Our responsibility and summary of the work performed

Our responsibility is to carry out an independent reasonable assurance engagement and to express an opinion as to whether the Statement is prepared in accordance with the applicable criteria, based on the procedures we have performed and the evidence we have obtained.

We conducted our reasonable assurance engagement in accordance with International Standard on Assurance Engagements 3000, 'Assurance Engagements other than audits or reviews of historical financial statements' (ISAE 3000) issued by the International Auditing and Assurance Standards Board. That standard requires that we plan and perform this engagement to obtain reasonable level of assurance about whether the Statement is free from material misstatement.

A reasonable assurance engagement in accordance with ISAE 3000 involves performing procedures to obtain evidence about the free float of shares and related information in the Statement. The nature, timing and extent of procedures selected depend on the practitioner's judgment, including the assessment of the risks of material misstatement, whether due to fraud or error, in the Statement. In making those risk assessments we considered internal control relevant to the Modaraba preparation of the Statement. A reasonable assurance engagement also includes assessing the applicable criteria used and significant estimates made by management, as well as, evaluating the overall presentation of the Statement.

We have carried out the procedures considered necessary for the purpose of providing reasonable assurance on the Statement. Our assurance procedures performed included verification of information in the Statement with the underlying data and record comprising of Central Depository statements, forms submitted by the Modaraba with Securities & Exchange Commission of Pakistan relating to its pattern of shareholding and other related information. Verification that the computation of free float of shares is in accordance with the PSX Regulation also forms part of our assurance procedures.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.
