# Chairman's Review Report

Dear Shareholders,

In this past year, Pakistan faced disastrous floods dislocating close to 30 million people from their homes. We pray for everyone affected by this calamity and have pledged to rebuild a few villages through our foundation. We hope that our small initiative can bring some relief to those in need. The company has taken great strides in its mission to create shareholder value through implementing various global practices to improve all areas. In order to become a sustainable corporation, modernization in these practices is essential with a focus on ESG governance principles. Throughout the year, your board has performed its duties admirably well and in accordance of all corporate governance and SECP rules and regulations.

This report is submitted in terms of Section 192(4) of the Companies Act, 2017 on the overall performance and effectiveness of the Board in achieving the objectives, goals and mission of your Company. Following are the material details;

- The Board used its vast nous of business knowledge and experience to navigate several challenges presented this year. The challenges were not only local but global, and had lasting effects which still have repercussions.
- Meetings of the Board and its committees have been held as per the requisite quorum. Agenda & notices have been circulated in advance, minutes appropriately recorded & maintained, decisions communicated and their execution monitored in compliance, thereafter.
- The Directors of the Board are fully aware of their duties under the Companies Act 2017. Further, they are provided with orientation courses to enable them in performing their duties effectively and diligently. This shall be pursued continuingly.
- In the best interest of the shareholders, the Board has a long-term view of the Company. Its key function is on strategy and legal compliance. Currently, the strategic focus is on BMR project and financial revival of the Company. The Board has been playing an active role in formulating these plans and has effectively communicated them to the executive management for implementation.
- In this year, to carry out the above tasks, the Board has met frequently and regularly, and has monitored management's performance. It has utilized the services of internal auditors, external auditors and other independent consultants for assistance from time to time.
- The Board believes in transparency, professionalism and legal compliance. It has set the tone to this effect and shall implement & strengthen relevant internal controls and systems to ensure ethical and professional conduct of the Company at all levels.

# Directors' Report to the Shareholders

The Board of Directors presents the 42<sup>th</sup> annual report along with the audited financial statements of the company for the year ended June 30, 2022.

## Principal Activity and Operational Performance

Dandot Cement Company Limited (the Company) is a Public Listed Company. The principal activity of the Company is production and sale of cement. During the year, cement production & related sales volume remained suspended due to closure of plant operations for BMR activity since September 2019. Net loss for the year is PKR. 326.55 million (2021: PKR. 77.74 million) and loss per share is PKR. 1.42 (Restated: 2021: PKR. 0.79). Due to closure of operations and financial losses, dividend has not been recommended by the board of directors for the current year.

## Future Prospects

### Industry:

Pakistan's economy has been adversely affected due to the fact of political instability, destructive floods, economic instability, depreciating PKR against USD, super commodity cycle, and the Russia-Ukraine war. High inflation and interest rates have reduced purchasing power and high construction costs have waned demand. However, as some stability is found, cement demand will increase due to the growing population's need for basic infrastructure, and upgrading of the old.

## Principal Risks and Uncertainties

- Increasing coal, fuel and electricity prices.
- Higher Interest rates.
- Aggressive devaluation of Pak Rupee against the dollar.
- Increasing supply with stagnant demand.

## Company's Plan

In a year filled with uncertainties and volatility the company has progressed steadily towards the completion of the BMR. The project time line is maintained and expected completion is before next financial year. The BMR aims to bring the carbon emission of the company on par with the Pakistan Emission Standard and improve production metrics. 5 MW solar has also been installed to optimize the power mix and also reduce carbon footprint. The company is achieving its milestones on the path to create value and stability for all stakeholders of the Company.

## Auditors' Observations

The company is in the process of Balancing, Modernization and Replacement (BMR) and the management is fully confident that the company shall commence commercial production in financial year 2022-23 and will continue its operations as a going concern. Workers' compensation benefits in excess of statutory/legal requirements will be subject to recognition after final determination and verification by the Competent Authority. Letters for the balance confirmations have been circulated but against that some replies have not been received. However, such balances have been verified by auditors' through alternative audit procedures.

## Adequacy of Internal Control

The Board of Directors is aware of its responsibility and all the necessary steps are being taken by the Directors to ensure the effectiveness of the Company's internal controls environment and accordingly has established an efficient system of internal financial controls, for ensuring effective and efficient conduct of operations, safeguarding of Company assets, compliance with applicable laws and regulations and reliable financial reporting. The Internal Audit function of the Company regularly appraises and monitors the implementation of financial controls, whereas the Audit Committee reviews the effectiveness of the internal control framework and financial statements quarterly.

## Composition of Board of Directors

The total number of directors are seven including a female director. At present the Board has the following composition:

- Executive Director	1
- Non-Executive Directors	4
- Independent Directors	2

## Directors' Remuneration

As per Articles of Association of the Company, the Board of directors is authorized to fix remuneration of Directors from time to time. In this regard, the Board of Directors has developed a Remuneration policy for directors of the company. The details of the remuneration paid to the executive director (chief executive) of the Company is disclosed in Note 40 of these financial statements.

## Meetings of the Board of Directors (BOD)

During the year ending June 30, 2022, following is the detail of meetings of the BOD:

# Independent Auditor's Review Report

To the members of Dandot Cement Company Limited

## Review Report on the Statement of Compliance contained in the Listed Companies (Code of Corporate Governance) Regulations, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of **Dandot Cement Company Limited** for the year ended June 30, 2022 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended June 30, 2022.

### Qualified Opinion

We have audited the annexed financial statements of **Dandot Cement Company Limited**, which comprise the statement of financial position as at June 30, 2022, and the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matters described in the *Basis for Qualified Opinion* section of our report, the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2022 and of the loss, total comprehensive loss, the changes in equity and its cash flows for the year then ended.

### Basis for Qualified Opinion

- a) As explained in note to the financial statements, the company had written back outstanding liability in respect of some Past Dues Payable, Payable against Gratuity and Interest on Workers' Profit Participation Fund Payable retrospectively aggregating Rs.317.12 million and not accounted for related expense and liability during the previous years and current year amounting Rs.58.65 million and Rs.0.67 million respectively. The company did not account for expense and liability of salaries and benefits pertaining to previous years amounting Rs.118.63 million since September 01, 2019 for which petition was filed in Hon'ble Labour Court by the company for their retrenchment as referred to note 21 to the financial statements. However, basis of balances written back and non-provisioning of benefits remained un-substantiated in the absence of any agreement(s) or related approval(s). Had the company accounted for and not reversed the outstanding liability related to prior years, loss for the year would have been higher by Rs.0.67 million, current liabilities and accumulated loss as at June 30, 2022 would have been higher by Rs.495.08 million.
- b) We could not confirm variation in carrying value of overdue liability in respect of loan from Economic Affairs Division (EAD) and accrued interest thereon amounting Rs.35.23 million and Rs.72.20 million respectively as referred to note 12 and 18.1 to the financial statements in absence of direct balance confirmation and unable to obtain sufficient appropriate audit evidence by performing alternative audit procedures against these balances. Consequently, we were unable to determine whether adjustments to these balances were necessary.

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

### Material Uncertainty relating to Going Concern

We draw attention to note no. 1.2 to the financial statements, which indicates that the financial statements have been prepared on going concern basis. During the year ended June 30, 2020, the management of the company decided to complete close down the Plant to undertake Balancing, Modernization and Replacement (BMR) activity. The company has commenced the Balancing, Modernization and Replacement (BMR) related activities and has arranged adequate facility limits from financial institutions to import the equipment for Balancing, Modernization and Replacement (BMR) of existing Plant. As stated in note no. 1.2 to the financial statements, the company has sustained loss amounting Rs. 326.55 million during the year ended June 30, 2022 and as of that date its accumulated loss was Rs. 5,457.47 million. As of June 30, 2022, the company's current liabilities exceeded its current assets by Rs.363.94 million and deferment of its obligations. These events or conditions, along with other matters as set forth in note no. 1.2, indicate that a material uncertainty exists that may cast significant doubt on the company's

ability to continue as a going concern. Our opinion is not modified in respect of this matter.

### Key Audit Matter(s)

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matters described in the Basis for Qualified Opinion and Material Uncertainty relating to Going Concern section, we have determined the matters described below to be the key audit matters to be communicated in our report.

Following are the Key audit matter(s):

S. No.	Key audit matter(s)	How the matter was addressed in our audit
(I)	<p><b>Capital Work in Progress</b></p> <p><i>(Refer to note 23 to the financial statements)</i></p> <p>The company's spending on capital work in progress (BMR) is material, as shown by the total value of additions in note 23. The assessment and timing of whether such assets meet the criteria set out in IAS 16 Property, Plant and Equipment as set out in the company's accounting policies. In addition, determining whether there is any indication of impairment of the carrying value of assets being developed. As a result, there is a risk that the company's expenditure on tangible non-current assets is inappropriately capitalized.</p>	<p>Our procedures performed included:</p> <ul style="list-style-type: none"> <li>• assessing the design, implementation and testing the operating effectiveness of controls in respect of process of identification of elements of costs of an asset under IAS 16 Property, Plant and Equipment and the identification of potential indicators of impairment;</li> <li>• performing sample tests of capital expenditure including an examination of management's assessment as to whether the project spending meet the recognition criteria set forth in IAS 16 Property, Plant and Equipment, and reviewing the capital work in progress (BMR) status reports for these assets to check for indicators of impairment; and</li> <li>• for capital work in progress (BMR), developed an understanding of the business case, challenging key assumptions and estimates using our business and industry understanding and experience.</li> </ul>
(ii)	<p><b>Recoverable value of Property, plant and Equipment</b></p> <p><i>(Refer to note 22 to the financial statements)</i></p> <p>As at June 30, 2022, the carrying value of operating fixed assets is amounting Rs.4,124.45 million which includes Machinery and Heavy Vehicles amounting Rs.3,531.56million and Rs.13.34 million respectively.</p> <p>The company assesses at the end of each reporting period whether there is any indication of impairment of operating fixed assets. Close down of operations of the company due to BMR triggered for impairment indicator of operating fixed assets of the company. The management of the company had engaged independent external expert to evaluate any impairment of the aforesaid classes of Property, Plant and Equipment.</p> <p>We considered this matter as key audit matter due to significant value of these assets at reporting date.</p>	<p>Our audit procedures in relation to management's impairment assessment, amongst others, included the following:</p> <ul style="list-style-type: none"> <li>• Assessed the methodology used by management to assess the recoverable value of Machinery and Heavy Vehicles;</li> <li>• Evaluating the nature, scope and objectives of the management's expert's work;</li> <li>• The methodology used by the management's expert to assist us in evaluating the reasonableness of key estimates and assumptions adopted in the valuations report by the management's expert</li> <li>• Physical inspection of property, plant and equipment</li> <li>• Reviewing the adequacy of disclosure made in the financial statements in accordance with the requirements of the applicable accounting and reporting standards</li> </ul>

### (iii) Valuation of Stores, spares and loose tools

*(Refer to note 26 to the financial statements)*

As at June 30, 2022, the carrying value of stores, spares and loose tools is amounting Rs.212.52 million which includes General Stores, Spare Parts and Loose Tools.

The company assesses at the end of each reporting period whether there is any indication of impairment of stores, spares and loose tools. Close down of operations of the company due to BMR triggered for impairment indicator of stores, spares and loose tools. The management of the company had engaged independent external expert to determine the net realizable value of the stores, spares and loose tools.

Due to the significance of the balances involved, this is considered as a key audit matter.

Our audit procedures in relation to management's impairment assessment, amongst others, included the following:

- Observation of inventory counts for stores, spares and loose tools;
- Physical inspection of stores, spares and loose tools.
- Evaluating the adequacy of provision for slow moving and obsolete stores, spares and loose tools.
- Evaluating the nature, scope and objectives of the management's expert's work.
- The methodology used by the management's expert to assist us in evaluating the reasonableness of key estimates and assumptions adopted in the valuations report by the management's expert.
- Reviewing the adequacy of disclosure made in the financial statements in accordance with the requirements of the applicable accounting and reporting standards.

### Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprise the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017(XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain

professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

Except for the effects of the matters described in the Basis for Qualified Opinion section of our report, based on our audit, we further report that in our opinion:

- a) Proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) The statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) Investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) No Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

The engagement partner on the audit resulting in this independent auditor's report is Ghulam Mudassar.

# Notes to the Financial Statements

For the Year Ended June 30, 2022

## 1 THE COMPANY AND ITS OPERATIONS

1.1 The Company is a public limited Company incorporated in Pakistan and is listed on Pakistan Stock Exchange. The Company started its production on 1983 and has been engaged in production and marketing of cement. Since 2019, the company is a subsidiary of Calicom Industries (Pvt.) Limited (Holding Company) and acquired under the Listed Companies (Substantial Acquisition of Voting Shares and Takeovers) Regulations, 2017. The registered office of the company is situated at 5-Zafar Ali Road, Gulberg - V, Lahore. The factory is situated at Dandot Railway Station, District Jhelum, Pakistan.

1.2 After the acquisition, sponsors arranged significant funds to bridge the deficit of cash flows of the company. Despite comprehensive annual maintenance, the company could not achieve feasible production levels which could control financial losses and more importantly plant's emission levels as prescribed by relevant environmental standards. Earlier, the Provincial Cabinet of the Government of Punjab also directed the company to upgrade the plant on both economical viable scale and on modern technology to mitigate the environmental risks.

In order to meet the legal standards and to avoid any adverse action from Environmental Department, the company decided to close down the operations during the financial year 2019-20 and move towards upgrading it through Balancing, Modernization and Replacement (BMR). For the purpose, the Company signed a Memorandum of Understanding (MOU) with a renowned cement contractor namely Tianjin Cement Industry Design and Research Institute Company Limited (TCMRI) from China for BMR. The revised total financial outlay of the BMR is estimated at PKR 5.88 billion including \$14.92 million for import of new machinery and equipment. Up to signing of these financial statements, an amount of PKR 1.24 billion has been disbursed by the financial institutions under the DF / TERF scheme of State Bank of Pakistan (SBP) and an aggregated amount of PKR 1.17 billion has been arranged by the sponsors of the Company. Hopefully, the Company will complete BMR activities within its time lines and will resume its commercial operations in current financial year 2022-23. Hence, the management of the company is fully confident that the company will continue its operations as a going concern. Accordingly, these financial statements have been prepared on a going concern basis and do not include any adjustments relating to the recoverability and classification of recorded assets and liabilities that may be necessary if the company is unable to continue as a going concern. However, company's current year net loss amounting PKR 326.55 million, accumulated loss was PKR 5,457.47 million and the company's current liabilities are exceeding its current assets by PKR 363.94 million that indicate a material uncertainty exists that may cast a significant doubt on the company's ability to continue as a going concern, and the company may not be able to realise its assets and discharge its liabilities in the normal course of business.

## 2 BASIS OF PREPARATION

### 2.1 STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;

## Notes.....

- Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan as are notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017 have been followed.

### 2.2 BASIS OF MEASUREMENT AND PREPARATION

These financial statements have been prepared under historical cost convention except stated in the relevant notes.

### 2.3 FUNCTIONAL AND PRESENTATION CURRENCY

These financial statements are presented in Pakistan Rupee (PKR / Rupees) which is the Company's functional currency.

### 2.4 JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with approved accounting standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the company's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. In the process of applying the accounting policies, management has made the following estimates and judgments which are significant to the financial statements:

- Surplus on revaluation of property, plant and equipment
- Estimation of contingent liabilities
- Estimated useful life of operating assets
- Estimated useful life of intangible assets
- Deferred taxation
- Provision for taxation
- Provision for doubtful/expected credit losses
- Provision for impairment of inventories

### 2.5 CHANGE IN ACCOUNTING STANDARDS, INTERPRETATIONS AND AMENDMENTS TO PUBLISHED APPROVED ACCOUNTING AND REPORTING STANDARDS:

#### 2.5.1 New standards, amendments and interpretation to published approved accounting and reporting standards which are effective during the year:

There are certain amendments and an interpretation to approved accounting and reporting standards which are mandatory for the Company's annual accounting period which began on July 1, 2021. However, these do not have any significant impact on the Company's financial reporting and, therefore, have not been detailed in these financial statements.

## Notes.....

### 2.5.2 New standards, amendments to approved accounting standards and interpretations that are effective for the Company's accounting periods beginning on or after July 1, 2022

There are certain new standards, amendments and interpretations to the approved accounting and reporting standards that will be mandatory for the Company's annual accounting periods beginning on or after July 1, 2022. However, these will not have any significant impact on the financial reporting of the Company and, therefore, have not been disclosed in these financial statements.

## 3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

### 3.1 Taxation

#### Current

Current taxation other than export is based on taxable income at the current rates of taxation after taking into account tax credits, brought forward losses, accelerated depreciation allowances and any minimum limits imposed by the taxation laws. Company's export sales, if any, fall under presumptive tax regime under Section 154 of the Income Tax Ordinance, 2001.

#### Deferred

The company accounts for deferred taxation using the liability method on all temporary differences between the amounts for financial reporting purpose and the amounts used for taxation purposes. Deferred tax liabilities are recognized for all taxable temporary differences and deferred tax assets are recognized for all deductible temporary differences, unused tax losses and unused tax credit to the extent that it is probable that the future profits will be available against which these can be utilized.

Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse, based on tax rates that have been enacted or substantively enacted by the reporting date.

### 3.2 Employees Retirement Benefits

- a) During the year ended June 30, 2019, the company had ceased funded gratuity scheme of employees (workers) as referred to note 21 to the financial statements.
- b) The Company operates a funded contributory provident fund scheme for all eligible employees and contribution is made by both employer and employee @ 10% of basic salary plus dearness allowance and the liability is recognized in financial statements on monthly basis.

### 3.3 Borrowing

Borrowings are recognized initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortized cost, any difference between the proceeds (net of transaction costs) and the redemption value is recognized in the profit or loss over the period of the borrowings

## Notes.....

using the effective interest method. Finance costs are accounted for on an accrual basis and are reported under accrued mark up to the extent of the amount remaining unpaid.

Borrowings are classified as current liabilities unless the company has an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

### 3.4 Government Grant

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received, and all attached conditions will be complied with. It is recognised as income on a systematic basis over the periods in which the related costs, for which it is intended to compensate, are recorded.

### 3.5 Trade and Other Payables

Liabilities for trade and other payables are carried at cost, which is the fair value of the consideration to be paid in the future for goods and services, whether or not billed to the company.

### 3.6 Dividend

Dividend distribution to the shareholders is recognized as a liability in the period in which it is approved by the shareholders.

### 3.7 Provisions

A provision is recognized in the reporting when the Company has a legal or constructive obligation as a result of a past event, and it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provisions are measured at the present value of expected expenditure, discounted at a pre tax rate that reflects current market assessment of the time value of the money and the risk specific to the obligation. Provisions are reviewed at each reporting date and adjusted to reflect current best estimate.

### 3.8 Contingencies and Commitments

Capital commitments and contingencies, unless those are actual liabilities, are not incorporated in the financial statements.

### 3.9 Property, Plant and Equipment

Operating fixed assets are stated at cost or revalued amount less accumulated depreciation and accumulated impairment except for freehold land which is stated at revalued amount.

Depreciation charge is based on reducing balance method at the rates specified in relevant notes.

Depreciation on additions to property, plant and equipment is charged for the month in which an asset is acquired or capitalized while no depreciation is charged for the month in which asset is disposed off. Maintenance and normal repairs are charged to income as and when incurred. Major renewals and improvements are capitalized.

## Notes.....

Gains and losses on disposal of assets, if any, are included in profit or loss.

The management assesses at each reporting date whether there is any indication that an asset is impaired. If any such indication exists, the management estimates the recoverable amount of the asset. If the recoverable amount of the asset is less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount by charging the impairment loss.

### 3.10 Intangible Assets

Intangible assets acquired are initially recognized at cost. After initial recognition, these are measured at cost less accumulated amortization and accumulated impairment losses. Costs associated with routine maintenance of intangible assets are recognized as an expense when incurred. However, costs that are directly attributable to identifiable intangible assets and which enhance or extend the performance of intangible assets beyond the original specification and useful life is recognized as capital improvement and added to the original cost of the license/software.

Amortization is charged so as to allocate the cost of assets over their estimated useful lives, using the straight-line method at the rates specified in relevant notes to these financial statements.

The useful lives, residual values and amortization method are reviewed on a regular basis. The effect of any changes in estimate accounted for on a prospective basis.

### 3.11 Capital Work In Progress

Capital work in progress is stated at cost excluding impairment losses if any and represents expenditure incurred on fixed assets during their construction and installation. Transfers are made to relevant fixed assets category as and when assets are available for use.

### 3.12 Stores, Spares and Loose Tools

Stores, spares and loose tools are valued at lower of moving average cost and net realizable value. Cost is determined using moving average method except for items in transit which is determined on the basis of cost incurred upto the reporting date. For items which are slow moving and/or identified as surplus to the Company's requirements, adequate impairment is recognized. The Company reviews the carrying amount of stores, spares and loose tools on a regular basis and provision is made for obsolescence.

### 3.13 Stock In Trade

These are valued at lower of cost and net realizable value applying the following method:

Raw materials	at weighted average cost
Work in process and finished goods	at average cost covering direct material, labour and manufacturing overheads

Net realizable value signifies the estimated selling price in the ordinary course of business less estimated cost of completion and estimated costs necessary to be incurred in order to make a sale.

## Notes.....

### 3.14 Trade Debts

Trade debts and other receivables are recognised initially at the amount of consideration that is unconditional, unless they contain significant financing component in which case such are recognised at fair value. The Company holds the trade debts with the objective of collecting the contractual cash flows and therefore measures the trade debts subsequently at amortised cost using the effective interest rate method.

### 3.15 Cash and Cash Equivalents

For the purpose of statement of cash flows, cash and cash equivalents comprise cash in hand, demand deposits, other short term highly liquid investments that are readily convertible to know amount of cash and which are subject to an insignificant risk of change in value.

### 3.16 Foreign Currency Transactions and Translation

Transactions in foreign currencies are accounted for in Pak Rupees at the exchange rate prevailing at the date of transactions. Monetary assets and liabilities in foreign currencies are translated into Pak Rupees at the rates of exchange prevailing at the reporting date.

The company charges all exchange differences to profit or loss.

### 3.17 Financial Instruments

#### 3.17.1 Financial Assets

##### a) Amortised Cost

Assets that are held for collection of contractual cash flows where those cash flows represents solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets, impairment losses, foreign exchange gains and losses, and gain or loss arising on derecognition are recognised directly in profit or loss.

##### b) Financial assets at fair value through other comprehensive income

Financial assets at fair value through other comprehensive income are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

##### c) Financial assets at fair value through profit or loss

Assets that do not meet the criteria for amortised cost or fair value through other comprehensive income or assets that are designated at fair value through profit or loss using fair value option, are measured at fair value through profit or loss. A gain or loss on debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss in the period in which it arises.

## Notes.....

Equity instrument financial assets are measured at fair value at and subsequent to initial recognition. Changes in fair value of these financial assets are normally recognised in profit or loss. Dividends from such investments continue to be recognised in profit or loss when the Company's right to receive payment is established. Where an election is made to present fair value gains and losses on equity instruments in other comprehensive income there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment.

Financial assets and liabilities are initially measured at cost, which is the fair value of the consideration given and received respectively. These financial assets and liabilities are subsequently remeasured to fair value, amortized cost or cost as the case may be. Any gain or loss on the recognition and de-recognition of the financial assets and liabilities is included in the profit or loss for the period in which it arises.

Financial assets are derecognized when the Company loses control of the contractual rights that comprise the financial asset. Assets or liabilities that are not contractual in nature and that are created as a result of statutory requirements imposed by the Government are not the financial instruments of the Company.

### 3.17.2 Financial Liabilities

Financial liabilities are recognised at the time when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities at amortised cost are initially measured at fair value less transaction costs. Financial liabilities at fair value through profit or loss are initially recognised at fair value and transaction costs are expensed on profit or loss.

Financial liabilities, other than those at fair value through profit or loss, are subsequently measured at amortised cost using the effective yield method.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Where an existing financial liability is replaced by another from the same lender or substantially different terms, or the terms of an existing liability are substantially modified, such an exchange and modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in respective carrying amounts is recognised in profit or loss.

### 3.18 Offsetting of financial assets and financial liabilities

A financial asset and financial liability is off-set and the net amount is reported in the statement of financial position when there is a legally enforceable right to set-off the transaction and also there is an intention to settle on a net basis or to realize the asset and settle the liability simultaneously.

### 3.19 Impairment

#### (a) Financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its financial assets. The Company applies the simplified approach to recognise lifetime expected credit losses for trade debts, due from customers and contract assets except for which are measured at 12-month ECLs.

## Notes.....

Individually significant financial assets are tested for impairment on an individual basis. The remaining financial assets are assessed collectively in groups that share similar credit risk characteristics.

The Company recognises in profit or loss, as an impairment gain or loss, the amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date.

### (b) Non-Financial assets

The carrying amounts of non-financial assets are assessed at each reporting date to ascertain whether there is any indication of impairment. If such an indication exists, the asset's recoverable amount is estimated to determine the extent of impairment loss, if any. An impairment loss is recognized as an expense in the profit or loss. The recoverable amount is the higher of an asset's fair value less cost of disposal and value-in-use. Value-in-use is ascertained through discounting of the estimated future cash flows using a discount rate that reflects current market assessments of the time value of money and the risk specific to the assets. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units).

An impairment loss is reversed if there is a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

### 3.20 Revenue Recognition:

#### (a) Sale of goods

Revenue is recognised when or as performance obligations are satisfied by transferring control of a promised goods or service to a customer, and control either transfers over time or at a point in time. Revenue is measured at fair value of the consideration received or receivable, excluding discounts, rebates and government levies.

(b) Mark-up on bank deposits is recognized on a time proportion basis on the principal amount outstanding and at the rate applicable.

(c) Dividend income is recognized when the right to receive such payment is established.

### 3.21 Borrowing Cost

Borrowing cost directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying asset is deducted from the borrowing cost eligible for capitalisation. All other borrowing costs are recognised in profit or loss as incurred.

## Notes.....

### 3.22 Related Party Transactions

Transactions and contracts with the related parties are carried out at an arm's length price determined in accordance with comparable uncontrolled price method except reason disclosed in relevant note to the financial statements, if any. Transactions with related parties have been disclosed in the relevant notes to the financial statements.

### 3.23 Earnings Per Share

The Company presents basic and diluted earnings per share (EPS). Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by using profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, adjusted for the effects of all dilutive potential ordinary shares.

- 12.1 (a)** This represents the balance of Pak rupee loan of PKR. 340.84 million originally advanced in 1984 in Japanese Yen to the State Cement Corporation of Pakistan (Private) Limited. After privatization in 1992, under sale agreement, loan was payable to EAD under the assurance of Privatization Commission Government of Pakistan. This was secured by bank guarantee.

The amount of the original loan was in Japanese Yen 5,199,457,960 carrying interest @ 8.5% p.a. In 1987 the yen loan was converted into Pak rupee loan at exchange rate of 1 Yen=0.122111 Pak Rupee carrying interest @ 11% and exchange risk fee @ 3% per annum payable to the EAD in 30 equal half yearly installments.

- (b) In 2004, management of Gharibwal Cement Limited (GCL) paid PKR. 134 million against outstanding principal and requested for restructuring of this loan. The competent authority has accorded its approval and waived off outstanding markup to date amounting to PKR. 87.78 million. After rescheduling, principal was outstanding of PKR. 132 million and future mark up @ 14% p.a. (11% mark up and 3% exchange risk fee) payable in ten equal half yearly installments. The rescheduled amount was to be secured by bank guarantee or creating second charge against fixed assets of the company in favor of EAD.

- 12.2** This represents increment arrears on current workers' salaries for the financial years ended on June 30, 2007, June 30, 2008 and June 30, 2009. As per peace agreement with CBA dated May 09, 2009, these arrears were payable in 72 equal monthly installments of PKR. 0.53 million each. These are interest free and unsecured.

## 21 CONTINGENCIES AND COMMITMENTS

### 21.1 Contingencies

- a) On November 11, 2019, the company filed a petition in Honorable Labour Court under standing order 11-A of the Industrial and Commercial Employment Ordinance, 1968 to "Close Down" the factory for the purpose of comprehensive Balancing, Modernization and Replacement (BMR) and to seek permission for retrenchment of workers at factory. On January 29, 2021, Honorable Labour Court has decided the case in favor of the company along with particular directions. Later on, the appeal filed by workmen under Section 46(3) of the Punjab Industrial Relations Act, 2010 has been dismissed by the Honorable Punjab Labour Appellate Tribunal, Lahore at Rawalpindi vide order dated 25.03.2022. Afterwards, workmen have filed a petition in Lahore High Court to assail the impugned orders of lower courts. The matter is pending adjudication.
- b) Different retired workers and their legal heirs filed the cases before the Authority under Payment of Wages Act, Jhelum for payment of their past dues amounting PKR. 264.71 million. All these cases/applications under section 15 of the Payment of Wages Act, 1936 for payment of outstanding service dues including gratuity, provident fund, medical bills and unpaid salaries of closure period etc. The Company submitted reply against all these cases and provided with the details of payment previously made amounting PKR.17.55 million to these ex-employees against the aforesaid dues. Based on discussion held with Legal Advisor, the management is of the opinion that the Company has good arguable case and there is very likelihood that the same be decided in its favour.
- c) During the year ended June 30, 2019, the company reversed the contractual liabilities of the workers amounting PKR. 317.12 million in respect of provision against some Past Dues Payable, interest on Workers' Profit Participation Fund Payable and Payable against workers Gratuity and ceased to account for the aforesaid benefits on the basis of opinion of its Legal Advisor. Accordingly, the company has not accounted for accumulated provision against past dues payable, interest on Workers' Profit Participation Fund Payable, Payable against workers Gratuity, provision of salary and employee benefits amounting PKR. 8.55 million (2021: PKR. 9.32 million), PKR. 1.92 million (2021: PKR. 1.25 million), PKR. 48.86 million (2021: PKR.49.89 million), PKR. 113.29 (2021: PKR.113.29 million) and PKR. 5.34 (2021: PKR.5.34 million) respectively. As per opinion of the management, these liabilities are not valid and based on unjustified agreements. However, worker's compensation benefits will be subject to final determination by the competent authority and the company undertakes to comply with the consequential implications of such determination as referred to note no.21.1(a) and (b).
- d) On January 23, 2009 the SNGPL encashed bank guarantee amounting PKR. 88 million against arrears of gas bills from the financial year 2006 to 2008. Till June 30, 2009, after adjustment of bank guarantee total arrears amounting PKR.35.38 million are outstanding against the company which have not been accounted for in the financial statements due to dispute with the SNGPL. Application was filed on September 10, 2011 by SNGPL in Civil

## Notes.....

Court and the same has been dismissed due to non prosecution of case. SNGPL has filed an application for restoration of case which is pending adjudication.

- e) On June 25, 2021, the company received show cause notice to provide explanation under section 122(9) of the Income Tax Ordinance, 2001 on the basis of selection of cases on the direction of the FBR for audit u/s 177 of Income Tax Ordinance, 2001 and u/s section 25 of Sales Tax Act, 1990 for the tax year 2016 to 2019. Accordingly, the company submitted required explanation within the due date to Deputy Commission Inland Revenue, Lahore. The selection of case was challenged before the Hon'ble Lahore High Court, who vide its judgment dated April 27, 2022 decided that the impugned income tax and sales tax audit proceeding initiated on the basis of directive issued by the FBR are declared to be without lawful authority and of no legal effect.
- f) Mr. Amin Ullah Khan and Mr. Nasrullah Khan filed a case on June 30, 1983 in Civil Court, Lahore regarding principal and compounded interest thereon. Case was referred to Mr. Justice Tariq Shamim on May 24, 2016. The claim is not legally permissible having the maximum exposure of the company would be PKR. 17,504,646. Due to old matter since 1983, the record of this case could not be traced from the competent court / authority. Further, the claimant did not pursue the case almost for the last more than one decade. Accordingly the case has not any legal status hereafter due to non-availability of any record with the authority.
- g) The Competition Commission of Pakistan (the Commission), vide order dated August 27, 2009, has imposed penalty on 20 cement factories of Pakistan at the rate of 7.5% of the turnover value as disclosed in the last annual financial statements. The Commission has imposed penalty amounting PKR. 41.71 million on the company for alleged violation of section 4(1) of the Competition Commission Ordinance, 2007. The cement manufacturers including company challenged the commission order in the court in year 2010 bearing Writ Petition No.2654/2010 and Honorable High Court granted stay to the companies against adverse action by the commission. Further, the Company has filed an appeal on April 24, 2008 before the Competition Appellate Tribunal. Based on legal advice the company has not accounted for the liability of aforesaid amount.
- h) The Company filed an appeal before the secretary Govt. of Punjab, Mines and Mineral Department, Lahore against a Demand Notice dated November 27, 2013 for a sum of PKR. 67.12 million which mainly includes penalty @ 1% per day issued by Director General, Mines and Mineral Punjab. Due to the old matter since November 27, 2013, the record could not be traced from the learned Secretary Govt. of Punjab, Mines & Minerals Departments Lahore. Accordingly, that notice has not any legal status hereafter due to non-availability of any record with the department.

### Credit Risk Management

Due to the company long standing business relationship with counter parties and after giving due consideration to their strong financial standings, management does not expect non-performance by the counter parties on their obligation to the company. Accordingly, the credit risk is minimal. Further, the credit risk on bank balances is limited because the banks are under strict regulatory framework of State Bank Of Pakistan (SBP) and have statutory reserves with SBP.

### 38.2 Liquidity Risk

Liquidity risk is the risk that the company will not be able to meet its financial obligations as they fall due. The company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the company's reputation. The following are the contractual maturities of financial liabilities, including expected interest payments and excluding the impact of netting agreements:

## Notes.....

### Liquidity Risk Management

The company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the company's reputation.

The company monitors cash flow requirements and produces cash flow projections for the short and long term. Typically, the company ensures that it has sufficient cash on demand to meet expected operational cash flows, including serving of financial obligations. This includes maintenance of liquidity ratios, debtors and creditors concentration both in terms of overall funding mix and avoidance of undue reliance on large individual customer. Further, the company has the support of its sponsors in respect of any liquidity shortfalls.

### 38.3 Market Risk

Market risk is the risk that changes in market prices such as foreign exchange rates, interest rates and equity prices will affect the company's net profit or the fair value of its financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing return.

### 38.4 Currency Risk

The company is exposed to currency risk in respect of export sales, imports and resulting balances that are denominated in a currency other than functional currency. The company is not exposed to currency risk as at the reporting date.

### 38.5 Foreign Currency Risk Management

Foreign currency risk arises mainly due to fluctuation in foreign exchange rates. The company also has transactional currency exposure. Such exposure arises from sales and purchases of certain materials by the company in currencies other than rupees. In appropriate cases, the management takes out forward contracts to mitigate risk where it is necessary.

### 38.6 Interest Rate Risk

Interest / mark-up rate risk is the risk that value of a financial instrument or future cash flows of a financial instrument will fluctuate due to changes in the market interest / mark-up rates. Sensitivity to interest / mark up rate risk arises from mismatches of financial assets and liabilities that mature or re-price in a given period. The Company manages these mismatches through risk management strategies where significant changes in gap position can be adjusted.

The effective interest / mark-up rates in respect of financial instruments are mentioned in respective notes to the financial statements.

### 38.7 Sensitivity Analysis

The company is exposed to interest rate risk in respect of its variable rate instruments. A 100 basis points increase in variable interest rates would have increased loss before taxation by PKR. 23.95 million (2021: increased loss by PKR. 20.26 million). A 100 basis points decrease in variable interest rate would have had an equal but opposite impact on loss. This sensitivity analysis is based on assumption that all variables, with the exception of interest rates, remain unchanged.

## Notes.....

### 38.8 Price Risk

The company is not exposed to any price risk as it does not hold any significant investments exposed to price risk.

### 38.9 FINANCIAL INSTRUMENTS - FAIR VALUES AND RISK MANAGEMENT

Fair value is the amount that would be received on sale of an asset or paid on transfer of a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and fair value estimates. Underlying the definition of fair value is the presumption that the Company is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The fair value of financial assets and liabilities traded in active markets i.e. listed equity shares are based on the quoted market prices at the close of trading on the period end date. The quoted market prices used for financial assets held by the Company is current bid price. A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

IFRS 13 'Fair Value Measurements' requires the Company to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1)
- inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (level 2); and
- inputs for the asset or liability that are not based on observable market data (unobservable inputs) (level 3).

The level in the fair value hierarchy within which the fair value measurement is categorized in its entirety shall be determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety.

The assets and liabilities that are measured at fair value on recurring and non-recurring basis have been disclosed in the relevant notes to the financial statements, if any.

Currently there are no financial assets or financial liabilities which are measured at their fair value.

- 38.10** Certain categories of property, plant and equipment (freehold land, buildings on freehold land, plant and machinery and vehicles) are carried at revalued amounts (level 2 measurement on non recurring basis) determined by a professional valuer based on their assessment of the market values as disclosed in relevant note to these financial statements.

## 39 CAPITAL RISK MANAGEMENT

The company's prime object when managing capital is to safeguard its ability to continue as a going concern in order to provide adequate returns for shareholder and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

## Notes.....

In order to maintain or adjust the capital structure, the company may adjust the amount of dividends paid to shareholders, issue new shares or sell assets to reduce debt.

Consistent with others in the industry, the company monitors capital on the basis of the gearing ratio. The ratio is calculated as total borrowings divided by total capital employed. Borrowings represent long term and short term financing from financial institutions and others. Total capital employed includes total equity as shown in the statement of financial position plus borrowings.

	2022 Rupees	2021 Rupees
Borrowings	2,397,025,036	2,027,301,466

## حصص داران کو ڈائریکٹرز کی رپورٹ

بورڈ آف ڈائریکٹرز 30 جون 2022ء کو اختتام پذیر سال کے لئے کمپنی کی پڑتال شدہ مالیاتی گوشواروں کے ہمراہ بیالیسویں (42ویں) سالانہ رپورٹ پیش کرتے ہیں۔

### بنیادی کاروباری سرگرمیاں اور آپریشنل کارکردگی

ڈیڈ وٹ سیمنٹ کمپنی لمیٹڈ (کمپنی) پبلک لسٹڈ کمپنی ہے۔ کمپنی کی بنیادی کاروباری سرگرمی سیمنٹ کی پیداوار اور فروخت ہے۔ مذکورہ سال کے دوران سیمنٹ کی پیداوار اور فروخت کا حجم ستمبر 2019ء سے BMR سرگرمی کے لئے پلانٹ آپریشنز کی بندش کے باعث معطل رہا۔ مذکورہ سال کے لئے خالص خسارہ 326.55 ملین روپے (2021ء: 77.74 ملین روپے) اور فی حصص خسارہ 1.42 روپے (2021ء: 0.79 روپے) رہا۔ کام کی بندش اور مالیاتی خسارے کے باعث بورڈ آف ڈائریکٹرز نے حالیہ برس کے لئے کوئی منافع منقسمہ تجویز نہیں کیا ہے۔

### مستقبل کے امکانات

#### صنعت

پاکستان کی معیشت سیاسی عدم استحکام، تباہ کن سیلاب، افراط زر، معاشی ابتری اور ڈالر کے مقابلے میں روپے کی قدر میں کمی، سپر کموڈٹی سائیکل اور روس یوکرین جنگ کے باعث بری طریقی متاثر ہوئی ہے۔ اعلیٰ افراط زر اور شرح سود میں اضافے کے باعث عوام کی قوت خرید میں کمی واقع ہوئی اور تعمیراتی لاگت میں اضافے نے طلب کو بھی شدید متاثر کیا۔ جو نہی حالات بہتر ہوں گے تو بڑھتی ہوئی انسانی ضروریات اور بنیادی ڈھانچے کی تعمیر اور پرانی عمارات کی مرمت کے لئے طلب میں اضافہ ہوگا۔

### بنیادی خطرات اور غیر یقینی صورتحال

- کوئلے، ایندھن اور بجلی کی قیمتوں میں اضافہ
- بلند شرح سود
