Mustafa Jamal Iftakhar
Chairman, Board of Directors

DIRECTORS' REPORT TO THE SHAREHOLDERS

Dear Members Assalam-O-Alaikum

On behalf of my colleagues on the Board, I welcome you to the 19th Annual General Meeting of your Company and present before you the annual report, along with the audited financial statements of your company for year ended 30 June 2022.

The DSL management of the Company (the "Company") in their meeting held on 27 February 2019, decided to make all efforts for potential investment, joint venture, strategic alliance / partnership to overcome the working capital crises in order to resume the operations of the Company. Pursuant to the efforts of the Board, a potential investor (including his nominees) has offered to invest in the Company at a discount.

The Board in their meeting held on 18 January 2022 decided to raise further issue of capital amounting to Rs. 4,446,955,770 divided into 444,695,577 ordinary shares of PKR 10/- each to the issuance of additional 128,961,717 Ordinary Shares of the face value of PKR 10/- each by way of otherwise than right shares to be issued at an issue price of PKR =4.07/- per share under the provisions of section 82 and 83 of the Companies Act, 2017 (the "Act") subject to the approval of the Securities and Exchange Commission of Pakistan (SECP). The shares are proposed to be issued to Mr. Khawaja Shahzeb Akram (including his nominees).

Financial performance of the Company for the year ended June 30th, 2022, was as under:

Description	30 June 2022 (PKR)	30 June 2021 (PKR)
Sale	Nil	7,053,960
Cost of Sales	(38,478,275)	(61,375,236)
Gross (Loss) / Profit	(38,478,275)	(54,321,276)
Administrative and Selling expenses	(41,819,561)	(61,763,625)
Finance costs	(90,241,578)	(59,898,943)
Other operating income	35,698,113	1,087,780
Loss before taxation	(134,841,301)	(174,896,064)
Taxation	Nil	(105,809)
Loss after taxation	(134,841,301)	(175,001,873)

Business Review

The loss per share for the year was Rupees (0.43) per share as compared to Rupees (0.55) per share during the corresponding period. Loss after tax for the year was Rupees 134.841 million as compared to Rupees 175.002 million in corresponding year. The losses are inevitable owing to non-production during the year under review. So far, the Company has not been able to restart production activities due to shortage of working capital. As described above, the management is in the process of obtaining approval from relevant authorities for the execution of transaction of potential investor in order to restart commercial operations. As of today, The Company is not in a position to declare dividend or any bonus shares to the shareholders of the Company.

We are hopeful that the Company would be able to resume its production activities during the upcoming financial years and improve its financial health.

Operational Performance

Un-fortunately, the Company could not be able to resume its operation during the year due to the non-availability of adequate working capital. However, as described above company is in process of obtaining approval from relevant authorities for the execution of transaction of potential investor in order to restart commercial operations.

Risk Management

The Company has formulated the risk management structure with the aim of driving the company's sustainable growth and stabilizing management by anticipating and mitigating risk swiftly. In order to address business related risks, the Risk Management Policy specifies a role for each department that is responsible for taking appropriate measures and promoting its own independent risk management activities.

Material Changes in commitments

No material changes and commitments affecting the financial position of the Company have occurred between the end of the financial year to which this balance Sheet relates and the date of the report.

Future Prospects, Risks and Uncertainties:

The past year overall had been good for the steel construction industry as many high rises and government projects were on going due to attractive government policies. The current assessment indicates that the present slowdown due to global economic recession, high energy rates, PKR devaluation can last at least one year, however given the severity of the current correction this cycle may be much prolonged. We expect domestic demand for steel to remain at current low levels until the economy can fully adjust to the post-IMF economic realities as both loss in domestic consumers' purchasing power due to PKR devaluation and high interest rates will keep economic growth in check for the foreseeable future.

The catastrophic floods have also ravaged the country whereby one-third of the country was submerged under water and there has been huge loss of crops, livestock and infrastructure. It is expected that primary care is the first priority to be given to those effected in the floods in the shape of tents, medicine, livestock etc. Following this once the emergency has ended then construction activity can restart in these areas to rebuild infrastructure and it is expected that steel demand should increase following this.

In recent years Pakistan's Iron and Steel industry posted a high growth mainly driven by increased public spending on infrastructure projects such as roads, bridges, power plants, etc., as well as surging private construction activity. The long-term outlook for steel remains positive as developing economies such as Pakistan, with young and growing populations, require large investments in public infrastructure to continue growing. The country's demographic profile indicates that the economy will require greater investment in housing, energy, automobiles and white goods to service the needs of this demographic. Therefore, the Company believes that rising energy, infrastructure and white goods demand will drive steel demand in the coming years.

Keeping in view the gap between supply and demand, there is bright chances that the Company will be able to earn profit in near future after resuming plant operations.

Internal Financial Controls

A system of sound internal control is established and implemented at all levels within the Company. The system of internal control is sound in design for ensuring achievement of company's objectives, operational effectiveness and efficiency, reliable financial reporting and compliance with laws, regulations and policies.

Financial Statements

The financial statements of the company have been duly audited and signed by the auditors of the Company, Messrs. Rahman Sarfaraz Rahim Iqbal Rafiq, Chartered Accountants and their report is attached with the financial statements. The auditors of the Company M/s Rahman Sarfaraz Rahim Iqbal Rafiq Chartered Accountants have expressed adverse opinion in their audit report for the financial year ended 30 June 2022. The qualification and reservations and our para wise comments on the qualification and reservations are as follows:

Sr. No.	Reservation / Qualification	Responses
01	The Company, as stated in note 2, has incurred a net loss Rs. 134.841 m and its accumulated losses are Rs. 1,550.280 m. The current liabilities of the Company exceed its current assets by Rs. 883.577 m and liquid assets by Rs. 910.423 m. The Company has also been facing long overdue receivables, unfavorable key financial ratios, difficulty in complying with the terms of loan agreement with banks and to pay creditors on due date. The Company is in default under its syndicated contractual obligation with bankers as it could not pay any of the 4 installments totaling to Rs. 93.151 m during the year. It has stopped its commercial production since 2019 and lost its key management staff without replacement due to working capital deficiency. There are also banking litigations against the Company. Management of the Company has also not shared any future plans to revive its business. The covenants of long term loans have been breached at the reporting date. These conditions indicate the existence of significant	As stated above in welcome paragraph no 2 and 3 and also mentioned in Note No 38 of the financial statements the company is in the process of issuing further share capital against an offer of potential investor to overcome the working capital shortages and to settle the bank liabilities and the management is hopeful that this will mitigate all these factors

	material uncertainties which may cast significant doubt on ability of the Company to continue as going concern, to realize its assets and to discharge its liabilities in normal course of business. However, these financial statements do not include any adjustment relating to the recoverability and classification of recorded assets and classifications of liabilities that might be necessary should the Company be unable to continue as going concern. Under the circumstances use of going concern assumption is not appropriate;	
02	Advance for issuance of shares – unsecured from Crescent Star Insurance Limited (CSIL) and its assignees amounting to Rs. 354.279 m as disclosed in note 16, out of it M/s Dynasty Trading (Private) Limited (DTPL) confirmed amount due to it of Rs. 247.995 m and balance amount remained unconfirmed. The amount of Rs. 354.279 m is due to CSIL and its assignees, however CSIL is now disputing assignment to Dynasty Trading (Private) Limited (DTPL) (Refer 16 and 23). Further we were also unable to confirm these balances by alternative means;	The CSIL assigned the amount of advance against issuance of shares to Dynasty Trading (Private) Limited and Din Corporation (Private) Limited. All legal obligations and matters were complied with and advance was assigned with the mutual consent of CSIL, the Company, Dynasty Trading (Private) Limited and Din Corporation (Private) Limited. The assignment was duly approved by the Board of the Company. All the Parties involved have signed the necessary legal documentation pertaining to the assignment.
03	We did not receive response to 11 out of 18 of our letters requesting for confirmations from banks amounting to Rs. 0.060 m. Further bank statements of 8 out of 18 banks were also not provided by the management. Therefore, due to lack of sufficient appropriate evidence we were unable to determine whether any adjustment might have been necessary;	Because the company has stopped its production activity due to non-availability of sufficient working capital since 2019, therefore all these banks are stated dormant and have not been used by the company for more than three years. However balance confirmation and Bank statements of active bank accounts have been provided.
04	The syndicate long term finance (LTF) of Rs. 793.815 m, markup accrued (frozen) thereon of Rs. 614.940 m, accrued markup on overdue portion of LTF of Rs. 222.378 m and markup charged during the year of Rs. 90.222 m as disclosed in note 17, 18, 21 and 27 respectively, remained unconfirmed. Further the Company has breached the covenants of the long term financing and as per the requirement of the IAS 1 (Presentation of Financial Statements), has not classified its long term financing into	The agent failed to effectively communicate within the entire syndicate and between the lenders and the borrower. As a result a consensus could not be reached between the stake holders within the required time and therefore confirmation of balances could not be completed. As the company has stopped its core operation since 2019, therefore due to non-availability of sufficient funds, company is unable to pay the said liability however appropriate provision of mark-up, as per agreement, has been provided in the financial statements.

	current liabilities, which constitute the departure from International Financial Reporting Standard. Moreover, the Company have discontinued payments of installments however no information regarding consequent default penalty or additional markup not incorporated in the financial statements, is available. Therefore, accuracy of the figures could not be ascertained;	
05	Balance confirmation requests remained unresponded in respect of 'trade creditors', 'contract liabilities', 'long term security deposits', 'trade debtors' and 'advances for supplies/ services' amounting to Rs. 4.975m, Rs. 0.419 m, Rs. 40.521 m, Rs. 43.671 m and Rs. 1.026 m respectively. We were unable to satisfy ourselves by alternative means;	Due to the unorganized nature of the trade creditors, most of these could not be reached and organized.
06	The Company has not conducted impairment testing of its property, plant and equipment (note 5) as on 30 June 2022 under the IAS 36, Impairment of Assets which constitute departure from International Financial Reporting Standards. We consider it necessary at the yearend as the production of the Company has been stopped since 2019. Any impact of the same on assets and the statement of profit or loss of the Company cannot determined;	The company has conducted, In-house impairment testing with regular intervals, for this purpose the company has retained sufficient qualified employees on its payroll. Furthermore, the type of plant is not subjected to rapid technological changes therefore the company believes that the plant and machinery is not subjected to impairment.
07	We did not received confirmation from 6 out of 9 legal advisors and consultants. Moreover, 1 out of 9 legal advisor was not circularized and 2 legal advisors' confirmations were directly provided to us by the management. In absence of confirmations from legal advisor and consultants and list of pending litigations, completeness of contingencies as disclosed in note 23 cannot be commented upon,	The company has only three legal advisers who have active legal cases in the year under review, out of which two confirmations have been provided.
08	The Company had not appropriately complied with requirements regarding deduction and deposit of withholding taxes, amounts due to Punjab Employees' Social Security Institution and Employees' Old Age Benefit Institution.	Due to non-operational of core business activities most of expenses are below or not subject to withholding tax limits. However complete provision has been recorded in the books regarding Punjab Employees' Social

	These dues have not been separately disclosed in the financial statements as per the requirement of IAS-1 "Presentation of Financial Statements". Consequent impact of default penalty/ surcharge due to noncompliance of related provisions of the relevant laws has not been quantified and disclosed in these financial statements.;	Security Institution and Employees' Old Age Benefit Institution as per related laws, as soon as company is able to financially pay these liabilities they will be paid off.
09	The Company has written back Rs. 35.695 m liability on account of trade creditors-local Rs. 8.211 m, foreign supplier Rs. 15.912 m, advance from customer Rs 0.034 m and taxes payable Rs. 10.323 m and other accrued liabilities Rs. 1.215 m. Management could not provide validating reason for writing back of these balances. Consequently, adjustment made in the books of accounts and financial statements could not be substantiated;	Most of the balances are outstanding for more than three years, and they have not even responded to their balance confirmation since long therefore written off. However, the company has not denied its legal obligation to pay these liabilities.
10	The Company has not followed the IAS-19 "Employee Benefits" for determining gratuity payable under Industrial and Commercial Employment (Standing Orders) Ordinance, 1968, as explained in note 4.17 and 19 to the financial statements and the impact of the noncompliance of IAS 19 on the financial statements has not been quantified;	Due to the non-operational of Core Business Activities and layoff of employees on major position including Human resource department, the management has unable/not organize the determination for Employee Benefits under ordinance 1968. However appropriate provision against retirement benefits has been provided in the financial statements. Further management has planned to follow IAS -19 as per previous practice in the coming year, once the core business operation will resume.

The Statement of compliance with the Code of Corporate Governance is annexed.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, except for the non compliance of mandatory requirements as highlighted in paragraph 18 of statement of compliance with respect to number of independent directors, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended 30 June 2022.

Report on the Audit of the Financial Statements

Adverse Opinion

We have audited the annexed financial statements of **DOST STEELS LIMITED (the Company)**, which comprise the statement of financial position as at **30 June 2022**, and the statement of profit or loss and other comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, because of the significance of the matters as discussed in the **Basis for Adverse Opinion** section of our report, the statement of financial position, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof do not conform with the accounting and reporting standards as applicable in Pakistan and do not give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively do not give a true and fair view of the state of the Company's affairs as at **30 June 2022** and of the loss and other comprehensive loss, the changes in equity and its cash flows for the year then ended.

Basis for Adverse Opinion

1. The Company, as stated in note 2, has incurred a net loss Rs. 134.841 m and its accumulated losses are Rs. 1,550.280 m. The current liabilities of the Company exceed its current assets by Rs. 883.577 m and liquid assets by Rs. 910.423 m. The Company has also been facing long overdue receivables, unfavorable key financial ratios, difficulty in complying with the terms of loan agreement with banks and to pay creditors on due date. The Company is in default under its syndicated contractual obligation with bankers as it could not pay any of the 4 installments totaling to Rs. 93.151 m during the year. It has stopped its commercial production since 2019 and lost its key management staff without replacement due to working capital deficiency. There are also banking litigations against the Company. Management of the Company has also not shared any future plans to revive its business. The covenants of long term loans have been breached at the reporting date. These conditions indicate the existence of significant material uncertainties which may cast significant doubt on ability of the Company to continue as going concern, to realize its assets and to discharge its liabilities in normal course of business. However, these financial statements do not include any adjustment relating to the recoverability and classification of recorded assets and classifications of liabilities that might be necessary should the Company be unable to continue as going concern. Under the circumstances use of going concern assumption is not appropriate;

2. Advance for issuance of shares – unsecured from Crescent Star Insurance Limited (CSIL) and its assignees amounting to Rs. 354.279 m as disclosed in note 16, out of it M/s Dynasty Trading (Private) Limited (DTPL) confirmed amount due to it of Rs. 247.995 m and balance amount remained unconfirmed. The amount of Rs. 354.279 m is due to CSIL and its assignees, however CSIL is now disputing assignment to Dynasty Trading (Private) Limited (DTPL) (Refer 16 and 23). Further we were also unable to confirm these balances by alternative means;
3. We did not receive response to 11 out of 18 of our letters requesting for confirmations from banks amounting to Rs. 0.060 m. Further bank statements of 8 out of 18 banks were also not provided by the management. Therefore, due to lack of sufficient appropriate evidence we were unable to determine whether any adjustment might have been necessary;
4. The syndicate long term finance (LTF) of Rs. 793.815 m, markup accrued (frozen) thereon of Rs. 614.940 m, accrued markup on overdue portion of LTF of Rs. 222.378 m and markup charged during the year of Rs. 90.222 m as disclosed in note 17, 18, 21 and 27 respectively, remained unconfirmed. Further the Company has breached the covenants of the long term financing and as per the requirement of the IAS 1 (Presentation of Financial Statements), has not classified its long term financing into current liabilities, which constitute the departure from International Financial Reporting Standard. Moreover, the Company have discontinued payments of installments however no information regarding consequent default penalty or additional markup not incorporated in the financial statements, is available. Therefore, accuracy of the figures could not be ascertained;
5. Balance confirmation requests remained unresponded in respect of 'trade creditors', 'contract liabilities', 'long term security deposits', 'trade debtors' and 'advances for supplies/ services' amounting to Rs. 4.975m, Rs. 0.419 m, Rs. 40.521 m, Rs. 43.671 m and Rs. 1.026 m respectively. We were unable to satisfy ourselves by alternative means;
6. The Company has not conducted impairment testing of its property, plant and equipment (note 5) as on 30 June 2022 under the IAS 36, Impairment of Assets which constitute departure from International Financial Reporting Standards. We consider it necessary at the year end as the production of the Company has been stopped since 2019. Any impact of the same on assets and the statement of profit or loss of the Company cannot be determined;
7. We did not received confirmation from 6 out of 9 legal advisors and consultants. Moreover, 1 out of 9 legal advisor was not circularized and 2 legal advisors' confirmations were directly provided to us by the management. In absence of confirmations from legal advisor and consultants and list of pending litigations, completeness of contingencies as disclosed in note 23 cannot be commented upon,
8. The Company had not appropriately complied with requirements regarding deduction and deposit of withholding taxes, amounts due to Punjab Employees' Social Security Institution and Employees' Old Age Benefit Institution. These dues have not been separately disclosed in the financial statements as per the requirement of IAS-1 "Presentation of Financial Statements". Consequent impact of default penalty/ surcharge due to noncompliance of related provisions of the relevant laws has not been quantified and disclosed in these financial statements.;
9. The Company has written back Rs. 35.695 m liability on account of trade creditors-local Rs. 8.211 m, foreign supplier Rs. 15.912 m, advance from customer Rs 0.034 m and taxes payable Rs. 10.323 m and other accrued liabilities Rs. 1.215 m. Management could not provide validating reason for writing back of these balances. Consequently, adjustment made in the books of accounts and financial statements could not be substantiated;
10. The Company has not followed the IAS-19 "Employee Benefits" for determining gratuity payable under Industrial and Commercial Employment (Standing Orders) Ordinance, 1968, as explained in

note 4.17 and 19 to the financial statements and the impact of the noncompliance of IAS 19 on the financial statements has not been quantified;

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse opinion.

Emphasis of Matter

We draw attention to note 38 to the financial statements, describing that the Company is in process of issuing further share capital to the potential investor other than right shares, subject to applicable statutory and regulatory approvals. Our opinion is not modified in this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the **Basis for Adverse Opinion** section, we have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matters (KAMs)	How the matter was addressed in our audit
<p>(i) Expected Credit Loss (ECL)</p> <p>The Company has a significant balance of trade debts amounting to Rs 45.22 m. Provision against doubtful trade debts is based on loss allowance for Expected Credit Loss (ECLs) as disclosed in note 10 with related policies in 3.4, 4.04 and 4.11.</p> <p>We identified recoverability of trade debts as a key audit matter as it involves significant judgment in determining the recoverable amount of trade debts.</p>	<p>Our audit procedures to assess the valuation of trade debts, amongst others, included the following:</p> <ul style="list-style-type: none"> • Obtain understanding of procedures and system of the Company for recording and accounting such type of financial assets; • Obtaining an understanding of the basis for the determination of provision required at the year end and the receivables collection process; and • Checking the accuracy of the data on test basis extracted from the Company's accounting system which has been used to calculate the provision required including subsequent recoveries.

Information other than the Financial Statements and Auditors' Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. As discussed in the basis for adverse opinion section of our report we have concluded that the other information is materially misstated for the same reason.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017(XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

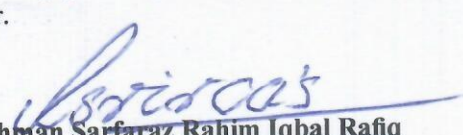

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) Except for the effects of matters explained in ***Basis for Adverse Opinion*** section of our report:
 - i. proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
 - ii. the statement of financial position, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have not been drawn up in conformity with the Companies Act, 2017 (XIX of 2017). However, the same are in agreement with the books of account and returns;
 - iii. investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- b) no zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

2 GOING CONCERN ASSUMPTION

The Company has incurred a net loss of Rs. 134.841 million (2021: Rs. 175.002 million) and its accumulated losses are Rs. 1,550.28 million (2021: Rs. 1,415.438 million). The current liabilities of the Company exceeds its current assets by Rs. 883.577 million and liquid assets by Rs. 910.423 million. The Company has also been facing long overdue receivables, unfavorable key financial ratios, difficulty in complying with the terms of loan agreement with banks and to pay creditors on due date. The company is in default under its syndicated contractual obligation with bankers and unable to obtain additional finance, has stopped its commercial production since 2019 and lost its key management staff without replacement due to working capital deficiency. There are also banking litigations against the Company (note 23).

Further, the Company is in process of negotiating with syndicate consortium to arrange for working capital need to resume commercial production. The management is also working on other option to induct a strategic investor to provide the required working capital. The Company is expected to earn net profits in coming years. Therefore the Company expects that adequate inflows will be generated in the future years which will wipe out these losses. Hence, the financial statements are prepared on the basis of going concern assumption.

3 BASIS OF PREPARATION

3.1 Statement of compliance

"These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS, the provisions of and directives issued under the Companies Act, 2017 have been followed."

3.2 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates. The financial statements are presented in Pak Rupees, which is the Company's functional and presentation currency.

3.3 Basis of measurement

These financial statements have been prepared under the historical cost convention except as otherwise disclosed in these financial statements. Further accrual basis of accounting has been followed except for cash flow information.

3.4 Use of estimates and judgments

The preparation of financial statements in conformity with approved accounting standards, as applicable in Pakistan, requires management to make judgments, estimates and assumptions that affect the application of policies and the reported amounts of asset, liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements are as follows: -

- **Property, plant and equipment**

The Company estimates the rate of depreciation of property and equipment. Further, the Company reviews the value of the assets for possible impairment on an annual basis. Any change in the estimates in future years might affect the carrying amounts of the respective items of property and equipment with a corresponding effect on the depreciation charge and impairment.

- **Income taxes**

In making the estimates for income taxes currently payable by the Company, the management looks at the current income tax law and the decisions of appellate authorities on certain issues in the past.

- **Trade and other receivables**

The Company regularly reviews its trade and other receivables in order to estimate the provision required against bad debts (Refer note 4.04).

- **Employee benefits**

The Company, on the basis of actuarial valuation report, recognises actuarial gains and losses immediately in other comprehensive income; immediately recognises all past service cost in the statement of profit or loss and replaces interest cost and expected return on plan assets with a net interest amount that is calculated by applying the discount rate to the net defined benefit liability/ asset (Refer note 4.17).

3.5 Initial application of a standard, amendment or an interpretation to an existing standard and forthcoming requirements

a) Standards and interpretations that became effective but are not relevant to the Company:

The following standards (revised or amended) and interpretations became effective for the current financial year but are either not relevant or do not have any material effect on the Financial Statements of the Company other than increased disclosures in certain cases:

- IFRS 9 - Financial Instruments (Amendment regarding interest rate benchmark reform-Phase-2).
- IAS 39 - Financial Instruments: Recognition and Measurement - (Amendment regarding interest rate benchmark reform-Phase-2).
- IFRS 7 - Financial Instruments: Disclosures - (Amendment regarding interest rate benchmark reform-Phase-2).
- IFRS 16 Leases- (Amendment regarding interest rate benchmark reform-Phase-2).
- IFRS-16 Leases- (Amendment to Covid-19 related rent concession beyond 30 June 2021).

b) Forthcoming requirements not effective in current year and not considered relevant:

The following standards (revised or amended) and interpretations of approved accounting standards are only effective for accounting periods beginning from the dates specified below. These standards are either not relevant to the Company's operations or are not expected to have significant impact on the Company's financial statements or are not notified by SECP other than increased disclosures in certain cases:

- IFRS 3 - Business Combinations - (Amendments updating a reference to the Conceptual Framework)- (applicable for annual periods beginning on or after 1 January 2022).
- IFRS 9 - Financial Instruments - (Amendments to 10 percent test for derecognition of financial liabilities in fee)- (applicable for annual periods beginning on or after 1 January 2022).
- IFRS 10/ IAS 28 - Consolidated Financial Statements and Investment in Associates - (Amendment regarding the sale or contribution of assets between an investor and its associate or joint venture) - (Application date not yet finalized).
- IAS 16- Property, Plant and Equipment - (Amendments regarding proceeds before intended use) - (applicable for annual periods beginning on or after 1 January 2022).
- IAS 1- Presentation of Financial Statements - (Amendment regarding classification of liabilities as current and non-current)- (Effective for annual periods beginning on or after 1 January 2023).
- IAS 1- Presentation of Financial Statements - (Amendments regarding the disclosure of accounting policies)- (Effective for annual periods beginning on or after 1 January 2023).
- IAS 8- Accounting Policies, Changes in Accounting Estimates and Errors - (Amendments regarding the definition of accounting estimates)- (Effective for annual periods beginning on or after 1 January 2023).
- IAS 12- Income Taxes - (Amendments regarding deferred tax related to assets and liabilities arising from single transaction)- (effective for annual periods beginning on or after 1 January 2023).
- IAS 16- Property, Plant and Equipment - (Amendments prohibiting a company from deducting from the cost of property, plant and equipment amounts received from selling items produced while the Company is preparing the asset for its intended use)- (effective for annual periods beginning on or after 1 January 2022).
- IAS 37- Provisions, Contingent Liabilities and Contingent Assets - (Amendments regarding the costs to include when assessing whether a contract is onerous)- (effective for annual periods beginning on or after 1 January 2022).
- IAS 41 - Agriculture - (Amendment regarding taxation in fair value measurement) - (effective for annual periods beginning on or after 1 January 2023).

Other than the aforesaid standards, interpretations and amendments, the International Accounting Standards Board (IASB) has also issued the following standards which have not been adopted locally by the Securities and Exchange Commission of Pakistan:

- IFRS 1 – First Time Adoption of International Financial Reporting Standards
- IFRS 17 – Insurance Contracts

4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4.01 Property, plant, equipment and intangibles

Property, plant and equipment

These are initially measured at cost. Subsequent to initial recognition these are stated at cost less accumulated depreciation and impairment losses, if any, except for freehold land and capital work-in-progress, which are stated at cost less any identified impairment loss. Depreciation on fixed assets is charged to the statement of profit or loss by applying reducing balance method except that of plant and machinery which is on number of units method. Rates of depreciation are specified in the note 5.

Depreciation is charged on additions during the year from the month in which property, plant and equipment become available for use while no depreciation is charged from the month of deletion/ disposal.

Normal repairs and maintenance are charged to the statement of profit or loss as and when incurred. Major renewals and improvements are capitalized.

Gain/ loss on disposal of fixed assets are recognized in the statement of profit or loss.

The assets' residual values and useful lives are continually reviewed by the Company and adjusted if impact on depreciation is significant. The Company's estimate of residual values of property, plant and equipment at the year end has not required any adjustment as its impact is considered insignificant.

Intangibles

Intangible assets are stated at cost less accumulated amortization and impairment losses, if any, and at notional value. Amortization is charged to the statement of profit or loss on a straight line basis over the estimated useful lives of intangible assets unless such lives are indefinite. Amortization is charged on additions from the month in which intangible asset has become available for use while no amortization is charged from the month in which the item is disposed off.

4.02 Stores and spares

These are valued at lower of average cost and Net Realizable Value (NRV).

4.03 Stock in trade

These are valued at the lower of NRV and cost determined as follows:

- Raw material	First in First Out (FIFO)
- Work in process	Raw material cost
- Finished goods	Cost of direct materials and other attributable overheads
- Stock in transit	Invoice value and other charges paid thereon upto the year end

4.04 Trade debtors and other receivables

Trade debts are recognised and carried at original invoice amount less provision for doubtful debts. An estimated provision is made on the basis of Expected Credit Loss (ECL) method. Bad debts are written-off as and when identified. Other receivable are recognised and carried at cost which is the fair value of the consideration to be received in future for goods or services.

4.05 Cash and cash equivalents

Cash in hand and cash at bank, which are held to maturity, are carried at cost. For the purpose of the statement of cash flows, cash equivalent are short-term highly liquid instruments that are readily convertible to known amounts of cash and which are subject to insignificant risk of changes in values.

4.06 Long term loans

These are initially measured at fair value plus directly attributable transaction costs, if any, and subsequently measured at amortized cost using effective interest rate method if applicable, less provision for impairment, if any.

4.07 Trade and other payables

Liabilities for trade and other amounts payable are carried at book value, which is the fair value of the consideration to be paid in the future for goods and services received, whether or not billed to the Company.

4.08 Taxation

Current

Provision for taxation is determined in accordance with the provisions of Income Tax Ordinance, 2001.

Deferred

Deferred tax is provided in full using the liability method, on temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the financial statements. The amount of deferred tax provided is based on the expected manner of realization or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantially enacted at the statement of financial position date.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. The carrying amount of all deferred tax assets are reviewed at each statement of financial position date and reduced to the extent, if it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax assets to be utilized.

4.09 Provisions

A provision is recognized when the Company has an obligation (legal or constructive), as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

4.10 Revenue recognition

Sales are recognised upon passage of title to the customers which generally coincides with physical delivery under single performance obligation. Profits on bank deposits are recognised on time proportion basis. Interest income is recorded on accrual basis using effective interest rate. Other revenues are accounted for on accrual basis.

4.11 Financial instruments

i) Financial assets

The Company classifies its financial assets in the following categories: at fair value through profit or loss, fair value through other comprehensive income and amortized cost. The classification depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition. All the financial assets of the Company as at the statement of financial position date are carried at amortized cost.

Amortized cost

A financial asset is measured at amortized cost if it meets both the following conditions and is not designated as at fair value through profit or loss:

- a) it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- b) its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Impairment

The Company recognizes loss allowance for Expected Credit Losses (ECLs) on financial assets measured at amortized cost and contract assets. The Company measures loss allowance at an amount equal to lifetime ECLs.

Lifetime ECLs are those that result from all possible default events over the expected life of a financial instrument. The maximum period considered when estimating ECLs is the maximum contractual period over which the Company is exposed to credit risk.

At each reporting date, the Company assesses whether the financial assets carried at amortized cost are credit-impaired. A financial asset is credit-impaired when one or more events that have detrimental impact on the estimated future cash flows of the financial assets have occurred.

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets. The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof.

ii) Financial liabilities

All financial liabilities are recognized at the time when the Company becomes a party to the contractual provisions of the instrument.

iii) Recognition and measurement

All financial assets and liabilities are initially measured at cost, which is the fair value of the consideration given and received respectively. These financial assets and liabilities are subsequently measured at fair value, amortized cost or cost, as the case may be. The particular measurement methods adopted are disclosed in the individual policy statements associated with each item.

iv) Derecognition

The financial assets are derecognized when the Company loses control of the contractual rights that comprise the financial assets. The financial liabilities are derecognized when they are extinguished i.e. when the obligation specified in the contract is discharged, cancelled or expired.

4.12 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if the Company has a legally enforceable right to set off the recognized amounts and intends either to settle on net basis or to realize the assets and to settle the liabilities simultaneously.

4.13 Impairment

The carrying amounts of the Company's assets are reviewed at each statement of financial position date to determine whether there is any indication of impairment loss. If any such indication exists, the assets' recoverable amount is estimated and if the carrying amount of the assets is in excess of their recoverable amount, impairment loss is recognised as an expense to the extent carrying amount exceeds the recoverable amount.

4.14 Related party transactions

The Company enters into transactions with related parties for sale or purchase of goods and services on an arm's length basis. However, loan from the related parties are unsecured and interest free.

4.15 Foreign currency translation

Foreign currency transactions are translated into Pak rupees at the rate of exchange prevailing on the date of each transaction. Assets and liabilities denominated in foreign currencies are translated into Pak rupee at the rate of exchange ruling on the statement of financial position date.

4.16 Borrowing cost

Borrowing costs related to the capital work-in-progress are capitalized in the cost of the related assets. All other borrowing costs are charged to the statement of profit or loss when incurred.

4.17 Staff retirement benefit

Defined benefit plan

The Company, on the basis of actuarial valuation report, recognises actuarial gains and losses immediately in other comprehensive income; immediately recognises all past service cost in statement of profit or loss and replaces interest cost and expected return on plan assets with a net interest amount that is calculated by applying the discount rate to the net defined benefit liability/ asset.

The fair value of plan assets are amortized over the expected average working lives of the participating employees. Staff retirement benefits are payable to staff on completion of prescribed qualifying period of service under this scheme.

The Company has received advance against issuance of shares from the Crescent Star Insurance Limited (CSIL), associated company, and directors of the Company which will be adjusted against shares in capital of the Company whenever there is next issue. These amounts are unsecured and interest free. In the previous years, CSIL assigned aggregate amount of Rs. 247,995,000/- and Rs. 57,768,000/- to Dynasty Trading (Private) Limited and Din Corporation (Private) Limited respectively under an assignment agreement executed on February 12, 2019. The notice of assignment was given on February 08, 2019 which was approved by the board on February 27, 2019. Subsequently CSIL has controverted/ disputed assignment in favour of Dynasty Trading (Private) Limited. Management is of the view that presently there is no dispute regarding total amount payable and dispute pertains to whom it is payable. At that time CEO of CSIL was also chairman and director of Dost Steels Limited. Refer note 23 on contingencies.

		<u>454,997,428</u>	<u>571,436,132</u>

- 17.1 The Company has arranged Restructured Term Finance facilities of Rs. 931,509,627/- from National Bank of Pakistan, Askari Bank Limited, NIB Bank Limited (Now MCB Bank Limited), Bank of Khyber, Pak Kuwait Investment Company (Private) Limited, Saudi Pak Industrial and Agricultural Investment Company Limited and Faysal Bank Limited (former Royal Bank of Scotland Limited) as Syndicated loan, whereby Faysal Bank Limited is acting as agent of the syndicate. Due to absence of cash flow and delayed commissioning of the project and subsequent closure of the production, the Company was and is still unable to meet its repayment obligations towards the financiers. All the syndicate banks have given their in-principle approval to the rescheduling and restructuring of the debts and obligations. All the syndicate banks except Pak Kuwait Investment Company (Private) Limited have signed the rescheduling and restructuring agreement.

Terms of rescheduled and restructured agreement are as follows:

- a) For the repayment of the unpaid markup, markup has been calculated on the total outstanding amount from the date of last payment till 30 June 2016 - the assumed date of commissioning @ 8% per annum. As per the terms of the agreement the syndicate loan banks individually have the following two options regarding the repayment of the unpaid markup:

- i) Option I : The total Markup calculated will be converted into a "Zero Coupon TFC convertible into ordinary shares". All the TFCs issued will be completely converted into equity/ordinary shares by 2027 as per the following schedule:

	Year 9th 2024	Year 10th 2025	Year 11th 2026	Year 12th 2027
Percentage of TFC converted	25%	25%	25%	25%

The Conversion shall be held on the 20th Day of December each year at a discount of 5% to the last six months weighted average price of the Company shares at Karachi Stock Exchange Limited (Now Pakistan Stock Exchange Limited).

- ii) Option II : Waiver of 85% of the markup up to the date of the commissioning. The 15% remaining markup would be payable within 2 years after complete repayment of restructured loan i.e 31 December 2025.

However, respective adjustments of this compound financial instrument regarding classification into equity portion and financial liability as required by the IAS 32 cannot be determined as options are available to individual banks of the syndicate loan and considering the financial standing of the Company in stock market, it is highly unlikely that bankers will opt for the investment in equity option as compared to markup recovery. Further all the syndicate banks except Pak Kuwait Investment Company (Private) Limited have signed the rescheduling and restructuring agreement. Pak Kuwait has not signed this agreement so far and no communication was made by the banks in this respect which will enable the Company to assess treatment for the said markup.

- b) The markup rate effective from the date of commissioning is 3 Month KIBOR payable quarterly in arrears.
- c) The principal repayment is made in 41 quarterly instalments commencing from 31 March 2016 and ending on 31 December 2025 as per repayment schedule.
- d) The loan is secured by a mortgage by deposit of title deeds of the mortgaged properties, a charge by way of hypothecation over hypothecated assets, pledge of the pledged shares, and personal guarantees of the sponsors.
- 17.1.1 Overdue portion of liability represents amount due from partial installment of fourth quarter of year 2019 upto 30 June 2022 and full portion of Pak Kuwait Investment Company (Private) Limited. Pak Kuwait Investment Company (Private) Limited has neither signed the restructuring agreement nor accepted the payment.

23 CONTINGENCIES AND COMMITMENTS			
23.1 Contingencies			
23.1.1 The Company is not exposed to any contingent liability in respect of syndicated loan at the statement of financial position date, in view of restructuring agreement - Note 17.			
In the year ended 30 June 2015, two suits were pending against the Company in the High Court for the recovery of Rs. 1,299,588,534/- and Rs. 122,197,136/- filed by Faysal Bank Limited and others and Pakistan Kuwait Investment Company (Private) Limited respectively.			
23.1.2 The Company has received advance against issuance of shares from the Crescent Star Insurance Limited (CSIL) as described in note 16. The advance is interest free and the fact was confirmed in the confirmation for the year ended 30 June 2016. The CSIL after the right issue unilaterally started claiming markup @ 1 year KIBOR + 3% which the Company does not accept being against the agreed terms and is apparently illegal demand. The amount of disputed markup as on 30 June 2020 calculates to Rs. 187,474,579/-. CSIL has also filed civil suit disputing assignment of Rs. 247,995,000/- in favour of Dynasty Trading (Private) Limited as disclosed in note 16.

31.2 Financial risk management

The Board of Directors has overall responsibility for the establishment and oversight of the Company's financial risk management. The responsibility includes developing and monitoring the Company's risk management policies. To assist the Board in discharging its oversight responsibility, management has been made responsible for identifying, monitoring and managing the Company's financial risk exposures. The Company's exposure to the risks associated with the financial instruments and the risk management policies and procedures are summarized as follows:

a) Credit risk and concentration of credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss, without taking into account the fair value of any collateral. Concentration of credit risk arises when a number of counter parties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations of credit risk indicate the relative sensitivity of the Company's performance to developments affecting a particular industry.

Out of the total financial assets of Rs. 40,648,417/- (2021: Rs. 49,557,529/-), the financial assets which are subject to credit risk amounted to Rs. 40,645,756/- (2021: Rs.49,550,129).

The carrying amount of financial assets represents the maximum credit exposure before any credit enhancement. The maximum exposure to credit risk at the reporting date is as follows:

Long term security deposits	40,521,445	40,521,445
Trade debtors	-	8,933,358
Advances	9,229	9,229
Cash and bank balances	115,082	86,097

b) Liquidity Risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises because of the possibility that the Company could be required to pay its liabilities earlier than expected or difficulty in raising funds to meet commitments associated with financial liabilities as they fall due.

Liquidity / cash flow risk reflects the Company's inability of raising funds to meet commitments. The Company is in process of negotiating with syndicate consortium to arrange for working capital need to resume commercial production. The management is also working on other option to induct a strategic investor to provide the required working capital.

The following are the contractual maturities of the financial liabilities, including estimated interest payments:

c) Market risk

Market risk means that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices such as foreign exchange rates, interest rates and equity prices. The objective is to manage and control market risk exposures within acceptable parameters, while optimising the return. Market risk comprises of three types of risk: foreign exchange or currency risk, interest / mark up rate risk and price risk. The market risks associated with the Company's business activities are discussed as under:-

Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Foreign Currency risk arises mainly where receivables and payables exist due to transactions entered into foreign currencies. The Company's exposure to currency risk is as follows:

	2022	2021	2022	2021	2022 Rupees	2021 Rupees
	US\$		Exchange Rate			
Creditors	-	101,000	206.5	157.8	-	15,911,540

Interest rate risk

Interest rate risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

At the statement of financial position date the interest rate profile of the Company's interest-bearing financial instruments are: -

	2022 Rate	2021 Rate
Financial liabilities		
Variable rate - Long term financing	3 Month KIBOR	3 Month KIBOR

Interest rate risk cash flow sensitivity

A change of 100 basis points in interest rates at the reporting date would have decreased / (increased) profit for the year by the amounts shown below. This analysis assumes that all other variables remain constant.

Cash flow sensitivity - Variable rate	Change in BPS	Effect on profit before tax Rupees	Effect on profit before tax Rupees
Long term financing - secured	100 bps	4,549,974	5,714,361
Overdue portion	100 bps	3,388,173	2,223,786

Capital risk management

The Company's objective when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure the Company may issue new shares and take other measures commensurate with the circumstances.

Consistently with others in the industry, the company monitors capital on the basis of the net debt-to-equity ratio. This ratio is calculated as net debt ÷ equity. Net debt is calculated as total debt (as shown in the statement of financial position) less cash and cash equivalents. Equity comprises of share capital, reserves and retained earnings.

The net debt-to-equity ratios at 30 June are as follows:

Total debts	1,067,749,999	1,017,566,213
Less: Cash and bank balances	(117,743)	(93,497)
