REPORT OF THE FUND MANAGER Meezan Balanced Fund (MBF)

Type of Fund

Balanced category fund that invests in Shariah compliant listed equity securities and listed or unlisted Islamic fixed income products.

Objective

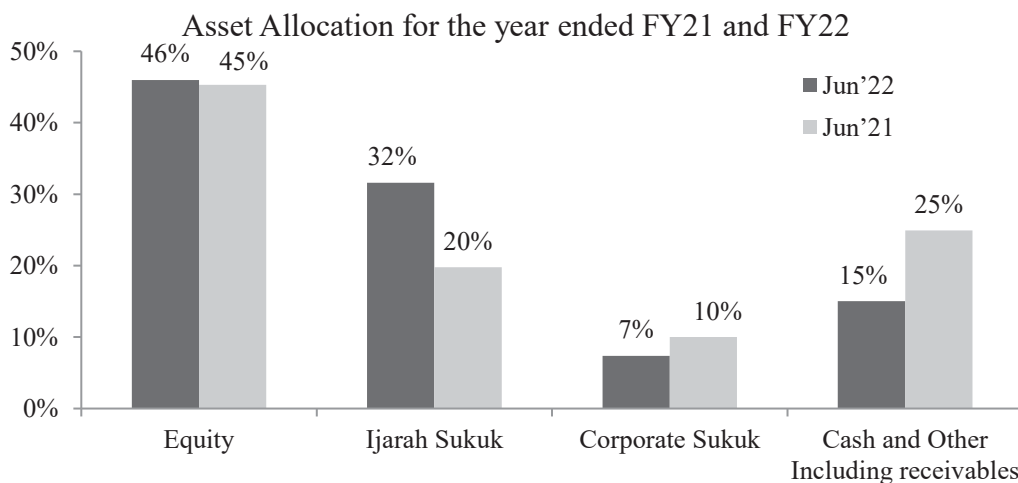

The objective of MBF is to generate long term capital appreciation as well as current income by creating a balanced portfolio that is invested both in high quality equity securities and Islamic fixed income avenues such as Sukuk (Islamic Bonds), Musharaka and Murabaha instruments, Shariah compliant spread transactions, Certificate of Islamic Investments, Islamic bank deposits, and other Islamic income products.

The fund invests only in Shariah Compliant instruments with the objective of maximizing total return to its unit holders and maintaining risks within acceptable levels. The fund also has a focus of long term preservation of capital and aims to maximize total returns by varying fund's allocations to fixed income and equity exposures in accordance with the economic conditions and market scenario.

Strategy and Investment Policy

Being a balanced fund, performance of MBF is linked proportionately to the performance of stock market and Islamic fixed income instruments. The fund manager, Al Meezan Investments, actively manages the fund with an aim to provide maximum risk adjusted total return to the investors. The fund primarily aims at controlling risk by balancing growth and income earning objectives of certificate holders. To achieve this purpose, the fund manager strives to reduce equity exposure in times when the market is trading above valuations and increase exposure to high quality liquid Islamic fixed income instruments. As per revised policy, the fund can invest up to 50% in listed equities.

During the year, the focus was on proactive and continuous re-allocation between high yield instruments so as to optimize fund return while simultaneously minimizing risk. To keep interest rate risk at a minimum, the fund manager over the period kept the duration of the fixed income portfolio below six months.

Pure. Profit.

The fund maintained significant exposure to the Oil and Gas Exploration sector which was raised in FY22 in wake of rising commodity prices and sharp PKR devaluation. Exposure to cement sector was simultaneously reduced in light rapid tightening undertaken by the central bank. The average equity exposure in the fund during the year was 47.89% while the remaining was deployed in quality fixed income instruments.

Report of the *Shari'ah* Advisor –Meezan Balanced Fund

July 29, 2022/ Dhu Al-Hijjah 29, 1443

Alhamdulillah, the period from July 01, 2021 to June 30, 2022 was the Eighteenth year of operations of Meezan Balanced Fund (MBF) under management of Al Meezan Investment Management Limited (Al Meezan). We, Meezan Bank Limited, are the *Shari'ah* advisors of the Fund and are issuing the report in accordance with clause 8.2.7 of the Trust Deed of the Fund. The scope of the report is to express an opinion on the *Shari'ah* compliance of the Fund's activity

In the capacity of *Shari'ah* Advisor, we have prescribed six criteria for *Shari'ah* compliance of equity investments which relate to (i) Nature of business, (ii) Interest bearing debt to total assets, (iii) Investment in non- *Shari'ah* compliant activities to Total assets (iv) *Shari'ah* Non-Compliant Income to Gross Revenue (v) Illiquid assets to total assets, and (vi) Net liquid assets per share vs. share price.

It is the responsibility of the management company of the fund to establish and maintain a system of internal controls to ensure *Shari'ah* compliance with the *Shari'ah* guidelines. Our responsibility is to express an opinion, based on our review, to the extent where such compliance can be objectively verified. A review is limited primarily to inquiries of the management company's personnel and review of various documents prepared by the management company to comply with the prescribed criteria.

- i. We have reviewed and approved the modes of investments of MBF in light of *Shari'ah* requirements. Following is the list of top equity holdings of MBF as on June 30, 2022 and their evaluation according to the screening criteria established by us. (December 31, 2021 accounts of the Investee companies have been used for the following calculations*):

TRUSTEE REPORT TO THE UNIT HOLDERS

MEEZAN BALANCED FUND

Report of the Trustee pursuant to Regulation 41(h) and Clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of Meezan Balanced Fund (the Fund) are of the opinion that Al Meezan Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2022 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

INDEPENDENT AUDITOR'S REPORT

To the Unit holders of Meezan Balanced Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Meezan Balanced Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2022, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2022, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with the International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S. No.	Key Audit Matter	How the matter was addressed in our audit
1	Net Asset Value (Refer notes 5 and 6 to the financial statements)	
	Investments and balances with banks constitute the most significant component of the net asset value. Investments of the Fund as at June 30, 2022 amounted to Rs 2,356.901 million and balances with banks aggregated to Rs 314.974 million. The existence and proper valuation of investments and existence of balances with banks for the determination of NAV of the Fund as at June 30, 2022 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: <ul style="list-style-type: none">Obtained independent confirmations for verifying the existence of the investment portfolio and balances with banks as at June 30, 2022 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed;Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies; andObtained bank reconciliation statements and tested reconciling items on a sample basis.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the Management Company is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

118

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Khattab Muhammad Akhi Baig**.

MEEZAN BALANCED FUND
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

1 LEGAL STATUS AND NATURE OF BUSINESS

1.1 Meezan Balanced Fund (the Fund) was initially established as a closed-end scheme under a Trust Deed executed under the Trust Act, 1882 between Al Meezan Investment Management Limited as the Management Company and Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Trust Deed was executed on June 15, 2004 and was approved by the Securities and Exchange Commission of Pakistan (SECP) on September 8, 2004 under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules) and Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations). The registered office of the Management Company is situated at Ground Floor, Block 'B', Finance and Trade Centre, Shahrah-e-Faisal, Karachi 74400, Pakistan.

Subsequently, on May 3, 2013, SECP vide its letter No. SCD/AMCW/MBF /512/2013 had approved the conversion of the closed end structure into an open end scheme through the establishment of the Unit Trust Scheme under the name of Meezan Balanced Fund (MBF). On June 27, 2013, SECP vide its letter No SCD/AMCW/MBF/613/2013 registered MBF (the open-end scheme) as a notified entity and had withdrawn the registration of MBF as a closed end scheme with effect from the effective date i.e. July 1, 2013 and therefore from July 1, 2013, the Fund had been converted into an open end scheme and, accordingly, the certificate holders of the closed end scheme at June 30, 2013 were converted to unitholders of the open end scheme.

During the year ended June 30, 2021, the Trust Act, 1882 was repealed due to the promulgation of Provincial Trust Act namely "Sindh Trusts Act, 2020" (the Sindh Trust Act). Consequently, the Fund is now required to be registered under the Sindh Trust Act. Accordingly, on September 3, 2021, the above-mentioned Trust Deed has been registered under the Sindh Trust Act.

1.2 The Management Company has been licensed by the SECP to act as an Asset Management Company under the NBFC Rules through a certificate of registration issued by the SECP.

1.3 The investment objective of the Fund is to generate long-term capital appreciation as well as current income by creating a balanced portfolio that is invested both in high quality Shariah compliant equity securities and Islamic income instruments such as Islamic Sukuks (certificates of Islamic investment), Musharaka Certificates, Government Securities, cash in bank accounts, Money Market Placements, Deposits, Certificates of Deposits, Term Deposits Receipts, Commercial Papers, Islamic alternatives of Reverse Repos, Spread Transactions, and other Shariah compliant instruments as indicated by the SECP. Under the Trust Deed all the conducts and acts of the Fund are based on Shariah principles. The Management Company has appointed Meezan Bank Limited as its Shariah Advisor to ensure that the activities of the Fund are in compliance with the principles of Shariah.

1.4 The Fund is an open-end fund listed on the Pakistan Stock Exchange Limited. The Fund is categorised as a Shariah Compliant Balanced Fund in accordance with Circular 7 of 2009 issued by the SECP.

1.5 Title to the assets of the Fund are held in the name of Central Depository Company of Pakistan (CDC) as the Trustee of the Fund.

1.6 The Management Company has been assigned a quality rating of AM1 by VIS dated December 27, 2021 (2020: AM1 dated December 31, 2020) and by PACRA dated June 23, 2022 (2021: AM1 dated June 23, 2021). The rating reflects the Company's experienced management team, structured investment process and sound quality of systems and processes.

2 BASIS OF PRESENTATION

The transactions undertaken by the Fund are in accordance with the process prescribed under the Shariah guidelines issued by the Shariah Advisor and are accounted for on substance rather than the form prescribed by the earlier referred guidelines. This practice is being followed to comply with the requirements of the accounting and reporting standards as applicable in Pakistan.

3 BASIS OF PREPARATION

3.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;

- Provisions of and directives issued under the Companies Act 2017, along with part VIIIA of the repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

3.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year

There are certain amendments to the standards and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2021 but are considered not to be relevant or do not have any significant effect on the Fund's operations and are, therefore, not disclosed in these financial statements.

3.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

There are certain standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2022 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are therefore not disclosed in these financial statements.

3.4 Critical accounting estimates and judgments

The preparation of financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgements and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgements that have a significant effect on the financial statements of the Fund relate to classification, valuation and impairment of financial assets (notes 4.3 and 6).

3.5 Accounting convention

These financial statements have been prepared under the historical cost convention except for investments which have been carried at fair values.

3.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupee, which is the Fund's functional and presentation currency.

4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4.1 The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years presented.

4.2 Cash and cash equivalents

These comprise balances with banks in savings and current accounts, cheques in hand and other short-term highly liquid investments with original maturities of three months or less.

4.3 Financial assets

4.3.1 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

4.3.2 Classification and subsequent measurement

4.3.2.1 Debt instruments

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- amortised cost
- at fair value through other comprehensive income (FVOCI)
- at fair value through profit or loss (FVPL)

based on the business model of the entity.

However, IFRS 9 also provides an option whereby securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis, to be recognized at FVPL. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Therefore the management considers its investment in debt securities as being managed as a group of assets and hence has classified them as FVPL.

4.3.2.2 Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the "Statement of Assets and Liabilities" at fair value, with gains and losses recognised in the "Income Statement", except where an irrevocable election has been made at the time of initial recognition to measure the investment at FVOCI. The management considers its investment in equity securities being managed as a group of assets and hence has classified them as FVPL. Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVPL is recognised in the Income Statement.

Since all investments in equity instruments have been designated as FVPL, the subsequent movement in the fair value of equity securities is routed through the Income Statement.

4.3.3 Impairment

The fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

4.3.4 Impairment loss on debt securities

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the Income Statement.

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, considering the specific credit and financial condition of the debt security issuer and in accordance with the provisioning policy duly approved by the Board of Directors of the Management Company. The provisioning policy approved by the Board of Directors has also been placed on the Management Company's website as required under the SECP's circular.

4.3.5 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

4.3.6 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

4.4 Financial liabilities

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

4.5 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

4.6 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

4.7 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

4.8 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the Management Company / distributors during business hours on that day. The offer price represents the Net Asset Value (NAV) per unit as of the close of the business day, plus the allowable sales load and provision of any duties and charges if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price applicable to units for which the Management Company / distributors receive redemption applications during business hours of that day. The redemption price is equal to NAV as of the close of the business day, less an amount as the Management Company may consider to be an appropriate provision of duties and charges.

4.9 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

4.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between Net Asset Value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

4.11 Revenue recognition

- Gains / (losses) arising on sale of investments are included in Income Statement and are recognised when the transaction takes place.
- Unrealised appreciation / (diminution) arising on re-measurement of securities classified as financial assets 'at fair value through profit or loss' are included in the Income Statement in the period in which they arise.
- Dividend income is recognised when the Fund's right to receive the same is established, i.e. on the date of commencement of book closure of the investee company / institution declaring the dividend.
- Income on sukuk certificates, commercial paper and government securities is recognised on a time proportionate basis using the effective yield method, except for the securities which are classified as Non-Performing Asset under Circular No. 33 of 2012 issued by the SECP for which the profits are recorded on cash basis.
- Profit on saving accounts with banks is recognised on an accrual basis.

4.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

4.13 Taxation

Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the condensed interim financial statements and the corresponding tax bases used in the computation of the taxable profit. The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilised. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse, based on enacted tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001, subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

4.14 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net income / (loss) of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings / (loss) per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

4.15 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

6.1.1 All shares have a face value of Rs 10 each except for the shares of Dynea Pakistan Limited and Shabbir Tiles and Ceramics Limited which have a nominal value of Rs 5 and K-Electric Limited which have a nominal value of Rs 3.5 each.

6.1.2 Investments include 150,000 shares of Engro Corporation Limited, having a market value of Rs 38.564 million (2021: Rs 44.192 million) which have been pledged with National Clearing Company of Pakistan Limited for guaranteeing settlement of the Fund's trades in accordance with Circular No. 11 dated October 23, 2007 issued by the SECP.

6.1.3 The Finance Act, 2014 introduced amendments to the Income Tax Ordinance 2001 as a result of which companies were liable to withhold five percent of the bonus shares to be issued. The shares so withheld were only to be released if the Fund deposits tax equivalent to five percent of the value of the bonus shares issued to the Fund including bonus shares withheld, determined on the basis of day-end price on the first day of closure of books of the issuing company.

In this regard, a constitutional petition had been filed by Collective Investment Schemes (CISs) through their Trustees in the High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs. The petition was based on the fact that because CISs are exempt from deduction of income tax under Clause 99 Part I to the Second Schedule of the Income Tax Ordinance 2001, the withholding tax provision should also not be applicable on bonus shares received by CISs. A stay order had been granted by the Honourable High Court of Sindh in favour of CISs.

During the year ended June 30, 2018, the Supreme Court of Pakistan passed a judgement on June 27, 2018 whereby the suits which are already pending or shall be filed in future must only be continued / entertained on the condition that a minimum of 50 percent of the tax calculated by the tax authorities is deposited with the authorities. Accordingly, the CISs were required to pay minimum 50% of the tax calculated by the tax authorities for the case to remain continued. The CISs failed to deposit the minimum 50% of the tax liability and accordingly the stay got vacated automatically during the year ended June 30, 2019. During the year ended June 30, 2020, the CISs have filed a fresh constitutional petition via CP 4653 dated July 11, 2019. In this regard, on July 15, 2019, the Honourable High Court of Sindh has issued notices to the relevant parties and has ordered that no third party interest on bonus shares issued to the Funds in lieu of their investments be created in the meantime. The matter is still pending adjudication and the Funds have included these shares in their portfolio, as the management is confident that the decision of the constitutional petition will be in favour of the CISs.

The Finance Act, 2018 effective from July 1, 2018 has omitted Section 236M of Income Tax Ordinance, 2001 requiring every company quoted on stock exchange issuing bonus shares to the shareholders of the company, to withhold five percent of the bonus shares to be issued. Therefore, bonus shares issued to the Fund during the year were not withheld by the investee companies.

As at June 30, 2022, the bonus shares of the Fund withheld by certain companies at the time of declaration of bonus shares amounted to Rs. 4.347 million (2021: 6.102 million).

6.2.2.3 Details of non-compliant investments with the investment criteria of the assigned category

The Securities and Exchange Commission of Pakistan (SECP), vide its circular No. 16 dated July 07, 2010, prescribed certain disclosures for the schemes holding investments that were non-compliant either with the minimum investment criteria specified for the category assigned to such schemes or with the investment requirement of their constitutive documents. The Securities and Exchange Commission of Pakistan vide circular 7 of 2009 dated March 6, 2009 required all Asset Management Companies to classify funds under their management on the basis of categorisation criteria laid down in the circular. Al Meezan Investment Management Limited (the Management Company) classified Meezan Balanced Fund (the Fund) as a 'Balanced Scheme' in accordance with the said circular. As at June 30, 2022, following investments of the Funds are in sukuks which are non compliant securities. At the time of investment, these were compliant as per SECP criteria and the investment policy of the Fund.

- 7.1** As per clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under section 150 and 151. However, withholding tax on dividend and profit on debt paid to the Fund has been deducted by various withholding agents based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated 12 May 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced by the withholder. The tax withheld on dividends and profit on debt amounts to Rs 1.573 million (2021: Rs 1.573 million).

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. On January 28, 2016, the Board of Directors of the Management Company passed a resolution by circulation, authorising all CISs to file an appeal in the Honourable Supreme Court through their Trustees, to direct all persons being withholding agents, including share registrars and banks to observe the provisions of clause 47B of Part IV of the Second Schedule to the Income Tax Ordinance, 2001 without imposing any conditions at the time of making any payment to the CISs being managed by the Management Company. Accordingly, a petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgement of the SHC. Pending resolution of the matter, the amount of withholding tax deducted on profit received by the Fund on dividends and profit on debt has been shown as other receivables as at June 30, 2022 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

- 11.1 According to the instructions of the Shariah Advisor, income earned by the Fund from prohibited sources should be donated for charitable purposes.

During the year ended June 30, 2022, non-shariah compliant income amounting to Rs 3.232 million (2021: Rs 2.712 million) was charged as an expense in the books of the Fund, and Rs. 4.950 million was disbursed to following charitable welfare organisations respectively:

S. No.	Charitable Organisations	Amount Rupees in '000

7	Cancer Foundation	1,500
8	Marie Adelaide Leprosy Centre	250
9	Patel Hospital	100
	Total	4,950

- 11.2 As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs/mutual funds, MUFAP recommended that, as a matter of abundant caution, provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the SWWF Act (i.e. starting from May 21, 2015).

During the year, SRB through its letter dated August 12, 2021 intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and was also taken up with the SECP and all the Asset Management Companies, in consultation with the SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the Funds, for the period from May 21, 2015 to August 12, 2021, on August 13, 2021. The SECP also gave its concurrence for prospective reversal of provision for SWWF. Going forward, no provision for SWWF has been recognised in the financial statements of the Fund.

- 11.3 The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16 percent on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 01, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 1, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs 38.799 million is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision not been made, the NAV per unit of the Fund would have been higher by Re. 0.23 (2021: Re 0.13) per unit.

12 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at June 30, 2022 and June 30, 2021.

14 TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2022 is 3.76% (2021: 4.22%) which includes 0.31% (2021: 0.64%) representing government levies on the Fund such as provision for Sindh Workers' Welfare Fund, sales taxes, annual fee to the SECP etc. This ratio is within the maximum limit of 4.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as a Balanced Scheme.

15 TAXATION

The income of the Fund is exempt from income tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. The Fund has not recorded any tax liability as the Fund has incurred a net loss during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

18 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

18.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee.

Market risk comprises of three types of risks: yield / profit rate risk, currency risk, and price risk.

(i) Yield / profit rate risk

Yield / profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market profit rates. As of June 30, 2022, the Fund is exposed to such risk on its balances held with banks, sukuk certificates and investments in government securities. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

a) Sensitivity analysis for variable rate instruments

Presently, the Fund holds balances with banks, sukuk certificates and commercial papers which expose the Fund to cash flow profit rate risk. In case of 100 basis points increase/decrease in applicable rates on the last repricing date with all other variables held constant, the net income / loss for the year and net assets of the Fund would have been higher / lower by Rs. 10.063 million (2021: Rs. 25.558 million).

b) Sensitivity analysis for fixed rate instruments

Presently, the Fund holds commercial papers which expose the Fund to cash flow profit rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net income for the year and net assets of the Fund would have been higher / lower by Rs 4.16 million (2021: nil).

The composition of the Fund's investment portfolio and profit rates are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2022 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Yield / profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

The Fund's profit rate sensitivity related to financial assets and financial liabilities as at June 30, 2022 can be determined as follows:

----- 2022 -----

(ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

(iii) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

Equity price risk is the risk that the fair value of equity instruments decreases as a result of changes in the level of equity indices and the value of individual stocks.

In case of 1% increase / decrease in KMI 30 index on June 30, 2022, with all other variables held constant, the total comprehensive income of the Fund for the year would increase / decrease by Rs. 12.418 million (2021: Rs. 22.056 million) and the net assets of the Fund would increase / decrease by the same amount as a result of gains / losses on equity securities classified as financial assets at fair value through profit or loss.

The analysis is based on the assumption that the equity index had increased / decreased by 1% with all other variables held constant and all the Fund's equity instruments moved according to the historical correlation with the index. This represents management's best estimate of a reasonable possible shift in the KMI-30 Index, having regard to the historical volatility of the index. The composition of the Fund's investment portfolio and the correlation thereof to the KMI-30 Index, is expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2021 is not necessarily indicative of the effect on the Fund's net assets of future movements in the level of the KMI-30 Index.

18.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily settlement of equity securities and daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, 2008, the Fund can borrow in the short-term to ensure settlement the maximum limit of which is fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month:

18.3 Credit risk

18.3.1 Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. The table below analyses the Fund's maximum exposure to credit risk:

	2022		2021	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
	(Rupees in '000')			
Balances with banks	314,974	314,974	1,116,066	1,116,066
Investments	2,356,901	915,744	3,653,901	951,818
Receivable against conversion of units	91	91	7,965	7,965
Dividend receivable	694	694	8,950	8,950
Receivable against sale of investments	1,991	1,991	3,217	3,217
Advances, deposits and other receivables	23,521	23,521	76,295	76,295
	2,698,172	1,257,015	4,866,394	2,164,311

The maximum exposure to credit risk before any credit enhancement as at June 30, 2022 is the carrying amount of the financial assets. Difference in the balance as per the statement of assets and liabilities and maximum exposure is due to the fact that investment in government securities of Rs. 199.360 million (2021: 496.523 million) are not exposed to credit risk as these are guaranteed by Government of Pakistan, and investment in equity securities of Rs. 1,241.797 million (2021: Rs. 2,205.56 million) are also not exposed to credit risk.

There is a possibility of default by participants or failure of the financial market / stock exchanges, the depositories, the settlements or clearing systems, etc. Settlement risk on equity securities is considered minimal because of inherent controls established in the settlement process. The Fund's policy is to enter into financial contracts in accordance with internal risk management policies and instruments guidelines approved by the Investment Committee.

18.3.2 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its placements in banks and mark-up accrued thereon, investment in sukuk certificates and commercial paper. The credit rating profile of balances with banks is as follows:

	% of financial assets exposed to credit risk	
	2022	2021
AAA	12.28	5.76
AA+	7.11	2.08
AA	1.33	0.34
A+	79.26	19.94
A	0.03	71.88
	<u>100.00</u>	<u>100.00</u>

Ratings of sukuk (other than Government securities) and commercial papers have been disclosed in related notes to the financial statements. GoP Ijarah Sukuk and sukuk issued by government owned entities are government guaranteed. Since, the asset of the Fund are held with credit worthy counterparties, therefore any significant credit risk is mitigated.

18.3.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic and industry factors similarly affect groups of counter parties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is broadly diversified and transactions are entered into with diverse credit worthy counter parties thereby mitigating any significant concentrations of credit risk.

The Fund does not have any collateral against any of the aforementioned assets. The issuer of the Sukuk, however, pledge securities with the investment agent in Trust for the benefit of the Sukuk Holder.

Due to the Fund's long standing business relationships with these counter parties and after giving due consideration to their strong financial standing, management does not expect non-performance by these counter parties on their obligations to the Fund except for Arzoo Textiles Limited Sukuk, Security Leasing Corporation Sukuk, Eden Housing Limited Sukuk and Hascol Petroleum Limited Sukuk (refer note 6).

19 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2022, the Fund held the following financial instruments measured at fair values:

	2022		
	Level 1	Level 2	Level 3
Financial assets at fair value through profit or loss	(Rupees in '000')		
Shares of listed companies - 'ordinary shares'	1,241,797	-	-
Sukuk certificates	-	699,588	-
Commercial papers*	-	415,516	-
	<u>1,241,797</u>	<u>1,115,104</u>	<u>-</u>

	2021		
	Level 1	Level 2	Level 3
Financial assets at fair value through profit or loss	(Rupees in '000')		
Shares of listed companies - 'ordinary shares'	2,205,560	-	-
Sukuk certificates	-	1,448,341	-
	<u>2,205,560</u>	<u>1,448,341</u>	<u>-</u>

* The valuation of commercial papers has been done based on amortisation of commercial paper to its face value as per the guidelines given in Circular 33 of 2012 since the residual maturity of this investment is less than six months and they are placed with counterparties which have high credit rating.

20 UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 18, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

REPORT OF THE FUND MANAGER Meezan Energy Fund (MEF)

Type of Fund

Sector specific open end equity fund. The fund was launched on November 29, 2016.

Objective

The objective of MEF is to seek long term capital appreciation through investments in Shariah compliant equity stocks, primarily from the energy sector/segment/industry as defined in the constitutive documents, and provide maximum total return to the shareholders for the given level of risk, while abiding by the Regulations and any other prevailing rules and regulations.

Strategy, Investment Policy and Asset Allocation

The performance of MEF is directly linked to the performance of the energy sector of the equity market. The fund manager, Al Meezan Investment Management Limited, actively manages the fund with an aim to provide maximum risk adjusted total return to the investors. To control risk, the exposure in growth stocks is balanced against that of high dividend stocks. Moreover, the fund manager strives to reduce equity exposure in times when the market is trading above valuations while increasing equity exposure near troughs.

Report of the *Shari'ah* Advisor –Meezan Energy Fund

July 29, 2022/ Dhu Al-Hijjah 29, 1443

Alhamdulillah, the period from July 01, 2021 to June 30, 2022 was the Sixth year of operations of Meezan Energy Fund (MEF) under management of Al Meezan Investment Management Limited (Al Meezan). We, Meezan Bank Limited, are the *Shariah* advisors of the Fund and are issuing the report in accordance with clause 8.2.7 of the Trust Deed of the Fund. The scope of the report is to express an opinion on the *Shariah* compliance of the Fund's activity

In the capacity of *Shari'ah Advisor*, we have prescribed six criteria for *Shari'ah* compliance of equity investments which relate to (i) Nature of business, (ii) Interest bearing debt to total assets, (iii) Investment in non-*Shari'ah* compliant activities to Total assets (iv) *Shari'ah* Non Compliant Income to Gross Revenue (v) Illiquid assets to total assets, and (vi) Net liquid assets per share vs. share price.

It is the responsibility of the management company of the fund to establish and maintain a system of internal controls to ensure *Shari'ah* compliance in line with the *Shari'ah* guidelines. Our responsibility is to express an opinion, based on our review, to the extent where such compliance can be objectively verified. A review is limited primarily to inquiries of the management company's personnel and review of various documents prepared by the management company to comply with the prescribed criteria.

- i. We have reviewed and approved the modes of investments of MEF in light of *Shari'ah* requirements. Following is the list of the top equity holdings of MEF as on June 30, 2022 and their evaluation according to the screening criteria established by us. (December 31, 2021 accounts of the Investee companies have been used for the following calculations*):

Company Name	(i)	(ii)**	(iii)	(iv)	(v)	(vi)	
	Nature of Business	Debt to Assets (<37%)	Non-Compliant Investments (<33%)	Non-Compliant Income to Gross Revenue (<5%)	Illiquid Assets to Total Assets (>25%)	Net Liquid Assets vs. Share Price (B>A)

- * These ratios are for the calculation of non-*Shari'ah* Compliant Element in the business.
** All interest based debts.
*** Shares are considered 'Compliant' based on the reasoning mentioned in clause 8 of Shariah Standard 59.

- ii. On the basis of information provided by the management, all operations of MEF for the year ended June 30, 2022 have been in compliance with the *Shari'ah* principles.

In light of the above, we hereby certify that all the provisions of the Scheme and investments made on account of MEF under management of Al Meezan Investment Management Limited (Al Meezan) are *Shari'ah* compliant and in accordance with the criteria established by us.

May Allah bless us with best Tawfeeq to accomplish His cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

TRUSTEE REPORT TO THE UNIT HOLDERS

MEEZAN ENERGY FUND

Report of the Trustee pursuant to Regulation 41(h) and Clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of Meezan Energy Fund (the Fund) are of the opinion that Al Meezan Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2022 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

Badiuddin Akber
Chief Executive Officer
Central Depository Company of Pakistan Limited

INDEPENDENT AUDITOR'S REPORT

To the Unit holders of Meezan Energy Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Meezan Energy Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2022, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2022, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with the International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S. No.	Key Audit Matter	How the matter was addressed in our audit
1	Net Asset Value (Refer notes 5 and 6 to the financial statements)	
	Investments and balances with banks constitute the most significant component of the net asset value. Investments of the Fund as at June 30, 2022 amounted to Rs 430.357 million and balances with banks aggregated to Rs 5.571 million. The existence and proper valuation of investments and existence of balances with banks for the determination of NAV of the Fund as at June 30, 2022 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: <ul style="list-style-type: none">Obtained independent confirmations for verifying the existence of the investment portfolio and balances with banks as at June 30, 2022 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed;Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies; andObtained bank reconciliation statements and tested reconciling items on a sample basis.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the Management Company is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

AGG

A.F. FERGUSON & Co.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Khattab Muhammad Akhi Baig**.

1 LEGAL STATUS AND NATURE OF BUSINESS

1.1 Meezan Energy Fund (the Fund) was established under a Trust Deed executed between Al Meezan Investment Management Company as the Management Company and Central Depository Company of Pakistan Limited as the Trustee. The Trust Deed was executed under the Trust Act, 1882 on September 09, 2016 and was approved by the Securities and Exchange Commission of Pakistan (SECP) on August 26, 2016 under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules) and the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations). The Management Company has been licensed by the Securities and Exchange Commission of Pakistan (SECP) to act as an Asset Management Company under the NBFC Rules through a certificate of registration issued by the SECP. The registered office of the Management Company of the Fund is situated at Ground Floor, Block 'B', Finance and Trade Centre, Shariah-e-Faisal, Karachi 74400, Pakistan.

During the year ended June 30, 2021, the Trust Act, 1882 was repealed due to the promulgation of Provincial Trust Act namely "Sindh Trusts Act, 2020" (the Sindh Trust Act). The Fund is required to be registered under the Sindh Trust Act. Accordingly, on August 16, 2021 the above-mentioned Trust Deed has been registered under the Sindh Trust Act.

1.2 The objective of the Fund is to seek long term capital appreciation through investments in Shariah compliant equity stocks, primarily from the energy sector / segment / industry, as defined in the constitutive documents. Under the Trust Deed, all the conducts and acts of the Fund are based on Shariah principles. The Management Company has appointed Meezan Bank Limited as its Shariah Advisor to ensure that the activities of the Fund are in compliance with the principles of Shariah. The investment objectives and policies are explained in the Fund's offering document.

1.3 Units are offered for public subscription on a continuous basis. The units are transferable and can be redeemed by surrendering them to the Fund. The Fund is listed on the Pakistan Stock Exchange Limited. The Fund is categorised as an Open End Shariah Compliant (Islamic) Equity Scheme in accordance with Circular 7 of 2009 issued by the SECP.

1.4 The Management Company has been assigned a quality rating of 'AM1' by VIS Credit Rating Company Limited dated December 27, 2021 (2021: 'AM1' dated December 31, 2020) and by PACRA dated June 23, 2022 (2021: AM1 dated June 23, 2021). The rating reflects the Company's experienced management team, structured investment process and sound quality of systems and processes.

1.5 The title to the assets of the Fund are held in the name of Central Depository Company of Pakistan Limited as the Trustee of the Fund.

2 BASIS OF PRESENTATION

The transactions undertaken by the Fund are in accordance with the process prescribed under the Shariah guidelines issued by the Shariah Advisor are accounted for on substance rather than the form prescribed by the aforementioned guidelines. This practice is being followed to comply with the requirements of the approved accounting and reporting standards as applicable in Pakistan.

3 BASIS OF PREPARATION

3.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017, along with part VIIIA of the repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the requirements of IFRSs, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

3.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2021. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

3.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on or after July 1, 2022. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

3.4 Critical accounting estimates and judgments

The preparation of the financial statements in conformity with the accounting and reporting standards requires the management to make estimates, judgments and assumptions that affect the reported amounts of assets and liabilities and income and expenses. It also requires the management to exercise judgment in the application of the Company's accounting policies. The estimates and associated assumptions are based on historical experience and various other factors, including expectation of future events, that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying value of assets and liabilities. These estimates and assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both the current and future years.

The estimates and judgements that have a significant effect on the financial statements of the Fund relate to classification and valuation of financial assets (notes 4.2 and 6).

3.5 Accounting convention

These financial statements have been prepared under the historical cost convention except for investments which have been classified as 'at fair value through profit or loss' and which are measured at fair value.

3.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupees, which is the Fund's functional and presentation currency.

4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years presented.

4.1 Cash and cash equivalents

These comprise balances with banks in savings and current accounts and other short-term highly liquid investments with original maturities of three months or less.

4.2 Financial assets

4.2.1 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

4.2.2 Classification and subsequent measurement

4.2.2.1 Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the "Statement of Assets and Liabilities" at fair value, with gains and losses recognised in the "Income Statement", except where an irrevocable election has been made at the time of initial recognition to measure the investment at FVOCI. The management considers its investment in equity securities being managed as a group of assets and hence has classified them as FVPL. Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVPL is recognised in the Income Statement.

Since all investments in equity instruments have been designated as FVPL, the subsequent movement in the fair value of equity securities is routed through the Income Statement.

4.2.3 Impairment

The fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets carried at amortised cost and FVOCI. The fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- an unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- the time value of money; and
- reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

4.2.4 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

4.2.5 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss arising on derecognition of financial assets is taken to the Income Statement.

4.3 Financial liabilities

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss arising on derecognition of financial liabilities is taken to the Income Statement.

4.4 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

4.5 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

4.6 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

4.7 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the Management Company / distributors during business hours on the day when the application is received. The offer price represents the Net Asset Value (NAV) per unit as of the close of the business day, plus the allowable sales load, provision of any duties and charges and provision for transaction costs, if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price prevalent on the date on which the Management Company / distributors receive redemption applications during business hours on that date. The redemption price represents the NAV as on the close of the business day, less any duties, taxes, charges on redemption and any provision for transaction costs, if applicable.

4.8 Distribution to unit holders

Distribution to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

4.9 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between Net Asset Value (NAV) per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend NAV of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders' fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

4.10 Revenue recognition

- Gains / (losses) arising on sale of investments are included in Income Statement and are recognised on the date when the transaction takes place;
- Unrealised gains / (losses) arising on re-measurement of investments classified as financial assets 'at fair value through profit or loss' are included in the Income Statement in the period in which they arise;
- Dividend income is recognised when the Fund's right to receive the same is established, i.e. on the commencement of book closure of the investee company / institution declaring the dividend; and
- Profit on savings account with banks is recognised on time proportion basis using the effective yield method.

4.11 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

4.12 Preliminary expenses and floatation costs

Preliminary expenses and floatation costs represent expenditure incurred prior to the commencement of the operations of the Fund. These costs are amortised over a period of 5 years in accordance with the requirements set out in the Trust Deed of the Fund and the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

4.13 Taxation

Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit.

The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilised. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse, based on enacted tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

4.14 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net income / (loss) for the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings / (loss) per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

4.15 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

6.1.2 Investments include 65,000 shares of Pakistan Petroleum Limited, 26,500 shares of Pakistan Oilfields Limited, 4,000 shares of Mari Petroleum Limited and 5,000 shares of Pakistan State Oil Company Limited, having market value of Rs 4.388 million, Rs. 10.754 million, Rs. 6.959 million and Rs. 0.859 million respectively as at June 30, 2022 (2021: 65,000 shares of Pakistan Petroleum Limited, 26,500 shares of Pakistan Oilfields Limited, 4,000 shares of Mari Petroleum Limited and 5,000 shares of Pakistan State Oil Company Limited, having market value of Rs 5.644 million, Rs. 10.437 million, Rs. 6.098 million and Rs. 1.121 million respectively) which have been pledged with National Clearing Company of Pakistan Limited for guaranteeing settlement of the Fund's trades in accordance with Circular No. 11 dated October 23, 2007 issued by the SECP.

6.1.3 The Finance Act, 2014 introduced amendments to the Income Tax Ordinance 2001 as a result of which companies were liable to withhold five percent of the bonus shares to be issued. The shares so withheld were only to be released if the Fund deposits tax equivalent to five percent of the value of the bonus shares issued to the Fund including bonus shares withheld, determined on the basis of day-end price on the first day of closure of books of the issuing company.

In this regard, a constitutional petition had been filed by Collective Investment Schemes (CISs) through their Trustees in the High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs. The petition was based on the fact that because CISs are exempt from deduction of income tax under Clause 99 Part I to the Second Schedule of the Income Tax Ordinance 2001, the withholding tax provision should also not be applicable on bonus shares received by CISs. A stay order had been granted by the Honourable High Court of Sindh in favour of CISs.

During the year ended June 30, 2018, the Supreme Court of Pakistan passed a judgement on June 27, 2018 whereby the suits which are already pending or shall be filed in future must only be continued / entertained on the condition that a minimum of 50 percent of the tax calculated by the tax authorities is deposited with the authorities. Accordingly, the CISs were required to pay minimum 50% of the tax calculated by the tax authorities for the case to remain continued. The CISs failed to deposit the minimum 50% of the tax liability and accordingly the stay got vacated automatically during the year ended June 30, 2019. During the year ended June 30, 2020, the CISs had filed a fresh constitutional petition via CP 4653 dated July 11, 2019. In this regard, on July 15, 2019, the Honourable High Court of Sindh had issued notices to the relevant parties and had ordered that no third party interest on bonus shares issued to the Funds in lieu of their investments be created in the meantime. The matter is still pending adjudication and the Funds have included these shares in their portfolio, as the management is confident that the decision of the constitutional petition will be in favour of the CISs.

Further, the Finance Act, 2018 effective from July 1, 2018 has omitted Section 236M of Income Tax Ordinance, 2001 requiring every company quoted on stock exchange issuing bonus shares to the shareholders of the company, to withhold five percent of the bonus shares to be issued. Therefore, bonus shares issued to the Fund during the period were not withheld by the investee companies.

As at June 30, 2022, the bonus shares of the Fund withheld by certain companies at the time of declaration of bonus shares amounted to Rs. 1.002 million (2021: Rs. 1.308 million).

7.1 As per clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under section 151 and 150. However, during prior years, withholding tax on dividend and profit on bank deposits paid to the Fund was deducted by various withholding agents based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated 12 May 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced before him by the withholders. The tax withheld on dividends and profit on bank deposits amounts to Rs 1.431 million.

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. A petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgment of the SHC. Pending resolution of the matter, the amount of withholding tax deducted on dividends and profit on bank deposits has been shown as other receivables as at June 30, 2022 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

9.1 As per Regulation 61 of the NBFC Regulations, 2008, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the Offering Document subject to the total expense ratio limit. Keeping in view the maximum allowable threshold, the Management Company has charged its remuneration at the rate of 2% (2021: 2%) per annum of the average annual net assets of the Fund during the year ended June 30, 2022. The remuneration is payable to the Management Company monthly in arrears.

9.2 During the year, an amount of Rs 1.311 million (2021: Rs 1.368 million) was charged on account of sales tax on remuneration of the Management Company levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs 1.301 million (2021: Rs 1.480 million) has been paid to the Management Company which acts as a collecting agent.

9.3 In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge fees and expenses for registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS).

The Management Company, based on its own discretion, has charged such expenses at the following rates during the year ended June 30, 2022, subject to total expense charged being lower than actual expense incurred:

Rate applicable from July 1, 2021 to June 30, 2022	Rate applicable from July 1, 2020 to March 9, 2021	Rate applicable from March 10, 2021 to June 30, 2021
0.11% of the average annual net assets of the Fund	0.10% of the average annual net assets of the Fund	0.11% of the average annual net assets of the Fund

9.4 In accordance with Circular 11 dated July 5, 2019 issued by the SECP with respect to charging selling and marketing expenses, the Management Company, based on its own discretion, has charged selling and marketing expenses at the rate of 0.4% (2021: 0.4%) per annum of the average annual net assets of the Fund during the year ended June 30, 2022, subject to total expense charged being lower than actual expense incurred.

- 12.1 According to the instructions of the Shariah Advisor, income earned by the Fund from prohibited sources should be donated to charitable purposes.

During the year ended June 30, 2022, Non-Shariah Compliant income amounting to Rs 1.732 million (2021: Rs 1.086 million) was charged as an expense in the books of the Fund, and Rs 1.350 million was disbursed to following charitable welfare organisations respectively:

S. No.	Charitable Organisations	Amount Rupees in '000
1	Afzaal Memorial Thalassemia Foundation	400
2	Health and Nutrition Development Society (HANDS)	950
	Total	1,350

- 12.2 As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, is required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the Mutual Funds Association of Pakistan (MUFAP) with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of SWWF Act as these were not industrial establishments but were pass-through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs / mutual funds, MUFAP had recommended that as a matter of abundant caution provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the Sindh WWF Act, 2014 (i.e. starting from May 21, 2015). The Funds had accordingly made provision in respect of SWWF as recommended by MUFAP.

During the current year, SRB through its letter dated August 12, 2021 intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and was also taken up with the SECP and all the Asset Management Companies, in consultation with the SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the Funds, for the period from May 21, 2015 to August 12, 2021, on August 13, 2021. The SECP also gave its concurrence for prospective reversal of provision for SWWF. Going forward, no provision for SWWF has been recognised in these financial statements of the Fund.

15 TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2022 is 3.89% (2021: 4.34%) which includes 0.33% (2021: 0.60%) representing government levies on the Fund such as Sales Taxes, Federal Excise Duties, annual fee to the SECP etc. This ratio is within the maximum limit of 4.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as an 'Equity Scheme'.

16 TAXATION

- 16.1** The income of the Fund is exempt from income tax under Clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the Fund has incurred net loss during the current year, therefore no provision for taxation has been made in these financial statements.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

19 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

19.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee and regulations laid down by the SECP.

Market risk comprises of three types of risks: profit rate risk, currency risk, and price risk.

(i) Profit rate risk

Profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market profit rates. As of June 30, 2022, the Fund is exposed to such risk on its balances held with banks. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

a) Sensitivity analysis for variable rate instruments

Presently, the Fund holds balances with banks which expose the Fund to cash flow profit rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net (loss) / income for the year and net assets of the Fund would have been higher / lower by Rs. 0.037 million (2021: Rs. 0.177 million).

b) Sensitivity analysis for fixed rate instruments

As at June 30, 2022, the Fund did not hold any fixed rate instrument that may expose the Fund to fair value profit rate risk.

The composition of the Fund's investment portfolio and profit rates are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2022 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

The Fund's profit rate sensitivity related to financial assets and financial liabilities as at June 30, 2022 can be determined as follows:

As at June 30, 2022

Total profit rate sensitivity gap (a + b)		17,738	-	-		
Cumulative profit rate sensitivity gap		17,738	17,738	17,738		

(ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

(iii) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund is exposed to equity price risk on investments held by the Fund classified as 'at fair value through profit or loss'. To manage its price risk arising from investments in equity securities, the Fund diversifies its portfolio within the eligible stocks prescribed in the Trust Deed. The NBFC Regulations also limit individual equity securities to no more than 20% of net assets and issued capital of the investee company while there is no sector exposure limit.

In case of 1% increase / decrease in KMI 30 index on June 30, 2022, with all other variables held constant, the total comprehensive (loss) / income of the Fund for the year would increase / decrease by Rs. 4.304 million (2021: Rs. 5.784 million) and the net assets of the Fund would increase / decrease by the same amount as a result of gains / losses on equity securities classified as 'financial assets at fair value through profit or loss'.

The analysis is based on the assumption that equity index had increased / decreased by 1% with all other variables held constant and all the Fund's equity instruments moved according to the historical correlation with the index. This represents management's best estimate of a reasonable possible shift in the KMI 30 Index, having regard to the historical volatility of the index. The composition of the Fund's investment portfolio and the correlation thereof to the KMI 30 Index, is expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2022 is not necessarily indicative of the effect on the Fund's net assets of future movements in the level of the KMI 30 Index.

19.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, 2008, the Fund can borrow in the short-term to ensure settlement the maximum limit of which is fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemption requests during the year ended June 30, 2022.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including balances with banks have been included in the maturity grouping of one month:

19.3 Credit risk

19.3.1 Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. Credit risk arises from deposits with banks and financial institutions, profit receivable on bank deposits, dividend receivable and receivable against conversion of units and sale of investments.

Credit risk arising on financial assets is monitored through a regular analysis of financial position of brokers and other parties. In accordance with the risk management policy of the Fund, the investment manager monitors the credit position on a daily basis which is reviewed by the Board of Directors of the Management Company on a quarterly basis.

The table below analyses the Fund's maximum exposure to credit risk:

	<u>444,388</u>	<u>14,031</u>	<u>609,820</u>	<u>31,460</u>

The maximum exposure to credit risk before any credit enhancement as at June 30, 2022 is the carrying amount of the financial assets. Investment in equity securities, however, are not exposed to credit risk and have been excluded from the above analysis.

19.3.2 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its placements in banks and related profit receivable thereon, dividend receivable and receivable against conversion of units and sale of investments. The credit rating profile of balances with banks is as follows:

Ratings	% of financial assets exposed to credit risk	
	2022	2021
AAA	93.44	92.16
AA+	5.88	6.92
A+	0.68	0.92
	<u>100.00</u>	<u>100.00</u>

19.3.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic and industry factors similarly affect groups of counter parties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. As transactions are entered with credit worthy parties and are within the regulatory limits, therefore any significant concentration of credit risk is mitigated.

All financial assets of the Fund as at June 30, 2022 and June 30, 2021 are unsecured and are not impaired.

20 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2022 and June 30, 2021, the Fund held the following financial instruments measured at fair value:

	2022			
	Level 1	Level 2	Level 3	Total
ASSETS	----- (Rupees in '000) -----			
Financial assets 'at fair value through profit or loss'

	<u>578,360</u>	<u>-</u>	<u>-</u>	<u>578,360</u>

21 UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, 2008 every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 19, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

REPORT OF THE FUND MANAGER Meezan Gold Fund (MGF)

Type of Fund

Shariah compliant commodity fund that invests in physical gold to earn a return based on the commodity's price fluctuation, based on PMEX prices.

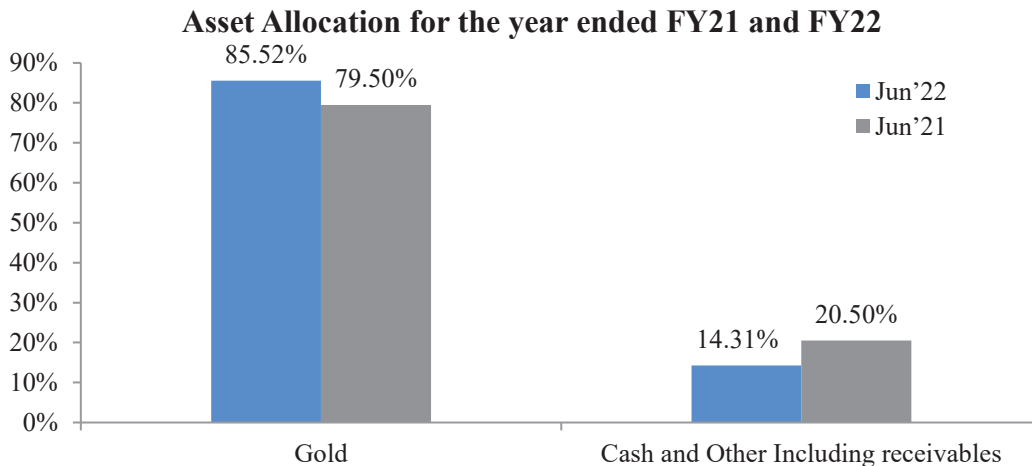

Investment Policy and Strategy

The objective of MGF is to provide maximum exposure to prices of Gold in a Shariah Compliant manner, by investing a significant portion of the Fund's net assets in deliverable gold based contracts available on Pakistan Mercantile Exchange (PMEX). The fund has a long-term time horizon whereby the investors are advised to invest for a tenor of three to five years.

To meet the Fund's investment objective, at least seventy percent (70%) of Fund's net assets, will remain invested in deliverable gold based contracts, based on quarterly average investment calculated on daily basis, while the remaining net assets of the Fund shall be invested in cash and near cash instruments which include cash in bank accounts of Islamic banks and licensed Islamic banking windows of conventional banks (excluding TDR). However, at least 10% of the net assets of the Fund shall remain invested in cash and near cash instruments, based on monthly average calculated on daily basis.

Asset Allocation

As on June 30, 2022, the fund's gold exposure was 85.52%, while 14.31% of the Total Assets was invested in cash.

Performance Review

Report of the *Shari'ah* Advisor – Meezan Gold Fund

July 29, 2022/ Dhu Al-Hijjah 29, 1443

Alhamdulillah, the period from July 1, 2021 to June 30, 2022 was the Seventh year of operations of Meezan Gold Fund (MGF) under management of Al Meezan Investment Management Limited (Al Meezan). We, Meezan Bank Limited, are the *Shari'ah* advisors of the Fund and are issuing the report in accordance with clause 3.7.1 of the Offering Document of the Fund. The scope of the report is to express an opinion on the *Shari'ah* compliance of the Fund's activity.

In the capacity of *Shari'ah* Advisor, we have prescribed criteria and procedure to be followed in ensuring *Shari'ah* compliance in every investment.

It is the responsibility of the management company of the fund to establish and maintain a system of internal controls to ensure *Shari'ah* compliance in line with the *Shari'ah* guidelines. Our responsibility is to express an opinion, based on our review, to the extent where such compliance can be objectively verified. A review is limited primarily to inquiries of the management company's personnel and review of various documents prepared by the management company to comply with the prescribed criteria.

In light of the above, we hereby certify that:

- i. We have reviewed and approved the modes of investments of MGF in light of the *Shari'ah* guidelines.
- ii. All the provisions of the scheme and investments made on account of MGF by Al Meezan are *Shari'ah* compliant and in accordance with the criteria established.
- iii. On the basis of information provided by the management, all the operation of MGF for the year ended June 30, 2022 have been in compliance with *Shari'ah* principles.

May Allah bless us with best Tawfeeq to accomplish His cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

TRUSTEE REPORT TO THE UNIT HOLDERS

MEEZAN GOLD FUND

Report of the Trustee pursuant to Regulation 41(h) and Clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of Meezan Gold Fund (the Fund) are of the opinion that Al Meezan Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2022 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

INDEPENDENT AUDITOR'S REPORT

To the Unit holders of Meezan Gold Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Meezan Gold Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2022, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2022, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with the International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S. No.	Key Audit Matter	How the matter was addressed in our audit
1	Net Asset Value (Refer notes 5 and 6 to the financial statements)	
	Investments and balances with banks constitute the most significant component of the net asset value. Investments of the Fund as at June 30, 2022 amounted to Rs 518.611 million and balances with banks aggregated to Rs 86.766 million. The existence and proper valuation of investments and existence of balances with banks for the determination of NAV of the Fund as at June 30, 2022 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: <ul style="list-style-type: none">Obtained independent confirmations for verifying the existence of the investment portfolio and balances with banks as at June 30, 2022 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed;Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies; andObtained bank reconciliation statements and tested reconciling items on a sample basis.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the Management Company is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

488

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Khattab Muhammad Akhi Baig**.

1 LEGAL STATUS AND NATURE OF BUSINESS

1.1 Meezan Gold Fund is an open ended mutual fund constituted under a Trust Deed executed under the Trust Act, 1882 entered into on October 15, 2014 between Al Meezan Investment Management Company as the Management Company and Central Depository Company of Pakistan Limited as the Trustee. The Management Company of the Fund has been licensed to act as an Asset Management Company under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules) through a certificate of registration issued by the SECP. The Fund commenced its operations from August 18, 2015. The registered office of the Management Company is situated at Ground Floor, Block 'B', Finance and Trade Centre, Shariah-e-Faisal, Karachi 74400, Pakistan.

During the year ended June 30, 2021, the Trust Act, 1882 was repealed due to the promulgation of Provincial Trust Act namely "Sindh Trusts Act, 2020" (the Sindh Trust Act). Consequently, the Fund is now required to be registered under the Sindh Trust Act. Accordingly, on September 3, 2021 the above-mentioned Trust Deed has been registered under the Sindh Trust Act.

1.2 The Fund is an open-ended Shariah Compliant (Islamic) Commodity Fund that aims to provide maximum exposure to prices of Gold in a Shariah Compliant (Islamic) manner by investing a significant portion of the Fund's net assets in deliverable gold based contracts available on Pakistan Mercantile Exchange Limited (PMEX). Furthermore, all investments of the Fund's property are in accordance with the Shariah as advised by the Shariah Advisor. The investments in Gold contracts listed at the Commodity Exchange are subject to the PMEX Regulations. The management company has appointed Meezan Bank Limited as its Shariah advisor to ensure that the activities of the fund are in compliance with the principles of Shariah. The investment objectives and policies are more fully explained in the Fund's Offering document.

1.3 The Fund has been categorised as a Shariah compliant Commodity Scheme by the Board of Directors of the Management Company pursuant to the provisions contained in Circular 7 of 2009. The units of the Fund were initially offered for public subscription at a par value of Rs 50 per unit. Thereafter, the units are being offered for public subscription on a continuous basis from August 13, 2015 and are transferable and redeemable by surrendering them to the Fund.

1.4 The Management Company has been assigned a quality rating of AM1 by VIS dated December 27, 2021 (2021: AM1 dated December 31, 2020) and by PACRA dated June 23, 2022 (2021: AM1 dated June 23, 2021). The rating reflects the Company's experienced management team, structured investment process and sound quality of systems and processes.

1.5 Title to the assets of the Fund are held in the name of Central Depository Company of Pakistan Limited as trustee of the Fund. The fund is listed on Pakistan Stock Exchange Limited.

2 BASIS OF PRESENTATION

The transactions undertaken by the Fund are in accordance with the process prescribed under the Shariah guidelines issued by the Shariah Advisor and are accounted for on substance rather than the form prescribed by the earlier referred guidelines. This practice is being followed to comply with the requirements of the accounting and reporting standards as applicable in Pakistan.

3 BASIS OF PREPARATION

3.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIII A of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017, part VIII A of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

3.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2021. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

3.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

There are certain standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2022 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are therefore not disclosed in these financial statements.

3.4 Critical accounting estimates and judgments

The preparation of financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgements and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgements that have a significant effect on the financial statements of the Fund relate to classification, valuation and impairment of financial assets (note 4.3).

3.5 Accounting convention

These financial statements have been prepared under the historical cost convention except for investments in gold which is stated at its fair values.

3.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupee, which is the Funds' functional and presentation currency.

4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4.1 The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years presented.

4.2 Cash and cash equivalents

These comprise balances with banks in savings and current accounts and other short-term highly liquid investments with original maturities of three months or less.

4.3 Financial assets

4.3.1 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

4.3.2 Classification and subsequent measurement

IFRS 9 provides an option whereby securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis, to be recognized at FVPL. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions.

4.3.3 Impairment

The fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets carried at amortised cost and FVOCI. The fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- an unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- the time value of money; and
- reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

4.3.4 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

4.4 Financial liabilities

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

4.5 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

4.6 Investment in Gold

Investment in Gold is initially recognized at fair value less cost to sell. Subsequent to initial recognition, these are measured at fair value using spot rate (i.e. immediately next day after expired contract) fixed by Pakistan Mercantile Exchange Limited (PMEX). Gain or loss arising from changes in fair value less cost to sell are recognized in Income Statement in the period of change.

4.7 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

4.8 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

4.9 Issuance and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the management company / distributors during business hours on that day. The offer price represents the net asset value per unit as of the close of the business day plus the allowable sales load, provision for transaction costs and any provision for duties and charges, if applicable. The sales load is payable to the investment facilitators, distributors and the Management Company.

Units redeemed are recorded at the redemption price, applicable to units for which the management company / distributors receive redemption applications during business hours of that day. The redemption price represents the net asset value per unit as of the close of the business day less any back-end load, any duties, taxes, charges on redemption and any provision for transaction costs, if applicable.

4.10 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

4.11 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between Net Asset Value (NAV) per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend NAV of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

4.12 Revenue recognition

- Gains / (losses) arising on sale of gold are recorded at the date at which the transaction takes place.
- Unrealised gains / (losses) arising on revaluation of gold are included in the Income Statement in the period in which they arise.
- Profit on balances with banks is recognised on an accrual basis.

4.13 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

4.14 Taxation

Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit. The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilised. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse, based on enacted tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001, subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

4.15 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net income / (loss) of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings / (loss) per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

4.16 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

8.1 As per regulation 61 of the NBFC Regulations, 2008, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the Offering Document subject to the total expense ratio limit. Keeping in view the maximum allowable threshold, the Management Company has charged its remuneration at the rate of 1% (2021: 1%) per annum of the average net assets of the Fund during the year ended June 30, 2022. The remuneration is payable to the Management Company monthly in arrears.

8.2 During the year, an amount of Rs. 0.731 million (2021: Rs 0.654 million) was charged on account of sales tax on management fee levied through the Sindh Sales Tax on Services Act, 2011, and an amount of Rs. 0.771 million (2021: Rs. 0.670 million) has been paid to the Management Company which acts as a collecting agent.

8.3 The SECP has allowed the Asset Management Companies to charge selling and marketing expenses to all categories of open-end mutual funds (except fund of funds) upto a maximum limit approved by the Board of Directors of the Management Company as part of annual plan.

Accordingly, the Management Company has charged selling and marketing expenses based on its discretion while keeping in view the overall return and the total expense ratio limit of the Fund as defined under the NBFC Regulations, 2008 at the rate of 0.4% (2021: 0.4%) per annum of average annual net assets of the Fund subject to the total expense charged being lower than actual expense incurred.

8.4 In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS).

The Management Company, based on its own discretion, has charged such expenses at the following rates during the year ended June 30, 2022, subject to total expense charged being lower than actual expense incurred:

9.1 The Trustee is entitled to monthly remuneration for services rendered to the Fund under the provisions of the trust deed as follows:

On net assets:	
- up to Rs 1 billion	0.17% per annum of net assets
- from Rs 1 billion to Rs.5 billion	Rs 1.7 million plus 0.085% per annum of net assets exceeding Rs 1 billion.
- exceeding Rs.5 billion	Rs 5.1 million plus 0.07% per annum of net assets exceeding Rs 5 billion.

- 9.2** During the year, an amount of Rs 0.124 million (2021: Rs. 0.111 million) was charged on account of sales tax on remuneration of the Trustee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 0.122 million (2021: Rs. 0.114 million) was paid to the Trustee which acts as a collecting agent.

10 PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN

In accordance with the NBFC Regulations, 2008, a collective investment scheme is required to pay annual fee to the Securities and Exchange Commission of Pakistan at the rate of 0.02% (2021: 0.02%) per annum of average annual net assets of the Fund.

- 11.1** As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs/mutual funds, MUFAP recommended that, as a matter of abundant caution, provision in respect of SWWF should be made with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from May 21, 2015).

During the current year, SRB through its letter dated August 12, 2021 intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and was also taken up with the SECP and all the Asset Management Companies, in consultation with the SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the Funds, for the period from May 21, 2015 to August 12, 2021, on August 13, 2021. The SECP also gave its concurrence for prospective reversal of provision for SWWF. Going forward, no provision for SWWF has been recognised in these financial statements of the Fund.

- 11.2** The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16% on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 01, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 1, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs 0.711 million is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision not been made, the NAV per unit of the Fund would have been higher by Re 0.12 (2021: Re 0.12) per unit.

12 PRICE ADJUSTMENT CHARGES

Securities and Exchange Commission of Pakistan (SECP) vide a circular no.40 SCD/AMCW/ MGF/63/2017 dated June 14, 2017, allowed the fund to charge price adjustment charges. Price adjustment charge is a difference between the offer price and the bid price from the closing price of the gold transactions (contract) available at PMEX, which is added to and deducted from the NAV to determine offer and redemption prices respectively. Such charges form part of Fund Property.

Currently, price adjustment charges added/ deducted to form NAV of the fund to determine offer / redemption price is 1% of NAV.

13 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at June 30, 2022 and June 30, 2021.

15 TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2022 is 2.81% (2021: 2.81%) which includes 0.17% (2021: 0.18%) representing government levies on the Fund such as sales taxes, annual fee to the SECP etc. This ratio is within the maximum limit of 3% prescribed under the NBFC Regulations for a collective investment scheme categorised as Commodity Scheme.

16 TAXATION

The income of the Fund is exempt from income tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the management has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2022 to the unitholders in the manner as explained above, no provision for taxation has been made in these financial statements during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

19 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

Risks managed and measured by the Fund are explained below:

19.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

Market risk comprises of three types of risks: profit rate risk, currency risk, and price risk.

(i) Profit rate risk

Profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market profit rates. As of June 30, 2022, the Fund is exposed to such risk on its balances held with banks. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

a) Sensitivity analysis for variable rate instruments

Presently, the Fund holds balances with banks which expose the Fund to variable rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net income / loss for the year and net assets of the Fund would have been higher / lower by Rs. 0.868 million (2021: Rs. 0.992 million).

b) Sensitivity analysis for fixed rate instruments

As at June 30, 2022, the Fund did not hold any fixed rate instrument that may expose the fund to fixed rate risk.

The composition of the Fund's investment portfolio and profit rates are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2022 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

The Fund's profit rate sensitivity related to financial assets and financial liabilities as at June 30, 2022 can be determined as follows:

Effective profit rate (%)	2022				Total
	Exposed to yield / profit rate risk			Not exposed to yield / profit rate risk

(ii) Currency risk

Currency risk is that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Fund, at present is not exposed to currency risk as all transactions are carried out in Pakistani Rupees.

(iii) Price risk

The Fund's strategy on the management of investment risk is driven by the Fund's investment objective. The primary objective of the Fund is to provide the maximum return to the unitholders by investing a significant portion of the Fund's net assets in deliverable gold based contracts in a Shariah compliant manner available on Pakistan Mercantile Exchange Limited (PMEX). The Fund's price risk is managed on a daily basis by the investment committee in accordance with the policies and procedures laid down by the SECP.

19.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, 2008, the Fund can borrow in the short-term to ensure settlement the maximum limit of which is fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month:

19.3 Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. The Fund's significant credit risk arises from balances with banks and profit accrued thereon. The table below analyses the Fund's maximum exposure to credit risk:

-----2022-----		-----2021-----	
Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
----- (Rupees in '000) -----			
Balances with banks	86,766	86,766	99,260
Receivable against conversion of units	-	-	616
Advance and other receivable	1,044	1,044	2,321
	<u>87,810</u>	<u>87,810</u>	<u>102,197</u>

19.3.1 Credit quality of financial assets

The Fund's significant credit risk arises mainly on account of its placements in banks and profit accrued thereon. The credit rating profile of balances with banks is as follows:

Rating	% of financial assets exposed to credit risk	
	2022	2021
AAA	99.04%	99.23%
AA	0.96%	0.77%
	<u>100.00%</u>	<u>100.00%</u>

19.3.2 Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Funds portfolio of financial assets is mainly held with credit worthy counterparties and are within regulatory limits, therefore mitigating any significant concentration of credit risk.

20 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

Investments in gold are non-financial assets and are recognised at fair value as disclosed in note 6.1 to these financial statements. Moreover, the Fund did not held any financial assets which are carried at fair value as at June 30, 2022.

21 UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

As required under the NBFC Regulations, every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 19, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

22 COMMODITY RISK MANAGEMENT

Commodity risk

Commodity risk represent the accounting loss that would be recognised at the reporting date due to change in future market values and the size of the future income, caused by fluctuation in the prices of commodities.

Commodity risk arises on the fair value or future cash flows of a commodity which will fluctuate because of the decrease / increase in the price of the gold contract quoted on Pakistan Mercantile Exchange Limited (PMEX).

In case of 1% increase / decrease in the price of gold fixed by Pakistan Mercantile Exchange Limited (PMEX) as on June 30, 2022, with all other variables held constant, the total income of the Fund for the year would increase / decrease by Rs 5.186 million (2021: Rs 3.962 million) and the net assets of the Fund would increase / decrease by the same amount as a result of change in the fair value thereof.

REPORT OF THE FUND MANAGER Meezan Asset Allocation Fund (MAAF)

Objective

The fund aims to earn a potentially high return through asset allocation between Shariah Compliant Equity Instruments, Shariah Compliant Fixed Income and Money Market Instruments and any other Shariah Compliant instrument as permitted by the SECP and Shariah Advisor.

Investment Policy and Strategy

Based on the Fund Manager’s outlook on asset classes, the allocation of the portfolio will actively be managed between the Equity asset classes and Fixed Income/Money Market asset classes in line with the macroeconomic view and outlook of such asset classes. For exposure to equities, this fund shall primarily be invested in Listed Islamic Equity while for exposure to Fixed Income/Money Market, the fund shall invest in Islamic Money Market and Islamic Fixed Income instruments as well as in Cash at Bank Accounts of Islamic Banks and licensed Islamic Banking windows of conventional Banks.

To comply with the regulatory limits enforced by the SECP, the fund can take a maximum exposure of up to 90% of its Net Assets in equity or fixed income; in case of an investment in REITs, a limit of 35% has been assigned by the regulator.

The fund manager looks to earn a higher than average return by actively managing the portfolio between equity and fixed income avenues in line with the movements of the stock market.

Asset Allocation

As on June 30, 2022, the fund’s equity exposure was 89.29%, while 11.26% of the Net Assets was invested in bank deposits.

Report of the *Shari'ah* Advisor –Meezan Asset Allocation Fund

July 29, 2022/ Dhu Al-Hijjah 29, 1443

Alhamdulillah, the period from July 01, 2021 to June 30, 2022 was the Sixth year of operations of Meezan Asset Allocation Fund (MAAF) under management of Al Meezan Investment Management Limited (Al Meezan). We, Meezan Bank Limited, are the *Shariah* advisors of the Fund and are issuing the report in accordance with clause 8.2.7 of the Trust Deed of the Fund. The scope of the report is to express an opinion on the *Shariah* compliance of the Fund's activity

In the capacity of *Shari'ah Advisor*, we have prescribed six criteria for *Shari'ah* compliance of equity investments which relate to (i) Nature of business, (ii) Interest bearing debt to total assets, (iii) Investment in non-*Shari'ah* compliant activities to Total assets (iv) *Shari'ah* Non Compliant Income to Gross Revenue (v) Illiquid assets to total assets, and (vi) Net liquid assets per share vs. share price.

It is the responsibility of the management company of the fund to establish and maintain a system of internal controls to ensure *Shari'ah* compliance in line with the *Shari'ah* guidelines. Our responsibility is to express an opinion, based on our review, to the extent where such compliance can be objectively verified. A review is limited primarily to inquiries of the management company's personnel and review of various documents prepared by the management company to comply with the prescribed criteria.

- i. We have reviewed and approved the modes of investments of MAAF in light of *Shari'ah* requirements. Following is the list of the top equity holdings of MAAF as on June 30, 2022 and their evaluation according to the screening criteria established by us. (December 31, 2021 accounts of the Investee companies have been used for the following calculations*):

* These ratios are for the calculation of non-*Shari'ah* Compliant Element in the business and are not relevant for Islamic Banks & Islamic Financial Institutions.

** All interest based debts.

*** Shares are considered 'Compliant' based on the reasoning mentioned in clause 8 of Shariah Standard 59.

- ii. On the basis of information provided by the management, all operations of MAAF for the year ended June 30, 2022 have been in compliance with the *Shari'ah* principles.

In light of the above, we hereby certify that all the provisions of the Scheme and investments made on account of MAAF under management of Al Meezan Investment Management Limited (Al Meezan) are *Shari'ah* compliant and in accordance with the criteria established by us.

May Allah bless us with best Tawfeeq to accomplish His cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

TRUSTEE REPORT TO THE UNIT HOLDERS

MEEZAN ASSET ALLOCATION FUND

Report of the Trustee pursuant to Regulation 41(h) and Clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of Meezan Asset Allocation Fund (the Fund) are of the opinion that Al Meezan Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2022 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

INDEPENDENT AUDITOR'S REPORT

To the Unit holders of Meezan Asset Allocation Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Meezan Asset Allocation Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2022, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2022, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with the International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S. No.	Key Audit Matter	How the matter was addressed in our audit
1	Net Asset Value (Refer notes 5 and 6 to the financial statements)	
	Investments and balances with banks constitute the most significant component of the net asset value. Investments of the Fund as at June 30, 2022 amounted to Rs 759.097 million and balances with banks aggregated to Rs 94.883 million. The existence and proper valuation of investments and existence of balances with banks for the determination of NAV of the Fund as at June 30, 2022 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: <ul style="list-style-type: none">Obtained independent confirmations for verifying the existence of the investment portfolio and balances with banks as at June 30, 2022 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed;Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies; andObtained bank reconciliation statements and tested reconciling items on a sample basis.

**Other Information**

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the Management Company is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

A/B

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Khattab Muhammad Akhi Baig**.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022**

1 LEGAL STATUS AND NATURE OF BUSINESS

1.1 Meezan Asset Allocation Fund (the Fund) was established under a Trust Deed executed between Al Meezan Investment Management Limited as the Management Company and the Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Trust Deed was executed under the Trust Act, 1882 on November 25, 2015 and was approved by the Securities and Exchange Commission of Pakistan (SECP) on November 16, 2015 under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules) and the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations). The Management Company has been licensed by the SECP to act as an Asset Management Company under the NBFC Rules through a certificate of registration issued by the SECP. The registered office of the Management Company of the Fund is situated at Ground Floor, Block 'B', Finance and Trade Centre, Shahrah-e-Faisal, Karachi 74400, Pakistan.

During the year ended June 30, 2021, the Trust Act, 1882 was repealed due to the promulgation of Provincial Trust Act namely "Sindh Trusts Act, 2020" (the Sindh Trust Act). The Fund was required to be registered under the Sindh Trust Act. Accordingly, on September 3, 2021 the above-mentioned Trust Deed has been registered under the Sindh Trust Act.

1.2 The objective of the Fund is to earn potentially high return through asset allocation between Shariah Compliant Equity Instruments, Shariah Compliant Fixed Income Instruments, Shariah Compliant Money Market Instruments and any other Shariah Compliant instruments as permitted by the SECP and the Shariah Advisor. Meezan Bank Limited acts as its Shariah Advisor to ensure that the activities of the Fund are in compliance with the principles of

1.3 The Fund is an open-end Shariah Compliant Asset Allocation Scheme. Units are offered for public subscription on a continuous basis. The units are transferable and can be redeemed by surrendering them to the Fund. The Fund is listed on the Pakistan Stock Exchange Limited.

1.4 The Management Company has been assigned a quality rating of 'AM1' by VIS Credit Rating Company Limited dated December 27, 2021 (2021: 'AM1' dated December 31, 2020) and by PACRA dated June 23, 2022 (2021: 'AM1' dated June 23, 2021). The rating reflects the Company's experienced management team, structured investment process and sound quality of systems and processes.

1.5 The title to the assets of the Fund are held in the name of Central Depository Company of Pakistan Limited as the Trustee of the Fund.

2 BASIS OF PRESENTATION

The transactions undertaken by the Fund are in accordance with the process prescribed under the Shariah guidelines issued by the Shariah Advisor and are accounted for on substance rather than the form prescribed by the earlier referred guidelines. This practice is being followed to comply with the requirements of the accounting and reporting standards as applicable in Pakistan.

3 BASIS OF PREPARATION

3.1 Statement of compliance

These financial statements have been prepared in conformity with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017, along with part VIIIA of the repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the requirements of IFRSs, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

3.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on or after July 1, 2021. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

3.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

There are certain other standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2022 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are therefore not disclosed in these financial statements.

3.4 Critical accounting estimates and judgments

The preparation of financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgments and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgments that have a significant effect on the financial statements of the Fund relate to classification and valuation of financial assets (notes 4.3 and 6).

3.5 Accounting convention

These financial statements have been prepared under the historical cost convention except that investments have been carried at fair values.

3.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupee, which is the Fund's functional and presentation currency.

4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4.1 The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years.

4.2 Cash and cash equivalents

These comprise balances with banks in savings and current accounts and other short-term highly liquid investments with original maturities of three months or less.

4.3 Financial assets

4.3.1 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

4.3.2 Classification and subsequent measurement

a) Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the "Statement of Assets and Liabilities" at fair value, with gains and losses recognised in the "Income Statement", except where an irrevocable election has been made at the time of initial recognition to measure the investment at FVOCI. The management considers its investment in equity securities being managed as a group of assets and hence has classified them as FVPL. Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVPL is recognised in the Income Statement.

Since all investments in equity instruments have been designated as FVPL, the subsequent movement in the fair value of equity securities is routed through the Income Statement.

a) Debt instruments

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- amortised cost
- at fair value through other comprehensive income (FVOCI)
- at fair value through profit or loss (FVPL)

based on the business model of the entity

However, IFRS 9 requires securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis, to be recognised at FVPL. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Therefore, the management considers its investment in debt securities as being managed as a group of assets and hence has classified them as FVPL.

b) Impairment

The Fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The Fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- an unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- the time value of money; and
- reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

c) Impairment loss on debt securities

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the Income Statement.

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, considering the specific credit and financial condition of the debt security issuer and in accordance with the provisioning policy duly approved by the Board of Directors of the Management Company. The provisioning policy approved by the Board of Directors has also been placed on the Management Company's website as required under the SECP's circular.

4.3.3 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset.

4.3.4 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

4.4 Financial liabilities

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss arising on derecognition of financial liabilities is taken to the Income Statement.

4.5 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

4.6 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

4.7 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

4.8 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the Management Company / distributors during business hours on the day when the application is received. The offer price represents the Net Asset Value (NAV) per unit as of the close of the business day, plus the allowable sales load and provision of any duties and charges, provision for transaction costs if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price applicable to units for which the Management Company / distributors receive redemption applications during business hours of that day. The redemption price is equal to NAV as of the close of the business day, less any duties, taxes, charges on redemption and provision for transaction costs, if applicable.

4.9 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the period in which such distributions are declared and approved by the Board of Directors of the Management Company.

4.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between Net Assets Value (NAV) per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend NAV of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

4.11 Revenue recognition

- Gains / (losses) arising on sale of investments are included in the Income Statement, on the date when the transaction takes place;
- Unrealised gains / (losses) arising on revaluation of securities classified as financial assets 'at fair value through profit or loss' are included in the Income Statement in the period in which they arise;
- Dividend income is recognised when the Fund's right to receive the same is established i.e. on the commencement of date of book closure of the investee company / institution declaring the dividend; and
- Profit on saving accounts with bank is recognised on a time proportion basis using the effective yield method.

4.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

4.13 Preliminary expenses and floatation costs

Preliminary expenses and floatation costs represent expenditure incurred prior to the commencement of the operations of the Fund. These costs are being amortised over a period of 5 years in accordance with the requirements set out in the Trust Deed of the Fund.

4.14 Taxation

Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit.

The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilised. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on enacted tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. Provided that, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

4.15 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net profit / loss of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings / (loss) per unit has not been disclosed as, in the opinion of the Management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

4.16 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

- 6.1.2** Investments include 34,000 shares of Engro Corporation Limited and 140,000 shares of Oil and Gas Development Company Limited, having market value of Rs 8.741 million and Rs. 11.014 million respectively as at June 30, 2022 (June 30, 2021: 60,000 shares of Engro Corporation Limited, 10,000 shares of Millat Tractors Limited, 100,000 shares of Oil and Gas Development Company Limited, having market value of Rs 17.676 million, Rs. 10.796 million and Rs. 9.503 million respectively) which have been pledged with National Clearing Company of Pakistan Limited for guaranteeing settlement of the Fund's trades in accordance with Circular No. 11 dated October 23, 2007 issued by the SECP.
- 6.1.3** The Finance Act, 2014 introduced amendments to the Income Tax Ordinance 2001 as a result of which companies are liable to withhold five percent of the bonus shares to be issued. The shares so withheld shall only be released if the Fund deposits tax equivalent to five percent of the value of the bonus shares issued to the Fund including bonus shares withheld, determined on the basis of day-end price on the first day of closure of books of the issuing company.

In this regard, a constitutional petition had been filed by Collective Investment Schemes (CISs) through their Trustees in the High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs. The petition was based on the fact that because CISs are exempt from deduction of income tax under Clause 99 Part I to the Second Schedule of the Income Tax Ordinance 2001, the withholding tax provision should also not be applicable on bonus shares received by CISs. A stay order had been granted by the High Court of Sindh (HCS) in favour of CISs.

During the year ended June 30, 2018, the Supreme Court of Pakistan passed a judgment on June 27, 2018 whereby the suits which are already pending or shall be filed in future must only be continued / entertained on the condition that a minimum of 50 percent of the tax calculated by the tax authorities is deposited with the authorities. Accordingly, the CISs were required to pay minimum 50% of the tax calculated by the tax authorities for the case to remain continued. The CISs failed to deposit the minimum 50% of the tax liability and accordingly the stay got vacated automatically during the year ended June 30, 2019. During the year ended June 30, 2020, the CISs had filed a fresh constitutional petition via CP 4653 dated July 11, 2019. In this regard, on July 15, 2019, the Honourable High of Sindh had issued notices to the relevant parties and had ordered that no third party interest on bonus shares issued to the Funds in lieu of their investments be created in the meantime. The matter is still pending adjudication and the Funds have included these shares in their portfolio, as the management is confident that the decision of the constitutional petition will be in favour of the CISs.

Further, the Finance Act, 2018 effective from July 1, 2018 has omitted Section 236M of Income Tax Ordinance, 2001 requiring every company quoted on stock exchange issuing bonus shares to the shareholders of the company, to withhold five percent of the bonus shares to be issued. Therefore, bonus shares issued to the Fund during the year were not withheld by the investee companies.

As at June 30, 2022, the market value of bonus shares of the Fund withheld by certain companies at the time of declaration of bonus shares amounted to Rs 1.37 million (June 30, 2021: Rs 1.99 million).

- 7.1 This pertains to advance made against subscription of IPO of Pakistan Aluminium Beverage Cans Limited.
- 7.2 As per clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under section 151 and 150. However, during the year ended June 30, 2022, withholding tax on dividend paid to the Fund was deducted by various withholding agents based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated 12 May 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced before him by the withholder. The tax withheld on dividends amounts to Rs. 2.470 million.

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. A petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgment of the SHC. Pending resolution of the matter, the amount of withholding tax deducted on dividends and profit on bank deposits has been shown as other receivables as at June 30, 2022 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

exceeding Rs. 1 billion	Rs. 2.0 million plus 0.1% per annum of net assets exceeding Rs. 1 billion.

- 9.2 During the year, an amount of Rs 0.302 million (2021: Rs 0.332 million) was charged on account of sales tax on remuneration of the Trustee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 0.312 million (2021: Rs. 0.326 million) was paid to the Trustee which acts as a collecting agent.

10 PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN (SECP)

In accordance with the NBFC Regulations, 2008, a collective investment scheme is required to pay annual fee to the Securities and Exchange Commission of Pakistan.

Accordingly, the Fund has charged SECP Fee at the rate of 0.02% of average annual net assets of the Fund during the current year (2021: 0.02% of average annual net assets).

- 11.1 According to the instructions of the Shariah Advisor, any income earned by the Fund from investments whereby portion of the investment of investee company has been made in Shariah non-compliant avenues, such proportion of income of the Fund from those investments should be given away for charitable purposes directly by the Fund. Accordingly, during the year ended June 30, 2022, Shariah non-compliant income amounting to Rs. 1.420 million (2021: Rs. 1.244 million) was charged as charity expense and Rs 2.0 million was disbursed to following charitable / welfare organisations respectively:

S. No.	Charitable Organisations	Amount Rupees in '000
1	Tabba Heart Institute	1,500
2	Welfare Society of Patient Care	300
3	Patel Hospital	200
	Total	2,000

- 11.2 The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16 percent on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 1, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs. 0.627 million is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision not been made, the NAV per unit of the Fund would have been higher by Re 0.03 (June 30, 2021: Re.0.02) per unit.

- 11.3** As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs / mutual funds, MUFAP recommended that, as a matter of abundant caution, provision in respect of SWWF should be made with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from May 21, 2015). The Funds have accordingly made provision in respect of SWWF as recommended by MUFAP.

SRB through its letter dated August 12, 2021 has intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and was also been taken up with the SECP and the Asset Management Companies, in consultation with SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the funds, for the period from May 21, 2015 to August 12, 2021, on August 13, 2021. The SECP has given its concurrence for prospective reversal of provision for SWWF vide its circular dated August 30, 2021. Going forward, no provision for SWWF has been recognised in the financial statements of the Fund.

14 TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2022 is 3.59% (2021: 3.88%) which includes 0.28% (2021: 0.89%) representing government levies on the Fund such as provision for Sindh Workers' Welfare Fund (if any), sales taxes, federal excise duties, annual fee to the SECP, etc. This ratio is within the maximum limit of 4.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as an Asset Allocation scheme.

15 TAXATION

The income of the Fund is exempt from income tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the Management has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2022 to the unit holders in the manner as explained above, no provision for taxation has been made in these financial statements during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

18 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the Regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

18.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee.

Market risk comprises of three types of risks: profit rate risk, currency risk, and price risk.

(i) Profit rate risk

Profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market profit rates. As of June 30, 2022, the Fund is exposed to such risk on its balances held with banks. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

a) Sensitivity analysis for variable rate instruments

Presently, the Fund holds balances with banks which expose the Fund to cash flow profit rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net income / loss for the year and net assets of the Fund would have been higher / lower by Rs. 0.93 million (2021: Rs. 2.47 million).

b) Sensitivity analysis for fixed rate instruments

As at June 30, 2022, the Fund does not hold any fixed rate instrument that may expose the Fund to fair value profit rate risk.

The composition of the Fund's investment portfolio, profit rates and the rates announced by the Financial Markets Association of Pakistan are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2022 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

The Fund's profit rate sensitivity related to financial assets and financial liabilities as at June 30, 2022 can be determined as follows:

2022

(ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

(iii) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund is exposed to equity price risk on investments held by the Fund and classified as 'at fair value through profit or loss'. To manage its price risk arising from investments in equity securities, the Fund diversifies its portfolio within the eligible stocks prescribed in the Trust Deed. The NBFC Regulations also limit individual equity securities to no more than 15% of net assets and issued capital of the investee company and sector exposure limit to 40% of the net assets.

In case of 1% increase / decrease in 30 KSE index on June 30, 2022, with all other variables held constant, the total comprehensive income of the Fund for the year would increase / decrease by Rs. 7.591 million (2021: Rs. 14.234 million) and the net assets of the Fund would increase / decrease by the same amount as a result of gains / losses on equity securities classified as financial assets at fair value through profit or loss.

The analysis is based on the assumption that equity index had increased / decreased by 1% with all other variables held constant and all the Fund's equity instruments moved according to the historical correlation with the index. This represents management's best estimate of a reasonable possible shift in the KMI 30 Index, having regard to the historical volatility of the index. The composition of the Fund's investment portfolio and the correlation thereof to the KMI 30 Index, is expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2022 is not necessarily indicative of the effect on the Fund's net assets of future movements in the level of the KMI 30 Index.

18.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily settlement of equity securities and daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, the Fund can borrow in the short-term to ensure settlement the maximum limit of which is fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemption requests during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month:

18.3 Credit risk

18.3.1 Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. The table below analyses the Fund's maximum exposure to credit risk:

	2022		2021	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
-----Rupees in '000-----				
Balances with banks	94,883	94,883	249,862	249,862
Investments	759,097	-	1,423,402	-

	864,596	105,499	1,711,204	287,802

Difference in the balance as per statement of asset and liabilities and maximum exposure is due to the fact that investments in equity securities of Rs. 0.759 million (2021: Rs. 1.423 million) is not exposed to credit risk.

18.3.2 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its placements in banks and mark-up accrued thereon, dividend receivable and receivable against sale of units and against investments. The credit rating profile of balances with banks is as follows:

	2022	2021
	(Percentage)	
AAA	1.57	22.55
AA+	34.70	19.07
AA	0.03	0.35
A+	63.70	58.03
	100.00%	100.00%

18.3.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Funds portfolio of financial assets is mainly held with credit worthy counterparties thereby mitigating any credit risk.

19 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2022 the Fund held the following financial instruments measured at fair values:

	2022		
	Level 1	Level 2	Level 3
	(Rupees in '000)		
Financial assets 'at fair value through profit or loss'			
Shares of listed companies - 'ordinary shares'	759,097	-	-
	2021		
	Level 1	Level 2	Level 3
	(Rupees in '000)		
Financial assets 'at fair value through profit or loss'			
Shares of listed companies - 'ordinary shares'	1,423,402	-	-

20 UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 19, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.
