MIAN MOHAMMAD ABDULLAH (Chairman)

Mian Mohammad Abdullah, a leading and experienced industrialist of Pakistan is the chairman and founder of Sapphire Group of Companies. He has significant experience of working in different business environments and possesses wide experience of business establishment. At present group has stakes inTextile, Power, Dairy and Retail and is a prominent private sector employer.

Mian Abdullah is an active philanthropist and has served on Board of various philanthropic organizations. He has twice been bestowed with Pakistan's top civilian award, Sitara-e-Imtiaz in recognition of his contribution towards business.

MR. NADEEM ABDULLAH (Chief Executive Officer)

Mr. Nadeem Abdullah has been the Chief Executive Officer of Sapphire Textile Mills Limited for the last 18 years and is also a director in other group companies. He graduated from McGill University Canada. He is serving as Chief Executive Officer of company's subsidiaries in the renewable energy segment.

As Chief Executive Officer of the company, Mr. Nadeem contributed to Company's growth in terms of diversification in the value-added segment including retail and renewable energy. He has vast experience of business establishment and management. He led the business growth of the organization, introduced new product lines and managed the development of many value-added products. He was involved in the development of the group's textile operations, which provided him an in-depth understanding of the business. Mr. Nadeem has expertise in multiple disciplines including sales and marketing, supply chain management, product development and management etc.

MR. SHAHID ABDULLAH

Mr. Shahid Abdullah has been associated with Sapphire Group since 1980. Being a director of various companies of Sapphire Group, he has to plan and forecast for both long and short-term positions. He introduced new lines in the textile business like knitting, cone dyeing, fabric dyeing and finishing. He has achieved considerable experience of spinning, weaving, knitting, dyeing, finishing and power generation. He has experience and is competent in business dealings, especially for procurement of plant and machinery, raw material and other assets. He is well-versed in sales promotion and has successfully created goodwill for Sapphire products in local as well as in export markets. He holds a bachelor's degree in commerce from University of Karachi. He is serving as Chief Executive Officer of Sapphire Fibres limited and Sapphire Electric Company Limited.

MR. AMER ABDULLAH

Mr. Amer Abdullah has a Master in Business Administration degree from the U.S. He joined the group at a young age and was appointed as director in 1990 in various group companies. He has undertaken various textile expansion projects and has diversified the dairy business. He is experienced in business dealings especially for procurement of plant and machinery, raw material and other assets. He has rich experience of sales promotion and has successfully added goodwill for Sapphire products in domestic as well as in export markets. He is serving as Chief Executive Officer of Diamond Fabrics Limited and Sapphire Dairies (Private) Limited.

MR. YOUSUF ABDULLAH

Mr. Yousuf Abdullah has a Master in Business Administration degree from the UK. He is the Chief Executive Officer of Sapphire Finishing Mills Limited and is also on the board of other group business. He became Director in various companies of Sapphire Group in 1995. His vision was instrumental in introducing new lines in the textile businesses. Having considerable experience in sales promotion, he added remarkable goodwill of Sapphire products in local as well as international markets.

MR. NABEEL ABDULLAH

Mr. Nabeel Abdullah has done his Bachelor of Science in Economics from the London School of Economics. He has also undertaken numerous professional courses from the Lahore University of Management Sciences. Before joining the Sapphire Group, he also interned at Citi, in their Commercial Bank, in London for 3 months. He with experience of textile manufacturer diversify business in to retailing which has paid off for the group and is enjoying impressive growth. Mr. Nabeel is the Chief Executive Officer of Sapphire Retail Limited and is currently overseeing raw material procurement, sales, production, accounts and finance of Sapphire Textile Mills Limited.

MR. UMER ABDULLAH

Mr. Umer Abdullah has done his Bachelor of Science in Economics from the University of Toronto. Before joining Sapphire Group, he interned at RBC capital markets, UHN and Akhuwat Foundation. He joined Sapphire in January 2018 and after rotating in various functions of the businesses he is now looking after the Home Textiles business and has ambitious plans to grow it.

MR. NADEEM KARAMAT

Mr. Nadeem Karamat Corporate and Financial Services experience spreads over 36 years across three continents. A specialist in Strategy, Corporate/Business Leadership, and Board Governance, his professional experience includes managing and leading Financial Institutions in Commercial and wholesale banking, Multilateral Development banks, Capital Markets/Advisory and Development Financial Institution.

His career spanned over 23 years with Fortune 500 companies. He started with Bank of America in Pakistan in corporate banking, and then moved to American Express Bank Ltd, where he served for over 20 years. At American Express Bank he leveraged the opportunity to work in the U.S., Middle East and Singapore. With American Express Bank, he held the position as Country Head for the Levant region [Lebanon and Jordan], Corporate Finance Head for Pakistan, Bangladesh and Srilanka, and lastly Country Head for Pakistan for 6 years. After American Express Bank's divestment in Pakistan in December 2006, he successfully sold the bank to a local group under Central Bank's scheme of amalgamation. He then worked for five years in Istanbul, Turkey and successfully established the 25th Multilateral Development Bank in the world, [ECO Trade & Development Bank] as Founding Vice President, covering 10 countries and represented Pakistan for its shareholding.

Upon his return to Pakistan, he joined BMA Capital Management, a large corporate advisory and brokerage house as MD in 2012. In 2014 he joined PAK Iran Investment Company [Pair Investment Company] as CEO. He has vast experience in managing functional teams, policy formulation as well as leading large and complex financial structures and M&A activities.

Outside his career, his engagements were:

Member of the Board of Directors for First Inter-investment Bank [now IGI Investment Bank], board member of Soneri Bank, Faysal Asset Management company, NICL, Sapphire Textile Mills Limited and Director Intellectual Property Rights of Pakistan.

He remained President of American Business Council of Pakistan, Executive Committee member for Overseas Investors Chamber of Commerce and Industry, Executive Committee member for Pakistan Banking Association, Member Board of Governors for Lahore University and Management Sciences [LUMS] Member Board of Trustees for MALC, Member Board of Trustees National University of Science and Technology [NUST]. He has been awarded the quality award for leadership and performance by Chairman American Express Company.

MR. SHAHID SHAFIQ

Mr. Shahid Shafiq has an MBA from the Institute of Business Administration (IBA), Karachi with a major in Accounting & Finance. He was awarded 2 Gold Medals at the IBA.

He was the Chief Executive Officer of a textile mill, and has served as the Vice Chairman of APTMA (Sind Zone) and a Member of its Central Managing Committee for a number of terms; and as the Vice Chairman of the Karachi Cotton Association (KCA) and as a Member of the KCA Board for multiple terms. He has served as a Member of the Board of the Privatisation Commission of Pakistan.

Owing to his abiding interest in the field of education, he is a Member of the Board of Governors of the IBA, the Chairman of its Audit & Finance Committee, and a Member of its Selection Board. He is a Member of the Board of Governors of the Textile University of Pakistan (TIP). Earlier, he was appointed by the President of Pakistan as a Member of the Syndicate of the Quaid-i-Azam University, Islamabad, and as the Chairman of a Search Committee to appoint a Vice-Chancellor of a Federal University.

He also volunteers on the Boards of a welfare Hospital and a School in Karachi.

MS. MASHMOOMA ZEHRA MAJEED

Ms. Majeed completed her Chartered Financial Analyst (CFA) program in 2001 from the CFA Institute and the Financial Risk Manager (FRM) Program in 2010. She has a vast experience of over 22 years in Investment and Capital Markets. She has been associated with the asset management industry in Pakistan for over 20 years with her forte being in investment management and product development. She has previously worked in senior positions in Atlas Asset Management Limited, ABAMCO Ltd (now JS Investments Ltd) and Crosby Asset Management Ltd. She started her career with M/s Hameed Majeed Associates (Pvt) Ltd., as Management & Financial Consultant.

Currently, Ms. Majeed is working as Chief Executive Officer (CEO) in Mutual Funds Association of Pakistan (MUFAP) since 2012.

She is on the Board of Atlas Honda Limited from March 13, 2020. She has previously served on the Board of Honda Atlas Cars (Pakistan) Limited from July 1, 2017 to March 13, 2020.

Review Report By The Chairman

The Board of Directors is performing its duties in accordance with law and in the best interest of the Company and its shareholders. As required under the Code of Corporate Governance, an annual evaluation of the Board of Directors of Sapphire Textile Mills Limited is conducted. The purpose of this evaluation is to ensure that the Board's overall performance and effectiveness is measured and benchmarked against expectations in the context of objectives set for the Company.

For the financial year ended June 30, 2022, the Board's overall performance and effectiveness has been assessed as satisfactory. That performance is based on an evaluation of integral components, including vision, mission and values; engagement in strategic planning; formulation of policies; monitoring the organization's business activities; monitor financial resource management; effective fiscal oversight; equitable treatment of all employees and efficiency in carrying out the Board's business. I would also like to extend my acknowledgement and gratefulness towards the Board for its positive contribution and continuous commitment.

Sapphire Textile Mills Limited complies with all the requirements set out in the law(s) with respect to the composition, procedures, and meetings of the Board of Directors and its committees. Necessary Board agenda and related supporting documents were duly made available to the Board in sufficient time prior to the Board and its committee meetings. The Board has exercised all its powers in accordance with relevant laws and regulation and the non-executive and independent Directors are equally involved in important decisions of the board.

Mohammad Abdullah Chairman

Karachi 26th September 2022

The Directors of the Company have pleasure in submitting their Report together with the audited financial statements of the Company for the year ended June 30, 2022.

FINANCIAL REVIEW

The Company's financial results have been encouraging. The Summary of key financial numbers are presented below:

| | 2022 | 2021 | |
|------------------------|----------------|-------------|--|
| | Rupees in '000 | | |
| | | | |
| Net turnover | 61,373,384 | 38,470,987 | |
| Gross Profit | 11,859,068 | 6,350,113 | |
| Profit from Operations | 11,116,712 | 5,341,902 | |
| Other Income | 3,007,581 | 1,097,563 | |
| Finance cost | (2,659,056) | (1,582,533) | |
| Profit before taxation | 8,457,656 | 3,759,369 | |
| Taxation | (1,442,104) | (496,434) | |
| Profit after taxation | 7,015,552 | 3,262,935 | |

The Company's net turnover increased from Rs.38.471 billion to Rs.61.373 billion as compared to the previous year. The Company's net turnover increased by 60% mainly due to increase in selling prices. Selling prices increased due to increase in raw material prices and devaluation of Pak Rupee.

The gross profit as a percentage of sales increased to 19.32% during the current financial year from 16.51% in the corresponding year. The Company achieved gross profit of Rs. 11.859 billion during the year; an impressive increase of 87% from Rs.6.350 billion reported last year. The increased profitability of the company can be attributed to robust demand of products, procurement of raw material in a timely way, economies of scale, cost efficiencies and diversified customer portfolio.

During the year Company received healthy dividends from its renewable energy business which resulted

in significant other income of Rs. 3.008 billion in comparison to Rs.1.098 billion in corresponding year. The finance cost during the year increased significantly to Rs.2.659 billion (2021:Rs.1.583 billion) representing 4.33% (2021: 4.11%) of sales due to increase in interest rates on borrowings and increase in working capital requirements. However State Bank Schemes in the form of Temporary Economic Refinance Facility (TERF) and Long Term Finance Facility (LTFF) helped the Company to arrange financing at attractive markup rates to modernize and expand its facilities. The Company achieved profit before tax of Rs. 8.458 billion against profit before tax of Rs.3.759 billion in corresponding year. Tax amounted to Rs.1,442 million for the current year as compared to Rs.496 million in corresponding year. Taxation increased due to increase in profit before tax and imposition of super tax @ 10% by the Federal Government through Finance Act, 2022.

APPROPRIATION OF PROFIT

| | Rupees in '000 |
|---|----------------|
| | |
| Profit Before Taxation | 8,457,656 |
| Less: Taxation | (1,442,104) |
| Profit after taxation | 7,015,552 |
| Gain on remeasurement of staff retirement benefits | 16,793 |
| Add: Unappropriated profit brought forward | 19,630,255 |
| | 26,662,600 |
| Appropriations | |
| Final dividend for the year ended June 30, 2021 (150% i.e. Rs.15 per share) | (325,347) |
| Unappropriated available for distribution | 26,337,253 |
| Subsequent effects | |
| Final dividend for the year ended June 30, 2022 (100% i.e. Rs.10 per share) | (216,898) |
| Unappropriated Profit Carried Forward | 26,120,355 |

Earnings per Share

The earnings per share for the year ended June 30, 2022 is Rs.323.45 as compared to Rs.150.44 for last year ended June 30, 2021.

Dividend

The Board of Directors of the company is pleased to recommend a cash dividend of 100% i.e. Rs. 10 per share for the year ended June 30, 2022.(June 30, 2021: 150%).

Future Prospects

The Global economic scenario has changed completely. The Russian invasion of Ukraine and the consequent increase in global energy prices have thrown the world into recession. The higher energy prices leaves less disposable income in the hands of the consumer which has resulted in reduced demand for non essential products, including textiles. Coupled with this reduced demand, raw cotton is in short supply globally and therefore the prices of raw material are high. Pakistan has been exceptionally hurt due to excessive flooding which has resulted in not only loss of lives, damage of infrastructure, spread of disease, but also substantial damage of agriculture crops including cotton. This coupled with higher costs of energy, raw materials, interest rates and other inputs is very

damaging for the industry. Due to this deteriorating situation and the need for substantial imported inputs, there is extreme pressure on the Pak rupee and it is loosing value in the international market. In addition, due to shortage of foreign exchange, the banks are restricting imports. These challenges need to be overcome. The management is making its best effort to overcome these challenges.

SUBSIDIARIES OF SAPPHIRE TEXTILE MILLS LIMITED

The Company owns seven subsidiaries out of which five are 100% owned by Sapphire Textile Mills Limited. The brief of each subsidiary is as follows:

COMMENTS ON FINANCIAL STATEMENTS

Statement of Financial Position

Non-Current Assets

Non-current assets of the Company mainly constitute property, plant and equipment and long term investments in subsidiary companies and investment in blue chip shares. Value of long term investments in blue chip share has undermine due to decrease in share prices whereas value of property, plant and equipment increased as company has undertaken capacity enhancement / balancing modernization and replacement in all of its segments. Over six years, property, plant and equipment of Sapphire Textile Mills Limited have increased to Rs.19,921 million which is 88% higher than property, plant and equipment held in year 2017.

Current Assets

Current assets of the Company mainly constitute stock in trade, trade debts and short term investments in blue chip shares. Current assets of the company are in line with existing business activities. Stock in trade are increased mainly due to increase in prices of raw material. Value of short term investments in blue chip shares has decreased due to decrease in stock market rates.

Vertical Analysis of Financial Statements

For the year ended June 30, 2022

Equity

The Company has sound equity aggregating Rs.26,110 million as on 30 June 2022.

Long Term Financing

Long term financing of the Company has increased in comparison with last year. During the year the company obtained long term loans of Rs.3,857 million as per the State Bank of Pakistan LTFF and TERF schemes for investment in plant and machinery. During the year, the company has also repaid long term loans aggregating Rs.2,722 million.

Short Term Borrowings

Short term loans of the company has been increased in comparison with last year due to increase in working capital requirement.

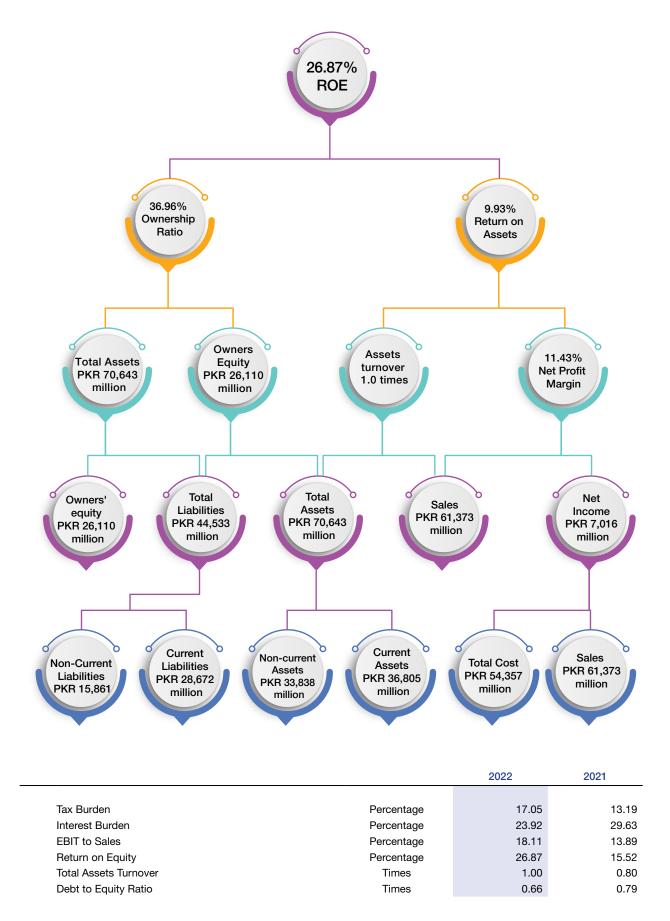

Statement of Profit or Loss

Sales of the company has grown up by 139.89% over the last six years. However, during the current year sales have increased by 59.53% in comparison with last year. Gross profit as a percentage of sales has increased from 10.47% to 19.32% over the period of six years. Gross profit has improved due to more emphasis on value added products and efficient cost levels.

Other income of the company mainly constitute dividend received from subsidiary companies, associated companies and blue chip companies.

Finance cost has increased significantly in comparison with last year due to increase in interest rates on borrowings and increase in working capital requirment.

STATEMENT OF COMPLIANCE WITH LISTED COMPANIES (CODE OF CORPORATE GOVERNANCE) REGULATIONS, 2019

Name of Company: SAPPHIRE TEXTILE MILLS LIMITED Year ended: June 30, 2022.

The Company has complied with the requirements of the Listed Companies (Code of Corporate Governance) Regulations, 2019 ("the CCG Regulations") in the following manner:

1. The total number of directors are Ten (10) as per the following:

| a. | Male | (9) Nine |
|----|--------|----------|
| b. | Female | (1) One |

2. The composition of the Board is as follows:

| Category | Names |
|-------------------------------|----------------------------|
| Independent Directors(*) | Mr. Nadeem Karamat |
| | Mr. Shahid Shafiq |
| Independent Director / Female | Ms. Mashmooma Zehra Majeed |
| Non-Executive Directors | Mr. Mohammad Abdullah |
| | Mr. Shahid Abdullah |
| | Mr. Amer Abdullah |
| | Mr. Yousuf Abdullah |
| Executive Directors | Mr. Nadeem Abdullah |
| | Mr. Nabeel Abdullah |
| | Mr. Umer Abdullah |

(*)The independent director meets the criteria of independence under the Companies Act, 2017 ("the Act").

- The directors have confirmed that none of them is serving as a director on more than seven listed companies, including this company.
- 4. The Company has prepared a "Code of Conduct" and has ensured that appropriate steps have been taken to disseminate it throughout the company along with its supporting policies and procedures.
- The Board has developed a vision/mission statement, overall corporate strategy and significant policies of the company. The board

has ensured that complete record of particulars of the significant policies along with the dates of approval or amendments has been maintained.

- 6. All the powers of the Board have been duly exercised and decisions on relevant matters have been taken by board/ shareholders as empowered by the relevant provisions of the Act and these Regulations.
- 7. The meetings of the Board were presided over by the Chairman and, in his absence, by a director elected by the Board for this purpose. The Board has complied with the requirements of Act and the Regulations with respect to frequency, recording and circulating minutes of the meeting of Board.
- The Board have a formal policy and transparent procedures for remuneration of directors in accordance with the Act and these Regulations.
- Out of the total Ten (10) directors of the company,
 Nine (9) Directors meet the requirements, Five
 (5) Directors have already attained certification under directors training program and four
 (4) directors meet the requirements of the exemption under regulation.
- 10. The Board has approved appointment of CFO, Company Secretary and Head of Internal Audit, including their remuneration and terms and conditions of employment and complied with relevant requirements of the Regulations.
- The financial statements of the Company were duly endorsed by Chief Executive Officer and Chief Financial Officer before approval of the Board.
- The Board has formed committees comprising of members given below:

a) Audit Committee

- Mr. Nadeem Karamat (Chairman)
- Mr. Shahid Shafiq (Member)
- Mr. Yousuf Abdullah (Member)
- Mr. Amer Abdullah (Member)

b) HR and Remuneration Committee

- Mr. Nadeem Karamat (Chairman)
- Mr. Nadeem Abdullah (Member)
- Mr. Umer Abdullah (Member)
- Mr. Shahid Shafiq (Member)
- Ms. Mashmooma Zehra Majeed (Member)
- 13. The terms of reference of the aforesaid committees have been formed, documented and advised to the committee for compliance.
- 14. The frequency of meetings of the committees were as per following:
 - a) Audit Committee [Quarterly]
 - b) HR and Remuneration Committee [Annualy]
- 15. The Board has set up an effective Internal Audit Function.
- 16. The statutory auditors of the Company have confirmed that they have been given a satisfactory rating under the quality control review program of the Institute of Chartered Accountants of Pakistan and registered with Audit Oversight Board of Pakistan, that they and all their partners are in compliance with International Federation of Accountants (IFAC) guidelines on code of ethics as adopted by the Institute of Chartered Accountants of Pakistan and that they and the partners of the firm involved in the audit are not a close relative (Spouse, parents, dependents and non-dependents children) of the chief executive officer, chief financial officer, head of internal

audit, company secretary or directors of the company.

- 17. The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the Act, these Regulations or any other regulatory requirement and the auditors have confirmed that they have observed IFAC guidelines in this regard.
- 18. We confirm that all other requirements of the Regulations 3,6,7,8,27,32,33 and 36 have been complied with.

Regulation 6 (1) the Listed Companies (Code of Corporate Governance) Regulations, 2019, requires that "each listed company shall have at least two or one third members of the Board, whichever is higher, as independent directors". At time of the last election of Directors, the Company assessed its compliance with this Regulation. One third of the Company's total number of Directors results in a fractional number (3.33). The fraction has not been rounded up to one and therefore, the Board of Directors currently has 3 independent Directors. The Company considers that the existing composition of the Board of Directors brings in the relevant experience and valuable contributions to the Board.

For and on behalf of the Board

MOHAMMAD ABDULLAH CHAIRMAN / DIRECTOR NADEEM ABDULLAH CHIEF EXECUTIVE

Karachi 26th September 2022

TO THE MEMBERS OF SAPPHIRE TEXTILE MILLS LIMITED

Review Report on the Statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of Sapphire Textile Mills Limited (the Company) for the year ended 30 June 2022 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended 30 June 2022.

| Name of | CNIC | Folio | Cell | Email |
|-------------|--------|--------|---------|---------|
| Shareholder | Number | Number | Number. | Address |
| | | | | |

Video conference link details and login credentials shall be shared with those shareholders whose information are received through their registered e-mail address within specified time. Furthermore, the said facility shall be login from the registered email address only.

- On the day of AGM, the shareholders will be able to login and participate in the AGM proceedings through their smart phone or computer devices from their any convenient location.
- The login facility will be opened thirty (30) minutes before the meeting time to enable the participants to join the meeting after identification process and verification process.

In compliance with regulatory directives issued from time to time, members who have not yet submitted copy of their valid CNIC/NTN are requested to submit the same to the Company, with members' folio number mentioned thereon for updating record.

Members can exercise their right to demand a poll subject to meeting requirements of section 143-145 of the companies Act 2017 and applicable clause of the Companies (Post Ballot) Regulations, 2018.

Online payment of Dividend through Electronic fund transfer (EFT) - (Mandatory Requirement)

In accordance with the provisions of Section 242 of the Companies Act and Companies (Distribution of Dividends) Regulation 2017, a listed company, is required to pay cash dividend to the shareholders ONLY through electronic mode directly into the bank account designated by the entitled shareholders. In this regard, Sapphire Textile Mills Limited has already sent letters and Electronic Credit Mandate Forms to the shareholders.

Those shareholders who have still not provided their IBAN are once again requested to fill in "Electronic Credit Mandate Form" as reproduced below and send it duly signed along with a copy of valid CNIC to their respective CDC participant / CDC Investor account services (in case of shareholding in Book Entry Form) or to the Company's Share Registrar M/s. Hameed Majeed Associates (Private) Limited, 4th Floor, Karachi Chambers, Hasrat Mohani Road, Karachi (in case of shareholding in Physical Form).

| 1. | Shareholders' Detail | |
|----|--------------------------|--|
| | Name | |
| | Folio# / CDC(IAS / SUB) | |
| | CNIC No. (Copy attached) | |
| | Mobile/ Landline No. | |

| 2. | Shareholders' Bank Detail |
|----|---------------------------------------|
| | Title of Bank Account |
| | International Bank Account No. (IBAN) |
| | Bank's Name |
| | Branch Name and Address |

In case of IBAN not provided, the Company will have to withhold the cash dividend according to SECP directives.

i) Pursuant to the provisions of Section 150 of the Income Tax Ordinance, 2001 the rates of deduction of Income tax from dividend payments will be as follows:

a) For filers of income tax returns: 15%b) For non-filers of income tax returns: 30%

All Shareholders are advised to check their status on Active Taxpayers List (ATL) available on Federal Board of Revenue (FBR) website and if required take necessary actions for inclusion of their name in ATL. In case a person's name does not appear in the ATL, the applicable tax rate will be increased by hundred percent.

Withholding Tax exemption from the dividend income shall only be allowed if copy of valid tax exemption certificate is made available to our Share Registrar by first day of Book Closure.

Zakat is also deductible at source from the dividend at the rate of 2.5% of the face value of the share, other than corporate holders or individuals who have provided an undertaking for non-deduction of zakat. To claim exemption from compulsory deduction of Zakat, shareholders are requested to submit a notarized copy of Zakat Declaration Form "CZ-50" on non-judicial stamp paper of Rs. 50.00 to the Shares Registrar, before the date of book closure.

ii) Further, according to clarification received from Federal Board of Revenue (FBR), with-holding tax will be determined separately on 'Filer/Non-Filer' status of Principal shareholder as well as joint-holder (s) based on their shareholding proportions, in case of joint accounts. In this regard all shareholders who hold shares jointly are requested to provide shareholding proportions of Principal shareholder and Joint-holder(s) in respect of shares held by them to our Share Registrar, in writing as follows:

| | | | Principal S | hare Holder | der Joint Holder(s) | | |
|-----------------|--------------------------|-----------------|--------------------|--|---------------------|--|--|
| Company Name | Folio / CDS Account # | Total Shares | Name and CNIC # | Share Holding Proportions (No of Shares) | Name and CNIC # | Share Holding Proportions (No of Shares) | |

The required information must reach our Share Registrar within 10 days of this notice, otherwise it will be assumed that the shares are equally held by Principal shareholder and Joint Shareholder(s).

- The corporate shareholders having CDC accounts are required to have their National Tax Number (NTN) updated with their respective participants, whereas corporate physical shareholders should send a copy of their NTN certificate to the Company or M/s. Hameed Majeed Associates (Private) Limited. The shareholders while sending NTN or NTN certificates, as the case may be, must quote company name and their respective folio numbers.
- 8) As per section 72 of the Companies Act, 2017, every existing company shall be required to replace its physical shares with book-entry form in a manner as may be specified and from the date notified by the Commission, within a period not exceeding four years from the commence of this Act i.e., May 30, 2017. The Shareholders having physical shareholding may open CDC Sub-account with any of the broker or investor account directly with CDC to place their physical share into scripless form.
- 9) In pursuance of the directions given by the Securities and Exchange Commission of Pakistan (SECP) vide SRO 787 (I) / 2014 dated September 8, 2014, members who wish to receive the Company's Annual Report and Notices by email are requested to provide their consent via e-mail at contact@ sapphiretextiles.com.pk
- 10) The Financial Statements of the company for the year ended 30th June, 2022 along with reports have been placed on the company's website www.sapphire.com.pk/stml. However, if a shareholder, requests for hard copy of the Annual Audited Financial Statements, the same shall be provided free of cost within seven (07) days of receipt of such request.
- 11) An updated list for unclaimed dividends/shares of the Company is available on the Company's website www.sapphire.com.pk/stml. These are unclaimed dividends/shares which have remained unclaimed or unpaid for a period of three years from the date these have become due and payable.
- 12) Pursuant to Section 134(1)(b) of the Act, shareholders residing in a city holding aggregate 10% or more shareholding may demand to participate in the meeting through video conference. The request for video-link facility shall be shall be received by the Share Registrar at their address at least seven days prior to the date of the meeting on the Standard Form available on the website of the Company

STATEMENT OF MATERIAL FACTS UNDER SECTION 134 (3) OF THE COMPANIES ACT, 2017

1. Item relating to Number 5 (i) of the notice. Ratification and approval of the related party transactions

The Company carries out transactions with its associates and related parties in accordance with its policies, applicable laws, regulations and with approval of board of directors of the company. However, during the year since majority of the Company's Directors are interested in certain transactions (by virtue of being the shareholder or common directorship), therefore due to absent of requisite quorum for approval in Board of Directors meeting, these transactions are being placed for the approval by shareholders in the Annual General Meeting.

All transactions with related parties to be ratified have been disclosed in the note 43 to the unconsolidated financial statements for the year ended 30th June, 2022.

The company carries out transactions with its related parties on an arm's length basis as per the approved

policy with respect to 'transactions with related parties' in the normal course of business and periodically reviewed by the Board Audit Committee. Upon the recommendation of the Board Audit Committee, such transactions are placed before the board of directors for approval.

Transactions entered into with the related parties include, but are not limited to, sale & purchase of goods, dividends paid and received, investments made (in accordance with the approval of shareholders and board where applicable) and sharing of common expenses.

The nature of relationship with these related parties has also been indicated in the note 43 to the unconsolidated financial statements for the year ended 30th June, 2022.

2. Item relating to Number 5 (ii) of the notice.

Authorization for the Board of Directors to approve the related party transactions during the year ending 30th June, 2023.

The Company shall be conducting transactions with its related parties during the year ending 30th June, 2023 on an arm's length basis as per the approved policy with respect to 'transactions with related parties' in the normal course of business. The majority of Directors are interested in these transactions due to their common directorship in the subsidiary / associated companies. In order to promote transparent business practices, the Board of Directors seeks authorization from the shareholders to approve transactions with the related parties from time-to-time on case-to-case basis for the year ending 30th June, 2023 and such transactions shall be deemed to be approved by the Shareholders. The nature and scope of such related party transactions is explained above. These transactions shall be placed before the shareholders in the next AGM for their formal approval / ratification.

Independent Auditors' Report To the Members of Sapphire Textile Mills Limited Report on the Audit of the Separate Financial Statements

Opinion

We have audited the annexed unconsolidated financial statements of Sapphire Textile Mills Limited (the Company), which comprise the unconsolidated statement of financial position as at 30 June 2022, the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity, the unconsolidated statement of cash flows for the year then ended, and notes to the unconsolidated financial statements, including a summary of significant accounting policies and other explanatory information and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the unconsolidated statement of financial position, unconsolidated statement of profit or loss, unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as

at 30 June 2022 and of the profit and other comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the separate financial statements of the current period. These matters were addressed in the context of our audit of the unconsolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the key audit matters:

Key audit matters

1. Stock in trade

The Company has a composite textile set-up comprising spinning, weaving, processing and home textile units. Therefore, its stock in trade includes various inventory items including cotton, yarn and fabric categorized into raw materials, work in process and finished goods based on the processes of respective units where these are being utilized / produced. These are stored at various geographically dispersed locations.

As disclosed in note 13 of the financial statements, stock in trade balance as of 30 June 2022 amounted to Rs. 23,146 million comprising a significant percentage (33%) of the Company's total assets.

Due to the above factors, significant auditor attention is required in auditing of inventory balances and transactions during the year and hence considered a Key Audit Matter.

How our audit addressed the key audit matter

We performed following key audit procedures, among other procedures, in respect of stock in trade:

- We gained an understanding of the management's process of recording and valuing inventories.
- We tested controls over the Company's processes of inventory purchases and issuance.
- We attended physical inventory counts and reconciled the count results to inventory listings at the year end.
- We performed substantive procedures over purchases recorded during the year.
- We tested the valuation of inventory items in accordance with Company's policy and international accounting standards (IAS 2 – Inventories).
- We performed trend analysis and correlation between stock in trade and cost of sales, and assessed the reasonableness in the context of economic and internal factors along with relating the same to movement in trade payables.

| Key audit matters | How our audit addressed the key audit matter |
|---|---|
| | |
| | We evaluated appropriateness of the measurement basis for net realizable value for finished goods and raw material. |
| | We assessed the adequacy of disclosures made in the financial statements in accordance with the applicable financial reporting standards and the Companies Act, 2017. |
| 2. Capital Expenditure | |
| As disclosed in note 6 to the accompanying financial statements, the Company has | Our procedures, amongst others, included: |
| incurred significant amount of capital expenditure during the year for enhancement of production capacity. To finance the above capital expenditures, the Company has obtained various modes of financing. | We obtained an understanding of the Company's processes and related internal controls on capitalization of expenditure and on a sample basis, tested the effectiveness of those controls in this area relevant to our audit. |
| Capital expenditure incurred during the year represents a significant transaction and involves judgments in respect of capitalization of elements of eligible components of costs, including borrowing costs, as per the applicable reporting standards and accounting policies | We considered whether the items of cost capitalized, including borrowing cost meet the recognition criteria of an asset in accordance with the applicable financial reporting standards as applicable in Pakistan and as per the accounting policies of the Company as disclosed in the financial statements. |
| as disclosed in the financial statements to determining, when the assets are available for use. Accordingly, we have identified capital | We reviewed on-sample basis relevant contracts and documents including but not limited to suppliers' Invoices, delivery notes, International LC and shipping documentation supporting various components of the capitalized cost. |
| expenditure as a key audit matter. | We reviewed the supporting documents for the date of capitalization when asset was ready for its intended use (e.g. completion certificate from the technical department) to assess depreciation commencement. |
| | We physically verified the newly acquired fixed assets and matched the same with the listing provided by the management. |
| | We reviewed and assessed the adequacy of disclosures made in the financial statements in accordance with the applicable financial reporting standards and the Companies Act, 2017. |

Independent Auditors' Report To the Members of Sapphire Textile Mills Limited Report on the Audit of the Separate Financial Statements

Information Other than the Financial Statements and Auditors' Report Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the unconsolidated financial statements and our auditors' report thereon.

Our opinion on the unconsolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the unconsolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the unconsolidated financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the unconsolidated financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the unconsolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the unconsolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these separate financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the unconsolidated financial statements, whether due
 to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that
 is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement
 resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional
 omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the unconsolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the unconsolidated financial statements, including
the disclosures, and whether the unconsolidated financial statements represent the underlying transactions and
events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the unconsolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the unconsolidated statement of financial position, the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Company and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

The engagement partner on the audit resulting in this independent auditors' report is Abdullah Fahad Masood.

2. BASIS OF PREPARATION

2.1 Statement of Compliance

The financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards ("IFRS") issued by the International Accounting Standards Board ("IASB") as notified under the Companies Act 2017;
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS Standards or IFAS, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.2 These are separate financial statements where investment in subsidiaries and associates is presented at cost less impairment (if any); consolidated financial statements are presented separately.

2.3 Accounting convention

These financial statements have been prepared under the historical cost convention except for recognition of certain employee benefits on the basis mentioned in note 5.11 and cash flow hedges that have been measured at fair value.

2.4 These financial statements are presented in Pak Rupees, which is the functional currency of the Company. Figures have been rounded off to the nearest rupee unless otherwise stated.

For the year ended 30 June 2022

2.5 As per the requirement of Para 4 of the IFRS 8 'Operating Segment', if financial report contains both the consolidated financial statements of a parent that is within the scope of this IFRS as well as the parent's separate financial statements, segment information is required only in the consolidated financial statements. Accordingly, Disclosure of accounting segments has been made in consolidated financial statements of the Company.

3. ACCOUNTING ESTIMATES, JUDGEMENTS AND FINANCIAL RISK MANAGEMENT

The preparation of financial statements in conformity with approved accounting standards requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions and judgments are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods. The areas where various assumptions and estimates that have a significant risk and result in material adjustments to the Company's financial statements or where judgments, that had the significant effect on the amounts that have been recognized in the period, were exercised in application of accounting policies are as follows:

3.1 Judgments

There is no significant judgement involves in preparation of these financial statements.

3.2 Significant estimates and assumptions

- a) Estimate of useful lives and residual values of property, plant & equipment, intangible assets and investment property [notes 6.1, 6.2, 6.3, 7 and 8]
- b) Net realizable values of stock-in-trade [note 5.6 and 13]
- c) Provision for expected credit loss [note 5.7 and 14]
- d) Provision for employees' retirement benefit [note 5.11 and 25.2]

4. STANDARDS, INTERPRETATIONS AND AMENDMENTS TO PUBLISHED APPROVED ACCOUNTING STANDARDS

4.1 Standards, Interpretations and amendments to approved accounting standards that are not yet effective:

The following amendments to the approved accounting and reporting standards, applicable in Pakistan, would be effective from the dates mentioned below against the respective standards and interpretation have not been adopted early by the Company:

IASB Effective date

| Standard o | r Interpretation | (annual periods beginning on or after) |
|--|---|--|
| IAS 1 | Classification of liabilities are current or non-current (Amendments) | 01 January 2023 |
| IAS1 and IFRS Practice Statement 2 | Disclosure of Accounting Policies - Amendments to IAS 1 and IFRS Practice Statement 2 - The amendments aim to help entities provide accounting policy disclosures that are more useful by Replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies; and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures. | 01 January 2023 |

| IAS 8 | Definition of Accounting estimates - Amendments to IAS 8 - The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. Also they clarify how entities use measurement techniques and inputs to develop accounting estimates. | 01 January 2023 |
|---------------------|--|-------------------|
| IFRS 3 | Reference to the conceptual framework | 01 January 2022 |
| IAS 16 | Property, Plant & Equipment: Proceeds before Intended Use - Amendments to IAS 16 | 01 January 2022 |
| IAS 12 | Deferred tax related to Assets and Liabilities arising from a Single Transaction- Amendments to IAS 12 - May 2021, the Board issued amendments to IAS 12, which narrow the scope of the initial recognition exception under IAS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences. | 01 January 2023 |
| IFRS 10 & IAS 28 | Sale or Contribution of Assets between an Investor and its Associate or Joint Venture – (Amendment) | Not yet finalized |

The above amendments to standards and interpretations are not expected to have any material impact on the Company's financial statements in the period of initial application.

In addition to the above new standards and amendments to standards and interpretations, improvements to various accounting standards have also been issued by the IASB. Such improvements are generally effective for accounting periods beginning on or after 01 January 2023.

The Company expects that such improvements to the standards will not have any material impact on the Company's financial statements in the period of initial application.

Further, the following new standards have been issued by IASB which are yet to be notified by the Securities and Exchange Commission of Pakistan (SECP) for the purpose of applicability in Pakistan.

| Standard | | | periods beginning on or after) | |
|----------|---|--|--------------------------------|--|
| IFRS 1 | - | First time adoption of International Financial Reporting Standards | 01 July 2009 | |
| IFRS 17 | - | Insurance Contracts | 01 January 2023 | |

The Company expects that the adoption of the above revision, amendments and interpretation of the standards will not materially affect the Company's financial statements in the period of initial application.

5 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies adopted in the preparation of these financial statements are set-out below. These policies have been consistently applied to all the years presented.

5.1 Property, plant and equipment

Owned assets

Property, plant and equipment are stated at cost less accumulated depreciation except freehold land and leasehold land, which are stated at cost less impairment losses, if any. Cost comprises acquisition and other directly attributable costs.

Depreciation is provided on a reducing balance method and charged to statement of profit or loss to write off the depreciable amount of each asset over its estimated useful life at the rates specified in note 6.1. Depreciation on addition in property, plant and equipment is charged from the month of addition while no depreciation is charged in the month of disposal.

The cost of replacing part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The carrying amount of the replaced part is derecognized, if any. The costs of the day-to-day servicing of property, plant and equipment are recognized in statement of profit or loss as incurred.

For the year ended 30 June 2022

Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognized in the statement of profit or loss.

The Company reviews the useful life and residual value of property, plant and equipment on a regular basis. Any change in estimates in future years might affect the carrying amounts of the respective items of property, plant and equipment with a corresponding effect on depreciation charge.

Capital work-in-progress

Capital work-in-progress is stated at cost accumulated up to the statement of financial position date less accumulated impairment losses, if any. Capital work-in-progress is recognized as an operating fixed asset when it is made available for intended use.

5.2 Investment property

Property held for capital appreciation and rental yield, which is not in the use of the Company is classified as investment property. Investment property comprises of land. The Company has adopted cost model for its investment property using the same basis as disclosed for measurement of the Company's owned assets.

5.3 Intangible assets

Intangible assets (including computer software) acquired by the Company are stated at cost less accumulated amortization and impairment losses, if any.

Subsequent expenditure on capitalized intangible assets is capitalized only when it increases the future economic benefits embodied in the specific assets to which it relates. All other expenditures are expensed as incurred.

Amortization is charged to statement of profit or loss on straight line basis over a period of five years. Amortization on addition is charged from the date the asset is put to use while no amortization is charged from the date the asset is disposed off.

5.4 Investments

Ilnvestments intended to be held for less than twelve months from the reporting date or to be sold to raise operating capital, are included in current assets, all other investments are classified as non-current. Management determines the appropriate classification of its investments at the time of the purchase and re-evaluates such designation on a regular basis.

5.4.1 Investment in subsidiary and associated companies

Investments in subsidiaries and associates are recognized at cost less impairment loss, if any. Whenever indicators of impairment occurs, the recoverable amounts are estimated to determine the extent of impairment losses, if any, and carrying amounts of investments are adjusted accordingly. Impairment losses are recognized as expense. Where impairment losses subsequently reverse, the carrying amounts of the investments are increased to the revised recoverable amounts but limited to the extent of initial cost of investments. A reversal of impairment loss is recognized in the statement of profit or loss.

5.5 Stores, spares and loose tools

Stores, spares and loose tools are valued at lower of weighted average cost and net realizable value, less provision for impairment, if any. Items in transit are valued at cost accumulated to reporting date. Provision for obsolete and slow moving stores, spares and loose tools is determined based on management estimate regarding their future usability.

5.6 Stock in trade

Stock-in-trade is stated at the lower of cost and net realizable value, except waste which is valued at net realizable value. Stock-in-trade is valued on a weighted average basis. Cost of work-in-process and finished goods include cost of raw materials and appropriate portion of production overheads. Net realizable value is the estimated selling price in the ordinary course of business less cost of completion and selling expenses.

5.7 Trade debts and other receivables

Trade debts and other receivables are recognized and carried at original invoice amount less expected credit losses (ECL) as explained in note 5.20.1(d)

5.8 Cash and cash equivalents

Cash and cash equivalents are carried in the statement of financial position at cost. For the purpose of cash flow statement, cash and cash equivalents consist of cash-in-hand and balances with banks, net of temporary overdrawn bank balances.

5.9 **Borrowings**

Borrowings are initially recorded at the proceeds received. In subsequent periods, borrowings are stated at amortized cost using the effective interest rate (EIR) method. Finance costs are accounted for on an accrual basis and are included in current liabilities to the extent of the amount remaining unpaid.

5.10 Government grant

Government grants are recognized when there is reasonable assurance that the grant will be received and all attached conditions shall be complied with. When the grant relates to an expense item, it is recognized as income on systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed.

5.11 Employee benefits

5.11.1 Defined benefit plan

The Company operates an unfunded gratuity scheme for its eligible permanent employees as per terms of employment who have completed minimum qualifying period of service as defined under the scheme.

The cost of providing benefits is determined using the projected unit credit method, with actuarial valuation being carried out at each reporting date. The amount arising as a result of remeasurement are recognized in the statement of financial position immediately, with a charge or credit to other comprehensive income in the periods in which they occur.

The liability recognized in the statement of financial position in respect of defined benefit plan is the present value of defined benefit obligation at the end of reporting period.

The Company faces the following risks on account of calculation of provision for employees benefits:

a) Salary increase / inflation risk:

The Gratuity Scheme is a defined benefit scheme with benefits based on last drawn salary. Therefore, the liabilities of the scheme are sensitive to the salary increases.

Discount rate risk: b)

The risk of changes in discount rate may have an impact on the plan's liability.

c) Mortality risk:

Actual mortality experience maybe different than that assumed in the calculation.

Actual withdrawals experience may different from that assumed in the calculation.

5.11.2 Defined Contribution Plan

The Company operates an approved contributory provident fund for its eligible permanent employees as per terms of employment for which contributions are charged to income for the year.

The Company and the employees make equal monthly contributions to the fund at the rate of 8.33% of basic

For the year ended 30 June 2022

salary. The assets of the fund are held separately under the control of trustees.

5.12 Trade and other payables

Trade and other payables are recognized initially at cost, which is the fair value of consideration to be paid in the future for goods and services, whether or not billed to the Company. Exchange gains and losses arising on translation in respect of liabilities in foreign currency are adjusted to the carrying amount of the respective liabilities.

5.13 Taxation

Current year

The charge for current taxation is based on taxable income at the current rate of taxation after taking into account applicable tax credits, rebates and exemptions available, if any. However, for income covered under final tax regime, taxation is based on applicable tax rates under such regime.

Deferred tax

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets are recognized to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized.

The carrying amount of all deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax assets to be utilized. Deferred tax is calculated at the rates that are expected to apply for the year when the differences reverse based on tax rates that have been enacted or substantively enacted by the reporting date. Deferred tax is charged or credited in the statement of profit or loss, except in the case of items credited or charged to other comprehensive income or equity in which case it is included in other comprehensive income or equity.

The Company assesses at each reporting date whether its income is subject to tax under the Final Tax Regime or normal provision of the Income Tax Ordinance, 2001. It considers turnover trend of last three years as well as expected pattern of taxation of future years in order to recognize deferred tax. Deferred tax is not recognized by the Company as it is under the Final Tax Regime.

No deferred tax has been recognized in these financial statements as the income of the company is subject to Final Tax Regime (FTR).

5.14 Dividend and appropriation to reserves

Dividend and appropriation to reserves are recognized in the financial statements in the period in which they are approved by the shareholders and therefore, they are accounted for as non-adjusting post balance sheet event.

5.15 Provisions

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and reliable estimate of the amount can be made. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

5.16 Revenue recognition

Sale of goods

The Company's contracts with customers for the sale of goods generally include one performance obligation for both local and export sales i.e. provision of goods to the customers.

(a) Local Sales

The revenue from sale of goods is recognized at the point in time when control of the goods is transferred to the customer, generally on dispatch of products from the mill.

(b) Export Sales

The revenue from sale of goods is recognized at the point in time when control of the goods is transferred to the customer, dependent on the related inco-terms generally on date of bill of lading or delivery of the product to the port of destination.

Rendering of services

The Company provides garments stitching and fabric processing services to local customers. These services are sold separately and the Company's contract with the customer for services constitute a single performance obligation.

Revenue from services is recognized at the point in time, generally on dispatch of the stitched/processed fabric from the factory. There are no terms giving rise to variable consideration under the Company's contracts with its customers.

Other income

- Return on bank balances is accrued on a time proportion basis by reference to the principal outstanding and the applicable rate of return.
- ii) Dividend income and entitlement of bonus shares are recognized when right to receive such dividend and bonus shares is established.
- iii) Revenue against scrap sales is recognized when control is transferred to customer. Consideration is always received at the time of delivery.
- iv) All other income items are recognized on accrual basis.

5.17 Borrowing cost

Borrowing costs are recognized as an expense in the period in which these are incurred except to the extent of borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset. Such borrowing costs are capitalized as part of the cost of that asset up to the date of its commencing.

5.18 Foreign currency transactions and translation

Foreign currency transactions are translated into Pak Rupees using the exchange rates prevailing at the dates of the transactions. All monetary assets and liabilities in foreign currencies are translated into Pak Rupees at the rates of exchange prevailing at the reporting date. Foreign exchange gains and losses on translation are recognized in the statement of profit or loss. All non-monetary items are translated into Pak Rupees at exchange rates prevailing on the date of transaction or on the date when fair values are determined.

5.19 Impairment of non financial assets

The carrying amount of the Company's assets are reviewed at each reporting date to determine whether there is any indication of impairment. If such indications exist, the asset's recoverable amount is estimated in order to determine the extent of the impairment loss, if any. Impairment loss is recognized as expense in the statement of profit or loss.

5.20 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

For the year ended 30 June 2022

5.20.1 Financial assets

a) Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortized cost or fair value through other comprehensive income (OCI), or fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Company's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Company has applied the practical expedient, the Company initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component or for which the Company has applied the practical expedient are measured at the transaction price determined under IFRS 15, Revenue from Contracts with Customers.

In order for a financial asset to be classified and measured at amortized cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Company's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

b) Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Financial assets at amortized cost (debt instruments)
- Financial assets at fair value through OCI with recycling of cumulative gains and losses (debt instruments)
- Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)
- Financial assets at fair value through profit or loss

Financial assets at amortised cost (debt instruments)

The Company measures financial assets at amortized cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows, and
- ii) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortized cost are subsequently measured using the EIR method and are subject to impairment. Gains and losses are recognized in profit or loss when the asset is derecognized, modified or impaired.

The Company's financial assets at amortized cost includes long term deposits, trade debts, loan to employees, trade deposits and other receivables.

Financial assets at fair value through OCI (debt instruments)

The Company measures financial assets at fair value through OCI if both of the following conditions are met and is not designated as at FVTPL:

- The financial asset is held within a business model with the objective of both holding to collect contractual cash flows and selling, and
- ii) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

For debt instruments at fair value through OCI, interest income, foreign exchange revaluation and impairment losses or reversals are recognized in the statement of profit or loss and computed in the same manner as for financial assets measured at amortized cost. The remaining fair value changes are recognized in OCI. Upon derecognition, the cumulative fair value change recognized in OCI is recycled to profit or loss. However, the Company has no such instrument at the statement of financial position date.

Financial assets designated at fair value through OCI (equity instruments)

Upon initial recognition, the Company can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under IAS 32 Financial Instruments: Presentation. The classification is determined on an instrument-by-instrument basis.

Gains and losses on these financial assets are never recycled to profit or loss. The Company transfers the gain / loss on investments disposed off to unappropriated profit within equity. Dividends are recognized as other income in the statement of profit or loss when the right of payment has been established, except when the Company benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

Based on business model, the Company elected to classify its equity investments except for the investment in subsidiaries and associates as Investment at FVTOCI.

Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss include financial assets held for trading, financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments. Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at fair value through profit or loss, irrespective of the business model. Notwithstanding the criteria for debt instruments to be classified at amortized cost or at fair value through OCI, as described above, debt instruments may be designated at fair value through profit or loss on initial recognition if doing so eliminates, or significantly reduces, an accounting mismatch.

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value recognized in the statement of profit or loss.

This category includes derivative instruments and listed equity investments for which the Company has not irrevocably elected to classify at fair value through OCI. Dividends on listed equity investments are also recognized as other income in the statement of profit or loss when the right of payment has been established.

A derivative embedded in a hybrid contract, with a financial liability or non-financial host, is separated from the host and accounted for as a separate derivative if: the economic characteristics and risks are not closely related to the host; a separate instrument with the same terms as the embedded derivative would meet the definition of a derivative; and the hybrid contract is not measured at fair value through profit or loss. Embedded derivatives are measured at fair value with changes in fair value recognized in profit or loss. Reassessment only occurs if there is either a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required or a reclassification of a financial asset out of the fair value through profit or loss category.

For the year ended 30 June 2022

A derivative embedded within a hybrid contract containing a financial asset host is not accounted for separately. The financial asset host together with the embedded derivative is required to be classified in its entirety as a financial asset at fair value through profit or loss.

c) Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e., removed from the Company's statement of financial position) when:

- i) The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognize the transferred asset to the extent of its continuing involvement. In that case, the Company also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

d) Impairment of financial assets

The Company recognizes an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognized in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

For trade receivables, the Company applies a simplified approach in calculating ECLs. Therefore, the Company does not track changes in credit risk, but instead recognizes a loss allowance based on lifetime ECLs at each reporting date. The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For debt instruments at fair value through OCI, the Company applies the low credit risk simplification. At each reporting date, the Company evaluates whether the debt instrument is considered to have low credit risk using all reasonable and supportable information that is available without undue cost or effort. In making that evaluation, the Company reassesses the internal credit rating of the debt instrument. In addition, the Company considers that there has been a significant increase in credit risk when contractual

payments are more than 30 days past due.

The Company's debt instruments at fair value through OCI comprise solely of quoted bonds that are graded in the top investment category (Very Good and Good) by the Good Credit Rating Agency and, therefore, are considered to be low credit risk investments. It is the Company's policy to measure ECLs on such instruments on a 12-month basis. However, when there has been a significant increase in credit risk since origination, the allowance will be based on the lifetime ECL. The Company uses the ratings from the Good Credit Rating Agency both to determine whether the debt instrument has significantly increased in credit risk and to estimate ECLs.

The Company considers a financial asset in default when contractual payments are 30 days past due. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Company. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

5.20.2 Off-setting of financial assets and liabilities

Financial assets and liabilities are offset and the net amount is reported in the statement of financial position when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle either on a net basis, or to realize the asset and settle the liability simultaneously.

5.20.3 Derivative financial instruments

The Company designates derivative financial instruments as either cash flow hedge or fair value hedge.

Cash flow Hedges a)

The effective portion of the gain or loss on the hedging instrument is recognized in OCI in the cash flow hedge reserve, while any ineffective portion is recognized immediately in the statement of profit or loss. The cash flow hedge reserve is adjusted to the lower of the cumulative gain or loss on the hedging instrument and the cumulative change in fair value of the hedged item.

The Company designates only the spot element of forward contracts as a hedging instrument. The forward element is recognized in OCI and accumulated in a separate component of equity under cost of capital reserve.

The amounts accumulated in OCI are accounted for, depending on the nature of the underlying hedged transaction. If the hedged transaction subsequently results in the recognition of a non-financial item, the amount accumulated in equity is removed from the separate component of equity and included in the initial cost or other carrying amount of the hedged asset or liability. This is not a reclassification adjustment and will not be recognized in OCI for the period. This also applies where the hedged forecast transaction of a non-financial asset or non-financial liability subsequently becomes a firm commitment for which fair value hedge accounting is applied.

For any other cash flow hedges, the amount accumulated in OCI is reclassified to profit or loss as a reclassification adjustment in the same period or periods during which the hedged cash flows affect profit or loss.

Fair value hedges b)

The change in the fair value of a hedging instrument is recognized in the statement of profit or loss as other expense. The change in the fair value of the hedged item attributable to the risk hedged is recorded as part of the carrying value of the hedged item and is also recognized in the statement of profit or loss as other expense.

For fair value hedges relating to items carried at amortized cost, any adjustment to carrying value is amortized through profit or loss over the remaining term of the hedge using the EIR method. The EIR amortization may begin as soon as an adjustment exists and no later than when the hedged item ceases to be adjusted for changes in its fair value attributable to the risk being hedged.

For the year ended 30 June 2022

If the hedged item is derecognized, the unamortized fair value is recognized immediately in profit or loss.

When an unrecognized firm commitment is designated as a hedged item, the subsequent cumulative change in the fair value of the firm commitment attributable to the hedged risk is recognized as an asset or liability with a corresponding gain or loss recognized in profit or loss.

5.20.4 Financial liabilities

Initial recognition and measurement

Financial liabilities are recognized initially at amortized cost or fair value through profit or loss.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

a) Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Gains or losses during the year are recognized in the statement of profit or loss. Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in IFRS 9 are satisfied. The Company has not designated any financial liability as at fair value through profit or loss.

b) Financial liabilities at amortized cost

After initial recognition, trade and other payables, unclaimed dividend, bank overdrafts and interest-bearing loans and borrowings are subsequently measured at amortized cost using the Effective interest rate (EIR) method.

Gains and losses are recognized in statement of profit and loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit or loss.

5.21 Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as lessee

Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Right-of-use assets

'The Company recognizes right-of-use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets

includes the amount of lease liabilities recognized, dismantling cost, initial direct costs incurred, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognized in the statement of financial position immediately before the date of initial application. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated on lease term or useful life of the right of use asset whichever is shorter. The right-of-use assets are also subject to impairment.

Lease liabilities

At the commencement date of the lease, the Company recognizes lease liabilities measured at the present value of lease payments to be made over the lease term.

The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses implicit rates available in the lease agreements, however, in case the interest rate implicit in the lease is not readily determinable, the Company uses incremental borrowing rate at the lease commencement date.

After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g. changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

Company as lessor

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss and other comprehensive income due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized over the lease term on the same basis as rental income. Contingent rents are recognized as revenue in the period in which they are earned.

5.21.1 Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases of buildings (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). Lease payments on short-term leases and leases of low-value assets are recognized as expense on a straight-line basis over the lease term. During the year, the Company has recognized an amount of rent expense, in the statement of profit or loss, representing charge for short-term leases.

5.22 Earnings per share - basic and diluted

The Company presents basic and diluted earnings per share (EPS) for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders of the Company and the weighted average number of

For the year ended 30 June 2022

ordinary shares outstanding for the effects of all dilutive potential ordinary shares.

5.23 Related party transactions

All transactions with related parties are carried out by the Company on agreed terms. Nature of the related party relationship as well as information about the transactions and outstanding balances are disclosed in the relevant notes to the financial statements.

23.2.2 The Honourable Supreme Court of Pakistan (SCP) vide its judgement dated 13 August 2020 decided the appeal against the Company and declared the GIDC Act, 2015 to be constitutional and recoverable from the gas consumer. A review petition was filed against the judgement which was also dismissed. However, partial relief was granted and recovery period was extended to 48 months from 24 months. SCP in its detailed judgement stated that the cess under GIDC Act, 2015 is applicable only to those consumers of natural gas who on account of their industrial or commercial dealings had passed on GIDC burden to their end customers.

The company has filed a civil suit before the Honourable Sindh High Court (SHC) on the grounds that Company has not passed on the impact of GIDC to end customers. SHC has granted stay order in the said suit and has restrained SNGPL & SSGCL from taking any coercive action against the Company.

25.1 As disclosed in Note 23 of the financial statements, the company has obtained loan from various banks during the year under Temporary Economic Refinance Facility (TERF) Scheme for retirement of import documents of plant and machinery under LC facility. These carry mark-up at the rates ranges from 1.5% to 1.75%(SBP rate+bank spread) per annum and repayable in 32 equal quarterly instalments with a grace period of 24 months. These loans are carried at amortized cost with effective rate of 3 months KIBOR plus spread. The difference between cash received and present value of cash outflow upon initial recognition has been recognized as deferred grant in accordance with IAS 20.

For the year ended 30 June 2022

- Expected gratuity expenses charged to profit and loss for the year ending 30 June 2023 works out to Rs.193,562,904.
- The weighted average duration of defined benefit obligation is 7 years.

| | 2022 | 2021 |
|---|----------------|----------------|
| | % | % |
| 25.2.5Principal actuarial assumptions | | |
| Following are a few important actuarial assumption used in the valuation: | | |
| Discount rate | 13.25 | 10.00 |
| Expected rate of increase in salary | 12.25 | 9.00 |
| | | |
| Average age of employees | 32.9 years | 32.6 years |
| Mortality rates (for death in service) | SLIC (2001-05) | SLIC (2001-05) |

25.2.6 Actuarial assumptions sensitivity analysis

The calculation of defined benefit obligation is sensitive to assumptions given above. The risk to which scheme is exposed include salary, demographic and discount risks. if the significant actuarial assumptions (relating to major risks) used to estimate the defined benefit obligation at the reporting date had been fluctuated as mentioned below with all other variables held constant, the impact on the present value of the defined benefit obligation would have been as follows:

| | Change | Increase in assumptions | Decrease in assumptions |
|-----------------------------|---------|-------------------------|-------------------------|
| | | Rupees | in '000 |
| Discount rate | 100 bps | 342,561 | 393,764 |
| Increase in future salaries | 100 bps | 393,756 | 342,557 |
| Expected mortality rates | 1 year | (38,588) | 33,571 |

The sensitivity analysis of the defined benefit obligation to the significant actuarial assumptions has been performed using the same calculation techniques as applied for calculation of defined benefit obligation reported in the statement of financial position.

| | - short term borrowings | | 331,485,309 | 110,386,773 |
| | | | 657,223,949 | 234,325,938 |

28 CONTRACT LIABILITIES

- 28.1 It includes advances received from Creadore A/S Denmark-related party amounting Rs.64,443,610 (2021: Rs. 51,709,003).
- 28.2 The balance of contract liability as at 30 June 2022, is expected to be recognized as revenue within one year.

| 29 | SHORT TERM BORROWINGS | | |
|----|--|----------------|---------------|
| | Short term loans | 9,197,281,640 | 4,445,000,000 |
| | Running finance under mark-up arrangements | 7,745,949,555 | 3,233,998,536 |
| | 29.1 | 16,943,231,195 | 7,678,998,536 |
| | | | |
| | Book overdrafts | + | 190,754 |
| | | 16,943,231,195 | 7,679,189,290 |

29.1 Aggregate facilities amounting to Rs.26,185 million (2021: Rs.19,095 million) were available to the Company from different banks. These are secured against hypothecation charge amounting to Rs. 41,427.56 million (2021: Rs. 27,513.32 million) on stock in trade, book debts, export bills under collection and pledge of shares. These carry mark up ranging 2.25% to 15.31% (2021: 2.25% to 8.53%) on both local and foreign currency loans per annum payable monthly / quarterly. These facilities are renewable on various expiry dates. Short term borrowing includes amounting Rs.1,695 million (2021: Rs.843 million) due to Bank Alfalah Limited (a related party).

Total unfunded facilities available to the Company aggregate to Rs.25,705 million (2021: Rs.19,553 million) out of which the amount remained unutilised at the year-end was Rs.12,097 million (2021: Rs.9,390 million). These facilities are secured against shipping documents, hypothecation charge on current assets of the Company, cash margins and pledge of shares.

For the year ended 30 June 2022

Home Textile Product

The capacity of this unit is undeterminable due to multi product involving varying processes of manufacturing and run length of order lots.

Reason for low production

Under utilization of available capacity for spinning and finishing and printing is mainly due to normal maintenance / temporarily shut down and changes in production pattern.

46 REMUNERATION OF CHIEF EXECUTIVE, DIRECTORS AND EXECUTIVES

- 46.1 In addition, some of the above persons have been provided with the company maintained cars.
- 46.2 Meeting fee of Rs.1.000 million (2021: Rs.1.300 million) has been paid to independent non-executive directors. No other remuneration has been paid to non-executive directors of the Company.
- 46.3 The Chief Executive and Executive Directors were also provided with telephones at residence.

47 PROVIDENT FUND

Sapphire Textile Mills Limited Employees' Provident Fund Trust holds the investments which are in accordance with the provisions of section 218 of the Companies Act 2017 and the Rules formulated for this purpose.

48 FINANCIAL INSTRUMENTS

The Company has exposures to the following risks from its use of financial instruments:

Credit risk Liquidity risk Market risk

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board is also responsible for developing and monitoring the Company's risk management policies.

48.1 Credit risk

48.1.1 Exposure to credit risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the trade debts, trade deposits, other receivables, other financial assets and cash and bank balances. Out of total financial assets of Rs.13,356 million (2021: Rs.11,556 million), financial assets which are subject to credit risk aggregate to Rs.7,012 million (2021: Rs.3,793 million). The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date is as follows:

For the year ended 30 June 2022

| | 2022 | 2021 |
|--------------------|---------------|---------------|
| | Rupees | Rupees |
| | | |
| Long term deposits | 87,931,092 | 87,684,092 |
| Trade debts | 5,656,162,973 | 2,633,783,566 |
| Loan to employees | 91,016,236 | 54,584,579 |
| Trade deposits | 31,325,000 | 102,789,000 |
| Other receivables | 1,048,952,481 | 841,140,543 |
| Bank balances | 96,794,643 | 73,510,199 |
| | 7,012,182,425 | 3,793,491,979 |

48.1.2 The maximum exposure to credit risk for trade debts at the reporting date by geographical region is as follows:

| Domestic | 4,880,666,674 | 2,392,511,433 |
|----------|---------------|---------------|
| Export | 775,496,299 | 241,272,133 |
| | 5,656,162,973 | 2,633,783,566 |

The majority of export debts of the Company are situated in Asia, Europe and North America.

48.1.3 Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits are defined in accordance with this assessment. Outstanding customer receivables are regularly monitored and all exports are covered by letters of credit or other forms of credit insurance obtained from reputable banks.

An impairment analysis is performed at each reporting date using a provision matrix to measure expected credit losses. The provision rates are based on days past due for groupings of various customer segments with similar loss patterns (i.e., by geographical region, product type and customer type). The calculation reflects the probability-weighted outcome, the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions. Generally, trade receivables are written-off if past due for more than one year and are not subject to enforcement activity. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed above. The Company does not hold collateral as security. The letters of credit for export sales are considered integral part of export trade receivables and there is no past history of default in case of export debtors, so the expected credit loss rate for the export trade receivables is insignificant, hence gross amount equals to net carrying amount. However, for local trade receivables the Company evaluates the concentration of risk with respect to them as low, as its customers mostly deal in advances and their demand is order based.

Set out below is the information about the credit risk exposure on the Company's local trade receivables assets using a provision matrix:

| | Not due | 1-30 days | 31-60 days | 61-90 days | 91-180 days | 181-360 days | 361 days or more |
|--------------------------------|---------------|-------------|-------------|-------------|-------------|--------------|---------------------|
| | | | | Rupees | | | |
| As at 30 June 2022 | | | | | | | |
| Estimated total gross carrying | | | | | | | |
| amount at default | 3,356,201,242 | 984,323,182 | 180,838,059 | 149,886,440 | 234,185,205 | 8,238,410 | 9,343,296 |
| Expected credit loss | 11,086,224 | 1,728,026 | 123,979 | 75,398 | 11,807,581 | 8,184,656 | 9,343,296 |
| Expected credit loss rate | 0.33% | 0.18% | 0.07% | 0.05% | 5% | 99% | 100% |
| As at 30 June 2021 | | | | | | | |
| Estimated total gross carrying | | | | | | | |
| amount at default | 1,747,481,074 | 443,522,910 | 123,359,276 | 100,174,794 | 4,445,183 | 1,283,830 | 9,343,296 |
| Expected credit loss | 9,485,612 | 13,845,274 | 1,452,876 | 1,250,659 | 816,614 | 904,598 | 9,343,296 |
| Expected credit loss rate | 1% | 3% | 1% | 1% | 18% | 70% | 100% |

48.1.4 Credit risk from balances with banks and financial institutions is managed by the Company's finance department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are reviewed by the Company's Board of Directors on an annual basis, and may be updated throughout the year subject to approval of the Company's Finance Committee. The limits are set to minimize the concentration of risks and therefore mitigate financial loss through a counterparty's potential failure to make payments. The Company deals with banks having credit ratings in the top categories therefore, considers these as low risk and does not expect credit loss to arise on the balances. Following are the credit ratings of banks with which balances are held:

| Name of bank | Rating Agency | Rating | |
|---|---------------|------------|-----------|
| | | Short term | Long term |
| | | | |
| MCB Bank Limited | PACRA | A1+ | AAA |
| National Bank of Pakistan | PACRA | A1+ | AAA |

| | | | |

For the year ended 30 June 2022

48.2 Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulties in meeting obligations associated with financial liabilities. Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding through an adequate amount of committed credits facilities. The Company's treasury department maintains flexibility in funding by maintaining availability under committed credits lines.

Financial liabilities in accordance with their contractual maturities are presented below:

| | | | 2022 | | |
|------------------------------------|------------------------------|------------------------------|------------------------------|-------------------------|----------------------|
| | Carrying amount | Contractual cashflow | Up to 1 year | Between 1 to 5 years | 5 years and above |
| | | | Rupees | | |
| | | | | | |
| Long term loans | 17,208,026,894 | 21,620,866,530 | 3,531,529,229 | 14,518,294,621 | 3,571,042,680 |

| · · | 902,772,683 | | | | 5,451,019,945 |

48.2.1 The contractual cash flow relating to the above financial liabilities have been determined on the basis of markup / interest rates effective at the respective year-end. The rates of mark-up / interest have been disclosed in the respective notes to these financial statements.

48.3 Market risk

Market risk is the risk that changes in market price, such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of its holding of financial instruments.

48.3.1 Currency risk

The Company is exposed to currency risk on import of raw materials, stores and spares and export of goods mainly denominated in US Dollar, Euro, Japanese Yen and Swiss Frank. The Company's exposure to foreign currency risk for US Dollar, Euro, Japanese Yen and Swiss Frank is as follows:

| | | | | 2022 | | | |
|------------------------------------|---------------|-------------|-----------|-------------|-----------|-----------|--------|
| | Rupees | US \$ | EURO | JPY | CHF | AED | GBP |
| | | | | | | | |
| Trade debts | (775,496,299) | (3,572,975) | (167,180) | - | - | - | - |

| Net Exposures | 2,982,325,163 | 17,362,366 | 5,768,646 | 395,000,000 | 1,578,640 | - | - |
| | | | | | | | |
| | | | | 2021 | | | |
| | Rupees | US\$ | EURO | JPY | CHF | AED | GBP |
| | | | | | | | |
| Trade debts | (241,272,133) | (1,407,513) | (101,069) | - | - | - | - |
| Bank balances | (23,858,953) | (151,197) | _ | | _ | _ | |
| | (265,131,086) | (1,558,710) | (101,069) | - | - | - | - |
| | | | | | | | |
| Outstanding letters of credit | 4,525,108,280 | 14,847,479 | 7,927,800 | 126,050,960 | 1,351,891 | 5,849,686 | 50,000 |
| Foreign currency forward contracts | 3,473,424,296 | 20,313,013 | 1,431,754 | - | - | - | - |
| Net Exposures | 7,733,401,490 | 33,601,782 | 9,258,485 | 126,050,960 | 1,351,891 | 5,849,686 | 50,000 |

The following significant exchange rates have been applies as at reporting date:

| | 2022 | 2021 |
|----------------------------------|-----------------|-----------------|
| | Rupees | Rupees |
| | | |
| US \$ to Rupees (Buying/Selling) | 206.00 / 205.50 | 157.80 / 158.30 |
| Euro to Rupees (Buying/Selling) | 215.75 / 215.23 | 188.12 / 188.71 |

Sensitivity analysis

A 20 percent (2021: 20 percent) strengthening of the Rupees against US Dollar and Euro at 30 June would have increase / (decrease) equity and profit and loss account by the amounts shown below. This analysis assumes that all other variables, in particulars interest rates, remain constant.

| | Equity | Profit or loss |
|---------------------|---------------|----------------|
| | Rupees | Rupees |
| | | |
| As at 30 June 2022 | | |
| Effect in US Dollar | (157,941,587) | (157,941,587) |
| Effect in Euro | (7,674,155) | (7,674,155) |
| | | |
| As at 30 June 2021 | | |
| Effect in US Dollar | (49,192,888) | (49,192,888) |
| Effect in Euro | (3,802,620) | (3,802,620) |

For the year ended 30 June 2022

20 percent (2021: 20 percent) weakening of the Rupees against the above currency at 30 June would have had the equal but opposite effect on the above currencies to the amounts shown above, on the basis that all other variable remain constant.

48.3.2 Interest rate risk

At the reporting date, the profit, interest and mark-up rate profile of the Company's significant financial assets and liabilities is as follows:

| | Effective rate | | Carrying | Amount |
|--|------------------|----------------|----------------|---------------|
| | 2022 | 2021 | 2022 | 2021 |
| | % | % | Rupees | Rupees |
| Fixed rate instruments | | | | |
| Financial liabilities | | | | |
| Long term financing | 0.60% to 6.50% | 0.60% to 6.50% | 11,233,084,252 | 8,568,464,768 |
| Short term borrowings | 2.25% to 7.50% | 2.25% to 3.00% | 5,240,617,814 | 3,245,000,000 |
| Variable rate instruments | | | | |
| Financial liabilities | | | | |
| Long term financing | 7.50% to 15.28% | 7.08% - 7.79% | 5,974,942,642 | 8,133,947,830 |
| Short term borrowings - local currency | 12.14% to 15.31% | 7.25% to 8.53% | 11,702,613,381 | 4,434,189,289 |

Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in mark-up / interest rates at the reporting date would not affect profit or loss account.

Cash flow sensitivity analysis for variable rate instruments

A change of 100 basis points in mark-up / interest rates at the balance sheet date would have increased / (decreased) profit for the period by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency rates, remain constant. The analysis is performed on the same basis for 2021.

| | Profit and los | Profit and loss 100 bps | | |
|---|----------------|-------------------------|--|--|
| | Increase | (Decrease) | | |
| | Rupees | Rupees | | |
| | | | | |
| As at 30 June 2022 | | | | |
| Cash flow sensitivity - variable rate instruments | 176,775,560 | (176,775,560) | | |
| | | | | |
| As at 30 June 2021 | | | | |
| Cash flow sensitivity - variable rate instruments | 125,681,371 | (125,681,371) | | |
| | | | | |

The sensitivity analysis prepared is not necessarily indicative of the effects on profit for the year and liabilities of the Company.

48.3.3 Other price risk

Other price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk). Other price risk arises from the Company's investment in ordinary shares of listed Companies. To manage its price risk arising from aforesaid investments, the company diversify its portfolio and continuously monitor developments in equity markets. In addition the Company actively monitors the key factors that affect stock price movement.

A 10% increase / decrease in share prices of listed companies at the reporting date would have increased / decreased the Company's unrealized gain on investments at fair value through OCI as follows:

| | 2022 | 2021 |
|-----------------------|-------------|-------------|
| | Rupees | Rupees |
| Effect on equity | 619,363,567 | 776,165,729 |
| Effect on investments | 619,363,567 | 776,165,729 |

The sensitivity analysis prepared is not necessarily indicative of the effects on equity / investments of the Company.

48.4 Fair value of financial instruments

Carrying values of the financial assets and financial liabilities approximate their fair values. Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

| 48.5 | Financial instruments by Category | | |
|------|--|---------------|---------------|
| | FINANCIAL ASSETS | | |
| | Debt instruments at amortised cost | | |
| | Long term deposits | 87,931,092 | 87,684,092 |
| | Trade debts | 5,656,162,973 | 2,633,783,566 |
| | Loan to employees | 91,016,236 | 54,584,579 |
| | Trade deposits | 31,325,000 | 102,789,000 |
| | Other receivables | 1,048,952,481 | 841,140,543 |
| | Bank balances | 96,794,643 | 73,510,199 |
| | | 7,012,182,425 | 3,793,491,979 |
| | | | |
| | Equity instruments at fair value through OCI | | |
| | Quoted equity shares | 6,193,635,674 | 7,761,657,291 |
| | Unquoted equity shares | 150,500,000 | 500,000 |
| | | 6,344,135,674 | 7,762,157,291 |
| | Total current | 9,851,781,768 | 7,165,360,926 |
| | Total non current | 3,504,536,331 | 4,390,288,344 |

For the year ended 30 June 2022

| | 2022 | 2021 |
|--------------------------------|----------------|----------------|
| | Rupees | Rupees |
| | | |
| FINANCIAL LIABILITIES | | |
| At amortized cost | | |
| Trade and other payables | 4,817,514,173 | 2,911,652,033 |
| Accrued interest / mark-up | 657,223,949 | 234,325,938 |
| Unclaimed dividend | 2,230,552 | 1,629,755 |
| Secured bank loan | 18,270,003,495 | 16,702,412,599 |
| Short term finances from banks | 16,943,231,195 | 7,679,189,290 |
| | 40,690,203,364 | 27,529,209,615 |
| | | |
| Total current | 25,629,296,818 | 13,654,929,267 |
| Total non current | 15,060,906,546 | 13,874,280,348 |

48.6 Fair value hierarchy

The carrying value of all financial assets and liabilities reflected in the financial statements approximate their fair value.

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Level 1. Quoted market price (unadjusted) in an active market for identical instrument.
- Level 2. Inputs other than quoted price included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- Level 3. Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The main level of inputs used by the Company for its financial assets are derived and evaluated as follows:

| | Level 1 | Level 2 | Level 3 |
|--|---------------|----------|-------------|
| | | Rupees | |
| | | | |
| As at 30 June 2022 | | | |
| Assets carried at fair value | | | |
| Equity instruments at fair value through OCI | 6,193,635,674 | <u>-</u> | 150,500,000 |
| | | | |
| As at 30 June 2021 | | | |
| Assets carried at fair value | | | |
| Debt instruments at fair value through OCI | 7,761,657,291 | _ | 500,000 |

48.7 Capital risk management

The Company's prime objective when managing capital is to safeguard its ability to continue as a going concern in order to provide adequate returns for shareholders, benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

Consistent with others in the industry, the company manages its capital risk monitoring its debts levels and liquid assets and keeping in view future investment requirements and expectations of the shareholders. Debt is calculated as total borrowings (long term financing and short term borrowings as shown in the statement of financial position). Total capital comprises shareholders' equity as shown in the statement of financial position under 'share capital and reserves'.

| | 2022 | 2021 |
|------------------------------|----------------|----------------|
| | Rupees | Rupees |
| | | |
| Total borrowings | 34,151,258,089 | 24,381,601,889 |
| Less: Cash and bank balances | 98,630,045 | 75,583,304 |

Independent Auditors' Report To the Members of Sapphire Textile Mills Limited Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the annexed consolidated financial statements of Sapphire Textile Mills Limited and its subsidiaries (the Group), which comprise the consolidated statement of financial position as at 30 June 2022, the consolidated statement of profit or loss, the consolidated statement of comprehensive income, the consolidated statement of changes in equity, the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the consolidated statement of financial position, consolidated statement of profit or loss, consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the key audit matters:

Key audit matters

1.Preparation of consolidated financial statements

The Group's consolidated financial statements comprise of transactions and balances of the Holding Company, its subsidiaries and associates.

Consolidating these financial statements involves elimination of intercompany transactions and balances and consolidation of the amounts and disclosures of each entity's financial statements.

Significant auditor attention is required in review of the consolidation schedules as the Group comprises of a number of subsidiaries as associates and intercompany transactions are material to the consolidated financial statements as a whole, hence these are considered a Key Audit Matter.

How our audit addressed the key audit matter

We reviewed the consolidation schedules in relation to transactions and balances of the subsidiaries.

- We reviewed the computation of share of profit of associates.
- We cross-matched the inter-company transactions and balances with the respective financial statements of the entities for elimination of the same.
- We reviewed the work performed by component auditors including reviewing reporting deliverables from the component audit teams.
- We reviewed the completeness of disclosures in the consolidated financial statements by comparing with the relevant disclosures in each entity's individual financial statements.

2. Stock in trade

The Holding Company has a composite textile setup comprising spinning, weaving, processing and home textile units. Therefore, its stock in trade includes various inventory items including cotton, yarn and fabric categorized into raw materials, work in process and finished goods based on the processes of respective units where these are being utilized / produced. These are stored at various geographically dispersed locations.

As disclosed in note 15 of the consolidated financial statements, stock in trade balance as of 30 June 2022 amounted to Rs. 29,176 million comprising a significant percentage (19.5%) of the Group's total assets.

Due to the above factors, significant auditor attention is required in auditing of inventory balances and transactions during the year and hence considered a Key Audit Matter.

How our audit addressed the key audit matter

We performed following key audit procedures, among other procedures, in respect of stock in trade:

- We gained an understanding of the management's process of recording and valuing inventories.
- We tested controls over the Group's processes of inventory purchases and issuance.
- We attended physical inventory counts and reconciled the count results to inventory listings at the year end.
- We performed substantive procedures over purchases recorded during the year.
- We tested the valuation of inventory items in accordance with Group's policy and international accounting standards (IAS 2 – Inventories).
- We performed trend analysis and correlation between stock in trade and cost of sales, and assessed the reasonableness in the context of economic and internal factors along with relating the same to movement in trade payables.
- We evaluated appropriateness of the measurement basis for net realizable value for finished goods and raw material.
- We assessed the adequacy of disclosures made in the financial statements in accordance with the applicable financial reporting standards and the Companies Act, 2017.

3. Capital Expenditure

As disclosed in note 7 to the accompanying consolidated financial statements, the Group has incurred significant amount of capital expenditure during the year for enhancement of production capacity. To finance the above capital expenditures, the Group has obtained various modes of financing.

Capital expenditure incurred during the year represents a significant transaction and involves judgments in respect of capitalization of elements of eligible components of costs, including borrowing costs, as per the applicable reporting standards and accounting policies as disclosed in the consolidated financial statements to determining, when the assets are available for use.

Accordingly, we have identified capital expenditure as a key audit matter.

Our procedures, amongst others, included:

- We obtained an understanding of the Group's processes and related internal controls on capitalization of expenditure and on a sample basis, tested the effectiveness of those controls in this area relevant to our audit.
- We considered whether the items of cost capitalized, including borrowing cost meet the recognition criteria of an asset in accordance with the applicable financial reporting standards as applicable in Pakistan and as per the accounting policies of the Group as disclosed in the consolidated financial statements.
- We reviewed on-sample basis relevant contracts and documents including but not limited to suppliers' Invoices, delivery notes, International LC and shipping documentation supporting various components of the capitalized cost.
- We reviewed the supporting documents for the date of capitalization when asset was ready for its intended use (e.g., completion certificate from the technical department) to assess depreciation commencement.

| We physically verified the newly acquired fixed assets and matched the same with the listing provided by the management. |
|---|
| We reviewed and assessed the adequacy of disclosures made in the consolidated financial statements in accordance with the applicable financial reporting standards and the Companies Act, 2017. |

Information Other than the Financial Statements and Auditors' Report Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the consolidated financial statements and our auditors' report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and the Board of Directors for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Group's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to
 fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is
 sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement
 resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional
 omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast

significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the
 disclosures, and whether the consolidated financial statements represent the underlying transactions and events
 in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditors' report is Abdullah Fahad Masood.

Chief Executive

Chief Financial Officer

For the year ended 30 June 2022

1. LEGAL STATUS AND OPERATIONS

Sapphire Textile Mills Limited (the Holding Company) was incorporated in Pakistan on 11 March 1969 as a public limited company under the Companies Act, 1913 (now the Companies Act, 2017). The shares of the Company are listed on Pakistan Stock Exchange.

The Holding Company is principally engaged in manufacturing and sale of yarn, fabrics, home textile products, finishing, stitching and printing of fabrics. Following are the business units of the Holding Company along with their respective locations:

BUSINESS UNIT LOCATION

Registered Office

Karachi 212, Cotton Exchange Building, I. I. Chundrigar Road, Karachi

Lahore office 4th Floor Tricon Corporate Center, 73-E Main Jail Road,

Gulberg II, Lahore.

Production Plants

Spinning A-17,SITE, Kotri

Spinning A-84,SITE Area, Nooriabad

Spinning 63/64-KM, Multan Road, Jumber Khurd, Chunian, District Kasur

Spinning 1.5-KM, Warburton Road, Feroze Wattoan, Sheikhupura.
Weaving and Yarn Dyeing Printing 2-KM, Warburtan Road, Feroze Wattoan, Sheikhupura

Processing and Home Textile

Stitching 1.5-KM Off, Defence Road, Bhubtian Chowk, Raiwind Road, Lahore

1.1 The Group consists of:

Sapphire Textile Mills Limited (the Holding Company)

| Subsid | diary Companies | 2022 | 2021 |
|--------|---|-------------------|-------------------|
| | | % of shareholding | % of shareholding |
| (i) | Sapphire Retail Limited (SRL) | 100% | 100% |
| (ii) | Sapphire Wind Power Company Limited (SWPCL) | 70% | 70% |
| (iii) | Tricon Boston Consulting Corporation (Private) Limited (TBCL) | 57.125% | 57.125% |
| (iv) | Sapphire International ApS | 100% | 100% |
| (v) | Sapphire Real Estate (Pvt.) Limited | 100% | - |
| (vi) | Sapphire Chemicals (Pvt.) Limited | 100% | - |
| (vii) | DesignTex (SMC-Pvt.) Limited (Subsidiary of SRL) (DTL) | 100% | 100% |

- i) Sapphire Retail Limited (SRL) was incorporated in Pakistan as an unlisted public company limited by shares under the Companies Ordinance, 1984 (now the Companies Act, 2017) on 11 June 2014. Its registered office is situated at 7 A/K Main Boulevard, Gulberg-II, Lahore. SRL is principally engaged in carrying out manufacturing of textile products by processing the textile goods in outside manufacturing facilities and to operate retail outlets to sell the same in Pakistan and abroad through E-store.
- ii) Sapphire Wind Power Company Limited (SWPCL) was incorporated in Pakistan as a public company limited by shares under the Companies Ordinance, 1984 (now the Companies Act, 2017) on 27 December 2006. Its registered office is located at 212, Cotton Exchange Building, I.I. Chundrigar Road, Karachi and the its wind power plant has been set up at Jhimpir, District Thatta, Sindh on land that is leased to the company by Alternative Energy Development Board ('AEDB'), Government of Pakistan.

SWPCL's principal objective is to carry on the business of supplying general electric power and to setup and operate wind power generation projects to generate, accumulate, distribute and supply electricity.

It has set up a wind power station of 52.80 MW gross capacity at the abovementioned location and achieved Commercial Operations Date ('COD') on November 22, 2015. It has an Energy Purchase Agreement ('EPA') with its sole customer, Central Power Purchasing Agency Guarantee Limited ('CPPAGL') for twenty years which commenced from the COD.

iii) Triconboston Consulting Corporation (Private) Limited (TBCL) was incorporated in Pakistan as a private Company limited by shares under the Companies Ordinance, 1984 (now the Companies Act, 2017) on 13 August 2012. Its principle objective is to carry on the business of supplying general electric power and to setup and operate wind power generation projects to generate, accumulate, distribute and supply electricity. Its registered office is located at 212, Cotton Exchange Building, I. I. Chundrigar Road, Karachi.

TBCL has set up three wind power station of each 49.735 MW gross capacity at Deh, Kohistan 7/1 Tapo Jhimpir, Taluka and District Thatta in the province of Sindh measuring 3,852 acres. It has achieved Commercial Operations Date ('COD') on 16 August 2018, 14 December 2018 and 11 December 2018 by Project A, B and C respectively (collectively defined as 'Projects'). It has also signed three Energy Purchase Agreement ('EPA') with its sole customer for its Projects, Central Power Purchaser Agency (Guarantee) Limited ('CPPA-G') for twenty years which commenced from the COD.

- iv) Sapphire International APS a limited liability company incorporated in Denmark is formed to strengthen exports of the Holding Company and is engaged in selling textiles. The Company was incorporated on 27 August 2019. Its registered office is located at c/o Petersen Søgade 15, 1. th. 6000 Kolding, Denmark.
- Sapphire Real Estate (Private) Limited is a wholly owned subsidiary formed during the current year for v) the purpose of investment in real estate projects.
- vi) Sapphire Chemicals (Private) Limited is a wholly owned subsidiary formed during the current year for the purpose of manufacture and sale of chemical products.
- Designtex (SMC-Private) Limited was incorporated in Pakistan on 6 February 2020 as a single member vii) private company and is wholly owned subsidiary of Sapphire Retail Limited. The company is principally engaged in manufacturing of textile and ancillary products. The head office of the Company is located at 1.5KM, Defence Road, Bhobtian Chowk, Off Raiwind Road, Lahore.

2. **BASIS OF PREPARATION**

2.1 Statement of compliance

These consolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.2 **Accounting convention**

These financial statements have been prepared under the historical cost convention except for recognition of certain employee benefits on the basis mentioned in note 6.13 and cash flow hedges that have been measured at fair value.

For the year ended 30 June 2022

2.3 These financial statements are presented in Pak Rupees, which is the functional currency of the Group. Figures have been rounded off to the nearest rupee unless otherwise stated.

3. BASIS OF CONSOLIDATION

The consolidated financial statements comprise the financial statements of the Holding Company and its subsidiaries as at 30 June 2022. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if, and only if, the Group has:

- Power over the investee (i.e., existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee
- The ability to use its power over the investee to affect its returns

Generally, there is a presumption that a majority of voting rights results in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement(s) with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Profit or loss and each component of OCI are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

If the Group loses control over a subsidiary, it derecognizes the related assets (including goodwill), liabilities, non-controlling interest and other components of equity, while any resultant gain or loss is recognized in profit or loss. Any investment retained is recognized at fair value.

4. SIGNIFICANT ESTIMATES AND JUDGEMENTS

The preparation of financial statements in conformity with approved accounting standards requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions and judgments are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods. The areas where various assumptions and estimates that have a significant risk and result in material adjustments to the

Company's financial statements or where judgments, that had the significant effect on the amounts that have been recognized in the period, were exercised in application of accounting policies are as follows:

4.1 Judgments

There is no significant judgement involves in preparation of these financial statements.

4.2 Significant estimates and assumptions

- a) Estimate of useful lives and residual values of property, plant & equipment, intangible assets and investment property [notes 6.3, 6.4, 6.5, 7.1, 8 and 9]
- b) Provision for obsolete and slow moving stores, spares and loose tools [note 6.7 and 14]
- c) Net realizable values of stock-in-trade [note 6.8 and 15]
- d) Provision for expected credit loss [note 6.9 and 16]
- e) Provision for employees' retirement benefits [note 6.13 and 27.3]
- f) Provision for taxation [note 6.15 and 41]

5. STANDARDS, INTERPRETATIONS AND AMENDMENTS TO PUBLISHED APPROVED ACCOUNTING STANDARDS

5.1 Standards, Interpretations and amendments to approved accounting standards that are not yet effective:

The following amendments to the approved accounting and reporting standards, applicable in Pakistan, would be effective from the dates mentioned below against the respective standards and interpretation have not been adopted early by the Group:

| Standard o | IASB Effective date (annual periods beginning on or after) | |
|--|---|-----------------|
| IAS 1 | Classification of liabilities are current or non-current (Amendments) | 01 January 2023 |
| IAS1 and IFRS Practice Statement 2 | Disclosure of Accounting Policies - Amendments to IAS 1 and IFRS Practice Statement 2 - The amendments aim to help entities provide accounting policy disclosures that are more useful by Replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies; and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures. | 01 January 2023 |
| IAS 8 | Definition of Accounting estimates - Amendments to IAS 8 - The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. Also they clarify how entities use measurement techniques and inputs to develop accounting estimates. | 01 January 2023 |
| IFRS 3 | Reference to the conceptual framework | 01 January 2022 |
| IAS 16 | Property, Plant & Equipment: Proceeds before Intended Use - Amendments to IAS 16 | 01 January 2022 |
| IAS 12 | Deferred tax related to Assets and Liabilities arising from a Single Transaction- Amendments to IAS 12 - May 2021, the Board issued amendments to IAS 12, which narrow the scope of the initial recognition exception under IAS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences. | 01 January 2023 |

For the year ended 30 June 2022

IFRS 10 & Sale or Contribution of Assets between an Investor and its Associate Not yet finalized IAS 28 or Joint Venture – (Amendment)

The above amendments to standards and interpretations are not expected to have any material impact on the Group's financial statements in the period of initial application.

In addition to the above new standards and amendments to standard and interpretations, improvements to various accounting standards have also been issued by the IASB. Such improvements are generally effective for accounting periods beginning on or after 01 January 2023.

The Group expects that such improvements to the standards will not have any material impact on the Group's financial statements in the period of initial application.

Further, the following new standards have been issued by IASB which are yet to be notified by the Securities and Exchange Commission of Pakistan (SECP) for the purpose of applicability in Pakistan.

| Standard | | | Effective date (annual periods beginning on or after) |
|----------|---|--|---|
| IFRS 1 | - | First time adoption of International Financial Reporting Standards | 01 July 2009 |
| IFRS 17 | - | Insurance Contracts | 01 January 2023 |

The Group expects that the adoption of the above revision, amendments and interpretation of the standards will not materially affect the Company's financial statements in the period of initial application.

5.2 Exemption from applicability of certain interpretations to standards for Power Sector Companies

(a) SECP through SRO 986(I)/2019 dated 02 December 2019 has granted exemption from the requirements of IFRS 16 'Leases' to all companies that have executed their power purchase agreements before 01 January, 2019. Under IFRS 16, the consideration required to be made by the lessee for the right to use the asset is to be accounted for as a lease under IFRS 16, 'Leases'. Consequently, TBCL and SWPL (Subsidiary Companies) wind power plants' control due to purchase of total output by CPPA-G appears to fall under the scope of IFRS 16. Consequently, if the Group were to follow IFRS 16, the effect on the financial statements would be as follows:

| | 2022 | 2021 |
|--|------------------|------------------|
| | Rupees | Rupees |
| | | _ |
| De-recognition of property, plant and equipment | (39,185,861,303) | (40,237,426,784) |
| De-recognition of trade debts | (2,716,570,929) | (2,029,176,658) |
| Recognition of lease debtor | 42,695,751,310 | 42,925,951,902 |
| | 793,319,078 | 659,348,460 |
| | | |
| Decrease in un-appropriated profit at the beginning of the year | 659,348,460 | (330,026,513) |
| Decrease in profit for the year | 133,970,618 | 989,374,974 |
| Increase / (decrease) in un-appropriated profit at the end of the year | 793,319,078 | 659,348,460 |
| | | |

b) In respect of companies holding financial assets due from the Government of Pakistan, SECP through SRO 985(I)/2019 dated 02 December 2019 has notified that the requirements contained in IFRS 9 with respect to application of Expected Credit Losses method shall not be applicable till 30 June 2022 and that such companies shall follow relevant requirements of IAS 39 in respect of above referred financial assets during the exemption period. Accordingly, the TBCL and SWPCL (Subsidiaries companies) have not followed the requirements of IFRS 9 with respect to application of Expected Credit Losses in respect of trade debts and other receivables due from CPPA-G.

6 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies adopted in the preparation of these consolidated financial statements are set-out below. These policies have been consistently applied to all the years presented.

6.1 Business combinations and goodwill

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred, which is measured at acquisition date fair value, and the amount of any non-controlling interests in the acquiree. For each business combination, the Group elects to measure the non-controlling (NCI) interests in the acquiree at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred and included in administrative expenses.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

Any contingent consideration to be transferred by the acquirer is recognized at fair value at the acquisition date. Contingent consideration classified as equity is not remeasured and its subsequent settlement is accounted for within equity. Contingent consideration classified as an asset or liability that is a financial instrument and within the scope of IFRS 9 Financial Instruments, is measured at fair value with the changes in fair value recognized in the statement of profit or loss in accordance with IFRS 9. Other contingent consideration that is not within the scope of IFRS 9 is measured at fair value at each reporting date with changes in fair value recognized in profit or loss.

Goodwill is initially measured at cost (being the excess of the aggregate of the consideration transferred and the amount recognized for non-controlling interests and any previous interest held over the net identifiable assets acquired and liabilities assumed). If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognized at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognized in profit or loss.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

Where goodwill has been allocated to a cash-generating unit (CGU) and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

6.2 Investment in associates

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

The Group's investments in its associate are accounted for using the equity method.

Under the equity method, the investment in an associate is initially recognized at cost. The carrying amount of the investment is adjusted to recognize changes in the Group's share of net assets of the associate since the acquisition date.

The statement of profit or loss reflects the Group's share of the results of operations of the associate. Any change in OCI of those investees is presented as part of the Group's OCI. In addition, when there has been a change recognized directly in the equity of the associate, the Group recognizes its share of any changes,

For the year ended 30 June 2022

when applicable, in the statement of changes in equity. Unrealized gains and losses resulting from transactions between the Group and the associate are eliminated to the extent of the interest in the associate.

The aggregate of the Group's share of profit or loss of an associate is shown on the face of the statement of profit or loss outside operating profit and represents profit or loss after tax and non-controlling interests in the subsidiaries of the associate.

The financial statements of the associate are prepared for the same reporting period as the Group except for Creadore A/S. When necessary, adjustments are made to bring the accounting policies in line with those of the Group.

After application of the equity method, the Group determines whether it is necessary to recognize an impairment loss on its investment in its associate. At each reporting date, the Group determines whether there is objective evidence that the investment in the associate is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate and its carrying value, and then recognizes the loss within 'Share of profit of an associate' in the statement of profit or loss.

Upon loss of significant influence over the associate, the Group measures and recognizes any retained investment at its fair value. Any difference between the carrying amount of the associate upon loss of significant influence or joint control and the fair value of the retained investment and proceeds from disposal is recognized in profit or loss.

The financial statements of foreign associate of which the functional currency is different from that used in preparing the Group's consolidated financial statements are translated in functional currency of the Group. Statement of financial position items are translated at the exchange rate at the reporting date and the statement of profit or loss items are converted at the average rate for the period. Any resulting translation differences are recognized under exchange difference on translating foreign operation in consolidated reserves.

6.3 Property, plant and equipment

Owned assets

Property, plant and equipment are stated at cost less accumulated depreciation except freehold land and leasehold land, which are stated at cost less impairment losses, if any. Cost comprises acquisition and other directly attributable costs.

Depreciation is provided on a reducing balance method except to the effect that straight line method is used for assets of SWPCL and TBCL and charged to the statement of profit or loss to write off the depreciable amount of each asset over its estimated useful life at the rates specified in note 7.1. Depreciation on addition in property, plant and equipment is charged from the month of addition while no depreciation is charged in the month of disposal.

The cost of replacing part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Group and its cost can be measured reliably. The carrying amount of the replaced part is derecognized, if any. The costs of the day-to-day servicing of property, plant and equipment are recognized in profit or loss as incurred.

Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognized in the statement of profit or loss.

The Group reviews the useful life and residual value of property, plant and equipment on a regular basis. Any change in estimates in future years might affect the carrying amounts of the respective items of property, plant and equipment with a corresponding effect on depreciation charge.

Capital work-in-progress

Capital work-in-progress is stated at cost accumulated up to the reporting date less accumulated impairment losses, if any. Capital work-in-progress is recognized as an operating fixed asset when it is made available for intended use.

Major spare parts and stand-by equipment

Major spare parts and stand-by equipment qualify as property, plant and equipment when an entity expects to use them during more than one year. Transfers are made to relevant operating assets category as and when such items are available for use.

6.4 Investment property

Property held for capital appreciation and rental yield, which is not in the use of the Group is classified as investment property. Investment Property comprises of land. The Group has adopted cost model for its investment property using the same basis as disclosed for measurement of the Group's owned assets.

6.5 Intangible assets

Intangible assets (including computer software) acquired by the Group are stated at cost less accumulated amortization and impairment losses, if any.

Subsequent expenditure on capitalized intangible assets is capitalized only when it increases the future economic benefits embodied in the specific assets to which it relates. All other expenditures are expensed as incurred.

Amortization is charged to the statement of profit or loss on straight line basis over a period ranging from three to five years. Amortization on addition is charged from the date the asset is put to use while no amortization is charged from the date the asset is disposed off.

Investments 6.6

Investments intended to be held for less than twelve months from the reporting date or to be sold to raise operating capital, are included in current assets, all other investments are classified as non-current. Management determines the appropriate classification of its investments at the time of the purchase and re-evaluates such designation on a regular basis.

6.7 Stores, spares and loose tools

Stores, spares and loose tools are valued at lower of weighted average cost and net realizable value, less provision for impairment, if any. Items in transit are valued at cost accumulated to reporting date. Provision for obsolete and slow moving stores, spares and loose tools is determined based on management estimate regarding their future usability.

6.8 Stock in trade

Stock-in-trade is stated at the lower of cost and net realizable value, except waste which is valued at net realizable value. Cost is arrived at on a weighted average basis. Cost of work-in-process and finished goods include cost of raw materials and appropriate portion of production overheads. Net realizable value is the estimated selling price in the ordinary course of business less cost of completion and selling expenses. Provision for obsolete stock is determined based on management estimate regarding their future usability.

6.9 Trade debts and other receivables

Trade debts and other receivables are recognized and carried at original invoice amount less expected credit losses (ECL) as explained in note 6.23.1 (d)

6.10 Cash and cash equivalents

Cash and cash equivalents are carried in the statement of financial position at cost. For the purpose of statement of cash flows, cash and cash equivalents consist of cash-in-hand and balances with banks, net of temporary overdrawn bank balances.

For the year ended 30 June 2022

6.11 Borrowings

Borrowings are initially recorded at the proceeds received. In subsequent periods, borrowings are stated at amortized cost using the effective yield method. Finance costs are accounted for on an accrual basis and are included in current liabilities to the extent of the amount remaining unpaid.

6.12 Government grant

Government grants are recognized when there is reasonable assurance that the grant will be received and all attached conditions shall be complied with. When the grant relates to an expense item, it is recognized as income on systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed.

6.13 Employee benefits

6.13.1 Compensated absences

The Group accounts for all accumulated compensated absences in the period in which absences accrue.

6.13.2 Defined benefit plan

The Holding Company operates an unfunded gratuity scheme for its eligible permanent employees as per terms of employment who have completed minimum qualifying period of service as defined under the scheme.

The cost of providing benefits is determined using the projected unit credit method, with actuarial valuation being carried out at each reporting date. The amounts arising as a result of remeasurement are recognized in the statement of financial position immediately, with a charge or credit to other comprehensive income in the periods in which they occur.

The liability recognized in the statement of financial position in respect of defined benefit plan is the present value of defined benefit obligation at the end of reporting period.

The Company faces the following risks on account of calculation of provision for employees benefits:

a) Salary increase / inflation risk:

The Gratuity Scheme is a defined benefit scheme with benefits based on last drawn salary. Therefore, the liabilities of the scheme are sensitive to the salary increases.

b) Discount rate risk:

The risk of changes in discount rate may have an impact on the plan's liability.

c) Mortality risk:

Actual mortality experience maybe different than that assumed in the calculation.

d) Withdrawal risk:

Actual withdrawals experience may different from that assumed in the calculation.

6.13.3 Defined Contribution Plan

There is an approved contributory provident fund for its eligible employees as per terms of employment for which contributions are charged to income for the year.

The Group and the employees make equal monthly contributions to the fund at the rate of 8.33% of basic salary. The assets of the fund are held separately under the control of trustees.

6.14 Trade and other payables

Liabilities for trade and other amounts payable are measured at cost which is the fair value of the consideration to be paid in future for goods and services received.

6.15 Taxation

Current year

The charge for current taxation is based on taxable income at the current rate of taxation after taking into account applicable tax credits, rebates and exemptions available, if any. However, for income covered under final tax regime, taxation is based on applicable tax rates under such regime.

The profits and gains of the Subsidiary companies - Sapphire Wind Power Company Limited (SWPCL) and Tricon Boston Consulting Corporation (Private) Limited derived from electric power generation are exempt from tax in terms of Clause (132) of Part I of the Second Schedule to the Income Tax Ordinance, 2001, subject to the conditions and limitations provided therein.

Under clause (11A) of Part IV of the Second Schedule to the Income Tax Ordinance, 2001, the subsidiary companies (SWPCL & TBCL)) are also exempt from levy of minimum tax on 'turnover' under section 113 of the Income Tax Ordinance, 2001. However, full provision is made in the statement of profit or loss on income from sources not covered under the above clauses at current rates of taxation after taking into account, tax credits and rebates available, if any.

Deferred tax

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of the taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets are recognized to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized.

The carrying amount of all deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax assets to be utilized. Deferred tax is calculated at the rates that are expected to apply for the year when the differences reverse based on tax rates that have been enacted or substantively enacted by the reporting date. Deferred tax is charged or credited in the statement of profit or loss, except in the case of items credited or charged to other comprehensive income or equity in which case it is included in other comprehensive income or equity.

The Holding Company assesses at each reporting date whether its income is subject to tax under the Final Tax Regime or normal provision of the Income Tax Ordinance, 2001. It considers turnover trend of last three years as well as expected pattern of taxation of future years in order to recognize deferred tax.

No deferred tax has been recognized in these financial statements as the income of the company is subject to Final Tax Regime (FTR).

6.16 Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Group as lessee

Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

For the year ended 30 June 2022

Right-of-use assets

The Group recognizes right-of-use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, dismantling cost, initial direct costs incurred, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognized in the statement of financial position immediately before the date of initial application. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment.

Lease liabilities

At the commencement date of the lease, the Group recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including insubstance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses implicit rates available in the lease agreements, however, in case the interest rate implicit in the lease is not readily determinable, the Group uses incremental borrowing rate at the lease commencement date.

After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g. changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

Group as lessor

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms and is included in other income in the statement of profit or loss due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized over the lease term on the same basis as rental income. Contingent rents are recognized as revenue in the period in which they are earned.

6.16.1 Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases of buildings (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). Lease payments on short-term leases and leases of low-value assets are recognized as expense on a straight-line basis over the lease term. During the year, the Group has recognized an amount of rent expense, in the statement of profit or loss, representing charge for short-term leases.

6.17 Dividend and appropriation to reserves

Dividend and appropriation to reserves are recognized in the consolidated financial statements in the period in which they are approved by the shareholders and therefore, they are accounted for as non-adjusting post balance sheet event.

6.18 Provisions

Provisions are recognized when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and reliable estimate of the amount can be made. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

6.19 Revenue recognition

Sale of goods

The Group's contracts with customers for the sale of goods generally include one performance obligation for both local and export sales i.e. provision of goods to the customers.

(i) **Local Sales**

The revenue from sale of goods is recognized at the point in time when control of the goods is transferred to the customer, generally on dispatch of products from the mill.

(ii) **Export Sales**

The revenue from sale of goods is recognized at the point in time when control of the goods is transferred to the customer, dependent on the related in co-terms generally on date of bill of lading or delivery of the product to the port of destination. Therefore, export sales are recognized upon clearance of shipment at port of discharge.

Sale of electricity (iii)

Revenue on account of energy is recognised on electricity output delivered to CPPA-G whereas on account of Non-Project Missed Volume is recognised when the event has occurred in terms of the EPA and underlying data is available. Both are recognised at the rates specified under the EPA. Delayed payment markup on amounts due under the EPA is accrued on a time proportion basis by reference to the amount outstanding and the applicable rate of return under the EPA. Invoices are generally raised on a monthly basis and are due after 30 days from acknowledgement by CPPA-G.

Rendering of services

The Group provides garments stitching and fabric processing services to local customers. These services are sold separately and the Group's contract with the customer for services constitute a single performance obligation.

Revenue from services is recognized at the point in time, generally on dispatch of the stitched/processed fabric from the factory. There are no terms giving rise to variable consideration under the Group's contracts with its customers.

Other sources of revenue

Return on bank balances is accrued on a time proportion basis by reference to the principal outstanding and the applicable rate of return.

Dividend income and entitlement of bonus shares are recognized when right to receive such dividend and bonus shares is established.

Revenue against scrap sales is recognized when control is transferred to customer. Consideration is always received at the time of delivery.

All other incomes are recognized on accrual basis.

6.20 **Borrowing cost**

Borrowing costs are recognized as an expense in the period in which these are incurred except to the extent of borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset. Such borrowing costs are capitalized as part of the cost of that asset up to the date of commencement.

For the year ended 30 June 2022

6.21 Foreign currency transactions and translation

Transactions in foreign currencies are translated into Pak Rupees at the rates of exchange prevailing on the date of transactions. Monetary assets and liabilities denominated in foreign currencies are translated into Pak Rupee using the exchange rates at reporting date. Non-monetary assets and liabilities are translated into Pak Rupees at exchange rates prevailing on the date of transaction or on the date when fair value is determined. Exchange differences on foreign currency transactions and translations are included in statement of profit or loss, except as follows:

For the Group's companies in power sector, foreign exchange gains and losses resulting from the settlement and translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are capitalized in property, plant and equipment in accordance with SRO 986(I)/2019 dated 02 December 2019 (previously SRO 24(I)/2012) of the SECP. Accordingly, the exchange differences of the Group's Power Sector subsidiaries have been capitalized.

6.22 Impairment of non financial assets

The carrying amount of the Group's non financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If such indications exist, the asset's recoverable amount is estimated in order to determine the extent of the impairment loss, if any. Impairment loss is recognized as expense in the statement of profit or loss.

6.23 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

6.23.1 Financial assets

(a) Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortized cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient, the Group initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient are measured at the transaction price determined under IFRS 15 as explained in Note 6.19 Revenue recognition.

In order for a financial asset to be classified and measured at amortized cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date that the Group commits to purchase or sell the asset.

b) Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

Financial assets at amortized cost (debt instruments)

- Financial assets at fair value through OCI with recycling of cumulative gains and losses (debt instruments)
- Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)
- Financial assets at fair value through profit or loss

Financial assets at amortised cost (debt instruments)

The Group measures financial assets at amortised cost if both of the following conditions are met:

- i) The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows, and
- ii) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortized cost are subsequently measured using the EIR method and are subject to impairment. Gains and losses are recognized in profit or loss when the asset is derecognized, modified or impaired.

The Group's financial assets at amortized cost includes long term deposits, trade debts, loan to employees, trade deposits and other receivables.

Financial assets at fair value through OCI (debt instruments)

The Group measures financial assets at fair value through OCI if both of the following conditions are met:

- i) The financial asset is held within a business model with the objective of both holding to collect contractual cash flows and selling, and
- ii) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For debt instruments at fair value through OCI, interest income, foreign exchange revaluation and impairment losses or reversals are recognized in the statement of profit or loss and computed in the same manner as for financial assets measured at amortized cost. The remaining fair value changes are recognized in OCI. Upon derecognition, the cumulative fair value change recognized in OCI is recycled to profit or loss.

Financial assets designated at fair value through OCI (equity instruments)

Upon initial recognition, the Group can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under IAS 32 Financial Instruments: Presentation and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses on these financial assets are never recycled to profit or loss. Dividends are recognized as other income in the statement of profit or loss when the right of payment has been established, except when the Group benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

Based on business model of the Group, it elected to classify irrevocably its equity investments under this category.

Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss include financial assets held for trading, financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Derivatives, including

For the year ended 30 June 2022

separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments. Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at fair value through profit or loss, irrespective of the business model. Notwithstanding the criteria for debt instruments to be classified at amortized cost or at fair value through OCI, as described above, debt instruments may be designated at fair value through profit or loss on initial recognition if doing so eliminates, or significantly reduces, an accounting mismatch.

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value recognized in the statement of profit or loss.

A derivative embedded in a hybrid contract, with a financial liability or non-financial host, is separated from the host and accounted for as a separate derivative if: the economic characteristics and risks are not closely related to the host; a separate instrument with the same terms as the embedded derivative would meet the definition of a derivative; and the hybrid contract is not measured at fair value through profit or loss. Embedded derivatives are measured at fair value with changes in fair value recognized in profit or loss. Reassessment only occurs if there is either a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required or a reclassification of a financial asset out of the fair value through profit or loss category.

A derivative embedded within a hybrid contract containing a financial asset host is not accounted for separately. The financial asset host together with the embedded derivative is required to be classified in its entirety as a financial asset at fair value through profit or loss.

c) Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e., removed from the Group's statement of financial position) when:

- i) The rights to receive cash flows from the asset have expired, or
- ii) The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognize the transferred asset to the extent of its continuing involvement. In that case, the Group also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

d) Impairment of financial assets

The Group recognizes an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognized in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default

events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

For trade receivables, the Group applies a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognizes a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For debt instruments at fair value through OCI, the Group applies the low credit risk simplification. At each reporting date, the Group evaluates whether the debt instrument is considered to have low credit risk using all reasonable and supportable information that is available without undue cost or effort. In making that evaluation, the Group reassesses the internal credit rating of the debt instrument. In addition, the Group considers that there has been a significant increase in credit risk when contractual payments are more than 30 days past due.

The Group considers a financial asset in default when contractual payments are 30 days past due. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

6.23.2 Off-setting of financial assets and liabilities

Financial assets and liabilities are offset and the net amount is reported in the statement of financial position when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle either on a net basis, or to realize the asset and settle the liability simultaneously.

6.23.3 Derivative financial instruments

The Group designates derivative financial instruments as either cash flow hedge or fair value hedge.

a) Cash flow Hedges

The effective portion of the gain or loss on the hedging instrument is recognized in OCI in the cash flow hedge reserve, while any ineffective portion is recognized immediately in the statement of profit or loss. The cash flow hedge reserve is adjusted to the lower of the cumulative gain or loss on the hedging instrument and the cumulative change in fair value of the hedged item.

The Group designates only the spot element of forward contracts as a hedging instrument. The forward element is recognized in OCI and accumulated in a separate component of equity under cost of capital reserve.

The amounts accumulated in OCI are accounted for, depending on the nature of the underlying hedged transaction. If the hedged transaction subsequently results in the recognition of a non-financial item, the amount accumulated in equity is removed from the separate component of equity and included in the initial cost or other carrying amount of the hedged asset or liability. This is not a reclassification adjustment and will not be recognized in OCI for the period. This also applies where the hedged forecast transaction of a non-financial asset or non-financial liability subsequently becomes a firm commitment for which fair value hedge accounting is applied.

For any other cash flow hedges, the amount accumulated in OCI is reclassified to profit or loss as a reclassification adjustment in the same period or periods during which the hedged cash flows affect profit or loss.

For the year ended 30 June 2022

b) Fair value hedges

The change in the fair value of a hedging instrument is recognized in the statement of profit or loss as other expense. The change in the fair value of the hedged item attributable to the risk hedged is recorded as part of the carrying value of the hedged item and is also recognized in the statement of profit or loss as other expense.

For fair value hedges relating to items carried at amortized cost, any adjustment to carrying value is amortized through profit or loss over the remaining term of the hedge using the EIR method. The EIR amortization may begin as soon as an adjustment exists and no later than when the hedged item ceases to be adjusted for changes in its fair value attributable to the risk being hedged.

If the hedged item is derecognized, the unamortized fair value is recognized immediately in profit or loss.

When an unrecognized firm commitment is designated as a hedged item, the subsequent cumulative change in the fair value of the firm commitment attributable to the hedged risk is recognized as an asset or liability with a corresponding gain or loss recognized in profit or loss

6.23.4 Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, unclaimed dividend, accrued interest, loans and borrowings including bank overdrafts and lease liabilities.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

a) Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Gains or losses on liabilities held for trading are recognized in the statement of comprehensive income. Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in IFRS 9 are satisfied. The Group has not designated any financial liability as at fair value through profit or loss.

b) Financial liabilities at amortized cost

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the Effective interest rate (EIR) method.

Gains and losses are recognized in statement of profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of comprehensive income.

This category generally applies to the liabilities as disclosed in Note 51.5.

6.24 Earnings per share - basic and diluted

The Group presents basic and diluted earnings per share (EPS) for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Group by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders of the Group and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares.

6.25 Segment reporting

Segment reporting is based on the operating business segments of the Group. An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relates to transactions with any of the Group's other component. An operating segment's operating results are reviewed by the CEO to make decisions about resources to be allocated to the segment and assess its performance for which discrete financial information is available.

Segment results that are reported to the CEO includes items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly corporate assets, income tax assets, liabilities and related income and expenditure. Segment assets consist primarily of property, plant and equipment, inventories, trade debts, loans and advances and cash and bank balances. Segment liabilities comprise of operating liabilities and exclude items such as taxation and corporate payables.

The business segments are engaged in providing products and services which are subject to risks and rewards which differ from the risk and reward of other segment, segments reported are Spinning, Weaving, Processing, Printing, Home textile products, Textile retail and Power generation which also reflects the management structure of Group.

6.26 Related party transactions

All transactions with related parties are carried out by the Group at arms' length. Nature of the related party relationships as well as information about the transactions and outstanding balances are disclosed in the relevant notes to the financial statements.

For the year ended 30 June 2022

25.1.1.1 For the Holding Company, these loans carry mark-up ranging from 1.00% to 11.57% (2021: 1.00% to 8.49%) obtained in different tranches and are repayable in quarterly instalments ranging from 16 to 32. These loans are secured against exclusive hypothecation charge of Rs.5,185 million (2021: Rs.5,027 million) over specific plant & machinery and pledge of shares of blue chip companies held by the Company having market value Rs.783.047 million (2021: Rs.1,057.375 million) as on reporting date.

SRL (Subsidiary Company) obtained the long term loan from Allied Bank to pay salaries and wages of employees for months affected by COVID-19. The facility is for 2.5 years tenure and principal will be repaid in 8 equal quarterly instalments after 31 January 2021. The markup rate is ranging from 0.60% to 1.00% (2021: 0.60% to 1.00%) per annum. The loan is secured against the current assets of the Company.

- 25.1.1.2 These loans carry mark-up of 1.75% to 2.75% (2021: 1.75% to 2.75%) obtained in different tranches and are repayable in quarterly instalments ranging from 16 to 32. These loans are secured against exclusive hypothecation charge of Rs.1,352.95 (2021: Rs.1,352.95 million) over specific plant & machinery.
- 25.1.1.3 For the Holding Company, these loans carry mark-up ranging from 2.50% to 15.02% (2021: 2.50% to 11.19%) obtained in different tranches and are repayable in 32 quarterly instalments. These loans are secured against exclusive hypothecation charge of Rs.2,347 million (2021: Rs.328 million) over specific plant & machinery and pledge of shares of blue chip companies held by the Company having market value Rs.1,828.786 million (2021: Rs.2,433.638 million) as on reporting date.
- 25.1.1.4 These loans carry mark-up ranging from 2.50% to 6.50% (2021: 2.50% to 6.50%) obtained in different tranches and are repayable in 24 quarterly instalments. These loans are secured against exclusive hypothecation charge of Rs.228.033 million (2021: Rs.228.033 million) over specific plant & machinery.
- 25.1.1.5 These loans carry mark-up ranging from 0.60% to 15.28% (2021: 0.60% to 11.51%) obtained in different tranches and are repayable in quarterly instalments ranging from 4 to 32. These loans are secured against exclusive hypothecation charge of Rs.10,649.730 million (2021: Rs.9,211.730 million) over specific plant & machinery and pledge of shares of blue chip companies held by the Company having market value Rs. Nil (2021: Rs.904.957million) as on reporting date.
- 25.1.1.6 For the Holding Company, these loans carry mark-up at the rate of 3.00% to 3.50% (2021: Nil) obtained in different tranches and are repayable in 32 quarterly instalments. These loans are secured against exclusive hypothecation charge of Rs.1,734 million (2021: Nil) over specific plant & machinery.
 - SRL (Subsidiary Company) has obtained loan for 10 years including 2 years grace period and the principal has been repaid during the year in a single lump sum instalment. Mark-up was payable quarterly at a rate of KIBOR + 0.45% per annum. The Company obtained long term facility from Meezan Bank Limited in July 2016 for the purchase of land, building and its commercialization fee. The facility was secured against first charge over the purchased land and building of the Company.
- 25.1.1.7 These loans carry mark-up ranging from 1.50% to 2.50% (2021: 1.50% to 2.50%) obtained in different tranches and are repayable in 32 quarterly instalments. These loans are secured against exclusive hypothecation charge of Rs.2,582 million (2021: Rs.1,318.9 million) over specific plant & machinery.
- 25.1.1.8 For the Holding Company, these loans carry mark-up at the rate of 2.50% (2021: 2.50%) obtained in different tranches and are repayable in 32 quarterly instalments. These loans are secured against exclusive hypothecation charge of Rs.1,463 million (2021: 1,463 million) over specific plant & machinery.
 - SRL (Subsidiary Company) has obtained the long term loan from United Bank Limited during the year for the purchase of company's flagship store measuring 27,600 Square feet, located at 9-C Block K College Road Gulberg II, Lahore. The facility is for 10 years tenure including 1 year grace period after which principal is repayable in quarterly instalments. The markup rate is 3 months KIBOR + 0.75% per annum. The loan is secured against exclusive equitable mortgage over specific land and building of Gulberg store of Rs.960,000,000.
- 25.1.1.9 These loans includes interest free loan amounting to Rs.1,020 million measured at the present value of all future cash payments discounted using the prevailing market rate of interest. It is repayable in quarterly instalments over a period of 12 years including a 2 years grace period. These loans are secured against exclusive mortgagee charge amounting to Rs.521 million (2021: Rs 521 million) over lands and charge of Rs.1,855 million (2021: Rs 679 million) over plant and machinery owned by the Company.

It includes long term loan from The Bank of Punjab by SRL (Subsidiary Company) outstanding amounting Rs.85.714 million (2021:Rs.128.57 million) to meet its long term capital requirements. The facility is for 4 years tenure including 6 months grace period after which principal is repayable in equal quarterly instalments. The markup rate is 3 months KIBOR + 1.25% per annum. The loan is secured against the first charge of Rs. 172,000,000 (2021:Rs. 400 million) over present and future moveable fixed assets of the subsidiary Company.

- 25.1.1.10 These loans carry mark-up at rate of 5.00% (2021: Nil) obtained in different tranches and are repayable in 32 quarterly instalments. These loans are secured against exclusive hypothecation charge of Rs.1,176.471 million (2021: Nil) over specific plant and machinery.
- 25.1.1.11 These loans carry mark-up at rate of 5.00% (2021: Nil) obtained in different tranches and are repayable in 32 quarterly instalments. These loans are secured against exclusive hypothecation charge of Rs. 191.376 million (2021: Nil) over specific plant and machinery.

This represents long term finance facility of USD 95 million obtained from IDFC for the construction of the wind power project at Jhimpir in accordance with the Finance Agreement dated 31 March 2014. The security for the loan includes all the current and future assets of the SWPCL (Subsidiary Company). It carries markup, payable quarterly, at the rate of three months London Inter-Bank Offered Rate ('LIBOR') plus 3.7% guarantee fee per annum. The mark up rate charged during the year on the outstanding balance ranged from 3.90% to 4.84% (2021: 3.90% to 5.02%). As of 30 June 2022, the principal amount of USD 35.531 million is repayable in nine unequal semi annual instalments ending on 10 October 2025 in accordance with the amortization schedule provided by IDFC.

25.1.3 Loans from International Finance Corporation, Asian Development Bank, Islamic Development Bank and DEG

| Opening balance | 29,617,713,365 | 34,961,291,514 |

The Honourable Supreme Court of Pakistan (SCP) vide its judgement dated 13 August 2020 decided the appeal against the Holding Company and declared the GIDC Act, 2015 to be constitutional and recoverable from the gas consumer. A review petition was filed against the judgement which was also dismissed. However, partial relief was granted and recovery period was extended to 48 months from 24 months. SCP in its detailed judgement stated that the cess under GIDC Act, 2015 is applicable only to those consumers of natural gas who on account of their industrial or commercial dealings had passed on GIDC burden to their end customers.

The Holding Company has filed a civil suit before the Honourable Sindh High Court (SHC) on the grounds that Holding Company has not passed on the impact of GIDC to end customers. SHC has granted stay order in the said suit and has restrained SNGPL & SSGCL from taking any coercive action against the Company.

| Note reference | 26.1.1 | 26.1.2 | |

- 26.1.1 'This represents liability in respect of a 20 years lease of 1,372 acres of land, acquired from AEDB, situated in Jhimpir, District Thatta, Sindh on which the wind power plant of SWPL (subsidiary company) is installed. The aforementioned land has been allocated to the subsidiary company by AEDB out of the total land leased for a period of thirty years from Government of Pakistan ('GoP') for Wind Power Generation Projects under the Master Lease Deed dated 13 February 2008. The subsidiary company, in order to gain access to the land for conducting feasibility/other associated studies, had signed an Agreement to Lease with AEDB dated 21 December 2008. However, the formal site sub-lease agreement was signed on 11 March 2014. The term of site sub-lease has commenced from this date and will end with the term of the EPA.
- 26.1.2 This represents liability in respect of 1,284 acres of land each for Project A, Project B and Project C, acquired from Government of Sindh, Land Utilization department, through Deputy Commissioner Thatta, on which the wind power plants of TBCL are installed. The aforementioned land has been allocated to the subsidiary company by Government of Sindh for a period of thirty years for Wind Power Generation Projects under the land lease agreement. The term of land lease agreement has commenced from November 2011 and will end with the term of the EPA.

| | | Investment in associates | | 32,420,915 | 18,981,395 |

For the year ended 30 June 2022

- 27.1.1 The temporary differences associated with investments in the Group's associates, for which a deferred tax liability has not been recognised in the periods presented, aggregate to Rs. 143.940 million (2021: Rs. 93.566 million). The Group has determined that the undistributed profits of its associates will not be distributed in the foreseeable future. Furthermore, the Group has also no intention to sell the investments in its associate in the foreseeable future. Hence, there are no income tax consequences attached to the payment of dividends in either 2022 or 2021 by the Group to its shareholders.
- 27.1.2 In view of applicability of presumptive tax regime on taxable income for the current and previous tax year and expected pattern of chargeability of Holding Company's income to tax in the same manner, deferred tax liability has been reversed in the financial statements.

The income of power generation companies of the Group is exempt from taxation. Therefore, there is no deferred tax liability in respect of these companies.

In respect of deferred taxation of the Group's tax retail company, refer to note 13.

There are no taxable or deductible temporary differences in case of Sapphire International APS assets or liabilities.

As disclosed in Note 25 of the financial statements, the Holding Company has obtained loan from various banks during the year under Temporary Economic Refinance Facility (TERF) Scheme for retirement of import documents of plant and machinery under LC facility. These carry mark-up at the rates ranges from 1.5% to 1.75% (SBP rate+bank spread) per annum and repayable in 32 equal quarterly instalments with a grace period of 24 months. These loans are carried at amortized cost with effective rate of 3 months KIBOR plus spread. The difference between cash received and present value of cash outflow upon initial recognition has been recognized as deferred grant in accordance with IAS 20.

Expected gratuity expenses for the Holding Company charged to profit and loss for the year ending 30 June 2023 works out to Rs.193,562,904.

The weighted average duration of defined benefit obligation is 7-8 years .

For the year ended 30 June 2022

Principal actuarial assumptions

Following are a few important actuarial assumption used in the valuation:

| | 2022 | 2021 | |
|--|----------------|----------------|--|
| | % | % | |
| Discount rate | 13.25 | 10.00 | |
| Expected rate of increase in salary | 12.25 | 9.00 | |
| | | | |
| Average age of employees | 32.9 years | 32.6 years | |
| Mortality rates (for death in service) | SLIC (2001-05) | SLIC (2001-05) | |

Actuarial assumptions sensitivity analysis

The calculation of defined benefit obligation is sensitive to assumptions given above. The risk to which scheme is exposed include salary, demographic and discount risks. if the significant actuarial assumptions (relating to major risks) used to estimate the defined benefit obligation at the reporting date had been fluctuated as mentioned below with all other variables held constant, the impact on the present value of the defined benefit obligation would have been as follows:

| | Change | Increase in assumptions | Decrease in assumptions | |
|-----------------------------|---------|-------------------------|-------------------------|--|
| | | Rupees in '000 | | |
| Discount rate | 100 bps | 342,561 | 393,764 | |
| Increase in future salaries | 100 bps | 393,756 | 342,557 | |
| Expected mortality rates | 1 year | (38,588) | 33,571 | |

The sensitivity analysis of the defined benefit obligation to the significant actuarial assumptions has been performed using the same calculation techniques as applied for calculation of defined benefit obligation reported in the statement of financial position.

| | | | 18,212,581,522 | 7,907,954,986 |
| | | | | |

31.1 Aggregate facilities amounting to Rs.28,335 million (2021: Rs.20,395 million) were available to the Group from banking companies. These are secured against hypothecation charge of amounting to Rs. 41,427.56 million (2021:Rs. 27,513.32) on stock in trade for the Holding Company, book debts and export bills under collection. These carry mark up ranging 2.25% to 15.31% (2021: 2.25% to 9.25%) on local currency loans per annum payable monthly / quarterly. These facilities are renewable on various expiry dates. Short term borrowing includes amounting Rs.1,695 million (2021: Rs.843 million) due to Bank Alfalah Limited (related party).

Facilities available for opening letters of credit and guarantees aggregate to Rs.26,155 million (2021: Rs.20,533 million) out of which the amount remaining unutilised at the year-end was Rs.12,493 million (2021: Rs.10,321 million). These facilities are secured against lien on shipping documents, hypothecation charge on current assets of the Group, cash margins and pledge of shares.

31.2 Running Musharakah facility available from commercial bank aggregates to Rs 300 million (2021: Rs 300 million) at profit rate of 1 month KIBOR plus 0.30% (2021: 1 month KIBOR plus 0.30% and 0.35%) per annum. The amount utilized as at 30 June 2022, for Musharakah was Rs. 290.916 million (2021: Rs. 159.9 million). The facilities are secured against pari passu charge on the current assets of the Company with 10% risk margin, and lien on import documents. The mark-up rate charged during the year on the outstanding balance ranges from 7.81% to 14.61% (2021: 8.22% to 9.25%) per annum.

Home Textile Product

The capacity of this unit is undeterminable due to multi product involving varying processes of manufacturing and run length of order lots.

| Power Generation | | |
|-------------------------------|---------|---------|
| Installed capacity (MWh) | 600,847 | 600,847 |
| Actual energy delivered (MWh) | 667,792 | 541,590 |

For the year ended 30 June 2022

48.1 Under utilization of available capacity for spinning, finishing and printing is mainly due to normal maintenance / temporarily shut down and changes in production pattern.

Output produced by the plants of SWPCL and TBCL (power sector subsidiary companies) is dependent on the load demanded by CCPA-G and plant availability. Due to high wind speed during the year, Plants produce generation in excess of benchmark energy of 35% Capacity Factor of TBCL.

- 49.1 In addition, some of the above persons have been provided with the company maintained cars.
- 49.2 Meeting fee of Rs.2.650 million (2021: Rs.2.650 million) has been paid to independent non-executive directors. No other remuneration has been paid to non-executive directors of the Group.
- 49.3 The Chief Executive and Executive Director were also provided with the telephones at residence.

50 PROVIDENT FUND

The Group Employees' Provident Fund Trust holds the investments which are in accordance with the provisions of section 218 of the Companies Act 2017 and the Rules formulated for this purpose.

51 FINANCIAL INSTRUMENTS

The Group has exposures to the following risks from its use of financial instruments:

Credit risk Liquidity risk Market risk

The Group's Board of Directors has overall responsibility for the establishment and oversight of the Group's risk management framework. The Board is also responsible for developing and monitoring the Group's risk management policies.

51.1 Credit risk

51.1.1 Exposure to credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the trade debts, loans, trade deposits, other receivables and bank balances. Out of total financial assets of Rs. 35,497 million (2021: Rs.29,876 million), financial assets which are subject to credit risk aggregate to Rs.29.023 million (2021: Rs.22,066 million). The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date is as follows:

| | 2022 | 2021 |
|--------------------|----------------|----------------|
| | Rupees | Rupees |
| | | |
| Long term deposits | 114,109,512 | 90,390,779 |
| Trade debts | 19,669,449,405 | 11,976,987,295 |
| Loan to employees | 112,696,136 | 59,183,761 |
| Trade deposits | 90,509,502 | 137,946,295 |
| Other receivables | 1,241,135,082 | 1,079,157,498 |
| Bank balances | 7,795,110,669 | 8,723,143,447 |
| | 29,023,010,306 | 22,066,809,075 |

51.1.2 The maximum exposure to credit risk for trade debts at the reporting date by geographical region is as follows:

| Domestic | 18,552,470,547 | 11,397,781,479 |
|----------|----------------|----------------|
| Export | 1,116,978,858 | 579,205,816 |
| | 19,669,449,405 | 11,976,987,295 |

The majority of export debts of the Group are situated in Asia, Europe and North America.

Customer credit risk is managed by each business unit subject to the Group's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits are defined in accordance with this assessment. Outstanding customer receivables and contract assets are regularly monitored and all exports are covered by letters of credit or other forms of credit insurance obtained from reputable banks.

An impairment analysis is performed at each reporting date using a provision matrix to measure expected credit losses. The provision rates are based on days past due for groupings of various customer segments with similar loss patterns (i.e., by geographical region, product type and customer type). The calculation reflects the probability-weighted outcome, the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions. Generally, trade receivables are written-off if past due for more than one year and are not subject to enforcement activity. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed above. The Group does not hold collateral as security. The letters of credit for export sales are considered integral part of export trade receivables and there is no past history of default in case of export debtors, so the expected credit loss rate for the export trade receivables is insignificant, hence gross amount equals to net carrying amount. However, for local trade receivables the Group evaluates the concentration of risk with respect to them as low, as its customers mostly deal in advances and their demand is order based.

For the year ended 30 June 2022

Set out below is the information about the credit risk exposure on the Company's local trade receivables assets using a provision matrix:

| | Not due | 1-30 days | 31-60 days | 61-90 days | 91-180 days | 181-360 days | 361 days or more |
|--|---------------|---------------|---------------|---------------|---------------|---------------|---------------------|
| | | | | Rupees | | | |
| As at 30 June 2022 | | | | | | | |
| Estimated total gross carrying amount at default | 7,751,543,785 | 2,699,282,726 | 180,838,059 | 1,997,047,429 | 2,668,773,203 | 1,515,319,230 | 1,346,597,216 |

| As at 30 June 2021 | | | | | | | |
| Estimated total gross carrying amount at default | 5,483,812,090 | 1,521,234,205 | 1,505,042,080 | 100,174,794 | 1,456,701,274 | 850,888,504 | 447,343,733 |
| Expected credit loss | 9,485,612 | 13,845,274 | 1,452,876 | 1,250,659 | 816,614 | 94,598 | 9,343,296 |
| Expected credit loss rate | 0.17% | 0.91% | 0.10% | 1.25% | 0.06% | 0.01% | 2.09% |

51.1.4 Credit risk from balances with banks and financial institutions is managed by the Group's finance department in accordance with the Group's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are reviewed by the Group's Finance Department on an annual basis, and may be updated throughout the year subject to approval of the Group's Board of Directors. The limits are set to minimize the concentration of risks and therefore mitigate financial loss through a counterparty's potential failure to make payments. The Group deals with banks having credit ratings in the top categories therefore, considers these as low risk and does not expect credit loss to arise on the balances. Following are the credit ratings of banks with which balances are held or credit lines available:

| Name of bank | Rating Agency | Rating | | |
|---|---------------|------------|-----------|--|
| | | Short term | Long term | |
| MCB Bank Limited | PACRA | A1+ | AAA | |
| National Bank of Pakistan | PACRA | A1+ | AAA | |

| Mobilink Microfinance Bank Limited | VIS | A1 | Α | |

51.2 Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulties in meeting obligations associated with financial liabilities. Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding through an adequate amount of committed credits facilities. The Group's treasury department maintains flexibility in funding by maintaining availability under committed credits lines.

Financial liabilities in accordance with their contractual maturities are presented below:

| | | | 2022 | | |
|--|---|---|---|-------------------------------------|-------------------------|
| | Carrying amount | Contractual cashflow | Up to 1 year | Between 1 to 5 years | 5 years and above |

51.2.1 The contractual cash flow relating to the above financial liabilities have been determined on the basis of mark-up / interest rates effective at the respective year-end. The rates of mark-up / interest have been disclosed in the respective notes to these financial statements.

51.3 Market risk

Market risk is the risk that changes in market price, such as foreign exchange rates, interest rates and equity prices will affect the Group's income or the value of its holding of financial instruments.

51.3.1 Currency risk

The Group is exposed to currency risk on import of raw materials, stores & spares parts and export of goods mainly denominated in US Dollar, Euro, Japanese Yen and Swiss Frank. The Group's exposure to foreign currency risk for US Dollar, Euro, Japanese Yen and Swiss Frank is as follows:

For the year ended 30 June 2022

| | | | | 2022 | | | |
|------------------------------------|-----------------|--------------|-----------|-------------|-----------|-----------|--------|
| | Rupees | US\$ | EURO | JPY | CHF | AED | GBP |
| | | | | | | | |
| Trade debts | (1,116,978,858) | (5,232,672) | (167,180) | = | - | - | - |
| Bank balances | (7,040,502,193) | (34,242,113) | (12,535) | - | - | - | - |

| Long term finance - secured | 36,723,597,284 | 231,987,349 | - | - | - | - | |
| | 32,193,615,110 | 203,682,896 | (101,069) | - | - | - | - |
| Outstanding letters of credit | 4,594,137,753 | 15,283,546 | 7,927,800 | 126,050,960 | 1,351,891 | 5,849,686 | 50,000 |
| Forward exchange contracts | 3,473,424,296 | 20,313,013 | 1,431,754 | - | - | | |
| Net Exposures | 40,261,177,159 | 239,279,454 | 9,258,485 | 126,050,960 | 1,351,891 | 5,849,686 | 50,000 |

The following significant exchange rates have been applies as at reporting date:

| | 2022 | 2021 |
|----------------------------------|-----------------|-----------------|
| | Rupees | Rupees |
| | | |
| US \$ to Rupees (Buying/Selling) | 205.50 / 206.00 | 157.80 / 158.30 |
| Euro to Rupees (Buying/Selling) | 215.23 / 215.75 | 188.12 / 188.71 |

Sensitivity analysis

A 20 percent (2021: 20 percent) strengthening of the Rupees against US Dollar and Euro at June 30, would have increase / (decrease) equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particulars interest rates, remain constant. The analysis is performed on the same basis for 2021.

| | Equity | Profit or loss |
|---------------------|---------------|----------------|
| | Rupees | Rupees |
| | | |
| As at 30 June 2022 | | |
| Effect in US Dollar | 7,536,630,511 | 7,536,630,511 |
| Effect in Euro | 248,255,279 | 248,255,279 |
| | | |
| As at 30 June 2021 | | |
| Effect in US Dollar | 7,575,587,524 | 7,575,587,524 |
| Effect in Euro | 349,433,741 | 349,433,741 |
| | | |

20 percent (2021: 20 percent) weakening of the Rupees against the above currency at 30 June would have had the equal but opposite effect on the above currencies to the amounts shown above, on the basis that all other variable remain constant.

51.3.2 Interest rate risk

At the reporting date, the profit, interest and mark-up rate profile of the Group's significant financial assets and liabilities is as follows:

| | Effective rate | | Carrying | Amount |
|---|------------------|----------------|----------------|----------------|
| | 2022 | 2021 | 2022 | 2021 |
| | Percentage | per annum | Rup | ees |
| Fixed rate instruments | | | | |
| Financial liabilities | | | | |
| Long term financing | 0.60% to 6.50% | 0.60% to 6.50% | 11,233,084,252 | 8,568,464,768 |
| Short term borrowings | 2.25% to 7.50% | 2.25% to 3.00% | 5,240,617,814 | 3,245,000,000 |
| Variable rate instruments | | | | |
| Financial liabilities | | | | |
| Long term financing | | | | |
| - foreign currency loan | 3.90% to 4.84% | 3.90% to 5.02% | 41,538,368,007 | 36,723,597,284 |
| - local currency loan | 7.50% to 15.28% | 7.08% to 7.79% | 6,836,515,603 | 8,718,063,371 |
| Short term borrowings - local currency loan | 12.14% to 15.31% | 7.25% to 8.53% | 12,971,963,708 | 4,662,954,986 |

Fair value sensitivity analysis for fixed rate instruments

The Group does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in mark-up / interest rates at the reporting date would not affect profit or loss account.

Cash flow sensitivity analysis for variable rate instruments

A change of 100 basis points in mark-up / interest rates at the reporting date would have increased / (decreased) profit for the year by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency rates, remain constant. The analysis is performed on the same basis for 2021.

| | Profit and lo | ss 100 bps |
|---|---------------|---------------|
| | Increase | (Decrease) |
| | Rupees | Rupees |
| As at 30 June 2022 | | |
| Cash flow sensitivity - variable rate instruments | 613,468,473 | (613,468,473) |
| | | |
| As at 30 June 2021 | | |
| Cash flow sensitivity - variable rate instruments | 501,046,156 | (501,046,156) |
| | | |

The sensitivity analysis prepared is not necessarily indicative of the effects on profit for the year and liabilities of the Group.

For the year ended 30 June 2022

51.3.3 Other price risk

Other price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk). Other price risk arises from the Group's investment in ordinary shares of listed Companies. To manage its price risk arising from aforesaid investments, the group diversify its portfolio and continuously monitor developments in equity markets. In addition the Group actively monitors the key factors that affect stock price movement.

A 10% increase / decrease in share prices of listed companies at the reporting date would have increased / decreased the Group's unrealized gain on investments at FVOCI as follows:

| | 2022 | 2021 |
|-----------------------|-------------|-------------|
| | Rupees | Rupees |
| Effect on equity | 619,363,567 | 776,165,729 |
| Effect on investments | 619,363,567 | 776,165,729 |

The sensitivity analysis prepared is not necessarily indicative of the effects on equity / investments of the Group.

51.4 Fair value of financial instruments

Carrying values of the financial assets and financial liabilities approximate their fair values. Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

| 51.5 | Financial instruments by Category | | |
|------|--|----------------|----------------|
| | FINANCIAL ASSETS | | |
| | At amortized cost | | |
| | Long term deposits | 114,109,512 | 90,390,779 |

| | 88,041,231,840 | 68,444,289,407 |
| Total current | 37,327,978,437 | 21,919,161,021 |
| Total non current | 50,713,253,403 | 46,525,128,386 |

51.6 Fair value hierarchy

The carrying value of all financial assets and liabilities reflected in the financial statements approximate their fair value.

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Level 1. Quoted market price (unadjusted) in an active market for identical instrument.
- Level 2. Inputs other than quoted price included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- Level 3. Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The main level of inputs used by the Group for its financial assets are derived and evaluated as follows:

| | Level 1 | Level 2 | Level 3 |
|--|---------------|---------|-------------|
| | | Rupees | |
| | | | |
| As at 30 June 2022 | | | |
| Assets carried at fair value | | | |
| Equity instruments at fair value through OCI | 6,193,635,674 | - | 150,500,000 |
| | | | |
| As at 30 June 2021 | | | |
| Assets carried at fair value | | | |
| Equity instruments at fair value through OCI | 7,761,657,291 | | 500,000 |

For the year ended 30 June 2022

51.7 Capital risk management

The Group's prime objective when managing capital is to safeguard its ability to continue as a going concern in order to provide adequate returns for shareholders, benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

Consistent with others in the industry, the Group manages its capital risk monitoring its debts levels and liquid assets and keeping in view future investment requirements and expectations of the shareholders. Debt is calculated as total borrowings ('long term loans' and 'Liabilities against assets subject to finance lease' as shown in the statement of financial position). Total capital comprises shareholders' equity as shown in the balance sheet under 'share capital and reserves'.

| | 2022 | 2021 |
|------------------------------|-----------------|----------------|
| | Rupees | Rupees |
| | | |
| Total borrowings | 77,820,549,384 | 61,918,080,409 |
| Less: Cash and bank balances | 7,896,636,821 | 8,769,723,211 |
