Review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope then an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion. However, because of the matters described in the basis of diclaimer section of our report we were unable to conduct significant review procedure that we considered necessary to express a conculsion on the condensed interim financial information.

The financial statements, however, do not disclose this fact and any adjustment to that effect.

The evidence available to us to confirm the appropriateness of preparing the financial statements on a "going concern" basis was invalid because of the reason mentioned in the preceeding paragraph.

The beginning balances of entire account balances appearing in the statement of financial position remained unverified (refer para (a) to (q) of annual audit report which expressed disclaimer of an audit opinion dated 07 October 2021) the verification of same remained status quo.
