and valued in accordance with the requirements of various circulars issued by the SBP.

**2.1.3** The SECP vide SRO 56 (1) / 2016 dated January 28, 2016, has notified that the requirements of IFRS 10 (Consolidated Financial Statements) and section 228 of the Companies Act, 2017 will not be applicable with respect to the investment in mutual funds established under Trust structure.

**2.1.4** The disclosures made in these unconsolidated condensed interim financial statements have been limited based on the format prescribed by the SBP vide BPRD Circular No. 5, dated March 22, 2019 and International Accounting Standard IAS 34, 'Interim Financial Reporting' and do not include all the information required in the annual financial statements. Accordingly, these unconsolidated condensed interim financial statements should be read in conjunction with the annual financial statements of the Bank for the year ended December 31, 2021.

**2.1.5** These unconsolidated condensed interim financial statements are the separate financial statements of the Bank in which the investments in subsidiaries, associates and joint ventures are stated at cost and have not been accounted for on the basis of reported results and net assets of the investees.

### 3. Application of new and revised International Financial Reporting Standards (IFRSs)

#### 3.1 Standards, interpretations of and amendments to accounting and reporting standards that are effective in the current period

IFRS 9 'Financial Instruments'- IFRS 9 replaced the existing guidance in IAS 39 Financial Instruments: Recognition and Measurement. IFRS 9 includes revised guidance on the classification and measurement of financial instruments and a new expected credit loss model for calculating impairment on financial assets.

SBP vide its BPRD Circular Letter No. 24 of 2021 dated July 05, 2021 extended the implementation date of IFRS 9 to January 01, 2022 from an earlier implementation date of January 01, 2021. Moreover, SBP has also issued guidelines for the application of IFRS 9 for banks in Pakistan and as part of the consultative process, the banking industry has provided comments and sought clarifications on such guidelines which are critical in finalizing the adoption of the standard on the Bank and its impact. The final guidelines are yet to be issued by the SBP and the banks in Pakistan are collectively of the opinion that IFRS 9 can only be adopted once the final guidelines are issued. Accordingly, the bank has not adopted IFRS 9 in these condensed interim financial statements.

There are certain amendments to existing accounting and reporting standards that have become applicable to the Bank for accounting periods beginning on or after January 01, 2022. These are either considered to be not relevant or do not have any significant impact on these unconsolidated condensed interim financial statements.

#### Standards, interpretations of and amendments to accounting and reporting standards that are not yet effective

There are various standards and amendments to accounting and reporting standards as applicable in Pakistan that are not yet effective. These are not likely to have a material effect on the Bank's financial statements.

### 4. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies adopted for presentation of these unconsolidated condensed interim financial statements are same as those followed in presentation of the unconsolidated financial statements of the Bank for the year ended December 31, 2021.

General provision also includes Rs. 396 million (2021: Rs. 252 million) pertaining to overseas advances to meet the requirements of regulatory authorities of the respective countries in which the Bank operates.

The bank has also maintained general provision of Rs. 8,540 million (December 31, 2021: Rs. 6,603 million) in respect of its underperforming portfolio on prudent basis.

- 10.4.3** The SBP has allowed specific relaxation to the Bank for non-classification of overdue loans of certain Public Sector Entities (PSEs) which are guaranteed by Government of Pakistan as non-performing loans up till December 31, 2022. No provision is required against these loans; however, mark-up is being suspended as required by the Prudential Regulations.

- 10.4.4** These represent non-performing advances for agriculture finance which have been classified as loss and fully provided for more than 3 years. These non-performing advances have been charged off by extinguishing them against the provision held in accordance with Prudential Regulations for Agriculture Financing issued by the SBP. ## 21. GENERAL LOAN LOSS RESERVE

The Bank is cognizant of the fact that a part of its credit or loan portfolio (funded and non-funded) which is not currently impaired as per the applicable Prudential Regulations is underperforming and therefore the potential for risk of credit losses on this part of portfolio is higher than the usual risk. Therefore, as a matter of abundant caution and in order to protect the equity base of the Bank from future contingencies in respect of the credit portfolio, the Board of Directors in their meeting held on April 29, 2015 decided to transfer an aggregate amount of Rs. 12 billion from the unappropriated profits to a "General loan loss reserve". This appropriation was made on the basis of the management's best estimates and judgement regarding the inherent portfolio risks. Subsequently, Board of Directors in their meeting held on 11 & 12 July, 2019 decided to transfer Rs. 4 billion from general loss reserve to unappropriated profit based on revised estimates. During the period, management revisited the estimates and transferred the remaining Rs. 8 billion from loan loss reserve to unappropriated profit.

### **23.3.2 Taxation**

The status of Tax contingencies is same as disclosed in annual financial statements of the bank for the year ended December 31, 2021, except for the following;

During the period under review the appeals for tax years 2006 and 2007 have been decided against the Bank by CIR(A) and the Bank intends to file further appeal before ATIR on legal grounds. The Tax Advisor is confident that the ultimate outcome of the proceeding will be decided in the Bank's favor.

The aggregate effect of contingencies as on March 31, 2022, including amount of Rs. 1,982.32 million (December 31, 2021: Rs. 1,982.32 million) in respect of indirect tax issues, amounts to Rs. 19,964.93 million (December 31, 2021: Rs.19,964.93 million). No provision has been made against these contingencies, based on the opinion of tax consultants of the Bank, who expect favorable outcome upon decisions of pending appeals.

### **23.3.3 Contingencies in respect of employees benefits and related matters**

As at March 31, 2022, the status of contingencies disclosed in the annual unconsolidated financial statements for the year ended December 31, 2021 is same, other than the following:

#### **23.3.3. Pensionary benefits to retired employees**

This has been explained in note 25.3.3.1 to the unconsolidated financial statements for the year ended December 31, 2021. The management's estimate of overall increase in pension liability, based on the independent actuarial firm report for the period ended March 31, 2022 amounted to Rs. 76.5 billion, excluding any penal interest / profit payment (if any) due to delayed payment. Further, the pension expense for March 2022 onward will also increase by Rs. 6.3 billion due to this decision. Based on the opinion of legal counsel, no provision for any additional pension liability has been made in these unconsolidated condensed interim financial statements for the above mentioned amount as the Bank is confident about a favorable outcome on the matter.

#### **23.3.3. Regularizing the temporary hires / workers deployed by Service provider companies under outsourcing**

The current status of these contingencies is same as disclosed in the annual unconsolidated financial statements of the Bank for the year ended December 31, 2021.

#### **23.3.4 Compliance and risk matters relating to anti-money laundering at the New York Branch**

The Bank operates a branch in New York, which is licensed by the New York State Department of Financial Services (NYSDFS) and is also subject to supervision by the Federal Reserve Bank of New York (FRBNY) (hereinafter referred to as "US regulators"). As reported previously, the bank and branch entered into a Written Agreement with its US regulators in 2016, which was superseded by Enforcement Actions issued by US regulators in February 2022. These Actions included payment of fines totaling US \$ 55.4 million, equivalent to Rs. 9,778 million, focused on historical compliance program weaknesses and delays in making compliance related enhancements. These fines were paid shortly following issuance of the Actions.

Under these Actions, the Bank is required to enhance its Anti Money Laundering and, to a lesser extent, its Sanctions Compliance controls and submit status reports at defined frequencies to the US Regulators, which is being done per the remedial plan instituted by the branch and overseen by management at Head Office. The branch has been under new management since May 2020 and has substantially enhanced its compliance program, as recognized by its US regulators. Bank management and the Board of Directors continue to provide close oversight of the branch's remedial actions and are committed to ensure compliance with the conditions agreed to in the Actions.

<b>35. FAIR VALUE MEASUREMENTS</b>			

The fair value of quoted securities other than those classified as held to maturity, is based on quoted market price. Quoted instruments classified as held to maturity are carried at cost. The fair value of unquoted equity securities, other than investments in associates and subsidiaries, is determined on the basis of the break-up value of these investments as per their latest available audited financial statements.

The fair value of unquoted debt securities, fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

### 35.1 Fair value of financial assets

The Bank measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

**Level 1:** Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

**Level 2:** Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

**Level 3:** Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The table below analyses financial instruments measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorized:

IFRS 9 includes revised guidance on the classification and measurement of financial instruments and a new expected credit loss model for calculating impairment on financial assets.

SBP vide its BPRD Circular Letter No. 24 of 2021 dated July 05, 2021 extended the implementation date of IFRS 9 to January 01, 2022 from an earlier implementation date of January 01, 2021. Moreover, SBP has also issued guidelines for the application of IFRS 9 for banks in Pakistan and as part of the consultative process, the banking industry has provided comments and sought clarifications on such guidelines which are critical in finalizing the adoption of the standard on the Bank and its impact. The final guidelines are yet to be issued by the SBP and the banks in Pakistan are collectively of the opinion that IFRS 9 can only be adopted once the final guidelines are issued. Accordingly, the bank has not adopted IFRS 9 in these condensed interim financial statements.

There are certain amendments to existing accounting and reporting standards that have become applicable to the Group for accounting periods beginning on or after January 01, 2022. These are either considered to be not relevant or do not have any significant impact on these consolidated condensed interim financial statements.

**Standards, interpretations of and amendments to accounting and reporting standards that are not yet effective**

There are various standards and amendments to accounting and reporting standards as applicable in Pakistan that are not yet effective. These are not likely to have a material effect on the Group's financial statements.

**4. SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies adapted for presentation of these consolidated condensed interim financial statements are same as those followed in presentation of the consolidated financial statements of the Group for the year ended December 31, 2021.

**5. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS**

## 22. GENERAL LOAN LOSS RESERVE

The Bank is cognizant of the fact that a part of its credit or loan portfolio (funded and non-funded) which is not currently impaired as per the applicable Prudential Regulations is underperforming and therefore the potential for risk of credit losses on this part of portfolio is higher than the usual risk. Therefore, as a matter of abundant caution and in order to protect the equity base of the Bank from future contingencies in respect of the credit portfolio, the Board of Directors in their meeting held on April 29, 2015 decided to transfer an aggregate amount of Rs. 12 billion from the unappropriated profits to a "General loan loss reserve". This appropriation was made on the basis of the management's best estimates and judgement regarding the inherent portfolio risks. Subsequently, Board of Directors in their meeting held on 11 & 12 July, 2019 decided to transfer Rs. 4 billion from general loss reserve to unappropriated profit based on revised estimates. During the period, management revisited the estimates and transferred the remaining Rs. 8 billion from loan loss reserve to unappropriated profit.

#### **24.3.4 Compliance and risk matters relating to anti-money laundering at the New York Branch**

The Bank operates a branch in New York, which is licensed by the New York State Department of Financial Services (NYSDFS) and is also subject to supervision by the Federal Reserve Bank of New York (FRBNY) (hereinafter referred to as "US regulators"). As reported previously, the bank and branch entered into a Written Agreement with its US regulators in 2016, which was superseded by Enforcement Actions issued by US regulators in February 2022. These Actions included payment of fines totaling US \$ 55.4 million, equivalent to Rs. 9,778 million, focused on historical compliance program weaknesses and delays in making compliance related enhancements. These fines were paid shortly following issuance of the Actions.

Under these Actions, the Bank is required to enhance its Anti Money Laundering and, to a lesser extent, its Sanctions Compliance controls and submit status reports at defined frequencies to the US Regulators, which is being done per the remedial plan instituted by the branch and overseen by management at Head Office. The branch has been under new management since May 2020 and has substantially enhanced its compliance program, as recognized by its US regulators. Bank management and the Board of Directors continue to provide close oversight of the branch's remedial actions and are committed to ensure compliance with the conditions agreed to in the Actions.

### 36. FAIR VALUE MEASUREMENTS

The fair value of quoted securities other than those classified as held to maturity, is based on quoted market price. Quoted instruments classified as held to maturity are carried at cost. The fair value of unquoted equity securities, other than investments in associates and subsidiaries, is determined on the basis of the break-up value of these investments as per their latest available audited financial statements.

The fair value of unquoted debt securities, fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

#### 36.1 Fair value of financial assets

The Group measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

**Level 1:** Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

**Level 2:** Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

**Level 3:** Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The table below analyses financial instruments measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorised:
