DIRECTORS' REVIEW

The Directors of your Company present herewith their review along with the un-audited Condensed Interim Financial Information for the nine months period ended March 31, 2022.

INDUSTRY OVERVIEW

The overall Cement industry's sales witnessed a decline by 6 percent to 40.8 million tons during the nine months period ended March 31, 2022, as compared to 43.3 million tons during the same period last year. The domestic sales figure of 36.17 million tons, during the same period remained in line with the volume of 36.18 million tons reported in the comparative period last year. However, the exports sales level has registered a decline of 35 percent which works out to a volume of 4.6 million tons versus 7.15 million tons realized during the same period last year.

The decline in overall sales volume was mainly attributed to the decline in export sales category due to volatility in the coal prices and international freight costs. The rise in coal prices coupled by spikes in international freight bills has forced the industry to increase the per bag price for export which has adversely affected the demand of Pakistan's cement which is not seen as competitive in the international markets.

For the period under review, the domestic sales in South Zone, where your Company is situated has increased by 12% to 6.2 million tons as compared to 5.5 million tons during the same period last year. Whereas, the export sales decreased by 24% to 3.9 million tons as compared to 5.2 million tons during the same period last year. As a result, the South Zone closed at a total dispatch of 10.2 million tons.

In the North Zone, the domestic sales declined by 2%, whereas the export sales declined by 64%. As a result, the North Zone recorded a net decline of 6%.

BUSINESS PERFORMANCE

Production & sales volume performance

The production and sales volume statistics of your Company for the nine months period ended March 31, 2022 together with the corresponding period are as under:

Particulars	Nine months period ended		
	March 31 2022	March 31 2021	Variance %
	In Tons		
Cement production	1,189,318	1,385,514	(14) %
Clinker production	1,435,880	1,825,972	(21)%
Clinker purchase	48,222	-	-

Particulars	Nine months period ended		
	March 31 2022	March 31 2021	Variance %
	In Tons		
Cement / clinker dispatches (Local)	1,263,744	1,233,333	2 %
Cement dispatches (Export)	76,409	157,661	(51) %
Clinker dispatches (Export)	418,969	479,730	(13) %
Total	1,759,122	1,870,724	(6)%

The production of clinker decreased by 390,092 metric tons. The overall capacity utilization of clinker stood at 60% as compared to 76% in the corresponding period.

The capacity utilization of new Line-III stood at 83% as compared to 105% in the corresponding period. The low utilization level was due to the fact that a component of the

new Line III of the Company's plant, fully covered under warranty, was damaged at the end of January 2022. Due to the warranty coverage, plan to carry out the repair work locally and the availability of the stock sufficient to cover over two-months' sale, no material financial impact was anticipated. The planned periodic maintenance of the plant was also performed during this period.

However, lately, the vendor informed the company that the damaged part needs to be imported as the local repairs could not achieve the desired level of satisfaction. Due to this turn of events the management feels that there might evolve a material issue as more time will be required to import the damaged part, resulting in significant delay in operations.

While the Line III is expected to resume its operations in a matter of few days as of this report date, the

Company remains operational throughout through its production Line II. Moreover the company is also supporting its sales dispatches by local purchase of clinker as well.

Financial performance

An analysis of the key financial results of your Company for the nine months period ended March 31, 2022 is as under:

Particulars	Nine months period ended	
	March 31 2022	March 31 2021
	Rupees in '000	
Net sales revenue	13,348,926	10,782,458
Gross profit	2,236,789	2,419,456
Profit after tax	6,789	260,385
(Loss) / Earnings per share (Rupee)	(0.15)	0.14

Net Sales Revenue

The net sales revenue increased by 22% during the period mainly due to increase in local selling prices. However, the export sales remained under pressure primarily due to unprecedented high freights and enhanced production costs owing to the ever increasing coal prices.

Gross Profit

The Gross Margin of the Company reported at 17% as compared to 24% in the corresponding period primarily due to increase in production costs and timing difference in passing the impact to the consumers.

Net Profit

The Company realised after tax profit of PKR 6.8 million during the period under review as compared to PKR 260 million reported during the same period last year.

FUTURE OUTLOOK

The global inflationary trend in the commodities has resulted in increase in coal prices which along with the freight charges forms and translate into major cost component of the cement processing activity.

The Construction package announced by the previous Federal Government for the construction industry coupled with various initiatives taken by the State Bank of Pakistan have given a boost to the housing and construction activities in the country. Construction of dams, hydropower projects, real

estate development and low cost housing schemes will help to maintain the demand of cement in the medium to long term periods. These signs and developments suggest a positive outlook for the Cement Industry in Pakistan. However, the escalation in current account deficit and downward pressure on currency present downside risks to an overall growth outlook. Considering the changing political scenario, there is an immense need to formulate industry-friendly policies to catch-up with the competition in the international markets as well as to increase its indigenous consumption.

In order to boost liquidity and profitability, the Management is focused on cost control measures and constantly fine tuning its underlying strategies accordingly. Your Company is working in all relevant areas including but not limited to use of alternative fuels, sources of energy and optimising operations of the plant to rationalise the operational costs.

Subsequent to the period, the Company has also entered into a twenty years (20) rental agreement with M/s. Burj Solar Energy (Private) Limited for obtaining a 7MW Solar Power Equipment to be housed at the Company's existing site. This is a part of the strategy to explore and secure alternate sources of energy in the longer run. A consignment carrying major equipment components has reached the site.

The Management is fully aligned with the rapid changes in regulatory regime and market dynamics. Efforts are being made to curtail the costs wherever possible and create a cost efficient sales mix to maximize profitability, continue mitigating market risks, engaging strategies to meet future challenges and achieve sustain business growth.

ACKNOWLEDGEMENT

The Directors are grateful to the Company's stakeholders for their continued confidence and patronage. We wish to place on record our appreciation and thanks for the faith and trust reposed by our Shareholders, Business Partners, Bankers and Financial Institutions. We thank the Ministry of Finance, Ministry of Industries & Production, the Securities & Exchange Commission of Pakistan, the State Bank of Pakistan, the Competition Commission of Pakistan, Central Depository Company of Pakistan and the Management of Pakistan Stock Exchange for their continued support and

guidance which has gone a long way in giving the present shape to the Company.

The results of an organization are greatly reflective of the efforts put in by the people who work for and with the Company. The Directors fully recognize the collective contribution made by the employees of the Company and its contractors towards the successful completion of expansion project. We also appreciate the valuable contribution and active role of the members of the audit and other committees in supporting and guiding the management on matters of great importance.

NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS

FOR THE NINE MONTHS ENDED MARCH 31, 2022 - UNAUDITED

1. STATUS AND NATURE OF BUSINESS

Power Cement Limited (the Company) was established as a Private Limited Company on December 1, 1981 and was converted into a Public Limited Company on July 9, 1987. The Company is also listed on Pakistan Stock Exchange. The Company's principal activity is manufacturing, selling and marketing of cement. The registered office of the Company is situated at Arif Habib Centre, 23 M.T. Khan Road, Karachi and its undertaking is situated at Deh Kalo Kohar, Nooriabad Industrial Estate, District Jamshoro (Sindh).

The Company began commercial production from its new Clinker Production Plant on July 1, 2020.

2. BASIS OF PREPARATION

These condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:

- International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where the provisions of and directives issued under the Companies Act, 2017 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017 have been followed.

These condensed interim financial statements do not include all the information required for full financial statements and should be read in conjunction with the annual financial statements of the Company for the year ended 30 June 2021.

2.1 Changes in accounting standards, interpretations and pronouncements

a) Standards and amendments to approved accounting and reporting standards that are effective

There are certain amendments and interpretations to the accounting and reporting standards which are mandatory for the Company's annual accounting period which began on July 1, 2021. However, these do not have any significant impact on the Company's financial reporting.

b) Standards and amendments to approved accounting and reporting standards that are not yet effective

There are certain amendments and interpretations to the accounting and reporting standards that will be mandatory for the Company's annual accounting periods beginning on or after July 1, 2022. However, these will not have any impact on the Company's financial reporting and, therefore, have not been disclosed in these condensed interim financial statements.

3. ACCOUNTING POLICIES

The accounting policies adopted in the preparation of these condensed interim financial statements are the same as those applied in the preparation of the annual financial statements of the Company for the year ended June 30, 2021.

NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS

11 CONTINGENCIES AND COMMITMENTS

11.1 Contingencies

There is no change in the status of the contingencies as disclosed in note 27.1 to the annual financial statements for the year ended June 30, 2021, except as mentioned below.

- 11.1.1 The Company had filed petitions against the unjust imposition of quarterly tariff adjustments on bills charged by Hyderabad Electric Supply Corporation (HESCO) with the approval of NEPRA. The Court granted interim reliefs refraining the respondents to take any adverse action with the submission of bank guarantee before the Nazir of the Court.

Further, on expiration of the notification covered by the earlier relief, the Company filed another petition on imposition of quarterly tariff adjustments and subsequently obtained an interim relief on September 01, 2021, refraining the respondents to take any adverse action.

The management in consultation with its legal advisor is confident that the outcome of the case would be in favor of the Company hence no provision is made in these financial statements.

11.1.2 The DCIR passed order vide no. 05/07/2020 dated December 27, 2019 creating demand of Rs.13.05 million along with penalty of Rs. 0.65 million. The Company filled appeal us/ 45B of the Act. The CIR-Appeals vide its order vacated the demand created to the extent of Rs.1.55 million. The Company paid Rs. 4.82 million and filed appeal against the remaining disallowance before ATIR hearing of this is pending till the date of this order.

During the period, the DCIR initiated the remanded back proceedings and concluded exercise by creating a demand of Rs 1.55 million along with the penalty of Rs. 0.078 million. The learned DCIR while passing the aforesaid order failed to consider the reply filed by the Company, recognizing the mistake apparent on records the Company filed application for rectification of mistake u/s 57 of the Act on July 26, 2021, no action by the office of learned DCIR has yet been made on our application till date. Since no reply from the officer received therefore the management has filed appeal against the impugned order before CIR-Appeals on August 25, 2021.

The management in consultation with its legal advisor is confident that the outcome of the case would be in favour of the Company hence no provision is made in these financial statements.

11.1.3 The Company based on legal grounds of legislative competence, still contributes EOBI calculated at the minimum wage of Rs 8,000/-. No demand has been established against the Company in this regard.
