Progress Repost

Dear Sir,

This is with reference to your letter No. PSX-Gen- 1926 dated September 30, 2022, by which your honor asked for the Quarterly Progress Report to commence commercial production or business operation. In this context, we submit as under: -

1. The sponsor directors have obtained orders of the Honorable High Court for reconnection of electricity of the Mill.

As discussed in the previous Progress Report for the Quarter ended June 30, 2022 that the WAPDA is still not obeying the order of the Honorable Lahore High Court Lahore, for which the company has filed an application for contempt of court against WAPDA. The Honorable High Court had given directions to the session court to make steps to restore the connection of the Electricity of the Company.

The management is trying its best to secure electricity connection as early as possible. But LESCO is using the Delay Techniques. The next date of hearing is October 17, 2022

2. It is expected that the Re-Connection of Electricity will be made in near future. Then company will be able to Re-Start its commercial production of Spun Yarn. Further progress will be provided in next quarter's progress report.

Thanks & Regards

For NAZIR COTTON MILLS LTD
